WOMAN TO ATTEMPT ROUND-THE-WORLD FLIGHT—Speed pilot Dianna Cyrus of Santa Paula, Calif., has big plans: she will attempt flying her Mosquito bomber solo around the world this month and then marry pilot Robert Bixby, right. The plane was tested in Los Angeles by Bixby. Miss Cyrus hopes to beat Bill Odom's 73 hour record even though she will fly a route almost a 1000 miles longer.

Segregation Is Necessary By Law Of State

Two Reasons For Ruling Are Given By Price Daniel

(By The Associated Press)

AUSTIN, Aug. 2 — A white student may not legally be admitted to the Texas state university for negroes, Attorney General Price Daniel ruled today.

Daniel gave two reasons for the finding:

1. That Texas' constitution and laws provide that white and negro students shall be educated separately;

2. That "substantially equal courses of study and physical facilities are offered for white students at the University of Texas and other state colleges."

Citing U. S. Supreme court decisions in the Gaines case from Missouri and the Sipuel case from Oklahoma, Daniel's opinion said:

"Under these decisions, it is unquestionably now the law that the states may constitutionally provide separate facilities for the education of negro and white students so long as the facilities offered are substantially the same."

He advised the board of directors of the Texas state university for negroes that Jack Coffman, a white citizen of Houston who had applied for admission as a student to the school, "may not legally be admitted to the Texas state university for negroes."

The negro university was established by the last legislature after a Houston negro, Heman Marion Sweatt, was denied admission to the University of Texas law school.

Sweatt's efforts to force admission is pending before the state Supreme court.

Hollywood Claimed To Be Giving Aid In Form Of Cash

(By The Associated Press)

WASHINGTON, Aug. 2.—Louis Budenz, one-time Communist editor, told senators today that Hollywood poured forth "a very big financial take" for the Communist party whose aim he said is Russian dominance over the United States.

The former Red, now a Fordham university professor, broke dramatically into his story to turn around in the witness chair and identify Miss Elizabeth Bentley, admited Soviet spy.

Names Are Given

The blond Miss Bentley has reeled off nearly two score names as wartime government officials and employes who poured forth information which she said was sent to Moscow.

"I have every reason to believe she is telling the truth," Budenz told a Senate expenditure subcommittee.

Miss Bentley, dressed in green, arose and smiled as Budenz said she was the woman introduced to him as a secret trusted agent for Moscow by the late Jacob Golos, whom he identified as Communist party control commission head. He said this was an agency to discipline party members and keep them in line.

Budenz termed the Communist party of the United States "a fifth column of Soviet Russia."

He Aided Indirectly

In reply to a question, the witness testified that he aided indirectly in getting Soviet agents into the confidence of Leon Trotzky, expelled Red leader later killed in Mexico allegedly under orders of the Soviet secret police.

In reply to questions, Budenz said he knew "a couple" other persons doing the same kind of courier work that Miss Bentley did, and that he believes there were a great many more.

Chairman Ferguson (R-Mich) asked how the Communists got money to finance their operations.

Gifts Are Received

Budenz said that dues accounted for some funds, gifts from wealthy persons for others, adding:

"There was a very big take from Hollywood."

Budenz said he was connected with the Midwest Daily Record in Chicago—a paper he said was controlled by the party. At that time he learned that the Com-

Plan To End Strike Rejected By Union

Governor Says He Will Send Troops To Dayton If Picket Line Fights Resume

(By The Associated Press)

DAYTON, O., Aug. 2—A plan to settle a violent strike of CIO United Electrical Workers at the Univis Lens Co. was rejected today by the union membership and Gov. Thomas J. Herbert said he would send in the National Guard if picket line fighting resumed.

Six hours after their leaders signed an agreement to end the 90-day strike and given Gov. Herbert a pledge to get membership approval, the rank and file of the union's local 768 tossed the paper aside and voted to continue the strike.

The vote in the closed meeting was announced as unanimous.

The governor, notified of the vote, said if Mayor Louis Lohrey reported recurrence of picket line clashes between strikers and employes seeking to return to work, he would send in the rtoops.

A picket line of some 50 strikers formed this morning and a crowd of approximately 200 watched nearby. Police stopped cars near the plant to tell Univis employes the plant was closed.

Arthur L. Garfield, international UE representative who attended the governor's negotiations, was among the unionists outside the plant.

Herbert said he was completely disappointed over the rejection." He added the understanding was that the "leaders were empowered to reach a settlement and put into writing the terms as they (the union leaders) asked."

In their statement accompanying the vote results, the union said the negotiations with the governor and company representatives were conducted with use of the guard as a threat.

Gov. Herbert denied this saying:

"The union leaders were not forced into any agreement. It was achieved with full understanding and agreement on both sides."

French Flying Boat Believed Down At Sea

No Americans Are Aboard; Rescuers Launching Search

(By The Associated Press)

PARIS, Aug. 2.—Warships and planes combed the South Atlantic today for a huge French flying boat missing with 52 passengers and crewmen on a Trans-Atlantic flight from Martinique to West Africa.

The 73-ton six-engined plane was last heard from 1,200 miles off Dakar shortly after Saturday midnight. It radioed that all was well and the weather good. No Americans were aboard.

SOS Is Reported

Air France, owners of the Latecoere 631, had no confirmation of reports that an SOS had been picked up from the plane by Azores radio stations.

The gigantic flying boat—the largest type of commercial plane built in France—was en route from Fort De France, Martinique, to Port Etienne, Mauritania, French West Africa.

The United States Coast Guard base in Miami, Fla., said the plane presumably was down off the coast of Africa.

Two French warships, two seaplanes and a long distance aircraft joined in the search, the Coast Guard said. Other vessels speeding to the area included the Coast Guard cutter Campbell, due to arrive at 5 p. m. (EST) today.

40 Passengers Aboard

The company said the plane was built to withstand a forced landing at sea. It speculated that radio failure explained the lack of word from the crew. The plane was carrying 40 passengers and 12 crew members.

The plane was of the same type involved in a crash off the Normandy coast in February that killed 19 persons. It has a cruising range of 2,820 miles and a cruising speed of about 192 miles an hour.

If all aboard were lost, the crash would be among the worst in civil aviation history. An air crash at 1947 claimed 53 lives, as did two others in Colombia in 1938 and 1947.

COMFORTABLE — Mrs. Doris Furst, 24 a Houston widow, makes herself comfortable in the White Plains, New York, home of millionaire Joseph Bancroft, 40, where she moved with the aid of a locksmith and promises to stay there until Bancroft carries out what she said was his promise to wed her. She charges he's the father of her unborn child.

Danube River Pact Drafted

BELGRADE, Yugoslavia, Aug 2. (AP)—Russia circulated today a proposed Danube river pact which would give eastern Europe's Communist-dominated states virtually exclusive control over the 1,800-mile long trade artery.

Andrei Vishinsky, Russian deputy foreign minister, told the 11-nation conference he will present the document formally tomorrow.

Its passage is regarded as a certainty, probably without major change. The Communist states outvote the western powers seven to three in this meeting. Austria sits as an observer without a vote.

Russia and her neighbors demonstrated their unity on the Danubian question in the first three conference sessions. The conference adopted a rule for a simple majority to govern decisions. France withdrew a proposal that the decisions be made by a two-thirds vote after Vishinsky opposed it.

The Russian proposal specifically would prohibit the use of the Danube waters by naval vessels of all non-Danubian countries. The proposal said, however:

"Navigation on the Danube shall be free and open for nationals, vessels of commerce and goods of all states on a footing of equality in regard to port and navigation charges and conditions for merchant shipping."

The plan would give a commission broad powers of control over the central European river, from Ulm, in Germany, to the Black sea. The commission would be composed of "one representative from each Danube state." Thus it would be dominated utterly by the Communists. Presumably the way would be left open for German and Austrian membership if and when peace treaties are signed.

GOP Fails To Block Debate

WASHINGTON, Aug. 2. (AP) — Senator Vandenburg (R-Mich) ruled against an attempt by the Republican leadership today to shut off debate on the anti-poll tax bill.

The decision by Vandenberg, the Senate's presiding officer, was on a parliamentary question arising from the GOP leader's effort to halt a southern Senators' filibuster, blocking a vote on the measure.

Appeals To Senate

Senator Taft (R-Ohio) immediately appealed Vandenburg's ruling to the Senate itself, which could vote to reverse the decision.

But Taft's appeal was a debatable question and Senator Robertson (D-Va) quickly took the floor to continue the southern talk against efforts to bring the poll tax bill to a vote.

Vandenberg's ruling was against an effort by GOP leaders to shut off debate on the motion made last week by Senator Wherry (R-Neb) to take up the bill.

Wherry proposed that the Senate invoke cloture, a prosedure requiring a two-thirds vote of the Senate.

Senator Russell (D-Ga), leader of the southern forces, objected and raised a point of order as to

Diplomats Will See Stalin, Paper Says

(By The Associated Press)

LONDON, Aug. 2 — The London Star said today that western power diplomats will see Prime Minister Stalin tonight in Moscow to discuss the Berlin crisis and other international affairs.

The newspaper said American, French and British envoys there will try "to determine the objective of Russian foreign policy."

It added:

"They believe it is vital in the present state of international relations that there should be no misunderstanding about the foreign policy of the major powers. In this spirit Stalin will be clearly told the attitude of the western nations."

ARRIVE AT KREMLIN

MOSCOW, Aug. 2 (AP) — Diplomats of the U. S., Britain and France visited the Kremlin tonight, obviously for an interview with Prime Minister Stalin seeking a basis to solve East-West differences.

Walter Bedell Smith, U. S. ambassador, entered the Kremlin alone at 8:49 p. m. (12:49 p. m. CST), a minute after the special British envoy, Frank Roberts, had gone through the gates. French Ambassador Yves Chataigneau and a translator went into the seat of the Russian government within three minutes.

Is Expected Tonight

The British Press association said a meeting of Stalin with the western envoys is "expected" to take place tonight and "may lead to developments of the utmost importance."

The agency said that if the discussions are successful they could lead to a meeting of President Truman, Stalin, Prime Minister Atlee and French Premier Andre Marie.

The Star said the "sole purpose of the present Moscow discussions is to discover whether a basis exists for four-power negotiations on all outstanding European problems."

To Clarify Position

Foreign Secretary Ernest Bevin indicated in the House of Commons last week that this line will be taken in the negotiations.

"The object of diplomatic steps now being taken," he said, "is to clarify our position."

Bevin said the Western Allies want to "ascertain" if there could be hope for a settlement that "may lead to peace and security in Europe for us all."

American and British officials here were silent on developments in the Russian capital.

A spokesman at the United States embassy said "our people are not saying anything. All information must come from Washington."

Inquiries Turned Away

The British foreign office turned away all inquiries, saying: "We can't say anything. That is the agreed procedure."

But a well-informed diplomatic source said here last night that diplomats of the three western powers have asked for a meeting with Stalin in an effort to settle East-West differences in Germany and all Europe.

Bevin sent his private secretary, Frank Roberts, to Moscow as his special representative for the ap-

Dixiecrats Get Set For Jester Attack

(By The Associated Press)

Texas Dixiecrats Monday were planning a direct attack on Gov Beauford Jester because he opposes a statewide presidential referendum.

State's righter Lloyd Price of Fort Worth said Sunday the attack will be made at the Democratic state committee meeting in Austin Aug. 9. He said state Democratic Chairman Robert W. Calvert of Hillsboro and House Democratic Leader Sam Rayburn of Bonham will be criticized severely, along with Jester.

Price said he is drafting a brief. "We will say that Calvert, Jester and Rayburn are disloyal to the rights and interest of their own state," he said.

This was the latest development as states' righters and Democrats loyal to President Truman got ready for a finish fight over control of Texas' 23 electoral votes.

After Saturday's rowdy county Democratic conventions, the loyalists had 35 delegations to the state convention in Fort Worth Sept. 14 definitely lined up behind Truman. This was shown in a survey by the Associated Press of the state's most populous counties. The same count showed the Dixiecrats with nine counties, and 11 counties sending uninstructed delegations.

But the Dixiecrats won control of Harris county convention at Houston, the Dallas county convention at Dallas, the Tarrant county convention at Fort Worth, and the Harrison county convention at Marshall. Harris and Dallas counties rate first and second in voting strength at the state convention. Tarrant is strong.

At each of those four conven-

Youth Is Held For Burglary

James Richard Turner, 18, of Slaton, who was allowed suspension of five-year sentence recently for burglary, was arrested over the weekend, allegedly when in the act of trying to cut a hole in a safe of C. O. Bain Auto store in Slaton.

Turner was arrested in the store by Slaton police, and was brought to county jail by Lubbock deputies sheriff.

Complaint Is Filed

A burglary complaint sworn to by Chief Dep. Sheriff George Eubank was filed by E. G. Pharr, assistant district attorney, in the justice court of D. W. Robertson for investigation of an Aug. 9 grand jury in Judge Dan Blair's 72nd district court.

Turner was convicted April 9 of burglary of Hall Produce company in Lubbock. He waived a jury and pleaded guilty.

The weekend also produced investigations into burglaries, thefts, knifings, drunk driving and liquor law violations.

Watch, Money Taken

The Lamond Forrest residence at 2116-B Fourteenth was burglarized, and a 21-jewel wrist watch and $5 in money was taken, reportedly when residents slept.

From the 2113 Thirteenth residence of Mrs. J. D. Harris, burglars took a dress, a pair of levis two sports shirts, a pair of "pedal

Rain Settles Dust In El Paso Section

(By The Associated Press)

Texas weather today was marked by a dust storm in the El Paso area, but the dust was quickly laid low by rain.

The weather bureau said winds 30 to 40 miles an hour, with stronger gusts, raised the dust. Rain showers followed in mid-morning.

Elsewhere there was spotty relief from the heat, with Dallas enjoying the coolest weather since July 11. Marfa reported a cool 63 this morning for the lowest temperature of the day.

For the state in general, however, the heat continued, and was expected to hold at least through tomorrow with scattered thundershowers bringing some relief. High temperatures yesterday included Crystal City 104, Laredo 103, Bryan and Alice 102 Victoria 101 and Presidio 100.

Showers turned into real rains at Fredericksburg and Brady dumping 1.74 inches at the former city and 1.57 at Brady. All other precipitation reports were under .10 of an inch.

Young Girl Commits Suicide At Bonham

BONHAM, Aug. 2 (AP)—Justice of the Peace W. F. Keeton said today a 17-year-old Bailey, Tex., girl came to Bonham over the week end against her father's wishes—and then killed herself here.

The body of Virginia Lappin, daughter of V. E. Lappin of Bailey, was found shot to death this morning at the home of her brother-in-law and sister, Mr. and Mrs. Willie Stapp of Bonham.

"I hate to do this, but I decided to shoot myself," Keeton quoted a note as saying.

Sheriff Dick Wait said she pulled off the right shoe, and pulled the trigger of a .22 caliber rifle with her toe, shooting herself through the left breast. Keeting returned a verdict of suicide.

Garza Wildcat To Be Drilled

Honolulu Oil Corporation No. 1 Shelby County School Land fee, is to be a 5,400-foot wildcat, to explore into the lower Permian in Northwest Garza County, three miles southeast of the town of Southland.

It will be 440 feet from the east and 3,360 feet from the north lines of the Shelby County School Land survey, Abstract 397.

Drilling will be with rotary tools and will start by August 6. The nearest production is in the PHD field, about four miles to the south.

Woodley Petroleum Company has filed an application with the Railroad Commission of Texas, requesting a permit to start operations immediately at its No. 1 J. J. Alderson, et al, as a 6,300-foot prospector in East-Central Hockley County, to test into the Glorieta section of the middle Permian.

It is located 660 feet from north and west lines of section 10, block A, R. M. Thompson survey. That puts it three miles northeast of the town of Smyer.

The drillsite is a considerable distance west of the nearest producers in the Smyer field, and it is about three miles east of the recently completed Honolulu No. 1-A-13 Ellwood, discovery well for commercial prduction in the Spade field, three miles northwest of the town of Symer.

Shell No. 1 Hawkins, slated 12,000-foot prospector in South-Central Gaines County, 1,983 feet from north and 665 feet from east lines of section 8, block A-23, psl survey, is bottomed at 6,010 feet, in middle Permian lime, and is fishing for lost tools.

That activity has been underway for more than two weeks.

Legion Is At Odds Over Scout's Body

LOOKOUT MOUNTAIN, Colo., Aug. 2 (U.P) — Armed and helmeted guards patroled the steel-fenced grave of Buffalo Bill today to forestall any attempt to cash in on a $10,000 offer for the Indian scout's body.

The American Legion post at Cody, Wyo., offered $10,000 to anyone who could return the body of Col. William F. (Buffalo Bill) Cody from its tomb on Lookout Mountain near Denver.

The Leyden-Chiles-Wickersham post of the American Legion in Denver rallied to defend the pioneer American's grave. A quartermaster section of the post issued rifles, helmets, boots and other defense equipment. The Colorado contingent of the Legion right-shouldered rifles and marched post around the grave.

Cut In Freight Rates Sought

PITTSBURGH, Aug. 2 (AP)—A 40 per cent reduction in railroad freight rates on iron and steel products moving from the Pittsburgh area to New York City and Detroit is asked by two U. S. Steel Corp. subsidiaries.

Proposing the reduction are Carnegie-Illinois Steel Corp., and the American Bridge Co.

U. S. Steel President Benjamin F. Fairless said the suggestion was made in letter sent yesterday to the heads of eastern railroads.

Should Favor Cuts

"In anticipation of an increasing tendency by steel consumers to divert shipments which formerly moved by rail to other forms of transportation," Fairless said, "the railroads in their own interest should favor substantial reductions in their freight rates."

Under the old basing point pricing system, the steel companies absorbed the freight costs. Under the new mill price the customer must pay the freight bill.

Fairless said Pittsburgh will decline as an important steel center "if unfair freight rates prevent the Pittsburgh steel mills from reaching the consuming markets of the country in the post-war period."

The U. S. Steel head said freight rate reductions to the New York and Detroit areas would help distribution of steel products produced in Pittsburgh. This production accounts for two-fifths of over-all steel production in the United States.

"Unloaded" Pistol Blamed For Death

ARCHER CITY, Aug. 2 (U.P) — An "unloaded" gun was blamed today for the death of Raymond Gerald Coffelt, 5.

The accident occurred at the child's farm home near here when he was shot by his brother, 11-year-old Cleburne. The older brother said he decided to clean his father's .22-caliber target pistol.

Thinking it was unloaded, he said, he playfully pointed it at his younger brother and pulled the trigger. Nothing happened. The second time, however, the hammer clicked on a bullet and the charge struck the younger brother in the chest.

Gatherings Banned In Polio Campaign

ASHEVILLE, N. C., Aug. 2 (U.P) —Asheville residents kept to their homes today as officials banned all public gatherings in an effort to fight North Carolina's polio epidemic.

Streets, swimming pools, movies and even churches were silent yesterday, and this resort city's million-dollar mountain tourist business faded away.

The last report placed the number of polio cases in the state for the year at 1,095.

Employer Asks For Federal Indictment

Woman Tosses Letters Into Tax Fight With Government

(By The Associated Press)

WESTPORT, Conn., Aug. 2. — Vivien Kellems has tossed two more letters into her withholding tax fight with the government.

One went yesterday to President Truman and the other to Secretary of the Treasury Snyder. Both asked again that she be indicted for refusing to withhold income taxes from her workers' pay envelopes.

Miss Kellems, operator of a small cable grip manufacturing plant, stopped withholding taxes several months ago. She contended that the withholding tax law was unconstitutional and said she wanted to be indicted to bring about a Supreme court test of her views.

Miss Kellems, addressing Mr. Truman not only as president "but also as a candidate in the coming election," said that as a voter she wished to know how he felt about the withholding tax.

She asked:

"Do you favor withholding taxes from the pay envelopes of the workers of this country? Do you believe that employers should be forced to act as unpaid tax collectors for the federal government?"

She told the President, to whom

Frenchman Honored For Fuel Discovery

PHILADELPHIA, Aug. 2 (AP)—A French-born scientist was honored by the Franklin institute for developing a process without which "it would have been impossible to make aviation gasoline in the quantities needed by the air forces of the United States."

The institute announced the award of the Howard N. Potts medal yesterday to Eugene J. Houdry, now a resident of Ardmore, Pa., for developing the Houdry process of catalytic cracking of petroleum.

The medal was established in 1906 and is awarded for distinguished work in science or the arts. The presentation ceremony will be held October 20.

Houdry, son of a French steel manufacturer, originally became interested in motor fuels through his activity in auto racing. He developed his process after coming to the United States in 1930 and going to work for Socony-Vacuum Oil company.

The institute said that "during the early part of World War II, Houdry catalytic cracking units supplied 90 percent of all the aviation gasoline base stock made in this country."

Recruiting Campaign For Waves Scheduled

PHILADELPHIA, Aug. 2 (AP)—A new recruiting campaign for WAVES—lady sailors—will be launched by the U. S. Navy Sept. 15.

Announcement of the enlistment drive was made by Capt. Joy B. Hancock, national director of the Waves, at ceresponies Saturday commemorating the sixth anniversary of the Navy's women's service.

Capt. Hancock said enlistments will be open to high school graduates, age 20 or over. Recruits will be assigned to the Great Lakes training station.

The Waves were made part of the regular Navy in legislation signed by President Truman July 12.

Said Capt. Hancock: "Making the Waves a part of the regular Navy means that we are going to keep a nucleus of women in all fields of training so that in the event of war, they can train other women.

Few Guard Members Show Up For Duty

CAMP RITCHIE, Md., Aug. 2 (AP)—Only seven members of a 40-man national guard unit showed up here for two-week training period Saturday, and most of the others were to explain their absence at hearings today.

Military police of the Maryland national guard said yesterday that almost two-thirds of the outfit had been rounded up in the Oakland area, where the unit is based.

Brig. Gen. William C. Purnell, assistant commandant of the 29th division, said men to whom camp attendance would offer a hardship would be sent home and "probably discharged." Others would be required to go through with their camp duties here.

Commander Makes Statement

First Lieut. Stewart F. Hammill, jr., commander of the Oakland company, said he had received no orders requiring 100 percent attendance at Camp Ritchie, and had understood attendance was to be "strictly volunteer."

General Purnell said he had ordered Hammill to "either appear and face the proper consequences of his apparent dereliction of duty, or to resign.

"We are informed that Lieutenant Hammill has chosen to resign," he added.

Furs And Jewelry Taken From Home Of Hollywood Actress

HOLLYWOOD, Aug. 2 (AP)—It was a swell eighth wedding anniversary that actress Loretta Young and husband Tom Lewis celebrated, but it didn't have such a happy ending.

When Loretta and Lewis, a radio executive, returned to their spacious westwood home early yesterday, they found that an agile burglar had climbed up the trellis, entered a second story window and stolen most of Miss Young's furs and jewelry. Miss Young set a tentative value of $36,000 on the gems and fur pieces.

The actress and her husband had been at a party at pianist Artur Rubinstein's home.

The intruder, it appears, was a burglar of distinction. Miss Young reported he ignored all costume jewelry and took only pieces of genuine worth. Included in the loot was a necklace Miss Young wore at a command performance before the king and queen of England last year.

Between . . . The Lines

— By JOE KELLY —

We were talking to Joe Evans before the Abilene-Lubbock game Friday night, trying to get his version of the famous "walkout" by Manager John Bottarini and his Clovis Pioneers. The elderly umpire was frank in his statements, even volunteering information, and what he said merely confirmed the statements of Bill Chick regarding the incident. But he said two things we thought were significant.

• • •

First, he stated that he had called Frank Means safe in a voice loud enough for both Bottarini and Pitcher Mel Kramer to hear. In fact, he expressed surprise that they later challenged whether Means had been out or safe, for he was sure they must have heard him. Despite that, he should have signalled in such a way that the official scorer would know and he should have informed Bottarini.

• • •

Then second, Evans said that he had gotten in the way of Means to the extent that the latter hit him with his hip as he came down the basepath toward home. According to Evans, as soon as he realized he was that much in the way, he fell to his knees, carrying a white chalk mark on his trouser leg as proof. Only one thing bothers us. If an umpire is on his knees in the basepath behind a runner trying to score and the runner dives headfirst toward the plate, how is the umpire in a good position to see the play?

• • •

The same umpires worked here Friday night, their itinerary suddenly being changed when it called for a visit to Clovis! And Umpire Evans lives only about 16 miles from that New Mexico city. He frankly admitted that he expected a tomato, carrot, cabbage and other produce party if they had gone there. Instead he and Umpire Gatlin honored Lubbock with their presence and called about as bad a game here. Both of them continually were in trouble and they did one stunt that they pulled in Abilene. Gatlin called an obvious attempted bunt motion a ball, then changed it to a strike on Umpire Evans' command, after Floyd Walker beefed. Never a dull moment.

• • •

We were talking to Rusty Cowart, the old TCU quarterback and shortstop, who is a neighbor of ours. Rusty still follows football, baseball and other sports closely, in fact, he played a good deal of ball during his service days in the Navy. He was fortunate in having many outstanding men with him, among them Bobby Feller. Rusty spent several hours with Bobby when the Indians were here this Spring and comes up with a pretty good explanation of why the Cleveland star is having such a poor year. He claims that Feller is a little too eager for green stuff, that he worries too much about making money. It naturally affected his hurling and that is the main reason he gave up his extra-curricular duties.

* * *

Rusty, who turned down a baseball contract because he swears that he never would be able to hit really good pitching, likes to follow the Hubber games. He also likes the idea of Texas Tech getting into the Southwest Conference. He doesn't like the idea of going out of town to the SWC games and he'd like to see TCU play here. He can see no reason why Tech isn't in the conference now, pointing out that it is much larger than TCU was when he was going to college. He also thinks that the facilities are good and, when Tech gets in the loop, good players will start going to the College Avenue college.

• • •

Jake Broyles and Glenn Ivy are a pair of tennis players who continually are on the verge of being great, but never quite arrive. Their recent defeat in Wichita Falls is no discredit to them by any means, but it does seem that they stumble and fall just as they are about to win. Both players are good, no mistake there. The only trouble is that they don't seem to have that final something that makes the difference between a good player and an outstanding one. We all thought that they would walk off with the Border Conference net title. We thought they'd win at Wichita Falls. We have thought many times that they were due. One of these days they'll arrive and when they do, look out.

• • •

THE ROUNDUP: Winfred Battise of Texas' only Indian Reservation, has been named assistant football coach at Livingston High school . . . Oscar Smith, All-Border Conference halfback, will play pro football with the Green Bay Packers, joining Tech's Walt Schlinkman and Ralph Earhart . . . Fred Enke of Arizona will be with the Detroit Lions . . . There's a better smell to the air since the Blue Sox left town. We never saw so many beefers, gripers and soreheads on one team as the Abilene club owns . . . Cotton Russell is in the hospital with chronic appendicits, suffering quietly with it since Tuesday. He even pitched eight innings Saturday night . . . The pet crow "Rooster" Mills had with him in the coaching box Sunday belongs to Will, the Rosenthal Field caretaker. Will picked him up out there the other day and is training him.

LAMESA MOVES IN TONIGHT

Hubbers Beat Blue Sox Sunday 7-2

The Hubbers took their second straight series at home yesterday afternoon behind the combined five-hit hurling of Roy Larue and Royce Mills, beating the Abilene Blue Sox 7-2

It didn't take as long to beat the invaders as it had in the other two games, a Sunday afternoon crowd of 1,396 being treated to a Hubber lead that stood up from the third inning on and watching the home forces win in an hour and 55 minutes.

Dukes Lose Ground

First place Albuquerque saw its lead trimmed to three games by a second-division club. Borger, in sixth place, upset the Dukes 7-4. Second-place Amarillo, meanwhile, got a full game closer to the Dukes by edging Clovis, 6-5.

Pampa, the third-place club, defeated Lamesa 6-2.

The blow that beat Albuquerque was Leon Mitchell's double with the bases loaded in the seventh. Mitchell sent all three men home. Len Attyd homered for Albuquerque in the same frame with none on.

Clouts Two Homers

Amarillo's margin over Clovis was provided by two home run clouts by Dick Gentzkow. He slammed one over the fence with the bases empty in the second, and scored Bob Crues ahead of him with the other in the fourth.

Larue did a fine job of taming the Sox until the seventh, when he weakened under the hot sun. The visitors had the bases loaded and two runs in, when Fireman Mills came on to finish the job beautifully. He got the next two batters to retire the side, set the Sox down in order in the eighth and slipped out of a hole in the ninth by the effective process of striking out the side.

The game hadn't been going long before the Hubbers scored. Don Moore led off the second with a walk and Frank McAlexander lashed a hot drive at Third Baseman Rocky Stone that he was lucky to stop, Moore moving to second and McAlexander going to first. Charley Scarborough sacrificed the runners ahead and both of them scored on Chick Fowler's sharp single to left.

Win In The Third

The winning run came in the third, when Jackie Wilcox was hit to lead off the inning. Gene Hixson, who is becoming more valuable with each passing day, singled over first into right field on the hit and run, Wilsox moving to third. Manager Jackie Sullivan lofted to Stone, but Virgil Richardson drove a fly to right that let Wilcox cross the plate.

Sullivan walked with one down and scored on Moore's double to right centerfield, after Richardson had grounded out. McAlexander poked a single through the box that scored Moore and the Hubbers went ahead 5-0.

After Abilene scored twice in the seventh off Larue, the Hubbers came back to clinch the game in the eighth. Scarborough led off with a double, moved to third on Fowler's drive that struck Pitcher John Kelly in the leg, Kelly recovering to toss out Fowler at first. And Scarborough dented the rubber on Mills' Texas Leaguer to right. Wilcox drew a walk moving Mills to second and the pitcher scored on Hixson's single through the box. That ended Hubber scoring for the day, but it was enough for their second victory over the Sox.

Tonight either Red Ramsey or Fred Groth will go to the mound against the Lamesa Loboes, who move in for a three-night stand.

Legion Junior Nine Plays Clovis Today

Lubbock's American Legion junior baseball nine will battle the Clovis Legion team at 3 o'clock this afternoon at the Chapman field diamond, in the final warm-up tilt for the Hub city boys before the Area 1 tournament opens here Thursday.

The Lubbock nine defeated Clovis, 9-7, last Wednesday at Clovis, and the New Mexico crew will be seeking revenge in the return tussle.

Hurlers To See Action

H. J. McCabe, acting team manager, has announced that several Lubbock hurlers will probably see action during the encounter, with Jimmy Hamilton getting the starting assignment.

Other starters will be Jack Cook, catcher; Jesse Fullerton, first base; Charles Galey, second; Jack Whitehead, third; Bob Brown, shortstop; Dorrance Guy, left field; Jimmy Richards, center field; and Garnet Reeves, right field.

Hogan, Oliver Meet In Playoff Match

BUFFALO, N. Y., Aug. 2 (AP)—National open and PGA Champ Ben Hogan and Ed "Porky" Oliver from Seattle meet head-on today in an 18-hole medal match for the 1948 Western Open championship.

The playoff was made necessary when Oliver and Bantam Ben from Hershey, Pa., wound up the regulation 72 holes yesterday tied with 281's.

Athletics Take American Lead

By JOE REICHLER
Associated Press Sports Writer

An ordinary three-cent postage stamp can cover the first four teams in the closest four-club pennant race the American league has enjoyed in its 48 years of operation. Only eight percentage points separate the four.

The Philadelphia Athletics are back in first place, but are only eight points ahead of the fourth place Boston Red Sox. In between are the Cleveland Indians and New York Yankees.

Here is how one day's activity scrambled up the junior league's first four teams:

Connie Mack's A's, in second place after Saturday's games, jumped into first by defeating the Tigers 4-2 yesterday. The Indians advanced from third to second by sweeping a doubleheader from the Red Sox, 12-2 and 6-1. The double defeat dropped Joe McCarthy's Red Sox from first all the way down to fourth. The Yankees moved up from fourth to third by vanquishing the Chicago White Sox twice, 8-2 and 7-5.

Browns, Senators Split

The Browns and Washington Senators divided a doubleheader, St. Louis winning the opener, 8-5, and Washington the nightcap, 4-3. Tommy McBride's ninth inning single drove in the run that gave the Nats the second game triumph.

A four-run fifth inning against veteran Nelson Potter enabled the St. Louis Cardinals to defeat the Boston Braves, 9-6. The defeat cut the Braves' first place National league margin to five games over the New York Giants.

Rain washed out scheduled doubleheaders between Chicago and New York at the Polo grounds, Pittsburgh and Brooklyn at Ebbets field, and Cincinnati and Philadelphia at Shibe park.

Dempsey Said Better Fighter Than Louis

MOLINE, Ill., Aug. 2. (INS)—Tommy Gibbons believes he knows who would win if Jack Dempsey and Joe Louis could have fought each other at their respective peaks.

Gibbons, who dropped a 15-round decision to Dempsey at Shelby, Mont., states flatly "Dempsey could beat anyone he could hit." Adding:

"He would have hit Louis just as Conn, Schmeling, Walcott and Galento did."

Gibbons says Dempsey never gave an opponent a chance to do anything but defend himself.

"Dempsey," he says, "had no defense and never needed one when he was in his prime. He was all over you all the time."

Gibbons, now sheriff of Ramsey county, Minn., is a principal speaker at the Illinois sheriff's convention in Rockford.

Five States And Mexico Represented

First Session Of Coaching School Begins At Abilene

ABILENE, Aug. 2 (AP)—Coaches from five states and Mexico were here today for the first session of the fourteenth annual Texas Coaching school.

As registration entered its second day, there were already 794 coaches on the line with several more due to enroll.

Texas, New Mexico, Oklahoma, Arkansas and Louisiana have coaches here to study the T formation as coached by Bobby Dodd of Georgia Tech and the single wingback as used by Matty Bell of Southern Methodist.

They also will hear the latest in baseball strategy from Jack Gray of the University of Texas and Claire Bee of Long Island. Track and baseball come in for attention, too with Clyde Littlefield, University of Texas coach, discussing the cinder path sport and Bobby Cannon, Edinburg Junior college coach and former professional baseball player, lecturing on baseball.

Football Game Scheduled

The crowning feature of the school will be the annual all-star football game Friday night, when high school standouts of last fall clash in the North-South game. Dodd will coach the North and Bell the South. Ticket sales indicate a crowd of 12,000.

Thursday night, all-star high school basketball squads will play with Bee coaching the North and Gray the South.

There were indications that the perennial subject of abolishing spring football training would again be injected in the annual meeting of the Texas High School Coaches association, although not with the usual fire. Some coaches expressed the opinion that they could do no good by agitating the subject, anyway, since they do not have a vote in the Texas Interscholastic league program. The school administrators last year voted to abolish spring training.

Black Hubbers Lose To Detroit Team 7-6

The Black Hubbers of Lubbock dropped a game 7-6 to the Detroit Senators at Amarillo Sunday afternoon after holding a one-run lead at the beginning of the eighth inning. The Hubbers were leading 6 to 5 when two errors in the last of the eighth cost them two runs and the game.

Next on the schedule for the Hubbers will be a tangle with the Fort Worth Black Giants Sunday and Monday nights, August 8 and 9, at Rosenthal field.

Following is the box score of yesterday's game:

Hubbers ... 000 101 040—6 10 2
Senators ... 010 301 02x—7 12 3

Batteries for the Hubbers were Johns and Bracey, and for Detroit, Searcy, Warmley, Barnes, and Schaenz.

Levelland Defeats Seagraves 20 To 9

LEVELLAND, Aug. 2 (Special) Levelland's Refiners "ran wild" in two innings Sunday afternoon, to take the long end of a 20-to-9 count against the Seagraves Oilers in an Oil Belt league game here.

The Refiners scored 10 runs in the second inning, and in the fourth, aided by a home run by Myrle Brashear, center fielder, stormed back for eight more.

FIELD CONTESTS DISAPPOINTING

Yanks Are Leading In Olympic Events

OLYMPIC STADIUM, Wembley, England, Aug. 2 (AP)—Everyone admits now that the freshly made 1948 Olympic games track is fast—but the Americans are asking today what's the matter in the field events.

Six regular Olympic track championships now have been decided. In the three running races, two Olympic records have been bettered and one tied. In the three field events Olympic records are untouched.

"The runways loosen up," said Bob Richards, crack American pole vaulter.

Pits At Queer Angle

"The pits are at a queer angle," said Dwight Eddelman, lanky Illinois high jumper considered a potential winner, who wound up tied for third.

"In the U. S. we build our takeoffs solioer," said assistant track coach Emmett Brunson of Rice Institute.

The problem is a burning one to the American team, for it is in the field events that the Americans hope to make their best showing.

Although Sunday was a day of rest for most athletes because of British religious tradition, it was necessary to run off two water polo games because of protests Sunday was the only time available. Hungary defeated Egypt, 5-2, and Italy and Yugoslavia tied, 4-4.

U. S. Has Won Three

Of the six events run off, aside from the 50 kilometer walk, the United States has now won three and the disappointments have all come in the field events.

T. Winter of Australia won the high jump at 6 feet, 6 inches, considered well within the range of the Americans. I. Nemeth of Hungary won the hammer at 183 feet, 11½ inches, a distance that Sam Felton of Harvard has bettered, but Felton wound up fourth. Willie Steele of the U. S. won the broad jump at 25 feet, 8 inches, well below his capabilities.

The Olympic high jump record is 6 feet, 7 5/16 inches; the hammer record is 185 feet, 4 inches: and the broad jump record is 26 feet 5 5/16 inches.

New Marks Are Set

In the track events it is another story. Harrison Dillard won the 100 meter dash for the U. S. in :10.3, tying the Olympic record. Roy Cochran won the 400 meter hurdles for the U. S. in :51.1, a new Olympic record subject to ratification, and Emil Zatopek of Czechoslovakia won the 10,000 meter in 29:59.5, also a new Olympic mark.

In the unofficial team standings on a 10, 5, 4, 3, 2, 1 basis, at the start of the third full scale day of competition the score in men's track and field was:

United States 61, Sweden 23, Australia 15, Great Britain 12, France 10, Czechoslovakia 10, Norway 10, Hungary 10, Ceylon 5, Switzerland 5, Yugoslavia 5, Panama 4, Finland 2, Belgium 1, Canada 1, and Italy 1.

That Girl on Broadway says it is particularly advisable to look before you leap if you contemplate jumping to a conclusion.

* * *

We can't help feeling sorry for the Congressmen, what with Mr. Truman and August both putting the heat on 'em!

* * *

AT McAllen, in the Lower Rio Grande Valley, directors of the chamber of commerce have asked the city commission to set up a board of censorship to pass on so-called "comic books" which are so popular with young boys of this age.

The request was prompted by a feeling that since some comic books allegedly give young boys the "wrong idea" about things, such books sold in McAllen should be passed upon by an official board of oldsters before being placed on sale.

In its report of the action of the McAllen Chamber of Commerce, the Associated Press pointed out that the motion was "made by a father." The implication is, of course, that the father feared that his own son might be contaminated by comic books, hence wanted censorship before permitting his son to peruse any such material.

* * *

The idea is, to be sure, rather oldfashioned, but it will seem to some people that the responsibility for choosing a child's reading material rests upon the shoulders of the individual parents, rather than upon any board, however official in nature and composition.

The idea of a censorship board for comic books in McAllen points up one of the greatest weaknesses in our present-day culture: the idea of "let somebody else do it" which so many parents embrace in connection with the rearing of their young.

* * *

THIS "I haven't got time, let the city do it" idea on the part of so many parents is the underlying cause of much, if not most, of the difficulties growing out of the rearing of the younger generation.

Mom and Pop think, that maybe Junior and Mary may be reading books or doing things they shouldn't do. But instead of looking into and correcting the matter themselves, they peer around for some organization, or committee, to do it for them.

With all respect to the father who moved that the McAllen Chamber of Commerce and city commission do something to protect his son from offending comic books, it occurs to us that he might better look after his parental job, himself.

He might have to miss a few chamber of commerce committee meetings if he did, but the results might be worth it.

* * *

Any sort of a board of censorship may be good and may protect society, or its components, from bad comic books, bad magazines, bad movies, bad radio programs, bad newspaper editing.

But it also is true that a board of censorship made up of intolerant, unintelligent, prejudiced, or unimaginative people can ruin a considerable amount of innocent pleasure for other people.

Most all fathers and mothers know that among the best and sincerest citizens of their community are people whose ideas on raising children differ from their own and whose theories they prefer not to have applied to their own youngsters.

In the case of censorship, these fathers and mothers have a choice. Either they can do their own censoring, or permit their children to be influenced by others, instead of themselves.

* * *

THERE is no substitute—in McAllen, or anywhere else—for parental guidance in the home.

Even if a movie, comic book, radio or other censorship board is composed of individuals above reproach, no set of parents safely may subject their children's guidance to that board IF the parents, themselves, desire to "bend the twig" in the way they think it best may be bent to "incline the tree."

Every time the mothers and fathers of any community shift their parental responsibilities further onto official shoulders, they give up that much more of their right to guide their youngsters into the kind of adulthood the parents prefer.

We in the U. S. throw up our hands in holy horror over the old Nazi and present Russian actions in placing children under the direction of the state. But when we permit an official board to chart our youngster's reading, or listening, or their entertainment, we move a step into that very same direction.

* * *

Already in this country we have set laws governing publication of all matter—including comic books. We have laws of public decency, covering what may, or may not, be placed upon the scene, or broadcast over the air.

From these points on, it seems to us, the choice of reading and entertainment for children should be made by the parents of each child. We think it best can be made by the parents.

Any other method not only interferes with human rights under our form of government, but it also threatens to turn out a race of mental robots whose regimented thoughts are carefully imprisoned in corrals built up by little groups marked "official."

* * *

That Man on Avenue Q says this will be remembered as the era in which a nation had to threaten to fight in order to maintain peace.

Overheard at a bridge party: "Of course, I had to tell her she looked like a million—and I meant every year of it!"

* * *

RECENTLY, the police have been doing some good work grabbing speeders—especially on the Nineteenth and Thirty-fourth street race tracks.

Some good stiff enforcement of the speeding laws will help Lubbock a lot—not only on the wide thoroughfares, but also in various parts of the city.

Posies also are due the police for their good work in traffic control after the ball games at Hubber park. The officers work out on College almost every night and on the nights they aren't stationed there you can tell the difference. College avenue is jammed; cars heading southward on College take up both sides of the highway, causing danger and traffic snarling.

* * *

Sudden Thought: About the only time a modern husband puts his foot down is when the traffic light changes!

"A FUNNY thing happened Sunday morning," a Lubbock man was telling a friend. "I heard a tap at the back door and since my wife was still sleeping, I got up to answer it. I couldn't find my robe, so I slipped hers on.

"Just as I opened the door, the milkman kissed me. I got to thinking about it, and I'll bet his wife wears the same kind of robe!"

* * *

If you start the day feeling like a million dollars and end it feeling like a rag doll, brother you're in middle age!

BY DREW PEARSON: DEWEY TOLD REPUBLICANS TO BRAVE WASHINGTON HOT WEATHER

Russians Lack Raw Material For Atomic Bomb

WASHINGTON — Most encouraging sign on the atomic-energy horizon is what the Russians are now doing in Saxony.

Low-grade uranium deposits are found in this southern German state, and the Russians have been working feverishly to mine them. They have been using a great deal of labor, and going to great lengths to scrape up this uranium, which is so low grade that in Canada it would be ignored.

PEARSON

The fact that the Russians are taking all this trouble over such poor quality uranium in Germany obviously means only one thing: they don't have any worth-while uranium of their own in Russia.

Tennessee's Young Cordell Hull

Tennessee's easy-talking, hard-fighting congressman, Estes Kefauver, wore a coonskin cap in stumping the state against Boss Ed Crump's political machine.

"My coonskin may have three rings around its tail," he told Tennesseans, "but it doesn't have a ring through its nose."

Kefauver, who looks and acts like Cordell Hull in his younger days, is staking his forthright records in Congress against Boss Crump's machine in a three-cornered showdown fight over Tom Stewart's senate seat.

Both Crump and Stewart, obviously worried, have gone to the extreme length of trying to turn racial prejudice against Kefauver by calling him a foreigner. Crump has been buying full--page newspaper ads, smearing Kefauver as a foreigner and therefore un-American. At the same time J. J. Walker of McMinnville, Tenn., prominent lumberman, has been acting as Stewart's mouthpiece in spreading the same charge.

Note: Actually, Kefauver was born in Monroe county, Tenn., near Madisonville.

* * *

GAWGING their own long-windedness, Republican senators scheduled the Senate to start one hour late the other day. They wanted to decide what they should do about Harry Truman's challenge of a special session. They were right in their estimate — their verbal free-for-all lasted all morning.

Only the sound of muffled voices leaked through the ponderous doors, but here is a play-by-play account of what happened inside the GOP meeting.

Speaking for the high command, Senator Bob Taft made it clear that the decision to keep Congress in special session long enough to pass on "emergency measures" had been dictated by their new Republican leader, Tom Dewey. Taft said he had been in constant touch with Dewey both by telephone and through his Washington-based campaign manager, Herb Brownell.

Taft quoted Dewey as saying it would be a "grave mistake" to adjourn immediately. Then Taft added his own opinion that Congress should remain in session about two more weeks.

This brought sharp disagreement from Wyoming's Ed Robertson, Indiana's Bill Jenner and Nevada's George Malone. Robertson called for immediate adjournment, suggested they reconvene after November. (He faces the fight of his life from Wyoming's Governor Hunt.) Taft replied that the idea of a special Republican session of Congress, called by the Republicans, already had strong support from the GOP leadership.

Malone had nothing to say about a post-election session, but he begged to go home now. Once an amateur pugilist, he gave the senators the benefit of his experience in the ring.

"Truman is in the position now of a fighter who is knocked flat on his back in the tenth round," warned the Navadan. "He has got nothing to lose if he comes up swinging wildly. But it is a mistake for us to stick our chins out."

* * *

"Don't Make Us Rubber Stamps"

Massachusetts' Henry Cabot Lodge criticized Taft's policy committee for releasing a statement to the press before consulting with the rest of the Senators. Firecracker-tongued Charles Tobey of New Hampshire agreed. He said it made the caucus look like a rubber stamp.

Usually brusque Gene Millikin of Colorado tried to smooth over the discord, suggested that the release was given as the view of the committee—not of the full caucus. Acting majority leader Ken Wherry chimed in with the explanation that several newsmen had been on their necks and it was imposible to dodge them.

Lodge came back with the suggestion that the special session be restricted to action on inflation, housing, civil rights, the international wheat agreement and the UN loan. Taft reminded him that it was up to the committees to decide what Congress should consider.

New York's Irving Ives urged that all the President's recommendations be processed through the committees before the Republicans made a decision on what should be done. Judicious Forrest Donnell of Missouri agreed that in view of the President's constitutional powers, the only "fair and constitutional" thing to do was to turn his recommendations over to the committees.

President of the Senate Arthur Vandenberg limited his say to a couple minutes, but stressed the importance of going through the committee procedure.

* * *

BELLIGERENT Harry Cain of Washington state urged bringing up the sales—tax bill for Washington, D. C., predicted it would start Senator Olin Johnston of South Carolina on another filibuster.

Both Taft and Wherry opposed this. But Taft was anxious to bring up the antipoll-tax bill, in order to start a filibuster and expose the division inside the Democratic party. Taft also suggested this would demonstrate the need for a rule to break filibusters.

Bill Knowland of California then proposed passing a rule against filibusters at once; but Taft pointed out that such a motion, itself, would be filibustered.

"When 20 determined men decided to filibuster," he declared, "you can't break it in less than five or six weeks."

Note: A cheerful note was introduced by Iowa's Bourke Hickenlooper who told of the break in the oats market. One reason prices were falling, he claimed, was Iowa's bounteous oats crop.

"Are they tame oats?" piped up someone in the rear.

"In South America members of a jungle tribe often gnaw crude rubber to allay the pangs of hunger," reports an explorer. In North America the soda fountain sandwich serves this purpose.

Louis Mayer Goes All Out To Return Favorite Dance Band

MORALS, Manhattan and Mosquitoes—There was the matter of two vice-squad dicks, each of whom owned a couple of flat buildings, squabbling in the station-house over some shakedowns above and beyond the call of duty. Said Jim, with finality: "You've never heard my honesty questioned!" Replied Andy: "I've never even heard it mentioned!" . . . Comes now William Forrer, a book-reviewer for the esteemed Detroit Free Press, to question what a reporter holds most precious—his veracity. Perhaps he never heard of mine, or Lee Mortimer's, though he classifies us as "two of Manhattan's better known newspapermen." This in a favorable assay of our new book, "New York, Confidential." Then, in his concluding paragraph he writes:

"It sounds pretty accurate on most counts to this reviewer, though he was put on his guard very early. The third line of Page 1 says Manhattan never has a mosquito. None are based there, but nuisance raiders come over from New Jersey airstrips almost nightly. Messrs. Lait and Mortimer doubtless have seen them, but erroneously identified them as transient B-29s. It's an easy mistake to make."

* * *

Out of 316 pp., in which we slash around and draw blood on controversial topics of morals, manners, felonies, follies, politics, pecadillos, society, sociology and sex, he challenges us before we take our first deep breath, and on the issue of mosquitoes in Manhattan. It may be incredible to a Detroiter, but Manhattan is and long has been free of these dipteral pests, the culcidae, which used to swoop down in the trillions when I was a lad, but which have been eradicated since the Jersey swamp-lands where they bred have been immobilized.

* * *

WE have our share of pests. But not on the wing. In Chicago screendoors and windows are required by the sanitary ordinances. In Manhattan they are virtually unknown. My dear Mr. Forrer—I haven't seen a mosquito on this island in years. When I was a kid, I was welts from curls to tootsies. That was before B-29s were a common sight. In those days we never mistook mosquitoes for aerial bombers. We thought they were flying sword-fish. It was reported that they carried off babies and they were suspected when some sheep were missed from the Central Park meadow. It was well known that the Jersey skeeters could scuttle a scow. A full-grown one could drill through a safe.

Louis B. Mayer, highest-paid wage-slave in the nation, executive head of Metro-Goldwyn-Mayer, is a dancing devotee. It keeps him young and svelte. He's fussy about the music, a connoisseur of rhythm and tempo. His favorite dance-band is Harry Rosenthal's, which has played the better places in Hollywood and along Sunset Strip these many seasons. Rosenthal was offered an out-of-town engagement and L. B. felt he had to do something about that. So he offered to "guarantee" his pet band, put up the difference between the pay of Rosenthal's outfit at the Mocambo and at the other stand, so he will have a handy place to hoof to the music he prefers. His proposition, as yet, has not been accepted.

WHILE Tammany stews and Mayor O'Dwyer sizzles over the Democratic nomination for the vacancy in Surrogate's (Orphans') Court, due to the coming retirement of Judge Delehanty, the other holdover Manhattan Surrogate, William T. Collins, is sitting five days every week during this sweltering weather. Nominated and elected by all parties, he is neutral and politically inactive. Judge Delehanty does not feel up to holding court during the heat. Judge Collins feels he must. And so he does . . . This year it is a greater hardship than heretofore. Surrogate Collins has a modest cottage in Cape Cod, Mass. He used to fly up Friday night and fly back Monday mornings. The plane route has been discontinued. So now he goes by overnight train, arriving Saturday mornings. Leaving Sunday afternoons. There is no obligation to work during the Summer — except the moral one, that sincere sense of service unfortunately found too seldom in public servants.

* * *

We have been deluged all day by inquiries as to the identity of the "social gutterfly" we described, the young debutante with the atrocious drinking manners . . . Somehow, nobody seemed interested in the models we mentioned, who stick to milk and have to leave early so they can go to Summer school classes. Alsa, that is the heartbreak for a puritan who deplores the ways of a bad girl —everybody wants her telephone number!

"You Don't Want That Stuff---It's All Politics"

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

ALL of the companionship of many a marriage come from the efforts made by the wife to share her husband's interests and hobbies. But a better kind of companionship results when both try to be companionable. How good a companion are you to your wife?

MILLETT

Do you at least once a week suggest doing something you know she enjoys, like going out to dinner?

If she has an absorbing hobby, like growing flowers, do you make an effort to learn one flower from another and to help her willingly when she asks your help on a hard job?

When you are in town together will you window-shop with her instead of hurrying her along?

HOW ABOUT RELATIVES?

DO you put yourself out to be nice to her friends and relatives when they are visiting in your home?

If your wife works do you take an interest in her office news, and in her accomplishments and progress?

Do you show some interest in her ideas—instead of acting superior toward any idea she has?

Do you share the job of homemaking with her, at least to the extent of noticing what she does and praising her for her efforts?

Are you willing to try something new if she suggests it?

If you can say "Yes" to most of these questions, you're doing your part to make your marriage one in which the companionship isn't all one-sided.

"In dental offices, red-headed women create more disturbance than any other type," asserts a dentist. Another place where red-headed women create more disturbance than any other type is outside of dental offices.

Today's Journal Editorial

IT COULD BE WORSE

Few will deny that a widespread and sustained buyers' strike probably would force prices down. But the possibility of any such extreme measure is something to contemplate with dread. Price reductions forced by a strike would gain less than nothing if the result was a depression.

Bad as the present situation is, everyone would prefer high prices most can pay to lower prices most could not. And it is indisputable that far more people are managing to pay present prices than was possible during the depression, when millions had to humiliate themselves by piecing out bare-existence budgets with the charity of blue and orange food stamps.

This does not undertake to defend profiteering prices. They should be reduced. The fact they have not been reduced is a shameful blot upon the record of a Democratic President and a Republican Congress.

But a depression caused by a buyers' strike, or anything else, would be far worse

Strategy Of GOP In Special Rump Session Becomes Clear

WASHINGTON — The strategy of Republican leaders in the special session of Congress called by President Truman is now fairly clear. They are confident that the end result will be to show the Democratic party hopelessly divided and bankrupt in the face of the Republican challenge.

Certainly, they will work both in public and behind the scenes toward that objective. They feel that they will have invaluable assistance from their chief ally—the rebellious Southern Democrats. In fact, without the southerners the GOP might be in for an embarrassing time.

CHILDS

Civil-rights legislation is expected to precipitate a southern filibuster. This can be choked off by a two-third vote of the Senate. But, according to present intentions, that will not be done until the Senate and the country are sick to death of the flood of southern oratory.

This may mean three or four weeks. In any event, at least the first week or 10 days will be lost in the preliminaries of organization. When patience has been worn down, the Republican majority, with the aid of some northern Democrats, will vote cloture and pass one of the less radical civil-rights measures.

* * *

GOP To Make Declaration

This would take the session into September. Republican leaders would then declare that Democratic obstructionists had made it plain that any hope for constructive legislation from the "rump session" was futile and, therefore, nothing remained but to adjourn.

Many Southern Democrats are as bitterly opposed to price control and public housing as are the right-wingers in the Republican party. They can be counted on to sound off as noisily and as wildly as any Taber on the Republican side of the aisle.

President Truman can, of course, disavow responsibility for those southerners who have seceded from the party. (The rebelling southerners insist that the north is in secession and that they represent the true party.) The public, however, does not make such fine distinctions. In the public mind, the Rankins of the south are still Democrats.

There would be nothing to prevent President Truman from calling Congress back into session again if they adjourned without acting on the measures he is requesting. But this the President will not do. He will let them go home with another blast at the "worst Congress" in history.

* * *

WHAT effect all this will have on the campaign is anyone's guess. The Republicans are not too worried. Their confidence of victory in the fall is too great to be shaken by the warfare that has already begun under the capitol dome.

The role of the Republican candidate, Gov. Thomas E. Dewey, has been defined by his campaign manager, Herbert Brownell. In the brief statement issued when he took over campaign headquarters in Washington, Brownell spoke of the "rump session" called for political purposes.

Under Brownell's guidance, Dewey wil hold himself strictly aloof from the contest between the Democratic President and the Republican Congress. It will be his attitude that the struggle is merely a carry-over from the past and of no significance for the future.

Timing is, in a sense, on Dewey's side. In the summer doldrums most people do not take a very lively interest in politics. They are concerned with vacations and getting away from the ordinary routine.

While the President and the Congress quarrel, Brownell will go ahead with Dewey's campaign plans. In the present tentative stage the Dewey campaign calls for at least three trips out into the country, including one grand tour to California and return, which will probably come first on the schedule.

* * *

Missouri Being Stressed

Dewey himself puts great stress on carrying Missouri, the President's home state. If he has his way, and he usually does, he will crisscross the state making two or three important speeches there, including one on bossism in the citadel of the once-powerful Pendergast machine.

Beneath his friendly, unassuming appearance, Brownell is an astute politician. A long-time associate of the New York governor, he managed the 1944 campaign and learned a

"Try And Stop Me"

TO HEAR Jack Haley tell it, Fred Allen might be warbling romantic melodies before a mike in the dreamiest Sinatra fashion instead of being one of radio's greatest comedians, if fate had not played him a cruel jest. When Allen first was breaking into the show business in Boston, he had a chance to try out as tenor in a new road-company musical.

He hung around the rehearsal hall an entire day without being called. Suddenly the director pointed at him and hollered, "Hey, you, let's hear your pipes."

Unfortunately, Allen had a huge wad of chewing tobacco in his mouth — and could find no place on stage to get rid of it. His voice came through rather muted. The next day he went back to his old act of comedy juggling.

SOME SKILLED CONSTRUCTION WORKERS ARE GETTING THEIR PLANS FOR THE FUTURE INTO HIGH GEAR

HERE'S THE STORY
The high cost of living is putting a crimp into most everybody's hopes for the future. You can't save for that new house (or new anything) when it takes every penny to just get by. This is why many skilled construction workers are turning to overseas work to build a big enough stake to get out of the kind. Some figure to turn an 18-month hitch into a nice four-figure bank account.

NOT MANY OPENINGS
Middle-East, Inc. wants a limited number of responsible men for oil refinery and power house construction in Saudi Arabia near the Persian Gulf. This company will pay top wages, monthly bonus, monthly vacation allowance and living expenses to those who can qualify.

BASIC QUALIFICATIONS
You must know your trade from the ground up. You must also be 30 to 50 years of age, have proof of U. S. citizenship and be able to pass a physical exam.

Certain Trades Needed Most
PIPE WELDERS
PIPE FITTERS
CRANE OPERATORS
ELECTRICIANS
BOILERMAKERS
BRICKMASONS
CEMENT FINISHERS
PLUMBERS
IRON WORKERS
CARPENTERS
Welders must be certified by pipe test. All others must have plenty of industrial construction experience.

NO BED OF ROSES
This is not a travel for romance deal. It's an opportunity for farsighted men. Good food and a fine clubhouse hardly make up for terrific heat and isolation. Think this over before inquiring.

Get The Story First Hand
... from Mr. A. L. Anderson of Middle-East, Inc. He will be in Lubbock Texas, August 5th through August 10th at the State Employment Service Office.

Women In Dallas Begin Drive Against High Cost Of Living

DALLAS, Aug. 2 (AP)—A determined group of women sat at their telephones today, thumbed through pages of names and fired the opening shot in the housewife's battle against the high cost of living—meat in particular.

It was the beginning of a campaign with a slogan "Please refrain from buying meat for one week."

It also was the brainchild of a 71-year-old gray-haired grandmother who said she was "sick and tired of being obbed" every time she went to a meat counter.

Mrs. R. D. Vaughn, elected as "general" of the women's so-called army by acclamation after she made a statement attacking meat prices in a newspaper interview, organized the campaign last week from women who called in to promise support of her campaign. Two men also were members of the battling brigade.

Campaign Gets Underway

The campaign got down to business today with between 100 and 200 women calling over the city—each with a page of names to contact. Each housewife was asked to refrain from buying meat for one week in an effort to force down the price of meat.

The motherly leader of the "petticoat brigade" said she was not blaming anyone for the high prices. In particular, she absolved the neighborhood butcher from blame.

"He has to pay the price to get the meat," she said.

Meanwhile, Otis Bryant, president of the Dallas Retail Grocers association, said that "we certainly do admit that meat prices are too high, particularly beef and veal. Pork, however, is holding its own and has been for the past year."

"Profits in a vast majority of Dallas meat markets are being held to a minimum and in many instances a net profit on meat sales is almost non-existent," he said.

FRIENDS ASTONISHED AT CHANGE IN HIM SAYS RETONGA USER

He Suffered So Much From Acid Indigestion Distress He Ate Only to Keep Going, States Well-Known Watchmaker. Now Eats Anything, Looks and Feels Stronger.

MR. A. J. WILKINSON

"My friends are all telling me how much better I look, and I am glad to tell them that Retonga deserves the credit," Declares Mr. A. J. Wilkinson, well-known resident of 2829 Johnston St., Los Angeles, Cal., and for many years a widely-known watchmaker and jeweler. He gratefully states:

"For several years I was so badly distressed by acid indigestion and loss of appetite that I ate only to keep going. Gas in my stomach and belching up particles of undigested food kept me feeling miserable. I was a victim of constipation, my face was thin and pallid, and I seemed never to sleep soundly. I felt so tired and worn out that I never felt like going anywhere.

"Retonga promptly relieved all this distress after everything else I tried had failed. I have a good appetite, and my food digests so well I have regained several pounds. I sleep soundly, the constipation is relieved, and I have a healthy appearance once more. My friends, who were used to seeing me just mope around, are astonished at the change in me. Retonga is the best medicine I ever used."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to give you gratifying relief, your money will be refunded. You can get Retonga at all good drug stores, including Walgreen Drug Store. Adv.

Teacher Held After Threat To Jump From Top Of Oil Derrick

OKLAHOMA CITY, Aug. 2 (U.P.)—A pretty 27-year-old school teacher was held for observation today after she climbed to the top of an 84-foot oil derrick, threatened to jump and was rescued by firemen and a human-fly deputy sheriff.

While scores of neck-craning spectators watched anxiously, Mrs. Virginia Ramona Alexander clambered and perched on the derrick on Oklahoma City's east side for more than an hour and a half yesterday, screaming "Dee-Dee" at the top of her voice.

Police said she was calling for Dee Panos, 26, her former roommate who moved out of their residence 10 days ago.

Woman Makes Call

Miss Panos and her new roommate, Miss Martha Gammon, 34, said the school teacher called at their house early yesterday and tried to convince Miss Panos to return and live with her.

It was Miss Gammon who called officers and reported Mrs. Alexander was atop the derrick, near the University of Oklahoma Medical school.

Two scout car officers who answered the call couldn't see anybody on the derrick, but Deputy Sheriff G. W. Glazner spotted a slacksclad figure crouching in a small enclosure at the top.

Teacher Just Collapsed

"She just collapsed when I grabbed her," Glazner said. "And she kept calling for Dee-Dee while I held her."

Then came a dozen city firemen. Their long truck ladders would reach only half way up the derrick, so they scurried to the top the same way Mrs. Alexander and Glazner had. Five of them wrapped the woman in canvas, fashioned a sling and lowered her straight down the center of the derrick.

She was taken to the detention ward of the county jail.

Miss Panos and Miss Gammon watched the rescue, but would not talk about it. Glazner, however, had one comment when he got his breath back:

"A man can only do those things under pressure," he said. "Normally I wouldn't climb one of those derricks for $500."

Rumblings Of Minnesota Campus Revolt Heard Over Compulsory Drill Question

MINNEAPOLIS, Aug. 2. (U.P.)—An old battle cry is being re-echoed by the University of Minnesota student newspaper, the Minnesota Daily.

"Down with compulsory drill!"

The Daily led an anti-ROTC fight during the pacifist movement of the 1930s and issued a triumphant "extra" edition on graduation day, 1934, when the board of regents abolished compulsory military training.

Since that time the university has had a reserve officers training unit, but participation in any part of the four-year course is elective.

But a recent suggestion by the university president, Dr. J. L. Morrill, that compulsory training be renewed has brought rumblings of the old battles.

Arguments Rejected

Morrill told the regents he believed lack of a program denied students the right to obtain commissions and failed to permit the school to do its duty to the country in case of war.

The student leaders of the anti-drill fight in 1934 are gone from the campus now, of course, but the new editors were quick to take up the old standard.

The arguments "don't stand up too well," the Daily said. "There is a voluntary program for anyone eligible to get into it. No one is being denied anything on that score."

The Daily added that official Army reports showed that the three-month officer candidate school produced officers "far superior" to those of college and university ROTC programs.

Victory In 1934

The 1934 decision to abolish the compulsory program was a big victory for the newspaper. Earlier, when feeling ran high on the campus, it had been forbidden to say anything about drill sessions.

One of the students, now a Minneapolis attorney, had close to a straight "A" average in studies, but balked at attending drill. A military tribunal suspended him for failure to attend, but the student, years later a voluntary enlistee in the Army Air Force and now a reserve captain, was reinstated by President Lotus D. Coffman.

The Daily fought President Coffman in 1934 as it is opposing Morrill now. One peace demonstration was held on the auditorium steps after Coffman denied the use of the auditorium to the demonstrators. Nearly 4,000 students cheered as Gov. Floyd B. Olsen denounced compulsory drill.

The present dispute has not reached serious stages, but the Daily has said that any further steps toward reinstituting drill may bring a new eruption of the bitter fight.

Congress

(Continued From Page One)

whether Wherry's cloture move to shut off debate on a motion was correct under parliamentary procedure.

Vandenburg upheld Russel's contention. He made clear in his ruling that he favored the anti-poll tax bill but that he was "bound to recognize the mandate of Senate rules," in a upholding Russell's objection.

Wherry then filed his cloture motion. Southerners have contended this debate-limitation proposal cannot be used against a motion to take up legislation, but they did not immediately object to its filing.

Program Is Studied

While the Senate wrestled with the poll tax bill, the House and Senate banking committee continued their studies of the administration's program for curbing rising prices.

Rep. Spence (D-Ky) called before the House group for a confressional investigation of price increases by big corporations, especially U. S. Steel. Chairman Wolcott (R-Mich) said U. S. Steel representatives might be called to testify—"perhaps later this week."

Thomas B. McCabe, Federal Reserve Board chairman, urged the House to adopt Mr. Truman's proposals to curb installment buying and bank credits.

Paul Porter, heading the administration drive for anti-inflation legislation, told the Senate committee that Congress has been wasting "much precious time" in considering the President's program. He said prompt action is needed.

The thickness of red hot steel can now be measured while it is being processed without touching it mechanically through the use of X-rays.

In Chickasha, Okla., to attend Tuesday's scheduled funeral services for his father, who died in that city late Sunday night, is Ted Alkire, sr., of 413 Ave. O. Also attending are two grandsons, Ted Alkire, jr., and Dave Alkire, both of Lubbock. Other survivors include a son, George Alkire, of Lindsay, Okla.; and a daughter, Mrs. Ernest Hindes of Duncan, Okla.

J. T. Carter, executive assistant at the First Methodist church, and Mrs. Carter and their children, Sarah Virginia and Jim, have left for Lake Junaluska, N. C., where Carter will attend sessions of a Methodist encampment. They plan to return Aug. 17. Mrs. Carter and children had been visiting in Denton with her mother, and they were joined there by Carter prior to leaving for the encampment.

The executive board of the South Plains Scout council will meet at 7 o'clock tonight at the residence of Dr. F. B. Malone, 2435 Twenty-first. Board members from 20 counties are expected to attend.

Members of the Lubbock Junior Chamber of Commerce board of directors wil meet at 8 o'clock tonight in the city hall, Horace Gearhart, Jaycee president, announced today.

Members of the board of education of the Lubbock Independent School district will meet at 7:30 o'clock Tuesday night at the school business and tax office, 1007 Texas Ave.

County commissioners court today was conducting a special business session. It discussed reappraisal of rural values for tax purposes at the morning session, but had come to no agreement whether to let a contract. The session was being continued this afternoon. Commissioners are R. O. Short, Ben Mansker, Ottis Isom, and Pat Corley. County Judge Walter Davies presided. Louie F. Moore, county clerk, took notes of the proceeding.

Monthly dinner and business meeting of the board of governors of Lubbock Optimist club will be conducted at 6:30 o'clock tonight at Lubbock hotel. Business will include making of plans to send 10 members of the Junior Optimist club to a district encampment at Eagle Mountain lake at Fort Worth Aug. 19.

Tax Fight

she had written once before, that she would "appreciate it if you would ask Secretary Snyder to submit this law to the jurisdiction of the courts."

With her letter to Snyder, Miss Kellems sent a formal notice that she had not withheld the taxes for the second quarter.

She did the same thing at the close of the first quarter. The government then slapped a $1,685 lien on her to cover first quarter taxes, penalties and interest.

In her latest letter to Snyder, Miss Kellems said that while she had not withheld the taxes, the workers themselves had paid them directly to the collector of internal revenue for Connecticut.

She wrote:

"The taxes are paid but I have not collected them. Will you indict me, Mr. Secretary, or will you again seize my property without a court order for taxes that are paid?"

Miss Kellems told Snyder that she awaited his "next action with interest."

"If Roberts finds there is a prospect that fruitrul negotiations can be conducted, not only on Germany but on wider issues, he has authority to make all possible arrangements for another meeting of the council of foreign ministers. This probably would take place within six weeks."

Western power spokesmen repeatedly have emphasized, however, that the Russians first must lift their blockade of Berlin before there can be a general four-power approach to European problems.

Stock Market

GAINS ARE TRIMMED

NEW YORK, Aug. 2 (AP) — Morning attempts to get ahead faded away in later trading today in the stock market and final prices showed a close mixture of small gains and losses.

In early dealings leading issues managed to get ahead fractions to around a point. Then buying support dwindled and gains were either trimmed or cancelled.

Turnover for the full session ran to around 700,000 shares.

Concern over what Congress might turn out in the field of inflation controls restrained many traders. What appeared to be improved prospects for ironing out the East-West argument over Berlin, on the other hand were rated as an encouraging factor.

Plymouth Oil ran up around 4 points at one time although later backed down from its peak.

A trifle higher were General Motors, Sears Roebuck, Avco Mfg., Dow Chemical, Owens Illinois, and J. C. Penney.

Losers included Goodrich Tire, International Harvester, American Smelting, Johns-Manville, Farnsworth Television, Santa Fe, Standard Oil (NJ), Mission Corp., and Gulf Oil.

Cotton Market

NEW YORK REPORT

NEW YORK, Aug. 2 (AP) — Cotton futures moved lower today under pressure of commission house liquidation and hedging. Failure of the mid-July cotton parity to show an advance over the June figures brought out selling, along with the continued favorable prospects for the crop and expectations of a high government cotton forecast on Aug. 9.

With futures selling about a cent a pound above the loan on the 1948 crop, traders felt a good deal of cotton will move into government hands this season unless market prices firm.

Futures closed 75 cents to $1.60 a bale lower than the previous close.

Grain Market

CHICAGO REPORT

CHICAGO, Aug. 2 (AP) — Grains slid into new low ground in the first few minutes of trading today and spent the rest of the session without doing much of anything.

Selling was heavy at the start. With the exception of September and December wheat, all contracts of major grains reached new seasonal lows.

The market steadied after the early selling. Increased flour business helped to hold the drop in wheat. Fewer offerings of corn by the country brought a halt in the corn decline.

Wheat closed 1½-2½ lower, September $2.22½-2.22, corn was ½-¾ lower, September $1.64½-½, oats were ⅝ to 1 cent lower, September 71⅝-¾.

FORT WORTH REPORT

FORT WORTH, Aug. 2 (AP) — Wheat No. 1 hard 2.26-30.

Oats No. 2 white 87¾-88¾.

Corn No. 2 yellow 2.16½-19½.

Sorghums No. 2 yellow milo per 100 lbs. 2.32-37.

tions, however, the loyalists walked out and named their own delegations to the state meeting, which has the power to reinstruct or replace presidential electors.

Republicans At Work

The Dixiecrats want a referendum in the runoff primary Aug. 28 to let the people decide whether they want their elctors pledged to Truman or to states' rights candidate J. Strom Thurmond of South Carolina.

If their appeal to the state committee doesn't result in a referendum, they plan to take the fight to the state convention at Fort Worh.

Meanwhile, Texas Republicans, figuring their national candidates are sure to win, got ready to try to take over some Texas offices in the November general election.

Mate Held In Death Of Wife

OREGON, Ill., Aug. 2 (AP) — A farmer was held without charge today for police questioning in the death of his 36-year-old wife whose body was found yesterday behind a shed near their home.

The woman, Mrs. Alvina Aschenbrenner, mother of two children, had been shot between the eyes. A .22 caliber pistol was on her chest and a note indicating suicide was in a cigarette case in her pocket, but authorities expressed belief she was slain.

Willard Burright, chief deputy sheriff, said the bullet hole was too large to have been made by a .22 caliber bullet.

Husband Finds Body

The body was found by the woman's husband, Lester, who was quoted by State's Attorney S. Donald Crowell as saying she had been missing since Thursday night but that her absence was not reported to police.

Crowell said one shot had been fired from the pistol and that blood was found about 14 feet from the body. He added that Mrs. Aschenbrenner had called on him last Tuesday, told him of family difficulties and asked his advice on legal remedy.

Fifth Column

(Continued From Page One)

munists were receiving funds from abroad, he testified.

The former Communist editor named William Weiner as head of the finance committee. He said Lemuel Harris, whom he described as "an off-spring of Wall street," and the late Charles Crumbine were members of the powerful party finance committee.

He said that Golos, Clarence Derba and sometimes Alexander Biddleman were members of the control commission.

He said this commission had complete information on Communist party members—including who they associated and talked with, who they borrowed money from and what their relations were with their families. That is they used to "blackmail" any members who gave signs of wanting to quit, he explained.

"The Communist party has a slogan," he said. "It is 'you can never resign voluntarily from the party, you must always be expelled.'"

Budenz said the Communist set-up is divided into three groups. He listed these as:

1. The underground, or roots of the tree, which he said maintains direct contact with Moscow. He named Gerhart Eisler as an example of a person in this classification. Eisler has been described by a House committee as the No. 1 Communist in America.

Open Party Officials

2. The trunk, which he said includes open party officials, such as William Z. Foster, Communist president.

3. The branches, including "people who profess to be non-Communists but are Communists."

About 70 percent of the Communist party's business in this country is done through secret apartment house meetings where open party members meet with professed non-Communists, he testified.

Budenz, who left the party in 1945, told the committee that the party's status as fifth column for Russia in this country is proved by three factors:

Never Found Defect

1. "The Communist party has never found any defect in Russion policy" and its leaders "must do what the Kremlin orders at any specific moment."

2. The party for years received direct subsidies from Moscow in the form of free news. Budenz said this practice was halted by former Attorney General Francis Biddle.

3. From 80 to 90 percent of the party's leaders have been trained in Moscow.

Budenz, now teaching economics at Fordham university in New York, appeared before a Senate subcommittee headed by Senator Ferguson (R-Mich) which is investigating subversive influences in government.

It has heard from Elizabeth T Bentley, confessed former Communist spy, that dozens of party members and sympathizers gave her secret government information, including military data.

The subcommittee will also hear further testimony from William W. Remington, Department of Commerce official on leave. He was one of those Miss Bentley told the committee had given her government secrets. This Remington denied.

Budenz, a native of Indianapolis, testified that he was a member of the Communist party for 10 years from 1935 until 1945. He said he was a member of the party's national committee for nine years, three of them secretly and six openly.

Recreation Official Addresses Jaycees

Members of the Lubbock Junior Chamber of Commerce meeting for luncheon today at the Hilton hotel heard a brief talk by A. C. (Stump) Hamilton, city recreation department head, on the value of a planned city recreation program, and witnessed a colored film, "Playtown, U. S. A.," depicting the development and results of planned recreation.

The club passed a unanimous resolution of appreciation to Capt. Vincel Larsen, Salvation Army head who is being tansferred to Concord, N. C., and heard announcement that all Jaycees and their wives are invited to attend the free annual barbecue scheduled for 7 p. m. Friday at the Lubbock Boys' club, sponsored by the American Business club as a climax to the fourth birthday celebration of the Boys' club.

Turner Kimmell was introduced as a new member. Tom Estes of Wichita Falls was a guest. Horace Gearhart presided. Invocation was by Asher Thompson.

Former Army WAC Gives Birth To Third Set Of Twins In Period Of 27 Months

AKRON, O., Aug. 2. (U.P.)—Mrs. Margaret Summers, 29, a former army WAC, gave birth to her third set of twins in 27 months early today in Peoples hospital here.

Mrs. Summers, who married her GI sweetheart, Charles, 31, on New Guinea in the South Pacific three and one-half years ago, said she was "flabbergasted" by her third set of twins. "But I'm also quite happy about it."

The twins are boys, as are her second set. The first pair of twins are girls and they were born in May, 1946.

Summers, a worker for the Columbia Chemical Co., in nearby Barberton, O., was also "flabbergasted." He said it "won't be easy" to take care of the three sets. The Summers have no other children.

The Summers live in Doylestown, O., near Akron. They are currently building a house under a GI loan.

A nurse at the hospital termed the multiple births "very unusual," although Dr. W. W. Greulich, anatomy professor at Western Reserve university in Cleveland, said twinning occurs once in 85 times.

Mrs. Summers was reported in fine condition.

pushers," total estimated value $50.

Ninety dollars and a woman's wrist watch were reported taken by burglars from the J. B. Crisler residence at 2112 Fourteenth. Entrance was at a back door.

Stoves Are Missing

Ira Duke, of 2621 Twenty-eighth said four large "school trye" stoves were missing from a Carlisle house.

Police reports said Rufus White and Jessie Tolliver had a fight and that one of them had been cut. There were no further details, except that one had been treated and that the fight happened at Lubbock route 2.

A Mexican, Reyes Bustillos, police said, had been stabbed in the left shoulder, east of Lubbock at a Mexican dance. They said the victim, not otherwise identified, did not know his assailant.

Gum Machine Stolen

A ball gum machine was reported stolen from Kennedy-Edwards Insurance and Loans, at 1113 Ave. G.

Acting assistant County Attorney A. W. Salyars said County Judge Walter Davies had fined Jack Fred Billingsley, 27, of Lubbock $50 and costs for drunk driving; Cleburne Masters, 26, of Lubbock $100 and costs for liquor law violation. Lee Verne Jones, a negro, pleaded innocent of liquor law violation, and bond of $800, returnable for trial Aug. 10, was set by Judge Davies.

Fine Is Assessed

A fine of $100 and county court costs later was assessed against Lee Edwin Guillot, 21, of Slaton, who had been charged with drunk driving, court officials said.

A woman's $400 diamond-studded platinum wrist watch was lost in a store here, Gene Quest of 2614 Twenty-sixth informed police.

Andy W. Hatton reported that a government check for approximately $200 had been stolen from a mailbox at 407 Sixteenth.

Mrs. H. E. Mather of Lubbock route 5 informed the sheriff's department that a gasoline hand pump had been stolen from the Birdwell farm two and a half miles southwest of Wolforth.

Real Estate Crooks Will Be Prosecuted

WASHINGTON, Aug. 2. (U.P.)—A score of U. S. attorneys from as many large cities will meet here Thursday and Friday to plan "all-out prosecution" of persons accused of cheating home-buying veterans.

The conference was called by Attorney General Tom C. Clark who said "the veterans' housing program is a matter of grave concern to the Department of Justice." He said prosecution of their complaints has been given "top priority."

SERVICES ARE SET

MEADOW, Aug. 2 (Special) — Funeral services will be held here at 2:30 o'clock Friday afternoon in Meadow High school for Pvt. Hollis L. West of this city, whose body is scheduled to arrive by train in Lubbock Thursday morning. The body will be taken to the West home at Meadow immediately following arrival. Interment will be in Meadow cemetery. Further information was not available from Rix Funeral home of Lubbock, in charge of arrangements.

Rainey Funeral To Be Held In Lamesa

Mrs. Hester E. Rainey, 81, died early Sunday morning at the residence of a daughter, Mrs. C. A. Phillips of 2813 N. Second, where she had been making her home for about a year. Prior to coming here she had resided at Lamesa for about 20 years.

The body was taken to Lamesa Sunday afternoon, where services will likely be held sometime today at the chapel of Higginbotham Funeral home, Rix Funeral home reported.

Other survivors include two daughters, Mrs. Mary Royalty of Grand Prairie and Mrs. Angie Hall of Byers, one son, David E. Rainey of Fort Bliss, 29 grandchildren, 31 great grandchildren and 2 great great grandchildren.

Skeletons taken from Mt. Carmel, Biblically famous Palestine peak, have been identified as those of prehistoric men who lived 50,000 years ago.

Hog Prices At All-Time High

CHICAGO, Aug. 2 (U.P.) — Hog prices soared to new all-time highs at two livestock markets today and wholesale meat prices advanced at New York for the first time in 10 days.

A load of top quality hogs sold for $32 a hundred pounds at Cleveland, setting a new mark for that market, at Chicago, a load sold for $31.10 a hundred pounds, topping the previous Chicago record of $31 set only last Friday.

Touch Or Pass Levels

Hog prices generally climbed 25 cents a hundredweight at the major midwestern markets, touching or passing levels set last September. Last September, Chicago registered a high of $30.50 and Omaha hit a record level of $32 a hundredweight.

The $32 paid at Cleveland equalled the high set at Omaha, Neb., last year. The Agriculture department at Washington believed the price is a world record high.

Choice wholesale beef was up one cent a pound and pork loins sold as much as two cents a pounds higher at New York today. The asking price was higher for all classes of meat.

Department of Agriculture officials said a "buyers' strike," which had caused a downward trend in wholesale prices had not ended, however.

Prices were forced up today, they said, because some customers were willing to pay any price for choice meat and because of higher livestock prices.

"There is a two-way squeeze on now," they said, "with livestock prices climbing and wholesale prices tending to go down. Something has to give way but nobody seems to know what."

Mother And Stolen Daughter Reunited

HOUSTON, Aug. 2. (U.P.) — A mother whose daughter was stolen from her 17 years ago not only had the daughter back today but also a granddaughter.

Mrs. Oleda Sellars boarded her daughter Gertrude with an elderly couple in Kennett, Kentucky, while she went to look for work. When the mother returned, the couple and her four-year-old daughter had disappeared, leaving no forwarding address. The mother previously had turned a deaf ear to the couple's entreaties to adopt the little blonde girl.

After the mother married Sellars and came to Houston in 1946, the husband began a sleuthing job that resulted in today's reunion. He found from Kennett schools that Gertrude had returned to Kennett and later married.

Today Mrs. Sellars hugged her 21-year-old daughter, now Mrs. John Clubb of St. Louis, and her two-year-old granddaughter, Vicki Joyce, and said of the couple who stole her child:

"I'm too happy to have Gertrude back to be angry."

Patrolman Admits Hiding Murder Gun

YONKERS, N. Y., Aug. 2. (U.P.)—A 24-hour search for the gun Dr. Francis E. Kent, 52, allegedly used to kill his wife ended today when one of the officers investigating the murder admitted hiding the the weapon, police reported.

Deputy Safety Commissioner William J. Comey said that Patrolman Anthony J. Milano, who had a spotless, 18-year record on the force, confessed hiding the gun under a bridge near Kent's fashionable home, scene of the slaying.

Officers Become Suspicious

Comey said fellow officers became suspicious of Milano when the veteran asked to be taken off the case and because his written report of the murder was "sketchy."

Kent, who police said admitted killing his wife because she "nagged him beyond endurance," was Milano's family physician for 15 years.

The patrolman, arrested and charged with being an accessory after the fact, was held in $2,500 bail for arraignment later today.

Ration Levels And Industry In Germany Pushed To New Highs

BERLIN, Aug. 2. (U.P.)—Gen. Lucius D. Clay reported today that currency reform in western Germany, inaugurated June 20, has boosted ration levels and industry to new postwar highs.

Clay's July report to Washington, the most optimistic he has yet made, indicated that the introduction of a stabilized currency brought out huge food stores from farm hoards.

The new supplies of food, he indicated, had an electrifying effect on industry. Production and labor efficiency improved and absenteeism declined during the month.

Deliveries of meat, always the shortest item in western Germany, trebled in the first week after currency reform, Clay's report said.

The normal consumers daily ration in the combined Anglo-American zones rose to 1,990 calories in July compared to an average of 1,450 over the past year.

The August ration has been set at 1,755 calories daily, just short of the 1,800 calory target set by the British and Americans for this fall.

Clay said the potato ration was raised to the unprecedented level of 20,000 grams, or about 44 pounds, for the month.

Crop outlooks are good despite 25 straight days of rain in late June and early July, Clay said. With a short spell of dry weather, the harvest will be heavy in wheat and rye.

Coal production rose to 79 per cent of the 1938 base period. Other postwar highs were made in iron and steel, vehicles, building materials and pulp and paper products.

Blockade Protested

Socialist leaders repofted meanwhile that only 17,000 of the 2,400,000 residents of western Berlin have registered to obtain food rations in the Soviet sector.

Socialist party members concluded two days of meetings by adopting a resolution refusing "to cooperate in any way with the communist party or approve any Communist proposals" so long as the Berlin blockade continues.

Five thousand Berlin women also met Sunday to defy the Russians and express support of the Western powers. The meeting paid tribute to "Western pilots wh oare supporting Berlin's fight for freedom and democracy."

The meeting was arranged as a memorial to the five American fliers who have been killed in flying the airlift to Berlin. Speakers addressed the meeting before the biers of two killed a week ago when their plane crashed in Berlin. They were 1st Lt. Charles H. King, Britton, S. D., and 1st Lt. Dobery W. Stuber, Arlington, Calif.

Others honored were killed in a crash near Wiesbaden on July 8. They were Lt. George Smith, Tuscaloosa, Ala.; Lt. Leland W. Williams, Abilene, Tex., and a military government officer, Karl V. Hagen, New York City.

"U. S. Must Dominate Air," Retiring Air Force Head Tells Pennsylvania Audience

READING, Pa., Aug. 2 (AP)—The United States must "dominate the air as it formerly dominated the sea," says General Carl A. Spaatz, retiring chief of the U. S. Army Air force.

"An ocean of air has replaced the oceans of water as out first lines of defense," General Spaatz said yesterday as he was honored by fellow resident of Berks county (Pa.).

"It is consequently of the highest importance," he added, "that the United States dominate the air as it formerly dominated the sea. Our air force must be the largest in the world."

Planes Take Part

Flights of jet planes, Thunderbolt and Mustang fighters, and Superfortresses took part in the ceremony honoring Spaatz at the Reading airport.

Speaking of his fellow townspeople, Spaatz — a native of Boyertown, Pa.,—said:

"It is a great pleasure to return to the old scenes. It is a good thing to look upon the faces of so many stubborn Pennsylvania Dutchmen. These are the faces of men and women who won't be intimidated by anything or anybody in the world."

One Person Injured In Auto Collision

Walter Eugene Brownfield, 20, of Lubbock Route 1, was taken to West Texas hospital and treated for minor injuries received Sunday night about 8:30, when the car he was driving collided with one driven by Bud Olan Foreman, 33, of Idalou about three miles east of Lubbock.

Brownfield suffered contusions and bruises of the left elbow and arm, but after emergency treatment he was released.

The State Highway patrol reported that the accident occurred in the middle of Highway No. 62, with both cars engaged in a sideswipe accident. Foreman's car received a smashed left front wheel and rumpled fender, while the other car turned on its side, slid several feet, righted itself and received considerable damage on the left side.

Brownfield, an employe of the First National Bank, was approaching Lubbock. Foreman, an Idalou farmer, was driving toward Idalou. The highway patrol is continuing its investigation.

Sergeant At Perrin Field Shot To Death

SHERMAN, Aug. 2 (U.P.)—T/Sgt John J. Korszewicz of Alton, Ill., was slain last night at Perrin field, near Sherman, and post authorities announced they were holding a 19-year-old private from Florida under arrest at the field hospital.

Provost Marshal Capt. George N. Labounty said Korszewicz was struck by a wild shot fired in darkness about 10:45 p. m.

Pvt. Richard R. Martin of Bartow, Fla., was held for observation at the field hospital.

Labounty said a guard sergeant, armed with a submachine gun, arrested Martin and disarmed him of two pistols.

Beside the shot which struck the Illinois sergeant, Labounty said, several other wild shots were fired. Korszkwicz died before an ambulance could take him to the base hospital.

"A FADED PHOTO OF YOURSELF"

Borderline Anemia can steal your color and freshness*

How do you look to your friends? Have you kept the fresh, glowing complexion of youth? Or are you a pale, tired, "faded photograph" of the person you used to be?

Often, when people look older than their years, weak blood cells are to blame. They may suspect a Borderline Anemia, due to a ferro-nutritional blood deficiency. Medical studies reveal that up to 68% of women—many men and children—have this tiring blood condition.

Weariness and pallor have many causes—always consult your doctor regularly. But if you have this Borderline Anemia remember: Ironized Yeast Tablets can help you reclaim your vitality and healthy good looks. They are specially formulated to help build up faded blood cells. To feel better—look better—act more alert—try IRONIZED YEAST TABLETS!

*Due to a ferro-nutritional blood deficiency, a condition for which Ironized Yeast is specially formulated.
