Peanut Demonstration Proves Success In Second Year At State Fair of Texas

Kernel Gene Baker and his wife, Thereasa, expressed their thanks to the Southwestern Peanut Growers' Association for the invitation to handle the peanut demonstration in the Kitchen Window of the Women's Building at the State Fair in Dallas.

Eight demonstrations were held during the two days and some 3,500 brochures with peanut recipes were distributed. Several asked where the peanuts could be purchased and were told that most large grocery stores handled them. If they were unable to find them at a store they could write SWPGA and a list of shellers would be sent that sold peanuts in small or large quantities.

WATCHING THEREASA MAKE PEANUT BRITTLE — This picture shows a group seated in front of the Kitchen Window in the Women's Building at the State Fair of Texas, Oct. 10-11. Mrs. Eugene Baker is demonstrating the art of making "Never Fail Peanut Brittle". After the demonstration the group lined up for a sample of the candy and to receive copies of Peanut Recipes from SWPGA.

A drawing was held at each of the eight demonstrations and the lucky number won a box of fresh made peanut brittle. Pictures of a few of the winners are shown elsewhere in this issue.

Ed. Note:- Kernel Gene tried but he just couldn't figure out a way to get in the pictures. One of the ladies mentioned peanuts having calories. Thereasa agreed and Kernel Gene promptly showed his magnificient "physique" and explained that he ate peanuts every day.

A WINNER — Mrs. R. E. Heifner of Garland, Texas holding a box of peanut brittle presented by Mrs. Baker. Group in background are helping themselves to samples of peanut brittle and peanuts.

Letter To The Editor

Dear Gene:

On Nov. the 9th. the people of this state, who are interested enough in state and federal government to pay a $1.75 poll tax, go to the polls to decide whether or not people who are not interested to this extent shall vote.

The poll tax is looked upon by the proponents of this proposition as only a qualification to vote, forgetting the fact that the greater portion of he $1.75 is set up in the state school budget, as revenue and there is no way to escape payment.

We have many people in this United States who are not qualified to govern themselves. Furthermore, every week we are unloading boatloads of the same kind, immigrants and refugees from communist and otherwise hostile countries, people who have not made a foot of progress since the time of our Saviour upon the earth. Yet we are inviting them to elect our leaders, pass our laws, regulations, and edicts, in the name of democracy, all for free.

We are interested more in a class of people that are interested in nothing, than we are in our own well being and the government of the state and nation.

I guess if the referendum fails we will just march to Austin or Washington and "sit in" until it is accomplished. We are a great people, don't you think?

L. E. (Compound) Clark

Panthers Open District Play Here Friday Against Tigers

The Gorman Panthers will be hosting the Blanket Tigers here on Friday night at 7:30 for their first district encounter of the season. The Red and Blue will not only be seeking their first win of the season, but even more important, their first district win.

The Panthers have improved nicely the last couple of weeks. We thought the defensive team looked real well in the Rochester game despite the one-sided score. The defensive secondary had a bad night but a couple of injuries to key secondary men hurt in that department.

We feel that the improved defense will help greatly and if the Panthers can come up with an improved offensive effort, the Panthers should do well in district play.

The Gorman squad will be helped by a large degree by the return of Jim Rodgers, Ronnie Smith and William Jay, who had missed the last game of two. However, the quarterback, Terry Clark, injured in the Baird game, will definitely not see any action in this first district encounter.

We are looking forward to the Panthers playing much better football in the district contests ahead and Coaches Mike Newby and John Felts feel that the boys will do well if they continue to improve.

Let's all get behind the Panthers Friday night with our attendance and rousing support and boost them to their first win of the season and also to help them win their district title.

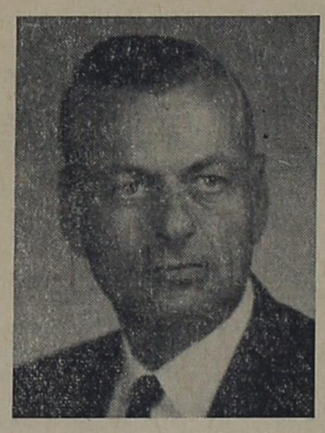

Don't forget the game time, 7:30 p. m.

On and Off the Streets -

. . . . owners of land as well as prospective owners often discuss with us the many problems growing out of the ownership of real estate. One of the big problems, of course, is the title problem. We remind them that a few dollars invested in an abstract now may save them hundreds of dollars later on. The old saying that "a stitch in time saves nine" is still true and very aptly applies itself to many modern-day real estate transactions.

B&B SPORTS

Herman and Joe Bennett

B&B

The Gorman Panthers take on the Blanket Tigers tomorrow night at 7:30 at Brogdon Field in the first district game for each. The Panther defensive line showed much improvement in their game with Rochester two weeks ago. The defensive secondary was not up to par due to injuries, but should be ready for Friday's game. They will need to be, as Blanket's Tyler Damron beat the Red and Blue last year on 3 TD passes and this year will be no exception for them on passing, as it is their main strength.

The Red and Blue will not only be looking for their first district win but also the first win of the season. Jim Rodgers, Ronnie Smith and William Jay will be back in the line-up this week. William Jay will be back in his defensive secondary spot where he was missed in the last game.

Let's all go to the game tomorrow night to back the Panthers to their first district win!

Yea, Panthers, tackle the Tigers!

B&B

Joe said he knew he shouldn't have agreed with Herman last week. He had "a feeling" about picking SMU over Texas Tech, but he did, and the B&B pickers had an 80 percent last week. With games getting easier to pick (like the first couple of weeks) we would readily take the same average as last week.

But, with courage renewed (? ?) this is what we see through the haze in the crystal ball:

HERMAN PICKS - -
Arkansas over Texas A&M
Baylor over TCU
Rice over Texas Tech
Texas over SMU
Ole Miss over LSU
(TV Game of Week)
Alabama over Miss. State
Illinois overe Purdue
Navy over Maryland
Oklahoma over Colorado
USC over Washington State

JOE PICKS - -
Arkansas over Texas A&M
Baylor over TCU (Sorry Oda!)
Rice over Texas Tech (maybe)
Texas over SMU (hook 'em horns)
LSU over Ole Miss
Alabama over Miss. State
Illinois over Purdue
Navy over Notre Dame
Oklahoma over Colorado
USC over Washington State

MOTORISTS HOLD KEYS TO CAR THEFT PROBLEM

What sort of thefts represent the greatest problem today to law enforcement officials?

J. Edgar Hoover, director of the Federal Bureau of Investigation, says auto thefts - - at the rate of $1 million a day - - are far out front. And, if the present rate continues, cars valued at $2 million will be disappearing each day by 1970. While nearly 90 per cent of stolen cars are recovered, most of them are returned in damaged condition or with expensive parts such as engines and transmissions removed.

Currently, car thefts occur so frequently that another three will be gone before you finish this article - - even if you are a fast reader. What can you do about it?

Keep your car locked at all times, the National Automobile Theft Bureau, a countrywide theft prevention and car recovery agency maintained by 350 auto insurance companies, advises.

Most car thefts can be traced to juvenile irresponsibility and adult carelessness. Juvenile thieves account for almost three out of every four car thefts today. Such thefts are made easy by careless car owners who are the victims nine times out of ten simply because they do not lock their cars every time they park.

Car owners hold the key to curbing thefts and holding down their insurance rates. Make a habit of locking your car and removing the ignition keys even if you intend to be away from the car only for a moment or so.

Car thefts have been increasing each year, according to the NATB. While the number of cars on the highways increased 50 per cent from 43 million to 66 million between 1952 and 1962, the number of stolen cars annually has increasd 66 per cent from 215,000 to 355,000.
