FOR A NEIGHBOR

This was a typical scene as more than 40 friends of Bill Hall met to gather his cotton crop. Leamon Bawcom is emptying a hopper of seed cotton, center, with Don Reeves, back to camera, as one of those on top to trample. Bawcom's father, Gene Bawcom, is waiting with a full hopper at right. Pulling up with several

Skyrockets Awarded 16 Places On 2-A All-District Teams

Sixteen berths on the 2-A All-District Football team went to Wellington Skyrockets, runner up for this year's championship.

It was just one less than the number garnered by firstplace Memphis Cyclone.

The selections were made by coaches of the district and announced here by Head Coach James Williams Monday, November 29. Each year these selections are withheld until the district winner is no longer in the playoffs.

First and second teams were chosen for both All District defense and offense.

Twelve individual Rockets were tapped for honors, four being chosen for both offense and defense. Seven Wellington Players were named to the first team.

Allen Sanders was the only

Santa Comes to Wellington With Fanfare Monday Night

Santa Claus will make his only visit to Wellington this Christmas on Monday night, December 6, at 7:30 p.m., to be welcomed by hundreds of children from throughout the trade area, their parents, and a number of merchants who are remaining open for the event.

Santa's arrival comes after

the Christmas lights around the court house square come on at 7:00 p.m. and a holiday program is given for the children.

Wellington's holiday season opens Saturday, December 4, when the first of the Christmas Good Will Trades Day is held, including the drawing for script.

Two other trades days are scheduled, Saturday, December 11 and Saturday, December 18. A total of \$300 in script will be given in the 3:00 p.m. drawings, \$100 each week, according to Henry Wells, president of the Chamber of Commerce.

Events leading up to Santa's Visit were explained.

The Christmas lights have been strung around the square, and four large new candle decorations will be hung at the four corners, said Mrs. Margaret Vines, CC secretary. They will come on at 7:00 p.m.

A new and unique Christmas program, given on the court house lawn, will include a Christmas puppet show, directed by Mrs. Bill Billington. This is an entertainment planned to delight adults as well as children of the community as they wait for Santa Claus.

As his arrival draws near, the singing of carols and holiday songs will follow, and as they sing, "Here Comes Jolly Santa Claus," he will arrive on Wellington's big red fire truck.

Santa will travel around the square several times, then dismount to visit with the children and hear their Christmas wishes for as long as they want to talk with him.

He will also visit all stores which remain open for this special occasion. Closing time will be 9:00 p.m.

It is the only time Santa Claus will come to Wellington

Mrs. D.A. Kincannon, 87, died in Collingsworth General Hospital Sunday, November 28, after a long illness. This marked the fiftieth year that she had lived in Collingsworth County. Her home was in the Abra community.

She was one of the true pioneers of the northwest Texas, southwest Oklahoma area, for she was born at Chillicothe January 14, 1889. The former Emma Drury, she was the daughter of the late Mr. and Mrs. John Drury.

Three months later, the family moved across Red River to Oustee, then in Old Greer County, Texas, where her father homesteaded. This would later become Jackson County, Oklahoma. She grew up there.

She was married to Mr. Kincannon, a childhood friend on October 20, 1909, at Olustee. Four days later they left by covered wagon on a 19-day trip to his homestead in Cimarron County of the Oklahoma Panhandle travel-

Firemens' Dispatch To Sheriff's Office

The new phone number to use in reporting a fire is 447-2588.

This is the number of the Sheriff's Department, which has assumed the dispatch duties of the Wellington Volunteer Fire Department, according to City Manager Glen Taylor.

The caller reporting a fire

should tell the sheriff's department where the fire is located, the quickest way to get to it if it is a rural fire, and the owner or occupant of the property. The office will then dispatch the fire units, Taylor pointed out.

"For the present, someone will be on duty at the Fire

Both defending tournament champions will be back, Wellington boys and Samnorwood girls, but other teams taking part will make this one of the most competitive tournaments to be seen in the Panhandle prior to the beginning of district play.

Participating coaches themselves set up the tournament and seeded the teams, according to Coaches Kenneth Martindale and Dale Morris.

Wellington girls were seeded No. 1, while McLean is the No. 2 ranking team. Others are, 3, Mobeetie; 4, Samnorwood; 5, Briscoe; 6, Quail; 7,

On Wednesday, November 24, more than 40 men brought cotton strippers, tractors, trailers, pickups and themselves to Bill Hall's cotton field to harvest his crop.

Mr. Hall underwent major surgery a few weeks ago in an Amarillo hospital, followed by additional treatment. He is at home and doing well, but on the day before Thanksgiving, he wasn't able to gather his crop.

Most of these men left their own cotton standing in the field, but some closed the doors on businesses or offices to help a neighbor.

In considerably less than a day, they gathered approximately 175 bales.

At the Farmers Co-op Gin plant, Manager Webb Johnson set aside one gin for Bill Hall's cotton. As trailers were emptied, they were pulled onto the highway shoulder,

At the Farmers Co-op Gin plant, Manager Webb Johnson set aside one gin for Bill Hall's cotton. As trailers were emptied, they were pulled onto the highway shoulder,

and then someone brought in a loaded trailer, he turned right around and went back with an empty.

Sixteen cotton strippers were operating in the field at one time—probably the largest number ever to gather cotton on a single farm here.

"When they told me about this, I thought there would be seven or eight. But 16!" said Mr. Hall. Some of the trailers

been announced, but she is expected to give her Christian testimony, telling how her own life has been changed by the role she played in "The Hiding Place." There is no admission charge.

Just before she speaks, a 20-minute musical program will be presented by the Surry Singers, a group of teenagers, from Hollis, Oklahoma, directed by Mrs. Bill Cole.

Mrs. Cole will also present a vocal solo.

One of the most powerful pleas for an end to man's inhumanity to man as exemplified by the horrors of Nazism during World War II is sounded by "The Hiding Place," opening tonight at the Ritz Theatre at 8:30 p.m.

This World Wide Pictures' filmization of Dutch Christian Corrie ten Boom's best-selling autobiography is an account of her war years when she first headed an underground unit to help Jews escape German torture and later wound up to experience Nazi bestiality in the Ravensbruck death camp for women. The story also strongly issues a call for mankind to find a closeness to God.

One man, with a head for figures, looked across the field and estimated that close to a half-million dollars worth of farm equipment was operating there, including strippers, tractors, trailers and pickups.

By mid-afternoon, as operations at the farm west of Buck Creek were winding down, tractors and strippers moved on to his other farm at Rolla.

Mrs. Hall brought fried chicken and barbecue, potato chips, iced tea and pop, and men stopped briefly to eat or drink. Their younger son, Darron, helped. Their older son, Kevin, had to spend the afternoon in a dentist's chair.

Forty-year-old Bill Hall had done this same thing many times during his farming career when a friend was in a bind. This time, he could only sit in a pickup at the edge of his field and watch in amazement.

Men who worked included: Louis Allred, Don Allred, David Baumgardner, Gene Bawcom, David Caison, Bill Colson, Fred Cox, Tony Cox, L.A. Davis, Lynn Emmert, Richard Fourmentin.

Frank Fourmentin, Frank Falk, Larry Gerald, Jesse Hernandez, Raymond Hodges, Elmer Keller, Jack Lancaster, Jimmy Langford, Bill Langford, Carthel Lewin, Benson Long, R.L. Mabery.

The all-region concert in which they play will be January 28 and 29 at Dumas.

The four numbers which they played in the tryouts, and which will be played in the All-Region Concert, were "Sol y Sombra" by Gates, Highlights from "Music Man," "Victory at Sea," and "Emparata Overture" by Claude Smith.

Smith, a high school band director in Missouri, will be guest director at the January 29 concert.

In addition to Christmas lighting downtown, there will be the traditional Christmas lights on Highway 83 and this year similar lights will extend along 8th Street from US 83 to the northeast corner of the square.

Work on the lighting is being done by West Texas Utilities Company and the City of Wellington.

Tommy Thomas will be in charge of the Trades Day drawings, which will be at 3:00 p.m. each of the three Saturdays, on the south side of the court house.

Participating merchants have begun giving Trades Day Tickets. Each person placing tickets in the hopper must sign his name on the back of each ticket.

There will be only one drawing for the \$100 each Saturday, and the holder of the winning ticket must be present. Should this person not be in the crowd, then another ticket will be drawn, until the winning holder is present. There will be no holdovers of script from week to week.

Each winner will have until Monday, January 3 to spend the script with the participating merchants.

The plan has been most successful for the Volunteer Ambulance service, according to Bob Watson, president. Mr. Taylor said he is confident it will work equally well for the fire department.

It's Time to Write A Letter to Santa

The most important mail The Wellington Leader gets all year is coming—the children's letters to Santa Claus.

These will be published in the Christmas edition of the paper just before that holiday.

Kiddies of the Collingsworth area and those who formerly lived here are urged to write their letters now—it isn't a bit too soon.

The Wellington Leader has published the children's letters to Santa Claus for almost 50 years. Some of those that appear this year will be from grandchildren of the earlier writers.

There's a variety of toys for children to choose from—and Santa Claus has them all, the boys and girls were reminded.

will apply to the Friday games, with the first game starting at 9:00 a.m. and the last game at 8:30 p.m.

On Saturday, the girls consolation finals will start at 12:30 p.m. and the boys finals at 2:00 p.m.

Play for girls third place starts at 3:30 and boys third place at 5:30.

The girls championship will be determined in a game starting at 7:00 and the boys championship at 8:30.

Tournament officials will be out of the Amarillo Chapter. Richard Ortiz, a professor in the physical education department of West Texas State University often calls games on the college level. John Cartwright of Claude, also a top official, formerly lived at Wellington.

The other two, Jimmy Martindale and Jerry Martindale formerly lived at Samnorwood and are cousins of Coach Kenneth Martindale. Because of this kinship, they will not call any games in which his team is playing, except in an emergency.

Jerry Martindale has called the state girls basketball tournament three years in a row, and also officiates at

college games. This is the second year Jimmy Martindale has officiated here.

The price of tickets will be \$1.00 for adults and 50 cents for children, all the way through the tournament. There will be no increase for the finals.

The concessions will be operated by the Norwood junior and senior classes and will offer various types of food, home-made ice cream. The PTA will have a cold drink booth.

Personal

Mrs. Lois Ratliff recently visited her son, Mr. and Mrs. Dale Ratliff, Aaron, Carman and Shara in Clayton, New Mexico. Enroute home she visited her daughter and son-in-law, Mr. and Mrs. Jim Griffin in Amarillo. Brandon Mann returned home with his grandmother for a two week visit. Other Thanksgiving guests in the Ratliff home were the Dale Ratliff family and Korin Wright of Pampa. They also visited the Clyde Emmerts and Mr. and Mrs. Joe Harris and family.

For several years they lived in a sod house.

Their nearest town was Texhoma, 32 miles away, but a two-day round trip by wagon. Mr. and Mrs. Kincannon broke sod and planted broomcorn and maize. Many years later they were to recall that the first year they harvested only one shock of feed. Better years followed, however, and they farmed there until they came to the Abra community in 1926.

She was a Methodist. Funeral services were conducted at 2:00 p.m. Tuesday at Glen Davis Memorial Methodist Church, Dozier, with the Rev. C.R. Hankins, pastor, officiating. Burial was in Dozier Cemetery under the direction of Richerson Funeral Home, Shamrock.

Pal bearers were nephews: Leroy Kincannon and Tommy Kincannon of Boise City, Okla.; La Wayne Drury, Mike Drury, Paul Drury and Gerald Drury of Olustee, Okla.

Mrs. Kincannon is survived by a daughter and son, Mrs. W.R. Breeding and Dee Kincannon of Samnorwood; two sisters, Mrs. Lora Hughes of Altus, Okla., and Mrs. Minnie Bruce of Oregon; one brother, Edd Drury of Olustee; 10 grandchildren and six great grandchildren.

"We urge every person in Collingsworth County to stop work or other activities long enough to be vaccinated," said Mrs. Wright.

"Even if you are stripping or hauling your cotton, we believe this is important enough for you to stop the short time it will take."

In order that those employed by business firms may have the opportunity to take the shots, the clinic will remain open until 8:00 p.m.

"The dangers of catching the A/New Jersey strain of influenza are very real if the expected winter outbreak occurs," Mrs. Wright emphasized.

While most persons have no reaction at all, a small percentage of those who have been inoculated against the flu have run slight fevers within

24 hours after receiving the vaccine. About one person in a 100 has run temperatures above 100 degrees, while swelling, redness and tenderness in the arm occur in 20 to 40 percent of those vaccinated.

Bullock to Seek Inheritance Tax Relief in State

AUSTIN--Comptroller Bob Bullock announced Thursday that he will ask the legislature in January to grant Texans some state inheritance tax relief by increasing exemptions for surviving spouses to \$100,000 and for surviving children, grandchildren or parents to \$50,000 each.

Bullock estimated the proposal would exempt an additional 18,000 beneficiaries per year from the basic state inheritance tax. If enacted into law, it would mean 77.7 percent of all beneficiaries would be totally exempt from state inheritance tax, he said.

The Comptroller said current law provides an exemption of only \$25,000 for all Class A beneficiaries--surviving spouses, children, grandchildren and parents.

"That law was written in 1923 and hasn't been changed since," said Bullock. "A \$25,000 estate back then would have been sizable. Today it would be considered modest."

"Because the dollar is worth so much less today," Bullock explained, "the state inheritance tax has become particularly burdensome to farmers and ranchers."

Bullock said his proposal was selected after extensive research by his Inheritance Tax Division of actual 1974 inheritance tax returns.

Mr. and Mrs. Tim White, Cody and Angie of Amarillo visited Mrs. Nita White during Thanksgiving. They also visited Mr. and Mrs. Chub White.

Cotton Sets Records, Synthetics Suffer

RALEIGH--While American cotton producers are commanding record high prices for this year's crop, U.S. synthetic fiber manufacturers are seeing their profits fall below expectations--and, in some cases, dip into the red. Many are having to sell their artificial fibers below the cost of production.

Not too many years ago the situation was reversed, comments Dan Troxler, associate director of demand economics for Cotton Incorporated, the fiber company of U.S. cotton producers.

The difference between then and now is consumer demand--demand which cotton producers can claim some credit for building, Troxler explains.

Troxler points out that U.S. cotton producers are now receiving the highest average prices of the twentieth century for their fiber. At the same time, recent corporate earnings reports show the depressed state of the synthetic fiber industry.

Mrs. B.B. Martin of Dodson had as Thanksgiving guests three brothers and sisters-in-law. These included Mr. and Mrs. H.T. Gear of Lawton, Oklahoma, Mr. and Mrs. Guy J. Gear and Mr. and Mrs. F.W. Gear of San Antonio. The men enjoyed hunting while they were here.

Baumgardner on Land Cover Study Group

Dr. Marion Baumgardner of the Purdue University School of Agriculture, Lafayette, Indiana, has been named to an ad hoc Advisory Committee on Desertification of the American Association for the Advancement of Science (AAAS).

Chairman of committee is Dr. Harold E. Dregne, director of the Texas Tech University International Center for Arid and Semi Arid Land Studies.

Desertification refers to the destruction of vegetative cover on land.

The committee is expected to make a report at a United Nations Conference on Desertification tentatively scheduled for Aug. 29-Sept. 9, 1977, in Nairobi, Kenya.

Before the conference the committee will organize a symposium to define international desertification problems needing urgent study, propose ways studies might be carried out and develop an international scientific effort to combat desertification on a global scale.

In 1978, the committee proposes to conduct studies on desertification problems in the western hemisphere, in cooperation with the Interiencia Association, a group representing scientific organizations in the western hemisphere.

Also serving on the committee are: from the University of Arizona, Carl N. Hodges, Helen Ingram, Jack D. Johnson, and William E. Martin; from the University of New Mexico Medical School, Alonza C. Atencis; University of New Mexico, M.L. Riedesel; Utah State University, Thadys W. Box and D.F. Peterson; the Navajo Agricultural Products Industries at Farmington, N.M. Bahe Billy; Texas Tech, C.H. Raullerton; Clark University, Robert W. Kates; Washington University, John W. Bennett; and, as a meteorological consultant, J.D. McQuiff of Columbia, Mo.

Dr. Baumgardner, who grew up here, met with members of his family recently in Plainview, at the John Henry Baumgardner home. He was en route home after attending a professional meeting in Denver. Going from here were his brother and family, Mr. and Mrs. David Baumgardner, Joe and David. Juliana Baumgardner of Texas Tech University, Lubbock, joined them.

John F. Pierce Dies in Colo.

A former Quail man, John Ferris Pierce, 59, of Colorado Springs, Colo., died Thursday, November 25. He was a brother of Mrs. Jewel Donnell, an uncle of N.E. Childers and cousin of Ben Farmer.

A resident there since 1961, he had been in the trucking business in Victor, Colorado, and before leaving Collingsworth County in 1939, he farmed.

Mr. Pierce was born Feb. 20, 1907, at Quail, the son of Mr. and Mrs. John R. Pierce.

He attended Wellington High School and West Texas State University in Canyon. He was married November 28, 1928, in Wellington. He was a member of the Church of Christ.

Services were conducted Saturday at the Chapel of Memories Mortuary, Colorado Springs, with Ernest Boone officiating. Burial was in Chapel Hill Cemetery in Denver.

Survivors are his widow, Mrs. Melva Pierce, a son, Eugene Pierce of Pueblo, two major factor in the grain business is that a total of 2,500 grain cooperatives handle only 8% of total grain exports.

Another problem area for the larger cooperatives is that the anti-trust officials in government will take a close look, not only at the Farmland. — FAR-MAR-CO merger, but at all big mergers by cooperatives. Some organizations feel that regional coops engaged in export/import trade and selling of non-farm products go far beyond what was intended in the Magna Carta of farm cooperatives, the 1922 Capper-Volstead Act. This is not an exemption of coops from anti-trust laws but only permits farmers to join in forming and operating marketing associations.

Don't let a predicament catch you.

MR. AND MRS. BRUCE ONEY

Bruce Oney, Mona Robinson Wed in Clarendon Ceremony

The Church of Christ in Clarendon was the setting for the wedding of Miss Mona Robinson and Bruce Oney, both of that town, on Saturday, November 6. Bright Newhouse, minister, officiated at six in the evening.

The bride is the daughter of Mr. and Mrs. Don Robinson of Clarendon, while the bridegroom's parents are Mr. and Mrs. J.B. Oney, 1708 Ellison Street.

The setting for the wedding had at the center a candelabra, with arrangements of white gladioli on each side. The unity candle, lighted by the couple, completed the decorations.

Wedding music included recordings by the Abilene Christian University Chorus.

For her wedding, the bride chose a formal satin gown, made with a softly fitted bodice, deep v neckline and long fitted sleeves. Folds of the material accented the bodice yoke. Circular fullness styled the floor-length skirt. Her veil was attached to a picture hat of white horsehair braid, and she carried a nosegay of white daisies and roses, tied with satin streamers.

Miss Karen Burgess of Abilene was the bride's honor attendant, while the bridesmaids were Miss Kim Radney and Mrs. Rodney Hicks of Clarendon and Miss Christi Cagle of Childress.

They wore floor-length dresses of blue velvet, with cape sleeves and standing collars. Baby blue satin sashes marked the empire waistlines. They carried nosegays of white daisies.

Nick Guthrie of Basalt, Colorado, formerly of Wel-

lington, was the best man. Groomsmen and ushers were Jackie Brock of Lovington, N.M., also a former resident, Johnny Gerner and Frank Hommel of Clarendon.

Candles were lighted by Lori Robinson of Clarendon, sister of the bride, and Gary Jackson of Albuquerque, N.M., the bridegroom's cousin.

After the ceremony, Mr. and Mrs. Robinson hosted the reception in the church fellowship hall.

The bride's table was laid with a white lace cloth over baby blue. The centerpiece was an arrangement of baby blue daisies, baby's breath and white roses, and crystal appointments were used. Guests were served by Miss Tammie Whittington, Miss Jan Barbee, Miss Laurie Stone and Miss Rosilyn Shields, of Clarendon.

Miss Susan Oney, of Austin, the groom's sister, registered guests at a table covered with a white satin cloth and accented with white rose in a milk glass vase.

Other members of the house party were Mrs. Don White, Mrs. Earl Shields, and Mrs. Ira Page of Clarendon.

The bride is a graduate of Clarendon High School. A graduate of Wellington High

MR. AND MRS. A.L. DUNCAN

Mr. and Mrs. A.L. Duncan Honored on 50th Anniversary

Friends joined Mr. and Mrs. A.L. Duncan in celebrating their golden wedding anniversary at a reception given in their honor Saturday, November 27.

Hosts were their three sons, Mr. and Mrs. Carrol Duncan of Greeley, Colorado, Jerry Duncan of Ft. Worth, and Mr. and Mrs. Jack Duncan of Austin. The latter couple could not be here.

Although their anniversary date is November 6, the reception was delayed until the Thanksgiving holidays. Guests were received by

Mr. and Mrs. Duncan and their two sons who were present.

The reception table was laid with a white lace cloth, accented with gold leaves. A large arrangement of pom-pom and small gold chrysanthemums, topped by the figure, "50", centered the table and silver appointments were used.

Mrs. Carrol Duncan and Miss Debbie Reese of Abilene Christian University served the guests.

Miss Tanya Duncan of Greeley, a granddaughter,

was at the register.

Both Mr. and Mrs. Duncan came to Collingsworth County as children and grew up in the same community, Wilnolcer.

They were married November 6, 1926, by the Rev. J.T. Hicks, in the parsonage of First United Methodist Church.

They farmed all of their married life until he retired, although he still does some custom harvesting. Their present home is 1400 East Avenue.

Both are active members of the Church of Christ.

After their children were away from home, Mrs. Duncan worked for 7 years in Thomas Nursing Center, but she, too, is now retired.

Besides her church work, one of her major interests is making quilts, and she has finished one for each of her four grandchildren.

Mrs. Duncan is the former Birl Agatha Cox, whose parents, the late Mr. and Mrs. W.M. Cox, homesteaded land north of Hollis, in the OM community. She was born at Hollis. The family came to the Quail Community in 1914, and later moved to Wilnolcer.

Mrs. Smith, Mr. Lankford Marry in Quiet Ceremony

Mrs. Ruby Smith, 1200 Belton Street, and Lester L. Lankford of Duke, Oklahoma, were married in a quiet ceremony Saturday, November 27. The wedding took place in the home of her daughter and son-in-law, Mr. and Mrs. Harry Garrison of Shamrock, with the Rev. Smalts, pastor of First Baptist Church, Duke, officiating at the double ring rites.

The new Mrs. Lankford is the daughter of the late Rev. and Mrs. William Shelby James, long-time Wellington residents. Her husband's

parents were the late Mr. and Mrs. William Larkin Lankford of Duke.

The background for the ceremony was an arch covered with greenery, accented with carnations. Wedding selections were sung by Mrs. William Anders.

The bride wore a winter-white dress with beige and gold accents and her corsage was of pink carnations.

Attending the couple were their daughters and his son-in-law, Mrs. Danny Greenway of Altus, Oklahoma, and Mr. and Mrs. Claud

County Fishermen, Gals Hold Cook-Out at Port Aransas

Some people are convinced there's a Wellington colony on Mustang Island. They could be right.

The size is fluid, usually depending on the fishing seasons. But there are other factors, such as when cotton is ready to strip in Collings-

worth. None are year-round residents, but a few stay several months at a time. Some are there only a week or so.

More specifically, these are visitors scattered in several trailer parks in Port Aransas, favored by county fishermen.

There were enough of them at Port Aransas recently for 32 (including a few friends) to attend a cook-out on Claude and Annie Caison's patio.

Eight others had left earlier and at least one couple got into town later on. Count them. That's more people than inlots of places on the road map.

Hamburgers were barbecued and served with all the trimmings.

Present were Mr. and Mrs. Ernest Maxwell, Harold Maxwell, Mr. and Mrs. R.T. Savage, Mr. and Mrs. Raymond Horton and their guests, Mr. and Mrs. Ernest

Wellington junior varsity, both boys and girls, lost to Childress Tuesday, November 23, in games at Rocket Gym. It was the first outing for either of the visiting teams, and the second for hosts, who met Canadian the night before.

In the JV boys game, Childress won 40-34 and the JV girls were victors 33-32.

Norwood Wins Over Clarendon, Girls Lose

Samnorwood boys took an easy 60-21 victory over Clarendon on the Bronco court Tuesday, November 23, but the girls, running into a cold night, could not reach their potential and lost 40-28.

The Norwood girls were ahead 12-6 by the end of the first period. Then they lost the game in the second, when Clarendon outscored them 12-1 and the third, when they were outscored 12-6. Each team got 9 points in the final period.

The Eaglettes hit only 28 percent of their field goals, although they have been averaging 45-46 percent.

"Defensively, if you hold somebody to 40 points, you ought to be able to beat them," said Coach Kenneth Martindale. "They didn't have any outstanding players, but they had some consistent people, we just couldn't untrack."

Mable Bryant led Norwood scoring with 12 points; DiAnna Schaub had 10, Tony Kincannon four and Kim Peoples two. Carla Nance had 14 for Clarendon and Lorrie Phillips 12.

Samnorwood boys took a 10-3 lead over Clarendon by the first period and were ahead 23-9 at half time and 41-18 at the third.

"We just played real good ball," said coach Dale Morris.

"We had a real, real good defense. Any time you hold a team to 21 points you're playing good defense." The forward shot the ball well, with a 17 percentage from the field. They made 12 of 21 free shots. Rebounding was also good on both offense and defense.

Clarendon fields a big team, with three men over 6 feet tall.

"We just had a real good team effort," Coach Morris concluded.

Richard Lee scored 26 points for Norwood, Lowry Schaub 12, Mike Bentley 8, Clinton Oldham, Gary Skinner, Robert Cruz, Randy Breeding and Stacy Urban two each. Jody Knoll and Rex Paschall played. Howard Weatherton had 8 for Clarendon.

Miss Ann Smith of Raton, N.M., spent Thanksgiving with her parents, Mr. and Mrs. Keith Smith.

Wellington Teams Take Easy Twin Bill From Childress

Wellington teams won a double header from Childress in the last games before Thanksgiving holidays. The four games, with both varsity and B teams playing, was in Rocket Gym.

Because the Bobcats still have their eyes on the state AA football championship, their varsity basketball team was represented by some of its plucky, but younger and less experienced players. The Skyrockets took this game 54-23.

Wellington girls won 74-23, but it is to be remembered that this is only the second year that Childress has had girls basketball.

The Skyrockets were a little slow at first, but in the second and third periods played good ball, and in the fourth, Coach Robert Hicks sent in all his reserves.

Their shooting was more accurate than it has been, and they made 49 percent of their shots from the floor. Wellington tried only three free shots and missed them all.

Wellington led 10-4 at the end of the first period and jumped up to 24-9 by halftime. The Rockets had expanded their lead to 44-17 by the third period.

Cliff Pennon had 17 points for Wellington, Shane Tarver and George Darton 14 each, Tony Martinez 5, Carl Taylor and James McCann 4 each and Ricky Jones and Bob Cummings two each.

Freshman Perry Morren had high point honors for Childress with 7. Others scoring were Todd Bradley 5, Nippy Nippert and Roger Hughes four each and Timmy Dean 2.

Coach Hicks pointed out that with the regular varsity

players on the floor, the next game with the Childress Bobcats could be a different story.

The boys teams will meet again Tuesday, January 4, at Childress.

The Rockettes took a 24-10 lead over Childress in the first period and were ahead 43-15 at halftime. By the third, Wellington led 60-19 and this margin was enlarged to 74-23 when the game ended.

Pam Ingram led the scoring with 22 points; LeeAnn Sessions had 16; Kathy Trimble 11; Susie Chandler and Kloette Camp 9 each; Kathy Patterson three, Debra Wood and Rhonda Hernandez two each.

Shelly Burrus and Vickie

#2—continued from page 1B ranged generally from 3450 to 3550 points over the loan for white and light spotted cotton and from 3300 to 3400 points over the loan for spotted and tinged grades. Physical prices ranged from 68.00 to 71.00 cents per pound for lots containing mostly 42 and higher grades, 30 and longer staples and premium mikes. Lower grade lots with similar staples and various mikes brought 65.00 to 67.00 cents.

Approximately 22,000 samples were classed at Memphis for the week ending Friday, November 26. This brings the season's total to 55,000. Grade 32 predominated in this weeks classing accounting for 27 percent. Grade 42 made up 22 percent and grade 33 made up 16 percent. Staple 31 made up 46 percent, while staples 32 and 30 made up 25 percent and 23 percent respectively.

Micronaire readings were in the desirable range of 3.5-4.9 on 79 percent of the samples compared to 70 percent last week. Only 4 percent miked 3.4 and lower. Pressley results indicated that 92 percent of the samples tested had a breaking strength of 80,000 psi and above. Average for the week was 87,000 psi.

Seal had 8 points each for Childress and Karen Husband had 7.

"Childress girls have a lot of potential." Coach Bruce Dollar pointed out. "In a couple more years, they are going to have an outstanding program. They have a good coach and all the girls are enthusiastic. Their JV came over and beat ours. They've also got something going with the younger kids."

Quail Girls Win Over Alamo, Boys Defeated

Quail Bobwhites defeated Alamo High girls from Amarillo 48-37 on their home court Tuesday, November 23, but for the Quails, turnovers were too costly and they lost to Alamo boys 65-50.

The girls game was tied 10-10 at the end of the first period, but Quail had pulled ahead 5 points, 21-16 by halftime.

The Bobwhites shooting accuracy picked up in the third, and by the end of the period, they were ahead 39-22. In the last quarter, however, Alamo scored 15 points, while the Quail girls could account for only 9. However, this was not enough for the visitors and Quail won 48-37.

High point player for Alamo was Patty Drippio with 18.

Leading Quail scoring was Kathy Guthrie with 29, while Melissa Guthrie had 10 and Donna Langley 9. Other forwards were Crissie Torrez and Kristi Barton. Guards were Connie Daves, Rita Fielding, Karen Caldwell, Lee Ann Marcum and Beverly Patterson.

The boys game was also tied at the first quarter, 15-15, but by halftime Alamo led 30-24. Alamo outscored Quail 18 points to 8 in the third to make the score 48-32. Scoring in the

final period saw Quail with 18 points and Alamo 17, but the visitors were ahead 65-60 when the buzzer blew.

Game high point man was Jo Jo Holmes of Alamo with 23. Leading Quail scoring was Harvey Oatman with 20 points; David Russell had 13, Ralph Fielding 8, Brad Barton 5 and Russ Mangum 4.

Bratten Asks Early Mailing For Christmas

Suggested Christmas mailing deadlines for domestic parcels and letter mail have been advanced because of an exceptionally high mail volume, according to Postmaster L.B. Bratten.

The suggested Christmas mailing deadline is now December 3 for domestic parcels and December 10 for letter mail and greeting cards intended for delivery by Christmas.

"The impact of greatly increased mail volumes generated by the 15-state United Parcel Service strike in the East and South, and its residual effect on other parts of the country compels us to ask the public to mail even earlier than normal," Mr. Bratten said.

Parcel volume has already more than doubled in the strike area and is up significantly nationwide, and letter mail is also on the increase, according to the Postmaster.

He said that while letter mail will continue to receive priority treatment, the increase in mail from the general public, on top of the unprecedented business mail volume generated by the strike, could result in the use of many postal facilities normally dedicated to letter mail to prevent an unmanageable backlog of parcels.

"I strongly urge the public to deposit parcels by December 3 and letters and greeting cards by December 10 to assure they are delivered by Christmas," Mr. Bratten said.

Suggested mailing dates for international mail are unchanged, but customers are also urged to deposit overseas packages and greetings immediately, and to send them by airmail if they want to assure delivery by Christmas.

On Wednesday, the 24th of November of this year, over forty men brought their machines, trailers, pickups and themselves to two cotton fields 1 farm west of Buck Creek. They harvested approximately 175 bales of cotton in 5 hours. They left their own harvest operations and jobs to help someone else when they really needed it. A more thoughtful, unselfish, friendly and neighborly act has never before happened to me or anyone else! It is simply impossible to express my appreciation and gratitude.

Swine Flu Shots on Tuesday Are For Our Own Protection

Swine flu shots probably won't hurt you, but the swine flu can.

To offset this, every person in the Collingsworth trade area has the opportunity to receive flu vaccine in the free clinic Tuesday, December 7. The type given, the bivalent, will protect you from both A/New Jersey and A/Victoria strains of flu.

The biggest problem right now is that we aren't very interested in getting our flu shots. The high risk group hasn't been very interested, either, doctors say, although they are most vulnerable. This is true not only here, but across the country.

Last year, swine flu appeared on the east coast. Last week it was in Missouri. We move about so much, it could be here within a shorter time than we imagine.

For the first time in 45 years, this strain of swine related flu, transmitted person to person, has appeared in the United States. Worse than this, it has been determined that the devastating 1918-19 influenza pandemic, in which more than 20 million people died world wide—was most likely this same swine flu.

Experience says we can expect an outbreak this year. Experience also says that if we put forth the effort to have ourselves vaccinated, we can protect ourselves.

Other Editors Say . . .

Let's Not Be Pig-Headed

When a dozen U.S. Army recruits contracted the swine flu last winter, medical authorities warned of a possible nationwide epidemic when the cold and flu season arrived this winter. When one recruit died in February, the warning turned swiftly to alarm prompting the federal government to expensive and swift action to immunize the nation's citizenry. When, after much publicity, the cold and flu season arrived with no reported cases of swine flu, and the only casualties were old persons who died of vaccine reactions, citizens had second thoughts about getting inoculated.

Now Larry Hardison of Concordia, Mo., has been told he has the first confirmed case of swine flu since the Ft. Dix, N.J. soldiers had the virus and medical authorities are re-emphasizing earlier warnings a major epidemic of swine flu could sweep the nation.

So far warnings of a swine flu epidemic have been so many words. That may no longer be the case. Granted one case in Missouri does not an epidemic make. It is however proof that swine flu does exist.

Since it takes anywhere from four to six weeks for the swine flu vaccine to provide really adequate protection and inasmuch as cold weather in Texas—really cold weather—is still four to six weeks off, all Dallasites should roll up their sleeves and take their medicine.

No Doubt Here

Texas Attorney General John Hill, scoffing at the Texas judge who decided, unilaterally, that the 55 mile an hour speed limit in Texas is unconstitutional, has issued an official opinion declaring that the highway speed law is, too, constitutional and can be enforced by the state courts. Highway patrolman and Justices of the Peace hereabouts hadn't exhibited any nagging doubts about it, anyway.

STATE CAPITAL Highlights AND Sidelights

AUSTIN—Gov. Dolph Briscoe says he will recommend no additional across-the-board statewide salary increases for school teachers in 1977.

Briscoe has proposed \$850 million in additional state aid to public education over the next two years. He wants local boards to do what they please with the additional funds. "My proposals would give local districts more authority than they have had in the past to decide how their money is to be spent," Briscoe said.

The Texas State Teachers Association contends Gov. Briscoe is trying to pit teachers against taxpayers by leaving the decision on pay raises to local school boards.

Callie W. Smith, executive secretary of TSTA, said the teachers organization will continue to push in the legislature for the nationwide average salary of about \$14,000 per year. This is \$2,400 above the Texas average.

Tax Code Hearings

The Property Tax Study Committee of the Texas Legislative Council will hold public hearings in major cities throughout Texas to seek suggestions and support for a new property tax code.

The first hearing is scheduled for Austin on Dec. 13 and will be followed in Arlington, Midland, San Antonio and Victoria on Dec. 14; in Amarillo, Corpus Christi, El Paso, Longview and Lubbock on Dec. 15; and in Harlingen, Houston and Lufkin on Dec. 16.

The committee is a joint creation of Lt. Gov. Bill Hobby and House Speaker Bill Clayton, the chairman and vice-chairman of the

Texas Legislative Council.

In initiating appointment of the committee early this year, Hobby and Clayton said, "We strongly feel that the time has come for legislative reform of our antiquated property tax system. Current property tax laws are unfair, unintelligible, and not uniformly applied around the state."

High Local Taxes

Texans are paying the lowest gasoline taxes (five cents a gallon) in the country but Comptroller Bob Bullock says an analysis by his office shows that the percentage of highway funds coming from local property taxes in Texas is more than double the national average.

Texas' local property tax percentage of 13 per cent is also greater than the burden in such states as New York and Illinois.

Bullock revealed his findings in his monthly financial statement while eyeing a study of the Texas Department of Highways and Public Transportation conducted by McKinsey and Co., Inc. That study predicted severe financial problems in the future for the department unless changes are made in the funding structure.

Welfare Savings Panel

The State Welfare Board has created a special task force to search for ways of reducing the \$700 million a year it pays doctors, hospitals and nursing homes for health care.

The "blue ribbon task force," which will be appointed later, will be directed to issue its report in March.

Gov. Dolph Briscoe, Lt. Gov. Bill Hobby and House Speaker Bill Clayton will be invited to name mem-

Walker Quits TABC

Rayford Walker, public information director of the Texas Alcoholic Beverage Commission since 1968, has resigned to become personnel director of the State Banking Department.

Walker, 42, was a public information specialist for the Department of Public Safety for 10 years before joining the ABC.

Tower Won't Seek Post

Sen. John Tower says he will not seek the post of Senate minority leader, or the prestigious job as party whip. Instead, Tower said he would seek re-election as chairman of the Senate Republican Party Committee.

Although making no endorsement, Tower's decision is interpreted as an assist to Michigan's Sen. Robert P. Griffin, former minority whip and considered the heir apparent to the job of minority leader.

Insiders contend Griffin may be challenged by Sen. Howard Baker of Tennessee.

Gammage Wins Recount

The count of votes cast in the general election race for U. S. House District 22 did not change Democrat's Bob Gammage's narrow victory over Republican Ron Paul, the incumbent.

The final recount in the four-county district showed Gammage still leading Paul by a margin of 267 votes. The final tally gave Gammage 96,543 votes to Paul's 96,276.

AG Opinions

Atty. Gen. John Hill has ruled that livestock and poultry are not "farm products" under article 8, section 19 of the Texas Constitution and thus are not exempt from taxation.

In other recent opinions, Hill concluded: The estate of a deceased state employe may not be paid for the employe's un-

used compensatory time.

The Department of Labor and Standards are not authorized to conduct "shop surveys" of boiler manufacturers and to charge a fee for the service.

The Board of Nurse Examiners is authorized to accredit specialty programs in nursing offered by colleges and universities.

Information contained in bank examination reports are exempted from required public disclosures under the Open Records Act.

Calhoun County may contract with an individual to prepare a plan for the economic development of the county in order to qualify the county and private agencies for federal assistance under the Public Works and Economic Development Act of 1965.

The Industrial Accident Board should stop requiring payments into the Second Injury Fund when the amount of the fund exclu-

sive of reserves for known or anticipated liabilities, exceeds \$250,000.

Short Snorts

A racially mixed, six-member jury has ruled that the probable cause of death of black civil rights leader Frank Robinson of Palestine was suicide.

Former House member Kay Bailey of Houston, National Transportation Safety Board Vice Chairman, was named one of the 10 outstanding young women in America for 1976.

Sen. Tom Creighton, Mineral Wells, was the first state senator to prefile a bill. SJR 1 and SB 1 would tax agricultural land on productivity instead of market value. Other tax measures filed for early consideration include proposals to exempt utilities from the sales tax and motor fuel reallocation and revision.

Sen. Don Adams, Jasper, is being touted as a State Treasurer candidate.

Trio Attends Meet on Aging

Judge and Mrs. Zook Thomas and Mrs. Charlene Poteet recently attended "The Generation Connection," a public forum to consider solutions to various problems of the elderly.

It was held in Amarillo and sponsored by public and private groups concerned with the needs of the aging population.

Resolutions endorsing a protective service law for the elderly, removal of employment barriers, ways of improving housing conditions and transportation resources, improved health services, and other proposals were approved.

Potter County Judge Branch Archer, keynote speaker, said the elderly in the Panhandle are proud, independent, and familiar with a time when neighbor helped neighbor.

"These qualities were required for survival in pioneer times, as well as during the depression and dust bowl days," he said. "Many times now these people are hesitant to make their needs known, because they do not seek charity. But they are the one who made our area great, and they are deserving of our best efforts."

State Sen. Max Sherman served as master of ceremonies. Guest speakers included Texas First Lady, Mrs. Dolph Briscoe; State Welfare Commissioner Raymond Vowell; Vernon McDaniel, director of the Governor's Committee on Aging; and Roy May, Jr., assistant director of the First Lady's Volunteer Program, all of Austin.

Associates, Chicago, who are also responsible for all judging and selection of winners. Each local winner will receive a certificate from General Mills and will, together with other school winners, remain in the running for state and national honors.

State winners--one from every state and the District of Columbia--will each be awarded a \$1,500 scholarship. Chosen in judging that centers on performance in the written examination, state Family Leaders of Tomorrow will also earn for their schools a 20-volume reference work, "The Annals of America," from Encyclopaedia Britannica Educational Corporation. Second-ranking participants in each state will receive \$500 college grants.

On April 17-22 of next year, the 51 State Family Leaders of Tomorrow will gather in Colonial Williamsburg, Virginia, for an expense-paid educational tour there and in Washington, D.C. Personal observation and interviews of the state winners during the tour will be added factors in the selection of the 1977 General Mills All-American Family Leader of Tomorrow and three runners-up. Scholarships awarded to the four national winners will be for \$5,000, \$4,000, \$3,000 and \$2,000.

The 1976 winner of the top \$5,000 scholarship is a boy, the first in the history of the Search. He is Dan McVicar, Broomfield, Colorado.

More than eleven million students have been enrolled in the General Mills Search since its beginning in the 1954-55 school year. With this year's grants, total scholarships awarded will exceed \$2.4 million. For its first 22 years, the program was known as the Betty Crocker Search.

Budgeting problems face all of us... in business as well as personally, but perhaps the problem is most awesome for the young couple just getting started. It's an easy time for emotions, rather than sound financial considerations, to play a dominant role in budget decisions.

One of the budget items most often getting out of hand is the allowance for housing. There are a lot of different estimates around, but most experts agree families should allocate about 25 percent of their budget for housing. Families earning \$1,000 per month for instance, should pay no more than \$250 for rent or mortgage payments. This amount should include all utility bills.

Another question often arising concerns how much really needs to be in a savings account. Specific answers, of course, depend on individual situations, but because of the possibility of being out of work, most authorities agree that everyone who can should maintain a savings account equal to at least three months living costs.
