Vol. 36

BRONTE, TEXAS, JULY 16, 1954

No. 29

AD-LIB-BEN

Just about everybody seems to be well pleased with the results of the school bond election. To us, the election results mean a big step forward both for the school district and for our town. We can think of nothing right now that will do more toward making Bronte a good town to live in.

Our littlest daughter remarked a few days ago after the "little woman" had her hair coiffed to a length of about an inch: "Mommie, if you have your hair cut again, it'll be plumb gone."

We were driving around the other evening and passed by the R. H. Sims place north of town. It was rather a surprising sight—the whole family was up on the roof of the house. They said they were working on the TV antenna but it looked like good fun to us.

Patience is the ability to keep your motor idling when you feel like stripping your gears.

Read an article the other day by some guy who was telling how to weather the high temperatures we're now experiencing. He said, among other things, to be glad you perspire in hot weather because that's nature's way of air conditioning the body. In fact, he said, it won't hurt any of us to sweat a little. Anyhow the weather's been the topic of the day all this week and wasn't it Mark Twain who said that "there's nothing we can do about the weather except talk about it."

BLACKWELL BAPTISTS BEGIN REVIVAL TODAY

Rev. M. R. Rogers, pastor of the Bronte Baptist church, will do the preaching for the Blackwell Baptist Revival which begins today, July 16 and continues until July 26. Mrs. W. R. Petty, wife of the new Blackwell Baptist pastor, will be in charge of the song services.

Everyone is invited to the services which are to be held at the church at 10 a. m. and at the tabernacle at 8 p. m.

FULL GOSPEL CHURCH

Mrs. J. W. Tammien of San Angelo announces that there will be services at the Full Gospel church here next Monday night at 7:45 p. m. She will be present and will bring groups with her from San Angelo, Winters and Carlsbad. Everyone is invited to attend.

New Tax Exemptions

Mr. and Mrs. Matthew G. Caperton are parents of a son born in the Bronte Hospital Wednesday, July 14, at 7:20 a. m. The little boy weighed 7 pounds and 2 ounces and was named Matthew G. Caperton, Jr.

His grandparents are Mr. and Mrs. E. L. Caperton of Bronte and Mrs. O. V. Looney of Robert Lee.

Mrs. Kirkland New City Secretary

Mrs. H. M. (Buddy) Kirkland was elected city secretary at a meeting of the Bronte city council Monday night.

She will succeed Mrs. Jerry Proctor, who has resigned the position, effective August 1. Mrs. Proctor resigned in order to accompany her husband, Merle Proctor, to South Dakota where he is farming and ranching.

Mrs. Kirkland, who is presently employed at the Bronte Ice Co., will start her new duties next week so that she will have two weeks of training before Mrs. Proctor leaves.

Sweetwater to Sponsor Program At Oak Creek Lake

Annual Sweetwater Junior Chamber of Commerce outboard speedboat regatta will be held at the Oak Creek Lake next Sunday, July 18, with the additional attractions of two beauty contests.

Some 80 racing pilots and their boats have been entered in the regatta, held previously at Lake Sweetwater.

Festivities get underway at 1 p. m. Sunday with a beauty contest to select "Miss Sweetwater." Entries must be between 16 and 25 years of age and residents of Sweetwater.

The boat races will follow and at approximately 5 p. m., the beauty contest for "Miss Oak Creek Lake", open to all cities and towns in the surrounding area, will be held.

Admission for the day's activities will be 50 cents for adults, 25 cents for children and children under 12 admitted free.

FARM BUREAU QUEEN TO BE SELECTED

A Farm Bureau Queen is to be selected from Coke County to represent this county in the District contest to be held September 13-25. Girls interested in entering the local contest must be between the ages of 16 and 22 and their parents must be members of the Farm Bureau. The girls are asked to be present at the Quarterly Membership meeting Monday night, July 26, in Robert Lee.

The Quarterly meeting will be held at the school lunchroom there and each family should bring two dishes for a covered dish supper.

Special speaker for the meeting will be R. G. Arnold, Southern Regional Organizational director, from Alabama. All farm bureau members are urged to be present.

Plans for the quarterly meeting were made at a director's meeting Tuesday night of last week when R. H. Buchanan, field man for this district, was present.

Officials are hoping for a good turnout in the Queen contest. Winners in the District competition will enter the state meet in early November and the State Farm Bureau Queen and a Matron escort will receive a \$500 expense paid trip to the American Farm Bureau Federation convention in New York in December.

School Bond Election Carries With More Than 9-1 Margin

Voters of the Bronte School District went to the polls last Saturday and voted better than nine to one in favor of building a new elementary school here. The bond election, which was for \$250,000, carried by a vote of 282 to 31.

Money derived from the sale of the bonds will be used to build and equip a new elementary school, to be located north of the present building.

The election Saturday was called as a result of a petition, bearing 103 names, which was presented to local trustees. The petition was the result of months of study and work done by dozens

of local citizens who determined the need of the school district as being a structure like the one which is to be built.

The new building will contain 12 classrooms, an auditorium, nurses room, cafeteria, offices, rest rooms, etc. Plans are being

drawn by Wilson, Patterson & Associates, Fort Worth architects. The school will advertise for bids as soon as plan and specifications are complete.

An agreement has already been signed with the Columbian Securities Corp. of San Antonio to handle the bonds. Their bid was at a rate of interest slightly below 2 1/4 percent.

No indication has been given as to when the new building may be completed. Probably as soon as the contract is let a date of completion will be announced.

A mass meeting to explain the bond proposal was held at the school gym last Friday night, just before the election. At that time several persons who have studied school problems, in the building and financial fields, assured citizens present that the local schools have an opportunity to carry the expansion program through without prospects of any tax hardship.

Bishop Asks for Support for State Representative

A. J. BISHOP

State Representative A. J. Bishop, Jr., has this statement to the voters of Coke County:

"In asking a second term as State Representative from the 77th District, I do so on the basis of having served you in one regular legislative session and one special session in my first term.

"In these sessions I have tried sincerely to work for legislation that would benefit Coke County and this district and to carry out all the duties of this office competently and fairly. I am asking your support on the way in which I have served you.

"I was reared on a Runnels County farm and am still farming actively. In 1950 I graduated from Texas Tech College with a degree in agriculture. This first hand knowledge has been valuable to me, I feel, in understanding the district's needs. In World War II I was an infantryman in Europe, serving with the 42nd Infantry Division.

"I am grateful for the good support you gave me in 1952, and will appreciate your good consideration and support in the July 24 election."

Bill Pugh New Minister Here

Bill Pugh of Abilene has been selected as the new minister of the Bronte church of Christ. He was hired by members of the local church last Sunday night.

Mr. and Mrs. Pugh and six-year old daughter will move here soon. The church is going to redecorate and re-roof the ministers home before they move in.

Pugh is a graduate of ACC in Abilene and is currently taking some special work there. He is a veteran of 3 years service in the U. S. Marines.

He has preached at several places in the state, including a year at Houston.

Trustees Name School Employees For 1954-55 Term

Bronte School trustees elected various employees to serve during the 1954-55 term at their meeting Monday night. Bus drivers, lunch room employees and building custodians were selected.

Lewis Sims and J. I. Adair were named building custodians. They are to begin work Monday, July 19, getting things in shape for the fall school term.

T. G. Gleghorn was re-named as custodian of the school buses and he will also continue as a driver. Other drivers will be B. G. Timmons, Mrs. Pete Gentriv, Mrs. T. H. Tidwell and Albert Davis.

Cafeteria workers selected by the board are Mrs. Monroe Alexander, Mrs. Mary Walker, Mrs. R. W. Sims, Mrs. T. G. Gleghorn and Mrs. Tidwell.

Mrs. Charles Oliphant was named to serve as school secretary again this year.

TO RECEIVE BIDS

The school board also voted to receive bids from gasoline and oil distributors to supply the local schools with these products for the coming year. The bidder is expected to furnish an underground storage tank and pump.

Oil News

Ashmun & Hilliard Ltd. has filed application to drill a 4,500-foot wildcat five miles southeast of Bronte. It will be the No. 2 B. F. Bridges. Rotary drilling is to begin immediately. Shirley Miller Drilling Co. will have the contract.

Location, on an 80-acre lease, is 330 feet from the northwest and 1,507 feet from the southwest lines of 386-J Orth survey. It is two locations south of the same company's No. 1 B. F. Bridges, plugged and abandoned early this spring.

MORE MONEY for SCHOOLS

During Governor Allan Shivers' administration more money has been spent for schools than ever before.

The result? — better schools, more and higher paid teachers, and better guidance for your children.

Since Allan Shivers became your governor, school funds have increased from 145 million to 211 million dollars per year. Teachers get \$1000 a year more. Your child receives individual attention from 15,000 more teachers.

This educational climb is your child's guarantee of a profitable and happy future. For you it means assurance about his growing-up years. It means a better Texas for everyone.

IN COKE COUNTY

\$120,151.97 was spent for your child's education during the last fiscal year. He got better teachers with higher salaries and an administration that had more money to spend for its needs. Texas veterans received more education aid.

The money went for other—but mighty important—things too, like school buses and cafeterias with hot noontime lunches. It meant more vocational help for your child. It went for many things, all necessary for a better education for him.

LETTERS TO THE EDITOR

Dear Ben: How is everything? I surely would like to buy you a cup of coffee, but I see no way to do it right now. I tell you what I might do, though; I'll go down to the cafe and order you and me a cup, and if you don't drink yours, I'll do it.

What do you mean by not sending the Bronte Enterprise, the greatest little paper in the West, to me? Why you know that just won't do! What am I going to have to do, bribe you? If that is the case, find the enclosed check for \$2.50, and buy yourself a new hat, but be sure and send me that paper. I got to keep up with the goings on in this world.

I'll have to dispense with this foolishness for now. Yours truly, Leon Sharp, Sheffield, Texas.

(Editor's Note: What Leon didn't know is that we are going to drink several cups of coffee off of him. Due to the July subscription special, he sent 50 cents too much!)

Lawton, Oklahoma:

Dear Mr. Editor:

When we received our paper this morning, we read the advertisement telling us it was time to renew our annual subscription for your paper. Time marches on; it seems only a few days since we read the same notice in 1953, yet another mile stone has passed and we find ourselves one year older and should be much wiser. We enjoy read-

ing your paper very much and want to congratulate you in editing and printing the best paper we have ever read that was printed in Bronte, casting no reflections on your predecessors, but just stating your paper contains more real news than, well I guess we should say, expected.

In reading the Bronte Enterprise we see things happening to people we knew when we lived near your fair city, which brings back memories of our younger days. This alone is worth all we have to pay for the paper. Then there is other news which means something to us, but should be very valuable to all your local readers, news that keeps your

local citizens informed of local happenings. We again want to congratulate you for the fine paper you are putting out. Keep the "good work" up.

We are having some real hot weather, but crops are good and live stock fat. Today is election day in Oklahoma and we think many are going to the polls to cast their votes as it is intended for them to do—vote the way they believe.

Enclosed is our check for another year's dues and we will be looking for the Bronte Enterprise every Monday throughout the coming year.

Rambouillet Ram Sale At San Angelo

The 18th Annual San Angelo Registered Rambouillet Ram Sale will be held July 15th through 17th at the San Angelo Fairgrounds. Twenty-four registered breeders have consigned 302 head of top quality rams to this sale sponsored by the American Rambouillet Sheep Breeders Association.

Lot branding, sale order and other routine work will be completed Thursday so that the consignors will be free all day Friday to talk sheep and show their rams to interested sheepmen.

Friday evening at 7:15 p. m. members of the American Rambouillet Sheep Breeders Association, their wives and guests, will gather in the Ballroom of the Hotel Cactus for a dinner and 66th Annual meeting of the association.

The Honorable O. C. Fisher, Congressman of the 21st Texas District, has accepted an invitation to deliver the main address.

The sale proper gets underway promptly at 10 a. m. Saturday in the new sheep barn at the San Angelo Fairgrounds with Lem Jones of Junction on the auctioneer's stand.

Coke County Got 25 Miles State Roads in 5 Years

Austin, Texas, July 15 — During the last five years, 24.95 miles of roads have been built in Coke county. It was Texas greatest period of road construction history, Highway Department lies show.

The breakdown by counties as well as state totals prepared by the department showed that \$902,269.94 was spent in the county for maintenance of present roads and for the gigantic construction program.

Meanwhile in Austin Governor Shivers cited the impressive figures "as evidence that the state's construction program is giving Texas motorists the best roads that engineering can provide."

The report showed that \$14-

926.10 miles of roads added to the state highway system over the period covered cost \$575,158,577.-32, more money spent for construction than in any other comparable period.

Figures also showed that Farm-to-Market roads came in for a lion's share of the total. The roads were named a priority because they give farmers needed routes to markets and access to towns surrounding rural areas a highway official said.

Shivers, who said he was very proud of the excellent way Texas roads have improved in the last half decade, listed dollars and time saved as two prime benefits to Texas motorists.

"State drivers have been able to save countless hours and money through good roads that provide the ultimate in safety and design," he remarked.

He also pledged that he "would do everything in my power" to continue the present rapid pace of road-building and maintenance.

"A road system worthy of its name must provide its motorists with swift, safe routes," he said.

County Agent News

Two field inspections for cotton insects revealed heavy infestations. This isn't enough to try to predict conditions for the county, but it would be wise for everyone to check. Worms are very small and still in the terminal. Inspections will be made over the entire county by the weekend and results will be available at the county agent's office.

There will be a meeting of all farmers in Runnels and surrounding counties at the courthouse in Ballinger Friday night, July 16, at 8 p. m. to hear Mr. James H. Jones of the Texas Harvesting Association, explain the Mexican National Labor Program, how the laborers are handled, the cost, etc. If anyone is interested, please attend the meeting.

What Colleagues Think of Johnson

SENATOR JOHNSON

No one is better able to judge Lyndon B. Johnson's stature as a statesman than his colleagues on the Senate floor. Here is what they think of him:

SENATOR RUSSELL (Dem.-Ga.): "I did not believe that any man could have achieved as much harmony within the Democratic party and contributed as much to the operations of the Senate as a whole."

THE LATE SENATOR TAFT (Rep.-Ohio): "I do not see how any majority and minority leaders could cooperate better than we have done, and it is due very largely to your thoughtfulness and understanding."

SENATOR GORE (Dem.-Tenn): "His proven ability as a leader in the United States Senate makes him needed by every one of the 48 United States."

SENATOR GREEN (Dem.-R. I.): "Admirable qualities of leadership."

SENATOR MANSFIELD (Dem. Mont.): "He certainly has indicated to us a great wisdom, a wide field of knowledge, and a good deal of understanding."

SENATOR KNOWLAND (Rep. Calif.): "The distinguished minority leader has been co-operative and has put his country ahead of any narrow partisanship."

SENATOR HILL (Dem.-Ala.): "Time and again on this floor during this session we have seen our leader demonstrate his exceptional ability, his courage, and most of all, his devotion to our country and its welfare."

SENATOR WILEY (Rep.-Wisc.): "He is always courteous; he is always friendly."

SENATOR McCARRAN (Dem.-Nev.): "He has rendered valiant service to America."

SENATOR JOHNSTON (Dem.-S. C.): "The senator from Texas has been truly a great Democrat and at the same time has been able to co-operate in the Senate with the Republican members."

SENATOR JOHNSON (Dem.-Colo.): "I can think of nothing better than that we might have a continuation of the leadership of Lyndon Johnson."

SENATOR SMATHERS (Dem.-Fla.): "His attention to legislative duties has aroused the admiration of the country."

SENATOR SMYINGTON (Dem.-Mo.): "No senator ever contributed more to efficient management and operation of the administrative branch."

SENATOR PASTORE (Dem.-R. I.): "In Lyndon Johnson there is not one intolerant, not one bigoted, and not one partial bone."

SENATOR DOUGLAS (Dem.-Ill.): "The party owes a great debt to the senator from Texas."

Carroll Writes to School Patrons

Dear Patrons:

I wish to express my appreciation to you for your kind and considerate cooperation during our six years of service in your community.

Especially am I grateful to you for the vote that you gave the children last Saturday, which will make it possible for them to have the best school facilities.

I would like to talk with each of you personally, and thank you for all the nice things you have done for Mrs. Carroll, Woodie, Dick, Oscar and myself, while we were in your community.

Your able school board has selected a fine and capable gentleman as my successor. I know that he will be able to continue improving your school, with your support. Remember that his success will be your success!

I am listing below a number of suggestions that I have considered carefully that will be very helpful in having a good school. I hope you will read them, and apply them for the good of your community.

1. Expect the school board to make the necessary policies for running the school and hold the administrators and teachers responsible for administering these policies.

2. To participate in school and community affairs.

3. To go to the proper officials to secure information concerning the school, and be properly informed concerning school affairs.

4. To base your conclusions on school matters according to facts, and refrain from spreading rumors among fellow citizens.

5. Identify yourself when it is necessary to make complaints, accusations or suggestions to the school officials.

6. To recognize that a good education program requires adequate financial support, personal understanding, and constructive participation.

7. To be responsible for having children to school on time, and to encourage attendance.

8. To teach children that the world is full of people and each person must share his responsibility.

9. To teach children to respect authority.

10. To provide adequate churches and church facilities for the young people of the community, and encourage religious attendance.

11. To uphold high types of morality, and be a living example for young people to follow.

12. To teach the value of home and family relations.

13. To teach the value of work and money.

14. To be a spiritual leader in the home.

We wish to extend an invitation to each of you to visit us at our new location, Meadow, Texas, which is about twenty-nine miles southwest of Lubbock. Your Friend, J. L. Carroll and family.

Wheat Growers To Vote on Quota Program July 23

July 23 is the date when Coke County wheat growers will join other wheat growers throughout the nation to determine whether or not the wheat marketing quota program will continue in operation for the 1955 wheat crop. This, in effect, is the decision which wheat growers will make in the coming wheat referendum, according to Oscar E. Kresta, Chairman of the County Agricultural Stabilization and Conservation Committee.

Kresta points out in compliance with the law, Secretary of Agriculture Ezra Benson has proclaimed marketing quotas for the 1955 wheat crop. The program will be in effect if it is approved by at least two thirds of the wheat growers voting in the July 23 referendum. If the quota program is approved, growers who plant their 1955 acreage allotment will be eligible to market

their 1955 wheat free of a marketing penalty.

Kresta also explained that if the vote is favorable wheat growers who exceed their allotment will be subject to a 45 per cent-of-parity penalty on their excess wheat. If the vote is unfavorable there will be no penalty.

MUST COMPLY

To be eligible for price support on any crop produced on the farm in 1955 the producer must comply with all acreage allotments established for his farm for that year. On farms where the crop allotments call for a diverted acreage of more than 10 acres, a total acreage allotment will be established for the farm and, in that case, the farmer must stay within that total as well as individual crop allotments to be eligible for price support.

In making his allotment proclamation, Secretary Benson said that "The long range interest of agriculture and national economy will best be served when we can have less — and not more — gov-

ernment regulation and control." He added however, that under present conditions "we have no immediate choice. With approximately a two-years' supply of wheat expected to be on hand when this year's crop is harvested, there is no question at all about the requirement for marketing quotas and the establishment of a national wheat acreage allotment at the level prescribed by law."

CROSS COMPLIANCE

Referring to the "cross-compliance" requirement, making it necessary for the farmer to be eligible for price support, the Secretary said "Neither is there any question about the need to require cross-compliance with established acreage allotments. It does not make sense to encourage the building of new problems through the unwise shifting of acres from one surplus crop to another."

Chairman Kresta advises that conveniently located referendum polling places will be announced in advance of the referendum.

In the referendum conducted a year ago the vote was 390,221 to 57,536. By special act of Congress the acreage allotment for

the 1954 crop was set at 62 million acres. The allotment for the 1955 crop is 55 million, the minimum acreage permitted under the law.

LOCAL NEWS

Mr. and Mrs. B. E. Modgling left yesterday for an overnight visit with their son, Elmer Modgling and family in Weatherford. They planned to drive on to Dallas today, Friday, to meet their

daughter, Mrs. Leonard Jagt, and her two children, Jimmy and Sandra, who are arriving from Lodi, New Jersey for a several weeks visit here.

Mr. and Mrs. Will Lassiter, their son, Elmo Lassiter and family of Rogers, Arkansas, visited the Robert Knierim family last week. They are old time residents of Bronte. However, they had been away 35 years and reported that they could see much change in the old home town. They formerly owned the residence now occupied by Mr. and Mrs. Ihas. Keeney and also owned a farm which is now productive in oil.

Mr. and Mrs. Elmer Modgling and boys of Weatherford were recent guests of his parents, Mr. and Mrs. B. E. Modgling.

*—and only a few dollars more
than the low-price cars!*

HAVE you been thinking you can't afford a new Buick? Listen:

If you can afford *any* new car, you can afford a Buick — and a look at the figure on the price tag proves it.

Look again, and you'll see that this is the *local delivered* price of the new Buick SPECIAL 2-door, 6-passenger Sedan. Compare, and you'll learn that this price is just a few dollars away from those of the so-called "low-price three."

But — dig a little deeper if you want the real clincher. That's when you find that those few dollars more you pay for a Buick buy you a lot more automobile.

They buy a whale of a lot more power — Buick V8 power — plus the new economy of Power-Head combustion.

They buy a lot more luxury and comfort and solidity — more room, more glass area, more frame strength, more tread width, more ride steadiness — including the million dollar "feel" of all-coil springing and torque-tube stability.

They buy, too, the most advanced styling of the time, and the great panoramic windshield, and the surety that such fresh-

looking beauty will *stay* in the style parade for seasons to come. (That means a better deal for you come resale time.)

Is it any wonder, then, that Buick now outsells all other cars in America except two of the so-called "low-price three"?

TUESDAY FINAL DAY FOR VOTE BY ABSENTEES

At noon Wednesday 28 absentee ballots had been cast in Coke County for the Democratic Primary Election on Saturday of next week, July 24. Interest is lagging due to the fact that few local offices are being contested.

County Clerk Weldon Fikes announced that next Tuesday, July 20, will be the last day to vote by absentee ballot. Voters may write to the clerk's office requesting a ballot or they may go to the court house and vote if they expect to be absent from home on election day.

Two places on the Commissioners Court are the only local races. All other county officials are unopposed for re-election.

In Precinct 1 (Robert Lee, Sando, Silver) Commissioner J. W. Service, seeking his third term, is opposed by Fern Havins of

Robert Lee. Voters aren't saying much and a close race is expected.

In Precinct 3, Commissioner Claude Dittmore has two opponents. They are Chester Derrick and Elbert Carper, all of the Tenynson community.

Possibilities of a runoff primary in Coke County are remote. When County Chairman R. B. Allen and his Executive Committee met some time ago to assess candidates for election expense, it was brought out that a second primary would not be held unless the governor's race was involved or some important district or local contest was to be decided.

There are no district races involving more than two candidates

FELLOWSHIP CLASS ELECTS OFFICERS

C. E. Arrott was elected new president of the Fellowship class of the Methodist church at a meeting Wednesday night. The class had a potluck supper on the lawn at the A. S. Whatley home. Forty three persons were present.

Arrott succeeds D. K. Glenn as president of the class.

Other officers include George Thomas, vice president; Mrs. W. C. Craig, secretary and treasurer and hospitality committee is composed of Mrs. H. O. Whitt, Mrs. Geo. Braswell and Mrs. W. W. Millikin.

Mrs. Whatley is teacher of the class.
