Churchill Says A-Bomb Blocking Reds

SO NEAR BUT YET SO FAR—William H. Young shows what he means when he says business has dropped to zero at his gas station since the state raised the level of the road near Middleboro, Mass. Young is trying to get satisfaction from the state, but meantime traffic zips past his station just too far away to be reached by the hose. (AP Wirephoto.)

Federal Study Set On Rent Law Changes

By LEON SHLOSS
INS Staff Correspondent

WASHINGTON, March 31—The government announced today there will be no change in the rent ceiling system until a study is made to determine what increases Congress intended under the new control act.

Housing Expediter Tighe E. Woods said the controversial "fair net operating income" adjustment provision of the law is workable.

He explained that raises under the provision will be based on an analysis of operating income of "representative rental accommodations" over the last eight years.

No General Boosts Seen

Woods declared that no matter what the analysis shows, the provision does not mean any general rent boosts. The study is expected to take four to five weeks.

The new federal rent control act takes effect Friday and runs until July 1, 1950.

Pending completion of the government study the present system of landlord relief will continue. Under it landlords can present their cases for rent hikes to local housing expediters' offices.

Woods today echoed President Truman's endorsement of the new act, given when the Chief Executive signed the rent bill into law Wednesday, as "considerably strengthening" rent control.

Improvements Cited

The expediter listed eight improvements in the new act. He said other features, interpreted by some as weakening federal control, "are either of minor importance or simply represent a new but not necessarily weaker way of dealing with certain problems."

As an example, he used the provision allowing states and municipalities to end rent control with approval of state governors. Woods said this merely extends the current principle under which local rent advisory boards can allow local authorities to appeal to the government for termination of controls.

Some To Be Aided

Woods termed the "fair net operating income" provision "a liberalization of existing regulations for granting financial adjustments." He said:

"This provision will take care particularly of any small land-

MARCH BOWS OUT

Storms Batter Wide Section

March pretty well lived up to its advance billing so far as scrambled winter and spring weather is concerned, but it failed to go out like a lamb, or if it did it was a chilly little sheep. And in some instances, a wild and wooly one.

While the month bowed out on the South Plains and over most of Texas in rather lamblike style, twisters and spring storms were spreading havoc over a wide part of the Midwest and in the East and deep South Thursday.

Tornadic winds swooped down on Pennsylvania and Florida Thursday, injuring at least two persons and damaging at least 10 buildings, the Associated Press reported.

Snow Hits Midwest

And in Nebraska and South Dakota, 52 communities were without long distance telephone service after a spring storm which dumped up to 23 inches of snow on the area Wednesday and Thursday. Two brothers died in a storm

Reds Charge Atlantic Pact 'Aggressive'

(By The Associated Press)

LONDON, Friday, April 1—The Soviet Union charged today the North Atlantic treaty is "openly aggressive," is directed against her and breaks five international agreements.

The official Soviet news agency Tass said the Russian position was transmitted to the seven sponsoring nations of the treaty in a memorandum yesterday.

The Soviet foreign ministry through its ambassadors gave these conclusions to the United States, Britain, France, Belgium, Canada, the Netherlands and Luxembourg:

Called Openly Aggressive

1. The Atlantic treaty has an openly aggressive character and is directed against the Soviet Union.

2. The treaty runs counter to the United Nations charter.

3. It violates the Anglo-Soviet treaty, the Franco-Soviet treaty and the Yalta and Potsdam agreements.

The treaty will be signed in Washington Monday.

The memorandum denied statements in the treaty that it is strictly defensive and abides by United Nations principles.

The Soviet document said official representatives of the United States, Britain and France have "definitely pointed out" that the treaty is directed against the Soviet Union as well as against other countries of the "peoples' democracy,"—that is, the other Communist nations of eastern Europe.

Making "Preparations"

Participants in the pact, the memorandum charged, are making military preparations which "by no means bear a defensive character," including the stockpiling of atom bombs.

The statement said further the participants are preserving in Washington a combined British-American staff from the last war, have a western European union defense setup already established in Fontainbleau, outside of Paris, and are planning a defense committee under the new treaty.

All of this "contributes to intensifying anxiety and alarm, and to the whipping up of war hysteria in which all sorts of instigators of a new war are so interested," the statement added.

The Atlantic treaty, the memorandum asserted, is "designed to daunt the states which do not

Kremlin Accused Of Seeking World Rule

Britain's Wartime Premier Holds Out Hope That New War Is Not Inevitable

By JAMES F. KING
Associated Press Staff Writer

BOSTON, March 31—Winston Churchill said tonight only the atomic bomb in United States hands had stopped Communists from overrunning Europe and bombing London.

Britain's wartime premier bluntly accused "the 13 men in the Kremlin" of "aiming at the rule of the world."

He charged they "fear the friendship of the West more than its hostility." But, he held out this hope:

"War is not inevitable."

The 74-year-old British statesman spoke in Boston Garden at a mid-century convocation of Massachusetts Institute of Technology before a distinguished crowd of 13,900.

Hits Men In Kremlin

Some of the scientists who helped develop the atom bomb, as well as diplomats of several nations, heard him sound this warning:

"I must not conceal from you the truth as I see it. It is certain that Europe would have been Communized and London under bombardment some time ago but for the deterrent of the atomic bomb in the hands of the United States."

Three times Churchill struck out at the "13 men in the Kremlin" during his hour-long speech.

But at the very outset Churchill said "I remain an optimist."

And he quickly followed up this assertion with this:

"For good or ill air mastery is today the supreme expression of military power, and fleets and armies, however necessary and important, must accept a subordinate rank."

Pickets Parade Outside

"This," he said, "is a memorable milestone in the march of man."

More than 100 pickets paraded outside the big arena where Churchill spoke only a few city blocks from historic Fanueil Hall—known as America's "cradle of liberty."

Chants of "send that bundle back to Britain" greeted the British leader as he was escorted into Boston garden.

One of the heaviest police guards seen in Boston in years patrolled outside.

Just before Churchill spoke, a message was read from President Truman predicting that Churchill would "give you something historical for this meeting."

Baruch Introduces Churchill

Mr. Truman was listed originally as one of the speakers at the MIT convocation but called off his visit here on the grounds of pressure of duties in Washington.

Bernard Baruch, long-time adviser to presidents, introduced Churchill as one who has "driving contempt for the bully."

Churchill opened in an even toned voice—measuring his words carefully.

The first outburst of applause came as he paid tribute to the "inspiring leadership" of the late President Roosevelt—"my great wartime friend."

Voice Is Firm

Again the crowd applauded Churchill's admonition that "logic, like science, must be the servant and not the master of man."

Churchill's voice was firm—but several times he was forced to turn from the microphone to cough.

The crowd sat silently as Churchill charged that the Soviet leaders "fear the friendship of the West more than its hostility."

But brief hand-clapping came as he declared, "self preservation, not for Russia but for themselves (the Soviet leaders) lies at the root and is the explanation of their sinister and malignant policy."

Crowd Cheers

Loudest applause came as Churchill asserted:

"It is certain that Europe would have been Communized like Czechoslovakia and London under bombardment some time ago but for the deterrent of the atomic bomb in the hands of the United States."

Churchill won applause as he said "we have no hostility to the Russian people."

And again when he warned against "appeasement of tyranny and wrongdoing in any form."

Churchill finished right on the dot of 9 o'clock (CST).

As he wound up with "let us then move forward together in dis-

Wait On Arms Program Seen

By H. K. REYNOLDS
INS Staff Correspondent

WASHINGTON, March 31—Congressional leaders are discussing the advisability of holding up action on the European arms program for several months after the North Atlantic security treaty is ratified.

It is already evident that administration plans for about two billion dollars worth of military aid for western Europe will encounter considerable opposition in Congress.

Several influential senators who fully support the collective self-defense principles of the pact are less enthusiastic about the military aspects of the project.

Red Reaction To Be Studied

In their private exchange of views these senators have questioned whether it would not be wiser to postpone any substantial military commitments while awaiting further clarification of the international situation.

One thing they have in mind is the probable reaction of the Soviet Union between the time the treaty is signed and the conclusion of ratification formalities.

In the event that Russian objections took a dangerous turn, the reasons for quicker military implementation of the pact would become immediately plainer.

Decision May Be Late

From the point of view of legislative programming, however, there would be little time for consideration of a military program after the pact is ratified and before the legal date for adjournment, July 26.

Lengthy hearings before the Senate Foreign Relations committee and extended Senate debate are expected to make it impossible to bring the pact to a ratification vote before the middle of June.

A decision may not be possible until near the end of the session because of the consideration of many controversial proposals in President Truman's domestic program.

In response to demands from Senate foreign policy leaders, Sec-

Support For Oleo Bill Shown In House Vote

WASHINGTON, March 31. (INS)—The House showed overwhelming support in a test vote today for legislation repealing federal taxes on oleomargarine.

By a vote of 382 to 9, the House agreed to consider the Granger-Andresen bill and any substitutes which might be offered, but it left undecided just what kind of repeal legislation will be approved.

Decision Expected

A final decision is expected tomorrow when the House will consider amendments to the Granger-Andresen bill.

Dairy state congressmen backed the measure, sponsored by Reps. Granger (D-Utah) and Andresen (R-Minn) which would rescind federal levies on oleo but prevent interstate sales of the yellow variety.

Southern Democrats and representatives of industrial areas, however, supported the bill by Rep. Poage (D-Tex) which would repeal federal taxes and permit the sale of yellow oleo provided it is so labeled.

House Majority Whip Priest (D-Tenn) said the lineup behind the two bills is "very close" and that the interstate sale of yellow oleo is the chief point at issue.

South Plains Towns Busy With Races

School, Municipal Elections Are Set

By ROGER SOUTHALL
Avalanche Staff Writer

SCHOOL board elections Saturday and municipal elections next Tuesday will be conducted in a number of towns throughout the South Plains.

At Plainview, two school trustees are to be elected Saturday. Six candidates are seeking election, among them Mrs. H. G. Stinnett, Dr. Joe Webb, Ed Haynes, Dan Kimbell, R. Q. Silverthorne, and C. E. McSwain.

A municipal election will be conducted at Plainview Tuesday to elect two city councilmen from the following candidates: Sam Lankford, E. M. Osborne, Ernie Brock, and E. G. Alexander.

Brownfield Race Hot

Marked interest is being shown in Saturday's trustee election at Brownfield, since three incumbents are opposing three other candidates for three school board offices. Incumbents are Gene Gunn, O. L. Stice, and A. M. Muldrow. Opposing them are I. M. Bailey, W. J. Carter, and Cecil O'Neal.

Three city aldermen's posts are to be filled in Brownfield Tuesday. J. B. McKnight and W. G. McDonald are seeking re-election, while new candidates are Sam Privitt, Herman Chesshir, C. R. Lackey, and Dr. W. A. Roberson.

Elsewhere in Terry county school board elections are planned Saturday, including Wellman, Union, and Meadow school districts. Three county trustees are to be elected.

Littlefield Plans Election

Littlefield voters will elect two candidates to fill as many posts on the school board. Candidates are W. O. Hampton, Houston Hoover, and Jack Walker.

Two trustees are to be elected to the Tahoka school board Saturday. Candidates are O. D. Orr, G. C. Watson, Luke Hagood, and Hubert Tankersley.

Three places on the Tahoka city council will be filled at a Tuesday election. Seeking the offices are B. L. Parker, incumbent and Ed Hamilton, A. R. Milliken, J. A.

Acheson, Bevin Discuss Germany

WASHINGTON, March 31. (AP)—Secretary of State Acheson and British Foreign Minister Bevin began today what may be a final and successful effort by the western powers to agree on plans for the future of western Germany.

The plans include creation of a separate German government.

In a two-hour conference in Acheson's office at the State department, the foreign policy chiefs of America and Britain also reviewed the situation in Greece. Greek government troops, with American help, are preparing a major spring offensive against Communist guerillas.

Discussion Secret

At the end of their session, Acheson went into another conference with Dutch Foreign Minister D. U. Stikker who, like Bevin, has come here to sign the North Atlantic treaty next Monday. A total of 12 nations in the North Atlantic area will sign the 20-year defensive alliance.

The nature of the Bevin-Acheson talk—the first of a series

Public Is Reminded Of 'Important Day'

Dear Reader:

Down through the ages this has become a very important day in the lives of many people.

For that reason, it has been suggested that we remind you of the occasion.

If the toast was buttered upside down this morning, if your pants legs were tied in knots, if you found a pocket-book "bulging" but empty on the way to work, and . . .

If this story appears to be shuffled like a deck of cards, then you have the point. So be careful—and above all, don't read anything upside down today.

It's April Fool!

ASME Delegates Meet Here Today

The Texas Tech chapter of the American Society of Mechanical Engineers will be host to more than 60 delegates from eight colleges and universities from the Southwest at a two-day convention which begins today.

The convention will get under way at 9 a.m. in the Engineering auditorium when two students from each school will deliver a 15 minute talk on any phase of engineering. A $100 first prize and several smaller prizes will be given the winners.

Campus Tour Planned

These will be awarded at a banquet which will be held in the Cactus Inn at 7:30 Saturday night. The Southwestern Public Service company and West Texas Gas company will sponsor the banquet. L. J. Powers of the Tech engineering department will present the prizes.

Other events which have been scheduled for the visitors include a barbecue in Mackenzie State park Friday afternoon and later a tour of the Tech campus. They will also witness the Tech Western Days parade Friday and be guests of the Tech chapter of ASME at the rodeo Friday night.

Carl Eckhart, vice-president of Region 8 of the ASME, from Austin, will be guest speaker at a

15 Killed In Plane Crashes

(By The Associated Press)

PLANE crashes Wednesday night and Thursday killed 15 persons including Dr. Willard K. Dow, president of the Dow Chemical company.

Dow, his wife Martha, Mrs. Alta Campbell, pilot A. J. Bowie and co-pilot Fred Clements, all of Midland, Mich., died in the blazing wreckage of their private plane this morning a mile from the London, Ont., airport.

Mrs. Campbell's husband, Calvin Campbell, head of Dow's legal department, was injured. He crawled from the plane after failing in an attempt to drag his wife's body from the cabin.

Seven Bodies Removed

Three air force officers were killed in the crash of a C-47 transport plane at Pope field, Fort Bragg, N. C., Thursday. Witnesses said the plane was attempting to land because of motor trouble. Only Lieut. Kenneth W. Thompson of Milwaukee, the co-pilot, was identified immediately.

The plane's wing and fuselage caught fire as it crashed.

Bodies of seven men who died in the crash of another C-47 near Edgar Spring, Mo., last night were removed from the wreckage which had lodged in a cattle pond. No names were announced.

Air force officials said only six men were listed as being aboard the plane, which had refueled at Patterson field, Dayton, Ohio, and were en route to Tinker field, Okla.

See PLANE Page 10

Matador Men Named In Anti-Trust Suit

AUSTIN, March 31. (AP)—The state today brought anti-trust suit against six retail groceries and one bakery at Matador.

Attorney General Price Daniel charged in his petition filed in 126th District court here that the defendants have engaged in retail price fixing of bread sold in Matador.

Judge Jack Roberts granted a temporary restraining order, pending a hearing of the case on its merits.

Defendants named were D. I. W. Birnie, Melvin Mason, Virgil Skaggs, Roy Bishop, Lud Harris, W. I. Rushing and Lee Roy Smith. All except Smith operate grocery stores. Smith operates a bakery, and wholesale bread business.

The state's petition alleged that in February, two of the defendant retail grocers were charging 15 cents per one-pound loaf of bread and the other defendants were charging 17 cents. However, Daniel alleged that in March, all of the defendant grocers "agreed upon a retail price of 17 cents per one-pound loaf and that since such date the retail price of bread has been uniform at all retail grocers in that city." Smith, Daniel alleged, aided in obtaining agreement between all grocers on a uniform price.

West Berlin Residents Reported Seized In Soviet Police Raids

BERLIN, March 31 (AP)—Hundreds of western Berliners were reported held by Soviet police tonight following raids on trains and railroad stations in the city's outskirts.

The lightning roundup last night was conducted for the ostensible purpose of checking identification papers. Only residents of the Soviet-blockaded western sectors of Berlin were picked up.

More Destructive Weapons Seen

CAMBRIDGE, Mass., March 31 (INS)—A leading scientist today predicted new discoveries "even more forbidding" than the atom bomb.

The prediction was made at the opening of the three-day Mid-Century convocation of Massachusetts Institute of Technology by Dean of Humanities John E. Burchard of M.I.T, general manager of the convocation.

In his welcome to thousands of world renown educators, philosophers, business leaders, M.I.T. graduates and students, Dean Burchard warned:

"We may be reasonably sure that we have not reached the end of the road, that we will not see any early moratorium on science, and that the consequences of future discoveries wrongly used, will be even more forbidding than the consequences of the one big present threat which will not down."

FIRE RAGES IN BOSTON

BOSTON, April 1 (Friday) (AP)—A three alarm fire this morning swept a six-story apartment block in the back bay section. Several persons were reported trapped on upper floors. Ambulances were sent to the scene and several persons were reported in city hospital. The building is on Boylston street, near Massachusetts avenue.

HST Says Inflation Curbs Still Needed

Tax Boost Demands Renewed By Truman

By FELIX COTTEN
INS Staff Correspondent

WASHINGTON, March 31—President Truman stood fast today on his demands for a four billion dollar tax increase and anti-inflation controls and opposed a move in Congress to cut Marshall plan funds nearly 10 per cent.

The President declared at his weekly news conference that Sen. George (D-Ga) is wrong in saying that a tax increase would plunge the nation into a depression.

It would be much more dangerous to the nation's economy, he said, to run into a deficit than to raise by increased taxation the funds necessary to maintain a balanced budget.

He denied that his anti-inflation program has been shelved and said it is just as necessary as when it was first proposed 17 months ago. Chief points in the program are standby price and wage controls and rationing authority.

Mr. Truman declared emphatically that the entire $5,580,000,000 which he has requested should be authorized to continue the European recovery program for another 15 months.

He said this sum is based on the best possible information as to what is needed to continue the program and is a minimum. He added that it should not be cut at all.

The President likewise objected to a proposal by Rep. Vinson (D-Ga), chairman of the House Armed Services Committee, to boost the military burget by $1,599,600,000, including an extra $800 million for the Air Force.

In response to a question, he snapped that if the additional funds sought by Vinson had been necessary he would have included them in the budget.

However, in response to a question, he said he would not agree that recent cost of living and price declines have routed the infla-

Nation Rushes Its Advice To Widow With Only Year To Live

By WILLIAM PEART
Associated Press Staff Writer

OKLAHOMA CITY, March 31—An Oklahoma City widow's humble plea is being answered by a sympathetic America—how best to spend $10,000 before death knocks on her door, probably within a year.

Advice is rolling through every mode of communication—by letter and by telegram, by telephone and through radio.

Her name is—Mrs. Heart, we'll say. She is 51 and a retired business woman who heard these certain words from a physician:

"You have but a year. Your heart condition will prove fatal in 12 months."

Now Mrs. Heart doesn't know what to do. That's why she has asked America for help.

"I just know that somebody—somewhere," she says, "will have a better idea than I."

And the folks in these United States are offering her their thoughts.

Thousands of words of advice poured in for her at the Oklahoma City Daily Oklahoman today. Mrs. Heart bound the newspaper to keep her identity secret.

Doctors got in the act. One, in

WESTERN DAYS PROGRAM SET

Chuckwagon Breakfast, Parade Open Annual Tech Rodeo Today

A CHUCKWAGON breakfast, sponsored by the Block and Bridle club, at 6:30 a.m. today will launch Texas Tech's annual two-day rodeo and western days observance. At 5 p.m. Dr. D. M. Wiggins, president of Tech, will lead a colorful parade from Jones Stadium, site of this year's event, down Broadway and through the business district.

Wiggins will ride Tech's Sir Chubby I in the parade and plans have been made for 15 floats, and a large number of mounted cowboys and cowgirls to follow the college president over the parade route.

The real show begins at 8 p.m. in Jones stadium when the first rodeo will get under way. President Wiggins will officially open the event with a dedication to all the oldtimers on the South Plains who came here "when sandstorms were just gentle breezes." This year's rodeo will be in honor of the oldtimers.

This is the first year the show has been held in Jones Stadium and Rodeo Manager Red Heath says it will "be one to remember." The grand entry will open the program. It will be followed by

Insecticides Surpassing Powers Of DDT Revealed At Science Meet

SAN FRANCISCO, Mar. 31 (INS) — Insecticides many times more deadly to pests than the DDT compound hailed as a miracle worker only a few years ago were described today to the American Society of Chemists.

Two of the poisons were declared to be five times more potent than DDT and 15 times less dangerous to human beings and animals.

Another was said to be 100 times more toxic to roaches and houseflies than the earlier insecticide.

The pest poisons were announced at third day sessions of the 115th annual meeting of the society in San Francisco.

Increased Effectiveness Noted

Dr. Henry B. Haas, researcher for the General Aniline and Film Corp. said the first two compounds, BNB and BNP, can kill insects which DDT won't affect. One of them is the Mexican beetle.

Dr. Haas said they are more expensive than DDT but their increased effectiveness would make their cost to the user about the same.

The other pesticide, known as compound 497, was announced by Rex E. Lydov, Henry Bluestone, S. Barney Soloway and Clyde Kearns of Julius Hyman and company of Denver.

They said it was especially important because some houseflies and other insects have been developing an immunity to DDT.

Other fields in which reports were news included:

Medicine—Dr. Harold G. Loeb, head of the biochemical division of the Permanente foundation in Oakland, Calif., reported that glutamic acid has failed to live up to expectations that it would stimulate mental activity.

Dr. Loeb said the drug had been administered to a group of feeble minded persons and found to have no apparent effect.

Wallpaper—Development of a plastic removable wallpaper to protect against the radioactive pollution of laboratories and factories—one of the critical health hazards of the atomic age—was reported by Dr. A. Carleton Jealous of the Oak Ridge atomic plant.

Some units, he explained, are being covered with three coats of dense paint over which is sprayed a thin, rubbery film allowing frequent stripping of contaminated wall sections.

Freak bacteria—Dr. Bernard D. Davis of the U.S. Public Health service told of freak bacteria which can survive penicillin because they have no appetite. He said the study of such organisms are aiding man's knowledge of heredity and the chemistry of the body.

Telephone Company To Request Increased Rates In Houston

HOUSTON, March 31 (U.P.) — Diminishing profits, comparable to "the worst depression years," will force a request for higher telephone rates in Houston in 1949, the Southwestern Bell Telephone company revealed today.

J. B. Patterson, division manager, said the company had not yet decided when the application would be filed with the city government or how much the boost would be.

"Our gross revenues last year set an all time high, but our expenses set an all time high also, and the net result was that the company's percentage of profit in Houston was smaller than that of the worst depression years," Patterson stated.

He pointed out that recent rate boosts have been put into effect in Missouri, Kansas, Oklahoma and Arkansas, and in many Texas cities, whereas Houston has not had a rate increase in 25 years.

Southwestern Bell currently is engaged in a $25,600,000 expansion and improvement program here.

Patterson claimed that the firm's $40,141,651 investment here last year brought only a net return of 3.74 per cent, compared with a 1947 return of 4.95 per cent.

Irish (Eire) industrial and commercial firms applied for nearly $60,000,000 worth of American goods, during 1948, under the European Recovery Program

Hypnosis As Anesthetic For Dental Patients Demonstrated

TROY, Ala., March 31 (U.P.) — Soon you may be able to believe that "painless dentist" sign.

Some 35 southeast Alabama dentists learned how it was done when Dr. James Fraser, head of the Troy State Teachers College chemistry department, hypnotized a patient before he had a tooth pulled.

"Didn't feel a thing," said George Hattaway, who agreed to the experiment. "And I needed the thing pulled anyway."

Dr. Fraser is a student of psychology and hypnosis and has suggested the use of hypnosis as an anesthetic for dentists.

San Antonio Gets New Straw To Help Keep Streets Clean

SAN ANTONIO, March 31 (INS) —It's not the last straw, but new straw—three balefuls—that's going into new brooms to sweep San Antonio streets.

The three bales of straw were recently received by the city to make brooms for three new city street sweepers. The brooms on the sweepers last only about ten days or nights.

If the "new brooms do sweep clean" the problem of cleaning underneath parked cars has city officials looking for a car-moving snow white and her seven dwarfs.

National Affairs Meet Scheduled In Lamesa

LAMESA, March 31 (Special)—A National Affairs conference, one of five to be staged in the West Texas area, will be held here April 11, sponsored by the United States Chamber of Commerce and the local C. of C.

Highlighting the event will be a banquet which will be served in the Mesa room of Liddell's cafe. The main speaker will be M. C. Ulmer, president of the First National bank, Midland.

U. S. Officials To Preside

Tom V. Watson and H. J. Dollinger, members of the United States Chamber of Commerce, will preside jointly at the meeting. Hosts for the conference will be the members of the board of directors of the Lamesa Chamber of Commerce.

Purpose of the conference is to bring before the general public pertinent information about legislative matters before the 81st Congress which affect the welfare and economy of the country. The conference is open to all citizens of Dawson county and the surrounding territory.

Visitors are expected to attend the meeting from Snyder, Post, Tahoka, Seagraves, Brownfield, Seminole, Big Spring, O'Donnell, Ackerly, and several Dawson county communities.

Czech Tells Of Spying For Reds

FRANKFURT, Germany, March 31 (AP)—U. S. Army authorities disclosed today that a convicted Czech spy claimed he had been an agent for the Russian secret police.

Frontiseg Klecka, 31, ex-waiter on the Prague-Paris express, was sentenced to 20 years in prison Feb. 17 by an eight-man military commission at Munich. He was convicted of collecting military information in the U. S. zone of Germany for a foreign power.

Had Two Bosses

Trial testimony, made public today, revealed that Klecka testified he had worked for the Russian secret police (NKVD) near Belgrade, Yugoslavia, as late as 1947.

The prosecution contended in its arguments that Klecka was working for both the Czech intelligence service and the NKVD at the time of his arrest.

In his statement Klecka said he had been approached by a "Major Misterky" of the Czech secret service and had been asked to get pictures of U. S. Army communications, bridges and installations near Nuernberg.

BORDERLINE ANEMIA*

CAN SLOW YOUR HUSTLE AND DRIVE!

Feel lisless and languid—too tired to keep up with your work? Losing your youthful zest and ambition?

Such conditions often result from faded, puny red blood cells. You may have a Borderline Anemia, due to a ferro-nutritional blood deficiency. Medical studies show that up to 68% of women—many men and children—are dragging through life with this Borderline Anemia. If you have this Borderline Anemia, you need Ironized Yeast Tablets! They are specially formulated to help build up faded, puny red blood cells to healthy redness and size, and thus permit your color and energy to come surging back. Continuing tiredness and pallor may come from other causes—see your doctor regularly. But in this Borderline Anemia, take Ironized Yeast Tablets to reclaim your vitality, your healthy color, your enjoyment of life!

Jaycees Gather For Annual Meet

GALVESTON, March 31 (AP)—Some 950 delegates and 350 of their wives had registered here today for the opening of the Texas Junior Chamber of Commerce's 22nd annual convention.

An attendance of at least 1,200 delegates from the approximately 125 junior chambers in the state is expected for the keynote luncheon at noon Friday, to be addressed by Gov. Sidney McMath of Arkansas.

Campaigns for president of the state organization were being pushed today by supporters of Sidney Lee, Dallas, and E. M. Kirkpatrick, jr., of Baytown. Convention rumors were strong that there will be several other candidates for the office, but no others had announced today.

Paul Painter, Longview, a director of the United States Chamber of Commerce, asked the state board of directors this afternoon to make "some real campaigns" for the organization's vice presidencies, which are allocated by regions. He suggested that if candidates who want the offices enough to campaign for them cannot b found in any of the regions, the vice presidency be left vacant for that area.

Melvin Evans, Wichita Falls, state Jaycee president, endorsed Painter's suggestion.

Bottle Takes Slightly Over Year On Hawaii-California Trip

SAN FRANCISCO, March 31 (U.P.)—A "message in a bottle" which took a year and nine days to drift from California to Hawaii has been turned over to the U. S. Navy hydrographic office in San Francisco.

The bottle is one of 100 scattered across the Pacific between San Francisco and Okinawa by airliner Dec. 16, 1947. Each contained a message giving the position, date and a request, printed in seven languages, for its return by mail.

This was the fourth bottle recovered so far, three being picked up along the Philippines.

Hydrographic experts said the Hawaiian-found bottle, which drifted approximately 2,000 miles before striking land, averaged five miles a day.

New knowledge about the direction and speed of ocean currents gained through the experiment is being passed on to mariners by the Navy hydrographic office.

Women Can Help Men Suffering From Backache

Don't let your men-folk or your family feel tired, run-down or suffer from Backache, Getting Up Nights, Bladder Weakness, Burning Passages, Leg Pains, Circles Under Eyes, Nervousness, or Rheumatic Pains, due to non-organic and non-systemic Kidney and Bladder troubles, without trying Cystex.

This great medicine, a doctor's formula, has helped thousands of sufferers for over 30 years. Usually the very first dose of Cystex starts to work immediately to help you in 3 ways: 1. Helps nature remove irritating excess acids, poisonous wastes and certain germs. 2. This cleansing action helps nature alleviate many pains, aches, soreness and stiffness. 3. Helps reduce night and day calls, thus promoting better sleep.

Get Cystex from druggist today. Money back guaranteed unless Cystex satisfies you.

Total Of 87 Students At Texas Tech To Seek Offices In Campus Elections During April

A total of 87 students at Texas Tech have filed petitions for elections to student offices according to Clint Formby, student body president.

Formby said due to the number seeking election this year's contest promised to be one of the most colorful ever held. The first ballots will be cast April 12 and the runoff election will be April 20.

Students and the office which they are running for include: For president of the student body, Curtis Sterling, Snyder; Bob Stewart, Lubbock: for vice-president of the student council, Marshall Gettys, Amarillo; James Rider, Waco: for business manager of the student council, Raymond Brigham, Stamford: for secretary of the student council, Margaret Clark, Van Horn; Kitty Witty, Hamilton; Jane Skinner, Electra: for head boy cheer leader, Bill Miller, Mexia; Thad Brown, Cisco; Bob Carnahan, Hereford; Bob Cunningham, Graham; Bob Hogan, Terrell; M. C. Hightower, Fort Stockton; Pat Thurman, Lubbock; Jimmy Carter, Big Springs; Buddy Crutchfield, Dallas: for head girl cheer leader, Mary Harral, Slaton: Thala Foster, Lockney; Jimmie Lee Cotton, Lamesa; Glenna Winston, Brownfield; Kitten Mills, Snyder; Lam McKay, Lubbock.

None Filed For Post

Formby said there had been no petitions filed for elections to the editor of The Toreador, student newspaper. Other publications offices included: business manager of the Toreador, Jack Shelton, Midland; Dean Allam, Kansas; Kenneth White, Stigler, Okla.; for editor of the La Ventana, college year book, Roy Grimes, Lubbock; for business manager of the La Ventana, D. C. Stubblefield, Colorado City; A. J. Bishop, Winters.

Three representatives from the Agriculture department are to be elected to the student council. Students in that race are: J. B. Cooper, Roscoe; W. J. Krueger, Clifton; Don Morrison, Pampa; Cecil Mardis, Muleshoe; Robert Duke, Springlake; Tommy Bell, Valentine; Frank Smith, Lubbock; Cloy Weems, Ralls; Joe Buck, Lubbock; Andrew Behrends, Dimmitt.

Area Students In Contest

Seven of the following students will be elected as representatives from Arts and Science to the student council. Pat Keffer, Odessa; Jo Simmons, Lubbock; Patti Jo Musson, Lubbock; Billie Hutchins, Lubbock; Bill Trenfield, Lubbock; Bill Parsley, Lubbock; Roy Trice, Texarkana; Guida Miller, Amarillo; Bobby Salem, Sudan; Gay Reeves, Wellington; Rachel Dunaway, Amarillo; Susie Hudson, Earth; Marjorie Buck, Levelland; Cecile Butler, Lubbock; Bill Agnew; Hale Center; Jim Choate, Lubbock; Wynoma Hamilton, Plainview.

Three representatives are to be elected from the Business Administration division. Those running for office are: John Huckabay, Snyder; Jimmy Hall, Amarillo; Gale Rogers, Perryton; Bill Gillentine, Sherman; Sue Lawson, Lubbock; Mary Alice Mitchell, Tahoka; Bill McCasland, Lamesa; Dale Thut, Pampa; Robert Lee Craig, Brownfield; Seagraves; Dotsy Stevenson, Lubbock; Don Crow, Slaton.

Five of the following will be elected from the engineering division: Cooper Slay, Mission; Tim O'Connell, Lubbock; France Meir, Austin; Jack A. Burke, Corsicana; Lester Smith, Willow Creek; Margie Bullen, Lubbock; Rex Darling, Heuston; Ken Hancock, Lubbock; John Jackson, Dallas; William Adair, Lubbock; Hal McElya, Dallas; Richard Gibson, Dallas; James R. Steele, Whiteface; Joe Mac Montgomery, Longworth.

There will be two girls elected from the Home Economics division. The following students are running for office: Elizabeth Craig, Lubbock; Jackie Mueller, Lubbock; Jennie Smith, Tahoka; Joyce Pember, Slaton; Joy Williams, Shamrock.

ACC Official Slated To Speak Here Today

W. R. Smith, vice president of Abilene Christian college, Abilene, will be main speaker at 8 p. m. today at Broadway Church of Christ at a meeting of members of the Churches of Christ here.

Two foreign students enrolled in ACC, Herng Kern Oh, of Seoul Korea, and Nicola Russo, of Naples, Italy, also are slated to speak at the gathering. Both are attending the college on scholarships and are planning to return to their respective countries as missionaries.

The meeting, which was arranged by friends and ex-students of the school, is for the purpose of acquainting members of the local churches with the spirit and purpose of the church-supported college. Another feature of the program will be songs by the ACC male quartet.

J. C. Rigney, president of the local ACC alumni chapter, is to introduce the speakers.

Funeral Services Scheduled In Ralls Today For J. R. Willard

Funeral services for J. R. Willard, 70, of League 4 community, will be held at 3 p. m. today in Ralls Church of Christ with Charles W. Watkins, of Lubbock, officiating.

Burial will be in Ralls cemetery, directed by Marr Funeral home.

Willard died at 7:30 a. m. Thursday, in St. Mary's hospital, after having been in ill health for several years.

He had resided on the South Plains for 33 years.

Survivors include the widow; four daughters, Mrs. H. C. Berry and Mrs. George D. Moore, both of Ralls, Mrs. Norman B. Kreimer of Los Angeles, and Mrs. Paul Sherrod of Lubbock; nine grandchildren, and one great-grandchild.

Vin Cohee, Boston University's swimming instructor, quarterbacked the Terrier football team in the late 1930's.

Youth Has Surprise Birthday Party In Hospital In City

Although confined to a hospital room at West Texas hospital, John Harvey Austin celebrated his fifteenth birthday yesterday in the traditional style — with a birthday cake, gifts and several of his friends present for the party.

John Harvey, son of Mr. and Mrs. Harvey Austin of 2117 Thirtieth, was admitted to the hospital Monday night after he was struck accidently in the right eye with a belt buckle during a game with other Boy Scouts of troop 3 at First Baptist church.

The party plans originated when hospital personnel learned that the boy's birthday would have to be spent in the hospital. A cake was baked in the hospital's kitchen, Mrs. Austin was asked to invite John Harvey's friends and the rest of the party was taken care of by the boys.

Present for the surprise party were Dr. H. I. Robinson, pastor of First Methodist church; Mrs. O. D. Whitwell, one of the hospital nursing staff; and five of John Harvey's boy friends, Ben Davis Daniels, Joe Dale Bryan, Clarence King Whiteside, Glen Tucker and Joe Lon Teal.

John Harvey, propped up on a pillow last night in his hospital room, said he was "feeling fine," and pointed with pride to a small branch of hedge on which his friends had tied chewing gum, candy, pencils, notebooks, and a variety of other articles. On the dresser were stacked the birthday gifts which he received. Although hospital authorities aren't certain yet just how serious John Harvey's eye is injured, the parents and the boy are hopeful that no permanent injuries will result.

DINNER BY LIGHTNING

HAMBURG, Germany, March 26. (AP)—Goose dinners from the sky descended on a British zone village during a thunderstorm. Lightning struck a flock of 200 snow geese and nearly 40 of the birds dropped dead at the doorsteps of the surprised and grateful villagers.

Tech Crop Judging Team Is Honored

Texas Tech's international crop judging team last night was honored at a banquet held by the college Plant Industry club at Hilton hotel with more than 125 members and guests attending.

Judd Morrow, faculty sponsor of the club and coach of the judging team, presented gold medals to Miss Camille Stevens, Robbie Gill, Howard Taylor, and L. W. Rosebaum, members of the team. The Tech judgers placed second in international contests at Chicago.

The principal speaker for the evening was W. M. Nixon, 1935 Tech graduate who at present is regional agronomist for the Soil Conservation service with offices in Fort Worth, Nixon's subject was "Progress and What Is Ahead In Soil Conservation."

Marion Baumgardner was toastmaster. Jim Spain presented three vocal numbers, and his accompanist, Lamonte Leddy, gave a piano solo. Edward Day, vice president of the club, introduced guests, and Rosebaum reviewed activities of the club during the past year.

Special guests attending were Mr. and Mrs. Don L. Jones, superintendent of Lubbock Experiment station; Mr. and Mrs. J. R. McNeill, president of Texas Certified Seed Breeders association, Spur; David Sherrill, Lubbock county agent; Mr. and Mrs. Homer E. Hunt, Lubbock; Mr. and Mrs. Marshall Howard, district conservationist for the Soil Conservation service, and Ernie Shaw, soil specialist with the Soil Conservation service.

Mrs. Vallie L. Wells Dies; Services Set Here Saturday

Mrs. Vallie L. Wells, 49, of Lubbock route 5, died about 3:15 p.m. Thursday in St. Mary's hospital. She had been a resident of Lubbock county 14 years.

Funeral services are to be held at 2 p.m. Saturday in First Central Baptist church, with Rev. Jack A. Welch, pastor, officiating. Burial will be in Tech Memorial Park cemetery under direction of Bryan McDonald & Son Funeral home.

Survivors include her husband, Howard Wells of Lubbock; two sons, Donald and Jimmy, both of Lubbock; and her father, J. T. Duke of Sherman.

Pallbearers will be Orby Gee, Grady Burke, J. L. Edwards, A. F. Morton, Valarie Schnider, and Curtis Heald.

The NEW 54 COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season — ready for farmers who want *more* profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is *tested* and *proved* for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce *more* money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton . . .

- EARLY MATURITY — Of 25 varieties tested recently . . . "54" was *first* in percentage of crop harvested in a four-month period.
- HIGH YIELD — In this same test, "54" was *third* among all varieties in yield per acre.
- BETTER STAPLE — "54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- TESTED FOR DRY LAND — "54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"

Sold through your ginner, your seed dealer, all branches of the Western Cottonoil Co., and at Lockview Farm, Plainview, Texas.

Kaiser-Frazer invades new price field!

Kaiser... new price $1995* now world's lowest-priced big car

Our policy on prices

"It has always been our goal to put a bigger, better automobile within reach of more people. To that end, we have bought the huge factory at Willow Run, and have a great engine plant in Detroit. In Cleveland, we have acquired the world's largest blast furnace for the making of steel. Our engineering-production team and our vast dealer organization have worked overtime to reduce manufacturing and distribution costs. In line with the settled policy of our Corporation, we are giving substantial savings to the public in the form of greatly reduced prices... even sooner than we expected. Now, almost any American family can own a really big, fine car!"

Kaiser-Frazer Corporation

HENRY J. KAISER *Chairman* JOSEPH W. FRAZER *Vice-Chairman*

Happy days are here again! Today you can get a big, big 1949 Kaiser Special for only $1,995*... a saving to you of over $333.00!

Prices of *all* Kaiser and Frazer models have been materially lowered. These are by far the most sweeping price revisions the automobile industry has seen.

So, now you can buy the *big* car you've always wanted... at virtually 'little car' prices and at 'little car' economy of operation! Think of what this means to you and your family in terms of riding comfort, driving ease and *prestige!*

Go choose your Kaiser or Frazer today. Your nearest Kaiser-Frazer Dealer can probably give you immediate delivery. Fair-and-square trade-in allowances... but you do *not* have to have a car to trade to get the benefits of Kaiser-Frazer price revisions!

So, enjoy the comfort, luxury and safety of a new, 1949 Kaiser *... the lowest-priced big car in the world!*

Look what these new prices save you!

model	old price*	new price*	you save
1949 Kaiser Special	$2328.57	$1995.00	$333.57
1949 Kaiser DeLuxe	2509.01	2195.00	314.01

The Woman's Angle
By Ellen Miller

DID you know that some historians have devoted many patient hours of research to discover the origin of playing pranks on April 1? They have.

In 1760, "Poor Robins' Almanack" contributed this helpful clue:

"The first of April, some do say
Is set apart for All Fool's day;
But why the people call it so
Nor I, nor they themselves, do know."

According to one excellent source, the practice began in Sixteenth century France.

In 1564, France's King Charles IX adopted the reform calendar which decreed that the new year would begin on January first. Before that time, New Year's visits and gifts were associated with the first of April. The majority accepted the new calendar, but many Frenchmen objected to having their year altered, and they continued to celebrate on April 1.

These rugged conservatives were made the butt of many jokes. Mock gifts were sent, pretended ceremonious calls were made to the homes of the tardy celebrants, and fake invitations were sent for March 31st New Year parties.

Those who refused to accept the calendar change may have been the first "April Fools."

• • •

Christian Dior, the man who is credited with starting the revolutionary "new look" in women's clothes a couple of years ago, might have been stirring up other kinds of revolutions if he had not changed his career some 20 years ago.

When a youth of 20, Dior was intent on a diplomatic career and spent much time traveling in Spain, Italy, Germany and Scandinavia until he unexpectedly changed his mind. He opened an art gallery.

Later he studied architecture, and, in the thirties, became a fashion illustrator and, later, an assitsant to a well-known designer. He opened his own fashion house in 1947, after serving in the army during the war, and trying his hand at postwar farming for a couple of years.

GREEN THUMBS PERSIST

Members of Green Thumb, gardening organization at Carroll Thompson Junior High school, are continuing to plant flowers for later spring blooming, although their tulips and daffodils blooming recently were destroyed this week by unknown vandals.

• • •

UNCLASSIFIED

BROWNIE Troop 66 of Chris Harwell school is making a study of animals and would like very much to have copies of the Jan. 31 Life magazine, which has several colored pictures of dogs. Mrs. W. D. Scales, troop leader, will pick up the magazines if she is called at 2-3309.

A pair of silver rimmed reading glasses were found near the Animal hospital two days ago. The owner is asked to call 7737.

Spain recently played host to the Rhos choir of 85 Welsh miners, who gave concerts in various cities.

RECENT BRIDE — Mrs. C. N. Norwood, jr., above, was Miss Emma Lee Beck before her marriage Wednesday in the home of Rev. and Mrs. C. J. McCarty. She is the daughter of O. M. Beck of Ralls. The bridegroom is the son of Mr. and Mrs. C. N. Norwood, sr., of Lubbock. The bride wore a dusty-rose suit with navy accessories and a carnation corsage. She is employed at Citizens National bank. The bridegroom is an employe of Southwestern Associated Telephone company. Following a wedding trip to Austin, the couple will be at home at 1212 Fourteenth.

Sorority At Rush Party

The first of a series of rush parties was held by Zeta Delta chapter of Beta Sigma Phi sorority Wednesday night at the home of Robbie Clemmons.

Friendship bingo and group singing were enjoyed during a "get-acquainted-hour." Refreshments were served.

Rushees at the party were Anne Page, Maxine Todd, Betty Massey, Joann Edwards, Virginia Smith, Pat Marquis, Dorris Lively, Sue Onstead, Inez Ross and Mae Dell Tuel. Members were Dorothy Van Pelt, Jean Medley, Marion Lowery, Joyce Ward, Robbie Clemmons, Blanche Lanier, Floy McDonald, Phyllis Atnip, Billie Knutson, Maxine McMillin, Jimmie Lee Bolch, Dee Ashby, Mary Evelyn Kelly, Bernice Bay, Ellen Ann Foster and Mary McNeely.

The next rush entertainment is to be a "kid party" Tuesday at the home of Miss Van Pelt.

Conference To End In Pampa Today

Several persons from Asbury Methodist church are attending the annual meeting of the Woman's Society of Christian Service of the Northwest Texas conference in Pampa.

The meeting opened Wednesday night, following executive committee sessions Tuesday afternoon and night and Wednesday morning. The meeting will close today.

Those going from Asbury church were Mrs. J. E. Walter and Mrs. E. L. Lansford, delegates from Asbury WSCS; Mrs. Uel D. Crosby, vice president of the conference WSCS; Mrs. C. A. Bickley, secretary of spiritual life in the WSCS of the South Central jurisdiction, and Rev. and Mrs. H. M. Hilliard.

Today's Town Talk

MRS. R. T. BUCY of 2219 Seventeenth will be hostess tonight at 7:30 o'clock in the Chimayo room of the Hilton hotel, when she will entertain with a wedding rehearsal dinner honoring her daughter, Martha, and Julius Hegyi, bride-groom-to-be.

Pink and white gladioli will decorate the table, and about 25 guests will attend.

The bridesmaids' luncheon will be held Saturday at 1 p.m. in the home of Mr. and Mrs. John R. Pugh of Acuff community.

Mr. Hegyi and his best man, Paul Sieben, both of New York City arrived here Sunday.

As a courtesy to Miss Bucy and her fiance, Mr. and Mrs. M. C. Lindsey of Lamesa gave a dinner party in their home Wednesday night.

Among the 20 guests were the honored couple, the mother of the bride-elect, Ralph Bucy, brother of the bride-elect and Paul Sieben of New York City, best man.

Stocks and carnations decorated the dinner table and a gift of silver marked Miss Bucy's place.

Miss Frances Dalmasso, student at North Texas State Teachers college at Denton, will sing with the Dallas Symphony orchestra at Dallas tonight and will come to Lubbock Saturday to visit her parents, Mr. and Mrs. W. J. Dalmasso, 2410 Twentieth.

She will return to Denton Monday.

Mrs. R. S. Prothro, 1717 Thirty-first, will be hostess today at a bridge luncheon during the fashion show at Hector's.

Her guests will be Mesdames James Milam, T. C. Ingram, W. A. Black, Wayne Henly, Durward Mahon, Aubrey Woodfin, Conway Clingan, Ed Merriman, W. E. Hines, W. L. Pearson of Slaton, Tom McAbee, James Baker, Bill Watson, James Critz and Noel Stalnaker.

Mrs. W. Doyle Miller of Caracas, Venezuela, will arrive by plane at noon today for an extended visit in the home of her sister, Mrs. Jerry Brooks, 2101 Thirty-eighth.

Mr. and Mrs. W. R. Dean of 1301 Thirty-third have returned from visiting friends and relatives on a two weeks' trip through Arkansas, Tennessee, Virginia and Washington, D. C.

Their son, Wayne R. Dean, joined them in the nation's capital after being discharged from the U. S. Navy, following four years' service, two of which he spent in Honolulu.

Wayne accompanied his parents on their homeward trip by the way of Maryland, West Virginia, Pennsylvania, Indiana, Ohio, Missouri and Oklahoma.

Mrs. Harold Fulgham, 2710 Twenty-eighth, was hostess at a bridge luncheon Wednesday at Hector's.

Her guests were Mesdames Earl Miller, Robert Allan Hill, Brantley Malone, Curtis Hamilton, Sam Weaver, jr., Bill Bayless, James Halsey, Charles Bucy, Don Stafford, Larry Doyle, Orville Stewart, L. M. Middleton, Jack Curry, J. Burl Evans of Odessa and C. N. Cheaney.

Thursday Luncheon Honors Miss Whitacre

Miss Sylvia Whitacre, bride-elect, was honored at luncheon in the Hilton hotel Thursday by Mrs. A. C. Drake and Mrs. John Spikes. The honoree received a hostess gift of silver and a painting of one of her wedding invitations.

Color scheme of green and white was used in decorations.

Guests were Mesdames Charles Whitacre, Buddy Hughes, A. C. Jackson, Joe Bowman, G. A. Meiser, J. M. Elliott, jr., Robert Fuller, Overton Ribble, Rem Thompson, Miss Barbara Jackson, Miss Louise Elliott and the honoree.

India plans to encourage cottage industries and, as in Japan, to link them up with big industries.

Truthseeker Class Hears Rev. McCarty

Truthseeker class of Calvary Baptist church held a luncheon in the church annex Thursday.

Jimmy Ross gave the devotional, and Rev. C. J. McCarty discussed visitation. Mrs. Earl Allen spoke on WMU work. Mrs. J. W. Knight presided at the business session.

Guests were Mr. and Mrs. Ross, Mr. and Mrs. Cecil Brashear, Mr. McCarty, and Mesdames Hal Norman, J. E. Clark, Floyd Bell, Bryan Landers, Charlie Rhodes and J. C. Buchanan. Fifteen members also attended.

MRS. B. F. GREGG

Vows Read In Clovis

Miss Odessa Marie Jackson, daughter of Mr. and Mrs. H. D. Jackson, 2412 Ave. K, became the bride of Billy Frank Gregg, son of Mr. and Mrs. H. F. Gregg, 1105 Thirty-fifth, in a single ring ceremony read recently in Clovis, N. M.

Rev. Edward E. Storm was officiating minister. Miss Linda Chausse attended the bride as maid of honor, and Micky Fawcett acted as best man.

Pervy Patrick and Sam Evanson, both of Lubbock, also attended the wedding.

The bride wore a gray crepe dress with red accessories. The bridesmaid wore a brown dress with brown accessories.

It's Calendar Day!

Reporters are reminded that Sunday's Social calendar is compiled today and if announcements of next week's club meetings are to appear in it, the Society desk must be notified by 12 noon today. The meetings will be on the first Monday through Thursday and the second Friday and Saturday or April 4-9.

Deadline for Sunday Society pictures is 6 p. m. Thursday and deadline for Sunday Society stories is 12 noon Saturday.

WSCS To Sponsor Country Store

The Woman's Society of Christian Service of East Broadway Methodist church will sponsor a country store at the church today and Saturday. The public is invited to attend.

Proceeds will be added to a Sunday school room building fund.

POSTMAN HOLES UP

MEMPHIS, Tenn., (U.P.) —The wind blows strong in Charles Spangler's neighborhood, so he wasn't surprised to find the postman on the beat keeping warm inside the large postal storage box on the corner. The postman had dumped the mail into a sack on the outside and was sitting in the box.

Tour Of Homes Concluded With Six Thursday Visits

With visits to six homes Thursday afternoon, Lubbock Women's club three-day House Beautiful tour was concluded. Seventeen outstanding homes in various parts of Lubbock were visited by approximately 1200 persons during the three days. A club house building fund will receive the proceeds from the project.

In the R. H. Fulton home, Levelland road, where tea was served to 400 callers Thursday, oil paintings in the living room and den were especially noted by the visitors. The ranch style home is furnished with mahogany and walnut in the living room and with an 18th century mahogany suite in the guest room.

Blue, White On Table

The tea table was laid with a white organdy and blue linen cloth and decorated with an arrangement of Dutch iris and jonquils and silver appointments. Bouquets of roses and Easter lilies were placed on the living room desk and piano.

In the houseparty for the tea were Mesdames Alfred Crosby, C. J. Hollingsworth, J. D. Leftwich, John Mallory, D. B. Pope, jr., A. H. Faulkner, Joe McIlhaney, Fred Litton, W. A. Pettey, H. E. Archer, Sam Strong, R. L. Elms, George Turner and E. F. Alford.

Mrs. W. C. Wood was general chairman of the tour.

The advisory committee, of which Mrs. George Berry is chairman, and a group of others were in charge of ticket sales.

The Thursday tour also included visits to the James W. Spears, Fred Hackel, S. S. Forrest, jr., R. T. Canon and Arch S. Underwood homes.

CONCLUDE HOUSE BEAUTIFUL TOUR—One of the homes visited on concluding day of the House Beautiful tour Thursday afternoon was that of the R. H. Fultons on Levelland road. In the photograph above, several guests and members of the house party are pictured, left to right, they are Mesdames John Spikes, E. F. Alford, J. C. Rigney, Sam Strong, D. B. Pope, R. H. Fulton, who was hostess, J. D. Leftwich, who was at the punch bowl, and Mr. and Mrs. Marion Leftwich. (Staff Photo.)

Mrs. Clark Zachary Is Auxiliary Hostess

Mrs. Clark Zachary, 2408 Ave. T, was hostess to a meeting of the Ladies Auxiliary to West Texas Lodge, Brotherhood of Railroad Trainmen, at a meeting Thursday.

Attending were Mesdames E. G. Wylie, Lloyd Berry, Rafe Nabors, Ben Clifton, Trenton McCurry, Marvin Duncan, Jack Bennett, J. A. Nunley, N. M. Lowery, J. D. Mullins, W. D. Donald, Arno Boyd, H. F. Whitson, Paul Seay, Ervin Grady, D. R. Patterson and Olen Crump. Children present were H. F. Whitson, jr., and Alpha Nunley.

Navy Helicopter Accomplishes 'First' Loop In Unplanned Stunt

PHILADELPHIA, March 31 (U.P.) Something new in aerial acrobatics, the first known loop by a helicopter, has been disclosed by the Navy.

However, the perfect loop by a big, tandem, rotored Navy helicopter was unscheduled.

A veteran test pilot, Jim Ryan, of Green Bay, Wis., was at the controls of the helicopter during test flights.

Diving the plane at high speed, Ryan suddenly found the ship in a vertical position, nose up, a precarious spot for a helicopter. To recover, Ryan had to make a split-second decision—to loop or not.

The plane came through the unusual strain with no structural failures.

Producer Acquires Rights To Damon Runyon Tale; Montgomery Clift Picks New Script

By LOUELLA O. PARSONS
INS Staff Correspondent

HOLLYWOOD, March 31—One of the best and one of the last magazine stories Damon Runyon wrote just before his death was "Johnny One-Eye," and Ben Bogeaus has up and bought it.

"It has all the human elements of Damon's 'Little Miss Marker'," Ben says, "but with an entirely new plot twist involving a mobster, a little girl and a mongrel dog."

Just the other night we showed the new Bogeaus picture, "The Crooked Way," at the house, and I thought it was very exciting. Sonny Tufts has never been as good, and John Payne and Ellen Drew also give their best performances.

Clift Chooses Role

Montgomery Clift, who has had his pick of dozens of Hollywood movie stories, has made his choice. He is interested in starring in a remake of "The American Tragedy."

This story, written by the late Theodore Dreiser in 1925, was one of the most widely read novels of its day, and one of the most daring. The picture, made by Paramount with Sylvia Sidney, turned out to be a bitter disappointment, because the lesson, so well pointed out in the novel, was completely lost in the movie, due to censorship restrictions.

Italian Filming Delayed

From Italy comes word that so many troubles are plaguing "Pirates of Capri" that the picture is shut down and no one knows when it gets going again.

Joan Blondell is in Lenox Hill hospital, a sick girl, I'm sorry to say.

Pretty Adele O'Connor and Charlie Feldman have spring fever. Charlie is running up his phone bill telephoning Adele in Las Vegas, where she's getting her divorce.

My old friend, Taylor Holmes, has been added to the cast of "Quicksand." "I was making movies before Mickey Rooney, Barbara Baes, Jeanne Cagney and other kids in this picture were born," Taylor laughs.

Shooting Victim Recovering

Joan Evans' mother, Katherine Albert, was set to fly out from New York to be at her bedside following the freak shooting accident in a movie scene. Instead, Joan will be able to leave the hospital Friday and she will recuperate at her home in New York. Her remaining scenes for "Roseanna McCoy" can be made later.

The Laddie Sanfords and Arthur Little, jr., came on to Mocambo following his cocktail party in their honor. Ed Wynn and his pretty blonde bride also dancing to Eddie Oliver's music.

Mitchum Has Sun Tan

Robert Mitchum gets out tomorrow—but he got himself so sun-tanned on the prison farm that he may not be able to work until he "fades" a little to match up with previous shots. He's about 10 pounds thinner, too, but that can be taken care of with padding.

Robert Ryan is booked for a boxing exhibition next month with James J. Braddock, former heavyweight champion. It's a build up for "The Set Up," the fight picture. Ryan's boss, Howard Hughes, is having a fight of his own on the sidelines, claiming the producers of the much discussed "The Champion" stole the idea from his movie.

Felix Bressart, fine character actor who died suddenly last week, is being replaced in "My Friend Irma" by Hans Conreid, radio actor.

Ann Lee and Richard Charlton are certainly nabbing the Hollywood names for their Little Theater in Phoenix. William Bendix and Audrey Totter open the Sombrero playhouse in "Born Yesterday," followed by Ruth Hussey, Benay Venuta, Craig Stevens and Joan Davis' daughter, Beverly Hills, in "Philadelphia Story."

New York Policeman Covers Up Little Boy's 'Near Accident'

OLEAN, N. Y., March 31 (U.P.)—A little boy and a rookie Olean policeman have a secret.

The boy hasn't the same sled he got for Christmas but his mother isn't supposed to know.

The boy was trying out his present when suddenly it headed under the wheels of an automobile. But, the lad wasn't aboard; the policeman picked him off just in time.

The rookie then took him to a store and bought him a new sled, just like the ruined one.

The storekeeper, let in on the secret, knocked off half the price.

The mother still has the same little boy, thanks to the young policeman.

PLASTIC PUDDLERS

Smart looking overshoes for children now are plastic combinations of white with red, green or blue plastic. They are water and mildew-proof, fade-resistant and easy to wash.

A foreign oil company plans to spend $14,000,000 on housing projects alone in developing oilfields in northern Borneo.

'Retired' Atlanta Street Cars Serve Variety Of Purposes

ATLANTA, Ga., March 31 (U.P.)—Atlantans hoped they had seen the last of the city's jolting, old-fashioned street cars when the final 200 were "retired" recently. But they were doomed to disappointment.

When some of the citizens drop in on the nearest barber for a haircut or attend Sunday school in the next few weeks, they may find themselves back inside one of the old bump-buggies.

E. M. Dixon, field man for a New York concern which bought up the final batch of street cars to be replaced by modern trackless trolleys, says the old cars are going fast at $150 to $300 each.

Dixon says he has sold street car bodies to be converted into houses, barber shops, Sunday school rooms, cafeterias, diners, photo studios, clubhouses and even slumbering perches for Georgia chickens.

Even though many of the street cars began their labors as far back as 1917, most of them will be reconditioned and sent to Europe and South America for more years of hauling passengers.

Equipped with a new motor and a fresh coat of paint, the cars bring between $4,000 and $10,000 each, the New York agent said.

Three Youths Find Man's Body On River Bank Near Monahans

MONAHANS, March 31 (AP)—The body of a man was found late yesterday afternoon on the Ward county side of the Pecos river, about 100 yards from Highway 80.

The man was identified by officers as Grover William Lampey, 63. Three boys, fishing on the river, discovered the body.

A verdict of accidental death due to unknown causes was returned by a justice of the peace.

Cured Alcoholic Can Never Be Moderate Drinker, Is Claim

DALLAS(March 31 (INS) — A "cured" alcoholic can never again become a moderate drinker, in the expert opinion of Dr. E. M. Jellinek of Yale university.

Dr. Jellinek recently told a study section of the Texas Society of Mental Hygiene that a former alcoholic must either remain a total abstainer or again become a drunkard.

In a lecture on the causes, effects and aids for alcoholics, he said the steps toward the trouble usually begin with a group of social drinkers.

Seeks Temporary Outlets

One person in this group, Dr. Jellinek said, has an underlying physical disorder or mental disturbance that causes him to find temporary relief when he drinks.

This individual, Dr. Jellinek said, will gradually begin to drink more than the others in his group. He will progressively need more liquor to obtain the same degree of relief.

After a few years, although he is still not an alcoholic, this individual will begin having mental "blackouts." These blackouts, Dr. Jellinek said, were not from "passing out" but from genuine mental lapses.

Soon the drinker is needing alcohol to ease the disturbances caused by drinking. He begins to take a "quick one" before a party. Soon he is getting drunk in the middle of the day.

This stage may last for years, Dr. Jellinek pointed out, but when a person first begins to take a drink in the morning, he is losing his ability to take a drink or leave it alone.

It is at this stage that Dr. Jellinek said the alcoholic will need outside help to cure his disorder.

Alcoholics Anonymous can help with the physical manifestations of drinking, and a psychiatrist can help with the basic cause, but both are needed, he said.

The alcoholic is never cured, but he may be taught to "drink water and be happy with water," Dr. Jellinek said.

Man Worried Over Taxes Tears Wall Off San Francisco Tavern

SAN FRANCISCO, March 31 (U.P.)—A 43-year-old civilian employe of the Army had a ready explanation for tearing off the wall of a tavern here.

"I was pretty nervous, your honor," he told a municipal judge. "My wife was going to help me fill out my income tax. The deadline was only hours away.

"Then, when I was talking to her about it, she hung up!"

The judge delivered a brief lecture on the inevitability of taxes and the necessity for self-control, ordered damage payment, and imposed a 30-day suspended sentence and six months' probation on charges of drunkenness and malicious mischief.

SCOTLAND CHILLY

ROSYTH, Scotland, March 26. (AP)—British sailors of the aircraft carrier Vengeance back from the Arctic are complaining of the cold—in Scotland. They shivered because the Navy took away the special protective clothing used in far north tests.

Colgate-Palmolive-Peet's Fabulous Washing Discovery

FAB WITH SUPER-WETTING ACTION washes everything CLEANER, WHITER and FASTER than any soap on earth!

NEW INGREDIENT GETS DAD'S SHIRTS WHITER!

FAB with *Super-Wetting Action* contains a *fabulous*, new ingredient that gets white wash whiter and colors brighter! No soap scum. Even your old white wash won't get gray or turn yellow.

FAB WASHES GRIMIEST PLAY CLOTHES cleaner than any soap!

FAB with *Super-Wetting Action* penetrates materials faster and more thoroughly; *pushes* dirt *out!* FAB gets grimiest work clothes cleaner! No soap scum!

What is Super-Wetting Action?

A length of cotton thread, rolled into a ball and dropped into water, floats. When dropped into FAB and water, it sinks, becomes soaked *at once!* This shows how FAB penetrates materials faster, more thoroughly.

Yes, in hardest water, FAB washes everything cleaner, whiter, brighter and faster than any soap ever made!

You never dreamed you could get even greasy work clothes and grimy play clothes so clean!

FAB with *Super-Wetting Action* does away with soap scum. Everything...even grimiest towels...gets cleaner, whiter! FAB is SAFE for clothes...and up to twice as economical as soap in hard water!

***Super-Wetting Action* is a new, scientific washing principle.** When you wash, FAB penetrates materials faster and more thoroughly; *pushes* dirt *out!*

FABULOUS SUDS... EVEN IN HARDEST WATER!

The instant you put FAB into your tub or washer, you'll get rich *dirt-bustin'* SUDS even in hardest water!

FAB WASHES DISHES TWICE AS FAST!

No need to wipe dishes. Just wash with FAB, and rinse. FAB leaves NO soap scum to polish away. Even glassware sparkles! FAB slashes through grease as no soap can!

Faster And Better for all family wash and dishes

Retail Vegetable Prices Drop As Spring Produce Crowds Market

(By The Associated Press)

Spring vegetables poured into market centers in substantial volume this week, pushing most retail produce prices lower.

Meat prices showed little change from last week except for lamb, which edged a trifle higher in many places. Dairy prices remained firm, with grade "A" large eggs up two cents a dozen in a few large cities.

Green grocers said only cucumbers, lettuce and peppers showed overall price-tag increases this week.

Some Vegetables Plentiful

But other vegetables, like spinach, carrots, cabbage, celery, broccoli, and cauliflower, were plentiful and somewhat cheaper. Onions were described as a drag on the market.

Celery from both Arizona and Florida was said to be exceptionally good in quality this week. Asparagus, delayed by cold weather earlier, was expected to arrive in large volume by the end of the week.

California peas were beginning to arrive in eastern markets. And the first carload of Mexican cantaloupe from south of Laredo, was expected in New York by today (Thursday). Market sources said strawberries from Louisiana and Florida were selling briskly.

Several ice cream makers in the east announced price cuts of about 3 cents a quart wholesale, effective this week.

The Dun & Bradstreet wholesale food price index this week declined to $5.77 as compared with $5.79 last week and $6.75 a year ago. The figure represents the total wholesale cost of a pound each of 31 foods in general use.

Pay for it while you use it!

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Bolivian employers are warning that private enterprise cannot support the financial burden of the full legislative demands now being made by labor.

Hundreds Of People Visit Texas' Freedom Shrine Each Month

SAN ANTONIO, March 31. (INS)—When 183 or so Texans died at the Alamo, they had no idea their action would bring hundreds of thousands—Africans, Australians, Canadians—to the shrine where they valiantly opposed Santa Anna.

In January alone, 5,334 visitors signed the register at the information desk of the Alamo.

They came from every state in the union, Washington, D. C., and 16 foreign countries.

Many Notables Register

On one day in January, 350 tourists from 32 states, Canada, South Africa, North Africa, and Australia passed through the aged walls of the shrine.

At that, Mrs. R. G. Halter, member of the Daughters of the Republic and one of the Alamo hostesses, says that half the Alamo tors don't bother to register.

President Truman and his wife and daughter visited the Alamo in September. In October came Gov. J. Strom Thurmond of South Carolina. Other recent visitors include Gov. Beauford Jester of Texas, Gov. Douglas McKay of Oregon, former governor Earl Long of Louisiana, and Rose Bampton.

Mrs. Halter tells the story of a visit recently of some ancestors of the Alamo heroes:

"Four genertions of the Crockett family from Maryland came in last month to have their pictures taken with the picture of David Crockett. Not long after that, Sayers Crockett, an old trail driver from New Mexico and a descendant of Bowie from Scotland, came in."

Theodore Roosevelt recorded his name in the Alamo register in 1898.

Season For Sneezing Arrives Again For Downstate Areas

SAN ANTONIO, March 31 (INS)—A-a-achoo, 'scuse me, but the season for sneezing and wheezing is here.

San Antonio alergists report that a variety of grasses are now pollinating and going about the business of tickling people with sensitive noses.

In addition to grasses, hackberry and cottonwood trees are in bloom and the oak is almost ready to blossom.

But the crop of red noses has an assured future because the allergists agree that the pecan and mesquite will probably have an early season, as well as the false ragweed and the careless weed.

Winter wetness has produced an unusually heavy amount of airbourne mold, much of which is still in the air.

A-a-achoo, 'scuse me.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and to aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Congressman, Bird Lovers Join in Fight To Lift Restrictions On Transportation Of Birds

By HARMAN W. NICHOLS
United Press Staff Writer

WASHINGTON, March 31 — The love Bird comes to America to make love to another love bird.

Or maybe coo a little in somebody's living room. Certainly not to spread a lot of bugs around, as alleged.

All that takes a bit of explaining.

The love bird, which makes its home in Africa and South America, comes under the classification of "psittacine" birds. Along with the parrot, the Amazons, the Mexican double head, cockatoo, macaw, lories and a few others. As of now, it is supposed to be against the law to ship them across a state line or bring them in from other countries.

The professional breeders are raising cain. One claims she is losing $8,000 to $10,000 a year.

All of this prompted Rep. Norris Poulson, (R-Calif), an old psittacine lover himself, to get exercised enough to introduce H. R. 3654. It's a bill that would "forbid the imposition of certain conditions on the interstate or foreign transportation of psittacine birds."

In other words, let the birds come and go as they please, or ship 'em where you will.

Being a lover of love birds, this sent me hustling to the congressman's office to look through his mail.

Fresh in my mind was a recent story from Munich. About the Nazi parrot some wag had taught to say "heil, Hitler!!" The zoo people over there are still trying to cure the rascal. Not to mention the elephant in hearing distance which hoists her trunk in salute every time polly opens her beak. That polly is a psittacine, same as other pollys, which is probably beside the point.

Well, looking through the congressman's mail sack it became clear there was a pro and con.

Some argued the birds imported into this country brought along a lot of bugs in their tail feathers which spread, among other things, the flu and grippe.

If you've ever caught a psittacine-given flu bug, you know what I mean.

Dr. E. T. Martin, president of the California Bird Breeders and Dealers, came out with a report that, he said, would bat the bug report down. He said he could name names and cite cases. From 1938 to 1946, he said, only 13 cases of parrot or love-bird inspired "psittacosis" (that's what they call it) had been reported among humans in his state.

Virginia Miller of Sierra Madre, Calif., wrote in to say that a lot of parrots and other crooked-beaked birds she knew had been a great comfort to the disabled.

"People teach 'em to talk," she said. "It is a fine thing."

Violet A. Watson of Los Angeles, wrote to Congressman Poulson, with another argument. She said she breeds the birds and has lost $8,000 in the last year and stands to lose a lot more real quick if she can't ship what she has. Not only that, she is running out of room to keep the birds she has.

"Besides," she said, "a lot of 'em have learned to talk back—it's awful!"

'HOLDING BAG'

Confused Robber Steals Groceries

TEMPLE, March 31 (U.P.)— Groceryman Alois Lange, at the end of a busy day, picked up a small paper sack, locked his store and started home.

A negro came out of the darkness, pushed a gun against Lange's ribs and said, "give me the sack."

Lange complied silently and the gunman fled. The grocer walked a block and a half to the nearest telephone and notified police.

The negro, he reported, apparently thought he was getting Lange's receipts for the day. The sack? It contained 96 cents worth of groceries.

News Briefs

Patrolman Walter West of the city police and Mrs. West left their 2107 Fourteenth residence Thursday for Cross Plains, near Brownwood, where his sister, Mrs. Alice McNally, died. Services will be read there today, Chief of Police Lewis Kittrell had been informed. No further detail had been received here.

At the Sabbath Eve service tonight at 8 o'clock at Congregation Shaareth Israel, sermon topic will be "Modern Idolatry." Miss Geraldine Steinburg of Plainview, a member of the confirmation class of Congregation Shaareth Israel, will assist Rabbi Julius Kerman in reading of services.

Funeral services for Eddie Joe O'Neal, 12, accidental shooting victim who died Tuesday, were conducted at 2:30 p. m. Friday in First Central Baptist church. Rev. J. T. Clinton, retired Baptist minister, officiated. Burial followed in Tech Memorial Park cemetery under direction of Sanders Funeral home.

Good attendance has been reported at a series of meetings being conducted this week in St. John's Methodist church by Dr. Carradine Hooten, pastor of the First Methodist church of Oklahoma City. Meetings are held twice daily, at 10 a. m. and 7:30 p. m., and a half-hour youth meeting is conducted at 7 p. m. Sermon topics today will be "Christian Happiness" at the 10 a. m. service, and "Life's Great Option" at the 7:30 p. m. meeting.

Lubbock Student To Tour With North Texas A Cappella Choir

DENTON, March 31. (Special)— Ira Julius Schantz, son of Mr. and Mrs. Gus Schantz, 2117 Seventeenth street, is a member of the North Texas State Teachers college A Cappella choir which will launch a two-week tour April 14.

A junior majoring in voice, Schantz is member of the Oratorio Choir and the NTSC Madrigal Singers. He sang a major role in "Carmen," the Opera Workshop's presentation last fall, and has appeared in other operas at NTSC the past two years.

Highlighting the tour will be a presentation at the Music Educators National convention in Colorado Springs, Colo., April 21.

Kentucky Loses Place Among Leading 'Bluegrass' Producers

LEXINGTON, Ky., March 31 (U.P.) — Kentucky, which won the nickname of the "Bluegrass State," no longer is among the leaders in production of the pasture grass.

In fact, Kentucky now produces only a fraction of the bluegrass sced sold in this country.

In recent years, leaders have been: Minnesota, 1943; Nebraska, 1944; Minnesota, 1945, and Iowa in 1946 and 1947.

The 1948 crop in Kentucky was only about half that for the previous year.

Swiss Who Learned To Speak English Now Air Force Cadet

SAN ANTONIO, March 31. (INS) —A former lieutenant in the Swiss Air Force who couldn't speak English when he came to this country is a basic Air Force cadet at Lackland Air Force base in San Antonio.

Carl Krieg, who was a co-pilot in Switzerland, served in the Swiss army from 1943 to 1947, lived in Detroit with a cousin and attended night school to study English and engineering.

After a little more than a year in the United States he speaks English fluently. He has been impressed at Lackland by three characteristics:

The extent and thoroughness of the training course;

The food, which he says is better than that in the Swiss army;

And the summer and winter uniforms. He explains one uniform sufficed for year-round wear in Switzerland.

NOT SO MANY DOGS

SALT LAKE CITY (U.P.)—Cats here could rejoice that the city is farther from going to the dogs than it has been for a long time. O. C. Hardman, city dog license collector said the number of registered canines dropped 258 in the last year.

Twenty-Second Annual Texas Relays To Open Today

Powerful Field Teams May Shove Runners In Shadows

AUSTIN, March 31 (AP)—A horde of strong men in the field events threatens to shove the runners into the shadows as they assault the records here tomorrow and Saturday at the twenty-second Texas Relays.

Four pole vaulters, capable of hoisting themselves over the 14-foot mark, top the 1,181 athletes from 12 states.

A previously unpublicized pulled muscle by Charley Parker, Texas' fleet sprinter, may keep him from defending hit 100-yard dash title. This could wreck the Longhorns' famed sprint relay team.

Robertson Also Doubtful

Parker is one of three Texas relaymen to injure leg muscles on an uneven track at the Southwestern Recreation meet in Fort Worth two Saturdays ago.

John Robertson, the defending broad jump titlist, is a doubtful participant although he is expected to run on the relay. O. B. Chessir is definitely out, leaving Perry Samuels the only sound man on the team.

Texas has won the 440-yard relay 10 times during the last 14 years and Coach Clyde Littlefield had hopes of erasing the Relay's records of 41.4 seconds set by Rice in 1937, until the injuries hit his team.

With Texas crippled, the Nebraska team appears to be the leading choice in the 440 and 880-yard relays. Nebraska's Harry McGennis and Alan Thompson are also expected to give stubby Paul Bienz of Tulane his toughest competition in the 100 if Parker misses the meet.

Rasmussen In Vault

The entry yesterday of George Rasmussen, university of Oregon vaulter who tied for first in the 1948 NCAA meet, rounds out the best field of vaulters ever to appear at the Relays.

The other three who jeopardize the record of 14 feet 3/8 inch set in 1942 by Harold Hunt of Nebraska are Bob Smith, San Diego State star; Oklahoma's Bill Carroll, central collegiate champion, and Leonard Kehl of Nebraska, Big Seven indoor winner.

The high jump record which stands at 6 feet 7⅞ inches might well fall before Jack Heintzman, defending champion from Bradley (Peoria, Ill.); Rice's Vern McGrew, an olympic jumper, and Bob Walters of Texas.

The shot put has Rollin Prather of Kansas State, a threat to the Relays mark in the college division. The record is 52 feet ¾ inch, made by Elmer Hackney of Kansas State in 1939.

Mile Run Is Special

The top individual running event will undoubtedly be the special mile run, which featured Texas' post-graduate ace, Jerry Thompson a star of the Relays for several years. He faces his sternest opposition in Javier Montes, a Texas Mines freshman and Howard Johnston of Trinity University, a transfer from Drake.

Class of the longer races will be the Texas A. and M. mile relay crew that returns to defend the record of 3:17.2 it set last year.

Finals events in three field events will be held tomorrow afternoon—the broad jump and javelin throw in the university class and the high school high jump.

Finals in the 3,000-meter run, sprint medley in three divisions and university distance medley are also set for tomorrow. The remaining 26 titles will be determined Saturday.

★ ★ ★

Eight-Man Tech Squad In Austin

By JOE KELLY
Avalanche Sports Editor

AUSTIN, March 31 — Texas Tech's eight-man track squad arrived at the site of the famed Texas Relays here late this afternoon, and after changing into running clothes moved to the cinderpath where the track and field events will be held Friday and Saturday.

All runners were stiff and sore after a long drive in private cars, but the workout gave them a chance to limber up. After the brief session, Coach Maxey McKnight expressed satisfaction over the team.

Light clouds specked the sky here late this afternoon, but the thermometer stood at 70 and there was only a slight breeze. The forecast was for warmer weather tomorrow and diminished winds. Conditions should be ideal at meet time.

Wilson Has Taped Leg

Ben Wilson, quarter-miler and member of the mile relay team, has a heavily taped left leg, but claims that it will not interfere with his running. Wilson has a pulled muscle that has not been aided by the winds and cool weather in Lubbock.

Charley Reynolds, Border conference sprint champion, is still 10 pounds overweight and not at top form yet. He is hoping to make a good showing in the 100-yard and 220-yard dashes, his favorite events.

Championships will be decided Friday afternoon in eight events and Tech has entries in two of them, the sprint medley and mile relay. The sprint medley quartet will be composed of Reynolds, Moon Mullins, Seth Murphey, and Charley Pinnell. The mile relay will have Coston Bufkin, Joe and Ed Wilson, and Ed Clepper.

Hutcherson Is Trainer

The Sprint relay team finished third at Fort Worth last month, and the mile relay team scared Texas A&M in the mile relay before losing.

Saturday, Clepper and Pinnell will take part in the hurdles and the high jump, while Bufkin and the two Wilson boys will run the quarter mile. Reynolds, Mullins, and Murphey, at the same time, will be vying for dash places.

Earl Hutcherson, Tech freshman and former Lubbock High star, drove a carload down and is serving as trainer and manager. The squad is staying at the Hotel Driskill.

Former riding great Al Robertson considers Skylarking the most promising race horse he ever rode.

Local Golf Team Places Second In Pro-Amateur

LAMESA, March 31. (Special)—A field of 69 amateurs and 15 professionals were entered in the West Texas Pro-Amateur Golf association tournament here Thursday.

Lubbock entries in the tournament at Lamesa Country club were Pros Herb Schroeder, Lubbock Country club, and Paul Jones, Meadowbrook Golf club. Other entries included Ray Biggers, Jack Jackson, Chick Trout, Dick Stalcup, O. A. Terry, and Roy Cooper.

The top foursome scored a low ball of 61. Gene Mitchell, Plainview pro, was captain of the team, and the amateurs were Jack Williams, Plainview; E. M. Carter, jr., Plainview; and J. B. Marlow, Hobbs, N. M.

Second was the team captained by Trout of Lubbock. On this team were Les Strawn, Big Spring; Cooper, Lubbock; and Collier.

Third place went to Foy Fanning's team with a low ball of 65. Fanning is the pro at Abilene Muny course, and his team included Lou Turlow, Abilene; Charles Bailey, Big Spring; and Top Davis, Kermit.

Mitchell was the winner of the pro sweepstakes with a par 72. Red Bost of San Angelo was second with 73. Tied for third place with 74 were Fanning, Warren Cantrell of Midland, and Dode Forrester of Hobbs, N. M.

A high wind was the cause of the high scores in the tournament, according to C. W. Hogan, local pro, and the cups were placed in the most difficult positions on the greens.

Junior Track Meet Scheduled Saturday

Today is the deadline for entries in the nineteenth annual Junior High School Track and Field meet, sponsored by Lubbock Public Schools.

A large number of seventh, eighth, and ninth graders are expected to pour into Lubbock in time for the preliminaries at 10 o'clock Saturday, and approximately 400 boys are expected.

The competition will be held in three divisions, according to the grade levels, and no boy may enter an event below the division of his highest grade in school.

Three Lubbock schools have entered. They are Carroll Thompson, O. L. Slaton, and J. T. Hutchinson Junior High schools. A large number of entries are expected from each of these schools.

For the past few days the boys have been practicing at Chapman field in preparation for the meet, and time trials have been run each day. Thursday afternoon Thompson Junior High had the oval, and the boys ran through all the events.

Maxwell Noland led the seventh graders in several of the events. The 440-yard relay in the second division from Carroll Thompson will be Allen Ross, Preston Hall, Tommy Yelvington, and Jerry Walden. The 880-relay will be run by Richard Flanagan, Billy Biggs, Hall and Gerald Lloyd.

The 440-relay in the ninth grade division should be a strong contender for first place Saturday. On the team are Charles Hodges, Don Jones, Billy Tucker, and Billy Smith.

The strongest team entering appears to be Odessa, winners of the junior high division last week in Odessa.

Other schools already entered are Floydada, Slaton, O'Donnell, Andrews, and Seminole.

Ralls Independents Defeat Red Head Girls Team, 59-52

RALLS, March 31 (Special) — The Ralls Independents defeated the Red Heads, 59-52, here tonight in an exhibition basketball game before a packed house.

The victory was well-received by the local fans because the Red Heads have one of the best teams in the world, womens team that is. But they play according to rules set down for men, and they have a powerful aggregation.

Perhaps this is one of the few times in history when five men had the last word where five women were concerned.

Michigan State College's Chuck Davey, three-time NCAA 135-pound boxing champ, has a brother, Bert, who is out for the college team.

LUBBOCK MORNING AVALANCHE
Sports
PAGE EIGHT. LUBBOCK, TEX. FRIDAY, APRIL 1, 1949

CLEVELAND GARDENERS—Among the diamond stars to be seen at Rosenthal Field Tuesday will be the Cleveland outfielders pictured above. Left to right, are Bob Kennedy, Larry Doby, Allie Clark and Dale Mitchell. The Indians will meet the Giants in one of their exhibition games and indications are that the New Yorkers will have to do some powerful ball handling in order to trim the world champions.

Tilt To Preview 1949 Raiders

Ducats For Fun Night Are Selling Rapidly

Tickets for the Double T Sports Parade at Jones stadium Saturday night, April 9, have been going far above expectations.

Teams of basketball and football players went through the downtown area Thursday selling the ducats to merchants and their personnel, and the tickets were going like hot cakes.

Leading the ticket sales were Marshall Gettys and Bill Banks. Great interest is being created for the Sports Parade, a preview of the 1949 Red Raider football team, and calls from Ralls, Littlefield, and Petersburg have come in for tickets.

Tickets may also be purchased at the Tech athletic office. Next week a booth will be set up in the lobby of the Hilton hotel.

The two teams will be under the direction of Coaches Bill Kelley and Glenn Lewis. Kelley, who formerly played end at Tech, will coach the Ranchers, and Glenn Lewis will guide the Farmers.

Both coaches have been optimistic and have considered giving the other team points to make the game more even.

A sidelight of the game will be the between the half show which promises to be nothing short of a three ring circus. Prospects are for a slam-bang performance.

Tickets have been on sale since Wednesday. Price of adult tickets is $1. Student tickets may be bought for 60 cents, and children under 12 will be admitted free if accompanied by an adult.

Lubbock High Golf Meet Set Saturday

The annual Lubbock High school Westerner invitational golf tournament will be held Saturday at Lubbock Country club, and at least seven teams will enter.

Each school may enter six boys, but four have to be designated as a team. Play will begin at 10 Saturday morning, and golfers are urged to be at the club early so no delay will occur.

The morning round will be 18 holes, and the same number will be played in the afternoon.

Winner of the team trophy last year was Abilene with a team score of 645 strokes. In second place was Amarillo with 664, and Lubbock finished third with 670. The medalist was Bobby Maxwell, Big Spring, with a 36-hole score of 149.

Entered in the meet are Plainview, Amarillo, Abilene, Midland, Pampa, Lubbock, and possibly Odessa. Invitations were also sent to Borger, Big Spring, San Angelo, Sweetwater and Lamesa.

Texas Aggie Freshmen Edge Rice Institute Fish, 3-2

COLLEGE STATION, March 31. (AP)—Bob Tankersley shaded Walt Deakin in a pitching duel here this afternoon as the Texas A&M freshman baseball team trimmed the Rice Owlets 3-2.

Tankersley fanned 11 and yielded the Owlets three singles. Deakin held the winners to a single and double, but nine walks and five errors by teammates proved his downfall.

Dallas Man Posts High Singles Score In Bowling Tournament

ATLANTIC CITY, N. J., March 31 (AP)—L. E. Kerr of Dallas, Tex., today posted the high singles score of the 48th session of the American Bowling Congress tournament, but he was 65 pins short of first place in the standings.

Kerr had a 268, 179, 204 series of 651. Bernard Rusche of St. Bernards, Ohio, is the singles leader with 716.

Bill Hasenauer of Elizabeth, N. J., scored the next best singles series, a 220, 222, 190, for 632.

Texas Trounces Bears, 10 To 4, In SWC Opener

AUSTIN, March 31 (AP) — The Texas Longhorns blasted Baylor 10-4, here today in their first Southwestern Conference game of the season.

Texas raked three Baylor pitchers for 12 hits—including three doubles and a pair of home runs. Meantime, Murray Wall allowed the Bears eight hits, and had a two-hitter going into the eighth.

Ed Kneuper homered over the right field wall with two aboard in the first inning. That put the Steers ahead 3-0, and they coasted in from there. In the fifth frame Tom Hamilton slapped a four-bagger over the right field fence with one man on to make it 7-0.

Texas got seven hits and five runs off lefty Fred Copeland in four innings. Leroy Jarl replaced him in the fifth and was tagged for three hits and three runs—including Hamilton's homer. Hamilton also had a double and a single.

James Blair, third Bear pitcher to perform, followed Jarl in the sixth and held Texas to two hits and two runs the rest of the way.

After getting only two scratch singles in seven innings, Baylor tagged Wall for two runs in the eighth on a pair of doubles and a single. In the ninth Buddy Parker homered with one man aboard to score two more runs for the Bears.

Directors Named For Women's Golf Club

Directors of the Women's West Texas Golf association will gather for their annual meeting Sunday at the Lubbock Country club, scene of the 1949 tournament.

Presiding at the session will be Mrs. Howard Edmiston, Brownwood Country club. The meeting will start at 10 a. m. Sunday, with a luncheon afterwards, Mrs. Edmiston said. Complete plans for the 1949 tourney, slated June 14 through June 19, will be laid, as well as routine business of the association.

Hostesses will be Mrs. T. E. Patterson, Mrs. Fenner Tubbs and Mrs. J. Hooper Stiles, directors from Lubbock. Mrs. Stiles is secretary of the group.

Those expected to attend, other than Mesdames Edmiston, Patterson, Tubbs and Stiles, are: Mrs. J. H. Lockaby, vice president, and Mrs. Hezzie Carson, San Angelo; Mrs. Rita Kassener, Sweetwater; Mrs. Tillie Smith, Breckenridge; Mrs. Ed Dietz and Mrs. Giles P. Day, Colonial Country club, Fort Worth; Mrs. Reet Anderson, Del Rio; Mrs. Vic Williams, Plainview; Mrs. Hugh Tull, Amarillo; Mrs. Hubert Ingraham, Abilene; Mrs. Bonnie Autry, Odessa and Mrs. Sybil Flournoy, Midland.

INDIANS WHIP TRAVELERS

MARSHALL, March 31. (AP) - The Oklahoma City Indians of the Texas league whipped the Little Rock Travelers of the Southern Association 4-1 here today on 11 hits.

The Abilene Christian College Wildcat football team probably established a record in the fumbles department last year. They fumbled 45 times and lost the ball on 20 of those occasions. The Wildcats finished the season with a won 5, lost 3, and tied 1 record.

Westerners Crippled For Big Spring Track Meet

Hopes for a first place in the Big Spring Relays for Lubbock High school's track team were virtually gone Thursday with the announcement that Charlie Williams would be on the side lines.

Taking the doctor's advice, Coach Fred Brown decided to let Williams remain idle this week and hope that he will be ready for the meet here next weekend.

Back at practice but still weak is Wayne Stroud, who ran the dashes and appeared on the 440-yard relay team. Malcolm Young was limping badly in practice Thursday and may not be able to run.

Decker May Star

Perhaps the only victory in the track events will come from the flying feet of Donald Decker. He has been running the 100-yard dash in good times this week, turning in a 10.4 and a 10.5. In addition he is a threat in the low hurdles.

In early spring practice it appeared that the Westerner cinder squad would have a very fast 440-relay team and be strong in the dashes, but the toll of injuries reduced the sprinters to just so many track men. But with good weather and the recovery of the injured speedsters the high school squad may come through before the season ends.

Rawls Paces Low Hurdles

Yesterday the 440-relay team turned in an unimpressive 46.5 in that event, and Eddie Goetze ran the 440-yard dash in 54.5. Also showing up well in the low hurdles was Donny Rawls, switched over from the high hurdles.

The workouts in the field events have not been emphasized very much this week, but today the boys are likely to settle down and try for some heights and distances.

The high jumpers loosened up but did not put the bar too high, and no trials were made in the pole vault. On Wednesday W. J. Blake, who tied for first with Alfred Adair at Odessa last week at 10 feet, 6 inches, was unable to clear the bar at a foot below that height.

But on Saturday he is likely to be in form again. Adair should give the Westerners a few points in the high jump and the pole vault.

Perhaps a few more might be picked up by Douglas Ross in the discus. And Morris Moyers, who finished fourth in the shot-put at Odessa, might come through with another place.

But it will take more than a few places to win a track meet, and from all appearances the Westerners will have another lean day at Big Spring Saturday.

Top scorer among football players in the Texas Conference for the past three seasons has been V. T. Smith of Kelso, Washington, Abilene Christian College's Little All-American halfback. He was also chosen All-Conference three consecutive years.

Westerners Meet Childress Today

Today at 4 o'clock the Westerners meet Childress High school in a seven inning practice baseball game at Chapman field diamond.

Little is known about the Childress team, but it has been reported as a strong aggregation capable of giving the Westerners stiff competition, something that has been lacking in earlier games.

In five practice tilts so far the Westerners have taken all of the games. Four of the contests were won by one-run margins, and errors contributed greatly to the victories.

Hitting and fielding practice constituted the bulk of the practice Wednesday afternoon at Chapman field, and the boys seem to be in good shape although Bobby Brown has been hampered with an ankle injury and Pitcher Jim Wilson was not at practice.

Starting on the mound for Lubbock will be Lefty Bennie Day. The young portsider has shown lots of hustle in practice the last few weeks and has developed into a good hurler although a little wild at times. He is only a sophomore and has two years for development.

Probable starters are Morris Turner, catcher; Jessie Fullerton, first base; Charles Galey, second base; Powell Hinson, third base; Bobby Brown, shortstop; Jimmy Richards, left field; Garnet Reeves, center field; and Jimmy Sexton, right field.

WHAT'S IN A PALM—Yankee manager Casey Stengel is shown examining the hands of catcher-outfielder Yogi Berra at the St. Petersburg, Fla., camp of the New York Americans. It's undecided which position Berra will play, but Casey intends to keep the Yogi's potent bat in the lineup.

Abilene, Lamesa Meet In 3-AA Tussle Today

LAMESA, March 31 (Special) — Lamesa and Abilene High school will clash in a District 3-AA baseball game in Abilene Friday afternoon at Blue Sox stadium. The game was originally scheduled to be played here at Lobo diamond.

Abilene's Eagles were upset winners over a strong San Angelo team in their opener, defeating the defending champions, 4-2. The light-hitting Eagles were beaten, 6-5, by Odessa in their second start, however.

The Golden Tornadoes lost to Odessa, 7-10, in their first outing on a windblown field and will be trying to even their record.

Right hander Bill Hart will likely get the starting nod against the Eagles, but Coach Jack Wetzel's mound choice may be Royce King, a left hander.

The Tornadoes will be at full strength fo rthe game with the return of Walter Massengale to the regular catching position after a siege of measles.

Other probable starters aer Warren Massengale, first base; Ronald Chapman, second base; Larry Lattimore, third base; Lewis Duncan, shortstop; Frank Rose, left field; Delbert Dickenson, center field; and Bill Cox or Edwin Thomas, right field.

Paumonok Handicap Will Open 1949 New York Racing Season

NEW YORK, March 31 (INS)—The 1949 New York racing season will get under way tomorrow with the opening of the Jamaica meeting.

The $25,000-added Paumonok Handicap, the six-furlong feature, has attracted 15 entries.

My Request, which has been assigned topweight of 130 pounds, showed his best form at New Orleans during the winter and is ready. Better Self, last year's winner, has worked fast after his winter's layoff. One of these two probably will be the favorite.

Ben Hogan Is Returning To Home In Fort Worth Today

EL PASO, March 31 (AP)—Ben Hogan, the 1948 golf champ, is returning to his Fort Worth home tomorrow. His wife announced they would board a train tonight and arrive in Fort Worth at 4:20 p.m. Friday.

Hogan has been in a hospital here since Feb. 2 when he was seriously injured in an auto-bus crash. Mrs. Hogan said he is much improved now and hopes to be puttering around in his Fort Worth garden in a few days.

Boys Club Nine Blanks Tech Team

Boys Club defeated Texas Tech Independents, 3-0, in a five inning baseball game at the club diamond Thursday on the no-hit pitching of Jackie Martyn. He fanned 11 batters.

Martyn allowed only two Tech men to reach first base, one on a walk and one by being hit with a pitched ball. M. D. Stevens caught for the winners.

The Boys Club nine collected only four hits in winning the game, but they were timely and pushed the runs across. Jackie Cook, playing second base, led the attack with two singles in three trips to the plate, and Jack McClarty batted in one run with a single.

Glenn Lewis worked the full distance on the mound for the Independents, and Joe Coffee was the catcher.

Today at 4:30 Boys Club plays Levelland, and Saturday the team journeys to New Home for a return match. Joe Hall is scheduled to start today for Boys Club, and Carroll Walker will be the probable starting pitcher against New Home.

Independent Nine Holds Daily Drill

The Hawks, an independent team of boys of ages 12-16, have been having daily practice sessions at Apache field at Ninth and Avenue N.

Last summer the Hawks, then the Apaches, won five games while losing three, and this year the team should be much better.

The line-up includes Manager Billy Clark, first base; John Ratcliff at second; Rex Phillips, third; Harold Holden, shortstop; Wayne Putman, left field; Marvin Dunagan, center field; Robert Webb, right field; Roy Day and Jimmy Clark, catchers; and pitchers Donald Dunagan, Harry Woods, Gary Meador, and Kenneth Gordon.

Si Gooden Elected To Office In Trapshooters Association

Si Gooden, manager of the local gun club, was advised by letter Wednesday of his election as vice-president of the State Trap-shooters association at a meeting in Houston.

The honor came as a surprise to Gooden who is active in trap and skeet shooting in Texas. At present he is concerned with the building of a five range shooting field at South Plains Air Field. Two trap ranges and three skeet ranges are under construction.

The annual state meet of the trap shooters association will be held in Houston April 20, 21 and 22.

Lubbock Player Gets First Base Job

Beaumont Impressed With Bob Marquis

CUERO, March 31. (Special) — Latest reports from Cuero, Tex., spring training site of the Beaumont Exporters, indicate that Bob Marquis of Lubbock has all but nailed down the regular first base job with the Texas league club.

Marquis still is the only first baseman on the Exporter roster and Beaumont newspapers quote League President J. Alvin Gardner as being highly impressed by Marquis' performance in spring training. After seeing the Lubbock boy in two practice games, Gardner was quoted as saying "It seemes to me that that boy is going to be one of the fastest players ever to perform in the league. I like the way he plays first base and I think he is going to make Beaumont a good player.

A picture and brief item on Marquis also appeared in the spring edition of the Pic Quarterly Baseball magazine, now on the newstands.

HARVARD FIRES COACH

CAMBRIDGE, Mass., March 31 (AP)—Harvard university tonight fired basketball coach Bill Barclay. In a brief statement Athletic Director William J. Bingham announced Barclay's "contract will not be renewed."

Texas Aggies Drub Rice Nine, 7 To 0

HOUSTON, March 31 (AP)—Pat Hubert gave up only two singles today as he hurled Texas A&M to a 7 to 0 shutout over the Rice Owls.

It was the opening Southwest Conference baseball tilt of the season for both clubs.

Hubert permitted only five Rice players to reach base and none of them reached second.

The Aggies scored four runs in the first inning on a triple by Wally Moon, doubles by Bobby Fretz and Herschel Maltz, a single by John DeWitt and an error by Rice catcher, Bobby Willard.

Three more runs were added in the fifth on two walks, an error by Bill Bishop, the Rice pitcher, singles by Moon and Guy Wallace and a triple by Cotton Lindloff.

LEVINE'S

Churchill Says A-Bomb Blocks Moscow's Plans For Expansion

(Continued From Page One)

charge of our mission and our duty, fearing God and nothing else" the crowd rose and cheered.

Heralds Unity

The U.S. Marine band then struck up "The Star Spangled Banner' and Churchill sang it lustily while the crowd stood silent.

Just before leaving the platform Churchill won another round of applause.

Beaming broadly, he came to the front and responded to the cheers with his famous "V" sign.

Churchill heralded the unity of the "free nations" and declared:

"This unity is our present salvation.

"We need not abandon hope or patience," he said.

"Many favorable processes are on foot. Under the impact of Communism all the free nations are being welded together as they never have been before and never could be, but for the harsh external pressure to which they are being subjected."

Strong Nerves Needed

Over and again, Churchill said "We have no hostility to the Russian people" and asserted:

"We seek nothing from Russia but goodwill and fair play."

But, he warned:

"If, however, there is to be a war of nerves, let us make sure our nerves are strong and are fortified by the deepest convictions of our hearts.

"If we persevere steadfastly together, and allow no appeasement of tyranny and wrong-doing in any form, it may not be our nerve or the structure of our civilization which will break, and peace may yet be preserved."

Red Policy "Astounding"

While calling these times a "darkling hour," Churchill heralded the Marshall plan, the "new unity in Western Europe" and the Atlantic pact.

He said:

"No one could however have brought about these immense changes in the feeling of the United States, Great Britain and Europe but for the astounding policy of the Russian Soviet government."

"We may well ask," said Churchill, "why have they deliberately acted so as to unite the free world against them?'

"It is certainly not because there are not very able men among them. Why have they done it?"

Fear Friendship

And, then Churchill offered what he called his own answer to "this strange conundrum."

"It is because they fear the friendship of the West more than its hostility.

"They cannot afford to allow free and friendly intercourse to grow up between the vast area they control and the civilization of the West.

"The Russian people must not see what goes on outside, and the world must not see what goes on inside the Soviet domain."

"Thirteen men in the Kremlin, holding down hundreds of millions of people and aiming at the rule of the world, feel that at all costs they must keep up the barriers.

"Self preservation not for Russia but for themselves, lies at the root and is the explanation of their sinister and malignant policy."

Must Not Despair

Churchill said the United Nations has "so far been rent and distracted by the antagonisms of Soviet Russia and by the fundamental schism which has opened between Communism and the rest of mankind.

"But," he declared, "we must not despair. We must persevere, and if the gulf continues to widen, we must make sure that the cause of freedom is defended by all the resources of combined forethought and superior science.

"Here," he said, "lies the best hope of averting a third world struggle, and a sure means of coming through it without being enslaved or destroyed."

Christian Ethics Still Guide

Britain's elder statesman—a symbol of the tenacity of Britain in World War II—said "the flame of Christian ethics is still our highest guide."

Later in his address he asserted:

"We are now confronted with something quite as wicked but in some ways more formidable than Hitler, because Hitler had only the Herrenvolk pride and anti-Semitic hatred to exploit. He had no fundamental theme.

Fifth Column Hit

"But," said Churchill, "these 13 men in the Kremlin have their heirarchy and a church of Communist adepts, whose missionaries are in every country as a fifth column, awaiting the day when they hope to be the absolute masters of their fellow-countrymen and pay off old scores.

"They have their anti-God religion and their Communist doctrine of the entire subjugation of the individual to the state.

"Behind this stands the largest army in the world, in the hands of a government pursuing imperialist expansion, as no czar or Kaiser had ever done."

Just three years ago at Fulton, Mo., Churchill continued, he warned of what was to come when he denounced Moscow for clanking an "iron curtain" over eastern Europe from Stettin in the Baltic to the Adriatic.

WHITESIDE GETS POST

FORT WORTH, March 31. (AP)—A. B. Spain, jr., of Fort Worth was elected president of the Texas Laundry and Dry Cleaning association today at the concluding session of a joint convention with the Oklahoma Laundry Owners association here. New directors include H. C. Buchanan, Waco; Clarence Whiteside, Lubbock; A. C. Skinner, Corpus Christi; J. B. Price, Kilgore and Slater and Henckels.

Mexico put teeth into its milk sale law, to assure pasteurization of all milk.

Area Elections

(Continued From Page One)

Biggerstaff, William H. Wood, and W. B. Strange, jr.

For the mayorship, the incumbent, Dr. J. R. Durham, is opposed by Dr. W. A. Schaal.

Crosbyton To Fill Posts

Other Lynn county school districts will have trustee elections Saturday, including O'Donnell, Grassland, Newmoore, and Midway.

Two board members will be elected to the Wilson school board from among the following candidates: B. W. Hobbs, Chester Swope, and E. O. Montgomery.

At New Home, the following candidates seek election to two vacant school board posts: Harlan Dean, Roy L. Williams, D. W. Hancock, D. C. Caudle, L. F. Taylor, and Weldon McClintock.

At Crosbyton, three school board posts are to be filled. Seeking election are Dr. M. R. Snodgrass, Rex Wheeler, who seeks re-election to the board; Leslie Mitchell, and J. C. McNeill.

In the Crosby county school board, Willard Richardson and W. H. Kirksey seek re-election from precincts 2 and 4 respectively.

New Setup At Post

An entire new group of trustees will be named Saturday at Post as a result of consolidation of two common school districts with the Post school district. Candidates for the seven posts are W. M. Kirkpatrick, George Tillman, Paul Jones, Earl Rogers, Raymond Redman, and Jack Kennedy, all of whom seek re-election; and James Minor, Monta Moore, W. S. Land, Rev. A. D. Bryant, Robert Cato, O. G. Hamilton, and Dowe Mayfield.

Incumbents who seek re-election in the Post municipal election next Tuesday are unopposed. They are John T. Herd, major; and Vachel Anderson and Dr. Glenn Kahler, commissioners.

Full Slate At Morton

Other school districts, both consolidated and common, in Garza county, will have trustee elections Saturday, among them Justiceburg, Garnolia, Graham, Verbena, Grassburr, Southland and Close City.

Morton voters will name three trustees Saturday from the following candidates: Roy Hill, A. R. Lindsey, George Igo, C. D. Ray, Raymond C. Ross, B. R. Stovall, E. V. Thompson, and Pete Todd. Igo, Ross, and Ray seek re-election to the board.

At Bledsoe, C. O. Bryant and H. H. Rosson are candidates for two board posts of that school district. Whiteface is to elect seven new board members, due to consolidation with Lehman school district.

Three trustees are to be named to the Cochran county board, including one trustee at large.

Three candidates are seeking election to three posts on the Matador board of trustees. Candidates are Clovis Murphy, Curtis Graham, and Frank Pohl. Three posts on the Motley county school board are to be filled by as many candidates.

School board elections are slated for Saturday at Northfield, Flomot Rural High school, and Roaring Springs Rural High school, all in Motley county.

Matador will have a municipal election next Tuesday, at which time principal offices of the city government will be occupied entirely by ex-servicemen.

Three ex-servicemen candidates, who are not opposed, are seeking three city council posts. Candidates are John Briscoe, Loyd Latimer, and Joe Campbell. Two other councilmen, Albert Rattan and O. V. Johnson, are veterans, as is Matador's mayor, Douglas Meador. The latter two councilmen and Meador are not up for re-election.

At Levelland, two candidates are unopposed for two school board posts. They are Vance Sibley and Percy Cole.

In Tuesday's city election at Levelland, Kenneth Harper is an unopposed candidate for mayor. Candidates for city council posts are Homer Johnson, D. N. Bills, O. C. Woodson, and Gene Yeager, all of whom seek re-election.

Three trustees will be elected to the Floydada school board. Mayor and five aldermen will be named at Tuesday's municipal election there.

Two trustees will be named to the Floyd county school board.

At Lockney, two candidates seek two school board posts. Candidates are Hershel Carthel and Henry Schacht. In Lockney's city election next Tuesday, all incumbents are unopposed. They are G. M. Brunnier, mayor; J. B. Seale and J. E. Cox, aldermen; and Mrs. Faye Messer, city secretary.

Four candidates seek two school board posts in the Seminole school district. Candidates are Vivan Wilson, and Joe Britton, both of whom are up for re-election; and J. B. Walden and Thomas Burrows.

Tech Rodeo Opens

(Continued From Page One)

a bareback riding contest.

Calf roping and girls goat tying will follow on the program. Saddle bronc riding and ribbon roping are next up. Then comes the clover leaf barrel race with Tech cowgirls competing. Team tying is next, followed by Buddy Heaton, of Kansas, a nationally known trick rider and rodeo clown. Heaton is a highlight in this year's rodeo. The final event is brahma bull riding.

The final rodeo program will be presented at 2:30 p.m. Saturday. A dance in Tech gym Saturday night at which the best all around cowboy and cowgirl will be crowned, will mark the official close of Tech's Western days.

REGISTERING FOR ASME MEETING—Representatives of eight engineering schools of the college division of Louisiana and Texas are to gather here today for a regional meeting of the American Society of Mechanical Engineers to be held at Texas Technological college. Two of the advance guard of delegates are pictured above as they registered for the convention. The boys standing, left to right, are: Grady Hall and Chester Gist, both of Louisiana Tech at Ruston, La. Seated at the table are Tech students registering the visitors, left to right: Weldon Waln, Lubbock; Glenn Bullock, Amarillo; and Eddie Sumrall, Clovis, N. M. (Staff Photo.)

ASME Delegates

(Continued From Page One)

banquet which will be held in the Hilton hotel at 6:30 p.m. Friday evening.

Saturday's session will include, besides the second series of the talks, a noon luncheon at the Cactus Inn and two fields trips that afternoon. One of the trips will be to the Southwestern Public Service plant at Tuco and the other will be to the West Texas Gas company's pump stations at Plainview.

The convention will close with the banquet Saturday night. Bob Dyer, head of the Tuco plant will be the guest speaker Saturday night.

Delegates are expected from Texas A&M, Texas university, Southern Methodist university, Rice, Tulane, Louisiana State university, Louisiana Polytechnic, and Texas Tech.

Rent Study Set

(Continued From Page One)

lards who may not be obtaining an adequate net operating income. The law leaves it up to the housing expediter to determine what is a fair net operating income. It clearly does not . . . mean a general rent increase for all tenants."

The housing expediter, listing the same eight "improvements" as Mr. Truman did after signing the rent bill, explained why they strengthen rent control. His analysis included:

Black Market Hit

Federal recapture of eviction control authority makes it possible to curb the black market which has flourished. Another weapon against the black market is power given the expediter to sue for triple damages in cases of rent overcharges.

Government power to decide whether "conversions" actually provide more living units, and therefore deserve rent decontrol, will prevent "evasive practices" common under the old law.

Termination of the so-called "voluntary" 15 per cent increases, under which tenants and landlords could "agree" to the hike, removes a source of pressure on tenants fearful of reprisal if they did not "agree."

Federal authority to subpoena records assures thorough investigation of complaints.

Acheson, Bevin Meet

(Continued From Page One)

which will extend through next week—was secret except for a brief announcement on which the two men agreed. It said:

"The secretary of state reviewed with Mr. Bevin a number of European questions of common concern. In particular, they gave general consideration to the problems of western Germany and exchanged views on the situation in Greece. The secretary of state and Mr. Bevin met in order to have a general exchange of views on these subjects and no decisions were taken at the meeting."

Both Bevin and Acheson were understood to be confident that the German issues can be worked out and they expect success in meetings which they will hold next week with French Foreign Minister Robert Schuman.

The principal problem before the western powers at the moment apparently is to reach final agreement on their policies concerning how much real power should be placed in the hands of the proposed western German government.

Arms Program Delay

(Continued From Page One)

retary of State Acheson and Secretary of Defense Johnson hope to be able to give Congress a good picture of military plans for Europe before the Senate acts on the treaty.

The arms program thus will figure prominently in the Senate's treaty debate, and provide a test of sentiment to guide leaders in deciding whether to go ahead with military aid plans in the present session.

If Congress adjourns the regular session in July without acting on the European military program, there will be the possibility of a special session later in the year.

It would be expected that President Truman would call Congress back if European developments pointed to the necessity of prompt congressional action to bolster western European defenses.

Otherwise, the issue could be left for consideration next January.

Congratulations To:

Mr. and Mrs. L. L. Collier of 1047 Ave N on birth of a daughter weighing 6 pounds 10 ounces at 3:28 a. m. Thursday in Lubbock Memorian hospital. The father is employed by Whiteside Linen supply.

Mr. and Mrs. W. T. Kidwell of Tahoka on birth of a son weighing 8 pounds 4½ ounces at 3:50 p. m. Thursday in Lubbock Memorial hospital. The father is a groceryman.

Mr. and Mrs. C. R. Armstrong on birth of a daughter weighing 7 pounds 8 ounces at 12:35 p. m. Thursday in West Texas hospital. The father is an accountant for the Veterans administration.

Mr. and Mrs. D. C. Brock of 1802 Seventh on birth of a son weighing 6 pounds 3 ounces at 6:21 p. m. Thursday in West Texas hospital. The father is rate clerk for Miller and Company.

Mr. and Mrs. A. J. Becker, jr., of Lubbock route 7 on birth of a daughter weighing 5 pounds 8½ ounces at 11:55 p. m. Wednesday in West Texas hospital. The father is employed by Ohlenbusch Oil company.

Mr. and Mrs. D. D. Stringer of Amarillo on birth of a daughter weighing 6 pounds 12 ounces at 9:31 p. m. Thursday in Lubbock Memorial hospital. The father is employed by Southwestern Bell Telephone Co.

Tax Hike Urged

(Continued From Page One)

tion threat.

In reply to other questions, the President said:

1. Dr. Edwin G. Nourse is not resigning as his chief economic adviser, despite a severe split in the three-man economic council over basic purposes and policies.

2. He will ask that Federal Reserve board controls over consumer installment credit be continued beyond their June 30 expiration date. He said these controls are necessary and the board is not planning to relax them, beyond its action early this month.

3. He will favor a U.S. loan to develop Mexican oil if he receives a favorable recommendation from government officials now conferring with Mexican officials.

4. He is still backing former Washington Governor Mon C. Wallgren for chairman of the National Security Resources board, despite the Senate Armed Services committee action in pigeonholing Wallgren's nomination.

5. None of those mentioned as prospects for U.S. ambassador to Moscow is under serious consideration now. They include Jefferson Caffery, present ambassador to France, and Dr. Ralph G. Bunche, acting mediator of the Israel-Arab Palestine dispute.

The President laughingly said he had received a long-winded telegram from "the real estate lobby" giving him all kinds of popcorn for signing the rent control bill. He declared this confirmed his statement that the bill was a "defeat" for the lobby.

Plane Crashes

(Continued From Page One)

They said the seventh man probably had "hitch-hiked" a ride.

Plane Gave Lurch

Earlier reports that some of the crew members had parachuted from the plane were erroneous.

Dow, 52, and his party, were flying to Boston, Mass., in a company plane. Campbell said the crash came without warning. Airport officials said icing conditions may have caused the accident.

"We knew the weather was bad," Campbell said, "but there seemed to be no cause for alarm. My wife was sitting beside me. Suddenly the plane lurched and in a matter of seconds we struck something and bounced.

"I tried to drag her from the plane but the flames became so hot I lost my hold. I just managed to crawl out of the wreck before the cabin was a mass of flames."

Lubbock Pastor Gives Keynote Speech At Abilene Baptist Meet

ABILENE, March 31 (AP)—The fifty-ninth annual Texas Baptist Training union convention opened here today with 5,816 persons registered.

The figure is expected to reach 8,000 by closing time Saturday noon.

The messengers packed Rose field house at Hardin-Simmons university to hear the keynote address by Dr. Ralph Grant, pastor of the First Baptist church of Lubbock. The morning sermon was by Dr. Robert G. Lee of Memphis, Tenn., president of the Southern Baptist convention.

Other speakers included Dr. T. C. Gardner of Dallas, convention director, and Dr. Guy Newman of Denison, president of the training union.

Delegates were welcomed today by Mayor B. R. Blankenship of Abilene and Dr. Jesse Northcutt, pastor of the Abilene First Baptist church.

IN CAPSULE FORM
News Briefs

Charles A. Renfroe, lecturer in the Texas Tech geology department, is the author of a book entitled "Petroleum Exploration in Eastern Arkansas," which has been published by the Arkansas Geological society.

Eleven members of the Lubbock Optimist club last night attended chartering ceremonies of the Midland Optimist group, held in the Scharbauer hotel in Midland. Making the trip from Lubbock were G. C. Stewart, J. B. Adams, Dave Dawkins, Charles Greer, J. W. Chapman, Dr. Ralph Underwood, H. P. Watkins, B. H. Bird, Frank Todd, J. Holland Cox and Paul Yancey.

The choir of Bethel A. M. E. church, 1801 Ave. B, will present its annual musical in the church auditorium at 8 o'clock tonight. Theme of the musical is "We, Too Are America," and through narration and music itself will be illustrated the progress of the negro in education, science and invention, literature and music, and military service. Rev. T. B. Reese, pastor, has invited the public to attend.

Mr. and Mrs. L. R. Rodden, of 413 Ave. H, who were injured in a collision of two cars at Twenty-third and Texas Ave. Wednesday night, were reported in satisfactory condition last night in West Texas hospital. Mrs. Rodden, 35, suffered a laceration of the right leg and a chest injury. Mr. Rodden, 38, was treated for a deep laceration of the right knee, another cut above the eye and a strained neck and shoulder.

City firemen were called at 9:40 p.m. Thursday to a negro residence at 2303 East Ave. F. An overheated flu from a stove was believed to have caused the fire, they said. Damage was not heavy, reports indicated.

Chloe Dell Hyman, of near Cotton Center, was given emergency treatment for minor back injuries at West Texas hospital last night and released following an automobile collision near Cotton Center at 4 p. m. Thursday afternoon. Mrs. Laurie Davis Hubbard, also of near Cotton Center, and driver of the other car involved in the mishap was uninjured, Texas Highway patrolmen who investigated the accident said.

Men of the Chapel Presbyterian church last night attended a regular monthly dinner and business meeting at the church. Principal speaker was Rev. Chester Gleason, who is in charge of student work at First Christian church. A musical program, directed by H. A. Beaty, included vocal selections by Miss Jean Jacobson, accompanied at the piano by Mrs. Wanda Jacobson. A short business session was held. Twenty-five members attended.

America Answers

(Continued From Page One)

Roanoke, Va., wired that no heart ailment was incurable. He wanted to take her as a patient.

Only a few of those writing secmed eager to help her spend her $10,000. Most of them proposed she help others—the poor, the lame, the underprivileged. One suggested she buy a bus for a mental institution, to help transport the inmates on outings.

Mrs. Heart, after her husband died, entered business, built a sizeable estate, then retired eight years ago.

"I worked hard for 17 years," she says. "I sacrificed because I wanted a little security when I got older. Now I don't know what to do."

An only daughter lives in California. Mrs. Heart says she has been provided for.

And there was one telegram from a man in Detroit who offered her this hope:

"Pray and live to be of old age . . . You are not going to die in one year."

It was signed:

"One who was to die in 1937."

Prisoners From Lubbock County Among Five Granted Pardons

AUSTIN, March 31 (AP)—Gov. Beauford H. Jester today announced the following conditional pardons:

Roy Washington, sentenced to five years in 1946 from Smith county for forgery and passing. To Smith county.

Faustino Sanchez, sentenced to five years in 1946 from Lubbock county for robbery by assault. To Dallas county.

T. R. Reese, sentenced to five years in 1947 from Orange county for forgery. To Grayson county.

Bettie Walker, sentenced to seven years in 1947 from Lubbock County for forgery. To Hockley county.

Frank Lemos, sentenced to ten years in 1942 from Nueces county for burglary. To Nueces county.

Clay tile has been used since the 17th century for kitchen walls in Holland.

Soviets Assail Atlantic Pact

(Continued From Page One)

agree to obey the dictate of the Anglo-American grouping of powers that lay claim to world domination."

Russia took note of statements that the treaty is "motivated by the weakness of the United Nations."

But Russia said the treaty will not help to consolidate the United Nations.

The Soviet Union said that the treaty cannot be considered a regional agreement under the UN charter because it embraces states which are in both hemispheres of the globe and states like Italy and Portugal which are not UN members.

The memorandum noted that the United States, Britain and France are parties to the treaty and that only the Soviet Union among the great powers is excluded.

UN Said Contradicted

This, it said, "can be explained by the fact this treaty is directed against the Soviet Union."

The memorandum said that the "participants in the North Atlantic treaty are affecting extensive military measures which can in no way be justified by the interests of self defense of these countries."

All these, it said, "by no means bear a defensive character."

The memorandum said the treaty "contradicts the principles and aims of the United Nations organization and commitments which the government of the United States of America, Great Britain and France have assumed under other treaties and agreements."

The memorandum added that the text of the treaty as published by the U. S. State department "fully confirms" a statement to this effect made by the Soviet foreign ministry on Jan. 29.

Storms Reported

(Continued From Page One)

at Atkinson, Neb.

The rain-laden storm moving into the East from the Midwest brought grief to Niceville in northwestern Florida and to the Uniontown-Baleinger area in southwestern Pennsylvania, the Associated Press said.

The Uniontown Country club was partly wrecked by tornado-like winds which slashed a 50-yard wide path across the Pennsylvania area. At Niceville, a sudden windstorm lashed the area, wrecking one house and damaging three others. One person was injured, the Associated Press said.

Heavy Rains Fall

Heavy rains in lower Michigan raised several rivers to near flood levels. Detroit reported 1.85 inches of rainfall in a 36-hour period. Fairly heavy snow fell in northern Wisconsin and the north part of lower Michigan.

Back in Texas and on the South Plains, the records at the Weather station at municipal airport in Lubbock showed that temperatures for the past month ranged from a high of 79 on March 23 to a low of 25 degrees on March 18.

Rainfall was .10 below average with only .80 recorded from two downpours, one on the 20th and the other on the 25th. Mixed in with the rain was some small hail. The month's precipitation brought the total for the year to 5.14 inches, or 3.17 inches above normal for the first three months of the year.

Showers Forecast Today

It was about an average month so far as wind goes on the South Plains. Windy and warm, windy and cold, windy and mild, windy and wet, and windy and dry days were all marked up in the station records, along with some days that gained no special attention.

As for April, the weather station forecast, it may come in with showers. Widely scattered thundershowers are likely to crisscross the Plains today, the forecaster said, also predicting strong winds from the east, southeast ranging in velocity up to 30 miles an hour.

The first day of the new month won't be particularly warm as a low of 30 degrees is foreseen for this morning, with a possible high of 70 recorded this afternoon. Temperatures Saturday will be near today's range, but no strong winds were forecast.

Yesterday the mercury swung from a 30 degree low to a high of 58 degrees.

Partly cloudy skies are in prospect over the state Friday, the Associated Press reported with scattered thundershowers in West Texas and warmer in East Texas.

Sen. Glen Taylor Convicted Of Disorderly Conduct In Alabama

BIRMINGHAM, Ala., March 31 (AP) — Senator Glen H. Taylor (D-Idaho) was convicted of disorderly conduct tonight by a jury which heard his appeal from a police court case.

Taylor was fined $50 and sentenced to 180 days in jail, the same penalty fixed last May 4 in police court.

Taylor, who was candidate for vice president on the Henry Wallace ticket last year, contended his arrest at a negro church the night of May 1 arose from the city's segregation laws.

Judge George Lewis refused, however, to allow testimony on the segregation issue.

Attorneys for Taylor announced they would appeal the verdict in keeping with Taylor's previous assertion that he would "take his case to the U. S. Supreme court if necessary.

Two Homes Burn In Early Morning Fires

Firemen had a busy morning Thursday. They ran to two fires where major damage was done, two where damage was slight—and had a collision that involved a hose wagon with two parked automobiles. None was injured in the fires or the collision. The E. K. Chapman residence at 1705 Ave. S suffered an estimated $6,000 to $7,000 damage at a 3 a. m. fire of undetermined origin.

A five-room farm residence two miles south of the Brownfield highway and a half-mile east of the Slide road "burned to the ground" about 4 a. m. The resident, who was nunamed in fire department reports, saved much of his household furniture and said that his loss was covered by insurance. Fires in ceilings of dwellings at 2830 East Ave. J and at Twenty-sixth and East Ave. B brought slight loss. Cecil Norris was driver of the fire truck. A plate glass display window of Bennett Motor, Texas Ave. and Seventeenth, was smashed.

Silas Johnson, to construct addition to residence at 1609 Ave. B, $700.

Frank E Stokes, to construct garage at 3112 Twenty-eighth, $1,000.

Walker, to construct residence at 2419 Thirty-fifth, $7,500.

Fourth Victim Of Bomber Crash In Japan Is Reported Found

No additional official information was received concerning the fate of First Lieut. Altus B. Sansom, 24, son of Mr. and Mrs. Altus Sansom of 2507 Twenty-second street by family members Thursday. First Lieut. Sansom has been reported missing on a bomber flight in Japan.

First reports from Japan indicated that Lieut. Sansom was aboard a B-26 bomber which crashed on Mount Fujiyama last Sunday with four men aboard. At first only three bodies were found at the crash scene, but a fourth was reported recovered Thursday, the International News Service said.

Additional information concerning Lieut. Sansom is expected by the family from the War department today.

Galileo, in 1581, discovered laws of momentum involving the pendulum.

Three Fined In Gas Theft Case

Three Lubbock youths, arrested the previous night on charges of stealing gasoline from transfer and storage trucks in the warehouse district, pleaded guilty yesterday to the charges and were fined $15 each in corporation court.

The youths, according to police records, were Perry Lewis Tucker, 19, of 318 Temple; Raymond Wilburn Roard, 19, of 2918 North Ruby, and Billy Gean Eaton, 21, of 309 Ave. U.

A fourth youth, a juvenile, had been released to his father after being taken to the juvenile ward of county jail.

Patrolmen N. H. Lassiter and Lynn Campbell were inspecting the warehouse district when they observed a light sedan driven by a youth. He was stopped, and the three other youths were on the railroad at Twenty-third and Ave. F, the patrolmen said.

Theft Is Admitted

The youths admitted stealing gasoline from transfer and storage trucks, the patrolmen said, and "showed us two five-gallon cans of gasoline and a hose."

Police said J. H. Schenk and Cecil Trull, patrolmen, found "gasoline flowing" through a tube from the car of a resident of 3400-block Twenty-first into another gasoline can.

License Is Traced

The patrolmen said they hid to watch, but that someone who drove up without lights in the suspect car apparently "heard a noise and ran," for no one was around it when the officials closed in.

The car was still in custody of police last night, but no arrest had been announced in connection with the affair.

A 29-year-old Lubbock negro executed a signed statement before L. W. Forrester, city detective, admitting theft of two additional tires from Goodrich Tire company.

Earlier, the negro had signed a statement dictated to Robert E. West, another detective, saying he had stolen two tires from the same place.

Woman Is Held

All four tires, the statements said, were sold. The suspect said they brought him a total of $95.

Charges had not been signed by the complaining witnesses late Thursday.

Bond of $500 was set by Justice of the Peace C. E. Lynn for Floye Ellen Riley, 27, named in a fugitive complaint alleging she is charged in New Mexico with child abandonment. She has waived extradition, the sheriff's department said.

Sam McDaniel, 56, a negro, posted $1,000 bond on a charge of theft by bailee of $52 he allegedy accepted from Catherine Overstreet to pay for her benefit to another person but converted to his own use.

Bond of $500 was set for B. D. Spencer, charged with violation of state liquor law, county officials said.

A 1941 Ford club coupe, bearing 1949 Texas license AT 2447 was reported to police as stolen from a car lot in 1000-block Ave. K.

Other theft reports to police included a $15 bike from F. A. Mood of 3412 Twenty-seventh; four sacks of stucco from a church at Ninth and Ave. M; two chrome rear-view mirrors from the car of Jim Black of 2000-block Thirty-fourth; a bezel (a wrist watch part) valued at $12 from H. Kligman at his place of business at 1215 Ave. H.

Britain Announces Embargo On Export Of Potential War Materials; Similar Action By French Expected

By TALBOT HOOD
INS Staff Correspondent

LONDON, March 31—Britain announced today a drastic embargo on export of potential war materials to Russia and other nations behind the iron curtain. A similar French announcement is expected soon.

The moves were understood to be the result of United States criticism of Marshall aid plan bi-lateral agreements whose loopholes permit a leakage eastward of strategic goods not originating in the United States.

Harold Wilson, president of the British Board of Trade, told the House of Commons that extension of export license controls on a wide range of goods will take effect April 8.

The "blacklist" was understood to have been devised after studying a U. S. State department "guidance list" furnished to the Marshall aid plan participants and after consultation with British commonwealth nations and the five Brussels pact nations.

Wilson recently was criticized in the United States for saying that British trade relations with Russia and her satellite nations are guided only "by consideration of economic advantage."

The new British decision affects exports of graphite, mica in certain forms, specified non-ferrous metals and alloys; valves, high speed compressors, diamond dies, diamond tipped tools, certain metal-working machines, aircraft landing mats, some types of mine-sweeping equipment, various chemicals and machine tools.

Exports To U. S. Exempted

With minor exceptions, the order exempts exports to the United States and British commonwealth countries.

Wilson promised Commons that henceforth he will keep a close watch on exports and extend controls wherever necessary.

The British move and the expected French move undoubtedly will cause sharp Communist reaction, especially in Poland and Czechoslovakia; since some items on the blacklist are essential to their industrialization programs.

Russia last year bought nearly $20 million of British goods of which more than $14 million consisted of machinery.

Paris informants said that other European Recovery program nations in Europe, notably Sweden and Switzerland, are reluctant to follow the British lead. This is because they fear to assume responsibility for what is tantamount to economic sanctions against Russia and her satellites.

W. Averell Harriman, roving Marshall plan ambassador, now is in Stockholm ostensibly to inspect ECA missions in Scandinavia. But he is believed to be trying also to allay Swedish misgivings and persuade the Stockholm government to curtail the eastward flow of strategic goods of native origin.

Imposition of the embargo, Paris informants said, climaxes long and delicate negotiations carried on at high governmental levels. U. S. representatives strove to convince the ERP nations that Western security is indivisible and that common interest dictates curtailment of all potential exports to the East regardless of origin.

The United States for a long time has tightened controls over eastward exports. The problem of similar rigid controls among the Marshall plan nations has given rise to many erroneous reports that the ERP nations were transshipping material which the United States itself has kept from the iron curtain lands.

A high ECA official in Paris strongly denied such reports during an interview with International News Service, saying:

"There has not been one single authenticated instance of transshipment of American goods in violation of the terms of the Foreign Assistance act."

However, this official pointed out that exports of potential war materials to eastern Europe from non-American sources created gaps in western European inventories which must be filled by ERP aid.

Brazos Watershed Survey Completed

FORT WORTH, March 31 (Spl.) Field work has been completed, more than three months ahead of schedule, on the Soil Conservation Service flood control survey of the Brazos River watershed, Regional Director Louis P. Merrill of SCS announced today.

The survey was started last July 1. Its purpose is to show whether the benefits that can be expected from a Department of Agriculture watershed treatment program in aid of flood control would justify the program cost.

Seek To Slow Runoff

Similar surveys on other watersheds have shown that most of the damage done by floods is to crops and livestock. The aim of an agricultural flood control program is to slow down runoff and waterflow, thereby reducing damage to agriculture and preventing erosion as well.

The 45,000-square mile watershed of the Brazos annually produces more than 2,500,000 head of livestock, 750,000 bales of cotton, and 6,000,000 bushels of wheat. About 2,000,000 acres of bottomlands along the Brazos and its tributaries are subject to overflow.

When the report on the Brazos watershed survey has been completed, it will be sent to Washington headquarters of SCS for checking and for review by other agencies. The report then goes to the Secretary of Agriculture. If the report receives the Secretary's approval, it is presented to Congress.

Reports on flood control surveys of two of the Brazos' main tributaries, the Little and Bosque Rivers, are in Washington now, Merrill said. The Little River survey was made in 1947, the Bosque survey in 1948.

SHSTC Wishing Pond Raided Of 58 Cents By Some 'Wisher'

HUNTSVILLE, March 31 (AP)—Some person's wish for money had come true today, thanks to a wishing pond on the Sam Houston State Teachers college campus.

The wisher suited action to thoughts, waded into the pond where dreamy students flipped their pennies, and squished away 58 cents richer.

Four Texas Convicts Mutilate Themselves

HUNTSVILLE, March 31 (AP)—Four Texas prison system convicts have mutilated themselves to keep from working in the fields at Darrington prison farm.

Prison system general manager O. B. Ellis said three of the men who cut their heel strings yesterday have been at Darrington only one month.

Of the four only one injured himself seriously enough to require hospitalization.

Ellis identified the prisoners as Robert L. Johnson, 25, El Paso, the most seriously injured; John James Clark, 24, Tom Green county; Carl Williams, 21, El Paso, and Harold N. Smith, 23, Montgomery county. All are serving burglary sentences of from two to five years.

Czechoslovakia's critical housing shortage is impeding recruiting of workers.

THE EDWARDS COMPANY

THE MOST MODERN of America's Fine cars

COSTS $855 TO $2,302 LESS*

Nash has built a new kind of automobile for those who want the utmost in luxurious motoring.

It is a big car in *every* respect, with maximum passenger and luggage space. Its efficiency and performance are something entirely new in fine cars.

The Nash Ambassador employs the principle of Unitized body and frame, eliminating useless weight, increasing strength and safety.

Compared with the other three finest American automobiles, the Nash Ambassador will deliver as much as thirty per cent more miles on a gallon of gasoline. And you will ride and drive in greater comfort and with less fatigue than in any other automobile in your experience.

In exterior design, it is the only car streamlined from bumper to bumper with uninterrupted fender lines. The only car with undivided curved windshield in all models.

And the Nash Ambassador is priced $855 to $2,302 lower than you would have to pay for any of the other three fine automobiles.

Nash dealers invite you to drive this most modern car.

*Based on prices reported in Automotive News, March 14, 1949

Young Murderer Says Respect For Rights Of Others Will Keep Youth Out Of Trouble

By PATRICK JOYCE
INS Staff Correspondent

CHICAGO, March 31—William Heirens, University of Chicago youth who shocked the nation in 1946 with the dismemberment murder of Suzanne Degan, 6, and two women, believes respect for other persons' rights will keep American youth out of trouble.

The black-browed, shock-haired, husky youth, 20 years old now and with almost three years of prison life behind him, has had ample time to think things over.

He is serving three life sentences. He was transferred to Menard, the psychiatric division of the Illinois State penitentiary in October, 1946, after throwing stones at a guard in the Stateville branch in an effort to get the guard to shoot him.

Making Good Adjustments

Officials said he was released from the psychiatric division about eight months ago and has been making good adjustments to the normal prison routine. Today the scholastically - brilliant Heirens tabbed a problem youth in this fashion:

"The danger signs of a boy getting into trouble are mainly shown by sullenness and deceit. Lack of confidence for those in authority is a deciding factor.

"If he has made mistakes he can help himself by thinking over his problem and, if he is stumped, by asking an older person.

"It helps me to think things through. At least I've got plenty of time to do it."

Heirens defined his main message to American youth as:

"Keep out of trouble. Learn to respect other persons' rights and play fair." He added:

"Sports in school can help in all this.

Says Church Could Help

"But there should be some individual attention given in city schools as they do in rural districts."

Heirens said that church can help youth by teaching moral discipline. He emphasized that church socials should "not be stuffed with religious talk" but should be given to teach good fellowship by action instead of by words. He added:

"I pray. But I don't repeat what I have been taught to recite. I've found that prayer comes from down deep. Making up what one says to God makes one realize more who God is."

Heirens asserted that a family could help the average youth. He declared:

"Families can help with love and encouragement. Parents should not be selfish in wanting a child always at home but should encourage relationships outside."

Prison officials said that Heirens favorite relaxation is reading classics or writing on a typewriter presented him by his father. The tall youth is employed in the prison library and does not mingle much with other prisoners.

U. S. Vice Consul In Calcutta Is Killed In Plane Accident

CALCUTTA, March 31 (AP)—Memorial services for John W. Thomason 3rd, American vice consul in Calcutta, were attended today by most of the city's American colony.

Thomason was killed Sunday when a plane in which he was riding with an Indian friend went into a spin and dived into a river. He and his wife had planned to return to the United States early in April.

Mrs. Thomason flies to the U.S. tomorrow. The body probably will be flown to Texas shortly afterward.

His mother lives at Terrell, Texas.

Southwestern Andrews Wildcat Opens New Production Section

Cities Service Oil Company has discovered a new area for production from the lower Permian in Southwest Andrews County, one mile north of the closest Ellenburger wells in the Dollarhide field.

Cities Service No. 1-E Cowden, 660 feet from south and east lines of the southwest quarter of section 14, block A-52, psl survey, developed free oil in a drillstem test at 6,526-6,789 feet, in a section thought by some geologists to possibly be basal Clear Fork.

The tool was open four hours and 28 minutes. No fluid flowed out of the pipe during the time the tester was opened.

However, considerable fluid was unloaded from the drill pipe while it was being pulled.

Operator representatives estimated that the total recovery was 6,225 feet of fluid, or 69 barrels. That fulid was 18 barrels of drilling mud and 51 barrels of oil. There was no formation water. The venture is drilling ahead below 7,092 feet in lime. It was originally started to go to around 10,500 feet to explore into the Ellenburger.

Stanolind Oil & Gas Company has completed its No. 2 Edwards for commercial production from the Devonian in the Landon-Strawn area of South-Gentral Cochran County to open a new pay in that region.

On an initial production test, the well flowed 24 hours through a 12/64-inch choke, producing 237 barrels of oil. Gravity was 38.4 degrees. Gas-oil ratio was 51-1. Total fluid recovered had a shakeout of two-tenths of one per cent basic sediment and water.

Flowing tubing pressure was 540 pounds. Casing pressure was 530 pounds.

Production was natural from the open hole zone at 10,913-55 feet.

This discovery is 660 feet from north and 528 feet from west lines of section 13, block L, psl survey.

Venture Drills Ahead

An extensive investigation of the San Andres-Permian was to be made by C. H. Murphy & Son No. 1 E. T. O'Daniel, Central Gaines County wildcat projected to 5,700 feet two miles southeast of Seminole.

Top of the San Andres was picked through samples at 5,000 feet, on an elevation of 3,268 feet. The venture was drilling ahead below 5,094 feet in lime. It is to start coring Thursday. The exploration is to core through the San Andres with diamond bits.

It is 660 feet from east and 1,980 feet from south lines of section 16, block C-44, psl survey.

A new oil field in Northwest Borden County was opened by the completion of H. L. Hunt No. 1-B Clayton & Johnson, discovery in the Spraberry section of the lower Permian 11 miles northwest of the town of Gail.

On a 24-hour potential test, the well pumped 24 hours to make 40 barrels of oil. Gas-oil ratio was 400-1. Gravity of the petroleum was 41 degrees. Of the total fluid recovered, 27.2 per cent was water, which was in addition to the 40 barrels of oil.

The Spraberry pay zone at 5,730-5,760 feet was previously treated with 500 gallons of acid.

This development is 660 feet from north and west line of the lease in section 22, block 31, T-6-N, TP survey. Elevation is 2,526 feet.

Operator will ask for a Railroad Commission hearing on this new discovery, suggesting the pool be named "North Gail" field.

Offsetting this strike. H. L. Hunt has staked his No. 2-B Clayton & Johnson directly southeast to the pay opener.

The drillsite is 1,980 feet from north and west lines of section 22, block 31, T-6-N, TP survey.

It is scheduled to start drilling with rotary at once for an attempt at production from the lower Permian.

West Texans Ask Highway Link

Channing-Vega Cutoff Sought

(By The Associated Press)

AUSTIN, March 31—A 14-county group from West Texas today asked the Highway commission to insert the last link in a 434-mile long Panhandle highway.

The missing link of state highway 51, parallelling the western border of the Texas Panhandle, is a 24-mile stretch between Vega and Boys' Ranch, a few miles south of Channing. Spanning the south Canadian river is the big problem.

Need For Route Explained

Cost of the river bridge is estimated at $500,000 while the strip of highway would cost another $676,000.

"That gap between Channing and Vega looks like a jig-saw puzzle with one piece missing. Completion of the highway would also relieve congestion on Highway 87," Ector county Judge Raymond Stoker said.

State Highway 87 parallels 51 on the east.

Raymond Thompson of Vega said the present route demands a 50-mile detour through Amarillo. "It would give farming and ranching a big boost if we could get that cut-off filled in," he said.

"Highway 51 needs a blood transfusion, and Highway 81 is the one we ought to get it from. Brother, that road is really loaded," Terry county Judge H. R. Winston said.

Pete Cowart of the Hereford Chamber of Commerce said the road would eliminate the need for building a four-lane highway from Amarillo to Dumas. Moore and Potter county officials were expected to ask the commission for such a project yesterday but failed to appear.

Other Projects Urged

Gregg county offered to yield its available secondary road funds in favor of a high water crossing of the Sabine river on state highway 259 between Kilgore and U. S. highway 50.

"About one and a half miles of the present black-top asphalt route is covered during a month in the winter when water floods the road," County Judge Earl Sharp said.

"This virtually cuts off the East Texas oil fields since the crossing is right in the middle of those fields," he said.

Waco City Manager R. C. Hoppe offered two plans for reflooring the Washington street bridge that carries city traffic over the Brazos river.

He proposed replacing the existing floor with reinforced concrete slab, estimated to cost $27,000, or with a steel grid deck, costing about $66,000. "The city is willing to go either way," Hoppe said.

City engineer Manahan Hannah said he had no particular recommendations to make favoring either plan.

"Vibration of the bridge is pretty severe, and a concrete slab would lessen this but would also cut down on the live load the bridge could carry," Hannah said. "The best thing would be to prolong the life of the bridge and not worry about saving a few dollars."

LUBBOCK MORNING AVALANCHE
Lubbock, Texas, Friday, April 1, 1949

State Liquor Board Official Visits City

John Lawhon, administrator of the Texas Liquor Control board, of Austin, visited briefly in Lubbock Thursday.

The former Smith county attorney who later became an attorney for the control board, then administrator a year and a half ago, said of the Lubbock district board personnel:

"We hope Mr. W. G. Poplin (deputy supervisor and commanding officer) and his assistants will have cooperation of the public in dealing with the bootleg situation out this way.

"One deputy supervisor and four inspectors naturally can't completely stop bootlegging in the 23 counties of their district, but assistance from officers and the public can be of inestimable aid in keeping it under close control."

Lawhon said the board had attempted to place men here who "will work at their job and who are in favor of impartial enforcement of the law."

Poplin and three of the inspectors came here a week ago in a shift that sent Deputy Supervisor Charlie F. Fuller and three inspectors to other districts from here.

Investiture Service Conducted For New Boy Scout Troop Here

An investure service for a new Boy Scout troop, Troop 18, was conducted at the College Avenue Baptist church Wednesday night. Jack D. Glasco is scoutmaster of the new group.

Eight youths received tenderfoot awards. The eight included G. A. Law, Don Addington, E. L. Green, Don Rutledge, Raymond Cleveland, Tom Wilkerson, Sammy Allred and Ray Penny.

The next meeting of the organization will be next Monday night at the church. Meetings will be conducted regularly on Monday nights.

'ANTIDOTE' FOR LETHAL RADIO-ELEMENTS FOUND

Scientist Discovers Possible Means Of Reducing Radioactive Effect Of Atomic Bombs On Humans

By JIM FELDMAN
INS Staff Correspondent

CHICAGO, March 31.—Possibility of reducing the deadly radioactive effect of the atom bomb was foreseen today with announcement of a method of speeding removal of lethal radioelements from the body.

The method was discovered by Dr. Jack Schubert, 31-year-old Argonne National laboratory biochemist.

Dr. Schubert calls his discovery metal displacement therapy because it utilizes a harmless metal, zirconium, in a citrate solution to purge from the body such radioactive elements as plutonium and ytrium—both used in atomic research.

Radioactivity 'Purged'

Dr. Schubert explained that zirconium, although not radioactive, is similar to plutonium. When the solution is injected into the blood stream, the system does not discriminate between it and the radioactive elements.

Thus, when the zirconium solution is purged from the system, it carries with it most of the radioactive elements.

Dr. Schubert said the zirconium solution has not been tried on human beings, but that experiments with rats have been very successful. He said:

Reduces Ill Effects

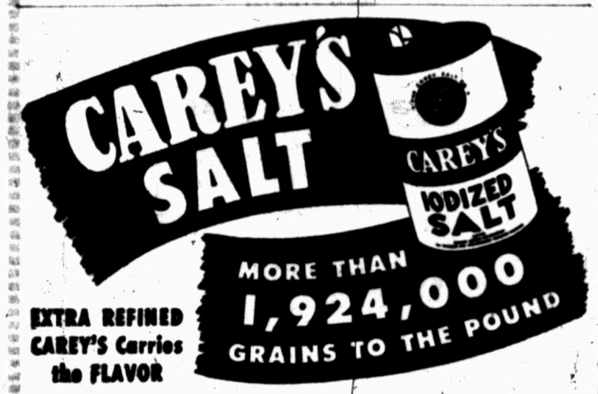

"We have not yet had occasion to apply it to humans, but if the need should arise, for example through overexposure to radioactive elements, the method would effectively reduce radioactivity in the body."

He said in the case of atomic warfare, many persons would be exposed to extreme amounts of radioactivity but if the zirconium solution were utilized immediately the ill effects could be greatly reduced.

Dr. Schubert said:

"Sometimes the effects of radioactive elements in the system are not felt for as much as 20 years. Although most of the radioactive material is expelled from the body, enough might remain to cause great harm.

"By use of the zirconium solution, many years might be added to the life of an exposed person."

Youth Talent Meet Slated For Area At Lamesa Tonight

LAMESA, March 31. (Special)—The area-wide "Youth Talent" contest, sponsored by the Junior Chamber of Commerce, will be held here Friday night at 7:30 o'clock in the Lamesa High school auditorium.

Talent from Lubbock, Levelland, Abernathy, and Lamesa has been definitely scheduled. In addition, contestants are expected from Brownfield, Floydada, Plainview, Muleshoe, Littlefield, and Tahoka.

The top winner at the contest Friday night will receive an audition for Horace Heidt's "Youth Opportunity Program."

Lamesa entries are Audrey Seller, pianist, and Oatus Roberts, vocalist. Levelland contestants are Shirley Pearson and Herschel Homer, vocalists; while Lubbock contestants will be Sandra Pritchard and Lloyd Thompson, jr., vocalists.

Admission to the program here will be 25 and 50 cents. Additional musical entertainment is planned.

Services For William Barnett Set In Roaring Springs Today

AMHERST, March 31. (Special)—Fuheral services for William Barnett, 79, of Earth, who died at 7 p. m. Wednesday, are to be held at 2 p. m. today in Roaring Springs, followed by burial in Turkey, Tex.

Services are to be under direction of Bryan McDonald & Son Funeral home of Lubbock.

Barnett, a retired farmer, died in Amherst hospital. He had been ill about three weeks.

Knight Is Found Innocent By Jury

A jury in county court of Judge Walter Davies returned a verdict of innocent about 5:15 p. m. Thursday in the case of Harvey Knight, 42, on a charge of assault with a motor vehicle.

The charge against Knight grew out of a collision of Knight's car with a truck March 6 on the Lubbock-Slaton highway.

Gloria Lee Volz, 7, was disfigured by facial scars as a result of the mishap. Knight testified that the child's mother, Mrs. Jo Volz, became hysterical and he took his eyes momentarily from the road in efforts to quiet her. That was when the mishap occurred, he said.

Arguments in the trial began at 3 p. m. Thursday and the case went to the jury about 4:45 p. m. Thursday morning had been devoted to presentation of special issues by the defendant's attorneys and preparation of the court's charge. Testimony had been completed Wednesday.

Sam Allred and Gordon Treadaway were attorneys for the defendant, and County Attorney Waggoner Carr and Assistant County Attorney Dudley Brummett prosecuted.

Judgments signed Thursday by Judge Davies included: $75 and court costs and revocation of the rights to drive a car for six months against Louis Evans Countess, 27, of Idalou, who pleaded guilty of drunk driving; $100 and court costs each against Mrs. Harry Hartzog, about 30, and June Clements, now of Borger, on pleas of guilty to charges of establishing a lottery (a punchboard).

You'll find only the tender, better-flavored meat of the small tuna in this can.

Berlin's overcrowded U-Bahn (subway) foresees traffic troubles this winter.

Venezuela soon will have oil refining capacity for 105,800,000 barrels a year.

Truman Sees Senate Ratification Of Atlantic Pact Despite Rumored 'Uncertainty'

By GEORGE DURNO
INS Staff Correspondent

WASHINGTON, March 31 — President Truman today flatly predicted Senate ratification of the North Atlantic pact despite assertions by Sen. Taft (R-Ohio) that a majority of senators are "uncertain" about the treaty.

Mr. Truman told his news conference that United States participation in the mutual defense arrangement is an absolute necessity.

The President took sharp issue with Taft who told a nationwide radio audience last night that "I think my feeling of uncertainty is shared by a large majority of the senators."

Lodge Defends Treaty

The President went so far as to suggest that Taft was not the leader of his party and was usurping that role from duly elected Minority Leader Wherry (R-Neb).

The opposing views of Mr. Truman and Taft touched off a new Senate debate in which Sen. Lodge (R-Mass), said that failure to ratify the pact would be "one of the greatest disasters ever to happen to the United States."

Lodge vigorously defended the treaty against the challenges of other Republicans, including Sens. Jenner, of Indiana, Malone, of Nevada, and Donnell and Kem of Missouri.

Armed Power Favored

Lodge said that the signatories must promote democratic ideals and added, under Jenner's questioning, that Communist governments obviously are excluded. Lodge declared, however, that the U.S. must weigh the risk of a Communist regime against a "do nothing" policy.

When Jenner said he would favor a big Air Force and Army as an alternative, Lodge remarked:

"That's a good method if you want American boys to do all the dying."

This development came as Britain's Foreign Secretary Ernest Bevin conferred with Secretary of State Acheson, and other foreign ministers of the twelve nations joining in the western defense alliance converged on Washington.

HST Predicts Passage

Mr. Truman asserted that the Atlantic treaty, to be signed next Monday, would be ratified by the necessary two-thirds vote of the Senate.

He said he had no way of knowing what was in Taft's mind in assuming that "a majority" of the Senate shared his (Taft's) view of "uncertainty." The President made it plain, however, that he heartily disagreed.

Wherry came to the Ohio Senator's defense, asserting:

"In my opinion, most senators have not made up their minds on the Atlantic pact. In my judgment, because of the issues being raised, a long, hard debate is going to develop over ratification. The outcome is by no means certain.

Need For Pact Cited

"Anyone who already has made up his mind has been 'high-pressured' in the first wave of excitement over the treaty."

Democratic Senate Leader Lucas agreed strongly with the President. Mindful of the 64-4 vote of approval for Michigan Republican Sen. Vandenberg's resolution last year instructing formation of such a regional alliance, he said:

"From a cursory examination of the situation, I'd say that at this time a great majority of Senators favor the pact on the theory that we tried to remain neutral in two wars and failed, and there is less chance of getting into another war with some aggressor if we have a regional arrangement protecting the North Atlantic.

Pact Based On Peace

"This pact is based on peace and not on war."

Lucas was joined in these sentiments by Sen. McGrath (D-RI), Democratic national chairman, who said:

"I have not felt there is any question about ratification of the Atlantic pact. I do see a trend toward isolationism in these debates. But I have not felt up to now that the trend is endangering the pact."

Following British Foreign Secretary Bevin, Secretary of State Acheson conferred with Netherlands Foreign Minister U. D. Stikker. Tomorrow, Acheson will talk with French Foreign Minister Robert Schuman, Belgian Foreign Minister Paul-Henri Spaak and Luxembourg's Premier Joseph Bech

Foreign Ministers Arrive

Arriving in the United States today for other top-level conferences were Portuguese Foreign Minister Jose Caeiro Da Mata and Icelandic Foreign Minister Bjarmi Benediktsson.

The foreign ministers of Canada, Norway and Denmark are due Friday.

Three main topics are involved in the conversations between Acheson and the Western foreign ministers. They are:

1. An upsurge of German opinion against the Anglo-American-French proposal to set up a separate state in western Germany under three-power domination.
2. Abrogation of the veto power in the United Nations Security council.
3. Disposition of Italy's pre-war African colonies.

Houston Officials Set Population At 609,273

HOUSTON, March 31 (AP)—The City Planning commission today placed Houston's population at 609,273.

The figure includes 494,976 residents in the "old" city limits, and another 114,297 in territory now being annexed to the city.

Population of metropolitan Houston was placed at 735,477.

The commission said the figures were based on an actual count of occupied residences.

Veterans Administration Group Here Organizes 'VA Chorus'

"The VA Chorus," composed of Veterans administration regional office employes, was organized this week, with Dick Richards as director.

At the organization meeting, Ted Goldsby was elected president. Other officers chosen included Rose James, vice-president, and Ina May Stewart, secretary-treasurer.

The group is to meet from 7 to 9 p.m. each Monday night in April. Later, the practice time will be from 7 to 9 p.m. on the second and fourth Mondays each month.

Plans also call for formation of several trios and quartets.

Robert W. Sisson, manager of the Veterans administration regional office, brought about the organization of the group, stating that he felt it would further goodwill and fellowship among the employes and at the same time be a source of entertainment to civic and veterans' organizations before whom they may appear.

Paraguay will sell about $6,500,000 bonds to finance industrial development.

Bibles Are Presented Junior High School Students Here

The Lubbock Gideon Society made a presentation of 33 Bibles to students of J. T. Hutchinson junior high school at the assembly period Thursday. The Bibles were presented to the students by Earl Burnett, secretary of the local group and were accepted by Janet Yancey, 8th grade pupil, who was in charge of the program.

Students council representatives from each room attended the assembly for the presentation. Music for the occasion was furnished by the Hutchinson choir.

Accompanying Burnett on the visit to the school were, Troy T. Edwards, A. L. King, Grady Bounds, J. C. Leach, Bill Teiman and Walter Y. Wells.

Russia, Red Satellites Clamp Diplomatic Boycott On Slavs

BELGRADE, March 31 (AP) — Russia and its cominform satellites have quietly withdrawn their ambassadors and ministers from Yugoslavia in a diplomatic boycott of their Communist former ally.

The boycott came to light today when a poll of the Soviet, Bulgarian, Romanian, Czech and Polish embassies and the Hungarian and Albanian legations disclosed that all heads of missions left Belgrade from three weeks to three months ago.

All the countries participated last year in the expulsion of Yugoslavia from the Cominform and the denunciation of Marshal Tito's government as Trotskyist.

Other developments in Yugoslavia's worsening relations with its Communist neighbors included these:

1.—An announcement that the Greek rebel government would be broadened to include Bulgarians, Albanians and dissident Yugoslavs as part of a "United Macedonia" movement.

2.—A caustic editorial attack on Borba, the Yugoslav Communist party newspaper, on what it called Russia's attempt to utilize capitalist methods to make its allies economically dependent on the Soviet Union.

3.—Yugoslavia's announcement of the suspension of a 1946 agreement with Bulgaria because of "repeated, brutal attacks" by Bulgarian frontier guards on Yugoslav militiamen escorting trains across the border.

HITS 100 MARK

WOLFEBORO, N. H. (U.P.)—Wolfeboro has a centenarian for the first time in a quarter century. When Mrs. Mary Chase Hersey observed her 100th birthday, she became the first resident to reach the century mark since John H. Young, who died in 1924 at the age of 102.

Argentina, Chile, Colombia, Cuba and Uruguay all now manufacture plastics.

TO SPEAK HERE — Douglas C. Macdonald, assistant director of the Institute of Insurance Marketing at Southern Methodist university, will make two addresses here this weekend. At 7:30 o'clock tonight, Macdonald will talk to the Lubbock Life Insurance Managers association, and at noon Saturday he will speak before the local Life Underwriters association. Both addresses will be made in the Hilton hotel. Macdonald attended the University of Illinois and is a graduate of the Institute of Insurance Marketing.

Tacoma Times To Suspend After 46 Years; High Costs Blamed

TACOMA, Wash., March 31 (AP) The Tacoma Times announced today that it was permanently suspending publication after 46 years in the Tacoma newspaper field because of continually increasing cost of operations.

George R. Skaugset, general manager of The Daily Times and Sunday Times, released a formal announcement under the name of The Tacoma Times Publishing company which said publication would cease after today.

"This action is being taken as a result of continually increasing costs of newspaper operations, which have resulted in heavy operating losses," the announcement said.

Skaugset said the approximately 150 employes of The Times were notified today that their services were being terminated after the last issue of the newspaper rolled from the presses.

Stanolind Representatives To Interview Students At Tech

Three representatives of the Stanolind Oil and Gas company of Tulsa will be at Texas Tech Wednesday to interview students who are interested in jobs with their company.

Mrs Jean Jenkins, head of the Tech Placement service, said E. L. Reed would talk with students who had majored in geology. J. C. McCarthy and T. M. Curtis will interview senior petroleum engineers for positions with the production department and junior petroleum engineers for summer jobs.

Students who wish to make an appointment for an interview should stop by the Placement office in the Administrative building.

Large Crowds Expected To Attend Three Day Formal Opening Of New Floral Company

Formal opening of the new Texas Floral company, 2107 Twenty-first, one of the finest wholesale and retail floral shops in Texas, will be observed by J. C. Davis, owner, tonight, Saturday and Sunday.

Davis recently remodeled and expanded the shop into a modern floral and gift center. The shop has 125 feet of plate glass windows running the entire length of the building.

Open house will be held from 6 until 9:30 p. m. today; 6 until 9:30 p. m. Saturday and from 1 until 6 p. m. Sunday.

20,000 Visitors Expected

More than 20,000 visitors are expected to go through the plant, which besides the shop and gift department comprises 35,000 feet greenhouse where more than 100,000 flowers and flowering plants are growing. He has more than 500 varieties.

Included in the stock are more than 10,000 rose plants, 15,000 carnations, 6,000 snap dragons and 3,000 to 4,000 calendulas.

The remodeled shop and gift department has a vari-colored terrazzo tile floor, sand-blasted knotty pine walls, and modernistic furniture for patrons.

Gift Shop Added

The gift shop, which contains hundreds of articles of ceramics, glassware, copper and brass pieces, statuettes, pottery and other items, was added to the firm's service to the public in the remodeling of the building.

Davis plans to operate a tropical garden greenhouse in connection with his business and will grow his own orchids and other tropical flowers and plants.

In his greenhouses, which are heated with thermostatically-controlled units, flowers will be blooming for the visitors. Hundreds of other flowers will be on display in the shop and in the refrigerated cases.

Davis, who came to Lubbock in 1921, has been in business for himself since 1926. His new and enlarged plant is the realization of a long dream. He grows more flowers for local trade than any florist between Fort Worth and El Paso and serves florists over a wide area.

Concrete benches in his greenhouses are sub-irrigated, which makes for greater production.

He employes an average of 30 people the year round but his payroll varies during certain seasons. W. R. Hartgrave, grower, is one of the most experienced in the Southwest. Joe Luna is assistant grower.

E. H. Rogers and John Nimmo are in charge of the design department and Mrs. R. L. Austin and her two daughters, Betty and Sue, have charge of sales and the gift department.

W. E. Dodson and Harold Donnell have charge of the nursery, located at Thirty-fourth and Ave. P.

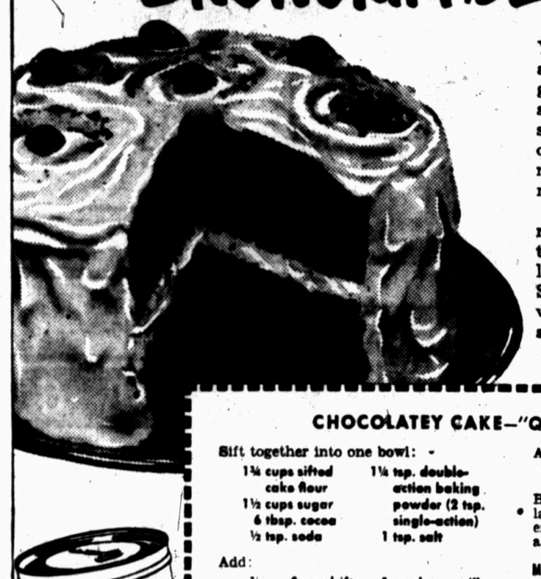

Contract For Water, Sewer Project At Muleshoe Awarded

MULESHOE, March 31. (Special)—Contract for a $174,401 water and sewer extension project for Muleshoe has been awarded by Mayor Connie Gupton and Commissioners Dudley Malone and Will Harper.

Western Construction company of Hobbs, N. M., was awarded the job on a low bid of $174,401.83. Four other bids were received. P. and E. Construction company of Plainview submitted the second low bid of $174,589.65. High bid of the five was submitted by Arizona Concrete Pipe company on a bid of $200,595.91.

A firm of Lubbock engineers, Hasie and Green, designed the project and will supervise construction. The [illegible] financed by a recent bond issue.

All yours!—lighter, richer, moister because SNOWDRIFT is Emulsorized!

Yes—Snowdrift gives you blending aid no regular-type shortening can give. Only an *emulsorized*-type shortening can blend in all the sugar and liquid so smoothly and completely in the new "quick-method" recipes. You get lighter, richer, moister cakes.

Whether you use the new "quick-method" recipes or one of your old-time favorites—whether it's chocolate or coconut, silver or spice—Snowdrift will give you cake that wins compliments and kisses. So be sure you get new Snowdrift today!

CHOCOLATEY CAKE—"Quick-method" recipe

Sift together into one bowl:
1¾ cups sifted cake flour
1½ cups sugar
6 tbsp. cocoa
½ tsp. soda
1¼ tsp. double-action baking powder (2 tsp. single-action)
1 tsp. salt

Add:
½ cup Snowdrift
1 cup buttermilk or sour milk

Mix until flour is dampened. Beat 2 minutes. (If by hand, count beating time only. With electric mixer, use "low speed"; scrape bowl frequently. Scrape beaters after 2 minutes.)

Add:
2 eggs
1 tsp. vanilla

Beat 1 minute. Turn into 2 greased 8" layer pans lined with paper. Bake in moderate oven (350°) about 30 minutes. Cool and frost with...

Mallow Frosting: Combine 2 egg whites, 1½ cups sugar, ⅓ tsp. salt, ¼ tsp. cream of tartar, and ⅓ cup water in top of double boiler over boiling water. Beat constantly with rotary beater 7 minutes, or until icing "peaks." Add 1 tsp. vanilla and 8 marshmallows cut in quarters; stir until blended. Spread on cake. Dust top with cocoa. Decorate with candied cherries.

HST Dropped Boston Appearance To Avoid Snub Toward Bevin

By BOB CONSIDINE
INS Staff Correspondent

BOSTON, March 31.—The inside story of why President Truman eliminated his scheduled speech-making appearance at M. I. T., where Winston Churchill spoke tonight, is this:

Secretary of State Dean Acheson persuaded him to bow out because his appearance might be mistaken as his tacit endorsement of Churchill's controversial points. Also, it was felt at the State department that the British might consider the President's appearance in Boston as a snub to Foreign Secretary Ernest Bevin, who is just arrived in the U. S.

Truman introduced Churchill at Fulton, Mo., on the occasion of Churchill's "Iron Curtain" speech, and since that time the President has been considered anti-Russian by Moscow and some other capitals. The President, it is understood, had no advance copy of Churchill's speech on that historic occasion, but privately endorsed Churchill's remarks.

Not Asked For Talk

It was said in Boston today, in addition, that Churchill did not offer to show the State department the speech he made tonight. Nor was he asked.

Of the two reasons for the President's decision not to appear at M. I. T.—he was scheduled to speak on the opportunities which lie before world statesmen during the second half of the Twentieth Century—the matter of Bevin's arrival is considered the more important.

The U. S. has made enormous contributions to the Socialist government Bevin represents, and is prepared to make other great contributions to Britain's end of the Atlantic Pact. For the President to be off on a speaking engagement with the champion of another type of British Democracy would be a situation fit to bring a blanch to the cheeks of career diplomats.

Other Talks Dropped

The "pressure of business' excuse was simply a way out, and to make it look better, the President also was forced to cancel a later Boston appearance to receive an honorary degree from Boston college.

If Churchill was put out by the President's decision he shows no signs of pique. He will serve as a kind of master of ceremonies at M. I. T. tomorrow (Friday) night and introduce Harold Stassen, the President's substitute. The task will enable him to make, according to an important member of his entourage, a second statement of his position.

Churchill will catch a midnight sleeper from Boston after Stassen's speech, and, upon arriving in New York Saturday morning will go immediately to the Queen Mary and sail home.

Trip Claimed Success

The wartime Prime Minister's trip to this country was hailed as a signal success today by one of those who arranged it. This source said:

"There was a definite worsening in Anglo-American relations. But Mr. Churchill can always be counted upon to mend such troubles. He remains the only person in the British empire who can bring our two countries together when they tend to separate."

Winston Leonard Spencer Churchill was, with the possible exception of Connie Mack, the busiest elderly man in the United States this past fortnight. At 74, Churchill still drives himself as would an eager-beaver 50 years his junior.

He chain-smoked cigars which would have made a heavyweight champion queazy, drank his daily quota of brandy and scotch, wrote portions of the third book of his war memoirs, dickered with dozens of Americans who wanted to see him, went to parties, wrote two speeches, laughed at the occasional Communist picket-lines which hemmed him in, talked by the hour to his old friend Barney Baruch, submitted to interviewers and photographers, and sat still for a special interview by teen-ager Virginia Leigh.

Occasionally, he slept.

Watch Thief Repents—But Not Hard Enough, Victim Feels

CHARLESTON, W. Va., March 31 (U.P.)—A Red Cross representative, George F. Whitmore, missed his watch while working in the post office here in 1943.

He has just received a $10 bill and a note advising him the money was "trade-in value on a watch you once lost."

Whitmore believes the 21-jewel watch was taken by a person whose conscience is hurting him. Adding that his watch was worth far more than the money sent, he observed it should start "hurting a little harder."

Sanders School Is 'Play Day' Winner

Fourth grade students of Sanders elementary school Thursday took top honors in a four-school "play day" held on the Sanders school grounds.

The host school team scored a total of 103 points. East Broadway tallied 66, Guadalupe 61, and K. Carter 52.

Events included boys and girls dashes, boys and girls tug-o'-war, girls volleyball relay, boys chinning bar, girls rope-skipping relay, boys softball throw, girls over-and-under relay, boys softball relay, and boys and girls shuttle relays.

Approximately 300 students attended and participated in the events.

BIBLES HIS HOBBY

MORGANTOWN, W. Va. (U.P.)—Former Navy Chaplain Joseph Gluck as a hobby has collected 75 diferent versions of the Bible. His collection also includes nine different commentaries, with the oldest volume dating to 1774.

SOVIET LEADER'S WORDS OMINOUS

Stalin's Warning Of East-West Clash Recalled By Red Group

By KINGSBURY SMITH
European General Manager, INS

PARIS, March 31 — A study of the theoretical works of Soviet Premier Joseph Stalin shows that he predicted as far back as 1924 the present revision of the world into opposing East-West political blocs.

Stalin also predicted in the twenties that the "struggle" between these two blocs would "decide the fate of capitalism and Communism in the whole world."

Printed In Russia Often

Western European diplomatic observers in Paris were prompted to re-study these predictions of Stalin because of the re-publication by the French Communist party of views expressed by the Soviet chief that war between Russia and the capitalistic states is inevitable.

Stalin's prediction that the world would be divided into two opposing blocs, one of which would hold the fate of mankind, was made in his book entitled "The Problems Of Leninism."

This book, which is considered one of the basic theoretical works of Sovietism, was originally published in 1924. It was revised by Stalin in 1927, and has been reprinted many times since in Russia, the last edition appearing as late as 1947.

Two Blocs Foreseen

In the original edition, Stalin foresaw the future as follows:

"Most probably, in the course of development of the world revolution, side by side with the centers of imperialism in individual capitalist countries and the system of the countries throughout the world, centers of Socialism will be created in individual Soviet countries and a system of these centers throughout the world. The struggle between these two systems will fill up the history of the world revolution."

In 1927 revised edition, Stalin added:

"In the course of further development of international revolution two centers will form on a world scale: a Socialist center, binding to itself the countries that gravitate to Socialism, and a capitalist center, binding to itself the countries that gravitate to capitalism.

"The struggle between these two centers for the possession of the world economy will decide the fate of capitalism and communism in the whole world."

It was in this same book that Stalin quoted Lenin's declaration that "the existence of the Soviet republic side by side with the imperialist states for a long time is unthinkable . . . in the end either one or the other will conquer."

Stalin repeated this view of Lenin in a letter he wrote to a communist youth leader in Russia in Feb., 1938. The letter is prominently reprinted in the current issue of "Cahier Du Communisme," the organ of the French Communist party's central committee.

In the letter, Stalin also recalled Lenin's prophesy that "terrible battles between the Soviet republic and the bourgeois states are inevitable."

What is puzzling Western European diplomats, and causing their governments some concern, is why the most important organ of the French Communist party decided to revive at this time these old statements by Stalin about the inevitability of war between Russia and the capitalist states.

Aged Indiana Woman Shoots Neighbor's Belligerent Goat

BRAZIL, Ind., March 31 (U.P.)—A neighbor's goat has butted Mrs. Laura Ferguson, 84, for the last time. When the goat threatened her as she worked in her garden, she turned her spading fork in his direction. The goat was the aggressor though and Mrs. Ferguson retreated to her house.

The goat came up on the porch and danced menacingly around the door. Mrs. Ferguson shot the goat through the head with a 22-caliber rifle. He staggered off the porch and fell dead.

Lamesa C-C Completes Plans For 'Cancer Month' Observance

LAMESA, March 31. (Special)—The health committee of the local Chamber of Commerce has completed plans for the observance of "Cancer Month," April, in Lamesa.

Dr. Jack Alexander, chairman of the group, has announced that a film concerning cancer entitled "The Traitor Within" will have a week's showing here before various groups. Groups slated to view the film include the '48 Delphian club, Kiwanis club, Woman's Study club, Lions club and the junior Chamber of Commerce.

Posters and pamphlets illustrating the importance of educating the general public about cancer will be distributed and displayed throughout the business section.

The committee is also sponsoring a food handlers' school which will be held in the basement of the First Methodist church for one week, starting April 4. Good attendance is forecast for the daily sessions which will last from 2 until 4 p. m. A similar school was held here last year.

Dawson County TB Survey To Be Conducted In Lamesa April 4-9

LAMESA, March 31 (Special)—A tuberculosis survey by the use of chest X-rays will be conducted here for a week beginning April 4, sponsored by the State Health department and the South Plains health unit.

A mobile X-ray unit will be set up at the high school gymnasium, and tests will be offered all residents of Dawson county over the age of 15 years without charge. The survey has been approved by the local medical society.

The tests will be taken in staggered shifts from Monday April 4 through Saturday April 9. The schedule of operation for the unit is as follows: Monday, one to four p.m.; Tuesday through Friday, 9 to 12 a.m. and 1 to 4 p.m.; Saturday, 10 a.m. to 2 p.m.

Justice Department Request For Legalized Wire Tapping Dropped

WASHINGTON, March 31 (AP)—Attorney General Clark disclosed today that he has withdrawn his request that Congress legalize wire tapping in spy investigations.

He said the House and Senate Judiciary committees were advised about two weeks ago that the Justice department does not intend to press for it.

Legalized wire tapping in espionage investigations had been asked as part of proposed internal security legislation.

What the department proposed was that Congress say it could tap wires and use the evidence gathered in that way in trials of cases involving alleged espionage.

As things now stand, the courts will not allow use of evidence gained by wire tapping. The Justice department contends, however, that the FBI has the right to tap wire in its investigation of certain types of crimes even though it can not use the evidence so obtained in the courts. That view is disputed by some self-styled "liberal" groups who contend that such wire tapping violates the Federal Communications act.

Investigation Demanded

Clark's announcement followed a public demand by the Americans for Democratic Action and the American Civil Liberties union that the Senate Judiciary committee investigate the use of wiretapping by the Justice department and the FBI.

The attorney general sent the proposed internal security bill to Capitol Hill several weeks ago and it was introduced by Senator McCarran (D-Nev).

Proposing a general strengthening of the espionage laws, the Clark bill contained a provision which would permit the use in court in espionage cases of evidence obtained by listening-in on private telephone conversations.

DOUBLE TROUBLE

Woman Pays Fine With 'Hot Check'

BROWNWOOD, March 31 (U.P.) — Police gladly escorted a woman to a department store today when she said she could get money there to pay a $28 fine for drunkenness.

She promptly emerged and paid the cops $28 in cash.

But later Sheriff Otis Shaw entered the picture. He arrested the woman on charges of giving a "hot check" to the store.

The amount—$28.

Machinery Set Up To Merge Two Railway Labor Groups

CLEVELAND, March 31 (AP)—Two rail brotherhoods set up the machinery today to put the locomotive engineer and his fireman into the same union. They said it would end "jurisdictional strife."

Joint committees of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Enginemen signed a plan to merge their organizations. They have been working on the plan since October, 1947.

If a membership referendum in both organizations approves, it will be one of the largest mergers in labor history.

The firemen's organization has 110,000 members in the United States, Canada and Alaska, and is celebrating its 75th anniversary this year. The engineers' brotherhood has 80,000 members in the United States and Canada. It is 86 years old.

Tech Geology Students Visit Well Location In Levelland Field

A group of 120 junior and senior geology students from Texas Tech made a field trip to an oil well location in the Levelland field Wednesday according to Charles A. Renfroe, geology lecturer at the college.

Renfroe said the trip was arranged by Frank Stokes of the Lane-Wells company. Stokes conducted the tour to provide the students with practical experience in radio activity well logging.

A class room course in radio activity well logging is being offered this fall at the college for the first time.

Oil Field Town Plans Big Celebration

First Scheduled Bus Service To Denver City Opens Today

DENVER CITY, March 31 (Special) — Beginning Friday morning, this thriving oil field city of 3,000 persons will have scheduled bus service.

And townspeople here are so elated over the occasion that they've whipped up a celebration for the arrival of the first scheduled bus, at 10:05 a. m. Friday.

Denver City, which serves the oil fields of Yoakum and Gaines counties, will be a stopping point on two bus services of Texas, New Mexico & Oklahoma Coaches, Inc.

Delegations from Lubbock, Seagraves, Seminole, Hobbs and Lovington have been invited for the Friday morning celebration.

Hobbs already has notified that it will send a special bus load of city officials and civic leaders for the occasion, and Jess C. Levens, vice-president and general manager of TNM&O, is to head a Lubbock delegation.

The first schedule through Denver City will leave Denver City at 10:05 a. m. for Lubbock. This is a through bus from El Paso to Oklahoma City, leaving El Paso at 2:45 in the morning, routed by the way of Carlsbad, Hobbs, Denver City, Seagraves, Brownfield, to Lubbock, arriving in Lubbock at 12:05 p. m., and leaving Lubbock at 1 p. m., arriving in Oklahoma City at 11:50 that night. The other schedule from Denver City to Lubbock will leave Denver City at 2:40 p. m. This is a local schedule out of Hobbs, leaving there at 12:20 p. m. routed by the way of Lovington to Denver City and Seagraves, making direct connection at Seagraves to Lubbock and points beyond.

The schedules from Lubbock to Denver City will leave Lubbock at 12:30 p. m., this being a through bus from Oklahoma City to El Paso, leaving Oklahoma City at 1:10 a. m., routed by the way of Lawton, Wichita Falls, Seymour, Lubbock, Seagraves, Denver City, Hobbs, and Carlsbad, arriving in El Paso at 8 p. m. The other schedule leaves Lubbock at 2 p. m., making a direct connection at Seagraves for Denver City, Lovington, and Hobbs, arriving in Denver City at 4:15 p. m., Lovington at 4:05 p. m. (Mountain Time) and Hobbs at 4:35 p.m.

This new service gives two schedules daily in each direction to Denver City, a new schedule in each direction to Lovington, and an additional schedule between Lubbock and Hobbs, now making six schedules daily from Lubbock to Hobbs.

The service gives Denver City connections by bus for passengers, mail, and express with Lovington, Hobbs, Seagraves and Lubbock, and connections at Seagraves for Seminole, Andrews, Midland, and Odessa.

MEDICAL SCHOOLS

We Must Have Them

MOST Texans who have considered the problem even casually are likely to agree that there is great need for additional medical training schools in both Dallas and San Antonio. The legislative feeling in the matter was demonstrated by the nearly 6 to 1 majorities by which the House approved appropriations for facilities in both cities.

The most serious doubt now as to both projects is whether revenues will be sufficient to cover the proposed appropriations. It is entirely possible that enough money will be in sight during the next two years for one, but not both, of the undertakings.

In such case, priority would have to be given one project over the other. The Dallas proposal involves the most money, $3,500,000, but would provide the medical school of the Southwestern Medical foundation which is in operation. The San Antonio appropriation would be $1,000,000, but the operating start would be slower.

If a choice must be made between one or the other, circumstances may dictate the course which must be followed.

But there is ample need for both, Dallas and San Antonio meet the requirements for a successful medical school. The proposition offered the state in each city sounds like a bargain—involving proposed turnovers of properties for sums much smaller than their original costs and their present appraised values.

Both represent opportunities which should be seized—if not at once, then as soon as financing will allow.

The $64 Question

THE announcement of a reduction by approximately one-third in Canadian taxes this year won't help President Truman obtain the increased levies of many kinds he has demanded in the United States.

The Canadian slashes apparently disturbed Washington's higher-tax advocates considerably more than they acknowledge and more than the public may realize. They are fumbling for an answer to the question, being heard with increasing frequency: If Canada can reduce taxes, why can't the U. S.?

The answers thus far have been unconvincing, amounting in gist to a vague assertion that the situation is "different" in the United States chiefly because, it is explained, of our foreign relief commitments.

This is not persuasive because Canada, presumably, is about as heavily committed, in proportion to means, as the United States. There is a strong suspicion, of course, that many nations —with others worse offenders than Canada—are dumping a bigger share of the relief load upon Uncle Sam than is necessary for him to carry if others were required to do their fair part.

But, whatever the reasons may be for making possible the slash in Canadian taxes, Americans would like to know what they are and would like them applied by and to their own government. And it will be difficult to persuade them that increases in the United States are necessary when our next door neighbor can cut his by one-third.

It is said the average man has twelve billion brain cells. But some men go through life by just unlocking the door of one cell.

A woman has reached middle age when she reads a newspaper by holding it at arms length.

Down Memory Lane

(Taken from the files of The Lubbock Morning Avalanche April 1, 1929.)

Mr. and Mrs. B. C. Rix, 2102 Broadway, were hosts to a number of friends and relatives Sunday at their residence in celebration of their fiftieth wedding anniversary. Mr. and Mrs. Rix have been living in Lubbock for the past three years and before that time lived in Big Spring for 36 years. Their house guests included relatives and a dinner was served at noon. A daughter, Miss Ruth Rix, and two sons, W. W. Rix and Jed A. Rix, are living in Lubbock. These were present with Mrs. W. W. Rix and daughter and Mrs. Jed A. Rix, in addition to a number of out of town guests.

• • •

Honoring her son, Clarence, on his birthday, Mrs. J. H. Whiteside served a dinner Sunday in her home at 2320 Fourteenth street, and asked several of her son's friends as guests. Covers were laid for Mr. and Mrs. H. W. Richardson, Marshall Rhew, of Dallas, William Lively of Dallas, Miss Dorothy Cooper of Dallas, Miss Lizzie Belle Clements, Misses Eva and Ola May, J. H. Whiteside, and Clarence Whiteside.

One-Minute Sermon

I came forth from the Father, and am come into the world: again, I leave the world, and go to the Father. John: 16:28.

April Fool!

Pop Goes The Queen

By BOB WADE and BILL MILLER
Distributed By NEA Service, Inc.

(THE STORY: Quiz Show Winners John Henry and Sin Conover, on an expense-paid vacation at a swank resort owned by Mr. Barsolou, witness the death of Homer Anglin. Later their cottage is occupied by Aye Jordan in a "reservation mixup" and their luggage searched when it is moved. Sin, spying on Gayner, the hotel clerk, is surprised in the office of a cafe where Anglin died, while looking over some maps of the area. She escapes her captors, Gayner and a bellboy named Vernon, when Mr. Trim, representative of the quiz show sponsor, appears in company with Thelma Loomis, a gossip columnist. Meanwhile, Johnny is taken to a gambling ranch by Faye, but a drug is put into his drink and he passes out.)

• • •

XXI

"WHEREABOUTS you want to go?" the truck driver growled.

John Henry frowned and then wished he hadn't because it made his headache worse. "Any place in town," he said. The driver eased away from the accelerator and the huge truck slowed down for the 25-mile speed limit that began with the outskirts of Azure.

As the truck crept into the center of the city the vacant lots and stucco homes became fewer. Here were shops crowded close together and interspersed with neon-fronted and palatial night clubs. Souvenir stands dotted street corners. Here and there, conspicuous in austerity, a branch brokerage office awaited the vacationing industrialist.

John Henry forgot his aching head for a moment as he got his first good look at the bizarre city. "What did you say?" he had to ask when he realized his burly companion had spoken.

"I was saying," the driver repeated ungraciously, "that you really see some characters around this place. Take a gander at that creep on the bike—a black suit in this heat!" His calloused forefinger gestured in disgust toward a couple approaching on the opposite side of the avenue.

John Henry followed the grimy finger. Then his eyes lit up. "Stop the car," he yelled. Alarmed, the driver jammed on his brakes and the big truck and trailer screeched to a halt in the middle of Date street.

"What the—" he was beginning.

John Henry had already opened the door and now he vaulted to the pavement. "Thanks a lot for the ride," he tossed over his shoulder and darted across the street.

"Sin!"

• • •

THE red-haired girl on the bicycle looked up. Her eyes got wider and wider. Then she put her hands on her cheeks and screamed. "Johnny."

Her handle bars spun unguided into Trim's bicycle. Cement and sky whirled crazily for a moment. When the sky was on top for good again, Sin was sitting on the cement without a vehicle. Both bicycles were heaped by on Mr. Trim.

Sin, Sin—are you all right?" John Henry's voice said. Sin shook her head to clear it of everything except what she wanted most to see. Then she reached her arms up for her husband.

"Johnny, darling, I was worried sick—"

"I'm sorry, Sin. I shouldn't have—"

"I was afraid—I didn't know—and those men—and the gun—they were going to—"

Amid a jangling of metal, Mr. Trim arose from the street to join them. His lower lip trembled. "Vicious!" he said and kicked the tire of the top vehicle.

Sin began to get back some presence of mind. "I'm awfully sorry, Mr. Trim. I was so worried about Johnny and when I saw him—"

The Bry - Ter representative summoned up a brave smile. It faded when he discovered one serge trouser leg was ripped from the hip down. "They were new, too," he reminded himself.

"I'll insist on taking care of this," John Henry said.

Trim shook his head wisely. "Expense account."

Sin wrinkled her nose at the tangled bikes. "For real enjoyment give me a well-boiled icycle," she quoted.

The tooth-paste man looked puzzled. "That a Spoonerism," explained Sin apologetically. "From Rev. Spooner of Oxford. He was always talking in reverse English. My mind's cluttered with useless quotes like that."

"Let's get out of the sun," Conover suggested. His headache was beginning to nag him again.

• • •

ACROSS Date street, the broad walk had been roofed over to shade the tables of a sidewalk cafe. They dragged the bicycles to the curb, sat down at the table nearest the street and listened to John Henry relates his adventures.

"I got dizzy all of a sudden," he concluded. "When I woke up I was all by myself in this empty library."

"She drugged you and searched you!" Sin said accusingly.

"I guess so. Anyway, I climbed out a window and walked to the main road and hitchhiked back here." John Henry looked uncomfortable. "All right, I made a fool of myself."

His wife shifted uneasily and picked at a loose thread on her gay skirt. "Well," she murmered, "it's a matter of record—" While she told of Sagmon Robottom and his mysterious warning, John Henry's chin began to jut forward. As she continued with the story of following Gayner and finding the flood maps, his face turned red. And when Sin had ended the tale of the near kidnaping, her husband slammed his fist down on the linoleum-topped table hard enough to bring a waiter scurrying out from the cafe interior.

"That does it! That's enough for us, Sin."

"What would you like, sir?" the waiter requested timidly.

"Nothing in this town!" John Henry roared, glaring at him.

(To Be Continued)

Looking At Life - - By Erich Brandeis

A WOMAN is suing the Weather Bureau for a large amount because it gave her a wrong forecast.

I forgot the woman's name, the place and the amount. But they don't matter, anyway. And even if I remembered I wouldn't mention them because I hope that the woman is going to lose the case.

BRANDEIS

That's why I wouldn't mention names and places. Almost every week now some newspaper editor or writer is sent to jail for "interfering with justice," or "contempt of court" if he just so much as opens his mouth about a case that's pending before "His Honor."

This woman who sued the Weather Bureau claims that the prediction for the following day was "sunny and warm."

So she got out her car and went out for a drive, all dressed up and shiny.

Then it begins to snow and gets slippery, and she skids and runs into a telegraph pole and smashes the car and breaks her leg or something and, bingo, starts a suit.

• • •

Personally I think that any judge who would award damages to a person like that would be as foolish as the plaintiff.

Since time immemorial weather forecasters have been wrong.

Weather forecasts are one of the spices of life.

They have furnished almost as much joke material to comedians as mothers-in-law.

Thousands of people are betting every day on the weather forecast. I myself have made quite a few pretty pennies by doing that.

I have a system: I bet against the weather forecaster and at the end of the year I come out better than most successful horserace-bettors: I almost break even.

• • •

HERE is a forecast which recently appeared in a newspaper and which was bound to be at least half right. "Sunday, cloudy followed by night."

It would be a monotonous life if weather forecasts always came true.

The very fundamental of a good play or book or movie is suspense.

The moment you know what's going to happen the interest is gone.

That is why lives that run in a daily rut and follow a set routine become dreary and dull.

In New England we have a saying "If you don't like our climate, wait a minute."

Floridians tell me their warm and sunny climate gets monotonous. Californians go up into the Sierras for a little snow.

New England weather never gets monotonous. It doesn't last long enough.

A happy life is just one life of 70 years.

It is 365 lives a year—each one a thrill, each a surprise.

Funny Business

"I like to think of it more as a contribution, lady!"

TO CONTROL DEMOS

Dixie Plan Offered

By RAY TUCKER
Special Correspondent

WASHINGTON—James M. Thomson, former New Orleans publisher and a well-known figure in Democratic circles, has advanced what he regards as a simple and sure-fire scheme for effecting a coalition between Southern Democrats and Republicans that will block the re-election of President Truman or of any New Dealish nominee.

Colonel Thomson is a frequent visitor on Capitol Hill, and he has proposed his plan to numerous Dixiecrats and Dixiecratic sympathizers, although they will not comment on their reaction publicly. He was formerly owner of the New Orleans Item, but he has been living in Virginia since his retirement.

TUCKER

He is the son-in-law of former Senator Champ Clark, who barely missed the Democratic presidential nomination at Baltimore in 1912, and the brother-in-law of former Senator Bennett Clark, now a Federal Judge at Washington.

• • •

SON: Colonel Thomson proposes that each Southern State set up a group of electors pledged to vote for a distinguished "favorite son" such as Senator Harry F. Byrd in Virginia, Senator Walter F. George in Georgia, Senator Allen J. Ellender in Louisiana, etc. Running on a States Rights Democratic ticket, they would easily win a majority in their respective commonwealths, he believes.

Then, if the Democrats named a man of the Roosevelt or Truman type and framed a platform inimical to the South, these electors could throw the contest into the House, or team up with the GOP, if the latter party puts up a satisfactory man.

• • •

OPPOSITION: Colonel Thomson relies on his own experience in Virginia for his belief that this strategy would succeed, despite its revolutionary nature. He was a "Dixiecrat" elector, and, although the Byrd machine did not desert Mr Truman publicly, the Thurmond-Wright ticket polled 43,393 votes. The GOP got 172,070, and the combined total of the opposition topped the Truman figure by almost 15,000.

• • •

DIED: President Truman's "bold new program" for the American development of backward countries has died aborning. The government itself may seek to give it life by shipping teams of technical experts to foreign lands, but private capital exhibits an understandable shyness with regard to foreign investment on a large scale.

In their talks with Assistant Secretary of State Willard Thorp, who heads the program, they point out that unstable conditions in South America, the Far East and India prevent them from sinking stockholders' and investors' money in any new or vast undertaking. So far, Washington has been unwilling to give any secure guarantees against political or economic threats overseas.

Even Congress has shown its doubt concerning this venture. Although the House Foreign Affairs Committee approved the use of $272,000,000 to guarantee investments abroad, it restricted spending of these funds to Marshall Plan countries in Western Europe. It is still doubtful whether even this subsidy will tempt many firms to sink their capital to any great extent.

• • •

ECONOMIC: American companies are deep in many overseas operations, but not of the sort which Mr. Truman envisages. Standard, Sinclair and Texas Gulf, through their subsidiaries, are seeking new oil fields in South America and the Middle East. Bethlehem Steel is digging for iron ore and manganese in Brazil. The Hanna interests are preparing to open up an iron ore bed in Labrador.

As a sideline to these developments, they naturally improve local conditions and the standards of living of the natives. But they have made clear to Mr. Thorp that they do so, and will continue to do so, for sound economic reasons, and not through the kind of humanitarian impulse that President Truman advanced.

Oddly, everybody seems to agree with the presidential premise that raising and widening the want of 1,500,000,000 "ill-fed, ill-housed and ill-clothed" people would create new markets for domestic goods and eliminate many causes of war. But they still classify it as almost visionary as Henry Wallace's proposal of "a quart of milk a day for every Hottentot."

• • •

BOMBS: The recent destructive effects of storms in the South, especially in the Gulf area, have led President Truman to urge federal weather experts to speed up experiments for using atom bombs to smash hurricanes far out to sea. This may result in the first demonstration of the use of this new force for constructive purposes.

Commander F. W. Reichelderfer, U. S. Weather Chief, has been investigating the problem, along with Navy and Air Force personnel. He is not yet ready to say whether the idea is practicable, however.

Incidentally he reports that fierce hurricanes such as have plagued Mr. Truman's Key West vacation resort and other states in this area are equivalent in destructive force to about twenty atom bombs of the type that were dropped on Hiroshima.

"Fiction is responsible for many marriages," asserts a novelist. Yes, particularly the fiction that two can live as cheap as one.

The time will soon come when either Uncle Sam or the taxpayer will no longer be able to live in the manner to which he has become accustomed.

"What he doesn't know doesn't hurt him" is far from being true in the case of the taxpayer, who pays hidden taxes on everything he buys.

An African religious cult sent $22 to the Episcopal diocese in Chicago with the request that it be used "to combat civilization and its attendant evils." In order to comply with this request, the first difficult undertaking will be to find some civilization.

"Experimenters find that a mouse in a rotary cage travels 20 miles a day." And he probably thinks he's getting somewhere—even as you and I.

A college professor says the average man could tell all he knows in two hours. And then most likely he'd set in talking about women.

When man invented money, he thought he had solved most problems of economics, then somebody came along and threw a monkey-wrench in the machinery by inventing credit.

"An Eskimo girl greases herself all over before going to bed."—Newspaper filler. Now there's a chick who's really slick.

"What is the lowest possible temperature?" —From quiz column. It's probably a toss-up between that of freshly laundered sheets or a mother-in-law's shoulder.

In many a case the best thing to do with worries is to leave them behind and go fishing and let them die a natural death.

There have been an unusually large number of multiple births recently. If babies knew what a tough world this is now, they wouldn't be flocking to it in droves.

Believe It Or Not - - By Robert Ripley

BAN ON REDS' TRIP ASSAILED

U. S. Imposes Own Iron Rules

By THOMAS L. STOKES
Special Correspondent

WASHINGTON — The State department has the strict letter of the law on its side in keeping 18 Communists who came here for the so-called cultural and scientific conference for world peace in New York from making a projected tour across our country.

There's no doubt about that. They came here as official visitors from Russia, Poland, Yugoslavia and Czechoslovakia with visas only for New York City and the conference there last weekend. It was only because they were official visitors that they were admitted at all. That's the only way Communists can get into this country legally — as official visitors to a specific locale for a specific purpose.

STOKES

• • •

Officials Had Argument

It may be recalled that this procedure was adopted a couple of years ago in the case, first, of a French Communist newspaperman who came to this country to cover the United Nations sessions in New York. The Justice department found a World War I statute still on the books.

That was the first appearance of our own iron curtain, which was lowered just a bit this side of the Statue of Liberty.

Technically and legally, the State department is on firm ground. It should perhaps get some credit, in the first place, for admitting these Communists musicians, scientists and writers at all, in view of the temper of some people in our country, undoubtedly a minority, who protested their admission in the first place.

• • •

The eye-for-an-eye, tooth-for-a-tooth case was put by a couple of members of Congress, Senator Mundt (R-S. Dak), formerly of the House Un-American Activities committee, and Rep. Wood (D-Ga), its present chairman, who objected that Russian Communist visitors should not be allowed in our country until they dropped their iron curtain for visitors from the United States.

Logical enough, one might suppose.

And yet the attitude seems not only unlike us, but it all seems an affront to the sound sense of the American people to fear the quick passage through our country of only 18 Communists, all of whom work in the arts and not politics, and therefore a bit naive about politics. They would, it is presumed, have the local police watching them wherever they went, so we would be protected, and they would feel at home.

If they said from the platform elsewhere what they said in their New York meetings, we need have no qualms that any of our people would become tainted or indoctrinated. And while they very likely would get delegations of pickets wherever they went, that being an old American custom, it is probable that the folks out in the country, who are courteous and hospitable, would raise far less ruckus than some in New York did.

On the other hand, it might be a good thing to have even this small group look at our country and our happy and prosperous and free people and get rid of lots of notions they read in their newspapers and hear over their radios. It would be a fine opportunity for us to do some proselyting, and merely by giving them a look.

• • •

Might Aid U. S.

It might help our own people to see some Russians, and see that they do not wear long black whiskers or horns or shoot fire out of their mouths, but are just people like ourselves. That might help us to distinguish between the Russian people and the rulers in the Kremlin, and bridge the gap that is growing wider and wider every day between peoples of the world.

The peoples of the world want peace, and it is high time they let their political masters everywhere know that. To do that effectively people must have contact with each other. As it is, we are shutting ourselves behind barriers, behind iron curtains, if you please.

• • •

This is the spring season, the season of budding flowers, and beginning again, and good will, and the time when the circus comes around once more, and the parade goes by, with the animals and the clowns, and the calliope fills the streets with sounds and memories.

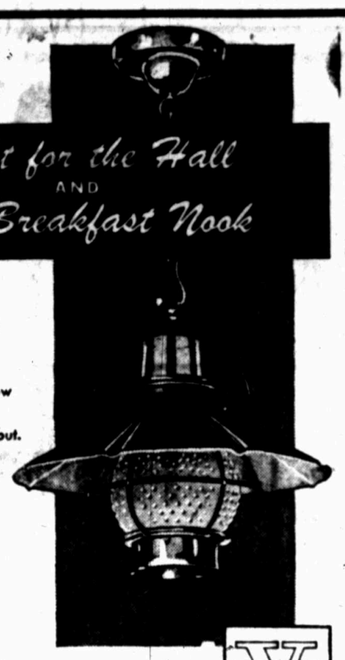

It is doubtful that 18 Communists would be near as exciting as the bearded lady or the thin man or those daring souls who climb up on each other's backs and balance on poles as the gentlemen underneath the whole pack rides a bicycle across a wire way up at the top of the tent.

An afternoon at the circus would help the whole world.

Lawyer Loses Billfold To Thief In San Francisco Court Room

SAN FRANCISCO, March 31. (U.P.)—A brief visit to a murder trial courtroom was all a San Francisco attorney needed to become well versed in the ways of crooks.

After leaving his seat, Chester Monett discovered his wallet missing. He returned to find it gone from the court, as was another spectator who occupied the seat for a few moments after he had vacated it.

Monett's educational brush with the pickpocket cost him $240.

Interscholastic League Meet Slated Here

Literary Contest Set Saturday

Representatives from Lamesa, Brownfield, Plainview, and Lubbock high schools will compete in the Conference AA, district 2 Interscholastic League literary contests, to be held Saturday at Lubbock Senior High school.

Approximately 115 entrants from the schools are to participate in the contests, according to Floyd Honey, director general of the AA conference of District 2.

Winners in the district events will go to the regional contests to be conducted at Texas Tech the weekend of April 22-23. From there, the winners go to the state contests in Austin.

Schedule Is Given

The literary contests to be held Saturday, with director, meeting place, and time, are listed as follows:

Debate, 9-10 and 10-11 a. m., rooms 192, 186, 184 and 183, J. W. Reid of Lubbock, director.

Typewriting, 9 a. m., room 128, Miss Cleo Crabtree of Plainview, director.

Extemporaneous speech, contestants are to report at 9:15 a. m.; contest begins at 10 o'clock, rooms 181 and 182, Mrs. Berneice Martin of Brownfield, director.

Number sense, 10 a. m., room 219, Mrs. Nell K. Shotwell of Lamesa, director.

Spelling and plain writing, 10 a. m., room 132, Mrs. Louise Joachim of Plainview, director.

Declamation, 11 a. m., rooms 244 and 250, Mrs. Lucille Ogletree of Lamesa, director.

Slide rule, 11 a. m., room 111, Mrs. Shotwell, director.

Athletic Events Set Later

Shorthand, 11 a. m., room 128, Miss Crabtree, director.

Ready writing, 1:15 p. m., room 111, Mrs. Ruth Dykes of Brownfield, director.

One-act plays, 2 p. m., Senior High auditorium, D. M. Howell of Lubbock, director.

Debate finals (if necessary), 1:30 p. m., rooms 186 and 192, J. W. Reid, director.

Winners in all the events except spelling will participate in the regional literary contests at Texas Tech in April, Honey said Thursday.

District athletic events of the conference are to be held here next Friday and Saturday, April 8 and 9.

TO CROWN QUEEN

AUSTIN, March 31 (AP) — Lieut. Gov. Allan Shivers said today he will go to Woodville Saturday to crown Miss Ann Rainey as queen of the Tyler county dogwood festival. The small East Texas town each spring celebrates the region's abundance of native dogwood. It was Shivers' birthplace.

House Refuses To Postpone Consideration Of Bills

School Plan Backers Win Test

By DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, March 31.—The House tonight quit until Monday without final action on the Gilmer-Aikin school bills, but backers of the new education plan were shouting victory.

They based their claim on defeat of a proposed amendment to Senator Jim Taylor's reorganization bill that would have substituted an appointive board of education for the elective board and called for in the original measure.

The vote defeating this amendment—which proponents of the bill considered a crippling one—was 67 to 58.

Earlier this afternoon, backers of the school plan won an important round when they beat down an effort to postpone further consideration until April 13. They said the sole purpose of this move was to kill the three bills embodying the Gilmer - Aikin school revamping proposals.

The vote killing Rep. Sam Hanna's motion to defer action was 77 to 55.

Adjournment until Monday means the school bills will not come up for debate again until Wednesday, the next Senate bill day.

Rep. Callan Graham of Junction offered the amendment on which the second test vote came. It would have struck out the provisions for a 21-member elective board of education, and the provision setting up an investment commission to handle school bond matters. It would have set up a nine-member appointive board, which would have been empowered to appoint the state commissioner of education.

One important amendment was adopted. It would retain the present state superintendent of schools as an advisor in the new educational set-up until the end of his term, Dec. 31 1950.

Opponents of the school bills were not conceding ultimate passage. They favored the adjournment until Monday, hoping for more time. Backers of the bills did not want to quit until Monday.

Urging his motion to postpone action until April 13, Hanna cried that the Gilmer-Aikin bills would "sell the school teachers down the river." He said nobody knew what they were going to cost the taxpayer.

Rep. S. J. Isaacks of El Paso said the only purpose of the motion to postpone was to kill the bills by delay.

"If Mr. Hanna wants to defeat this bill why doesn't he walk up to the licklog and have the intestinal fortitude to vote against it," Isaacks said.

The packed gallery, including many schoolteachers, applauded.

Several House members angrily arose from their seats and demanded that the House be cleared of spectators. Hanna came to the floor mike and told Isaacks:

End To "Politics" Urged

"You've been here long enough to know I vote my convictions. I tell you now I am going to vote against these bills."

Earlier today the education bills were urged as a way of divorcing top-level direction of the state's public schools from politics.

Rep. Rae Files Still of Waxahachie opened House debate on Senator Jim Taylor's reorganization measure with another plea that the legislature once and for all end "the fight for power" between the state superintendent and the state board of education.

The Taylor bill would abolish the elective office of state superintendent. It provides for an elective 21-member board of education which would appoint the chief state school administrator.

An effort to ice all three of the Senate-approved school bills away for this session by postponing them for action at a special session was killed on a ruling from acting Speaker Pearce Johnson of Austin.

Johnson, sustaining a point of order by Rep. George Nokes of Corsicana against a resolution to that effect by Rep. William A. Miller of Houston, gave Gilmer-

GEORGE S. ANDERSON VISITS CITY

West Texas Pioneer Declares Area Can Solve Its Problems

★ ★ ★

Lubbock, the South Plains and West Texas still are in the infancy of their development.

This firm conviction was expressed here Thursday by a pioneer who linked his future with West Texas more than 60 years ago and has seen his faith abundantly justified.

He is George S. Anderson, of Abilene, whose extensive business and philanthropic interests there, in West Texas and other parts of the state have spanned upwards of a half century.

Voices Faith In Future

His purpose in visiting Lubbock was to complete an investment in this city which, he declared, has "as bright a future as any place I know." The transaction here involves a corporate partnership with Mr. and Mrs. Walter E. Thatcher to acquire the Wood Printing co., 1104 Main Street, which henceforth will be operated as the Thatcher Printing co.

"Lubbock and West Texas can expect to face their serious problems in the future," Anderson remarked.

"That won't be a new experience. West Texans have been facing serious problems, and usually solving them, as far back as I can remember. They'll keep on facing them, and keep on solving them.

GEORGE S. ANDERSON

"As an example, this and many areas now are concerned about their water supply problems. I

Plainview Show To Open Today

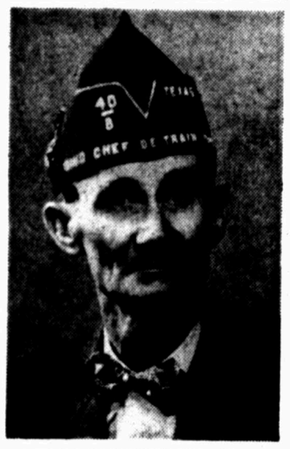

PLAINVIEW, March 31 (Spl.)—More than 175 head of livestock have been listed by prospective exhibitors at the 14th annual Plainview Fat Stock Show being held Friday and Saturday.

Manuel Ayers, general superintendent of the show, made this announcement and added that he felt the total would reach 235 head of calves, lambs and swine before the entry list is closed at 8 o'clock Friday morning.

Ray C. Mowery, professor of animal husbandry at Texas Tech, will judge the swine division starting at 9 a. m. J. A. Gray will be judge in the lamb division and H. D. Elijah, Oklahoma City, will perform the same duties when the calves are judged Saturday morning.

Entries so far have been listed

See PLAINVIEW Page 15

LEADS LEGION FUN—Harry McCain, Plainview, Grand Chef de Train, 40 et 8, Department of Texas, will be heading a delegation from his home town when several hundred members of the American Legion arrive here Saturday for a two-day convention. A full program of entertainment and business sessions have been planned for the visiting Legionnaires and the Legion Auxiliary. The 40 and 8 will set up a "Judge Bean's Court." Legionnaires will be fined for the slightest infractions and the proceeds from this mock 'justice' will be given to the Child Welfare Fund. State Commander Bill McCraw, Dallas, and District Commander T. A. Thigpen, Big Spring, will be among the principal speakers at the conclave.

REPLACING RAILS FOR BETTER SERVICE—A smoothly-working rail-laying crew of 120 men is at work replacing Santa Fe rails in Lubbock that have been in use since 1922. The top picture shows the "burro" crane, which lays the new rail in place and tosses the old one aside—a job that used to be done by strong backs and heavy toil. In the lower picture a typical group of the crew does one of several different jobs. They are clearing away ballast and dirt from the railroad ties with the "cribbing machine." The crew lays approximately two track miles a day—four miles of single track—and does it without interfering with normal train traffic. (Staff Photos.)

HEAVY STEEL LAID ON 26 MILES OF TRACKAGE

Skilled Men, Specialized Machines Speed Work On Santa Fe's Rail Improvement Program Here

By BILL CLARK
Avalanche Staff Writer

One of the major rail improvement programs underway on the Santa Fe system is in progress in the vicinity of Lubbock.

Workmen Thursday were employing a score of highly specialized machines, doing a job by assembly line methods that in earlier days of railroading used to be done mainly by sweat of brow.

There's still plenty of hard work involved, though, as A. B. Crawley, the steel gang foreman in charge of the work, or the division roadmaster, C. O. Enlow of Slaton, can show you.

New Rails Relaid

The job in progress just northwest of the Santa Fe depot in the vicinity of Third street and Ave. M was a small part of a big operation.

Between Lubbock and Southland, through Slaton, new 115-pound rail is being relaid for a distance of 26½ miles. This project, underway for some months, is expected to be completed within the next few days. Resurfacing of the roadbed over the relaid stretch will take until about May 15.

The new Texas-California passenger train which started service through Lubbock recently traverses this route. The improved track and roadbed will expedite the performance of this service, Santa Fe officials said.

Other Projects Slated

Other sections of Santa Fe's southern district also are coming in for construction projects designed to improve the railroad in this part of the country.

The 120-man rail-laying crew which was working in Lubbock Thursday functions like a smooth-working football team. They have to in order to lay two track-miles of new rail every day. Aided by all sorts of special equipment, they work at specific jobs which in turn fit into the general operation.

Pacing the fast-moving crew are two bolt machines which ride along the old track removing bolts holding the rails. A spike puller

TEC Says Area Farmers Have Best Labor Supply 'In Years'

By EDWARD WELSH
Avalanche Staff Writer

"Farmers have had the largest and best labor supply in seven or eight years to draw on for the 1949 season," Vernon O'Farrell, farm placement representative of the Texas Employment Commission, said today.

Land preparation has been pretty well completed in the nine-county area served by the Lubbock office of TEC, O'Farrell said. Weather and moisture were favorable and farmers and growers were able to get this task done on time, or in some cases, earlier, this year.

Planting Labor Sought

Calls are now coming into the TEC office for planting labor. During the 30-day period ending March 25, the TEC placed 58 farm families in profitable employment. The office expects to place at least that many more during the next 30 days. The year-around labor has mostly been placed or contracted for by this time.

Some calls for irrigation labor are beginning to come into TEC but the peak demand will not be reached until some time around May 1. Workers of this category are usually employed for periods ranging from two to four months. O'Farrell says the Lubbock office will be able to furnish all the requirements of this area.

Chopping labor, the largest group required to fulfill the needs of the South Plains, (other than cotton picking), will be called for sometime near June 1. Between 4,000 and 5,000 will be needed to get this work done. The immediate supply in the Lubbock area is between 3,000 and 4,000 who are here now and who will be ready to go to work when the time comes. It is possible that demands may begin a little early this year, O'Farrell hinted, because some planting will get started ahead of schedule.

Some "Imports" Seen

"Last year we had to import 1,800 workers from outside this area," O'Farrell said. "This was done only after all the local supply was exhausted. We can expect to import a similar number this year or perhaps even a few more."

O'Farrell explained that the added need might arise from the increased cotton acreage. Mechanization has not yet been employed to any large degree on the South Plains and there is no indication that 1949 will see any large swing to machinery.

Being on the edge of the wheat belt and having the major part of the labor supply and combine equipment, O'Farrell anticipates a large number of calls this year for wheat harvest hands. He says this situation will be aggravated during 1949 because of a storage shortage. Bumper wheat crops will have to be dumped for open-air storage on the ground, O'Farrell said, and this will require more hand labor. The labor demand will draw from the hands who are usually employed at cotton chopping.

"We believe that we have the situation under control," O'Farrell concluded. "Time and the seasons will show whether or not we have been correct in our forecasts and planning."

As the demands for agricultural labor increase the TEC expects to add more members to the staff of the Lubbock office to facilitate the placement of workers. Some of this additional personnel will be used in the office but the larger number will be field representatives and contact men.

NICE PEOPLE

FORT WORTH, Tex (U.P.)—A landlord who rented his home to a couple for two months returned home to find: the water on; the air conditioner on; 11 unpaid long distance calls; unpaid utility bills; rent for second month unpaid; attic trunk ransacked; one closet ransacked. He didn't find: a typewriter; the couple.

Two-Day Maintenance School To Be Conducted At Tech

A two day school to instruct 4-H boys, farmers and ranchers in the care and maintenance of their tractors and farm machinery, will be held at Texas Tech, April 7 and 8.

District Agent W. N. Williamson, of the extension service, said that plans have been made to have a second-hand tractor of nearly every type at the school. Service men and maintenance experts from the various firms handling the sales and service of these tractors will be on hand to demonstrate the proper way to make repairs and operate the machine more efficiently.

The school was to have been held in the agricultural engineering building which recently was damaged by fire. The classes will be held in the old agricultural engineering building, Williamson said.

Visitors are expected from 16 South Plains and Panhandle counties and the demonstrations are open to all who are interested in the subject.

Courthouse Plans To Be Given County Officials By May 1

The architectural firm of Haynes and Kirby has commited itself to place plans and specifications of a proposed new county courthouse in the hands of the county commissioners court "not later than May 1," County Judge Walter Davies informed the court at a special called business meeting Thursday.

Judge Davies said that would allow advertising of bids in May and opening of bid proposals about June 1.

The public approved an issue of $1,500,000 in bonds in 1946, for construction of a new courthouse to replace the present one completed in 1917 and to add to county jail. All except $250,000 of the bonds have been marketed.

Southern Rhodesia welcomed a record number of settlers during the month of August, 1948—1,922.

99th District Grand Jury Slates Session

A 99th district grand jury will report at 10 a. m. Monday to Judge G. V. Pardue to investigate an estimated 40 complaints that have been filed with county justices of peace, it was announced by the district attorney's department.

It will be a recall session of a grand jury that was adjourned Jan. 4.

Grand jurors are: P. C. Mitchell of Lubbock route 5; C. P. Young, jr., Wolfforth; G. W. Brassell, Slaton; J. R. Barron, Slaton route 2; E. C. Pounds, Lubbock route 1; Jack Payne, 2818 Twenty-third; George Langford, 2619 Twenty-third, foreman of the jury; Homer G. Maxey, 3206 Twenty-first; Leonard G. W. Cole, 2106 Sixteenth; Earl Hobbs, Lubbock route 3; W. J. Spikes, jr., 2222 Eighteenth; R. C. Priestly, 2102 East Ave. D.

Paper Doubts Japanese People Better Dressed Than English

TOKYO, March 31 (AP) — The newspaper Mainichi said today it didn't believe General MacArthur's financial adviser had the right slant on Japan when he reportedly said people here seemed better dressed than in England.

The occupation official, Joseph Dodge, was said to have remarked that in London he had seen cabinet ministers and bankers with patched pants and worn coats but had seen few such clothes in Japan.

"Perhaps the Japanese whom Mr. Dodge has met so far have been dressed smartly, but of course that is not true of the thousands of others," Mainichi said. "The Japanese living standard is considerably lower than what their clothes appear to show."

Magazine Claims Japan's Rate Of Recovery Lowest In World

NEW YORK, March 31. (INS)—Fortune magazine declared today that Japan's postwar industrial recovery rate is the lowest in the world, contrary to the general impression in the United States.

The leading article in the magazine's April issue states that Japan's economic level is only 30 per cent of the 1938 standard. It blames the lag on "bureaucracy—both American and Japanese, military and civilian."

Fortune bases its study principally on reports of U. S. businessmen who have tried to do business in Japan since the war. It states that much information was supplied by Joseph Z. Reday, former executive of the military government organization, SCAP.

The article comments:

"Ever since surrender, Americans have had the comfortable illusion that while the rest of the world was in a fearful mess, the Japanese occupation was just about an unqualified success.

"Yet on the briefest investigation this belief turns out to be moonshine, and each deeper probe merely confirms and darkens the bad news."

Fortune says that, despite the expenditure of two billion dollars by the United States, Japanese recovery has been less than half that of European nations—"the victors, the neutrals, and the defeated alike."

The magazine sees hope in the SCAP directive of last Dec. 18 calling for concentration on production and economic recovery.

Success in political and social fields is recognized in the article. Fortune points out that Japan has been demilitarized; a labor movement has been constructed from the bottom up; the educational system has been liberalized, and agrarian reform is well underway.

However, the magazine paints this broad picture of the economic situation:

"Inflation has been rampant and has only recently begun to decelerate. Industry is stagnant. Tax delinquency is the norm. Foreign trade, the lifeblood of the islands' economy, is ten per cent of 1938. Uncertainty, the climate that kills incentive, still prevails."

Cadets Gain Weight During Basic Training At San Antonio

SAN ANTONIO, March 31 (INS) — Thirteen weeks of basic training at Lackland Air Force base in San Antonio is generally considered a pretty grueling experience.

But figures released this week indicate that the average air cadet gains seven pounds during the course.

Brigadier General Charles F. Born, commanding officer of the indoctrinating division, air training command, says the cadets consume $7 million a year in food, or about $650,000 a month.

Lieutenant Colonel Robert E. Asborne, food service supervisor, points out that the gain in weight is purely incidental, however.

Osborne says that the object of the balanced diet is to keep the cadets in good physical condition, not to increase their weight.

Approximately $3,850,000 of the $7 goes to Texas producers, including $1,575,000 to San Antonio dealers and producers. The rest goes to jobbers outside of Texas.

MacArthur's Office Disagrees With Economic Report

By HOWARD HANDLEMAN
INS Staff Correspondent

TOKYO, March 31 — General MacArthur's economists sharply disagreed today with the declaration of Fortune magazine that Japan's economic recovery is lagging behind all other nations involved in World War II.

The economists at Allied occupation headquarters in Tokyo refused to be quoted by name because they said they did not want a direct controversy with the magazine.

Comparison Is Hit

They cited four points which they said refuted the Fortune article about Japan. The points are:

1. Fortune's choice of 1938 as the standard year for comparison with present-day Japan is unrealistic because that was the year of the great war preparation and economic boom in Japan. The economic experts pointed out: "one of the first things we had to do after the surrender was to tear down Japan's war industries."

2. MacArthur's advisers disagreed with the magazine's contention that Japan's foreign trade is only ten percent of the 1938 volume. They said it is actually one-third by the yardstick of the United States price index.

3. They cited the United Nations bulletin on industrial production to show that Japan is second only to Germany in the rates of increase since 1946.

Deny Inflation Rampant

4. They denied that inflation is rampant in Japan and pointed out that Tokyo black market food prices in February were twenty-five percent lower than prices last August. They also said "the consumer price index in urban Japan declined two percent in February."

MacArthur's economists admitted that recovery generally in Europe was faster than in Japan but pointed out:

"European nations, within a one thousand mile land radius, still have effective trade communication channels and also have fifteen billion American dollars designed to help them develop mutual recovery.

"It is obviously unfair to compare that situation with the Japanese segiment of the Orient. Asiatic trade communication channels are disrupted by political and military disturbances.

"Unlike Germany's neighbors, Japan's neighbors are unable to pay for Japanese goods. Germany has a ready market for her main export — coal — while Japan has lost a substantial portion of her market for her main prewar dollar income — silk.

Jester To Join Activities At Raymondville Onion Fiesta

RAYMONDVILLE, March 31 (INS)—Gov. Beauford Jester has notified officials of the Onion fiesta he definitely will be present to participate in the many activities planned for the April 22, 23 and 24 celebration in Raymondville.

Fiesta officials said the governor has agreed to act as official host to the large number of federal and state officials who have accepted invitations to the affair. Among the many activities on the Onion fiesta program are the governor's banquet and the governor's ball with music provided by a leading name band. Both will be held in the White Wing hotel.

Saturday morning, April 23, Governor Jester will officiate at the dedicatory exercises for Raymondville's new port on the intracoastal canal, which will be named for the late U. S. Rep. J. J. Mansfield. These exercises will be broadcast and also filmed for newsreels. In conjunction with the dedication the Navy's famed "Blue Angels" will put on their aerial show, while planes from the Air Force and the 182nd Fighter Squadron (Air Reserves) present an unusual sky show.

During the afternoon Governor Jester and his party will attend the annual "old fashioned" rodeo and witness the boat races.

Oil Firm Plans Interviews With Graduating Tech Seniors

R. N. Dyer, representative of the Humble Oil and Refining company of Houston, will be at Texas Tech for three days beginning Tuesday to interview graduating seniors who are interested in jobs with his company.

Mrs. Jean Jenkins, head of the Tech Placement service, said Dyer would talk to students who are majoring in chemical, electrical, mechanical, and petroleum engineering and also geology majors. He is also interested in men receiving advanced degrees in physics and chemistry.

Appointments for interviews will be made at a general meeting to be held Tuesday at 5 p.m. in the Agricultural auditorium.

Washington Cherry Blossoms At Peak

WASHINGTON, March 31. (AP) —The capital's famed cherry blossoms, supercharged with hormones for the first time, hit their peak today.

The hormone treatment, in the form of an inexpensive spray, is designed to keep the blooms at their shiny best through next week-end's cherry blossom festival.

Irving C. Root, parks superintendent, said the blossoms started opening by the thousands last Sunday and normally would fall off within five days.

Root said the spray was similar to one used for several years by orchardists, to prevent fruit from dropping off the trees before it is ripe.

Spraying the 600 trees around Washington's tidal basin required about 9,000 gallons. Forty trees were left unsprayed, as a basis for comparison with treated trees.

JUST A HINT

MEMPHIS, Tenn (U.P)—The Rev. Richard B. Gibbs advertised for a piano stool for the church school with the additional note: "Of course, if there is a piano attached to it, we wouldn't turn it down."

Greasy Areas Cause Cars To Slide Into Mississippi River

MEMPHIS, Tenn., March 31, (U.P) —Within a three-day period some 50 automobiles have been fished out of the Mississippi River.

What happens is this:

The motorist parks near the water's edge. Moments later the wheels slip on a grease coating that extends 30 feet from the water and the car slides into the water.

The grease coating is the result of barge cleaning.

FALL MEETING POSSIBLE

UN Observers See Bitter Clash Between Jessup And Vishinsky

By PIERRE J. HUSS
INS Staff Correspondent

LAKE SUCCESS, N. Y., March 31 — United Nations delegates are predicting with some zest that before 1949 is over Russia's Andrei Vishinsky and America's Philip C. Jessup will have it out in a savage verbal dual.

And a lot of dollars, pounds and francs are available at Lake Success to back up the contention that Jessup, the top U. S. diplomatic negotiator, will make the new Soviet foreign minister wish he had never left the Kremlin.

And about as many rubles, francs, Zlotys, dinars—and even some dollars — are available to wager that the sharp-tongued Vishinsky will make Jessup regret he ever left the campus of Columbia university.

Events have not yet determined the time of the debate, but the prospects are that the East and West spokesmen will meet at the fourth regular session of the UN General Assembly in New York next September.

An earlier joust between the two is not likely because the intensity of the "cold war" has drawn down the curtain on high-level international conferences, such as a meeting of the council of foreign ministers.

Furthermore, Vishinsky has dispatched Andrei Gromyko to New York for the April session of the Assembly, leaving himself free to direct the battle against the Atlantic pact from the Kremlin.

Constrast Is Remarkable

That makes the September assembly the prospective scene of the duel between the two. U. S. Secretary of State Dean Acheson has indicated that Jessup will represent him at international conferences and at U. N. assemblies when occasion calls for it.

The contrast between these star spokesmen of the two leading powers could not be greater. The only thing they have in common is that both Jessup and Vishinsky initially earned their daily bread as law professors.

Vishinsky practiced for his career as public Soviet prosecutor as dean of the Moscow law school, slowly and painstakingly living down the dangerous past of his political affiliation with Mensheviks—original powerful opponents of Lenin's Bolsheviks. Jessup moved up the diplomatic ladder from the teaching of law at various universities. He finally received an appointment to the law school of Columbia university.

An ambassador who represented one of the big powers at Moscow for some years said at Lake Success that Vishinsky's appointment to foreign minister is "a miscasting" and that he should have been named "minister for propaganda of the Communist nations."

Better In Propaganda Role

This ambassador, who knows Premier Stalin and Vishinsky well, added:

"As Soviet foreign minister, Vishinsky is a rubber-stamp for the politbureau. His real value lies in the propaganda he is capable of organizing and developing for Russia. Vishinsky is the Moscow counter-part of Hitler's Joe Goebbels. It is a pity that the western world never had the unique pleasure of witnessing the two of them in debate against each other.

Jessup, on the other hand, has the kind of popularity which quickly impels those around him to call him "Phil." In the Paris sessions of the Security Council he countered Vishinsky's blustering on the Berlin blockade with an easy smile and a calm but biting reply. That is the weapon "Phil" knows how to use best—and when the two meet for the big political showdown, the United States can look with confidence to its spokesman.

Vishinsky likes to sneer at western customs and fads, but he has demonstrated a readiness to adapt his propaganda tricks to popular American concepts. He has made good use of slang, of the come-back and wise-crack.

When facing Jessup in the future, he will watch his step. In Paris Vishinsky stubbed his toe. On the morning after the election of President Truman, Vishinsky button-holed Jessup in the Assembly corridors and slyly remarked that the American way of life must be all wrong, since Americans lived by the pollster and believed everything they forecast.

Jessup laughed and said he had hit on a solution whereby the pollsters need never be wrong again in predicting the outcome of a national election.

"In fact," Jessup grinned, "my solution is so perfect that the pollster henceforth can fortell the election to one hundred per cent accuracy."

"How?" asked Vishinsky.

Jessup answered:

"By sending all of them to the Soviet Union to forecast your elections."

Firing On Fort Sumter To Be Re-Enacted In South Carolina

CHARLESTON, S. C., March 31. (U.P.)—The firing on Ft. Sumter, spark that set off the Civil War, will be re-enacted in fireworks April 20 during the Charleston azalea festival.

The display will be staged at the point of the famous Battery. Models of Forts Sumter and Johnson will be constructed on small ships and moved in close to shore.

The actual battle was fought on April 12, 1861. Sponsors hope that the sham battle will develop ultimately into a pageant such as the Lost Colony show in North Carolina.

STEAM SHOVEL LANDS FISH

TACOMA, Wash (U.P.)—Hilmar Johnson caught a 15-pound steelhead on an outfit that cost $33,000. Johnson operates a steam shovel. He spotted the steelhead in the Puyallup River and aimed his scoop at the fish. The first dip was successful.

German plants expect to build 10,500 freight cars during 1949.

1948 RUNNER-UP IN CONTEST

Total Of 245 Boys Registered For Derby; Deadline Approaches

Look out, boys, Willie's out to win this year!

Remember the little sober-faced youngster, Willie A. Nieman, who captured second place in last year's Soap Box Derby.

Willie was the darkhorse of the Derby—the only out-of-town boy in the race—and no one paid any attention to him until his little racer, which he made during his spare time from farm work, began to nose out all others in the second, third and fourth heats of the race.

Willie, a year older and a more experienced Derby driver, signed up again this week. Watson Furniture company, who sponsored him last year, has already notified Derby officials they're his sponsor again this year. Willie is an eighth grade student at New Home school.

ATTENTION DERBY ENTRANTS!
Some of the boys who have entered the Soap Box Derby haven't had their pictures made. They should report to the Dallas Studio, 1114 Nineteenth, and have their photographs made, without cost. All boys are asked to have their pictures made as soon as possible.

Willie was one of 25 youngsters who have signed up this week for the big Derby, sponsored by The Avalanche - Journal, Kuykendall Chevrolet company and the Lubbock Exchange club.

A total of 245 boys now is listed on registration cards and if the pace gets slower, Derby officials hope to close out registration by this weekend. April 9 had been previously set as registration deadline.

Entries in the big race, which will be run on a permanent race course in Mackenzie State park on Monday, July 4, signed up this week include:

Jimmy Briscoe, 13, W. L. Downing, 15, route 4; James Edward Gschwend, 11, 1516 Ave. E. Bobby Montgomery, 13, route 7; Willie A. Nieman, 12, route 4, Tahoka; Jimmy Whitacre, 12, 2519 Twentieth; Franklin Maynard, 15, route 7; Kenneth Gordon, 14, 508 Ave. L; Jimmy Cope, 11, 1505 Twenty-sixth; Billy Cope, 14, 1504 Twenty-sixth; Van Horn, 11, 2121 Twenty-sixth; A. M. Perry, 11, 501 Ave. D; Billy McClure, 14, 3704 Ave. F; Eugene Conant, 11, 2630 Twenty-third; Billy Wilkison, 12, 2203 Twenty-second; Ernest Jones, Jr. 12, route 6; Harvey Charles Murdock, 11, 119 Temple Hueh Butler, 13, 3015 North Third; Billy Porter, 13, 2510 North Third; Harold Settle, 13, 3103 North Third; James Smith, 14, 808 Ave. O; John Simmons, 13, 504 Ave. S; Ed Golden, 13, route 4; Billy Hallmark, 12, 2402 Thirty-second; and Hugh Carlen, 12, 1628 Seventh.

Japan now exports matches again.

Sixty Sponsors Are Signed To Back Second Big Race

Sponsors for boys in Lubbock's second annual Soap Box Derby are beginning to send in their checks and Thursday afternoon a total of 60 sponsors had been signed up for the big race to be run on Monday, July 4.

Any individual, business firm or organization can sponsor a boy in the race. All he has to do is pay a fee of $17.50 which pays for the boys wheel and steering gear sets and other incidentals and then follow through and see that his boy builds his car.

Last year's race saw every youngster with a sponsored car and as the race progressed, there was a stepped-up tempo of competition among the contestants and fans over which firm's car would emerge the winner.

Snodgrass- Maner Motor company's car, driven by little Joe Lon Teal, son of Mr. and Mrs. J. L. Teal, 1919 Thirty-first, was the winner, with Watson Furniture company's car driven by Willie A. Nieman, coming in second.

Members of the Lubbock Exchange club, who with The Avalanche - Journal and Kuykendall Chevrolet company, are sponsoring the Derby, hope to have enough sponsors for the 250 boys entered thus far in the race by the close of registration date, April 9.

With the sponsors signed up, each boy can get his wheel and steering gear sets and start work on his car.

If you would like to sponsor a boy in the race, send in your check to Sponsors' Committee, Lubbock Exchange club, General Delivery, Lubbock, or to The Avalanche-Journal.

American Air Lines Reports Loss Of $2,894,000 In 1948

DALLAS, March 31 (AP)—American airplanes reported today that its net operating loss for 1948 was $2,894,000. This compared with an adjusted loss of $3,401,000 for 1947.

Revenues during 1948 amounted to $89,286,000, highest in the history of the company, and 9.2 per cent higher than 1947 revenues.

'Nubbins,' Wyoming Boy Who Had Early Christmas, Is Dead

CHEYENNE, Wyo., March 31 (AP) — Nubbins, the little boy the nation prayed for, is dead.

The seven-year-old Cheyenne early-Christmas boy of 1944—Forest Hoffman, better known as just "Nubbins"—died early this morning. He had been in a coma for a week.

Nubbins struggled to live for over four years and for a time it appeared he had a chance. Doctors said he was dying in November of 1944. His trouble was a bladder obstruction.

Christmas Observed Early

His parents, Mr. and Mrs. M. H. Hoffman, gave him Christmas on November 19, and hundreds shared in it. Toys, money, letters and cards poured in from throughout the country and from other lands.

Doctors in Denver then took over, and he underwent many operations in a Denver hospital.

Last fall he began taking hormone treatments and for a time it looked as if the fight for life might have taken a turn for the better.

Since the first of the year however colds and sickness kept Nubbins out of school all but four days. Early this month his parents took him to Denver. He was given his choice of staying in the hospital or coming home.

Forest had grown to dislike hospitals, and he chose home. There he died.

SERVANTS GO TO ENGLAND

HAMBURG, Germany, March 26. (AP)—The British military government reports that 2,345 German women have gone to Britain as domestic servants.

Grass Seeding Demonstration To Be Held In Crosby County Today

A grass seeding demonstration will be conducted at 2 o'clock this afternoon on the Howard Hampton ranch, located five miles south of Robertson, Crosby county.

The Board of Supervisors of the Crosby County Soil Conservation district is sponsoring the demonstration. Assisting in the grass seeding will be technicians from the Soil Conservation service of the USDA. W. R. Kimbrough, Crosby county agent, will direct the demonstration.

The public, and especially landowners, are invited to attend todays' demonstration for the purpose of learning what they can do to prevent erosion on their property.

Butane Plant Blast Kills One, Injures Seven In Oklahoma

MADILL, Okla., March 31 (AP)—A blast in a butane plant killed an oil chemist and burned seven other men, near here last night.

J. R. Mahan, a plant worker, was burned on the face and hands when he tried to pull the chemist, J. S. Green, 47, from the succeeding oil fire.

Floating Mine Kills 50 In Jap Resort City

TOKYO, March 31 (INS) — A traffic aftermath of the war was reported in Tokyo today.

The Tokyo newspaper Yomiuri said that 50 Japanese were killed, 100 injured and 30 houses destroyed when a floating mine exploded at Nadachi, a seashore town in Niigata prefecture on Honshu.

The victims were among a curious crowd which gathered to watch a policeman tow in the mine.

Gold May Bow To Uranium As Exchange Medium, Scientist Says

By ROBERT M. SHAW
British United Press Writer

TORONTO, March 31—Uranium one day possibly may replace gold as the standard for international exchange, one expert believes.

Such a proposition isn't entirely fantastic, according to Dr. Marcel Pochon, an internationally known metallurgical chemist. Ponchon took time out during the 17th annual convention of the Canadian Prospectors and Developers association here to do some atomic crystal gazing.

He sees in the future a tremendous economic and social upheaval as a result of atomic energy. He sees the world at an even greater crisis than the industrial revolution.

Pochon sees the day coming when uranium, or similar materials, will be used exclusively to heat homes and offices, to drive trains and ships and give the world its cheapest source of power.

Dissension Seen

But getting this cheap source of power across to the people for whom it will do the most good is going to make a lot of other people angry.

Utility companies and oil companies, and perhaps the coal miners' union, Pochon believes, will use every trick in the books to block the universal application of atomic energy. For they'll see in it a threat to the existence of vast fortunes.

But Pochon believes that such a conflict, when it does come, will be won by science in its never-ending desire to improve living standards and seek new fields for development.

When that battle is won Pochon says there will be a complete reorganization of the world's economy. Present scales of values will disappear. For the tremendous amount of cheap power then available will be produced by a small working force.

The problem in the atomic age of the future will not be to find jobs to provide for the needs of mankind, but to find something for men and women to do in their long hours of leisure.

He sees an eventual diminishing of the population of large cities. In the world of the future, Pochon says, there will be a move to definite de-centralization of population.

The man making the predictions speaks with a force backed by many years as one of the world's top brains in radium and uranium research.

He is a tall, graying Frenchman who celebrated his 59th birthday at Port Hope, Ont., on March 7.

Studied Under Curie

In 1905 he was accepted as a student at the School of Industrial Physics and Chemistry in Paris, where radium was discovered by Pierre and Eve Curie in 1898. His examiner at the oral entrance test was the great Curie himself.

Pochon's path led to Canada in 1932. He became chief chemist for the Eldorado corporation, which had just discovered radium on Great Bear lake in the Northwest Territories.

He is continuing his work in Canada and United States for the development of the atomic age. At the moment, he says the world is merely on the threshold of the age and many wonders are yet to be seen.

South Korea has levied an admission tax of 100 per cent on movie theaters.

Late Dr. Ellis Is Given Hogg Award

AUSTIN, March 31 (INS) — The late Dr. A. Caswell Ellis, who for 29 years directed the department of philosophy and psychology of education at the University of Texas, is the honorary recipient of the Hogg foundation award for distinguished service in the cause of mental hygiene.

Dr. Ellis died last fall. The Texas Society for Mental Hygiene, in announcing the second annual $250 award, described him as "an outstanding pioneer in advancing our knowledge of the human mind and emotions."

Mrs. Mary Ellis, Dr. Ellis' widow, will receive the award in his memory. The society said that she "in her own right deserves to be recognized for her diligent work in the field of mental health and adult education in Texas."

The awards committee cited Dr. Ellis as being instrumental in securing legislation to change the official concept of insanity to "the concept of state hospitals and a preventative mental health program."

Dr. Ellis organized the first courses in applied psychology and field work at the university. He served on a committee apointed by then-governor Pat Neff to survey the state's mental health facilities.

For 15 years he was president of Cleveland college of Ohio and then returned to the university to carry on his work through the extension division and Hogg foundation for mental hygiene.

Bicycle Safety Films Credited With Saving Lives In Dallas

DALLAS, March 31. (INS)—A safety program of films and pictures in Dallas schools on the dangers of bicycle riding apparently had paid off in fewer bicycle deaths.

Dallas Police Chief Carl Hanson cites the fact that only three persons have died in accidents involving bicycles since 1938. He says that even more important is the improving attitude of Dallas youngsters toward necessary safety precautions.

School Backers Claim Decisive Victory In Test Vote; House Adjourned Until Monday

(Continued From Page One)

Aikin backers their first round in what promises to be a long, bitter struggle.

Opponents came out on top yesterday when they succeeded in stalling off action on the school bills for one day.

Nokes argued that Miller's resolution was improper because there was no House rule permitting it to postpone legislation to some time when it was not in session. Johnson agreed, saying the resolution would in effect constitute an amendment to the House rules. He declared it was dead.

The Senate adjourned until Monday while House debate on the school bills warmed up. The gallery had standing room only and Mrs. Still—a schoolteacher herself—explained the Taylor bill. Many teachers were among the onlookers.

She offered an amendment designed to meet one major objection to the Taylor bill—that it would unseat a state superintendent who had been duly elected by the people. The amendment would retain present superintendent, Dr. L. A. Woods, as a consultant until the end of his term on Dec. 31, 1950. He has fought the Gilmer-Aikin bills.

Mrs. Still said the three education bills would correct the situation under which there are four separate agencies often pulling in different directions, heading the school system.

"School people don't know which of these to turn to," she said. She was referring to the Board of Education, The Board of Vocational Education, the State Department of Education and the legislative audit committee, all of whom have a finger in running school affairs from the top.

Under the Taylor bill, the entire set up would be under the direction of the elected state board with the appointed commissioner of education as its chief executive officer.

"There hasn't been a real race for the office of state superintendent for many years," Mrs. Still said. "The reason is there are few local superintendents who will run for an office, spend $100,000 and take the job on the basis 'I've got votes here and I've got votes there.'

"When you're elected to an office you're in politics no matter who you are. You've got to run the office politically and not on a basis of what's good for the school children."

The essence of the Gilmer-Aikin plan is to furnish the best possible program for the school children, administered the way it should be administered—on a professional basis, the teacher-lawmaker said.

Before debate started, Nokes distributed among House members a circular showing that the Gilmer-Aikin bills would cost the state an estimated $27,585,660 more a year than it is now spending.

His figures placed the total cost at $188,117,260. Of this, local funds would supply $45,000,000. Total cost of the state would be $141,631,360 compared with the present $114,045,700, under Nokes figures.

Livestock

FORT WORTH REPORT

FORT WORTH, March 31 (AP)—Cattle 350; calves 150; trade slow; prices about steady; medium and good slaughter steers and yearlings 20.00-24.00; good slaughter calves 23.00-24.00; with odd head choice calves to 24.50-25.50; common to medium calves 18.00-22.00; a few medium and good stocker yearlings 20.00-24.00.

Hogs 500; mostly steady on all weights; top 20.50; good and choice 190-260 butchers 20.25-50; good and choice 150-185 lb 19.00-20.00; good and choice 280-400 lb 17.50-20.00; sows 15.00-16.50; feeder pigs 15.00-18.00.

Sheep 1,500; spring lambs and shorn slaughter lambs steady; good and choice spring lambs 21.00-22.00; good and choice shorn lambs with No. 3 pelts 20.00-20.00; common and medium shorn lambs downward to 25.00; shorn feeder lambs 21.00-22.50.

KANSAS CITY REPORT

KANSAS CITY, March 31 (AP)—Cattle 800; calves 200; rather slow but steers, heifers steady; cows steady to weak; bulls scarce; vealers and killing calves unchanged; medium and good fed steers 22.00-24.25; medium and good heifers 21.00-24.00; canners and cutter cows 14.00-16.50; good and choice vealers 26.00-29.00.

Hogs 1200; fairly active, 25 to mostly 50 higher; top 21.25; good and choice 170-250 lbs 20.50-21.25; 150-160 lbs 19.00-20.50; sows 16.50-17.75; stags 15.50 down.

Sheep 100; receipts confined to few scattered bunches in truck division; not enough to test values; killing classes nominally steady.

Grain

CHICAGO REPORT

CHICAGO, March 31 (AP)—An advance in cash grain prices at major terminals helped strengthen wheat futures on the board of trade today. However, the upturn met quite a bit of selling and gains were not large.

Mills were fairly active buyers of wheat in southwestern markets, boosting the cash grain price about a cent. The government also raised its bid. Receipts were held down by bad weather.

Wheat ended ⅛ lower to ⅛ higher, May $2.15 ⅛-¼, corn was ⅜ lower to ¼ higher, May $1.32 ⅝-⅞; oats were unchanged to ⅜ higher, May 69 ⅛-¼, rye was ⅛ to 1 cent lower, May $1.27, soybeans were ½-1 ⅝ higher, May $2.16 ⅝-¾, and lard was 10 to 15 cents a hundred pounds higher, May $11.42.

FORT WORTH REPORT

FORT WORTH, March 31 (AP)—Wheat No. 1 hard 2.44-50.
Oats No. 2 white 93-94.
Corn No. 2 white 1.72 ½-75 ½.
Sorghums No. 2 yellow milo per 100 lbs 2.54-63.

Produce

CHICAGO REPORT

CHICAGO, March 31 (AP)—Produce.
Live poultry; unsettled. 13 trucks. Hens: colored 30; Hybrid 33; Leghorn 30. Broilers: colored 31, White Rock 32, Plymouth Rock 32, Crosses 32.
Butter: 680,613 pounds. Steady. 93 score 59 ½ cents a pound; 92 score 59 ½; 90 score 59 ¼; 89 score 59.
Carlots 90 score 59 ½; 89 score 59.
Eggs (Browns and white): 14,747 cases. Firm. Extras 70 per cent and over 46½ cents a dozen; extras 60 to 69 per cent A 45 ½; standards 42 ½ to 44; current receipts 42 ½; dirties 41 ½; checks 40.

Plainview Show

(Continued From Page One)

from Bailey, Floyd, Swisher, Crosby, Lamb, Castro and Hale counties. Others are expected from Terry and other surrounding counties.

As soon as judging is completed Saturday afternoon lambs and beef cattle will be loaded out for rail shipment to Kansas City where they will be sold on April 6 at the Kansas City stockyards. Ayers said if as many as 30 boys and dads make the Kansas City trip a bus will be chartered for the trip but that if fewer go it will be more economical to go by automobiles.

A round of sightseeing and entertainment is being prepared for the Plains stockmen, as is the custom of the Plainview Fat Stock Show delegation in Kansas City.

The exhibit is open to both boys and adult showman but the two groups do not compete against each other, the men showing in open classes and competing among themselves while the boys are left to scrap it out in the judges scores.

Exhibits will be in the Dairy Show barns.

C. B. Martin, former Hale county agent, is president of the Fat Stock Show Association. Other officials are Roscoe Snyder, secretary-treasurer; George Sealey, assistant superintendent; Jack McGarr is superintendent of the fat steer and heifer division. Kenneth Gregg has charge of the lamb show. Dickie Roberts is superintendent of the swine division. This trio of lads is among veteran 4-H and FFA exhibitors in the Plainview Fat Stock Show.

The South African Broadcasting Corporation is about to establish its first commercial programs and announcers and radio artists hailed the announcement as heralding a new era of prosperity.

At A Glance

NEW YORK, March 31 (AP)—STOCKS — Lower; losses small, trading slows.

BONDS—Steady; selective demand for rails.

COTTON—Irregular; hedge selling.

CHICAGO:
WHEAT — Steady; cash prices higher.

CORN—Steady; fair demand cash grain.

OATS—Steady; rains delay new crop seeding.

HOGS—Slow, steady to strong; top $21.25.

CATTLE — Steady to 25 cents higher; top $27.50.

Cotton

NEW YORK REPORT

NEW YORK, March 31 (AP)— Cotton futures were irregular in slow trading today. With the higher mid-March parity discounted, traders again awaited congressional action on more ECA funds and developments on farm legislation. Reports that mills may curtail print cloth production because of slow demand depressed the market.

Futures closed 18 cents a bale higher to 5 cents lower than the previous close.

	Open	High	Low	Last

AVERAGE PRICE

NEW ORLEANS, March 31. (AP)—The average price of middling 15/16ths-inch cotton today at 10 designated southern spot markets was 15 cents a bale lower at 32.72 cents a pound; average for the past 30 market days $2.48; middling 15ths-inch 30.73.

Wall Street

MARKET DRAGS SLIGHTLY

NEW YORK, March 31 (AP)—Demand for stocks ended today and business reversed close to normal after two days of rapid-fire activity.

Key issues lost fractions to an extreme of around 2 points although most declines were a point or less. A handful of shares finished in higher ground.

The setback almost cut in half the gains of a two-day rise—Tuesday's advance was one of the largest in the past year—which lifted the general price level to a high since Feb. 4.

Turnover dropped to 980,000 shares.

The Associated Press average of 60 stocks declined 3 of one point to 63.9. This decline was matched on March 15 and exceeded a bit on Feb. 24. Utilities held up better than the rail and industrial groups.

The market was still fairly broad with 1,024 individual issues appearing on the ticker tape. Of these 564 lost ground and 328 advanced.

President Truman's statement at a press conference that he thought a federal deficit would be much more dangerous to the country's economic health than a tax increase didn't rest well in the financial district.

Mission Corp. and Barnsdall Oil were among the few issues to strike hard against the main trend. Mission ended 1⅛ points higher at 47⅝ and Barnsdall gained 3⅝ at 46⅞.

On the losing side were U. S. Steel, Chrysler, General Motors, U. S. Rubber, Montgomery Ward, Sears Roebuck, United Aircraft, Western Union, Kennecott Copper, American Smelting, Westinghouse Electric, Radio Corp., Santa Fe, Southern Pacific, Standard Oil of California and Standard Oil (NJ).

Railroad Work

(Continued From Page One)

follows to remove old spikes.

Then four men with lining bars throw out the old rails and two others take up the old tie plates by hand. Two more men come along plugging up tie holes and they are followed by two men with tie-plug hammers who drive down the plug into the tie.

Two cribbing machines have the job of removing ballast and dirt from between the ties to clear the way for the adzing machines. The adzing machines plane down the old tie to smooth it in preparation for the new rail.

The adzed surface is then swept by hand, the old spikes are thoroughly driven into the tie by two men with a "tie-plus punch" and sledge hammer. A creosoting machine applies a protective coating to the adzed surface of the tie.

Crane Sets Rail

Quickly behind come three men placing new steel tie plates, and then the largest single piece of machinery used, a mounted "burro" crane, sets the new rail in place and removes the old rail from the track.

Finishing up the job on the newly-laid rails there come in quick succession a crew who place bolts and angle bars by hand, two ingenious "bolt machines" that tighten the bolts mechanically, and compressor-power jackhammers that drive the new spikes into the tie. Rail anchors are then placed by a crew of six men.

During the operation one man takes the temperature of the steel and designates the amount of expansion room to be allowed between 0 and 25 degrees Fahrenheit, he would leave a quarter of an inch to take care of expansion. If the temperature were 100 degrees, he would have the track laid flush, end-to-end, as the rail would be expanded.

Trains Not Halted

The crew occupies nearly a quarter of a mile of track in performing its job. However, they do not interfere with scheduled operation of trains, and the machinery is removed from the track when necessary to allow a train to pass.

The old rails weighed 90 pounds per yard but they are being replaced with a heavier rail weighing 115 pounds per yard. Each section of rail is 39 feet long and therefore weighs 1,170 pounds, or slightly more than half a ton.

Other sections of Santa Fe's southern district also are coming in for construction projects, all designed to improve the railroad in this part of the country.

The bridge over the Cimarron river near Waynoka, Okla., is being relocated, with a consequent line change and construction of a new bridge. This project will be completed about June 1.

The main lines between Pampa and Canyon are being completely resurfaced, a distance of 71½ miles.

RADIO RECEPTION

To get full tonal range and maximum enjoyment from table model or console radios, the instrument should be pointed directly at the listening area, radio engineers advise.

Pioneer Visits City

(Continued From Page One)

don't know how these problems may be solved. But I am wholly confident they will be solved when need arises. I am not at all afraid that this area will run out of water some day."

Co-Founder Of Paper

A native of Bell county, Anderson was a small boy when his parents moved to Fisher county in a wagon. One of his first jobs was as flag boy for the surveyor who laid out Roby, the county seat.

In 1892, he and the late E. H. Kiefer founded the Roby Banner, which still is publishing. A few years later they acquired the Abilene Reporter, which they soon increased from weekly to daily publication. They also founded the Sweetwater Reporter, which they sold after a few years.

Later he formed an association with the late Bernard Hanks, publisher of the Abilene Reporter Publishing co., who died recently.

Has Many Interests

Anderson's business connections include the chairmanship of the board of the Reporter Publishing co. and the presidency and active supervision of the Abilene Printing and Stationery co. He has important stock interests in newspapers and/or radio stations in Big Spring, Marshall, Paris, Corpus Christi and other cities.

He has been a member of the board of trustees of Hardin-Simmons university most of the time for about 50 years and chairman of the board of Hendrick Memorial hospital since it was built more than 25 years ago. Both institutions are in Abilene. He has been an active lay member of the Baptist church since boyhood.

Mr. and Mrs. Thatcher moved to Lubbock in 1947 from Plainview, where he operated the Thatcher Printing co. 26 years. He and Robert S. Rodgers, jr., have operated the Wood Printing co. since 1947. The newly formed corporation, capitalized at $45,000, acquired Rodgers' interests.

Thatcher, who will manage the business, said that no expansion plans are ready for announcement.

Army Hunts For Three Soldiers Who Fled Guardhouse In Japan

YOKOHAMA, March 31, (INS)—American military police today were searching for three soldiers who escaped from a guardhouse in Yokohama.

The trio is Sgt. Tony Palmquist of Newcastle; Alberta, Canada, and Privates Joseph Lablance of Gardner, Mass., and Earl Lampley of Scott City, Kansas.

Palmquist, an Army postal money order clerk, was held on charges of theft of a $4,000 money order.

Shallowater School Wins Play Contest

Shallowater High school Thursday night won first place in the District B Interscholastic league competition for one-act plays held at O. L. Slaton Junior High school.

The winning play, 'The Patchwork Quilt,' was directed by Mrs. Verna Truman. Frenship high school, the other member of the league, won second place with its production of 'Blue Teapot,' directed by Mrs. A. F. Rasor.

Novella Crump, Shallowater, and Jimmy Pottet, Frenship, were named as the outstanding performers in the meet.

They plays were judged by Mrs. Rem Thompson of Lubbock.

PAYMASTER for more milk at less feed cost.

. . . A complete line of regular and sweet Paymaster Dairy Rations.

HOMEFOLKS!

These fine feeds are made by West Texas homefolks for homefolks.

Many of you who read this advertisement know the men who make these feeds well — your children go to school with theirs, your wives and theirs go to the same church, you yourselves swap stories with these men. And you know they know the kind of formulated feeds that pay off on West Texas ranges, in West Texas feed-lots, in West Texas poultry yards, in West Texas dairy barns.

HANDY!

Paymaster Formula-Feeds are handy to ranchers and farmers throughout the Southwest. Get yours at any Western Cottonoil mill, or at your Paymaster feed dealer.

WESTERN COTTONOIL CO.
