SPUDDERS MAUL CATS 6-2 IN SERIES OPENER

Four Texas Linemen Electrocuted When 23,000-Volt Current Charges Wire

Home Town Talk

By B. D. D.

Talker can't work up any enthusiasm over the state Democratic convention at Galveston. He voted for Sterling in the first primary and again in the second primary but must confess that he is disappointed in the nominee's "big, fat boy" (the words are Mr. Sterling's) speech at the convention.

Senator Woodward's keynote speech was a disappointment too, that is as much of it as was carried in the press reports. Talker was one who believed in inviting the bolters back into the party but he didn't believe it was necessary to offer any insult to loyal Democrats to do so.

The best thing about the convention, in Talkers' opinion, was Jimmy Allred's tax message delivered by Charles I. Francis in which Mr. Allred, the nominee for attorney general, styled himself the "humble nominee of the greatest political party ever known." That was giving the party a status of dignity and respect and by implication was a dedication of the sender of the message to the service of the party and of the state.

That's a reminder to Talker that he ought to quit his bellyaching and find something good to say about the convention, the platform and the candidates and to put his neck right into the brass collar and wait for the command to pull. But he does wish nobody would drop in any burrs just to see him flinch.

The farmer who sowed wheat before the recent rains isn't going to have to ask for much help in providing feed for his livestock during the coming winter. Within a few weeks his wheat will provide luxuriant pasturage for his livestock and if he has a few cows and some chickens he'll get through somehow.

There is plenty of time to sow wheat for fall and winter pasturage but sooner it is sowed the better will be the prospect for good pasturage. The agricultural finance company for which subscriptions are now being taken will provide the capital through which deserving farmers may sow thousands of acres in wheat and other crops that will provide pasturage during the winter. As W. M. McGregor said the other day the sowing of good acreage in wheat followed by a good rain would change an atmosphere of depression into one of considerable optimism. We have already had a good shower which is an invitation to us to help ourselves through this trying period.

In addition to the increase in enrollment expected from lowering the scholastic age there is apparent a substantial increase in the enrollment in the schools of Wichita Falls that can be accounted for only by ascribing it to a growth in population. Wichita Falls is growing, slowly, it is true, but nevertheless growing. Before long we can expect pro-ration to bring about an improvement in the oil industry and the resumption of normal operations. When that day comes there will be more work and more money and a great improvement in business conditions in Wichita Falls.

Talker has a great deal of respect for the Wichita county commissioners court. He knows all the members of the court personally and he knows them to be men of integrity and business ability. If they were not men of this character we might have a pretty bad mess of things under our system of apportioning road and other funds among the commissioners precincts of the county. The system is one that can easily lead to larger expenditures of the tax money of the county than is necessary.

Under htis system the monies of the county are apportioned among the several precincts of the county. Of course each commissioner is vigilant that his precinct get its full share and this means that all of them gets a liberal share to start with. And having been apportioned funds for their precincts it would be political suicide for any commissioner not to expend all of them.

It is hard to believe that the taxpayers of Wichita county can obtain any substantial reduction in taxes as long as this system is used.

It's too big a matter for this Talker to attempt to solve. He suggests that it is worthy of the study of a county-wide committee which might be appointed through the cooperation of the chambers of commerce of Wichita Falls, Iowa Park, Burkburnett and Electra.

Six Marines to Be Buried at Arlington

PORT-AU-PRINCE, Haiti, Sept. 10. (AP)—The bodies of six American marines today were removed from Port Au Prince cemetery by order of the secretary of the navy and taken with military honors to a navy transport which will carry them back to the United States.

The bodies will be reinterred in Arlington national cemetery in [illegible]

CONTACT POURS DEADLY POWER IN 'COLD' LINE

Workmen at West Die After Vain Effort at Resuscitation

WIRE PULLED AWAY

Accidental Touch Sends Electricity Through Bodies

WEST, Texas, Sept. 10. (AP)—Four linemen of the Texas Power and Light company were killed here today when they came in contact with a wire carrying a 23,000-volt current.

The dead:
H. S. Wadley, Palmer.
H. F. Dodson, Waxahachie.
O. L. Beavers, Waxahachie.
Fred Mayberry, Ennis.

Rescue Fails

While working on lines in the vicinity of the West high school building, one of the men touched a wire carrying high voltage and the others went to his rescue. All became unconscious.

One of the men died instantly but the other three were unconscious from the time of the flash. Two hours of effort at resuscitation failed.

C. A. Gilley, foreman of the "floating crew" which was stringing the wire said Mayberry, Dodson and Wadley were on the ground under the wire which had been tied to the cross arms on one pole and were guiding the wire with their hands while Beavers was reeling it on a reel about a block

Cotton Growers Get Half Million

DALLAS, Sept. 10. (AP)—Texas Cotton Cooperative association officials announced today that more than a half million dollars additional has been mailed to Texas cotton growers in final settlement on 1928-29 deliveries. A representative amount of the $530,000 mailed will reach the drouth stricken area of the state, it was said, and probably will be of material assistance and benefit to growers.

The settlement completes the business of the two previous years as conducted by the former Texas farm bureau cotton association, officials said, and has no reference to the hundreds of thousands of dollars being advanced daily at this time on present season deliveries.

Body of Blast Victim Removed to Earlsboro

SHAWNEE, Okla., Sept. 10. (UP)—The body of J. L. Comer, 38, oil field worker, was taken to his home in Earlsboro for burial today following his death in a hospital here from injuries received in an explosion in the Amerada Petroleum corporation plant near Earlsboro.

Comer was fatally injured when he attempted to shut off a valve from which gas was escaping at the plant.

WEATHER

OKLAHOMA AND TEXAS—Partly cloudy Thursday and Friday. Light to fresh southerly winds on Texas coast.

Weather conditions in Wichita Falls and vicinity during the 24-hour period ending at 5 p. m. Wednesday were reported by the Texas Electric Service company bureau as follows:

Maximum temperature	95
Minimum temperature	70
Temperature at 5 p. m.	92
Precipitation, trace.	
Partly cloudy.	
East breeze.	
Average wind velocity	2
Maximum wind velocity	3
Barometer	28.95

Bids Opened for New Boulder Dam Railway

WASHINGTON, Sept. 10. (US)—Preparations for the start of actual construction work on Boulder dam are going rapidly forward, Commissioner Mead of the reclamation service announced today.

With the opening of bids for construction of a railroad from a point seven miles from Las Vegas, Nev., to a point six miles from the dam site, where the construction town is to be located, the great project can now be said to be under way.

Two Home Run Sluggers the Cats Couldn't Stop Wednesday

JACK BURNS

LIN STORTI

There was a tinge of uneasiness in the air towards the middle of the game down at Athletic park Wednesday afternoon. The Cats held a one-run lead. Then Lin Storti smashed out a homer, and it was followed a little later by Jack Burns' circuit swat with a mate aboard. The two blows put the game in the bag for the Spudders.

BABSON SEES BETTER TIMES

Order 'Stampede' Predicted By Expert

WELLESLEY HILLS, Mass., Sept. 10. (UP)—Prediction that the current business depression may be relieved this fall was made here today by Roger W. Babson, famed statistician, in an address at the 17th national business conference.

"With the haughty spirit prevailing a year ago," Babson said, "a decline was inevitable, but with the humble spirit existing today, a turn for the better is sure to come.

"Under the existing circumstances, it is very possible that there may soon be a stampede of orders and congestion of freight in certain lines and sections."

Babson said he would make no forecasts as to 1931, but added he was "certainly optimistic" regarding this fall.

"It is just as evident today that business is now bound to improve, as it was evident a year ago that the high pace or early 1929 could not be kept up, he explained.

Talk about over-production, Babson declared, was "largely hysterical." The real solution of the problem, he said, lay in speeding up the circulation of money. To accomplish this, Babson made the following suggestions to industry:

1.—Reduce overhead.
2.—Give better measure.
3.—Increase research work.
4.—Advertise more.

40 Stores to Unveil Windows At 7:30 Tonight in Annual Contest

Fire Siren to Announce Official Opening of Display; Prizes Posted for Best Exhibits

Approximately 40 local mercantile establishments were entered Wednesday night in the Fifth Annual Style Show and Window Display contest which is to be staged Thursday night, when show windows in the business district will reveal the latest creations which are to entice shoppers in this district during the coming months.

Sponsored by The Record News and Daily Times the fall window contest has come to be an established seasonal institution in Wichita Falls, and the 1930 event has been given the participation of an unusually large and representative group of merchants.

Oklahoma Judge

Seven-thirty o'clock Thursday night has been named as the zero hour. Artistic displays of goods of every kind will be unveiled and the lights flashed on simultaneously throughout the business district, affording the public the entire evening in which to enjoy the displays which are to compete for 14 engraved nine-inch silver loving cups. The moment of opening the contest and exhibition will be signalized by Fire Chief J. L. McClure, who will sound the "wild cat" whistle promptly at the announced hour.

Judging of the competing windows will begin promptly at 7:30, and is to be done by L. L. Wilkins, of the Kerr Dry Goods company, Oklahoma City. Mr. Wilkins is well

(Continued on page two)

SENATE TO SEE 11 NEW FACES

Elections Relegate Two Veterans in Hall

WASHINGTON, Sept. 10. (US)—Two more southern senators were relegated to the ranks of the "lame ducks" today, in the most far-reaching senate turnover in many years.

Already, there are sure to be 11 new faces in the senate when the 72nd congress convenes. Five senators—three Democrats and two Republicans—have been eliminated in the party primaries. Six others have retired voluntarily. More are expected to fall by the wayside in the November elections.

Blease Defeated

The growing list of senatorial mortality in the South yesterday took toll of Senator Cole L. Blease, of South Carolina, self-styled "drinking dry," whose "to hell with the constitution" statement won him national notoriety in the Taft administration.

The picturesque and turbulent "Coley" lost in the run-off primary to former Representative James F. Byrnes, whom Blease defeated six years ago. This may mean the end of 42 years in public life for the South Carolina firebrand.

Senator Joseph E. Ransdell, of Louisiana, with a record of more than 30 years in congress, was retired by that political phenomenon, 36-year-old Gov. Huey P. Long, the

(Continued on page two)

MASKED MOB HANGS NEGROES

Prisoners Lynched After Robbery

SCOOBA, Miss., Sept. 10. (AP)—County authorities were without clues tonight as to the personnel of a masked band of men who lynched two negroes after forcibly taking them from the Kemper county deputy sheriffs today.

The negroes, Pig Lockett and Holly White, were being taken from Dekalb to Scooba for preliminary hearing on robbery charges when they were seized and hanged in trees.

The two deputies, Guy Byrd and J. J. Dotson, were tied to a tree by the masked band, but later released.

Lockett and White had been accused of robbing Mr. and Mrs. Thomas McCoy as the couple motored from California to their home in Athens, Ga. The McCoys, returning from a honeymoon trip, said the negroes stopped them by waving flashlights after which they were robbed of jewelry and $42. McCoy said the negroes threatened his life and threatened to kidnap his wife.

The negroes were arrested about a week ago in connection with the robbery and had been taken to Dekalb for safe keeping.

Body of Slain Man Found in Houston Park

HOUSTON, Sept. 10. (AP)—An unidentified white man, about 35, was found dead today under a tree in the Luna park picnic grounds. Officers were investigating the theory he might have been choked with a piece of wire found near the body.

The man apparently had been dead for two or three days, possibly longer. The picnic grounds have not been used for a week or more.

Officers also were trying to locate a man who phoned police a report of the finding of the body. No one connected with the park knew of the discovery.

Hal Wiltse Hurls Great Game As His Mates Blast Panther Ace From Mound

"Mighty" McCabe Soundly Whacked by Carl Williams' Sluggers; Milt Steengrafe to Face Stoner or Whitworth in Game Today

By FRED D. THOMPSON
The Record News Staff

Carl Williams' hard-hitting squad of Spudders took the first step towards another Texas league championship Wednesday when the Fort Worth Cats, second half champions, bowed to defeat at the hands of the first half champs in the opening game of the titular series.

Club officials placed the attendance officially at close to 7,000.

Wiltse Pitches Masterpiece

It was Hal Wiltse on the mound for the Spudders. Pitching with his head and his heart and his strong south paw, smiling Hal turned in his hurling masterpiece of the year, limiting the over-eager Snydermen to nine scattered blows, striking out six, and fielding his position without a flaw.

Backing Hal in the championship drive was the mighty array of Spudder sluggers, the sluggers of old, the clouting crew of the first half of the season, hitting well all the time, but hitting better than ever in the pinches. A great rally in the sixth inning, featured by home runs by Lin Storti, second baseman, and Jack Burns, first baseman, and accounting for four runs, put the game safely in the bag for the prospective opponents of the Memphis Chicks in the battle for the Dixie championship.

The mighty Dick McCabe was the pitcher to suffer—the mighty McCabe who was counted on as a sure winner against the Williamsmen, the mighty McCabe who boasted of three victories over the Spudders without once meeting defeat at their hands, the mighty McCabe whom Manager Frank Snyder sent in with glittering claws and who retired with the meow of a Cat.

Attack Routes McCabe

It was the great sixth that disposed of McCabe. Previous to this he had pitched great baseball, holding the Williams clan to five scattered hits and a solitary run. And his mates had given him a one-run lead. But the first half champs pounced on him with a will, and it was left to "Red" Roberts to get the second and third man out in that frame.

The second game of the series will start today at the regular hour, 3:30 o'clock. From all indications, it will be Milton Steengrafe, big Maul 'Em Milt, on the mound for the Spudders, while Manager Snyder had Whitworth or Stoner to choose from. As usual, there was no definite announcement from either manager on this point. Today's game will wind up the Wichita Falls end of the series, with the remaining games scheduled to be played in Fort Worth beginning Saturday.

Spuds Score in First

Tense thousands were thrown into ecstasies of joy when the first three Spudders up in the first inning pushed over the first score of the game. Levey singled to left. Storti plastered a single to right and Levey scampered around to third. Fitzgerald then sacrificed to right, and Levey tore for home and made it by a mile-wide margin.

For the first three innings, the Cats got but one hit off Wiltse, but in the fourth they tied the score on singles by Brown and Fowler and a forceout by Cox. But when singles by Cox and Tavener scored Fowler in the first half of the sixth, there were prayers a-plenty among the Spudder rooters.

They didn't have to pray long. Mr. Lindo Storti, future star second sacker of the St. Louis Browns, came to bat. A ball and a strike were called on him, and then he arched one of the mighty McCabe's offerings over the right center field fence. Pandemonium broke loose when Storti crossed the plate with the run that tied the score. It was followed by Fitzgerald's bunt down the third base line. Fowler expected it to roll foul, but the pill knew better. It stayed inside the line and went for a base hit. Again there were cheers. Kloza attempted to sacrifice, but bunted into McCabe's hands and Fitzgerald was forced out at second, pitcher to second. Then Jack Burns poled out a circuit swat over the center field wall to score Kloza and himself and put the home town boys in the lead. Not to be outdone, Larry Bettencourt arched one to right near the foul line. Cox made a run for it but couldn't get under it, and the ball bounced for a triple. Jack Crouch came through with a single to left, scoring Bettencourt for the fourth and last run of that inning.

This fusillade disposed of the mighty McCabe. Roberts came to

(Continued on page eight)

Tickets for play-off games in Fort Worth arrived here Wednesday, and will be on sale today beginning at 9 a. m., in the baseball office in the Harvey-Snider building, Secretary Guy Airey announced.

BUENOS AIRES BACKS URIBURU WITH BIG LOAN

Military Government Rides Crest of New Popularity

ARGENTINA QUIET

Problem of Ex-President's Fate Remains Unsolved

BUENOS AIRES, Sept. 10. (UP)—The revolutionary government, riding the crest of almost fanatic popular acclaim, floated a short loan with ease today as the initial move toward meeting the critical financial and political problems facing the disturbed nation.

Every one of the 27 banks in Buenos Aires participated in oversubscribing a loan of 50,000,000 paper pesos ($18,500,000) asked by the new cabinet. The banks subscribed 85,000,000 pesos ($24,450,000) altogether.

More Offered

The subscription was made through the Banco Provincia, and it was announced more money would be offered, if requseted by the government. The loan was for 180 days, bearing 5 per cent interest.

The second pressing problem, political in nature, concerned the disposition of Hipolito Irigoyen, deposed president. General Uriburu and his associates intimated they had no desire to hold the elderly erstwhile chief executive, and that they would like to dispose of him in a manner which would prevent his posing as a martyr.

City Tranquil

Irigoyen had been permitted to remain, ill, a guest at the seventh infantry headquarters in La Plata, a suburb, whence he fled before the advancing revolutionary forces under General Uriburu, last Saturday night.

Buenos Aires was quiet last night and tranquil all day today. The government went about the business of seeing order was maintained.

Two Executions Set In Huntsville Friday

AUSTIN, Sept. 10. (UP)—Two men, a Mexican and a negro are scheduled to pay with their lives in the electric chair at the Huntsville state prison early Friday morning for murder, unless clemency is exercised by Gov. Dan Moody. The men are Luz G. Arcos, convicted of slaying a Medina county grocer, and Jesse Lee Washington, found guilty of the murder of Mrs. Henry Vaughan, at Shamrock.

Sayre Man Killed In Auto Accident

Special to The Record News.

SAYRE, Okla., Sept. 10.—Bland Sipple, 26, son of W. L. Sipple, a carpenter of Sayre, was almost instantly killed Wednesday when his car sideswiped a truck and overturned on highway No. 66 east of here. The young man was alone in the car at the time of the accident. The body was brought into Sayre and later in the day forwarded to Strong City for funeral services and interment.

Three State Republican Candidates Withdraw

DALLAS, Sept. 10 (AP)—Withdrawal of three candidates for state offices on the Republican ticket became known here today. They were Mike H. Thomas of Dallas, candidate for Lieutenant governor, George S. Atkinson of Dallas, candidate for attorney general, and L. J. Benckenstein of Beaumont, candidate for railroad commissioner. The action placed the duty of naming other candidates on the Republican state executive committee. Thomas withdrew for business reasons, and the others because they were members of the executive committee.

Shot Victim Buried At Chillicothe Wednesday

CHILLICOTHE, Texas, Sept. 10. (UP)—Funeral services were held today for Homer Wilson, 38, grocer, who was found shot to death at his farm, near here, last night, a shotgun lay beside his body. Financial difficulties were blamed for the tragedy.

'Princess' Anastasia Clings to Czar's Hidden $40,000,000

Russian Girl Wins Permission to Remain in United States

WASHINGTON, Sept. 10. (US)—Mme. Anastasia Tschaikowsky intends to stay in the United States until she proves beyond shadow of doubt her identity as the daughter of the late czar of Russia and thereby obtains the bulk of the vast czarist fortune, estimated at upwards of $40,000,000.

This was learned today following her application to the department of labor for an extension of her permit to remain in this country. Her request has been granted. She has been given until Aug. 8, 1931.

$40,000,000 Hidden

Her application, it was revealed, stated she had a suit pending in the supreme court of New York county and also that she was seeking to recover "private property."

[illegible] is believed to have secreted upwards of $40,000,000 in cash and property with banks in London and New York. Already more than a score of distant relatives have laid claim to the fortune.

As Mme. Tschaikowsky, as the grand duchess, would be the nearest of kin living, and thus chief heir, she has become the subject of an international controversy.

Attorneys are understood to have gone to London, Paris, and Berlin in quest of evidence to support her claims that she is in fact the Grand Duchess Anastasia of Russia.

Escaped Death

Mme. Tschaikowsky herself signed her application for an extension of her permit to remain in the United States. She revealed that her [illegible] gone Alexandra, now in Bucharest, Rumania.

Twenty-nine years old, Mme. Tschaikowsky has been in ill health many years. Her story is that when the czar and his family were assassinated, she was struck with the butt of a gun.

Unconscious, she fell to the floor and a Russian soldier, named Tschaikowsky, covered her with a blanket. After the czar's murderers left, he secretly took her out of the country into Europe, and they were married.

Still suffering from the blow on her head and other ailments, Anastazia lost all hope of ever convincing people of her real identity and jumped into a river. Rescued, she was taken to a sanitarium. Her husband died and then she came to America.

Texas Murder Suspect Freed on $4,000 Bond

CORSICANA, Texas, Sept. 10. (AP)—P. D. Troublefield, farmer of the Larue community in Henderson county, was allowed his liberty under $4,000 at a habeas corpus hearing before Judge Hawkins Scarborough here today.

Troublefield had been held in Henderson county jail on a formal complaint of murder in connection with the fatal shooting of Murphy Emerson, 21, Aug. 25, at Larue.

SENATE TO SEE 11 NEW FACES

Elections Relegate Tow Veterans in Hall

(Continued from page one)

self-styled "kaiser" of Louisiana. Ransdell, the last beard-wearer in the senate, was noted for his work in behalf of rivers and harbors improvements and the American merchant marine.

George Shaw Wins

In Colorado, George H. Shaw, who made opposition to the league court a dominant issue, won handily over William V. Hodges, in the Republican primary. He will fight it out in November with Edward P. Costigan, former Republican friend of Woodrow Wilson and former chairman of the federal trade commission, who will be the Democratic standard bearer.

Senator James Couzens scored a two to one victory over former Gov. Chase S. Osborn in Michigan, despite the latter's issue of "party regularity" raised against the wealthy and independent Couzens, whom Osborn called the "richest man in the senate and the poorest senator." He is expected to roll up an even more impressive majority over Thomas A. E. Weadlock, his Democratic opponent, in November.

In New Hampshire, Senator Henry W. Keyes was unopposed for the Republican nomination, while Albert W. Noone, known over the state as "High," won the Democratic nomination for both senator and governor. He is expected to make the race against Keyes, as the Democrats insist they have a good chance to win in New Hampshire this year because of depression in the textile industry.

A Republican convention in Delaware renamed Senator Daniel O. Hastings, who faces a hard fight in November with former Senator Thomas F. Bayard, as his opponent.

Today, the Democrats of Georgia are voting for their party nominee for the senate. It brings to a close a bitter contest between Senator William J. Harris and former Gov. John M. Slaton, who made opposition to the league court a leading issue.

Simmons Eliminated

Aside from Blease and Ransdell, Senator Simmons of North Carolina, dean of the Democratic side, has been defeated, while Senator Grundy of Pennsylvania and Deneen of Illinois, Republicans, have been eliminated in the primaries.

The six senators who have voluntarily retired are all Republicans. They are Baird of New Jersey, who has been warming a chair for Dwight Morrow, Gillett of Massachusetts, former speaker of the house, with 40 years service behind him; Goff, West Virginia; Gould, Maine; Phipps of Colorado and Sullivan of Wyoming.

HARRIS LEADS IN GEORGIA

ATLANTA, Ga., Sept. 10. (AP)—The lead of United States Senator William J. Harris for renomination continued to grow with increasing returns from today's Democratic primary.

Returns from 83 of the 161 counties showed Senator Harris leading in 81, while his opponent, former Gov. John M. Slaton, of Atlanta, was ahead in only two. The counties in which the senator was leading, had a total unit vote of 222 and the two in which Slaton was ahead had total unit votes of four.

There are 414 county unit votes in Georgia, 208 being necessary for a choice.

George H. Carswell was leading in the race for governor in 29 counties with a total unit vote of 80. John N. Holder was second, with 22 counties, total unit vote of 58.

George B. Isler Claimed by Death

George B. Isler, pioneer resident of this section, died about 9 o'clock Wednesday night at the family home, 1409 Travis street, following an extended illness. The body was taken in charge by the Merkle-Undertaking company.

Mr. Isler is survived by his widow, Mrs. Eula Isler, and two sons, neither of whom live in Wichita Falls. Mr. Isler had lived in this vicinity for many years and had many friends throughout the Wichita Falls section. Funeral arrangements will be made Thursday following notification of Mr. Isler's sons.

Rabbit Barn Burns With Loss of $1,200

A fire which destroyed a barn at the J. C. Seale home on the Iowa Park road late Tuesday night claimed the lives of about 50 valuable rabbits and caused loss estimated by the owner at $1,200, according to the report of fire department officials Wednesday. The cause of the blaze, which had enveloped the barn in flames before it was discovered, was not determined although Mr. Seale attributed it to defective wiring.

DEATHS

JOHN THOMAS CHATMAN

Funeral arrangements for John Thomas Chatman, 69, of Waco, who died in a local hospital Wednesday, following a long illness, await the arrival of a stepson, C. L. Carpenter, of Waco. The body was taken in charge by the Hines mortuary.

Run a classified ad in The Times and Record News and rent that spare bedroom.—Adv.

Window Display To Open at 7:30

(Continued from page one)

known to Wichita Falls merchants and advertising men as an experienced display manager, and as the winner of multiple prizes in national display contests. Results of the contest will be determined Thursday night, and will be announced in Friday morning's Record News, it was said.

Business houses are divided into 14 classifications for purposes of the display contest. A silver cup will be awarded to the winner of first place in each division. The groups were formed under the following classifications: children's wear, women's ready-to-wear, millinery, women's shoes, men's clothing, men's furnishings, boys' wear, furniture, hardware and electrical goods, jewelry, drugs, groceries and provisions, piece goods, insurance, banks, building and loan associations and real estate; radio and musical instruments.

A wide representation of the city's business firms have entered the contest, and have been at work for days preparing the latest output of the nation's factories for display in Thursday night's style classic. Firms already listed among this year's competitors are widely scattered throughout the business section, and as in former years, vast crowds are expected to throng the streets during the evening.

Advertisers who have visited this city in recent years, and experts who have served as judges here in the annual display contests, have declared frequently that Wichita Falls stores reveal an unusually fine type of display windows. Many of them are of modern construction, utilizing not only the great depth which no merchant would have "wasted" a few years ago, but using also the most effective and artistic color schemes, wall designs, and lighting facilities. Industry's latest creations for satisfying the needs and whims of persons of all classes and ages will be featured in Thursday's exhibition of merchandise.

Entries in Contest

At a late hour Wednesday afternoon, the following firms were announced as entries in the annual display contest: Mrs. Ike Marcus, Wichita Music company, The Montgomery company, Perkins-Timberlake company, Elwyn, Inc., The Orchid Shop, North Texas Furniture company, Tschabold Jewelry company, Zale Jewelry company, Martha Sherman, Renfro Drug No. 1, Nathan Lynch Stores, Sanderford's Booterie, Kruger Jewelry company, Ludlam & Riggs, The Parisian, Cinderella Boot Shop, Texas Electric Service company, Nunn Electric company, Micks Furniture company, Star Furniture company, Ferguson's Ready-to-Wear Basement, Montgomery Ward company, Wages, P. B. M. company, The Hub Clothiers, Loeb-Liepold Clothing company, Georgianna Shoppe, Kimberlins, Art Jewelry company, Wichita Hardware, Bailey-Moline Hardware, Noble-Little Hardware company, Slipperland, Saul's stores, and Pearl Cummings.

Sherman Mob Trials Scheduled for Sept. 29

DALLAS, Sept. 10. (UP)—Fourteen men, charged with mob activity at Sherman, when the courthouse was burned and a negro killed there on May 9, are scheduled to go to trial here Sept. 29, it was announced today. Four of the defendants are still in jail and the others are at liberty under $5,000 bond each.

FOUR TEXANS ELECTROCUTED

Current Kills Workmen At West

(Continued from page one)

away. Lester McCluney was on a pole above Beavers.

Wire Removed

Gilley, who was standing about 200 yards away, said he looked up to see McCluney coming down the pole rapidly and saw three men lying on the ground. Gilley, tied a rope around the wire and pulled it away from the bodies.

Officials of the company came here from Dallas, Hillsboro and Waxahachie and took charge of efforts to revive the men. Physicians and others worked for several hours, but the attempt at resuscitation was futile.

Plans were to send the body of Mayberry to Ennis, that of Wadley to Palmer, where his people reside, and that of Dodson to Waxahachie Disposition of Beavers' body was withheld pending communication with his family, said to live in South Texas.

Were Uninsulated

Gilley said he believed the uninsulated copper wire which the men were stringing swung once against the bare high voltage wire, sent one flash down to bring death to four linemen and was "cold" from then on.

The cross arms on which the wire was being strung carried four parallel lines. The two inside wires were uninsulated primary wires, carrying 23,000 volts. The two outer wires were insulated, carrying current for street lighting here. The new uninsulated wire strung to take the place of the old street lighting wire was run outside the old wire. It had been fastened to the cross arm of one pole, but was still slack and the men were preparing to tighten it. Gilley was unable to explain in what manner the wires were brought together.

Beavers was said to have been wearing rubber gloves with rawhide gloves over them. Gilley said he did not believe the other men had on gloves.

Bullet Wound Fatal To Philadelphia Sportsman

PHILADELPHIA, Sept. 10. (INS)—Fatally wounded by a pistol bullet through the heart, Grant Powers, 36-year-old sportsman, son of the late Thomas J. Powers, one-time state banking commissioner, county coroner and collector of the port of Philadelphia, died en route to the Misericordia hospital today.

Two men and two women were arrested as police attempted to solve the mystery surrounding his death. A third man is being sought.

Police say Powers attended an all-night "wild party" which alternated between the Kay and Canon apartments.

SAILOR DROWNS

HOUSTON, Sept. 10. (AP)—Victor Guiliot, sailor on the S. S. Trojan was drowned in the Houston ship channel this afternoon when he lost his balance while working near the side of the boat and fell into the channel.

Treasury Agent To View Sites For Postoffice

O. P. Maricle, postmaster, had received no word Wednesday night concerning the date of the arrival here of Irving G. Porter of Dallas, field agent for the United States treasury department, whose official order to inspect sites offered for the new federal building here was reported Wednesday in special dispatches to The Record News.

Mr. Porter was also instructed by treasury department heads to inspect proposed federal building sites in seven other southwestern cities, the dispatch stated. Arrangement of his itinerary will be left to his own convenience, although his inspection tour is expected to begin within the next several days. Postmaster Maricle said he expected word as to the date of his arrival in the near future.

Bids were sent recently to the treasury department at Washington offering 11 sites for the new structure here. A large group of interested citizens of Wichita Falls have drawn up a petition urging the selection of one of two sites offered near the courthouse, stating either of these locations would be more convenient to the business section of the city than any of the others.

A "talkie" theater has been installed in the home of A. W. Peterson of St. Louis.

Franklin Roosevelt Urges Prohi Repeal

ALBANY, N. Y., Sept. 10. (UP)—Gov. Franklin D. Roosevelt in a letter to United States Senator Robert F. Wagner of New York today urged repeal of the 18th amendment and restoration to the state of control of the sale of liquor.

22-Inch Rain Puts Bombay in Bathing Suits

BOMBAY, India, Sept. 10. (AP)—A torrential rainfall since midnight, reaching a depth of 22 inches, today obliged Bombay business men to don bathing suits and wade through streets waist deep in water to reach their offices.

The principal streets looked like rivers. Many automobiles were stranded. The elections to the Bombay legislature council had to be postponed.

The rain slackened in the afternoon and the water began to recede, but the suburbs were still flooded.

Is Coffee Tasting 'Flat' to You These Days?

Just For A Change Try These Rare Coffees From Central America

Twice The Richness
Twice The Flavor
Never "Thin" Or "Flat"

Antigua, Guatemala—Back in the days when New York was still a Dutch settlement Antigua was a flourishing city of almost 100,000 population. In 1776 the Spanish capital was removed to Guatemala City, and today Antigua is largely inhabited by Indians. But many of the imposing public buildings still stand, monuments to the grandeur that was Spain in the days of Philip II. Here you see a coffee pack train bringing in the rare Antigua coffee from the surrounding mountain plantations, through a suburb of the city. This coffee, used by Folger, is one of the world's most famous varieties.

In The Folger Plant—Here you see a sack of the world-famed Antigua coffee being opened in one of Folger's modern roasting plants. The latest scientific equipment is used to bring out all of the rich rare flavor that Nature put into the growing berries in the mountains of Central America. Result—Coffee like you never tasted before!

The "Volcano of Water"—Near Antigua, Guatemala, are two famous volcanoes, "The Volcano of Fire" and "The Volcano of Water." Experts credit the rich volcanic soil as well as the high altitude (5500 feet) with the remarkably rich, mellow flavor of coffee grown here.

WHEN your coffee is not tasting right—no matter how many different brands you try—or ways of making it—here's a suggestion.

Try an entirely different *kind* of coffee. Try the rare flavor of coffees from the West Coast of Central America.

In the tiny spots on the map below are grown coffees that leading experts the world over, concede have the tangiest flavor, the fullest mellow-rich body of probably any coffee known today.

Grown in rich volcanic soil, nurtured by brilliant mountain sunlight and steaming tropic rain, Nature herself gives them a richer, finer taste that is captivating the world. In these coffees there are none of the "rough" offensive oils. Just the pure, clear, invigorating flavor.

First Introduced By Folger

Years ago these coffees were first served in the old Bohemian restaurants of metropolitan San Francisco where they were brought by Folger. Travelers tasting them there were captivated. They wrote back for shipments. Connoisseurs among the European nobility, it is said, even purchased private plantations in Central America to secure these rare coffees—first for their own tables, and later to exploit commercially in Europe.

Through your grocer, Folger now brings you these coffees packed in flavor-sealed vacuum tins, always as fresh as they left the roasting ovens.

If you have never tasted Folger's, your first cup will probably be a revelation. To satisfy your curiosity, if for no other reason, we suggest you try the famous Folger Flavor test.

Accept A Pound To Try

Just go to your grocer and buy a pound of Folger's. Drink it tomorrow morning. Next morning serve the coffee you have been using. The third morning serve Folger's again. Then choose between them.

If, for any reason, you decide against Folger's, your grocer will refund your money. We'll pay him. And you will have a pound of coffee without cost. But if you do as 8 out of 10 do, you'll never be satisfied to return to less flavorful coffees. And you'll become a regular customer of ours. That's why we can afford to make this offer. Try it. You'll be glad you did.

EXPLORER BACK FROM ARCTIC

MacMillan Completes 13th Expedition

WISCASSET, Maine, Sept. 10. (AP)—Lieutenant Commander Donald B. MacMillan, arctic explorer, returned here today in the auxiliary schooner Bowdoin after his 13th trip into the far north.

The explorer's party, which included seven Chicago boys besides the veteran crew of the Bowdoin, cruised for 6,000 miles in this year's expedition and accomplished the three major objectives of the trip. Commander MacMillan today outlined these as a visit to Iceland to attend the 1,000th anniversary of the Iceland parliament, installation of an electric light system in the Eskimo school at Nain, Labrador, and the collection of cod specimens from Greenland for scientific purposes.

Air Tour Planned

MacMillan revealed that on his 14th trip into the north next year he would use an airplane, already constructed and tested, to gather scientific data in conjunction with the Bowdoin.

"I propose to get data at Baffin Land which will definitely determine whether the ice cap which tops the world is receding or advancing," he said.

He said the plane would be flown non-stop from Wiscasset to Nain by himself and Charles Rocheville, former navy flier, of Downey, Calif.

Study Ice Age

In explaining plans today for next year's cruise, the explorer said that members of the 1929 expedition established markers on the Baffin Land ice cap and took photographs of the region.

"Next year we shall photograph the same location," he said, "and check the progress of the markers. The plane will be used to explore the region and with the data collected we expect to arrive at some conclusion as to whether the world may expect another ice age in the distant future or if the cap is receding."

Babies 18 inches long at birth will grow up to an average size, it is said. A baby 22 inches long will grow into a person taller than the average when at 18.

Floyd Dairy and Poultry Market Holds Its Own in Dull Months

FLOYDADA, Texas, Sept. 10.—That the cream, poultry, eggs and butter market in Floydada the past 60 days has held up steadily in spite of the fact that most other business has been on a standstill, is indicated by figures that have been made by a recent survey among the produce dealers of Floydada. At the same time it shows that the farmers of the Floydada trade territory have received a sizeable sum for these products. When it is taken into consideration that the amount of money that has been paid out for these products has been distributed over a rather large territory and among many families the figures do not look so big perhaps to the individual when the figures are assembled and compiled into a total it can be seen that the farmers in the Floydada trade territory have had considerable money to spend.

The figures here do not include any except those that were taken from the produce buyers in Floydada. They are for the months of July and August, generally conceded to be the dullest months of the year and at a time when prices are generally the lowest on these products.

The figures show that during July and August there were 30,306 dozen eggs marketed or 1,010 cases, taken at an average price of 15 cents per dozen makes $4,545.90 paid for eggs. Country butter marketed during these two months amounted to 1,818 pounds, figured at an average price of 40 cents per pound makes $727.20 paid for butter. Cream sales amounted to $14,247.75 for the two-month period, this cream was figured at an average price of 30 cents per pound of butter fat. Poultry sales amounted to $7,488.60, making a grand total of $27,009.45 that the produce dealers of Floydada paid to the farmers of the Floydada trade territory in the 60-day period.

Hardeman Mobilizes To Destroy Coyotes

Special to The Record News.

QUANAH, Texas, Sept. 10.—E. B. Ligon and James E. Poore, assistant leaders in predatory animal control work, with headquarters in San Antonio, are in Quanah this week arranging with County Agent L. T. Hunter for eradication of coyotes in Hardeman county.

Farmers and ranchmen are suffering losses on account of coyotes, and a definite plan for wholesale killing of these predatory animals is being worked out through the county agent's office.

DROUTH HITS SOONER CATTLE

Report Shows Condition At 76 Per Cent

OKLAHOMA CITY, Sept. 10. (UP)—Condition of Oklahoma cattle on Sept. 1, was only 76 per cent of normal as compared with 81 per cent a month ago, 81 per cent a year ago, and 84 per cent for a five-year average, a report filed today by Stewart L. Bryan, state statistician, showed.

This is the lowest condition for cattle on Sept 1 during the last eight years, the report showed.

This poor condition is attributed to high temperatures and lack of adequate pasturage and feed stuffs.

Pasture conditions in Osage county have been improved by late rains and prospects are fine for late fall grazing.

COUNTIES WILL HANDLE PROBLEM

OKLAHOMA CITY, Sept. 10. (UP)—A number of agricultural credit corporations, composed of one county or a number of counties, is expected to result from the meeting today of the executive committee of the state drouth relief committee.

C. C. Davidson, attorney for the Federal Intermediate Credit Bank of Wichita, Kan., told the committee that a statewide credit corporation is impractical, but that it should be in units comprising one or more counties.

Davidson explained the workings of the Federal Intermediate Credit bank to the committee.

He said the credit corporations should make the loans direct to the farmers and then discount the paper to the federal bank.

The federal bank will handle loans for a year or more at 4 per cent interest. The credit corporation will be allowed to charge 6½ per cent interest to provide funds for operation of the credit corporation.

Paralysis Quarantine Lifted in Kansas

WINFIELD, Kan., Sept. 10. (AP)—Health authorities here announced today a quarantine for infantile paralysis will be lifted Thursday.

Skinny, I Gained 25 Lbs. and Lovely, Clear Skin Quick

"I was underweight for years. Finally took Ironized Yeast. Quickly gained 25 lbs. Skin is lovely, figure is perfect."—Mrs. W. Hornbeck.

"Skinny," weak men and women are amazed at gain of 5 to 15 lbs. in 3 weeks. Ugly hollows vanish. Bony limbs round out. Sallow, blemished skin gets clear and rosy like magic. Nervousness, indigestion, constipation disappear overnight. Sound sleep, new pep quick. Two great tonics in one—special weight-building Brewer's Yeast and strengthening Iron. Pleasant little tablets. Far stronger than unmedicated Yeast. Results in ½ time. No yeasty taste, no gas.

Don't go around "skinny," ugly, unattractive. Get Ironized Yeast from druggist today. Feel great tomorrow. Money back from manufacturer if not delighted.—Adv.

Our Windows Will Be Unveiled This Evening at 7:30 o'Clock

Two hundred and fifty feet of continuous display windows on Indiana Avenue and Ninth Street will be in gala attire and ready for your inspection, revealing an extensive collection of new modes, portraying new interpretations of smart Fall and Winter apparel for men, women and children, as well as smart fabrics, shoes and accessories.

Of course, our windows can show only a part of our tremendous stocks now in readiness for Autumn and Winter Nineteen Thirty.

WINDOW No. 1

THE SEASON'S PRETTIEST SILKS—Showing unusual draping effect, and presenting the most popular colors of the new season—cleverly combining Wool Lace which is very new.

This display is only an index to what you will find in our Dress Goods Section. Every Autumn fabric is here awaiting deft fingers to fashion them into fashionable garments.

WINDOW No. 2

CHILDREN'S WEAR . . . Unusual little wearables from the baby shop . . . Showing what "wee" Americans will wear this Autumn and Winter.

A trip to the Baby Shop on the second floor, will convince you that the kiddies have not been overlooked, as this little department is replete with every new thing for the Autumn season.

WINDOW No. 3

AUTUMN'S SMARTEST MILLINERY MODES—Paris inspired creations that mark this store as headquarters for millinery that is different yet reasonably priced. The limited number of hats shown in this window can hardly give you an idea of the remarkable display of Autumn millinery now in our second floor salons.

WINDOW No. 4

EXQUISITE EVENING APPAREL . . . Adorable dresses for formal wear.

The draped and fitted lines in the new silhouette, have enabled the dress designers to create many wonderful novelties in costumes . . . combining rich trimmings with rare fabrics for dinner dresses, evening gowns . . . and costumes for dance, theatre or party wear . . . This window shows too, the proper accessories and footwear for your formal costume.

WINDOW No. 5

SMART AUTUMN APPAREL FOR AFTERNOON AND STREET. Distinctive garments by America's foremost designers. . . . This display only suggests what you will find in our second floor garment section. . . . The most extensive collection of fine Coats, Dresses and other garments that we have been privileged to show in many seasons, all moderately priced.

. . . Shoes and accessories to complete the ensemble.

WINDOW No. 6

MEN'S FURNISHINGS AND HATS . . . Shown in this window are just what every well dressed man will wear this fall. Stetson and Glen-Royal Hats in the smartest styles for Autumn . . . Eagle and Manhattan Shirts in the best weaves and colors . . . Neckwear in exceptional colorings, expertly tailored from American and European silks.

. . . Other furnishings such as Hosiery, Belts, Suspenders, Handkerchiefs and gloves are shown in this window as well as in our main floor furnishing goods section.

WINDOW No. 7

HART SCHAFFNER & MARX SUITS FOR MEN AND YOUNG MEN . . . Clever styles and fabrics . . . featuring Autumn's leading colors, "Briar Brown, Malay Tan, Dusk Blue and Pewter Gray . . . all with two pairs trousers.

Autumn Suits have many distinctive features, as shown by this display . . . lines shew a decided trend toward broad shoulders, narrow hips and waist . . . with trousers tapering to shoes.

A full and complete assortment of Autumn and Winter clothing from Hart Schaffner & Marx and Griffon ready for your selection . . . now.

WINDOW No. 8

WOMEN'S FINE FOOTWEAR OF REPTILIAN LEATHERS . . . Exquisite markings that distinguish this type of footwear as extremely fashionable for fall.

Showing genuine Boa in beige with dark brown markings, also in black and brown with glaze finish.

Footwear of genuine Ring Lizard of black and white and brown and white as well as many other reptile leathers.

. . . The skins are from India and South America . . . tanned in Switzerland, and made onto dainty footwear by the foremost manufacturers of America.

WINDOW No. 9

LOVELY FABRICS FROM THE "BASEMENT STORE" . . . Crepe Romance . . . A very popular material for Autumn frocks. Travel print designs on grounds of tan, brown and green . . . These particular patterns are very pretty, and the quality is characteristic of the "Basement's" dress goods section where a complete assortment of popular priced Fall fabrics awaits you.

WINDOW No. 10

FOOTWEAR FROM THE "BASEMENT STORE" . . . Shoes that pleasingly combine style, quality, and popular prices . . . Almost every type of footwear can be found in our Basement shoe section . . . and for every member of the family, too. The small showing in this display only gives you a mere idea of what you will find in this department.

Hear the Radio MARCONI praises

Ask your Radiola dealer today to demonstrate sensational new instrument acclaimed by the inventor of radio himself

Praised by the great Marconi . . . acclaimed by the inventor who sent the first "wireless" message . . . hailed by the scientist who has stood at the peak in radio for 36 years!

And so Marconi heads the list of enthusiastic experts . . . radio engineers . . . broadcasting officials . . . broadcasting artists . . . and musicians who have marveled at the thrilling tone and power of the new Radiola Super-Heterodyne.

The world's most brilliant group of radio engineers created it—the same experts who build so many of the great broadcasting stations! Seven years of research and millions of dollars went into its development. Based on the same dependable Super-Heterodyne principle relied on to intercept the all-important SOS, the new Radiola is 4 times more alert than any recent model in bringing you a wide range of the finest programs . . . 3 times more selective in getting any *one* station you want without interference from others.

Remarkably low in price!

Four years ago, a Radiola Super-Heterodyne console cost $570. Today, with every tested feature known to radio science, the exquisite new model illustrated here can be yours for the remarkably low price of $142.50, less Radiotrons.

The best now costs no more. See your Radiola dealer today. He is a dependable merchant selling the world's most dependable musical instrument—the RCA Radiola.

NEW RADIOLA SUPER-HETERODYNE model 80 illustrated—with screen-grid, nine tuned circuits, latest electro-dynamic speaker, illuminated precision dial, push-pull amplification, improved "local-distance" switch, no A.C. hum, and beautiful new cabinets by famous designers.

A nominal down payment secures immediate delivery from most dealers. Ask your dealer about easy terms and liberal trade-in allowance on your present set.

C.I.A. Blue Chambray Girls Meet At Forum Breakfast

Fresh blue chambray uniforms worn by fresh young girls with enthusiastic faces added to one of the most impressive breakfast scenes that has been given at the Woman's Forum clubhouse Wednesday when members of the C. I. A. Wichita club entertained with a pretty breakfast where students, ex-students and new students were a part of the program feature.

Miss Evelyn Hardeman, retiring president, Miss Vida Ramey, president elect, Miss Eunice Jenkins, vice president, Miss Helen Stringer, secretary, Miss Louise Roberson, treasurer, and Miss Zona Marie Ehlert were in the uniformed receiving line, where they were as enthusiastic as cheer leaders for C. I. A.

The long T shaped table in the dining room was strikingly attractive. Large red C. I. A. monograms stood out in splendid relief against the white linen at well spaced intervals around the table. Autumn's brilliant red zinnias made beautiful floral decorations, emphasizing the red and white C. I. A. colors. Fascinating little traveling bags with place cards tied to their handles with red ribbons were favors for each guest.

The program was given with verve. Miss Evelyn Hardeman, retiring president introduced interestingly the president-elect, Miss Vida Ramey. Miss Ramey in turn graciously welcomed the ex-students and Mrs. Fleetwood Staley Wynne gave a charming response. Miss Helen Allen toasted the new students and a reading by Miss Shirley with C. I. A. songs in which the entire group took part, concluded the program.

Covers were laid for seven new students, Misses Elizabeth Gaffield, Mary E. Hill, Grace Sims, Lora Linville, Kathleen Colligan, Charlotte Robertson and Miss Genevieve Powell of Archer City. Ex-students were Mesdames O. B. Albritton, Bob Brumbalow, R. T. Weidmer, Fleetwood Staley Wynne, Miss Montague Thompson and Mrs. R. L. Andrews, Ringgold, and other places laid were for Misses Vida Ramey, Evelyn Hardeman, Anna Belle Hickman, Charlotte Kennedy, Maud Moller, Isabel Waller, Jacque Ikard of Archer City, Mildred Bachman, Helen Allen, Maurine Staley, Ringgold, Helen Stringer, Randlett, Okla., Eunice Jenkins, Shirley Jenkins, Louise Roberson, Cyrina Wilkes, Nocona, Mary Wood, Zona Marie Ehlert and Hazel Chamberlain.

◇ ◇ ◇

PEEPS AT PEOPLE

By MRS. L. N. CASON

There were, some years gone by, three men who wrote as columnists on New York papers. One of them we still know as columnist on a New York paper, though it has never been our fortune to see "The Bowling Green."

◇ ◇ ◇

Christopher Morley, Heywood Broun and Don Marquis seem to have become famous as column writers and writers of books and plays at just about the same time.

◇ ◇ ◇

There seems to have been some kinship between them, though we do not even know if they were friends. Not long after we began reading of Morley, we began reading his story of the traveling library, and then the many volumes of essays.

◇ ◇ ◇

From his descriptions of a suburban householder's life, we recognized him as a commuter and from what he wrote in "Tales From a Rolltop Desk," and "Thunder on the Left," we knew his imagination and ideals.

◇ ◇ ◇

Heywood Broun jumped into fame with his cynically humorous books, "Seeing Things at Night" and others of such ilk. As a Socialist he shone, and when the Sacco and Vanzetti case came up, we understand he lost his column on a prominent New York paper because of his intense sympathy so intensely displayed.

◇ ◇ ◇

But if Heywood Broun never lived in anything else, he would live in his joyfully written exploits of Heywood Broun the third. Right now we understand his friends are running him on the Socialist ticket for some office in New York. We look for a book that will commemorate it in laughter.

◇ ◇ ◇

Then there is Don Marquis. If one never read his column, he certainly must have come to notice in his long continued "Archie the Cockroach" in Collier's. We giggle yet when we remember the blank verse that told of the inebriate who had so often had D. T.'s and who, making up his mind to perpetual reform, was writing to so notify all his relatives. He licked a stamp to put on one of the envelopes and the stamp fell on Archie, the cockroach. When the writer saw the stamp walking up the wall, he had an immediate relapse.

◇ ◇ ◇

And one who did not know Archie the cockroach must have known "The Old Soak."

◇ ◇ ◇

A man who could write the lovely descriptions and feel the inner thoughts that Christopher Morley expresses; who could be as brilliant as Heywood Broun and who could be as original as Don Marquis, add to the field of literature a new glory, typically American.

◇ ◇ ◇

Then, if one doubts Marquis' ability, let him pick up Collier's of two weeks past and read the masterpiece on poker. To one who has ever played the game, it is a gem. The editors say if the writer was not already famous, this story would make him so.

Mr. Business Man: Who runs your errands and delivers your light packages? Why not let the Expedite Courier do it for you? Dial 7361 for information.—Adv.

Floral Heights Students Entertained Tuesday Eve

Mr. and Mrs. Jasper Ferguson were host and hostess Tuesday evening to the Alpha and Janie Chauncey Sunday school classes and the Cecil Porter Senior league members of Floral Heights Methodist church at their home on Buchanan street, especially honoring members from the three groups who are leaving soon for college.

Tables for games were arranged on the porches and refreshments were served to Misses Elizabeth Wright, Marie Beaty, Inez Ewing, Katherine Minter, Mary Lou Wright, Mary Lou Johnson, Lillian Pardue, Marjorie Jones, May Bartlett, Merle Trigg, Zoe Louise Wright, Mary Elizabeth Simpson, Opal Sheleton, Ermalee Nelson, Alta Saye, Annalee Womack, Louise Roberson, Martha Johnson, Wenona Easley, Pauline Kimball, Madelyn Hill and Bob Trevathan, Bob Clayton, Barney Ashton, Gabbert Stephens, Johnny White, Clyde Ellis, James Williams, Duncan Perkins, Jim Tom Barton, Henry Barton, Thomas Beaty, Lloyd Bland, Vernon Bullard, Erwin Morris, H. E. Bryant and Mr. and Mrs. McDonald, Mr. and Mrs. J. M. Bland, Mrs. H. W. Barton and Mrs. Fred Sehmann.

◇ ◇ ◇

Sunday School Class Elects New Officers

Election of officers featured the meeting of the Wide Awake Sunday school class when members met at the home of Mrs. J. F. Allday, Tuesday evening for a business and social session.

The following officers were named: Mrs. C. Collins, president; Mrs. Deaton, vice president, and Mrs. G. H. Axline, secretary and treasurer.

During the social hour three tables of "Progressive Bug" were played. Mrs. L. E. Ayers and Charlie Collins won high score and Mrs. R. L. Mansell and Frank Allday were conscied for low.

After the games refreshments were served to Rev. and Mrs. Ben Bell, Mr. and Mrs. G. H. Axline, Mr. and Mrs. L. E. Ayers, Mr. and Mrs. C. E. Collins, Mrs. Long, Mrs. R. L. Mansell, Mrs. Earnest Owens, Miss Ruby Calloway, Miss Minnie Collins, O. C. Moody and the host and hostess.

◇ ◇ ◇

Bethany Group Honors Ex-Member at Luncheon

Mrs. C. J. Lyons of Stamford, a former member of group three of the Bethany Sunday school class of the First Baptist church, was an honor guest when the group entertained for her Wednesday at noon with a luncheon at the home of Mrs. C. C. Jones.

Garden flowers made the table and rooms lovely and a delicious menu was served to Mesdames D. L. Hill, C. L. Bailey, Albert Owen, Manning, Ray Wilhite, Fred Spengle, Thomas R. Vague, J. W. Mayes, R. A. King, Burl Bryant, C. J. Lyons and Mrs. C. C. Jones.

Meeting of City Council P.-T. A. Called Friday

Mrs. I. R. Sheldon, new president of the City Council P.-T. A., presided Wednesday morning at a meeting of the council executive board at her home on Denver.

At the suggestion of Mrs. R. L. Underwood, the board called a session Friday at 9:30 o'clock at the Memorial auditorium of the City Council P.-T. A. to decide on future work.

Plans were discussed for the Thrift Exchange and general plans for the year's work held the interest of the morning meeting.

Mrs. R. L. Underwood outlined a tentative program for the council and school P.-T. A. meetings and also for yearbooks. The question of the school lunch fund was brought up and the founding of an advisory board to act on the fund is to be worked out.

It was announced that Friday morning new report blanks will be ready to give the representatives of the P.-T. A.'s attending the City Council P.-T. A.

Members present at the executive board meeting were Mesdames I. R. Sheldon, R. P. Willis, R. L. Underwood, C. P. Warman and O. H. Karr.

CALENDAR

THURSDAY

Woman's program of the Wichita-Archer association which meets at Burkburnett, at 1 p. m. at the First Baptist church in the city.

Faith chapter 713 O. E. S. stated meeting in the Faith lodge room at 7:30 p. m.

Ray Community club called meeting at 5 p. m. at the church.

Called meeting of Bowie P.-T. A. executive board at 2:30 p. m. at the school.

Huey P.-T. A. officers and committeemen are urged to meet at the school at 4 p. m.

Bowie P.-T. A. executive board in call meeting at 2:30 p. m. at school.

Mr. and Mrs. Dashiell Honorees at Shower

Members of the Lamar Baptist T. E. L. Sunday school class sponsored a lovely surprise shower honoring Mr. and Mrs. J. F. Dashiell at their home Tuesday evening. The honorees leave Saturday to make their home in Fort Worth.

Games and contests were played and prizes were awarded to E. L. Kimmerly and Mrs. A. P. Perry. Mrs. H. A. O'Neill, teacher of the class presented the gifts.

Iced watermelon was served to Mr. and Mrs. Dashiell and Messrs. and Mesdames M. V. Horton, E. L. Kimmerly, D. B. King, W. D. Talley, W. C. Perkins, W. R. Harper, and Mesdames A. P. Perry, George B. Keller, H. A. O'Neill, R. C. McIver, J. L. Webb, L. P. Wilson, H. C. Glaznor, Joe Perry, Bervin Harper, and Misses Cleo Kimmerly, Rosa Lee Glaznor and Helen King.

◇ ◇ ◇

Walther League Has Party at Church

Members of the Walther league of the St. Paul's Lutheran church were entertained with a bridge and forty-two party in the social room of the church Tuesday evening.

Refreshments were served to Misses Seissenop of Dallas, Mathilda Voelter, Alma Voelter of Marlin, La Verne Kuehn, Marie Rathke, Linda Serrien, Leona Thom, Freida Serrien, Emma Schultz, Llewellyn Weeth, Eva Schultz, Agnes Luecke, Rath Fienhold, Mrs. Helen Trouppi, Mrs. C. M. Beyer and Irene Luecke, and Messrs. Arthur Ramming, Carl Kuehn, Paul Holtzen, Elmer Ramming, Bill Vogtsberger, Otto Holtzen, Martin Ramming, Carl Rathgeber, Raymond Krottinger, Herbert Housler, Speedy Rathgeber and Mr. and Mrs. Arthur Kramer.

Dairy association picnic.
Sept. 15—Kiwanis club meets noon, Kemp hotel.
Sept. 16.—Ad club meets Kemp hotel, noon.
Real Estate board meets Kemp hotel, noon.
Sept. 17—Lions club meets Kemp hotel, noon.
Optimist club meets Kemp hotel, noon.
Sept. 20—Shriners excursion to Childress.
Ringling Bros.-Barnum & Bailey's circus here.
Sept. 25—County fair opens, Iowa Park.
Sept. 26—Furniture style show opens here.
Oct. 4—Shriners go to Olney.

Merchants Cooperate With Thrift Exchange Workers

More than 150 children are still barred from starting to school on account of lack of clothing, according to a statement made by members of the Thrift exchange. More than 270 children were outfitted by this organization in the first three days of its opening.

Merchants of the town have been generous in their gifts. Perkins-Timberlake have given shoes, stockings and dresses through an interested worked. P. B. M. company has been a generous donor and besides individual gifts, made a price of 10 cents per suit for underwear to a mother and P.-T. A. member who purchased 40 suits for the exchange. Mrs. Ike Marcus has donated many new articles from her baby shop. The Tuff Nut Garment Manufacturing company responded splendidly to a call for boys' clothing.

Mrs. R. R. Clark is in charge of a fund to which any interested person may subscribe. Mrs. Ike Marcus has in stock 13 coats in sizes 6 to 10 in perfect condition left from last year's stock, some of them costing her as much as $11 wholesale. She has offered the entire stock to the Thrift Exchange for $2.50 each and Mrs. Clark, 9156, will accept money for this fund.

There are many women in the city who have garments they are willing to donate to the exchange but which they cannot remodel. Others who are able to remodel, have offered to make over anything that is given. Mrs. R. R. Clark has offered also to take charge of this work. Anyone who has a garment to give may call her at 9156 and she will go anywhere in town to secure the dresses and will deliver them to those who have offered their sewing ability. American Cleaners and Dyers are cleaning all garments for the exchange.

Crockett School Camp Fire girls are making bloomers to donate to the exchange and the Ray Community club has called a meeting for the purpose of planning sewing for them.

Saul's store, through the courtesy of Ralph L. DeShong, president and general manager, is sending large boxes of needed clothing. The exchange room in the basement of the Memorial auditorium, is open through the day for donations. Mrs. Effie McHam's office will work in cooperation with exchange workers.

The exchange will be open again Tuesday morning, Sept. 16, when Mrs. R. P. Willis with a number of P.-T. A. members, will be on hand to outfit as many children as possible.

Student Activities To Start Tuesday

Regular high school and Junior college activities will begin next week, according to information given by S. H. Rider, dean. There will be no general assembly this week, Mr. Rider said, but seating arrangements will be made for the high school before the first chapel Tuesday.

The Junior college Senate will be the first club to meet, when members have their opening program Tuesday evening at 7:30 o'clock in the little auditorium at the college, according to Mrs. Dick Long, president.

Curtis Cook, graduate of the college and former president of the Senate, will address the club on prospects for the congressional elections.

All Junior college students, especially those in the history department, are invited to attend.

HEALTH REPORT

Dr. H. D. Fillmore, city physician, made 2,548 visits, received 1,990 patients in his office, wrote 287 prescriptions and sent 287 patients to the hospital during the fiscal year beginning April 1, 1929, and ending March 31, 1930, it was revealed in a report of the health department filed in the office of City Clerk W. E. McBroom. The nurse made 1,539 visits to patients and 285 trips to the day nursery.

WHERE MONEY GOES

Bonded Debt Takes 29.2 Cents of Each Tax Dollar

The largest part of each dollar collected for taxes in 1930, which was 29.2 cents, was used in paying the interest and principal of the city's bonded debt, according to W. E. McBroom, city clerk. The second largest portion, 22.3 cents was used for fire and police protection while the smallest, .8 of one cent was used for operating the Municipal airport.

For the year of 1924, 46 cents out of each dollar was used in payment on the city's debt and 15.8 cents was used in police and fire protection. A part of the decrease on debt payments is due to a reduction on interest rate from an average of 6 per cent to less than 5 per cent, Mr. McBroom pointed out.

Court Allows Jury To Attend Ball Game

Baseball was so much in the air Wednesday afternoon before the Spudders beat the Cats at Spudder park that even criminal trials in district court here could not run smoothly.

The urge to see the opening game of the Texas league series was so strong, in fact, that Judge P. A. Martin, after urgent pleas from all concerned, allowed a jury to disband even before testimony was complete in a burglary trial so that the jurors could attend the game. The action of the court was almost unprecedented—at least unusual, but the permission was granted only after both the defense and the prosecution had agreed they would raise no objections. The jury, almost to a man, left the courthouse immediately for the game. They spent the night in their homes instead of locked in the courthouse, as in the case of other criminal juries.

Floydada Teacher Heads Agricultural Group

Special to The Record News

FLOYDADA, Texas, Sept. 10.—At a recent meeting of the vocational agriculture teachers of the South Plains, O. T. Williams, teacher of vocational agriculture in the Floydada High school was chosen as president of the organization for the year 1930-31. This group will hold six meetings this year. Mr. Williams states that the first meeting will be called in the very near future for the purpose of working out a score card for the scoring of the jobs done by the boys in their projects.

WITNESS DIES IN COURTHOUSE

Services Set Friday For H. C. Haggerty

Funeral services for H. C. Haggerty, 60, who dropped dead in the corridor of the courthouse Wednesday morning while waiting to be called as a defense witness in a criminal case in the county court at law, have been tentatively set for 3:30 o'clock Friday afternoon from the chapel of the Albert's Funeral home, with Dr. Nat F. Grafton, pastor of the Floral Heights Presbyterian church, officiating.

Mr. Haggerty suddenly collapsed about 10 o'clock, before he had been called into the courtroom. An ambulance from the Albert's company was called at once and he was rushed to the Wichita General hospital, but atendants stated he was probably dead when persons in the courthouse corridor reached his side after his collapse.

The deceased was a former employe of the Auto Dealers Salvage company here and had been called to testify in the trial of another former employe of the same company on a charge of embezzlement.

Mr. Haggerty is survived by his widow, two daughters, Mary Louise and Margaret Jane, and one son, John Haggerty, all of this city. The family home is at 1906 Eighth street.

Drouth Relief Firm To Ask State Charter

Incorporation of a drouth relief corporation probably will be effected late this week, according to J. T. Harrell, chairman of the committee in charge of raising its capital stock of $50,000, who announced that about $30,000 of the stock already had been subscribed by citizens of this community.

Reports from Henrietta, Archer City, Electra, Burkburnett and Iowa Park had not been received Wednesday, it was said. Each of those communities has been asked to subscribe for $3,000 worth of stock in the proposed organization. It is purposed to enable farmers affected by this year's drouth to obtain seed for fall planting.

Credit Grantors To Meet Thursday Night

Members of the Wichita Falls Retail Credit Grantors association will meet for dinner and discussion Thursday night at 6:30 o'clock at the Kemp hotel. Accounts of persons whose names begin with the letter H and all "hot" checks will be discussed.

BURGLARY TRIAL OPENS

Testimony was in progress in the 89th district court Wednesday afternoon in the trial of Dick Fitzgerald on an indictment charging burglary. Further testimony and arguments in the case will be heard Thursday morning, according to Mike Anglin, assistant district attorney.

Chillicothe Delegation Visits Leading Dairies in Wichita Area

Farmers and dairymen from Chillicothe numbering 19 were conducted on a tour of dairies and milk product plants in this community Wednesday by local agricultural leaders headed by G. C. McGown, county farm demonstrator.

The Chillicothe delegation was headed by W. M. Gourley, chamber of commerce secretary and agricultural vocational teacher in the Chillicothe high school. Assisting Mr. McGown in showing the visitors representative establishments here were J. N. Sherrill, chairman of the agricultural committee of the chamber of commerce; E. E. Reynolds of the Southwest Dairy Products company; M. B. Oates, agricultural agent for the Fort Worth & Denver railroad; and others.

Included in the tour purposed to acquaint the Chillicothe party with established methods in the dairying industry here were the powdered milk plant of the Southwest Dairy Products company; the Junior chamber of commerce demonstration farm southwest of this city; the Bullington dairy at Call field; the J. D. Morrow Dairy on the Henrietta road; the Jack H. Martin Dairy northwest of Wichita Falls; and the H. R. Overby dairy near Iowa Park.

Lunch was served to the visitors by the chamber of commerce, at the Bullington dairy about noon. The tour concluded late in the afternoon. The delegation included Mr. Gourley, E. S. Reynolds, Archie Higgenbotham, Carl Higgenbotham, John B. Gentry, J. W. Evans, J. W. Evans Jr., J. C. Doty, Ross Gentry, H. T. Cole, A. M. Gentry, Irvy Ayers, C. L. Underwood, Ira Plummer, Cecil Ayers, E. M. Haynes, W. A. Jenkins, Oscar Duke, and L. T. Hunter.

I. O. O. F. to Confer Degrees Friday Night

Conferring of patriarchal degrees on all qualified candidates presenting themselves will feature a meeting of Wichita encampment I. O. O. F. next Friday night, Sept. 12, it was announced Wednesday.

Friday night's meeting will be the first of the fall term, and will mark the change from Saturday to Friday night of each week as the regular meeting night for the organization, it was said.

Past chief patriarchs of the order will be honored in Friday night's session, according to those in charge, and all past chief patiarchs in this vicinity, whether members of the lodge now or not, are being invited to attend.

Clay Officials Hear Talk by Dr. Farrell

Dr. J. M. Farrell, chief city sanitary inspector, spoke before members of the commissioners court and city council at Henrietta Wednesday on "Sanitation in Milk and Meat." The city of Henrietta is planning to adopt the standard milk and meat ordinance that Wichita Falls uses, Dr. Farrell said.

COUNTY JURY CLEARS MOORE

Wichita Man Acquitted On Embezzlement Charge

Jerome A. Moore, former employe of the Auto Dealers Salvage company who was named recently in a complaint charging embezzlement of the company's funds, was acquitted Wednesday morning at the close of his trial before Judge Irvin J. Vogel and a jury in the county court at law.

Moore is also named in three other complaints on similar charges of embezzlement from the salvage company, according to information given by L. V. Abernathy, assistant county attorney. John Davenport, Wichita Falls attorney, represented Moore in the misdemeanor trial.

Jury Acquits Rogers On Charge of Theft

Curtis Rogers, indicted by the July grand jury on a charge of theft over $50, was acquitted Wednesday morning by a jury in the 89th district court at the completion of his trial, which opened Tuesday afternoon before Judge P. A. Martin.

Rogers was charged with the offense following his arrest in connection with the hteft of several pieces of oil well equipment from a lease near Burkburnett. David W. Covington, young Wichita Falls attorney, defended the accused man, having been called into the case only a short time before the trial opened when Rogers told Judge Martin he was unable to employ counsel.

LIBRARIAN DIES

PROVIDENCE, R. I., Sept. 10. (AP)—William Eaton Foster, 79, founder of the Providence Public library 53 years ago, and its librarian for nearly all of that period, died today. He was internationally known as a pioneer in library work, author of volumes on civil service and government, and biographer of Stephen Hopkins, Rhode Island signer of the declaration of independence.

Get Fall Dresses for 30c

SAVE money and have smart, new-looking clothes this simple way. Two 15c packages of RIT make this possible. Take last season's dresses, remove the old color with WHITE RIT, and then tint or dye them in lovely New INSTANT RIT browns, so fashionable this fall.

WHITE RIT removes color from all materials—even black—harmless as boiling water even to the finest fabrics. Also takes spots and stains from white goods. Restores "yellowed" or "grayed" white goods to original whiteness. Use WHITE RIT to remove color from: Dresses . . . Curtains . . . Scarfs . . . Lingerie . . . Children's clothes, etc.

At your druggist or department store. 15c for large size package. Note: ALL RIT is New INSTANT RIT whether so marked on package or not.

WHITE RIT
Color Remover
Harmless As Boiling Water

New INSTANT RIT Colors

Use New INSTANT RIT to tint or Dye dyes fabrics. Comes in season's fashionable shades. Ready to use, quicker, longer lasting. No spots—no strains.

When color has been removed with WHITE RIT be sure to re-tint or re-dye with New INSTANT RIT because they are kindred in formula and professional results only guaranteed when used together.

NOT a soap . . . A tinting and dyeing powder in convenient CAKE form. Dissolves in 40 seconds.

LADY'S HEALTH WAS WRECKED

Had Suffered So Much Pain She Was Almost Desperate, Says Cardui Helped Her.

Denison, Texas.—"Before I took Cardui, it seemed like I had tried everything, for my health was wretched," writes Mrs. Nannie Davis, of 418 West Woodward street, this city.

"I was in bed most of the time," explains Mrs. Davis, "suffering so much with pain in my side and back, and weakness, I was so discouraged, I was almost desperate.

"I knew there ought to be something to reach my case. I only weighed about 110 pounds. My eyes were hollow and I looked awfully bad.

"A good friend told me about Cardui. After taking my first bottle, I felt better, but I kept it up until I had taken four bottles, and now I am well, have no pain in my side or back, and feel like a new woman. I can work most of the time, and feel fine.

"For three years, I have been free from pain. That is why I recommend Cardui."

Experience of many thousands of users testifies that Cardui helps women to health.

TAKE CARDUI
USED BY WOMEN FOR OVER 50 YEARS

Take Thedford's Black-Draught for Constipation, Indigestion, Biliousness. 25 cents a package.

HOME DECORATION TALKS — NO. 1

by Fay Fraser

SOMETHING NEW

Very often women write in to me and tell me that they would like to decorate their homes and furniture in the new, gay colors so popular today. They complain that it takes an expert to paint.

I just had a letter today from Mrs. Wallace of San Antonio. She says that she tried to redecorate her breakfast set, but was not successful. After she was through the brush marks showed. The paint was rough and spotty; in fact, it looked as though it were put on by an amateur, which she cheerfully admitted she was.

I have just been trying a new paint called Flex, which I would like to recommend, because any one can use it and have splendid results. Flex is not an enamel nor a lacquer. It is something absolutely new, combining the best features of both. It is made expressly for any one to use.

The remarkable quality of this new color-coating is that no matter whether you are an amateur painter or not, Flex automatically smooths itself out, drying in a few hours, into a lustrous, glass-like surface, which is as tough and resilient as a film of steel.

I have already tried Flex on some of my chairs and am tremendously pleased. I don't know anything about the technic of painting. I fill my brush up too much. I can never paint evenly. But with Flex, it looks as if my chairs had been painted by an expert! Flex is for all woodwork, furniture and automobiles. I understand it is sold at almost every good paint or hardware store.

FAY FRASER INVITES YOU TO WRITE HER

Write Fay Fraser, P. O. Box 1483, Tulsa, Oklahoma. Ask her for the Color Visualizer and helpful booklet on how to make your home more attractive with modern color effects. She will send these to you absolutely free.

Elwyn invites you to her annual Fall Showing of dresses, wraps, suits, furs and accessories. Hats moulded to the head, revealing interpretations for every type. You will find your ensemble rightly priced. We sincerely endeavor to please our friends.

LEGION HEADS TAKE OFFICE

New Officers Installed At Ceremony Here

Dr. Austin F. Leach was installed Wednesday night as commander of Pat Carrigan post No. 120, American Legion, in an impressive ceremony held in connection with the regular monthly meeting of the post at legion headquarters in the Memorial auditorium. Dr. Leach succeeds C. C. Kirby as post commander. About 100 legionnaires were present.

Other officers installed Wednesday night were Dr. A. H. Douglass, first vice commander; L. Adrian Buzby, second vice commander; Rabbi S. J. Schwab, third vice commander; J. F. Friberg, post adjutant; Victor Nobles, service officer; R. L. Mathis, finance officer; C. C. McMurray, historian; L. K. Hotham, sergeant-at-arms; and Rev. W. D. Bratton, chaplain.

Executive Committee

The following were announced as members of the post executive committee: Dr. A. H. Douglass, chairman; Milton J. Gaines, Jacob B. Price, Tom B. Martin, Roy J. Daniel, Leonard K. Hotham, Voyle N. Armstrong, H. R. Fuller, O. T. Alles, Victor Nobles, Dr. L. I. Lucey, L. Adrian Buzby and C. C. Kirby.

It was reported that the U. S. department of labor had opened an employment office at Dallas for ex-service men of the Texas division, the office being the 22nd such bureau in the entire nation. The movement was sponsored by Col. W. E. Talbot of Dallas, of the Rainbow division and now commander of John W. Low post of the legion at Dallas.

Walter H. Caldwell acted as installing officer at the ceremony, with R. C. Mann, sergeant-at-arms, assisting. Following the ceremony Dr. Leach, the new commander, gave a response.

Milton J. Gaines, chairman of the new entertainment committee, announced entertainment would be provided for the next legion meeting on Oct. 1 and also announced plans for a Legion day in Wichita Falls on Friday, Oct. 24, when Josh Lee, famous speaker and professor at the University of Oklahoma, will be the principal speaker at a program open to the public on that night at the auditorium.

Victor Nobles and Rabbi S. J. Schwab gave reports at the meeting on the state convention at Austin. The cup awarded for the greatest activity of any post in the 13th district, comprising 12 counties, was presented to Pat Carrigan post, and the past post commander's medal was presented to Mr. Kirby by B. D. Sartin. The legion and the Forty & Eight caps were presented to Tom B. Martin by W. H. Caldwell in recognition for his obtaining the largest number of members during the past year.

It was announced that all legionnaires will meet at the Merkle Undertaking company at 11:45 o'clock Thursday morning to form a guard of honor to escort the body of Legionnaire Henry Larkin to the train for forwarding to his home in Arkansas for burial.

Adjutant's Report

J. F. Friberg, post adjutant, in a yearly report presented at the meeting pointed out that Pat Carrigan post ranks second in the state with a total of 650 members, an increase of 148 over 1929, and only one member less than the Amarillo post which ranks first. Sixty-five applications were received for hospital treatment and 50 of these were sent to government hospitals, he said. A total of 32 claims were filed in behalf of deceased veterans with an average of $107 each, totaling $3,424. On adjusted compensation certificates 21 beneficiaries here received $20,785 in cash from the department at Washington, and the post here secured loans for 350 veterans on their certificates, totaling $2,500. Life insurance was collected for widows totaling $10,150, and two widows will receive $40 each month through the efforts of the post. Awards amounting to $200 a month were secured for disability compensation. The adjutant's report also included numerous items indicating increasing activity in the interests of veterans not only of the world war but also of the Civil war, their widows and dependents.

Packed House Greets First Plays Of Little Theater for New Season

Basing predictions upon the attendance and interest given the Wichita Falls Little Theater's open house entertainment Wednesday night, that organization will be supported throughout the 1930-31 season with a loyal following sufficient in numbers to guarantee its success.

At least twice the number of persons who witnessed the two one-act plays which comprised the principal attraction Wednesday night would have been in the audience had the Little Theater's playhouse been of sufficient capacity. Its seating capacity and standing room were crowded to the maximum, and scores turned away upon finding the building filled to the outer entrance before the first play was started.

An excellent atmosphere was supplied by her supporting cast for an hilarious performance by Mrs. Ewing Watkins in "Concentration," the first dramatic offering of the season. The skit might be classified as a modern parlor version of "The Taming of the Shrew," aptly abbreviated. The endless chatter with which Mrs. Doolittle prepared to play bridge has been rivaled on the local amateur stage only by Gretchen Comegys' excellent enactment of "Dulcy" in 1929. Reaction of the audience to the entertaining sketch provided a ready means of dividing the bridge fiends from the goats. H. H. Farrell, Mrs. Farrell and Mr. Watkins completed the foursome, supplying appropriate characters as foil for Mrs. Watkins' talkative brilliance.

"Mountain Justice" completed the duo of plays. Ernest Robertson and Jerry Moffett carried difficult roles of ex-prisoners, thrown together by chance in a manner to bring about a climactic scene of repentance and forgiveness. Mr. Robertson retained in his performance the excellence which he perfected in the character of Rufe Cagle in "Sun-Up" last spring. Mr. Moffett created a fitting coward, and mastered the emotional passages which such a role includes. Arnold Cureton, again the burly sheriff with a goodly plug of natural leaf in his cheek, and Miss Dorothy, completed the quartet of actors for the second play. Both sketches were prepared under the direction of F. C. McClung, Little Theater director.

Scrip books which will comprise membership tickets for the coming season were introduced to the audience by Emil Hermann, president, who declared that the sale of 300 of these books will be necessary to the presentation of the organization's program for 1930-31. Each book will sell for $5, contains seven tickets, each of which is good for one admissioin to any of the six plays which the Little Theater will include in its program for the year. Mr. Hermann also stated that the present long benches in the workshop would be replaced by Oct. 1 by comfortable opera chairs.

Wichitan Hurt In Bus-Auto Crash

V. H. Smith, 2804 Grant street, sustained serious cuts and bruises when his automobile and a bus of the Wichita Falls Traction company collided about 9:30 o'clock Wednesday night at the intersection of Seventh and Burnett streets. Mr. Smith's car was badly damaged and a portion of the side of the bus was crushed by the impact.

The injured man was rushed to the Wichita General hospital where attendants reported he had sustained a deep cut on the muscular part of the right arm, cuts and bruises on the legs and on the face and severe bruises on the body. His condition was reported not critical.

The traction company bus was unoccupied except for the driver, A. J. Faulkner, at the time of the crash, the driver escaping without injury. Investigations into the cause of the crash were made by City Motorcycle Officers Earl Brooks and J. H. Pogue, who notified Mrs. Smith of her husband's injury.

Floyd County Stockman Enters Herd in Fair

Special to The Record News.

FLOYDADA, Texas, Sept. 10.—O. L. Stansell of Floydada, one of the outstanding Jersey breeders of the South Plains will be a contender for honors among the plains breeders at the Tri-State fair at Amarillo, which opens on Sept. 22. That the Stansell herd will be a strong contender and that it will make a creditable showing against the larger breeding herds of Jerseys of the Southwest is indicated by past performances of the herd in the show ring of various fairs over the country. Several other Jersey breeders of Floyd county will join Mr. Stansell and county herd honors as well as individual prizes will be contested for by them.

HASKELL FAIR OUTLOOK GOOD

Four Counties Unite in Exhibits

Special to The Record News.

HASKELL, Texas, Sept. 10.—With prevalent showers throughout this section, with crops looking good in general, the prospects and outlook for the seventh annual Haskell county fair to be held Oct. 16-17-18 are bright. Community agricultural exhibits are above the average and the beef cattle, dairy and poultry divisions are to exceed anything ever had in the past. All available space in the agricultural exhibit hall has already been assigned and the vocation, agricultural, home demonstration and women's divisions are calling for more room.

The vocational agriculture classes of four counties are to compete in a livestock judging contest for cups and trophies and the premium list this year calls for some $3,000 in cash prizes for agriculture, horticulture, livestock and poultry.

The fair is to open the morning of Oct. 16, with a spectacular parade showing Haskell history and industrial progress, which is to be followed the same night with a coronation and pageant in which some 60 West Texas cities and towns have signified their intention of participating.

The entertainment features of the fair this year will far surpass anything ever yet attempted by the association when they stage their $8,000 rodeo and wild west with some of the world's most famous and best bronc and steer riders, ropers and bulldoggers competing and participating. This rodeo is open to the world with valuable cash prizes being offered in all departments. The management has cut the admission prices to the grandstand and bleacher sections to just half that of previous years.

Abilene, Wichita Falls and Archer City have added their names to the list of the many Central West Texas cities and towns that are to send representatives in the form of a beautiful girl as a princess in the queen's royal court and take part in the coronation and pageant.

Baptists Convene In Burkburnett

Special to The Record News.

BURKBURNETT, Texas, Sept. 10.—About 500 persons were in attendance here Wednesday night at the opening session of the Wichita-Archer Baptist association meeting. Rev. Miles B. Hayes was elected moderator, Rev. Glen Neafus vice moderator, W. E. Young of Wichita Falls corresponding secretary, Rev. E. M. Agee of Wichita Falls clerk, and W. L. Roberson treasurer.

Rev. S. F. Martin, pastor of the Lory Memorial Baptist church at Wichita Falls, delivered the annual sermon.

The Thursday session will open at 11 a. m., with W. D. Powell, for 25 years a missionary in Old Mexico, speaking on the subject of the work in the Mexican missions.

LUCK

Students Get Holiday As Oil Well Threatens School

OKLAHOMA CITY, Sept. 10. (UP)—Students of the Wheeler ward school here were dismissed from class two hours early today while the Hall-Briscoe, Inc., Oil company brought in a 22,000 barrel oil well 50 yards from the school building.

The huge gusher, the No. 5 Holmes, was brought in through sand traps without the slightest sign of blowing wild.

"We were taking no chances of a wild gusher blowing in and endangering the pupils, so we sent them home," School Superintendent J. R. Barton said.

Forgery Uncovered in Crater Investigation

NEW YORK, Sept. 10. (AP)—The month-old mystery of the disappearance of Joseph Force Crater, justice of the New York supreme court, took a new turn today with the assertion that the endorsement of a check for $3,000 drawn by the jurist just before he vanished was forgery.

The check was supposed to have been cashed for Justice Crater by Joseph Mara, his confidential secretary and the son of a Tammany district leader. Mara denied positively today that his purported endorsement on the check was his signature.

ARE YOU A MILLIONAIRE?

IF YOU ARE, perhaps you can afford to be reckless with silk lingerie and stockings, even though it may not be very sensible. But most of us have to be careful.

When you wash fine things, only a pure soap should be used. That's just what White King is—soap made from vegetable and nut oils good enough to eat. It's as pure as soap can be—safe for the most delicate ginghams and prints, effective for the heaviest woolens, kind to the most tender hands. Even in hard or lukewarm water it forms quick, rich suds, cleanses thoroughly, and swiftly rinses away.

Try White King today. It solves every household washing problem. And it's economical—a teaspoonful for the wash basin, a cupful for the washing machine. You won't need more. It's *condensed*. Sold by your grocer.

LEGION TO HONOR LARKIN

Guard to Escort Veteran's Body to Train

The body of Henry Larkin, 52-year-old disabled world war veteran who was fatally injured when struck by an automobile here Monday, will be forwarded at 12:40 o'clock thursday afternoon to Helena, Ark., where funeral services and interment will be held. Arrangements for forwarding the body will be made by the Merkle Undertaking company, in whose charge the body has been held since Mr. Larkin's death in a local hospital a few hours after the tragic accident.

The body will lie in state before removal to the train Thursday at the Merkle chapel. A guard of honor composed of members of Pat Carrigan post of the American Legion, in which Mr. Larkin had been an active member for the past two years, will escort the body to the train. The Legionnaires will assemble at the funeral parlor at 11:45 o'clock, to pay military tribute to his heroism in action on the battlefields where he received the wounds and injuries which brought on the weakened physical condition under which he had lived during the years following the war.

HOUSEWIVES HAVE CHANCE TO PUT UP FRUIT AT A PROFIT

Home-Canned Fruits Far Cheaper Than Those Bought Next Winter

Of all money-saving activities a housewife can engage in right now, putting up fruit promises most satisfactory returns. No special equipment is necessary and pure cane sugar and fruit are so low in price that a large quantity can be purchased without upsetting the weekly food budget.

When winter comes, the value of a cupboard well stocked with jellies, jams and preserves will be most apparent. Every glass or jar that you select for your table will be already paid for. What is more, you have a delicious home-made product that wins the praise of everybody.

Canned fruit belongs in the balanced diet. Most of them are rich in vitamins and decidedly appropriate for children.

Menu-planning, especially the dessert problem, is simplified when there are plenty of preserves within reach. A bit of sweet makes the meal complete. The Sugar Institute.

Enter the National Canning Contest, Shenandoah, Iowa. Address it for information and free jar.

Youth Decapitated Under Train Wheels

RANGER, Texas, Sept. 10. (UP)—Joe Webb, 21, of Ranger, was decapitated today when he fell under the wheels of an eastbound Texas and Pacific freight train.

Run a classified ad in The Times and Record News and rent that spare bedroom.—Adv.

Deliveryman Crushed To Death in Dallas

DALLAS, Sept. 10. (UP)—Leonard Domingues, Mexican, was crushed to death today when he was caught between a concrete wall and a heavy copper pot, filled with food, which he was delivering in an elevator at a hotel here.

"CANADA DRY"

The Champagne of Ginger Ales

THE FINEST COFFEE COSTS LESS* *today than at any time in the last seven years*

A PRODUCT OF GENERAL FOODS CORPORATION

When you pick up your coffee cup at dinner tonight you can afford to be critical.

It is seven years since you could buy the finest coffee for as little as you pay for it today.

That means you can pour a richer flavored coffee into every cup on the table—

That means you can taste and savor all the full-flavored goodness of coffee at its best—

That means you can drink Maxwell House, the king of coffees—

And yet you pay little more for this coffee treat than formerly you paid even for unblended coffee!

Don't you think that is reason enough for putting Maxwell House Coffee on your grocery list today without fail?

★ *Maxwell House Coffee has been reduced 11¢ a pound to the wholesale trade since July 1, 1929. This reduction parallels the reduction of high grade green coffee prices.*

MAXWELL HOUSE Coffee

"GOOD *to the* LAST DROP"

NOW and ...THEN

Coste and Lindbergh Cautious in Daring Half-Way Probes A Judge Vanishes

By EMILE GAUVREAU

The reception to Coste and Bellonte has been all that it should be. Costes' feat parallels that of Lindbergh. What it may have lacked in spectacular originality it made up in hazards. Lindbergh was the first to make a non-stop Atlantic crossing by airplane, using the New York-Paris route. Coste is first in making the crossing from Paris to New York, an accomplishment beset admittedly with graver dangers. Considering all hazards, it is the outstanding feat in the present records of aviation.

Caution and careful preparation helped Coste as much as it helped Lindbergh. He not only waited for good weather—he waited for unusually good weather. He did not let foolish enthusiasm or the pressure of fanatical patriots push him off the edge. His greatest hazard was in the take-off, his plane being loaded beyond the safety mark. But he has made air transportation in heavier-than-air machines closer to realization. American aviators can learn much from Coste.

Brave men, Coste and Bellonte. France honored Lindbergh as though he were a son of France. America honors Coste as though he were a son of our own. It is an exchange of tributes that does honor to both countries.

Governor Roosevelt's order to Attorney General Ward to limit himself to investigating the Magistrate Ewald bribe case only, "because there is no money available to proceed against the others," is not going to inspire much confidence in the proceedings. Having gone so far, it is unwise and even dangerous to go no farther. It is becoming evident that the charges of sales of judgeships in New York are not baseless imputations. At the present time the entire bench in New York is under a cloud. This is no time for half-way investigations.

The public reads with little surprise about another New York judge, this time a supreme court justice who is "strangely missing." He was last seen almost a month ago. He withdrew $5,000 in cash from his banks, walked down Broadway and disappeared. His wife fears foul play and may be right. The ordinary citizen, trying to be honest, will wonder how much chance he has to get along when even a judge isn't safe.

Most of you will read with undivided attention about the strange adventures of Mr. Jack "Legs" Diamond, booted from one European country into another. He admits he is a bootlegger. This will not interfere with his return home. All the man on the street wants to know about Diamond is whether he sells good stuff reasonably.

The Prince of Wales, losing weight, now down to 132 pounds, decides to take a vacation. Gentlemen of his official staff have found it hard to keep up with him. His days have consisted largely of a swimming bath, a game of racquets, a game of golf, a couple of public engagements, a dinner and dancing late at night. When you have to do that every day it's work.

Science and religion come closer. Pope Pius XI will address the Eucharist congress at Omaha this month, talking through his radio from Vatican City. The laments of some religious fanatics over the "godless progress" of this great age are thus cheerfully answered by the head of Catholic Christendom, who sees in radio, telephone and other instruments of progress the workings of the Divine hand.

It took news of the Crimean war a week to get to London by messenger, as modern methods of transmitting news were not known then.

The 100th birthday anniversary of the discovery of the match will soon be celebrated in France. Out of sheer gratefulness, every user of a cigar lighter will send along expressions of congratulation.

"This is just another hot wave," said the jazz orchestra leader as he beckoned his musicians to begin to play.

Now that a man trained in the U. S. marines has been made president of the Dominican Republic, natives there will feel they have someone to tell things to.

Arrested as Vagrants

AMONG the odd and interesting news items of the day is a dispatch from Chicago remarking that two gangsters have been sent to jail for six months on charges of vagrancy.

The old axioms beloved by our grandfathers get new proof every day. This item, undoubtedly, proves conclusively that there are more ways than one to skin a cat. If you can't send a gangster to jail because he is a dangerous man, a hijacker, a bootlegger and a murderer you can at least—under certain circumstances—lock him up temporarily as a vagrant. And that, undeniably, is something.

However, it really isn't very much to cheer about. The high-powered lawyers retained by the leading gangsters will probably find some way of beating this unexpected rap before long, and the vagrancy idea will have to be shelved. That is hardly to be wondered at; since the Chicago underworld's monthly profits are usually estimated high in the millions, it is stretching things a bit to describe a hoodlum as a vagrant.

Thus, while the idea will be appealing to newspaper columnists, it probably will not amount to much as an effective instrument in getting Chicago or any other city out from under gang rule; and its chief significance comes from the fact that it provides one more striking illustration of the utter inability of modern America to deal with lawlessness.

Every large American city spends a great deal of money on its police force. In addition it spends huge sums to maintain a public prosecutor, and to keep courts of justice functioning. It has a wealth of laws defining what is illegal and providing proper penalties. It has costly jails to hold such crooks as it can catch. In other words, it has a good deal of expensive machinery to dispose of outlaws.

Yet with all of this machinery the second city in America, cursed with an underworld organization more brazen and defiant than anything ever seen in the nation, is reduced to snatching two hoodlums off a street corner and proceeding against them for vagrancy, as if they were two harmless Weary Willies picked off a vacant lot behind the railroad yards!

The incident in itself is an eloquent editorial. It speaks volumes about the decay of our system of enforcing justice. Properly understood, it tells you about all you need to know about the state of law enforcement in American cities.

Wages Up, Costs Down

WORKERS in the building trades enjoy, on the average, very high wages. Very often people who complain of high building costs blame these wages, and assert that everything would be lovely if only the wages could be materially reduced.

A recent bulletin from the Austin company of Cleveland, one of the largest industrial construction firms in the country, does not seem to agree with this thesis, however.

The Austin company reports that industrial building costs today are the lowest in eight years. Except for a period in 1922, they have not been so low since 1916. The bulletin remarks:

"All of the decline is due largely to falling prices of materials and greater efficiency of labor and construction equipment. Wage rates at 185 per cent over the 1913 level continue at the peak for all time, while all building costs, including labor, are less than 40 per cent over 1913."

Which would seem to be a pretty fair answer to the attempt to blame union labor for high construction prices.

Germany's Hard Times

IF YOU think times are hard in the United States today, just give a thought to what Germans are up against.

A recent news dispatch from Ruth Finney, reporter, points out that of 40,000,000 German men and women of voting age, nearly one-third are depepdent on public funds for food and shelter—not counting government employes. The German government last year spent about $1,250,000,000 for all purposes. Of this sum more than half was devoted to the support of 12,000,000 persons who were entirely dependent on the state.

Wage reductions are proposed for German industry; but skilled workers now only average $16.25 a week, and unskilled workers get around $10.

This makes our own depression look like a bountiful prosperity.

Nye on His Vacation

SENATOR GERALD P. NYE of North Dakota has gone on a short vacation to the lake regions of Wisconsin. Vacation over he will continue his investigation of the Illinois primary expenditures "no matter how unpleasant it may be." Speaking of the shadowing of members of his committee the North Dakota senator declared he had been shadowed "to exasperation" and added, "obnoxious as the whole business has been, it has not been without its humorous side and I am now more amused than annoyed." Yes, quite true but what about the McCormick interrogatory? This is what the lady said, "What is Senator Nye going to do about it?" All this recalls the story of the British officer who was fond of tiger hunting in India. He was asked if the sport was dangerous. His reply was to the point. "It is fun to hunt the tiger; it is hell when the tiger hunts you." Senator Nye is a tiger hunter.

Quotations Worth Noting

"Instead of going out looking up the Communists of the country, which the state and national authorities can now look after, congress had better create a committee to study the reasons for unemployment and the cause and cure of business slumps."—Congressman C. William Ramseyer, of Iowa.

◆ ◆ ◆

"Perhaps the main reason for this reduced consumption (of wheat) is that mechanical development is constantly working toward a lower percentage of manual labor."—Alexander Legge, chairman of the federal farm board.

◆ ◆ ◆

"It is not a question of inches in length of material, but of how the garment is worn. I have confidence in the morals of French women."—Cardinal Verdier, archbishop of Paris, in The Golden Book.

◆ ◆ ◆

"In New York, people live in a world bound in by subways, high buildings, ferry boats and noisy whistles and roars."—Rudy Vallee, crooner.

Abe Martin

(Copyright, John F. Dille Co.)

"Oh, I fergot to ask her if she's still married," said Mrs. Joe Kite, after shakin' hands with Mert Purviance, jest back from her honeymoon. A home-stayin' contest for mothers would excite a lot of interest.

WALTER WINCHELL

On Broadway

(Copyright, 1930, Daily Mirror, Inc.)

Balance

Oftimes, my charming lady love and I
Attend the cinema—she loves it so;
And when the hero rolls a sexy eye,
Her breath comes fast—her cheeks appear to glow.

She looks at him—and then she looks at me,
And something chilly in her casual glance,
Demotes a bit the evening's ecstasy
And throws a darkish hue on our romance.

No egotist am I—I'm well aware
That I am just an ordinary chap;
My nose and mouth—my eyes and ears and hair
Add up to form a mediocre map;

Yet no one that I ever chanced to know,
Mistook my little friend for Clara Bow!

—DON WAHN.

Newspaper Man Stuff

A column or two ago it was recorded here that a Brooklyn columnist had made a bold charge, to-wit: That a New York theatrical weekly publisher and a tabloid columnist had plotted to shakedown and ruin a woman who had "framed" her husband for divorce evidence. Also that Editor & Publisher, which took the matter up editorially, and the editor of Variety had been urged by the four tabloid columnists in New York to sift the charges. In our haste we overlooked the other theatrical weekly chiefs.

Therefore, the editors and publishers of Zit's Weekly, the Billboard and any other theatrical journals (which were unintentionally snubbed by the inviters) are herewith bowed low to, but not too low, and are invited to cooperate for the good of the craft.

In fewer words, let's all hang together.

Imagine!

Phil Baker wants to spoil today's column with the one about the Scot motorist who was given a ticket by a traffic cop.

And he went nuts looking for the theater where it could be used!

Ripley It or Not

Everything you hear on Broadway should go in one ear and out of the other. But if you were a columnist and you did that, you would get poor quicker.

Little things like this make big paragraphs like these. During a Saratoga crap game recently a local clipped Nick, the Greek for $80,000 after Nick cashed a $200 check for him—which bounced back!

And They Kill Time!

It really happened in one of the hot-spots last night. She appears in Earl Carroll's "Profanities" a la Faith Bacon—she poses in the lewd, you dope!

Her father, it appears, is a minister. Maybe there was a good story behind that combination? So we asked her if her pappy was a man of the cloth. She admitted it.

"What," we said, "do you think your father would say if he saw you on the stage that way?"

"He'd say," she replied, "'Isn't she beautiful?'"

Code

Speakeasies in certain parts of New Jersey, says a reader, have a new stunt to let their patrons know when they receive a new supply of good beer.

Their placards in their windows read: "Good BEvERages."

Americana

Our Danville, Ky., ambassador reports that the first abdominal operation was performed in that town by a Doctor McDowell. While the operation was being performed, a mob of Kentuckians stood outside the door with guns, knives, and sundry other implements, ready to take the good surgeon's life if the operation was not a success. The operation was, however, and so the good citizens erected a monument in the doctor's honor.

This statue stands on a pedestal. One of the arms projects horizontally from the body. Every Halloween, the children hang a milk pail from this arm. At one time, in addition to the milk pail someone placed an old fashion soup pot on his head. Cute, eh, what?

Quiteso, Quiteso

Bayard Veiller, who has probably written more melodramatic hits than any of his contemporaries, was watching his newest Dillingham production: "That's The Woman," being put through its paces. There was some misunderstanding how a certain scene should be played.

"But," butted someone important, "you have them directing their lines at the balcony and gallery. The people down front will feel slighted."

"I am not concerned about them so much," indifferently responded Bayard. "I am merely trying to please the folks upstairs who are not in on passes."

By Way of Report

Watch for a sensational announcement of a system of standing rewards for information leading to the arrest and conviction of erring New York City officials. Rewards will be one year's salary of the sinning statesmen (jail a magistrate and collect ten grand!) and you will be amazed who is offering the money!

The Retort Terrible

It happened in front of the Lambs Club. The club, you might have heard, has been having an unpleasant time of it getting the army of unemployed actor members to pay their dues.

Lynn Overman, the lead in "Dancing Partner"; Tony Hughes and other players were grouped in front of their club. Overman had just told a funny story and all were laughing heartily. A drunk staggered up.

"Aw," flipped the sensitive stew, "you don't have to laugh at me. If you guys could pay your dues, you could go inside!"

O, Mr. Wilstach!

Recommended to Frank J. Wilstach's Simile Dictionary!! Isabel Briggs Meyers': Scarcer than bowlegs in the "Follies" . . . Carroll and Graham Garrett's: I have a taste in my mouth like a hog on a vacuum cleaner. . . . Russ Rose's: Politicians who change sides like a flea in a dog fight. . . . Epes W. Sargent's: The show was as spotty as a freckled leopard.

Home Across the Sea

Lord Castlerosse, visiting New York for the Cup Races, comes highly recommended as one of England's better journalists and gossips. Writing in the New York Daily Mirror he says in part: "There is nothing so true as that men and women hate reading the truth about themselves. Conversely there is nothing they like better than to read the truth about others. So they buy papers to find out whether they are mentioned and that point settled they gloat over comments on their friends."

Scandal, he means to say, is always interesting when it is about the other fellow. When it's about you it's a damned lie!!!

BELIEVE IT OR NOT - - - - - - - By Robert L. Ripley

SEND IN YOUR OWN "BELIEVE ITOR NOT" AND GET RIP'S BOOK!

Everyone must have encountered in his own experience some unique person, event or fact which would be an excellent subject for Robert L. Ripley's "Believe It or Not" cartoon. Readers are invited to send such suggestions to Mr. Ripley through this newspaper. Every suggestion must be accompanied by references or proofs that will authenticate it. For every suggestion he accepts Mr. Ripley will give an autographed copy of his book, "Believe It or Not." All that is necessary to get the book is to watch for the Ripley cartoon in which your winning suggestion appears, clip the cartoon from this paper and send it to Mr. Ripley in care The Record News.

Work on Quanah Line Starts Soon

Special to The Record News.

QUANAH, Texas, Sept. 10.—Within the next 10 days work will start upon the laying of ten and one-half miles of 10-inch water line from Quanah to the new wells recently completed on the Allen farm northeast of Quanah. These wells will augment the present city water supply, and will furnish around 1,000,000 gallons of exceptionally good water daily, according to present estimates.

The pipe line will be constructed by the Southern Union Gas company. Local labor will be used, of which there is an ample supply.

The pipe has already been shipped from Birmingham, Ala., and will be unloaded at Quanah and at Evans Switch, five miles east.

Permanent brick pump houses will be built at the wells, and large modern pumps installed to force the water to local reservoir. Officials of the company state that a large reservoir will probably be built later at some point near the wells to handle storage water.

It is estimated the cost of the pipe line and equipment will be $145,000.

DOCTOR CLAIMS CANCER CURE

Italian Scientist Offers New Injection

BOLZANO, Italy, Sept. 10. (AP)—A purported cure for cancer was communicated to the congress for the advancement of science here today by Professor Fichera of the Milan cancer institute.

Fichera, who has specialized in this field for 10 years, says he has a cure for the malady that has baffled so many scientists and doctors.

His alleged cure involves the injection of a chemical under the skin of the patient. The chemical is said to work its way to the tumor and gradually destroy it, leaving only a scar.

Photographs and X-ray pictures, taken every two days and showing the progress of destruction of the tumor, were produced by the professor in support of his claims.

Prof. George Cevelotto of the University of Padua and Professor Dionisi of Rome, a member of the Italian academy, displayed great interest in Fichera's account of his method, which was made to the medical section of the congress.

Costly Schools

NEW YORK.—Sending its children to school costs New York City a pretty penny, the board of education has just revealed. During the 190 school days of 1929 it cost the city about $900,000 a day for school purposes. This amount included instruction, maintenance, operation, administration, auxiliary agencies and amount spent for new sites and buildings.

Tillman to Study Text Book Needs

Special to The Record News.

FREDERICK, Okla., Sept. 10.—The matter of obtaining school books for pupils whose parents are unable to procure them is to be determined by the various school boards of the county at meetings to be held in the different districts at 2 p. m. Thursday, it was decided at a meeting of the school board members of the county held at the court room. Some districts have funds with which books might be bought, it was revealed. Other members said they favored cutting the term short a week or two in order to obtain money with which to buy books, while still other members said they were willing to use old texts.

At Thursday's meeting questionnaries are to be presented showing the need of different residents of the district for seed wheat, garden seed, food, clothing and feed for stock. Every member of the school board has been made subcommitteemen of the drouth relief committee of this county. After being filled out these questionnaries are to be sent to the office of Luther M. Wagnon, secretary for the central committee, where they will be consolidated, after which it will be known approximately how much relief of various kinds will be required.

New School Building Completed at Rule

Special to The Record News

RULE, Texas, Sept. 10.—Under the supervision of O. M. Hood, agriculture teacher of the Rule public schools, a new agriculture farm building is being completed. The building is finished with the exception of painting and fixing the inside. This new equipment to the school will greatly aid the vocational agriculture work.

TOONERVILLE TROLLEY By Fontaine Fox

Answers to Questions

This is a special department devoted solely to the handling of queries. This paper puts at your disposal the services of an extensive organization in Washington to serve you in any capacity that relates to information. This service is free. Your obligation is only two cents in coin or stamps enclosed with your inquiry for direct reply. Address The Record News Information Bureau, Frederic J. Haskin, director, Washington, D. C.

Q.—Can a sailor at sea distinguish the gulf stream?—C. F. T.

A.—Sometimes but not always. At times it is as distinguishable as a curve in a street.

Q.—How many players can a major league club have?—C. F.

A.—A major league club is permitted to have 25 players on the roll at one time.

Q.—When you take a pint of cream and whip it, do you have any more cream?—R. B.

A.—It weighs no more but it has greater volume, due to the air which has been whipped into it.

Q.—Is Freud still living?—W. N.

A.—He is still living. He is 74 years of age and in very poor health but still pursuing his favorite line of investigation—the plumbing of unknown mental worlds.

Q.—How old is Aimee Semple McPherson?—S. N.

A.—According to Who's Who, the evangelist was born in Ingersoll, Ontario, Oct. 9, 1890, so is almost 40 years old.

Q.—How many people are subscribers to building and loan associations in this country?—F. M. G.

A.—There are more than 12,000 such associations with almost 12,000,000 subscribers.

Q.—How often should a dog be given a bath in summertime?—A. M.

A.—It should be bathed every 10 days, or once a week when the weather is hot. Use lukewarm water and a mild soap or shampoo.

Q.—How many people attend conventions in New York City?—N. A. D.

A.—In the year ending April 30, 1930, New York held 1001 conventions and these brought 800,000 persons to the city.

Q.—Which is the oldest city in the world?—D. S.

A.—Damascus, Syria, is known as the oldest city in the world. Other cities were built before Damascus was built, but they have perished or have been destroyed.

Q.—Can a person take cigars and cigarets into Canada without paying duty?—A. A.

A.—The department of commerce says one can take 40 cigars and 100 cigarets in open packages into Canada free of duty. If the packages are enclosed and have an amount greater than this, they are dutiable. The duty on cigars is $3.90 per pound plus 25 per cent ad valorem. On cigarets the duty is $4.10 a pound plus 25 per cent ad valorem.

Q.—When was the Bank of England founded?—H. E. M.

A.—It was established in 1694 to finance William and Mary.

Q.—How much mail is received by one of the big studios in Hollywood?—K. S.

A.—The Paramount, for instance, receives 500,000 pieces of mail a month. Most of it, of course, is personal mail for people connected with the studio. Any package which seems to contain an unsolicited manuscript is returned unopened to the sender. Large studios pay writers to produce stories and when additional scenarios are wanted, the studio heads ask for them.

Q.—How fast do raindrops fall?

A.—The weather bureau says that raindrops never fall faster than 25 feet per second; many of them fall only about 15 feet per second. Suppose then the height of the cloud is 2,500 feet, a fairly common height, and that the speed of fall is the greatest possible—very large drops; then the time of fall will be 100 seconds. If the speed is 15 per second, the time will be 166.7 seconds. A fair average velocity is 20 feet per second, and the time of fall two minutes.

Q.—Should one say two and two is four or two and two are four?—M. S. L.

A.—Doctor Vizetelly says: "As an abstract proposition or statement, it is undoubtedly correct; for four is two added to two or twice two, but when two specific things are added to two others, the verb must be in the plural. For the former case we are saying that a certain single and definite result is attained or total given by the combination of two numbers; in the latter, we say that in a given body or number of things are so many single or individual things. Two men and two men are undoubtedly four men that is four men are (constituted of) two and two. Beyond doubt twice one is two; for it cannot be that two (as a single and specific number) are twice one."

The Record News Offers A Booklet on How To Get Ahead

Out of 100 men with an equal start in life, only one will die rich, and two others will leave their families comfortably provided for. Fifteen others will leave from $2,000 to $10,000; not enough to provide comfort, but some help to the dependents. The remainder will leave nothing.

These facts constitute a sermon on saving that should be indelibly stamped on the memory of every youth.

The booklet, How to Get Ahead, not only preaches this sermon effectively, but tells in a practical, helpful way how the habits of wise spending and wise saving can be acquired. Send for a copy and try the budget and account system. You can always drop it if you don't like it and it will have cost you nothing but a little time. However, if you try it you will never drop it.

Use this coupon and enclose 10 cents in coin or stamps.

The Record News Information Bureau,
Frederic J. Haskin, director.

I enclose herewith 10 cents in coin or stamps for a copy of the booklet on How to Get Ahead.

Health and Diet Advice

By DR. FRANK McCOY

Author of "The Fast Way to Health"

Questions in regard to health and diet will be answered by Dr. McCoy who can be addressed in care of this paper.

(Copyright 1930, by The Bell Syndicate, Inc.)

Fish Foods Economical Proteins

Fish are such valuable articles of diet that they deserve a place on the family menu on other days besides Friday. The meat of fish is usually less expensive than many of the cuts of meat, but it is just as nourishing. In fact, the composition of fish closely resembles that of lean meat and contains no starch.

Fish is rich in potassium, phosphorus and sulphur, but deficient in sodium, iron and silicon. For this reason it should be used in combination with leafy vegetables since they will supply the needed elements. The salt-water fish, especially, offer varying degrees of iodine which is valuable in preventing goitre.

The best way to buy fish is in fillet form. These fish fillets consist of the muscular parts of the fish which are cleaned, boned and wrapped to come to the kitchen all ready to be used. Among the more easily digested fishes, you will find the sole, halibut, sea bass, pickerel, fresh cod, tom cod, perch and black bass. These fish do not contain as much fat as some of the other fishes, such as salmon, mackerel and herring.

Fish may be boiled, broiled, grilled, fried or stewed. Broiling and baking are the best methods to use since they preserve all of the nourishing elements and do not interfere with the digestibility of the fish. In boiling fish the water should be salted, as otherwise the fish becomes soft and breaks apart.

Fresh fish are easier to digest than that which has been pickled, smoked or canned in oil. One of the most delicious ways to serve fish is to use it with vegetables, and a salad of tomatoes, lettuce and cucumbers. The malic acid of the tomatoes seems to assist in the digestion of the fish when tomatoes and fish are used at the same meal. It is best not to use starch with a fish meal, but as many cooked and raw non-starchy vegetables as desired may be used. No milk should be used with fish. Lemons seem to combine tastily with fish and are often used as a garnish.

Great care should be used in selecting fish. With a fresh fish the skin and eyes are bright, the fins firm, the flesh a good color and does not retain a mark when pressing the finger on it, while the odor is clean and sound.

Use more fish, and you will find that it lowers the food cost, offers variety, and has a delicate different flavor which your family will enjoy.

QUESTIONS AND ANSWERS

Arms Get Numb

Question—J. H. writes: "Please tell me what causes the arms to go to sleep and get numb at night. Is this because of high blood pressure?"

Answer: If you know you have high blood pressure you have doubtless answered your own question, as this does cause the arms to become numb. Valvular leakage of the heart is also sometimes responsible for poor circulation and numbness in the arms.

Sauce for Vegetables

Question—Mrs. J. G. D. asks: "How can one prepare a palatable sauce for green peas without discarding the juice, and without making a 'wrong' combination?"

Answer: A recipe for this kind of sauce was given in last Friday's weekly menus for creamed spinach. Never discard the water from vegetables, either canned or fresh, but save for soup which may be made very appetizing by the addition of cream and any finely chopped non-starchy vegetable you may desire.

Cysts on Eyelids

Question—E. A. P. writes: "Please tell me how to prevent cysts forming on my eyelids. I have been having them cut out, but is there some preventive? An examination shows nothing wrong with the vision. I have been told that a poultice made with milk and the bark of slippery elm, to be applied for an hour at a time, would be helpful. Please advise me."

Answer: The tendency toward the formation of cysts seems to be caused by a condition of acidosis. This can be overcome by the use of a fasting and diet regimen, as outlined in my cleansing diet course which I will be glad to send you on receipt of a large self addressed stamped envelope. Local applications of wet compresses to the eyes for about 20 minutes each morning and evening would be helpful. The efficacy of the remedy you name is probably due to its demulcent mucilaginous property. This could also be obtained from various substances added to the wet compresses, such as flaxseed, Irish moss, glycerin, gum arabic or starch paste.

Cotton Grader Assigned to Rule

Special to The Record News

RULE, Texas, Sept. 10.—The first of the week the farmers and business men of the Rule community met in a mass meeting and discussed the possibilities of securing a cotton grader and classer station for Rule. The central office of the Texas Cotton Cooperative association at Dallas was approached and a delegation of business men and farmers went to Dallas to interview Mr. Westbrook, with the result that there has been a cotton grader and classer promised the town of Rule. The grader and classer will be in Rule Monday. Most of the cotton that has been ginned is waiting the arrival of the grader and classer, so that the cotton may be shipped through the Texas Cotton Cooperative association. Rule will be the only station in this section north of Stamford.

Engineers Complete Pease River Survey

Special to The Record News.

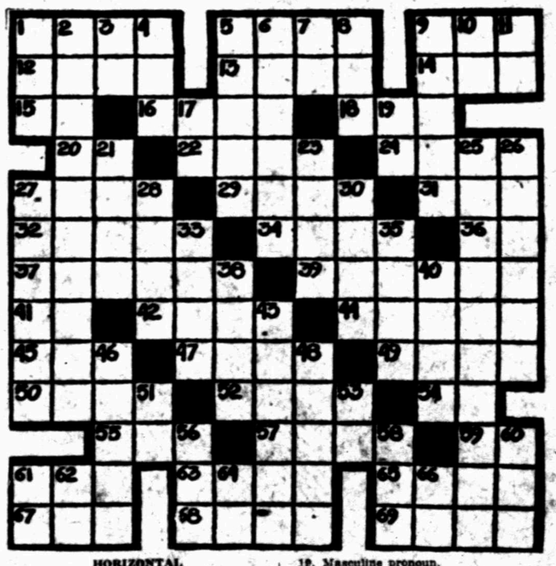

QUANAH, Texas, Sept. 10.—Major Lee, chief of the army corps engineers, Engineer Newell and party are in this section completing an inspection of the Pease river irrigation project. They have made a tour up and down the river proper between Quanah and Crowell, checking figures and former data compiled during the past two years in connection with this project.

It was stated this would probably be the last inspection before the report is sent to Washington.

This project, which contemplates building a dam on Pease river about 12 miles southwest of Quanah will impound sufficient water to augment the water supply of several cities in this section, and furnish water for irrigating thousands of acres of land.

In the new White Star motorliner, the largest motor ship to fly the British flag, the fore funnel is a dummy, inside which is a comfortable rest room for engineers.

CROSSWORD PUZZLE

HORIZONTAL

1. Part of church.
5. To aid.
9. Canning.

HAL WILTSE'S GREATEST PITCHING PERFORMANCE STOPS CATS

The Rambler's Corner

By FRED D. THOMPSON

Right on Time

The other day Charlie Pogenpohl, manager of the Western Union, typed out the following instructions to his traffic department:

"The Texas league play-off will start here Wednesday, Sept. 17. Everybody be ready."

William S. Forman, whoever he is, wrote a pome, whatever that is, and I found it in Lloyd Gregory's sports column in the Houston Post-Dispatch. Here it is:

A rookie, waiting for his chance,
was sent in once to hit:
His name was Himmelhaussenheim,
and he was proud of it.
He meant to send the box score
home and thrill his pa and ma;
But when he bought the news stand
out, this line is what he saw:
H'm'l'h'n'm 0 0 0 0 0 0

Here's a trick one of our pitchers might use during the championship series. It is told by Brian Bell, Associated Press sports writer:

"In the days of such smart pitchers as Chief Bender, Eddie Plank, Christy Mathewson and others of that school there was a sure fire recipe for breaking up squeeze plays and steals home.

"The pitcher, when he realized the base runner was 'going' threw the ball directly at the batsman. In 99 times out of 100, the man at the plate would drop to the ground to avoid the speeding ball, and the catcher then had the pitch right where he needed it to tag the base runner.

"Pitching wide of the plate would not be effective in most cases for the base runner sliding in would be able to elude the catcher's effort to place the ball on him. But to throw the ball at the batsman was always a good trick, especially if a right-hander was at the plate."

Here's a few more paragraphs gleaned from Bell's writing, touching on baseball and football:

"The Indians continue to build up for years to come by adding youngsters to the playing roll. Vosmick, a big, blond youngster, now hitting in the neighborhood of .400 for Terre Haute in the Three I league may be the find of 1931.

"This hard hitter, little more than out of his teens, was a sensation at the New Orleans training camp and in the spring games pounded the ball hard and often.

"He did a reasonably good job in the outfield and for a time seemed slated to make the jump from the sand lots to Class A ball by remaining with the New Orleans Pelicans. Later it was decided to start him in Class B and he was sent to Terre Haute."

"If the Chicago Cubs win the National league pennant, Long George Kelly will play in his fifth world series, for even if he does not play first base, he will take his bat to the plate as a pinch hitter some time during the contest for world baseball supremacy.

"Eddie Collins, of course, was the dean of the last world series and will be again if the Athletics repeat, but Columbia Eddie is following the adage, 'old men for counsel and young men for war,' taking his baseball now in advice instead of deeds.

"Kelly played for the Giants in the world series of 1921, 1922, 1923, and 1924.

"If the Cubs and Athletics meet again, another veteran world series player will have been added by the Athletics, Wally Schang, who was in two for the Athletics, long, long ago, and one for the Red Sox.

"It will mark Cuyler's fourth appearance in world series livery, but only his third participation as he did not play in the 1927 Pittsburgh series. Hack Wilson played once for the Giants and once for the Cubs".

Early to Work

"Every football coach has a system all his own and a few of them agree as to the best method of getting a team in shape for a season's grind. Some believe in frequent scrimmaging and others seldom send their charges into battle during the practice periods.

"It remained for 'Poss' Miller, head coach of Franklin and Marshall, to announce one of the most radical moves of the season, 'Poss' whose name is Dr. Jonathan K. Miller, will have scrimmage the first day his squad reports.

"All the candidates for the team have been told to get hard and tough during the summer, and report ready to give and take rough knocks from the outset.

"The players will report at Lancaster, Sept. 15, and the order for headguards, shoulder pads and other heavy fighting equipment will be issued at once.

"'I don't know how this first day scrimmage plan will work out,' Miller said. 'It's worth a trial at least.'"

CURVER ALLOWS ONLY 9 HITS

Sluggers Make 'Mighty' McCabe Take Count

(Continued From Page One)

the mound and got Euller and Wiltse out.

Levey's Third Blow

Levey, who already had poled out two hits, got a third in the seventh off Roberts, the blow being a double to left. Storti flied out to center. Fitzgerald grounded out, pitcher to first and Levey took third. Kloza doubled to center, scoring Levey. Burns was retired by the infield. The last Spudder run had been made. But those that had crossed the plate looked like a million.

Fort Worth	000	101	000—2
Wichita Falls	100	004	10x—6

Runs batted in—Fitzgerald, Cox, Tavener, Storti, Burns 2, Crouch, Kloza. Two-base hits—Levey, Kloza, Fowler. Three-base hit—Bettencourt. Home runs—Storti, Burns. Runs and hits—off McCabe, 5 and 10, in 5 1-3 innings. Struck out—by Wiltse 6; Roberts 1. Bases on balls—off Wiltse 2; McCabe 1. Batsmen hit—Crouch by Roberts. Losing pitcher—McCabe. Double play—Storti to Levey to Burns. Left on bases—Fort Worth 8; Wichita Falls 7; Umpires—Kane, Barr and Sears. Time of game —1:46.

First Inning

Fort Worth—Wiltse's first pitched ball was a called strike on Moore. Moore singled off Wiltse's knee, the ball bouncing into shallow right. Mallon fouled out to Euller when he attempted to bunt. Bonowitz filed out to Fitzgerald. Brown forced Moore at second, Levey to Storti. No runs, one hit, no errors.

Wichita Falls—McCabe's first ball pitched was a ball to Levey. Levey singled to left. Storti singled to right, scvrancing Levey to third. Fitzgerald sacrificed to right, and Levey scored after the catch. Kloza filed out to right. Burns popped out to second near the right field foul line. One run, two hits, no errors.

Second Inning

Fort Worth—Fowler grounded out, Wiltse to Burns. Cox filed out to Bettencourt. Tavener grounded out, Wiltse to Burns. No runs, no hits, no errors.

Wichita Falls—Bettencourt grounded out, short to first. Crouch popped out to second in shallow right. Euller lifted a Texas leaguer into shallow right for a single. Wiltse forced Euller at second, third to second. No runs, one hit, no errors.

Third Inning

Fort Worth—Meyers fanned. McCabe walked. Moore fanned. Mallon walked. McCabe taking second. Bonowitz fanned. No runs, no hits, no errors.

Wichita Falls—Levey popped out to the third baseman in front of second base. Storti grounded one to right for a single. Fitzgerald filed out to left. Kloza grounded out pitcher to first. No runs, one hit, no errors.

Fourth Inning

Fort Worth—Brown singled to left. Fowler grounded one through second for a single, advancing Brown to third. Cox grounded to Storti who threw Fowler out at second, Storti to Levey. Levey attempted a double play at first but Cox was safe. Brown scored on the play. Tavener was called out on strikes. Meyers forced Cox at second, Euller to Storti. One run, two hits, no errors.

Wichita Falls—Burns grounded out, second to first. Bettencourt filed out to right. Crouch walked, but McCabe caught him off the bag and he was thrown out at second, pitcher to first to short. No runs, no hits, no errors.

Fifth Inning

Fort Worth—McCabe grounded out, Levey to Burns. Fitzgerald made a sensational catch of Moore's high fly against the right center field fence, and Bettencourt made a sensational dash to catch Mallon's high foul. No runs, no hits, no errors.

Wichita Falls—Euller grounded out, short to first. Wiltse filed out to center. Three fielders dashed after Levey's arch into left but it landed safely for a base hit. McCabe caught Levey off the bag and he was thrown out, pitcher to first to short. No runs, one hit, no errors.

Sixth Inning

Fort Worth—Bonowitz grounded out, Euller to Burns. Brown singled to left. Fowler forced Brown at second, Wiltse to Levey. Cox singled to center, advancing Fowler to third. Tavener singled to left, scoring Fowler and advancing Cox to second. Meyers grounded out, Storti to Burns. One run, three hits, no errors.

Wichita Falls—With the count one and one, Storti hit a home run over the right center field fence. Fitzgerald beat out a bunt down the third base line. Kloza bunted to the pitcher attempting to sacrifice and forced Fitzgerald at second, pitcher to short. Burns hit a home run over the center field fence, scoring Kloza and himself. Bettencourt tripled to right. Crouch singled to left, scoring Bettencourt. Roberts now pitching for Fort Worth. Euller flied out to right. Wiltse fanned. Four runs, five hits, no errors.

Seventh Inning

Fort Worth—Roberts flied out to Bettencourt. Moore bunted out, Wiltse to Burns. Mallon grounded out, Euller to Burns. No runs, no hits, no errors.

Wichita Falls—Levey doubled to left. Storti flied out to center. Fitzgerald grounded out, pitcher to first, Levey taking third on the play. Kloza doubled to center, scoring Levey. Burns grounded out, second to first. One run, two hits, no errors.

Eighth Inning

Fort Worth—Bonowits singled to center. Brown hit into a double play, Storti to Levey to Burns. Fowler doubled to left. Cox flied out to Bettencourt. No runs, one hit, no errors.

Wichita Falls—Bettencourt flied out to right. Crouch was hit by a pitched ball. The ball also hit Meyers, Fort Worth catcher, on the right wrist. Meyers was forced out of the game. O'Connell now catching for Fort Worth. Euller singled to center, advancing Crouch to third, and took second on the throw-in. Wiltse grounded out, second to first. Levey flied out to right. No runs, one hit, no errors.

Ninth Inning

Fort Worth—Gribble hitting for Tavener, Gribble fanned. O'Connell grounded out, Euller to Burns. Whitworth hitting for Roberts. Whitworth singled to left. Clarke hitting for Moore. Clarke fanned. No runs, one hit, no errors.

SPUDS CHARGED WITH FIRE AT START

By FRED D. THOMPSON

Stirring reminders of Spudderland's aspirations, two flags floated gently over Athletic park Wednesday afternoon—the same two flags that draw comment year after year in each crucial series—one proclaiming the Spudders Texas league champions, the other heralding them as Dixie champions in 1927, but if ever they held more than usual significance it was Wednesday, when Carl Williams and his gang began once again the charge up the ladder of Dixie fame.

Wednesday's game marked the beginning of only one stage of the fight—the fight for the Texas league bunting. And the 1927 laurels floating above the park served as a constant reminder of what were expected of the Williamsmen this week. The Dixie flag told of more strenuous fighting ahead—and it also told of the pride that comes with victory.

In addition to these inanimate inspirations, there was a living one—old Carl Williams, the lanky boy from the farm, pitcher extraordinary in his day, and pilot beyond compare in A. D. 1930—the slow-moving, genial boy who pushed the Spudders to the two championships in 1927.

Whether these things made the faces of the Spudders look taut and determined when they entered the park Wednesday is a matter of conjecture. The aforesaid "inspirations" might have occurred to the resonant imagination of a sports writer who has just come to feel that way towards the boys from constant association with them.

But they did enter the park with a fierce look about them, and, as Lindo Storti said, "with blood in my eyes."

Lindo was all afire. When the boys came to the park in a group at 1:45, Lindo went straight to the dugout and perched on a neighboring seat in a pose remindful of meditating savage.

"Smatter Storti," someone asked.

"Got blood in my eyes," replied the great keystone artist, "and everybody else around here has too when they think of those Cats."

The boys got right down to business. Earl went to the mound to serve up a few in batting practice. The boys knocked them hither and yon. Then Chapple served up a few. Carl Williams participated, as usual, in the flaying.

Hal Wiltse was jogging around the park. It was noticeable to anyone peering hard that the great southpaw was limping slightly—but very slightly—as the result of his recent ankle injury. However, when asked if he felt any pain he replied, "It feel all right. I feel fine."

At the last moment, it was learned there was an ailing member of the Fort Worth squad, to-wit, the hard-hitting Joe Bonowitz, Cat left fielder. Joe, it was learned, left Spudder park last Friday with a bad cold. Tuesday it appeared he had influenza, but doctors in Fort Worth got busy with him and had him in shape to play Wednesday. He did not come up with the team Tuesday night, but arrived here Wednesday afternoon on the special train from Fort Worth. Effects of his illness were not apparent as he warmed up with his mates before the game.

The Fort Worth crowd jammed into the park about an hour before the start. Exactly 315 came on the special train which arrived at 1:00, according to Ted Robinson, Fort Worth prexy, while 400 tickets had been sold to Cat fans who motored here. The rivalry in the stands between Fort Worth and Wichita Falls fans early became evident in raucous shouts and blistering comments.

It was an ideal day for baseball. The boys walked around bathed in perspiration. A slight breeze was blowing from the Northwest, but it was not likely to be one capable of interfering with home runs over the left field fence.

Over 50 people were in their seats at 1 o'clock, two hours and a half before the start of the game, but they showed not the slightest impatience, some of them munching their hot dogs and consuming soda pop with the utmost complacency. These did not include about half a hundred firemen, who were detailed as ushers. Chief McClure's boys catch this assignment every year, at the opening game of the season, the play-off, and the Dixie series, if any. Chief McClure was on hand, wondering whether he would be called on to receive the "first ball pitched" from Mayor Nelson. This customary detail had not been announced by club officials, and fans didn't know until the start of the game whether any such formalities would be observed.

Walter Morris of Dallas, Texas league president along about 1920, was present at the game. Before the start he visited the Cat dugout and shook hands with some of the boys. He was accompanied by Hap Morse, infielder of the Dallas Steers also here for the series.

Well the old Rambler made a talk over the radio before the game started and he was so flustrated that when it did start he couldn't assemble his scorepad and pencil. It takes more nerve to talk through a mike than it does to predict who Frank Snyder will pitch in a crucial game.

Ned Record, sports writer of the Fort Worth Record-Telegram, also made a talk. He talked before I did and told the boys how the Cats were going to win the pennant and Dixie series, and all that stuff, so when I got my shot at the mike I told them how the Spudders were going to win. How's that for getting back at 'im?

But I hope I'll never have to make another radio talk!

A movie cameraman appeared on the scene just as the umpires were about to start the game, and took a shot of Hal Wiltse as the latter warmed up in front of the Spudder dugout. He also "shot" Carl Williams, Frank Snyder, and the umpires as they grouped around the plate to make the final agreements, etc., before the start. "Old Red" the official announcer of the Spudders, also got into the picture. The cameraman then made ready to take movies of the game. Hal Story meanwhile was taking snapshots.

He Won His Twentieth!

HAL WILTSE

Hal Wiltse failed to crowd in his 20th victory during the official term of the season. But he did it masterfully Wednesday, whether he'll get credit for it in the season's records or not. The brilliant southpaw limited the Cats to nine scattered hits in the first title scrap.

ROBINS BLANK CUBS, 6 TO 0

Leaders Accept Second Shutout From Dodgers

BROOKLYN, Sept. 10. (AP)—For the second day in succession, the Chicago Cubs were shut out with five scattered hits by Brooklyn pitching and tonight the National league leaders found their grip on first place reduced to one game and a half over the Robins and the St. Louis Cardinals.

Adolfo Luque, 41-year-old Cuban veteran, followed in the footsteps of the youthful Ray Phelps to win the second of this three-game series, 6 to 0. In addition to five hits, Luque yielded four bases on balls, but great support, including three double plays, kept Chicago's score at an irreducible minimum.

The game was decided in the first inning when the Robins lit into Charley Root with a savage assault that yielded five runs. The sudden and furious attack sent Root to the showers before he retired a man in the first inning. Frederick and Gilbert singled to launch the rally. Herman doubled, scoring Frederick, and Wright hit a line single to score Gilbert and Herman. With Biasonette's double, Jess Petty stepped into the breach.

Rube Bressler, Brooklyn left fielder, had dislocated a finger making a play in the first half of the frame. Hendrick batted for him and lined Petty's first pinch over Blair's head for a double scoring Wright and Bissonette. Petty pitched shutout ball for seven full innings before he was taken out or Pinch-Batter Hornsby in the eighth. Score:

CHICAGO	Ab	H	O	A	BROOKLYN	Ab	H	O	A

Hits—off Root 5 in 0 innings, none out in first; off Petty 4 in 7 innings; off Nelson 2 in 1 inning. Losing pitcher—Root.

Grid Game At Quanah Friday

QUANAH, Texas, Sept. 10.—The 1930-31 football season will open here Friday, Sept. 12, at Athletic field when Crowell players will work out the Quanah Indians, in a practice tilt which does not count in the conference standing.

Coach Stallworth has arranged starting line-up as follows: Will Shields, fullback; Hall and Lovell, halfbacks; and Cox, quarterback; the line will have Norman and Brazil or Jones, ends; Harrell and Ennis, tackles; Rogers, center; and O'Hair and Moore, guards.

Others who will probably see some action in the game are: Richardson, Blue, Faircloth, Brandon and Hurst.

THEY GAVE A new Thrill

THAT'S WHY THEY GOT THERE . . . SO QUICKLY

FAST SUCCESS STORY NO. 11

JOAN CRAWFORD

Joan is America's "Dancing Daughter." She danced through school. She danced through college. She danced as an "extra." She danced to stardom. All in a few brief years.

Just as another young star, OLD GOLD, waltzed through New England in barely two weeks. Skipped through the West before the end of the winter. Won the whole country in little more than a year.

Why? *Mother Nature's better tobaccos* gave OLD GOLD its famous throat-ease. Joan Crawfords and OLD GOLDS are Mother Nature's favorites . . . that's why they dance their way to the front.

. . . . . BETTER TOBACCOS
"NOT A COUGH IN A CARLOAD"

HERE'S THE CREW THE SPUDDERS 'MIGHT' MEET FOR DIXIE TITLE

Memphis Chicks Boast Strong Array Of Hitters With Averages Over .300

In case the Spudders win the Texas league championship in the play-off series which started Wednesday, they will meet the Memphis Chicks, Southern association champions, in the Dixie series.

The batting and fielding averages of the Chicks, and their pitchers' records, printed below, give an idea of the crew the Spudders will be up against in case of a victory in the Lone Star state struggle. The averages below include games through Sept. 12.

Mustangs Start Tuning Up For Tough Gridiron Schedule in East

By GAYLE TALBOT JR.
Associated Press Sports Writer

DALLAS, Sept. 10.—A claim to the 1930 national football title its goal, Southern Methodist university's aerial circus started tuning up today for a campaign that between now and Nov. 29 will carry through the Middle West to the Atlantic seaboard and will include three intersectional battles.

Practically unknown outside the Southwest conference until two seasons ago, when they made a spectacular sortie into the East and unloosed a dizzy overhead attack against the Army that barely fell short of victory, the Mustangs are bent upon another "educational" tour.

Ponies Meet Navy

Notre Dame at South Bend Oct. 4, dedicating the new stadium, and the Navy at Baltimore, Nov. 15, are the biggest shots on the Ponies' program. Their third intersectional bout will be against Indiana university here Oct. 25, when they again will help dedicate a stadium. Outside of those three games and five in their own conference, the air-minded Methodists will have little to do the next three months.

The year the Mustangs are to make their greatest bid finds them ready. Ray Morrison, dean of the Southwest's coaches has enough material for three good football teams.

Of the lineup that piled through a schedule of 10 games last year without meeting defeat, only two men were missing today. One was "Choc" Sanders, big Indian guard, lost through graduation. The other was Marion "Scrap Iron" Hammon, all-conference tackle and captain-elect, thrown for a scholastic loss by the faculty.

Mason Leads Backs

Led by "Speedy" Mason, elusive halfback, the 1929 backfield is intact. Bob Gilbert, whose accurate passing featured the Mustang's attack last year, is back to direct the team for quarterback. Bruce Kattman at the other half and Ira Hopper, 200-pound fullback, round out a crack group, thoroughly familiar with Morrison's tricky offense. A fine lot of reserve backs include McNutt, Shaw, Herron, Johnson, Hamiter and Woodward. Among the outstanding sophomore candidates for a backfield berth is Howard.

Long and Koontz, ends; Skeeters, tackle; Neely, guard, and Powell, center, are veterans returning to the line. It will be hard to dislodge any of the five. The scrap for the two vacant positions was expected to be a hot one, with Butler, Tarrance and Riley outstanding prospects.

AGGIES START OFF WITH SIGNAL DRILL

COLLEGE STATION, Texas, Sept. 10. (AP)—Disregarding usual preliminary training, Coach Matty Bell sent 55 Texas Aggie grid candidates through the first signal drills of the season today. Jimmie Aston, Farmersville, freshman star last season, Harry Phillips, McKinney, Bob Harling, Houston, Harry Stiteler, Smithville and Henry Graves, Corsicana, ran the teams as quarterbacks. Definite word was received indicating Red Walker, giant tackle from Dallas, and Gene Overton, Stamford, another big tackle, would not return this fall.

ENTIRE BAYLOR SQUAD REPORTS FOR WORK

WACO, Texas, Sept. 10. (AP)—Every member of the Baylor football squad reported for duty at the first call today and uppermost in the minds of the 50 youngsters was the Purdue game Oct. 4.

Baylor had an intensive practice session at the close of the baseball season last spring and the Baylor mentors will try to take up just where they left off then. Jennings hopes to have the Bruins in scrimmage sessions in less than a week.

Among the regulars of last year who reported are: Captain Bochey Koch, Puny Witcher, Charley Morris, Bill Barrett, Jake Wilson, Albert Lewter, Lewis Paradeaux, Kitty Kathcart, Ernest McElreath, Dutch Furl, Maurice Pierce, Bob Kiersey, Red Elkins, Esco Walter, Sonny Boy McClellan, and Raymond Alford.

35 LETTER MEN OUT FOR ARKANSAS TEAM

FAYETTEVILLE, Ark., Sept. 10. (AP)—Thirty-five men reported today to Coach Thomsen to start the football training season at the University of Arkansas.

Four letter men and a number of last year's varsity and sophomore reserve were not here for the first roll call but were expected before the end of the wek.

Hard work was a feature of the opening practice.

Letter men reporting were: Kyle, half; Ledbetter, half; Dale, half; Uptmoor, full; Creighton, guard; Buckelew, center; Hays, end; Secrest, tackle; Robinson, center; and Darr, end.

Sophomore candidates were: Goldberg, center; Phillips, quarter; Melton, guard; Erwin, guard; Nations, end; Stout, half; Houston, tackle; Edmondson, guard; Hirshorn, center; Karr, quarter; Patterson, full; Clark, guard; and Gibson, end.

TIGERS BLANK CHAMPION A'S

Recruit Slams Out Homer With Two on Base

DETROIT, Sept. 10. (AP)—The Tigers blanked the Philadelphia Athletics, 4 to 0, in the series closer here today due, in part to the efforts of Frank Doljack, a recruit from Wheeling, W. Va., With the score 1 to 0, for the Tigers, he hit a home run in the fourth inning, scoring two men ahead of him, to give Vic Sorrell a comfortable lead. Sorrell held the Athletics to four hits, no two of them coming in the same inning. Score:

MACFAYDEN QUELLS SOX

CHICAGO, Sept. 10. (AP)—Danny MacFayden held the Chicago White Sox to 6 hits today and the Red Sox won, 6-2, evening the series. After the White Sox scored once on three hits in the first inning MacFayden never let them get more than a hit an inning thereafter. The Red Sox jumped on Urban Faber for a run in the second when Webb hit a home run, added another in the fourth and iced away the game in the fifth when Bill Regan hit one of the longest home runs of the year with two men on the base paths.

A Harmless Prescription, but How it Moves the bowels!

DON'T *you* want this way of making the bowels behave? A doctor's way to make the bowels move so well that you feel better all over! Dr. Caldwell's Syrup Pepsin doesn't turn everything to water, but cleans out all that hard waste clogging your system. It cleans you out without any shock, for it's only fresh laxative herbs a famous doctor found so good for the bowels combined with pure pepsin and other harmless ingredients.

A doctor should know what is best for the bowels. Let Dr. Caldwell's Syrup Pepsin show you how soon you can train the bowels to move freely, every day, the way they should. It's wonderful the way this prescription works, but it's perfectly harmless; so you can use it whenever a coated tongue or sick headache gives warning that you are bilious. Fine for children, too (it tastes so nice) and they ought to have a spoonful the minute they seem fretful, feverish, or sluggish, or become stuffed up with a cold.

You can get the original prescription Dr. Caldwell wrote so many years ago; your druggist keeps it all ready in big bottles. Just ask for Dr. Caldwell's Syrup Pepsin, and use it any time anyone in the family is constipated.

DR. W. B. CALDWELL'S
SYRUP PEPSIN
A Doctor's Family Laxative

Disturbances in Your Kidneys and Bladder should be checked at once. It's dangerous to neglect these warning pains. Night rising, backaches, burning pains can usually be quickly relieved by using Santal Midy (used all over the world for nearly a century). Get some from your druggist at once.

Be your own conductor . . . . . .

the TONE CONTROL is your "Baton"

Now . . . for the first time in Radio . . . you can take a part in the performance! Everyone's ear is attuned differently to different parts of the musical scale. On the new Brunswick you can now modify reception through even gradations of tone to suit your taste or mood. Emphasize the deep, resonant bass notes or bring out the silvery clearness of the treble.

And—you can cut down the annoyance of static with Brunswick's Tone Control. Static noises are very highly pitched—turn your tone control towards the bass and you immediately improve reception.

Ask your Brunswick dealer. He will be glad also to explain the revolutionary new Uni-Selector that simplifies the operation of the set. He will tell you of the many new features that make Brunswick truly—"The Radio of the Future."

Then—operate the set yourself. Experience the thrill of Tone Control—the ease of operation with the UNI-SELECTOR.

Do this now! Whether you are in the market for a new radio or not, you will want to keep yourself posted on what radio will be in the years to come.

NEW YORK COTTON

NEW YORK, Sept. 10. (AP)—The steadier tone which developed in cotton here yesterday became more pronounced during today's trading, with prices advancing on further covering and trade buying. Offerings were comparatively light on the upturn which carried the more active months back to about the prices ruling just before the publication of the government crop report Monday.

New December contracts sold up to 11.48 in the late trading or 35 points net higher and 58 points above the low level touched on the bureau day decline. That delivery closed at 11.45 with the general market closing very steady at net advances of 25 to 35 points.

The opening was very steady at an advance of 9 to 17 points in response to overnight buying orders and in sympathy with the relatively firm showing of Liverpool.

According to reports circulating in the market here this afternoon European mills continue to buy cotton quite freely, and a better demand is developing from domestic spinners with New England showing more interest in staple cotton.

The feature most generally referred to in connection with the advance, however, was the continued absence of any general hedge selling from the South, as an indication that Monday's government crop figures and declines in futures, had not weakened the holding movement.

Liverpool cables said continental and Bombay buying had absorbed some hedging and short selling in that market and reported an improved inquiry for cotton cloths from India. Exports today 33,342, making 582,193 so far this season. Port receipts 38,196. U. S. port stocks, 2,019,809.

Futures closed steady, 25 to 34 points higher; spot steady; middling 11.50.

NEW ORLEANS COTTON

NEW ORLEANS, Sept. 10. (AP)—The cotton market developed a further moderate upward tendency in today's trading despite favorable rains in the belt and a more favorable weekly weather and crop summary than looked for. Following an opening gain of 8 to 11 points on better cables than due prices continued to improve on trade buying and covering helped by the absence of hedge selling until prices showed gains of 20 to 22 points.

The market continued to advance after mid-session although there was a reaction of a few points at one time due to some hedge selling but prices rallied and made new highs right near the end, 20 to 21 points above the lows and 28 to 29 points above the previous close and closed at or near the top showing net gains for the day of 26 to 31 points.

Liverpool came in 7 to 8 points better than due and first trades here were 8 to 11 points up. The market continued to improve after the call on the execution of over-night buying orders and before the end of the first hour October traded as high as 11.13 and December at 11.30 or 14 points above the previous close.

Although the weekly weather report was more favorable than due the market showed only momentary hesitation and then advanced again on fair trade buying and shorts covering. October advancing to 11.19 and December to 11.38 or 20 to 22 points above the previous close.

The market continued to advance after mid-session on trade buying and active covering by shorts making new highs at 11.27 for October and 11.45 for December or 28 to 29 points above the previous close. The close was at or near the top with active months 27 to 28 points net up.

Port receipts 38,805, for week 189,991, for season 1,097,559, last season 826,344. Exports 33,951, for the week 129,611, for season 566,428, last season 424,217. Port stock 2,023,713, last year 797,116. Combined shipboard stock at New Orleans, Galveston and Houston 72,032, last year 73,374. Spot sales at Southern markets 30,378, last year 33,566.

Futures closed steady at net advance of 26 to 31 points.

MARKETS AT A GLANCE

NEW YORK

Stocks firm, merchandise and utility issues favored.
Bonds steady, convertibles improve.
Curb firm, utilities active and higher.
Foreign exchanges irregular, Canadian makes further advance.
Cotton higher, spot house buying and firm cables.
Sugar easy, lower spot market.
Coffee lower, European selling.

CHICAGO

Wheat steady, better export demand.
Corn barely steady, favorable weekly weather report.
Cattle steady to higher.
Hogs lower.

Market Chilled by Steel News, Ignores Optimism of Babson

By BROADAN WALL

NEW YORK, Sept. 10. (US)—Confronted with additional unfavorable business news, the stock market continued to hesitate today but closed relatively firm. In the early trading sentiment was exceedingly cautious in view of the impending steel corporation unfilled tonnage statement and upon its issuance, disclosing **a 441,000-ton decrease, the** market was somewhat chilled. Nevertheless, the report failed to bring out widespread liquidation and only modest recessions were witnessed in the leaders. Cheerful remarks attributed to Babson, the market prophet, had no effect whatever. Aggressive sponsorship for a limited number of particular favorites, however, served to offset the heaviness in various parts of the list. Trading was on the largest scale in recent weeks, exceeding 2,400,000 shares.

Purely speculative interests are disappointed by the failure of a greater public following to develop, but only the most impatient anticipated any great rush of public buying. It will require concrete evidence of a business betterment to bring in substantial public following and such news as the steel corporation tonnage statement, although "water over the dam," serves to retard any enlargement of public participation. The Iron Age review, with its offsetting remarks of cheer and disappointment, likewise is too conflicting to encourage sentiment. Nevertheless, powerful financial interests including the largest bank are still committed to a conservatively bullish attitude. The early part of September was not expected to disclose any betterment in business, but the market is looking to the next month or so for cheer from industry and trade.

This sentiment is particularly evident in the merchandising group, which again today showed signs of renewed buying. Montgomery-Ward was advanced to a new high as report spread the buying was for "good account" in anticipation of continuance of the current dividend. The company's operations probably are still disappointing from the standpoint of earnings. Macy also entered new high ground on the recovery and other similar shares likewise improved. The copper shares, especially International Nickel, maintained their prices, on renewal of the report that the metal price may be advanced in the near future. Nickel was the outstanding feature of the market, rising steadily into new high ground on a large turnover. Some well-informed interests in this stock are inclined to await a setback before resuming large-scale buying, in view of the stock's substantial recovery from its recent low. Motor shares flattened out with failure or active general interests to follow the speculative activity in General Motors. Buying of the latter, however, continued for wel-informed people.

Baldwin locomotive reacted fractionally as its recently aggresive sponsors rested. Recent buying of the stock, it is understood, has been based on knowledge of an important change planned in the method of financing new railway equipment purchases. It is stated that the Baldwin company, in conjunction with its bankers, will hereafter propose to the railroads that they purchase their equipment from Baldwin on an installment-payment plan. Heretofore, railroads have issued equipment trust certificates to pay for such purposes, and the certificates of course became obligations of the issuing and purchasing road. Under the Baldwin plan, however, the locomotive company will issue the certificates and permit the railroads a reasonable period in which to pay for the equipment. In this way, it is hoped that Baldwin's business will be substantially expanded. Some of the Baldwin stock taken out of the market will be made available to employes.

Under aggressive sponsorship, Radio corporation was advanced into new high ground, but its advance continued stubbornly opposed by powerful bears. Motion picture stocks continued under pressure of profit-taking brought on by their relatively substantial advances. Southern railway was firm in anticipation of its directors voting at today's meeting the regular $2 quarterly dividend, which will actually not be endangered until next year. The management has stated it may be able to overcome the difficulties presented by the charter provisions. Consolidated Gas featured the utilities, attaining new high ground and holding a fraction of its net advance while most other utilities were soft. Standard Oil of New Jersey recovered almost a point on advices that the company had entered into new expansion work abroad.

Grain

TEXAS CASH GRAIN

FORT WORTH, Sept. 10. (AP)—The wheat market was fair here today on the cash grain market, but there was nothing doing in the export market, due to the fact that export basis was out of line with domestic. There was a fair demand for corn, oats, barley and Milo, but Kaffir was slow.

Estimated receipts—Wheat, 12 cars; corn 6; oats 2; barley 2; sorghums 1, and hay 11.

Bids and offers on grains ranged as follows, basis carloads delivered Texas common points, freight paid:

Wheat—No. 1 ordinary hard milling any protein, 94@94½c.

Corn—No. 2 mixed $1.00@1.01; No. 2 white $1.01@1.02; No. 2 yellow $1.11@1.12.

Oats—No. 3 white 49½@50c; No. 2 red 52@53c.

Barley—No. 2 70@71c.

Sorghums—No. 2 yellow milo $1.92@1.95; No. 2 white kaffir $1.66@1.68.

CHICAGO GRAIN

CHICAGO, Sept. 10. (AP)—Grain trade today was largely of a balancing nature with traders reducing commitments in preparation for the United States government crop report, due late in the day. Wheat had a better undertone and prices averaged higher, although most of the trading was done within narrow limits. Final estimates on the amount of export business done overnight were 500,000 bushels. Strength of wheat at Liverpool, with the October delivery selling at a premium over the December and March deliveries for the first time in several years, helped the Chicago market. Corn met with selling pressure towards the end of trading and sagged some.

Closing prices on wheat were nervous ⅜@1c higher than yesterday's finish. Corn closed unsettled, from ⅛c lower to ¼c higher, oats ⅛@¼c up, and provisions ranging from a 10c decline to an advance of two cents.

Nervous price fluctuations were the chief characteristics of the dull wheat market. Corn held within narrow limits and price changes were of little consequence.

Oats and rye were dull and fluctuated within narrow limits.

Provisions were firmer on scattered buying, despite lower hog prices.

Closing indemnities: Wheat—December 86⅞@87c, 90¾@90¾c; March 90⅝c, 94½c; May 93¾c, 97⅝c. Corn—September 94½c, 99c; December 89⅝@89½c, 94⅜@94⅞c; March 91¾c, 96½c; May 93⅝c, 98½@98⅜c.

PIT NOTES

CHICAGO, Sept. 10. (US)—In the always to be expected diversity of opinion which followed the issuance of the government report, one feature of the grain situation stood forth conspicuously as being agreed upon generally. That was the belief that for the remainder of the season there will be a relationship between wheat and corn more pronounced than has ever been witnessed.

Increases in wheat yield were approximately as expected. The bears on corn looked upon the report as bearish as it was not as low as some of the bulls had expected. The latter believed that a reduction of 230 odd millions of bushels, plus the absorption of the usual gain from the sliding par reporting method could hardly be construed as bearish.

The general disposition seemed to be to look for a reaction in corn prices tomorrow morning. Bears look for considerable liquidation, while those friendly to the long side feel some of the prominent bulls have been evened up for the government report and are ready to take hold on the possible reaction.

Spreading between Winnipeg and Chicago was reported under way the past few days. It was believed traders were selling the local May and buying the Winnipeg contract.

BOSTON WOOL MARKET

BOSTON, Sept. 10. (AP)—Demand for wool continues steady with the movement moderate in volume, mostly on 64's and finer wools. Further sales are being reported on Ohio and similar strictly combing 64's and better quality wools at 31c to 31½c in the grease. Territory original bag fine wools of bulk good French combing staple sold at 72c to 73c scoured basis. Similar lines with clothing wool graded out brings 73c to 75c, scoured basis.

TEXAS SPOTS

GALVESTON, Texas, Sept. 10. (AP)—Spot cotton closed steady, 30 points up.

Low ordinary 5.35; ordinary 6.25; good ordinary 7.25; strict good ordinary 8.25; low middling 9.50; strict low middling 10.50; middling 11.25; strict middling 11.60; good middling 11.75; strict good middling 11.90; middling fair 12.05. Sales spots 98; f. o. b. 600.

Livestock

TEXAS LIVESTOCK

FORT WORTH, Sept. 10. (AP)—Trading in cattle here today was about steady with sales yesterday.

A few plain steers sold from $4.75 to $5.50. Better heavy bulls sold from $4.75 down; a few yearlings sold up to $8.50, but the half fat grass yearlings were slow. Fat cows sold from $4.50 to $5.50. Canners cleared from $2.25 to $2.60 with cutters around $3.00.

Calves sold about steady. Good medium and light weight calves sold at $7.50 with some other calves at $7.00. Fairly good calves sold from $5.50 to $6.25. Stocker steers sold at $6.75. Hogs were weak to 20 cents lower with rail and truck top $10.55; bulk 175-250-pound butchers sold from $10.20 to $10.55; packing sows $7.50 to $7.75; pigs up to $8.25.

Fat lambs about 25 cents lower. Other classes steady. Fat lambs $7.25; fat yearlings up to $6.00; 2-year-old wethers up to $4.50 and aged wethers $4.00.

Hogs—Receipts, 500; market weak to 20c lower; rail and truck top, $10.55; packing sows, mostly $7.50@7.75.

Cattle—Receipts 6,900, including 2,400 calves; general trade in she stock and other butcher classes about steady; good fat cows up to $5.50; butcher grades around $3.25@3.75; light yearlings, $8.00@8.50; stock calves, $6.50@7.00; slaughter calves, steady to around 25c lower; good light weights up to $7.50.

Sheep—Receipts, 3,800; fat lambs, 25c lower; other classes steady; good fat lambs, $7.25; fat yearlings, $6.00; fat wethers, $4.50.

MIDWESTERN LIVESTOCK REVIEW

KANSAS CITY, Sept. 10. (AP) (U.S.D.A.)—Cattle trade around the 11-market circuit was featured by additional upturns on light weight fed steers and yearlings. Weighty fed steers, however, were offered rather freely and unless of strictly choice quality ruled weak to mostly 25c lower. Country demand for replacement kind was rather slow and values were no more than steady. Chicago scored $13.00 on choice yearling steers and secured $12.50 for best heavy steers. Highly finished 1,250-pound steers in Kansas City realized $12.50. Some of the better kind of fed Western grass steers are selling up $10.50 while the bulk of common to medium straight grassers turn at $6.00@8.00. Receipts were estimated at 45,700.

The hog market was slow at generally steady to 15c lower rates. Some points, on the close, reporting losses of 25c. The day's extreme top of $11.30 was paid at Chicago. Arrivals numbered around 60,400.

There was a reaction on fat lambs with prices firm to 25c higher. Matured classes of sheep ruled steady. Choice Washington lambs in Chicago made $9.40, while at several of the river markets fat range lambs sold up to $8.40. The sheep supply approximated 89,800.

CHICAGO, Sept. 10. (INS)—Hogs—Receipts 15,000, 10c lower; top $11.25; bulk $9.25@11.20; heavy $10.25@11.25; medium $10.90@11.25; light $10.60@11.20; light lights $9.90@10.75; packing sows $8.40@9.65; pigs $8.50@9.75; holdovers 5,000.

Cattle—Receipts 13,000; 25c lower; calves 3,000, steady; beef steers, good and choice $11.00@12.60; common and medium $6.00@10.50; yearlings $7.00@12.50; butcher cattle, heifers $5.50@12.00; cows $4.25@8.00; bulls $5.00@8.00; calves $10.00@12.50; feeder steers $7.00@8.50; stocker steers $5.50@8.00; stocker cows and heifers $4.50@6.50.

Sheep—Receipts 23,000; steady; medium and choice lambs $6.25@9.25; culls and common $5.00@7.00; yearlings $5.50@7.50; common and choice ewes $2.00@4.25; feeder lambs $6.50@7.50.

OKLAHOMA CITY, Sept. 10. (AP)—Cattle—Receipts 1,700; calves 1,100; extremely slow; good yearlings of value to sell $7.50@8.00; grass steers $4.00@5.00; beef cows $5.00@6.00; heavy sausage bulls up to $5.00; light kinds $3.50@4.50; vealers $7.50.

Hogs—Receipts 1,500; generally 5c higher; top $10.50; packing sows and stags $8.00.

MONEY QUOTATIONS

NEW YORK, Sept. 10. (AP)—Foreign exchanges irregular. Great Britain in dollars; others in cents:

Great Britain, demand 4.86¼; cables 4.86 5-16; 60-day bills on banks 4.84 1-16. France, demand 3.92 9-16; cables 3.92 11-16.

Italy, demand 5.23½; Belgium 13.94½; Germany 23.81¼; Holland 40.24; Brazil 10.15; Tokyo 49.40; Montreal 100.15⅝.

NEW YORK, Sept. 10. (AP)—Call money steady, 2½ per cent all day. Time loans steady, 30 days, 2@2¼; 60 days, 2¼@2½; 90 days, 2½@2¾; 4 months, 2¾@3; 5-6 months, 3.

Prime commercial paper, 3@3¼.

Bankers' acceptances, unchanged.

United States Bonds

NEW YORK, Sept. 10. (AP)—Government bonds: Liberty 3½s, $101; 1st 4¼s, $102.2; 4th 4¼s, $103. Treasury 4¼s, $112.16; 4s, $107.28; 3¾s, $100.26; 3⅜s, $101.13.

DRY GOODS MARKET

NEW YORK, Sept. 10. (AP)—Gray cotton goods markets were quiet today, with scattered sales of print cloths, sheeting, and some other fabrics at firm prices. Naming of lower prices on percales and printed cottons brought numerous buyers into the market. Burlap cables were unchanged to a shade easier, with better inquiry for spot and afloat goods. Declines in Japan put raw prices down here in a dull market.

NOTES CALLED IN MARCH 1931

Two U. S. Treasury Issues Redeemable

Special to The Record News

DALLAS, Sept. 10.—Secretary Mellon Wednesday announced that all three and one-half per cent treasury notes of series A 1930-32 and series B 1930-32 have been called for redemption on March 15, 1931, on which date the principal of any such notes then outstanding will be payable, together with interest then accrued.

Accordingly interest on all three and one-half per cent treasury notes of series A 1930-32 and series B 1930-32 will cease on March 15, 1931.

The series A 1930-32 three and one-half per cent notes were issued on March 15, 1927 and were made redeemable on six months' notice on any interest payment date on and after March 15, 1930. Of the $1,360,456,450 originally issued there were outstanding as of Sept. 1 $649,076,350.

The series B 1930-32 notes were issued on Sept. 15, 1927 and were made redeemable on six months' notice on any interest payment date on an after Sept. 15, 1930. Of the $619,495,700 originally issued there were outstanding as of Sept. 1, $500,303,700.

Particular attention is invited to the fact that the three and one-half per cent treasury notes of series C 1930-32 are not included in this call for redemption and to the further fact that the notes which have been called for redemption should not be presented for redemption until March 15, 1931, or shortly prior thereto.

Stockings Throw Light On Kidnaping Mystery

NEW YORK, Sept. 10. (AP)—A pair of white stockings, found in the Margaretville, N. Y., farmhouse of Charles Edward Pope, were identified today by Mrs. Delia Budd as those worn by her 11-year-old daughter, Grace, when she was kidnaped two years ago.

Mrs. Budd also identified a partly burned ornament, police said, as one that had been attached to a purse the child carried. The identifications were made in a court anteroom while Pope was awaiting arraignment on a charge of kidnaping the girl, who never was heard from after she left home in company with a man who had her parents' consent to take her to a "birthday party."

What's On The Air Today

Broadcast of the second Texas league play-off series play-by-play from Athletic park Thursday afternoon will feature the day's entertainment from radio station KGKO, it was announced Wednesday. The baseball classic will go on the air from 2:45 to 6 p. m.

The balance of the day's broadcast will be as follows:

8:00 to 9:30 a. m.—Records, shopping hour.
9:30 to 10:00 a. m.—Cheer Up club.
10:00 to 11:00—Church of the air.
12:00 to 12:50—Musical program.
12:50 to 1 p. m.—News flashes from The Daily Times.
2:45 to 6:00 p. m.—Spudders vs. Fort Worth, Athletic park.
6:30 to 6:45—News flashes from The Daily Times.
6:45 to 7:00—Baseball summaries.
7:00 to 7:30—Studio ensemble.
7:30 to 7:35—Your English.
7:35 to 7:45—Lou and Jack.
7:45 to 8:00—New Victor records.
8:00 to 8:30—Orchestra.
8:30 to 8:45—King Arthur tales, Challengers' program.
8:45 to 9:00—Song story.
9:00 to 9:15—News acting.
9:15 to 9:30—Cleo Grantham, violinists.
9:30 to 9:45—Records.
9:45 to 10:00—Travelog; dialog; World book man.
100:00 to 10:30—Orchestra.
10:30 to 10:45—News flashes from The Record News.

Ironing Board Saves Girl From Demented Suitor

WASHINGTON, Sept. 10. (AP)—An ironing board and the ingenuity of a rookie policeman late last night saved the life of Annie D. Jennings, 25-year-old nurse after she had spent two hours imprisoned by a crazed suitor.

Squads of police stood baffled outside the house of Howard F. Carson, the demented youth, who at the point of a pistol dragged the girl to his upstairs room and threatened to shoot her unless she promised to marry him. Any move to capture him, they feared, would result in instant death for the girl. Carson's parents pleaded with them not to shoot their son through a window—the only solution that appeared.

Finally Patrolman Earl Baker, noticing the short distance between the Carson house and one adjoining, laid an ironing board on the rails of the upstairs porches and tiptoeing across disarmed the youth before he could carry out his threat.

K. P. Gives $25,000 to Drouth and Storm Aid

NEW HAVEN, Conn., Sept. 10. (UP)—The Knights of Columbus has appropriated $25,000 for relief of mid-western drouth sufferers and victims of the Dominican hurricane, according to an announcement by the supreme knight here today. Notification of the fund has been forwarded to President Hoover and relief authorities at Santo Domingo.

Rail Board Raises Proration Total Here

Special to The Record News

AUSTIN, Sept. 10.—The railroad commission Wednesday increased the proration maximum of Wichita county 659 barrels to a total daily oil production of 8,565 barrels.

ROADS PROTEST FREIGHT CUTS

Western Lines Appeal From Order

WASHINGTON, Sept. 10. (INS)—Asserting that the recent order of the Interstate Commerce commission reducing substantially freight rates on grain and grain products in western territory would cause them a loss of $20,000,000 in revenue, western railroads today petitioned the commission to vacate its order. In the event the commission does not take this action, the roads asked the case be reopened for further hearings.

The railroads said grain and grain products shipments were a substantial part of their traffic and that the commission, instead of reducing rates should find some means of increasing them.

It was further asserted the western railroads have not earned a fair return upon their investment since the enactment of the transportation act and at present are earning less than 4 per cent.

Gold Star Mother Ill On French Pilgrimage

VERDUN, France, Sept. 10. (INS)—Mrs. Grace Kingsbury, a visiting Gold Star mother from Smith Center, Kan., was seriously ill here today.

Mrs. Kingsbury arrived in France, last week with the latest contingent of Gold Star mothers sent to France by the United States government for a visit to the graves of sons lost in the war.

Physicians attending her reported her suffering from uremia.

All classified ads taken to run in both papers, with exception of classified display, which is optional.

Phone Your Classified Ads to
4391

Our courteous ad taker will receive your Classified Ad and help you to word it, then our collector will call the next day. These accounts are "accommodation accounts" for the convenience of our patrons in transacting business over the telephone.

Classified Ad patrons desiring to have ads charged must have a telephone listed in their own name. No book record is made by the publishers on account of the great number of transactions, hence the necessity of collecting promptly.

Correction of errors in Classified Ads must be made before the second insertion. No allowance will be made for more than one incorrect insertion.

Cancellations and adjustments regarding errors should be telephoned to the Classified Ad department between 8 a. m. and 6 p. m.

Ads accepted for afternoon paper up until 11 a. m. same day.

Morning paper up to 6 p. m. for the following morning.

Sunday paper up to 7 o'clock Saturday night.

Same copy in both papers.

THE CLASSIFIED DEPARTMENT IS OPEN ON SUNDAYS from 4 to 6 p. m. and telephone orders for classified ads to be inserted or to be discontinued will be accepted.

Exceptions: Want ads will be accepted over the telephone for all excepting the following classifications: Situations Wanted and Wanted to Rent. Ads for these classifications are cash with the order and will not be accepted over the telephone.

The Times reserves the right to classify all Classified Ads under the appropriate headlines and to revise or to withhold from publication any ads deemed objectionable.

Free Want Ads for the Unemployed

The Daily Times-Record News will accept Classified Advertising copy without charge from persons who desire work. Your ad will not be accepted for more than three insertions (this includes both papers) and the message must be confined to three lines (18 words).

The Daily Times and Record News is extending this cooperation and allowing the free use of our "Situations Wanted" classifications in the Want Ad Columns without expense to those without employment.

Sincethe Daily Times and Record News has an average circulation of over 36,000 and is read in practically every home in this city and a large number throughout this territory, it is an opportunity for those without employment and who have special qualifications to place their message before the people of this section.

This offer is only made during the present emergency and subject to withdrawal at any time, so anyone who is looking for a position is requested to run a want ad now. Ads will not be taken over the telephone of this nature, but must be brought to this office, located at the corner of Seventh and Scott avenue.

CORN ESTIMATE FAR UNDER PAR

U. S. Issues Grain Yield Report

WASHINGTON, Sept. 10. (UP)—The 1930 corn crop was estimated at 1,982,765,000 bushels in a general crop report as of Sept. 1, issued by the agriculture department today.

This compares with a yield of 2,614,000,000 bushels last year and a five-year average of 2,700,000,000 bushels. The condition was reported 51.6 per cent of normal compared with a 10-year average of 77.7 per cent.

Wheat Estimate

Total wheat production was estimated at 837,761,000 bushels compared with a yield of 806,000,000 bushels last year and a five-year average of 883,000,000 bushels.

The production of durum wheat was forecast at 50,950,000 bushels on the basis of 69.8 per cent of normal as against 52,000,000 bushels last year.

Production of other spring wheat was forecast at 189,419,000 bushels on a basis of 63.1 per cent of normal, compared with 176,000,000 bushels in 1929.

Winter Wheat

Winter wheat yield was forecast at 597,000,000 bushels. The 1929 production was 578,000,000 bushels.

Oats production was forecast as 1,390,892,000 bushels on a basis of 80.3 per cent of normal as against 1,234,000,000 bushels for 1929.

Rye production was forecast at 46,700,000 bushels against 40,500,000 bushels produced in 1929.

Barley Yield

Barley production was forecast at 323,000,000 bushels on a basis of 74.7 per cent or normal. The 1929 production was 304,000,000 bushels.

Other production forecasts were:
Buckwheat, 8,800,000 bushels.
Flaxseed, 24,800,000 bushels.
Rice, 38,300,000 bushels.
Grain sorghums, 82,900,000 bushels.
Hay, all tame, 82,100,000 tons.
Hay, Wild, 12,000,000 tons.
Hay, alfalfa, 27,400,000 tons.
Beans, dry edible, 19,500,000 bushels.
Peanuts, 736,000,000 pounds.
Apples, total crop, 146,000,000 bushels.
Peaches, total crop, 46,500,000 bushels.
Pears, total crop, 24,600,000 bushels.
Grapes, 2,330,999 tons.
Potatoes, 339,000,000 bushels.
Sweet potatoes, 63,100,000 bushels.
Tobacco, 1,421,000,000 pounds.
Sugar beets, 8,220,000 tons.
Broom corn, 53,600,000 tons.

Oklahoma Counties Protest Rail Rates

OKLAHOMA CITY, Sept. 10. (UP)—The state board of equalization today heard complaints of 15 counties to a proposed reopening of the assessed valuation of the Kansas, Oklahoma and Gulf Railway company.

This company has 279 miles of track and has been assessed at $20,000 a mile. Company officials have protested the assessment.

Jackson county officials plan to protest the valuation placed by the board on the Kansas City, Mexico and Orient Railway company, in Jackson county. The board probably will not reach this case until late because of the K. O. & G. protest.

Labor Leaders to Move For Return of Beer

ATLANTIC CITY, N. J., Sept. 10. (UP)—The executive council of the American Federation of Labor probably will recommend to the organization at its annual meeting at Boston Oct. 6 that the manufacture of 2.75 per cent beer be legalized, according to William Green, president of the federation.

Legalization of 2.75 per cent beer, he said, would give employment to several hundred thousand workers and contribute to the income of as many more.

CLUBS JOIN IN WATER DRIVE

Optimists Pledge Support To Rotary Program

Decision of the Optimist club to join hands with the Rotary club in any program it may adopt for the promotion of better water for Wichita Falls was announced following an address before the Optimists Wednesday noon by Herbert C. Voelcker, Rotary president, regarding the water problem here.

Mr. Voelcker's address, it was said, opened a campaign to be waged by the Rotary club in an effort to obtain concerted action of the local citizenship toward improving the city's water supply. Other service clubs will be asked to cooperate in the movement, it was stated.

Dangers to health and property existing at present because of inferior quality and inadequate distribution was described by the speaker. Mr. Voelcker declared that citizens of this city would save $700,000 annually through reduced expenditures for soap, softeners, bottled drinking water, insurance, plumbing, radiators, etc., while one-tenth of that amount each year would retire bonds amounting to $1,140,000, the amount required for desired improvements as recommended by the Rotary club.

Ralph Hyer, Ralph Pond, and Jess McLarry were appointed by the Optimist club as a committee to work on the water improvement project.

Two prizes will be given for the best song and the best talk on the meeting to be held on Sept. 24, according to an announcement by Ralph Pond.

OFFICIALS RETURN

City Manager G. D. Fairtrace and City Attorney Thelbert Martin returned Wednesday from Amarillo where they attended the city attorneys convention.

Today

At the Theaters

By ELEANOR FLEMING

STATE: "The Sea Bat" with Charles Bickford and Nils Asther. Comedy and sound news.

STRAND: The Four Marx brothers in "Animal Crackers." Grantland Rice sportlight, screen song and sound news.

MAJESTIC: "Lawful Larceny" with Bebe Daniels, Lowell Sherman and Bert Roach. Comedy, cartoon, novelty short subject and sound news.

GEM: Neil Hamilton, Warner Oland and Jean Arthur in "The Return of Dr. Fu Manchu." Comedy.

Two letters with the same idea, expressed quite differently, further emphasized the already evident fact that there is a great deal of disagreement as to the merit of "Song O' My Heart." As a matter of fact, the column which caused all the row was either misunderstood or not written coherently enough.

◇ ◇ ◇

"Mrs. G.," for instance, exclaims as follows: "How anyone would possibly include 'Song O' My Heart' in the same class with 'Disraeli' is more than I can comprehend!" She also comments that the picture was "one of the most boring things of the season."

◇ ◇ ◇

"Song O' My Heart" and "Disraeli" are in the same class only in one respect—both were jerked a day ahead of schedule for lack of an audience. No song picture could ever compare with 'Disraeli.' And as for the picture being boring, those who are of that opinion are those who expected a plot. If ever there is any song picture with a plot, we may expect a purple moon or red daffodils.

◇ ◇ ◇

"Song O' My Heart" was delightful in two ways—a surprise as to its supporting cast, and adroitly handled as to the 11 songs included in it. I expected nothing and was surprised; Mrs. G. expected too much and was surprised. And there is the difference of opinion. (Note to Mrs. G. As to the recording, you can hear better on the very back row anywhere).

◇ ◇ ◇

Another letter written in a rather familiar style and addressed even more intimately, follows:

"Beloved Aunt (Hard Ridin') Bella:

"I'm typing with tears in my eyes
Because 'The Song O' My Heart'
was a stew.
I don't see why it should be
'jerked,'
With a cast and a plot that pleased
you.
If you were awake in the lull be-
tween songs,
You must have noticed a series of
wrongs.
You've been chancing too much to
your eyes,
Or the girl that reviewed wasn't
you.
"John (Himself) McCormack."

◇ ◇ ◇

Johnnie may square himself by writing again and enclosing a return address. Maybe he isn't as Irish as Aunt Bella, bedad. Maybe he and "Mrs. G." like "Lawful Larceny," better . . . maybe.

CARNIVAL TO OPEN MONDAY

Kiwanis Club Brings Show To Aid Park Fund

Twelve continuous days of extra and seasonal amusements for the people of Wichita Falls and vicinity were assured Wednesday when final plans for the appearance of the Haynes Shows here for one week beginning next Monday were announced by the Kiwanis club, under whose auspices the carnival attractions will be staged.

The seven-day period of carnival fun-making provided by the Kiwanis club through their booking the Haynes shows for this city will be sandwiched in between Wichita Falls' annual baseball classic and the immense Ringling Brothers-Barnum & Bailey circus which shows here on Sept. 20. The carnival opens Monday. The carnival grounds adjoining Athletic park had been engaged tentatively for the Haynes shows, but in case Wichita Falls should entertain the Memphis, Tenn., club here next week in the Dixie series, the carnival will be held at Eighteenth and Holliday streets.

The Kiwanis club is bringing the amusement enterprise as a means of raising funds to pay the balance due on the 12½-acre park presented to the city early this year. The park is located on the bank of Holliday creek, south of the city water plant.

Members of the Kiwanis club will be at the carnival grounds every afternoon and night in connection with the sale and collection of tickets. According to advance information, the Haynes shows represent the highest type of amusements offered by such enterprises.

Houston, Texas, is to celebrate its tenth year as a seaport in September.

He Gambled With Love and Honor . . . He Financed a Poor Girl's Matrimonial Campaign . . . In Two Years She Was to Marry Another or Be His . . .

RANDOLPH GRANBY at 39 was very rich and still a bachelor.

ROMANCE? He could have plenty of it, but he'd never seen a girl yet to whom he wanted to yield his freedom.

Then along came Donna . . . She was different. He wanted her but feared the marriage yoke. He gave her $25,000 . . . without security other than herself if after two years her matrimonial campaign should fail.
