

Along The
Waterfront

Down at Good Luck Pier, north of Fulton, the big ones are rolling under the lights at night—the later hours are the best.

H. M. Carr and wife of Austin caught many nice ones during their week's stay—gafftop and trout.

Johnny Bundrin of Rockport has been very lucky this week stringing some nice gafftop.

Tourists are finding the pier a fine place to spend their evenings.

The boat Mary Lou reports: Mr. and Mrs. T. E. Miller and party, San Antonio, 308 trout.

Mr. and Mrs. W. E. Redmond and party, Houston, 153 trout.

Jimmy Boffenberger, Beeville, 120 trout.

Mr. and Mrs. J. W. Vaughan and party, San Antonio, 28 trout.

Mr. and Mrs. Harry Oberkamp and party, San Antonio, 109 trout.

Mr. and Mrs. J. T. White and party, Waco, 142 trout.

Mr. and Mrs. J. C. Carr and party, Fort Worth, 137 trout.

Out at Rattlesnake Point, Mrs. Faucett said, some people have been catching fish.

Jimmy Haese and Willie Ware, San Antonio, 121 trout, one 15-pound red, one 11-pound trout, and one that only weighed eight pounds.

W. W. Braker D. C. Bradford, San Antonio, 28 trout.

Chief Clanton and party, Beeville, 82 trout.

Mr. and Mrs. R. T. Rigamonti, San Antonio, 28 trout.

Mr. and Mrs. Fred Heinsohn, Corpus Christi, 38 trout.

Don Guion, Corpus Christi, two big trout and one seven-pound red.

Ed Roehm, John Hoffman, San Antonio, 10 trout and four reds.

Scots Roberson, Odem, nine large trout.

Edward and Leroy Caro, Frank Mox, Floresville, six gafftops, 20 trout, three drum and 11 reds.

Edwin J. Peterson, San Antonio, and party, 50 trout.

Walter Miller and party, San Antonio, 21 trout.

Dr. H. R. Shultz and party, Rockport, 38 trout.

Clyde Thurman and party, San Antonio, two drum, two reds and 18 trout.

Layne-Texas Awarded
Water Well Contract

In a special meeting held Monday, the City Council declared an emergency in the water supply, and, under the law providing for such a situation, awarded a contract to the Layne Texas Company for drilling of a new well.

The emergency was the result of failure earlier this year by Carl Vickers to complete a well designed to augment the city's water supply.

In the language of the resolution, "it appeared that it might be possible to do without the well during the year 1958, but the extended dry season has severely taxed the present wells and made it imperative that a new well be put into operation without delay."

Layne-Texas was one of the original bidders on the contract awarded to Vickers and the present award was made under those conditions.

LIGHT COMPANY
POLE REPAIRED

The Central Power and Light pole in front of the fire station, which carries main lines to a number of downtown stores, cracked through this week, and necessitated interruption of service until crews with heavy equipment could be brought in to repair it.

Three Announce
For City Council

Three Rockport men have announced their candidacies for City Councilman, Precinct One, in the special election called for Sept. 13, to replace Colonel James W. Porter, who recently resigned from the council.

The first of these, Carl M. Osborn, is well known for his work with the Aransas County Emergency Corps, with the Lions Club and with the Masonic Lodge.

He has been a member of the Lions Club for 33 years, and has held every office in the local clubs to which he has belonged, as well as others in the district. He is past president, past secretary, past zone

chairman, and past deputy district governor, and is now a member of the District Public Relations Committee and the District Governor's Honorary Advisory Committee in District 2A.

He has been a member of the Masonic Lodge for 23 years, and a member of the Aransas County Emergency Corps in Rockport for five, during which time he has also been city fire marshal.

Resident of Rockport for the past 11 years, he is employed by the Rockport Electric Company, and he and Mrs. Osborn also own and operate the Edgewater Trailer Park.

The second candidate for the position, James Little, is a son of Mr. and Mrs. Ted Little of this city, and a member of the firm of Ted Little and Sons, who specialize in marine work of all kinds, and particularly in the burying of pipelines on the bottoms of Texas bays.

Little was born and raised in Rockport, is a graduate of Aransas County High School and of Del Mar Junior College. He has served two years in the army, the majority of it at Ft. Sill, Oklahoma.

He is married to the former Berta Gene Shults, daughter of Mr. and Mrs. Gene Shults of this city, and they have two children, Jeffrey Ted and Laurie Sue.

The Littles are members of the Presbyterian Church, in which Jimmy has held a number of offices.

The third candidate is Jack Horton, well known to residents of the city through his long residence here, where he is the owner and proprietor of Oleander Courts south of town, and of a swimming pool where many of the younger generation of Rockport have learned to swim.

For many years principal of the Pasadena High School near Houston, where Mrs. Horton also taught, he came to Rockport to build up Oleander Courts from scratch. Later he was joined by Mrs. Horton.

A long-time member of the Chamber of Commerce, where he has served on many committees and has held many offices, for the past several years he has been principal of the local high school, resigning last spring in order to give more time to his private business.

Mr. and Mrs. Horton are pillars of the First Methodist Church, and both of them have held many offices in that congregation.

Red Cross Meets,
Committees Named

At a meeting of the executive board of the Aransas County Chapter of the American Red Cross, Wednesday night, committee chairmen and members were named, a schedule of meeting dates set and the budget adopted.

Charles Ankele was named disaster chairman, with members of the Aransas County Emergency Corps to serve with him; Mrs. J. H. Malchar, home service chairman, and Oliver Brundrett to serve with her; Judge John D. Wendell, fund raising chairman, with Mrs. R. L. Hart and Carl M. Osborn to assist him; Mrs. S. F. Jackson, public information.

Miss Iris Sorenson, chairman, read her report to national headquarters.

The schedule of meeting dates for the year 1958-1959, was set as follows: Oct. 30, 1958; Feb. 26, 1959; June 25, 1959; July 20, 1959, and Aug. 5, 1959.

The budget as adopted includes—home service, loan, \$200, grant, \$500; other service expenditures such as postage, telephone calls, etc., \$75; first aid and water service, \$50; general management, \$50; total, \$875.

Rockport Pep Squad
Will Attend School

Cheerleaders for the Aransas County High School left Sunday for Huntsville, where they attended the Sam Houston State Teachers' Cheerleaders' School, Aug. 4-8.

In the group were Mary Lucille Jackson, Barbara Barrard, Betty Johnson, Georgia Benningfield, Barbara Wright and Jeraldne Wright.

They will be accompanied by Miss Elsie Bob Farris, physical education instructor, and Mrs. Norvell F. Jackson.

TOO MANY STARS—Though these flags look as though somebody miscounted, they deliberately have too many stars. They were proposed by the flag-making Annin and Co., of Verona, N.J., as new formations if Alaska and/or Hawaii are admitted to the Union. Caroline Borthwick, left, holds one with 49 stars while Gladys Eide has one with 50.

Stripping Plant
Site Optioned on
Lamar Peninsula

The Tennessee Gas Transmission Company has taken a 90-day option on acreage in Lamar Township, and informed sources here say that this is for construction of a stripping plant to handle gas from the 71 oil and gas fields in Aransas County.

Estimates of the number of men to be employed range from 25 to 50.

D. N. Gregory, of the company's office in Victoria, handled local negotiations with Fred A. Bracht, executor of the L. M. Bracht Estate, which owns the land.

Courthouse records disclose that the purchase price for the tract, as stated in the option, is \$25,000 for the 30.853 acres, which includes all of blocks 64, 65, 66, 76, 77, 78, 88, and 89, and six lots in Block 90 of the W. M. Lewis Survey in Lamar, lying between Highway 35 and Copano Bay.

Douglas B. Schick, public relations director for the company, when contacted in Houston, declined to comment. Company policy, he said, dictated that a news release would only be issued after the sale was completed and construction ready to begin.

Jones' Opening
Big Success

The cash register jingled exactly 11,500 times last Friday when Jones' Variety Store opened, and Bill Jones himself estimated that between 2500 and 3000 people had entered the doors between eight o'clock in the morning and six in the evening on the first day of the store's existence as a going concern.

Jones said that he was sorry that he did not have a full line of merchandise, as some of his leaders were still coming in, but all merchandise should be in by the end of this week, before the opening sale closes Saturday night.

The door prizes will be given away Saturday night at 7 o'clock, and the drawing for them will be on the parking lot alongside the new store.

The first prize for the youngest whose name comes out of the hat will be a 26-inch bicycle. If a boy wins, it will be a boy's bike; if it's a girl that's lucky, it'll be the very latest thing in girls' bicycles.

Adult prizes include a 53-piece dinner set and a 14-piece punch bowl set, as well as a hundred merchandise certificates ranking in value from \$1 to \$5, that can be used in the store itself.

Jones said that he was well satisfied with the volume of business that had been enjoyed by the new store, and that he was very thankful to all those who had made the opening such a success.

Evangelistic Services
To Open at Rockport

A series of evangelistic services is scheduled at the Northside Baptist Church beginning Sunday, Aug. 10 and continuing to Aug. 17, according to the pastor, the Rev. Buford E. Harris.

The speaker for the nightly services will be the Rev. Harold Ritchey, pastor of the Austin Heights Baptist Church of Port Lavaca. Harris will lead the song services. A special prayer service will be held on Aug. 8 at 7:30 p.m.

The "Pack-Pev" plan has been adopted as a feature of revival, with each member of the church attempting to fill two pews the last night.

New Commander
Of Squadron
Is Career Man

Major Verle Harris, new commander of the 813th Aircraft and Warning Squadron at Rockport, is a career man in the Air Force, having joined as airman at March Field in 1937.

In World War II he served in Panama, the South Pacific, Australia and the Philippines with the Air Materiel Command. From the Philippines he was ordered back to the United States, where he attended various electronics and communications schools, and later served three years in Hawaii, after the war.

On his return from the Islands he was assigned to the Air Training Command in this country. Among other assignments he served two years at Mather Air Force Base, and two and a half years at the headquarters of the FTAF in Waco.

From Waco he went to Japan, and spent 40 months at Misawa Air Base, in northern Honshu, and from there was ordered to Rockport to take command of the base, superseding Captain Burt Smith.

Major Harris was married in Yuma, Arizona, and he and Mrs. Harris have two children, a daughter, Pamela Rae, who is 16, and an eight-year-old son, Alfred V.

Asked when personnel of the 813th could be expected to reach its full strength of approximately 12 officers and 190 men, Major Harris said that it would probably be some time in 1959, although some men were coming in to take part in the radar school which will start later this month.

Final Surveys on Cedar
Bayou Now Underway

Lockwood, Andrews and Newnam, consulting engineers of Corpus Christi, now have underway the final location, topographic surveys and soil investigations necessary for preparing detailed construction plans at Cedar Bayou.

These plans, according to Homer Innis of the consulting firm, should be ready within the next 60 days for award of the construction contract.

Preliminary planning called for a channel 80 feet wide at the bottom, with a depth of 12 feet, with two feet overdigging allowed.

Two routes from Mesquite Bay to the Gulf were originally contemplated.

One, 11,000 feet long, led across Matagorda Island, and was predicated on securing right-of-way from Texas oil man Toddie Lee Wyner. The other, 18,000 feet long, followed the old route of Cedar Bayou, and no right-of-way needed to be secured.

It is this latter route that is being surveyed, and which will be straightened as the work gets underway. Bars at the Mesquite Bay end of the cut will require more or less extensive excavation, as will those at the Gulf end of the pass, the engineer said.

ABSENTEE BALLOTING
NOW UNDER WAY

Absentee balloting for the Democratic run-offs, scheduled for Aug. 23, is now under way, having started on Monday, Aug. 4. Ballots may be obtained from the county clerk, Mrs. James C. Herring, and must be filled out before Tuesday, Aug. 12, when such balloting stops.

Sheriff's Dept. Catches
Four In Vandalism Wave

Four Teenage Rockport Youths Cause Damage To Store Fronts on Austin Street with Pellets From Air Pistol Target Practice on Windows

The Aransas County Sheriff's Department, with the arrest of three youths and the issuance of a warrant for a fourth Tuesday, broke up a wave of vandalism that resulted in damage to store fronts amounting to between \$1000 and \$1500.

According to Sheriff A. C.

Shivers, plate glass windows in Marineland, Roatan's new drug store, Cox's filling station, Johnson's Drug Store, Byrons Gifts, and the First National Bank all showed holes and cracks, the result of bombardment with pellets from high-powered air pistols.

Shivers and deputy sheriffs Sherman Mundine and Walton Haynes made the investigation which resulted in apprehension of three Rockport teenagers and obtained evidence implicating a fourth.

In a statement made after their arrest, three of the boys admitted damaging Marineland windows, where damage was estimated at between \$300 and \$400, but maintained that other damage was accidental. It came, they said, from ricocheting bullets fired at signs along Austin Street. These were used as targets as the quartet careened along the street in a car.

Bond was set at \$750 in each case before the examining judge, and the youths were bound over to the next session of the Aransas County Grand Jury.

Chamber Urges That
Street Dispute
Be Settled Soon

The Chamber of Commerce directors, at their regular meeting, authorized a resolution in regard to the dispute over right-of-way for Highway 35 Business Route through Rockport.

This resolution urged that parties to the dispute endeavor to come to a friendly and equitable solution of the problem as quickly as possible, in order not to lose the Highway Department appropriation now earmarked for this purpose, with consequent delay to the project.

Briefly, the trouble first flared when highway engineers, surveying for the route through town, discovered that three buildings belonging to S. F. Jackson and one belonging to Roy Hinton protruded into the street and would have to be moved before the highway work could proceed.

At the last council meeting, Jackson, through his attorney, Ellis L. Clark, did not concede that the street was more than 76 feet wide, but he did offer to agree to moving the buildings and widening the street if the city would pay the costs. The council, however, took no formal action at that time.

Without going into the whys and wherefores, suffice it to say that, unless the right-of-way can be cleared up by Sept. 15, only a little more than a month away, Highway Department funds amounting to over \$200,000 will be reallocated and the whole project will have to start over again. This may be a year or two years from now, hence the Chamber of Commerce concern with the situation.

It was brought out during the discussion that one house mover had given an estimate of about \$1500 to move the three Jackson buildings and had stated that the move ought not to cost over \$2000 at the outside.

In other action, the directors expressed their concern over another bottleneck in the city's growth.

Land titles around portions of the Rockport and Fulton harbors have long been unsettled, largely because of land accretions in both places. The Chamber's directors, cognizant of this fact, passed another resolution, directed to commissioners of Aransas County Navigation District. This resolution urged that the commissioners do everything possible to expedite settlement of titles in the disputed areas as soon as possible, leaving the way clear for either industrial or hotel development that would be deterred by clouded titles.

Mrs. Mary Juergens, manager of the Chamber, reported two new members, Jones' Variety Store and Kelso's Gulf Station.

EASTERN STAR TO
HAVE RUMMAGE SALE

The Order of the Eastern Star is giving a rummage sale on Aug. 16, starting at 9 a.m., and will have home made cakes, pies and coffee, in front of John Sorenson and Sons Grocery.

Mrs. Leon Barber and son, Ronnie, will return this week from a month's visit in Three Rivers, with Mrs. Barber's grandmother, Mrs. J. D. Epperson.

Seamen Win Again

The Rockport Seamen continue on their winning streak at home when last Sunday they downed the Corpus Christi Pirates by a score of 10-0. It was the third game in a row that the Seamen have won by a good score to their opponents' zero. The last games played on the home field were July 13 when the Seamen played host to both McFaddin and Tivoli and beat both teams 15-0 and 5-0 respectively with John Chupe, Jr., pitching the first shut-out and Bill Bathrope pitching the second. This time it was Chupe again going the full distance. The Corpus Christi team had previously beaten the Seamen by a score of 15-5 in Corpus Christi. This coming week the Seamen are traveling to Victoria for a game there. It should prove to be a good game. The lineup for last week was: V. Flores, catcher; J. Chupe, Jr., pitcher; Bill Bathrope, first; Robert Garcia, second; Larry Falson, third; Charles H. Smith, short stop; Martin Pena, left field; D. Chupe, center, and Pete Ramirez, right, with P. Flores subbing later in the game.

ELECT JOHN H. FLINN

And even as late as 1914, the game went merrily on.

The old Nicaragua, whose bones lie on Padre was reputed to be a gun runner, wrecked by Federalists.

Cy Farley, over at Aransas Pass, remembers when the Grampus, a snapper schooner out of Galveston, was wrecked on Padre Island about 1914, just south of old Yarrowborough Pass.

"Odie Seagraves, the same one that was mixed up in the mess about the stolen Gulf maps, was salvaging her cargo," he said.

"He had a diver from the west coast who was working from a raft offshore, and he was having lots of trouble with turtles. One of them had taken a bite out of one of his arms, and another one had chewed on one of his legs, and he wouldn't go down when there were any turtles around.

"Seagraves ran up and down the beach between the Grampus and Port Aransas on a motorcycle and then he'd get a new one. At one time we must have had a dozen motorcycles laying along Padre and Mustang Island beaches.

"The diver was bringing up the Grampus cargo — guns in lead-lined boxes and boxes of ammunition. They brought them to the old warehouse on Harbor Island, owned by the Aransas Compress Company, which used to ship a lot of cotton from there.

"They brought them up from the Grampus on wagons and ferried them across to the warehouse, where they gave the guns and ammunition an acid bath, and I think sent them on to Mexico later.

"This was about the time of the Diaz revolution," Farley said.

Patent medicine consumption increased 740 per cent from 1880 to 1910 while the population increased only 83 per cent.

GUN RUNNING NOTHING NEW

Gunrunning is an old Texas custom, and no one in these parts is very surprised that officers found a cache of arms in Houston destined for the Cuban insurgents.

Forty years or so ago, there was a long, lean, sharp-bowed steam yacht around this part of the coast whose great virtue was that, even in those days she could clip thru the waves at 23 or 24 knots.

While not as fast as a destroyer of 1958, this speed had its uses.

Named the Hornet, this yacht had a long record of gunrunning and filibustering, and she used to slide in over the bar at Port Aransas, where she'd lay at anchor until it was time for her to rendezvous with arms loaded schooners offshore, to take their cargoes and head for some South American or Mexican port.

Some stories say that she was once a gunboat in the United States Navy, that was sold at auction, the way they used to do those things, and used for filibustering expeditions to the South American republics, which then as now, were in a continual state of ferment.

During the Mexican revolution—ary disturbances about 1910 or 1912, she was used to carry munitions of war to revolutionists in our sister republic until she was finally impounded at New Orleans and auctioned to an oil company to haul oil barges between Tampico and Port Aransas and Galveston.

CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.
SJR #3—Number Nine on the Ballot.

SENATE JOINT RESOLUTION NO. 3 proposing an amendment to Article IX of the Constitution of the State of Texas, by adding thereto a new section to be known as Section 5, to provide that the Legislature may authorize the creation of a Hospital District coextensive with the incorporated limits of the City of Amarillo, Texas; authorizing the County of Potter to render financial aid to and participate in the operation of such Hospital District; authorizing the Commissioners Court of said county to assess and levy taxes on property outside the incorporated limits of such city; further authorizing countywide Hospital District for Wichita County, Texas, and authorizing the creation of two districts in Jefferson County, Texas, and further providing that any enabling Acts shall not be invalid because of their anticipatory character.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be, and the same is hereby amended by adding thereto another section to be designated as Section 5, which shall read as follows:

"Section 5. (a) The Legislature may by law authorize the creation of a hospital district, one to be coextensive with and have the same boundaries as the incorporated City of Amarillo, as such boundaries now exist or as they may hereafter be lawfully extended, and the other to be coextensive with Wichita County.

"If such district or districts are created, they may be authorized to levy a tax not to exceed Seventy-five Cents (75¢) on the One Hundred Dollars (\$100.00) valuation of taxable property within the district; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property taxpayers voters who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections so long as obligations are not impaired, and not to exceed the maximum limit of Seventy-five Cents (75¢) per One Hundred Dollars (\$100.00) valuation, and no election shall be required by subsequent changes in the boundaries of the City of Amarillo.

"If such tax is authorized, no political subdivision or municipality within or having the same boundaries as the district may levy a tax for medical or hospital care for needy individuals, nor shall they maintain or erect hospital facilities, but the district shall by resolution assume all such responsibilities and shall assume all of the liabilities and obligations (including bonds and warrants) of such subdivisions or municipalities or both. The maximum tax rate submitted shall be sufficient to discharge such obligations, liabilities, and responsibilities, and to maintain the hospital system, and the Legislature may authorize the district to issue tax bonds for the purchase, acquisition, repair or renovation of improvements and initially equipping the same, and such bonds shall be payable from said Seventy-five Cents (75¢) tax. The Legislature shall provide for transfer of title to properties to the district.

"(b) The Legislature may by law permit the County of Potter (in which the City of Amarillo is partially located) to render financial aid to that district by paying a part of the expenses of operating and maintaining the system and paying a part of the debts of the district (whether assumed or created) by the district and may authorize the levy of a tax not to exceed Ten Cents (10¢) per One Hundred Dollars (\$100.00) valuation (a) in addition to other taxes permitted by this Constitution) upon all property within the county but without the City of Amarillo at the same such levy is made for such purposes. If such tax is authorized, the district shall by resolution assume the responsibilities, obligations, and liabilities of the county in the manner and to the extent hereinabove provided for political subdivisions having boundaries coextensive with the district, and the county shall herein provided for hospital purposes for providing hospital care for needy individuals of the county.

"(c) The Legislature may by law authorize the creation of a hospital district within Jefferson County, the boundaries of which shall include only the area comprising the Jefferson County District No. 7 and the Fort Arthur Independent School District, as such boundaries existed on the first day of January, 1957, with purpose of purchasing a site for, and the construction and initial equipping of, a hospital system, and with the power to levy a tax not to exceed Seventy-five Cents (75¢) on the One Hundred Dollars (\$100.00) valuation of property therein for the purpose of paying the principal and interest on such bonds.

"The creation of such hospital district shall not be final until approved at an election by a majority of the qualified voters voting at an election called for that purpose, and the county shall by resolution rendered their property for taxation upon the tax rolls at either said drainage or said School District, nor shall

such bonds be issued or such tax be levied until so approved by such voters. The district shall not have the power to levy any tax for maintenance or operation of the hospital or facilities, but shall contract with other political subdivisions of the state or private individuals, associations, or corporations for such purposes.

"If the district hereinabove authorized is finally authorized to vote, the hospital district may be created embracing any part of the territory within its boundaries, but the Legislature by law may authorize the creation of a hospital district incorporating therein the remainder of Jefferson County, having the powers and duties and with the limitations presently provided by Article IX, Section 4, of the Constitution of Texas, except that such district shall be confirmed at an election wherein the resident qualified property taxpayers voters who have duly rendered their property within such proposed district for taxation on the county rolls, shall be authorized to vote. A majority of those participating in the election voting in favor of the district shall be necessary for its confirmation and for bonds to be issued.

"(d) Should the Legislature enact enabling legislation in anticipation of the adoption of this amendment, such Act shall not be invalid because of their anticipatory character."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at the general election to be held on the first Tuesday after the first Monday in November, 1958, at which election all ballots shall have been printed thereon:

"FOR the constitutional amendment authorizing the Legislature to create a Hospital District coextensive with the incorporated limits of the City of Amarillo, Texas, and authorizing Potter County to render financial aid to and participate in the operation of said Hospital District, and further authorizing the Legislature to create a countywide Hospital District for Wichita County, Texas, and Hospital District in Jefferson County, Texas."

"AGAINST the constitutional amendment authorizing the Legislature to create a Hospital District coextensive with the incorporated limits of the City of Amarillo, Texas, and authorizing Potter County to render financial aid to and participate in the operation of said Hospital District, and further authorizing the Legislature to create a countywide Hospital District in Wichita County, Texas, and Hospital District in Jefferson County, Texas."

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Blessing of Fleet At Aransas Pass Set for Aug. 31

Aransas Pass—His Excellency, the Most Reverend Adolph Marx, D.D., JCD., Auxiliary Bishop of the Corpus Christi Diocese, will bless the shrimping fleet in Aransas Pass as part of the Shrimp-O-Ree celebration which lasts from Aug. 29 through Sept. 1. Reverend Marx will conduct the blessing of the fleet on Sunday, Aug. 31, at 1 p.m., and will be assisted by many of the clergy of the Catholic Church, who have been invited to come from neighboring towns. The program for the blessing will open with a hymn, and will be followed by an address delivered by the bishop, and will culminate in the blessing of the boats and harbor, as the boat he and his entourage are upon circles the basin and pauses for him to bless each individual boat. Following the blessing of the fleet, there will be a parade of decorated vessels around the harbor. The parade, which is jointly sponsored by St. Mary's Star of the Sea Catholic Church and the Junior Chamber of Commerce, promises a better group of prizes this year, donated by local business men. Prizes will be awarded to first and second place boats in both light and heavyweight divisions. Sponsors of the affair anticipate a large crowd from the surrounding area, and boats from Rockport and Corpus Christi to take part in the event, which has become one of the most colorful along the Texas coast.

JOHN H. FLINN

District Attorney

36th Judicial District

San Patricio County, the home of all three candidates for District Attorney, gave John H. Flinn a clear majority of the votes cast in the July Democratic Primary.

It is significant that the people who know all the candidates best overwhelmingly supported John H. Flinn.

In the run-off, vote for John H. Flinn for District Attorney of the 36th Judicial District.

NEW TELEPHONE DIRECTORY

The delivery of the 1958 issue of the Rockport Telephone Directory causes me to look back for comparisons.

Twelve short years ago in 1946, there were less than 400 telephones in and around Rockport. Steady growth during the years between has multiplied that figure almost four times, until today we have 1517. And the growth continues to be steady and solid month by month.

A glance at the yellow pages of your new directory will show you hundreds of businesses who will buy, sell, rent or repair. So when you're in a hurry and want to save time—shop the easy way—use the yellow pages.

NEW CURE FOR THE BLUES

I've always heard that women have a sure cure for the blues. Go out and buy a new hat!

Well, I'm not knocking hats or anything like that, but next time you need perking up, try ordering yourself a new extension telephone—in color.

Phones now come in cherry red; moss green, pastel yellow; aqua blue; light gray; rose pink; ivory; white; and light beige. They're not expensive, either. The one-time charge for a color phone is just \$10. Installation and monthly rate are exactly the same as for a standard black extension.

With a glamorous looking, step-saving, extension phone in your kitchen or bedroom, or alongside your sewing table, you'll be just a whole lot perkier.

TIPS FOR TRAVELERS

Whether you're on vacation or business, traveling by auto is a pleasant and handy way to go.

And when you're making a trip, Long Distance telephone service can be a mighty useful traveling aid.

When you start out on a long trip, for example, you can't always be sure how far you'll get by nightfall. By lunch time or early afternoon, though, it's pretty easy to decide on an overnight stopping point. And that's the time to get to a telephone and call ahead for reservations.

At the end of a long, hot drive, just knowing you have comfortable accommodations waiting is worth a lot to your peace of mind.

Call by number. It's twice as fast.

Venice Is Gorgeous Says Miss Jarboe

As the European tour of the Misses Marjory and Maud Jarboe continues, another letter has arrived, to allow the Pilot's readers to take part in their journey.

"Venice is gorgeous," says Marjory, who does the writing, while her sister, Maud, takes the photographs. "I love the water, you know, and it is all over here—marble buildings rising out of the water, gondolas tied at the door—

step with a gondolier as one would have a chauffeur. The sidewalks and the canals are interlaced throughout the city—everything is colorful. The gondoliers wear those straw hats and typical shirt and trousers. The gondolas—and there are lots of them—are passed by motor-driven Volga river type barges, Chris-craft, and even cabin cruisers.

"We are going to the Feast of the Redeemer tonight. It celebrates the ending of the Black Plague in 1576. All floating gondolas (no motors) assemble in a huge canal (not the Grand Canal, which our hotel is on) strung with lanterns. Several gondolas are decorated with colored lights, one a giant garden basket, another a temple; each lighted gondola has a band; there is one central orchestra with a speaker in the largest. The sidewalks and storefronts on both sides for almost a mile have lanterns draped across the front. Fireworks start, which burn as torches, illuminating the storefronts—green, blue, white. Then skyrockets bursting in a succession of colors flowering out from one burst—green, red, blue—then gold tracers which burst—white silver scintillating and sparkling—until the smoke is so thick they wait a few minutes for it to clear before beginning all over again. This happens three times, and, in all, lasts about two and a half hours. The reflection of the blue, green, red, and golden fireworks in the water is striking and silhouettes the boatman against the sky.

"Gondolas are made of teak and only are added to when one is destroyed. The gondoliers are a family line since the 1700's when Venice was in its prime. They (the gondoliers) are works of art: black, with carved wood and a silver-like

metal bow. They are graceful and are a cross between a kayak and a rowboat.

"All the buildings (old ones) have their floors supported by wooden beams which make the buildings rather elastic so they can last so long. The Ducal (Doges) Palace (seat of Venetian republic until 1700's) has one room 190 feet long by 90 feet wide, with a 50-foot high ceiling, supported by beams as our ceilings, then boarded in, built in 1358. Buildings rest on pine pounded into the marsh 13 feet, almost solid, like an upside-down forest—sand lower between spaces; the pines are filled with marble and an adhesive dust of some stone.

"Another gondola ride and we're off for Innsbruck. We are traveling hard and only have time to fall in bed after our scheduled events.

"Didn't see Lido," Marjory tells

her parents, Mr. and Mrs. James A. Jarboe, "as it's too crowded on Sunday and not enough time. Saw a glass factory (lovely).

"We've sent you a couple of packages, but I don't know when you will get them; it might take a month. Got a bronze (green) water sprite statue, about two and a half feet high, a small child holding a toad which spouts water. He is "Putto Con Rana" which no one can translate so far. He won't arrive until after Maud gets home for local customs. We think he's very cute.

"We are having a marvelous time, but will be glad to see you."

ROCKPORT ANGLING WRITE-UP IN HOUSTON CHRONICLE

Rockport, a neat little town far enough away from Houston to be a vacation spot, gets a pat on the back this week from Bob Brister, outdoor writer for the Houston Chronicle.

In an extensive article that appeared Sunday Brister discusses the reasons for Rockport's peerless angling, and looks forward to the day when someone will figure out how to catch the big trout in these bays on a hook and line.

Mrs. John R. Downs was honored at a shower recently by members of the WMU of the Fulton Baptist Church. Late summer flowers centered the tea table which was laid in white linen.

Mrs. Lynn Carleton and Mrs. William Johnson served.

PIRATE BAND MEETING MONDAYS

The Pirate Band, from Aransas County High School, has been meeting every Monday, Tuesday and Thursday evening in the band hall at the high school, according to Director Jerry Hoffman, getting ready for the opening of the school season.

All members and interested parties are urged to turn out as consistently as possible, Hoffman said, as practice is badly needed.

Mrs. Paul Stewart has returned to Rockport after a four months' tour of Europe. Mrs. Stewart made her headquarters at an army post in Germany, where her son-in-law, Colonel Wilson Hawkins, is commander. She visited Holland, Austria, England, France, and the World's Fair at Brussels, Belgium.

MR. AND MRS. BISSETT HAVE AUSTIN VISITORS

Mr. and Mrs. James Bissett, of Austin, and their little daughter, Vicki Ann, have been visiting here with James' grandparents, Mr. and Mrs. Stanley Bissett of Rockport. James recently returned from the ROTC camp at Fort Leonard, Missouri, where he spent six weeks. He will re-enter the University of Texas this fall.

Our word, "dollar," comes from the German "daler" or "thaler," first used in 1519.

MRS. SIPE SELLS DOZEN LITTLE BAY SHORES LOTS

Mrs. R. B. Sipe, local real estate operator, sold a dozen lots this past week in Little Bay Shores, all of them on the bay front.

One man bought five, Mrs. Sipe said; another bought two, and the rest were single sales.

This marks the end of Little Bay Shores property available on the waterfront, she said.

In medieval times use of ermine fur was restricted to royalty.

Barbara Kilpatrick To Be Pianist at Youth-Led Revival

When the youth-led revival gets under way late next month at the First Baptist Church, Miss Barbara Kilpatrick will be the pianist assisting James R. Draper, Jr., who will lead the revival.

Miss Kilpatrick will be assisted in furnishing the music for the

revival by Broadman Ware of Brownsville who will lead the singing. Miss Kilpatrick is a native of

Arlington, Texas, and goes to Arlington State College, where she is sophomore.

She is a graduate of Arlington High School, where she took part in various extra-curricular activities, including the choir, band, F.H.A., was a member of the National High School Honor Society, was Girl-of-the-Month, and Rotary Club Sweetheart.

She belonged to the Baptist Student Union, was an accompanist for the choir, was a member of Phi Kappa Theta, and was listed in "Who's Who in the Music Department."

She plans to enroll in North Texas State at Denton this fall.

She has been assistant organist at the First Baptist Church in Arlington, belonged to the Invincibles, and has taken part in revival work before she became a member of the team of young people who will lead the revival here.

EIGHT ROCKPORT GIRLS AT YOUTH MEETING

Carol Kinsel, Glenda Brundrett, Sherry Garrett, Dorothy Rowe, Mary Ann Barber, Sherry Lee McElwee, Lynda Jo Dowdy and Peggy Chambers attended the Theta Rho Youth assembly in San Antonio last week. They were accompanied by Mrs. Neva Serenson, and Mrs. Alton Kinsel.

REBEKAHS HOLD POT-LUCK SUPPER

The Rebekahs held their regular birthday and pot-luck supper last Thursday evening at the IOOF Hall.

After routine business was transacted, a bingo party was enjoyed by all those present.

Out-of-town guests included Nellie and Tom Bohler, Linne and O. A. Whittington, Bessie and Henry Brewer, all from Kingsville Lodge No. 215, and Marie Condley, of Rockport.

Thanks, Folks,

for everything.

Your help and support has been greatly appreciated. Also, we welcome, into our camp, those who may have seen fit to vote for one of the other fine candidates.

Our platform is simply: HONEST government in a FRIENDLY atmosphere.

Mr. and Mrs. Bruhl Entertain Baroness

Mrs. Gladys Gibson, daughter of Mr. and Mrs. A. L. Bruhl, returned to her home in Corpus Christi last week after an extended visit with her son, Charles Gibson, in New York. Charles accompanied her home as part of his vacation.

On Sunday, Mrs. Gibson and Charles visited Mr. and Mrs. Bruhl, bringing with them their guest from New York, former Baroness Tel Sato of Tokyo, Japan. A dinner was given for the guests at the Shrimp Net.

Madam Tel Sato and her husband had entertained numerous times for young naval officers stationed in Tokyo during World War II, thus a friendship had developed between them and Mr. Gibson. She has been studying merchandising in New York and is flying back to Tokyo this week.

TO THE VOTERS OF PRECINCT 1 and 1A

I wish to express my gratitude for the fine vote of confidence you gave me in the recent primary election.

I will greatly appreciate your support in the Run-Off Election, Saturday, Aug. 23.

If I am elected I will serve you to the very best of my ability.

Golden Wedding Anniversary

Mr. and Mrs. James M. Smith of Rockport will hold open house Sunday, the 10th of August, at their home, 407 Austin Street. Their friends are invited to call between three and six in the afternoon. Mrs. Smith, the former Rowena Haywood, and Mr. Smith were married August 9, 1908, at Kenedy, Texas, by the Rev. C. A. Earl, and lived in Karnes County until 1937 when they came to the coast. They have one son, Wayne, of Aransas Pass and one granddaughter, Lynda Jan.

Mrs. I. C. Thurmond
One of Charter Members
Of Port Bay Club

Mrs. I. C. Thurmond, a well known Rockport visitor from up Amarillo way, is the only living charter member of the Port Bay Club, and one of the few people who now remember the great XIT Ranch of West Texas in all its glory, possibly because her children now own much land that was once part of the ranch.

The XIT in its day was the most extensive Western range ever placed under one barbed wire fence. Neither desiccated time nor trying circumstance has dimmed the imaginative splendor of this bold enterprise burnt in the hides of hundreds of thousands of Texas cattle—the enterprise that built the Texas Capitol in exchange for three million acres of Panhandle

prairie.

Mrs. Thurmond's children, Mrs. Ted Houghton, and her two brothers, J. Malcolm Shelton and Jim Shelton, are now owners of much acreage in the area that originally was included in the XIT itself.

Long friends with the James H. Sorensens, Mrs. Thurmond and her sons and daughter recently entertained Jimmy, his mother, and Mr. and Mrs. Dick Picton and their sons at the ranch.

CHURCH LEAGUE
BASEBALL FINISHES

The Methodist team were winners in the Little League this year, but were trounced Friday night by the All-Stars coming out at the short end of a 9-5 score.

The Sacred Heart team, winners of the Pony League, also played the All-Stars, losing with a score of 6-5.

This closed the season.

Local Lions Attend
Kerrville Staff Meeting

A. L. Bachman, Lions Club Zone chairman in District 2A, Region 9B, with Mrs. Bachman and Carl Osborn, member of the District Governor's Honorary Advisory Committee, attended a staff meeting of the new Lions' District Governor Leonard Johnson, held at Kerrville Lions' Camp for Crippled Children on Saturday and Sunday, Aug. 3-4.

This camp has cared for 3415 handicapped children since its founding, according to Osborn.

These children are privileged to stay for a period of two weeks, during which time they enjoy all the pleasures of any youth's camp, geared to their own infirmities.

This is a free camp for any handicapped Texas child between the ages of 7-16, Osborn said, and the Lions of the state are now contributing approximately \$226,000 a year to the project. Their investment in grounds, buildings, and equipment is nearly a million dollars.

Osborn asks that any person knowing of a child partially blind, polio-handicapped, deaf, or otherwise unable to go to a regular camp contact any Lion, so that the youngster can be sent to this camp during the summer.

During the past year, he said, from September to June, 51 blind adults enjoyed the fruits of another Lions' project, also at the Kerrville camp. There they underwent rehabilitation courses. Since then, 60% of these people are gainfully employed, a remarkable figure when it is compared with the national average of 5% for like schools elsewhere.

Cost per month of such rehabilitation is \$330 per person, and the Lions believe this is money well spent, as even the other 40% have been helped until they are no longer burdens to their families.

All states now have stringent laws against dueling.

IT'S THE LAW
in TexasWHO INHERITS PROPERTY
IN ABSENCE OF WILL?

What will happen if you should die without executing a legal and proper will? Who will inherit your property? Your husband, wife, mother, father, children, your wife's relatives? The best way you can say who will have it is to provide a will which will protect your rightful beneficiaries and dispose of your property in accordance with your wishes.

When a deceased has no will, or dies "intestate" as the law calls it, the property of that person is distributed according to a detailed formula fixed by law. In some cases this may be the way you yourself would divide it—but in many cases it is not.

The provisions of the law concerning the distribution of the property of a person who dies without a will are rather complicated, and all of the possibilities cannot be covered by a general statement.

There are different rules for real estate and for personal property, for community property and for separate property, for homestead property, and for all of the many possible combinations of surviving relatives. Each situation must be carefully studied to determine the correct distribution of the property.

For example, here is a general idea of how the community property which you and your spouse have accumulated will be divided if you do not make a will prior

HAPPY, HAPPY ME—Things are looking glorious for this camel at New York's Bronx Zoo. He seems to be polishing up an ingratiating approach to impress the female of the species in the spring mating period.

to your death.

If your husband or wife survives and there are no children, the surviving spouse receives all of the property.

If, in addition, there are surviving children or descendants of deceased children, they would divide one-half of the property, while the surviving spouse would receive the other one-half.

Of course, grandchildren do not share in the estate unless their parent who would inherit is deceased. And when descendants of previously deceased children do inherit, they receive only the portion that the child would have received, regardless of the number of such descendants.

An odd note, perhaps, is that the surviving spouse already owns

one-half of the community estate prior to your death, and the law adds nothing to this share where there are children surviving.

When there are only children and their descendants surviving, they divide the entire community estate between them.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Daniel Defoe, creator of "Robinson Crusoe," wrote some 30 books in the last four years of his life.

Summer Bargains

in Better Living for your family

Family Entertainment
less than **1c** an hour

Whether your taste runs to a sage of the old west or a big hour spectacular... the whole family can enjoy a full hour's entertainment on TV for less than a penny's worth of electricity.

Cooler, Cleaner, Easier Cooking
only **2c** a meal

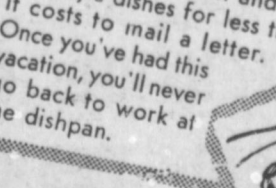

For two cents, electricity will do your pot-watching while you're away at work or play. Besides, an electric range is a big money-saver for air-conditioned homes!

Vacation from Dishwashing
only **3c** a day

Electricity will wash and dry all the day's dishes for less than it costs to mail a letter. Once you've had this vacation, you'll never go back to work at the dishpan.

Music for your Party
3 hours for **1c**

Dance to your favorite records or tune in your radio. The electricity costs only a penny for 3 fun-filled hours.

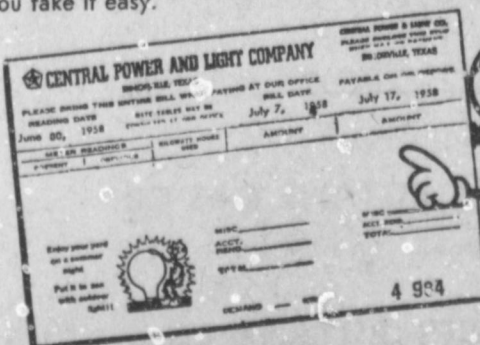

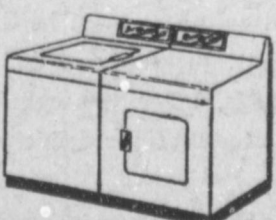

Cool, Restful Night's Sleep
only **10c to 25c**

Electricity to operate a window air-conditioner in your bedroom usually costs less per night than a pack of cigarettes—depending on how cold you like it, how big the room, how long you sleep.

Washday Holiday
as low as **5c**

Your automatic washer and electric dryer will do the laundry for about five cents per load—while you take it easy.

These wonderful values — and many more — are yours at the touch of a switch. And even though your electric bill may be higher, just think of the many new ways you use work-saving, comfort-giving electric service. And remember — your dollar buys twice as much electricity today as it did 25 years ago. More than ever before, electric service is the biggest bargain in your family budget!

HOME LIGHTING
DEMONSTRATION GIVEN
AT COLE HOME

Mrs. Virginia Benson, CP&L advisor on home lighting problems, presented a most interesting program at a coffee held in the Cecil Cole home last Thursday morning. Various light bulbs were discussed and their uses in the home demonstrated. Mrs. Benson, who presents such programs on request as a part of the CP&L service, used a shadow box to show relationships between light and color, and colored slides illustrated a typical home, before and after light conditioning.

There were 10 guests present, seven of whom requested Mrs. Benson's assistance in planning and revising their home lighting.

Mrs. Cole, hostess, served coffee and cookies to Mrs. Benson, Mrs. Tom Dannelly, Mrs. Dick Ballou, Mrs. B. T. Hardeman, Mrs. Virginia Torres, Mrs. Earl Brown, Mrs. Walter Lassiter, Mrs. Philip Baldwin, and Mrs. Jimmie Hayden.

FARM WORKERS COVERED
BY SOCIAL SECURITY

Protection against loss of income due to old-age, death or disability is now being earned by farm workers while harvesting grain, cotton, and other crops, according to Leroy Fuhrmann, Field Representative of the Corpus Christi office of the Social Security Administration.

In a crop harvesting crew, the crew leader is generally the employer, and he must make a report to the Director of Internal Revenue at the end of each calendar year. This report must show the name, social security number, and the amount of wages paid to each worker. The crew leader reports only those workers who either worked for him on at least

20 different days during the year, or workers whom he paid \$150 or more in cash wages during the year.

Benefits may be paid under the family insurance provisions of the Social Security Act when the worker attains retirement age, or in the event the worker is disabled after age 50. In the event of the worker's death, benefits may be paid to his survivors. The retirement age is now 62 for women and 65 for men.

"The amount of insurance that may be paid is based on the average earnings of the worker," Fuhrmann stated. "Therefore, it is important that the employer keep accurate records and make reports of the amounts he pays each worker."

TO THE VOTERS OF ARANSAS COUNTY:

I want to express my sincere thanks to you for the very fine vote of confidence you gave me and my past administration of Aransas County affairs in the Democratic Primary on July 26th. Without the whole-hearted assistance of my many, many friends throughout the county, I would not have received such a large plurality.

In the past weeks I have worked steadily to cover as much of the county as is possible, to talk with as many of you as I could, and I want everyone in the county to feel that they are always welcome to bring their problems to me at any time. If it is possible for me to help, I certainly will do so, and feel privileged while doing it.

Again I would like to say, as I have said from the beginning of the campaign, that, if elected, I will continue to devote my entire time and energy to providing you with a County Government dedicated to sound progress, devoted to efficiency and economy, and based on consideration for every resident of the county.

Thank you again for your fine support of my candidacy.

Most sincerely yours,

JOHN D. WENDELL

Coaches Attend
School at Rice

Rockport coaches left Monday morning for coaching school at Rice Institute. The school, held annually, is under charge of Coach Jess Neely, top football coach of the Southwestern Conference.

Other instructors at the school include David Nelson, University of Delaware (football), Bob Rogers, Texas A&M (basketball), Russell Walseth, University of Colorado (basketball), Jack Patterson, Baylor University (track), and Eddie Wojewski, Rice Institute (trainer).

While at the school, the coaches from Rockport—Melvin Borchert, Dave Segler, Pat Smith and Pat Gilpin—will have a chance to see the all-star basketball game between north and south high schools on Thursday, and the all-star football game on Saturday, in the Rice Stadium.

Rockport Rotary
Has Ladies Night

Ladies' Night was observed by the Rotary Club with a dinner meeting at Crawford's Shrimp Net Restaurant.

Shelley Roatan and W. N. Sanders were in charge of the program and presented a film on Ozark Boys' Camp, with Mrs. F. N. Ankerson of Houston, narrator.

Past presidents' pins were presented to Jack Horton, Fred A. Bracht, R. R. Rice, Travis Bailey, Pat Greene, A. C. Glass, W. E. Beasley and Byron T. Hardeman.

Visiting Rotarians and guests were Bob Reddell, Sinton; Eugene Wood, Corsicana; J. B. Green, Houston; Lee Carson, Taylor; Bill Workman, Corpus Christi; Dick Quick, Waco; Chick Smith, San Antonio; Al Lassell, Galveston; Dr. J. W. Crutcher and wife, Mineral Wells; H. E. Vandervoort and wife, Ft. Worth.

Mr. and Mrs. K. B. Dyche of Fort Stockton were overnight visitors at the Ed Barnard home this week. Mrs. Dyche is a sister of Mrs. Barnard and Mrs. Loyd Lassiter.

Bruce Calvin Mays and James Ernest Russell are home on leave and will remain until Aug. 15 when they will return to their units.

R. W. Meyer of Central Power and Light is on vacation this week.

ATTENTION, BOAT OWNERS
AND TRAILER PARKS

Due to a recent ruling by the Railroad Commission we will no longer be able to fill ICC cylinders (5 gal., 10 gal. and 25 gal. bottles) aboard any boat, or in any trailer park. In the future, all cylinders must be disconnected and delivered to the filling plant. Pick-up and delivery service will be offered at extra charge, after the cylinder has been disconnected and placed in access of our delivery truck.

This policy will go into effect August 1, 1958.

GIRLS' AUXILIARY MEETING

The Intermediate Girls' Auxiliary of the First Baptist Church met Tuesday, Aug. 5, at 3:00 p.m., at the home of Mrs. George Couser with the president, Patricia Webb, presiding.

Also present were Mary Ann Barber, Kathy McClellan, Sandra Gardner, Linda Clark, De Rema Le Fevre, Joyce Lewis, Winona Roope, Patricia Campbell, Mrs. W. S. Coaker and Mrs. George Couser, our counselors. We had two guests, Ann Williams and Lyndal Ankerman.

The opening prayer was led by Ann Williams. Lyndal Ankerman told us about her trip to the Baptist Youth World Alliance in Toronto, Canada, at which 63 countries were represented. The closing prayer was led by Mrs. Coaker. Refreshments of cookies and punch were served by Mrs. Couser.

MRS. McHUGH ENTERTAINS METHODIST RUTH CLASS

Mrs. Preston McHugh entertained Tuesday night at her home in Fulton with a chicken barbecue for the Ruth Class of the First Baptist Church.

Mrs. Ed Beasley presided at the business meeting in the absence of Mrs. Howard Lee, president of the class. Mrs. Christine Willis led the devotion.

The hostess entertained her guests, Mrs. Jessie Williams, Wanda Cutcher, Georgia Davenport, Mary Wright, Christine Hackett, Fairy Beasley, Ann Wishert and Terrie, and Christine Willis, in her back yard patio with games and home movies.

Mrs. De Wilton Jeffries and children, Kerry, John, Jannette and Jennifer, returned to their home in Houston Sunday after spending a month's vacation as guests of her mother, Mrs. Chas. T. Picton.

Recreation Consultant Addresses Youth Sponsors Wednesday

At a meeting held in the courthouse Wednesday morning, E. E. Meadows, Community Recreation Consultant from the State Department of Welfare, discussed a youth program for Aransas County with members of the Youth Recreation Sponsors' Association, and others, present.

He suggested that a youth interest and activity survey should be made, and that an adult poll be taken to determine the community's interest and ideas on the matter.

He stressed the need for a part or full time director for any youth program to obtain full benefits.

In the event this is not feasible, Meadows said, it might be possible to carry on with volunteer workers. The recreation consultant said that the adult poll would help in finding adult aid.

Meadows stressed the need for the youth group itself to set up a business-like organization. Youth participation and acceptance of responsibility were extremely important as was a community-wide program, he said.

Those present included Sheriff and Mrs. A. C. Shivers, Azalea Shivers, Mrs. Leonard Le Blanc, J. D. Gray, Mrs. B. W. Hamblin, Ellis L. Clark, Mrs. S. F. Jackson.

Mr. and Mrs. J. B. Green of Houston are visiting in their home in Fulton. They expect to stay until some time in September.

Dr. and Mrs. F. B. Thorn of Wichita, Kansas, are stopping at Palm Village for the month of August.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To any Sheriff or any Constable within the State of Texas—GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Aransas County, Texas, the accompanying citation, of which the herein is a true copy.

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Helen Becker, et al, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Aransas County at the Courthouse thereof, in Rockport, Texas, by filing a written answer at or before 10 o'clock A. M. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22 day of August A. D. 1958, to Plaintiff's Petition filed in said court, on the 11 day of July A. D. 1958, in this cause, numbered 3339 on the docket of said court and styled Fred Hunt, Plaintiff, vs. Helen Becker, et al, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: CITATION BY PUBLICATION FRED HUNT

vs. HELEN BECKER ET AL IN THE 156th DISTRICT COURT OF ARANSAS COUNTY, TEXAS TO THE HONORABLE JUDGE OF SAID COURT:

I, Fred Hunt, who resides in Aransas County, Texas, as plaintiff, complains of the following persons as defendants, whose residences are unknown to plaintiff and his attorney of record, viz: Helen Becker; and

The heirs, husband, devisees and legal representatives, all of whom are unknown to plaintiff and to his attorney, of the defendants above named.

II.

On the 1st day of June, 1957, plaintiff was and still is the owner in fee simple of the hereinafter described land situated in Aransas County, Texas, and being more particularly described as follows:

Being all the land water-front and riparian rights lying east of Water Street at the end of Morgan Street in the Doughty and Mathis Division in Rockport, Texas, according to the map of the city of Rockport of record in

Volume E, pages 272-273 of the Deed Records of Aransas County, Texas; reference being made here to such map for further description of said land, water-front and riparian rights.

On said date plaintiff was in possession of said premises, and afterward, on the same date, the defendants, each and all, unlawfully entered upon and dispossessed plaintiff of said premises, and withhold from him the possession thereof.

The defendants have occupied and used such premises under such unlawful possession for a period of one year, to plaintiff's damage in the sum of One Dollar (\$1.00).

III. Plaintiff further alleges and shows to the court that he has had and held, open, visible, peaceable, continuous, notorious, exclusive, hostile and adverse possession of all the real estate and premises hereinabove described, under both title and color of title from and under the State of Texas for a period of more than three years prior to the commencement of this suit.

IV. Plaintiff further alleges and shows to the court that he has had and held and claimed all of the real estate and premises hereinabove described under deed and deeds duly registered, and that they have had and held, open, visible, peaceable, continuous, notorious, exclusive, hostile and adverse possession of all of the real estate and premises above described, using and enjoying the same and paying all taxes due thereon annually prior to delinquency, all for a period of more than five consecutive years prior to the commencement of this suit.

V. Plaintiff further alleges and shows to the court that he has had and held, open, visible, peaceable, continuous, notorious, exclusive, hostile and adverse possession of all of the real estate and premises hereinabove described, using and enjoying the same for a period of more than ten years prior to the commencement of this suit, which possession they have taken and so held under written memoranda of title specifying the boundaries of said real estate duly recorded and showing the boundaries as herein set forth.

VI. Plaintiff further alleges and shows to the court herein that he has had and held, open, visible, peaceable, continuous, notorious, exclusive, hostile and adverse possession of all of the real estate and premises hereinabove described, using and enjoying the same for a period of more than ten years prior to the commencement of this suit, which possession they have taken and so held under written memoranda of title specifying the boundaries of said real estate duly recorded and showing the boundaries as herein set forth.

THE OFFICER EXECUTING THIS WRIT SHALL PROMPTLY SERVE THE SAME ACCORDING TO REQUIREMENTS OF LAW, AND THE MANDATE HEREOF, AND MAKE DUE RETURN AS THE LAW DIRECTS.

Issued and given under my hand and the seal of said court at Rockport, Texas, this 11th day of July A. D. 1958.

Attest: Mrs. Jas. C. Herring, Clerk, District Court, Aransas County, Texas. By Wretha B. Johnson, Deputy. (SEAL) c18

Mr. and Mrs. Johnnie Joe Atwood and twin daughters, Tedda Ann and Karen Gay, spent the week end in the home of his parents, Mr. and Mrs. Ted Atwood.

Fulton Group Go To Water Hearing

The State Board of Water Engineers, at their regular meeting in August this week, listened to arguments for and against the proposed Fulton water district, and then held the matter in abeyance until their meeting scheduled for Aug. 18, in hope that local citizens could iron out their differences in that time.

Fulton citizens who asked the Board to approve an election in that area, to determine whether a sufficient number of residents wanted it, were James A. Jarboe, president of the Rockport and Fulton Chamber of Commerce, M. W. Cochran, John H. Sutherland, E. D. Wood and Harry McDow.

Opposing the proposition were Ellis Clark, local attorney, acting on his own behalf and that of Emory Spencer, and an Austin attorney representing Everlast West, and former mayor of Bellaire, and Tom Miller, perennial mayor of Austin, both of whom have property in the area.

According to Jarboe, the Board seemed favorably impressed with the presentation made by the Fulton group, and delayed coming to a decision on the matter, hoping that some compromise could be worked out among the people of the community. In case it is not, Jarboe said, it is probable that the State Engineers will hand down a ruling at their next meeting.

Driftwood Devotees Comb Texas Beaches

Devotees of driftwood dream beauty into twisted tree trunks, and more and more people are combing Texas beaches for grotesque bits and chunks of wood from which they fashion articles of lasting beauty and utility.

An old ship's rudder from the shores of Padre Island has become a coffee table in a Corpus Christi home. In the light of a driftwood lamp from Freeport another, made of massive mahogany from Acapulco gleams softly in the domicile of a Houston dentist.

And the parquet floors and some of the furniture that grace the St. Joseph's Island hideaway of Texas oil millionaire Sid Richardson originally came from the beaches of the island.

Indeed, driftwood demand has become so great that the search for it is now fiercely competitive along the eastern seacoast, where production of driftwood objects has become an industry grossing two or three million dollars a year.

Actually, driftwood is not always wood that has been drifting. It can be a tree that never moved from its birthplace, bent into tortured shapes by the wind and battered by the surf.

It can be a woody plant from the desert, killed and scoured by the wind that has whipped across it for decades. Or it can be what's left of a scrub pine from the Rockies, twisted gracefully by its fight to survive at timberline.

Once collected, the wood is thoroughly dried, and then the artisan takes over.

Sometimes as the piece is surveyed for the first cut, its rough shape will strongly suggest the head of an animal, a flying bird, or some statue. When this happens, if it is in the hands of a dealer, the piece will be set aside, to become part of a collection of natural sculptures. Some of these collections have commanded fabulous prices; individual pieces from them have been exhibited at various museums throughout the country.

Other so-called "free form" pieces, skillfully used as backgrounds to enhance flower arrangements, have brought honors to their exhibitors. In fact, so popular has this become, that a book written by Japanese Tatsuo Ishimoto has found ready sale in this country. Its title is, "The Art of Plant and Driftwood Arrangement."

MARY'S MALTS TO HAVE NEW HOME SOON

Mary's Malts, which has been operating for the last four years in the building next to the Shell Shoppe, has commenced work on its new building on the corner across from Anke's Hardware.

The foundations have been poured and the walls have already started up, with completion scheduled for the near future.

The outside of the building will be veneered with Mexican brick; the front will be plate glass, and there will be a modern car service window, according to Frank Kresta, owner and operator, who says that completely modern equipment will be installed throughout.

PETAL PUSHER—This honey bee was right on the spot when the first crocus opened in Monroe, Wis. Getting back into the swing of things after the winter layoff, the bee lives up to his title of "busy."
