For Seventy-six Years a Builder in Collingsworth County

Volume LXXV | WELLINGTON, COLLINGSWORTH COUNTY, TEXAS 79095 | THURSDAY, NOVEMBER 7, 1985 | Number 17

County Voters Turn Down 3 Amendments

Collingsworth County voters voted against 3 Texas constitutional amendments in polling Tuesday: No. 5, No. 7 and No. 9.

Local voters approved the remaining 11 amendments.

Amendment No. 5 would authorize the legislature to regulate what services local hospital districts provide.

Amendment No. 7 would authorize Chambers County to have from two to six justice of the peace precincts.

Amendment No. 9 would place stricter controls on transfers of state funds within various state agencies.

Local voters approved Amendments 1 and 2 which dealt with issuance of state bonds for water development projects, and local voters approved the remainder of the amendments.

Complete county election results are tabulated on page 8 of this issue.

MISS SAMNORWOOD

Sandy Henard, center, was selected 1985 Miss Samnorwood at the annual pageant Saturday, Nov. 2. Sandy is a senior and the daughter of Mr. and Mrs. Jim Henard. First Runner-Up was Linda DelBosque, right, freshman, daughter of Mr. and Mrs. Raymond Garza. Jessica Kirkland, left, sophomore, was named Miss Congeniality. Jessica is the daughter of Mr. and Mrs. J.L. Kirkland.

WTU to Drop Power Price In November

The price of electricity for residential and commercial customers of West Texas Utilities Co. will decrease slightly in November as the company's winter rates go into effect.

Beginning with November billings, base rates will be reduced by 3/4-cent per kilowatt-hour. Residential base rates will drop from 3.97 per kilowatt-hour to 3.22, while commercial base rates will drop from 4.18 to 3.43 cents per KWh.

Result of the base rate decrease and slight adjustment in the fuel cost factor will be an 8.2 percent reduction in costs for residential customers. For example, a customer using 1,000 kilowatt-hours will be charged $6.56 less than for the same amount under the summer rates.

The summer-winter rate differential for the two classes of customers was established by the Public Utility Commission of Texas during negotiations in WTU's rate case during the fall of 1984. Seasonal rate differentials have been used by many companies for many years. The main reason is that the cost of providing service is higher during the peak usage season, or summer months when air-conditioners are in use.

Winter rates will be in effect from Nov. 1 through April 1986.

BPW Thanksgiving Dinner Scheduled Tuesday, Nov. 12

Business and Professional Women's Club will hold their annual community Thanksgiving turkey dinner Tuesday, November 12, at Bura Handley Community Center, Geneva Thomas, president announced.

Serving time will be 5:30 to 7 p.m. Tickets are $4.00 each or $4.25 for plates prepared to take out.

Mrs. Thomas explained that this year, those buying take out plates will go through the serving line, just as do those who will eat the meal at the building.

Tickets for children 11 years and under will be half the cost of an adult ticket.

The menu will include turkey with all the traditional trimmings. Dessert and drinks will be included in the cost of the tickets.

These may be bought from any B&PW member or may be obtained at the door.

Rockets Close Season Against Shamrock Fri.

Approximately a dozen Skyrockets will play their final high school game Friday, Nov. 8, meeting Shamrock on the Irishmen's El Paso Field.

Game time will be 7:30 p.m.

This is a football rivalry between two teams that goes back more than 50 years and is usually played on the Friday closest to Veteran's Day.

Shamrock Irishmen have not won a game this year, but have been playing real competitive ball.

"They just haven't been able to win," said head coach James Williams.

"I'm sure they'd like to finish off their season with a victory Friday night."

"We're trying to come out with a winning record and hopefully we can do this Friday night."

"As it stands right now, we don't have any injuries this week and we will try to go into the game healthy," Williams continued.

Among the Skyrockets scheduled to play their final game for the team are seniors Kendall Harris, Mike Skelton, Ruben Cantu, Shawn Davis, Tracy Day, Johnny Nash, Victor Garza, Neal Duncan, Kacy Davis, Michael Mackey and Scotty Hale.

"If we win this game, we will feel we had a good season," says Williams. "We came close to going into the playoffs. If we had won the first district game we would have had a shot at it. Beginning next week, the Rockets will be trying to build for the 1986 season."

County Will Practice Disaster Plans Thursday

"Twister II Exercise," "Twister II Exercise." This will be heard over the local airways constantly as Collingsworth County will participate in the Twister II Exercise, called by the State Emergency Management for every participating county, according to County Judge Zook Thomas, County Emergency management director. The date is Thursday, Nov. 7, 4 to 10 p.m.

Working with Thomas in directing are Mayor Ralph Owens of Wellington, Mayor Thurman Crownover of Dodson and J.R. Bowen.

Twister II is a simulated tornado which strikes the county involving loss of life, high property and crop loss and other destructive factors which come along with such a natural disaster, explained Charlene Poteet.

All public service agencies will participate, including Sheriff's Department, Department of Public Safety, Ambulance Service, Red Cross, and a number of other organizations. Headquarters will be in the county courthouse.

Local citizens with scanners and citizens band radios will be able to monitor the exercise and hear the simulated emergencies as they occur.

County Museum Calls Membership Meeting

The annual membership meeting of the Collingsworth County Historical Museum will be held Saturday, November 9, at 7 p.m. in the Heritage Room of Wellington State Bank.

Dan Henard, Jr., who will preside, said that although this is a membership meeting, the general public is also invited, and everyone who is interested in the museum is welcome.

As a courtesy for this annual meeting, there will be a special showing of Jan Glenn's "Salute to Wellington". Miss Glenn and her husband, Bob Allen, both with TV Channel 13, Houston, made the film on a visit here several years ago.

This couple is recognized through out the Gulf Coast area for their contributions to Channel 13's achieving top ratings in the Houston viewing area. Miss Glenn has her own show; Allen is a sportcaster. She is the daughter of Mr. and Mrs. Barney Glenn.

There are a number of major pieces of business to be taken care of.

New officers will be elected and directors will be named to succeed those whose terms expire.

Plans for the future will be discussed relative to keeping the museum open and what needs to be done to the inside of the building as well as to the grounds. There is due to be a discussion of work on funding, the possibility of grants, and Nora Drake, executive director, will discuss goals of the museum.

Jean Cudd, chairman, will discuss membership and plans made to this point for rebuilding the membership of the museum, which has dropped seriously.

It was pointed out that dues may be paid at the door and still vote in the election meeting and on other measures that come to a vote.

Membership in the museum is county-wide. Dues go toward covering operating expenses.

Annual dues are $5.00 per person.

On this special occasion the Collingsworth County Museum will be open through Saturday afternoon, and again on Sunday afternoon. There are special exhibits, said Mrs. Drake, who is in charge of the museum administration.

Lyna Hurst is chairman of arrangements for this annual meeting.

Mrs. Drake, with her husband, the late Clyde Drake, was instrumental in establishing the museum.

She has returned to active administration of the museum, and will discuss its goals:

1. To keep the museum open.
2. New landscaping, using native plants basically, including buffalo grass as ground cover; keep up necessary maintenance and repairs to the building, and work toward improving and increasing the display space.
3. Procure special short-term exhibits and programs.
4. Continue the docent-conducted tours for groups, with arrangements to be made in advance. This is a special project of the 1954 Study Club.
5. Continue enlarging the collections of photographs and folklore tales.
6. Add to the area research book collection, which was started several years ago with gifts of books given in memory of family members or friends.
7. Encourage the use of all of this reserve collection for none of these can be used outside the museum's reading room.
8. Set up a Museum foundation.

Refreshments will be served.

Two-Day Arts-Crafts Fair Slated

Wellington Satellite Center, a sheltered workshop for persons with mental retardation, will hold its first arts and crafts festival Saturday and Sunday, Nov. 9 and 10, in Bura Handley Community Center.

Plans were announced by Toni Wright, director.

She is joined by members of the center's advisory board and by volunteer workers in making plans known.

Twenty booth spaces have been sold and others should come in during the few days preceding the opening.

The items to be offered include a variety of handcrafted articles and some paintings by Collingsworth craftsmen. Hours will be 10 a.m. to 5 p.m. Saturday, and 12:30 to 5 p.m. on Sunday.

The public is invited and many customers are expected from surrounding towns, said Mrs. Wright.

She pointed out that many of the items for sale are especially for Christmas buying, and they make possible hand-crafted children's toys. Some of these are made in Wellington, but their appearance in the arts and crafts show makes possible a source of these quality toys that is not often found here.

Other items will appeal to adults or to older youths.

A special feature will be the food booth, for those who would like to eat downtown at noon Saturday, Mrs. Wright points out.

This should be attractive to both those who work downtown and those who want to eat lunch away from home.

The sponsors will be serving sandwiches, sloppy joes, homemade chili, hot dogs, nachos, pickles, brownies, cookies, candies, and rice krispy treats, all made by women from county organizations. Drinks will include tea, coffee and pop.

Those displaying their arts and crafts in the booths will include a number from out of town and are: Melba House of Turkey, ceramics; R.G. Strickland of Amarillo, woodcrafts; Clinton Massie of Amarillo, oil tole paintings and needlecraft.

Phyllis Shepard of Wellington, soft sculpture, minature cotton bales and toys.

Donnell Davis of Wellington, dolls, doll clothes and needlecraft.

Christeen Gilbert of Flomot, paintings in oils and watercolors, also crafts.

Marie Phillips and Tauri Marsh of Amarillo, a variety of crafts.

Tammie Chumley of Hollis, oil and pastel paintings.

Mary Helen Walup of Hollis, oil and pastel paintings.

Sheila Timmons of Paducah, Christmas decorations, doll clothing and wood crafts.

Janell Rogela of Amarillo, photography and paintings.

Greta Brars of Amarillo, watercolors.

Pat Plaster of Amarillo, water colors, calligraphy and love knots.

Mary Cannon of Amarillo, crafts.

Jerry and Glenda Scott of Wellington, ceramics and

Linda Jones of Wellington, a variety of crafts.

This is the major fund-raiser of the year for the Satellite Center.

A non-profit organization, the Satellite Center serves this area in educational and vocational training of adults with mental retardation, Mrs. Wright explained.

The Center is partially state financed with the remaining funds coming from local fund raisers such as the Arts and Crafts Show.

"Hopefully, we will draw a large crowd during both days of Exhibition," Mrs. Wright added.

There will be no admission charge at the door. Door prizes will be given away, and there is no cost for participating in these.

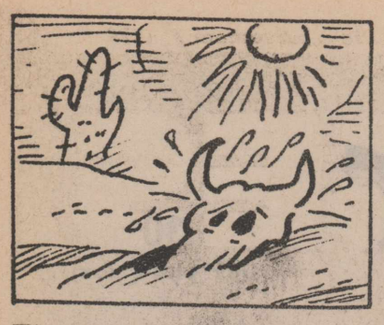

The food booth will be staffed by the employees of the Satellite Center and by volunteers who work regularly with it.

"This will be the first time that a holiday arts and crafts show has been held in Wellington," Mrs. Wright continued. "With the increased popularity of such events, in this area, we hope it will be a big success," said the director.

1985 SKYROCKET BAND

That Skyrocket Band's marching unit will perform their final show of the season this Friday night, Nov. 8 at the Wellington-Shamrock football game in Shamrock. Members, from left, are Shelly Thomas, Leslie Black, Misty Burge, Angie Nevarez, Nickie Dodson, Wes Reeves, Candy Canada, Robi Mabery, Sam Roberts, Kim Castleberry, Stephanie Garcia, Tony Fike, Jamie Morgan, Linda Murdock, Leslie Hammons, Jennifer LaRosa, Lindy Thomas, Valerie Noakes, Tommy Chambers, Carrie Langford, Ronny Mote, D'Nae Keller, Shelly Blades, Leigh Ann Barton, Rex Henard, Johnny Shepard, Wes Anders, Bobby Harper, Jack Shepard, James Shepard. Front row, from left, are flag corps girls, Julie Caldwell, Kristie Keller, Nicole Keller, Drum Major Rudy Torrez, center, Christie Whitten, Penny Wilkins, and Linda Lacy.

The Sahara desert comprises an area as large as Europe: over three and a half million square miles.

SKYROCKET REUNION

Attending the 1936-1939 Skyrocket football teams reunion Friday, Nov. 1 were, back row, from left, Don Austin, Fred Cox, Henry Sullivan, Jimmy Bowen, and R.L. Templeton. Front row, from left, are Tommy Austin, Boyd Williams, William O'Rear, Raburn Holton and Austin O'Neil.

City Donates to Crime Stoppers

Wellington City Council made a substantial donation to Collingsworth Crime Stoppers following a meeting with Sheriff John Rainey Monday, Nov. 4.

The sheriff explained the operation of Crime Stoppers, and told the council that it is funded through voluntary donations, much of it coming from the private sector.

He explained Crime Stopper's effectiveness in surrounding counties which have already set up the program.

The council voted unanimously to contribute $500 to funding the program to match the County's donation.

Sheriff Rainey, a former council member, also requested the council to pass an ordinance which would set up a speed zone around the school complex and thereby control speeding which is becoming a problem on some of these streets. This was approved and boundaries of the zone will be drawn up and other technicalities worked out, which will include setting the speed limit at 20 miles per hour during school hours of 7:45 a.m. to 4:15 p.m., Monday through Friday.

The council approved the request for annexation of several tracts of property along the west side of Haskell Street which does not at this time lie inside the city limits. It was brought out that part of the property on the west side of Haskell is in the city limits, part of it is not.

City manager Glen Taylor reported to the council that two city employees, Randy McGill and Garrett Akemon, are attending the area water and sewer school, which is required for continued state certification.

Mayor pro tem Milburn Derryberry presided in the absence of Mayor Ralph Owens. Others present were Willie Gragson, Lyndon Crelia and Sam McGill; City Manager Taylor and city secretary, Nell McKinney.

I Saw . . .

Some delightful stories came from the Retired Teachers who were entertained by Wellington Independent School District. Mrs. John Coleman was one.

Her first school was Ella, in the very northeast corner of the county. Her father took her to the home of a community resident, who was to take her on to the family where she would board. Everyone from the first family was in the field, including women and older children. A four-year-old was babysitting two younger children. Ethel Coleman's father, W.W. Breeding, had misgivings. She did not.

In the evening, the little girl took a bucket and went to the barn to milk the family cow. Ethel Breeding went along and helped. Later, the child started supper. The new teacher made cornbread. That was her first day of school.

Through the year, Ethel Breeding rode horseback to school and each day, going and coming, she had to dismount, open 6 gates, remount, lead her horse through, close the gate, remount and go on to the next gate.

Because she was only 17 years old, Ethel Breeding could not collect her salary checks until she had her 18th birthday. A few years later she married John Coleman and did not remain in the teaching profession.

Little could she know at the time, but the pastures she rode through are now providing the raw material for Lynn and Connie Emmert's Texas mesquite industry.

Dollie Mae Wilson's first school was at Lillie. She earned $80 per month and part of that went to help her family make land payments.

She is the only member of Retired Teachers who is teaching today. She teaches math, her teaching field, one-half day, each school day, in Wellington High School.

There are many, many more interesting stories from these retired Collingsworth teachers.

4-H Club News

4-H CLOVER CLUB

The 4-H Clover Club met Tuesday, Oct. 29, at the Collingsworth Courthouse.

Officers were elected as follows: president, Marnie Spillman; vice-president, Jill Owens; secretary, Jennifer Thomson; reporter, Reagan O'Rear; treasurer, Lisa Holland; council delegates Wyatt Gilley and Nichole Williamson.

The group is working on a woodworking project. They sandpapered and varnished hat racks.

Refreshments were served by Mrs. Tom Thomson and Mrs. Mike Williams and they were assisted by Nichole Keller and the 4-H Leader Nancy Janes.

EXTENDED COVERAGE

by Betsy Lemons

When you shop for a new car, you probably consider gasoline mileage, handling, good looks, and certainly price. Look at insurance costs, too.

The insurance industry keeps detailed records on the experience records of different types of cars. They note which cars are stolen most often, which get into accidents, and what it costs to repair those cars.

That's the raw information that the companies use to determine the premiums they'll charge to insure your car. And it makes sense that the cars that cost LESS to replace and repair will cost less to insure.

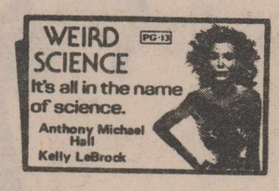

For instance, fancy sports cars with sun roofs, top-grade stereos, turbo-chargers, and the like cost more to buy--and to insure.

It's smart to look at the experience date for damage and fatalities. It may lead you to choosing a safer car as well as to lower premiums.

For every car, you'll get the right auto insurance for your needs at...

Sharon Henard Wins Newspaper Calendar Award

Sharon Henard, 14, an 8th grade student in Wellington Junior High, was named one of three individual winners of the Amarillo Globe-News What's Happenin' Calendar.

The calendar is published monthly as a teaching guide based on the Texas Education Association essential elements.

Sharon is the daughter of Johnny Henard and Debbie Henard.

Her sponsoring teacher was Mrs. Barbara Bartlett, who teaches English, reading, art and composition in Wellington Junior High.

Sharon has been a junior high cheerleader two years, head cheerleader this year, 8th grade president, and twice recieved the Good Citizen Award from La Paisana Chapter, Daughters of the American Revolution.

She will receive $25 as a prize. Her class members of reading also have participated.

CJC Talent Show Winners Announced

Four contestants from Wellington performed at the Sixth Annual Tumbleweed Talent Show on the Clarendon College campus September 28:

Holly Wilson, Sixteen-year-old daughter of Gano and Elaine Wilson, and a sophomore at Wellington High School, won second place in the 11-16 year-old competition for her piano solo, "Eptide." Holly has been performing for 10 years.

Heather Wilson, eight-year-old daughter of Gano and Elaine Wilson, and a third grader at Wellington, played the piano solo, "Frankie and Johnny." Heather won third place in the 5-10 year old competition. She has been performing 2 years.

Holly Dawn Thomas, five-year old daughter of Glenn and Jane Thomas, and a kindergarten student at Samnorwood Elementary, won the hearts of the crowd with her song and dance to "Tiny Toes." Holly has been performing since she was 2 years old, and is a student at the Memphis School of Dance and Baton.

Melissa Mead, ten-year-old daughter of Mr. and Mrs. Douglas Mead, and a fifth grade student at Wellington Elementary, played a piano solo, "Swing the Blues," by Louisa Garrow. Melissa has been performing for 3 years.

Ben Karnes of Wellington won the Special Judges Award for his piano accompaniment at the program.

Skyrockets Crush Bronchos, 19-0

BY BARRY LONG

The Rockets defeated the Clarendon Bronchos 19 to 0 Friday November 1, in their last home game of the 1985 season. The game was considerably one-sided with the Rockets gaining 307 yards to the Bronchos' 169 yards.

This was also a game of penalties with the Rockets being penalized 11 times for 100 yards to the Bronchos' 9 penalties for 60 yards.

The Rockets received the kickoff on their own 25 yard line and Johnny Nash returned the ball 20 yards to the Rocket 45 yard line. The Rocket offense drove to the Broncho 39 yard line before punting the ball on 4th down and 7.

The 29 yard punt left the Bronchos' on their own 10 yard line. The Bronchos moved to their own 45 yard line in 6 plays before being forced to punt by the Rocket defense.

The Rockets took possession on their 20 yard line following the 55 plus punt. Four plays later the Rockets punted on 4th down and 6. The Bronchos started on the Rocket 47 yard line and advanced only 5 yards before being stopped by the Rocket defense and being forced to punt.

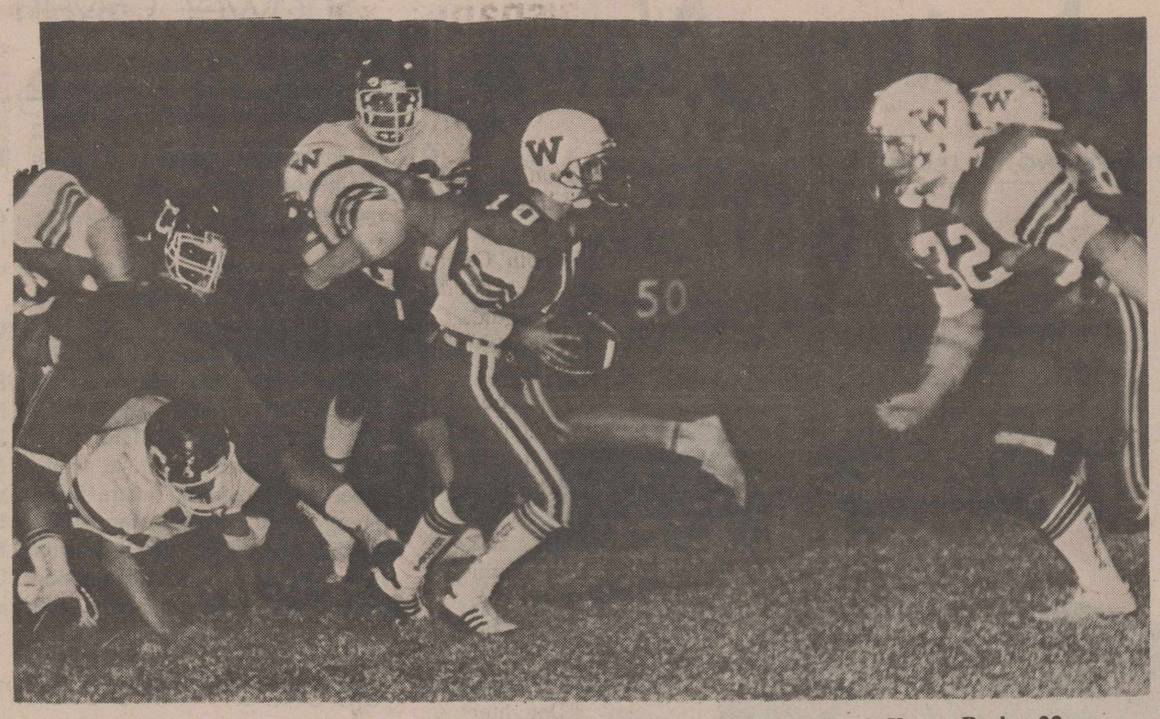

The Rockets started their drive on their own 6 yard line. The Rockets marched 94 yards in 17 plays to score a touchdown on a 1 yard run by Johnny Nash. This drive was due as much to the efforts of linemen Kendall Harris, Mike Skelton, Ruben Cantu, Kacy Davis, Shawn Davis, Anthony Baker and Tracy Day as to the efforts of the running backs. The extra point kick was good by Neal Duncan and the score was 7-0 with 8:50 left in the 2nd quarter.

The Rocket kickoff was run back 46 yards by Robert Youngblood for the Bronchos. A 15 yard penalty against the Rockets on the kickoff left the Bronchos with excellent field position on the Rocket 24 yard line. However, the Broncho drive ended with an 8 yard loss on a quarterback sack on 4th down and 5 by Kacy Davis and Shawn Davis.

The Rockets took the ball on their own 28 yard line and advanced to the 48 yard line where they fumbled the ball and the Bronchos recovered on the Rocket 46 yard line. The Bronchos drove to the Rocket 4 yard line in 10 plays.

The Bronchos were held by the Rocket defense and they attempted a field goal. The attempt failed and the Rockets took possession on their own 20 yard line. The Rockets finished out the half in 5 plays.

The Rockets' second half opening kickoff left the Bronchos on their own 29 yard line. Four plays later Johnny Nash intercepted a pass from Boncho quarterback Leland Howell and ran the ball back to the Broncho 34 yard line. Four plays later a Rocket touchdown was called back on a penalty.

HAND-OFF Skyrocket quarterback Brad Long, 10, hands off to running back Kenny Peeks, 32.

Six plays after that Johnny Nash scored again on a 1 yard run. The extra point kick failed and the Rockets led 13-0 with 6:24 left in the 3rd quarter.

The Rocket kickoff put the Bronchos on their own 30 yard line. Three plays into this series Anthony Baker caught the Bronchos' James Ariola behind the line for a 2 yard loss. On the next play the Bronchos punted the ball and the Rockets fielded it on their own 15 yard line.

Three plays later the Rockets fumbled and the Bronchos recovered the ball on the Rocket 25 yard line. Four plays later the Broncho drive ended following two incompleted passes from the 20 yard line. The Rockets took possession and advanced to their own 39 yard line where Johnny Nash made a quick kick on 3rd down and 11. The punt left the Bronchos on their own 20 yard line.

Two plays later James Patterson tackled Broncho James Ariola for a 5 yard loss on a screen pass. On the next play Tracy Day intercepted a Leland Howell pass and ran it back 10 yard to the Broncho 26 yard line.

Four plays later Johnny Nash scored again on a 1 yard run. The extra point run failed and the Rockets led 19-0 with 7:39 left in the 4th quarter.

The Rocket kickoff was returned 24 yards by Robert Youngblood to the Broncho 34 yard line. Rockets James Patterson and Kendall Harris caught quarterback Leland Howell behind the line for a 2 yard loss on the first play of the series. Seven plays later the Bronchos fumbled the ball on 1st down and goal to go on the Rocket 8 yard line. The Rockets recovered the fumble and took possession of the ball on their own 10 yard line.

The Rockets gained to the Broncho 48 yard line with excellent blocking by Derek Seal, Marvin Brown, Tony Leamon, Dudley Owens, and Maugro Villanueva, and the running on Alex Johnson, Kenny Peeks, Johnny Nash and Kelly Goforth.

The Rockets ran the clock down and punted with less than a minute left in the game. The Bronchos ran one play from their own 9 yard line and the game ended with the Rockets leading the Bronchos by 19-0.

THANKS FROM F.A.D.D.

to businesses and individuals that donated and helped make our first F.A.D.D. party a success.

There were approximately 110 children that went thru the spook house and received their bag of candy.

There were approximately 130 high school and jr. high school teenagers that went thru the spook house and joined in the games, fortune telling and the movie.

Many of the teenagers said Thank You, we really appreciate F.A.D.D. having this party for us, it gave us something to do besides sitting at home or riding the streets.

Legislative Alert Roundtable Featured by 1924 Study Club

A "Legislative Alert Roundtable" was held by GFWC 1924 Study Club on October 31 with Mrs. Boyd Derryberry and Mrs. Jerry Duncan as hostesses at the Heritage Room.

Mrs. H.L. Jenkins, club president, presided.

In committee reports, Mrs. Derryberry gave excerpts from "Literacy Advance" and Lauback's "Literacy International News." This is a spin-off of the club's Community Improvement Project interest in GFWC's literacy project with Mrs. Barbara Bush as honorary chairman. Mrs. Derryberry read a quote from Education Secretary William J. Bennett that lauds the Laubach method (which 1924 Study Club sponsored in Wellington in April '85) and describes the task ahead: "How Americans have compared in the past is less urgent than...will current generations be literate enough to meet the technological-information age...1950 level of literacy probably will be marginal by year 2000."

The literacy topic led into the "Legislative Alert Roundtable" an emphasis of GFWC-Westinghouse Legislative Alert project. The leader of the Roundtable was Mrs. B.M. Sims, club project co-ordinator.

"Legislation--What's the Point?" was developed to cover options: committed/involved; thermometer/thermostat; apathy/ignorance. "Regardless of the issue, the important thing is to become involved in the political process," encouraged Mrs. Sims. "You can take pride and satisfaction in knowing you have become a better citizen by actively participating." In explaining "our society" she told that the costs of remedial programs take an even greater portion of tax revenues while the incompetent and unmotivated proportion of the population increases. Each person must be taught standards, must learn how to live with himself and others, how to and for what to aspire, and how to work, persevere and endure. Failure to fulfill such causes the legislatures, both state and federal, added loads along with the tax payers. Training that makes successful transition into a productive adult life goes along with "prevention is more desired than follow-up cure."

Members have received a Legislative Update at each club meeting and have been keeping notes, writing letters, making personal contacts with legislators on legislative alert issues plus many of special interest to them individually and to our part of Texas. Issues covered have included the following: child abuse; elderly abuse; funding for Juvenile Justice and Delinquency Prevention Act (JJDP; comparable worth) low level nuclear waste (HR 1083). These have had films, special studies and emphasis. Still more topics covered have been social security; nuclear waste disposal site in Texas; missing children; malpractice in military; Ogalla Aquifier Recharge; textiles (tariffs to cut imports that are closing the U.S. textile mills in South); superfund renewal opinions; Sen. Bentsen introduction of legislation for additional $22 million in counter-terrorism funds for FBI.

The club has encouraged people to write the American Institute of Chemical Engineers to promote the chemical plant safety concept.

State issues have been very interesting and exciting: blue law; pari-mutual; state lotteries; legal drinking age change; open container in auto; seatbelts; hazardous waste management package; organ donor package; child support; "white oil" ruling. Public Utility Commission and Railroad Commission have received opinions from the members, too. The juvenile facilities and hazardous waste at state level were somewhat similar with the federal aspects of interest locally, too.

The water plan was of special interest and concern. It is included on the Propositions that will go to the voters in November. Sample ballots were shared at the roundtable and discussed. Mrs. Jenkins told of the Collingsworth 4-H group of sixth graders who had the mock voting on October 29 and the results. The ballots were available for roundtable participants to see. Mrs. Jenkins and Mrs. Sims had been program leaders for the 4-Hers.

Available to the members was "Analyses of Proposed Constitution Amendments" from Texas Legislative Council, August '85.

In summary, the "Legislative Alert Formulas" presented offered a choice to the opening options. "The Capitol Review" sheet gave members names, address of state and federal officials as well as telephone numbers and hotlines such as Child Abuse, Elderly Abuse in Texas, Texas Crime Stoppers (Collingsworth has a unit).

The next meeting will be "Welcome Wellness" directed by Judy Clark with guests being the "High Steppers" of the GFWC Prudential Walking Challenge which received a national second place award in June. All walkers are invited. Check with Lorene Jenkins or Judy Clark for afternoon time at Heritage Room November 21.

Shanna Urban, Hugh Allen Piatt, II Wed in Formal Church Rites Saturday

Faith Tabernacle Church in Oklahoma City was the setting for the wedding of Shanna DeLynn Urban and Hugh Allen Piatt, II, both of Bethany, Oklahoma on Saturday, November 2 at two in the afternoon.

The officiants were the Reverend Terry Rohlemeier, pastor of First Nazarene Church in Edmond, Oklahoma, and the Reverend Bill Rohlemeier, pastor of Trinity Nazarene Church in Fort Smith, Arkansas.

The bride is the daughter of Mr. and Mrs. Douglas Mead, 500 9th Street, Wellington, while the bridegroom is the son of Vicki Piatt of Oklahoma City and Hugh Piatt of Denver, Colorado.

Church decorations were a Christmas tree candelabra which stood behind the prie dieu on which the bride and groom knelt. At each side were two arches of candelabras and two candelabra spirals with the unity candle at front. Each candelabra was entwined with fresh greenery and burgundy foliage, accented with candlelight and burgundy roses. These were repeated in marking the pews.

Margaret Rohlemeier of Edmond, Oklahoma was the organist and Joy Baker of Bethany was the pianist. Wedding selections were presented by Paul Baker and Lisa Mercer, both of Bethany.

Mr. Mead gave his daughter in marriage.

She wore a floor-length wedding dress of candlelight satin. The fitted bodice with sheer yoke had appliques of English lace accented with seed pearls and sequins. This motif was repeated on the high neck. Her bouffant sleeves were elbow length. Fullness of the skirt swept to a chapel train.

With it she wore English and Alencon lace gauntletts and her candlelight hat also had English lace accents and held her veil of matching color illusion.

She carried a formal bouquet of candlelight roses and stephanotis.

The bride wore a strand of pearls belonging to her mother and carried a gold lady's pocket watch which had belonged to her great-great-grandmother.

Mrs. Stacy Urban of Garland, the bride's sister-in-law was matron of honor and bridesmaids were Miss Belinda Crelia, Miss Carla Nunnelley and Miss Lisa Powell. The junior bridesmaid was the bride's sister, Melissa Mead.

They wore burgundy moire taffeta dresses with full tea length skirts. The fitted bodices with scoop necklines and bouffant sleeves. They carried bouquets of candlelight baby roses and burgundy cymbidiums with foliage and baby's breath.

MRS. HUGH ALLEN PIATT, II

David Strong of Bethany was the groom's best man, and groomsmen were William Hollenbeck of Piedmont, Oklahoma, Jackie Robinson of Piedmont, Jeff Wallis of Norman and Kurtis Rohlemeier of Piedmont.

Ushers were Jay Price and Richard Thompson of Bethany, Kurtis Rohlemier and Melissa Mead also lighted the candles.

The flower girls were Jenny Norman of Dodson, the bride's cousin, and Jennifer Branda of Edmond, Oklahoma.

The ring bearer was Aaron Daharsh of Edmond.

After the ceremony, Mr. and Mrs. Mead entertained with a reception in the church fellowship hall.

The bride's table covered with a candlelight satin cloth was acented with burgundy streamers. The 5-tiered wedding cake and the arrangements of candlelight and burgundy roses completed the decor. The groom's table was also covered in candlelight satin and crystal and silver appointments were used at both tables. Presiding at the tables were Courtney Piatt and Sherri Burke of Bethany, sisters of the bridegroom and Misti Beanland of Hollis.

Since returning from their wedding trip to Oklahoma City, the couple is at home at Chapman Hall Apartments on the campus of Bethany Nazarene College.

The bride is a junior education major in BNC and is employed at the Squire Shop in Shepherd Hall. The bridegroom is also a junior in BNC, where his major is biology, and where he is a member of the basketball team.

Mrs. McGuirk Goes to Decatur

Mrs. Dorothy McGuirk, who has lived in Wellington five and one-half years, moved to Decatur during the weekend.

Mrs. McGuirk is the mother of Mrs. Kenneth McKay and will make her home with the McKay family until the new house being built for her in Alvord is completed.

In Wellington she was a member of Wellington Garden Club, Homemakers Club, and Our Mother of Mercy Catholic Church.

She worked at the Wellington School Tax office for a year.

Mrs. McGuirk came here from Boston, Mass. where she lived for many years.

Her son-in-law, Mr. McKay, was superintendent of Wellington Schools and now heads the Decatur Schools.

Nursing Home Plan

You Could Be Asked To Leave The Hospital Before You Are Fully Recovered

In October, 1983, Medicare installed **the new D.R.G. Hospital "Prospective" payment system,** the most dramatic change since 1966. Hospital stays have been greatly reduced. Many patients are not ill enough to remain hospitalized, but may still require professional attention in a Convalescent Care Facility. **You may not be presently covered for these expenses.**

Did you know:

* **Convalescent Care or Nursing Home Care may cost $1,500 or more per month?**
* **Medicare only paid 2% of the 27.5 Billion Dollars spent on Nursing Home Care last year?**
* **One of every three persons on Medicare will be confined in a Convalescent Care Facility or Nursing Home?**

For more information regarding the new Nursing Home Plan, simply fill out the form below:

Letters From The People

Dear Editor:

I am writing concerning an advertisement that appeared in several 31st Senatorial District newspapers regarding my former assistant, Henry Honea. In those advertisements, Mr. Honea stated he no longer is employed by my office and that the Sarpalius Mobile Office officially has been discontinued.

While it is true Henry no longer works for me, it is not true that I have discontinued the mobile office. Henry was a faithful employee, however, I felt it was time to make some changes regarding the mobile office. We have been operating it now for a little more than four years and have found it very successful in certain parts of the Panhandle and South Plains.

Mobile office maintenance expenses have been paid out of my pocket as well as through friends and supporters. The mileage and Henry's salary were charged to the state. We noticed during the summer very few people visited the mobile office, and we could not justify continuing operating on the current schedule. Future plans call for operating the mobile office on a more economic periodic schedule while maintaining our commitment to visit all cities in the 31st Senatorial District. It is our belief that, to be an effective senator in Austin, one must stay in touch with the people on a grass-roots level. The mobile office has helped us a great deal in accomplishing this goal. For that reason, it will not be discontinued.

Bill Sarpalius,
Amarillo

WHAT YOU DON'T KNOW ABOUT HEAT PUMPS...

COULD COST YOU MONEY!

An Electric Heat Pump & The Energy Saving Plan Will Help You Save Money in These Ways:

1 The electric heat pump is the most efficient system for heating and cooling a home, and can offer you years of energy savings. A heat pump can actually produce more than 2 units of heat for every unit of electricity used in a properly insulated home.

An electric heat pump, along with the other energy efficiency measures outlined in the Energy Saving Plan, can save you thousands of dollars in energy bills over the life of your home.

2 You can get a $110 per ton cash bonus for installing a central system heat pump in your home through the Energy Saving Plan. Your home must meet all the E.S.P. requirements and be served by WTU to qualify for the bonus program. Also, be sure to ask about WTU's incentive plan for installing a heat pump window unit.

For more information on the electric heat pump and the Energy Saving Plan, contact your local West Texas Utilities office today.

Samnorwood Baptists Announce Revival

Revival services for First Baptist Church in Samnorwood will be held Friday through Sunday, November 15-17, with a different Panhandle pastor preaching at each service. Plans were announced by the Rev. Terry Raines, pastor.

After the Sunday morning services, there will be a Thanksgiving Turkey dinner for members of the church, to be followed at 1:30 p.m. with an Afterglow Song Service. Those attending may stay and sing as long as they wish.

The Rev. Stan Coffee, pastor of San Jacinto Baptist Church, Amarillo, will preach at 7:30 p.m. Friday.

The Rev. Jeff Messer, pastor of First Baptist Church, McLean, will preach at 7:30 p.m. Saturday.

The Rev. Doug DuBose, Area Associational Missionary for the Panfork Baptist Association, will preach at the final service Sunday at 11 a.m.

Ida Hess, music director of First Baptist Church, McLean and a lay leader in her church, will direct the music.

Since Rev. Coffee has been at San Jacinto Baptist Church, it has averaged 700 baptisms a year for the last 5 years," Rev. Raines said.

He is a much sought-after speaker and preached several state crusades.

Since returning to San Jacinto Baptist Church July 1, 1984, there have been more than 1,300 new persons enrolled in Sunday School and more than a thousand additions to the church. During this time there have also been more than 1,300 professions of faith. Rev. Coffee has preached in 120 revival crusades in 7 states.

Rev. Messer, a former pastor of Quail Baptist Church, moved from 11th Street Baptist Church in Shamrock, where he was pastor 7 years, to First Baptist Church in McLean.

He has served as moderator for the Panfork Baptist Association, and is deeply involved in church affairs in both the local and area-wide level.

Most members of the Samnorwood church have come to know Rev. DuBose in his work with Panfork Association.

He has served as a pastor for many years and has many achievements in his work in the Baptist Church.

He has been in Brazil several times on missionary trips and is planning to return this year.

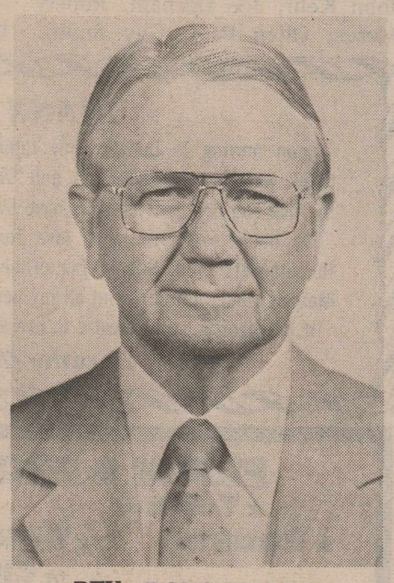

Doug Darrow, a leader and deacon in the Samnorwood church, will lead the singing for the Sunday morning service.

The women of the church will be in charge of the dinner.

Friday night, opening night of the revival, is designated as Youth Night. Before the time for the service, a bus load of the church youth with their sponsors, will go through the Samnorwood area to gather up their friends. They will be served a hot dog or similar supper, then returned home in the church bus following the service.

REV. STAN COFFEE

REV. DOUG DUBOSE

Saturday night will be Neighbor and Family Night, Rev. Raines said.

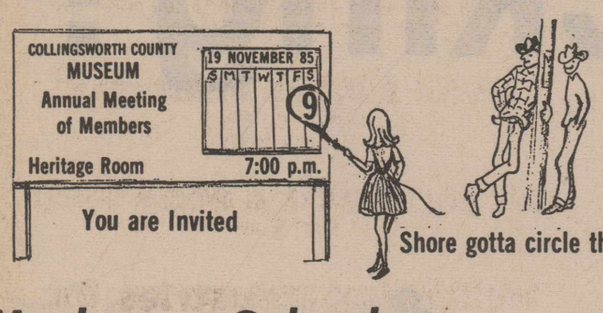

A nursery will be provided at each service.

Everyone is welcome to each of these three services, and to the singing Sunday afternoon, said the pastor. The Thanksgiving dinner is for church members.

BAROMETER for the FUTURE

Webster says that a barometer is an instrument measuring the weight or pressure of the atmosphere, foretelling and measuring changes of weather and altitude.
If God were to place a barometer on our lives, would we be cold, lukewarm, or on fire for the Lord. The past we can not change... the future is up to us.

"... what doth the Lord thy God require of thee, but to fear the Lord thy God, to walk in all His ways, and to love Him, and to serve the Lord thy God with all thy heart and with all thy soul." ATTEND CHURCH REGULARLY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Students See Peanut Harvest

by HENRY OUTLEY

Students from Elementary School resource rooms visited the peanut farm of Virgil Patterson to observe digging and threshing of peanuts.

Bales of peanut hay were also seen in the field.

The most thrilling part to the students was dumping peanuts from the basket into the semi-truck and picking up peanuts to eat.

Before leaving the field, it appeared as though there was peanut relay, as each student raced down rows picking up peanuts that were left on the ground.

The students going were Henry Outley, Brent Outley, Ray Sweeten, Herby Sweeten, Rebecca Tyson, Lupe Garcia, Angela Chandler, Bryan Barrett, Ivan Navarro, Justin Colwell, David Brown. Teachers going were Mrs. Renessa Klink and Miss Rita Lowrie. The bus driver was Mrs. Lyman Daniel.

CARD OF THANKS

We take this means of expressing or heartfelt appreciation to each of you for your concern and sympathy at the passing of our loved one, Ruby Havron.

We wish to thank the hospital staff for its kindness, Dr. Holcomb for his care, the women of Fundamental Baptist Church for the dinner served Friday and the women of the Assembly of God for the dinner served Saturday; and to all our friends for your cards, flowers and food and prayers, in our time of sorrow.

The family of Ruby Havron

Dear Friends and Relatives,

I would like to express my gratitude and to say many thanks to all of you for the many prayers, flowers, cards and gifts during my illness.

And a special thanks to Dr. Holcomb and Dr. Kumar, also to the nurses at the hospital.

God bless all of you.

Eva Fulcher
and family

WTU Honors Martin For 15 Years Service

Tweny-five employees of West Texas Utilities Co. were honored Thursday night at the annual Service and Safety Awards Banquet in the Quanah Community Center. One of these was Leon Martin of Wellington.

Attending the banquet were active and retired employees of WTU's Panhandle District, which has headquarters in Childress, and from the Lake Pauline and Oklaunion Power Stations.

Awards were presented by Don Welch, vice president and director of customer services, and Randal Meador, vice president and director of engineering. Both are from Abilene. Howard Cook, manager of WTU's Quanah office, was master of ceremonies.

Martin, a service man, was honored for 15 years service with West Texas Utilities Company.

Prior to joining WTU, Martin was employed by Wellington Butane where he had worked since returning from U.S. Army service.

There are few dull moments in his work, Martin says.

One of these not to be forgotten circumstances occurred several years ago when a tornado came through the area north of Red River and took out a transformer. WTU line men worked all day and all night repairing this. Before they could get a night's sleep, another small twister dropped down on Wellington and another 24 hours of work lay ahead. Employees were called in from surrounding towns.

"We didn't lose many poles but we lost a lot of wire," Mr. Martin remembers.

Weather gave WTU men another hard time three years ago when high winds were accompanied by heavy snowfall. As fast as they could get a pole up, the swinging ice covered wires brought it down.

Martin was born at Petersburg and graduated from Wellington High School in 1959. He moved here with his family when he was four years old.

He married Donna Johnson Aug. 14, 1960 and they have one son, Kevin, age 11.

Martin belongs to Wellington Volunteer Fire Department and the family belongs to First Baptist Church.

He was a member of the Volunteer Ambulance Service from its organization until four years ago.

Attending the awards dinner from Wellington were Tommy Hudson, manager, Martin, and Mr. and Mrs. Jim Sikes.

THANK YOU

We cannot begin to tell you the terrible loss we felt when Mike was killed. The calls, flowers and kindness shown to us, helped us through this time that would have been unbearable had people like you not been so loving and kind.

God bless you always,
