MITCHELL COUNTY Judge Bill Carter, right, administers the oath of office to, from left, Edward Roach, Clarence C. (Mike) Burt, Paul Hunter, Billy Ray Williamson, Pete McKinney and Wendell Bryant during ceremonies Tuesday at the courthouse.

County officials sworn in

New Year's Day may have been a holiday for most county employees, but it didn't stop Mitchell County Judge Bill Carter from administering the oath of office to officials whose term of office officially started Tuesday.

Those who were sworn in at the 9 a.m. ceremony in the county courtroom included Pete McKinney as county attorney, Edward B. Roach as precinct

one commissioner, Wendell Bryant as sheriff, Clarence C. (Mike) Burt as county tax assessor-collector, Paul Hunter as precinct three commissioner and Billy Ray Williamson as precinct one constable.

McKinney defeated incumbent Pat Barber in a write-in campaign in the November general election for the county attorney position.

Incumbents Bryant, Burt, Hu-

nter and Williamson were unopposed for their respective elected positions and Roach defeated Jackie Joiner for the precinct one position.

Mrs. Louise Logsdon was the former precinct one commissioner after having been appointed to fill the unexpired term of her late husband, Paul Logsdon. She chose not to run for election to the position.

New pharmacy to open here

The Medicine Place, a new discount pharmacy, will be opening Jan. 14 in Colorado City at 2135 Hickory. This is the second store to be opened by The Medicine Place, Inc. The first store was opened in August of 1984 in Sweetwater. They are planning on opening other stores in the future in this West Texas area.

The Medicine Place is a new concept in pharmacy being introduced in this area of West Texas. It is a pharmacy only—they stock only a minimum amount of over-the-counter (non-prescription) medicine and nothing else. Their slogan is "Medicine is our business—Our only business." Their main objective according to Wayne Allen, vice-president, is to provide each community they go into with a professional discount pharmacy.

This new concept was developed with the primary thought of offering its customers discount prices on all prescriptions. Their main concern is offering something to the smaller communities that could only be found in the

larger cities. However, the difference will be that in addition to the discount prices, they will maintain the small community pharmacy atmosphere.

"Our pharmacists are not involved with selling anything but medicine, and so have the time needed to provide our customers with the professional counseling they expect and are entitled to receive," said Allen.

"We will be offering other free medical services to the community," he said. "We will conduct free health screenings on a regular basis. In addition all of our stores offer senior citizen discounts, Medicaid prescriptions, free coffee bar, drive-in window, and fast friendly service on all prescriptions at a reasonable price. We also honor pharmaceutical card system."

Trevlyn H. Kelley of Roscoe, formerly of Colorado City, and Allen, R. Ph. of Roscoe, are the principal officers of The Medicine Place, Inc.

Grand opening will be held approximately two weeks after original opening date.

Year begins with snow

By Ray Mayo
Editor

Colorado City and Mitchell County didn't have a white Christmas, but New Year's Day was a different story as an Arctic blast of winter air brought with it snow flurries which quickly left the area under a one-inch blanket of white.

Although the snow wasn't unexpected, it did prove frustrating for motorists, especially those traveling Interstate 20.

Mitchell County Sheriff Wendell Bryant said his department assisted the Highway Patrol with a number of accidents caused by the snow-covered highways and bridges Tuesday afternoon through Wednesday morning. At least two one-car turnovers were reported on the interstate.

Colorado City Police Chief Ken Farrow said he was surprised, but relieved that no accidents were reported within the city limits.

"We were really pretty lucky," said Farrow.

And even though the temperatures dipped into the low 20s, City Manager Brenda Tarter said that no major water line breaks were experienced.

While the weather conditions proved to be a hassle for motorists, local motels and restaurants were reaping the benefits.

A spokesman at Villa Inn Motel said that they had to turn away several people Tuesday night while across the interstate at the Great Western Motel, a spokesman there said they were "98 percent full."

Bryant said that several residents had offered their homes in the event all the motels filled up and travelers needed someplace to spend the night.

"Most of the motels had some vacancies, so we didn't have to utilize private residences," said Bryant, who noted that most of the people who were involved in wrecks on the interstate were stranded in Colorado City until someone could come pick them up.

While most residents stayed at home, Texas Highway Department personnel were working around the clock spreading gravel and salt mixtures on bridges, hills and major intersections in Colorado City.

Crime Stoppers Reward offered in burglary

Sometime after midnight on Aug. 3, 1984, someone broke into C. R. Anthony's in downtown Colorado City and took over a \$1,000 in merchandise.

The intruders entered the store through a window above a back door. A number of items were stacked at the back door of the building, but the burglars were unable to open the door from the inside. The items that were taken were thrown out through the upper rear window through which the burglar or burglars left the store.

Store manager John Cantu said that missing items included six men's black leather coats valued at \$99 each; three men's brown leather coats valued at \$99 each; four men's Joe

Namath brand corduroy blazers valued at \$39.99 each; and one ladies corduroy blazer valued at \$35.

Damage to the broken rear window was estimated at \$25.

Jewell Tiller gave a report on education. The report stated that a small percentage of prospective Texas teachers passed an education program admission test. The percentage of Texas students range from three to four percentage points below the passing, than five other states, not all states are given the same test. The tests are of three parts-reading, writing and mathematics. The low score is influenced by our diverse background. Texas State Board of Education was concerned by the low number of minorities who passed the test. One of the states stated as teacher supply shrinks, the state may be pushed into issuing emergency certificates to unqualified teachers. Texas is desirous to raise teacher's competency.

Pearl Watson reported on psychologists' views of I.Q. I.Q. seems to have surprisingly little to do with achievement in ca-

reers. A large number of psychologists are abandoning this kind of intelligence I.Q. test. They are searching for practical intelligence. A combination of thinking and behaviour, this includes ability to plan, capacity to acquire sufficient information for decision making, seeking advice of superiors, and taking responsibilities beyond the scope of his department. Elizabeth Elliott gave the legislative report.

Fannie Beeman brought the federation report on help from the GFWC participation in programs to further education. Their plans include positive approach to problems of helping Americans to read, encourage members to work supportively with students, parents and teachers administration and the legislators, improve levels of education and achievement. The federation has seminars in leadership and in life span learning, she concluded.

Those present were Eddie Barclay, Fannie Beeman, Lil Brown, Elizabeth Elliott, Ida Keith, Dona Reed, Jewell Tiller, Pearl Watson, Linnie Williams and the hostess, Della Fox.

Texas handbook workshop set

A workshop dealing with the revision of the Handbook of Texas will be held Thursday, Jan. 10 at 2 p.m. in the Mabey Room of the Campus Center at McMurry College.

The Handbook of Texas for over 30 years has been an invaluable reference work for students and scholars, according to Dr. Fane Downs, chairperson of the Department of History at McMurry. She states that the Texas State Historical Association is now engaged in a monumental revision that will update the Handbook as well as enlarge its size and scope.

"The purpose of this workshop is to generate enthusiasm and recruit participants from the West Texas area," said Dr. Downs. She added that the Handbook of Texas staff hopes to involve faculty and their students and other scholars in this massive work.

Directing the workshop will be Handbook of Texas Managing Editor Dr. Thomas W. Cutrer, senior editor Dr. Lawrence L. Graves and Associate Editor Dr. George Ward.

Dr. Downs said the three directors will provide an orientation on the project and information on topics, methods of research and documentation, as well as specific guidelines for contributors.

"We strongly urge public participation in this project," said Dr. Downs. "In addition, we encourage faculty members of all institutions of higher education in the area to participate in the workshop and to enlist qualified graduate and undergraduate students as well."

Persons seeking further information should contact the Department of History at McMurry College by calling 915-692-4130, Ext. 266, 269 or 207.

Cotton growers asked to reveal 1985 cotton acreage

MEMPHIS—Cotton growers are being asked to fill out and return to the National Cotton Council by January 8 forms indicating how much acreage they plan to devote to the crop in 1985.

DeWitt Caillavet, an economist with the Council, said participation in the survey has

been good thus far. He said the planting intentions survey, which was sent to about 13,500 of the 40,000 cotton producers in the U.S., also asks whether the grower plans to participate in USDA's 1985-86 cotton program.

The data are then furnished to growers and to delegates to the Council's annual meeting in San Antonio, January 25-29, to help with policy formulation. Caillavet said the information will be released first at the Producer Steering Committee meeting January 25.

"This survey also gives cotton growers an idea of the size of the upcoming crop and helps them determine how much cotton they want to plant in the spring," Caillavet said.

The Council began its January survey four years ago after USDA consolidated their January and March surveys into one February survey.

HOW TO HAVE A PROSPEROUS NEW YEAR

Calvary Baptist Church

Pastor - Charles Casey

We are bombarded with "how to" gimmicks, "how to" do almost anything. The most popular "how to" information seems to be on how to repair almost anything; how to lose weight, how to get rich, etc.

God's Word contains the best guideline on how to have a prosperous New Year. Actually that can be expanded to a prosperous lifetime. The guideline is found in Psalm 1:1-3.

"How blessed is the man who does not walk in the counsel of the wicked, nor stand in the path of sinners, nor sit in the seat of scoffers!"

But his delight is in the law of the lord, and in His law he meditates day and night.

And He will be like a tree firmly planted by streams of water, which yields its fruit in its season, and its leaf does not wither; and in whatever he does, he prospers."

Verse 1 says that a person will be blessed or happy if he does not do three things. Verse 2 tells us what to delight in. Fortunate indeed is the person who lives by these principles.

III John 2 provides a wish that I would wish for you. "Beloved I pray that in all respects you may prosper and be in good health, just as your soul prospers." Based upon your spiritual life, will be prosperous and healthy or poor and sickly?

May 1985 be your best year in the Lord.

Cooley shares slow-cook recipe

The first things most girls learn to bake at the age of nine or 10 are cakes and cookies, but Christine Cooley learned to bake fresh huckleberry and blueberry pies.

"My grandmother taught me how to cook, because my mother died when I was young. We had a lot of fresh huckleberries, so I made pies."

Mrs. Cooley likes to try new recipes and does change things up in the recipe.

She doesn't cook as much as she used to, but when her family gets together, she does all the cooking.

Mrs. Cooley fixes more casseroles now, but when her children were at home, she didn't fix too many casseroles.

"My family weren't picky eaters. Anything I put on the table, they ate it."

Planning the meals for all three schools, Mrs. Cooley says that when she comes home, she really doesn't think about what to prepare.

"I really like to put something in the slow cooker and it's ready when I get home and then just fix a salad and vegetable to complete the meal."

Sometimes for supper, she will have soup or a sandwich instead of a big meal. And sneaking out soup, Mrs. Cooley's turned out pretty "sweet" one time.

"After I got married, my in-laws gave me some canned vegetables. I was making soup

and didn't really see what was on the label. I just saw the word tomatoes."

"I opened the can and poured it in the soup. After it was done, I tasted it and it was real sweet. I had put sweet tomato relish in the soup instead of real tomatoes."

Mrs. Cooley has four children—Leon, Mary Lou, Connie and Penny. She also has seven grandchildren.

Today Mrs. Cooley is sharing three of her recipes with RECORD readers.

SAUCY ROUND STEAK SUPPER

2-2 1/2 lb. round steak, sliced diagonally in 1/2 inch strips
1/2 cup chopped onion
1/2 cup chopped celery
8 oz. can of Mushroom stems and pieces, drain and reserve liquid
1/2 cup French dressing
1-2 1/2 oz. pkg. sour cream sauce mix
1/2 cup water
1 tablespoon Worcestershire Sauce

In slow cooker, place steak pieces, add onion, celery and mushrooms. In small bowl combine French dressing, sour cream mix and water. Worcestershire Sauce and reserved liquid from mushrooms. Pour over mixture in pot. Cover pot and set at No. 3 for five to six hours. Lower setting to keep warm for

serving. Serve over noodles. 6-8 servings.

For easy slicing of steak, freeze for one hour or until ice crystals form before slicing. My slow cooker is a West Bend. Other brands of slow cookers may be used if you experiment with heat setting to see the best one to use.

FRESH SPINACH SALAD

3 quarts fresh spinach, torn in bite size pieces
8 oz. shredded Mozzarella cheese
2 cups sliced fresh mushrooms
3 oz. package sliced almonds

Mix together and coat lightly with creamy garlic dressing just before serving. Different amounts of these ingredients may be used to suit your taste.

FRESH STRAWBERRY PIE
1 1/2 cups water
1 1/2 cups sugar
1/2 cup cornstarch
1-3 oz. box Strawberry Jell-O
1/2 teaspoon salt
1 1/2 cups sliced strawberries
1-10 inch pie shell, baked
Whipped cream

Combine water, sugar and cornstarch; cook and stir over medium heat until thick. Remove from heat and add Jell-O. Cool. Add sliced strawberries. Chill in refrigerator for 30 minutes, then pour into baked pie shell and refrigerate. Top with whipped cream before serving.

Let's talk.

Information about your changing telephone service
from Jim West, Manager-Community Relations

Expense cutting saves millions

If you're like me, you've probably been hearing a lot lately about expense and budget cutting on the national and state levels.

Southwestern Bell Telephone is also cutting expenses. These cuts saved the company millions in 1984.

Just like on the national and state levels, we know financial health begins by holding down expenses. We're doing that by ensuring every dollar we do spend provides maximum benefit.

The buck stops here

Here's how we're tightening our belt in Texas:

- **reducing our work force** — by not hiring behind retirements and other losses. On an annual basis this is saving us more than \$50 million.
- **mechanizing jobs and procedures** — where there are potential savings and efficiencies.
- **holding the line on overtime** — we've cut these expenses by 33 percent since 1983 for a savings in Texas of \$25 million.
- **renegotiating contracts** — with outside office equipment suppliers. Compared to previous contracts, we're spending \$5 million a year less on office supplies and machinery.
- **reducing customer telephone-line reports** — our statewide effort is paying off. Total trouble reports are down 88,000 a month compared to last year. Savings in report processing costs exceed \$45 million a year.

On top of all these measures and others, we'll take up the spending belt a few more notches in the coming months. Our major operating departments in Texas have already committed to doing their jobs in 1985 with a zero budget increase.

That means they'll have to absorb the traditional expenses — inflation and growth.

Additional mileage from the network

Beyond expense measures, we recognize there's also an important revenue side of running a well-managed, self-sufficient business.

We're continuing to look for new sources of revenue outside of the "rate arena." And we're also constantly seeking opportunities to get additional mileage from the telephone network investment already in place.

It takes months, and sometimes years, to bring a new service on line, successfully market it, and then realize a revenue stream. But we're working on developing these new services. In fact, we have a number of them in the works which should produce new revenue in Texas in the near future.

Providing you with quality service

So, as you can see, there's plenty going on in Texas to improve our business from within. These internal efforts have helped us provide you with more efficient and responsive telephone service than ever before.

Southwestern Bell Telephone — meeting your telecommunications needs today and tomorrow. We're at your service.

Do you know a Southwestern Bell Telephone employee who should be honored for performance above and beyond the call of duty?

If so, Southwestern Bell Telephone is accepting nominations for the Rider Service Award. If you'd like to nominate someone, please write us for a nomination form (deadline for all forms is February 15): Rider Award Nomination Forms; Southwestern Bell Telephone; 308 S. Akard, Room 1409; Dallas, Texas 75202.

V.I.L. Society names Culwell sweetheart

The V.I.L. (Very Important Literary) Society met recently and voted Joy Culwell as its club sweetheart because of her creativity and contribution to the fine arts club. She was presented with a corsage in appreciation of her efforts.

The program was centered around William Shakespeare, one of the great writers in literary history.

Marsha Rickard opened the program by speaking of a grand tribute to the enduring vitality and universal appeal of the playwright, who although he lived four years ago, is still regarded as the finest writer and dramatist in history and one of the greatest poets.

R. N. Gross commented that Shakespeare's work has influenced millions because his plays and poems were part of schooling. His characterizations of Julius Caesar and Cleopatra helped form impressions of those people even more than did the history book descriptions, he noted.

R. R. Linebaugh contributed

Two Bulldogs named All-District

Two Loraine Bulldogs were named to the All-District 7-A football team and two more made honorable mention.

Head coach Sandy McSpadden said that seniors Tony Morris and John McAdams made all-district honors while Ricky Bailey, junior, and Aundra Rose, senior, received honorable mention.

Morris was named to both the offensive and defensive squads—as offensive back and defensive cornerback. McAdams was named offensive guard.

CHS freshman teams drop Coahoma games

Colorado High School freshmen basketball teams dropped two games against Coahoma here last Thursday night with the girls losing 29-23 and the boys losing 40-26.

Lisa Lamb's two first period goals on two Christabel Molina assists gave the Wolves their only lead of the game. A free throw by Jennifer Monroe increased Colorado City's lead to 5-2 before the Bulldogs fought back to take a 6-5 lead after one period.

Two free throws by Lamb was all the Wolves could muster in the second period as Coahoma took a 13-7 halftime lead.

Goals by Billie Muncrief and Monroe along with free throws by Christy Mitchell and Cindy Ingram cut Coahoma's lead to 15-13 midway through the third period but then the Bulldogs ran off five straight to take a 20-13 lead.

The Wolves pulled within five points three times in the fourth period and actually outscored the Bulldogs in the final quarter but couldn't overcome missed free throws.

High point for the Wolves was Monroe with seven. Other totals were Lamb six, Muncrief four, Ingram three, Michelle Casey two and Mitchell one.

In the boys game, Cary Ritchey led all scorers with 10 points and behind him the Wolves led after one period and at halftime.

Ritchey's two goals and goals by Richard Reyna and Guy Compton gave the Wolves an 8-4 lead after one period.

Ritchey and Ismael Silva scored one goal each in the second period as the Wolves hung on to a 12-8 halftime lead.

Coahoma went inside on the Wolves to begin the second half and ran off 12 straight points to take a 20-12 lead.

A goal by David Garcia and a steal and score by Eduardo Melendez late in the third period cut Coahoma's lead to 22-16.

A goal and two free throws by Melendez and a goal by Garcia, brought the Wolves to within two points at 24-22 with 5:36 left in the game but Coahoma scored 10

med offensive guard. Bailey was chosen defensive tackle as honorable mention and Rose was picked for both the offensive and defensive squads.

Only one team is chosen for all-district, explained McSpadden, and to receive honorable mention is quite an honor in itself.

The Bulldogs, under McSpadden's first year at Loraine, posted a 5-5 record this past season, coming off a 1983 season which saw only one win.

straight to put the game away. Ritchey added Colorado City's last two goals—one on an assist from Derrick Ramsey.

Totals were Ritchey 10 points, Melendez six, Garica four and Revna, Compton and Silva two.

ARIES (3-21/4-19) Your basic niceness sometimes backfires. Don't be afraid to reject others' opinions for fear of hurting their feelings. Lead your life according to your own preferences.

TAURUS (4-20/5-20) Think twice before agreeing to accompany an older relative on a long trip. The demands made upon you may be more than the trip is worth. Nothing in life is free.

GEMINI (5-21/6-20) Be patient with a family member whom you feel is ignoring you. That person's problems require his full attention for the next few months. Don't add to them by sulking.

CANCER (6-21/7-22) Refrain from gossiping about an old friend who has slipped from the path of respectability. Offer your friendship without moralizing, and suggest others do the same.

LEO (7-23/8-22) Don't let a dead-end job sour your usually sunny nature and stifle your creativity. If changing jobs is not possible right now, seek other outlets until you find something to your taste.

VIRGO (8-23/9-22) It's been a long, hard year full of heart-ache and disappointment, but something wonderful looms just over the horizon. The good things you deserve are finally coming to you.

LIBRA (9-23/10-22) Tell that favorite teenager how nice she is, that she is going to be beautiful and successful. Adolescence is a time of profound self-doubt for many. Ease it a little.

SCORPIO (10-23/11-21) "No" is the simplest word in the English language and it's time you learned how to say it. Being a good neighbor is one thing, letting the neighbor abuse you is another.

SAGITTARIUS (11-22/12-21) Why do you bother going to the doctor if you ignore his advice? When he tells you to slow down, he usually has good reason for it. Listen to him before things get out of hand.

CAPRICORN (12-22/1-19) Some long term investments are about to pay off. Use the proceeds to make life a little easier for you and your mate. You have both earned your leisure.

AQUARIUS (1-20/2-18) It's always wise to seek expert advice before embarking on a new business venture. Balance your instincts with more sober soundings and choose the middle path for best results.

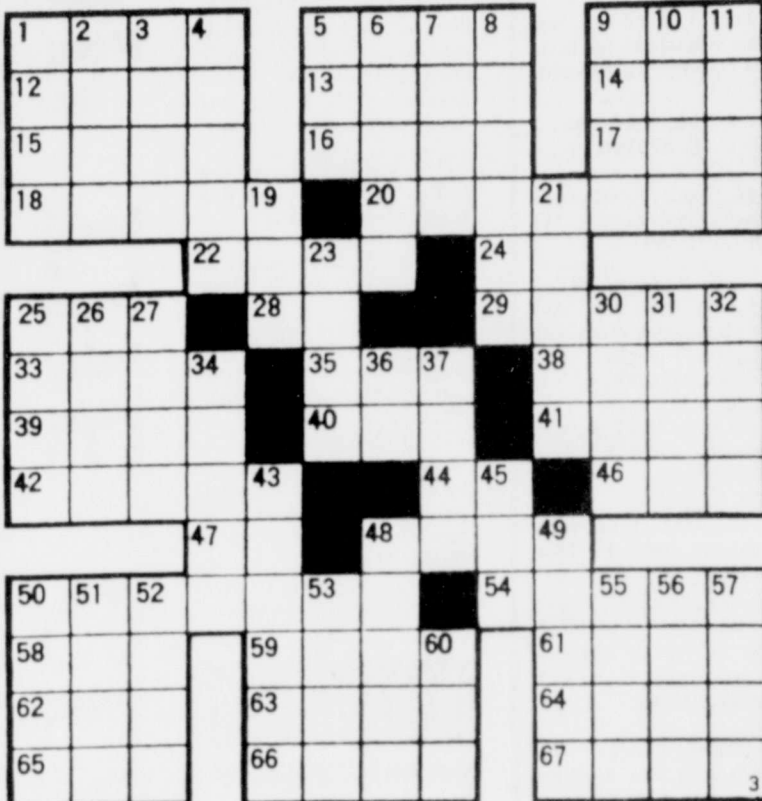

PISCES (2-19/3-20) Don't put off that visit to a family member who lives far away. Time has a way of slipping from us, and things undone can never be recalled. You won't be sorry and might benefit.

Word Cage

BY TRACY ST. JOHN

RULES — There are three parts to THE WORD CAGE: (1) clues and (2) quiz, which lead to (3) the final answer, the MYSTERY WORD. The clues and quiz are hidden in the grid — up, down, across, backward or diagonally. First circle the clue words (we've found the first word for you). You may find the same letter in more than one word, so circle each letter clearly. Next, circle the quiz words; the first letter and number of letters are given for each. When you have circled all the clue and quiz words, the remaining uncircled letters will spell out the answer to this week's WORD CAGE.
