PORTALES GETS SEVEN NEW BUSINESS HOUSES

Portales continues to grow, and Tuesday morning the News representative was attracted to a section of Colorado street where a crew of men were busy moving dirt preparatory to the laying of the foundation for two brick business houses.

Upon inquiry it was learned that R. G. Bryant is having erected a 25 foot front business house and J. P. Voyles a 20 foot front. Both are to be of brick, 60 feet deep.

The News understands that both houses have been leased to become occupied as soon as completed. These are on the west side of the street in the first block leading from the square to the depot.

It is also rumored that a third building will be erected between these buildings and the Masonic building.

Tuesday work on the foundation of three brick business houses was begun. These business houses to be erected on Colorado street between the Orange Service Station and the Wilson Hotel. Earl McCollum has the contract. J. P. Adams is having these erected.

W. F. HILL LAYS FOUNDATION FOR TWO BUSINESS HOUSES ON MAIN STREET

Dirt has been cleared for the laying of the foundation for two business houses on Main street in the W. F. Hill property on the east side of the street. Mr. Hill has not declared his intentions as to when these buildings will be erected, but the foundation is going down at any rate.

HIGH SCHOOL NOTES

Last Friday the students were favored with a talk by Rev. Powell, pastor of the Christian Church. The general run of his talk was on atheletics, and he made the students feel that he was a friend of each and everyone. Anyone hearing his lecture could not doubt that he is a friend of all young folks. He also told many interesting things about the Texas A. and M. College. Everyone enjoyed his talk and we hope he will be with us again.

The annual sale was carried on in the form of a contest last week, a banner being offered to the class selling the largest per cent of annuals, excluding the Seniors. The Sophomores were awarded the banner, going 60 per cent for the annual, the Juniors placed second with about 50 per cent.

The Seniors have been hard at work on the annual for some time and expect to have it completed by the first of May. We are earlier than usual with it, and also expect to put out the best annual that has ever been published for this school. If you want one, be sure you put in your order before it is too late, for you don't know what you are missing if you do not get one. We expect to have a book that anyone interested in the school will be proud to own.

The examinations for the past six weeks are being held Wednesday and Thursday of this week.

The district tournament will be held Friday and Saturday. Portales is going to take nothing short of first place. Their first game will be with Clovis.

Friday is divided into three periods with several games in each period, one period before noon, one afternoon and one at night. Saturday is divided into two periods one in the afternoon and one at night (finals)

A season ticket may be obtained for $1.50 to all periods except the finals, Saturday night, the admission to each of the periods will be 50 cents

Two or three of the games will be held on the Portales court Friday night.

Last Friday the P. H. S. tossers went to Roswell but were defeated by the strong Roswell team, 31 to 14, although the last half both sides scored the same number of points.

PENALTIES OF SUCCESS

The Northwest Lumber Company's trade publication gives this advice to those who would achieve and win success:

You can't make a real success without making real enemies.

You can't hold a strong position without strong opposition.

You can't seem right to any if you don't seem wrong to some.

A useful life cannot be entirely peaceful and carefree.

You must do your duty as you see it.

Every earnest man in every generation has paid the price of individuality. You cannot dodge it.

The greater you are, the greater the penalty of your progress. The farther you go, the wider your range, the more you increase the points of contact with which you multiply your battles against misconception and slander and envy and malice.

You cannot avoid or evade the allotted destiny—you can only hold down your share of trouble by holding back.

In every sphere men glide and sneer—even the peace of the ditch digger is threatened by the unemployed laborer who covets his job.

So long as you aspire, others will conspire—so long as you try—others will vie.

You will have hostility to face in every place and at every pace.

Go straight—ahead to your goal.

So long as your conscience is not ashamed to acknowledge you as a friend, don't you give a rap for your enemies.—Wyoming State Journal.

The Unkindest Cut of All

The maid had been using surreptitiously the bath tub of her employer. He was a bachelor, very fastidious about his toilet, and desired the exclusive use of his tub.

He reprimanded the maid with much indignation. "What distresses me most, Mary, is that you have done this behind my back."—Wisconsin Highways.

DEMOCRATIC PRIMARIES FOR ROOSEVELT COUNTY SET FOR THURS. APR. 8th

On Tuesday, on call of County Chairman J. A. Fairly, the executive committee of the Roosevelt County Democrats, met at the court house at 11 o'clock forenoon and made arrangements for holding the Democratic primaries for this County.

After deciding by the committee to hold the primaries, it was next ordered to set a date for the primary election.

The majority of the candidates present favored an early primary, and a single primary, and the date was fixed for Thursday, April 8th.

The last date for candidates to get their name on the ticket is March 27th. at midnight.

The candidates were urged to get out a full vote of the Democratic voters of the county in the primary election.

It was decided that Chairman J. A. Fairly and Secretary J. W. Ballow, act as a committee and make sufficient assessment against the candidates to pay the expenses of the primary election.

Farmers having seeds they want treated for, smut should bring them to the short course. Arrangements have been made to treat all seed brought in.

AD CLUB ON TRAIL OF PEDDLERS

In a course of a few days, the Roswell Ad Club may ask the cooperation of every property owner in Roswell in the campaign they are launching against the peddler nuisance.

One of the things that will be asked of you is permission to fasten on your screen door or the casing of your front door a little card, bearing the following inscription:

NO CANVASSERS OR PEDDLERS!
We believe in Roswell and Home Institutions, and in the Trade-at-Home Policy of the ROSWELL AD CLUB

It has been the experience of the people in northern cities that such cards almost eliminate the peddler nuisance. Of course there will be a few brazen ones who will annoy you anyhow, but when they do all you have to do is to point to the placard and shut the door.

The placard will not be unsightly, only about 2x3 inches, and they will save you much annoyance, not only in the present epidemic of hawkers, but so long as they are in sight.

"The Ad Club is certainly welcome to put one or more of the cards on my front door," said a housewife on Lea avenue yesterday, "and if I am at home I wil have a piece of pie waiting for the tacker.

"The peddler nuisance is worse in the summer here, but it is bad all the year round, and some of them are most persistent. Some of my neighbors have been roundly swindled through buying from samples, the delivered goods being something entirely different.

"We make our living here in Roswell and Roswell business men are in every way entitled to our trade.

"It is a privilege to help abate the peddler nuisance."

This seems to be the general view of the matter, and the final decision in regard to the matter will be made at the regular weekly luncheon of the Ad Club at the Chamber of Commerce tomorrow.—Southwestern Dispatch.

Frank Wapas from the Inez neighborhood was in Thursday and set his paper up a notch. His time was not quite out but he doesn't believe in being too late. He says he has his ground all ready listed and will be ready when planting time comes.

Mrs. G. M. Williamson.

Word reached Portales last Thursday that Mrs. G. M. Williamson of San Diego, Calif., but who for years was a resident of Portales had passed to her reward.

The message was not altogether a surprise for friends had known for sometime, that her condition was serious. About a year ago her health failed and treatment at Mayo's at Rochester, Minn., had failed to relieve her.

Mrs. Williamson was reared in Southern Texas, but came to Lubbock, Texas about 28 years ago, as the bride of G. M. Williamson, an old time cow-man of that day. Some twenty years or more ago they came to New Mexico and had a ranch in Roosevelt, then later they came to Portales and Mr. Williamson was the president of the First National Bank. Mr. Williamson died a number of years ago. Then their home, one of the best in Portales burned, after that Mrs. Williamson together with her daughter, Mrs. Temple Molanari and husband, and her son Randolph Williamson moved to San Deigo, Calif., where they have lived since.

Mrs. Williamson had a quite dignity and charm which made her many friends and all Portales is grieved to hear of her death. She leaves one daughter, Mrs. Temple Molanari, and granddaughter, Mozele Molanari, aged six and a son Randolph to mourn their loss.

The remains were laid to rest in San Diego, where family still reside.

GOLDEN WEDDING

In spite of the snow which began to fall, Wednesday morning friends and relatives of the Rev. and Mrs. E. S. Bilberry began to gather to celebrate their fiftyth wedding anniversary.

In spite of the disagreeable weather a large crowd gathered with Rev. and Mrs. Bilberry who were well and hearty and enjoyed the day seemingly as well as anyone.

Rev. and Mrs. Bilberry were married February 24, 1876 at Austin, Texas. To this union were born 9 children, five girls and four boys, two of which answered "the call" some years ago.

A daughter, Mrs. W. A. Kidd and family of Jayton, Texas was present, also a nephew, S. C. Bilberry and son of Peacock, Texas. One son and a daughter were unable to attend, the rest being present.

Bro. Bilberry preached at eleven, and after preaching the tables were spread with good things to eat. A dinner such as was fit for a King, and the writer has heard of no bad results caused from over eating.

After dinner Prof. Ethridge of Ga., was introduced and made a splendid talk on the subject of "The Happiness of a Married Life," and to the writers opinion handled the subject well, which was enjoyed by all present.

After the good talk, Prof. Barnes made some pictures of the crowd.

About four o'clock the crowd began to eave. Everyone glad to be present on such occassion and wishing Rev. and Mrs. Bilberry many more years of happy married life.

UNIVERSITY BOARD VOTES 3-2 TO HIRE PRESIDENT ANOTHER SCHOOL YEAR

By a vote of three to two, the board of regents of the University of New Mexico decided at 11:20 Saturday night to retain Dr. David Spence Hill, president of the institution and to re-employ him for another year. The announcement was made by Nathan Jaffa, president of the board following a session of the board which began at 10:30 o'clock Saturday morning and was continuous with the exception of two adjournments.

The matter came before the board on a complaint made by C. M. Botts and M. E. Hickey, representing residents and taxpayers. Written accusations were presented to the board a week ago last Saturday, alleging that President Hill was unpopular with the student body and with the faculty and urging that he should not be retained in office after June 1.

"The board considered the complaint from every angle and talked them over pro and con with a number of members of the faculty," said Nathan Jaffa, president of the board, "and finally by a vote of three to two reached the conclusion that President Hill should be exonerated. The majority of the board believed that President Hill has been very successful and that this success is indicated in the splendid results obtained at the university since he has been in charge of the school."

To Retain Faculty.

Following the decision of the board President Hill announced that he had recommended that the entire faculty be reappointed for the next school year. It was indicated that the recommendations of the president would be followed by the board as a matter of course.

Dr. Hill also announced that the board had allowed him $2,500 additional funds for the next year to be spread through the faculty in salary increases. He also announced that plans would be started at once for a summer school session and that prospects were for the largest summer session yet held at the university.

Morning, afternoon and evening sessions were closed to the public and in the majority of cases persons wishing to appear before the board were asked to do so one at a time. The morning session was occupied with the expression of opinion from Albuquerque who were favorable to Dr. Hill's retention.

Botts and Hickey appeared at the opening of the afternoon session to request the dismissal of the president. Later in the afternoon it was said that Carl Magee sent a short letter to one of the members, stating that he was of the same opinion he was a week ago, when he appeared with Mr. Botts and Mr. Hickey to request the ousting of Dr. Hill.

Faculty Members Heard.

Members of the faculty who were called before the board at the evening session were Professors Walter E. Roloff, James F. Zimmerman, B. F. Haught, Miss Wilma Shelton, Harry Daugherty and Instructor Tom L. Popejoy.—Albuquerque Journal.

ONE SECTION BASKETBALL TOURNEY TO PORTALES

As previously announced through this paper the District Basketball Tournament will be held in Clovis on this coming Friday and Saturday. However, the large number of games to be played makes it necessary that one section of the tournament be played elsewhere than Clovis. The President of the District decreed that this part of the tournament consisting of some three or four games be played on the Portales High School court on Friday night. These will all be good games and will be taken from the regular program of games as they come, and will not be the weaker teams and "cast-off games". It is possible, though not known definitely, that Portales High will be one of the contenders in this section of the tournament. The games will begin about 7 o'clock and the admission for all of the games, or any one of them will be 50c, the regular admission price at Clovis.

C. M. Francis and Elbert Manis were in from Claudell Thursday.

At the meeting of the Town ouncil Tuesday night it was decided to pave 2 1-2 blocks of Liberty Street from the square to Roosevelt Avenue, 3 blocks of Roosevelt Avenue to the intersection of the Highway, and 3 blocks on East Colorado street.

This will give Portales 7 1-2 blocks more of paving and the work will be done under the present contract while the construction company have their paving machinery on the ground.

The Town Council is also considering the widening of Liberty street paving from the square south, to 32 or 36 feet.

PORTALES GIRL HONORED FOR SCHOLARSHIP

(From Ft. Worth Star Telegram)

Announcement was made Thursday that five students in Texas Woman's College had become eligible for temporary membership in the college scholarship society. The achievement means they are in line for permanent membership in the organized Scholarship Societies of Texas.

Those notified were Misses Opal Winn and Thelma Hines, both of Fort Worth and both seniors; Misses Willie Fayette Montgomery, Corsicana; Lucille Thurston, Portales, N. M., and Daily Lee Jones of Iowa Park, Juniors.

Two students were announced as having retained their standing in the society after having held temporary membership last year. They were Misses Ella Snipes of Roswell, N. M., and Maurine Phifer of Normangee.

How They Get In.

Miss Phifer was elected president of the society for the Spring semester. Miss Jones is vice president; Miss Montgomery, corresponding secretary; Miss Thurston, recording secretary, and Miss Winn, treasurer.

Both of Fort Worth's secular colleges, T. W. C. and Texas Christian University, are charter members of the Texas Scholarship Society which was founded by H. Y. Benedict, dean of the University of Texas.

Temporay membership is granted upon the attainment of certain standards in the junior and senior years of college while permanent membership depends upon the scholastic resord of all four years of a college career.

Eight Permanent Members

T. W. C. has eight permanent members of the State society: Misses Elizabeth Myatt of Nugent and Christine Hutchison of Atlanta, who were graduated in 1923; Misses Alice Jones, Chico; Norman Woody Graham, Fort Worth, and Dahlia Link, Aspermont, who graduated in 1924, and Misses Lucile McCann, Memphis; Frances Gaby, Independence, Mo., and Mary Elizabeth Stegall, Longview, of the class of 1925.

It is the plan of the society in T. W. C. to notify students of eligibility for temporary membership at the close of the sophomore year.

Freshmen who rank in the upper 10 per cent at the close of the year may consider themselves in line for membership provided they maintain their record through the first two years in college.

Council Meets Feb. 22.

Miss Jones and Prof. C. M. Howard, the latter faculty advisor, will represent T. W. C. at the fifth annual council of the State Society at Southwestern University in Georgetown Feb. 22.

Memeber colleges are Texas University, Texas Christian University, Baylor University, Howard Payne College, Austin College, Sam Houston State Teachers College, Southwestern University, College of Industrial Arts, and Texas Woman's College.

Will Scott was in from Claudell, Tuesday.

With the setting of the primary date for the 8th of April, the candidates and the public as well will have to make their choice in the next thirty days. A glance over the announcement columns of the News will show the material offered for the sacrifice. It is up to you to choose wisely. If you are a democrat and stay away from the polls, do not cuss the party and blame everyone else if you are not satisfied with the officials nominated. Last primary election in the commissioners race of district one, the nomination was won by a majority of less than five votes. If you stay away from the polls, your absence may be the means of defeating your choice. Think it over.

BIG TAX SAVING

Albuquerque, March 1.—(Special Correspondence)—As a result of the gasoline tax passed by the ast legislature and the Motor Vehicle Tax, New Mexico taxpayers within a few years will be relieved of the burden of paying taxes for road building, asserted Governor A. T. Hannett here recently in an address before the New Mexico Electrical Association.

Due to these taxes the state has been able to reduce the road tax to one mill, and eventually the mill tax will also be dropped, the Governor said. Thru the gasoline tax and the automobile license tax approximately $1,200,000 have been raised during the past year, $700,000 of it coming from the three cent gasoline tax.

It is the hope of the Governor eventually to make it possible for the weight of road building to rest entirely upon those using the roads. Especially will it mean that tourists from out of the state will be required to bear their share of the burden of keeping up the roads over which they travel so comfortably. It is estimated that at least 40 per cent of travel on New Mexico roads is by cars from other states.

DATE FOR POULTRY SCHOOL IS SET

Some time in January an article appeared in this paper announcing that a Poultry Evening School would be held here in Portales. The date has been deffinitely settled, to begin March 22nd. and end April 2nd. I hope that as many as possible of the people in and near Portales will attend this meeting. It will cost you nothing. We promise you a good time and hope to settle many of your perplexing problems. Perhaps you have a lot of problems that you would like to know how to settle, if so come to the school, and we shall try and solve them for you.

The program will appear in a later issue.

Dear Sir:—

Below find a letter written to Mr. H. M. Livingston Portales, N. M. by the American Well Works, (makers of the American Centrifugal Pumps.)

We note that you want a five inch pump but that you are afraid that it will overload a Fordson Tractor when operating this pump at a total head of 40 feet; wish to state that you will have a world of power to spare when operating a Fordson Tractor with a 5 inch pump at a total head of forty feet.

If you will note that this size pump operating against a total head of 40 feet only requires 12.1 brake horse power while a Fordson Tractor is designed to develope 20 horse power at a rated speed of 1000 revolutions per minute and will give 22 horse power if necessary.

By this you can readily see that your customer can use a larger pump at this head if he wishes and that he need not have any fear of his tractor being overloaded.

Signed,
American Well Works,
Dallas, Texas.

The price of this tractor is only $464.00 F. O. B. Portales, N. M. and we will be glad to demonstrate same at any time. Sold on easy payments or for cash.

Portales Woman's Club.

The Portales Woman's Club will meet at the Club room at the High School building at 2:30 Wednesday, March 10. Mrs. Strickland and Nelson will be the hostesses.

The subject for the afternoon will be "The Schools of New Mexico," and an interesting program has been arranged. Mrs. G. W. Carr is leader for the afternoon.

Friends of Mrs. Geo. L. Reese will be glad to learn that she is recovering from a severe attack of blood poison. It seems that she cut her hand with a piece of glass and almost immediately blood poison set up. She was taken to the hospital at Roswell and at one time it looked as tho that amputation of the arm would be necessary.

About sixty people attended the social at the Christian church Friday night. The ladies had prepared supper which was served Cafiteria style and a general good time was enjoyed by all.

GUESS WHO?

The other night while waiting for the second picture show, the following was heard from a Portales couple, who were sitting in their car:

Love, your golden hair is silver,
And a little thinner, dear—
Very thin above the temples—
Very white above the ear!

And the smile, once bright and tender,
Sad and cynical has grown,
And the waistline, long and slender,
Is a little more full-blown.

WHY must men thus lose their beauty,
While a woman's charm and grace
Can go on, forever blooming,
Like a freshly "lifted" face?

See! The henna and the surgeon,
And the beauty creams and clay.
And the cutey clothes and rouge pot
Make me just a GIRL today!

Yet, with sorrow and with sadness,
Must the bitter truth be told!
Darling, I am still a flapper—
Darling, YOU are growing old!

Mrs. J. J. Spires returned last week from an extended stay in Dallas. She was accompanied by her daughter, Mrs. Robinson and little Gloria Fay.

LOCAL PERSONALS

W. C. Wooton of Clovis was in town Tuesday.

J. B. Priddy came in Sunday from St. Louis.

Mr. and Mrs. Arden Turnbull of Claudell were in Portales Tuesday.

Mrs. Hannah Moon came in from Hagerman Friday.

Dr. Pierce has just completed a new modern home next to his home.

A new girl arrived ae the home of Mr. and Mrs. Leslie Houghteling Feb. 22.

Rev. A. C. Bates returned Monday from Buffalo, Oklahoma where he held a revival meeting.

C. B. Jones has just finished a house down on Main street for Leo Mitchell.

Mrs. E. C. Murrell was home from Causey and Miss Elsie from Dora over the week-end.

Mr. and Mrs. Reed Murrell of Kenna were guests in the E. C. Murrell home Saturday night and Sunday.

L. Farris Powell and father are conducting an evangelistic meeting at Rogers this week.

Mrs. Clyde Mason and little daughter, Doris left Friday morning to join Mr. Mason at Pocatello, Idaho.

In the announcement columns this week will be found the name of A. G. Wilson of Upton, as candidate for commissioner from District No. 3.

Mr. and Mrs. B. B. Thigpen and son James motored to Artesia Saturday, called there by the illness of their daughter Mrs. Ben Dunn.

B. M. Schumpert, who lives 7 miles southwest of town has just finished remodeling his home, making it a very comfortable farm home.

Mrs. Ross, secretary of the United Christian Missionary Society for the West Texas-New Mexico District was in Portales Friday night in the interest of the Society.

Elmer Flemming of St. James, Mo., was a guest in the Henry Bremer and J. P. Ford homes last week. Mr. Flemming is looking for a location and is much pleased with Portales.

The attention of the public is called to the name of A. E. Lang which appears in the announcement columns this week as candidate for representative from this district.

Earl McCollum put one over his friends Monday when he arrived from Missouri with a bride. Earl had just finished up his new modern bungalow on State Street.

The Missionary Society of the Methodist church will give a pantry sale, together with an apron and bonnet sale on Saturday before Easter. The place will be announced later.

The U. D. C's will be entertained by Mrs. J. B. Priddy and Mrs. E. T. Moody at the home of Mr. and Mrs. J. B. Priddy with a one o'clock luncheon on Tuesday, March 9. All members are requested to be able to tell an Irish joke.

Mrs. Roselle Culberson, her daughter, Mrs. Nichols, Mrs. Cox and Mrs. Shumake all of Taiban were over the first of the week to see Mrs. H. F. Jones and other friends in and near Portales.

Miss Marie Wolford who went to Coldwater, Kansas, for the benefit of her health has gained 20 pounds, and is doing fine, though she says she is home sick for Portales. She will return about the first of May.

Mrs. Rea called up from Floyd Monday and asked the News to take her add in which she wanted to rent her farm out. She stated that the farm was rented and she had had a dozen calls. At the time she called there was a man in the News office looking up her address, who was going out to see about renting the place.

Mr. and Mrs. A. R. Self and Miss Hazel Todd returned last Wednesday from a two months trip to California. They left the 8th of December in their Studebaker coach and had a wonderful trip. They spent a month at Anaheim, visited Los Angeles, San Diego and Ocean Side, beside Cataline Island, where they enjoyed the experience of a trip in the glass bottom boat, but after it all, as wonderful as it was, they are glad to be back home in New Mexico.

There will be no preaching at the Christian church on next lords day as the pastor has been invited to take part in the home coming program in the hristian church at Tucumcari on that date. All other services as usual.

GAURANTEES OF NEVER GROWING OLD

Beat the train to a railroad crossing.

Always drive at least forty miles per.

Cross the street corners at an angle with head down.

Light a match to see if the gasoline tank is empty.

Take a little bootleg whiskey for the stomache's sake.

LOOK AT ME

I'm a road-hogging, dare-devil, "Excuse My Dust" driver.

I need no introduction—you know me. I take my half of the road in the middle, and let the others worry about ditches and fences. When I want to pass another car, I just bear down on the horn and worry 'em until I get by. Passing cars on a hill or curve when I can't see ahead adds zest to the sport—I always manage to cut in just quick enough to let the man behind take the shock. When I want to turn to the right, I stick my arm out. When I want to make a left-turn, I stick my arm out; and, of course, if I want to stop, flick the ashes off my cigaret, or point out the place where once I nearly had an accident—I stick my arm out. I know its both puzzling and annoying to the driver behind, but really, I think he should be a mind-reader. I know where I'm going, what do I care about the other fellow? Oh, its so amusing to see them get sore! I love to drive at night too. I always drive fast, for I think I'm such a skillful maneuverer. My passengers protest, but I'm the driver. I've got all kinds of spotlights on my dressy little car, but no tail-light. My lights glare and shine in the other motorists eyes, but I can surely see the road, and I'm not looking out for them. Here's a good stretch of dusty road; watch me catch some air, and show these careful guys how a good cut-out kicks up the dust!—Tenness Highways.

FRIENDSHIP

The happiest business in all the world
Is that of making friends,
And no investment on the street
Pays bigger dividends.

Life is more than stocks and bonds,
Love is more than rate per cent,
And he who gives in friendships name
Shall reap as he has spent.

Life is the great investiment,
And no man lives in vain
Who guards a hundred friendships
As a miser guards his gain.

So, give the world a welcome
Each day, whate'er it sends,
And may no mortgage e'er foreclose
That partnership of friends.

ARE YOU ALL RUN DOWN?

Many Portales Folks Have Felt That Way.

Feel all out of sorts?
Tired, achy, blue, irritable?
Back lame and stiff?
It may be the story of weak kidneys!
Of toxic poisons circulating about
Upsetting blood and nerves.
There's a way to feel right again.
Help your weakenede kidneys with Doan's Pills—a stimulant diuretic.
Dona's are recommended by many Portales people:
Mrs. Sarah A. Hawkins, Portales, says: "I had sharp pains in the small of my back. My back became lame and it was hard for me to do my housework. I felt tired and run down, too. I became dizzy and everything went dark before me. My kidneys acted too freely and annoyed me a great deal. I used Doan's Pills from Pearce's Pharmacy and the results were remarkable."

OUR WASHINGTON LETTER

(By National Editorial Asso.)

Washington, March 3.—With the tax bill out of the way, Congress is breathing more freely. It was unquestionably the most important legislation before the present session because of its economical and political effects. With thousand's of bills pending before various committees, the Senate and House is doing its best to sort the wheat from the chaff before adjournment in the early summer.

The organized groups interested in legislation have in recent years adopted new methods. The day of the high-salaried atorney to handle legislative matters for great organizations in Washington has passed. Not so long ago the word "lobbyist" was used rather freely to describe an affable and thoroughly well informed agent who took advantage of his acquaintance with members of Congress to solicit their votes on certain measures. The approach was usually followed by lavish entertainment, etc., on the part of the legislative agent. Today the policy of decentralization which has hit government activities has also affected legislative movements. The demand for legislation comes from the field or, in other words, direct from the constituents. The Washington representatives of organization are chosen for their intimate knowledge of politics and politicians and serve merely as coordinators for field forces.

Several senators have remarked this week on the change in legislative tactics and called attention to the growing tendency to hold conventions in Washington during sessions of Congress. A convention was held here recently of a national organization and the delegates numbering several thousand were given definite assignments. The outcome was that members of Congress received large delegations from their home districts demanding immediate action on legislation in which they were interested. It requires unusual tact and resourcefulness on the part of members of Congress and their secretaries to keep these visiting delegates in good humor and at the same time avoid definite pledges.

An occasional society notice concerning visiting officials reveals some interesting angles of our international situation. A group of men are gathering quietly here for conferences with high officials of the Department of State and the Army and the Navy, relative to the forthcoming conference on limitation of armaments in Geneva. The outstanding figure in these meetings here will be Hugh S. Gibson, American Minister to Switzerland, who is expected within a few days.

The presence of diplomatic and military observers representing the American Government at the four corners of the earth is essential because of the magnitude of the problem involved. No code has ever been devised to cover the data necessary for our representatives at the Geneva conference. It requires verbal reports and exchange of opinions.

Gradual extension of American participation in foreign affairs brings out the fact that we are not as thoroughly informed on conditions abroad as foreigners are of conditions in this country. Although diplomats are very taciturn when international affairs are mentioned at social gatherings, an occasional word is dropped which provides material for speculation.

It has been suggested that the limitation of armaments shall be construed to include a limitation on the industrial strength of the various countries. This brings the question of armaments close to the financial, manufacturing and working groups. Efforts to keep the conference to the question of armaments and pass up all political and economic questions are regarded as most important.

Those well informed on international affairs state that the United States will make an effort to confine the discussion to reduction of armaments but will assidiously avoid participating in "security pacts" which deal with economic problems of other nations. It has always been our experience, because of the enormous wealth of this country, to lose in economic negotiations with other countries. It is barely possible that the Geneva conference may not be held as scheduled as the European situation is not settled. It is however, a problem holding the attention of the diplomatic and military establishments here and something upon which Congress has little to say at this time.

One of the surprises of the present session has been the tendency to soft-pedal discussion on power projects, especially the Muscle Shoals issue. The time of the House and Senate have been so taken up with internal revenue measures and appropriation bills that they have had little time for controversy over electrical power systems. It is bound to crop up shortly in debate.

Another interesting feature has been the unusual attendance of Congressmen at sessions of the House. Seldom has it been necessary for a quorum call as a substantial number of members are usually in their seats. Perhaps this is due to the tendency of organized groups to report the absence of congressmen when important measures are discussed on the floor of the House. The issue of absenteeism has been raised in primaries over a long period of years with disastrous results to the man seeking reelection. All other qualifications fall into discord when a representative in Congress neglects his constituents.

THE BARGAIN SPOT IN PORTALES

ROGERS RUMBLINGS.

The storm passed over and did not amount to anything. At first it looked as tho it was an old time sand storm.

Little Charles William spent the day last Saturday with Anna and Thelma Post, while Mrs. Maxwell and Mrs. Biggs were shopping in Portales.

Mr. Hater was buried this afternoon at the Longs cemetery. Mr. Hater had suffered for many months, and death came as a relief to him. We would say to the bereaved ones, grieve not for him, for he has gone where pain nor sorrow cannot come. The family has the sympathy of the entire community.

The Maxwells called on the Coolies and Jacksons Sunday evening. Mrs. Coolie is improving and will soon be able to be out again.

The Millers made a business trip to Portales last week.

Mrs. Ben Ben Duke was visiting last week with her mother, Mrs. J. E. Philips.

The foundation for the new Postoffice is finished and work is progressing nicely.

The Arch school boys and Rogers boys played a little game of ball Monday afternoon. The writer did not learn the score.

The farmer is a busy fellow these days. Many a furrow has been plowed since the snow and great rpeparations are being made for a bumper crop. Also the farmers wife's is stepping lively, incubators being set, gardens looking all spring like, and when she is not doing some other work she is picking up those white leghorn eggs that are so plentiful around barns and henhouses. Three cheers for the old hen and Jersey cow. If it were not for them what would the rich town folks eat.

On acount of the cold weather only a few members of our club met last week. We will have our regular meeting next Thursday, Feb.25. Each member is requested to be present.

Mrs. Earl Cooley has been quite ill the past week.

A number are suffering with sore arms since the vacination.

(Delayed from last week)

Many weeks have passed since Rogers has been heard from in the News Items, but nevertheless that little town is still in existence and coming to the front. Another new building going up. The contractors have already begun work on the building which is to be an adobe. The concrete foundation is under way and we expect to see this nice new building completed in the near future.

Mr. Post our postmaster is the owner of this new construction and he and his family will ocupy same.

The school program, given Monday afternoon was indeed a splendid one. We congratulate the faculty of the Rogers school for putting over such a good and interesting affair. We see no reason why there can not be more afternoons just like this.

EMZY ITEMS

We have been having some fine weather the past week with a little snow Wednesday morning.

Alvin Williams spent Sunday evening with L. B. Horner, Jr.

Our boys basket ball team went to Causey Friday evening, where they played a game of basket ball. The scores being 25 to 14 in favor of Causey. We hope Causey will come down soon and play us another game and bring the girls team along.

Mr. Boone went to Clovis Friday evening to visit home folks.

Mr. Frank Pruitt son of Clovis is visiting in our community this week.

Rev. Marshall of near Floyd delivered a sermon at our school house Sunday at eleven. There was a large crowd and it was enjoyed very much.

Miss Elsie Parnell was a visitor in the Causey school Friday.

Mr. Lin Williams spent Friday night with his Son-in-law, Mr. Price Cole.

Miss Louise and Mrs. Price Cole spent Saturday afternoon with Blanch and Modhena Siens.

There was singing at Midway Sunday night.

Mr. and Mrs. Jacob and Mr. and Mrs. Tuen Jacob spent Sunday in Mr. Tom Jacob's home.

Erma and Paul Henry spent Sunday with Elsie and Aubra Parnell.

Elsie Parnell spent Sunday night with Erma Henry.

Mr. Bill Foster was around last week with a partition for a new school building.

Miss Walker is sick at the present time with the flu. We hope she will be able to teach school again soon.

EVEN big-city folks must have their "neighborhood stores"! Most of them would no more think of going down town to fight their way through the crowds in search of a roast for dinner than they would of walking to the factory to get a pair of shoes.

City women know that their neighborhood stores can supply them just what they want — and that, in most cases, *the service is more alert and friendly.*

The same thing is true of this "neighborhood". Our merchants—the men whose ads you read in this paper —are in position to furnish your home with the best and most popular brands of goods. Not only can they save you money, but they gladly relieve you of a lot of worry and loss of time.

DEAFENING

Mrs. Newly-Rich was recounting to an acquaintance the thrilling events of the evening before, when the house had been burgled.

"As a matter of fact," she said, "we were eating our soup—"

"Then, of course," interrupted the candid friend, "none of you heard anything."—Tit-Bits.

Tact Is Essential

"Tact," said the lecturer, "is essential to good entertaining. I once dined at a house where the hostess had no tact. Opposite me sat a modest, quiet man.

"Suddenly he turned as red as a lobster on hearing his hostess say to her husband, "How inattentive you are, Charlie! You must look after Mr. Brown better. He's helping himself to everything."

His Size Saved Him

The girl was interested in the yarn the fat old sailor was telling. He had just finished relating his experiences with cannibals, and she said:

"And so the natives didn't harm you, after all?"

"Bless you, no," was the reply. "They didn't have a saucepan my size."

IT BREAKS 'EM, ALL RIGHT

Son—Dad, what do they mean when they say in the history that in the old days many men perished by being broken on the wheel?

Dad—Why—er—son, I really can't tell you—they certainly didn't have automobiles that far back.

New Kind of Contest

I heard the oratoric din
Where fierce invective filled the air
And said, "I wonder who will win
The perspiration contest there!"

UNEARNED CRITICISM

By FRANCIS H. SISSON
Chairman, Public Relations Commission American Bankers Association

There has been some disposition to criticize the administration of the country's banking system for the sudden collapse of prices and curtailment of credits in 1920 and 1921, and the subsequent financial difficulties of the farmers. As a matter of fact, whatever blame may attach to bankers must be for the too generous financing, in many cases, of speculative investment in farm property during the period of inflation. If any just criticism could be directed at the manner in which the Federal Reserve System functioned in this situation in the opinion of many it would be that the Reserve banks delayed too long in raising the rediscount rates. An earlier effort might have stayed the process of inflation.

Francis H. Sisson

The collapse of 1920 was by no means confined to agriculture, and was the inevitable sequel to the inflation period. All branches of business suffered in this period of reaction and perhaps none more than banking, against which this criticism has been levelled. The financial situation of the farmers was greatly aggravated by the fact that the high land values and high prices of agricultural products had led many farmers to incur obligations based on the inflated values. If the farmer was victimized at all, indeed, he was the victim of too much rather than too little consideration. The real progress which has been achieved in agricultural finance in recent years lies more in the intelligent distribution of farm credit than in volume.

With agencies now functioning for the provision of ample credits for the American farmer, his enduring success depends upon the wisdom and foresight with which he meets the problems of production and marketing. More than ever before, his activities must be regulated with reference to world conditions, and his profits, like those of the manufacturer or merchant, will reflect the measure of his success in adjusting his activities to these conditions.

Potato Cobler

Make a rich biscuit dough of two cups flour, 2 teaspoons baking powder, teaspoon salt, ½ cup shortening, nd milk to mke a stiff dough. Line a deep pie tin or pudding pan with the crust. Slice potatoes cross grain till dish is half full. Add 1 cup sugar, dot with butter, using about 3 tablespoonfuls, ½ teaspoon each of allspice and ginger or your favorite spices, and salt to taste, and one tablespoon of vinegar if liked. Cut an inch-wide piece of crust around the edge then fill with boiling water, then cover top with biscuit dough rolled ¼-inch thick.

On March 23, 1923, Buick celebrated the building of the millionth Buick. Approximately eighteen years were consumed in the accomplishment.

On December 16, 1925, Buick reached the million and a half mark. A million Buicks in eighteen years—the next half million in two years and nine months.

At the present time, public demand calls for more than 20,000 Buicks every month. This means the next half million in the hands of Buick owners, within two years.

These bare figures tell a graphic story of Buick's continuous advance in public regard. The great acceleration of demand, at the present time, speaks strongly of the increased value and desirability in the Better Buick.

Leadership* belongs to Buick because a nation familiar with many motor cars has given it to Buick.

The American public wants "finer transportation at lower cost", and Buick provides it!

*For eight consecutive years Buick has led, in volume of sales, all members of the National Automobile Chamber of Commerce.

FLOYD HIGH SCHOOL REVIEWS

Perhaps we no not look it but Floyd High School is very busy this week. Monday was a day of Reviews, but six weeks examinations are in full force of all forgotten knowledge. By this it may have guessed that the Reviews will be very short this week.

Last Sunday the funeral of Mrs. Pearl Armatage took place in the Floyd cemetery. Her maiden name was Miss Pearl McNutt. Many people of Floyd knew her and had a deep feeling of love for her. We offer the deepest and heart-felt sympathy to her bereaved husband and her five year old son. Rev. Grizzle conducted the last sad rites of the deceased.

Let's everyone help and try to do our best singing, and get ready for the convention in April.

Word was received by the parents of Miss Myrtle Walker, that she is very sick. She teaches in the Emzy school..

The torunament is very close at hand. Both our teams are going to fight to the end and win and be good sports.

The game with Tatum was very close. Perhaps some think we are whipped even if they did win, but, wait until the tournament.

Senior Goals

Happy? We should say so! Our class rings came in at last. They are of yellow gold inlaid with a set of white gold and F. H. S. engraved amid a back ground of black Onyx.

Graduation is twelve weeks away. It is short and yet so long until the commencement of our lives.

EAST VALLEY VIEW COMMUNITY CLUB

Our Home Demonstration Agent, Miss Kerr organized a Club in our community less than a year ago.

Officers were elected and a program planned for the entire year, in which we work for better homes.

Our first meetings were demonstrations on sewing, the bound button holes, tailored pockets, handmade flowers, dyeing. Then came the canning season, canning of fruits, vegetables, meats and pickles. Many members learning to use and appreciate the preasure cooker for the first time. Something like 3,000 quarts being canned.

Before this work started we knew little or nothing about canning meats. Now shelves full of canned meats, fruits and vegetables stand as a tribute to club work.

The club now owns a large size pressure cooker which was bought with the money that we received for first prize at the County Fair.

Other things club work has done for our community is to interest the women, how to make and trim their own hats.

An acount was kept of the fall millinery work in which we find these were 16 hats made, cost of new material $18.02, 16 hats valued at $75.50.

New hats called for new dresses, so our members set to work remodeling coats, coat suits and dresses. 23 new garments were made and 27 garments were made over. Cost of new material, dye, thread, buttons etc., $46.07, value $259.30, amount saved $213.23.

The greatest indivudal saving was 6 garments remodeled at a cost of $3.55. The value of these garments was estimated at $65.00 which resulted in a saving of $52.45 in one household.

We have started into the new year with an interesting program and with a group of wide awake and interested women which makes us feel as if we will accomplish ever so much more the coming year.

George Foreman, besides being admittedly about the best demonstrator of a Studebaker car in the world, has a sense of humor that never dies. The other day the bird who sends neckties to you and expects you to remit there for, got Mr. Foreman on his mailng list, and here is the letter that went back to the by-mail grafter:

"Dear Sir: "This morning's mail brings me your package of four neckties which I never ordered.

"Waiving the question as to wether or not it was presumptuous on your part to send a man four neckties and ask him to remit $.50 for them, will say that they are here, in good shape, and held subject to your disposition.

"The eight cents in stamps is also here and you can have it if you come personally after it or send an accredited representative to receive it.

"I shall charge you storage at the rate of 10 cents per day on these articles and if not called for in a reasonable length of time, will give them to some charity bazaar or something of the sort.

"I am engaged in other work, selling autos being my main occupation, so if you want the neckties sent back, you will have to send someone to wrap them in the envelope you sent and lick the sweet mucilage on the eight cent stamp.

"There are many first class stores in this city, selling neckties at reasonable prices, and I do not see why you should so heroically undertake the self-appointed task of selecting and sending me on approval without any suggestion from me whatever, four neckties which I do not want and which I will not use.

"If you look at my birth certificate again, you will find that I am not one of "born every minute" kind.

"If you conclude to come down personally to conduct shipment of these ties, which are held subject to your disposition, will call attention to the fact that me have good hotels and the entertainment committee of the Chamber of Commerce will no doubt try to make your visit enjoyable. If you send a representative to get the ties and stamps, be sure to give him proper credentials and have him call on me only during business hours.

"I am registering this letter so I will know you receive it.

"How would you like to trade some neckties for a vinegar recipe?

"Do they have any moving picture shows in your town?

"Do you think that the cafeteria has come to stay?

Hoping these few lines will find you well, and wishing you the compliments o fthe season, I am,

Yours very truly, etc."

Crossword Puzzle

HOW TO SOLVE A CROSS-WORD PUZZLE

When the correct letters are placed in the white spaces this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle. Thus No. 1 under the column headed "horizontal" defines a word which will fill the white spaces up to the first black square to the right, and a number under "vertical" defines a word which will fill the white squares to the next black one below. No letters go in the black spaces. All words used are dictionary words, except proper names. Abbreviations, slang, initials, technical terms and obsolete forms are indicated in the definitions.

34—Swing and Timing.

No adequate description of the golf swing ever has been written and it probably never will be. The attempt has been made a thousand times, but there is no possibility of a beginner's understanding the description for the reason that timing is the crucial element. It is exactly the same as trying to tell all the muscular movements that have taken place in the arm when a hammer hits a nail head. It is comparatively easy to describe everything that happens, taking them one at a time. It is an entirely different matter to tell how to do all these things at the same time in order that they may all culminate in a period of time and in such a short distance that no camera, unless it is the one invented by the war department of Great Britain, can show how it is done.

Each golfer must make up his own mental picture of the swing. If he has an accurate mental picture of the best swing as applied to his own personality, he is well on the way to becoming a good golfer. If a golfer perfects such a swing and practices it until it becomes automatic, until there is no necessity of thinking about any part of it, that person is very apt to be a star golfer. The beginner, of course, must learn the elements of the stroke one by one. If he at the same time learns the reason for each of these elements, it will be easy, granting there is the necessary persistence, to practice these elements until they become second nature. Then add the elements one by one and practice the two and three and more, is the way to do it. Nothing whatever will be gained, and much damage to the swing may be occasioned, by aimless swinging of the golf club. Of no other muscular effort can it be so truly said that every little movement has a meaning of its own.

And the point of all this is that each element must be combined in a proper timing that will let the club head meet the ball properly. Many a golfer has a good stroke without any knowledge of timing. He might as well have no swing at all. The effect of timing is the perfectly hit ball. Get that idea as soon as possible.

Grated Sweet Potato Pie

3cups raw sweet potatoes either grated or put through a fine food chopper. Make a custard of 1 cup sugar, 1 cup of milk and 3 eggs. When done add a tablespoon butter and potato pulp. Bake in a slow oven until potato is thoroughly cooked. Just before taking from the oven, top with marshmallows. —Mrs. Stone.

WHY AND BECAUSE

Why do we use the expresion "apple pie order" when we mean that things are exactly in their right places

Because every Saturday a certain Puritan dame, Hepzibah Merton, made a practice of baking two or three dozen apple pies which were to last her family through the week. She labeled each according to the day of the week on which it was to be used, and the pantry, thus arranged, was said to be in apple pie order.

Why is an unmarried woman called a spinster?

Because women were prohibited from marrying in olden days until they spun a full set of bed furnishings and thus, until marriage, they spent much time at the spinning wheel and were, therefore, "spinsters."

Why do clergymen habitually wear black?

Because when Martin Luther in 1524 laid aside the habit of a monk and adopted the style of dress prevailing at the time the Elector of Saxony used to send to him from time to time pieces of black cloth, that color then being fashionable at the court. Luther's disciples thought because he wore black, it became them to do so, and thus it came about that the clergy generally grew to regard it as the only proper color for them to wear.—Dearborn Independent.

CHAPTER XI.—Brampton makes arrangements to escape from the village to a Natchez stronghold. Labrador has his own reasons for not wanting to go there, and Claire has to be persuaded. They finally leave. The Humas arrange a feast, during which the body of a Huma woman, murdered, and with the hands and feet cut off, is brought in. She has been killed for her ornaments, supposed to be gold, by "Six Fingers." Damoan accuses Brampton. Admitting his guilt, "Six Fingers" is shot by Brampton as he is about to reveal the plan of escape.

I pretended not to hear, and Damoan stared at me curiously, trying to fathom my mind. Like the fox he feared a trap, but so long as I and my male companions were within immediate reach he could not reason out where we had a single chance. Six Fingers never raised his eyes from his food, and yet he was not hungry. Labrador devoured huge portions of underdone meat with the philosophy of one who makes the most of the hour which is his. In a short space of time the kettles were emptied except what was reserved for the women, and the warriors retired to paint for their dance. I called to Labrador in French and requested him to wait on mademoiselle and ask her to come and see the dancing.

Damoan demanded my attention by asking:

"So we renew the peace smoke in two sleeps, eh?"

There was so much exultation in his tone, so much diablerie in his grinning face, that I knew he was up to some new trick, something I had not dreamed of. I guessed frantically and could not imagine what it was; yet I knew he had his plans all laid before the feast began, and that he was not dependent upon the interval between the end of the first smoke and the beginning of the second.

"Much may happen in two days," I carelessly replied.

"As true as heaven," he mocked. "And much may happen in one day—before another sun."

"What are you planning to try tonight?" I bluntly asked.

He laughed merrily, and protested: "I try? Pardieu! Think I would break the law of the Humas? But if you should break it, eh? Come now: would the peace smoke hover over your English head for two days if it was known that you had broken the law?"

There was no guessing his meaning, although he meant death. I scoured my brains, but could find no signs which would lead me to his hidden trail. I was still pondering on this new attitude of his when the freshly painted warriors, armed with axes and bows and arrows, leaped in between the fires and began their war dance. Damoan suddenly turned his head and fiercely demanded:

"Where is my woman?"

I eased my ire by reminding him:

"Your scalp shall pay the whole price."

He leaped to his feet and spoke to the chief's grandson, who was reluctant to do what was asked. Damoan then spoke to me, saying:

"If the woman does not come the Humas will bring her."

As Labrador and the girl had had time to get far down the river trail I knew this would be some task for the Humas to accomplish. Yet I fought for more time by appealing to the chief's sense of justice, urging him to declare the white woman need not show herself at all unless she so desired.

Only the fear of Bienville, whose "word-bearer" he knew Damoan was, caused him to hesitate. He would hunt with the French and run with the English; and he suggested: "It would make the hearts of the Humas very light if the white woman would come and watch them dance."

"So be it," I said. "I will go and ask her."

I do not believe Damoan would have suspected any ruse had it not been for Six Fingers' frantic haste to follow at my heels.

"Let them stay here!" shouted the Fox. "The Iron Hand will fall and crush the Humas if they do not stay here."

"Stop," cried the chief, now in panic at the threat of the Fox, word-bearer of Bienville. "The eyes of the Humas would be made glad at sight of the white woman. I, Strong Bow, chief of the Humas, will go and ask her to come."

Damoan chuckled contentedly, and said to the chief: "We will wait a moment. There is a present the white man has prepared for his woman. He had it hid in the woods but my Choctaws found it. We will have it ready when she comes to see the dance."

He whistled shrilly, and very soon two Choctaws came trotting from the exit with a long object carried between them. As it was carefully deposited on the ground I noticed the blanket was one of those taken from Narbonne's pirogue by Six Fingers when we came ashore to hide in the Indian village.

"Veer off. Hell's to pay! It was hid at the brook! The cursed scum found it!" huskily whispered Six Fingers, his deep-set eyes glaring at the two Choctaws as they took hold of the blanket. "There a black spot on my luck!"

Damoan motioned his Indians back, and because of his love of the dramatic assumed full charge of the proceedings. Striking an attitude and pointing a finger at me he harshly cried out to the bewildered Humas:

"The present of the English spy to his woman!"

And he snatched a fold of the blanket away and revealed to our horrified gaze the body of a dead Huma woman. And what was more terrible she had died by violence and her two arms had been cut off below the elbow. We were stupefied by the fearful exhibit; then with the hiss of a thousand serpents came the breath of the Humas. Damoan had opened a smaller parcel and was exposing the two severed members of the poor creature, still decorated with their bracelets of brass.

"You frog-eating fool!" madly shrieked Six Fingers at Damoan. "They are gold and you could have had half if you'd kept your meat-trap shut!"

His outburst broke the spell. With insane howls the Humas crowded in from all sides. I leaped toward the point I had selected when the circle first formed, and bowled over two men and was running toward my cabin where I had left my musket. With the squeal of a cornered rat the murderer attempted to follow me; and he must have used his knife to some profit, for I heard a death howl. Damoan was yelling for his Choctaws to chase me, but the bulk of them were back at the exit and the others were tardy in taking up the pursuit.

As for the Humas, they paused to e Six Fingers' hands behind his back. y the time they were pounding after e I had secured my musket and was the patch of vines behind the girl's abin. While the entire mass of inriated savages were sweeping down n my cabin I risked calling the girl's ame. The silence and the failure of abrador to make an appearance satfied me they were well on their way o the river. I cautiously worked in hind the vines and found the hole, arcely large enough for my bulk to ass through.

Thrusting my feet through I was lear except my shoulders when the ild mob passed the cabin and surrounded the one I had occupied. The omen had snatched burning brands rom the fires, and these illuminated he scene. Through the mesh of vines I saw Six Fingers being dragged between two warriors; and as the savages came to a halt I heard him scream:

"Good luck! This will be death!"

Pirate and murderer that he was I could not help the wish that he might find a quick death, rather than to roast slowly on the bed of torture. Utterly bad as he was he was born an Englishman, and if it had not been for narrowing the girl's chances of escape I should have been tempted to shoot him because once he had been an English lad.

The chief's grandson, bolder than the others, ran forward with ax and torch and thrust his head inside the cabin. Turning back he shouted that I was gone. Almost the same moment Damoan ran into the cabin in front of me and yelled to the red men that Labrador and the woman were gone. When he appeared in the torch-light he was insane with rage, and catching a glimpse of Six Fingers' writhing figure he screeched like a panther and fell upon him as if intending to tear him to pieces with his bare hands.

"I can tell their plans!" screamed Six Fingers in English as Damoan's fingers began ripping his face.

"Tell them! Tell them! Or I'll pick you joint from joint!" howled Damoan, bending over the craven, his outstretched hands hooked like claws.

"Save me! Save me!" gasped Six Fingers. "Take me with you. I'll lead you to them!"

"Speak!" yelled Damoan, hunching his shoulders and wriggling his long fingers before the murderer's bleeding face.

"They planned for Labrador and the woman to get away while we was eating!" panted Six Fingers. "They planned—"

But now it was purely a question of the girl's safety and not of this snake's suffering; and I fired an ounce ball through his wicked skull, and slipped through the hole and away into the black forest.

NOTICE OF FORECLOSURE SALE

Notice is hereby given, that whereas, by virtue of a judgment rendered by the District Court of Roosevelt County, New Mexico, on Dec. 15th, 1925, in Cause No. 2100, wherein Florence Maxey was plaintiff and R. A. Palm et al, were defendants, judgment of foreclosure of a mortgage was rendered by said court in favor of the plaintiff in the sum of $664.40, principal, interest and attorney's fees, with 10 per cent per annum interest thereon from date of judgment until paid, and the additional sum of $67.83 for taxes paid by plaintiff with 12 per cent per annum interest thereon from date of judgment, until paid, together with all costs of suit, and ordering the sale of lots one, two, three, four, five and six, in Block 28 in the School Addition to the Town of Portales, N. M., described in said mortgage so foreclosed, and ordering the same sold for the purpose of satisfying said indebterness and the undersigned being appointed by virtue of said judgment, Special Master, to sell the said lands and permises for said purpose, the said indebtedness amounting to date of sale hereinafter fixed to the sum of $750.87, exclusive of costs; Now by virtue of the premises aforesaid, I, R. G. Bryant, will at the hour of ten o'clock in the forenoon of March 16th, 1926, at the northeast front door of the courthouse, in the Town of Portales, New Mexico, sell the said above described lands and premises at public auction to the highest bidder for cash, subject to a prior lien thereon in favor of the Town of Portales, N. M., for $450.00 and interest, for the purpose of satisfying said indebtedness and all costs.

R. G. BRYANT,
F. 11-M. 4—M. Special Master.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Fine for catarrh when melted in a spoon or snuffed up the nose and vapors inhaled.

Head and Chest Colds Relieved In a New Way

A Salve which Releases Medicated Vapors when Applied Over Throat and Chest.

Inhaled as a vapor and, at the same time absorbed through the skin like a liniment, Vicks VapoRub reaches immediately inflamed, congested air passages.

This is the modern direct treatment for all cold troubles that is proving so popular in Canada and the States where over 17 million jars are now used yearly.

Splendid for sore throat, tonsilitis, bronchitis, croup, head and chest colds, catarrh, asthma or hay fever.

Just rub Vicks over throat and chest and inhale the medicated vapors. It quickly loosens up a cold.

TO THE VOTERS OF ROOSEVELT COUNTY

When a man places his name on the Democratic Ticket for the office of Tax Assessor of this County I think he ought to give a reason for his motive. In the first place I want this office for the money that is in it. The next reason is if I am not mistaken and misinformed we want the man who is elected Assessor to be the Assessor and stay on the job. One who will do his best to get all the taxable property of the Co., on the Tax Roll. One who will treat every man alike regardless of his worth and influence. One who has had the experience and has been tried out and who has made good, and if elected and when he has served his term in office you can truthfully say as others have done, you have done all you promised and more.

For the salary this office pays I promise you to do all I stand for. If this is your idea of the man you want in office I will appreciate your vote and influence.

Respectfully,
JOE FOSTER.

SAM J. STINNETT ANNOUNCES FOR TAX ASSESSOR

In making my announcement for Tax Assessor, I feel that I am well known to most of you as I have lived among you for the last 23 years and have served the schools of the county during the past 20 years. I have taught school in most sections of the county and was County Superintendent of Schools from 1917 to 1921. I only ask a careful consideration for my fitness for the office.

I was raised in Texas and am a firm believer in the great principles of Democracy, "A goverment by the consent of the governed."

I believe that my experience in public affairs and office work places me in a position to make you an efficient Assessor. I desire to state that my books for the four years as County Superintendent stood the rigid test of the state auditor and were complimented by him.

The Assessor's office is a very important place as every taxpayer is vitally affected. Taxation is one of the greatest problems of today. Statistics show that, in the past ten years, our taxes have doubled while our incomes have only increased 20 per cent. We should exercise wisdom and caution in adding additional expenses under the present facts.

I believe in maintaining efficient schools, good roads and all necessary expenses on an economical basis. My home and interests are in Roosevelt County. I have tried in an humble way to do my part in developing the schools of the county and used my influence for all measures that I thought best in making a better and greater county. I shall continue to do thesame whether I become your next assessor or not.

If I be nominated and elected, I promise to perform the duties of the office to the best of my ability by giving all a fair and just deal, to keep a neat and correct record of books, and to serve the public courteously.

I desire to express my appreciation for the honor and confidence shown me in the past and if I merit your vote and influence for the next assessor, it will be greatly appreciated.

I am now engaged as principal of the Pleasant Valley school, nine miles southeast of Elida and my duties as teacher prevent making an active campaign at present. In case I fail to meet you in person, any favors will be appreciated.

Very respectfully,
SAM J. STINNETT.

Stop Hatching Weak Chicks

Chicks that hatch out weak and wobbly, and live but a few days, mean nothing to you except trouble and loss. They make one sick of the poultry business. Most of the chicks you lose in the first two weeks die because they do not hatch out with enough vitality or strength for a good start.

Queen Incubators

Are famous for big hatches of **strong, healthy chicks that live and grow.** It is not luck that chicks hatched from Queen Incubators are stronger and healthier—it is because the Queen maintains accurate and uniform hatching conditions throughout entire hatching period, producing almost always a perfect chick fully equipped with the strength and vitality for a good, quick start.

Let us show you a QUEEN and tell you about the New Patented Air-Cell Control. It certainly gets the chicks.
