J. C. PENNEY CO. OPENS NEW STORE IN SNYDER TODAY

LOCAL ORGANIZATION IS ONE OF FIVE HUNDRED NEW ADDITIONS TO CHAIN OF ONE THOUSAND IN AMERICA

H. H. THOMAS, Manager

The new J. C. Penney Co. store, with H. H. Thomas as manager, which opens today, is number 1084 in the great chain which has a goal of more than 1500 stores by the end of 1929. The total number of stores opened or assigned at the end of 1928 was 1024, making the store in this city the sixtieth in the 500 store increase set for this year.

At the close of 1928 the total volume of sales for the year was $176,697,622.02, and with the opening of the 1500th store the total yearly volume is expected to reach $250,000,000.

The first J. C. Penney Co. store was opened in April, 1902 in the little mining town of Kemmerer, Wyo., and in its first year it did a total business of $29,000.

The growth of the organization from that time has been one of the outstanding developments in the merchandising history of the country. Financing of the company, outside of preferred stock issued directly after the war, proceeds from which was used to defray tax expenses, has been entirely through the earnings of the stores.

Funds to provide for the rapid expansion set for this year were obtained through the sale of new common stock to present holders of this class of stock and not through outside methods.

The man who heads the organization, as chairman of the board, is the man who opened the first store. Directors and operating executives are all men who have come up through the ranks from clerks to their present positions.

Managers for the new stores will be taken from men who have been trained in the present stores and advancement to positions made vacant through promotions will be made out of present employees.

Plans for the expansion program which finally set upon 500 new stores for this year, were made after trips by Mr. Penney and Earl C. Sams, president, throughout a large portion of the country and as a result of requests made by chambers of commerce, local business organizations and others for new J. C. Penney Co. stores.

Policies of the company which rigidly elliminate "sales," "bargain days," and other price cutting procedures, have been accepted by leading merchants as a strong force in stabilizing values according to statements made by national retailing organizations and others.

Mr. Sams is active in a wide range of merchandising fields, has been a speaker before the National Chamber of Commerce, president of business clubs and is widely quoted as an authority on store methods.

Mr. Penney, in addition to his activities as a chain store merchant, is a nationally known exponent of better and more profitable farming and is himself a breeder of purebred livestock, including Guernsey cattle, Berkshire hogs and Hampshire sheep, which he exhibits at leading state fairs and stock shows.

He is also the proprietor of a 120,000 acre farm project conducted along the same lines of co-operative management which has been the backbone of the J. C. Penney Co. In publishing fields he is known as the president of the Christian Herald Publishing Association, publishing the Christian Herald, an internationally recognized leader in the field of church magazines.

The Times-Signal is happy to join in a welcome to the new store, Mr. Thomas, the manager, and the entire personnel of the store.

MRS. T. B. FALLS IS BURIED AT IRA

Mrs. T. B. Falls of Ira was stricken with paralysis last Thursday evening while attending church and never regained consciousness before her death which occurred Friday evening at 7 o'clock.

The Falls family came to Ira from Van Zandt County about twenty-three years ago, and they have resided at the same homestead for the full time.

Funeral services were held Saturday afternoon at the Ira Baptist Church with Rev. Jas. H. Tate of Fluvanna, pastor of the Presbyterian Church, officiating. Interment was made in the Ira cemetery.

She is survived by two sisters, three brothers and one daughter, Mrs. George Bickam of Shreveport, and three sons, Bill Falls of Wichita Falls, and Edwin and Rea Falls of Ira.

FARMERS BUYING MUCH EQUIPMENT

According to the Snyder Hardware & Implement Company, they delivered two Farmalls last week, both equipped with four-row cultivators, one to Henry Richter out at Knapp; the other to Kenneth Von Roeder, his second Farmall this season.

The local store has sold twenty-five cream separators since January 1, the cheapest of which was $90, another indication of the strides that diversification is making in Scurry County. Scurry County is fully living up to the slogan that originated here, "The Cow, Sow and Hen."

PROGRAM POSTPONED

The program of illustrated lectures, previously advertised for April 29 to May 3 at the City Tabernacle will be postponed until a later date. These were: "Other Worlds Than Ours," "The Other Wise Man," "The Pilgrim's Progress," "The Passion Play," "One of His Jewels."

Rural Schools Receive State Aid This Week

Districts to Vote on Question of Consolidation in County Soon

Scurry County rural schools will receive a total of $16,456 state aid. This is the happy news received this week by County Supt. A. A. Bullock.

The amount of $11,456 for 25 schools has just been received, and with $3,000 yet to come for special aid in vocational and home economics work and $2,000 previously granted for high school aid, Scurry County feels highly elated over the aid granted by the State Board of Education.

Elections To Be Held

Vote for the consolidation of the Sharon and Ira schools at the latter place will be held Saturday, and indications point to a majority in favor of the consolidation. Gannaway and Hermleigh vote May 11 for consolidation at the latter point.

The Snelling and Hackberry schools will hold elections next Saturday for consolidation with Fluvanna, while the citizens of the latter town will likewise hold two elections for the same purpose. Rev. James H. Tate of Fluvanna said this week: "Let us hope that large majorities in each of these cases will favor this consolidation movement. The thing must come sooner or later, therefore the sooner the better. If the people take a right view of these matters and all stand and pull together for real development and progress, we shall soon have a first class high school in Fluvanna which will be in reach of all the points named."

Fluvanna's thoughts to boost consolidation seem to be the concensus of opinion in the other places that are to vote, and with the remarkable reputation that Scurry County rural schools now enjoy, consolidation will but broaden and increase their activity.

With all the nice things said about the rural schools, do not overlook the fact that Scurry County boasts of a leader in "Pat" Bullock who has no equal in the state for progress and active work completed. The county is indeed lucky to have a man of his calibre to head the rural school system.

"UNCLE BILLY" GROSS RECEIVES INJURIES

"Uncle Billy" Gross, Scurry County surveyor since 1900, received painful injuries last week which are confining him to his bed. While doing some surveying, Mr. Gross was assisting in holding down a wire fence, and in some manner was thrown to the ground so forcibly that ligaments were torn loose in his back with several other bruises that are very painful.

"Uncle Billy's" friends, and they are many, will join with the Times-Signal in wishing for him an early recovery. Mr. Gross is in his 84th year and has been vigorous and active and has been walking from six to ten miles a day, with a reputation of being able to survey more land now than two men can measure.

NEW OIL STATION OPENS SATURDAY

The Kirk Tire & Oil Company is a new business addition to Snyder and will open its plant Saturday in the location formerly used by the DeLuxe Service Station on the Dal-Paso Cavern Highway.

R. O. Parker of Lamesa is the local manager, and has only recently graduated from Oklahoma where he took a special course in geology.

The company has a special ad in this issue of the Times-Signal, and we are glad to join in a welcome to the new store and its manager.

SNYDER THANKFUL

Snyder boys and girls are stating in no uncertain terms their happiness at being able to secure a band director of the calibre of J. W. Crowley. They must first thank Watt Scott, secretary of the Chamber of Commerce, then the Board of Education, and finally the Lions Club for their 100 per cent approval and backing of the plan.

Mr. Crowley expects to arrive here around June 1st.

May Fete To Be An Elaborate, Colorful Event

Beautiful Pageant Will Be Presented at City Auditorium

Next Wednesday evening, May 1, will usher one of Snyder's most enjoyable programs when the Annual May Fete Day exercises will be given at the city tabernacle, starting at 8 o'clock.

The entire program has been written and will be directed by H. F. Springfield with Mrs. Hugh Taylor assisting. The fete is being sponsored by the Parent-Teachers Association. Mrs. R. L. Gray will be the accompanist.

Daily student practise and committee work is being carried on in preparation for one of the most beautiful festivals that has ever been witnessed in Snyder. Beauty and variety will feature the program this year.

Miss Katherine Northcutt will be crowned Queen of the May in the realm of Snyder for year 1929. She will be attended by dukes and duchesses from the classes of the high school and neighboring schools. Herman Trigg will be the "Kink" and will attend Her Majesty.

One hundred and twenty-five out-of-town representatives have been asked to participate. The "crown" of 1929 will be presented the queen by Miss Polly Harpole, 1928 queen. Following the coronation, the queen will mount her throne, surrounded by her ladies and gentlemen in waiting and will then be entertained with stunts and revels.

Preliminary announcements declare that the 1929 program will be the greatest ever attempted here.

Poultry Outlook Is Excellent

A dispatch from Washington Thursday stated that eggs in cold storage on April 1 were approximately half the usual holdings of that date, according to the April cold storage report of the Bureau of Agricultural Economics.

According to Charles Green of the Green Hill Hatchery, eggs will average five cents per dozen more for 1930, with hens and fryers running three to five cents a poupd more. "Government reports state that we are 16,110,000 eggs short on April 1 of a year ago," Mr. Green said, "and that over a five-year period an average of 3,387,000 eggs short. Now watch the cow, sow and hen bring cash to the farmers, for 1930 is my prediction based on authentic government bulletins."

Continuing, Mr. Green said: "Never in the history of my poultry business in this section have we hatched so many baby chicks that have had a ready sale. One day recently we sold more than 10,000 baby chicks to three Dawson County men, and as quickly as the baby chick season is over we have a contract for 50,000 guinea broilers to put out, to feed them to an average of 1½ pounds for which we will receive 40 cents a pound. Our capacity this year has been 32,000 eggs, but by next year we will add two more electric incubators to give us a capacity of 64,000, and if that isn't enough we are ready to put in more hatching capacity."

POST ENCAMPMENT DATES ANNOUNCED

At a meeting at Post recently the program committee decided to hold the annual meeting of the Baptist encampment this year July 22 to 28 inclusive.

There is in prospect the strongest array of speakers at any former assembly. A course of study is also planned. The music will be in charge of J. D. Carroll, musical director of First Baptist Church, Lubbock.

B. Y. P. U., Sunday School and W. M. U. work will be made specialties for seven days.

Plenty of time has been allotted for amusement and recreation. No afternoon program is provided. A special feature will be given in the way of a church in real action.

The place of meeting will be at Two Draw Lake, one mile northeast of Post. The recent rains have filled the lake and this insures a fine growth on the trees, which will make good shade for camping There will be plenty of water for boating and fishing, with no more rains until encampment time.

This encampment is as far as 150 miles from any other and will fill the needs of the entire section of West Texas and the South Plains for the teaching and recreational purposes.

This encampment has been running for four years and has grown in favor with the people each year, and hopes this year to be the best ever and to have the largest attendance. Two years ago there were 837 present in the morning Sunday school hour. Last year the rains came as the encampment opened, and the people were not permitted to even get to the grounds.

The Ohio River, most of whose main tributaries lie in the South, carries 48,000,900 tons of commerce every year?

Reports from Fluvanna say they enjoyed 1½ inches of rain Thursday night.

SINGING CONVENTION

The Scurry County Singing Convention will meet the 4th Sunday in April at the Mt. Zion school house.

W. B. STILES, Pres.

Over $70,000,000 has been spent on the Old Spanish Trail from St. Augustine to San Diego, and $50,000,000 additional expenditure is being planned?

Co. G Inspected By U. S. Army Capt. Last Week

Company "G", 142nd Infantry, Snyder's National Guard company and the pride of Scurry County, received their annual federal inspection last week when Capt. W. A. Murphy of the regular army was here.

The Snyder company under the able leadership of Capt. John E. Sentell has long been a leader in every phase of its work, in fact, back in 1927, of 21 units inspected in the state, Company G headed the list. In 1928 the units were not so listed, but Snyder received a rating of VS, meaning Very Satisfactory, the highest rating that can be given.

Although the official rating for Sentell was assured that Company entire regiment is inspected, Capt. Sentenn was assured that Company G had nothing to worry about. During the inspection the boys were "on their toes" every minute and showed the results of consistent training and the excellent "esprit" of the company built up during its five years organization in Snyder.

The store room and property records kept by Sergt. Roy O. Irvin, assisted by Pvt. Joe Hale brought forth many compliments from the inspector. The paper work kept by Sergt. Tommie J. Black under the direction of Lt. Wren O. Moore was the "nth" degree in perfection.

Following is the official roster of Company G as of April 1, 1929:

Captain John E. Sentell, First Sergeant Tim O. Cook, Clerk Sgt. Tommie J. Black, Mess Sergeant Will H. Crowder, Supply Sergeant Roy O. Irvin, Artisifier Joe R. Brown, Bugler William E. Brown, Cooks John A Cook and Henry H. Whitehurst, Runners Odie B. Tate, Dave D. Morgan, Charlie R. Martin, Horace E. Crumley.

First Platoon: Leader, Lieut. W. O. Moore; Platoon Sgt. Samuel O. Worthington; Platoon Guide, Charles E. Dever.

Second Platoon: Leader, First Sgt. Tim O. Cook; Platoon Sgt. Oliver W. Dever; Platoon Guide, Bill D. Hutchinson.

First Squad: Corporal Clayborne J. Pirtle, John A. Cook, Raford K. Neal, John E. Dever, Will H. Prince, Jimmie Brooks, Delmer E. Holdron, Lewis D. Trousdale.

Second Squad: Corporal Jessie V. Jones, Cecil C. Rhodes, Alton E. Sumruld, Hubert R. Carnes, John W. Morgan, Forrest J. Huffman, Clarence T. Merritt.

Third Squad: Corporal Henry M. Neel, Eugene R. Dever, Wayne W. Chick, Curtis P. Rogers, Roy M. Bates, Huland E. Honey, Clarence H. Brush, Roylee Honey.

Fourth Squad: Corporal Ingram, Raymond E. Watkins, Judson W. McGaha, Chester S. Bright, Robert J. Smith, Lewis W. Bennett, Everett W. Crowder, Vernon E. Carnes.

Fifth Squad: Corporal Buster M. Stacy, Otis D. Carter, Cone J. Merritt, Junior L. Camp, Henry H. Whitehurst, Thomas J. Daniel, Joe R. Hale, Charles E. Hardy.

Sixth Squad: Corporal Clarence E. Moore, Claude Ingram, William A. Jones, Charley Sumruld, Walter V. Lee, Gilbert C. Merritt; Cecil C. Reynolds, Ira A. Sturdivant.

The company is one of the best in the Texas National Guard and affords an excellent opportunity for young men of Scurry County to get some good schooling and enjoy themselves.

The people of Snyder and Scurry County are proud of this fine organization, and Captain Sentell and the fine personnel of this company may rest assured of their muchly deserved co-operation.

REV. W. F. FERGUSON RETURNS FROM MEETING

Pastor W. F. Ferguson of the First Baptist Church returned to Snyder Monday after being away for two weeks in a meeting with the First Baptist Church of Portales, New Mexico. He reports that the meeting resulted in many additions to the church by baptism and by letter and in a general revival of religion in the hearts of the church members.

Brother Ferguson will be here for the services Sunday at 11 a. m. and 8:00 p. m.

RAIN! HOWDY!

A fine rain said to have been anywhere from one to one and a half inches fell in the Snyder neighborhood Tuesday night. It was a wonderful and welcome addition which is providing a great season for coming crops.

Community Builder Will Lecture Here

Capt. Cyrus S. Nusbaum To Spend Week in Snyder, Starting May 5

Arrangements have been completed by Snyder business interests headed by the Scurry County Chamber of Commerce for Capt. C. S. Nusbaum, lecturer and town builder, to come here May 5 to 10 for a program of community service betterment.

These programs consist of a series of ten lectures, inspirational and constructive, giving the people a vision and suggestions as well as plans in detail for an enlarged organization of the Chamber of Commerce and the committees needed to work out the plans for the organization. The lectures are given by Captain Cyrus S. Nusbaum, who has given his life to a careful study of plans and programs for community and Chamber of Commerce activities. He will conduct a half hour of real community singing before each lecture. He will work with and organize the musical talent of the community into organizations that will furnish the best music for all community gatherings.

During the week, two teams of ten men each will conduct a big drive for membership in the Chamber of Commerce and the Captain will conduct a campaign for home trade—loyalty to the home town will be the slogan for the week.

Captain C. S. Nusbaum has made exhaustive surveys of community activities during the past twenty-five years, and his experience and keen knowledge of the community problems is one eagerly demanded in every community.

When Captain Nusbaum returned from France, President Wilson, as evidence of high regard for services rendered in this country and in France with the American Red Cross, appointed him "General Inspector" of the A. R. C., with the rank of Captain in the American army, signed by the Secretary of War, Mr. Baker.

According to Sec'y Watt Scott, Snyder business interests are inviting every person in the county as well as adjoining towns to come here for the special series of meetings. There is no charge attached to any of the meetings. Everything is free with the exception of the several banquets at which a small plate charge will be made.

Cavern Way Boosters to Meet in Anson

The date for the second annual meeting of members and officers of the Dal-Paso Cavern Highway Association was set Monday of this week by J. J. Steele of Anson, May 8, at Anson. A program is now being arranged by Wm. A. Wilson, secretary of the association, and a large attendance is anticipated. All towns along the routing will be asked to send extra large representations to this meeting.

W. R. Ely of the state highway department will be asked to speak as well as nationally noted for his highway speakers will appear on the program. Annual report of the work of the association will be among the business matters taken up by the association. Election of officers will be had for the ensuing year. A plan for the next annual motorcade will be outlined at this meeting.

Starts at Shreveport

It has been arranged to start the motorcade this year at Shreveport, La., and traverses the state through its heart at some time in July. The party will stop at the Carlsbad Caverns for a day's visit and then proceed to El Paso for a terminating festival. Other matters as hard-surfacing and widening, straightening and filling in gaps along the highway will be considered.

This highway is furnishing the tourist of the Southwest one of the straightest and shortest routes to the Carlsbad Caverns, El Paso, California and scenic points of New Mexico and Arizona, and it has developed from a mere cow trail in the past two years to what is known as one of the quite popular state highways in the state. The plan of its officers is yet to further advertise and popularize this highway. The meeting at Anson the 8th will likely be the most interesting and constructive the association has yet held.

FROM AUSTRALIA

Robert C. Daggett of Detroit, Mich., is expected to arrive here today from West Subiaco, West Australia where he has spent the past year with his parents. He will be a guest in the Editor's home.

Texas bus lines carry 4,500,000 passengers annually, and operate over 21,000 miles of highway?

THANKS, MRS. HAMPTON

Quanah, April 21st.

Editor Scurry County Times,
Snyder, Texas.

Dear Sir:

Have just received the copy of your paper and the programs for the Seventh District Convention of Women's Clubs. I am delighted with both. The programs are lovely, and your special paper with our club news is full and interesting.

Thanking you for all favors, I am

Very Sincerely Yours,
MRS. W. B. HAMPTON,
Program Chairman.

To Lecture Here

CAPT. C. S. NUSBAUM

Who will lecture here on community building.

O. P. Thrane Elected Head Plains Bankers

Two hundred and fifty bankers from over the Plains of Texas gathered in Lubbock for the third annual convention of the South Plains Bankers Association, listened in almost breathless attention at a luncheon while Josh Lee, director of public speaking of the University of Oklahoma, delivered the principal address of the day on the subject, "The Patriotism of Peace."

O. P. "Pete" Thrane, vice president of the Snyder National Bank of Snyder, was elected president of the association, succeeding C. F. Drexel, vice president of the Citizens National Bank of Lubbock. Midland was selected as the next meeting place. O. B. Norman, vice president of the Lamesa National Bank of Lamesa, was elected vice president of the association, and Morgan L. Copeland, cashier of the Brownfield State Bank of Brownfield, was re-elected secretary-treasurer of the organization.

With bankers from many points outside of the district, and with by far the largest attendance of any previous convention, the meeting is declared the best since the bankers formed the South Plains organization three years ago. The Lubbock Clearing House Association played host to the bankers, giving the banquet and many other favors to the guests. Bankers were there from points from Galveston to Kansas City, From Dallas to Hereford and from practically every town on the plains of Texas and adjacent territory.

Seventeen counties are in the organization, and several others have indicated a desire to join at the meeting. Hale and Lamb Counties were added to the association, and additional counties will likely be admitted in the near future.

A spirit of optimism over financial conditions was prevalent at the meeting, and bankers in exchanging greetings pointed to the splendid moisture for planting and the good prospect for bumper yields of wheat in the Panhandle section.

C. F. Drexel, president of the association, who was chairman of the meeting, paraphrased Lubbock's motto by saying that success doesn't happen—it is built", and stated that the South Plains Bankers Association has produced wonderful results during its short life and urged bankers to improve efficiency methods. He reviewed some of the bankers' problems and urged co-operation of bankers in meeting them.

In making the welcome address, O. L. Slaton, president of the First National Bank of Lubbock, stated that of all the many visitors Lubbock has entertained, this group is the biggest bunch of "hold-up men" that have ever gathered there, and explained that bankers hold up the hands of the farmer, the merchants, the churches, teachers and others, and that agriculture, commerce and religion are upheld and maintained by bankers. He called attention to the fact that Lubbock, the "Hub of the Plains," is growing and growing rapidly, due largely to the wealth and prosperity of the South Plains section that radiates out in each direction. He reminded those present that Lubbock is fifth in Texas building, as an evidence of this prosperity, and that the Texas Technological College, the wholesale houses, the railroad and highway facilities of that city that are contributing to the rapid growth of Lubbock are always at the service of the other South Plains citizens.

O. B. Norman, vice president of the Lamesa National Bank, stated that the visitors have caught the spirit of welcome that is so evident in Lubbock. Lubbock is looked upon as the big brother by other South Plains towns, Norman stated, in calling attention to the spirit of co-operation that has builded the South Plains section so rapidly. Banks there are as sound and safe as those of any section of the nation, he declared, and the farmer with his diversified program and the industrial and commercial concerns have grown wiser and sounder.

Banks have only "service" to sell, and employees are helping sell this commodity, O. L. Weakley, assistant cashier of the First National Bank of Post, declared, saying that "the tellers in the cages render the best service we have."

Dr. J. O. Ellsworth, head of the Agricultural Economics Department of the Texas Technological College, in an address on the subject, "The Agricultural Outlook of 1929," declared that the banker must understand farming and must help the farmer. He displayed a number charts showing the trend of prices on farm commodities, which show cattle, hogs and other commodities to be at a peak at this particular time, and likely for a decline in the next several months.

The Tech teaches boys how to grow and sell agricultural products, and the banker should do the same, he said.

"There is an economic unit for every farmer," Ellsworth said. "This theory of fewer acres for farmers is bunk to me", he stated, in explaining that it is unwise in many cases to put a farmer on a place of too small acreage.

M. C. Ullner, cashier of the First National Bank of Midland, speaking on the subject, "What Makes a Bank Grow," stated that the potential prosperity of the South Plains is astounding and that the fast development taxes bankers. With this fast progress, let's not forget the safe and sane principles in guiding business and agriculture, Ullner warned.

W. O. Stevens, Lubbock banker, served as toastmaster at the luncheon at noon, when the bankers packed the banquet hall of Hotel Lubbock to hear Josh Lee.

The group listened attentively while Lee urged, in eloquent terms, the citizens of this nation to live for the United States with just the same type of patriotism that the soldiers of the World War died for this nation. Lee declared that nations perish during days of peace rather than in war time and urged citizens to uphold the institutions, the church, the school, and the home, which he declared are the foundation of the national government and which are being attacked by numerous influences during this fast age.

NEW MISSIONARY FILLS PULPIT HERE SUNDAY

Rev. W. D. Green of Colorado, new missionary for the Mitchell-Scurry Baptist Association, delivered two sermons at the First Baptist Church here Sunday in the absence of the pastor, Rev. W. F. Ferguson, who was in a meeting at Portales, New Mexico.

Rev. Green brought two fine messages to good congregations, although his voice was affected by a recent illness of flu. He was heartily received here and was given assurance of full cooperation in the missionary work from the local church.

Snyder Boasts Fine Grammar And Hi School

Show Remarkable Growth During Last Several Years

Visitors here for the Seventh District Texas Federation of Women's Clubs will be glad to learn that Snyder boasts one of the finest grade and high schools in the state, with a teaching personnel that averages on a very high plane.

Total enrollment for the present year is 1235 pupils, with 330 in the high school. Affiliated credits at the close of this term total thirty. For more than three years Snyder Public Schools have been members of the Southern Association of Secondary Schools and Colleges. Departments in high school include: English, History, Mathematics, Science, Vocational Home Economics, Vocational Agriculture, Commercial Department, including typewriting, bookkeeping, shorthand, commercial law, commercial arithmetic and grammar; Music, (orchestra and choral clubs), with athletics being stressed. One of the finest athletic stadiums in the state was dedicated here last fall.

Headed by Supt. C. Wedgeworth, the Snyder Schools have been enjoying wonderful success with the aid of a booster school board, and the city ranks with the best schools in the state.

Extra-curricular activities have become a regular part of the school work. During the past two years clubs have organized and functioned as an outgrowth of the regular school curricular work. There is one or more club organized from each department which functions as an inspirational agency for the carrying on of the regular work. Leadership, initiative and good citizenship are instilled into the pupils as a result of these activities.

Many Degrees

All teachers in the high school are required to hold degrees from some reputable college or university. At this time every teacher in the faculty holds a degree and has had previous teaching experience. The faculty is also 100 per cent in membership in the State Teachers Association, as well as in the local Parent-Teachers Association.

Beautiful Campus

Recently there has been spent $150 for the purchase of shrubs and flowers which have been planted in well prepared beds and forms on the campus. This money was donated to the schools by the different clubs of the city, all the ladies' clubs with the Chamber of Commerce and the Lions Club. There has also been placed around the entire building a very pretty lattice fence painted white, this for the protection of the beautiful evergreens and hedge planted close against the building.

A very intensive citizenship campaign has been under way in all the local schools recently, designed for the purpose of creating and instilling a special pride and degree of loyalty in the care and protection of school property and the campus. We now boast of having one of the most beautiful school campuses in the country.

Receptions, banquets, luncheons, teas, and business meetings started on their way this morning in the Eighth Annual Convention of the Seventh District Texas Federation of Women's Clubs.

At noon today a luncheon honoring the District Board members is being given at the home of Mrs. J. C. Stinson.

At 2:30 the formal opening of the convention will get under way at the First Methodist Church, with Mrs. F. T. Collins, Amarillo, district president, presiding. Reports of the various sessions will be provided for the Times-Signal by a special group of reporters already named by the local committee.

The reception honoring the General Federation and State Board Members, including special guests, Miss Greathouse and Miss Orr, is being given late this afternoon at the home of Mrs. O. P. Thrane.

Tonight the fine arts program will be given at the high school auditorium in which Miss Dorothy Greathouse, one of America's most widely known coloratura sopranos, will render a special program, assisted by Miss Orr. Mrs. E. H. Rowley is giving a pianologue with the Alpha Study Club presenting a one-act play.

The Friday and Saturday program of activities as completely outlined in last week's paper will be followed.

Snyder's welcome to the visitors was widely heralded in the Times-Signal last week, the edition being the official newspaper for the local committee sponsoring this welcome event. The paper can but confirm the welcome and the sincerity of the spirit that prompted the ladies' coming to Snyder with the added thought that it is indeed a pleasure for this city to join in the finest welcome possible to be given to these worthy representatives of a great and noble organization. The keys of the city are yours, lady visitors, and may you enjoy your stay here and come again to a city that enjoys entertaining such noble visitors.

To Discuss County Agent For Kent Co.

A mass meeting of Kent County citizens has been called at Polar Friday night, April 26, when plans will be completed for the placing of a county agent in that county. County Agents Tanner of Dickens County and Logan of Scurry County have been co-operating with the commissioners court at Clairemont, county seat of Kent County, to place this most satisfactory addition to their farming interests.

Popular vote that has been taken at several points in the county indicate to the commissioners court of Kent County that a united citizenship want the county and home demonstration agents.

County Judge Horace Holley, County Supt. A. A. Bullock, Watt Scott of the Scurry County hamber of Commerce, will head a delegation of county boosters that will attend the meeting at Polar.

Commissioner Ab Cargile was in Snyder Saturday inviting everyone he met to join in the Polar meeting, which should attract not less than fifty Snyder visitors. It is a wonderful opportunity for Scurry County citizens to demonstrate to Kent County friends the good will that is here for our sister county.

HIGHWAY NO. 7 TO GET NEW SURVEY THROUGH COUNTY

County Judge Horace Holley, Horace Leath and Sec'y Watt Scott of the Scurry County Chamber of Commerce have just returned here from a conference with the State Highway Commission at Austin. Highway No. 7 will, according to the commission, get a new survey in Scurry County west from Inadale and following the R. S. & P. railroad tracks. The survey will be made at once, it is said.

No. 7 is the main highway from Abilene through to Farwell via Snyder and Lubbock.

REV. GEO. E. ALEXANDER DECLINES DAWSON OFFER

Rev. Geo. E. Alexander, for the past three years missionary of the Mitchell-Scurry Baptist Association, has not accepted the call of the Dawson County Association he said this week after returning from a meeting in that association. It was reported in a recent issue of the Times-Signal that he had accepted the call, but Rev. Alexander said he had taken the work conditionally for one month only.

WELCOME, DALLAS

The Times-Signal erred in the date that the Dallas Good Will Trade Trippers were to come to Snyder, as the correct day and time of their arrival here is next Monday morning at 7 o'clock.

"Dallas wishes to renew its pledge of friendship and to offer its co-operation in the building of a greater Southwest, and we look forward with pleasureable anticipation to this call and want to meet as many of your citizens as possible," wrote A. P. Johnson, general chairman of the Twenty-eighth Annual Good Will Tour.

Let us all remember the day and the hour the trippers will be in Snyder and give them a hearty welcome to our city.

WELCOME! LADIES

Our entire institution, officers, directors and personnel want to join in the fine welcome to the Seventh District Texas Federation of Women's Clubs during their stay here. Any service that our Bank can give to the visitors here, we should be happy to carry the matter through to a satisfactory conclusion.

How to Raise Poultry

By Dr. L. D. LeGear, V. S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

Editor's Note—This is another story in aseries of 52 stories on poultry raising written by the well known national authority, Dr. L. D. LeGear, V. S., of St. Louis. The entire series will appear in this paper. Our readers are urged to read these carefully and clip them out for future reference.

The old expression, "Cock-o'-the-Walk," doesn't mean as much now as it once did. In former times, Sir Chanticleer strutted about with all the insolence of one whose indispensability could not be questioned. He became the central figure of many a legend, even to becoming the hero of a great fanciful drama by the master playright, Edmond Rostand. Well he might strut with all this adulation, but his day of greatness is now gone forever. At best, he is merely tolerated during the breeding season and as a reward for faithfur service he is then condemned to the axe or to exile.

For this, the one time supreme dictator of barnyard society must lay the blame on fairly recent scientific discovery. Like the musician who sees his livelihood threatened by Vitaphone and Movietone, the ex-sultan of chickendom now finds himself in a very precarious position. My investigations on my experimental farm prove to me that all roosters should be removed from the flock as soon as the breeding season is over. They should then be comfortably housed or sent to the butcher. I am convinced that fully $50,000,000 is lost every year by poultry raisers who, through carelessness or because they do not know any better, allow roosters to run with the flock out of breeding season.

The rooster's part in poultry raising is merely to fertilize the eggs intended for hatching. Hens will lay just as well with no male birds present as when they are. Some poultrymen contend they lay even better without male birds. Furthermore, an infertile egg will keep much longer than a fertile one.

The fertilization of eggs causes them to spoil much more quickly than they would if not fertilized, especially in hot weather. Heat causes the germ in the egg to grow and as soon as such growth starts, the egg is no longer fit for use as food. On the other hand, I have fully demonstrated the keeping qualities of infertile eggs by keeping them in incubators for varying lengths of time. I have tested such eggs after the tenth day of incubation and found them still comparatively fresh. Had they been fertile, they would have been completely spoiled after two or three days in the incubator. In warm weather, fertile eggs will spoil almost as quickly as they will in an incubator or under a setting hen unless they are kept in a cool, dry place.

Eggs should be gathered twice a day in hot weather and marketed at least twice a week. Nests should be kept in a clean dry place and the litter in them should be frequently renewed to insure cleanliness and help to keep down vermin. Small, soiled and deformed eggs or those that are off color should be kept for home use. Eggs of good color, uniform size, and, above all, those that are not fertile, command the best prices.

So many of the stations where eggs are bought now conduct tests for fertility that their sale is the more reason for segregating or butchering the rooster as soon as his period of usefulness is over. As soon as one breeding season is over, therefore, all male birds should be put in comfortable pens to themselves or should be marketed for table use. Any poultryman who is not already practicing this plan of handling the male birds of his flock is losing money through his old-fashioned methods and will be well repaid for adopting more up-to-date practices.

FARM NOTES

W. O. LOGAN, Co. Agent

Poultry work in the county is receiving serious consideration but as yet it isn't serious enough to stop the leaks. The difference between successful poultry raising and unsuccessful poultry raising is in preparation before starting.

There are daily calls upon everyone that knows anything about poultry for help to stop chicks from dying. The feed men, the hatchery men, the druggists, the produce men, the vocational teacher and the county agent are being questioned on the subject. You may get good assistance, you may get helpful suggestions, you may save a few chicks, but until acreful preparation before getting the chicks—good brooders, plenty of heat, plenty of ventilation, and room to prevent crowding is provided, you haven't raised chicks successfully. Don't crowd too many chicks in a small low top house. Don't keep your brooder lamp burning low so chicks will have a crowd up close. Don't forget to give plenty of heat so ventilation will take off foul air and not run down temperature. Don't feed chicks for at least 48 hours after hatching. Don't use crude oil on ground around where brooding chicks. Use a disinfectant that mixes with water and sprayed on soon dries. The use of strong disinfectants in the drinking water should be abandoned. Chicks don't need dosing if you use clean, sanitary methods and give them room and heat, with plenty of clean, fresh food properly mixed, or of standard chick starter.

We are finding many flocks of hens that are roupy, eyes bad, colds, and other respiratory trouble. So long as we crowd too many hens in little tin houses with crude oil soaked walls top and bottom this trouble will prevail. It occurs in good houses, clean and well kept, but much more in tin top houses where crude oil is used abundantly. Nothing is hotter in summer and colder in winter than tin houses, and too much crude oil helps both ways to intensify it.

Poultry business seems to be in good condition. There is less in storage, few eggs, less stock on farms, higher prices, but don't buy chicks or hens unless you can give them roomy quarters, good feed, plenty of water and care for them. If you do you will find little grief.

POLAR NEWS

A large part of the land in cultivation has been planted in cotton or grains during the past week. The weather has been so cool that crops seem to be standing, not growing as they should.

Rev. Wilkerson preached to a fairly good crowd Sunday morning. A large crowd also met for Sunday school that afternoon. The classes were re-arranged, and after Sunday school Bro. Wilkerson preached again.

Rev. and Mrs. J. R. Williamson of Fluvanna held a Sunday school course at Polar last week. We are sure every one who attended enjoyed the course. The Polar Sunday School has resolved to do more for the sommunity and grow bigger.

The Polar church house would not hold the crowd that attended singing Sunday night. A number of Dermott singers were present to help us sing. We were glad to have you, Dermott.

The Clairemont Dramatic Club will give a play at Polar school house Thursday night.

Every person in Polar is requested to be at the school house Friday night to discuss "a county agent for Kent County."

Mr. and Mrs. W. H. Courington are the parents of a 9 pound boy born last Monday, named Milton Audine.

Little Freddie Lipham spent last week with his grandparents, Mr. and Mrs. Dow Lipham.

Mrs. J. T. Simms and Mrs. A. C. Cargile visited in Post last Tuesday.

Mrs. J. D. Lipham was called to Hermleigh early last week on account of the death of a grandson.

A fishing party composed of Mr. and Mrs. J. M. Moore and son, Cleo, and Mother Martin and son of Snyder, and Mr. and Mrs. B. A. Moore fished at Clark's ranch Monday. They reported "no luck," so we suppose they were a fishing party, with out any fish.

J. T. Simms and wife were business visitors at Post Wednesday.

M. R. Edwards of Holly, Colo., was a guest of his sister, Mrs. R. C. Hoyle, last week. Mrs. Hoyle and Mr. Edwards motored to Snyder to visit Mrs. Hoyle's daughter during his stay here.

Mrs. B. P. Moffat of Snyder was a guest of her sister, Mrs. E. L. Peterson Sunday.

Mrs. T. V. Cumbie and Mrs. Chas. Cargile were called to the bedside of their daughter and sister, Mrs. Tom Squires, last week.

Mrs. Eldon Nance and family and Mrs. Jim Neff of Justiceburg were guests of Mr. and Mrs. B. A. Moore Sunday.

Worried Night after Night as health declined

"I SUFFERED frequently from nervous headaches and I could not sleep well," says Mrs. Cora Dover, R. F. D. 2, Hickory Grove, S. C. "I was thin and pale. I was so weak I could scarcely walk.

"I tried several remedies but nothing seemed to help me. Night after night I worried because I could see I was going down-hill. I had my children to look after, and I was afraid of what would become of them if anything happened to me.

"I began to take Cardui. It wasn't long until I was beginning to pick up. My strength gradually began to return. I rested better at night and was less nervous. I took several bottles of Cardui, and when I had finished taking it I was in fine health."

TEXANS LET'S TALK TEXAS

As Surely

West Texans! let's talk about the opportunities of West Texas agriculturally, industrially and commercially--and as a wonderful place in which to live.

as the DAY follows the NIGHT

AS SURELY as the day follows the night, West Texas stands upon the threshold of an era of industrial development which will be as thrilling and as picturesque as has been the past history of this remarkable empire.

Sometimes the most worthwhile things are the least obvious. It seems to have been so in the case of West Texas. In the outset it seemed to many people that there was very little to recommend this section as one peculiarly fitted for the building of a great industrial area. Men were attracted to this section of Texas, however, whose vision was far reaching. They foresaw that West Texas was destined to become a great center of industrial activity.

Accordingly they instituted a program of foundational industrial work which required the greatest courage and fortitude to carry forward. These men pioneered West Texas. Today their efforts are gloriously in evidence. On every hand the force of their determined optimism is felt. National recognition of the correctness of their forecast, made a quarter of a century ago, is daily being given. They have laid the foundation of a mighty empire.

This heritage they are tendering to a new generation, whose capacity for going forward with it is reflected in today's sound developments.

The Texas Electric Service Company has had a part in West Texas development. And this Company feels that it partakes fully of the spirit of West Texas, that it has an understanding of the needs of this territory which enables it to plan its future along the most constructive lines of helpfulness to this great wealth producing area.

A hundred necessities, a thousand luxuries are brought to the door of the couple who save. A marriage wherein economics are based on a deposit book has happy days ahead.

Snyder National Bank

Welcome, Convention Visitors

the family, while young, to Van Zandt, County, Texas, where she was married to T. B. Falls near Wills Point, February 25, 1888; and resided in that locality for several years. To this union there were born six children, Mrs. George Bickam, now of Shreveport, La.; Edwin Falls of Ira; William of Wichita Falls; Mrs. Annie Mae Hutchinson; Rea of Ira and Louise. Annie Mae and Louise, together with their father, have gone on before.

Mrs. Falls also has three brothers and two sisters, as follows: W. C. Rea of Dallas, Texas; Hettie Russell and Minnie Rea of Altus, Okla.; J. D. Rea of Los Angeles, Calif.; and R. A. Rea of Kingston, Okla. All of these, together with G. N. Rea, an uncle, and Mrs. W. E. Chamberlin, a niece, both of Ada, Okla.; were present for the funeral service.

The Falls family came to Scurry County and located near Ira something like twenty years ago. The writer soon met them and, in due time received them into the Presbyterian Church. For the next several years he was often the guest of that splendid Christian family. He is, therefore, prepared to say that they were the kind of folks who make a community better by living in it.

Sister Falls made her profession of faith in Christ when about sixteen years old, united with the church, and for the remainder of her days lived a consistent Christian life. She was a woman of strong and positive character as well as of noble fidelity and beautiful Christian mien.

The high esteem in which Sister Falls was held by the people who knew her best was made evident by the very large audience which assembled in the largest available auditorium for the funeral service conducted by the writer and assisted by Rev. J. W. McGaha, a Baptist minister of Ira, and Rev. E. C. Lambert, pastor of the Presbyterian Church of Snyder. The floral offering was, indeed, a beautiful and impressive one, but the presence of the multitude was equally impressive and beautiful in spirit.

In the light of the Scriptures there can be no doubt of the happy estate of the immortal spirit of this good woman; nor of the assurance that the mortal body, left behind for the present, will have its place in the first resurrection. Let those who are interested read I Corinthians 15th Chapter, I Thessalonians 4:13-18, and the last two chapters of Revelation. They are the ever present source of comfort and assurance to those who need it and are prepared to receive it. Beyond all question, it pays to be a Christian.

LUBBOCK NEWSPAPER SPEAKS OF DIRECTOR

Sunday's Lubbock Avalanche-Journal said:

"James W. Crowley, for the past five years bandmaster for Lubbock High School, has been selected as the director of the Snyder High School and Municipal Band, according to word received from that city yesterday.

"Mr. Crowley stated last night that he had agreed on terms with the Snyder Lions Club and School Board, but that no contract had been signed. Should he take the position he will leave Lubbock June 1, it was stated.

"Since coming to Lubbock, Mr. Crowley has built up one of the best known musical organizations in the state from the local high school. He has entered the band in all contests in the West Texas Chamber of Commerce conventions and last summer attracted much attention throughout the Southwest with his 2,000-mile tour of three states with the local youngsters."

A GOOD WOMAN

On last Saturday we were called upon to perform the last sad rites over the mortal remains of Mrs. T. B. Falls, who died Thursday following a stroke of apoplexy on Wednesday afternoon while attending a Baptist missionary meeting in Ira. Thus it may well be said that this faithful and devout woman passed from earthly toil to heavenly rest while in active service and at a post of duty.

Mrs. Falls was born near Palusky, Tenn., February 24, 1870; came with

OUR used car department is operated under the famous Chevrolet Red O. K. Tag system. Under this plan, we attach the Chevrolet Red O. K. Tag to the radiator cap of every reconditioned car—showing exactly what vital units of the car have been checked or reconditioned by our expert mechanics.

We believe that no fairer system of used car merchandising has ever been worked out—for it assures the customer honest value.

Due to the great popularity of the new Chevrolet Six, we have on hand at this time a wide selection of "O. K.'d" used cars taken in trade on new cars. Come in and look them over. You are sure to find exactly the car you want at a price that will amaze you. Terms are exceptionally easy.

THOSE SCAREHEADS

We have always been up in arms concerning the unfair publicity that is given to aviation accidents in the daily press. The crash of an airplane is always good for the top right-hand corner, while the week-end toll of automobile accidents is usually glossed over and hidden away somewhere near the obituary page.

It might be interesting to some of our readers to know that 31,000 miles per day is the actual average mileage flown over established airways with accident in this country. But this is not news to the newspapers, neither is the fact that the proportion of 1,413,381 passenger-pilot miles safely flown over airlines in one year to each fatality should be the basis on which the safety of controlled aviation should be judged.

Surely there must be something to this air travel after all.

TESTIMONY

The Texas Federation of Women's Clubs thinks children under sixteen should not be allowed to visit courtrooms and hear indecent testimony.

That is a proposition of such elemental righteousness that it should be unnecessary to call it to public attention.

Children are imitative. They see their elders, men and women, crowd into the courtrooms to hear testimony that should bring a blush of shame to the face of a castiron dog.

PLEASANT HILL CLUB

Our meeting was called to order by the vice president on account of our president being absent. The secretary called the roll, and each member gave a brief report of what they had done since last meeting.

One cap had been finished, two undergarments cut out, two aprons ad one cap cut out.

Several beds of flowers had been planted, and onions, tomatoes, pepper plants set out and beets planted. Three hens been set on fifteen eggs each, forty turkey eggs set, one improved clothing closet, and others made a practice of hanging up their clothing.

Miss Davis gave a food demonstration on cream soups and cream potatoes, and it was enjoyed by all.

PROMINENT ATTORNEY PLEADS FOR HIS WIFE HELD FOR FORGERY

SWEETWATER, April 11.—One of life's many tragedies unfolded some of its pages in the chambers of District Judge Fritz R. Smith here last night when a prominent San Francisco attorney appeared and with tears in his eyes appealed for a recommendation to Governor Moody for the pardon of his former wife.

The woman, who under the name of Mary Blake, was convicted of forgery and sentenced to a penitentiary term at the last November term of court here, was visited by her former husband a few days ago and reconciliation affected, he told Judge Smith and District Attorney George Mahon. At the time she was sentenced the jury handed the judge a slip of yellow paper on which it had written a recommendation that she be pardoned after serving six months of her sentence. The six months is not quite up, but the husband asks for her immediate release so that he may take her back to California and start life anew.

According to Judge Smith he told a story of many attempts to make their home life succeed, of three beautiful homes especially built for her, of cars, wealth, social attainments and all the things that are ordinarily supposed to make for perfect happiness.

woman periodically got into difficulties, and when she was arrested in Sweetwater last year on the forgery charges he refused to do more to help her.

His plea last night was successful, and a recommendation is being sent to Governor Moody that she be pardoned.

Senior Christian Endeavor, 5:30 p. m.

Sermon: Arm Yourselves For Battle! 8 p. m.

Let us go into the house of God for worship.

The sermon subjects for next Lord's Day are selected with the specific intent of directing our attention to some of the fundamental needs of the hour. That of the morning hour is prophetic in the interpretation of the life of Joseph, the dreamer.

In the modern press and platform we read and hear much concerning peace and peace programs. And those who study the social trend, practicularly from the point of the nations of earth, realize the need for such discussion. For nation arms against nation and kingdom reaches secretely for the throat of kingdom, so that it becomes of prime importance that we as a people think seriously of "peace" and "preparedness." Our effort in this study shall be to direct consideration of the conflicting philosophies involved in the modern trend of thought.

Come! let us study together. A hearty welcome and warm reception to all.

DID YOU EVER STOP TO THINK?

By Edson R. Waite,
Shawnee, Okla.

THAT the name TEXAS is alluring. The mention of it presents to the mind boundless opportunities.

THAT the story of TEXAS is a most enrtancing story; a story of obstacles overcome; a story of victory after victory.

THAT added prosperity for TEXAS is looming bright on the horizon. Business is getting better every day; as business grows so will the state grow.

THAT the people of TEXAS fully realize that increasing the volume of business for the state is of vital importance to every one of them, because the whole plan for development and prosperity is built around better business.

THAT no state can inspire confidence on the part of others when it does not inspire the confidence of its own people. The citizens of TEXAS have confidence in their state.

THAT a state that is sold to itself does not have much trouble in selling itself to others.

THAT a state sold to itself soon attracts the attention of the outside world; states that get favorable attention get the business.

THAT he people of TEXAS are progressive and have a forward vision.

Continuous advertising of the opportunities TEXAS has to offer is receiving most favorable attention and consideration from the world.

CARNIVAL FEATURED AT FAT STOCK SHOW HERE ALL NEXT WEEK

Company G, Texas National Guard, will bring the Bill H. Hames Shows to Snyder next week, showing at the Wolf Park Grounds.

It requires fifteen 60-foot railroad cars to transport the shows with many riding devices, ferris wheel, merry-go-round and many other attractions.

The shows feature a minstrel show of 25 performers, with band and orchestra, and have with them Clifton Phelph, the "Boy Wonder," dancer, king of all colored Charleston and black-bottom dancers.

Some of the leading attractions with the shows are:

Jumbo, largest snake alive, 32 feet long and weighs 284 pounds.

Circus side show, with ten live working acts.

Athletic Show, where they take on all comers at $1.00 per minute in wrestling or boxing.

Big Dog, Little Horse—The dog, a St. Bernard, is credited with saving three lives during the last Ohio flood. Here is how the dog and horse compare: Dog weighs 225 pounds, measures 64 inches from the tip of his nose to the tip of his tail. Horse weighs 40 pounds and is 29 inches high.

There are also about 35 novelty booths and concessions.

This show recently showed at the T. & P. Reservation, Fort Worth, under the Star-Telegram milk and ice fund, and gave that worthy cause $915.92, which was acknowledged on the front page of the Star-Telegram of April 4th.

This show is by far the largest of its kind ever to show in Snyder.

A GLORIOUS REVIVAL

From Mrs. Geo. E. Alexander we get the following, which will be of interest to some of our readers:

Last week-end we visited Mr. Alexander at Lamesa. For two weeks he has been in a meeting at Hancock, 10 miles north of Lamesa. It is a great virgin community, unenlisted, unorganized.

The meeting has been conducted only in the evenings, with only a few professions of faith, though the community was awakened as never before.

On Sunday morning the Pentecostal power came! Not in years have we witnessed such an outpouring of the Spirit of God! Men who had been living unwholesome lives since childhood came back confessing their sins and vowing anew their allegiance to God. They fell upon each other's necks weeping and praising God.

For one hour the song leader and I alone sang, "I Surrender All," "Just As I Am," "Almost Persuaded," and other dear old songs while they came in large numbers confessing Christ. I do not know how many came. We remained until long in the afternoon, people having forgotten about dinner and everything, except the marvelous experiences of the hour.

Friends of Mitchell-Scurry Association, some of you with whom Mr. Alexander and I have had almost similar experiences—may this be the most fruitful year in the history of this association! Will you not come boldly to the Giver of every good and perfect gift," claiming His promise of "Lo, I am with you always"?

Mrs. Alexander.

MRS. E. B. BAUGH

Mrs. E. B. Baugh was born in Murphreesboro, Tennessee, February 13, 1850, and was called to rest from this life April 2, 1929. In 1878 she came to Johnson County, Texas, where in 1882 she was married to E. B. Baugh. In 1889 with her husband and two children she came to Scurry County, where she has since lived a life that was full of nobility and loving service.

Mrs. Baugh joined the Christian Church in 1882. She was strong in her faith and was a faithful reader of her Bible and other Christian writings. She was a frail little woman and seldom left her home, but she bore the world's burdens on her heart. She was always thinking of others instead of herself. To know her was to love her.

She has been preceded in this life by one sister, Miss Etta Wasson, and by three brothers, Irvin, Virgil and Sylvester Wasson. She is survived by one brother, Walter Wasson, and one sister, Mrs. Y. P. Gillum, and by her husband, her son, Bert Baugh, and daughter, Mrs. D. C. Wylie, and seven grandchildren.

Mrs. Baugh's remains were tenderly laid to rest in the Snyder cemetery by fond relatives and friends April 3, 1929.

Written by Vita Wasson, a niece.

FIGHTER IN TRIM

A letter from Ernest "Bearcat" Townsend, Albuquerque, New Mexico, states that he is getting in tip-top condition and will be ready to take on some of the would-be scrappers of this section when he returns here this fall. The "Bearcat's" address at Albuquerque is 225 South Yale street. He is scheduled for an eight-round semi-final bout there on April 28 with Rob Roy of Fort Worth.

SANDY'S SHORT STORY

"There are four requisites to a good short story," explained the English teacher to the class. "Brevity, a reference to religion, some association with royalty, and an illustration of modesty. Now with these four things in mind, I will give your 30 minutes to write a story."

Ten minutes later the hand of Sandy went up.

"That is fine, Sandy," she complimented, "and now read your story to the class."

Sandy read: "My Gawd, said the countess, take your hand off my knee."

FRIGIDAIRE

A letter from Mr. Rosenthal, President of O. W. Rosenthal-Cornell Co., Builders:

"We are enclosing signed copies of contract for six hundred twenty-eight (628) Frigidaires for the Marshall Field Garden Apartment Homes.

"As you know, this is a non-profit project, providing apartments to rent at cost. Because of this, we were particularly concerned not only as to the quality and character of equipment, but the operating and maintenance cost, that the occupants of these apartments may have the very best possible service at the lowest possible cost."

Come in and get all the facts about Frigidaire; also two new and interesting books that we want to give you—free.

NOW as never before you should be careful about lubrication

THE lubrication requirements of the present high speed motors are most exacting. With their fine adjustments, these motors will not operate efficiently with *every* oil. They require a lubricant which is made especially to to meet the particular conditions which they have created.

That's why it's most important to always specify the oil you want—and it will pay you well to insist always on a brand which has back of it the resources and experience of the Continental Oil Company. Then you will always be sure to get the *right* oil—in the grade made especially for your motor.

Ask for these brands at the better service stations and garages.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Rain and Business

On Thursday of last week the Fluvanna community received another fine rain amounting to three-fourths of an inch. Along with this there was quite a shower of small hail, but the stones were to small to do much damage. On the other hand, the moisture will be worth much to farming, grass and vegetation in general. We now have a good season and a very favorable outlook for a good year.

Mr. Willie Miller, recent purchaser of what is now commonly known as the Craft Ranch, is having the old ranch home taken down and a new modern residence erected in its place. Thus the country improves.

D. T. Whatley, owner of several farms just south of Fluvanna, has recently purchased the —C ranch, consisting of 19 sections and lying in the west side of Borden County, consideration $111,000 cash. To V. P. this sounds like "big business." The deal was put over by Dodson and Blackard of Snyder and O. S. Wills of Fluvanna. It is understood that Mr. Whatley plans to fence this ranch with sheep proof wire and erect a modern residence in the near future.

D. A. Jones has just purchased of Jack Harris, Snyder, a tract of farm land consisting of 29½ acres lying at the southeast corner of the Fluvanna townsite.

School Affairs

Three of our senior high school girls, Ruth Truss, Nadine Haynes and Burline Boynton, accompanied by John Truss, attended the semi-final district contest held at Abilene last Friday and Saturday. Ruth and Nadine, senior girls debating team had won in several of the preliminary contests but were defeated in the semi-final. Even though finally defeated, these girls made for themselves and our school a splendid record deserving of much credit. Burline Boynton won first place in the senior girls declamation. This gives Fluvanna the right to be represented in the senior girls declamation contest at the state meet at Austin in early May. We extend hearty congratulations, Burline. This brings to the Fluvanna High School another and a larger honor, for which we may all be justly proud.

The Snelling and Hackberry school precincts are to hold elections Saturday, April 27 for the purpose of deciding the question of consolidating with the Fluvanna school. The Fluvanna precinct will likewise hold two elections on the same date and for the same purpose. Let us hope that large majorities in each of these cases will favor this consolidation movement. If the people take a right view of these matters and all stand and pull together for real development and progress, we shall soon have a first class high school in Fluvanna which will be in reach of all the points named.

Our Board of School Trustees has recently elected all the members of the present faculty, save one—Mrs. Ellis—who was not an applicant. Prof. Cleo Tarter was added to the faculty. We thus have a splendid corps of teachers—a faculty which has already proved its worth by its work.

Church Services

Rev. Barnhill preached to a good sized audience at the Christian Church last Sunday morning.

Rev. D. G. Wells had the pleasure of preaching to large and attentive audiences at the Fluvanna Baptist Church last Sunday at both morning and evening hours. Rev. Wells is a strong and forceful preacher, a devout Christian and a kindly neighbor. His series of strong Gospel sermons through last week have evidently done us much good. We understand that Rev. Wills has accepted the call of the congregation mentioned above and will, from this time on, use the first and third Sundays here.

Regular services will be held at the Presbyterian Church next Sunday at both morning and evening hours. The public is invited to attend.

Leslie will fill his regular appointment with the First Baptist Church here next Sunday.

Rev. W. H. Harris, Methodist, preached to the people at Dermott last Sunday morning.

A paragraph from the reporter of the Methodist Church follows:

Services were dismissed at the Methodist Church Sunday and everyone went to hear the inspiring revival sermons Bro. Wells delivered both morning and night.

Brother Williamson and wife are back from Polar and report a fine time. Mr. Williamson reports a good class.

Our quarterly church conference will be at Gail next Sunday. Bro. Lipscomb, our presiding elder, will be with us.

We had a good crowd out for Epworth League Sunday night; a good and interesting program being rendered. Miss Mary Ely gave a report from the district League conference which met at Colorado Sunday.

All Epworth Leaguers who attended the union social Friday night at Snyder report a good time, also good eats.

The Ladies Missionary Society met on Monday, April 22, and elected their delegate to the W. M. S. district meet which will be held May 7 at Big Spring. This honor was bestowed upon Mrs. Bob Snodgrass. We are planning on Mrs. Snodgrass having plenty of company on this trip as a number of ladies are planning to go.

Visits and Trips

O. S. Wills made a trip to Lamesa last Thursday on business.

J. J. Belew, E. A. Boles, H. C. and H. F. Carmichael made a business trip to Oklahoma the first of this week.

J. A. J. Jones, wife and son, Ed, visited Russell Jones and family at Seminole last Sunday.

Jas. and Mrs. Tate, accompanied by Mrs. Tollie Faver, motored to Ira last Saturday afternoon to which place the Village Preacher was called to conduct the funeral service over Mrs. T. B. Falls. This good woman had been a resident of the Ira community for more than twenty years. She lived a most worthy and consistent life, as well attested by the more than 300 people who left their affairs to attend her funeral. Revs. E. C. Lambert of Snyder and J. W. McGaha of Ira assisted in the service. Only brief mention is made here because it is expected that a full account will be furnished from Ira.

Ben Patterson, wife and daughter, Inel, of Sweetwater, spent the week-end here visiting the Harris family.

J. L. Fields and family, accompanied by two of the Carl Davidson young peoples, all of Camp Springs, visited the B. O. Stavely family here last Sunday.

Mrs. J. G. Landrum returned Sunday from Big Spring where she visited a brother, Emmett Josey, who has recently undergone a serious operation.

Mrs. Alvin Jackson and Mrs. Wilson of Gail attended church here last Sunday and were guests of T. A. and Mrs. Faver for dinner. In the afternoon A. M. McPherson and wife and S. N. Wilborn and family, all of Snyder, visited in the same home.

Miscellaneous

Roy Evans is having the Scurry County Times-Signal continued to his father at Cumby, Texas. This is a good thing to do. Others might emulate the example. This reminds us, too, of the splendid issue put out last week by the Times-Signal press. Think of it! Eighteen pages of eight columns each and two feet long. In contained many interesting articles—Fluvanna News for instance—and was embellished by several pictures of prominent people.

Mr. Stephens, the barber, recently suffered a stroke (not understood by the writer) which temporarily disturbed his mental condition and was taken to his people, near O'Donnell, last Sunday. We have learned nothing further.

Somebody—a night prowler of some kind—took a barrel of differential grease and the hand truck belonging with the barrel from the Birchfield garage last Sunday night.

Another prowler swiped Gene Trussell's slop keg a few nights ago. The property stolen in this last case indicates the level to which the offender is coming if, indeed, he is not already there—that of the swine. Perhaps he means to use it in preparing a slop of some sort for himself and others to drink. In any case, he has placed himself on a very low level and is, most likely, headed for trouble. What a pity! What a shame!!

JAS. H. TATE.

UNION DOTS

Union continues to be on the map just five miles west of Snyder on the Dal-Paso Cavern Highway.

Had a good day at Union Sunday. Good Sunday schools and a fine congregation at preaching service which was conducted by Brother Nipp, the pastor of the Baptist Church at Union. He preached at the morning and evening services.

The Epworth League and Junior B. Y. P. U. had their regular programs before the evening services. Both programs were fine. We invite all who wish to hear a good League or B. Y. P. U. program to come out to Union.

Lots of feed and some cotton have been planted in this community, but it is doubtful if we get stands if we do not get rains real soon.

Bethel school gave a fine program last Friday night so Union Dots is informed, but we failed to get there because the most of our walking is taken up and we had no other convenient way to get there. Sure hated to miss it, for they tell us that some of the boys made great speeches, especially in debating the farm relief question.

Now, Jimmie, you and Chubby and Otis and the D---l listen! The missus and I, along with our good friends and neighbors, J. T. Biggs and wife, were invited to take dinner with our neighbors, S. W. Light and wife, Sunday. Oh, Boy! That was a feast to remember. This dinner was the final to three birthdays of C. C. Bearden, S. W. Light and Mrs. Jim Fonda of Floydada, who is the twin sister of S. W. These three have made the 60th milepost along life's highway, and all are hale and hearty. S. W. swelled all up and blew every candle on the cake into utter darkness. Think of it, sixty candles at one blow. I saw that S. W. is some blower or blow-hard. What say you?

Those present were Mr. and Mrs. Jim Fonda of Floydada, Mrs. Murphy, who lives east of town, W. H. Murphy and family of south of town, C. C. Bearden and wife, Leonard Bearden and family, J. T. Biggs and wife, Union Dots and the Missus, and Misses Lorene and Mildred Patterson. All enjoyed the occasion and all joined in wishing these good neighbors and friends many more miles along the way before the call comes to come up higher.

We are sorry to report the illness of Mrs. Smith of the Turner community. We are hoping for her an early recovery.

J. L. CARRELL.

IN SOCIETY

CONVENTION WEEK FILLED WITH MANY PRETTY AFFAIRS

Snyderites are deeply interested in the Seventh District convention that opens here today. Many prominent club women of the state will be among the visitors, and outstanding social affairs have been planned to honor the officers and delegates.

The first is a luncheon today noon honoring the Seventh District Board members at the home of Mrs. J. C. Stinson.

This afternoon Mrs. O. P. Thrane is providing a reception at her home honoring the General Federation and state board members, Miss Greathouse and Miss Orr.

Tonight the fine arts program at the high school auditorium will bring a capacity house. Mrs. J. H. Jernigan will preside.

Friday at noon an American Citizenship Luncheon will be given at the Presbyterian Church with Mrs. W. P. Averitt of Lamesa presiding. Mrs. J. E. Sentell is the hostess.

At six o'clock Friday the annual President's Dinner, honoring Mrs. F. T. Collins of Amarillo, will be given by the Lions Club and Scurry County Chamber of Commerce, with Mrs. W. B. Hampton, Quanah, presiding.

Saturday morning at 7 o'clock the Every Woman's Breakfast will be served at the Presbyterian Church, with Mrs. Hugh Taylor as hostess and Mrs. R. R. House of Pampa presiding.

At noon a Junior Membership Luncheon will be given with Mrs. S. J. Bailey of Quanah, presiding and Mrs. W. W. Hamilton hostess.

Snyder feels happy and supremely honored in having such welcome guests in our midst and hopes that each and every one enjoys her stay here immensely, with friendships being made that will be further cemented as the years come and go.

PICNIC RAINED OUT, BUT JOLLY BUNCH MAKES MERRY

Mrs. O. D. Carter's Sunday School class of girls had planned a picnic for Tuesday evening, but just as the jolly group was about to start, the rain drove them indoors at the home of their teacher. The picnic lunch was spread in the dining room and served in outdoor style to about twenty members and guests. After the "eats" many interesting games were played until a late hour.

LEAGUE PARTY

The Count Epworth League enjoyed a party last Friday evening which was given at the Methodist Church. Union Church had charge of the entertainment, and Snyder had charge of refreshments. Various games were played and punch and cake was served to about fifty guests.

ALPHA STUDY CLUB MEETS

Mrs. G. B. Clark Jr. was hostess to the Alpha Study Club members and guests Tuesday afternoon at her home.

Mrs. Joe Graham conducted the lesson. Roll call was answered by interesting notes on Texas cities.

San Antonio, Where Texas History Clings the Longest, was given by Mrs. J. E. Sentell. Mrs. Ixon Joyce gave a talk on Houston. Fort Worth was discussed by Mrs. Clyde Boren. An interesting talk on Port Arthur was given by Mrs. R. H. Odom. Mrs. Forest Sears gave a talk about Austin. A reading, "Interesting Notes of Minor Texas Cities," was given by Mrs. Waymond Sims.

At tea time a most delicious refreshment course was passed to the following club members and guests: Mesdames Wayne Boren, Forest Sears, Ivan Dodson, Melvin Blackard, Charles Noble, Waymond Sims, Wayne Williams, Joe Graham, Howell Harpole, J. E. Sentell, Clyde Boren, Tom Gates, Ixon Joyce, Misses Hattie Herm, Neoma Strayhorn, members; Mesdames George Oldham, Maurice Brownfield, F. F. Wagoner of Amarillo and Miss Clarabelle Clark, guests.

STOP, LOOK AND LISTEN CLUB

The High Sixth and Low Sixth Grades were invited to High Fifth Grade club program Monday at 11:15, which is student activity period.

The program was given by the students of the High Fifth who were exempt from exams. They want you to know that no teacher helped them. The students enjoyed the program very much. Those who took part in the play which was given were:

Rois, Irene Spears; Jack, Estine Dorward; Heidi, Mary Margaret Towle; Hans Brinker, Frances Northcutt; Robinson Crusoe, Netha Lyn Rogers; Alice, La Frances Hamilton; White Rabbit, Maxine Huckabee; Tom Sawyer, Geraldine Longbotham; Rebecca, Orene Wilborn.

Reading, Maxine Huckabee.

Story by the rabbit, La Frances Hamilton.

After this fine program Mr. Wedgeworth made a speech which we all enjoyed. It was on the line of exempt students. He said that they ought to take exams, but when he heard this program he changed his mind. Netha Lynn Rogers made a straight "A" card in our room. Some others said they would make it next time.

Billy Smith.

BIRTHDAY PARTY

Mr. and Mrs. A. E. Bell complimented Mrs. R. H. Bell and Richard Von Roeder with a dinner Sunday in honor of their birthdays, which appened to be on the same day. About forty-six guests enjoyed this happy occasion.

IN FORT WORTH SOCIETY

Tuesday's Star-Telegram said:

Mrs. George Beggs Jr. and Miss Dorette Beggs complimented Miss Martha Mae Arnold, bride-elect, when they entertained with a bridge luncheon Monday at the Fort Worth Club.

Soft pastel tints made the long table in the dining room an appropriate setting for a bride, the gauze-like cover being of shell pink, with the center holding three bowls of pink rosebuds and orchid sweet peas. The place cards and candies added a touch of green to the colors, forming the pink, orchid and green motif the honoree has chosen for her wedding colors.

Included among the guests were Misses Clara Arnold, Laura Petit Jone Saunders, Margaret Hodgson, Mary Adams, Mary Lee Poindexter, Emmy Lou King, Frances Fry, Virginia Poindexter, Helen Louise Robinson, Mary Lou Bartels and Mmes. George A. Scaling, Lionel W. Bevan, Dixie Ruth Smith, Beggs Anderson, Hunter Pendleton, John Anderson and Frank McNemy of Dallas.

PICNIC AT SCOTT'S RANCH

A group of young people who were chaperoned by Mr. and Mrs. J. C. Card enjoyed a delightfully planned picnic at Scott's Ranch last Thursday evening. Those present on this happy occasion were Misses Eloise Scott, Christine Eoff, Pauline Boren, Elinor German, Thora Cotten, Lura B. West, Ola Lee Cauble, and Messrs. Fritz R. Smith, Ivan Elkins, Hilton Lambert, John Irwin, Bythel Martin, Holley Lewis, J. D. Scott, Van Bratton and Mr. and Mrs. Odell Blackard.

UNION CLUB DOINGS

The Union Club met at the church April 19, 1929. There were ten club members present with five new members and six visitors. The subject of yard beautification was discussed during the program, as follows:

Roll call, answered by giving name of house plant method of care.

Leader, Mrs. P. A. Mebane.

First, What Makes the Rural Home Attractive?

Second, The Necessity of Well Repaired Buildings, Fences and Gates.

Third, The Care of Annual and Permanent Plants.

The next meeting will be held at the church May 3. We are very anxious that all the women who can possibly come to be there.

DID YOU EVER STOP TO THINK

By Edson R. Waite, Shawnee, Okla.

Carle C. Conway, president of the Continental Can Company, Inc., says:

THAT the last time I was abroad, I had occasion to talk one afternoon with the officials of one of the leading foreign banks. 'During the course of the conversation, the usual criticism of certain types of Americans who go abroad chiefly for the purpose of spending money and that more or less ostentatiously, was made by the bankers. After listening to their comments for a few minutes, I asked them if they had ever stopped to think of the fundamental principles underlying economic conditions of a country, such as ours, where it is possible for so many people to acquire great wealth in the short space of one business lifetime. They said frankly that they had not considered this.

I told them that, in my opinion, one of the greatest contributions to American economic life was the great and successful experiment of Mr. Henry Ford, in which he proved that high wages, low unit costs and low prices to the public could produce large profits. The development of this idea has caused a mental revolution in the minds of employers. We no longer hear of reducing wages as a panacea for our troubles, but rather of concentration on the part of the manufacturers to produce lower unit costs, of increasing wages or of sharing profits with the employees, through stock ownership or other plans.

In the case of the Continental Can Company, at various times during the past five years, employees have been offered the opportunity to buy stock in the company, on a plan, by means of which they could purchase stock and pay for it over a period of years. In other words, the company has loaned its credit to enable its own employees to share in the profits that they were producing. At the present time there are over 1,500 employee stockholders in the Continental Can Company, who have taken advantage of this plan, owning collectively about 135,000 shares of stock, which stock, as of this date shows a market appreciation approximating $5,000,000.

The best of it all is that the coming decade should offer greater opportunities than ever before to the young man of vision, who is open minded, willing to sacrifice to accomplish his end and possessing the courage to do it.

In bringing about this era of prosperity, we have developed during the past few years, first, better employer-labor relationships; second, better competitive conditions; third, better producer-consumer relationships.

Building on such a foundation, there is no reason why the present prosperity should not continue and grow.

FOURTH GRADE PUPILS WRITE LETTERS

Snyder, Texas,
April 15, 1929.

Dear Mr. Wedgeworth:

For our English today Mrs. Lemley is letting us write a letter to you. We are tickled to get to do it.

We appreciate your efforts to beautify the school grounds. We also appreciate your efforts to make our school one of the best schools in Texas and the United States.

We saw in yesterdya's paper that you are re-elected for our superintendent. We are glad you will be here next year.

We are trying to help you beautify the grounds and make a good school.

Yours sincerely,
Alice Lind Clifton.

Snyder, Texas,
April 15, 1929.

Dear Mr. Wedgeworth:

For our English lesson today our teacher is letting us write a letter to you.

I appreciate you very much for making this school the best in Texas and in the United States. I love you because you have fixed our ground so nice with the shrubbery and flowers.

Yours truly,
Alice Reichardt.

Snyder, Texas,
April 15, 1929.

Dear Mr. Wedgeworth:

I appreciate the way you have the flowers arranged. I am glad our school is one of the highest standing in the nation.

I saw in this week's issue of the paper that you are going to be our superintendent another year. I wish you would keep on being until I get through with school.

For English today our teacher is letting us write you a letter.

We had an English examination last Thursday. I made 100, and my twin sister made 98.

Your friend,
Thana Benbenek.

Snyder, Texas,
April 15, 1929.

Dear Mr. Wedgeworth:

I am happy because I am writing this letter to tell you how much I appreciate you for making the school ground so beautiful and the school one of the best in our country.

I hope you stay here next year, because I feel like you have made Snyder school one of the best in the United States and Texas. You also have made everyone happy.

Yours sincerely,
Baluum Grant.

Snyder, Texas,
April 15, 1929.

Dear Mr. Wedgeworth:

I am very pleased to write you a letter this afternoon. I read in this week's issue of the Signal that you will be our superintendent again next year. I surely am glad.

I heard that our school is one of the best in our state and nation. I am very glad of that.

I appreciate the way you are beautifying the school ground. I shall help to keep it.

Yours truly,
Ruth Letcher.

I AM THE FARMER

I am the provider for all mankind. Upon me every human being constantly depends.

A world itself is builded upon my toil, my products, my honesty.

Because of my industry, America, my country, leads the world. Her prosperity is maintained by me; her great commerce is the work of my good hands; her "balance of trade" springs from the furrows of my farm.

My reaper brings food today; my plow holds promise for tomorrow.

In war I am absolute; in peace I am indispensible; my country's surest defense and constant reliance. I am the very soul of America, the hope of the race, the balance wheel of civilization.

When I prosper men are happy; when I fail all the world suffers.

I live with nature, walk in the green fields under the golden sunlight, out in the great alone where brain and brawn and toil supply mankind's primary needs. And I try to do my humble part to carry out the great plan of God.

Even the birds are my companions; they greet me with a symphony at the new day's dawn and chum till the evening prayer is said.

If it were not for me the treasuries of the earth would remain securely naked; the granaries would be useless names; man himself would be doomed speedily to extinction or decay.

Through me is produced the energy that maintains the spark of life. I rise with the early dawn and retire when the "chores" of the world are done.

I am your friend.
I am the Farmer.

BOY SCOUTS OF SNYDER

Is your son a Boy Scout? Why not? Get him to join the Buffalo Trails Council troop of Snyder. We have thirty or more in our own Troop 48.

To show you how we are working, we have done 345 good turns in one week. Don't you suppose that has made someone happy?

Roland Bell was the Scout of Honor because he did fifty-four good turns in three days.

We have two patrols, the Wolf and the Eagle. The patrol leader of the Wolf patrol is Elmer Watkins. The assistant patrol leader is Bernard Longbotham Jr. The patrol leader of the Eagle Patrol is Bob Hamilton, and the assistant is Sam Werner Wilborn.

We are having a contest to see who do the most good turns. All of the scouts are greatly interested, and we will be glad to have more members. Our hikes are something you should not miss. Our regular meeting nights are Friday at 7:30 o'clock.

you stand on—with a cough, a cold or grippe, and your blood impoverished. You must do something! Dr. Pierce's Golden Medical Discovery, makes richer blood—builds health and strength.

Mrs. Beatrice Morrison of 4318 Terry St., Dallas, Texas, remarked: — "Dr. Pierce's Golden Medical Discovery is a splendid family medicine and one that I generally keep in the house. I always give it to my children for coughs and colds. My little girl has been especially benefited by taking this medicine. Diphtheria left her with bronchial weakness and she got rundown, thin and puny. I gave her the 'Golden Medical Discovery' and it built her up in health."

MANY DEBATES HELD THIS YEAR

Soon after school opened in September Mr. Covey called together all students interested in debate and issued material on the sub for debate, Resolved: That the Cabinet System of Legislation is More Efficient in England than the Committee System is in the United States.

Maxey Chenault, Fred Yoder, W. F. McCollum and Clarence Walton came out and immediately started to worw to spread abroad their fame as orators. Gladys Bullard and Marian Rosser came out for girls debate, but Marian was forced to drop it on account of other outside work, and an excellent debater was found in the person of Vernia Stephenson.

On October 29 Mr. Covey, the four boys and Mr. Chenault went to Abilene to hear a debate between Simmons University and the University of Sydney, Australia, on the same question that the high schools are debating.

The try-out for the team was held about the middle of January, and Maxey Chenault and Fred Yoder made the team with Clarence Walton as alternate.

The following is the record for this season:

Boys—

Snyder 0, Colorado 1, there.
Snyder 2, Colroado 1, here.
Snyder 1, Sweetwaterf 2, here.
Snyder, Roscoe, no judges, there.
Snyder 3, Roscoe 0, here.
Snyder 0, Sweetwater 3, there.
Snyder 3, Hermleigh 0, here.
Snyder 3, Post 0, there.
Snyder 0, Fluvanna girls 3, there.
Snyder 2, Fluvanna girls 1, here.
Snyder 1, Post 0, here.
Total won 6, total lost 4.

Girls—

Snyder 0, Colorado 1, there.
Snyder 1, Colorado 2, here.
Snyder 1, Post 2, here.
Snyder, Roscoe, no judges, there.
Snyder 1, Fluvanna 2, here.

The boys defeated Hermleigh for first place in the county. The girls team was crippled on the verge of the county meet by the sickness of Vernia Stephenson. Mildred Patterson took up the cudgels of combat and did good work in her first debate, that against Fluvanna, but somehow the decision was two to one against them, so Fluvanna won the county meet.

The boys' team went to Abilene April 18 to participate in the district meet.

Maxey Chenault will still be in Snyder High next year and will enter his third year in high school debating. Clarence Walton, alternate this year, will also be here and will be in the fight for the main team. The girls will still have Vernia Stephenson and can probably get a good recruit from the next year's student body.

There should be at least a dozen entries on each side next year.

JUDGING TEAMS MAKE TRIP TO LUBBOCK

The stock and poultry judging teams of the vocational agriculture department of Snyder High School journeyed to Lubbock Monday, April 8, to compete in the Smith-Hughes judging contest at Texas Tech. Twenty-six schools were represented, and 196 boys took part in the contests.

The following students composed the stock judging team: Maxey Chenault, Grady Wallace, Cloyce Drinkard and Russell Shaw. Those on the poultry judging team were Kenneth Pitner, Geral Greene and Emmitte Askins. They were accompanied by C. C. Redman, instructor.

Fourteen teams took part in the poultry judging contest, and the Snyder Farmers won fourth place. In the egg judging division of the contest we placed fifth. Kenneth Pitner won first place in judging hens for egg production, making a perfect score of 300 points. We will all admit that Pitner "knows his hens."

The stock judging team did not place in the contest, but regardless of the fact of competition, they did some very good work.

The farmers who took part in the contest were entertained by Tech College with a banquet given at 6 o'clock in the college cafeteria. Many good speeches were made, and the medals and loving cups were awarded the winners.

In spite of the "lung trouble" Mr. Redman's "Lizzie" was complaining of, and "Red's" flats, blowouts and punctures, a good time was had by all.

Robt. M. Garner, Reporter.

MOORE OF SIMMONS ELECTED HEAD COACH

Otis "Red" Moore, all-T. I. A. A. and all-Texas Conference end for two years, and one of the best football players ever in Simmons University, has been elected director of athletics of Snyder High School. Mr. Moore will receive his master of arts degree this summer and will teach in the mathematics department, it is thought.

As a preparation for the coming football season, Coach Sullivan is progressing rapidly with spring football. He has about twenty boys getting into shape for the next year's Tiger team. Wiht these and the new boys the Tigers intend to have a very successful year in 1929. Mr. Sullivan has challenged neighboring teams for games this spring.

Wonderful prospects are foreseen in the future for football, with Mr. Moore as head coach. He has had many years of experience and expects to bring Snyder High to the top. Snyder will be very glad to welcome Mr. Moore, because they have great confidence in him.

HIGH SCHOOL HONOR STUDENTS

The following high school students made an average of 90 or above on both deportment and subjects this six weeks:

Senior A: Gladys Bullard, Bessie Burk, Naomi Busby, Bamma Cayce, Katherine Northcutt, Mildred and Lorena Patterson, Marian Rosser, Jewell Sturdivant, Bill Turner and W. F. McCollum.

Senior B: Adelle Baugh and Anthem Wade.

Junior A: Maxey Chenault and Austin Erwin.

Junior B: Aline Binnion, Allene Curry, Meva Doak, and Ted Pitner.

Soph A: Alta Bowers, Mary Belle Carrell and Edna Crowley.

Soph B: Brentz Anderson.

Fish A: Nonie Bess Egerton.

Fish B: Jessie Mae Hanson.

White eggs in the incubator can be successfully tested for fertility on the fourth or fifth day, but the embryo in brown-shelled eggs can not be seen with an ordinary egg tester until the seventh day.

COMMUNITY PROJECTS

UNSELFISH SERVICE TO A RURAL COMMUNITY

We, the members of the Woodsdale Home Demonstration Club, have given to our community no library; no community house; no memorial of bronze or marble; for such gifts cost more money than we command, but such as he have we have given.

A small group of women, living miles back in the country, have given to our community two gifts, service and fellowship.

For the past two years, during the coldest months of winter, we have served a luncheon with one hot dish to the children in our little two-room country school. This lunch was served free of cost to all the school children, whether or not their mothers were members of our club. The club members furnished the supplies; and the teachers, with the help of the older children, prepared and served the lunch.

Each summer we give one day to the canning of vegetables and soup mixtures to be used in the winter for the lunch. We gather at the home of a member, each bringing vegetables from her own garden and together we can them. When the wrok is done we picnic. Last summer we canned in one day one hundred and ten quarts of soup mixture and tomatoes. During springtime we served fruit and lemonade to the school children.

Realizing that many country children are under-nourished because country people live largely on meat and bread during the winter, we have pledged ourselves to try to can enough fruits and vegetables to supply our families throughout the winter, thus giving our community healthier children.

We aroused interest and thereby got our members together to clean the school ground. Bushes and brush were cleaned away and burned, giving the children a better playground.

Our school house is a community center, used for school, Sunday School, preaching, prayer meeting, and for entertainments. On occasions when the school desks would not seat the crowd, extra seats were provided b putting planks across blocks of wood. Imagine sitting on these through a long sermon or a two-and-a-half-hour play. Our club, seeing the need, supplied comfortable benches to the school.

We planted roses or vines around our own mailboxes and gave roses to others, both white and colored people, asking that the bushes be planted at the mail boxes. This the people gladly did.

We help the sick, the poor and needy, giving them pound parties and showers, food, clothing, bed clothing, towels, magazines. In one case we engaged a colored woman to clean house and wash for a woman who was too ill to do her work and too poor to hire it done. In another case, when a colored woman could not be found we club members ourselves cleaned house and bathed the children for the sick mother.

To finance our work we gave a play and a minstrel show, realizing thirty dollars from the two. We won $29 at county fairs and a $20 price at the state fair.

To our community we have given

CITATION BY PUBLICATION—PROBATE

THE STATE OF TEXAS,

To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to cause to be published, once a week for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation, and which has been continuously and regularly published in said county for a period of not less than one year, the following notice:

THE STATE OF TEXAS,

To all persons interested in the estate of Mose Walls, Pete Walls, Jack Walls, Velma Walls, and Ida Walls, minors,

You are hereby notified that W. V. Jones has filed in the County Court of Scurry County, Texas, an application for letters of guardianship of the estate of said minors, which will be heard at the next regular term of said court, commencing on the second Monday in May, A. D. 1929, the same being the 13th day of said month of May, at the courthouse in said county;

At which time all persons interested in said estate are hereby cited to appear and contest said application, if they so desire.

Herein fail not, but have you then and there before said court this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Snyder, Texas, this 24th day of April, A. D. 1929.

(Seal) MABEL Y. GERMAN, Clerk, County Court,
HB-45-2tc Scurry County, Texas.

SHERIFF'S SALE

THE STATE OF TEXAS,
County of Scurry;

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Hunt County on the 30th day of March, A. D. 1929 by the district clerk of said Hunt County for the sum of $3182.96 and costs of suit, under a judgment foreclosing a deed of trust in favor of The Greenville National Bank in a certain cause in said Court, No. 16307 and styled The Greenville National Exchange Bank vs. W. Jackson, placed in my hands for service, I, F. M. Brownfield, as Sheriff of Scurry County, Texas, did on the 5th day of April, A. D. 1929, levy on certain Real Estate, situated in Scurry County, Texas, described as follows, towit: Fourth Tract: All that certain tract or parcel of land lying and being situated in Scurry County, Texas, known as the South ½ Section 194, Block 97, H. & T. C. Railway Company land, Certificate No. 43-5599 and containing 327 acres of land, and levied upon as the property of W. Jackson and as the property described in said order of sale, and that on the first Tuesday in May, A. D. 1929, the same being the 7th day of said month, at the Court House door, of Scurry County, in the city of Snyder, Texas, between the hours of 10 A. M. and 4 P. M. by virtue of said levy and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. Jackson and as the property described in said order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Scurry County Times-Signal, a newspaper published in Scurry County.

Witness my hand this 5th day of April, A. D. 1929.

P. M. BROWNFIELD,
Sheriff, Scurry County, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to summon Roy West by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the County Court of Scurry County, to be holden at the Court House thereof, in Snyder, on the Second Monday in May, A. D. 1929, the same being the 13th day of May, A. D. 1929, then and there to answer a petition filed in said Court on the 8th day of August, A. D. 1928, in a suit, numbered on the docket of said Court as No. 1063, wherein W. R. West is plaintiff, and Roy West is defendant, alleging plaintiff as surety with defendant, executed note for $385.00, with ten per cent interest per annum from its date, Sept. 9, 1924, and ten per cent additional as attorney's fees, paid by plaintiff when past due on Dec. 6, 1924, to payee therein, the Snyder National Bank, whereby defendant became bound and liable to pay plaintiff according to its face and tenor the sum of $549.95; defendant secretes himself so ordinary process of law cannot be served on him and his residence is unknown, and prays for attachment and citation by publication, judgment for his debt.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, this the 14th day of March, A. D. 1929.

HERE'S HOW ONE MAN CAN DO TWO MEN'S WORK

You don't need a large acreage to justify the purchase of a McCormick-Deering two-row cultivator. About the most expensive item on a farm nowadays is labor. One man on a McCormick-Deering two-row will do as much as two men with single-row cultivators. If you hire help, a two-row will cut your cultivating costs in two. If you do the work yourself, you get it done in just one-half the time and you will be able to get your cultivating out of the way for other work which is sure to be crowding it.

Another big item—if it is a rainy year and you have to cultivate between showers, you get just twice as much done with a two-row in the same length of time. You can keep your ground in better shape because you don't have to go onto it when it is too wet in order to keep the weeds down.

Let us show you our complete stock of two-row and single-row cultivators.
