On The BEAM

By J. W. King, Sr.

Monday will be July 4, Independence day and most business in these parts will be at a standstill for the day as most business men will be found on lakes and at other picnic places during the day.

Even this newspaper office will be closed for the day. The editor has no plans for a fishing trip, but we expect to spend the day resting.

WITH THE EIGHTH ARMY IN OSAKA, JAPAN

Sergeant First Class Harold Britton, son of Mr. and Mrs. Alex Britton of Loraine, after a short stay at the 4th Replacement Depot near Yokohama, Japan, has now arrived in Osaka and is assigned to the 24th Infantry (Tropic Lightning) Division which is cammanded by Major General William B. Kean and is one of the battle scarred veterans of the Pacific Divisions. Stationed at Pearl Harbor on the fateful day in 1941, the men of the 25th were pressed into combat duty immediately. After taking part in the Guadalcanal campaign the division moved up through New Georgia, Vella La Vella, Arundel, Kolombangara and participated in the Luzon Campaign.

TO ORGANIZE A COMMUNITY CLUB

There will be a community gathering at the Bauman school house, at six o'clock July 8. Everyone in Baumann community is urged to bring a basket lunch and help organize a community club.

WEEK END GET TOGETHER

Mrs. Marian Mahon held a week end get together at her home honoring Miss Virginia Renfro of Santa Barbara, Calif. Others who were present were girls and boys who had at some time stayed at her home since the death of her husband, and her son.

Those present were:

Margaret Jarratt of Fort Davis, Louise Jarratt of Stephenville, Junior Hoover and Sammy Duke of Odessa, Marie Jarratt of Roscoe, Caylon Parris of Abilene, and the honoree.

HOSPITAL NOTES

Medical patients: Ike Hestand, Jack Martin, Larry Phillips, Treva Hayes, Mrs. Willie Kubena, Myrl Hart, Diane Doss, Wesley Chamness, and Mrs. Carol Preston.

Surgery: Mrs. Charlie Land.

New arrivals: Mr. and Mrs. Hayes Oden, a girl born on June 25, named Evelyn Jewell, Mr. and Mrs. Rejino Bonilla, a girl born on June 25.

Mrs Cora Johnson returned Monday after a weeks visit with her daughter, Mrs. W. N. Porter in Denison.

Mr. and Mrs. W. C. Rogers spent the week end in Leveland and Big Spring visiting children.

Mr. and Mrs. Troy Jones and sons and Mrs. Cora Hall visited Mr. and Mrs. Floyd Griffin and family of Colorado City Sunday.

Guests for the next several days of Mr. and Mrs. J. J. Land are Mrs. W. B. Keathly of Teague, Mrs. H. L. Darby and son of Houston, and Mr. and Mrs. F. J. Klemann of El Paso.

Mrs. Ed Wilmon of Carlsbad left Sunday morning for her home after visiting for the past week with her sister, Mrs. Moody Richardson.

Mrs. E. O. Krause and sons of New Braunfels is here visiting her mother, Mrs. R. K. Thornhill, for several weeks.

Mr. and Mrs. R. K. Thornhill returned last Saturday after visiting relatives in Dallas, Waco, and Holland.

Mrs. Clark Sturdivant and children and Voncille Faulkenberry visited with Mr. and Mrs. Alva Vest near Hermleigh Monday afternoon.

Mr. and Mrs. J. C. Hall, Sr. are visiting Mr. and Mrs. G. B. Coots in Dalhart.

Mr. and Mrs. Billy Dudley returned Sunday night from Terrell, where they attended the funral of her cousin.

Loraine Helps Buy Fogging Machine

Loraine people were generous last week in contributing to the purchase of the DDT fogging machine and the DDT to be used in fogging operations here. A total of $373.25 was contributed, $200 of which will be used toward the purchase of the machine and the balance for DDT.

The machine was used to fog Loraine last week and will be used as often as necessary, according to Mayor Walker. More contributions are needed to purchase DDT and those who wish to contribute may leave their check at The Mitchell County News office or mail same to it.

Those who contributed to the fund follow: J. Wiley Walker $10, Aug. Hackfeld $10, First State Bank $10, K. L. Taylor $10, Frank Beights $5, Olen Mayes $5 Loraine Cooperative Assn. $7.50, Tom Ray $2.50, W. M. York $1, Marvin Patterson $1, T. A. Rankin $1, A. A. Turnbow $1, Varnell Templeton $5, Woods Laudry $3, W. R Woods $2, Higginbotham Bartlett Co. $10, Ira Warren $1, E. B. Compton $2, J. E. Reddin $1, D. M. Finch $5, E. B. Stewart $1, Homer Hart $2, Joe Bennett $2.50.

S. H. Hart $3, Marvin J. Martin $3, Mrs. Otis Muns $1, Plez Beaty $5, J. H. Boone $5, H. S. Combs $1, Jack Coffee $2, Lorex Theatre $10, Fay McCollum $2, Ralph Murphy $2, Mitchell County News $5, Alan Brown $5, Helen Bennett $1, Mrs. V. L. Richard $3, W. P. Durham $3. Doc Elliott $2, R. F. Mote $2, A. W. Brittin $1, Gene Britton $1, W. C. Henderson $2.50, J. J. Donnell $2, Jimmy Palmer $1, Zelma Dean Hale $1, B. W. Tartt $3, Willis Cornut $5, Guitar Gin Co. $10, Travis Hallmark $2.50, Garvice Craghead $5, J. W. Moore $2, G. A. Moore $1, Claude Spikes $7.50, E. O. Leggott $1, R. H. Phillips $1.

Otto Hackfeld $10, Coop Gin Association $10, Addie Mahoney $1, T. J. Green $5, J. W. Preston $1, Fred B. Ison $1, G. W. Parish $2, H. G. Miles $1. Jim Martin $1, Jud Jean $1, Jeff Parker $1, Lorane Cleaners $2, Loraine Farmers Gin Co. $10, W. W. Martin $1, H. E. Thomas $5, Thornhill-Preston $5, N. J. Brains $1, Clyde Smith $10, Johnson Hospital $10, Tartt Auto Supply $5, G. B. Tartt $1, Pratt Service Station $5, Loraine Furniture & Hardware Co. $5, J. C. Hall $5, G. D. Scown 50c, W. E. Simmons 50c, Dr. Dale Johnson $5, W. H. Narrel $5, Nuke Henderson $2, Dr. John Hamblen $5, W. P. Mayes $2, Producers Gin Co. $10, Nolan Barmore $2, Allen Chamness $1, Ham Preston 50c M. V. Caswell $1, Clark Sturdivant $1, Lynn Hamilton $2, T. R. Bennett $1, S. E. Boyce $3, H. H. Padgett $2, Jasper Doyle $1, John Shurtleff $1.50, Graham Bros. $1, William Walker $2, W. P. Chamness 50c, V. L. Richard $1, Jim Hale $1, N. L. Henderson 50c, Howard Preston $1, Glen Coon $5, Joe Cardwell $1, Woodrow Pratt $1, T. J. Riden $1, C. M. Duke $5 Cheek Cafe $2, J. D. McDonald 25c, Moody Richardson $5.

Mrs. Tommie Mathis, Mrs. S. E. Clement and Mrs. G. K. Baker spent Sunday in the home of Mr. and Mrs. W. M. Burt of Roscoe.

Mr. and Mrs. E. J. Hardin and family of Snyder spent Sunday with Mr. and Mrs. Garland Cary.

Mr. and Mrs. Myrn Fairchild of Forsan and Mr. and Mrs. H. L. Hart of Midland spent the week end with Mr. and Mrs . S. H. Hart.

T/Sgt. and Mrs. Harris Hamilton and Charla left Tuesday for their home at Midway Island, Va., after spending a month with their parents, Mr. and Mrs. C. C. Hamilton and Mr. and Mrs. A. J. Richey. Mrs. Roy Baird accompanied them and will visit her sister, Mrs. Palace Barnes, in Washington. D. C.

Sunday visitors of Mr. and Mrs. Luther Anders were F. W. Waldrop, who is conducting the Church of Christ meeting, Mr. and Mrs. Earl Craig of Colorado City, Mr. and Mrs. LeRoy Adrian and children of Roscoe, Mr. and Mrs. Harold Johnson.
and Ms. Harold Johnson.

12 Cars Wheat Shipped Here

According to Coon and Pratt a total of 12 carloads of wheat had been shipped out of Loraine for the season. Wheat is still coming in and no fair estimate can be made as to the final number of cars that will be shipped out of Loraine this sason.

Local wheat farmers are getting around $1.60 a bushel and some farmers are putting their wheat in storage.

CUB SCOUTS MEET

Mrs. John Hamblen, Den Mother of Den 3, had her Cubs to meet with her at her home last Thursday afternoon at 5.

A short business meeting was held and a few games played.

At two previous meetings, a weiner roast was enjoyed by the members and th following offi-ers were elected: Den Chief, Richard Blair; Denner, Wesley Woods; and Keeper of Buckskin, David Hamblen.

The next meeting is to be at 5 o'clock Thursday afternoon at the home of Mrs. Hamblen. The Cubs of that Den ar urged to attend.

HOSTS BARBECUE

Mr. and Mrs. A. G. Furlow, Jr. were hosts to abarbecue held at their home last Saturday night. The Barbecue was given in hon or of Miss Joyce Furlow and Mr. and Mrs. Hamilton.

Those present were:

Messrs. and Mmes. Lynn Hamilton and Keith, Gene Baird and Vickie, Harris Hamilton, Theron Henderson and Jay, Garland Cary and children, Bob Looney, Johnny Walker of Odessa, Charlie Marth of Lubbock, Joyce Furlow of Corpus Christi, and the hosts and Joyce Lynn.

To Have Piano Recital

At the First Methodist Church in Colorado City, Sunday afternoon at four o'clock p. m., Mrs. W. R. Martin will present her pupils in a Fine Arts Recital. Marie Beights and Patsy Green from Loraine will play. Everyone is cordially invited to attend.

Mrs. I. J. Pierce Honored On Birthday

Complimenting Mrs. I. J. Pierce of Abilene on her 70th birthday Mrs. Frank Crownover and Miss Annie Jarratt entertained Thursday from 3 until 5 p. m.

Mrs. Crownover welcomed guests and introduced Mrs. Pierce, her daughter, Mrs. Homer Richards of Abilene, grand daughter, Mrs. Luther Mathis of Corpus Christi, and daughter in law, Mrs. I. J. Pierce Jr. of Colorado City.

After guests were registered, Miss Jaratt showed them the large birthday cake which was baked by Mrs. J. D. Norman of Colorado City and her gift to the honoree.

Mrs. Marion Mahon and Mrs. Norman presided at the refreshment table, serving fruit punch and cake squares. The punch bowl centered the table and was surrounded by greenery and pink sweet peas. Bowls of green mints flanked the center piece.

The assortment of birthday gifts was displayed.

Mrs. K. L. Taylor and Jackie Richey of Loraine and Mattie Ewell Griffin and Irene Norman of Colorado City played piano selections during calling hours.

70 callers were registered.

Mrs. Frank Corbell and daughter Mary Rita of Brownfield, and Miss Mary Kent of Crane were week end guests of Mr. and Mrs. Harvey Leach and Keith.

Mr. and Mrs. Audis Beaty of Coleman spent the week end in the Plez and Allen Beaty and Otis Muns homes. Mrs. V. L. Smith accompanied them and visited her sister, Mrs. Alfred Richey.

Mr. and Mrs. E. B. Gray of San Angelo were week end guests of her mother, Mrs. W. J. Coon.

Mrs. W. J. Coon and Mr. and Mrs. E. B. Gray visited in the home of Mr. and Mrs. Lee Dorn at Colorado City Sunday.

District Governor Installs Lion Officers

Officers for the Loraine Lions Club were installed by District Governo James L. Daugherty of Midland in an impressive ceremony at a ladies night supper at the club building Tuesday evening.

The menu consisted of fried chicken, green beans, potatoes, salad and iced tea. Ice cream and cake squares were srved as desert. The tables were beautifully decorated with bowls of lovely flowers.

Miss Daugherty, daughter of the district governor. entertained with piano music during the meal. Mrs. Nadine Griffin and little daughter of Midland entertained with tap dance numbers.

Glen Coon was installed as president of the club; Howard Tartt, Otto Hackfeld and Ray Preston, vice presidents; Marvin Martin, secretary; B. W. Tartt, treasurer; William Martin, Lion Tamer; Tom Ray and Bill Stribling, tail twisters; K. L. Taylor and August B. Hackfeld, directors for two years. Holdover directors are John Horton and J. W. King.

Dr. Dale Johnson has been named Deputy District Governor by District Governor J. L. Daugherty.

H. E. Girls to Have Open House

The Home Ecconomics classes have finished their projects and giving an open house Saturday. July 2.

The girls have made a lot of improvements on the cottage. Some valued improvements are: A new floor covering for the large laboratory, a music room has been finished, and the cottage is going to be painted on the outside.

Everyone is urged to attend the open house, which will be held from July 3 to 5.

Cora Johnson Gives Book Review

Mrs. Cora Johnson was presented by the Woman's Society of Christian Service of Waples Memorial Church at Denison Friday morning, June 24, in a book review of "Peace of Mind" by Dr. Joshua Liebmans.

Written to express Dr. Liebmans' views on religion and psychology, the purpose of the book is to help men and women to get more out of life. Psychology is not enough, Dr. Liebmans says, for man's great adventure—Life. But it is a good supplement to religion, he states. His premise is that a wise religion is indispensible to peace of mind.

Mrs. Johnson spiced her review with pieces of her original poem "In the Gardens of Your Heart."

Following the review, the guests were served from a refreshment table that carried out the title of the peom in the decoratiin. Miniature latticed fences and arched gates framed the centerpiece of candles, daises, and roses.

Mr. and Mrs. Roy Richards and family of Midland visited in the Roscoe Hudgins, the V. L. Richard and Claude Woods homes Sunday.

Mr. and Mrs. James Jarratt and daughter, Vickie, visited with their relatives Sunday.

Mrs. Jack Allbright is here from Odessa visiting her parents, Mr. and Mrs. Wiley Walker, and her husband's parents, Mr. and Mrs O. E. Allbright.

Mr. and Mrs. L. D. Crawford attended the wedding of one of his college friends at Rankin Tuesday.

Sunday Guests in the home of Mr. and Mrs.. Willnam Martin were Mr. and Mrs. L. J. Burdine and little son James of Sweetwater. Mrs. Burdine and James remained for a few days visit.

Mr. and Ray Stalcup of Coahoma visited Mr. and Mrs. W. E. Stribling and family Sunday.

Mr. and Mrs. Roy Edgar, Jr. of Sweetwater visited Mr. and Mrs. Marvin Martin Sunday. Janie is spending a week with them.

Valley View To Vote On Consolidation

Saturday, July 16, has been set as the date on which the Valley View and Loraine school districts will vote on the proposition of consolidating the Valley View district with Loraine.

An agreement was made in advance between the trustees of the two districts that should consolidation be voted the Valley View district may be divided and part of it go to Colorado City district.

Band Report

Supt. G. W. Parish and Mr. Jimmy Verner went to Abilene last week to take several school horns for repair.

Mr. Verner says we have a very encouraging start and our instruments will be something to be proud of.

Enrollment in the summer band school is beginning now and will contiue up to the time of the school.

If you plan to enroll your children, please contact either Mr. Parish or Mr. Verner immediately.

Visiting with Mr . and Mrs. Heston Redwine for the summer is his father of Comanche.

Glenda and Linda Cary visited Mary Sue Cox Friday.

Messrs and Mmes J. B. Prickett and family, Cecil Collier and family, David Collier and family, and A. L. Thompson, all of Odessa, are here visiting their uncle, Rev. W. D. Green of Hermleigh, who has been operated for appendicitis. He is at the Young Hospital in Roscoe, and after a very low spell Saturday and Sunday, is doing much better.

Class of '49 Presents Fountain To School

Do you ever get thirsty when you have just completed a breathless game of tennis on the concrete courts on the breezy hilltop campus of the local school?

Well, if you are one of the large number who find a drink of water a "must" up there, you will be interested in knowing that the "Class of '49' has supplied an agreeable attractive drinking fountain of cream colored brick, located just south of the courts.

According to Willard Pratt, class member and chairman of the class gift committee, concrete, plumbing and finishing were done by boys under the direction of L D. Crawford, Ag. teacher. A skilled brick layer, Ray Furlow, a former student, was employed for that part of the job. Plans and valuable suggestions were supplied by Supt. G. W. Parish who once had a part in building a similar fountain at his alma mater , Texas Weslyan College in Fort Worth. By labor being contributed, expense of construction was keut at a minimum.

The erection of a new fountain fills a long felt need on the campus and carries out tradition of classes to leave something for those who come after them in the local school. Such outdoor fountains as were formerly there were done away with when it was found that dogs had easy access to drinking.

The brick of the recently acquired class gift fountain harmonizes with the rest of the building on the campus. A rectangular pattern was followed, both in the concrete sidewalk base for the use of a drinker and in the sides and the top of the structure. Two drinking spigots fit neatly into the ends of the shallow drain trough, which completes the top. On the south side is a neat granite plaque bearing the inscription, "Class of '49," which will long remind the students and tennis players in years to come just who was responsible for this refreshing gift, the most recent on the campus.

The drinking fountain still further carries out progress on the beautification program which has been going forward for sometime under the sponsorship of the entire school with the help of graduating classes, Parent Teaches Association, and other interested organizatons.

Merkel Coming Here Sunday

The League leading Loraine baseball team will entertain Merkel on the local diamond Sunday afternoon. The game is called for 2:30.

The Loraine team defeated Divide here last Sunday to make it six wins in a row.

Mrs. W. R. Bruce, Ralston, Ronald, and Bryon spent Sunday in the home of her sister, Mrs. A. L. Hallman, of Inadale, who was having a reunion of her husband's people.

Mr. and Mrs. Frank Jernigan and son, Bob, of Pampa visited in the home of Mr. and Mrs. J. C. Payne and Wanda, and her grand-parents, Mr. and Mrs. Scarbrough.

Mr. and Mrs. Barney Cox of Abilene spent Sunday in the home of Mr. and Mrs. W. M. Teeters.

Mr. and Mrs. J. C. Payne and Wanda spent Sunday in the home of Mr. and Mrs. Bill Weatherly of Westbrook.

Mr. and Mrs. Hayden Thomas and Mary Jo of Boaz, Alabama and Mr. and Mrs. Earl Morgan and sons are visiting Mr. and Mrs. J. W. Roberts.

Mr and Mrs. Nolan Barmore spent the week end with their daughter and her husband, Mr. and Mrs. Troy Wylie of Wingate.

Mr. and Mrs. Hugh Elliott of Abilene visited from Friday until Sunday with Mr. and Mrs. C.E. Elliott.

Mr. and Mrs. Weston Foy of Sweetwater spent Sunday with Mr. and Mrs. Jack Brewer and Mrs. Naomi Forbus.

Boy Scouts Report On Activities

When Mr. E. E. Mullins, Scout Field Executive, came to Loraine from Snydershortly after the beginning of 1949, he discovered quite a few boys who were eligible for Boy Scouts.

Applications were issued to thirty-six boys, and in a short time, eighteen charter members were enrolled. These boys were very eager and were ready for all the things that the organization offered them. Since the Scouts first started, seven new members have been enrolled.

The boys chose Claud Woods a prominent citizen of Loraine and a worker with the boys, as Scout Master. Myrl Carpenter, another enthusiast, was elected assistant Scout Master.

The Lions Club, sponsor of the Boy Scouts, set aside $150 for equiment and supplies, and gave consessions ofsoft ball games to the Scouts. At the present, the Scouts have done a good job of replacing their original revolving funds in the bank.

The boys attended a Boy Scout Jamboric at Bog Spring last April.

On these trips the Scouts have learned to cook well and value the art of cooking.

The camp, which will be held from July 10 to 17, will make the third final camp. This last camp will be held for a week at Buffalo Trail.

The boys who have enrolled as Scouts follow:

Edward Beaty, Richard Blair, Douglas Chitsy, Charles Coley, Doyle Combs, Arnold Lee Faulkenberry, James Hallmark, Kenneth Harris, Roy Johnson, Charles Kidd, Glen Linder, John Miles, Doyce Nix, Henry Sallev Ray Saunders, Raymond, Turnbow, and Jimmy Webb.

Mrs. K. L. Long and daughter, Pat are returning to their home in McKinney after visiting for the past two weeks in the Morgan home. Jannet will stay for the summer.

Dorothy Jean Hallmark, student at Hardin-Simmons University, and one of her class mates, Lou Dell King of Sweetwater, visited in the home of her parents, Mr. and Mrs. Harry Hall-Mark during the week end. Other visitors were Mr. and Mrs. Charlie Marth of Lubbock.

Mrs. Narrell Dies After Long Illness

Mrs. J. C. Narrell died at the Johnson Hospital Friday at 5 P. M. after a long illness. She had been under treatment for 11 weeks.

Mrs. Narrell was born Della Abercrombie, July 2, 1871 in Georgia, and was married to Mr. Narrell there. They moved to Mitchell County in Deecmber 1906, and bought a farm seven miles north of Loraine.

After Mr. Narrell's death in 1914, she lived in Mitchell County continously until two years ago when she moved to Clyde to live with a daughter, Mrs. B. L. Kimble.

Funeral services were held at Lone Wolf Baptist Church Saturday at 4 P. M. with Rev. C. E. Leslie of Hermleigh officiating, assisted by Rev. C. B. Thompson, Rev. Wayland Boyd, and Rev. S. H. Salley

The burial was at Lone Wolf Cemetery under the direction of Kiker and son Funeral Home of Colorado City.

The Pallbearers were Frank Stewart, R. J. Hale, Jim Martin, Delbert Stewart, Plez Beaty, and Frank Beights.

Survivors are three daughters, Mrs. Joe Wheeler of Sweetwater Mrs. Jess Bollinger of Abilene, and Mrs. Kimble; Three sons Sheriff J. N. Narrell of Colorado City, W. H. Narrell and E. A. Narrell of Loraine; 16 grand children and five great-grand children.

Joyce Furlow is here from Corpus Christi visiting her folk.

Mr. and Mrs. Hammond Padget and Mr. and Mrs. S. E. Boyce and sons visited with Mr. and Mrs. Frank Maberry at Roby Sunday.

Sunday guests of Mr. and Mrs. C. D. Chapman were Mr. and Mrs. Glen Rasco and children of Pyote.

TEXAS ELECTRIC Show of '49 July 6-8

The Texas Electric Show of '49 —the fourth annual event of its kind sponsored by the Texas Electric Service Company in Sweetwater will have its premier opening at the Sweetwater High School at 6 P. M. Wednesday, July 6.

This year's show is "All new and all different," according to A. L. McSpadden, company manager, who announced that the show will continue through Friday, July 8, on a daily 6 p. m. to 11 p. m. schedule.

The Texas Electric Show of '49 set in a gay carnival atmosphere of tents, brilliantly colored pennants, bright lights and western music, includes entertainment features as well as displays of everthing new in the electric appliance and fixture lines, McSpadden said.

"Light Sorcery," a popular and widely-known show produced by Lamp Department of General Electric Company, will be given top billing in this year's show. This feature, which will be staged twice each evening in the school auditorium, includes a variety of mystifying and unusual acts made possible by latest developments in the fields of electricity.

Music will be by Cecil Brower and his popular Western Band. Vocalist is Buster Ferguson, popular entertainer. They will play on a regular schedule each evening.

One feature of this year's show will be a "talking" Reddy Kilowatt six feet tall. This version of Reddy, McSpadden said, is much improved over the one last year and will greet children as they arrive at the show.

Popular features of the farm and Ranch Exhibit will include the feeding of a litter of pigs "every hour, on the hour" betwen 6 and 11 p. m. In past shows, these "milk bottle" feedings have attracted large crowds of spectators.

Displays and exhibits set up by local appliance and fixture dealers, will be in the school gymnasium, which will be attractively decorated for the event, McSpadden said.

Two 800,000 000 candle-power searchlights will be in operation enthe grounds each night.

JUN 30 1949

WEEKLY NEWS ANALYSIS

GOP Leaders Rap Demo Depression And Plan Bill to Meet Situation; Brannan Plan Held Farm Vote 'Bait'

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

FARM VOTE:

Bait Is Set

There was more to the Brannan federal farm program than had met the eye. According to seasoned Washington observers, the plan would serve as a bait for the farm vote in the congressional races next year.

For instance, if administration leaders could extend wartime price supports for another year, it would give voters a chance to pass on the controversial Brannan plan. Thus the plan could be dangled as a major issue when Democrats and Republicans began struggling for the important farm vote.

AT a midwestern Democratic conference, both Brannan, secretary of agriculture, and J. Howard McGrath, chairman of the national Democratic committee, made a plea for extension of the price support program as they began to plan for next year's tug-of-war with the GOP.

McGrath, making it plain that the Brannan plan has Mr. Truman's endorsement, said continuation of the present relatively high-price support program was to be preferred to the Aiken long-range farm law passed by the 80th Republican congress. Unless congress acts, McGrath pointed out, the Aiken law will go into effect next year.

The Brannan plan is designed to support farm income at a "prosperity" level, but at the same time to provide consumers with lower prices for perishable foods—especially meat, dairy and poultry products—when there are surpluses. It would use government payments to assure desired farm cash returns.

PRESENT laws direct the government to support prices of major products at not less than 90 per cent of parity.

CONJURER:

Name, Smile

Franklin D. Roosevelt, Jr., who inherited a name and a smile to conjure with and wasted little time in conjuring with them, has been duly sworn in as a member of the house of representatives.

The 34-year-old congressman from New York's 20th district, filling the seat left vacant by the death of Sol Bloom, ran as a candidate of the Four Freedoms and Liberal parties, although he will operate as a working Democrat in the legislative arena.

ROOSEVELT failed to get the regular Democratic nomination during the campaign so he ran on the Four Freedoms ticket. In so doing he scored a popular upset over the regular (Tammany) Democrat, a Republican and an American Labor candidate.

The third son of the late President took the oath from Acting Speaker John W. McCormack (D., Mass.), while his mother beamed happily from the gallery.

During his first day on the job Roosevelt:

CHATTED briefly with President Truman; denied a rumor that he might run for mayor of New York; allowed that he hoped congress would repeal the Taft-Hartley labor law, enact Mr. Truman's civil rights program and put through a national housing act.

It all looked like a reasonable beginning for another Roosevelt political career.

HOUSING:

Action Seen

Indications were that despite opposition from many quarters, the administration's big new housing bill would get out of committee and go to the house floor for action.

THE RULES committee, which twice last year killed similar legislation, had refused to clear the current bill. But Rep. A. J. Sabath (D., Ill.) was predicting the committee would act to clear the measure.

Sabath was on fairly safe ground, for under the new house "anti-bottleneck" procedure adopted in January, the multibillion-dollar housing bill could be put to a house vote over the rules committee's objections.

THE housing program, one of President Truman's major campaign promises, was approved by the senate April 21 on a 57 to 13 vote. It then bogged down in the house.

The bill calls for a vast program of slum clearance, low-rent housing and farm housing aids.

Bares Mission

Ex-Communist Editor Louis Budenz is shown as he told a senate committee that Gerhardt Eisler, who fled the U.S. as a stowaway, was ordered to Europe by Moscow to train "new espionage agents" for use in the United States. Budenz testified in connection with the committee's probe of subversive activities by aliens.

DEPRESSING:

'Right Now'

"I regret," the senator from Maine said, "that we are now in a state of depression. It is not a thing of the future. It is right now."

After thus evoking the spirit of the 1930's, Sen. Owen Brewster announced blandly that senate Republicans shortly would sponsor a 50-million-dollar public-works and relief-planning program "to meet the growing Democratic depression."

THE BILL to be projected along these lines would not in itself provide funds for public works, but merely would finance the planning of a "shelf" of such works to be started when deemed advisable.

Sen. Robert Taft (R., Ohio), who also is in on the deal, said that what he had in mind was a bill that would establish the framework for federal grants to states if their relief cases should reach a certain percentage of their total population.

Said Taft: "What we Republicans want to avoid is the creation of another WPA like Harry Hopkins ran."

Without trying to guess how much relief spending might be necessary under such a plan, Senator Brewster opined that would "depend upon just how bad this Democratic depression gets."

Whether this "relief bill" proposal is sincere or whether it is a cynical attempt to discredit the administration in the face of the coming 1950 elections, only time would tell.

TRUMAN:

Drops Curb Bill

There was one thing about President Truman—he was beginning to develop the ability to recognize a hint when he saw it. There have been times when the President seemed to suffer from an ability to do that, but now it's different.

The President, obviously with an understanding ear to the ground, has decided he won't press congress to give him standby war powers.

THAT'S not only wise of the President, it's good strategy, particularly since it would have been impossible for the administration to convince the 81st congress that any such powers are needed.

However, there was an official reason advanced for the change in objectives. One authority described the revision of plan as a "quiet demilitarization" of the national security resources board on White House orders. In other words, the emphasis would be away from keeping the people agitated and alerted for possible future war.

THE war powers bill would have provided a detailed mobilization act covering priority and seizure powers, controls over prices, manpower; production and transportation. It would, if enacted, go into effect automatically on the declaration of war emergency by congress.

Mr. Truman was said to have decided it would be inappropriate to try to get such a law passed in peacetime.

RED CHINA:

Quiescent

Communism, like the worm in the bud, was creeping swiftly through China as the presence of the Red conquerors began to make itself felt.

At one village meeting in northern China, a man, bewildered and dismayed by the use of the Russian hammer-and-sickle flag in Chinese Communist meetings and parades, ventured to rise and ask a question:

"WHY IS THIS DONE?" he said. "Russia is a foreign country and we are Chinese."

And the presiding political commissar snapped, "This subject is not on the agenda."

About the only thing that did show up on the agenda throughout the country was the puzzled but ready acquiescence of the Chinese to Communist rule.

As a result, the nation appeared to be well on its way to assuming a regular orbit as a willing satellite of Russia.

FOR THE MOST PART there have been no signs of coercion or compulsion in the relationship. There is every evidence that the Chinese Communists are in fact eager to follow the dictates of Moscow. And that revelation should be enough to destroy any illusion that the Chinese Communists are just simple agrarian reformers.

They are whole-hearted, completely dogmatic Communists, following the doctrines laid down by Karl Marx and adapted for 20th century application by his disciples, Lenin and Stalin—and by Mao Tze-tung, leader of China's Communists.

THERE IS as yet no conclusive evidence that the Kremlin is giving direct, active aid to the Chinese Communists. But the affinity and spirit of cooperation that exists between Moscow and Peiping, capital of Communist China, is tangible enough.

The application of China's internal situation to the rest of the world is disturbingly clear: Through the rule of Mao Tze-tung and his party, China inevitably is becoming a massive extension of the Soviet power-bloc.

PRICE SUPPORT:

Smoke, Smoke, Smoke

Arrangements for new price support programs for tobacco were announced by the federal department of agriculture.

THE government will make loans on flue-cured tobacco at 90 per cent of the parity price—as it was June 15. Loans on burley and other types of tobacco would be at the September 15 parity price, except fire-cured tobacco, which would be 75 per cent of the burley rate, and dark air-cured tobacco 68⅔ per cent of the burley rate.

(Parity is a price based on the relationship between prices of the things the farmers have to buy and prices of the products they sell. The government uses a basing period during which this relationship of prices gave the farmer what it considers a "fair profit").

THE RATES a pound at which the support prices will be paid was to be announced in July for flue-cured tobacco and for other types in October.

The full loans will be made only to tobacco growers who do not grow more tobacco than they are permitted under marketing quotas. These quotas have been set up for flue-cured, burley, fire-cured and dark, air-cured tobaccos. There are no quotas on other types.

Didn't Like It

Lewis L. Strauss (left) member of the atomic energy commission, confers with Chairman David E. Lilienthal after Strauss had told a congressional committee he had not approved shipment of isotopes to "friendly" nations abroad. He was called to the chair over protests of Lilienthal who said, "It is unusual to start with dissenting views."

BUDGET TRIM:

Asked of Truman

Congress apparently wasn't fooling about its demands for more economy in government. Nineteen senators, representing both major parties joined in sponsoring a resolution directing President Truman to cut federal spending by amounts from two million to four million dollars. The reductions would be made in funds provided for the new fiscal year, which begins officially on July first of each year.

SCHOOL AID BILL OPPOSED

Eisenhower Warns of too Much Government

Dwight D. Eisenhower, speaking not as a military leader but as a college president, again saw fit to warn the nation against letting the federal government get too strong. It was the second time the supreme commander of Allied forces in World War II had issued that warning.

Declaring that he is opposed to legislation which would make federal money available to help public schools in all states, he said such a practice would stimulate a competition among states and localities for greater shares of government money.

He conceded some areas have such meager tax resources that they need air, and that he would favor aid to such areas; but without abuse or direct interference.

GARBLE GIRLS DISCUSS WORLD AFFAIRS . . .

So It Was Mickey Rooney Lost That Uranium!

. . . AND FIND IT'S ALL VERY CONFUSING

By H. I. PHILLIPS

THE GARBLE GIRLS . . .

"Do you think they'll pin anything on Mickey Rooney for losing that bottle of uranium in that fight with Scott Lucas over American aid to the Taft-Hartley act?"

"It's an even bet. Mickey had no business giving that jug to Mrs. Whittaker in the first place, even for the honorary degree. By the way, what do you think of Margareto' Vickers marrying the Ago Lilienthal?"

"You mean the Aly Acheson, don't you?"

"Oh yeah. I read so many papers so fast. I can understand it in the Aly's case because he is a Moslem but she is supposed to be a strict vegetarian and there is no evidence that when she got on that bus with the top secret documents he got on at the same time anyhow."

—•—

"I don't see why Martha Brien got so excited about it."

"She didn't think either of 'em should have fled the country as stowaways."

—•—

"Did you read where Judy Hickenlooper admits having kept all those Columbia library books?"

"Yeah, but they'll never convict Hickenhiss of anything, even in an extra session. It was a mistake to give either of them free scholarships."

"I get awful depressed the way things are going. Truman is too late to save Hong Kong. I'm afraid, even with Stan Musial and Johnny Mize offering to do it with 230 planes. Bob Porterfield and Harry Brecheen ain't doing so well with that Atlantic pact, either."

"What's the Atlantic pact?"

"It's the one to keep anybody on our side jumping to the Mexican league without a passport and loyalty test."

—•—

"Do you think the country's facing a big slump?"

"You never can tell so early in the season. The standing on Fourth of July is what counts. I think congress should vote for economy like ex-president Olympia recommended in the Capot report to General Symington."

"How are things going over there with the Big Six in Paris?"

"Ernie Durocher is causing trouble and they're still cross-examining Lee Shubert, but I think everybody will get pensions at the age of 45 before they get through, unless Vishinsky gets back into the lineup."

"What's the matter with him?"

"He's got a spur in his left heel."

—•—

"What're you doin' for fun these days?"

"Oh. I go to the races and baseball and the movies. I loved Spencer Tracy in The Peter Pan Handicap. And that pennant race between the Dodgers and Potsdam was a thriller. I thought for a time that Old Rockport would win."

—•—

Mary Margaret at Stadium

The Yankee stadium was hired the other day for an anniversary party thrown for Mary Margaret McBride, famous radio star. More than 42,000 people attended. That's more than half the rival Yankee baseball clubs draw.

—•—

It was a sensational affair and Miss McBride scored standing up. It wasn't necessary for her to slide, although it would have pleased the fans no end.

—•—

And if she had had to slide she could have done it. Mary (Happy) McBride has the baseball spirit. She can hit and field. No position is beyond her. If you take note of the countless commercials the lady has delivered for dinner-table edibles you have to admit nobody has been more versatile "behind the plate" over so long a period.

—•—

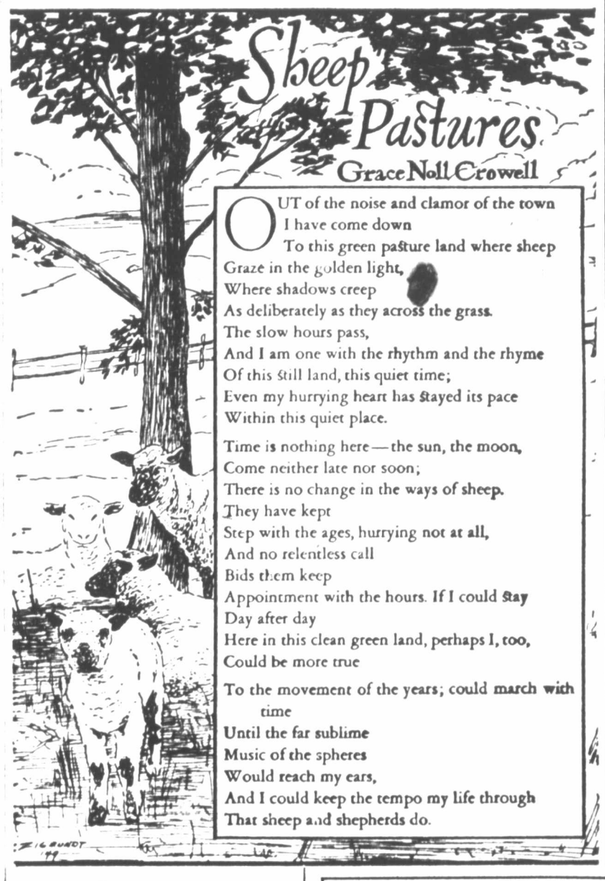

Mary is in her way a pitcher, too. She has never had to be yanked off the mound in her career with the NBC club. Her greatest asset is her control. There is almost no wind up in her delivery. Smoothness marks her style.

—•—

Mary has a "chuckle ball," also, that is the talk of the league and her "nonchalant curve" is a wonder. She can fan 'em all with either.

—•—

The lady is a good all-around player, too. Shortstop taxes her, but every other position is duck-soup—and she will name the brand of duck soup and tell you where to get it.

Star Dust

STAGE—SCREEN—RADIO

By INEZ GERHARD

DAN DURYEA (real name) has made his reputation on stage and screen as a heel. He has slapped Joan Bennett, Lizabeth Scott and Yvonne De Carlo. In "Manhandled," his latest film for Paramount, he twice delivers a short right to Dorothy Lamour's chin. As an acter no one can be slicker or slimier. In real life he's one of the nicest guys you could ask to meet, devoted to his wife and two young sons, active in PTA and with the Boy and Cub scouts. He played a cur on the stage in "Missouri Legend," which set him for a similar role in "The Little Foxes" on stage and screen. In some 25 pictures he has given such excellent performances that someone's description, "a heel with sex appeal," will probably type him forever.

DAN DURYEA

If Alexander Knox doesn't like his role in "The Judge Steps Out" it will be his own fault; he collaborated on the screen play. A reporter for 12 years before taking to the stage, he starts his 10th year in films with this one.

Ben Johnson, star of "Mighty Joe Young," was the favorite stunt man of Gary Cooper, Errol Flynn, Johnny Weismuller and most of Hollywood's other male stars before John Ford and Merian Cooper discovered him in "Fort Apache." He was doing stunts for the picture on location at Monument Valley, Utah — now he's starring in their new picture.

In one of the biggest deals in radio history ABC has arranged with Ted Collins for a new series of shows, "Kate Smith's Music Room." Kate and Collins will play records, discuss songs and composers and present nationally known guest stars. Said to be a $5,000,000 deal. The show will run from 9 to 11 p. m. beginning July 4, but will not affect Kate's two NBC shows.

The Fiction Corner

MISTER GILL

By Richard H. Wilkinson

3-Minute Fiction

AT FIRST Mr. Otis Gill had seemed to take a liking to young Arthur Forbes. But he changed his opinion when the Champion began to buck the choppy seas of the open Atlantic. She was not a large liner, and the waves were running high. Arthur Forbes turned away suddenly and, clutching the deck rail for support shaped an unsteady course for the companionway.

Mr. Gill burst into guffaws of laughter.

"Seasick!" he said, addressing a young couple nearby and nodding toward the companionway. "Should have stayed home and tended to his knitting."

The young couple smiled politely but with a lack of enthusiasm. Neither of them felt equal to the task of getting up and following on young Arthur Forbes' heels.

The dining salon was located beneath the forward deck; Mr. Gill's table was at the extreme end, near that section where the vessel's bow began to narrow. He had hardly seated himself when he saw that young Arthur Forbes was placed two tables away and slightly behind. There was a plate of food on the table before the youth, but it was untouched. Like one in a trance Mr. Forbes was sitting with eyes widened greatly beyond their normal size, cheeks as pale as death.

After a time Mr. Gill saw that the youth at the other table was staring toward a port-hole, and his grin broadened. The port-hole was located far forward, and with each dip of the vessel one could see the entire slope of a wave, from trough to crest. Then for a space there would be nothing but open sky. It provided a sensation similar to riding on a roller coaster.

Mr. Gill knew that as long as young Forbes continued to stare through the port-hole his seasickness would steadily grow worse. And he chuckled at the thought.

After a while Mr. Gill found it was easier to stare straight ahead than to sit half-turned in his chair in order to watch young Forbes, who, after all, wasn't the most pleasing sight in the world. And in staring straight ahead Mr. Gill found that he was looking directly through the porthole at the swishing seas.

HE WATCHED idly for a few moments and then looked away, conscious of a feeling in his stomach not wholly normal. The sensation passed and he looked again at the port-hole, feeling more comfortable in this position. Instantly the same strange sensation attacked him again.

Mr. Gill was sober now; his face pale; his eyes glassy. Realization of what was happening to him came like a shock. He was seasick! Helplessly, miserably ill. Never in his life could Mr. Gill remember feeling so utterly at the mercy of anything.

Miraculously Mr. Gill reached the doorway and disappeared up the stairs. Instantly the dining salon was a bedlam of laughter. Up toward the bow young Arthur Forbes was wiping some white substance from his cheeks and grinning broadly. Several men came over and spoke.

"I'll change your order, sir. Bring you some hot food."

Mr. Forbes smiled. "Thanks. And say, steward, that was a smart idea of yours—asking me to play the role of the helplessly seasick passenger and placing Gill at that table directly opposite the port-hole."

The steward nodded, eyes atwinkle. "We have a man like Mr. Gill on board every voyage, sir. And we have that table placed there for just his type. No one else is asked to sit so far forward."

Mr. Forbes chuckled. "Think of everything for the comfort of your passengers, eh? Well, if you didn't I'm afraid this voyage would have proved almost intolerable—with Gill talking the way he was."

Answer to Puzzle No. 6

MIRROR Of Your MIND ■ ■ ■ Should Weigh Dad's Dislike

By Lawrence Gould

Should you marry a girl whose father dislikes you?

Answer: This might largely depend on how the girl feels about her father, since your greatest danger in this situation is that her remorse at having married someone whom he disliked might in time have the effect of "turning her against you." But most fathers do not relish the idea of giving up their daughters and may take out their resentment on any man one of them wants to marry. If this is the situation, you can only go ahead on the assumption that "Dad" will eventually realize his daughter is a woman and entitled to her own life.

Are normal children interested in sex?

Answer: Of course, just as they are interested in all that goes on around them, especially if their parents make a mystery or secret of it. If you are worried over your child's concern with this subject, read a new book, "The Normal Sex Interests of Children," by Mrs. Frances B. Strain. This book gives in simple language a true, scientifically-accurate picture of the natural development of a child's sexual interests and feelings, with sound advice as to how to handle real or supposed misconduct. It's a book I've wanted to see for years.

Does anyone want to be neurotic?

Answer. Yes. At bottom there can be no other reason for developing a neurosis. But because the person does not know what he is doing and cannot help doing it, to blame him is as unfair as it is useless. A neurotic symptom—a phobia, for example—represents the only way of getting satisfaction or avoiding danger the person can recognize with his emotions, whatever his "common sense" may tell him. And he'll cling to it like the proverbial drowning man until he is helped to realize that the same goal can be attained by less painful methods.

KEEPING HEALTHY

House Dust Often Causes Allergy

By Dr. James W. Barton

WE ARE familiar with allergy in which the tissues of some individuals (15 to 20 per cent of the population) react differently than most of us to certain substances that float in the air, are eaten in food, or injected under the skin. We see it in forms of hay fever, asthma, head colds, stomach upsets, hives and other skin eruptions.

Allergists, specialists in allergy, tell us that there are many substances causing allergy that are still unknown or not suspected. One of the commonest causes is ordinary house dust, to which one or more of the family are allergic but blame their symptoms on pollen or similar substances.

Some years ago a magazine mentioned a case of allergy in which the father of the household, afflicted with asthma, traveled ahead of his family to locate a district where he would be free of asthma. Finding such a place, he would send for the family. Shortly after the family arrived, his asthma again would afflict him. It was only after several such movings that it was learned that it was the fur of the beloved family cat that was causing the asthmatic attacks.

While allergists have found some cases of allergy to be caused by street dust, it is more often substances in the air of the home that are to blame. Some of these substances are the children's toys stuffed with wool or cotton lint, insect sprays, heavy curtains, mattress fillings or feathers or cotton, certain cosmetic articles, the odors of perfumes, and powders, hair dyes, eyebrow and lip pencils.

The thought, then, is that where the cause of the allergic symptoms is unknown, and the usual test for foods and pollen have been made, the dust in the home—particularly in the bedrooms (mattresses) and in setting rooms (stuffed chairs and sofas)—should be carefully tested by an allergist. The cause of allergic symptoms can be found in the majority of cases if diligent search is made.

HEALTH NOTES

While all foods are nourishing, the foods that should be eaten daily in the usual servings (the protective foods) are meat, eggs or fish, milk and dairy products and green vegetables.

• • •

If all of us were to visit our physician and dentist regularly, many of us would not be afflicted with chronic illness in old age, as is so often the case.

Harvard research workers found that eating more sugar in training and during the Boston marathon race enabled the runners to finish farther up in the race and in better condition when they finished, than during the race the previous year when these same runners did not take sugar.

• • •

Cancer is the subject of the greatest research work in history.

WOMAN'S WORLD

Home Decorations Should Reflect Taste

TO HAVE A HOME in the truest sense of the word means that the home should reflect those who live in it.

When you walk into a home, you should be able to get a certain feeling and insight about the family who lives there, even before you know them very well.

Properly furnished and decorated, a home will reflect your interests and hobbies. It will give some insight into the personalities of the people living in it.

Sometimes these qualities are all too transparent for a home can give the impression of carelessness, lack of interest and hobbies. The first thing to do, if that's the case, is to change it by making the home the interest and hobby.

Make Living Room Place to Live

Today's homes are quite a bit smaller than those of the past decade, and for this reason, every room must be used to the fullest advantage.

Gone is the "parlor" which was opened for company only. You may be fortunate enough to have a den, study or library which is much used, but for most families the living room is the center of most social and family activity.

If you don't use the living room enough and find yourself crowded in one of the other rooms, then do some simple remodeling or reshuffling of furniture to make the room.

For example, if yours is a social family, and you like to entertain, plan plenty of comfortable seating

Decorate rooms to fit . . . .

space in the living room. Group chairs and sofas into "conversational groups" which make sitting and chatting a pleasure.

If everyone in the family reads a lot, good chairs are essential. Good lighting is a problem here too, and each comfortable chair to be used for reading needs a light that will make this interest easy.

Plan Music Corner If That's Your Interest

Does the family enjoy music? If this centers around the piano, this instrument will be the main interest in the living room. Try to arrange chairs and sofas so that you can enjoy sitting around listening comfortably.

Many families enjoy records, and if so, one of the best corners of the room should be devoted to this interest. The radio, phonograph or combination unit, should be the center of interest with chairs arranged comfortably around it.

Have plenty of storage space, in cabinets, for the records or albums or both. You may also want to have

Your living plans.

books and magazines on the subject in an easily accessible spot for this activity.

How to Restyle Rooms In Good Taste

Take a critical look at your furnishings and see whether they meet with your approval. Do you have any pieces of furniture which are not used? Eliminate them and substitute with something that would be of more use, either practically or decoratively or, preferably, both.

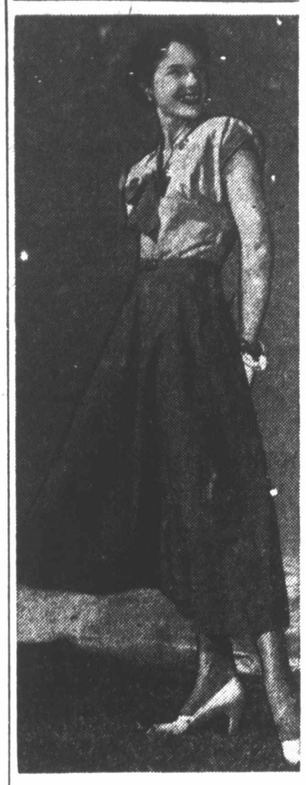

Sometimes it's wise to buy a whole matched set of furniture such as a suite of upholstered furniture. However, if this does not include enough of the pieces you'll need, or, on the other hand, contains too many pieces for the space or use you have, then try selecting sectional or separate pieces that will be most valuable.

One family may need only two comfortable easy chairs, while another needs three or four or even more. These may be bought separately, to harmonize pleasantly, or covered to match other pieces.

You no longer need to have all one kind of wood in your living room. Dark and light woods are used together, in good taste, in the same room because they compliment each other.

Perhaps you've found a desk in one of the light modern woods. There's no reason why you can't use it in a room with some dark mahogany or walnut finishes.

Chambray Fashion

Two-toned chambray styles this feminine warm weather dress by Terry Rodgers. Unique appliqued cut-outs and a modified "pussy-cat" bow in contrasting chambray highlight the plunging neckline of this fashion-right casual. A skirt with fullness flaring out from the hips, gives that extra freedom which adapts itself for all-around wear.

Be Smart!

Dotted Swiss is a revival of one of the soft fabrics of a generation ago, but no longer is it confined to the typical styling of the past. It is particularly popular for the pretty draped effects of the current season. Another new and equally interesting interpretation is the dotted swiss for jumper dresses, so stunning in dark grounds combined with white or worn without a blouse when weather or occasion dictates.

KATHLEEN NORRIS

Recall Forebears on the Fourth

CAN YOU TAKE your thoughts back, in this week of July Fourth, to a New England farm 100 years ago?

It is one of those picturesque farms that you and I see on our happy vacation trips; we stop with a queer inexplicable twist in our hearts as we look at the steep high roof, the elms sending leaf-shadows across the high small-paned windows, the well-sweep, the mellowed lines of barns and sheds stretching away toward orchard and pasture, the summer graciousness of one of the thousands of homesteads that were the American scene in the dramatic days of America's beginnings.

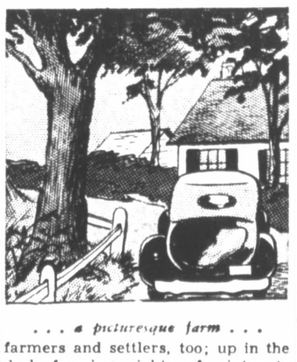

If we go in there are more exclamations of sheer admiration and delight. Oh—a spinning wheel and a loom! Oh—hand-hammered fire-irons painted like the redcoats of King George, so that any casual spitting upon them might be pleasurable as well as necessary! Oh, Revere teapots and Chippendale chairs, blue home-made and gay patch-work quilts, four-posters with faded calico valances, warming pans and melodeons, highboys and dressers in applewood or weathered maple!

The floors are soft, almost yielding beneath our feet; the doorways low and irregular, and between the old part of the house—circa 1800 and the new, added 40 years later, indoor irregularities are masked by cupboards, by steps up and down, by a narrow stair here and an angled passage there.

Draught of Patriotism

Who doesn't know New England, or that part of the Old South that matches it in Revolutionary age, doesn't know America. And it isn't too late to pack some bags, climb into the car and cruise off in that direction now. As a great draught of patriotism and enthusiasm and wonder, it is a lesson we all need.

Wonder—yes, that's what we women feel as we visualize the life women led on these beautiful old farms. Men led the hard life of

. . . a picturesque farm . . .

farmers and settlers, too; up in the dark freezing nights of winter to look to lambs and calves, sweltering in the hot rocky pastures through the summer noons.

But the women! Ah, you foremothers of our present easy day, how did you do it, what made it worth your while!

The cemeteries tell a part of the story of these first American women. Stop to read the stones, when you pass an old graveyard. There you will find the Aarons, the Silases, the Johns and Joshuas and Williams, reaching decent ages; 68, 76, 90.

Women's Names, Too

And there you'll find, too, the women's names. Sarah, first wife of the above, aged 26. Mary Jane, 3rd wife of the above, 18. Eliza and Matilda and Abigail aged 23, 31, 19. It cost our women something, did America.

Imagine their waking in a stone-cold great house, with the snow packed outside, the November sky lowering and dark, the seventh child a fretful feverish teething burden at 11 months, the eighth child already on the way. Imagine the dark descent to the stone-cold, chatter-toothed struggle in the kitchen; ashes cold in the cold stove, snow on the low window sills, water frozen in the pail.

The floors we find so satin-smooth today were subject to all the spills and stains our battleship linoleum knows, and they and the childrens' clothes and the heaped heavy dishes knew no other cleaning agent than homemade bars of yellow soap.

They gathered bedraggled baby clothes and rumpled bed linen and school children's stockings just as you and I do, but they didn't have flying foaming washers and swift fragrant dryers. No, they soaped and scrubbed on tin-faced washboards, dried on kitchen lines, ironed with heavy iron pressers that cooled every few minutes and had to go back on the hungry great range that devoured firewood as a hippopotamus gulps down food.

They fought on, when the spring rains kept all the children, all the measles and mumps and whoops shut indoors, when boots brought in their own weight in mud, when milk soured on the way from the springhouse to the table, and when the terrible "second-summer" meant that the current baby was always a source of burning anxiety.

And they kept good, kept busy, kept rejoicing in the Lord. They preserved the niceties—washed small hands and combed unruly heads; changed linen, dragged steaming kettles to the wash tub.

They fostered learning; there was a switch ready if the schoolmarm—she boarded about among the different families—reported impudence or idleness.

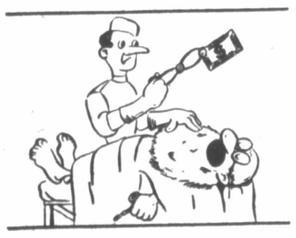

THE READER'S COURTROOM

Zealous Doc Caught on Tonsil

By Will Bernard, LL.B.

Do Tonsils Have a Dollar Value?

A businessman went to a surgeon for a nose operation. While he was under anesthesia, the doctor decided that the man's tonsils were in bad shape—and removed them. Later the man sued the surgeon for removing the tonsils without permission. The doctor argued that, even though he may have been hasty, no harm had been done because tonsils weren't worth anything anyhow! However, the court sustained a jury verdict of $2,000. The jury said: "The law presumes that every organ in the human body has some function to perform—even though medical science has not ascertained it."

• • •

Must a Trolley Conductor Help a Fat Woman Down from the Car?

The conductor of a trolley was busy collecting tickets, when the car stopped at a corner. One of the passengers who wanted to get off was a 207-pound woman. Rather than wait for the conductor to come and help her, she started to disembark. But she tripped on the edge of the step and tumbled down. Injured, she later sued the trolley company for damages. She argued helped. The court ruled otherwise.

May a Careless Driver Collect Damages if Hurt in an Accident?

Speeding along a country road, a motorist swung out to pass the car ahead—driven by a woman. Despite his honking, the woman did not slow down at all. In a sudden rage, the man cut in sharply—and a little too soon. The two cars tangled and both of them skidded into a ditch. Despite the woman's carelessness, the court granted her claim.

Are You a "Trespasser"—If You Enter Someone's Property by Mistake?

Motoring at night on a dark country road, a man took a wrong turn and drove out onto a dock. Thinking it was a bridge, he kept going—until he plunged off the end, right into the water. Luckily, he managed to break a car window and swim to safety. He later brought a damage suit against the dock

owner, blaming him for not putting up some kind of warning signal. However, the court rejected the motorist's claim, on the ground that he had "trespassed" on the dock. The judge said that, although the man had driven onto the dock by mistake, he was still technically a trespasser—and thus had no kick coming.

Bluebird House Easy to Build

YOU CAN solve your bird-housing problem very easily by building the Bluebird House No. 110, illustrated above. It is as attractive as it is practical and you should have no difficulty in finding tenants. The full size patterns offered below take all the mystery out of building. User merely traces the pattern on the scraps of wood the pattern specifies, saws and assembles exactly as and where the pattern indicates.

• • •

Full size patterns for painting decorations permit finishing houses with a professional touch. Send 20c for the Bluebird House Pattern No. 110 to Easi-Bild Pattern Company, Dept. W, Pleasantville, N. Y.

Recall Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. *Ask your neighbor!*

DOAN'S PILLS

One Can Think Bulges Away

Physiologist Cites Mental Procedure

NEW YORK.—Almost any matron with a bridge-table spread and an aching back can restore herself to competitive shape again, if she'll go lie down and think the bulges and pains away, Dr. Alda Kelly claims.

Dr. Kelly, a cheerful, slender woman, herself, has come up with a real morale booster for girls who want to reach for a sweet and still be able to touch their toes. She's worked out a reconditioning method through which she says you can get your girlish figure and fancies back merely by thinking you are exercising to beat the band.

That's right. You don't have to move a single muscle—except, of course, the one between your ears.

Dr. Kelly, a physiologist, calls herself a "neurosomatic reconditioner." That's scientific girl talk for a person who teaches people how to get the most out of life with the least possible amount of energy—and that includes banishing bulges, too. She said her system worked on 100 housewives in Cleveland, so there isn't any reason why it shouldn't work on a lot of others just as well.

Essentially, her plan involves the idea of sending the right kind of genteel, relaxed impulse from the brain to the nervous system. The nerves carry the good word to the muscles, which obediently become strong and supple without flexing or reflexing.

"Just pretending has the same effect as real motion, and it saves a lot of energy," Dr. Kelly has found. "A man can build up some muscles merely by thinking he's lifting weights. It's slow, but it works."

But Dr. Kelly specializes in problem girls. When a cranky, aching, overworked housewife goes to see the neurosomatic conditioner at the Shailer Emery Lawton foundation, she is put through a series of 24 treatments and gets home-work assignments of 10 minutes a day.

Mrs. Harassed Heckled Housewife starts out by lying down and thinking she's a rag doll with the stuffings leaking out.

G. A. MEETING

The Ruby Hines Intermediate G. A. met at 5 at the Loraine Baptist Church. Several songs were sung and the members revealed their secret pals.

Present were Jackie Richey, Margaret Phillips, Dorthea McGee, Gloria Wheeler, Jan Snyder, and the counselor, Mrs. Raymond McGee. Every girl between the ages of 11 and 16 is urged to attend.

G. As. BACK FROM CAMP

The girls of the G. As. returned last Friday after spending three days inthe G. A. Camp at Big Spring.

As the young ladies entered the camp they registered. At least 500 girls were enrolled.

The camp had as its theme "Acknowledge My Stewardship" and the song was "Give of Your Best to the Master".

The Rev. E. K. Shepherd of Snyder was the camp pastor and the missionary was Dr. H. Glen Walker from Africa.

There were teachers for everything. The girls were divided into groups according to age. The camp book, "The Steward Family," was taught to each group.

Mrs. Wayland Boyd taugnt the 12 year old group, taking the place of Mrs. Robert Donnell.

Each girl took $3 and this paid in full for the food and other necessities.

The thing that the girls enjoyed most was the handicraft and swimming. As for the handicraft, there were women to teach the art of making things of leather, cloth, and various other things.

Each day the girls had a session called "Foward Steps". In this, they quoted scriptures or something they had learned that day. On Thursday evening, the girls were recognized for their foward steps during the camp. Those from Loraine who were recognized as "Maidens" were: Margret Horton, Barbara Combs, Salley Boyd, and Esperita Prescott. Barbara Small was crowned the "Queen".

Several relatives and friends attended the coronation ceremony. They were: Rev. Wayland Boyd, Mrs. Horton, Betty Jane Horton, Shirley Taylor, Mrs. Price Hall, and Mr. Ed Small.

The girls who attended the camp were: Barbara Combs, Barbara Small, Margaret Horton, Esperita Prescott, Salley Boyd, Priscilla Givens, Nellene Parnell, Linda Linder, Geraldine Cheek, Ruby Joyce Boyd, and the councilors, Mrs. Wayland Boyd, and Mrs. Ed Small.

Boys Leave For R. A. Camp

The R. A.. Camp at Big Spring began at 4 o'clock on Tuesday. Around 500 boys from the District 8 were expected to be enrolled in the camp. From 12 to 14 boys from Loraine Baptist Church attended. The sponsors to accompany them were Rev. Wayland Boyd, the pastor, Hank Brown, and Delmar Haralson. The boys will return Friday afternoon.

Those who attended follow:

Garrett Boyd, Billy Ray, Roy Brown, John Miles, Keith Laster, Elmer Miles, Hal Haralson Dale Haralson, Roy Johnson, Jim Edd Taylor, Jimmy Hall, and Freddie Bowlin.

Mary Helen and Laveda Noel spent the week end and attended the wedding of their brother, Boyd J. Noel, to Miss Willa Fae Penn of Happy, Texas, in Plainview.

Myrl Carpenter spent the week end in Andrews with Mr. and Mrs. Troy Moore and Larry.

Mr. and Mrs. Paul Barron spent the week end with Mr. and Mrs. Frank Miles in Munday.

Doctors Make New Discovery for **"ATHLETE'S FOOT"**

2-Way Treatment Amazingly Successful—Heals by Removing Cause of Infection

Are you a victim of Athlete's Foot? Have you tried almost everything without relief until you have become thoroughly discouraged? Then don't be. Here's good news!

A tropic-tested formula developed by wartime investigators . . . ATH-O-DEX . . . the modern 2-way treatment for Athlete's Foot, is scoring an amazing record of success. Acts in a new and entirely different way. Heals by removing the cause of the infection. Acts quickly and effectively without irritating skin or harming tissue.

Why go on suffering the tormenting itching, the cracked, raw burning skin between toes and on soles of feet when you can start using the sensational 2-way ATH-O-DEX treatment today without one penny of risk?

You will be convinced by its gentle one 24 hour 'round the clock action. Ointment for night use, Powder for day use ..and to guard against re-infection. ATH-O-DEX must bring you relief no matter how stubborn your case. You must be delighted or money back.

TERMITE TROUBLES

College Station, June 23—Your plants may have termite trouble and you not know it. A plant may be killed by them without showing outward sign of injury. Yet, the inside of the plant may be hollowed out by these wood pests.

Termites often kill trees or shrubs by starting underground in the dead roots of the plant, and working upward, says Sadie Hatfield, extension landscape gardening specialist of Texas A. & M. College or they may enter the plant at ground level, boring into dead or diseased wood that attracts them. When you know your plant has been infested with termites, the best idea is to dig it up and burn it.

If the plant dies without showing any signs of disease, take a look at it and see what the symptoms are. Cut the stems and roots in esveral places and examine the centers. If they are hollowed out, there's a good chance termites did it, says Miss Hatfield.

And they may attack other garden plants unless you destroy them. All dead wood and other decayed matter should be removed. Treat, the soil with DDT using 10 pounds of 100 percent DDT or 10 per cent DDT for every thousand square feet Distribute evenly, work it into the soil, and soak the ground thoroughtly with water.

The white termites don't come out into the light. The dark ones are the only ones that come to the surface. Grass lawns are often tunneled by termites, and this year hey have been especially active.

This DDT treatment will rid your lawn of termites, but won't bother the grass, Miss Hatfield says. It isn't necessary to spade the lawn, she reminds, because the water will carry the DDT into thesoil.

This is the reason for soaking the soil to a depth of 8 or 10 inches.

Willing Workers Meet

The Willing Worker Sunday School Class met with Mrs. Malcom Bruce Thursday afternoon, June 23.

The president, Mrs. Jim Templeton, presided at the business meeting, which was opened with class singing "He Leadeth Me". This song was followed by a praver bv Mrs. Plez Beaty.

Mrs. Bruce Johnson gave the 5th chapter of the new book study.

Refreshments of home made ice cream and cake were served to twelve members.

Jerry Lyn Woods is spending this week with the Jack Payne family in Garden City.

Mr. and Mrs. Claude Spikes accompanied Jimmy Spikes to his home in Grandfalls Saturday.

Miss Lillie Nelson and Mrs. Ida Dickenson returned Tuesday after spending a week in Cooke County on a business trip.

NORTH LORAINE CLUB

Work simplification on ironing shirts was the demonstration given at the North Loraine Home Demonstration Club in the home of Mrs. Loyd Brame this week.

Mrs. Sharon Adams displayed the ironing equipment most convenient for this weekly task. A sit-down ironing board that is adjustable to any height, either sitting or standing, was used. She also showed the advantage of having an extra 3-4 inch ply board of pint or fir that was 20 inches wide and 4 feet long to fit over the regular board and to be used when ironing large pieces. A canvas covered folding clothes hamper of convenient height was used to hold the well sprinkled clothes that had been folded and wrapped in a plastic sheet, a convenient hanger for holding the coat racks with finished garments on them was placed at hand.

Mrs. Jack Linam presided at the business meeting.

Eleven members were present The next meeting will be in the home of Mrs. Ralph Lankford July 6, at 3 p. m.

Mr. and Mrs. M. B. Templeton and Kay of Sweetwater spent Sunday afternoon in the J. M. Templeton home. Virginia returned with them and is spending this week with Kay.

Producers of eggs, chickens and turkeys must keep in the consumer demand for their production if market outlets are going to continue to increase their volume of business.

New Product Meets Million-Mile Test

Engineers completed over a million miles of road tests before the new Humble Esso Extra Motor Oil was offered to motorists. The tests, scientists explained, duplicated every driving condition, and all makes of cars were used.

The testers reported that in every instance, the new Humble motor oil gave extra protection to automobile engines. Humble station salesmen are urging customers to drain dirty, diluted oil and refill with Esso Extra Motor Oil for extra protection. Adv.

JUN 30 49

Choice Appetite

The plane on which an actor was flying across darkest Africa crashed in a very heavy jungle. He was the only one of the passengers or crew able to walk so he started out for help. He had gone a few miles when he was set upon by a band of half-naked black men. They quickly subdued him, tied him up and carted him off to their village. He was brought before the chief who shot a string of questions at him.

"So you're an actor," the chief said. "That's fine. Sit down next to me. I want to tell you a few stories."

The stories that the chief told were risque but they had the actor holding his sides with laughter.

When the chief finished his joke-telling one of his subordinates came over and whispered in his ear.

"You know we are going to eat this guy," he said. "Why are you making him so happy?"

"I have a yen for spiced ham," explained the chief.

SHE WAS CHILLED

"Hey, Dad, was it a very cold day when you married Mama?"

"Was it a very cold day when I married your mother? Why do you ask such a question?"

"Because every time she talks about it, she shivers."

No More Ham

Because it was a boom town the road company of "Ali Baba and the Forty (count them) Thieves" charged much higher admission prices than they would have ordinarily. And because the prices weren't posted the customers were forced to ask the cashier what they were.

"Four dollars and forty cents to see a bunch of hams!" snorted one customer to the manager of the show. "Well, Ali Baba, I've seen you, and if you're representative of the rest of the company, I don't want to see any more."

Sufficient Grounds

"I can't think of leaving the theater," wailed an actress who had had nothing but bit parts for many years, "I'm married to it."

"Well, why don't you sue it for non-support?" suggested her severest critic.

SOMEWHAT CROWDED

"How did you get the black eye?"

"From a cough."

"A black eye from a cough?"

"Yeah, I coughed in a clothes closet."

LET THERE BE LIGHT

A boss farmer saw a light in the shed. He investigated and found one of his helpers with a lantern.

"What do you mean by using up oil when it's so scarce?"

"Well," replied the helper, "I'm on my way to see my girl and I've got to go through the woods. I don't want to go through in the dark."

"When I went courting my wife I went in the dark," said the farmer.

"Yeah, but look what you got."

Mixed Up

A close contender for the title of the world's most absent-minded man often would call a taxi when his own car was waiting for him. When the cabbie asked him where he wanted to go he would frequently give his telephone number. Once when he left his apartment he left a note which read: "Will be back in fifteen minutes." When he got back to the apartment he saw the sign and sat down to wait for himself.

He finally realized who he was and opened the door and walked in. He kissed the cat good evening and then put out his wife. He got half a ham from the ice-box, carefully tucked it in bed, then climbed into the ice-box and went to sleep.

SPEAK NO EVIL

A bandit walked up to a jewelry store to rob it. About twenty feet away stood a goofy cop watching. Nevertheless, the bandit threw a brick through the window, took all the jewelry, put it in his pocket and approached the cop.

"Now tell this to your police captain," he said.

"Not me!" replied the goofy cop. "I'm no gossip."

NO TROUBLE AT ALL

A proprietor of a broken-down country hotel hired an entertainer for Saturday nights.

"Have you got talent?" he asked.

"Plenty," replied the performer.

"I want you to give a two-hour one-man show. Can you do it?"

"Yes. For the first half hour, I'll sing. For the next half hour I'll crack wise and tell jokes. Then I'll do magic for a half hour. After that I'll do acrobatics for half an hour. Then you know what I'm going to do?"

"No, what?"

"Collapse!"

Matter of Time

Back in the days when acting was done with much gesticulation and thrown-back heads a road company put on a play in a small town. The play itself was extremely inadequate and the ham in the players was sizzling that night. The audience tolerated it for a while then shouted and whistled at the actors' feeble attempts to entertain them.

After the play had run the usual gamut of trials and tribulations and love emerged triumphant, the leading man clasped the heroine in his arms and emoted huskily, "At last, my darling," he said, "we are alone."

"No ye ain't, bub," shouted a voice from the gallery, "but tomorrow ye will be."

Last But Not Least

A college boy, after a good many years in the business world, retired with a comfortable fortune of $60,000. He amassed this large sum through courage, enterprise, initiative, faithfulness, the careful investment of his savings, and the death of an uncle who left him $59,999.50.

Practical

Donald and Mary MacTavish decided to adopt a child, and asked at the orphanage for a little girl. One was produced and Mary was about to close the bargain when Donald tapped her shoulder.

"Mary," he whispered, "let's take a wee lad. Hae ye forgotten the lad's cap we found on the train?"

MESSY CUSHION

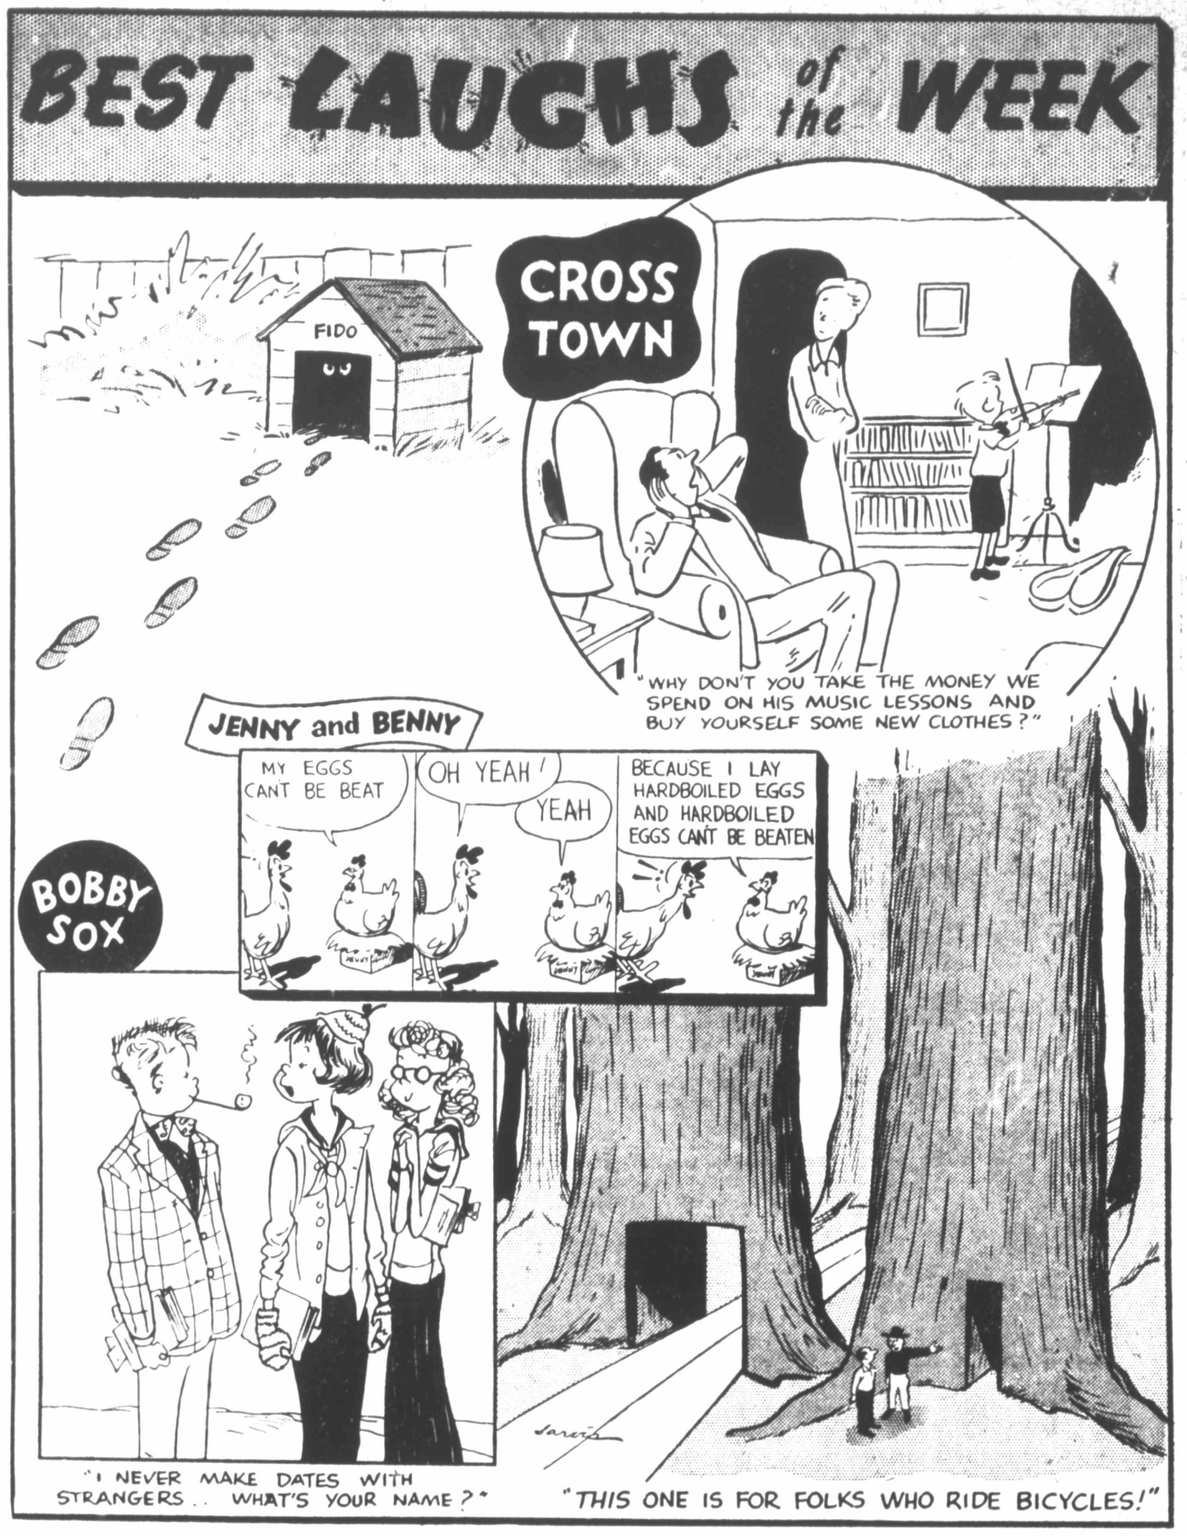

A fellow entered a cafeteria. He got some custard pie and went over to a table. He was about to sit down when he realized he had forgotten to get coffee. So he put the pie down and went for the coffee. When he returned to his table a man was sitting there.

"That's my seat," he said. You've got my chair."

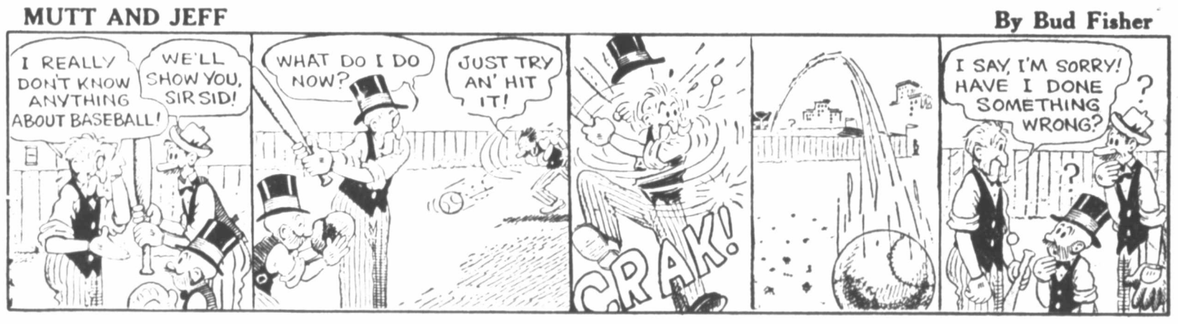

"What do you mean, your chair?" said the man. "How do you know it's your chair?"

"Because you're sitting on my custard pie."

HEALTH PROGRESS

Newest Drug Fights Fever

LOUISVILLE, KY.—The army believes chloromycetin will make the country much safer against typhoid in wartime.

This was indicated by Col. William Spencer Stone, Washington, chief of army medical research, who came here to discuss communicable-disease control in a lecture sponsored by Alpha Omega Alpha, medical fraternity of the University of Louisville school of medicine. Colonel Stone was graduated at the U. of L. medical school in 1929.

Colonel Stone pointed out that enteric diseases—those transmitted by food or water—are being given special attention by army researchers. The diseases have low incidence now, he said, but if safeguards such as water and milk controls were lifted, the number of cases would skyrocket because the population has developed little immunity.

In a similar situation, a breakdown of water sanitation caused 5,000 cases of typhoid in Berlin after World War II.

Drug Fights Typhoid

Chloromycetin would play a big role in case of a similar threat to the health of the people in the U. S. Should water protection fail, the drug could hold the fort against typhoid until proper purification safeguards could be set up again.

Chloromycetin is rapidly being developed to the point where it can conquer these diseases in two days: Typhoid, typhus, Rocky Mountain spotted fever, undulant fever, and others.

It is an antibiotic which means it prevents reproduction of germs instead of killing them. It is the purified extract of a fungus found in a soil in Venezuela.

Scientists under Colonel Stone's medical research and development board discovered potentialities of using the drug against typhoid and some other diseases.

Ray Method Used

Experimenting in another direction, his researchers have developed an ultraviolet-ray method of disinfecting blood plasma to prevent jaundice being transmitted by it. Heretofore, Colonel Stone said, about 5 per cent receiving plasma ran the risk of getting jaundice, too. The army collaborated in this study with the University of Pennsylvania.

Colonel Stone said army scientists keep foremost in mind the status of diseases as related to the entire population so they can estimate what would happen in case of an "adverse situation."

As contrasted to /enteric diseases which are fairly well controlled now, respiratory diseases are as prevalent today as ever. There are better treatments, Colonel Stone said, but the city-rural populations mingle more and cause greater spread of infections. Respiratory diseases also occur at a relatively younger age now, he reported.

Pacific Coast May Expect Another Large Earthquake

WASHINGTON.—The U. S. Pacific coast is headed for another large earthquake or a series of small ones, Dr. Beno Gutenburg, director of seismology at California Institute of technology, says.

"When, where, or why" the earthquake action will occur cannot yet be determined, he said. But, he added, "we know something is going on" because subsurface strains are increasing from Oregon to the Gulf of Lower California off Mexico.

He made his statement in presenting a paper on earthquake action prepared by Dr. Hugo Benioff of Cal tech. His prediction was based on Benioff's charting of earth movement on the Pacific coast.

Gutenberg said Benioff's charting has shown that the distortion of the subsurface and resulting strain, which was released by the San Francisco earthquake of 1906, is building up again.

Recent Pacific Northwest quakes bear no relation to the Pacific coast movement he said. The Pacific coast movement is in a zone known as the San Andreas fault while the Pacific Northwest quakes are believed to be part of an Alaskan fault.

Seagulls Able to Identify Planes of Friendly Pilots

SYDNEY, AUSTRALIA. — Seagulls at the Rose Bay flying boat base can identify the four-engined Sandringham seaplane used on the Tasman sea flights to New Zealand from others using the base.

When a Tasman plane approaches Sydney, the gulls take off with glad cries, to meet it and escort it to base. Other flying boats they ignore.

There is almost no visible difference between the Sandringham and the Hythe flying boats which also use the base, but the gulls know every time. The birds are fond of the Tasman planes because maintenance men throw overboard scraps of food when servicing the plane at the base.

Tires

75,000 Miles Goal

CAMBRIDGE, MASS.—Motor car tires good for 75,000 miles may be expected on the market before long, Dr. Charles P. Fryling of the Phillips petroleum company has reported.

Addressing the Northeastern section of the American Chemical Society at the Massachusetts Institute of Technology, Dr. Phillips said that further improvement in a new synthetic known as "cold rubber" would make the long-lived tires possible. He asserted that a production capacity of 200,000 tons of cold rubber would be available by the end of this year, enabling synthetic rubber to compete on favorable terms with the natural product.

In addition to making possible better rubber, Dr. Fryling said, the new process has reduced the cost of the synthetic product, since faster reactions with reduced overhead costs were now possible, and that fewer raw materials need be used.

Old Boy Scout Trick Works to Bring Back Man Dead 15 Minutes

LOS ANGELES.— Reid C. Lewis, 46, round-faced, slightly bald aircraft inspector, jokes about his return from the dead as the result of a doctor's recalling an old Boy Scout first aid trick.

"I thought the doctor was kidding when he first told me I'd been dead and brought back to life," Lewis said in his hospital bed.

Lewis was brought back to life after he "died" on the operating table when undergoing minor surgery in the doctor's office.

The physician, who would not permit use of his name, said Lewis showed no signs of life for 15-minutes despite injections of a stimulant, coramine, directly into the heart and artificial respiration with pure oxygen pumped into the lungs.

"Then I recalled an old Boy Scout handbook first aid trick that said persons who had been drowned sometimes were brought back to life by breaking a bone," the doctor said.

"I snapped Lewis's 10th left rib with my hands. He came to life at once."

Lewis was not informed of his "death." He complained of a sore rib, his wife said, and wondered why the doctor did not perform the operation. The doctor had told her what happened but asked her not to tell Lewis until he could operate again.

"I just told him he must have bumped himself," Mrs. Sophia Lewis said. "That seemed to satisfy him."

South Declared in Need Of More Skilled Workers

NEW ORLEANS.—The South is in need of additional skilled labor for industrial expansion, delegates from 10 states were told at the first annual southern states apprenticeship conference here.

William F. Patterson, Washington, director of the U. S. labor department's bureau of apprenticeship, declared that if the industrial growth of the South continues, "There must be a great deal of punch put behind the apprenticeship program."

He said the skilled labor force of eight million in the United States was depleting itself by 5 per cent each year through the death of skilled laborers, retirement of others, and departure of some to other fields.

"The apprenticeship programs are feeding new men into the fields," Patterson added, "but there is not quite enough of them to retain the skilled labor force of the country."

He added that the unions are co-operating to build up the number of apprentices in each trade and the best job is being done by the building trades.

Dog And Donkey Killed In Weird Road Mishap

CARACAS.—In a triple crash recently in the municipality of Camunare, Urachiche district, Estado Yaracuy, a dog, a donkey, and an automobile got tangled up in such a fashion that the dog died beneath the hooves of the donkey, while the donkey died beneath the wheels of the car.

When the donkey passed the house where the dog lived, the dog ran out barking. The donkey took to its heels with the dog after it and arrived at a bend in the road at the entrance to the village just as a car approached round the bend. The donkey lashed out with its hind legs and struck the dog, killing it a second before the car, unable to pull up, struck the donkey with its front wheels, killing it.

The car was wrecked—its radiator smashed in, headlamps broken off, its mudguards snapped, and its bumper broken.

It was announced that a triple "judgment of Solomon" would be made, by which the owner of the donkey would compensate the owner of the dog, the owner of the car would compensate the owner of the donkey, while the owner of the donkey would in turn, compensate the owner of the car.

Plan Colorful Menus, Easily Prepared Food For Holiday Occasions

HOLIDAYS are often hard on mother because there is not only the whole family home for all meals, but also guests which may number several. Consequently, the lady of the house is so busy with food preparation and subsequent clean-up activities that she never has a holiday at all.

If you're planning to celebrate Independence Day at home, use some of these simple suggestions for meals. The colors and other suggestions are in keeping with the theme of the day, but the food is kept simple by day-before preparation, and by very easy last-minute undertaking.

Weather permitting, serve supper outdoors, and save getting formal about the service as is usually the custom in the dining room. You may use colorful paper plates and napkins, too, thus eliminating much of the dish washing that always comes after eating.

• • •

HERE'S an easily prepared menu which may be started the day before:

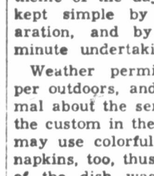

Tomato Onion Pie
Celery Curls
Carrot Sticks
Black Olives
Tutti Fruitti Salad
Ice Cream Cookies Lemonade

How to do: Prepare celery and carrots the day before and refrigerate. Place olives to chill. Prepare salad and place in freezing trays. Make cookies and make or buy the ice cream. An hour or so before dinner, prepare the tomato onion pie, and while it bakes, set the table on garden or porch.

Tomato Onion Pie
(Serves 4-6)

- 1½ cups crisp cracker crumbs
- ⅓ cup melted butter
- 2½ cups thinly sliced onion
- 2 tablespoons butter
- 1½ cups canned tomato sauce
- 3 eggs, slightly beaten
- ½ pound sharp American cheese
- 1 teaspoon salt
- ¼ teaspoon pepper

Mix crumbs and ½ cup butter. Press into nine-inch pie plate to form crust. Bake in a moderate oven (350°) for ten minutes. Fry onions in two tablespoons butter until lightly browned. Bring canned tomato sauce to a boil. Remove from heat and add cheese. Stir well. Add eggs slowly to tomato mixture. Add salt and pepper. Pour over onions which have been placed in the crumb crust and bake in slow (325°) oven about 45 minutes or until set.

Tutti Fruitti Salad
(Serves 6)

- ¾ cup shredded coconut
- 1 cup maraschino cherries, halved
- 2 oranges, sectioned and diced
- 1 cup crushed pineapple, drained
- 2 bananas, diced
- 1 cup whipping cream
- ⅓ cup mayonnaise

Toss together coconut and fruits. Chill and fold in cream which has been whipped. Fold in mayonnaise. Freeze until firm in refrigerator trays. Serve on lettuce cups.

Whatever your menu plans for the holiday, you'll want to have plenty of cookies to serve with fruit or ice cream for snacks and dessert. Make them appropriate by having star, shapes and rectangles with stripes, as pictured.

LYNN CHAMBERS' MENU
Chicken Baked in Milk
Baked Potatoes
Peas with Mushrooms
Hot Rolls
Grated Carrot-Pineapple Salad
Fudge Sundae *Star Cookies
*Recipe Given

IF you want to serve barbecued frankfurters for a garden supper, these may be used in the following simple menu:

Barbecued Frankfurters
Picnic Salad Corn on the Cob
Rolls Butter Mustard
Relish
Fresh Fruit or Berries
Cookies Beverage

Bake the frankfurters in an oven with the sauce, or place them in a skillet so they can be cooked with the sauce on an outside grill. The menu requires little other preparation except for the salad.

Barbecued Frankfurters
(Makes 6 rolls)

- 6 frankfurters
- 6 rolls
- 1 tablespoon butter
- ½ cup chopped onion
- 1 teaspoon paprika
- ½ teaspoon pepper
- 4 teaspoons sugar
- 1 teaspoon mustard
- 4 teaspoons Worcestershire sauce
- ¼ teaspoon tabasco sauce
- ¼ cup catsup
- 3 tablespoons vinegar

Melt butter, add onion and cook until clear. Add dry seasonings, sauces, catsup and vinegar. Cut a three-inch slit in each frankfurter and place them in a baking dish, slit side up. Pour sauce over them and bake in a moderate (350°) oven for 20 minutes. Place in split, with green onions, if desired. Serve extra sauce separately, if desired.

Picnic Salad
(Serves 6)

- 4 cups cubed, cooked potatoes
- ½ cup chopped green onion
- ⅔ cup diced celery
- 1 teaspoon salt
- ½ teaspoon pepper
- 6 hard-cooked eggs, sliced
- ⅔ cup mayonnaise
- 2 cups grated carrot

Combine potatoes, onions, celery and seasonings. Add eggs and mayonnaise. Toss lightly with carrots, chill and serve with greens.

• • •

HERE are some cookies which will be appropriate for the holiday:

***Orange Sugar Tarts**
(Makes 5 dozen)

- ½ cup butter or substitute
- 1 cup sugar
- 1 egg
- ½ cup bran
- 3 cups sifted flour
- 3½ teaspoons baking powder
- ¾ teaspoon salt
- ⅓ cup orange juice
- 2 teaspoons grated orange rind

Colored Sugar

Blend butter and sugar until light and fluffy. Add egg and beat well. Add bran and blend. Sift flour together with baking powder and salt; add to first mixture alternately with orange juice. Stir in orange rind. Chill. Roll out dough to ⅛-inch thickness, working with a small amount at a time and keeping the remainder chilled. Cut into star shapes with floured cutter; sprinkle with colored sugar and bake on a greased baking sheet in a moderately hot (375°) oven about 10 minutes.

LYNN SAYS:

Flavor Tricks Improve Simple Dishes

Grated horseradish added to hollandaise sauce will win you many compliments when served with fish, baked, boiled or fried.

Mix strained honey with butter and heat. You couldn't have anything better for waffles, pancakes or French toast.

Introduce flavor to waffles by adding a tablespoon or two of molasses to the batter just before baking.

Orange marmalade is an old favorite with toast, but try this idea for a real treat: place slices of cream cheese on top of the marmalade and broil until the cheese is bubbly.

Broccoli looks good and is tasty, too, if you dress it with plenty of melted butter and garnish with riced, hard-cooked egg.

Save your sausage drippings for gravy. Saute a few mushrooms in the drippings, then thicken with flour and add milk. This is especially delicious for chicken.

SPORTSMAN'S HORIZON

By JIM RHODY

Sportsmen Optimists

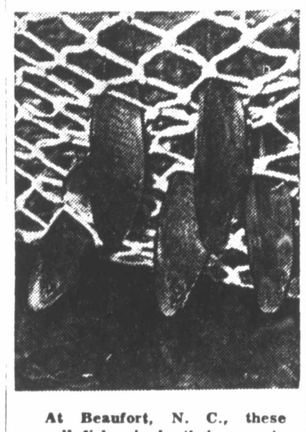

From the cane-and-pole angler of the rural ponds, rivers and small streams, to the fishermen who whip famous trout and salmon streams with the best of equipment, Americans by the millions will be fishing this year as they have for so many years—but their numbers will be larger in 1949.

Each year the increase in the number of anglers brings added wrinkles to the brows of state conservation directors, who worry lest the supply of fish and game ultimately fail all sportsmen.

Of all the things that worry sportsmen, that appears to be one that deters them not; for no matter how they gripe about lack of favorite fish or game, they are always back next season, trying harder than ever to "bring home the bacon"—and were a statue ever carved to the world's one real optimist, it would have to be a composite figure of a rabid American, clutching both rod and gun and with the light of determination and faith shining from his eyes, even if it were only reflected from the polished gun butt or the gleam of a new fishing reel.

• • •

These Get Away

At Beaufort, N. C., these small fish wiggle their way to safety through strands of Guthrie net—a new selective type of net which brings up shrimps and usable fish and lets other types of sea life work its way back to freedom. The net is a snood-like attachment of oversize mesh, hard-twine net interlaced with soft twine strings attached to central part of regulation shrimp net. A U.S. fishery biological laboratory expert estimated this net would save billions of fish from destruction.

• • •

Rough Fish Trapped

Iowa is showing the way, somewhat, to other state conservation agencies through its program of trapping carp and buffalo and other rough fish, as a supplement to the tedious, expensive seining program now in effect.

Fourteen large fish traps on nine major lakes have been installed by the Iowa state conservation commission to trap rough fish. The traps are installed at the mouths of bays where fish enter to spawn.

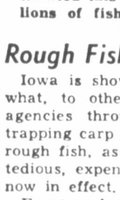

Although the spawning season was barely underway when this report was made, large catches of carp and buffalo were recorded.

• • •

What Color Choice?

The age-old controversy as to whether fish show a color preference in choice of lures is one that probably never will be settled to the general satisfaction of anglers. But the fact that black as an attractive color is effective is coming from many sources.

Certain it is that black plugs will take more fish on certain days and under certain water conditions than any other color, and the Louis Johnson company, creators of the Johnson "silver minnow," has reported excellent results with its new all-black spoon shown here.

Tests of the spoon have disclosed that it is particularly good both in early morning and late evening, and also for cloudy-day fishing.

Apparently its hue gives it the appearance of a "silhouette" in the water because of lack of adequate light, and the tricky action of the lure adds sufficiently to the deception.

• • •

Great Fishing Hole

Idaho, where 6,500 streams and 1,763 lakes are draped over a mountain landscape, is fast becoming one of America's greatest fishing holes.

More than 30,000 non-resident anglers joined some 170,000 Idaho citizens in luring the big ones during 1948. The general season this year will extend through October and the bag limit each day is 20 fish, or 10 pounds and one fish. One of Idaho's best bargains is the $3 vacationist fishing permit.

JUST RESTING

Number one boy—"My grandfather lived to be 98 years old."

Number two boy—"Gee, that's old all right. What finally got him?"

Number one boy—"Plot number 6, section 13 of Evergreen Cemetery."

Once there was a very rich old bachelor whose sole recreation seemed to be in leading the girls a merry chase. One young girl was a little doubtful about the advisability of chasing a man so old.

"Don't you think he is a little too old to be considered eligible?" she asked her aunt.

"My dear," she replied with a wisdom born of years of experience, "he is a little too eligible to be considered old."

Son—"Well, dad, you've managed to live to a ripe old age. How did you manage to keep the germs of disease away from you all these many years?"

Father—"I'll let you in on a little secret son. I attribute my longevity to the persistent use of garlic. Now don't breathe that to a soul."

Son—"The secret or the garlic?"

HOUSEHOLD HINTS

Never disconnect iron or other electrical appliance by pulling cord: grasp and pull plug to prevent strain on connection.

Weekly Swing of SOUTHWEST FARM MARKETS

PRODUCTION AND MARKETING ADMINISTRATION, U. S. D. A.

Only occasional strong spots appeared in mostly steady to lower southwest farm markets for the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Barley advanced 12 cent a bushel and sorgums declined 10 cents a hundred. Wheat and white corn showed slight gains and oats and yellow corn small losses.

Cotton lost around $4 a bale for the week. Spot middling 15/16 inch closed Monday at 31.35 cents a pound at Dallas and 31.95 at New Orleans.

Hot weather last week lowered egg quality, and average prices eased slightly in the southwest. This week opened with currnt receipts selling around 36 to 38 cents a dozen in North Texas and 39 to 40 at Denver. Poultry markets weakened too. Fryers sold around 25 to 28 cents at Dallas and Fort Worth and 25 in Arkansas.

Fewer cattle and calves arrived at southwest and midwest markets last week than the week before. Most markets showed slight gains for the week ending Monday on slaughterd steers, heifers, and yearlings, but most cows, calves and stockers sold 50 cents lower to $1 lower. However, calves gained 50 cents to $3 at Houston. Steer beef advanced $2 to $4 for the week at New York, but cow beef and veal remained unchanged.

Lighter hog receipts last week brought steady to higher prices at most markets. Pork sold steady to strong at New York.

Smaller sheep marketings brought change in prices the past week, although same classes saw slight gains or losses here and there..

Little wool or mohair sold in the southwest. Some 12-months Texas wool brought $1.70 per clean pound in Boston. Adult mohair sold at 38 and kid 58 cents.

Mr. and Mrs. Frank Crownover left Monday for Stephenville They are accompanying Marie Jarratt to her home there.

Mrs. H. L. Hart, Mrs. John Stanley, and J. D. Hart, all of Midland, and Mrs. B. M. Hart of Fort Worth spent the week end with Miss Molly Davis.

Rheumatic Heart Disease Sometimes Fatal To Children

Austin, Texas,—The disabling and often fatal disease of children, rheumatic heart disease, is one of the leading causes of death among children and young adults in the age group 10 to 25 years.

Unfortunately, there has been developed for this disease no vaccine such as we have for smallpox, diptheria and whooping cough, but by recognizing the early symptoms and obtaining a competent physican's diagnosis and treatment, some of the damaging results of rheumatic heart disease can be prevented or moderated.

The State Health Officer, Dr. Geo. W. Cox says that "In general the early symptoms of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows or wrist. The pain is felt usually in one of these joints, and spreads frequently to others. Often a doctor's examination of a child who becomes irritable and cross without apparent cause, cries easily, and developes nervous habits, will disclose the presence of rheumatic heart disease."

Predisposing causes to this serious illness include frequent chilling, living in damp, steamy quarters, poor diet, frequent colds, and sometimes scarlet fever or other infections caused by certain streptococcus germs. All such conditions should be avoided if at all possible.

Protection for children against rheumatic heart disease, should include a thorough physical examination by a physican at least once a year; a well balanced and nourishing diet; sufficent rest and sleep, and dressing at all times in accordance with the temperature of the room or playground. Consult a physican at once if any symptom suggests that this disease may be present or in the process of developing.

ATTENTION AG. BOYS!

The Loraine F. F. A. boys will hold their second summer meeting July 6, at 8:00 p. m. There is some important business to be taken up and we need every mmber present. Come prepared to make final aplns for our summer trip.

CITATION BY PUBLICATION
In the District Court of Mitchell County, Texas, 32nd Judicial District, Cause No. 6657

C. H. Martin, etal, Trustees, First Methodist Church, Loraine, Texas

VS.

A. L. Murphee et al

THE STATE OF TEXAS:

TO: A. L. Murphee, whose place of residence is unknown to Plaintiffs, if living, and of his unknown heirs and legal representatives if dead; D. C. Crane, whose place of residence is unknown to Plaintiffs, if living, and to his unknown heirs and legal representatives if dead; R. O. Kiser, whose place of residence is unknown to Plaintiffs, if living, and to his unknown heirs and legal representatives, if dead; John B. Smith, whose place of residence is unknown to Plaintiffs if living, and to his unknown heirs and legal representatives if dead, GREETINGS:

You are commanded to appear and answer the plaintiffs' Petition at or before 10 o'clock A. M. of the first Monday after the expiration of forty-two days from the date of issuance of this Citation, the same being Monday the 25th day of July, A. D., 1949, at or before 10 o'clock A. M., before the Honorable District Court of Mitchell County, at the Court House in Colorado City, Texas.

Said plaintiffs' petition was filed on the 10th day of June, A. D., 1949, and the file number of said suit being No. 6657.

The names of the parties in said suit are: C. H. Martin, Marvin Martin, Dr. Bruce Johnson, Floyd Richey, and John Mahon, as Plaintiffs and A. L. Murphee, whose place of residence is unknown to Plaintiff, if living, and to his unknown heirs and legal representatives if dead; D. C. Crane, whose place of residence is unknown to Plaintiff, if living, and to his unknown heirs and legal representatives if dead; R. O. Kiser, whose place of residence is unknown to Plaintiff if living, and to his unknown heirs and legal representatives if dead; and John B. Smith, whose place of residence is unknown to Plaintiff if living, and to his unknown heirs and legal representatives if dead, as defendants.

The nature of said suit being substantially as follows, to-wit:

The Plaintiffs sue the Defendants in Trespass to Try Title for the title to the following described land and premises situated in Mitchell County, Texas, to-wit:

Being all of Lots One (1) Two (2) Three (3) Four (4) Five (5) and Six (6) in Block Nine (9) of Whites' Business Addition to the Town of Loraine, Mitchell County, Texas, according to the plat of record in Volume 16, page 600, Deed Records of Mitchell County, Texas;

The Plaintiffs alleging (1) that the plaintiffs have held said property adversely, claiming the fee simple title to the same, alleging that if the defendants, or any, or either of them, ever had any manner of right, title, or interest in and to said property, which is not admitted, but expressly denied, that any such right, title, or interest and any and all causes of action for the recovery of the same is barred, first, by the twenty-five year statute of limitation, secondly and in any event, by the ten year statute of limitation, thirdly, and in any event, by the five year statute of limitation, and fourth, and in any event, by the three year statute of limitation.

Plaintiffs have endorsed on their Petition that this action is brought as well to try title as for damages.

WHEREFORE, Plaintiffs pray that the Defendants and each of them be cited in terms of the law to appear and answer Plaintiffs' said Petition, and that upon a final hearing thereof that the Plaintiffs have and recover of and from the Defendants and each of them title to the land and premises above describer and that the title of Plaintiffs in and to said property be in all things quieted by proper order of this court, and Plaintiffs pray for general relief.

If this Citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

Issued this the 10th day if June, A. D., 1949.

Given under my hand and seal of said Court, at office in Colorado City, Texas, this the 10th day of June, A. D., 1949.

H. A. POND
Clerk, District Court, Mitchell County, Texas. 5-4tc

Jim Polk of Abilene visited Mr. and Mrs. M. D. McCollum Tuesday.

Giles Says Procedure For Acquiring Land Under Vet Program To Be Kept Simple

By BASCOM GILES
Commissioner of the General Land Office and Chairman of the Veterans' Land Board

(Editor's Note: This is the concluding article of a series of three by Bascom Giles explaining the newly created Veterans' Land Board Program.)

In keeping with the terms of the legislation creating the Texas Veterans' Land Board, its administration and operating policies will be kept as simple as the problems of this huge program will permit.

The fact that approximately 13,000 veterans have already contacted this office for information on the working details of the plan indicates the commendable desire of veterans to own a farm or ranch home under the idea originally conceived by the author five years ago.

Paper work involving application to participate has been cut to the minimum. Each successive step has been shorn of all encumbering delays.

For example, proof of the applicant's eligibility can be established by submitting a certified copy of his honorable discharge plus substantiation that the applicant was a resident of Texas at the time he entered military service and is still a legal resident at the time of application for land program benefits. For those taking advantage of the 90 day priority offered those who have a service-connected disability sustained in combat, certification of such must accompany the application.

Each veteran will be limited to one purchase not exceeding $7,500 cost to the Board. He will be required to pay not less than five per cent down and execute an on-or-before note for 40 years at three per cent interest for the balance.

Should a purchaser desire to acquire a tract of land costing NOT more than $10,000 he will be required to pay the difference between $7,500 and the purchase price plus the five per cent down payment on the $7,500 loan.

He shall have served not less than 90 days on active duty in some branch of the armed service between September 16, 1940 and December 31, 1946, unless discharged sooner for service-connected disabilities. A certified copy of the applicants honorable discharge will be required to be filed with application. In addition, a veteran who leases his land for oil or gas must apply one-half of all bonus and rentals to the retirement of his debt.

The veterans will NOT be required to live upon the property but he will NOT be permitted to dispose of it for a period of three years.

Payments of principle on note with interest will be made on a semi-annual basis. Each veteran will receive a contract of sale from the state and upon final payment he or she will be granted absolute title.

Failure to make payments when due, permits the Board to revoke the contract of purchase and to forfeit the land which can then be offered for resale to other veterans.

A veteran may reinstate his land which has been forfeited, up to the announced date of resale by payment of a penalty and placing account in good standing.

The Board in its first meeting named Alvis Vandygriff as executive secretary.

Vandygriff, an attorney, who hails from Ennis, Texas, has been serving as Chief Clerk of the General Land Office. He is a veteran of World War II having served as a Major in the Army Air Force. He was selected by the Board to direct the administrative machinery of the new program on the basis of his long experience in the Land Office where the offices and records of the program will be maintained.

For additional information or proper application forms, write the Veterans' Land Board, Bascom Giles, Chairman, General Land Office, Austin, Texas

Mrs. Clyde Glass and Joyce and Betty Wood of Sweetwater spent Tuesday evening in the Truitt Butler home.

Mr. and Mrs. Gordon Grigsby of McCamey returned from Tulsa, Oklahoma, Sunday and took Jerry back home after a months visit with Mr. and Mrs. L. E. Crutcher. Judy and Jane spent the week end with them.

Mrs. Dayton M. Reeder of Haynesville, La. is visiting Mrs. Marion Mahon.
