

## County Asked to Take Part in CROP Program

Friday evening, Oct. 22, at 2:30 o'clock all citizens of Collingsworth County who are interested in setting up a Christian Rural Overseas Program county-wide committee for Collingsworth county will meet in the Community Building at Wellington according to J. W. Thomas, county agent.

Christian Rural Overseas Program, familiarly known across the nation as CROP, is an organization of all the religious denominations—Protestant, Jewish and Catholic—and other interested civic, business, agricultural and educational groups set up to receive and distribute gifts in kind to the hungry and needy war victims in Europe and Asia.

B. F. Gray, state campaign director, or one of his three assistant state campaign directors, will be present at the meeting to explain CROP and to help perfect organization of a county committee for Collingsworth County.

CROP receives gifts in kind from farm and ranch folks who have not heretofore had an opportunity to contribute to war relief funds. Most of the people living in the larger cities of Texas have already made donations in the form of cash. Now, CROP is asking our rural people to give gifts in kind, such as a bale of cotton, a ton of wheat or combine maize, a good beef calf, or whatever gift in whatever amount the rural citizen wants to participate in CROP's war relief program.

As one illustration of what rural folks in other states have already done, over 5,000 dairy heifers have been donated and shipped to Japan, China, Italy, Austria, Czechoslovakia, and other countries of both Europe and Asia.

The CROP program was launched in Texas on September 1, 1948, when Governor Beauford H. Jester urged the rural people of Texas to give gifts in kind "from the bounty of their fields and the fullness of their hearts."

Mr. Thomas urges all interested parties, along with leaders of all clubs, newspaper people, and church representatives to be present at the meeting.

## Child Dies After Drinking Coal Oil Late Wednesday

Donny Ray Hill, 17-months-old son of Mr. and Mrs. Albert T. Hill, died Wednesday evening, October 13, at 7:00 p.m. in St. Joseph's Hospital, after drinking coal oil about an hour earlier.

The family had come from their home at Lawton, Okla., to Wellington, to pull bolls in this area, only an hour before the accident occurred, the parents said. They reported that the child drank the coal oil from a bowl, which was sitting near the oil stove.

The baby was rushed to the hospital immediately after the accident.

Funeral services were held at the Kelso Chapel Thursday by the Rev. Howard Jones, pastor of the First Baptist Church, and burial was in the Wellington cemetery under the direction of the Kelso Funeral Home.

Surviving are the parents and these brothers and sisters: George Thomas, D. J., Jody Paul, Marvin Albert, Alberta, Tom Jerry, Martha Ellen, Betty Jean and Susan Christine.

## Tennessee Visitors Impressed by Mill Iron Breeder-Feeder Work

Visitors from Tennessee and Dallas report a most enjoyable visit to the Mill Iron Ranch recently where they were impressed with the breeder-feeder program now under way in Collingsworth Cattle and Hall counties.

They were Hon. Edward Hugh (Jack) Graves and Mrs. Graves, of Lebanon, Tennessee, and Mr. and Mrs. A. A. Terry of Dallas. The group have been guests of their aunt, Mrs. A. C. Muncie and their cousins, Mrs. C. E. Killingsworth and Mrs. Bill Tarter, who accompanied them on their tour of the ranch. Each member of the party states that the kind hospitality of Mr. Hughes, Mr. Galyean and A. D. Galyean, who served as guide, is unsurpassed. They wish to express their sincere gratitude to the owners and managers of the ranch.

BIG MINUTES IN THE BIG GAME

Some of the top minutes of the thrilling game between the Wellington Skyrocks and the McLean Tigers were caught by the camera Friday night, when the Rockets won 13 to 7. The first touchdown that was counted is seen at top, with Kenneth Strickland squarely on the ball. Two players tangle at bottom and a McLean player who failed to stop the play looks on. Strickland took the ball on a pass from McCutcheon. At center left, L. M. Watson of the Tigers dashes toward the camera for a substantial gain around right end. Strickland is again seen at right center traveling up the west side of the field for 30 yards. A Tiger ttempts to stop Gene Moore in the lower left hand picture. Gaston Williams holds the ball barely over the goal line for the secone touchdown in the picture at lower right. He took the ball on a pass from McCutcheon for this counter.

## Observe United Nations Week With Program Here Sunday

Churches of Wellington and the Wellington Rotary club are joining in observing United Nations Week, October 17 to 24, with a service at the Methodist Church Sunday afternoon, October 24, beginning at 4:45 p.m.

R. F. Curry, Wellington post-

master, will be the speaker. The program will open with a 15-minute concert by the Skyrocket band. The combined choirs of the local churches will then sing "Holy, Holy, Holy," the Rev. Walter Lane of the Assembly of God will give the scripture reading and the Rev.

Howard Jones, pastor of the First Baptist Church a prayer.

"The Congo," by Vachel Lindsey, will be given as a choral reading by members of the high school speech class under the direction of Charles Briley. Dereskey Melendez, talented colored singer, will give "Cavalry" as a vocal solo. Mr. Curry's talk will follow. The national anthem, played by the band, and the benediction by the Rev. Austin Moore, pastor of the Church of the Nazarene will close the service.

Rotarians throughout the world will be observing United Nations Week during the same time, and the Wellington club has extended an invitation to members of Rotary Clubs in Shamrock, Hollis, Childress and Memphis to attend the service Sunday afternoon.

In giving the background of United Nations Week, the Rev. Noel Bryant, pastor of the Methodist Church and a member of the Rotary Club, said that for the past three years, Rotarians worldwide have been asked to demonstrate their support of the United Nations in their communities during a week that coincided with the

dation of the building. A concrete slab will be put around the basement wall to eliminate seepage there. While it will be necessary to remove the hedge which is now next to the building, the stewards believe that this is the best solution.

The exterior walls of the building will be covered with white specially prepared paint which will serve to waterproof them. Considerable remodeling will be done in the basement in order to make the Sunday School class rooms more adequate.

(Continued on Page Eight)

## Methodists Plan \$10,000 Improvement Program

A \$10,000 general building improvement program was announced this week for the Wellington Methodist Church by the Rev. Noel Bryant, pastor.

The official fund-raising drive will open with a kickoff breakfast Monday morning, November 1, and will continue for two weeks.

The major item in the repair program will be waterproofing the church building. While improvements had been considered by the board of stewards and trustees, the work was made necessary when water began seeping into the basement walls, endangering the found-

## First County Draftees Called For October 23

Four Collingsworth County men are among the 18 area residents who make up the first quota under the new Selective Service military training plan.

These four are Ciral Morrison, Calvin C. Keeling, Billy W. Dominey and Clyde S. McCain, all of Wellington.

The other members come from Childress, Hall, Cottle and Briscoe counties.

The group will leave by regular bus from Childress at 6:50 a.m. (Continued on Page Eight)

## Annual School Carnival Set

Preparation for the annual Hallows'en Carnival, which will be held on Thursday, October 28, is now underway at Wellington High School.

The carnival is sponsored by the junior class in order to raise money for the Junior-Senior banquet that will be held in the spring.

Nominees for carnival queen include Shirley Agee, eighth grade; Sidney Gulley, freshman; Nelda Nipper, sophomore; Treva Young, junior; and Jocille Gray, senior.

## City Water Expansion Program Under Way

Wellington's water problem appears to be solved for a long time to come, City Manager Bura Handley revealed Monday, October 18, after the city had completed four water wells and a test well in a location not previously tried for city water use.

Drilling and completion of the wells are only one part of the work under way, which taken altogether makes us the city's post-war water supply improvement program which was worked out during World War II, and for which bonds were voted by the taxpayers.

## Military Rites For Lt. Thomas At San Antonio

Reburial services for Lieut. Keith Thomas, son of Mr. and Mrs. W. E. Thomas of Wellington, were held at the Military Cemetery Fort Sam Houston, San Antonio, Friday, October 8.

Lieut. Thomas died in action off the Aleutians on August 4, 1943, at the age of 24. He was a pilot in the Army Air Force.

Two of the young officer's brothers were present for the service, Weldon Thomas of Shamrock and Olan Thomas of Pampa. Other relatives attending were an aunt and uncle, Mr. and Mrs. C. L. Morrison and son, Clyde Lee Morrison Jr., of San Antonio.

Lieut. Thomas was born five miles east of Wellington February 1, 1919. He grew up here, graduated from Wellington high school, and later attended John Tarleton College at Stephenville.

When war came, he enlisted in the Army Air Force and trained as a cadet. He had been in action only a short time when he was killed. His death occurred when his plane crashed on Shemya Island, while fighting the Japanese. Military services were held on that island following the tragedy, and his body was returned to the United States last month for burial.

Lieut. Thomas is survived by his parents, Mr. and Mrs. W. E. Thomas, and two brothers, Weldon Thomas and Olan Thomas.

## Rocket Basketball Practice Opens

Basketball practice for the boys at Wellington High School began Monday, October 18, Coach James Batchelor has announced.

Among the boys turning out for practice were, Walter O'Neil, Pat Riley, Dale Hively, Donald Terry, Bobby Tinney, Cameron Beam, Bobby McCutchen, Burl Brim, George McGill, Jimmy Brock, Rogers Melton, Howard Ball, Seldon Wood and Farrell Kent.

In this group, Riley, O'Neil, Hively, McCutchen and Terry are lettermen from last year.

## Quarterly Conference At Methodist Church On Sunday Evening

The second quarterly conference of the Wellington Methodist Church will be held Sunday night, October 24, the Rev. Noel Bryant, pastor, has announced.

The Rev. W. E. Hamilton of Clarendon, district superintendent, will preach at the evening hour, which begins at 7:30.

During the conference session a delegate will be elected to the district conference, which meets in Pampa November 4.

Under construction at the Pump Station is a new 200,000 gallon reservoir which will solve the problem which has arisen each summer previously when water consumption exhausts the supply in the elevated tank in Wellington. The Pump Station is being rebuilt to eliminate flooding which for several years has occurred every time heavy rains fall. Both the flooding and the summer shortage has been a problem to W. O. Combs, in charge of the pump station, and resulted in much night work.

Two new pumps are being installed and the two pumps already at the station are being overhauled.

These improvements are being made on the \$45,000 voted for the purpose in the over-all bond election.

Plans for the improvement program were worked out by Mr. Handley and the work is being done by city employees, with a well drilling crew as the only outside help hired.

The first well brought in was the test well located on the J. T. Slay farm just east of the town section. This well, drilled to a depth of 60 feet, is now pumping at the rate of 60 gallons per minute. This water is reasonably soft, Mr. Handley said, and samples have been sent to A&M College to be analyzed for mineral content to determine if it is suitable for use.

While this is less than half a mile from the well at Marian Airpark, Mr. Handley pointed out that the latter is drilled to a depth of 240 feet, and therefore from two entirely different strata of water.

The three new wells brought in east of town are on the Olin Cook farm, immediately east of the pump station. Two of these are pumping 150 gallons per minute and the third 100 gallons. One well on the Tom Berry farm was redug. This has not been tested.

"This virtually doubles our water supply and makes us pretty well fixed for a long time to come," Mr. Handley commented. "As far as we can see now, Wellington is not going to have the summer water shortage problem that all the surrounding towns face every time hot weather comes. We are going to have plenty for household use and watering lawns."

The new 200,000 gallon above-

(Continued on page Eight)

## Rev. W. E. Lane Resigns Pastorate

The Rev. Walter E. Lane, pastor of the Assembly of God, resigned his pastorate Monday night, October 18, and he and Mrs. Lane will enter the evangelistic field of the church.

They will remain here until November 7, when he will preach his farewell sermon.

They will make their home in Oklahoma City, but during the immediate future, their work will be in Texas.

"We have enjoyed our work here very much, and we have never worked with a finer group of people. We sincerely hate to leave," Mrs. Lane said Tuesday.

## Rockets Meet Memphis Cyclone Here Friday

The Memphis Cyclone drops in on the Wellington Skyrocks Friday night, October 22, for what may be a game of surprises.

Memphis has been one of those teams this year that has ended on the little end of the score, but Wellington fans who have seen the Cyclone play say that the score doesn't tell the real story.

"They have had just one weakness—and that was on tackles. Otherwise it is a team that can spell trouble for any opponent," Assistant Coach John Lee declared after watching them play.

Some hard-running backs who can also make long passes over the center of the line for considerable gain give the Cyclones a

valuable asset.

The team averages around 165 pounds and is uniform in size. In the games played so far, the team has been able to make three or four first downs in a row before losing the ball to its opponent. Then the tackling seems somewhat ineffectual and it is on this count that most of the touchdowns against the Cyclones have been run up. As long as the boys can keep the ball, they do all right, is the consensus of those who have watched them.

The Rockets are in top condition, and while they are counting on again coming out with the big end of the score, they also promise their fans plenty of excitement for 60 minutes.

## Porter Waging Intense Campaign For U. S. Senate

Jack Porter, the Republican candidate for the U. S. Senate seat now occupied by W. Lee O'Daniel, and the first Republican to wage an aggressive campaign for election in Texas, has taken a clear-cut and definite stand on the vital issues confronting the people of Texas.

A business man who has never before sought public office, Porter was unanimously brought forward as the Republican senatorial candidate to claim the Senate seat which two other candidates for the office on the Democratic ticket battled for in the state and federal courts.

Porter, in his opening speech, stated that he was for decentralizing the powers taken over by the federal government and returning them to the states. He said he would irrevocably oppose the so-called Civil Rights Program advocated by Truman, as well as the F. E. P. C. Porter has long fought for the rights of the states to retain their tidelands and to keep for the school children of Texas the many hundreds of millions of dollars which go into the school fund from state tidelands revenue.

Porter said that he would work to rid our government of the communists and fellow travelers who have infiltrated into some of our nation's most important agencies.

He appealed to the individual voters in Texas, asking that they put the welfare of the country before party politics. Porter pointed out that if he is elected to the U. S. Senate, he will be seated without question.

### SALT FORK

Sunday School and church were well attended at services both Sunday and Sunday night.

The Rev. C. A. Wells and family were dinner guests in the J. W. Gollighugh home Sunday.

Mr. and Mrs. Ben Morris, Benjie and Sheri, also Mrs. Louis Morris and Darrell of Marella attended church here Sunday.

Mr. and Mrs. Bob J. Spears of Lubbock were week end guests of Mr. and Mrs. Bill Clifton. Mrs. Spears will be remembered here as Gerry Clifton.

Ted Isbell and family made a business trip to Altus. They moved

### PLEAS IN VAIN

Mrs. Walter Cornhauser, kneeling, pleads with her dead husband to "wake up" after a Chicago Fire Department inhalator squad worked unsuccessfully for 30 minutes to revive him. The 62-year-old man suffered a heart attack in an elevator while taking his dog for a walk.

Uncle Bob Isbell to his son's home there for the winter.

Sunday afternoon callers in the John Gollighugh home included Mr. and Mrs. Earnest Maxwell and boys, Mrs. Zook Thomas, Mrs. Trusten Thomas, Mrs. Edna Maxwell, and Mr. and Mrs. C. A. Wright and children.

Mr. and Mrs. G. C. Isbell visited the Isbell and Osborne Spear homes Sunday and attended church.

Clarence Morrow has his feed

binder going. He cut bundles for R. H. Isbell this past week.

Several from our community are pulling cotton northeast of Wellington. There is not any cotton ready to gather out here yet. These cold nights have made the farmers uneasy that it's going to freeze.

Mr. and Mrs. Willard Terry of San Diego, California, were recent visitors in the home of Mr. and Mrs. O. E. Plank.

## AUCTION SALE

**Monday, Oct. 25**

AT 11:00 A. M.

I will sell at auction, to the highest bidder, the following items of farm machinery, livestock and household goods.

Located on the T. J. Stewart farm one and one-half miles southeast of Dodson.

Lunch will be served at noon by the Dodson Home Demonstration Club.

1 S. C. Case tractor, 44 model, with lister, cultivator and planter.

1 1947 Ford tractor with extra transmission and factory built lister, planter and cultivator.

Practically new mower and scraper for Ford tractor.

1 Factory-built two-row sled go-devil for Ford Tractor.

1 Minneapolis-Moline Z tractor with equipment. 1942 model.

1 1942 model M Farmall tractor.

1 16-8 Van Brunt 1948 Wheat Drill ways.

2 6-foot John Deere Power Lift one-

1 International One-way on Rubber.

1 2-row all steel stalk cutter.

1 16-inch breaking plow for case tractor.

1 14-inch two bottom factory built breaking plow for Ford tractor.

1 Good John Deere 4-wheel trailer with grain bed.

1 Broad-tire farm wagon.

1 290-gallon water tank for hauling water.

1 2-row boll puller on rubber.

3-row knifing sled with knives.

2-row go-devil, factory built.

1 Good Jersey Milk Cow with week old calf.

3 other good cows, heavy springers.

1 fat white face calf.

1 White face yearling. Will make good herd sire.

2 meat hogs.

1 10x10 foot brooder house and good electric brooder, 350 chick size.

1 electric fence charger.

1 Practically new General Electric Refrigerator, 7-foot Deluxe.

1 Practically new General Electric Vacuum cleaner with attachments.

1 Warm Morning coal heater.

150 to 200 good cedar posts.

1 Practically New Kitchen Cabinet.

Numerous other household items.

## Texas Home Fire Losses \$2,000,000 In Eight Months

AUSTIN — Two hundred \$10,000 homes could have been built from the loss of dwelling fires in Texas from January through August.

Over \$2 million were destroyed when 2,500 houses caught fire in the first 8 months of this year, reports Marvin Hall, State Fire Insurance Commissioner, in a plea to housewives to remove fire hazards from their homes.

"Every house burned down or badly damaged by fire means one more family in need of living quarters," Hall said. "These families must then take homes or building materials that should go to veterans and their families or to families who have long been waiting for a home of their own."

Three-fifths of the people burned to death in Texas are killed in home fires, and over one-half of our fires occur in homes.

"One blaze could wipe out the security that years have built up," Hall said in his request for Texans to protect their homes as hard as they worked to have them.

"Everyone has an opportunity to make their homes safe by removing fire hazards," he continued. "Some of us will have many opportunities to remove these hazards, while others of us may just have one more chance."

"Fire strikes quickly and unexpectedly," the Commissioner stated. "It will not wait for you to remove to safety valued silver, clothing or precious baby pictures. It strikes rich and poor, healthy and ill, young and old alike."

"Fire may not wait until tomorrow for you to discard that jar of gasoline, replace that frayed electrical cord, or put those matches in a safe metal container. Act, now, today, and make your home and future security fire safe."

The national residential fire loss could be cut 50 per cent if all homes had four features: properly installed heating plants, adequately safeguarded; properly constructed chimneys; fire-resistant roofing; and sound and adequate electric wiring.

John S. Coleman, coordinator of the Wellington Veterans Vocational School, is receiving treatment in the veterans hospital in Amarillo.

## How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

## Mrs. P. E. Starr Named Officer In Grand Chapter Of The Eastern Star

Mrs. P. E. Starr, a member of the Wellington chapter of the Order of the Eastern Star, has been appointed to a Grand Office in the Grand Chapter of Texas, it was announced to members by Mrs. Orval Couch, worthy matron, at a recent chapter meeting.

Mrs. Starr will serve as a member of the resolutions committee and will take office Thursday, October 28, at the installation of officers. This comes during the meeting of the Grand Chapter at Fort Worth.

Appointment to this office came from Esther Baldwin, Worthy Grand Matron of the Grand Chapter of Texas, who lives in Wichita Falls.

This honor to one of its members is especially appreciated by all local Eastern Stars, since it means their chapter has attained a standard of excellence worthy of recognition.

Mrs. Starr has been a member of the Eastern Star since 1929. She served as Worthy Matron of the Shamrock chapter during 1937-38. After moving to Wellington, she transferred her membership to the local chapter and is now president of the Past Patrons and Matrons club.

Present for the meeting were Mr. and Mrs. Claude Nelson, Mrs. Ola Wall, Mrs. Perdita Daw, Mrs. Vera Holder, Mrs. Lee Ella Seale, Mrs. Binnie Brisbin, Mrs. Mabelle Plank, Mrs. Letha Cunningham, Mrs. Annie Clark, Mrs. Mayme Lou Denley, Mr. and Mrs. Starr, Mrs. Bessie Slay, Mrs. Hattie Scott, Mrs. Ruby Ball, Mrs. Mary Jones, Mrs. Zena LeDerer, Alf Wynn, Miss Loeva Pierce, Mrs. Jennie Williams, Les White, Mrs. Murel White, Mrs. Dora Ryan, Floyd Craig, Mrs. Faye Lee and Mrs. Couch.

## Wellington Home Demonstration Club Studies Table Service

The Wellington Home Demonstration Club met with Mrs. O. E. Plank Tuesday afternoon, October 5. Mrs. Walter Franks presided, and members answered roll call by giving a problem they have in table service.

Miss Joy Riley, county home demonstration agent, gave a demonstration on table service and etiquette, stressing the importance of practicing correct table manners every day.

Present were Meses. Joe West, G. B. Hite, George Clark, O. B. Raburn, J. A. Lowe, Walter Franks, Jesse Cook, Millard Brown, L. A. Hunt, Miss Riley and the hostess, Mrs. Plank.

## "Good Heart-Keeping" Studied by W. M. U. In Meeting Monday

The W. M. U. of the First Baptist Church met at the church Monday evening, October 18, for Bible study. The Rev. Howard Jones, pastor, gave the study on "Good Heart-Keeping."

Present for the study were Meses. Ben Wilhelm, C. C. Bishop, Fred LeDerer, J. A. Lowe, J. M. Stowell, A. B. Clark, Dan Jones, Henry Davidson, R. W. Brantley, J. A. Dukeminier, J. T. Slay, Hattie Clifton, J. G. Finley, Lowery, Lester Hunter, J. C. Whisenant, Anna Moore, Morgan Tucker, Jesse Cook, Orval Couch, Olan Lowe, Howard Jones, Fred Kersten, Steve Owens, Raymond Patton, and Bruce Hite, and Rev. Jones.

## Tanya Smith Elected Queen of Junior High In Contest Ending Monday

Tanya Smith, a student in Grade 7-B, was announced Junior High Queen when all votes were counted Monday morning. Ann Gholson, a 4-A student, was second, and Betty Karnes, 7-A, was third.

Coronation of the Queen will take place within a few weeks, this event to follow the coronation of the high school Carnival Queen on Halloween. An elaborate program will be worked up and the colorful coronation will be open to the public. All candidates for queen will serve as attendants to Tanya,

and a number of other students will take part.

The election was by the "penny a vote" method, and the final week disclosed unsuspected talents at salesmanship among the boys and girls, who set up booths at the school and contributed the proceeds to their favorite.

"Anything that would sell for a profit was sold in the junior high building during the contest," Lee Plante, principal of the school, said.

## Former Resident Weds In California

In a ceremony performed at the Assembly of God in Oxnard, Calif., Miss Virginia Wenget, daughter of Mr. and Mrs. W. W. Wenget, 852 D. Street, Oxnard, became the bride of L. E. Reeves Jr., son of L. E. Reeves Sr., 838 Federal Ave., Oxnard, formerly of Wellington.

The vows were exchanged before an arch covered with fern and sweet peas, flanked with baskets of white roses and pink carnations. The ceremony was read by the pastor, the Rev. Wallace C. Myres. Music was furnished by Robert Armbruster and his orchestra. Allen Jones sang, "I Love You Truly."

The bride wore a grey suit with white accessories and carried a bouquet formed of gardenias.

Her attendant was Mrs. Charlie Reeves, who wore a brown suit with a corsage of red carnations. Charlie Reeves served the groom as best man. In addition to the parents of the couple, a number of friends attended the wedding.

Mrs. Reeves grew up at Oxnard and graduated from high school there in 1947. Her husband graduated from Corona High School in 1945 and served in the Army from September 2, 1946 until December 19, 1947.

Immediately following the ceremony a reception was held in the home of the bride's parents, with approximately 25 friends attending. After the reception the couple left on a wedding trip to the Big Bear Mountains.

They are now at home at 867 C 7th Street, Oxnard.

Mr. and Mrs. Floyd Taylor of Qanah visited the Mack Saied family Sunday.

## Gala Fragrance

In a deep blue and black surah skirt and velvet bibber top, gala fragrance is applied as the young lady prepares for a gala evening.

## Initiation Opens Dragonettes Year

Five girls were elected into membership in the Dragonette Club Wednesday night, October 13, at a meeting held in the home of Jo Ann Bumpas.

New members chosen at this meeting are Frances Sue Lawrence, Treva Young, Joyce Dell Woods, Louise Alexander and Jo-cille Gray.

Refreshments of cocoa, sandwiches, potato chips and candy were served to those attending the meeting including Joyce McPherson, Marianne Daw, Veda Mae Kiker, Diane Wells and the hostess.

Mr. and Mrs. E. C. Puryer and daughter are attending the Dallas State Fair this week.

## Mothers of the Skyrockets

The Skyrockets and fans as well gave part of the credit for last week's victory to the fact that their mothers were seated just behind the players bench—the first time in recent years that this has occurred. Shown in the picture from left to right, first row are Mrs. Homer Ingram, Mrs. Riley, Mrs. Bill Melton, Mrs. George Clark, Mrs. Austin Moore, Mrs. N. C. Beam, Mrs. Hardy Wright, Mrs. George Schoff, Mrs. Austin O'Neil, Mrs. Pete Brock, Mrs. Jim Williams and Mrs. E. M. Strickland. In the back row are Mrs. J. E. Stevenson, Mrs. O. E. Plank, Mrs. Joe Terry, Mrs. Bruce Hite, Mrs. Frank Hajek, Mrs. Clovis McCutcheon, Mrs. R. H. Eads, Mrs. Joe Baumgardner, Mrs. E. S. Copeland and Mrs. J. E. Cooper.

—Picture by Cooper Studio

## Miss Ina Wilkerson Becomes Bride of John Brown In Childress Rites

In a quiet ceremony performed in Childress at 4:30 p.m., October 6, Miss Ina Wilkerson, daughter of Mrs. Prebia Wilkerson of Wellington, became the bride of John Brown of Quail. Rev. W. E. Coleson, pastor of the Baptist Church of Childress officiated.

The bride was dressed in an aqua suit with brown accessories. Mrs. Brown has lived in Wellington for the past four years. She has been an employee of West Texas Utilities for three years and still serves in that capacity. She graduated from high school in Springdale, Arkansas, and attended Draughn Business College in Springfield, Mo.

Mr. Brown is a farmer in the Wellington community.

After spending a few days in Amarillo, the couple are at home in Wellington.

## Miss Jean Owens To Wed November 4

Mr. and Mrs. J. S. Owens of Wellington have announced the engagement and approaching marriage of their daughter, Jean, to Marvin Walton, son of Mr. and Mrs. R. Walton of Perryton.

The wedding will take place November 4 in the home of Sgt. and Mrs. Carl Hopf, 817 Sunset Terrace, Amarillo.

## Mrs. Millard Brown Hostess to North Wellington Club

The North Wellington Home Demonstration Club met with Mrs. Millard Brown for an all-day meeting Tuesday, October 19. A quilt was quilted for the hostess.

The members made plans for a food sale and rummage sale Saturday.

Mrs. Bruce Hite gave a report on the meeting of the Texas Home Demonstration Association at Temple October 14, 15 and 16, and Mrs. George Clark reviewed the book, "Log Cabin Lady."

Attending were Meses. Clark, Ed C. Smith, W. M. Tucker, Walter Franks, O. E. Plank, C. A. Rudy, Jesse Cook, Hite, W. A. Bettis, a visitor, and the hostess, Mrs. Brown.

## H. D. Club Council To Elect Officers Sat.

New officers for the coming year will be elected by the County Home Demonstration Club Council at the annual meeting for this purpose Saturday afternoon, October 23, in the office of Miss Joy Riley, home demonstration agent.

Committee chairmen will give their annual reports, and Mrs. Bruce Hite and Mrs. Charles Cason Sr., who were delegates to the Texas Home Demonstration Association meeting, will give reports on that event.

All members of the council are urged to be present.

## Legion-Auxiliary Social Planned for Thursday Evening

The American Legion Post and Auxiliary will hold their joint social meeting at the Legion Hut Thursday night, October 21, beginning at 7:30.

Every Legion member and his family is invited to come and bring a covered dish.

After the dinner, members will be entertained with music and dancing.

## County Women Go to THDA Meet at Temple

Mrs. Bruce Hite and Mrs. Charles Cason, delegates from the Collingsworth County Home Demonstration Clubs, attended the annual state convention of the Texas Home Demonstration Association at Temple October 14, 15 and 16.

The convention voted in favor of the THDA's affiliation with the National Home Demonstration Council. The women cheered Joel T. McGregor of Temple when he advocated support of a natural resources tax to build "all-weather roads to every farm in Texas" and support to the best school system in the U. S. for Texas children.

The resolutions committee report, adopted without a dissenting vote, asked the University of Texas to include in its curriculum a school of applied welfare in which Texas Welfare workers may be trained.

By adoption of another resolution, the THDA voted to ask the Extension of Service of Texas A. and M. College to employ two specialists in health education for community health service.

Collingsworth County was the only county represented whose club members had raised fund to pay their agent the county portion of the salary this year.

Two clubs from this county, Dodson and Fresno, were recognized as carrying out all legislative programs.

## New Officers of WMU Circle Two Named at Meeting October 11

Mrs. Frank Eikenburg was hostess to members of Circle Two of the Baptist W. M. U. at her lovely new country home southwest of Wellington Monday afternoon, October 11.

Mrs. Chas. Slay took over the office of chairman of the circle and announced the new circle officials. These include Mrs. L. A. Moore, co-chairman; Mrs. Cicero Gulley, secretary-treasurer; Mrs. J. B. Castleberry, Bible study; Mrs. William Barjenbruch, mission study; Mrs. J. C. Whisenant, mission program; Mrs. Warland Brummett, benevolence; Mrs. A. N. Hutcherson, stewardship; Mrs. C. A. Bradford, young people; Mrs. Fred LeDerer, social chairman; Mrs. Floyd Nipper, periodicals; local missions, Mrs. J. A. Dukeminier; and reporter, Mrs. Orval Couch.

A social hour followed the business session, during which a gift was presented to the hostess.

A dainty refreshment course was served to Meses. Dukeminier, C. C. Bishop, E. M. Trew, Moore, Whisenant, LeDerer, Gulley, Hutcherson, Barjenbruch, Brummett, Couch, and the hostess, Mrs. Eikenburg.

## Pink and Blue Shower Honors Mrs. McCarver

Mmes. Cecil Lockhart, Dennis Preston and Tiffin Young of Loco, honored Mrs. Estel McCarver with a pink and blue shower Friday afternoon, October 15.

Games were played during the social hour, and the lovely gifts were presented to the honoree.

Refreshments of fruit punch and cookies were served to Meses. C. Balch, Curtis Brewer, Grady Belue, Ruby Harbin, Nora Minter, Olean Bearden, Lloyd King, Dennis Preston, Cecil Lockhart.

Sending gifts were Meses. Fannie Belew, Downey, J. H. McDanel, B. Hamman, E. V. McClendon, Tiffin Young, Medford Crowder, Roscoe Ellard, Emma Adkins, Treva Young, Fred Cox and Miss Bethine Adkins.

Ted Dakil has returned to Wellington to help his brother, Arthur in the store.

## B & PW Club Plans for Club Finances in Meeting October 12

The regular meeting of the Business and Professional Women's Club was held in the Community Building Tuesday evening, October 12. Mrs. Eddie Smith led the discussion of club finances and plans were discussed for raising money.

Members attending the meeting included Miss Katherine Boverie, Mrs. Modell Cleveland, Miss Christine Cooper, Miss Rita Duncan, Miss Anna Lee Graham, Mrs. Elma Hagler, Miss Sara Jones, Mrs. Felix Keller, Miss Inez Leach, Mrs. Wanda Lewis, Miss Dora E. McClaskey and Miss Irene Parker.

Mrs. Fleet Pruden, Mrs. Gladys Richards, Miss Bessie Rainer, Miss Dorothy Robertson, Mrs. Prebble Russell, Miss Rose Shadid, Miss Margaret Shields, Mrs. Elizabeth Smith, Mrs. Clay Sullivan, Mrs. Cleo Templeton, Mrs. Marie Watkins, Miss Hattie D. Wells, Miss Lorene Williams and Miss Bonnie Willis.

Miss Novella Chambers was elected to membership in the club.

## Future Homemakers Hold Initiation

Initiation services were held for fourteen new members by the Wellington F. H. A. chapter, Monday night, October 11.

The new members are Barbara Terry, Charleen Wilson, Georgia Nell Gaylean, Jeanette Finley, Peggy Riley, Flora Dell Chandler, Betty Wright, Norma Havron, Georgia Mae Braley, Wanda Manning, Aurelia McGee, Jean Sanders, Darleen West and Cliffla Jean Langford.

Almeta Shipley, Joyce Watson, Jerry Reeves, Saradel Lilljedahl, Vada Cook, Ann Phillips, Sidney Gulley and Zada Cook were the officers conducting the services.

Mrs. W. M. Phillips was chosen as the group's club mother.

## Junior-Senior P. T. A. Will Hold Meeting Thursday Afternoon

The high school and junior high Parent Teachers Association will meet Thursday afternoon, October 21, at the high school, beginning at 3:45 p.m.

A motion picture, "Wheels of India," will be shown. It is believed by those in charge of the program that this will be a picture of interest to every mother who is a member of the organization.

Anyone wishing to become a member is cordially invited to attend.

## Two County Girls On TCSW Honor Roll

DENTON — Among the 287 students at Texas State College for Women who maintained a "B" average or better during their last semester at the college are Misses Mary Kutch, daughter of Mr. and W. H. Kutch, and Geraldine Lang-daughter of Mr. and Mrs. Frank Langford.

One of the privileges of being named to the "B" average list is class attendance exemption.

Miss Kutch, a sophomore general science major, is a member of the Panhandle Club. Miss Langford is a senior music education major and winner of the Mary Gibbs Jones Scholarship.

## DIDACTICS

—By Deskins Wells

"The Panhandle will be featured in a 4,000-word article in the December issue of Holiday, the third issue of the magazine devoted principally to Texas. Written by Lewis Nordyke, well-known Amarillo newspaperman, the article traces the region's colorful history and tells of the vast wealth on its modern oil industry, cattle raising and wheat farming." That is what the publicity notice said. What is this, Mr. Nordyke? Isn't there anything in that story about cotton, alfalfa, etc., below the caprock?

Well, even if Mr. Nordyke has forgotten about cotton below the caprock, you can't say that the Globe-News hasn't been giving us lavish publicity on football. In fact the doings in District 2-A have Frank Godsoe in a dither and the Wellington Skyrockets are one of the two reasons. Godsoe labels the Rockets as the most improved team in the

region, which is very bad for us as far as defeating Memphis is concerned. Memphis has been through a long dry spell and the Rockets should be on the alert next Friday night.

The game last Friday was the most exciting ever played on a Wellington football field in the opinion of many fans. Went to a meeting of the Skyrocket Booster Club Monday night. Here is some information for the fans who were fuming about the penalties. Coach Bray considers it a good job of officiating. He told the quarter-backers that our boys did make the penalties even if they did cost one touchdown and set up the only one made by McLean.

The City is going to clamp down on people who rush to fires. Pull up at the curb when you hear the siren. Don't park within 600 feet of a fire. It is important that the trucks be able to get to another fire if necessary. After all the Fire Department is for the protection of your family and your property.

They are going to paint the Methodist Church white. Besides they are going to dig up the hedge that borders the building. That's splendid—that's wonderful—pro-

vided the stewards will get a landscape man and plant evergreens in the right places. The evergreens will require no clipping and no special care except water. It will add quite a bit to the beauty of the town.

Dr. E. K. Jones took me through the new building of the Jones-Watkins Clinic last week. It is not completed at the present time; but we hope to have a full story on it in about two weeks. I doubt if there is anything like it in a town of our size in the entire Southwest. When completed it will provide quarters for seven doctors.

Here is a letter from H. M. Sender, book broker, of Kansas City, Mo. He wants to buy copies of "A History of Collingsworth County" which was published 23 years ago. If you have a copy hold on to it. It is becoming a collectors item. That does not mean that it is a good record, which it is not. It means that the book is getting scarce and the price per copy is mounting.

There is no need to worry about the wheat and the alfalfa this fall. That lumberman in the northeast part of the business

district says that there will be no moisture until December.

I hope that Corbett Ford, Gibbs Glenn and Mish Dukeminier read the third paragraph of this column. They can join the quarter-back club by seeing Sam Gholson. It helps to get the facts and you can do that by becoming a member of the Skyrocket Booster Club.

Little Patricia Ann Sullivan was spending the night with her grandmother, Mrs. Pink Sullivan, who is no lightweight either physically or penuriously. They were going to sleep in the same bed.

The child asked: "How much do you weigh, grandmother?" "Oh, about 200 pounds," was the answer.

"How do you weigh, grandmother?"

"I weigh on the scales, dear." The conversation went on and on about weight. Finally it came time for them to retire, and then it was that the reason for the child's interest in weight became apparent.

She said: "Goodnight, Grandma, I hope you don't roll over on me tonight."

Mr. and Mrs. J. E. Roberts spent Sunday with friends in Chillicothe.

## Native Texan Writes Histories About Texas

COLLEGE STATION — A native Texan writes about his native Texas—in such a manner as to have his books become high school and elementary textbooks.

Dr. Ralph Steen of the History department, Texas A&M College, has just offered the State Board of Education his latest book, "The Texas Story." The A&M professor has collaborated with Miss Frances Donecker of the San Antonio public schools, in turning out another book, "Our Texas."

The affable, blue-eyed professor who has been at A&M for 13 years, has also turned out several articles, "A Political History of Texas," 1900-1930, published in Adams, "History of Texas Democracy," 1937.

"History of Texas," another of his books, has been used in the public schools for nine years and "Texas, A Story of Progress," has been used by public schools for six years.

"The Texas Story," centers around the Spanish era and the twentieth century. It covers in detail the better known years in between these periods. It is attractively illustrated.

"Our Texas" is the first Texas history textbook to be illustrated in color. Drawings by Hunter Warren, widely known Texas artist, were used. The book contains a formal history of Texas and is interspersed with folklore stories.

Professor Steen is looking forward to the publishing of another of his books, which will be off the press this month. It is a history of Texas for the general reader. "In other words," Steen says, "It is a history of Texas for Texas people."

The author is enthusiastic over this book. "I hope it will be a sound, readable, comprehensive, one-volume history." Those who have read a pre-publication script, say it "is just the thing Texas readers have longed for. It is factual and readable from beginning to end."

The author is a native of Clyde, Callahan county, high school, his native home. He received his B.A. from McMurry, MA and Ph.D. from the University of Texas. He taught school in Reagan county McMurry college, Hillsboro Junior college, University of Texas and taught several summers in several other schools. He is a Fellow of the Texas Historical Society.

## Texas Interscholastic League Urges Entries In Music Contests

AUSTIN — There is a University Interscholastic League music contest for every school boy and girl in Texas, regardless of the size of the school, F. W. Savage, director of music activities, says.

To high school musicians Savage says, "if you play a piccolo, tuba or harp, or any instrument, either with a band, orchestra, or solo, if you sing alone or with a chorus, you can enter a music contest in the League."

This session the League music program offers 238 classifications of contests for choral groups, bands, orchestras, soloists and ensembles. Approximately 40,000 students, from grade through high schools, will compete at district meets and regional competition festivals throughout the state.

Competition will be based upon the prescribed lists of music which contains more than 2,000 pieces of music. Music teachers and directors will be notified as soon as the prescribed lists are ready for distribution, Savage said.

For schools where there are no music teachers at all, there is the music appreciation contest, based upon recordings. Choral judging is open to grade schools.

Last session 283 bands, 30 orchestras and 229 vocal groups competed for ratings. In 1949, participation is expected to be even greater in all contests. The deadline for entering the League music competition is Feb. 15, 1949.

## Careless Smoking Chief Fire Cause

AUSTIN — Texans are smoking themselves out of home.

They are also smoking themselves out of life, health, jobs, farm products, raw materials, timber, and places of education and entertainment, claims Marvin Hall, State Fire Insurance Commissioner.

He says the main cause of fire throughout the nation is careless smoking, not only according to the major number of fires it starts each year, but also in the amount of cash damage done.

"Smokers should use friction lighters or safety matches wherever possible," he suggested, "and matches, cigarettes, cigars and pipe ashes should be thoroughly extinguished and thrown in a metal container, and in a place where small children cannot reach them. Also a liberal supply of ashtrays

## QUEEN OF WORLD'S FREE MEAL

Doris Vietmeyer, 16, samples the wares of chef Hilbert Haack, after being selected queen of the 29th annual Sauerkraut Festival in Forrester, Ill. Over 30,000 persons jammed into the tiny town (population 992) to consume the tons of wieners and kraut that went into making "the world's largest free meal."

should be provided throughout the home."

To diminish the chances of a cigarette fire in your home, Hall says do not smoke in the garage, barn or in the attic, and as you value your life, do not smoke in bed, this being one of the most dangerous practices of smokers.

He stated that smoking should be prohibited in all storage plants and warehouse basements of all stores and buildings, schools, theatres and places of amusement where large crowds gather, wholesale and retail gasoline plants and stations, and wherever fire may endanger lives and property.

Other main causes of fire, listed in order of their frequencies, are:

## Arthritis Pain

For quick, delightfully comforting help for aches and pains of Rheumatism, Arthritis, Neuritis, Lumbago, Sciatica, or Neuralgia try Rominol. Works through the blood. First dose usually starts alleviating pain so you can work, enjoy life and sleep more comfortably. Get Rominol at drugist today. Quick, complete satisfaction or money back guaranteed.

gasoline and other petroleum products; misuse of electricity; stoves and furnaces; chimneys and flues; exposure; sparks on roofs; lightning; hot ashes and open fires; open lights; spontaneous ignition and rubbish.

## Texas Rare Books Collection Attracts World-Wide Notice

AUSTIN — Time was when Texans had to go to Europe to read the old masters, but now it is the Europeans who are coming to Texas.

In the University of Texas Rare Books Collection Visitors registered last year from England, France, Switzerland, Sweden, Scotland, Lebanon, Palestine, Canada, Mexico, Venezuela, Guatemala, Paraguay, and Hawaii.

With source material on practically every subject, the library now has 870,000 volumes—enough books to fill a shelf 25 miles long. Circulation last year, higher than at any time in the library's history, topped the one-million mark, and new volumes totaled 36,720.

Starting from "scratch" in 1883 when University classes first opened, the library has risen to rank 15th in the nation. It originally occupied a single small room and had but one part-time proton. Today the library covers practically all the first floors of the main building as well as parts of other campus buildings, it employs 76 persons in full-time positions and furnishes part-time work for about 150 students.

## United Super Market Has 4th Anniversary

United Super Market, one of the lower Panhandle's largest grocery stores, this week is observing its fourth anniversary in Wellington.

Owned by H. D. Snell Sr. and H. D. Snell Jr., of Altus, Okla., the store is one of a group in this area belonging to them.

Manager of the Wellington store is Gurney Jones.

The store was opened with the aim of giving the people of the Wellington trade area the best in all types of groceries at a reasonable price.

"This we feel we have done," Mr. Jones said.

Realizing that there must be many types of groceries to suit the palate of their many customers, United has made a constant study of the foods that are most wanted, the qualities that are wanted, and the wide variety of items that are called for only occasionally as well as those that are in constant demand.

Particular emphasis has been put on developing a complete meat department, meeting the problems brought on by the high cost of all meats, yet passing on to their customers as much saving as possible.

"We feel that the four years this store has spent in Wellington have been most successful. But it is our customers who have made it so. On the fourth anniversary, we want to say 'Thank you' to every one of our friends—the people of the Wellington trade area whom we hope to keep our friends through the years ahead," Mr. Jones declared.

In addition to Mr. Jones as manager, employees of United Super Market include Mrs. Donald Johnson, checker, Buster Bell and Bill Combs, stockers, Clifford Jennings, stocker and delivery boy, Bill King and Gerald Copeland, butchers.

## City Water -

(Continued from Page One)

ground reservoir is of redwood construction—considered by experts in the waterworks field as the best material for such a structure, since redwood lasts almost permanently.

The floor of the pump station is being raised four feet, which gets it above flood level. Of the two new pumps installed, one has a capacity of 500 gallons per minute and the other 125 gallons. The two

which are being overhauled have a capacity of 300 gallons per minute—giving the plant a maximum capacity of more than 1200 gallons per minute.

In connection with bringing in the new wells, the city will lay approximately 3,000 feet of 6 and 8-inch water main connecting the wells with the reservoir. This pipe is on hand.

Mr. Handley said that the work will probably require about two more months for completion. The next project of the city will be street paving.

## First County -

(Continued from Page One)

Saturday morning, October 23 for Lubbock and will take physical examinations on the same day, W. I. Hughes, chairman of the draft board, said.

The board has been ordered to send an additional 20 men to Lubbock for pre-induction examinations on November 5.

According to directives of the state board, Mrs. Frances Starkey, secretary of the draft board for this area at Childress, said that the first quota has been filled from the 25-year old group, the oldest group affected by the new draft law.

## Observe United -

(Continued from Page One)

meeting of the United Nations General Assembly. Last year the General Assembly itself voted unanimously for October 24 as United Nations Day. On that day, throughout the world—from Arctic to tropics, in cities and villages, people will gather, not so much to celebrate the anniversary of an organization, as to rededicate themselves to the cause for which that organization stands.

Believing that peace depends on the grass roots, and that every community contributes to the world opinion that builds or destroys peace, each Rotary Club is seeking during this week to do its part toward the maintaining peace in the world.

## Methodist Plan -

(Continued from Page One)

The older section of the building is the oldest church structure now in use in Wellington. It was built in 1913, when Rev. A. L. Bowman was pastor, at a cost of \$15,000. In 1925, at a cost of \$20,000 the new section was added and the older part remodeled. Walls of the entire church are brick,

## Dale Hively Junior Kiwanian

Dale Hively, Senior Class president, has been chosen by the Kiwanis Club as the junior member for the month, Dr. J. M. Orr, has announced.

Dale, son of Mr. and Mrs. E. L. Hively of Shinnery, has attended school in Wellington since the seventh grade, and he has been outstanding in school activities here since that time.

He served as vice-president of

covered over with stucco.

The Methodist Church was organized in 1890 and the first building put up on the site of the present church in 1899. In 1909, that building became too small for the congregation and it was sold to J. W. Savage, who moved it to his farm near Quail. For four years, until the new church was finished, the congregation worshiped in a tabernacle.

the Junior Class last year, and he was toastmaster at the Junior-Senior banquet last spring. He has also participated in sports and has played on the basketball and baseball teams. He is one of the pep squad leaders.

Each month an outstanding member of the Senior Class will be chosen as a junior member of the Kiwanis Club, Dr. Orr stated.

## AAA Personnel Will Attend Two-Day Meet in Childress

The AAA County Committee and office personnel are scheduled to attend a district meeting at Childress Monday and Tuesday, October 25 and 26th. The county office will be closed both days on account of this meeting.

The 1949 agricultural conservation program, grain sorghum loans and 1948 applications for payment procedure will be discussed at this meeting by officials from the State

## Dr. J. M. Orr Takes Special Work in New Orleans

Dr. and Mrs. J. M. Orr will leave for New Orleans, La., Saturday, October 23, and Dr. Orr will do special dental study there during the following week.

He will be back in his office here on November 1.

Office at College Station. One of the highlights of the meeting will be an address by Mr. B. F. Vance, Chairman of the State Committee of the Production and Marketing Administration. Mr. Vance has recently returned from a one year mission to Greece, where he assisted in the American Agricultural Aid to Greece.

## Democrats . . . States' Righters . . . Republicans . . . We all want to vote for JACK PORTER!

We can! Article 2981 of the Laws of Texas (Enacted 1905) specifically provides for the voting of a split ticket in a GENERAL ELECTION.

Scratch all candidates for U. S. Senator except the name of JACK PORTER. Your vote will be counted, and your choice for Senator, JACK PORTER, will be seated.

The so-called loyalty pledge does not apply to the election on November 2. It is a GENERAL ELECTION all over the United States. It is NOT a state primary.

This has been so held by our courts and by the Texas Attorney General's Department for years past.

(Pol. Adv. paid for Porter for Senate Committee, Lloyd Wheelock, Chairman.)

## Vera Infant Buried Oct. 12

Isabel Vera, daughter of Mr. and Mrs. Celestino Vera, died here Monday evening, October 11. She was 11 months and 6 days of age.

The family came here three weeks ago from their home at Edinburg to work in the cotton harvest.

Funeral services were held Tuesday and burial was in the Wellington cemetery under the direction of the Kelso Funeral Home.

Mrs. Arvezene Winter, former resident of Wellington, is visiting her parents, Mr. and Mrs. N. C. Tension and her sister, and brother-in-law, Mr. and Mrs. Guy Bumpas. Mrs. Winter returned here from a visit with her son, James Winter, who is a student at Baylor, where she attended the football game with Baylor and Texas Tech. Another son, Kenneth, is attending Amarillo Junior College.

**Stop FIRE the Fifth Horseman!**

**Scott FARMALL TRACTORS INTERNATIONAL TRUCKS**  
**TRUCK & TRACTOR CO.**  
Wellington, Texas

● Not so busy in the shop this week—tractors and trucks are in the fields and on the roads—gathering and hauling off the crop. Everybody is working hard, but I guess about the hardest workers are the people running row binders. Anybody, I can't think of any job that's much harder.

● Just the last few days—to prove there's plenty of work going on—we have sold row binder repair parts to Buddy Yarbrough, Joe E. Jett, Palo Cummings, E. L. Hively, D. C. Lacy, Ernest Tate, Carthel Lewis, Lee Roark, J. C. East, A. F. Wischkaemper, Jr., Al Thompson, Rufus Sweat, Zook Thomas, C. E. Bradley, Glenn Roberts, Mrs. John H. Walker, Carl Wischkaemper, R. K. Hiett, Fred Yarbrough, C. E. Strong, Louis Allred, A. D. Rainey, and many others.

● And Binder Twine—the best McCormick-Deering kind—to J. W. Kromer, Truman Estes, Horace Small, G. B. Reeves, L. A. Sparlin, Wayne Reynolds, Guy Owens, J. L. O'Hair, F. H. Ezzell, A. W. Atkinson, Jr., Tom Whitson, J. C. East, F. L. Carter, J. H. Bland, L. T. Alexander, and others.

● Further proof that there are still men who can keep on taking it—D. C. Lacy bought a brand new one-row binder from us last week.

● Osa Black took out a No. 10 Heavy Duty Side Delivery Rake early last week—to finish raking up his peanut crop. After seeing just one load of these peanuts Osa brought in, I don't believe there will be any shortage of peanut butter for years to come.

● Our secondary purpose in being in business is to sell new International tractors, trucks and other farm machinery when we can get them. But our MAIN purpose is to keep those machines on the job when they're needed. A big stock of parts, adequate service personnel and equipment make it possible for us to do that MAIN job. Just this last week, we sold parts to or provided needed service for J. C. Ford, Barney Glenn, C. R. Pritchett, Lon Wellborn, H. M. Hull, A. L. Honeycutt, A. L. Duncan, Wallace O'Rear, Roy Thomas, R. L. Mayberry, L. A. Ledbetter, Jack Brisbin, Cliff Campbell, L. F. Watts, S. E. Payne, J. C. East, Lee Minyard, Jack Phipps, Joe Baumgardner, Tom Whitson, Pink Sullivan, Bill McClaskey, Osa Black, Horton & Harwell, Joe Amerson, G. C. Pettitt, J. A.

**OUR SHOP SERVICE  
WILL SAVE YOU MONEY!**

Your tractor and farm machines—you want them fixed in the shop of course, instead of in the field, where breakdowns and delays are expensive. Our shop service will put your farm equipment in tip-top running order, ahead of season. Pre-season servicing is the *stitch in time* that prevents costly field breakdowns and delays. Saves money, too.

Help us to help you! Call us now, or drop in and arrange a date for us to give your machines our top-quality shop treatment.

You'll get an economical job, and an expert job—a job done by trained servicemen using the latest equipment and factory-approved methods.

Call us or see us at once for a date to put your equipment in shape ahead of season.

Scott, H. A. Marchbanks, Lee Roark, Lewis Morris, E. C. Puryear, Fred Cummings, Lee Minyard, D. B. Vaughan, Buster Filpot, and many others.

● Just Arrived: One 8-foot International Harvester electric refrigerator; a few 14-, 16-, and 18-inch breaking plow bottoms; a very few drag planter boxes.

**Watch it, Friend!**  
**DON'T TAKE  
CHANCES**

Any time now the temperature will drop to 32° and lower. Don't get caught. Drain the cooling systems of tractors, trucks, power units, small engines, water-cooled refrigeration condensing units, etc., nightly. Remember water-filled tires. Put in anti-freeze and **BE READY FOR WINTER!**

**INTERNATIONAL HARVESTER FARM EQUIPMENT HEADQUARTERS**

# CITY OF WELLINGTON

Wellington, Collingsworth County, Texas, Thursday, October 21, 1948

## Personal

Teddy Joe James, Bill Green and Joe Brown, students in McMurry College, Abilene, spent the week end with Mr. and Mrs. Bill James. They attended the Navy Band program in Pampa Saturday.

Rev. Noel Bryant went to Abilene Wednesday to attend the official reception for Bishop Martin, newly elected bishop of the Methodist Church. The reception will be held at McMurry College Wednesday evening.

The Rev. and Mrs. Noel Bryant and son, Stevie, were in Hereford last week visiting his parents, Mr. and Mrs. D. H. Bryant. Mr. and Mrs. Bryant were observing their 37th wedding anniversary, and Mrs. Bryant her 71st birthday.

Billy Joe Hite and W. D. Jones, who are students at West Texas State Teachers College, Canyon, were home for the week end.

Tonsillectomy patients in St. Joseph's Hospital this week include Karen Jean Farris and Glen Ray Hunt and Gary West of Dodson and Neil Richard White of Quail.

Medical patients in St. Joseph's Hospital are Pete Jones, Lewis Wilson, R. E. Thomason, and Teddy Cochran.

Mrs. James O. Miller underwent minor surgery in St. Joseph's Hospital the middle of last week.

S. J. Owens of Vinson is a medical patient in St. Joseph's Hospital this week.

Mrs. O. O. Adams and Miss Nell Davis are medical patients in St. Joseph's Hospital this week.

Kelly White underwent major surgery in St. Joseph's this week.

Mr. and Mrs. Tommy Stall were Sunday guests of Mrs. Stall's parents, Mr. and Mrs. G. D. McMinn of Childress.

Mr. and Mrs. Walter Starr, Mr. and Mrs. Horace Small and Mrs. Earl Hunter were in Vernon Sunday to visit Mr. Starr's sister, Mrs. Charley Kester, who had undergone an operation in a Vernon hospital. Mrs. Kester is now improving rapidly.

Mrs. Eva Fulcher recently returned from Hatch, N. Mex., where she spent a month with her daughter and son-in-law, Mr. and Mrs. Cecil Browning. During her visit, relatives of the Browning went fishing near Hot Springs and caught 10 catfish ranging in weight from 27 to 57 pounds.

### Future Farmers Initiate 22

Twenty-two new members were initiated into the Wellington F. F. A. chapter recently in a meeting held at Wellington High School.

The initiates included Clay Thomas, Troy Marsh, Bobby Berg, Ray Mitchell, Tommy Beam, Jimmy Loving, Ray Bradshaw, Farrell Kent, Earl Kyle, Donald Schoff, Ronald Coleman and Carrdell Duncan.

Also Don Hiett, Jerry Strickland, Jimmy Graves, Bobby McCutchen, Jerry Nix, Seldon Wood, Richard Cheatham, Eddie Whitten, Bob Phillips and Lee Burnside.

Initiation services were conducted by the F. F. A. officers.

### Farrell Kent Heads Freshmen

Farrell was recently elected president of the freshman class, and Miss Earnestine Short was chosen by the group as class sponsor.

Seldon Wood is vice-president of the class, Tommy Wood is secretary, and Sidney Gulley is treasurer.

### Singers Meet at Dodson Sunday

The Fourth Sunday Singing will be held at the Dodson Church of the Nazarene Sunday afternoon, October 24, beginning at 2:30 p.m. Chas. Musick, president, will be in charge.

### YUGOSLAVS REBUILD HOMELAND

The accent in the land of Tito these days is on work. Yugoslav men, women and children share the arduous task of rebuilding and modernizing their war-torn homeland. These new workers' flats are being built to replace bombed-out apartments in Belgrade. They contain two and three rooms and will house from four to six persons.

The public is cordially invited to attend.

Mr. and Mrs. Morris Reed visited his parents in Quanah Sunday.

## Locker Plant Celebrates Second Birthday

Open house will be held at the Gilmore Locker Plant Saturday, October 23, observing its second anniversary in Wellington, the owners, L. A. Gilmore and Elmer Hiett, have announced. Refreshments of doughnuts and coffee will be served to people visiting the plant during the day, and everyone is invited to inspect the plant, whether they use its facilities or not.

The Gilmore Locker Plant opened for business two years ago, offering complete facilities for slaughtering, processing and storing meat, vegetables and fruits. During the year approximately 2,000 animals have been slaughtered by the slaughtering department and processed by the plant, and many more animals have been brought in for processing alone.

Mr. Gilmore was for the first year sole owner and operator, but during the last year Mr. Hiett bought one-half interest in the business and is active with Mr. Gilmore in its management.

The plant offers a slaughtering department with a lot to turn animals into and a complete killing floor where they are dressed in a sanitary manner, chilled, cut into specified sizes and packaged into family size pieces.

Hickory smoke curing is popular with families bringing in pork for processing, and the poultry dressing and processing services have proved highly popular too. Both

vegetables and fruits are preserved by the quick-freeze method when placed in the lockers.

"We have 801 lockers, and every one of them are rented. In fact, we have a long waiting list, and the one problem we haven't been able to solve is how to accommodate all the people who want to use our locker service," the owners declared.

In explaining the operation of the plant, they continued:

"Animals are brought in alive and the owners don't have to bother with them any further. We slaughter, process the meat and put it in family size packages. The meat is put in the lockers, invoiced and the owner checks the meat out of his locker the way he checks money out of the bank."

"We do not buy and sell meat or other products, but merely handle them for the people who rent our lockers. However, the services of the slaughtering department are open to anyone who needs them."

"After two years' experience, we feel that we are in better condition than ever before to offer satisfactory service to our customers. The plant is going to keep up to date on all processing methods and equipment, and we feel that anyone who makes conscientious use of his locker can save from \$10 to \$30 per month on his food bill."

Both Mr. Hiett and Mr. Gilmore

(Continued on Page Eight)

# 2nd Anniversary

## FREE COFFEE AND DO-NUTS

## PORK CURING

One of the outstanding departments of our plant is our pork curing department. By the time you read this we will have slaughtered and cured approximately 2,000 hogs during the past year. All you do is drive the fat hog in the pen—we do the rest. The animal is butchered under the most sanitary conditions. Then we cure the meat with a stitch pump system. After that is is smoked over a "HICKORY WOOD" fire to provide that distinctive hickory wood cured taste.

We are indeed grateful for the splendid business the people of the Wellington area have given us during the first two years we have been in business.

We have been both gratified and astonished at the steady increase in our slaughtering business as the months went by.

As a mark of appreciation, we are holding open house on Saturday October 23 and we cordially invite you to come by and see us on the occasion of our anniversary.

## Meat Processing

Featured in this plant is a complete killing floor. All you do is to bring your animals here and turn them in the lot. They will be slaughtered in a modern, sanitary slaughter house. Every precaution is taken to see that they are dressed in the most sanitary manner to conform to all state regulations. After it has been chilled it is cut to your specifications with servings packaged to provide a meal for your size family. Sterile lamps retard the growth of any harmful bacteria.

## Food Lockers

We feel that we have the finest frozen food equipment that money can obtain, and we invite you to come by to see us. Besides using our frozen food lockers for beef, poultry and other meats, many of our customers have found that it adds immeasurably to their table to store frozen fruits and vegetables and those who have hunters and fishermen in the family often store fish and game.

## Editorial

A couple of decades ago, an editorial writer of The Dallas News was hijacked one Christmas Eve out of a small amount of money. When the ceremony performed at the point of a gun had been concluded, the seven or eight dollars involved became the property of the hijacker. That indisputable fact is not altered by any assertion of the victim that it was his money. He has not seen it since.

"Lyndon Johnson," comments the Fort Worth Star-Telegram, "is (italics) the nominee of the Democratic party of Texas for United States Senator. That indisputable fact is not altered by an assertion to the contrary by former Gov. Coke Stevenson."

"Mr. Johnson won the nomination" the Star-Telegram naively-maunders on, "and the right to have his name on the November ballot—just as Mr. Stevenson has been similarly honored by the Democrats of Texas on several previous occasions."

Now Mr. Johnson did exactly no such thing. The only thing that he has won at all is the legal right to have his name on the ballot and he has won it in a method which no other major candidate has had to use to do so. Mind you, no court has held that Mr. Johnson has been nominated either legally or honestly. The courts have held merely that the federal bench has no right to keep his name off the ballot.

The challenge against Mr. Johnson is not that he has not now the legal right to have his name on the ballot at this time but that he has not been shown to be legally and honestly placed there. He and his associates moved hastily to prevent the development

in open court of the testimony that was already beginning to show the debauchery of the ballot in Jim Wells County.

Under the circumstances, neither Coke Stevenson nor The Dallas News nor any other Texan who believes in political honesty has any alternative except to support the cause of electoral integrity by urging that Jack Porter of Houston be elected to the Senate.

The Dallas News reiterates that if there was no fraud in Lyndon Johnson's nomination, he is entitled to it, and that if there was no fraud in the nomination and he is elected that he is entitled to be seated. Unfortunately, to this good moment Mr. Johnson has given on evidence that he cares whether his nomination was honestly secured or not, he has shown conclusively in the viewpoint of this newspaper that he does not want the facts developed. If he is elected and if he remains seated, neither Mr. Johnson nor his state can take any pride in the fact so long as the shadow of doubt remains over the legality of the nomination.

The Dallas News with many other Texans turns confidently to Jack Porter, aware that he can be challenged on neither personal nor his political integrity — The Dallas Morning News.

First resort of a frustrated politician is to rail at the "irresponsible press." Too many politicians from presidents down to dog catchers forget that the public has a right to know the facts about what is going on. The politicians concept of a "good" newspaper is one that would only print the news favorable to them or their cause.

President Truman had been making quite a few caustic comments about the press on his recent demagogic tour of the country.

It was an "irresponsible" newspaper, the Chicago Tribune, that broke the unbelievable story of Mr. Truman's foolhardy blundering in diplomacy. If it hadn't been for a news report the chances are that Mr. Truman would have gone ahead with his wild scheme of sending Justice Vinson to see Stalin.

Mr. Truman's plan would have wrecked the United Nations. It would have made the United States not only a laughing stock in international affairs but no ally would have ever trusted us again.

It is a tragedy that Mr. Truman's political ambitions overcame any sound judgment he might otherwise have exercised.

It will be a better day for the people when more newspapers refuse to let themselves get into situations where they are muzzled by those "this is off the record" handuffs and print all the news obtainable—The Rock County Star-Herald

## LOCO

By BETHINE ADKINS

Mrs. H. D. Durfey received word Tuesday of the death of her sister, Mrs. John Dunn of Menard, Texas, and the death of her brother-in-law Cliff McDowell of Clarendon. She was unable to attend her sister's funeral but they attended the funeral of Mr. McDowell Wednesday.

Visiting in the H. C. Brown home to see G. H. Brown were: Mrs. Orville Moore of Electra, Mrs. Jewell Wattam, Mr. H. B. Black of Wellington and Mr. and Mrs. George Patterson and Judy also of Wellington.

On the sick list this week were Bill Hardin, Hedford Crowder and Coleman Brown.

Attending the Amarillo Fair this week were Mr. and Mrs. E. G. Alexander and Louise and Mr. and Mrs. H. D. Durfey and children. Congratulations to Mr. and Mrs. Cliff Campbell on the arrival of their new son. The baby is the grandson of Mr. and Mrs. T. H. Rainer.

Mr. and Mrs. W. L. Adkins of Hollis visited in the M. L. Adkins home this week.

Miss Georgia Ann Durfey visited with Miss Priscilla Baumgardner Wednesday night.

Mr. and Mrs. Bill Wolf and children visited friends and relatives in Hollis Saturday.

## DOZIER

Mr. and Mrs. Fred Krenning of San Diego, Calif., spent several days visiting with Mr. and Mrs. B. A. Neece and Mr. and Mrs. J. D. Throckmorton. They also visited in Amarillo and while there attended the Fair.

Mrs. Alex Coleman attended the Rose Festival in Tyler recently.

Those who attended the Amarillo Fair were Mr. and Mrs. Wood Coleman and boys, Mr. and Mrs.

Terms and Trade

Harrell Laycock and family and Mr. and Mrs. B. A. Neece.

Mrs. Lockwood, mother of Mrs. Wood Coleman, returned to her home in Amarillo the past week. She had spent several days visiting in the Coleman home.

Mr. and Mrs. N. C. Beam of Wellington were visitors of Mr. and Mrs. Elbert Rankin Sunday afternoon.

Miss Camilla Coleman is a student of Wayland Baptist College, Plainview.

Mr. and Mrs. George Jones of Wellington were guests of their daughter, Mrs. Bill Shields and Mr. Shields.

Rev. and Mrs. Long and their children, Leonard Roy and Jane Elizabeth, were dinner guests of Mr. and Mrs. D. A. Kincannon Sunday.

Mrs. Mettie Beasley visited with Mr. and Mrs. D. A. Kincannon Sunday.

Mr. and Mrs. W. H. Riley have had as their guests Mrs. Riley's brother and family from Weatherford.

## Crippled Children May Get Assisted

Austin — In an effort to familiarize every person in Texas with the services offered by the Crippled Children's Division of the State Health Department, Dr. Geo. W. Cox, State Health Officer has released the following statement: Every crippled child in Texas, under 21 years of age, and of normal mentality whose parents are unable to pay for needed care, is entitled to assistance from this Division.

Crippling conditions which may be treated are infantile paralysis, osteomyelitis, club feet, harelip and cleft palate, burns, curvature of the spine, arthritis, bow legs, rickets, tuberculosis of the bone, flat feet, congenitally dislocated hip, muscular dystrophy, supernumerary fingers and toes, wry neck, elephantiasis, spina bifida, brachial palsy, Potts' Disease, congenital anomalies, spondylolisthesis, ampu-

tation, webb fingers, epiphitis, and sarcoma.

Assistance may be obtained by applying to the Crippled Children's Division, Texas State Department of Health, Austin, or by placing an application through an established city or county health unit.

Full information about local groups and organizations throughout the state who are anxious to assist crippled children to establish their eligibility and receive proper care, may be had by writing for a pamphlet, "Handbook on Agencies." Address Cripple Children's Division, State Department of Health, Austin 2, Texas.

A golden opportunity for the thrifty—U. S. Savings Bonds.

## ASTHMA

Don't let coughing, wheezing, recurring attacks of Bronchial Asthma ruin sleep and energy without trying MENDACO, which works thru the blood to reach bronchial tubes and lungs. Usually helps nature quickly remove thick, sticky mucus. Thus alleviates coughing and aids freer breathing and better sleep. Get MENDACO from druggist. Satisfaction or money back guaranteed.

## Don't Shiver & Shake This

We still have a few Floor Furnaces in stock and can make immediate installation.

We also have the following:

- Forced air heaters
- Suspension heaters
- Clay backed heaters for any room of the house, either gas or Butane.
- O'keefe Merritt Ranges Gas or Butane
- Admiral Electric Ranges

# Roaring Rockets Upset Undefeated McLean Tigers 13-7 in Thrilling Game

Wellington's Skyrockets toppled the McLean Tigers from the ranks of the unbeaten teams in Class A play with a 13-7 defeat at Powell Field Friday night, October 15.

First scoring of the game came late in the second quarter after one of the Skyrockets' touchdowns had been rubbed out by penalty. Gene Moore started the ball moving for the touchdown with a 22-yard run around left end from McLean's 33-yard line. Two plays later Kenneth Strickland snagged a goal-line pass from Bobby McCutchen from the 8-yard line and he dragged his tackler over with him for the score.

Strickland recovered a McLean fumble on the Wellington 40-yard line early in the third quarter to once more start a scoring play. Gaston Williams immediately broke loose for a flashy 40-yard run, and then he received a 5-yard pass from McCutchen on the McLean 11-yard line and twisted through the clawing Tiger line for the tally. Jimmy Brock converted giving the Skyrockets a 13-0 margin over McLean.

McLean's touchdown came in the last few minutes of play remaining in the game. Johnny Griffith, the Tigers' speedy halfback, broke loose for several runs, and then powered through the Skyrockets' line for the tally. L. M. Watson converted, and the game ended with a 13-7 score.

The Tigers opened the game with several speedy line thrusts that rolled up two first downs for McLean, then the Skyrocket line suddenly stiffened with brilliant defensive play that was not relaxed all evening.

The first quarter, which was played in a swift and furious manner, saw both teams penetrating but neither in scoring position. In the second quarter Strickland broke for a 30-yard run, but the Skyrockets lost the ball momentarily on a fumble. A pass from Moore to McCutchen sent McCutchen over for a score, but that play was rubbed out because of a penalty.

Moore then rolled up 22 yards on a run, and Strickland received the pass for the first legal touchdown of the game. The Skyrockets tried to run for the conversion, but they were never allowed to break through. The first half came almost immediately, and the Skyrockets held a 6-0 half-time score.

After the kickoff opening the second half, Griffith broke loose for a 20-yard run and the Tigers seemed to be goalward bound. Williams turned back the McLean threat by knocking down a pass into Wellington's end zone from the 20-yard line.

The Tigers line held turning the Skyrockets back to the defensive but Strickland recovered a McLean fumble on the Wellington 40, and Williams took the ball over for the second Skyrocket touchdown.

The Skyrocket line turned in their most outstanding defensive play on the plays that followed. A 20-yard McLean lateral pass started the Tigers on the move, then Williams knocked down an intended touchdown pass, but the Tigers weren't through yet. A penalty on Wellington gave McLean a first down on the Skyrocket 13. On a fourth down try with one yard to go, the Skyrockets bounced the Tigers back to the 6-yard line and the ball went over to Wellington.

Wellington attempted to punt

out of danger but the ball was brought back to the Wellington 28-yard line, and Griffith set up McLean's score with two quick runs followed by a power drive on the Skyrockets' 6-yard line. Watson converted.

Honor guests at the game were the mothers of the Wellington players. They were escorted onto the field by the players just before game time and they were seated near the players' bench.

Starting lineup:  
Wellington pos. McLean  
O'Neal LE Bruner  
Schoff LT McConaghey  
Clark LG McCracken  
Strickland C Brooks  
Riley RG Turner  
Brock RT Vineyard  
Wright RE Kramer  
McCutchen QB Haynes  
Moore LH Watson  
Williams RH Newton  
Baumgardner FB Griffith

Substitutes were Kenneth Strickland, Boone Eads, Bill Plank and Rogers Melton.

## Machine Harvested Cotton Gives Better Return Per Bale

COLLEGE STATION — Cotton harvested by machine methods on a typical dry-land farm in the High Plains in 1947 gave a greater net return per bale than cotton harvested by other methods. This conclusion was reached in a study of the economics of cotton harvesting by M. N. Williamson and Ralph H. Rogers, economists for the Texas Agricultural Experiment Station and the U. S. Bureau of Agricultural Economics.

The study of the 1947 season, just released as Station Progress Report 1134, shows that cotton harvested by machine returned \$144.64 net per bale compared with \$134.37 net per bale when harvested by hand. These variations in net return from various types of harvesting have become very important in the High Plains of Texas since it is estimated that about

3,000 strippers were available for use in the 1947 season.

Williamson and Rogers point out that while machine stripped cotton normally is a lower grade than hand stripped cotton, this results principally from delay in harvesting necessary for mechanical picking. Also hand snapping of cotton costs approximately 6 times more than harvesting exclusively by machine. This offsets a great deal of the price losses suffered through lower grades of machine stripped cotton.

This report is one of a series of studies on cotton harvesting to be carried on for several years ahead in mechanized cotton production in the High Plains. One obstacle to be overcome is to find a practical method of defoliation. Greatly increased facilities for storing seed cotton may become necessary if mechanical harvesting is widely adopted.

Greater use of mechanized harvesting equipment will increase the need for cotton varieties that are better adapted to machine harvesting. And the common use of defoliants and machine strippers will increase the demand for improved machinery through all phases of cotton production, the report predicts.

## Texas Animal Life As Varied as it's Climate, Geography

AUSTIN — Texas is as diversified in its animal life as it is in climate and geography—and the enormous extent of its diversification will be shown in a report now being prepared by University of Texas zoologist.

Dr. W. Frank Blair, zoologist who has conducted Texas field work for the past two summers to determine the bio-geographic regions has begun a detailed summary of his investigations.

Dr. Blair and his students have collected specimens of fishes, reptiles, birds and mammals from all parts of the state. The specimens have been classified for use in classes and research, and preserved in the Texas Natural History Collection at the University.

Mr. and Mrs. W. W. McClaskey Misses Armaleta Ingram and Dora E. McClaskey were in Wichita Falls Saturday evening.

Mrs. Earl Gibbs left late last week to visit her mother, Mrs. Essie Lovelace in Sulphur, Okla.

## Glen Carter Awaits Assignment to U. S. Aviation Cadet Corps

Cpl. Glen Olan Carter, who has been stationed with the Army Air Force as Orlando, Fla., is on terminal leave until Nov. 6, after which he will be stationed at Randolph Field, pending his assignment as an aviation cadet.

Cpl. Carter is the son of Mr. and Mrs. H. O. Carter of Wellington.

Bill King visited his family in Vernon and attended the Dallas Fair over the week end.

Mr. and Mrs. O. E. Plank were in Lawton, Oklahoma, last week visiting their son, John Plank and wife.

# The 1949 FRAZER

## Trailblazer-of cars to come!

Once in a blue moon the stylists and engineers outdo themselves. They create a car that goes beyond today and sets the pattern for cars of the future.

This is what they have done with the FRAZER for 1949!

Low, sleek and differently handsome it is the trailblazer in style of cars to come. Its exclusive colors and fabrics have made the world's leading fashion designers fall in love with it. They call it "the dream car".

The same car, the FRAZER for 1949, has even won the hard-to-win hearts of the test drivers who must relentlessly punish a car mile after mile for weeks on end. They say the Frazer makes such driving no punishment for them. Its driving ease and riding comfort "make 600 miles a day a breeze," they say.

There's a thrill waiting for you at your dealer's today. With 100 new features, improvements and refinements, the 1949 FRAZER is ahead of its time... out front—trailblazing the way for all the cars to come.

First to break clean and scrap tradition, the cars from Willow Run have done it again. Because unlike other "new" cars built since the war, they've road-proved their dependability—2 billion miles worth! Value-proved to a quarter-million justly proud owners. See and drive the new FRAZER now! It's at your dealer's. Kaiser-Frazer Corporation, Willow Run, Michigan.

# L. E. WARD MOTOR CO.

From where I sit... by Joe Marsh

I'm Glad We're "Different!"

There's a lot of difference of opinion in our county on the best kind of pasture. Some say alfalfa mixed with brome grass—others say mixed with oats or barley. But all agree that a mixture's better than a single crop.

I sometimes think people are the same way—and the strength of America is its mixture of so many different strains—some from one country, some from another—right down to little differences: like folks who have a taste for beer and those who prefer cider.

From where I sit, so long as we never become intolerant of one another's different tastes—so long as we live together with our differences, and even supplement them the way brome grass does alfalfa, then we're a mighty good crop!

So neighbor—enjoy your cider while I enjoy my beer! Vote for your candidate—I'll stand by mine! But never let our differences divide us!

Joe Marsh

## Captain of Industry

Meet Butch—Pres., Treas., and Field Force of the One Man Odd Jobs Co., Uninc. Take a good look at him—for Butch is America.

Butch owns a bicycle. Lots of lawn and lemonade and baby-sitting lie between Butch and that bike, but we're betting on the boy. He has energy, vision, and our national habit of working hard for what he wants. He's American business—in miniature.

There are many names for Butch's philosophy. You can call it Free Enterprise, Opportunity, Democracy, or Capitalism, if you want.

But, whatever the name, America owes it much. For our most valuable natural resource lies in the ambition and initiative of Americans like Butch.

As great publications have grown from the dreams of young men with old handpresses—and great industries from the products of grubby little cellar workshops—the electric industry had small beginnings, too. Like our own company. A few men with vision strung the first small lines. People with faith risked their savings. Better and better service, at lower and lower cost, created more and more jobs—and carried the benefits of electric living to more and more people.

Free enterprise and hard work will bring Butch and his bike together. They are what built America and the American way of life, which is the highest standard of living in the world. No nation on earth has found a satisfactory substitute for that combination.

## Wheat Situation Has Both Bright And Dark Outlook

COLLEGE STATION — What's ahead for wheat, ask Texas farmers. Here's the answer. Facts and figures in the government wheat outlook sound a note of caution. Now that fall seeding is under way, here are the facts as they are seen by E. A. Miller, extension agronomist, and C. H. Bates, extension farm management specialist of Texas A. & M. College.

Here's what the wheat growers like. The continued strong demand here in this country should take up 750 million bushels of this year's big crop. This would mean only 20 million bushels less than what we used last year. The European Recovery Program will use around 450 million bushels. The wheat price support for the 1949 crop is 90 percent of parity through loan and purchase agreements.

And here are a few gloomy facts. The carry-over of wheat stocks next July 1, is expected to be up nearly one-fifth above the prewar level. European wheat production has improved, and will approach the yields they had before the war, if they don't get a stack of bad weather. The United States acreage goal has been set 8 percent below last year's goal, and Texas' recommended seeding goal is down 10 percent. The storage bins are heavily loaded with this year's big wheat, grain sorghum and corn crops.

All in all, it looks like the United States and world supplies have improved quite a bit. Next year's carry-over certainly will be up, and the situation could look a little tough if average yields are had from the acreage goal. The 1949 acreage goals are 71.5 million for the U. S., and 6.5 million for Texas. And another bumper wheat crop in 1949 would probably require marketing quotas for all growers in 1950.

So, it looks like good business to face the facts, says Bates and Miller. If some marginal acres have been in crops that should be returned to pastures, better plan to begin re-sodding now. Increase your summer fallowing and erosion control practices, say these extension specialists, and plant soil-building legumes wherever they are needed.

Plan ahead, plant wisely, and give your soil a break.

## Ted James in McMurtry Chorus

ABILENE — Ted James of Wellington is a member of the 1946 McMurtry college Male Chorus which made its initial appearance of the season yesterday in a college chapel program.

The group, under the directing of Dr. Thomas S. Williams, chairman of the division of fine arts, made its debut last year. It has since won critical acclaim by leading musicians all over the country. More than 40 performances have been scheduled for the coming season, he added.

Members of the chorus are selected from those students receiving profession training in voice, and the group's repertory includes music of the best composers.

## E. M. True Jr. Does Advance Study At A & M College

E. M. Trew Jr., county agent of Lamar County and a former Collingsworth resident, is on a year's leave of absence, and is doing graduate work in agronomy at Texas A&M College on a Sears-Roebuck Foundation Scholarship.

He is giving special attention to the study of livestock, grasses, etc.

His wife and small daughter are with him at College Station.

Mr. Trew is the son of Mr. and Mrs. E. M. Trew of near Wellington. He grew up here, graduated from Wellington High School and later from Texas A&M.

Mrs. H. J. Hawkins of Hollis underwent major surgery in St. Joseph's Hospital the latter part of last week.

Mrs. O. B. Raburn is in the St. Joseph's Hospital this week receiving medical treatment.

## Windbreak Trees Available From Forest Service

COLLEGE STATION — If you are planning on getting some tree seedlings for reforestation or windbreak purposes, you had better hurry. D. A. Anderson, acting director of the Texas Forest Service of Texas A. & M. College, says the supply of several species is already running low. From now on it's a first come, first served basis.

According to a recent check-up at Texas Forest Service's Indian Mound Nursery near Alto, there are only around a million and a half slash pine seedlings left. All supplies of red mulberry, black walnut, Chinese elm, red cedar, Russian olive, Colorado blue spruce and species have been spoken for.

With a two-inch rain in an hour's time last May and a long, drouthy period since then, this year's pine tree growing season has had a few hard knocks. Result: this year's seedling crop will fall far below the 20 million estimated production.

The seedling shipping season usually begins around December 10 and lasts until early March. The Texas Forest Service grows seedlings only for reforestation projects and windbreak uses, says Anderson, and those wishing to buy trees for shade or ornamental plantings should get them from commercial nurserymen.

County agents will be glad to help in giving advice as to the species of trees to be planted in areas where soil and climate conditions present unusual problems.

Mrs. Darrell Miller of Shamrock underwent major surgery in St. Joseph's Hospital the middle of last week.

James and Donny Ammons were tonsillectomy patients in St. Joseph's Hospital last week.

Among the resident college students are the following from Wellington: Glenna Belle Shields, daughter of Mr. and Mrs. Benton Shields; and Lennie Lou Coleman, daughter of Mr. and Mrs. John S. Coleman.

R. L. Sherrill of Vinson underwent major surgery in St. Joseph's Hospital last week.

Larry and Dickie Craig were recent tonsillectomy patients in St. Joseph's Hospital.

How Much DOES A WATER SYSTEM COST? It's Easy to Figure in Dollars and Cents, BUT...

The important questions to ask yourself are—How many hours of needless drudgery will it save? How much more time will I have for profitable work? How much will it actually increase my farm production?

We can answer these questions. Let us show you how a Dempster Water System pays for itself, then begins paying you. Come in today for details about a dependable Dempster system to fit your needs.

time last May and a long, drouthy period since then, this year's pine tree growing season has had a few hard knocks. Result: this year's seedling crop will fall far below the 20 million estimated production.

The seedling shipping season usually begins around December 10 and lasts until early March. The Texas Forest Service grows seedlings only for reforestation projects and windbreak uses, says Anderson, and those wishing to buy trees for shade or ornamental plantings should get them from commercial nurserymen.

County agents will be glad to help in giving advice as to the species of trees to be planted in areas where soil and climate conditions present unusual problems.

Slash, loblolly, longleaf and shortleaf pine seedlings can be bought for \$2.50 a thousand. Black locust, bois d'arc, catalpa, eucalyptus and Australian pine sell for \$3 per thousand, and other varieties at \$5 a thousand. That's about what it costs the Forest Service to grow and pack them.

When buying for reforestation, you have to get at least 500 or more, and at least 100 for windbreaks, says Anderson.

How Much DOES A WATER SYSTEM COST? It's Easy to Figure in Dollars and Cents, BUT...

The important questions to ask yourself are—How many hours of needless drudgery will it save? How much more time will I have for profitable work? How much will it actually increase my farm production?

## Lillian Gosnell Tells of Sweden Left Hand Driving, Swedish Miles Confuse U. S. Drivers

This is the second in a series of articles taken from a letter written by Miss Lillian Gosnell, formerly of Quail, to her parents, Mr. and Mrs. W. J. Gosnell. Miss Gosnell is a government employee working for the United States Army at Heidelberg, Germany.

We took off from Copenhagen on Tuesday A.M., the 22nd, for Stockholm. The border crossing is located at a town called Helsing, which some of you may remember was the scene of a Shakespeare hamlet—Prince of Denmark.

The most peculiar thing that initially struck us in Sweden was driving on the left. Believe me it sure is strange if one never had to drive just opposite of the natural way we were taught. The border agents plastered our windshield with stickers, in several languages, reminding us to stay on the left but still one finds himself wandering unconsciously to the natural side. Of course I got somewhat used to that during the time I spent in Japan.

Unlike Denmark, the rural areas of Sweden appeared to be predominately pine and spruce forest land which of course supports their largest export items of wood products together with considerable iron and other types of ore. Southern Sweden is also quite flat and their highways are inferior to other countries, many being dirt although wide, smooth and therefore fast.

In addition to this left hand driving business, Sweden further complicated things by expressing distances in terms of Swedish miles and also rationing gas. A Swedish mile equals ten kilometers or about six English miles. As for gas, we were completely unaware that it was rationed and had the tank filled before the attendant inquired about coupons. When Don explained that we had none—all hell broke loose and he finally took us to the local jail house. After about ten minutes of fruitless explaining, due to the language barrier, the cop gave up and authorized us a couple hundred liters. We attempted to get straightened out by calling the American Legation, but since we hit Sweden during their Midsummer festival holiday season, could not get any satisfaction from that office and we just had to have fuel regardless of the inconvenience.

Stockholm impressed us as more nearly like a large American city than Copenhagen although not quite as many people. As you well know, it is situated near the eastern edge of Sweden, on Lake Mälaren, an arm of the Baltic, and is often referred to as the land of the midnight sun. For about 140 days

during this time of the year it remains light around the clock.

In Stockholm proper their so called night lasts about four hours but it is actually no darker than twilight and one can conveniently read, drive without the benefit of lights, take pictures or do just about anything that daylight permits. A short distance further north the sun remains completely above the horizon for the entire summer period.

We were quartered in the Grand Hotel, a luxurious palace located just across a lagoon from old King Gustaf's mansion which is adjacent to parliament in a section of town known as old Stockholm. Edgar Bergen was also there. Apparently "Charlie" earned enough to afford the bald Swede a vacation in his native land during the festival season. We ducked into a show for a couple of hours one afternoon—Bing Crosby and Joan Fontaine in Emperor's Waltz. Sound was transmitted in English with the native language recorded or the screen.

We had so little time and so much to see that we didn't get inside a good old fashioned Swedish smorgasbord as we had planned. Meat, in addition to bread and butter, was rationed although in all countries there was very little meat available and the menu consisted largely of fish and fowl. Consumer goods, although expensive, were plentiful and off ration so I was able to pick up some dress material that I have looked for all over Europe. Swedish kroner sells at 3.5 to the dollar at par, and since we couldn't locate a BM contact, things were that much more expensive. We all enjoyed Stockholm very much and believe it represents the most progressive city in Scandinavia. We didn't get to Finland, however all Sweden appeared very much alive. The tall blonde Swedes were exceptionally nice to us and I'm sure that a longer sojourn up there wouldn't be hard to take.

As you will recall the Swedes managed to remain neutral during

### Girls More Carefree Thanks To 2-Way Help

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUI's 2-way help. You see, CARDUI may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUI is scientifically prepared and scientifically tested. If you suffer "at those certain times", get CARDUI today.

## Demand Far Exceeds Number of Teachers Now in Training

AUSTIN — Texas colleges and universities are training only a small portion as many teachers as there is a demand for in the state's

the entire war although they were never convicted of any lack of cooperation with the Nazis. I actually believe Hitler got more out of Sweden remaining neutral than he would have by taking them over. They have felt one adverse effect of the war, however, inasmuch as they have inherited a large number of displaced persons especially Jews who sought refuge in that country because it did remain neutral. When Hitler started his early activities in southern Europe these refugees were forced to move on to neutral Sweden and many have elected to remain although the overall displaced person problem there is no where comparable to here in Germany. You see, there are a great many stuck here, of numerous nationalities, who are unable to return to their native countries for fear of being convicted as collaborationists. I see where Truman recently signed the generous Republican bill on the DP plan. Compared to some countries, many of which are much smaller, people over here feel in general that the States have let this program down badly.

See You  
IN CHURCH  
Sunday

public schools. Superintendents found extreme difficulty in many instances in filling vacancies with college-trained teachers, the Texas State Teachers Association announced here Saturday after making a survey of 13 institutions in the state which train teachers.

Requests for teachers made to teachers colleges, denominational and other colleges for the present school year totaled 12,727. Only 1,068 placements were possible, according to Charles H. Tennyson, public relations director of the Teachers Association.

"The teaching profession must, in some way, be made more attractive or our school systems will suffer even more than they now suffer," Tennyson said.

"It is quite likely members of the profession could help by 'selling' their students upon the desirability of teaching as a life work and of the opportunity to serve.

"There are many persons, however, who would like to be of service as a teacher who cannot because of economic conditions. We

appreciate the additional pay given our teachers by the last legislature. I believe the next legislature, knowing living conditions now, will grant additional revenue."

The Texas schools have a shortage of more than 11,000 qualified teachers this year.

The greatest demand is in the grade schools.

"In twenty-five years in this work I have seen nothing like the present situation," E. H. Farrington, director of the teacher placement bureau, North Texas State Teachers College, Denton, said Saturday.

"Elementary teachers are the most scarce," he declared. "The situation is not as critical in high school classrooms except in sciences, physical education, English, music, mathematics and coaching."

Other states are luring graduates of Texas colleges with higher pay, Farrington pointed out.

"New Mexico is an excellent example," he said. "That small state with a minimum of \$2640 for teachers, as compared with \$2000

for those with bachelor's degrees in Texas, is making big inroads upon our teachers, both the newly qualified and the experienced instructor."

Sam Houston State Teachers College had the largest demand for teachers this year. It could have placed a few more than 4,000 but had only 120 available. Southwest Teachers was called upon for 8,000 and supplied 230. Baylor University could have placed 971, but had only 113 available. Southern Methodist was asked for 602 and

provided 36. Texas Tech could have placed 814 but had only 87. Texas State College for Women placed 160, but had a demand for 1,517.

## HIT OF THE YEAR! Have you tried DYNAFLOW?

Do you want to know what the motorwise press has in mind when it talks about "the biggest advance since the self-starter"?

Do you want to know how it feels to command the smoothest flow of power to be found on land, on sea, or in air?

Then settle yourself behind the wheel of a Buick Roadmaster, and try out Dynaflo Drive.\*

Here, you will find, is something vastly more than "no clutch" driving.

It's a brand-new way of transmitting the driving force from an engine to the rear wheels — without buck or bobble.

\*You get Dynaflo Drive, at extra cost, on Roadmasters only.

You have a drive that gets completely away from gears which have to shift.

You have a drive that takes you from a standing start — through every speed range — with a steady, willing swoop of power.

You have in Dynaflo a built-in supercharging assembly that combines the smoothness of oil with an instant response to acceleration.

You have, in other words, eager starts, easy-striding climbs, an unfettered pace on the straightaway — controlled by the gentle nudge of your toe on the gas treadle.

Except for parking or backing, there's nothing to do but steer the car, in a whole day's drive.

In ten wonderful minutes, you can check all these facts for yourself.

First step to this great adventure is to give us a call. Then we'll let nature take its course. But we might give you one hint: We'll be glad to book your order, whether or not you have a car to trade.

### BUICK alone has all these features

- \* DYNAFLOW DRIVE (Roadmaster Series)
- \* TAPER-THRU STYLING (Super and Roadmaster)
- \* VIBRA-SHIELDED RIDE \* SAFETY-RIDE RIMS
- \* HI-POISED FIREBALL POWER

Guests in the home of Mrs. Pearl Parker over the week end were Mr. and Mrs. Wayne Parker of Mangum, Okla., and Mr. and Mrs. Bill Parker of Odessa.

Guests in the home of Mr. and Mrs. Henry Stall during the week end were Mrs. Jean Rose and daughter Janice Lee, of Reno, Nevada.

Mr. and Mrs. H. D. Lankford and children, Floyd Harvey, James Harold, Charlene and Esther, have moved from Channing to Samnorwood to make their home. Mrs. Lankford formerly lived here and was Miss Pansy Graves. He has been employed by the Santa Fe Railway Co. at Channing.

Mr. and Mrs. John Henard, accompanied by her sister, Mrs. Conrad Hatchitt of Quanah, returned late last week from a vacation through New Mexico.

Cecil Street of Austin has been a business visitor in Wellington this week.

Mrs. Bussy and daughter of Childress, S. L. Qualls Jr. of Pampa and Mrs. Jack Howard of Amarillo, are at the bedside of their mother, Mrs. S. L. Qualls, who is seriously ill at her home in Wellington.

Mr. and Mrs. A. L. Head and Mr. and Mrs. Wayne Reynolds and daughter June attended the Dallas State Fair last Thursday and Friday.

Private Richard McClaskey and Private Benny Moore of Sheppard Air Force Base, Wichita Falls, flew to Wellington for a visit with their parents, Mr. and Mrs. W. W. McClaskey and Mr. and Mrs. L. A. Moore over the week end.

Sunday guests in the home of Mrs. N. Shaded were John Albert of Sayre and Eli Albert of Elk City, Oklahoma.

Benny Karnes, a student in North Texas State College, Denton, visited with local residents who attended the State Fair of Texas Saturday.

Mrs. W. S. James is a medical patient in St. Joseph's Hospital this week.

Mrs. Noble Murray is a medical patient in St. Joseph's Hospital this week.

W. A. Bennett entered St. Joseph's Hospital this week receiving medical treatment.

Lenora Turner was a tonsillectomy patient in St. Joseph's Hospital this week.

D. H. Almon of Grannis, Ark., is a medical patient in St. Joseph's Hospital this week.

Mrs. Ples Rhea is a medical patient in St. Joseph's Hospital this week.

James Moss of Memphis underwent major surgery in St. Joseph's Hospital this week.

Mr. and Mrs. Wayne Reynolds and Wanda June, attended the State Fair in Dallas last week.

Rev. Morrison, pastor of the Methodist Church at Dodson, was called to Muleshoe last week by the serious illness of his son.

Mr. and Mrs. O. V. Koerner were guests of her parents, Mr. and Mrs. E. K. Tinsley of Clinton, Okla., Sunday.

Mrs. Mack Saied left Saturday for Detroit, Mich., for an extended visit with relatives.

Mr. and Mrs. E. A. Shadid and family of Altus were Sunday guests of Mrs. M. Shadid and family.

Mr. and Mrs. Fred Gribble of Altus were week end guests of Mrs. Gribble's parents, Mr. and Mrs. F. A. Hatch.

Mrs. Harry Lampkin and baby of Roswell, New Mexico, were week end visitors in the H. B. Lamkin home.

Jackie McPherson of Southwestern Tech was a week end visitor in the home of his parents, Mr. and Mrs. Luther McPherson.

Mr. and Mrs. T. H. Rainer and Bessie, also Mrs. J. L. Burt spent Sunday with friends in Lawton, Oklahoma.

R. E. Newell of Canadian, was in Wellington Monday on business. Mrs. Prebble Russell and sons, Dale and Neal, attended the Dallas State Fair Saturday.

Miss Ruby Johnson of Pampa, visited over the week end in the home of her mother, Mrs. W. W. Johnson.

Mr. and Mrs. Raymond Wilson of Borger, were week end guests of Mr. and Mrs. Howard Riggs.

**NEW DEMANDS**

**SOARING COSTS**

**WAGE INCREASES**

48 hours pay for 40 hours work  
Penalty pay for weekends & holidays  
25¢ an hour increase  
Total **1 1/2 BILLION DOLLARS**

# 1 1/2 Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employees.

They want 48 hours pay for 40 hours work—in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25¢ an hour for every employee!

## You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employees an annual raise which would average \$1500 per employee!

The total cost of this would be no less than 1 1/2 billion dollars per year, which is more than twice the expected net income of the railroads this year.

Who'd pay the bill, because if these increased costs are forced on the railroads,

they must have still further rate and fare increases.

## Demands Unreasonable

These employees have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48¢ an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10¢ an hour.

Railroads Run for Everybody—Not Employees Alone

The railroad industry must serve not one but many groups—producers, businessmen, shippers, passengers and the general public—night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. Everybody who enters railroad employment knows this.

## Strike Threat

On September 18, 1948, the leaders of these 16 unions began taking a strike vote. But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!
