Harwell Again Heads County ASCS Committee

W. C. Harwell was re-elected chairman of the county ASCS committee in the annual election Friday, Sept. 20. This followed the selection of community committeemen a week earlier.

All new committee members will take office Oct. 1, according to Mrs. Dick Richards, acting office manager.

Harwell represents the Wellington community.

Garland Hightower of Dodson was named vice chairman of the county committee and Carl Wischkaemper of Quail the member.

W. A. Bentley of Dozier is first alternate and A. A. Spear of Rolla second alternate.

Results of the community committee elections were announced also.

Community A, North Wellington, elected Mac Willis as chairman; Oral Bishop vice chairman; Elmer Haralson, member; C. A. Amerson first alternate and H. L. Peters second alternate.

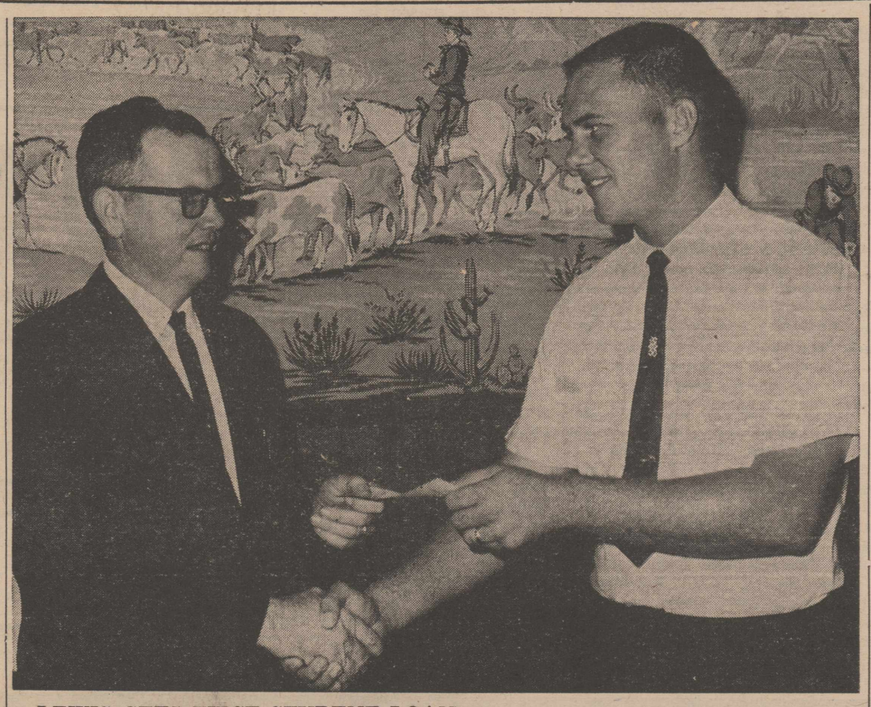

Communit B, Dodson, first named Hightower chairman, but when he moved onto the county committee, Carthel Lewis moved up to the post of community chairman. Other officers are Louis Patterson, vice chairman; Kenneth Hudson, member, and Joe Tarver first alternate.

Community C, South Wellington, chose J. B. Trew chairman; A. A. Spear, vice chairman; and Albert Fulcher, member. Dennis Lacy is first alternate and Melvin Kiker second alternate.

Community D, Quail, saw Wischkaemper, the elected chairman, then go on to a county post. The present community committee includes John Carson, chairman; P. P. Fielding, vice chairman; Lonnie Neeley, member, and J. L. Souder, first alternate.

Community E, Dozier-Samnorwood, elected W. A. Bentley chairman, J. M. Morgan Jr., vice chairman, and Fred Johnson, member. E. E. Dar-

Deserving students from the Wellington area are now able to obtain long term, low-interest loans to meet their college expenses under this plan.

"Best Team on the Schedule"

Rockets Play Tulia Hornets There Fri.

The Skyrockets travel to Tulia Friday, Sept. 27, to meet the Hornets—probably the best football team on their 1963 schedule.

"They have great speed, good size, and they do it all well," Coach Don Beck said in assessing Wellington's opponent.

"The Hornets are extremely good on wide running plays, and they run one of the best traps up the middle of any team I know," Beck continued. "They throw the ball even better than they did last year, which was excellent. Their defense is a rugged defense, which is very difficult to run through, from end to end."

The Hornets have a good pass defense also.

In Phillip Tucker, Tulia has a boy who was selected in a pre-season poll to be one of the top seven linemen in the state in all classifications, from 4-A down through B.

The Hornets also have an outstanding quarterback, Frank Hooper, also considered one of the top in the state. He is a jack-of-all-trades, Beck points out. He does their passing, is definitely one of the best runners they have and probably one of the hardest runners. He also throws the ball well and does all of Tulia's kicking. He is considered the leader of the Hornet ball club.

The Hornets have speed in halfback Howell, who runs 100 yards in 10.2, and two other backs are supposed to clock around 10.5.

But there's a good possibility the Rockets can beat all this.

"We hope our kids are in better shape, have better spirit and more desire than Tulia. If we can make very few mistakes and get a break or two in our favor, we'll beat them," the coach declared. "But if the ball bounces the wrong way

Funeral for Sidney Elmore to Be Thursday

Sidney E. Elmore, widely known farmer of the Wellington area, died at 12:15 a.m., Wednesday, Sept. 25 in St. Joseph's Hospital, where he was a patient three weeks. He had been in failing health several months.

Funeral services will be conducted at First Baptist Church Thursday at 2:30, with Dr. Glenn Hickey and the Rev. Davis Edens officiating. Burial will be in North Wellington Cemetery under the direction of Kelso Funeral Home.

Mr. Elmore was born June 12, 1893, in Denton county, the son of the late E. S. and Laura King Elmore. He came here in 1915 from Hill county.

A veteran of World War I, he was a member of the American Legion and a charter member of the Veterans of Foreign Wars post.

He was married Dec. 13, 1924 to Velda Ketchum here.

Surviving Mr. Elmore are his wife; his step-mother, Mrs. E. S. Elmore of Santa Rosa, Calif.; four sisters and four brothers: Mrs. A. B. Lumpkin of Carizozo, N.M.; Mrs. Effie Worley of Honto; Mrs. L. W. Kilcrease of Madera, Calif.; Mrs. Floyd Adair, Floyd Elmore and Ed Elmore of Hunt-

Marsh Resigns As Chief of Police Here

Troy Marsh, police chief for four years, has resigned from that post and will work for P. E. Starr in handling his farms and livestock, he announced this week.

Marsh's resignation will be effective Oct. 1.

"I sincerely appreciate the cooperation the people of Wellington and the city officials have given me," Marsh said. "I am leaving the post only because I have an opportunity I feel I cannot turn down."

In addition to his work as police chief, Marsh has served as fire marshal and city sanitarian.

He is widely known through-

Booster Club Sets Drive for Members

The Skyrocket Booster Club has slated a membership drive for Saturday, Sept. 28, when business men and many other local residents will be contacted, Jim Martin, president, announced.

Making the drive will be Martin, Tiny Taylor, H. L. Duncan, Barney Glenn, Jack Ford, Glen McLain, Herman Childress, Dub Marchant and Doug Bergvall.

In the recent re-organization meeting for the current school year, Martin was re-elected president and Taylor secretary.

The Boosters Club operates through the year, working with all Wellington high school sports.

This year, Martin said, the club has bought two-way radios for use by the coaches during football games, and has bought the rockets that are used at the home football games.

Henry Home from Hospital

Kenny Henry, who received a broken right leg when he fell during junior high football practice Sept. 4, returned from an Amarillo hospital about 10 days ago and is getting along fine, his mother, Mrs. George Henry, said.

The boy's right leg was broken just below the hip and a steel plate and pin were inserted. He is in a wheel chair and learning to use his crutches, and his doctor believes he will be on them from four to six months, Mrs. Henry said.

It is not yet known when Kenny will return to school.

Approval Given Study on McClellan Creek

The Texas Water Commission on Friday, Sept. 20, granted approval of the presentation filed by the Collingsworth County Water Control and Improvement District on Sept. 4.

This action by the commission gives the Collingsworth water district the right to make engineering studies for water development on McClellan Creek in southeast Gray county, Paul Spillman, water district attorney, pointed out.

The development of waters centrations in the Panhandle.

of McClellan Creek is one of the key points of the Collingsworth water development program. Waters from a reservoir near the mouth of that stream will be moved by two diversion canals and a diversion dam on Salt Fork to a proposed reservoir on Buck Creek, nine miles west of Wellington.

The engineering work to be done at McClellan Creek includes core drilling, surveying, topographical studies, water quantity studies and water quality analysis.

These studies comes as part of the engineering to be financed by a $350,000 loan for which application has been made with the Housing and Home Finance Agency. Also included in that loan would be the remainder of the engineering work necessary on Salt Fork and Buck Creek, along with the diversion canals.

The McClellan Creek work will be done by A. H. Wolverton, engineer for the Collingsworth water district. He has assured members of the water district board that he can begin work immediately after Housing and Home Finance grants approval of the application.

Further importance is given the McClellan Creek project because of the excellent quality of its water. Analysis made by Wolverton shows a sulfate con- This is one of the lowest content of 70 parts per million.

Reunion Plans Ready

Twenty-Two Nominated as Homecoming Queen

Twenty-one nominees for Queen of the Wellington Ex-Students Homecoming were announced this week by Donald Curry, president, and ballots for the voting went out late last week.

Plans are nearing completion for the reunion, to be held Friday and Saturday, Oct. 4 and 5, Curry said.

The queen will be crowned at 8 p.m. at the school cafetorium Friday evening following the pancake supper.

Registration and visiting will be at the community building, beginning at 10 a.m. Saturday. The football game with the Shamrock Irish will start at 2:30 and the turkey dinner is slated at the cafetorium at 5:30 p.m.

The homecoming dance ending reunion festivities starts at 9 p.m. at the community building, Curry said.

Nominees for Homecoming Queen are:

Jennie Dysart Holcomb.
1912—Hester Couch Stall
1922—Hattie Mae McDowell Sims.
1928—Mildred Scruggs Starr
1929—Dorothy Hunt Pope.
1949—Jimmie Light Strickland.
1951—Jerry Reeves Dempsey

Open Memphis Cotton Classing Office Sept. 30

Monday, Sept. 30 marks the opening of the fifth season for the Memphis cotton classing office, U.S. Department of Agriculture.

Operated by USDA's Agricultural Marketing Service, the office classes cotton for farmers in 11 West Texas counties—Briscoe, Carson, Gray, Childress, Collingsworth, Cottle, Donley, Hall, King, Motley and Wheeler.

Kermit E. Voelkel, who has been with the AMS cotton division for 32 years, will be in charge of the Memphis office for the third season.

"Last year we classed 203,115 bales of cotton under the Smith-Doxey program," Voelkel said.

Moseley Home from Hospital

Herman Moseley, superintendent of Quail schools, returned home from an Amarillo hospital Wednesday, Sept. 18, where he underwent surgery a week earlier.

A second operation which was planned was not necessary, his son, Billy Moseley, said.

He added that his father is getting along fine, although he can have only a limited amount of company at present.

Ted Trew

Collingsworth Native Gets New A&M Post

Ted Trew

E. M. (Ted) Trew, Collingsworth county native and 20-year veteran of A&M University's research-extension team, was named assistant dean of agriculture effective Sept. 1. The announcement was made by Dr. R. E. Patterson, dean of agriculture and director of the Texas Agriculture Experiment Station.

Trew is known throughout the state for the development of outstanding programs dealing with pastures, hay production and home lawns, and is the author of many publications in these fields. "Mr. Trew's outstanding record of accomplishments in agricultural education and his keen insight to agricultural problems fit him admirably for this position," Dr. Patterson said.

The new administrative officer was first employed by the Texas Agricultural Extension Service in 1943 as assistant county agent in Lamar county. Successively, he served as the county agent in Morris, Cass and Lamar counties.

In 1948, Trew was granted study leave for graduate work at A&M under a Sears Roebuck Foundation scholarship. Upon completion of the master degree, he received a joint appointment with the Extension Service and the Texas Agricultural Experiment Station as associate agronomist with headquarters at Weslaco. And three years later he joined the

Joe Hill Dies in Dallas

Joe Hill, 49, brother of Mrs. Johnnie French, died of a heart attack at his home in Dallas at 5 a.m. Sept. 23.

Funeral services were scheduled for 2:30 p.m. Wednesday in Dallas. Additional information concerning his death was not known here when Mrs. French left.

Mr. Hill was southwestern division sales manager for National Distillers Corporation.

He was born in Arkansas and came with his parents, the late Mr. and Mrs. A. J. Hill, to Collingsworth county about 1916.

He was graduated from high school here about 1931 and had lived away from Wellington most of the time since then.

Surviving are his wife and two sons of Dallas; two sisters and a brother: Mrs. French, Mrs. Thelma Brady of Dallas, and A. J. Hill of Midland.

Farm Bureau Holds Fire Demonstration

"Fires don't just happen — they are caused," Joe Smetana, safety director of the Texas Farm Bureau, pointed out in a graphic fire demonstration on Wednesday, Sept. 18 at Wellington, Quail and Samnorwood high schools. He went on to name the three causes for most fires: "Men, women and children."

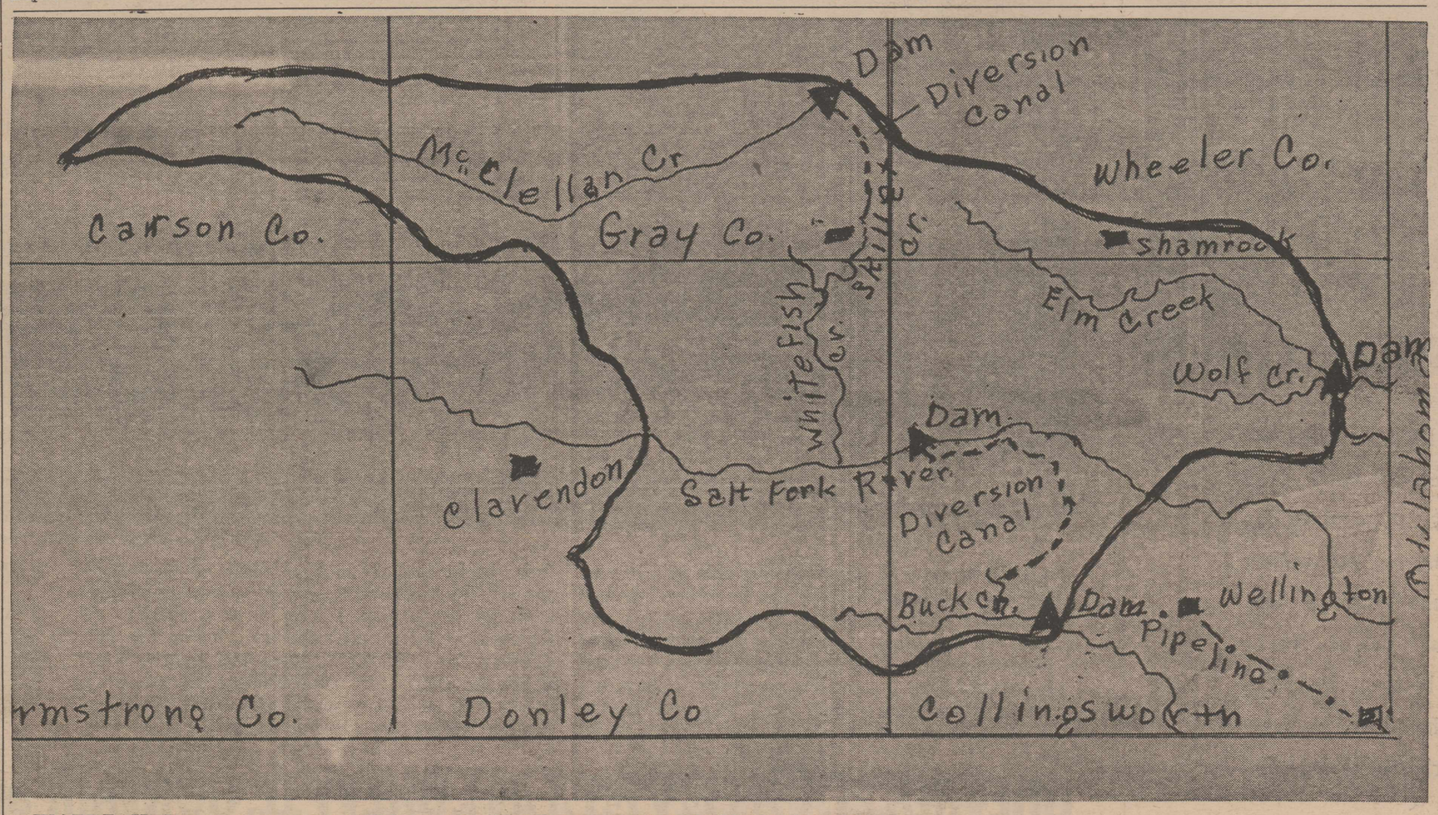

In the 45-minute program, Smetana used a variety of demonstration equipment and materials placed on tables 16 feet in length to dramatize seven basic facts about fire, its use and control: 1. What fire is; 2. how to control fires; 3. the fact that nothing is fireproof; 4. kitchen fires and their control; 5. fuel vapors; 6. the power of petroleum products; and 7. household wiring and overloaded electrical circuits.

Using a "fire triangle board" Smetana illustrated that fire is like a three-legged stool—it can't work with one of the legs missing. The "legs" fire depends on are 1. fuel, 2. heat, and 3. air. He stated that in American homes these three things come together in deadly and destructive combination every 57 seconds—an average of 1,500 home fires every day, causing more than 5,000 deaths in home fires every year.

Creating quite a loud explosion from 2 single drops of gasoline, Smetana stated that one gallon of gasoline contains approximately 155,000 drops, and under ideal conditions, can produce an explosion force equal to at least 30 sticks of dynamite.

After demonstrating how fires can be caused by overloading electrical circuits and improper fusing, Smetana pointed out that many fires of this type are blamed on faulty wiring. He suggested that "faulty thinking" is involved more often than "faulty wiring."

The demonstration, which was brought to the Wellington, Quail and Samnorwood high schools under the sponsorship of the Collingsworth County Farm Bureau, is part of a long range fire prevention program now being conducted by t he Texas Farm Bureau Safety Department.

WATERSHED OF THE COLLINGSWORTH WATER DEVELOPMENT PROGRAM

This is the watershed of those streams projected for development by the Collingsworth County Water Control and Improvement District. The Texas Water Commission granted approval to the district's presentation for a study of all waters of the Eastern Panhandle. This is the go-ahead for work in McClellan Creek, last stream to be brought in the Collingsworth program. Shown here are the dam on McClellan, the diversion and stream leading to Salt Fork, the dam on Salt Fork, and the diversion to the Buck Creek dam. The area served outside the watershed includes the remainder of Collingsworth county, North Childress county, and the cities of Hollis and Altus in Oklahoma.

House Burns on Knoll Farm

Fire of undetermined origin destroyed a 12 x 24 foot house on the Alfred Knoll farm in the Nicholson community Friday, Sept. 20 shortly after noon. Badly damaged was a MH-44 tractor, sitting beside the house.

Knoll, who was away from home at the time, said the building was used to house laborers and a little furniture was in it.

The tractor, he said, was overhauled recently, and a new radiator and new tires put on. Three other tractors had been moved that morning to Lutie Gin, which Knoll manages.

He estimated the loss at about $2,000.

Chevrolet offers 43 models for '64

For 1964, the Chevrolet Motor Division will offer a total of 43 models in five separate passenger car lines. Each line is distinguishable by its own styling and wheelbase. Above, reading down: the 108-inch wheelbase Corvair Monza Coupe; 110-inch wheelbase Chevy II Nova 4-Door Sedan; the newest car in the Chevrolet family—the Chevelle Malibu 4-Door Sedan which has a wheelbase of 115 inches while the Chevrolet Impala Sport Sedan is built on a 119-inch wheelbase. Not shown is the Corvette Sting Ray which sports a 98-inch wheelbase. Chevrolet dealerships will have a representative showing of all models when the new cars are introduced September 26.

Five Sizes

Chevrolet Offers 43 Models for '64

Chevrolet—virtually certain of setting an all-time sales mark in 1963—intends to continue this success in 1964 by offering the widest choice of automobiles in its history.

Introduced in Chevrolet dealerships on Thursday, Sept. 26 will be 43 new models in five distinct sizes. This is 10 more models than Chevrolet offered for 1963 and the greatest number the division has ever offered in a single year.

Included will be the industry's only all-new car for 1964—the Chevelle. This much discussed combination of beauty, quality, performance and distinction is sized between the regular Chevrolet and the Chevy II.

All Chevrolet's five lines of 1964 cars have styling and engineering improvements which—teamed with the increase in models and options—allow the customer to tailor a car to his particular requirements as never before.

"Car buyers like diversity," Semon E. Knudsen, Chevrolet general manager, declares. "They like to be able to choose cars from a wide selection of sizes, styles and performance characteristics.

"We expect the broad diversity in our 1964 cars to win the customer votes needed to continue Chevrolet's traditional industry leadership."

Following are the highlights of the five members of Chevrolet's "family":

Regular Chevrolets

Extensive new styling is evident in the regular Chevrolet line, again stressing the big car luxury which has made it so popular.

A Super Sport series featuring bucket seats and special interior and exterior appointments in both a convertible and sport coupe has been added for 1964, bringing the total models of regular Chevrolets to 15 in four series.

Although over-all dimensions are the same as in 1963, the regular Chevrolet has a longer, wider look, created by new flowing side lines and a smooth broader styling of front and rear ends.

Crisp, distinctive exterior moldings and interior appointments distinguish between the Super Sport, Impala, Bel Air and Biscayne series.

The 1964 Chevrolet models feature new interior trim styling and materials, yet retain the built-in comfort, convenience, luxury and durability traditional with Body by Fisher.

All of Chevrolet's advanced 119-inch wheelbase chassis features are continued for 1964, including X-built Safety Girder frame, Full Coil suspension, self - adjusting Safety-Master brakes, high capacity electrical system with Delcotron generator and long-life exhaust system.

Seven engines ranging from 140 to 425 horsepower will be offered. Optional for the first time in 1964 on 409 cubic inch engines is a full transistor ignition system. Four transmissions will be offered and the four-speed Synchro-Mesh includes refinements for smoother shifting and greater durability.

Chevelle

Chevrolet's new automobile line for 1964 embodies distinctive styling and will be offered in 11 models in three series—the top-of-the-line Malibu Super Sport, the Malibu and the 300.

Quality and vehicle width are stressed in the front end design which makes use of dual headlights and horizontal grille bars. Side treatment is clean and a peak-line which carries throughout the car gives a look of length.

The rear end design accents car width with tail and back-up lights at the extreme ends of the rear back panel. A textured molding extends the full width of the car.

A special feature of the Chevelle body is the use of curved side windows to give a lower look. A strikingly wide instrument panel is part of the distinctive interior styling that includes trim styles and materials color-keyed to the new exterior colors.

Built on a 115-inch wheelbase, the chassis is completely new, featuring a perimeter frame. Front suspension makes use of coil springs and rear suspension is of the coil spring four link type.

Fourteen inch wheels, self-adjusting Safety-Master brakes and a high capacity Delcotron generator are standard equipment. Four engines—two six-cylinder and two optional V8s—are offered on all Chevelle models. Four different transmissions are available.

Three Other Cars

In addition to these two cars Chevrolet also offers three other sizes. These are Chevy II in its third year of production, Corvair entering its fifth year, and Corvette, which continues its two Sting Ray models.

The Butantan Institute, near Sao Paulo, South America, is a snake farm where snake serum is produced.

New Officers for Quail FFA

The Quail Future Farmers of America met Friday, Sept. 13, to elect officers for this school year.

Officers elected were Rodney Hill, president; Joe Harris, vice president; Jerry Boyce, secretary; Denzil Phipps, treasurer; Smokey Mitchell, sentinel; and Stanley Gosnell, reporter.

Plans for the year were discussed.

Crackers Next Game Sept. 26 at Memphis

Wellington's Firecrackers have an open date this week and are getting ready for their next opponent, Memphis Junior High team, in a game to be played here Thursday, Sept. 26 at 6:30 p.m., Coach Harvey Millsap said.

The schedule for the remainder of this season is:

Sept. 26 — Memphis, here, 6:30 p.m.

Oct. 3 — Lefors, there, 7 p.m.

Oct. 10 — Clarendon here, 6 p.m.

Oct. 17 — Canadian there, 6:30 p.m.

Oct. 24 — McLean here, at 6:30 p.m.

Nov. 7 — Quanah here, 7th grade at 5 p.m.; 8th grade at 6:30.

The Firecrackers, young and inexperienced this year, met with hard luck in their opener and lost to Wheeler 12-2 in a game played here.

To open the game, Wheeler ran the kickoff back to the 5-yard line, then punched it over for the first score.

In the second quarter, the Firecrackers centered the ball, tried to punt and dropped it. Wheeler recovered on the 5, and with little effort went over to score again. Neither attempt at conversion worked.

The Crackers were stronger in the second half and held their opponents scoreless during the last two periods.

The Wellington boys picked up their two points on a punt that went over the goal line. Wheeler tried to run it out, but Chuck Wilbur scurried down and tackled the ball carrier behind the goal line.

Mrs. Ted Wheeler visited recently with her two sons, Mr. and Mrs. Buford Wheeler of Dallas, and Mr. and Mrs. Billy Wheeler of Shreveport, La.

Only one state, Washington, has been named for a U.S. president.

Eighth Grade Picks Officers

Andy Henard was chosen as president of the eighth grade of Wellington junior high in a class meeting recently.

The vice president is Jan Blain, while Tanya Horton is secretary, and Alfred Alfred is treasurer. Mrs. Jack Davis and Mrs. Rufus Sweat are the sponsors.

The class has 59 members this year.

'64 Chevrolet Impala Sport Sedan—one of 15 Jet-smooth luxury Chevrolets.

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delcotron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.

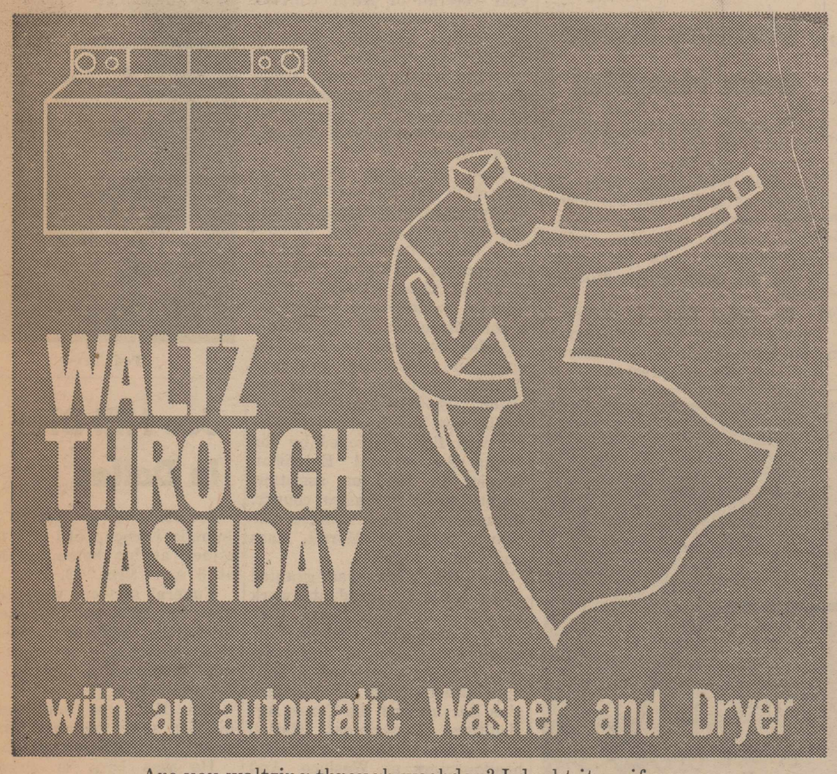

New Chevelle Malibu Super Sport Coupe—one of 11 models in three great series.

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its Body by Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost.) Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (Like this good-looking Malibu Super Sport, maybe?)

Terry Trapp Weds Joe Williams in Home Ceremony Friday Evening

In a candlelight ceremony performed at seven o'clock Friday evening, September 20 in the home of the bride's parents, Miss Terry Trapp and Joe Ray Williams were united in marriage by Dr. Glenn Hickey.

The parents of the bride are Mr. and Mrs. James A. Stavenhagen of Wellington, and the bridegroom is the son of Mr. and Mrs. S. H. Williams of Denton.

Mrs. Glenn Hickey played traditional wedding music.

Branched candelabras formed the background for the ceremony.

Given in marriage by her step-father, Mr. Stavenhagen, the bride wore a white brocade suit with white fur trim. Her small white hat of braided silk cord had a short veil. She carried a cascade of white carnations.

Miss Betsy Trapp, sister of the bride, was maid of honor. She wore a rose velvet dress with three-quarter sleeves, a round neck and full skirt. Her headpiece was a flat bow of matching velvet and she carried a cascade bouquet of pink carnations.

Will Morris of Abilene was best man.

A reception followed the ceremony. The bride's table was covered with a white linen cloth, and the centerpiece was a dainty miniature bride, beside the bridal bouquet.

As the couple left on their wedding trip, the bride wore a blue crepe sheath with cranberry accessories and a carnation corsage.

The bride was graduated from Wellington high school and attended North Texas State College, Denton. The bridegroom was graduated at Denton.

The couple will make their home in Denton, where Mr. Williams is employed by the city.

B&PW Group to District Meet

A group from the Wellington Business and Professional Women's Club will attend the District 10 fall conference in Jacksboro Saturday and Sunday, Sept. 21 and 22.

Mrs. John Coleman, president of the local club, is district director and will preside at part of the sessions.

Members of the B&PW Chorus will sing and a group will give a workshop skit.

Those going will be Mrs. Ernest Harwell, Mrs. Rufus Sweat, Mrs. R. H. Isbell, Mrs. Drury Lacy, Mrs. Byron Duncan, Mrs. Jimmie Kelso, Mrs. Truman Estes, Mrs. H. L. Jenkins, Mrs. Coleman, and Mrs. Don Jones.

WMU Circles Hold Week of Prayer

The Estelle Freeland Circle of the Womens Missionary Union of the First Baptist Church met Monday morning, Sept. 16 in the home of Mrs. Charles Cason Jr., for mission study.

Mrs. Oscar Peeples taught the mission lesson. Mrs. Cason read the calendar of prayer and Mrs. Ocie Scott led in prayer.

The Josephine Scaggs Circle met at the church for mission study Monday morning.

The Virginia McKay Circle met in the home of Mrs. J. C. Whisenant for mission study, taught by Mrs. Claude Groves. Mrs. Whisenant read the calendar of prayer and Mrs. J. G. Finley led in prayer for the missionaries whose names were read.

The Wanna Ann Fort Circle met Monday afternoon in the home of Mrs. Frank Roberts for mission study taught by Mrs. C. T. Hubbard. Mrs. Leonard Karnes gave the meditation and prayer.

The Nina Hankins Circle met in the home of Mrs. J. A. Lowe for mission study.

The Hazel Craighead Circle met in the home of Mrs. R. L. Porter for mission study.

The WMU held their week of prayer for State Mission, Sept. 9 through 13. An average of 35 attended each day.

Mr. and Mrs. Elton Abel and children, of Borger, spent the week end with her parents, Mr. and Mrs. Bob Keller. They also visited her aunt, Mrs. R. S. Montague.

The City State Bank Can Help You

Continue Your College Education

Don't Drop Out Of School -- Job Opportunities Drop Also When You Do -- Find Out About the USA Student Loan Plan

We are pleased to announce that in cooperation with USA Funds we are now making loans to college students which will enable them to continue their college education.

Students getting loans under the United Students Aid Plan will be able to borrow $1,000 a year — or a combined total of $3,000 for their undergraduate or graduate education.

The requirements for securing such a loan are relatively simple.

1. The student must have completed one year of college with satisfactory grades.

2. The student must be a resident of the local area although he or she may attend any college in any state that is approved by United Student Aid Fund, Inc.

3. The student must provide the bank with a certificate from his college attesting to his or her grades and character.

After these requirements have been met a student may borrow on his or her individual signature without collateral if they are 21 years of age. The interest rate is low. Repayment does not begin until 4 months after the student leaves college — and may extend the next three years.

This will enable deserving students to complete college on credit and pay later from career earnings.

Student borrowing makes sense. The average college student earns $100,000 more in his lifetime than the average high school student. In addition there are educations priceless non-monetary advantages.

If in need of such a loan come in and consult with The City State Bank today.

Belles Lettres Begin Thirtieth Year with Salad Supper Sept. 17

The Belles Lettres Club began its 30th year with a salad supper Tuesday evening, September 17.

The meeting was held in the Greenbelt Electric directors' room, and hostesses were Mrs. E. F. Bartlett, Mrs. A. B. Clark, Mrs. Frank Hatch and Mrs. Howard Riggs.

Mrs. J. M. Stowell reviewed the history of the club.

The installation of officers was presided over by Mrs. Charles Cason Jr., with Mrs. Dick Richards taking the office of president.

Vice president is Mrs. Bartlett, Mrs. Cicero Gulley is secretary, Mrs. Jim Wood treasurer, and Mrs. Bess Owen parliamentarian. Delegates to the City Federation are Mrs. Bob Hightower, Mrs. Cason and Mrs. Bryan Denley. Mrs. J. M. Stowell is the corresponding secretary and reporter.

Serving on the flower committee this year will be Mrs. Richard Bailey and Mrs. Wilton Ketchum.

Mrs. John Yows Presented as Guest Speaker at Annual Music Club Dinner

The traditional salad supper opened the year for the Wellington Federated Music Club Sept. 17, when a guest speaker and two guest musicians were presented.

This was also the annual federation day program.

Mrs. John Yows, first district president, was the speaker, and Mrs. Cecil Rentfrow, violinist, and Mrs. H. L. Wendel, pianist, appeared on the program. A special guest was Mrs. P. K. Stearns, First District corresponding secretary. The four are members of the Borger Music Club.

"Whether we are living in a man's world or a woman's world, I am not prepared—or inclined—to argue," Mrs. Yows told the group. "It does seem to me that we each live in our own world and in whatever circumstances we find ourselves, we proceed from that standpoint to make the most of our lives.

"No one does herself or her family or anyone a favor by allowing herself to become a back number," she added, late in her talk.

Violin solos presented by Mrs. Rentfrow were Mozart's "Sonata No. 4," and "Canebrake" by Gardner. Mrs. Wendel gave as piano solos, "Polonaise," Chopin; "Banjo," by Gottschalk, "The Man I Love," Gershwin; and "The Maid with the Flaxen Hair," Debussy.

Mrs. B. M. Sims gave the invocation, with Mrs. Richard Nall as accompanist at the piano, and the Music Club chorus sang the Federation collect.

Carol Blain, president of the high school band, received a check presented by the Music Club to go toward expenses on the band's trip to the State Fair of Texas in October.

Yearbooks were presented by Mrs. Nall. Hostesses were members of the yearbook committee, Mrs. Nall, Mrs. Lowell Wells and Miss Virginia Robey.

Mrs. Hiram Cudd, president of the club, presided.

Members and guests attending were Mrs. Mack Bush, Mrs. Jack Durham, Mrs. Claude Groves, Mrs. Rufus Sweat, Mrs. Cudd, Mrs. Sims, Mrs. Nall, Mrs. Denver Powell, Mrs. Davis Edens,

Mrs. James Larson, Mrs. Jack Kopp, Mrs. Sam Thompson, Mrs. Orville Vaughan, Mrs. Jack Davis, Mrs. Velman Warrick, Mrs. J. Frank Johnson,

Mrs. Wells, Mrs. John Harper, Mrs. Fred Watkins, Mrs. Glenn Hickey, Mrs. William Barjenbruch, Mrs. Bill Bradley, Mrs. A. L. Elliott, Miss Blain, Miss Patsy Falk and Miss Robey.

WMU Circles Meet in Homes

The Nina Hankins Circle of the Women's Missionary Union of First Baptist Church met Monday morning, Sept. 23 in the home of Mrs. Coy Vaughan for a brunch.

The serving table was laid with a blue linen cloth and centered with an arrangement of Heavenly Blue morning glories.

Roll call was answered with a favorite scripture. Mrs. Doshia Dix, the chairman for the past year, was presented with a lovely gift.

Twelve members and one visitor were present for this last meeting of the church year.

• The Virginia McKay Circle met in the home of Mrs. J. G. Finley for circle program.

Garden Club Studies Peonies

The Wellington Garden Club met Wednesday, Sept. 4 in the home of Mrs. L. E. Gribble.

The meeting was called to order by Mrs. Gribble, president, who also called the roll. Mrs. J. M. Stowell read the club collect.

A short business meeting was held after which Mrs. J. C. Whisenant gave the program on "Peonies in the Pink."

Refreshments were served to Mmes. G. E. Van Pelt, J. M. Stowell, Dick Sweat, Earl Keller, Earl Epps, Charles Slay, Vada Vaughan, Whisenant, John Henard, Henry Davidson, Chester Fires, Coy Vaughan, Ray Clubb, Walter Franks, and the hostess Mrs. Gribble.

HDC Council Has Meeting

The Collingsworth County Home Demonstration Council met Monday, Sept. 9 in the county courtroom.

Mrs. Carl Crosnoe called the meeting to order and the group recited the THDA prayer in unison.

The council voted to save 20 cook books for gifts for the Bake Show and Favorite Foods Show for the 1963 4-H Club girls.

Mrs. Robert Barjenbruch, home demonstration agent, asks all club members to bring their addresses and telephone numbers to the next meeting. Also, if any member has a THDA Constitution and By-Laws leaflet to turn it in to Mrs. David Peters.

The nutritional meeting for Sept. 26 has been called off.

Officers will be elected at the next meeting and all committee chairman should have their reports ready at that time.

Mrs. David Peters gave a report on the bus schedule to Little Rock, Ark., for the national convention. Standing committees also gave their reports.

Mrs. Haskell entertained the members with a poem, "Stubbed His Toe."

Lebanese Dinner Honors Excelsior Club Members on Thursday Evening

A Lebanese dinner, with Miss Marie Shadid and Miss Rose Shadid as hostesses, entertained members of the Excelsior Club Thursday evening, September 19.

This was the opening meeting of the club year, and the dinner keynoted the 1963-64 theme, "Around the World."

The sisters prepared dishes frequently used in a Lebanese home. Spices added the distinctive flavor. Baked chicken with rice dressing and a meat loaf were served, along with salads and dessert.

The table was laid with a yellow coth and centered with an arrangement of yellow and white chrysanthemums and lighted candles.

Miss Rose Shadid, president, was in charge of the business session, when Mrs. Denver Powell was elected secretary to fill a vacancy.

Attending the dinner were Mrs. E. F. Bartlett, Mrs. Oleta Burquist, Mrs. C. E. McKinney, Mrs. Powell, Mrs. J. F. Michael, Miss Bonnie Willis, Miss Inez Leach, Miss Sara Jones, Miss Dorothy Robertson, Miss Edith Jackson, and the hostesses, Miss Marie Shadid and Miss Rose Shadid.

A scholastic average of 90 or above is required for membership, he said.

Mr. and Mrs. Gene Crutcher and family of Archer City visited over the week end with Mrs. Crutcher's sister and family, Mr. and Mrs. Harold Caldwell, and her mother, Mrs. Mattie Koen. Mrs. Koen returned home with them for a visit. She will also visit with her mother and father, Mr. and Mrs. P. A. Miracle of Grandfield, Okla.

Mr. and Mrs. Claude Groves and David Lynn spent the past week end in Matador with her parents, Mr. and Mrs. Alfred Barton.

Game Ended 6-6

Rocket B Holds AA Childress to Tie

The Skyrocket B team tied the Class AA Childress Bobcat B's 6-6 in a defensive battle fought on Powell Field on Thursday night, Sept. 19.

This is the first tie for the Rockets since their first game last year, and it was their 12th consecutive game without defeat.

Childress was good on defense, had more speed than the Rockets, and executed their plays well.

"Our kids just wouldn't give up and made the Bobcats work real hard for any yards they made," Coach James Stavenhagen declared.

The first quarter ended 0-0, after both teams had picked up a few first downs and had punted in critical situations.

During the second quarter, Childress' left halfback was able to score on a sweep around right end, and at half time the score favored the visitors 6-0.

The teams battled up and down in the middle of the field all through the third quarter with neither being able to score.

The battle continued until late in the fourth, when Childress was forced to punt and Wellington's Jim Harris received the ball and returned it to about the 30-yard line.

A series of passes, most of them directed at Harris and Jackie Needham, advanced the ball to the three, then Andy Bell ran it over on a quarterback keep play.

The try for extra points was no good.

With only two minutes left in the game the Rockets kicked off to Childress and they attempted to move the ball down the field by passing.

Wellington intercepted a pass with about 50 seconds left on the clock, but was unable to get in a position to attempt another score when time ran out.

"This was a hard-played game and both teams hit well," Stavenhagen declared. "I think the kids' timing was off offensively or we would have been able to move the ball. We fumbled several times and Childress recovered all those fumbles, which hurt our offense a great deal."

Rocket Has Broken Leg

Don Sweat, Skyrocket right halfback, has a broken small bone in his lower left leg, he learned two weeks after the accident occurred. During that time, he continued to play football.

Coach Don Beck said the accident came during a pass defense drill when Sweat tripped and fell in front of Bobby Hudson. Hudson stumbled over Sweat and stepped on his leg. It was believed he had a bruised muscle.

The injury improved and then got worse, and x-rays showed the break, the coach continued.

Beck said it was doubtful if Sweat would play again this season.

Mrs. Annette L. Brooks of Prosperity, South Carolina, and Mr. and Mrs. A. B. Youmans of Charleston, S. C. visited Mrs. W. W. Sugg and Miss Jewel Sugg during the past week. They were also guests of Mrs. E. A. Singley and other relatives. This was the first visit to Wellington for the three South Carolina residents.

George Shadid, Miss Marie Shadid and Miss Rose Shadid visited relatives in Altus Sunday. They were guests of Mr. and Mrs. E. A. Shadid and Mr. and Mrs. Allen Hawkins.

Mr. and Mrs. Sam Lester of Skellytown and Mrs. Ed Dudley of Irving visited in the home of Mr. and Mrs. Homer Holton this week.

Mr. and Mrs. Loyd Langley and daughters, Paula, Pam and Sue visited in Amarillo Saturday night and Sunday with Mrs. Langley's sister.

Rocket-Irish B Teams Play Here Thursday

The Skyrocket B team will meet the Shamrock Irish B here Thursday night, Sept. 26 at 7 p.m.

Little is known of the team here, Coach James Stavenhagen said, however, the Irish have had tough B teams in the past and there is no reason to believe this years is an exception.

This will be the 13th game the Rocket B team has played without defeat, and during that time they have tied only two.

Cotton Growers Plan Meeting

The annual membership meeting of the Rolling Plains Cotton Producers, Inc., will be held Saturday, Sept. 28 at 1 p.m. at the cotton classing office in Memphis.

Directors will be elected to represent the following counties: Childress, Motley, Collingsworth, Briscoe and Gray. Present directors representing these counties are: Dutch Hunter, Childress county; J. W. Reed, Motley county; Dick Sweat, Collingsworth county; B. K. Blankenship, Briscoe county; Leamon Andrews, Gray county.

Holdover directors are V. C. Durrett, Hall county; Dudley Chewning, Cottle and King counties; H. S. Mahaffey, Donley county; J. R. Hefley, of Wheeler county; A. J. Garland, Armstrong county; L. B. Collis, Carson county.

All members are urged to attend and participate in the meeting and inspect the facilities of the classing office.

Mr. and Mrs. Richard Bailey and Ted spent the past week end in Oklahoma City with her sister, Mr. and Mrs. J. B. Floyd.

Jim Langley and Mr. and Mrs. J. W. Boen attended church services in Wheeler on Sunday.

Douglas Raburn of Houston is spending a week's vacation with his parents and aunt, Mr. and Mrs. O. B. Raburn and Miss Virda Raburn.

Mr. and Mrs. Alfred Hutchinson visited in Amarillo one day last week.

Time to Apply for Gasoline Tax Refund

Collingsworth county farmers are urged to make application for their federal gasoline tax refund, county agent Cecil Regier has reminded.

Any gasoline used on a farm for farming purposes with a few exceptions is eligible for a refund of 4¢ per gallon. This is not a subsidy but rather returns money which you paid out when you purchased the gasoline. You are entitled to this since it was not used on the highway.

Each farmer who applied for a refund last year, received an application for a refund in the mail. However, if you have lost your application card or are a new farmer, cards and instructions for filling them out are available at the county agent's office. These must be sent in on or before Sept. 30.

1200 Fans Fill Stadium

Skyrockets Dehorn Dragons 58 to 22

By JACK FORD

With nearly everybody scoring, the Wellington Skyrockets started the 1963 home football season before an estimated 1200 fans with a resounding 58-22 victory over an inexperienced Paducah Dragons team at Powell Field Sept. 20.

The Skyrockets had complete control from the opening kickoff. Rocket Coaches Don Beck and Harold Lamb, early in the first quarter, had to play linemen in the backfield and some backs played in the line, trying to keep the score down.

Skyrocket linemen Jennings Wells, Joe Rudy, Joe Henard, Ronnie Nix, Skippy Duncan, Chester McLain, Billy Clubb, Tim Bailey and Bryan Hatch did a superb job on defense and offense. The Rocket backs Wayne Barton, Gary White, Glenn Thomas, Bobby Hudson, Danny Martin, and Kenneth Patterson did fine work moving the ball, and excellent work on defense.

The Skyrockets won the flip of the coin and chose to receive. The Paducah Dragons' kickoff was taken by Bobby Hudson on the Rocket 25, and he headed for the middle of the field behind some fine blocking by the rest of the Rockets, and went all the way for a touchdown. However, an over-enthused Rocket was called for clipping and the touchdown was nullified.

The ball went into play on the Dragon 28. With Hudson, Thomas and Martin moving the ball to the Dragon 13, Kenneth Patterson carried it over for a Rocket TD, and Danny Martin added 2 extra points.

On the Rocket kickoff a Paducah fumble was recovered by Tim Bailey on the Dragon 34. On the first play Bobby Hudson ran all the way for another Rocket marker. Gary White added 2 extra points.

Paducah couldn't move the ball on their series of downs and punted to the Rocket 45. Wayne Barton, Danny Martin, Glenn Thomas moved the ball to the Paducah 48. Hudson then carried all the way for the Rockets' third touchdown. Barton added 2 extra points.

Again Paducah couldn't move and was forced to kick. The Rockets took over on the Dragon 31. After runs by Rocket backs, plus a pass, White to Hatch, the ball was on the Dragon 22 and Wayne Barton went over for another 6 points. The extra point try failed.

The second quarter started out like the first, when early in the quarter a pass from Gary White to Tim Bailey accounted for 50 yards and another touchdown. Extra point try failed.

The rest of the quarter was spent with the Rockets playing different positions and trying for field goals, and the Dragons trying to score.

The third quarter started out just like the rest of the game, with Chester McLain, doing a good job of running, carrying the ball 42 yards for another Rocket touchdown. The try for 1 extra point was good.

This quarter saw the Dragons finally get rolling when they scored 8 points on a touchdown and extra point try. Late in the quarter the Rockets picked up 9 more points with a field goal by Wayne Barton and a 54-yard touchdown run by Bryan Hatch.

The fourth quarter saw the Paducahans score 2 more touchdowns and 2 extra points, bringing their game total to 22 points.

The Rockets scored late in the fourth quarter on a Barton to Hatch pass. The extra point try failed.

This game saw nearly everybody on the Rocket team scoring except the center, guards and tackles, and the only reason they didn't score, no one would give them the ball.

The Rockets traveling to Tulia this Friday night will need all the backing of their fans, so try to make this trip. By following the team, we can show the coaches and boys that the folks of Wellington appreciate their efforts. See you at Tulia.

Pontiacs Feature New Styling in '64

Pontiac Motor Division's regular series lineup for 1964 has been completely restyled, yet retains a strong and impressive Pontiac identity.

The Catalina, Star Chief and Bonneville models appear longer, lower and wider without any significant change in exterior dimensions.

Continuing a highly successful formula that combines rich styling simplicity with outstanding performance, the 1964 Pontiacs are more graceful, distinctive and appealing than ever before.

Catalina models and the Grand Prix sports coupe have a 120-inch wheelbase while the Star Chief and Bonneville models have a 123-inch wheelbase. All station wagon models have a 119-inch wheelbase.

All 1964 Pontiacs are one inch longer overall. The Catalina and Grand Prix measure 213 inches while the Star Chief and Bonneville series are 220 inches. Station wagons are 213.8 inches long.

Model Lineup

The Catalina, Pontiac's volume series, is available in seven models—two and four door sedans, two and four door hard tops, six and nine passenger Safari station wagons, and a convertible.

A four-door hardtop and a four-door sedan are offered in the Star Chief series.

The luxurious Bonneville is available in four models—two and four door hardtops, a six-passenger station wagon and a convertible.

Pontiac's prestige sports coupe, the Grand Prix, has been restyled and again will be available as Pontiac's entry in the luxury car field.

"Fresh exterior styling, featuring Pontiac's exclusive divided grille, vertical twin headlamps, moderate use of chrome trim and elegant interior appointments, elevate the 1964 cars to new levels of customer appeal," said E. M. Estes, General Motors vice president and Pontiac general manager, in announcing the new models of his division.

On Sale Oct. 3

The 1964 Pontiacs go on sale in dealer showrooms Oct. 3.

"Important advances and refinements in body construction and engine design will enable Pontiac to strengthen its third-place sales position in the industry," Estes declared.

The 1964 Pontiacs retain a positive family identity that is recognized instantly when viewed from any angle. Highlighting the "Pontiac look" are the vertically positioned twin headlamps and an expansive hood that curves gently down over a divided grille, another Pontiac trademark that is noted for its simplicity and elegance.

Body side sculpturing, referred to by stylists as the venturi shape, has become more pronounced in 1964. Now a Pontiac styling tradition, this design sweeps the body sides into flared rear quarter panels to visually lower the roof and belt lines.

Placement of moldings and finely crafted ornamentation augment the venturi motif. A rakish new grille and sculptured bumpers give the 1964 models a more massive, wider appearance with unmistakable Pontiac identity.

Wide Track Continued

Enhancing the low profile and wide track theme are the massive but graceful front and rear bumpers that blend smoothly with the body work.

Two New Churches Now Planned Reflect Area Spiritual Life

Plans of two of Wellington's churches for new buildings have matured this summer, and both First Baptist and First Methodist are going into the final stages of preparation for construction.

They join the growing list of Wellington churches that in recent years have built or remodeled.

Wellington has always been a town where its people took pride in its churches, both from the emphasis it gives religious life and from civic pride. The new buildings are an outward expression of the inward faith of those who worship there.

These two churches, and all the others in Wellington, are to be commended on their work.

TEXANS SET TRAVEL RECORD

AUSTIN.— State Highway Engineer Dewitt C. Greer says Texans will set a new all-time record for miles traveled this year — 49,500,000,000 vehicle miles, an increase of two billion miles over last year.

Half of the mileage will be logged in urban areas. In other words, seven per cent of Texas highways will carry 50 per cent of the traffic. Other 50 per cent will be scattered over 93 per cent of the road system.

A "disturbing discrepancy," says Greer . . . "one we must certainly deal with as we plan for the future. Big question is whether we can continue to modernize and upgrade the Texas highway system quickly enough to take care of this traffic efficiently — and above all, safely."

PARKS EXPERTS WANT MORE PARKS

AUSTIN.—A two-year study recently completed and presented to the Governor, proposes expenditures of $305,000,000 to acquire and develop 373,000 more acres of Texas parks by the year 2000.

Connally, lauding the report, suggested organization of a citizens group to follow thru on needed parks programs. He also revealed he is studying the possibility of buying part of the 72,000 acre J. C. Hunter Guadalupe Mountain ranch as a State park.

Parks experts who prepared the report argue that proper development of the recreation, historical and scenic areas would boost the state's economy $200,000,000 a year.

Samuel Colt invented the revolver in 1835.

THE BATTLE OF THE AGES

Childress Air Show Sept. 29

CHILDRESS.—The Aviation committee of the Childress chamber of commerce and BCD will sponsor the National Air Show at Childress Air Field on Sunday, Sept. 29 at 2:30.

Booked as the greatest flying show in America, the show has been featured on the CBS Sports Show for several years.

Hal Krier, the sky champion of the USA was born and raised on his father's ranch near Ashland, Kan. He served a hitch in the Air Corps and he and his brother built the Great Lakes biplane that he now flies. Hal once made a statement to a friend that "Danger is my business."

Charles Hilliard Jr. of Fort Worth is the nation's youngest precision sky-o-batic ace. Charlie is a top-flight performer, a two time winner of the AAA light plane aerobatic championship.

Red Diget will thrill the audience with his various stunts, such as standing up on the top of a plane, jumping from a moving car to a rope ladder on a plane, and a parachute jump.

In connection with the National Air Show, there will be a fly-in dinner. Airmen are invited to fly to Childress for the day.

The Defense Department has agreed to send an exhibit or aerial demonstration.

70 Per Cent US Youths Graduate

Seventy per cent of American youths complete high school these days. Half of them go to college, and most graduate.

No other nation on earth has ever pursued education so successfully.

Texas is 620 miles wide.

CROSSROADS REPORT

Dear Editor:

I see in the news that some folks are now bringing on their children in sets of four and five, instead of by the customary one-at-a-time system.

My motives snooper neighbor says he don't believe this is due to automation or the New Frontier, but can be blamed on the crusade to get color balance in our schools.

Says it's obvious that some parents are trying to get their child quotas filled before somebody starts hollering for color balance in families.

—

I see where some historians over in Great Britain are now throwing mud on good old Robin Hood and his pre-welfare state program for taking it away from the rich and giving it to the poor.

My lean cat neighbor says anyhow Robin Hood was a piker, compared to our latter-day wealth equalizers, who take it away from everybody and buy votes with it.

Says this development has about eliminated any opportunity for free enterprise careers in the Robin Hooding business, though, because the government competition is too tough.

—

I see where the Internal Revenuers ran 7 million taxpayers' testimonials through their new electronic fraud finders ,and it only fingered one cheater.

My electronicrat neighbor says he expects they will have to import some foreign technician, who has never had to fill out a Form 1040, so he can adjuts this machine without any conflict of interest.

Says evidently there is a screw loose in the stool pigeon circuit of this device, as 7 million taxpayers just can't be that right.

—

I see where the President made a big pitch for his $11 billion tax cut idea, on the grounds it will stave off depression, balance the budget, and cure teen-age crime, unemployment and racial injustice.

My backward economist neighbor says it may also give the President job security for another four years, and it's a shame nobody thought of this miracle medicine before now.

Says if a little tax cut is good, more ought to be better, and a $20 billion cut might even cure the common cold and the Goldwater ache.

Apply Now for Windbreak Trees

COLLEGE STATION.—Farmers and ranchers who plan to plant windbreaks this year can pick up applications for tree seedlings from their county agricultural agent, or by writing to the Texas Forest Service at College Station.

Windbreak species available this year are: Austrian and ponderosa pine, black locust, catalpa, Chinese elm, cottonwood, buffaloberry, mulberry, red cedar, multiflora rose, sycamore, euonymus and osage orange, Black walnut stratified seed are available also.

Seedlings are sold only for soil stabilization or windbreak purposes. They may not be used for landscaping or as ornamentals. No order for less than 100 trees will be accepted.

Mason Cloud, head of the Reforestation Section, Texas Forest Service, said the cost of both seedlings and seed will be $1.50 a hundred prepaid, plus state sales tax. Shipments will begin the middle of February and end around the middle of March.

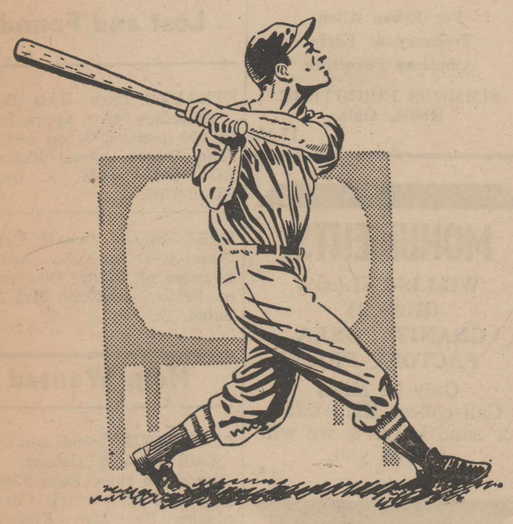

Windbreak planting guides are available free of charge from the county agricultural agents and from the Texas Forest Service, College Station.

1964 Oldsmobiles Offer Style and 'Go'

LANSING. — Oldsmobile's new Jetstar 88, along with the new F-85's, Dynamic and Super 88's, 98's and Starfires, will be on display at dealer showrooms across the nation on Friday, Oct. 4, it was announced today by J. F. Wolfram, Oldsmobile's general manager and a vice president of General Motors.

"The new Jetstar 88, lower priced companion to Oldsmobile's other famous, high-performing 88's," Wolfram said, "is powered by the new Jetfire Rocket engine, an ultra-high compression, 330 cubic inch member of the Rocket engine family.

"In addition," he said, "our dealers will also be showing Oldsmobile's new medium price class sports car, the Jetstar I, powered by the big, powerful Starfire engine.

"All the 19-4 Oldsmobiles," Wolfram continued, "are designed to meet the most discriminating tastes of the buyer, with brilliant styling and exciting performance to appeal to the young of all ages."

Wolfram said the Jetstar 88 will be produced in a 4-door sedan, hardtop sedan, coupe and convertible, on a full-size Oldsmobile body and a special 123-inch wheelbase chassis. The car is designed for the increasing number of "up and coming" younger families. It is a lighter car, fleet in appearance and fleet in action with the new lightweight cast-iron Jetfire Rocket engine.

"The Jetfire Rocket is a completely new engine," he continued, "capping a long list of engineering firsts by Oldsmobile. It embodies an inverted 'A' cylinder block construction and integrated manifold and engine cover for a new standard of quietness of operation. It is outstandingly smooth, due to the rigidity of the crankcase and crankshaft. A new combustion chamber promotes instantaneous ignition. The cylinder block casting is manufactured by a foundry process called 'hot-box coring', the first time Oldsmobile's adaption of this process has been applied to a production automotive engine. The new engine develops 245 hp with a 10.25 to 1 compression ratio.

"The engine is teamed," he continued, "with an entirely new automatic transmission, the Jetaway, consisting of an automatic gear shift and a torque amplifying feature that permits extra performance without downshifting.

"Wherever you drive with the Jetaway," said Wolfram, "you get the same immediate response because of the transmission's automatic adjustment to altitude and temperature changes."

The Jetaway automatic, and 3- and 4-speed transmissions with floor controls are available as extra-cost options. A 3-speed column-shift transmission is standard on all Jetstar 88's.

"There are many other new and wonderful things about the 1964 Oldsmobiles," Wolfram continued. "Styling is brilliant, fresh and new, with the accent on youthful appearance. For '64, the unmistakable, ready-to-go Oldsmobile look is apparent in every model, in every series.

"From the new Jetstars to the magnificent 98's," he added, "each series is highlighted by the use of specific grilles, rear bumpers, rear quarters, tail lamp assemblies, and the placement and shape of accent trim, including newly designed rocker panel moldings.

"The new Jetstar I," Wolfram said, "is equipped with bucket seats and console, and roof styling similar to the Starfire coupe.

"The Starfire has been dramatically changed," he continued, "to accentuate its performance image. The rear roof supporting structure is designed to further stress the sharp, crisp lines of the concave rear window. In the lower body a functional engine compartment air outlet is placed directly behind the front wheel opening. Inboard driving lamps are sports-car styled.

"The 98 for 1964, more distinctive and elegant than ever," Wolfram said, "is the most magnificent car Oldsmobile has ever produced. A new rear quarter profile further emphasizes the long, sleek look of this most luxurious Oldsmobile series.

"Interiors for 1964," he added, "are sparkling and glamorous with intriguing new patterns in combinations of trim materials. Tailored specifically for each series, interior trims range from smartly fashioned fabrics and vinyls of the 88's to the rich looking satin-weave nylon in the elegant 98's."

Other interior features include a completely new and attractive instrument panel. A new power console, extending from the engine cowl to the rear of the front seats, is standard on the 98 Custom Sports Coupe, the new Jetstar I, and the Starfires.

"An industry exclusive on the 1964 Starfires and the new Jetstar I," Wolfram said, "is a newly developed chambered exhaust system to emphasize 'the Starfire sound of muted power'.

"Powering the new Jetstar I," he continued, "is the 345-horsepower, ultra-high compression (10.5:1) Starfire engine.

"Big, powerful 394 cubic inch Rocket engines," Wolfram added, "are standard on all Dynamic and Super 88's and 98's. Horsepower goes up to 330, with compression ratios as high as 10.25 to 1."

Even greater performance in Dynamic and Super 88's is gained through the use of a new rear axle ratio, 3.08 to 1.

Teamed with Oldsmobile Ricket engines is the famous Hydra-Matic transmission, as standard equipment on 1964 Starfires and 98's and available at extra cost on the Jetstar I and on Dynamic and Super 88 models.

"Chassis improvements in all '64 Oldsmobiles," Wolfram said, "contribute to an even smoother and more comfortable ride."

Front suspensions, he explained, contain new pivot bushings on upper control arms for longer life and improved ride characteristics. Single piece construction of rear suspension lower control arms permits better alignment of differential for quieter operation under all load conditions.

Improved needle bearings and seals in universal joints increase durability and reduec maintenance costs. New brake linings of an improved composition provide more effective braking and increased wear qualities. In addition, front brake drums are of heavier construction for better cooling.

A new heater, standard equipment on all 1964 Oldsmobiles, utilizes an air-mix principle by which inside temperature is more precisely regulated and more uniformly maintained. On bucket seat models, even distribution of air throughout the car's interior is assured through special new air baffles.

Cornering lamps, a new Oldsmobile accessory for 1964, are available on Starfire and 98 models, Super 88's and Jetstar I.

Oldsmobile continues to offer a wide selection of other recently developed optional equipment items, including such popular accessories as the Tilt-Away steering wheel, AM-FM radio, Reverbatone speaker and Cruise Control.

There are ten interior colors for 1964, including new hues of bright red, aqua and green. Customers may choose from 15 exterior colors, among them six new ones—two new shades of green, a dark aqua, beige, yellow and light blue.

"The paint finish on every 1964 Oldsmobile," Wolfram concluded, "has a new, long-lasting, brilliant luster, resulting from the installation of the most modern equipment in the division's new paint plant. In bumpers, too, a bright shrome finish with greater resistance to rust and corrosion, is provided through a new precisely controlled process of applying one coat of copper, then three layers of nickel, and the final layer of chrome."

Deck's DIDACTICS

—By Deskins Wells

Quite a number of cotton growers have expressed interest in the item carried in this space last week on timing cotton defoliation. It concerned tests that were made on defoliating cotton on Sept. 24 and as late as Oct. 22. The cotton defoliated on Oct. 22 produced over $40 net cash more than the cotton that was defoliated on Sept. 24.

Fred Cox was one who hailed me down to discuss the matter. Due to an experience he had four years ago in early defoliation and to some checking he did on his own he has not defoliated at all for the last three years. Elvis White is another who does not believe in early defoliation. In some cases defoliation is the practical solution to one of the grower's problems, but the fact remains that it can be very costly when done too early.

The fair is over, but the fields and orchards continue to produce interesting exhibits. Mrs. Carl Amerson sent in a gigantic apple, a Jonathan, I believe, that is about one third larger than the large apples you see at the grocery stores. Auburn Keller brought in a freak cotton boll. It has one stem and is one boll at the base, but it divides into two cotton bolls about halfway down and the tips are an inch apart. I am wondering if this is not the time of the year for Charlie Graham to bring in some of his giant turnips or is it too early, Mine are doing no good at all. The worms ate most of them and the rest are turning to leaves.

Some have asked about Dr. L. F. Sheffy's latest book about which I wrote two weeks ago. It can be bought at Brown's House of Books in Amarillo and copies are also on sale at the Museum in Canyon. The price is $6.50 plus tax.

In my spare time I have been immersed in "The Franklin Land and Cattle Company" for the last several days. It is highly interesting and informative reading. Dr. Sheffy writes in a fluid lucid style that makes for effortless reading and most pleasing to one who loves words used effectively and harmoniously. The work has continuity from beginning to end, but each chapter is an entity in itself something like the Bible.

In the chapter on "Ancient Grasslands and Modern Beef Production," Dr. Sheffy devotes four pages to a paper that was read at the Cattlemen's Convention in Dallas in 1887 by Colonel W. E. Hughes. In part Col. Hughes said: "The ranchman of the plains was not to be a permanence. He never so considered himself. His mission was to precede the agriculturists and stock farmers, and until a changed order to things would make agriculture profitable, or possible, it was his to represent as it were, an era—an epoch—a step in social progress. In fact every weapon, tool, or dwelling of man, every occupation, trade or calling, indicates a certain stage in civilization. The rough arrowhead of the savage fashioned without tools from the rock, the hunter's rude shelter of dried skins, the shepherd's tent, the ranchman's dugout, the plow and the farm house of the agriculturists, all bespeak the age, the physical characteristics of the surroundings."

The entire book is filled with such fascinating literature written by people who took pride in the composition of their letters. As I said two weeks ago — "The Franklin Land and Cattle Company" by L. F. Sheffy should be in the library of every lover of the history of the Panhandle-Plains.

Winners Named in Quarter Horse Show

More than 75 quarter horses, their coats burnished and shimmering, went through their paces at Marian Airpark Saturday, Sept. 7 and when the 6th Annual Collingsworth show was over, Katie Wildfire, owned by A. R. Welch of Duke, Okla., was the grand champion mare and Pancho Earl II, owned by Earl Grant of Amarillo was the champion stallion.

Sunday Preacher, belonging to Wiley Reynolds of Pampa, was the grand champion among geldings.

Prior to this, Pancho Earl had won the 1960 stallion class, Katie Wildfire the 1960 mare class; and Sunday Preacher the 1959-1960 gelding class.

Reserve champions also were named, with honors among the mares going to Wahtasie, owned by Lightning Seven Horse Co. of Quanah. The reserve stallion, Poco Chico Jr. was owned by Mix Barton of Canadian, and the reserve gelding, Pesky's Chippy, by Viola L. Stinson of Flomot.

The grandstand was almost full of spectators who sat through the 100-degree weather to watch the judging.

Here are the winners in the various classes, announced by John Holton, chairman, who also announced the show, which was an approved show of the American Quarter Horse Association.

In 1959, Trew was one of 15 men in the nation to be awarded a grant for graduate study by the Fund for Adult Education. He enrolled that fall in the University of Chicago where he completed all course work for a doctoral degree in adult education.

Upon his return to A&M in 1961, Trew resumed his duties as pasture specialist. The following year he was assigned the responsibility for conducting an intensive study of problems and agricultural opportunities in a 40-county area of East Texas.

Upon completion of the study, he was named coordinator of the "Build East Texas" program, a vast cooperative effort to raise net incomes thru development of opportunities in agriculture and related areas.

In addition to his duties as assistant dean of agriculture, Trew will continue for a time to serve as coordinator for the "Build East Texas" program, Dr. Patterson said.

City State Makes First Student Plan Loan

Lanny Lewis, pharmacy student in Southwestern State College, Weatherford, Okla., received the first loan made by the City State Bank under its United Student Loan plan to assist college students, Zook Thomas, vice president, has announced.

Lewis has lived here several years and is married to the former Elouise Bowen. They have a small son. He was graduated from Hollis high school and Clarendon College. He entered Southwestern Tech last year.

The United Student Loan plan, Thomas points out, is nation-wide, but it is in no way connected with or under the supervision of the federal government. It is an organization set up with the sole purpose of helping students get an education.

Loans can be made by City State Bank only to students of this area, although they may attend school in any approved college, Thomas continued.

"Many people cannot believe that this college loan plan is for them. It is," he declared. "Any student who has had one year of college work, and whose work is approved by the college he attends is eligible for a loan."

Set Primitive Baptist Service

There will be a Fifth Sunday Service at the Primitive Baptist Church on Graham Street this week end.

Bro. Hulen Bass of Lubbock will preach Saturday night and Sunday morning, and there will be singing in the afternoon.

There will also be a regular First Sunday service and Saturday night before with the pastor, Elder E. J. Norman of Childress in charge.

Everyone is cordially invited to attend these services.
