# Iraq Hints Nasser To Blame For Revolt

*SALES TAX BILL LOOMS*

## Daniel Urges Quick Move To End Deficit

By DAVE CHEAVENS

AUSTIN (AP)—Gov. Price Daniel urgently called the Legislature's attention today to the need of rubbing out the general fund deficit of 65 million dollars.

His message was presented to the House and Senate as a sales tax bill linked to paying the cost of improved school services was proposed by a House member.

Rep. Frates Seeligson of San Antonio said he would offer his measure levying a 1½ per cent sales tax tomorrow. Daniel opposes this method of financing state government.

The governor's message underlined the need for fast action by the Legislature on his proposals to wipe out the deficit before the session can get on with budget balancing on a long range basis.

Daniel's plans for erasing the deficit are stalled in House committee.

"I consider this matter of such urgency as to ask again for action on an emergency basis separate and apart from expenditures and new taxes for the next biennium," Daniel's appeal to the lawmakers said. He asked that the Legislature get along with his proposals unless it offers an alternative plan of its own.

Seeligson calls his bill an "aid to education" act. The money would go for public school operations. His sales tax would exempt food and purchases under 50 cents.

Demands for more money for schools were underlined at the Senate education committee hearing last night.

Thousands of teachers, school patrons and other citizens served notice last night that they want action from this session on the Hale-Aikin School Study Committee proposals. While they jammed the Senate chamber and galleries, a score of their spokesmen told the Education Committee why they thought Texas must have the recommended improvements including more pay for teachers.

The committee then by voice vote sent the measure by Sen. A. M. Aikin Jr. of Paris to the calendar for debate, after refusing 7-3 to shunt it off to a subcommittee for a week.

It was the most important measure to win committee approval thus far in this tax-worried Legislature.

Some witnesses said they felt Texas children need the improvements embodied in the Hale-Aikin proposals and they would even go for a general sales tax or personal income levy to foot the bill.

Another battle began to shape up in the House.

The House Municipal and Private Corporations Committee recommended passage of a bill to limit hours worked by firemen and policemen in cities over 10,000. The Texas Municipal League is opposing the measure, saying the cities should have the power of regulation. The bill which went to the House floor for what promises to be hot debate will cost them 9 million dollars a year, the organization of city officials claims.

## Agriculture Department Under Probe

By FRANK N. MANITZAS

AUSTIN (AP) — The Travis County Grand Jury investigated today alleged violations of election code in the Agriculture Department.

Agriculture Commissioner John White said yesterday "this is the first I've ever heard of it." He said he had nothing else to say.

Grand Jury Foreman Thomas Harper Jr. said "we are making an active investigation of the Agriculture Department. It has to do with gifts for political campaigns. We received the information about three weeks ago, and we started the investigation."

The grand jury recently reported it found no law violations in the $30,000 cash gifts allegedly received from 1949-1958 by Comptroller Robert S. Calvert from his employes.

The Senate Investigating Committee alleged about $6,000 of the money was for political purposes. Committee Chairman Sen. Charles Herring of Austin said his group did not look into any other department.

It is against the law to solicit or receive contributions for political purposes from state employes. A violation is a misdemenanor and carries a $500 fine on conviction. The investigating committee recommended the penalty be made a felony to include a larger fine and a prison sentence.

"We have a complete file on this subject and the Agriculture Department," Harper said.

Herring said he would introduce a resolution for the creation of a House - Senate Investigating Committee "to act as a watchdog" over state departments.

**IN REVOLT**—Blast symbol marks Mosul, rebel center, which was bombed by Iraqi air force. Underlined are Kirkuk, where army units were asked to join revolt and Ramadi, which rebels claim have joined them. (AP Wirephoto)

## Claim Rebels Are Crushed

By TOM MASTERSON

BEIRUT, Lebanon (AP)—Iraq's government reiterated today it has crushed the week-end nationalist uprising and accused a foreign power—apparently meaning President Gamal Abdel Nasser's United Arab Republic—of stirring up the trouble.

The rebels, whether by choice or necessity, maintained radio silence after signing off at midnight with a final claim to control of all north Iraq.

The victory declarations of Premier Abdel Karim Kassem's Communist-influenced regime via Radio Baghdad met no further challenge on Middle East airwaves.

Mystery still surrounded the insurrection led by Col. Abdel Wahab Shawaf in oil-rich Mosul. Few specific details had been disclosed by either side.

Iraq's military governor, Ahmed Saleh el Abdi, voiced the charge of foreign meddling in a broadcast from Baghdad.

"We advise this country that is cooperating with imperialism to stop spreading lies, because these will not affect the Iraqi republic," he said.

"This imperialist state must know that the people and army of Iraq are determined to preserve our republic and smash all imperialist stooges."

Kassem's regime has been at odds with Nasser for months over the Iraqi leader's refusal to adopt a policy of Arab unity along lines advocated in Cairo.

Radio Baghdad repeated its claim—denied Monday by the rebels' Radio Mosul—that Shawaf had been killed by his own men.

The rebel radio in the north Iraq oil city of Mosul had grown steadily weaker before it stopped broadcasting about midnight Monday.

The final rebel broadcast repeated the aims of the revolution. Several listening posts in Beirut which heard the rebel radio signals clearly Monday could not find a trace of the station this morning.

The two sides had kept up a running drumfire of conflicting victory claims. Crowds of Kassem supporters celebrated through the streets of Baghdad as the government radio blared word that the insurrection had been smashed.

## Missile Completes Round Trip Flight

CAPE CANAVERAL, Fla. (AP)—A Snark intercontinental guided missile blazed aloft today on what reportedly was a highly successful round trip flight of several thousand miles.

The 69-foot Snark, capable of hauling a nuclear warhead on 6,000-mile missions, touched down on the landing strip after a two-way ocean test flight, informed sources said.

The missile has been recovered intact and flown again in previous successful tests.

The objective reportedly was to fire the Snark several thousand miles down range, turn it around and bring it back to the Cape.

The missile was deliberately destroyed on a test a month ago.

The Snark, which has scored numerous hits at the 5,000-mile mark, is powered by twin high-thrust booster rockets for takeoff and a turbojet engine for a sustained flight that may last as long as 10 hours.

The Strategic Air Command's 556th Guided Missile Squadron currently is undergoing proficiency training with the Snark at the Cape.

The 556th is expected to be assigned to the first operational Snark launching site at Presque Isle, Maine, in the near future.

## Guilty Plea Is Entered

GAIL (Spl.) — A Loraine man pleaded guilty to a perjury indictment here this morning.

He was Walter Haskell McGee, who was given two years on probation after his guilty plea by Sterling Williams, district judge.

Wayland G. Holt, district attorney, was prosecutor. Defending McGee was Perry Barber of Colorado City.

McGee had been indicted for perjury in connection with his testimony about a year ago when he was being tried on a charge of negligent homicide. He had been acquitted on that charge.

Judge Williams scheduled a divorce case following completion of McGee's trial.

## Man, Three Children Are Trapped By Fire

LISBON FALLS, Maine (AP)—A man and three of his four stepchildren perished early today when fire trapped them in the upper floor of their two-story dwelling.

The victims were identified as Lester Simmons, about 35; Althea Parker, 14, and her two sisters, Olena, 12, and Martha, 10.

Simmons wife, Sara Parker Simmons, also in her 30s, suffered burns, injuries and shock. She leaped from the window of the upper floor.

A fourth child in the family was staying with relatives.

Fire officials said the fire might have originated in a hallway stove.

## Council Told Of CRMWD's Long-Range Plans For Supply

Finding more water for Snyder, Big Spring and Odessa is the big problem facing the Colorado River Municipal Water District, members of the CRMWD board said in a meeting with city officials here last night.

Lyle Deffebach and Dr. John Blum, water board members from Snyder, said that the need for more water is not an immediate one, except in the case of Odessa, which is not presently served by adequate pipelines to supply its water needs from Lake J. B. Thomas.

"However, if anticipated growth of this area materializes, we will face a real water shortage in about 15 years," Deffebach added.

Odessa is served with water from both Lake Thomas and from well fields in Martin County.

"Our immediate problem there is that Odessa uses 24,000,000 gallons of water daily in peak periods, and is served with a 15,000,000-gallon per day pipeline from the lake," Deffebach said.

He added that many of the wells in the Martin County field had not produced as expected. Some of them which produced 1,700 gallons of water per minute when drilled, now produce 100 gallons per minute or less.

A new pipeline from Lake Thomas to Odessa is being studied by the water district, and purchase of additional well water rights in Martin County is also under study.

For provision of the long-range needs of the three cities, Deffebach said that the CRMWD is studying the feasibility of building another dam further down the Colorado River which it is estimated would impound more than 300,000 acre feet of water. The new lake would cost approximately $14,000,000 including pipelines, the water board members said.

City officials discussed the need for the water district and city fiscal years to begin at the same time so that advance guessing would be reduced in formulation of budgets of both the water district and the three member cities.

The meeting of the water board members with the council was merely a discussion meeting, and no official actions were proposed by the board members.

Also in the line of utilities, the city council voted unanimously in favor of a resolution urging that regulation of utilities remain in the hands of city officials. At present creation of a state-wide utility commission is being studied in the Texas Legislature. Copies of the Snyder resolution are to be sent to David Ratliff, state senator for this district, and Renal B. Rosson, representative, and the Texas Municipal League.

City Ordinance No. 240, was passed unanimously on second reading. It reduced the high-volume water and sewer rates slightly.

Under the new ordinance the charge for water will be 30 cents per 1,000 gallons used over 275,000 gallons, and the rates up to 275,000 gallons will remain the same as at present. Sewer rates will be reduced from 10 cents to five cents per 1,000 gallons of water used by the customer over 100,000 gallons. Minimum charges and fixed charges for both water and sewer remain the same as at present up to the new minimums set by the ordinance.

Water rates are $3 for the first 3,000 gallons, and 35 cents per 1,000 gallons for the next 272,000 gallons. Sewer rates are 10 cents per 1,000 gallons of water metered to the customer up to 100,000 gallons.

The annual statement of Texas Electric Service Co. was presented to the council, and a letter from Lone Star Gas Co. was received by the council. Neither required any action.

The Lone Star Gas Co. letter was an information item concerning the company's attempts to increase the gate-price of gas to cities throughout Texas on a statewide basis.

The council accepted low bid of Moore Pipeline Co. for purchase of 7,500 feet of three-inch pipe for a total of $5,806.50, and for 4,500 feet of six-inch pipe for a total of $5,840,80. Three other bids received were higher, all the same. They were from Johns-Manville Co., Morrison Supply Co., and Viking Supply Co., all bidding a total of $6,675 for the three-inch pipe and $6,680 for the six-inch pipe.

## Pitner Rites Are Set Today

Funeral services were to be held at 3 p.m. today for Mrs. Lillian Katherine Pitner, 55, who died at her home on East Thirty-seventh Street just before noon yesterday.

Mrs. Pitner suffered a heart attack at her home. She was pronounced dead on arrival at Cogdell Memorial Hospital, where she was taken by Bell ambulance.

Mrs. Pitner, a resident of Scurry County since 1919, was born Sept. 12, 1903, in Wood County. She was married to John S. Pitner Sept. 15, 1923, in Scurry County. The family lived in the Dunn community before moving to Snyder several years ago. She was a member of the Dunn Baptist Church.

The Rev. Douglas Crow, pastor of the Baptist Church at Vera and former Dunn Baptist Church pastor, was to officiate in services at the Dunn Baptist Church, assisted by the Rev. Dot Laing, pastor there, and the Rev. Elton Wyatt, pastor of the Trinity Methodist Church. Burial was to be in Hillside Memorial Gardens under direction of Bell Funeral Home.

Pallbearers were to be Jeff Cooper, Dan Cotton, E. J. Moore, Marshall Boyd, Ira T. Riggs, Sr., of Abernathy, and Marvin Hanson, Sr.

Survivors include the husband, one daughter, Mrs. W. J. Fuller of Dunn; one son, Johnny Joe Pitner of Snyder; her mother, Mrs. Mable Eades of Snyder; one sister, Mrs. J. W. Popnoe of Rogers, Ark.; three brothers, Kenneth Eades of Sweetwater, Joe Eades and Chester Eades, both of Snyder; and three grandchildren. One brother, Leon Eades, was killed overseas during World War II, in 1944.

*PETITION MISUNDERSTOOD*

## City Moves To De-Annex Area

An area in east Snyder on the East Highway was de-annexed, two houses were sold on high bids to clear right-of-way for city streets, and several routine items were acted upon by the city council last night.

The area de-annexed was a triangular strip of land now owned by Roy Lashaway and Fred Davis along the north side of the East Highway.

Neither present city officials, nor owners of the property were aware until recently that the area was actually inside the city limits.

The area had been annexed on petition in 1950, but signers of the petition stated that they thought they were signing a petition requesting widening of the East Highway, and that they had signed the petition without reading it. Actually the petition was requesting annexation of the area.

However, the area was never placed on the city tax rolls, and had never been rendered for city taxes by the owners.

City officials had refused to extend city services to the area, the property owners stated.

Lashaway, owner of part of the property, had recently requested city water and sewer service, and had been told that his property was outside the city limits and that he would have to bring his lines to meet existing city lines. He had extended a water line across the East Highway and had been tied onto city lines. His cost for boring under the highway and laying the necessary line had been approximately $1,000. Wayland Holt attorney, representing L. P. Houston, previous owner of the land, stated. Houston had sold the land to Lashaway with the understand-

## Five Seek School Posts In Borden

GAIL (Spl.) — Five candidates are seeking posts on the Borden County School District board.

The April 4 school board election here will name three members to the board.

The candidates are Milton Davis, Bob Beal, O. D. Jackson, John R. Anderson, and Alton Millikin.

Davis, Beal, and Jackson are incumbents. Davis is now president of the board, Jackson vice president.

Members who remain on the board this year are Leonard Isaacs, James Smith, A. B. Telchik, and W. L. Wilson, Jr., secretary.

## Seven More Cubans Are Executed Today

HAVANA (AP)—Seven persons were executed today, bringing to 399 the unofficial total shot as war criminals by revolutionary firing squads.

Those executed included former soldiers of deposed President Fulgencio Batista and members of the private army of ex-sen. Rolando Masferrer.

## Macmillan Finds DeGaulle In Agreement On Basic Issues

PARIS (AP) — British Prime Minister Harold Macmillan said today he had found "a great measure of sympathy and agreement" in a three-hour meeting with President Charles de Gaulle of France on the Berlin and German situations.

He made the statement as he left Elysee Palace after a meeting that lasted an hour longer than expected.

Reporters asked him for his impressions of the talks. He first started by saying "full agreement" but then said "a great measure of agreement."

De Gaulle is believed to favor a much tougher approach to the Soviet Union that the British are.

Macmillan and British Foreign Secretary Selwyn Lloyd walked back to the British Embassy after the session. Some passers-by shouted "Vive Macmillan." One dissenter cried "Macmillan go home." and Macmillan looked up startled.

The big item to be thrashed out was Macmillan's new approach to the old idea of arms reduction in central Europe—a proposition of which De Gaulle and the French are highly suspicious.

With De Gaulle and Macmillan for their talks were British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville.

The two foreign secretaries met for an hour first to iron out details so their chiefs could immediately come to grips with the big problems of Western policy in the face of Soviet Premier Nikita Khrushchev's maneuverings in Germany.

The latest Khrushchev suggestion for making West Berlin a free city but with a token Big Four garrison including Soviet soldiers got a cool reception in Washington and other Allied capitals.

The Soviet premier made his suggestion at a Communist meeting in East Berlin Monday night. It came a few hours after Macmillan arrived here on the first stop of his swing around Paris, Bonn and Washington to give Western leaders a report on his talks in Moscow.

Informed sources said that Khrushchev had given Macmillan a tipoff on his latest idea for turning West Berlin into a "free city" but the British premier did not mention it in his report to the House of Commons last week.

Macmillan held exploratory talks Monday with French Premier Michel Debre. There were indications of some disagreements that need thrashing out.

## Johnson Urges Speedy Okay For Civilian Space Money

WASHINGTON (AP) — Democratic Leader Lyndon B. Johnson of Texas urged the Senate today to give speedy approval to a $48,354,000 authorization for stepping up the nation's civilian space efforts.

Johnson said the Senate Space Committee, which he heads, "must be guided by only one standard—and that is to take whatever action is necessary in the national interest."

At the same time Johnson said the committee had decided to delay action on a larger space request for $485,300,000 for the next fiscal year until a special investigation is completed.

Sen. Stuart Symington (D-Mo) heads a special space subcommittee directed to look into possible duplication and interservice rivalry among government agencies for control of the space program.

Johnson noted that the pending bill "is the exact amount requested" by the administration for the National Aeronautics and Space Administration.

"This does not mean that the committee has simply rubber stamped the administration's request," he said, adding that a subcommittee under Sen. John Stennis (D-Miss) "has done a thorough and expeditious job" in reviewing the requests and programs.

The funds authorized by the bill are for spending before the new year starts July 1.

Johnson told the Senate, as it met an hour and a half early, that he hoped to get action on the space authorization and the four-year draft extension during the day and then turn to the Hawaii statehood bill.

He said a late session might be necessary tonight, and asked the Senate to meet at 10 a.m. EST Wednesday, two hours early.

Stennis, as floor manager for the 48½ million dollar NASA authorization, said the space vehicle development program soon will be costing billions of dollars a year.

He repeated his warning that if any adversary outstrips the United States in producing space vehicles that can deliver nuclear weapons, "the threat to our security could be disastrous."

The authorization includes 20¾ million for Project Mercury, NASA's initial manned space research program.

## School Board Sets Session For Tonight

The Snyder school board will hold its regular monthly meeting at 7:30 o'clock tonight.

Most of the agenda will consist of routine items.

The board probably will award contracts on kitchen equipment for new school facilities now under construction. Bids were taken at the Feb .17 meeting.

## *WEATHER*

SNYDER TEMPERATURES: High Monday, 81 degrees; low, 36 degrees; reading at 7:30 a.m. today, 37 degrees.

East and South Central Texas: Partly cloudy through Wednesday. Scattered showers or thundershowers Wednesday. Cooler in northwest Wednesday.

North Central Texas: Partly cloudy through Wednesday. Scattered thunderstorms tonight. Cooler Wednesday.

West Texas: Partly cloudy through Wednesday. Scattered thundershowers tonight, mainly Pecos Valley eastward. Cooler Wednesday.

West Gulf—Southerly winds 8 to 18 m.p.h. this afternoon and tonight becoming 15 to 25 m.p.h. Wednesday. Partly cloudy.

## Ruling In Texas City Case Favors U. S. Government

HOUSTON, Tex. (AP)—A federal judge ruled Monday that a carelessly discarded cigarette or match likely caused the freighter fire which triggered the death-dealing 1947 Texas City disaster.

The decision by U.S. Dist. Judge Ben. C. Connally followed nearly 12 years of legal maneuvering.

It favored the United States government in its efforts to collect some 70 million dollars from the French government and the French Lines.

Judge Connally said neither the French government or the ship firm is entitled to exoneration from or limitation of liability in the fire and resulting explosion aboard the S. S. Grandcamp.

The French blamed spontaneous combustion for the fire on the French Line vessel loaded with fertilizer grade ammonium nitrate.

The judge said the most plausible explanation for the fire was a carelessly discarded cigarette or match. He found the French negligent and the ship unseaworthy.

The Grandcamp caught fire and exploded April 16, 1947. It touched off another explosion aboard another freighter, the S. S. High Flyer.

More than 500 were killed and more than 3,000 injured when the fires spread through the small city on Galveston Bay.

Petroleum and chemical installations went up in further explosions.

The U.S. government, after paying claimants, filed 70 million dollars in claims against the French. The amount represented the face value of claims settled.

Judge Connally ruled yesterday on testimony offered in a hearing on that case here last April.

He said Grandcamp Capt. Charles de Guillebon, who died in the disaster, did not take adequate precautions to prevent smoking aboard the vessel. Neither, he said, did the ship's agent nor anyone else.

**SHRINE COLLECTS FOR DIMES DRIVE**—Some of the Snyder Shriners are pictured above counting the $1,002.60 collected in a road-block held Saturday on the Snyder Square. The money will be donated to the county March of Dimes drive. Seated from left are Gene Williams, L. L. (Pat) Moore, L. A. McClanahan, and Woody Newton. Standing from left are Ed Schulz, Fred Cullum, Ken Babcock, Bill Layfield, M. L. Andress, Lenoir Clarkson and Marvin Hanback. (Craft Studio photograph)

# Four Persons Held In $72,000 Bank Holdup

MASSAPEQUA, N.Y. (AP) — Police today arrested a plumber, an insurance salesman, a blueprint developer and a tavern owner and said they admitted pulling a $72,000 bank robbery here Monday.

The plumber was picked up Monday night on a tip. After all-night questioning, police said, he named his accomplices.

Police said the three accomplices were counting the money when they were surprised this morning.

All the money was recovered.

The four bandits staged the daring holdup armed, and wearing grotesque masks.

They walked out carrying shopping bags stuffed with the cash and leaving a tear gas bomb behind them to terrify the bank customers and employes. The bomb failed to go off.

Detective Stuyvesant Pinnell identified the four as:

Thomas Parks, 27, a plumber of Bay Shore; Anatole Rylsky, 44, a tavernowner, of West Babylon; Richard Hatch, 53, a blueprint developer, of West Babylon; and William McHenry, 31, an insurance salesman, of Lindenhurst, all on Long Island.

The three counting the money were taken by police at Rylsky's home, police said.

The four were charged with assault and armed robbery.

Pinnell said Parks was picked up on a tip that he had tried to buy some handcuffs.

Since police had investigated several recent holdups using handcuffs, they were curious. Under questioning, Parks admitted the purchase of the face masks, and finally named his associates, police said.

The holdup was marked by cool precision throughout and took only three minutes.

It was 2:15 p.m. when the four men parked their 1952 coupe in the lot behind the Security National Bank in this Long Island community.

Leaving the engine running, they stroke briskly, single file, through the back door. Two carried Machine guns, two carried pistols. Each wore a comical rubber nose mask, with attached goggles.

One of the men walked into the office of Manager Frank Edmonds. Another bandit waved the 12 customers and bank employes into a corner of the bank.

A third bandit walked swiftly through a swinging door at one end of the tellers' enclosure, which faces the manager's office.

The fourth swung up on the wooden counter in front of the tellers' windows, stepped nimbly over the glass partition on top, and dropped on the other side.

The six tellers, five women and a man, were told to empty their cash drawers. Two gunmen quickly filled the bags.

They missed $11,000 in a lower drawer. Bank officials said later there was about $60,000 more in a vault.

A customer started to enter the bank, saw what was happening and fled. Realizing he would give the alarm, the gunmen left through the back door on the run, after dropping the bomb on the floor.

The holdup was one of three major robberies in less than two hours in the New York metropolitan area.

In Queens, two gunmen got away with $8,000 from a savings and loan association.

In Manhattan, a man walked up to a teller at a bank in the garment district, slipped him a threatening note, and walked off with $7,060.

A suspicious salesman, behind him in line, followed him to the street, pointed him out to police and he was nabbed.

He was identified as Howard Zior, 39, of the Bronx. Police said he admitted using a note to rob another Manhattan bank of almost $3,000 less than a month ago. The salesman was Stephen Sladkus, of Lynbrook, N.Y.

The Queens holdup was in Forest Hills, at the Columbia Savings and Loans Assn., only 50 feet from a police booth, which was unmanned at the time.

## Lincoln Tops Dimes Drive

The Abraham Lincoln School had the highest per-student average of schools here in donations to the 1959 March of Dimes Drive.

That school raised a total of $1.07 from donations among its 108 students.

The first and second grade class room had the highest for classes in the school with $11.90, followed by the fifth and sixth grade room with $10.56. Highest individual donation was $7.23 by Billy Hardiman.

So far $2,111. 86 has been turned in from school drives and in response to March of Dimes letters to the office of Buford Browning, County Superintendent. Various other drives are being conducted by organizations here, and the total amount raised for the March of Dimes here is indefinite.

Lee Stinson is general chairman of the drive, which began early in January.

## *HOSPITAL NOTES*

COGDELL MEMORIAL

ADMISSIONS — Sue Ford, 502 Thirty-third Street; Billy Foree, Route 3; Faye Littlefield, 2405½ Twenty-ninth Street; Ralph Howser, 1808 Thirty-seventh Street; Billy Grant Cullins, Route 2; Marjorie Allen, 2401 Avenue M; Russell Thames, Manhattan Hotel.

DISMISSALS — Elizabeth Corbell and baby 311 Thirty-fourth Street; Starlin Wallen, Lamesa highway; Myrtle Johnston, 707 Sixteenth Street; Garfield Hembree, Snyder; Minnie McPherson, Snyder.

## New Hearing Date Is Set

AUSTIN (AP)—A new hearing date on Lone Star Gas Co.'s rate increase application has been set for May 18.

The postponement was made yesterday by the Railroad Commission after the Texas Municipal League argued that the original March 16 date did not give them time to prepare their opposition to the rate request. The league also said the May date would allow it time to examine Lone Star's "experience record" for 1958 which will not be available until late March.

Attorneys for Lone Star opposed the postponement motion saying the commission had allowed ample time for the opposition to prepare its case.

Lone Star filed an application in January proposing to increase its rates to distributing companies in 308 cities in Texas from 30 to 40 cents per thousand cubic feet.

## Ex-Judge Is Found Dead

SAN FRANCISCO (AP) — William Denman, 86, retired federal judge who said life was difficult after the death of his wife, was found dead Monday night with a bullet in his head.

Houseboy Fred Woo told police he discovered the body of the retired chief judge of the Ninth U.S. Court of Appeals lying on the floor of the study in the Denman home with a .38 caliber automatic pistol in one hand.

Clara Denman, a niece, quoted the judge as saying life had been unbearable following the death Feb. 8 of Mrs. Leslie Denman, his wife of 52 years. The couple was childless.

Judge Denman retired in 1957 after 22 years on the circuit court bench. He had been chief judge nine years.

## Little Loss In Oil Field Thefts Here

Scurry County apparently has little loss from thefts of a ring which has been operating in oilfields of North and West Texas and Oklahoma.

Sheriff Earl Abercrombie here said there have been thefts during the past two years here of oilfield equipment, but most of it was of little value, he added. The thefts have not been many in number.

Abercrombie said George Roby, special agent who is working on investigations in connection with the theft ring, is due to contact him this week.

Seven men were under arrest today in connection with the theft ring, and officers said it had broken up the ring. Four other suspects were being trailed.

Felony charges were filed in Clay County against Toby Whitaker of Wichita Falls, Marvin Gentry of Wichita Falls, and Herschel B. Wilkinson of Duncan, Okla. In Jack County, felony theft charges were filed against Whitaker, Wilkinson, and Charles B. Sisco of Wilton, Okla.

More thefts were expected to be uncovered and more charges filed, according to Fred Prestage, an investigator for the Mid-Continent Oil & Gas Association. No charges have yet been filed in Scurry County.

Officers said the ring operated in Wichita, Clay, Knox, Jack, Baylor, Ochiltree, Scurry and Andrews Counties, as well as Garvin, Stephens, and Grady Counties in Oklahoma.

Thieves took bits, pipe, joint and other oilfield equipment which they sold in Wichita Falls and Oklahoma, officers said.

## PUBLIC RECORDS

MARRIAGE LICENSES ISSUED:

Billy Mack Hodges, 23, Box 366, and Neva Wynell Thompson, 19, Route 2, Hermleigh.

FILED IN CIVIL DISTRICT COURT:

Columbus Crayton vs. Ophelia Crayton, divorce.

COUNTY CRIMINAL COURT:

Wilbur Henry Armistead, plea of guilty to charge of driving while intoxicated, $123.50 fine and costs, three days in jail, no drivers license.

James Taylor, Jr., charged with illegal possession of intoxicants.

Armour Brown Creswell, plea of guilty to charge of driving while intoxicated, $123.50 fine and costs, three days in jail, six months drivers license suspension.

WARRANTY DEEDS RECORDED:

Mr. and Mrs. Lee Cox, Fannin County, to Paul Turner, lots 3-5 S. S. and part of 10, block 1, original plat of Town of Light, and four acres in section 484-97-H&TC, except minerals.

Mr. and Mrs. D. R. Ainsworth, Arkansas, to James W. Hazle, north 100 feet of lot 5 and north 100 feet of west seven feet of lot 6, block 51, Wilmeth addition.

Mr. and Mrs. Floyd H. Savage to Mr. and Mrs. Bobby C. Russell, lots 1 and 2, block 11, Bootheland addition, except minerals.

R. L. Williford, Jr., Henderson County, to Mr. and Mrs. Otto Parrish, east 50 feet of lot 2, block 16, Manry addition.

NEW VEHICLES REGISTERED:

# City Moves To

(Continued from page 1)

ing that the area was not inside the city limits.

The paradox was discovered recently when Edgar Taylor, contract collector of delinquent taxes for the city, had gone over the city tax rolls.

The deannexation was approved by the council on the request of the property owners and Houston.

A house at Thirtieth Street and Avenue S was sold the H. H. Knipe for a high bid of $2,635, and another house at Thirtieth Street and Avenue F, was sold to W. K. Bigham and Sons for a high bid of $635. A garage at the same location was sold to Bigham & Sons for $105. The properties had been acquired by the city for extension of Thirtieth Street from Avenus S to Avenue O, and for straightening of Thirtieth Street at Avenue F.

Tax errors were corrected by the council on request of two tax payers.

They were H. G. Bunum and Jack Caldwell. Through error city tax statements on the properties involved had been sent to other persons, and the owners had not been billed for the taxes on the years in question. The penalty and interest on the delinquent taxes are to be remitted by the city on the condition that the actual taxes are paid within this month.

Second reading of City Ordinance No. 239 was passed. It closes Eleventh Street from Avenue M to Avenue O, through the new county park in north Snyder. The county commissioners court had requested closing of the street. It had been dedicated, but never opened or used as a street in the area.

The county also requested that Avenue M be opened between Eighth and Seventeenth Streets. It is dedicated, but not open at present. City councilmen took no action, deferring action until they have visited the area to see if any problems would be created by opening of the street.

The request of the Rev. E. L. Tyler, pastor of the North Side Assembly of God Church, that he be granted permission to close off Twenty-sixth Street on the south side of the square and hold street church services was not approved.

Several budget transfers within the city accounting system were approved.

A city-owned lot in Parkway Addition was sold to Scott & Browning for $600. The lot, lot 19, block 8, Parkway Addition, had been acquired by the city through sheriff's sale of the lot to pay delinquent water bill on the Waymar Apartments by a former owner. The delinquent bill totaled $674.80.

The council approved purchase by Roy Dunlap, city manager, of an adressing machine, plates and cabinets for $799.90. Dunlap had bid that amount for the used machine which was being sold by the city of Garland. Cost of the machine new is about $3,800.

The Pinnell Insurance Agency was added to the city's insurance program on request of the agency.

Harold Bennett, mayor, appointed Hollis H. Fields, Rex Fields, and Stanley Noah, councilmen, as a committee to recommend a new member for the city's planning and zoning board of adjustment to replace Carl Jones, who has moved from Snyder.

Dunlap informed the city council that he received orders yesterday at noon to report to an industrial relations conference for two weeks in Washington, D. C., beginning March 22. The orders had come from the Navy, in which Dunlap is a reserve officer. The conference will take the place of Dunlap's annual two-weeks training period.

## Doris Thompson Becomes Bride Of Charles Young

The home of Mr. and Mrs. B. B. Hardee, 900 Twenty-sixth Street was the scene of the wedding of Doris Louise Thompson and Charles Edward Young, Feb. 28 at 7 p.m.

The Rev. Jimmy Nelson, pastor of Colonial Hill Baptist Church read the double ring ceremony before an archway of candelabra with baskets of flowers at each end.

Parents of the couple are Mr. and Mrs. C. L. Thompson, 3008 Thirty-eighth Street, and Mr. and Mrs. Edward Charles Young, Laredo, Tex.

The bride given in marriage by her father, wore a white wool street-length dress with white accessories. She carried a bouquet of carnations.

Mrs. Jean Hardee, attended her sister as matron-of-honor. She wore a two-piece blue dress and carried a bouquet of white carnations.

David Sanford of Lovington, New Mexico, was best man.

The mother of the bride wore a light blue suit with brown accessories and the groom's mother wore a navy blue sheath dress with black accessories.

A reception followed the ceremony with Mrs. David Young and Miss Diane Young presiding at the serving table.

Mrs. Young was graduated from Snyder High School and attended Texas Womens University.

Mr. Young graduated from Laredo High School, and attended the University of Texas.

The couple are at home at 5203 Worth Street, Dallas, Texas.

Out-of-town guests were, Mrs. Mary Young, Mr. and Mrs. Edward Young, Jimmy and Steve of Laredo, and Mr. and Mrs. Ansel Thompson and sons of Fort Worth.

When you are adding dry mustard to a salad dressing, stir it into a tiny bit of water and allow it to stand about 10 minutes to mellow before adding it to the other ingredients.

Miriam Group of First Christian Church meets at 9:30 at the church.

Twilight Garden Club meets at 7:30 p.m. at Martha Ann Clubhouse. Mmes. Smith, Spencer and Taylor, hostesses.

Town and Country Garden Club meets at 2:30 p.m. at Martha Ann Club with Mrs. C. A. Likes hostess.

Snyder Palette Club meets with Cleo Fletcher, hostess.

**FRIDAY**

El Feliz Club meets at 3 p.m. with Mrs. Warren Sturgeon, 2904 Thirty-fourth Street.

The Eastern Star Study Club will meet at 7:30 p.m. in Masonic Hall.

**SUNDAY**

Luncheon at Martha Ann Woman's Club. Reservation deadline 5 p.m. on Saturday.

Green cabbage, shredded paper-thin and mixed with well-seasoned mayonnaise, makes delicious and nutritious sandwiches to serve with a platter of cold meats.

## Nachlinger Family Reunion Held Sunday

Joe Nachlinger of Hermleigh, long time resident of Scurry County, celebrated his 80th birthday with a family reunion at Towle Park, Sunday March 8th.

Mrs. Nachlinger was unable to attend, due to illness.

Those attending were: one sister, Mary Carter of Taylor; two brothers, Louis Nachlinger and wife of San Antonio and Mr. and Mrs. Jim Nachlinger and granddaughter, Judy, of Dallas.

Children attending included: Mr. and Mrs. Leo J. Nachlinger and Jack, Mr. and Mrs. H. R. Gannaway and family, Mr. and Mrs. Frank Nachlinger and boys, Mr. and Mrs. Jim Wadleigh and family, Mr. and Mrs. Pete Nachlinger and girls, Mr. and Mrs. Howard Gracey and girls, Mr. and Mrs. William J. Nachlinger and family of San Jose, Calif., and Mrs. Addison Casstevens.

Married grandchildren were, Mr. and Mrs. Bob Nachlinger of Lubbock; Mr. and Mrs. Al Finchen and children of Girrard; Mr. and Mrs. H. R. Gannaway Jr. of Snyder and two great grandchildren, Joe Randy and Shree Fincher.

Other relatives from various parts of Texas were, J. L. Ethlinger, Mr. and Mrs. Max Freytag, Mr. and Mrs. Allen Freytag, Mr. and Mrs. Buster Etlinger and family, Mr. and Mrs. Gene Rothbauer, Mrs. Gene Vance and Mike, Mr. and Mrs. John Mayrek and family, Mr. and Mrs. Jimmy Fritz, Mr. and Mrs. Charles Richter, Mr. and Mrs. Edmund Richter and son, Mr. and Mrs. Anton Freytag and family and several Hermleigh friends.

## NEWS FROM KNAPP

By MRS. BEN WEATHERS

D. L. Bowles attended an Amerada business meeting at Midland, Thursday.

Kimmael Reddell of Gail, spent Wednesday night with Mary Alice Bowles.

Marshall Davis of Ireland, Tex. visited recently in the Melon Davis, C. J. Skelton and Ben Weathers' home.

Mmes. Thelma Hurst of Snyder, and Ava Moran of Ira visited Friday in the J. E. Sorrells home.

Mrs. Walter Schwarz of Edna, and Mrs. Ed Dieteirt of Comfort, have been visiting in the Gilbert Richter home and attending their mother, Mrs. Anna Ohlendorf who has been ill in the Hogan-Malone Hospital, Big Spring. Mrs. Ohlendorf was returned to her daughters home, Mrs. Richter, Thursday.

Mr. and Mrs. Vernon Todd and Janice Rebecca, Mr. and Mrs. Halley Browne and Janice, Mr. and Mrs. Doyle Lovell, Mr. and Mrs. D. L. Bowles, Mr. and Mrs. Albert Taylor and Shirley, and Mrs. Ben Weathers, attended open house at Gail School Thursday night in observance of Public School Week.

Mrs. Maud Davis of Snyder has been visiting with Mrs. Frieda Murphy.

Ross Hemphill of Snyder spoke to the Murphy Home Demonstration Club at the Knapp Education building Thursday, on "Why make a Will?"

Mrs. J. E. Sorrells and Mrs. Nolan von Roeder attended the Snyder Book Review at Snyder, Thursday.

Michael Payne of Odessa is visiting with his grandparents, Mr. and Mrs. Clyde Payne.

Mr. and Mrs. W. R. Dunlap visited Thursday night and Friday in Lubbock with relatives.

Miss Jo and Nelda Steadman of Snyder, and Mr. and Mrs. W. D. Myers and daughter of Union have been recent visitors of the Jacky James'.

## *Girl Scout Troop 219 Honor Dad's With Box Supper Here*

The Intermediate Girl Scout Troop 219 met at the Scout House Monday night at 6:30 o'clock to honor their Dad's with a box supper. Sixty-five girls, dads and guests attended.

Mrs. Roy McCloskey gave a history of scouting, and a brief review of the activities of Troop 219.

A play "Cinderelle" under the leadership of Miss Sue Smith, high school dramatics instructor, was given by one patrol as the entertainment preceeding the dinner.

Tables were arranged according to patrols with displays of their activity. A sewing group wore skirts which they had made under the supervision of program consultant, Mrs. Howard Gracey. On their table were dolls dressed in skirts identical to their own.

The dramatics patrol used a campfire scene with pipestem dolls around the fire as their table centerpiece.

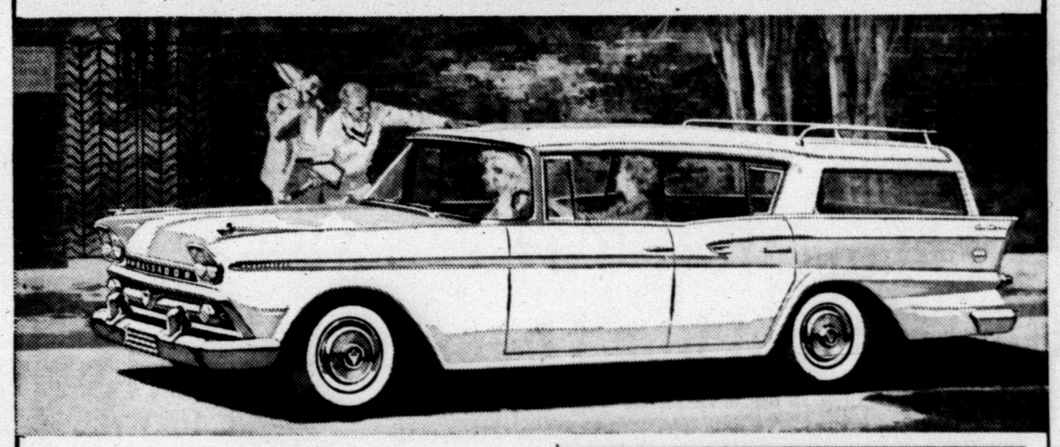

Hostess group studying cooking under the leadership of Mrs. D. B. Merritt, Jr. used a kitchen scene for their table decor.

Those assisting Mrs. McCloskey with the box supper were Mrs. Homer Garrett, co-leader, Mrs. W.N. Shiflett and Mrs. W. F. Woosley.

# Texas 'Leopard Dogs' Get Tough Training

By VIRGINIA SYPTAK
Bryan Eagle Staff Writer
Written for The Associated Press

BRYAN (AP)—Call them glass-eyed Texas cow dogs, or leopard dogs, or even Catahoula hawg dawgs—the strange cannies that help cowboys flush cows out of the brush in East Texas pastures are quite some creatures.

The breed came in for some notice recently when Mrs. James L. Barrett of Bryan wrote to White Plains, N.Y., authorities about their difficulties with five steers that broke loose Dec. 20. Mounted policemen, helicopters, even hay doused with transquilizer failed to get the steers back under control.

So Mrs. Barrett wrote authorities that what they needed was a couple of Texas leopard dogs who would round up the animals in a hurry. The authorities answered, in a puzzled way, "What in the world are leopard dogs?"

Leopard dogs look strange but are highly trained animals which will round up cows about like sheep dogs round up sheep.

Aubrey Jones of Bryan is a trainer. He has been breeding the dogs for 40 years.

He was the owner of Agate who now lies buried in a pasture on the Jones ranch. But his descendants are many, including all of Jones' present dogs.

Jones travels all over Texas with his dogs helping ranchers whose cows have become so lost in brush that cowboys on horseback can't get at them. He also sells dogs, for as much as $750 apiece.

A working party includes from two to six dogs and the trainer, usually on horseback, but sometimes in a jeep.

The dogs, when turned loose, get the scent of the cows and race through the densest thickets and undergrowth to find them.

When a dog finds a cow, he "bays him out," as would a coon or squirrel dog.

Once the cows are rounded up and are being herded, leopard dogs are assigned to particular posts and, like sentries, do not leave except to nip at the heels of "strays."

The dogs are trained to obey only six commands. After the shouted, "Look out!" which sets the dogs on the chase, the other commands are given by cracking a whip. Sometimes the dogs when overheated are told to "drink water." They go to the nearest ditch, drink quickly and return to duty.

Not all leopard puppies have the qualities that will make excellent cow dogs. Young ones are put through rigid tests to make sure that they have the right determination and courage—for charging wild cows does take courage.

To test the young dog's qualities, Jones sends the animal to hunt down a cow and drive it near enough to water that both cow and dog can smell it. Then he leaves both animals alone for 24 hours. If the dog leaves his post he is judged worthless.

Leopard dogs are startling at first sight. One of the marks of the breed is the so-called glass, or agate, eye. The white orb appears blind but is not. Most leopard dogs have one glassy eye and one normal eye, and their sight in both is excellent.

Jones says the dogs are the product of long breeding between curs and the Goodman or July hounds which were brought here from Alabama after the Civil War.

The coat is often spotted and this gave rise to the "leopard" name. Some have brindle coats and some are white.

Despite the lack of official recognition of the breed, Jones has kept pedigree papers on his dogs for many generations.

The leopard dogs are not friendly toward persons other than their master, and he sometimes has trouble holding back a group of them on leashes when they are ready to round up stray cows.

Jones says his father, Will Jones, brought two leopard dogs with him when he came to Texas from Selma, Ala., in 1895, one of which had the "glass eyes," and the other a bluish coat with leopard-like spots.

The dogs weigh from 30 to 50 pounds, stand about 24 inches high, take a year to train and are expected to live and work another nine years.

SECRETARY TAKES RIDE—Secretary of State John Foster Dulles and his wife hold hands in their automobile as they leave Walter Reed Army Hospital for an afternoon ride. It was the second time Dulles left the hospital since he entered February 10, for treatment for cancer. (AP Wirephoto)

# Duncan Trial Is Near Close Today

VENTURA, Calif. (AP) — The trial of Mrs. Elizabeth Duncan, accused of masterminding the murder of her daughter-in-law, neared its close today.

Dist. Atty. Roy Gustafson put finishing touches on his case against the outspoken defendant.

Mrs. Duncan, 54, is charged with hiring two men to kill Olga Duncan, 30, her son's pregnant bride. Jealousy toward the woman who threatened to take her son, Frank, 30, away from her is advanced as the motive.

The jury including eight women expected to get the case in the next day or so. Yesterday they heard:

1. Courtroom spectators applaud when Judge Charles Blackstock rejected a defense motion for a mistrial.

2. Duncan testify that three weeks after his wife vanished last November, he dated a woman in San Francisco without telling her he was married.

3. Duncan say he discussed with his mother (prior to the finding of Olga's body) whether she had any part in his wife's disappearance.

Ward Sullivan of the defense argued that questioning of Mrs. Duncan about 11 marriages, to which she admitted, was intended to prejudice the jury against her "and to degrade and disgrace her."

Duncan testified his wife's disappearance caused him much concern. He talked to his mother about it, he said, adding:

"I knew my mother did not like my wife. I was suspicious of everyone."

Throughout the trial Mrs. Duncan has, from time to time, interrupted proceedings to shout "That's a lie!" or "You're a liar!" at the district attorney.

# Permit To Be Reconsidered

WASHINGTON (AP)—The Communications Commission was directed yesterday by the U.S. Court of Appeals to reconsider its award of a radio permit to Plainview Radio, Plainview, Tex.

The FCC awarded a permit to Plainview for a daytime station to operate on 1050 kilocycles with power of 1 kilowatt. It rejected the application of Star of the Plains Broadcasting Co. for a station 55 miles away at Slaton, Tex.

Slaton has no radio station. But it receives broadcast service from 7 stations, 6 of them in Lubbock. Plainview has one station and gets service from five others.

The appeals court told the FCC it must receive additional evidence to determine which community has the greatest need for a new station. The court said the present record is inadequate to support the FCC conclusion that the stations should go to Plainview.

# Walden Pond Center Of Controversy

CONCORD, Mass. (AP) — A storm of considerable violence swirled around Walden Pond today, the usually placid little pool made world famous by philosopher Henry David Thoreau.

Thoreau wrote most of his lasting prose in a little dwelling on its bank, charmed by the sylvan beauty. One volume, he called, simply, "Walden."

When he went to Boston, some 20 miles away, he walked, so he could observe the ants, the birds and beasts and growing things.

Now there are proponents of bathing beaches, folk who would enlist bulldozers to bash down trees and embankments.

But they have opposition from folk who don't want the maples cut down and have taken the fight to County Court.

Monday Judge Robert Sullivan upheld a decision dismissing a petition by 10 taxpayers to halt further tree-feeling and digging. They protested such development violated terms under which the property was deeded to the state—to preserve it as a place of natural beauty.

# Nevadans Move To Keep All Desert Land For Themselves

By ED OLSEN

CARSON CITY, Nev. (AP) — There is a land rush to Nevada in progress, but would be farmers probably could do better on the state's legal dice and card tables.

Nevada's vast open spaces have drawn land gambles from some 1,600 Texans, Oklahomans, Idahoans and Californians in the past two years.

They have been applying under two old federal acts—the Pittman and the desert entry laws—for plots of sagebrush and bare alkali ranging in size from 320 to 2,560 acres.

Nevada is the only state in which desert entry applications are allowed from non residents. The Pittman Act applies only in Nevada.

The current session of the state Legislature has called on Congress to repeal the Pittman Act and to amend the desert entry law so only Nevada residents can use it for land filings.

The legislative resolution sent Congress says:

"The Pittman Act and the Desert Land Act are now being used by unscrupulous speculators and nonresident promoters to take advantage of unsuspecting residents of Nevada and other states of the nation."

One of the backers of the resolution was Assemblyman Albert Pasquale of Paradise Valley, chairman of the Lower House Committee on Public Lands. He explains his stand this way:

"Filing on Nevada land under these two acts has become a racket for so-called 'land locators.' The federal government gets only 25 cents an acre to file on these lands but the unscrupulous 'land locator' charges a fee of $1 to $10 an acre after painting bright word pictures about nonexistent artesian wells and fertile valleys. Most folks applying for these lands with the idea of some day owning their own ranches or farms are just headed for heartbreak."

The Legislature's position is supported by comparing the land gamble with that in Nevada's 24-hour casinos.

Chances of winning back money on the dice and card tables, for instance, are less than 5 to 4 against you. But chances of ever acquiring ownership of land through a Pittman or desert entry application are more than 200 to 1 against you.

A study by the U.S. Bureau of Land Management—which administers more than 47,000,000 acres of Nevada land—shows there have been 3,136 desert filings and 1,456 Pittman filings in the past 20 years.

Only 17 persons have met all the requirements and received title to land under the Desert Entry Act in all that time. The only four of the 1,456 Pittman Act filings have resulted in ownership.

The reasons for this are obvious from a reading of the law.

A desert entry applicant must show that the 320 acres he wants contain evidence of underground water. If the Bureau of Land Management classifies the land as suitable for agriculture because of soil suitability and water potential, it allows the application. Provided, that is, that livestock men and other range users don't protest.

Once the applicant is allowed entry on the land, he has four years to reclaim the land and apply for ownership. During that time he must drill the wells, dig the trenches and do the other things which will enable him to irrigate all—not just part—of the 320 acres which is irrigable. Land experts say this would take an investment of $20,000 to $40,000.

Under the Pittman Act, the applicant must, within two years, produce a well capable of irrigating 20 acres economically—an almost impossible task in view of the high cost of operating deep well pumps.

## -Junior Editors Quiz on- FLOWERS

*QUESTION: Why is the tulip called the most famous flower of Holland?*

* * *

ANSWER: It may surprise you to learn that the first tulips were grown, not in Holland, but in the lands around the Mediterranean Sea. They were brought to northern Europe about 300 years ago and people immediately fell in love with the beautiful plants.

For a while, tulip growing was a craze, especially in Holland, where it was a fad much like the hula hoops of a few months ago. Men invested money in tulip bulbs just as they buy stocks in the stock market today. Huge fortunes were won and lost.

The craze eventually died down but people retained their love for the flowers. Today tulip growing is an important industry in Holland. Another Holland, a city in Michigan, is an important tulip growing center in the United States.

* * *

FOR YOU TO DO: Here is a picture of a little Dutch boy preparing to move some tulips in his garden. Color the picture, choosing your own color for the flowers for they come in many hues.

* * *

(Frances Ann Alesci, Birmingham, Ala., wins $10 for this question. Send your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: Why are the guards at the Tower of London called "Beefeaters?") 3-10

# Jury Rules Truck Driver Got No Kiss

HOUSTON, Tex. (AP)—Did the truck driver kiss the pretty redhead last New Year's Eve?

"It would have been impossible", Freddie Brooks, 26, told the jury. He was standing beside her car and "she had her car window up half way," he said.

Not so, said pretty Carol Ann Tindall, 18. "I had the car window down and was looking back," she said. "Then he grabbed me and pulled me over and kissed me on the mouth."

She said she was en route to a bowling alley to get her husband. Brooks' car bumped hers, she said, and she stopped to survey the damage.

Brooks said there was no kiss. "I asked her if she wanted to celebrate New Years with me but she said she was married."

Police filed a charge of aggravated assault. A jury pondered their verdict for 20 minutes Monday.

Innocent, they said.

## Thief Gets Better Deal In Shooting

UNION, N.J. (AP)—Shooting at a thief around here can be more expensive than actually being one.

Candy store proprietor Donald Caskey took a few shots Monday at a man he said was stealing his magazines.

He was brought into Magistrate's Court where he paid $150 for discharging a firearm within township limits, in violation of an ordinance.

Charles Koenig, 25, was picked up later. Police say his car had two bullet holes in it and the magazines were inside.

Koenig paid $75 on a petty larceny charge.

Never again!

No more "clothesline accidents" when you have an **Electric Clothes Dryer**

LIVE BETTER ELECTRICALLY — dry clothes for an average of about 5c a load in an Electric Clothes Dryer.

Clothes hung outdoors to dry may be soiled by playful pets, broken clotheslines, airborne dirt and other hazards . . . but your wash always dries *clean* in an Electric Clothes Dryer. Your clothes are safe from sun-fading and wind-whipping, too, when dried indoors with clean, gentle electric heat. They come out sunshine-sweet and so fluffy-smooth that many pieces need no ironing. And, of course, you're spared the back-breaking work of lifting, stooping and stretching to hang up heavy clothes.

# Mansfield Urges West To Counter Russian Proposal

By JACK BELL

WASHINGTON (AP) — Free world leaders were urged by Sen. Mike Mansfield (D-Mont) today to counter the latest Soviet proposal with an offer for a four-power guarantee of freedom for all of Berlin.

Soviet Premier Nikita Khrushchev limited his suggestion Monday to West Berlin. He said "a minimum number of troops," drawn either from the four major powers or from neutral nations, might be stationed there.

Mansfield, the assistant Democratic leader, said in an interview he shares the skepticism of other U.S. leaders concerning the various Khrushchev proposals. But he said the West could take advantage of Khrushchev's suggestion for a guarantee of West Berlin's independence with neutral or Big Four troops.

"That wouldn't be enough," Mansfield said. "But if Khrushchev wants to cover all of Berlin under United Nations guarantees on access and control of East and West Berlin, then I think that would be worthy of consideration."

Khrushchev's proposal, which met a cautious reception from State Department officials, was described by Chairman J. William Fulbright (D-Ark) of the Senate Foreign Relations Committee as only a variation of an old story.

"It sounds like some of the things that Mikoyan was saying when he was here," Fulbright said. He alluded to conversations committee members had with Anastas I. Mikoyan, deputy Soviet premier, on his visit to this country.

Sen. Everett Dirksen of Illinois, the Senate Republican leader, interpreted the latest Khrushchev statement as an indication that the Soviet leader may be seeking to maneuver his way out of his Nov. 27 ultimatum for the withdrawal of Allied troops from West Berlin by May 27.

"But it is difficult to judge what Khrushchev is up to," Dirksen said. "That was his Monday statement. What he will say today or tomorrow we don't know. He changes position as fast as the slots in a revolving door."

The Senate hard Monday a fresh Democratic barrage of criticism for the administration's plan to cut back the combat strength of the Army and Marine corps.

Chairman Richard B. Russell (D-Ga) of the Armed Services Committee urged the administration to withdraw orders to cut the Army back from 900,000 men to 870,000 and the Marine Corps from 200,000 to 175,000 "to dispel any lingering thoughts of a would be aggressor" that the nation is whittling down its defenses.

Sen. Stuart Symington (D-Mo) also commented critically that "despite world conditions and our announced intentions not to give an inch in Berlin, we plan to continue with the reduction of our conventional forces."

Sens. Paul H. Douglas (D-Ill) and Allen J. Ellender (D-La) joined in contending the forces should be kept at the higher levels for which Congress provided money last year.

But Sen. John Sherman Cooper (R-Ky) said that after promises of unity and cooperation on the part of Democrats in the Berlin situation he thought some of them "go over the political line" in speeches.

He said there is too much talk about the inadequacy of U.S. defenses.

SCENE OF DEVASTATION—This was the scene on the Imperial Highway near Norwalk, Calif., after a truck, right, loaded with migratory workers smashed into two autos. Police said the brakes on the truck apparently failed as it was coming off the Santa Ana Freeway. Rescue workers at left bend over some of the injured. Police said two persons were killed and 29 injured. (AP Wirephoto)

## Solon Says U. S. Must Take Lead

WASHINGTON (AP) — The United States must be first in developing a space vehicle that can deliver nuclear weapons, Sen. John Stennis (D-Miss) said today.

He told the Senate in a prepared speech that if an adversary outstripped this country in that respect, "the threat to our security could be disastrous."

Stennis spoke in support of a bill to authorize $48,354,000 for the National Aeronautics and Space Administration for use by July 1. The total includes $20,750,000 for Project Mercury, NASA's initital manned space research program.

Another 70 millions for the project has been asked in a $485,300,000 program for NASA starting July 1, and Mercury's total cost has been estimated at 200 million dollars.

But Stennis said that is only a start.

"If Mercury is successful—and it is essential that it be successful—we can soon expect to be spending billions of dollars a year on various types of space vehicles, unless there is a drastic change in the world situation," Stennis said.

"We must make no mistake about this—space flight is of the highest importance and of the highest practicality."

Stennis said with both the United States and the Soviet Union placing more and more reliance on ballistic missiles "at best we can hope that this [illegible], in a nuclear stand-off."

The American Cancer Society is sponsoring research experiments (principally in Chicago) with anti-cancer treatments which might rob cancer cells of their power to divide.

# Higher Sorghum Prop Asked

WASHINGTON (AP) — Sen. Ralph Yarborough introduced a bill yesterday which would provide higher price supports for grain sorghums.

He had several co-sponsors for the measure, and a group of representatives offered similar legislation in the House.

"There has been unfair discrimination against the feed grain producer according to the feed value relations of grain sorghums when compared with corn," Yarborough said.

"For example, the secretary of agriculture raised unallotted corn 16 cents a hundred (pounds) and lowered unallotted grain sorghum 31 cents a hundred on the national average.

"If this is allowed to stand, it will glut the corn market, and thus destroy the corn price support program next year.

Rep. Toby Morris (D-Okla), one of those backing the House bill, said the measure would provide a 1959 grain sorghum price support of about $1.90 per hundred pounds compared with the $1.92 support recently announced by Secretary of Agriculture Benson.

Morris said he had told Benson that in his Oklahoma congressional district many wheat crops "have all the earmarks of failure but the wheat farmer could yet recoup his losses by planting the same land in grain sorghum."

## Rites Are Held For Snyderite's Father

Funeral services were held yesterday at Tyler for Edward Abner Brown, father of Mrs. E. E. Smith of Snyder.

Mr. Brown, 65, was a retired railroad clerk. He died yesterday morning.

Survivors include his wife; five sons, Joe E. Brown, John W. Brown, Robert J. Brown, Merton O. Brown, and Kennet'i Brown, all of Tyler; and four daughters, Minnie Lee Brown, Martha Sue Brown, and Mrs. L. E. Davies, all of Tyler, and Mrs. Smith.

# Vote Set Saturday On Consolidation

GAIL (Spl.) — The Borden County School District will become about 55 per cent larger than it is now if voters of that district and of the Gay Hill District of Howard County vote to consolidate.

The consolidation election will be held Saturday. It must pass in both districts before consolidation can come about.

Consolidation was first proposed by a group of residents of the Gay Hill District, who petitioned Walker Bailey, Howard County superintendent, for a consolidation election.

A petition in the Borden County district followed, asking an election there, turned in to C. C. Nunnally, county judge.

The Borden County school board favors the consolidation, according to S. P. Stewart, superintendent there.

Borden County's present county-wide district has 251 scholastics.

The Gay Hill district, a common school district, has 140 scholastics. The school there has only eight grades, and students going into high school now go either to Gail or to Big Spring. Consolidation would mean about 400 scholastics in the Borden County district.

The Gay Hill school is located in north Howard County a short distance northeast of U. S. Highway 87 and about a mile east of the Gail-Big Spring road. It is about 25 miles south of Gail and 18 miles northwest of Big Spring. Principal of that school is Doyle Finn.

In the Saturday election, there will be six polling places in Borden County and one in the Gay Hill district. That in the Gay Hill district will be at the school.

Those in Borden County will be at the courthouse in Gail, at the Plains school, Murphy school, Alton Millikin home, Billy Wills home, and the Willow Valley building.

Consolidation talk has begun in other areas. Under consideration is consolidation of Knott and Ackerly school districts. Proposed is a joint junior-senior high school midway between Ackerly and Knott on U. S. 87, and a bond election would be required to finance that construction.

Residents of the Knott district met last night and discussed the proposal, and a similar meeting will be held at Ackerly Friday night. A joint meeting will be held Monday evening at Ackerly.

Like Borden County and Gay Hill, consolidation of the Knott and Ackerly school districts would make a total of about 400 scholastics.

## Flag Rescued Over Michigan Capitol

LANSING, Mich. (AP) — Old Glory is flying again in all its glory from the top of the Capitol.

A steeplejack climbed the flag pole of the State House Monday and removed a mangled Stars and Stripes which had been flopping in the breeze for weeks after winds all but tore it from its moorings.

One steeplejack had tried repeatedly to rescue the flag, hanging by a single rope, but was forced to give up by bitter cold and fierce winds.

The rescue by steeplejack Bill Bradley was done with the help of special equipment and an assistant.

## Hotel Is Destroyed

RISING STAR, Tex. (AP)—Fire which followed an explosion destroyed the Majestic Hotel, a landmark of boom days, late yesterday. A nearby home also burned L. G. Crawford Sr. and Mrs. Thelma Clark, suffered injuries which weren't believed serious.

## BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

IT LOOKS LIKE ANOTHER record-setting year for the Canyon Reef Relays.

There were eight new records set here last year and from the performances to date this year, at least five or six more records are likely to be set next Saturday when the 7th annual Canyon Reef affair comes off.

Four Canyon Reef records have already been bettered this year by contestants who'll participate here Saturday and several others have come close to the local records.

The records that have been bettered this year have been in the 180-yard high hurdles, the 440-yard relay, the mile run and the shot put.

Stanley Woolever of the host Tigers clicked off a 14.6 in the high hurdles in the Commanche Relays Feb. 28 to better the existing Canyon Reef Record of 14.8 set by another Tiger, Rex Wilson, last year.

The Tiger sprint relay team turned in a 43.5 in the Border Olympics preliminaries Friday as compared to the Canyon Reef record of 44.0 set by Hobbs in 1955 and Monterey in 1957.

Dennis Carruth of Borger did a 4:33.4 in the mile run in the Possum Kingdom Relays at Graham Saturday which is quite a bit better than the Canyon Reef record of 4:40.7 set by R. D. Ross of Lamesa in 1956.

And then Emory Martindale of San Angelo last week tossed the shot some 57 feet 4 ¾ inches, more than five feet over the record here of 52 feet 1¼ inches set by Jim Windham of Colorado City in 1956.

### Only 2 Marks Out Of Danger

A fifth Canyon Reef record, in the 440-yard dash, has been tied this season by a Canyon Reef contestant-to-be. Dee Deevee of Amarillo Tascosa sped the quarter-mile in 50.9 in the Possum Kingdom Relays last week, the same time Don Harber of Lubbock ran in 1955 for the Canyon Reef mark.

About the only two records that appear to be completely out of danger Saturday are in the 180-yard low hurdles and the high jump. The low hurdle record of 18.8 was set by Bud Morgan of the Tigers last year and the high jump mark is 6-4, set by Glen Thornton of Aspermont in 1956.

These two records probably will stand for many years to come.

The weather, of course, is a big factor in the record department. If the weather man cooperates Saturday, then you can expect some new marks to be set.

At any rate, local cinder fans are in for another treat come Saturday

### Coaching Changes Made

J. P. Ward has been named the new Tiger golf coach, succeeding Hal Battle who resigned recently.

Ned Underwood will take over as Tiger tennis coach previously held down by Ward.

Battle incidentally, will complete his duties at Snyder High School Friday, afterwhich he'll report for duty with Eaton Laboratories of Midland. Battle, however, will take a two weeks training course at Lubbock and Dallas before assuming his duties as the West Texas pharmaceutical representative for the drug firm.

No replacement has been named for Battle's position as Tiger line coach.

---

David Hale, Tiger third baseman last season, is a candidate for the Abilene Christian College baseball team this spring. Hale is the fifth ex-Tiger now playing collegiate baseball.

Alan Snead is playing at SMU, Ronnie Baker at Texas, and Joe Reaves and Tommy Prichard at Texas Tech. Don McNew, another ex-Tiger, has been playing for Hardin-Simmons the past three seasons but H-SU dropped baseball this spring.

---

You papas and mamas of prospective Little League players this summer are urged to attend tonight's meeting called by Snyder's coordinator of Little Leagues, Mutt Herod.

The parents will get a better understanding of the operation of the Little Leagues by attending tonight's confab. The meeting will be held at Central Elementary, starting at 7:30.

## Tiger Golfers Open Season

The Snyder High School golfers opened their 1959 season yesterday with a triangular match against Lamesa and Big Spring at Big Spring.

The Tiger linksmen came out third best in the triangular affair with Lamesa first and Big Spring second.

Lamesa the defending District 3-AAA champions, won with 182 strokes. Big Spring followed with 187 and the Tigers 210. Only nine holes were played.

Individual scorers for the Tigers were Gene Bruton, 45; Ted Lamb, 52; Gay Hickman, 56; and Larry Devers, 57.

Bruton missed by one stroke tying for the day's medalist honors.

NEW ARLINGTON PRO—Shanty Hogan, above, former golf professional at the Snyder Country Club, has been named the golf pro at the newly erected Shady Valley Country Club at Arlington, Tex. Hogan served as the Snyder CC pro for four years ending last September.

## Tigers, Cats Vie Here At 4

Senior southpaw Tim Roberts went out today to put the Tiger baseballers in the win column when he was slated to go against the San Angelo Bobcats in a non-district baseball outing at Towle Park.

It will be the second game of the season for the Tigers. The Bengals dropped a 7-6 decision to Big Spring in their season opener at Big Spring last Saturday.

Today's game, slated for 4 p.m., opens the season for the Bobcats.

San Angelo was scheduled to send senior righthander Wedge Turner to the mound in today's encounter. Standing by in relief for Turner will be another senior, Joe Johnson.

Roberts, who has just recovered from a broken ankle suffered in basketball, posted a 3-5 record last season.

Junior Dick Hayes will be standing by in relief for the Tigers today. Hayes, a righthander, had a 4-3 record last season.

After today's game, the Tigers will wind up their week's activities with a return game against Big Spring here Friday.

Following are the probable starting lineups for the Tigers and Bobcats in today's game:

SAN ANGELO.

Catcher — Roy Franklin, sophomore.
First base — Mike Salvato, senior.
Second base — Johnny Faught, junior.
Third base — Tommy Ford, junior.
Shortstop — Bud Ewing, sophomore.
Left field — Don Hall, junior.
Center field — Carl Kennedy, junior.
Right field — Frank Willis, junior.
Pitcher — Wedge Turner, senior.

SNYDER

Catcher — Ronnie Wylie, sophomore.
First base — Mike Moffett, sophomore.
Second base — Kenny Drake, senior.
Third base — Spencer Dyer, freshman.
Shortstop — Jerry Fleming, senior.
Left field — Dick Hayes, junior.
Center field — Johnny Drake, senior.
Right field — Terry Lee, senior.
Pitcher — Tim Roberts, senior.

*HERE SATURDAY*

## 22 Teams Slated For Canyon Reef

Twenty-two schools, including 12 class 4A schools, will compete in the 7th annual Canyon Reef Relays here Saturday.

The host Tigers are the defending champions.

All eight of the schools in District 3-AAAA are entered while our of the five teams in District -AAAA will compete here. Abilene is the only 2-AAAA school hat won't compete here. The four 2-AAAA teams who will run here Saturday are San Angelo, Midland, Big Spring and Odessa.

Members of District 3-AAAA who will be here enmasse are Lubbock Tom S., Lubbock Monterey, Plainview, Amarillo, Amarillo Palo Duro, Amarillo Tascosa, Borger and Pampa.

All five of the District 3-AAA schools, of which Snyder is a member, will compete here. The other four are Sweetwater, Lamesa, Colorado City and Lake View.

Rounding out the Canyon Reef field Saturday will be Odessa Ector, Littlefield, Levelland and two New Mexico schools, Clovis and Artesia.

This year's Canyon Reef Relays, as last year, is made up only of 4A and 3A schools. Main purpose of cutting the field down to two classes was to reduce the number of entries where the meet could be run off in one day.

Preliminaries will be held Saturday morning with the finals slated for that afternoon.

## Parker Named To All-Stars

AUSTIN (AP)—Twenty-two all-staters, thirteen of them on the North squad, will appear in the all-state football game of the Texas Coaching School at Fort Worth in August.

The Texas High School Coaches Assn. anounced the two 28-man squads yesterday.

Tugboat Jones, coach of Dallas Highland Park, will head the North. He will have all-staters Donald Davis of Stamford, Jim Parker of Sweetwater, Donald Campbell of Bonham, Paul Lea of Terrell and Ronnie Brice of Andrews for backfield duty.

Other all-state players on the North squad will be John Cole of Fort Worth Carter-Riverside and center; Charles Huddleston of Breckenridge, David Duwe of Highland Park and Mike Gieb of Garland at guard and Leland Alred of Wichita Falls, Jeffrey Beardon of White Deer and Jerry Garrison of Levelland at end.

### *LL PARENTS TO MEET TONIGHT*

**A meeting for the parents of prospective Little League players this summer will be held tonight at Central Elementary, starting at 7:30.**

**Mutt Herod, coordinator of Little Leagues in Snyder, will explain the operation of Little League baseball and will point out the various things expected of the parents.**

**All parents are urged to be in attendance.**

### SMU Outlasts TCU In Wild Tilt, 11-10

FORT WORTH (AP) — SMU opened the Southwest Conference baseball season yesterday with an 11-10 victory over TCU.

While three SMU pitchers issued 16 bases on balls TCU committed five errors and left 18 runners stranded.

TCU and SMU move to Dallas today to play another nonconference game.

FIRE VICTIM — Bobby James, 20, one of the nation's top collegiate basketball stars, died in a fire at his parents' home at Ruston, La. James, a forward on the Southern Methodist University team, was home for a visit. Funeral for James was held yesterday. (AP Wirephoto)

## Tigerettes Race Past Sweetwater

The Snyder High School Tigerettes continued unbeaten in District 3-AAA girls volleyball last night with a resounding 29-17 victory over Sweetwater at Tiger Gym.

It was the third district triumph in as many starts for the Tigerettes.

For the season the Tigerettes have won 10 and lost eight.

The Tigerettes surged ahead 12-6 at halftime last night and coasted home the final eight minutes. Sweetwater pulled to within five points of catching up on a couple of occasions in the second half but the Tigerettes braced each time to stave them off.

Coach Allene Stovall will take her charges to Big Spring tonight and then return home for a Friday engagement with Denver City at Tiger Gym.

Next district game will be against Lamesa here March 17.

### Defending Champion Girls Teams Return

AUSTIN (AP) — Abernathy sports a 31-3 record in Class AA and North Hopkins of Sulphur Springs stands 34-1 in Class B as they seek to repeat as state champions in girls basketball this week.

## Cincy, N. M. Ags Win NCAA Berths

By ORLO ROBERTSON
Associated Press Sports Writer

The NCAA, with all 23 brackets filled, gets down to the business of picking its 1959 major college basketball champion tonight with a tripleheader in New York and two games at Lexington, Ky.

The field was completed Monday night when Cincinnati qualified as the Missouri Valley Conference representative and New Mexico State won the Border Conference playoff.

Cincinnati turned back St.Louis 66-59 for a 13-1 conference record although All-America Oscar Robertson sat out the last seven minutes with five fouls after scoring 22 points. Big "O" ended the regular season as the nation's No. 1 major college scorer with a 33.2 average.

New Mexico State defeated Arizona State University 78-57 for the Border title and a 17-10 over-all mark.

With the NCAA landing basketball's coveted Oscar the National Invitation Tournament field of 12 was completed by the additior of Bradley, runner-up in the Missouri Valley. Bradley had a 12-2 conference record.

After tonight's tripleheader at New York's Madison Square Garden and the doublehe der at Lexington it will take a single game Wednesday night at Las Cruces, N.M. to reduce the field to 16 for the four regional tournaments starting Friday at Charlotte, N.C., Evanston, Ill., Lawrence, Kan., and San Francisco.

Here is the lineup for tonight's games with team records:

At New York — West Virginia (25-4) vs Dartmouth (22-5), Connecticut (17-6) vs Boston University (18-6), North Carolina (20-4) vs Navy (16-5).

At Lexington — Eastern Kentucky (16-5) vs Louisville (16-10), Bowling Green (18-7) vs Marquette (22-4).

Wednesday night Idaho State (19-6) tackles New Mexico State (17-10) at Las Cruces.

Third-ranked Cincinnati, which beat NIT-bound St. Louis 57-50 earlier in the season, had to go all out to wrap up its second straight appearance in the NCAA postseason competition.

Robertson scored 17 points in the first half as the Bearcats took a 37-29 lead. He whipped in five more before being charged with his fifth personal.

Mike Mendenhall, who has completed his eligibility and will not be permitted to play in the championship, then took over direction of the Bearcat defense and held off a St. Louis rally which carried the Billikens within three points with two minutes remaining. Four free throws, two by Mendenhall, pulled the Bearcats out of danger.

Second-ranked Kansas State, the Big Eight champion, also completed its regular season by downing Nebraska 76-54. All-America Bob Boozer collected 29 points to raise his average to 25.9.

Joe Kelly paced New Mexico State as the Aggies hit on 50 per cent of their field goal attempts in running away from the Sun Devils.

### Bookies Favor Yankees, Braves

LAS VEGAS, Nev. (AP) — Betting circles in this gambling resort favor New York and Milwaukee to win the American and National League baseball pennants.

The latest American League odds are: New York 2-5, Cleveland 4-1, Detroit 4-1, Chicago 8-1, Boston 12-1, Baltimore 30-1, Kansas City 100-1, Washington 100-1.

National League: Milwaukee 1-2, Pittsburgh 3-1, San Francisco 4-1, Los Angeles 4-1, St. Louis 10-1, Cincinnati 12-1, Philadelphia 30-1, Chicago 50-1.

## British Should Not Forget

Prime Minister Harold Macmillan took a verbal "beating" in the back during his visit behind the iron curtain, but the British statesman experienced a healthy increase in prestige while it was going on.

Macmillan's behavior and reaction to the typical knifing administered by Nikita Khrushchev was not that of a whipped dog. Instead, the prime minister maintained a measure of dignity while displaying a will of his own—or one might say the strong will of the Western powers.

As a result of his experiences in Soviet Russia, Macmillan received the plaudits of Parliament from both sides of the political aisles.

Now, the prime minister is on the go again, this time visiting Britain's allies. He is due a warmer reception and he most certainly moves without fear of being torpedoed from the blind side by inflammatory propaganda.

Meanwhile, the strong support which he apparently solidified during his trip to Russia may be regarded as a good omen by the other Western nations.

Great Britain has every reason to favor a firm stand on the German problem, especially in view of its experiences at the outset of World War II when the folly of repeated appeasement of aggressors was outlined clearly in the blood of its citizens.

History reveals that time has wrought little change in the tactics of dictators. There is no reason to suspect that the communist variety is different from the others.

# Dollar Sign Helps Avert Dull Season

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—This would have been a pretty dull season in Washington if it hadn't been for the dollar sign. It has given Democrats and Republicans a lot to talk about.

Actual legislation passed by Congress so far could be stuck in one eye without making you blink. Things will pick up after the Easter vacation. Meanwhile, budget balancing has provided a lively conversational topic.

Balance the budget, says President Eisenhower, dedicating himself to economy in 1959. It's the way to prevent inflation, he says. And since inflation means you can buy less with a buck, his stand has pretty wide appeal.

Nobody knows that better than the Democrats. They know what it could mean in the 1960 elections if they defied Eisenhower too much, voted a lot more money than he asked, and let inflation milk a few more pennies out of the dollar.

So while the Democrats keep talking about how Eisenhower is skimping too much and how the country needs more than he proposed they're still edgy about leaving themselves open to the Republican charge of being big spenders.

It is easy to see how this can provide plenty of conversation and it has.

Meanwhile, everybody's dancing on a hair. Eisenhower in his budget provided only a hairline margin between balancing the budget and going in the red. Even that margin depends on some unlikely new taxes and a sharp increase in revenues from other taxes already on the law books. If it works out the way he figured, it will be one of the best juggling acts in history.

Eisenhower called for spending no more than 77 billion dollars, in itself a record for peacetime budgets, and estimated that when the government got through deducting the 77 billion from all the revenue it took in, it would have 70 million dollars left over.

But the Democrats look at the 4,700,000 people unemployed and want to extend the special unemployment pay Congress voted last year for the jobless. This would cost another 400 millions, they figure.

Since Eisenhower didn't include this in his budget, the 400 million would upset the balance, knock spending into the red, and add to the deficit carried over from the current year. But that's not all.

The Democrats are working on housing, airport aid, help for depressed areas, and other legislation that would cost more than Eisenhower asked.

The Democrats also express unhappiness about the money he asked for defense and what looks like a continuing gap in missiles between this country and the Soviet Union. They are making sounds about more money for defense.

The Soviet demand that the Allies get their troops out of Berlin, and the Allies' determination so far that they'll do no such thing, has created a sense of crisis coming up.

So it's no wonder Democratic leaders of Congress last week reportedly asked Eisenhower—after he brief them on Berlin—if he didn't need beefed up defense. Beefing, of course, costs money.

Eisenhower reportedly said no, that things were all right.

Soviet Premier Nikita Khrushchev could make everybody a little happier, and take some of the heat off the American dollar, if he'd just soften up on Berlin and let the crisis melt away.

## Mink Too Plentiful

AUSTIN, Tex. (AP) — They've got too much mink in east Texas. State Rep. James V. Adams of Mount Pleasant said Monday mink are fine in coats but bad running loose. He introduced a bill to allow an open season on the fur-bearing animals.

# Nobody Goofed On New Lincoln Penny

By FRANK CORMIER

WASHINGTON (AP)—The New Lincoln penny is lopsided but will stay in circulation. It seems that the old penny, which has been knocking around for 50 years is just as cockeyed.

Rumors about the new coin have been spreading ever since distribution began in January. There has been talk it is marred by one or more blunders and will be withdrawn from circulation.

Some people have gathered the coins in quantity, believing they will soon become a valuable collector's item.

Leland Howard, director of the mint, said today every such rumor is without foundation and that no mistakes were made in design or manufacture.

One side of the new coin, with the profile of Abraham Lincoln, is unchanged from the model introduced in 1909. The "tail" side is brand new and features a reproduction of the Lincoln Memorial.

"Every time we bring out a new coin there are a lot of rumors and we get a big batch of mail and phone calls," Howard said.

"People pay more attention to a new coin and see things they never noticed before" he said.

Take the latest rumor—that the coin is lopsided and must be scrapped because it won't stack properly.

Howard fished a new penny from his pocket and inspected the rim. Pointing, he said: "Here the rim is thinner than at any other point. You can see it with the naked eye."

The spot he indicated was right below Lincoln's shoulder.

Howard then took an old penny and pointed out the same thin point at the same spot.

It is caused by the heavy press that stamps the coin design onto a flat disc of metal, Howard explained.

"The metal needed to form the head and shoulder has to come from somewhere," Howard said. It normally comes from the closest point — the rim right below the shoulder. Hence, the rim is narrower at this point.

Howard said almost every U.S. coin, regardless of denumination, has such a thin spot. He picked up a quarter and examined it. The rim was thinner above the head of Washington.

Does this lopsidedness affect the odds on a heads-or-tails flip Howard was asked.

"I doubt it" he said "but you can find out by flipping one 1,000 times and keeping track."

We gave up after 200 flips with the new penny. The count: heads 102, tails 98.

Taking an old penny in good condition, we tried again. The count: heads 100, tails 100.

What's your count?

## Plow Horse Feasts On Golf Course Grass

PITTSBURGH (AP) — A plow horse with country club tastes made a pig of himself on a golf course in suburban Edgewood.

Greenkeepers spotted the big brown horse munching on an expensive green Monday. They took off after him in a tractor.

The chase was a greenskeepers nightmare. The animal galloped away, leaving a trail of divots. When they stopped, the horse nibbled on other greens.

After the horse finally was lassoed, head greenskeeper John Ucman moaned: "that nag gorged himself on some of the finest grass ever raised by man. He did more damage in an hour than the duffers do all year."

# Father, Son Help Change Skyline

By HAL BOYLE

NEW YORK (AP)—A father and son team here are helping change America's skyline.

The two William Zeckendorfs—senior and junior—have some 200 million dollars in real estate development projects under way at the moment in the United States, Canada and Mexico.

Their staff of 400 here also has on the drawing boards other projects totaling hundreds of millions of more dollars—office buildings, shopping centers, apartment buildings, home developments and hotels.

As his father's right-hand man, young Bill is concentrating now on the building of the new 48-story Zeckendorf Hotel in mid-Manhattan.

It is the first major hotel to be built here since 1931 and will cost nearly 70 million dollars, making it history's most expensive inn by far. That is a lot of responsibility to put on the shoulders of a 29-year-old man. But young Bill, who already runs six other Zeckendorf hotels here, shows no worry.

He has been used to big figures, ever since starting as an office boy with his father at the age of 14.

"It's easier to build a big project than a small one," he said. "You deal with bigger people."

Bill, like many other real estate leaders, expects a massive surge in home building early in the 1960s.

"The country is building a million housing units a year now," he said. "There's a very good chance we'll get up to two million units a year soon.

"But we've almost reached the end of the commuting line. We look forward to a return to the city—and a resurgence within the city."

Optimism seems to be hereditary in the Zeckendorf clan. Both father and son feel the biggest danger to business expansion is business cowardice.

The United Nations has played a large role in both their lives. Assembling the building plot for the U.N. helped springboard the senior Zeckendorf to public fame as a real estate wizard.

Later on a blind date, young Bill met Guri Lie, daughter of Trygve Lie, then U.N. secretary general. Now they are married and have a young son.

For the member of a firm that presently is building some 8,000 housing units, Bill has an unusual problem.

"I'm trying to find a nice big apartment for my family in a big old-fashioned building," he said. "Let me know if you hear of one."

# Foundation To Produce Eight Plays

NEW YORK (AP) — The Ford Foundation announced today that plays of eight American playwrights will be produced next fall at foundation expense.

The grant program for playwrights, totaling $110,000, is the last in a series of grants to creative artists. The programs have aided poets, writers, painters, sculptors, theater directors and musical artists.

The works of the eight playwrights will be staged at professional, community and university theaters.

The playwrights, their plays, and the theaters that will produce them are:

Kenneth Cameron, New York, "The Physician For Fools," Margot Jones Theater, Dallas, Tex.

Josh Greenfeld, New York, "Clandestine on the Morning Line," Arena Stage, Washington, D.C.

John B. Harding, Malibu, Calif. "Kinderspiel," Boston University Theater, Boston.

Sidney Michaels, Los Angeles, "The Plaster Bambino," Actor's Workshop, San Francisco.

Phillip Pruneau, New York, "The Morgan Rock," Omaha Community Theater, Omaha, Neb.

Mrs. Seyril Schochen, Ithaca, N.Y., "The Moon Besieged," Stanford University Theater, Palo Alto, Calif.

John Vlahos, Westport, Conn., "The Golden Age of Pericles Pappas," Tulsa Community Theater, Tulsa, Okla.

Lionel Wiggam, New York, "Inside Emily Payne," Erie Palyhouse, Erie, Pa.

# Rambler Ads To Be Bigger

DETROIT — An expanded Rambler advertising program has been launched by American Motors with increased use of newspapers, radio and magazines, it has been announced by Fred W. Adams, director of automotive advertising and merchandising.

"Even before this new expansion, the advertising program for 1959 was the largest in Rambler history," Adams said.

The newspaper program which runs in more than 2,400 newspapers each week, includes many ads larger than last year. A number of them will be full pages, he said. In addition, full-page color ads are scheduled for This Week, American Weekly, Parade and Family Weekly.

The company also has added the CBS network to its radio usage with a 13-week contract. Rambler advertisements now are heard each evening on the Amos 'n' Andy show and on the following Sunday shows: Gunsmoke, Mitch Miller, Have Gun Will Travel, Suspense and Johnny Dollar.

Turkey Red, the hardy wheat which is used for dry farming in western United States, was originally imported from Turkey by the Mennonites.

# Woman, Preacher Held As Suspects In Murder Plot

MIAMI, Fla. (AP)—A 41-year-old woman and a young preacher were arrested Monday after a detective said he posed as a professional killer in an alleged plot against the woman's husband.

Beatrice Gurley, mother of three grown children, and John A. Walker, 25, the preacher, were booked for investigation of conspiracy to murder Hugh Ernest Gurley, 45.

Detective Jack Metcalf, who said he played the killer-for-hire, arrested Mrs. Gurley. He said she gave him $100 as a down payment in the $1,000 deal to kill her husband.

The alleged installment-plan murder drama was played out in the preacher's car while a hidden tape recorder and motion picture camera recorded the affair, Metcalf said.

Metcalf said Mrs. Gurley signed a statement in which she said she wanted to hire some one to kill her husband. Walker denied any connection with the alleged plot.

Mrs. Gurley was quoted as saying she wanted her husband killed so she could get $30,000 in insurance and because he had been mean to her children by a previous marriage.

Later, Mrs. Gurley said her husband had little insurance and she wanted him killed because he wouldn't let her go to church with Walker, who shared the Gurley home, Metcalf said.

Gurley said that Mrs. Gurley and Walker attended church and prayer meetings several times a week and that Walker's presence in the home had caused arguments.

Walker moved into the home about three months after he met the couple at a revival, Gurley said. Walker, as the only member of the trio who can read and write, took over the Gurley financial affairs.

"I'd just take the pay envelope home to John and he'd take care of everything," Gurley told newsmen. "Where'd I get my spending money? Well, he'd let me keep my overtime pay." Gurley earns $60 a week as a truck driver.

Officers said the Gurley's account with a loan company indicated Mrs. Gurley borrowed $100 shortly before her meeting with Metcalf.

The meeting was arranged after two Miami men, approached on the subject of killing Gurley, went to police with their stories.

Walker's religious meetings were conducted in various homes in suburban Hialeah. He said he comes from southeast Missouri, but he could not recall just where.

# Famine Is Taking Big Toll In Haiti

PORT-AU-PRINCE (AP)—Famine again is taking its toll in Haiti.

Half of the four million persons who live along Haiti's arid northwest coast face starvation if rain does not come soon.

Most of the people are living at the minimum subsistence level. Tuberculosis, liver ailments and other diseases are decimating the population.

Dr. Dudley Nelson, who has been operating a clinic in Haiti since 1946, says there is virtually no money in circulation and the people cannot afford medicine even at cost price.

Nelson says conditions are the worst since Hurricane Hazel hit in 1954, ravaging plantations and killing livestock.

The parched coastal region has had virtually no rain since Hazel struck. The northwest plateau is the only place that has grass. Peasants gather it up and bring it back by donkey to sell for 20 cents a load. It takes 8 to 10 hours travel time to make each sale.

Trees stand stark and leafless. Even the weeds are gone. The animals have nothing but the the points of acacia branches to lick on.

Donkeys which used to bring $8 to $14 now sell for under $2 because there is nothing to feed them.

Winds and low tides have fouled the salt basins, ending salt making by the people.

For a time the Gayac charcoal forests were a lucrative source for the peasants, but they have now disappeared. Even the roots of the trees have been gougd out.

# White House Lawn Getting Sporty Look

WASHINGTON (AP) — Come spring, confused tourists hunting for the White House lawn may think they've found an athletic club instead.

Peering through the gates, a visitor, if he's lucky, might spot President Eisenhower putting golf balls on his green, his grandson, David Eisenhower, 10, swishing basketballs through a hoop, and White House aides smashing tennis balls over a net.

The putting green and basketball hoop are there now. White House press secretary James C. Hagerty told newsmen Monday the President had authorized restoration of an old tennis court.

The court, built in 1902 when tennis player Theodore Roosevelt was president, last was used in the administration of President Harry Truman, whose daughter, Margaret, played tennis occasionally.

Hagerty said the repairs were requested by some tennis enthusiasts on the White House staff. He said they would share the small cost of restoration.

## Body Is Recovered

SANTA ROSA, Tex. (AP)—The body of Jorge Alberto Rocha, 4, was recovered from a Rio Grande floodway near here early today. He fell into the canal yesterday afternoon while on a fishing trip with his parents, Mr. and Mrs. Humberto Rocha Sr., of Sebastian.

MRS. OPAL MARONEY

# D&H Checker Here Tops In Competition

Mrs. Opal Maroney, head checker at D & H Super Market here, has been named winner of the company-wide Checker of the Year contest of Davis & Humphries, Inc., over checkers of all the company's 18 stores.

Clyde Godwin, manager of the Snyder store, announced that Mrs. Maroney had won the title and that she will be in competition with winners of other grocery chains this month in a regional checker contest, and regional winners will be in national competition.

As store-wide winner, Mrs. Maroney received a cash award of $250. The national winner will get a trip to Hawaii and a wardrobe worth several thousands of dollars.

An employe of the Snyder D&H store seven years, Mrs. Maroney is a housewife whose husband, Walter Maroney, is employed by an oil company. She has two teen-age sons. The family lives at 311 Thirty-fifth Street.

Mrs. Maroney first became winning checker among five regular checkers in the Snyder store and was entered in company - wide competition. She had won locally on a vote of customers of the store.

In the company - wide contest, those in competition were judged 75 per cent on the percentage of customer votes they had received in their stores, 25 per cent on supervisor votes, and 25 per cent on manager votes. Mrs. Maroney had received 76 per cent of all the votes cast for checkers in the Snyder store.

This is the third year Mrs. Maroney had won the contest in the Snyder store, taking the local title each year the contest has been run. This is her first time as company-wide winner, however.

Regional competition will be for company winners in Texas, Louisianna, Oklahoma, and New Mexico. That contest will be judged more in detail.

# Daily Crude Flow Drops

TULSA (AP)—Mainly because of a 36,200-barrel drop in Texas, daily average crude production fell 7,156 barrels to 7,205,553 the week ended March 7, the Oil and Gas Journal said today.

Texas' daily average for the week was 2,846,300 barrels. The biggest advance was in Louisiana, up 15,860 barrels to 959,475.

The Journal estimated 1959 production at 472,892,230 barrels compared to 447,976,349 a year ago.

Colorado fell 500 barrels to 128,700.

Oklahoma rose 5,900 barrels to 569,600; New Mexico, 2,400 to 293,000; and Arkansas 25 to 79,700.

## Doris Dowling Is Granted Divorce

SANTA MONICA, Calif. (AP)—Actress Doris Dowling's marriage to movie executive Robert Blumofe, 49, has ended in divorce.

Miss Dowling, 34, who was once married to bandleader Artie Shaw charged cruelty. She and Blumofe vice president of United Artists Corp., were married April 27, 1956.

Miss Dowling will receive $25,000 and $600 a month alimony for two years. She said she will resume her acting career.

## Judge Rules Woman Mentally Incompetent

LOS ANGELES (AP)—A judge has ruled mentally incompetent a mother accused of mailing poison candy to her mentally retarded son in Arizona.

Edna Frances Howard, 36, Pasadena, is in jail on a charge of attempted murder.

Proceedings will be brought to have Mrs. Howard placed in an institution, her attorney said Monday. Her husband, George, was appointed her guardian.

## Held In Shooting

HOUSTON (AP)—Police held today a Negro, 44, who said he fired a pistol "just to be shooting." The bullet narrowly missed detectives Ira Holmes and Ed Kennedy, who were sitting in their police car.

# Four C-C Panels Schedule Sessions

Four Chamber of Commerce committees scheduled meetings this week, and three of them will be discussing their programs of work for this year at their meetings. Some still have not completed their entire list of members.

One of the committees, that on agriculture, was to meet at 3 p.m. today in the community room of the Snyder National Bank. Max von Roeder is chairman of the committee but is out of town. Presiding in his absence will be Dr. John Blum, chamber president.

The committee was to discuss possibility of a livestock auction in Scurry County. Stockmen here must now take their animals to Big Spring, Colorado City of Sweetwater to auctions.

The committee, along with about 30 special guests who were to attend, was also to discuss other points of its program of work at the meeting.

Members of the committee include Bill Jordan, Oscar Fowler, Bentley Baize, W. R. McMullan, Bruce Evans, Joe Box, Guy Moore, D. T. Pierce, Aubrey Headstream, Floyd Boston, Henry Burchett, Bill Brooks, Marvin Key, Alvis Minton, T. J. Sterling, and Harrie Winston.

The chamber membership committee will hold its monthly breakfast meeting at 7 a.m. Thursday at Ballard's Cafe. At that meeting the committee members will report on membership work done during the past month and receive assignments for the coming month.

M. I. Andress is chairman of the committee, which has as members Jimmy Tatum, Bob Crowell, Dale Walton, Woody Worthington, Ernest Sears, Bob McCormick, Frank Stephenson, Dan Cotton, Bud England, Billy Joe Brown, Don Robinson, and Truman Black.

At 3 p.m. Thursday the health and sanitation committee will meet at the chamber office.

Dr. Pat Brecheen is chairman of that committee, which this year will work on organization of a tuberculosis association here, as well as continue the annual program of a cleanup campaign in cooperation with the Jaycees. The committee will discuss its program of work. So far, other projects mentioned for possible consideration are general city beautification and work with the county on insect control.

Other members of that committee are Dr. Thomas Hartley, Louie Vaughan, Raymond Williams, Dr. Clyde Dawson, Dr. Ben Moore, Dick Taylor, Bennie Pinnell, and Dr. Wilton Jones.

The chamber civic affairs committee is to meet at 3:30 p.m. Friday in the chamber office.

That committee has already been working toward the establishment of a permanent judicial district here to replace the now-temporary 132nd District and on possibilities of a new post office building. Other possible projects mentioned in a recent chamber survey for committee study were a new county jail, a civic center, and continued work for a Texas Employment Commission office here.

D. R. Scott is chairman of the committee, which has as members Herbert Feather, Ed Harbaugh, Roger Mize, Gene Dulaney, Wayland Holt, Hubert Cargile, D. D. Shelburne, Robert Patterson, Lee Smyth, John Lynch, Jr., Rex Miller, Gene Best, N. R. Clements, B. F. Darby, Jr., Ben Dennis, Lynn Fenton, Rex Fields, J. D. Hinton, Mel Gilbert, and Walter Hales.

# Painting Of Lincoln Is Questioned

WASHINGTON (AP) — A new painting, exhibited on Capitol Hill for the first time, shows Abraham Lincoln in brocaded slippers and white nightshirt as he sits by a fourposter bed and scribbles notes for the Emancipation Proclamation.

It drew praise Monday from Sen. John Sherman Cooper (R-Ky) chairman of the Lincoln Sesquicentennial Commission, in unveiling it in the rotunda of the old Senate Office Building.

"The painting has captured the simple dignity, the solemn earnestness and determination of President Lincoln just before the battle of Antietam," he commented.

An unidentified tourist took a different approach.

"What's the nightshirt bit? They're not trying to make out Lincoln was a member of the Ku Klux Klan, are they?" he asked.

The painting was done by New York and Washington artist Jes Schlaikjer after consultation with Lincoln scholars.

Schlaikjer, a former illustrator for Harper's magazine and the Chicago Herald-Examiner, did the painting in 1957 and loaned it to the commission.

# Students Go To Meet In Brownsville

Groups of students from Snyder High School and Junior High will leave tomorrow for Brownsville, where they will attend the state convention of student councils.

The convention will be held Thursday through Saturday.

The high school here last year was elected parliamentarian school for the state, and at the convention Jimmy Don Robinson will act as parliamentarian.

In the state office Robinson will act as parliamentarian of all sessions, arrange displays and scrapbooks to be entered by the schools attending, and will be moderator of a panel for the general session Saturday. This is the first time Snyder has had a state officer.

High school student council representatives attending, other than Robinson, will be Phillip Smartt, who was elected president for the next school year; Jerry Roe, new vice president; Carla Gladson, new secretary; and Judy Wallace, official delegate.

Accompanying the high school students will be Miss Virginia Grove, council sponsor, and T. D. Wiman, high school principal.

Junior high school students who will attend will be Dalton Walton, president; Malcolm Bolger, vice president; Helen Joyce, secretary; and Mary Brice, a member.

Accompanying them will be Jimmy Lynch, sponsor.

Gold is the most important mineral resource of Australia. Coal is second.

## Santa Fe Director

GALVESTON (AP)—J. A. Manning was named a director yesterday of the Gulf, Colorado & Santa Fe Railway Co. to fill a vacancy on the board created by the retirement of Fred G. Gurley March 1.

Men, Women! Old at 40, 50, 60! Want Pep?

Zing Up for Spring!

Birds are on the wing. Spring flowers will soon be blooming. How about your car? Is it in tune with the season?

Your Phillips 66 Dealer knows just what to do to get your car ready for warm weather driving. First he'll drain and flush your car's radiator. Then he'll give the chassis a thorough lubrication, and refill the crankcase with fresh Phillips 66 Trop-Artic* Motor Oil. Of course, he'll check your tires and battery . . . even your windshield wipers.

It's all part of your Phillips 66 Dealer's "Zing Up" service. If your car hasn't had this service, drive in where you see the orange and black Phillips 66 Shield.

TIRED OF BEING "ALL SHOOK UP" IN THE CENTER SEAT? Other cars make the tunnel so big there's almost no room for cushioning. The ride is hard, bouncy. See the difference in Mercury.

TIRED OF SITTING WITH YOUR KNEES UNDER YOUR CHIN? In other cars the tunnel "hump" is bigger than ever. But Mercury actually cut the hump in half! See how much more leg room there is for the man in the middle. And see (right) how Mercury pulls knee-cracking corner posts back out of your way.

MERCURY GIVES YOU MORE CUSHIONING, COMFORT AND ROOM THAN ANY CAR IN ITS FIELD

Here's how: Mercury, alone in its field, has a body designed for just *one* car. Other manufacturers give you—even on cars priced into Mercury's class—the very same body used on their lowest priced makes. That's why Mercury alone can cut the center hump in half, widen the door openings 4 inches, add 9 inches more knee room, provide unequaled 6-passenger visibility and comfort all around. Come on in. You'll see!

20th Anniversary MERCURY built to lead—built to last
