On The BEAM

By J. W. King, Sr.

This columnist joins with the other citizens of Loraine in welcoming the D. D. Roland Nursing Home. The Nursing Home, one of the most modern in Texas, opened on February 1 to receive patients.

Loraine is fortunate indeed to have this new business in our midst. The Home in addition to providing a wonderful place for the elderly people of the area to live and be cared for properly, will be a boost to our economy. Some eighteen or more people will be employed at the home to do various tasks in and about the home to make the stay of the patients both pleasant and comfortable. Some of these people so employed may need to move to Loraine while some may already live here. Some will want to rent a house and others may want to buy or build a home. Rent houses in Loraine are not plentiful and few are really desirable. Property owners need to get their places in good condition for renting.

All of us realize that our hospital is one of the greatest assets our town has. The new nursing home will rank along with the hospital in this respect. We have realized for quite a while that Loraine needs a motel to provide a place where relatives who have someone in the hospital may spend the night so they can be close by in case they are needed. The hospital draws patients from a wide area and patients coming to the nursing home may come from an even wider area. Relatives of these people who come to spend some time with the patients would appreciate a place to stay while they are here I am sure. At this time we have no such place available but we hope someone will provide one in the near future.

Opening of the nursing home will give Loraine a "shot in the arm" that it badly needed. The fact is that Loraine needs more than one shot so we need to press forward in an effort to get all the shots we need.

TO DALLAS HOSPITAL

Mr. and Mrs. Joe Graham and sons carried his brother, Stanley Graham of Brownfield, to Dallas Thursday where he entered the Veterans hospital for medical check-up and possibly surgery. Stanley formerly lived in Loraine. While in Dallas the Grahams visited her brother and family, Mr. and Mrs. Turner Noel.

To Undergo Eye Surgery

Joe Allbright of Andrews came in Wednesday and carried his mother, Mrs. Pearl Allbright to Temple where she will undergo eye surgery Friday.

Boys and Girls Win Over Hobbs Here

Loraine boys and girls won their games here Tuesday night when they played Hobbs. The boys scored 66 points to Hobbs 48. Keith Hamilton was high point with 24. Randy Britton 14, Donnie Phillips 11, and Jimmy Galvan 10. The girls score was Loraine 37, Hobbs 30. Sherry Graham and Charla Mae Martin each scored 13 points and Linda Cornutt 11. The boys have a 4-4 District record to date and the girls a 3-4.

Wayne Taylor Rites Held In Kermit

Funeral services for Wayne Taylor, 38, a former Loraine man, were held at 2:30 p.m. Sunday at the Grace Temple Baptist Church in Kermit with the Rev. Bill Rhymes, pastor, and Rev. Jimmy Turner, pastor of the First Baptist Church of Loraine officiating.

Mr. Taylor died at 4 p.m. Friday at Kermit Memorial Hospital where he had been hospitalized several weeks for treatment of a malignant condition of the chest and brain.

He was born and reared in Loraine and was a member of the 1944 graduation class of Loraine high school. He was a member of the Baptist Church.

He served in the U. S. Navy during world war Two and later served three years in the U. S. Air Force.

He married Mrs. Vanilea Rucker May 22, 1958.

Wayne was injured in an oil rig accident July 1, 1964 and before leaving the hospital after that injury he was carried to Houston where he underwent surgery for tumor on the lung on July 31.

He entered the Kermit hospital on January 8. Two weeks later he was carried to a Lubbock hospital where he spent one week and where his condition was pronounced as malignant. He lived six days after being returned to the Kermit hospital.

He is survived by his wife, two step daughters, Elanor and Vanda of Kermit; his parents, Mr. and Mrs. C. D. Taylor, Loraine; one sister, Mrs. A. J. Barron of Loraine; one brother, Jim Edd Taylor of Lubbock and several uncles and aunts.

Impressive Front View --

of the beautiful new Roland Nursing Home, equipped to care for up to 50 guests. Every possible piece of furniture and equipment has been provided for their care and protection. Construction of the building is completely fire-proof for added safety.

The home has its own laundry, beauty-barber shop and cold storage for added convenience. Private and semi-private rooms are available for the guests. The kitchen is equipped with modern stainless steel throughout.

Public Invited To Visit Roland Nursing Home

The public is invited to visit the Roland Nursing Home Sunday, February 7, and be on hand for the short program set for 2 p.m. when Dr. B. H. Johnson, mayor will preside over the ribbon cutting ceremony.

A town or city of any size would be proud to welcome a home such as Mr. Roland has just completed. It is large, modern, colorful, spacious and beautiful throughout.

The home was opened for business on Feb. 1, with Mrs. H. B. Wilson of Loraine the first patient. Mrs. Wilson who is 98 years of age, has been a patient in the Root Valley Fair Lodge in Colorado City the past 18 months.

Others admitted to the home on their opening day were Mrs. Alice (Lee) May, who has been a patient in the Pecan Grove Nursing Home in Sweetwater the past 5 years, and Mrs. Phil Horton, who has been there the past few months. Mr. and Mrs. W. L. Weatherman of Loraine were also admitted Monday along with Walter J. Fraley of Sweetwater. Mrs. S. H. Hart of Loraine was admitted on Tuesday.

The building, located on Campbell Ave. and Reeves Street is adequate to care for 50 patients. The large entrance and reception room is furnished with modern leather tufted furniture in colors of black, turquoise, tangerine, beige, avocado and chartreuse. The window drapes are of beige with brown and pink designs and the walls are off white.

A large picture of Christ on the opposite wall is seen from the entrance. Another reproduction of colorful roses in gold leaf frame hangs over a sofa in the reception room, which also has a built in wall cabinet of wall paneling in pecan finish. The room is furnished with tables, lamps, magazine racks, etc.

Off the reception room to the left is the office enclosed by a half wall and back of the office is the medical supply room, equipped with a small refrigerator, double sinks, sterilizer and individual medicine filing cabinets.

Opposite the office on the right is the Prayer chapel which is furnished with a built in desk the length of the room, on which is an open Bible flanked by candles. At the foot is a kneeling pad and above is a large cross.

Looking from the reception room to the North is the dining room, and small setting room which is furnished with couches and chairs identical to that of the reception room. The window drapes are beige background with bright pink and rose flowers. Narrow room dividers between the dining and setting room area are marked with planters.

The modern equipped kitchen at the right of the dining area is furnished with a large six burner Garland range with two ovens, and a grill. On one wall is the steam table and opposite the two refrigerators. The sinks and cabinet tops are of stainless steel. Adjoining the kitchen is a large walk in ice box in addition to a deep freezer. The kitchen walls are pale green and the floors are ivory white vinyl tile.

The bedrooms are reached from the two long halls running East and West from the dining area. A hand rail extends the entire length of the long halls, as a safety provision.

The bedrooms, some semi-private are furnished with twin size steel adjustable beds. The rooms are divided with draw curtains. Each patient has a private clothes closet and each room has a chest of drawers and writing desk under fluorescent light. Most of the rooms have bath rooms between the double rooms.

The rooms are finished in pastels. Continued on back page of this section.

TRACTOR MAINTENANCE COURSE FOR ADULT FARMERS MARCH 15-18

A tractor maintenance short course for adult farmers will be held March 15-18, 1965 under the sponsorship of the Loraine High School Vocational Agriculture Department, according to Mr. J. B. Cushing, Superintendent and Mr. Raymond Holt, teacher of vocational agriculture.

The short course is being sponsored by the vocational agriculture department of Loraine High School.

Mr. Harold T. Wiedemann, tractor maintenance specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A. & M. University, will do the instructing. He is headquartered at Texas A. & M. University.

Mr. Wiedemann, a native of Mission, Texas, received his B. S. Degree in Agricultural Engineering from Texas A. & M. University in 1956. During summer vacations he worked with John Deere Implement Company of Mission, and while serving 24 months active duty with the U. S. Army he was in charge of instruction and maintenance of both track and wheel type vehicles.

The short course at Loraine High School is scheduled to begin March 15, 1965 at 7:30 P.M. in the vocational agriculture building. Other meetings in the series of four will be held March 16, 17 and 18, 1965.

Farmers interested in attending the short course should write or call the superintendent of schools, Mr. J. B. Cushing at 734-2225, or the Teacher of Vocational Agriculture, Mr. Raymond Holt. An entry fee of \$2 will be charged. Tractor Maintenance Short Course certificates are to be presented.

Today's MEDITATION from The World's Most Widely Used Devotional Guide

The Upper Room
THE UPPER ROOM, NASHVILLE, TENNESSEE

READ JOHN 14:18-27
Jesus withdrew from them about a stone's throw, and knelt down and prayed, "Father, if thou art willing, remove this cup from me; nevertheless not my will, but thine, be done." And there appeared to him an angel from heaven, strengthening him. (Luke 22:41-43, RSV)

A young couple lost their only son who was afflicted with an inoperable tumor of the brain. They, and countless friends near and far, had prayed for his healing. The parents believed that God would restore the boy to health. But, relentlessly, death came at last.

So great was their faith that the sorrowing parents did not lose heart. They were able to accept their son's going as in keeping with God's permissive will. They were thankful that, though physical healing was impossible, spiritual healing had come to their son and to them. They believed that God, in granting them peace, was carrying much of their load of grief.

PRAYER: Our Father, grant Thy peace this day to Thy children who are sick or sorrowing.

Let them feel Thee near, remembering that in Jesus, Thy Son, Thou hast experienced human suffering. Help them to relax by putting their trust in Thee and so find Thy strength and joy. In Jesus' name. Amen.

Kitty Taylor Selected
Top Homemaker

Kitty Taylor, senior student in
Sweetwater high school and
daughter of Mr. and Mrs. Roy
Taylor has been named Sweet-
water High School 1965 Betty
Crocker Homemaker of Tomor-
row.

She scored highest in a written
homemaking examination taken
by senior girls December 1, and
is now eligible for state and na-
tional honors.

Test papers of all school Home-
makers of Tomorrow in the state
are currently being judged. The
state's highest-ranking girl will
receive a \$1,500 scholarship from
General Mills, Inc., sponsor of the
annual Betty Crocker Search for
the American Homemaker of To-
morrow, with the state runner-up
to be awarded a \$500 educational
grant.

In addition, the school of the
State Homemaker of Tomorrow
will receive a complete set of the
Encyclopedia Britannica, Inc.

Later this spring the state
Homemaker of Tomorrow, togeth-
er with a school adviser, will
join first-place winners and ad-
visers from each of the 50 states
and the District of Columbia in a
tour of Colonial Williamsburg,
Virginia, Washington, D. C. and
New York City.

Climax of the week-long tour
will be the naming of the Betty
Crocker All-American Homemaker
of Tomorrow. To be chosen on
the basis of original test score
and personal observation and in-
terviews during the tour, she will
receive an increase in her schol-
arship to \$5,000. Second, third
and fourth place winners in the
nation will have their grants
raised to \$4,000, \$3,000 and \$2,000
respectively.

The Betty Crocker Search for
the American Homemaker of To-
morrow was initiated by General
Mills in 1954.

MRS. PRESTON HOST CLUB

Mrs. Vada Preston was host for
a pot luck supper and canasta
games when she hosted the 1959
Club Tuesday night.

The supper of baked ham and

in the home of Mrs. Cullen Payne
Tuesday afternoon.

Mrs. Payne, president presided
over the meeting and Mrs. R. D.
White led in club prayer. Mrs. J.
G. Bruce gave the devotional.

During the business meeting,
Mrs. Fay McCollum read the min-
utes. The club voted to have a
Valentine covered dish luncheon
on Tuesday, Feb. 16, in the home
of Mrs. Don Richey.

The program for the afternoon
"Test Your Citizenship" was
brought by Mrs. Paris Yarbrough.

Mrs. Payne served cake and
punch to one visitor, Mrs. Hill
Jones and members, Mmes: Paris
Yarbrough, J. G. Bruce, R. D.

ELECTRICITY
POWERS
PROGRESS

Wherever you see industrial growth . . . business
expansion . . . productive farms . . . better living
... you'll find electricity is there to power progress.
Because electricity is so essential to growth and
development, Texas Electric Service Company con-
stantly plans and builds new facilities to keep ahead
of the expanding electric service requirements of
the area served. During 1965, the company will

spend \$48,900,000 for new power generating capacity, new power lines, sub-
stations and other additions to its strong power system. This construction pro-
gram, largest for any one year in the company's history, is further assurance
that there will be plenty of power for progress . . . now and in the years ahead.

tel colors, pink, blue, green, beige, and all are accented with brighter color trims.

There is one large bath room with tub installed away from the walls where nurses can assist the patients from all sides of the tub. All showers are equipped with rails, seats, and all have shower wheel chairs.

The vinyl asbestos tile floors throughout the building installed by Harris Acoustics of Abilene, are beautifully arranged in the two colors used, bone white and wood grain patterns.

The building is completely fire proof, an electric signaling system gives the patient a sense of security that nurses can always be reached.

The covered ambulance drive is on the West entrance. A covered walk way extends from the building to the laundry at the back of the building. The laundry is adequate to take care of the needs of the Home.

Mr. and Mrs. D. D. Roland are builders of the Home and Mr. Roland is manager. Mrs. Roland is supt. of nurses.

Mrs. Dorothy Imogene Carlisle, LVN is supervisor of the building and Mrs. Blanch Graham, LVN will be supervisor from 3 to 11 p.m.

Rose Alvarado, LVN is supervisor from 11 p.m. to 7 p.m.

Mrs. Ed Preston is head cook and Howard Bryant is custodian. Mr. Roland stated maximum rates would be charged as allowed for Old Age Recipients.

Tractor Maintenance Short Course

Continued from Page One

to each individual who attends all the training sessions.

Mr. Wiedemann states that the key to longer tractor life comes from a full knowledge of the fundamentals of an engine and the application of the proper maintenance skills involving lubrication, fuels, carburation, air cleaners, cooling systems, valves and ignition. Mr. Wiedemann will cover the proper adjustments and maintenance of the above, with emphasis on the importance of each in obtaining a longer tractor life. Throughout the short course emphasis will be placed on "Learning to do by doing" through the use of several demonstration tractors. All students will have the opportunity to perform actual adjustments and maintenance on these tractors. Safety during both maintenance and actual operation will also be included in this course.

"Short courses in tractor maintenance, as well as other subjects, are now available to farmers throughout the state under the new cooperative program between the Texas Education Agency and Texas A. & M. University," stated Bob Jaska, associate professor, Department of Agricultural Education at Texas A. & M. University who coordinates the program for Texas A. & M.

"This cooperation program," is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people.

Specialists are now available in the fields of Beef Production, Insect Control, Farm Management, Farm Electrification, Farm Welding, Swine Production, Tractor Maintenance, Dairy Science, Pasture, and Oxyacetylene Welding.

Mr. and Mrs. Bob Holman and sons, Robert and Scott of Lubbock spent the weekend with their parents, Mr. and Mrs. Jack Richey here and with his parents, Mr. and Mrs. T. L. Holman in Colorado City.

The Richey's accompanied them to the T. L. Holman's Saturday night where they enjoyed a fish fry.

Visiting Mr. and Mrs. P. P. Hays Sunday afternoon were Mr. and Mrs. Burl Yost of Colorado City.

PARTY HONORS MRS. MCKAGUE

Mrs. Bruce McKague of Kingsville was honoree at a gift tea in the home of Mrs. Royce Mahon Saturday night at 7:30. Mrs. McKague was the former Gala Liles before her marriage in late December.

Mrs. Mahon welcomed guests and introduced Mrs. Gene Liles, the honoree's mother, and Mrs. B. G. McKague of Midland, the bridegrooms mother.

A lovely floral arrangement of white carnations, snap dragon and mums in crystal and sterling epergne centered the polished dining table. Party tea cookies, nuts, coffee and hot apple cider were served by Mrs. Doyle Hester. Appointments were sterling and crystal.

Miss Peggy Phillips furnished piano music during calling hours and Mrs. Don Redwine registered. Other members of the house party were, Katrina Wells, Dora Griffin, Joretta Hall and Barbara Mahon.

Co-hostesses with Mrs. Mahon were Mmes: Woodrow Pratt, Jack Coffee, Nuke Henderson, Jack Richey, Roy Wells, Glen Coon, Doyle Hester, John White, Lester Finley, Floyd Griffin, Pauline Smiley, Don Redwine, Garland Cary, Luther Anders, Price Hall.

T. E. L. SUNDAY SCHOOL CLASS

Mrs. Dan Butler and Mrs. Charlie House were co-hostesses for the January meeting of the T. E. L. Sunday School Class Thursday at a party held in the church fellowship hall.

Mrs. Butler, class president, presided over the meeting which opened with group singing the class song, "Where He Leads Me".

Mrs. Harvey Leach brought the devotional reading 2 Timothy 4 telling of Paul's last days when he said "I have fought a good fight, I have kept the faith". She read an article written by Dr. Charles Allen, pastor of the First Methodist Church in Houston. Mrs. House closed the devotional with prayer.

During the business meeting, Mrs. Myrtle Martin stated there was \$11.39 in the class treasurer and \$134.00 for the parsonage carpet fund.

Group leaders and Mrs. King, teacher, gave their reports. Other projects for the class were discussed and Mrs. Baird led in closing prayer before the social hour when Mrs. Leach led in quiz games.

The hostesses served sandwiches, pound cake, chocolate and coffee to Mmes: Charlie Lee, Henry Riden, H. G. Denson, J. W. King, Myrtle Martin, H. L. Leach and Roy Baird.

TAX MAN SAM SEZ:

Every year the good tax folks complain that thousands of taxpayers send in their tax return without getting all their W-2's. In past years, a few taxpayers have sent in a new form 1040 or 1040A every time they receive a new W-2 from one of their many employers. You can't file but one time. It's what you made on all your jobs for the whole year instead of each job. Besides—Internal Revenue fusses at you if you don't do it right.

Clean aluminum pans with water and cream of tartar, suggest A&M Extension home economists. Use 1 teaspoon to 2 tablespoons of cream of tartar per quart of water in the discolored pan. The more discoloration in the pan, the more cream of tartar will be needed.

Bedroom --

This semi-private bedroom is just one of many featured at Roland Nursing Home. The hospital beds may be raised, lowered or tilted as the guest may require. This room is decorated

predominately in pink. Others are in shades of blue, green and beige. Each room has a thermostat control, so guests may regulate room temperature to best suit them.

MARRIAGE PLANS ANNOUNCED

Patsy Rannefeld, daughter of Mr. and Mrs. O. A. Rannefeld of Rt. 1, Roscoe, and Phil Wright, son of Mr. and Mrs. Morgan Wright of Roscoe, have chosen March 27, as the date for their wedding. The ceremony will be held at the Salem Lutheran Church, at 9 a.m., with the Rev. Walter Probst, pastor of the church officiating. Both are graduates of Highland High School and are juniors at Texas Tech College in Lubbock.

ASSOCIATIONAL G. A. MEETING

The Sweetwater Associational Girls Auxiliary met last Sunday afternoon in the chapel of the First Baptist Church of Roscoe.

The girls of Champion Baptist Church presented a skit called "Dream A Big Dream". Appearing in the program were Kathy Merket, Doris Brown, Brenda Miles, and Linda Braswell. After the skit, students from Hardin-Simmons University sang songs and spoke to the group of over 100 G.A.'s on what it means to be a G.A.

Attending this meeting were 14 girls from Champion Church. Refreshments of cookies and punch were served after the meeting.

FROM OUR FILES

15 YEARS AGO FEB. 2, 1950
A surprise housewarming was given to Mr. and Mrs. Gene Baird at their new home Thursday night, January 26.

Gifts were presented the couple and games of canasta played. Home baked cake and cokes were served to Messrs and Mmes Garland and children, Lynn Hamilton and Keith, A. G. Furlow, Jr. and Joyce Lynn, Truitt Butler and Judy Kay, and Tharon Henderson and Jay.

Lowell Richardson left Wednesday for Fort Worth, where he will exhibit 12 breeding type Dark Cornish chickens at the Fat Stock Show. He was accompanied by L. D. Crawford.

25 YEARS AGO—FEB. 1, 1940
A committee from the Lorraine Chamber of Commerce met with the directors of the Lorraine Co-operative Association Thursday night and it was decided to hold open house for the cheese and locker plants on March 2. At the same time a dairy show will be held which will give an opportunity for all who have good milk stock in the area to exhibit them. Prizes ranging from a registered heifer down will be offered to exhibitors in the dairy show. It is possible that more than one registered heifer will be offered

So-called non-skid rugs may lose their grip when the underside is coated with dirt. To remedy this, scrub the underside of the rug with a stiff brush coated with thick hot soap or detergent suds. Then wipe the surface with a clean sponge or cloth wrung out in hot water, says Mrs. Jane Berry, A&M Extension housing-home furnishings specialist.

Folks used to go without luxuries to have money in the bank. Now they go without money to have luxuries.

which will make it worthwhile for anyone to show their prize milk stock. Prizes will also be offered to those who visit and register in the cheese and locker plant.

Begin now to prepare your milk cow or good bull for the dairy show and enter them for exhibition. The committee to prepare for the dairy show is composed of Edward F. Brown, Frank Crownover and Dr. Bruce Johnson.

Bob Horton Wins Award

Bob Horton, a former Lorraine man, now of Abilene was presented a \$200.00 award at Dyess AFB in Abilene recently for suggestion for the Dyess commissary department.

Mr. Horton was presented the \$200.00 management improvement award by Lt. Col. Hulon L. Connally, Base Deputy Commander for Supply Services.

Mr. Horton, under civil service is now supervisor over the meat Dept. of the Dyess AFB commissary work, suggested a modification to the automatic weighing and pricing scale which resulted in more efficient operation of the meat department.

Strategic Air Command is now studying the suggestion for possible utilization throughout the command.

Bob lived in Lorraine most of his life, before moving to Sweetwater where he was assistant at the Village Food Store later moving to Abilene.

TAX MAN SAM SEZ:

If you haven't read your tax instructions that you received in the mail about January 1, now is a good time to start. There are more taxpayers that cost themselves by simply failing to take time to read the instructions than there ought to be. These folks simply don't take the deductions that they have coming to them. Most of us don't like to read, but being lazy when it comes to reading tax instructions costs more than we can afford. If you start now, April 15 will be a nice beautiful day.

NEAL PARROTT

**Neal Parrott,
New Engineer**

Appoint of Neal H. Parrott as Divisional Utilization Engineer for Lone Star Gas Company's General Division of Distribution has been announced by J. M. Lynn, Jr., manager of the general division's sales and promotion department. Mr. Lynn said Mr. Parrott will have headquarters in Dallas and succeeds W. C. McCord who has been named Director of Building Management for Lone Star. Mr. Parrott's appointment was effective January 1.

He is married to the former Miss Bettye R. Pearce of Greenville. Their children are Mary Beth, 12, and Janie Lynn, age 10 years. His parents are Mr. and Mrs. N. W. Parrott of Greenville.

**New Emergency
Broadcasting System**

Under the new Emergency Broadcasting System (EBS), formed after the abolition of CONELRAD in May 1963, radio stations will stay at normal power on their regular frequencies when an emergency does arise, according to Buddy Logsdon, County agricultural Agent.

Under the Old CONELRAD system, all authorized radio stations were to broadcast emergency information on 640 and 1240 kilocycles. Obviously, transmission on these two frequencies would have been coming from transmitters, all over the county at the same time. This was done purposely to confuse the guidance systems of enemy aircraft trying to follow radio beams to particular locations.

Missiles and bombers now use fewer, better, and more sophisticated guidance systems. Because of these increased capabilities, CONELRAD was discontinued by the Federal Communications Commission.

CONELRAD had some other serious weaknesses. Many rural areas were so far from a CONELRAD station that people could not hear emergency test instructions during a real emergency. Others, living near two or more stations, could not understand either station when they both started broadcasting on the same frequency.

Under EBS, stations which hold National Defense Emergency Authorization, will stay on the air during emergencies, Logsdon said.

All others will close down. The EBS stations will identify themselves by area rather than call letters. These stations will cover more of the country than CONELRAD did and broadcasts will not interfere with each other.

The EBS stations will have built-in fallout protection and will be able to stay on the air 24 hours a day during an emergency. Most will have emergency generators in case their regular power supply fails.

**Trees Play Important
Role In Soil
Protection**

Trees properly planted and cared for will help control wind and water erosion of valuable top soil, reports County Agricultural Agent Buddy Logsdon.

Since tree roots serve as a huge net holding the soil in place, they will help control critical areas which show active erosion. Establishing and maintaining a permanent plant cover will stop damage by water runoff and wind erosion. Adapted legumes and grasses, in addition to trees, may be used for this purpose, Logsdon said.

Planting of desirable coniferous or hardwood seedlings is an excellent means of providing protection to the soil. Once established, the trees must be cared for to maintain the established cover. They will provide additional value where serving as cover or food for wildlife.

Planting stock is available for soil stabilization and windbreak purposes from the Texas Forest Service.

Application forms for ordering the trees may be obtained from the county agricultural Extension office, Logsdon said.

**Colorado Citian In
"Golden Arrow"
Exercise**

Army Cpl. Bobby J. McDowell, 24, son of Mr. and Mrs. Fred T. McDowell, Route 1, Box 39, Colorado City, Texas, is participating in Exercise GOLDEN ARROW, a ten-day field training exercise in Germany ending Jan. 28.

During the maneuvers, which are designed to test the maneuverability and general combat readiness of the 8th Infantry Division, Corporal McDowell is

receiving training in weapons firing and small unit tactics.

McDowell, a gunner in Battery C, 5th Battalion of the division's 83rd Artillery in Germany, entered the Army in July 1963. He completed basic training at Fort Polk, La., and was last assigned at Fort Sill, Okla.

McDowell is a 1960 graduate of Colorado High School.

Before entering the army, he was employed by Frank Motor Co., Colorado City.

In a way it would be a shame to abolish the draft. Those greetings are about the only friendly words a man ever gets from his government.

COUNTY CLUB MEMBERS HEAR DR. WOOD

Several members from the Lorraine H. D. Clubs along with other county H. D. members heard Dr. Joan Wood from the State Hospital in Big Spring at the Medallion room in the Lone Wolf building in Colorado City on Jan. 27.

The meeting was sponsored by the Mitchell County Home Demonstration Council and was attended by approximately 120 members and guests.

Theme of Dr. Wood's talk was, "The Mental Problems of Their Patients". She discussed the causes and treatments and different ways of dealing with the 1000 they have under care in their hospital.

Dr. Woods stated they serve some 50 counties and have patients as far away as El Paso.

Their ages range from 9 to 70 years and they have had a few as young as 3 years of age.

Dr. Woods brought a very interesting 45 minute talk and then answered questions, which were asked by several.

Mrs. B. B. Byrne of the Landers Club and chairman of the yearbook committee introduced the speaker and Mrs. J. D. Gibson of the Looney Club and Council chairman thanked Dr. Wood for giving her time to come to speak to the group, and gave the closing talk.

Guests were registered by Mrs. Raymond Wheeler from North Lorraine Club.

LIBRARY NEWS

Good Reading Material Found In Library

The library maintained at the First Baptist Church for the reading public as well as its own members has a large number of books that are both entertaining and informative. The library is open each Friday afternoon from 3 to 4 and on Sunday morning to issue books to those who like to read. Among the books available to the public are:

I FOUND GOD IN SOVIET RUSSIA. Shortly after V-E day in 1945 an American citizen disappeared into the Russian zone of Germany. From that time and for the next ten years John Noble was a prisoner of the communists, shunted from Muehlberg to Buchenwald, from Dresden to the Arctic. When he was released and crossed the border of East Berlin into the American sector, he brought with him a shocking and inspiring eye-witness account of life behind barbed wire, of the struggle of Christians to maintain and secure their faith in the face of 40 years of official communist atheism.

THROUGH GATES OF SPLEN-DOR. Nothing in modern literature has dramatized so strikingly the collision of old and new, of darkness and light, as this saga of five missionary martyrs. These men were the first in centuries to penetrate the dread land of the Auca Indians in Ecuador with the message of Christ's redemption, only to be ambushed and slain.

A MAN CALLED PETER. This is the true story of a great modern minister and a warmly human personality. The opportunity to relive the life of Dr. Peter Marshall through the book provides a rare and unforgettable experience for he was truly an unusual and memorable man. His inspirational leadership has made its mark on countless thousands of people.

DOCTOR OF TANGANYIKA. A thrilling account of achievement in today's world missionary enterprise, Doctor Tanganyika is the heroic and heart warming personal story of a 25-year old medical missionary who came to fight sickness and disease, ignorance and superstition while teaching the way, truth and light of the Christian faith in the central plains of Tanganyika, East Africa.

Mr. and Mrs. J. M. Templeton returned home Sunday after spending the weekend in Fort Worth attending the Fat Stock Show and visiting her sister and husband, Mr. and Mrs. John D. Seale.

Accent on Health

J. E. PEAVY, M.D., Commissioner of Health

The winter killer — carbon monoxide — takes its toll of lives about this time each year in Texas.

You, too, may be flirting with carbon monoxide poisoning if you make a habit of any of these practices.

Do you drive around in your auto on cold winter days with all windows and vents tightly closed?

Do you sometimes warm up the car engine in your garage without first opening the garage door?

Do you neglect a checkup of exhaust and manifold on your car unless something starts rattling or falls off?

If your answer to any of these questions is "Yes", you are asking for trouble.

Carbon monoxide is an odorless, tasteless gas that comes from your auto exhaust. In the open air it usually is dissipated without harm to anyone. But in an enclosed space it can be deadly.

Each winter brings reports of deaths from carbon monoxide poisoning. The gas can seep up through the floor boards from a

leaky exhaust. The victim becomes drowsy and then "falls asleep." It takes only a short time for an engine running in a closed garage to fill the building with deadly gas.

No one knows how many auto accidents are caused by motorists whose reaction time is somewhat slowed by a small seepage of carbon monoxide into a closed auto. If your exhaust and manifold are in good shape and fitted tightly, you are more likely safe. But it's even safer to leave a rear window open a crack.

While the car is moving you probably can escape danger even with a leaky exhaust. The most dangerous time comes sitting in a parked car with the motor running and the windows closed. This is a frequent occurrence in cold weather when the auto heater is turned on. Always open a window when you're parked with the motor running.

Carbon monoxide poisoning is a serious health hazard. Remind yourself and your family to be on the alert against this danger.
