Official Paper of City of Perryton, Texas

PERRYTON, OCHILTREE COUNTY, TEXAS, THURSDAY, SEPTEMBER 8, 1938

Official County Paper of Ochiltree County

NUMBER 36

## School Enrollment Exceeds Last Year

### YESTERDAY AFTERNOON TOTAL OF 719 HAD REGISTERED; WORK PROGRESSING ON FIELD LIGHTS

School Officials Expecting About Fifty Additional Students to Register the Balance of This Week and Monday of Next

### BURK GIVING RANGERS PLENTY WORK

Plans of Superintendent Roger A. Burgess and the Perryton Independent School Board to improve the facilities for handling an increased attendance this fall have not gone amiss, for at the close of school yesterday the enrollment had exceeded that at the close of the second week of school last year. A total of 719 pupils reported this morning for regular class work. About 350 are enrolled in the senior high school.

At the close of the second week of school last year there had been 713 registered. The increase this year is due to the transfer by contract of 32 pupils from the Fairview school district in Oklahoma. This district comprises the Booster Station west of Gray, Okla. There were several other transfers from other districts over the county and school officials are expecting at least fifty more to enroll before the middle of next week. These figures will be available for next week's issue of the Herald.

### AMARILLO TO GET HOSPITAL IS DECISION

Veterans from Five States Will Be Benefited by Panhandle Locale

\$800,000 Appropriated

The dream of a veterans hospital in this area, which has been the light of all American Legion Posts in the Panhandle for the past five years, is about to be realized. Federal authorities announce an appropriation of \$800,000 to go to the Amarillo area and \$1,200,000 to the Dallas-Fort Worth locality.

The Panhandle hospital which will be constructed on Highway 66 just west of the Amarillo Country Club will serve veterans over a wide area, taking in western Oklahoma, southwestern Colorado, Eastern New Mexico, Southern Kansas and the Plains sections of Texas.

### CANADIAN HAS NEW STORE

BEN SCOTT WELL KNOWN IN PANHANDLE ESTABLISHES A COMPLETE NEW FOOD MARKET

Saturday of this week Ben M. Scott will open Canadian's newest food store. Mr. Scott, for many years a sales representative in this territory for the Ely-Hesse Company of Dalhart, and more recently with the Amarillo Paper Co., needs no introduction to a great many people of the Northeast Panhandle.

Extensive plans have been carried out by Mr. and Mrs. Scott in this new venture, and they anticipate hundreds of guests on their opening day. All day they will serve sandwiches and drinks to everyone, and will also have favors for every person visiting them — grown-ups and kiddies. In addition, they will give away free during the day ten bushels of groceries.

Mr. Scott, in his half-page advertisement on the back page of this issue, stresses the fact that purchases are not necessary to participate in the drawing for these free groceries, but that he desires to meet everyone in Canadian's trade territory on his opening day.

Not only a complete grocery and meat department will be conducted in his store, but a modern and up-to-date cream and egg buying department has been installed with the newest equipment in the way of cream testing instruments have been purchased. Also a well known brand of dairy and poultry feeds will be handled.

Scott Grocery is located in a 50-foot front building next door to the Fair, and across the street from the City Hall.

David Burgess and Jim Nelson were Sunday dinner guests with Newton B. Dodson.

### COUNTY "AG" MEET ON TUESDAY, SEPTEMBER 13

The regular monthly meeting of the Ochiltree County Agricultural Association will be held in the courthouse next Tuesday morning, September 13, at 10 o'clock. Representatives of the different community associations are expected to be present to make plans for resuming the regular community meetings which were discontinued in May. They will be resumed in October.

W. M. Deek, district director, attended a meeting of the Board of Directors of the Texas Agricultural Association and will discuss the details of the 1939 Farm Program and the results of the state meeting.

Many a big deal has been made possible through a small Want Ad.

## McMillen Club Wins First in Annual Exhibit Friday

### PUBLIC MAKES INSPECTION OF EXHIBITS SAT.

H. B. Urban Was the Highest Scoring Woman in the Exhibit With 88 Points

### Chevrolet Garage

Plans to be Sent to Tri-State Fair, Mrs. Curtis Roach and Committee in Charge

The Home Demonstration Club's annual exhibit held in the Perryton Motor Company's showroom Friday, September 3, was inspected by hundreds of Ochiltree county people after the judging was completed. Winners in the exhibit were Mrs. H. B. Urban, who scored 88 points, second with 85 points and Mrs. C. O. Roach, who scored 84 points. Mrs. W. Daniels, Wolf Creek, was second with 82 points.

### OTHER DEATH HIGH IN TEXAS

Infant and Maternal Death Rate is Appalling with 600 Mothers Lost During Year

Infants in Texas during 1937 lost their lives through childbirth and associated complications. Fatality struck 8618 under one year of age and infants were stillborn. These become particularly distressing when it is realized that at least 100,000 of these motherhood mor- could have been avoided.

### Report Progress

Ochiltree county 4-H Club boys are making splendid headway in their feeding demonstrations as reported to County Agent E. W. Thomas.

### 4-H Club Boys Making Headway in Feeding Out Demonstrations in Report to Thomas

Ray Schwab of the Lone Tree community has a litter of eleven pigs farrowed by his Duroc Jersey gilt. Leland Jennings of the same community has ten pigs. John Addington of New Hope has eight pigs. Ten other boys are expecting their pigs to farrow this month.

### Heavy Rainfall Brings Losses and Benefits to Panhandle

Heavy torrential rains throughout the Panhandle this week did damage to property amounting to thousands of dollars. Bridges were washed out detouring traffic on the North Canadian river at the Gruver-Spearman Highway and across the Beaver river on Highway 83. Families were forced to leave their homes along the course of the Palo Duro Creek north of Spearman where the rainfall amounted to more than five inches Sunday, September 4.

### Market Report

Wheat 50  
Heavy Hens 34  
Light Hens 31  
Heavy Springs 33  
Light Springs 31  
Broilers 27  
Cream 30  
Eggs, fertile 27  
Eggs, infertile 18  
Hides 46

### Script for War Jitters

A million and a half German troops engage in war maneuvers, and Czechoslovakia just across the southern border keeps a fearful eye on Nazi Fuehrer Hitler. That's the setting for European war jitters. Pictured at top is the crew of a German field piece firing at the "enemy" in war games at Gross Born. Lower photo, a scene at "bodau, Czechoslovakia, during an anti-Nazi demonstration by German Socialists of the Sudeten German area.

### HIGHWAY DEPT. OFFICES MOVED

More spacious accommodations for engineering department in the Masonic Hall

New quarters for the engineering department of the State Highway Department for this division were occupied this week when the banquet room in the Masonic Hall was turned into office space for them.

### County Trench Silos

Farmers Are Taking New Interest After Recent Rains Insuring Good Row Crops

Interest in trench silos is being evidenced among farmers and stockmen of Ochiltree county at this time according to E. W. Thomas, county agent.

### OPEN HOUSE IS PLANNED SOON

Mrs. A. K. Wooten, supervisor of WPA sewing room announces that open house will be held on Friday, September 16. Exhibits will be shown of material selected from the year's work. Women employed will be at work on the project during the open house inspection and will give the public an idea of how the work is carried out. There are 21 employed on the project at the present time.

### NOTICE OF MEETINGS

The 4-H County Council will meet in regular session at 3 p. m., Saturday, September 10 at the county courtroom. Notice is also given that the Women's Home Demonstration County Council will have their regular session at 1.30, Saturday, September 10. All members are requested to attend the meetings.

### SEWING ROOM ANNUAL INSPECTION IS PLANNED FOR SEPTEMBER 16; PUBLIC INVITED TO ATTEND

Mrs. A. K. Wooten, supervisor of WPA sewing room announces that open house will be held on Friday, September 16. Exhibits will be shown of material selected from the year's work. Women employed will be at work on the project during the open house inspection and will give the public an idea of how the work is carried out. There are 21 employed on the project at the present time.

### Polo Team Defeated

Perryton loses to Borger Wednesday Night with a score of 8-3 in one-sided game

In the first night polo game ever to be played in the Panhandle, Perryton lost to Borger with a score of 8-3 in the second game of a three game series scheduled during the Hutchinson county Fair at Borger Wednesday night. The game was played in the baseball park under indoor rules. George Garrett of Pampa officiated as referee during the play. The last game of the series will be a night game Friday, Sept. 9.

### Regulations for 1939 Farm Program are Received Here

Important information regarding the 1939 Farm Program has been received at the County Agent's office as follows: 1. The wheat allotment, which is practically uniform for all wheat farms, amounts to between 59 and 60 per cent of the cultivated land. Wheat farms must leave out, in order to comply, 40 or 41 per cent of their cultivated land. 2. Approximately 25 per cent must not be planted to soil depleting crops, while apparently about 15 per cent can be planted to barley, oats or grain sorghums. 3. Compliance will be checked on the basis of seeded acreage with the wheat acreage to be checked this fall. Volunteer wheat will be considered as wheat planted unless pastured out or worked into the soil prior to April 15, 1939. 4. A wheat price adjustment payment of 10 to 12 cents per bushel and a conservation payment of from 16 to 18 cents per bushel on the allotted acreage will be made if the planted acreage does not exceed the allotted acreage. If the planted acreage exceeds, no price adjustments will be made and a deduction from the conservation payment will be made at the rate of 50 cents per bushel of the normal yield for each acre of excess.

### Heavy Rainfall Brings Losses and Benefits to Panhandle

Heavy torrential rains throughout the Panhandle this week did damage to property amounting to thousands of dollars. Bridges were washed out detouring traffic on the North Canadian river at the Gruver-Spearman Highway and across the Beaver river on Highway 83. Families were forced to leave their homes along the course of the Palo Duro Creek north of Spearman where the rainfall amounted to more than five inches Sunday, September 4. The bridge on the Spearman-Gruver Highway was entirely covered by the flood waters and all approaches were washed out Sunday. North of Perryton a section of U. S. Highway 83 bridge across the

### County "AG" MEET ON TUESDAY, SEPTEMBER 13

The regular monthly meeting of the Ochiltree County Agricultural Association will be held in the courthouse next Tuesday morning, September 13, at 10 o'clock. Representatives of the different community associations are expected to be present to make plans for resuming the regular community meetings which were discontinued in May. They will be resumed in October.

### WANT COUNTY GRAIN SAMPLES FOR EXHIBIT

A County Agricultural exhibit is being assembled by County Agent E. W. Thomas to show at the Amarillo Tri-State Fair, Sept. 19-26. Anyone having creditable samples of feed, vegetables or fruit is requested to get in touch with County Agent Thomas for placing them on exhibit for Ochiltree county's credit during the Fair.

### AMARILLO TO GET HOSPITAL IS DECISION

Veterans from Five States Will Be Benefited by Panhandle Locale

The dream of a veterans hospital in this area, which has been the light of all American Legion Posts in the Panhandle for the past five years, is about to be realized. Federal authorities announce an appropriation of \$800,000 to go to the Amarillo area and \$1,200,000 to the Dallas-Fort Worth locality.

### CANADIAN HAS NEW STORE

BEN SCOTT WELL KNOWN IN PANHANDLE ESTABLISHES A COMPLETE NEW FOOD MARKET

Saturday of this week Ben M. Scott will open Canadian's newest food store. Mr. Scott, for many years a sales representative in this territory for the Ely-Hesse Company of Dalhart, and more recently with the Amarillo Paper Co., needs no introduction to a great many people of the Northeast Panhandle.

### SEWING ROOM ANNUAL INSPECTION IS PLANNED FOR SEPTEMBER 16; PUBLIC INVITED TO ATTEND

Mrs. A. K. Wooten, supervisor of WPA sewing room announces that open house will be held on Friday, September 16. Exhibits will be shown of material selected from the year's work. Women employed will be at work on the project during the open house inspection and will give the public an idea of how the work is carried out. There are 21 employed on the project at the present time.

## Swastika Over Salzburg Gives Chautauque an Idea

Top-notch artists like Gladys Swarthout, Metropolitan Opera soprano, gave Chautauque a much-needed lift in the 1938 season. The shift in emphasis from lectures to music was the idea of Chautauque's Julius King. King and Miss Swarthout are pictured above.

CHAUTAQUE, N. Y.—A lecture once told his Chautauque audience that if they had a choice of entering heaven through a door or by a lecture on heaven, they would choose the latter.

That estimate of Chautauque's popularity may have been pretty true of Chautauque boom days before 1930, but it got a severe setback in the season just closed when "big name" music supplanted the time-honored "inspirational" or "uplift" lecture as No. 1 attraction.

Result: When they counted the gate receipts the day after Metropolitan Opera's Gladys Swarthout closed the concert season, the books showed the biggest gross income since the peak Chautauque year of 1923—more than \$85,000.

With the old-time traveling Chautauque added to the list of Vanishing Americans, it remained for the original Chautauque Institution, established here in 1874 on Lake Chautauque, to do the rabbit-from-hat trick with the aid of Fuehrer Hitler and a \$5000 anonymous gift.

When the Nazi swastika was hoisted over Austria signaling the end of Salzburg as the summer mecca of the world's music lovers, there sprouted in the fertile brain of a lean, tanned, fortyish man in Chautauque's "Public Relations" office an idea:

Why not Chautauque as the new Salzburg of the world? Chautauque had gone into federal receivership in 1932. In June of 1937, by dint of the faith, perseverance and ingenuity of its

leaders, it had wiped out its debts, attained solvency. Solvency, and little more. What was needed was an idea.

Then Hitler drove into Vienna at the head of his goose-stepping troops, and Julius King, who writes books for children about birds, bees and flowers between his duties as publicity director for Chautauque, got his idea.

The title "Salzburg of America" had been assumed before by more than one music festival center, including Chautauque, but up to that time none had aspired to the world title. A more inhibited character might have had a qualm or two about such pretensions... but not Nature-Writer King.

One day a long-time Chautauquean casually inquired what big names in music were available for the 1938 season. King rattled off a half dozen names, mentioned a minimum price for their services. A few minutes later he was fingering a check for \$5000—"gift of a friend."

And so Chautauque, from whose forums has come 65 years of capsule culture for many thousands of Americans, sings and plays itself to a comeback with the silver notes of Gladys Swarthout's mezzo soprano, Richard Crooks' tenor and Albert Spalding's sweet-voiced violin.

The hypnotism of a William Jennings Bryan's sonorous periods, the pungent wit of an Irvin S. Cobb, the inspiration of a Dwight Moody give way to the masters of music—and the box office proves that the first and last stronghold of Chautauque isn't yet ready to call it quits.

### ELECTION NOTICE

STATE OF TEXAS  
COUNTY OF OCHILTREE  
CITY OF PERRYTON

TO THE RESIDENT QUALIFIED VOTERS OF THE CITY OF PERRYTON, TEXAS

TAKE NOTICE, that an election shall be held in the City of Perryton, Texas, on the 20th day of September, 1938, on the proposition and at the place more particularly set forth in the election order adopted by the City Council on the 23rd day of August, 1938, which is as follows:

**"RESOLUTION**  
**BY THE CITY COUNCIL OF THE CITY OF PERRYTON, TEXAS, CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF \$88,000.00 MUNICIPAL LIGHTING AND POWER SYSTEM REVENUE BONDS, FOR THE PURPOSE OF ACQUIRING A MUNICIPAL LIGHTING AND POWER SYSTEM.**

WHEREAS, the City Council has determined it is to the best interest of the City to acquire a municipally owned lighting and power system, capable of generating and supplying electric current for its own use and for sale to its citizens; and WHEREAS, it is considered to be the best interest of the City that such construction be financed by the issuance of revenue bonds payable solely from the net revenues of said system and further secured by a lien upon the physical properties constituting such system and by the pledge of an operating franchise in event of foreclosure, all in accordance with the provisions of Article 1111-1118, both as amended, of the 1925 Revised Civil Statutes of Texas, as amended, and in no wise supported by an ad valorem, or other tax on the property in the City; and WHEREAS, all of said revenue bonds when issued will contain substantially the following provision:

"The holder hereof shall never have the right to demand payment of said obligation out of funds raised or to be raised by taxation," and WHEREAS, the City Council has determined that it is to the best interest of the City and its citizens that an election be held in said City on the date and for the purpose hereinafter mentioned:

THEREFORE, BE IT RESOLVED AND ORDERED BY THE CITY COUNCIL OF THE CITY OF PERRYTON, TEXAS:

1. That an election be held on the 20th day of September, 1938, at which election the following proposition shall be submitted:

"Shall the City Council be authorized to issue revenue bonds of said City for the purpose of acquiring a municipal lighting and power system for generating and distributing electric current for use by and for sale by the City in an amount not to exceed Eighty-eight Thousand (\$88,000.00) Dollars, bearing interest at a rate to be fixed by the City Council not to exceed Four (4%) per cent per annum, maturing serially in installments to be determined by the City Council, the maximum maturity date being not more than twenty years from their date, with option of prior payment at any time after ten years from their date, to be issued in accordance with and secured in the manner provided in Article 1111-1118, both in-

clusive of the Revised Civil Statutes of 1925, as amended, each bond to be conditioned that the holder hereof shall never have the right to demand payment of said obligation out of funds raised or to be raised by taxation, secured by a pledge of the net revenues from the operation of said system, and the pledge of a franchise to operate said system for a term not exceeding twenty years in event of foreclosure is necessary.

2. The said election shall be held in the City Hall in said City and the following named persons are hereby appointed managers, to-wit:

J. W. Richardson, Presiding Judge  
J. N. Conley, Judge  
Mrs. Ernest Allen, Clerk  
Clarence Neufeld, Clerk

3. The said election shall be held under the provisions of Chapter 1 of Title 23 of the Revised Civil Statutes of 1925, as amended, including the provisions of Article 704, as amended by Chapter 382, passed at the First Called Session of the Forty Fourth Legislature, effective October 11, 1935, and in accordance with Chapter 163, Acts of the Regular Session of the Forty Second Legislature, as further modified by the provisions of Articles 1111-1118, both inclusive, Revised Civil Statutes of 1925, as amended. Only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be qualified to vote, and all such electors shall vote in the election precinct of their residence.

All voters who favor the proposition to issue the said revenue bonds shall have written or printed on their ballots the following words: **"FOR THE ISSUANCE OF LIGHTING AND POWER SYSTEM REVENUE BONDS"** and those opposed to the proposition shall have written or printed on their ballots the following words: **"AGAINST THE ISSUANCE OF LIGHTING AND POWER SYSTEM BONDS"**

4. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Secretary shall serve as proper notice of said election. Notice shall be given in accordance with provisions of Article 704 Revised Civil Statutes of 1925, as amended by Chapter 382, passed at the First Called Session of the Forty Fourth Legislature, supra. The Mayor is authorized and directed to have a copy of said notice posted at the City Hall and at two other public places within the said City not less than fifteen days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of two successive weeks in a newspaper of general circulation published within said City the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Article 704, as amended, the manner of holding said election shall be governed by the laws governing general elections.

ADOPTED AND APPROVED THIS 23rd day of August, 1938.

ATTEST:  
J. C. BEEVER,  
Secretary, City of  
Perryton, Texas

C. E. FORBES,  
Mayor, City of Perryton, Texas

(SEAL) 25-21-c

## STOCK PONDS ARE POPULAR

AID FARMERS IN MANY WAYS IS POINTED OUT BY SOIL CONSERVATION SERVICE TECHNICIANS

AMARILLO, Texas, Sept. 8.—The increasing number of stock ponds being constructed by farmers and ranchers of the Texas Panhandle is serving many purposes, according to Soil Conservation Service technicians.

When run-off water is impounded in farm ponds, it is prevented from adding to flood dangers downstream and becomes available for use by livestock. It is pointed out. Proper location of stock ponds aids in regulating grazing. In many localities, farm ponds are aiding in the development of wildlife and in some instances serve recreational purposes.

However, Soil Conservation Service workers point out, if ponds are to be prevented from filling with silt, erosion control practices should be used on the drainage area. Where possible, the drainage way should include only pasture or woodland. When drainage is from cultivated land, the pond should be protected from silt by conservation practices.

The usefulness and life of the pond will depend to a great extent upon the type of vegetative cover and the size of the drainage way, it

is pointed out. If the water is loaded with silt, the pond will be filled within a few years and its usefulness lost.

Where cultivated fields are terraced or tilled on the contour, farmers are finding there is little danger of run-off water carrying silt into the ponds.

When proper attention is given to the location of ponds, farmers are finding them highly valuable and long-lived. Ponds should be fenced where practical as protection from livestock with a watering place provided below the dam by pipe outlets or tanks. In all cases the earthen fill should be fenced to protect the structure from trampling by livestock.

Miss Kathryn LaMaster left Sunday for Pampa, where she will again teach in the Pampa school system.

Mr. and Mrs. C. E. Woods were guests Sunday and Monday with their son, C. E. Jr., and family of Amarillo.

Miss Arlean Slavin, who works for the Amarillo Times, visited from Saturday until Wednesday with her mother, Mrs. Pauline Slavin. On her return she will enroll at the Amarillo Junior College for the winter.

Mr. and Mrs. Horace Lackey purchased the John Black property, 629 Southwest Fourth street, and moved Friday.

## Stock Ponds Improve Range

Stock ponds not only provide water for livestock, but distribute grazing if properly located over the range. By catching and holding water, such ponds also tend to reduce possible flood damage downstream, the Soil Conservation Service points out. The ponds also provide a haven for water fowl and in many instances serve recreational purposes.

### McMILLEN NEWS

Rose Barnes, Reporter

The McMullen Sunday School had an attendance of 78.

Misses Wilma, Eida and Helen Hardy, Paul Hardy and Hollis Hinson spent Sunday afternoon with Rose Barnes.

Who said it couldn't rain in this community? It has averaged three and one-fourth inches in the past

four days.

The McMullen school started Monday with Mrs. Raymond Bowen as teacher. There were nine children enrolled.

Mrs. D. P. Tarbox made a business trip to Amarillo Saturday and returned home Sunday evening.

Mr. and Mrs. Elgin Conner of Hollis, Okla., visited in the B. E. Plummer home over the week-end.

Mr. and Mrs. D. P. Unruh are moving to Spearman to send their child-

ren to school this year. Mr. and Mrs. Willis Hardy and children returned Saturday night from a two week trip to Little Rock, Arkansas.

Elba, Helen and Wilma Hardy, Rose Barnes, Hollis Hinson and Paul Hardy called on Mr. and Mrs. Keith McLain, Sunday evening.

Ray Thomas, who has been receiving treatment at the Veterans hospital, Muskogee, Okla., returned home Friday.

Mr. and Mrs. W. C. Herndon, Billy and Ann Lou, visited in Amarillo and Pampa over the weekend.

Mr. and Mrs. R. C. Johnson and Blown returned Sunday from a three weeks vacation in the north and western states.

Mrs. Everett Phobias and daughter, Betty Jean were in Laverne, Okla., Tuesday attending the funeral service of Mrs. Phobias' grandmother, Mrs. G. W. Petty, age 87, who passed away on Monday.

Mr. and Mrs. J. E. O'Hayer and son, Eddie, left Sunday for their home in Chicago, Ill., after a visit in the home of her mother, Mrs. J. M. Cummins.

Norma Jo Boyd came in Sunday from Vernon to spend the winter with her grandparents, Mr. and Mrs. J. M. Elmore and attend the Perryton school.

### LOVE TREE ITEMS

Mrs. Harold Holman, Bennie and George Holman, Charles McHaffie planned a Wednesday for their home in the community this summer. The boys are brothers of Mrs. B.

Mr. and Mrs. Noah Pletcher and Mrs. El Goina, Mrs. Rogers, Eloise Holdeman, Adair, Bennie and George Charles McHaffie, Lois and Bob Kile were guests in the Pletcher home, Sunday.

Bob Anderson and son, Ed, for their home in Mountain View, Calif. Thursday afternoon. Mrs. J. H. Anderson invited to Amarillo to make contacts.

Mr. and Mrs. Valda Lackey with her parents, Mr. and Mrs. Jacob Schwab, Sunday.

Mr. and Mrs. Noah Pletcher Sunday night in the home and Mrs. Ed Goina.

Mr. and Mrs. Ray Crawford, son, Donald, were in Stillwater, Monday.

All the telephone numbers in this community have been changed and it is difficult to remember the new numbers.

Mr. and Mrs. W. L. Anderson, children left for their home in Weatherford last Friday.

Mr. and Mrs. Allen Wagner and Mrs. Harvey Pletcher a trip to Amarillo, Wednesday.

# Again COMMERCIAL SERVICE RATES GO DOWN

## FOURTH REDUCTION IN EIGHT YEARS

Cost for Store and Office Lighting Has Been Cut Almost IN HALF Since 1930

JANUARY 1930  
100 KWH  
\$12.50

APRIL 1931  
100 KWH  
\$10.70

JANUARY 1936  
100 KWH  
\$10.00

MAY 1936  
100 KWH  
\$8.50

SEPTEMBER 1938  
100 KWH  
\$6.75

How Electricity for Commercial Use Has Come Down:

COMPARISON WITH PRESENT RATE

No. KWH	Cost at Present Rate	Cost at Reduced Rate	Percent Saving	Annual Saving
50	\$ 4.50	\$ 3.75	16.7%	\$ 9.00
75	6.75	5.25	22.2%	18.00
100	8.50	6.75	20.6%	21.00
150	12.00	9.75	18.8%	27.00
200	14.50	11.75	19.9%	33.00
300	19.00	15.75	17.1%	39.00
400	23.00	19.75	14.1%	39.00

COMPARISON WITH 1930 RATE

No. KWH	Cost at 1930 Rate	Cost at Reduced Rate	Percent Saving	Annual Saving
50	\$ 7.00	\$ 3.75	46.4%	\$ 39.00
75	9.75	5.25	46.3%	54.00
100	12.50	6.75	46.8%	69.00
150	17.50	9.75	43.6%	87.00
200	21.00	11.75	44.0%	111.00
300	28.50	15.75	44.7%	153.00
400	35.00	19.75	43.6%	183.00

Another reduction in commercial electric rates goes into effect with billing for the month of September. This is the fourth reduction in the commercial rate since 1930. The cost to the average customer of electricity for store and office lighting has been reduced 46%—almost cut in half—since 1930.

Community Public Service Company has consistently followed a policy of reducing rates. The chart at the left shows how the cost of commercial lighting has come down—in spite of drought and depression years.

The current reduction, which makes electricity for commercial use cheaper than ever, comes at a time when other prices are generally higher.

SAVINGS TO SHOW ON BILLS MAILED SEPT. 30

The new commercial rate is effective with the current billing period, which extends from August 18 to September 18. First statements under the reduced rate will be mailed September 30.

## Top Step of Residential Rate Also Reduced!

A reduction of 10 per cent in the charge for the first 25 kilowatt-hours of residential use also goes into effect with billing for the month of September. This reduction, together with reductions made in February, 1931 and January, 1936, has resulted in a substantial reduction in the cost of residential electric service. A customer using 40 KWH per month (this is approximately the average) now pays only \$3.15 per month for his service compared to \$5.70 in 1930—a saving of approximately 45 per cent in eight years.

## FROG COACHES PLAN 1938 CAMPAIGN

1938—T. C. U. FOOTBALL SCHEDULE—1938

Date	Opponent	Place
Sept. 24—Centenary College	Fort Worth, Tex.	
Oct. 1—University of Arkansas	Fort Worth, Tex.	
Oct. 7—Temple University	Philadelphia, Pa. (Night)	
Oct. 15—Texas A. & M. College	College Station	
Oct. 22—Marquette University	Milwaukee, Wis.	
Oct. 29—Baylor University	Fort Worth, Tex.	
Nov. 5—Tulsa University	Tulsa, Okla.	
Nov. 12—University of Texas	Fort Worth, Tex. (Homecoming Day)	
Nov. 19—Rice Institute	Houston, Tex.	
Nov. 26—Southern Methodist U.	Dallas, Tex.	

Head Coach L. R. "Dutch" Meyer (center), Line Coach Mike Brumbelow (right), and Athletic Director Howard Grubbs (left), are discussing plans for the coming football season in the Southwest Conference. The T. C. U. mentors plan to deal their opponents plenty of good hard football this fall. They even have their eyes on a possible championship!

## GUYMON GOLF MEET SUNDAY

Guymon, Okla.—The annual invitational golf tournament of the Guymon Golf Club will be held a week later than heretofore, announcements that have been made by officials of the club revealed.

The tournament which is usually held the Sunday before Labor Day, will be staged on Sunday, Sept. 11. The contestants will compete on the local golf course north of the city. The event is to be a one-day meet. Twelve trophies will be awarded in the tournament, three in each of the four flights. The three trophies go to the winner, runner-up and consolation. Flights A and B receive gold statue trophies, flight C silver trophies, and flight D mounted golf balls of gold. The trophies are now on display in the show windows of the Wanser Drug Co.

Golfers planning to enter the tournament are requested to turn in qualifying scores to Carl Hunt, secretary, as soon as possible.

## DALHART NAMES CAPTAIN

Dalhart—Harold (Whitey) Brown, regular on last year's football squad, will captain the Dalhart High School Wolves in their first grid battle of the season here Friday night, Sept. 16, against Boise City, Okla. The team will name a captain prior to each game, states Coach Robert Carruthers.

## WOLF CREEK CLUB

Mrs. S. J. Handy, Reporter  
"Cold frame gardens enable our rural families to have an adequate diet of fresh vegetables," stated Mrs. Hazel Martin, Home Demonstration Agent, at the meeting of the Wolf Creek Club in the home of Mrs. Will Tandy last week.

A deep type of frame garden built for the purpose of furnishing fresh vegetables during the cold winter months was constructed. The garden will be planted to radishes, lettuce, mustard, turnips and spinach.

E. W. Thomas, County Agent was a visitor and assisted in the building of the garden.

## Speedy Joe Gordon Spurs Crosetti to Greater Efforts

BY IRVING DIX

FRANK CROSETTI, the Yankee's chatterbox shortstop, is one of the biggest reasons why the Broadway Bombers have practically cinched their third pennant in a row.

And going one step further, Crosetti's success has been prompted by the presence of young Joe Gordon, the young rookie from Newark who has filled Tony Lazzeri's shoes so capably.

Yankee followers are just beginning to appreciate Crosetti. Never much of a hitter, the San Franciscan has been overshadowed by such sluggers as Joe DiMaggio, Lou Gehrig, and Bill Dickey. But now it is apparent that the world champions' infield would be lacking spark if it weren't for him.

Crosetti currently is faster and smarter than he ever was and he is the first to admit that Gordon is the reason for his improvement.

The Oregon collegian is the fastest man in the Yankee infield and his speed simply carries Crosetti right along with him. Crosetti knows he must keep pace in order to make the key-stone combination click perfectly.

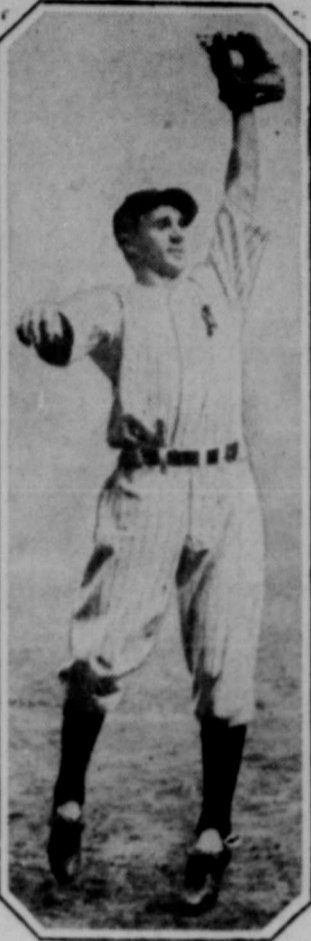

It was in spring training camp that Crosetti first suspected he'd have to turn on the heat. "That became very obvious in the first games we worked together, and I saw the speed that kid had," he says.

Gordon, however, didn't measure up to expectations in the first few weeks of the regular campaign. Joe McCarthy benched him and gave Bill Knickerbocker a chance. But Knick didn't do much better, so McCarthy decided to give young Gordon another trial.

Gordon was ready that time and he started going to town in a hurry.

The rookie's dynamic reversal of form acted as a stimulus to Crosetti, who after coming to New York as a \$75,000 beauty in 1937, played so-so baseball until this spring.

His status was doubtful when the Yankees went south, what with Knickerbocker available for

Frank Crosetti . . . speeds up.

duty at both short and second, but McCarthy used a little psychology and it worked.

He informed Crosetti that he was to be the Yankee's regular shortstop for 1938, and the sudden simplicity of the announcement set Crosetti off on the right track.

Then Joe Gordon came along and did the rest.

Between the two of them they give the Yanks the sweetest key-stone combination that folks have seen at Yankee Stadium in years.

## Hold Two Elections

Canadian School Board Trustees  
Call Special Bond Election  
On Saturday, Sept. 10

Two elections are called by the Canadian Independent School District board of trustees for September 10, in Canadian. Both elections will be held at the same time at the voting box in the High School Building.

Two issues will be submitted to the voters at that time. One of these is to set aside the election held here August 2, when bonds for \$84,000 to meet a PWA grant of \$68,730 were voted. The other issue is to vote an

other \$84,000 in bonds for a new high school building in Canadian.

Members of the school board say the new issue to be voted on will mature serially in 25 years and will bear interest at from 2 1/2 per cent to 4 per cent.

These elections were called by the school board following a petition presented to that body, signed by citizens of Canadian.

According to information received here from the Public Works Administration office at Ft. Worth, cities which hold elections to meet their part of the costs of projects financed by PWA are cautioned that such elections must be held not later than October 1, 1938.—Canadian Record.

## TEXAS HIGH SCHOOL PIGSKIN PARADE OPENS THIS WEEK-END

With early fall training completed, and all gridiron squads this week embarking intensive training on their home gridirons, the Texas Interscholastic race overshadows everything else in the way of sports.

One hundred and eight teams are entered against the Longview Lobos who come out on top of the heap last fall. Cisco, Corsicana, Marshall, Tyler and Bryan and placing the Lobos in a shaky position in their early fall showing.

Five games open the show this week, most of the teams swing into action next week-end and all will be in the thick of the campaign by September 23. Pampa of district one plays Clovis, N. M., in an inter-sectional Mt. Friday with Plainview playing host to Kerrville of district 13. Dalhart of district two engages El Paso of district three and Quanah goes to class B Wellington. Tyler of district 9 entertains Jacksonville of district 10.

Four new teams are in the field this season, all coming from class B. Lamesa, due to furnish strong competition for Lubbock and Amarillo in the Panhandle; Odessa, with 11 lettermen, enters the El Paso district where Bowie (El Paso), with a veteran team, and Yaleta, with 15 lettermen, have been rated co-favorites; Fort Worth Technical tries its hand in the North Side-dominated Fort Worth district, and Livingston, long a class B power, goes into district 10 where Lufkin, Mexia and Palestine are favored to fight it out for the title, with Nacogdoches due to give trouble.

Whitalla Falls faces plenty of competition from Vernon, Olney and Graham in district 2. Abilene is favored in one division of the Oil Belt with Cisco and Breckenridge in the other. Denison is the favorite in districts 6 and Highland Park (Dallas) returns with another strong team in defense of its district 6 crown.

Woodrow Wilson rates top ranking again in the Dallas sector and in the San Antonio district, they are handling the palm to Brackenridge, John Brown and Corpus Christi in district 12 but district 14 looms as a three-horse race with Ball High of Galveston and South Park (Beaumont) due to give the perennial powers, Port Arthur and Beaumont, a rugged battle all the way.

Weslaco, with 16 lettermen, is favored in one division of district 16 with San Benito and Edinburg rated high in the other division. Brownsville also has a veteran team to contend with Benito and Edinburg.

## Perryton Boy On H-SU Grid Squad

Bill Pletcher, graduate of the Perryton High School, will be among the 49 candidates who will report to Coach Frank Kimbrough of the Hardin-Simmons University Cowboy eleven this week for intensive training for this year's conquests.

Bill is reporting to Kimbrough as one of nine candidates for the end positions. Showing up well last year as a member of the Cowboy crew, it is expected that he will have little trouble in nabbing and holding one of the wing positions this fall.

The Cowboys' schedule starts one week early this year, he first scheduled game being with the Daniel Baker Hill Billies, on Sept. 17.

A quartette of co-captains heads the squad roster of eleven letter men, nine squad men, and 29 sophomores. Eddie Bigelow, former Amarillo Sandle, playing at center, is one of the co-captains.

Earliest homecoming at H-SU in many years brings the Centenary Gentlemen to Abilene on October 1, and during the week prior the Cowboys will go to San Francisco where they will take on the San Francisco Dons.

Henry Regier returned Friday from a week's visit in the home of Mr. and Mrs. Jacob C. Regier at Curtis, Okla.

Score by chukkers:  
Borger . . . . . 111 111-0  
Perryton . . . . . 202 001-5

## RECORD COST EYSTON \$6,880 FOR TIRES

The land speed record of 345.49 miles per hour in an automobile, held by Captain George E. Eyston, with his "Thunderbolt," comes high with regard to the cost of tires. His racer is an eight-wheeler, and tires must be changed at the end of each trip. Each tire costs \$430, the two runs necessary to establish a record totaling \$6,880 for tires alone, or at the rate of \$250.92 per mile.

## Surplus Commodities Corporation Helps Farmers Sell Wheat Abroad

BY SPECIAL CORRESPONDENT

WASHINGTON.—Almost overnight Federal Surplus Commodities Corporation has become the channel through which surplus crops may find their way to export markets. Up to this time the corporation has operated as a buying agency to absorb surplus crops for distribution to families on relief.

An advance of \$30,000,000 from the Reconstruction Finance Corporation will make it possible for FSCC to relieve the farmer's load of surplus wheat, and pay him a fair price for it.

Then the agency will try to find buyers in the world market at the world price. They expect to sell at a loss. The discrepancy between what they pay for wheat and what is returned to them from sales abroad will be made up out of an appropriation for export subsidies in Section 32 of the new farm act.

Under this section \$130,000,000 altogether is available. Of this amount about \$41,000,000 may be spent to adjust any single commodity that is out of balance. The first two days the wheat export subsidy plan was in operation FSCC bought 400,000 bushels, and sold 451,000 bushels.

Last year FSCC spent \$45,000,000. This year \$79,000,000 was available to the agency July first. Since that time \$4,600,000 has been spent, not including the RFC advance for the purchase of wheat.

This plan to help United States farmers sell their wheat in the export markets without sacrifice to themselves, will probably boost wheat exports by some 100,000,000 bushels during the current season.

Asserting that "the village blacksmith, the village grist mill, were all monopolies"—Adolf A. Berle, Jr., brilliant and caustic assistant secretary of state, is the latest New Deal sympathizer to attack the idea that all big business is necessarily bad.

His observations are made in a "Memorandum of Suggestions" compiled for and at the request of the Congressional Monopoly Investigation Committee.

Small business is not necessarily competitive or neighborly, argued Mr. Berle.

"Such competition as there has been—came from large scale enterprises; mail-order houses and later the chain stores."

Berle also took occasion to attack the popular notion that large-scale production is the most efficient producing formula. If, said Berle—"there were taken into account the continuity of employment, the ability to use energies of adolescents and old people, the ability to take care of sickness and give some scope for individual creation and the like—the old-fashioned farm was one of the most effective units known—"

## International Sunday School Lesson Saul: Human Tragedy

The International Uniform Sunday School Lesson for Sept. 11.

Text: I Samuel 10:21-25; 13:20-23; 31:3-6.

"I HAVE played the fool," said King Saul of himself and in that accurate judgment lies the key to the moral dissolution of Israel's king.

The story of Saul is the dramatic and tragic story of a mighty figure who succumbed to jealousy and evil passions and finally took his life. The Old Testament account is one of the most powerful and impressive of Biblical stories. It paints the picture of a great figure summoned to a supreme task who finally goes down to utter defeat.

Despite Samuel's great deliverance of Israel, the people were discontented. Samuel was, first of all, a religious leader. The people wanted a king. They forgot what Samuel had accomplished for them; and they thought that if they had a king, they would be in a stronger position.

Samuel finally yielded to their clamor, and they began the task of selecting the man who was to be king. Tribes first of all were taken by lot, and from the tribe of Benjamin in the taking of lot by families, the ultimate choice came upon Saul, the son of Kish.

When they sought him, they could not find him because he had hidden himself away among the baggage. When they brought him out, he stood head and shoulders above the people. When the people saw him, Samuel said, "See ye him whom Jehovah hath chosen, that there is none like him among all the people?" All the people shouted and said, "Long live the king!" Could any man be called to a great position and privilege under more favorable circum-

stances or with greater hope of success? Moreover, Saul justified the choice. He proved himself a mighty man of valor. There was no question concerning his strength, his courage, or his capacity for leadership.

BUT there came the day when the Philistine giant, Goliath, came forth and defied the armies of Israel.

The strong men of Israel were afraid, and none were ready to accept the giant's challenge, but there was a young lad from Bethlehem, a shepherd boy, who was not in the fighting armies, but who had gone down to bring food to his older brothers. When he heard of the deed that was happening, he decided to go out against Goliath.

He spurned the armor offered him, and after selecting a few smooth stones he met Goliath with his sling. With steady aim, he struck the giant in a vulnerable spot. It was a mighty triumph, and history has recognized the courage and prowess of this young David, the giant-killer.

When the armies of Israel came back victorious, the seeds of jealousy were sown in Saul's heart, as the women met the returning hero singing in praise of David and his deed, "Saul hath slain his thousands, and David his ten thousands."

It was rather a foolish and thoughtless discrimination. Possibly any man in Saul's place would have resented it. But there began in that hour the destruction and downfall of this mighty man.

The kindest thought of Saul is that he was affected by some form of insanity; for even when in a great rage he would seek to take the life of David; after the rage had passed, he was sorry for his act and he showed great bursts of magnanimity.

### CHRISTIAN SCIENCE

"Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 11.

The Golden Text is: "Blessed are they which do hunger and thirst after righteousness: for they shall be filled" (Matthew 5:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal: but lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: For where your treasure is, there will your heart be also" (Matthew 6:19-21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Paul and John had a clear apprehension that, as mortal man achieves no worldly honors except by sacrifice, so he must gain heavenly riches by forsaking all worldliness" (page 459).

### LUTHERAN CHURCH

H. M. E. Damsler, Pastor  
9:30 a. m. Sunday School  
10:30 a. m. Divine Service

The Pastor will be able to hold services this coming Sunday in the forenoon, since Pastor W. Gehlert of Leoti, Kansas, will preach at Liberal in a special mission service.

You are cordially invited to come and attend these morning services.

### Speech Classes

Enrollments Being Accepted From Children of All Ages For Work During School Term

Mrs. R. L. Duke, instructor of private speech, announces that enrollments are being accepted from children of all ages for work in speech during the coming year.

Classes will begin Monday, September 12, for children of elementary school age, with classes to be arranged for children of all ages. Saturday classes are scheduled for out of town pupils to be held at the Perryton school.

Miss Joan Balzer was a guest from Wednesday until Sunday in the home of Mr. and Mrs. R. E. Carr, north of town.

### Close Swimming Pool

Total Receipts for Season Were \$1,553.40 for Three Months Operation This Year

The Municipal Swimming Pool was officially closed for the winter months, Tuesday, September 6, by order of the city council. The pool was closed earlier this year due to a severe slack in business.

In a financial way the pool showed little profit for the season. Total receipts for the three months of operation were \$1,553.40.

Manager Paul Bowen has been retained by the city as caretaker during the winter.

### Probe is Ordered

Borger Man Released Illegally From Prison is the Claim of Governor Allred

AUSTIN, Sept. 1.—Gov. James V. Allred Wednesday ordered a study of the record in the case of Arthur Huey of Borger, released from the Texas penitentiary on a writ of habeas corpus signed by Judge H. F. Kirby of Groesbeck.

At Borger, District Attorney W. L. McConnell said he would forward the trial record to Austin as soon as he received notice from the governor. McConnell said he had not been notified Huey was to be released and doubted Judge Kirby's authority to issue a writ.

Huey's attorney, Mack Gates, said at Huntsville Huey was sentenced illegally in that the court should have set the term at not less than two nor more than four years.

Huey, former Hutchinson county tax collector, was sentenced to four years imprisonment on an embezzlement charge.

Gates said that in Huey's sentence in Hutchinson County district court, "this fellow was given four years whereas the court should have rendered a decision of not less than two, nor more than four years and did not follow the indeterminate sentence law"—Shamrock Texas.

### OPEN NEW TAXI SERVICE IN PERRYTON ON MONDAY

Perryton pedestrians will be able to take advantage of a new taxi service opened this week by C. B. Fulfer, operating from the Carter Hotel. During the cold winter months the new firm will no doubt prove its value to the community many times. Passengers will be taken any place within the city limits for the nominal sum of ten cents. Special rates are made on out-of-town hauls. The cab may be reached by telephoning 377.

Mrs. W. H. Johnson and granddaughter, Mizzi Shoden, returned to their home in Dallas Friday after a visit in the Harve Holdeman home. Miss Eileen Holdeman, niece of Mrs. Johnson, accompanied them for the weekend and Bill Fletcher went with them as far as Abilene where he will enroll at Harden-Simmons.

Mr. and Mrs. Rufus Bolerjack, her parents, Mr. and Mrs. Clarence Zirkle, Mrs. Zirkle's mother, Mrs. C. H. Willis, and Miss Helene Orr of Anthony, Kans., returned Friday from a two weeks trip to Yellow Stone National Park and other western points of interest.

Mr. and Mrs. Louis Isley and Mr. and Mrs. A. L. Holmes and children spent the weekend at Two Buttes, Colo., fishing. They reported lots of rain in that section but fishing good.

Mr. and Mrs. W. L. Herridon and son, Billy returned Friday from a few days visit in Pampa.

Mr. and Mrs. Al Ackley and children were visitors with his folks in Canadian Saturday night and Sunday.

### Teaches Music

Mrs. Anne Cartwright Opens Her Studio For School Children With Voice and Music Work

Anne H. Cartwright, piano, theory, voice and teacher of kindergarten music, announces the opening of private classes for the winter season at her studio at 123 S. E. First street.

Special attention will be given to pre-school age music, a course that is receiving much attention all over the county. Mrs. Cartwright, a user of the Robyn method, has taken work in Amarillo in this division and attended the lectures given in the spring by Bernard Wagness in Amarillo.

Along with her other work, Mrs. Cartwright has studied music at Simmons University and has had special work under Gladys McGlenn of Amarillo. She stresses the use of the finger technique for beginners and devotes to each a lesson in this. Special work will also be given in Rhythm Band for children over 6 years of age.

Classes in hand work will be given twice each week at 2:30 and 3:00 p. m. on Tuesdays and Thursdays and kindergarten classes meet every morning except Saturday from 9:20 to 11:00.

Mr. and Mrs. Elmer Bennett and children, Paula Fern and Johnny Woodson, returned to Frisco Monday after a visit in the home of his parents, Mr. and Mrs. J. W. Bennett.

Miss Nadine Barber, Waka, was a week-end guest with Miss Lois Mae Jones.

# Texas PWA Money Is Stopped

The uncertainty of the approval of Perryton's application for a PWA grant with which to build its own municipal power plant received a decided set-back Sept. 1st, when Administrator Ickes issued from his Washington, D. C. office, a statement setting forth the fact that the state of Texas would receive more PWA funds until the PWA revised its State allotment funds.

Ickes, in no uncertain words, said that Texas had already received more than her share of Federal aid through the PWA, and that there would be no further allocations on projects now pending in his office until the revision is made.

## Associated Press Dispatch

Following is his statement given to the press and carried under a Washington Associated Press date line:

"Washington, Sept. 1 (AP)—Administrator Ickes said today Texas would receive no more PWA funds until PWA revised its State allotment funds.

"It already has had more than its equitable share," said Ickes. "There will be no more allocations until we fix the new quotas."

"The bill (relief appropriation) you know, wasn't passed to give Texas all it wanted and the other States what was left," Ickes told his press conference. "Texas got in when the flag went down, but they've still got both hands out, you bet. And don't forget, the Vice President of the United States said Texas has never been so prosperous in all its history."

In the same story which appeared in last Friday's Fort Worth Star-Telegram, George M. Bull, regional director of the PWA, with office in Fort Worth, stated that "it was no surprise to Region 5 headquarters here, for Texas has already reached the quota set for it."

Mr. Bull revealed that Texas had filed 416 applications seeking projects estimated to cost \$147,637,133.70 or more than half of the total mated totals on application filed from the other six states of the region.

Investigation points to the fact that Perryton Project No. 2486-P (Municipal Power Plant Project) has NOT been approved by the office of Region 5, and that it has been sent on to the Washington PWA office WITHOUT approval.

This means that until a revision is made by the Washington office of state allotment funds there will be no action taken upon Perryton project, and even after that the outcome would be doubtful due to the fact that Texas has been granted "more than its equitable share of PWA funds."

## City Rate Reduced

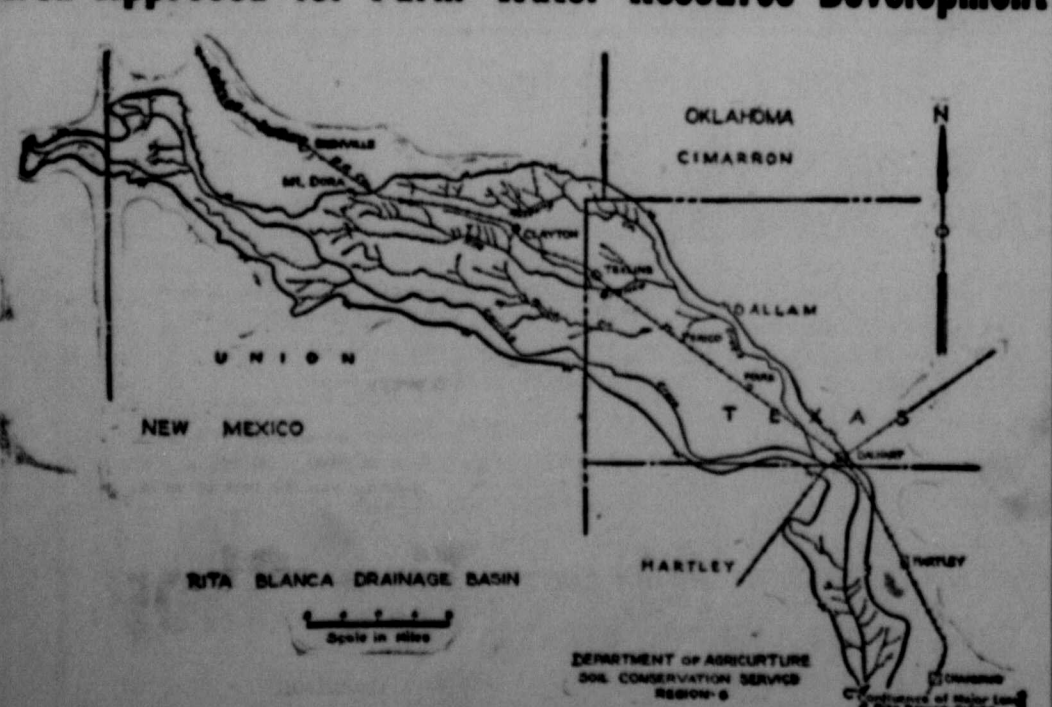

We are attempting to "play ball" with the City of Perryton by giving them a substantial reduction on municipal power rates. During the past few days we have reduced electric rates in Perryton to the extent that it will reduce our revenue from the Perryton plant at least \$500 per month. This makes the consumer rate in Perryton one of the lowest in the state—only four or five communities enjoying a lower rate.

We also appealed to the City Council in an effort to have the application for PWA grant withdrawn by promising to reimburse the city the \$500 advance fee that is due the engineers employed by the city to draw up plans and specifications for the new plant, a part of which has already been paid by the city. Also to increase the production facilities of the local plant to generate all the power used by the company's properties in Northeast Texas. This proposition was made, however, with the understanding that the election would be called off and the application to the Federal Government withdrawn.

## Area Approved for Farm Water Resource Development

Farmers and ranchers of the Rita Blanca drainage basin, as indicated by map, may receive loans for development of water facilities on their land under provisions of the new program of the Department of Agriculture. Aid will be furnished in developing electric ponds, wells, small pumping plants, irrigation systems and other projects. Other similar areas are expected to be set up in the Southern Great Plains within the next few months. H. E. Finney, Director of the Soil Conservation Service, reported.

Herndon, Carl Ellis, Roy Orrill, Sibley Jones, Tom Denman, D. D. Shanks, D. A. Caldwell, R. H. Holland, and Otis Shearer.

### Teague-Dowers Wed

Miss Myrtle Marie Dowers became the bride of Mr. Burt Teague, Saturday evening, September 3, eight o'clock, at a very simple but beautiful wedding, which took place in the home of the bride's parents, Mr. and Mrs. A. N. Dowers, with Judge D. D. Shanks officiating. A few immediate relatives and friends were present.

Mrs. Teague, an attractive brunette, was charming in a tailored dress of rust crepe. She wore a corsage of gladioli. She graduated from the Perryton High School with the class of 1937 and was very prominent in school activities.

Mr. Teague, son of Mr. and Mrs. Jas. P. Teague, operates the Perryton Credit Association, and is employed at the W. W. Virtue Dry Goods store. After completing his high school education at PHS, he attended John Tarleton college, Stephenville.

Following the ceremony, the bride's cake was cut and served with punch. Later, Mr. and Mrs. Teague left for a weekend in Amarillo. They are now at home to their many friends in the Hobbs duplex, 516 Southwest Fourth street.

The Busy Ladies class of the Methodist Sunday school enjoyed a social hour and program at the church, Friday afternoon.

The election of officers followed the devotional given by Mrs. W. C. Bryan and a vocal solo by Miss Ruth Neufeld accompanied by Miss Ruby Neufeld. The new officers are: Mrs. H. J. Wilson, teacher; Mrs. H. W. Ragan, assistant; Mrs. W. L. Lawrence, vice president; Mrs. E. W. Witt, secretary; Mrs. Walter Bowen, assistant; Mrs. J. T. Guthrie, treasurer; Mrs. J. M. Willey, reporter and pianist; and Mrs. W. B. Vaughn, song leader.

**Birthday Dinner**  
Mrs. Clara Allen entertained with a delightful dinner Sunday in celebration of the twenty-second birthday anniversary of her son, Guy.

The guest list included Mr. and Mrs. Roland Stewart, J. E. Cudd, Warren, Wayne, Lucille, and Esther Cudd, Miss Ruth Nichols, Allan Stewart, Gale Allen, the honoree, Guy, and the hostess.

### Alpine Motif

The material is Danish blue felt but the "motif" is Alpine in this latest of Marion Valle's fall creations. It's called the "Vodel" and the multi-colored bird above the brim sprouts peacock-colored feathers.

**Browning Hardware**  
MISSOURI AVENUE club showed large milk bottle posters stressing "Milk, a complete food." Also, showed the quantities of other foods that gave the same number of calories as a quart of milk.

**NEW HOPE club's exhibit was "Meal Planning for proper diet," with the meals for one day being displayed. Posters told how often and the quantities of each food that should be consumed by the individual.**

**OCHILTREE club displayed materials and information for "Refinishing Old Furniture," stressing the procedure to follow, using the home-made preparation for removing varnish as well as the commercial preparation.**

**WOLF CREEK club chose "Proper Canning Equipment," which was loaned by the Plainview Hardware Company, such as crockers, sealers, ladles, etc. The jars and can were sent for use by different companies.**

**BOOKER club showed a miniature closet for storing bedding and bed linen.**

**Women's Division**  
The list of winners for the different exhibits were as follows:  
Canned Apples: Second place, Mrs. H. B. Urban, McMullen.

### Missionary Met

The Womens Missionary Society of the Christian Church met Thursday afternoon in the home of Mrs. Debs Riley with Mrs. F. B. Sumpter assisting in the hostess duties.

Mrs. S. P. Whippo led the program "Problems of the Multitudes" and gave the devotional. Interesting numbers given and enjoyed were: "The Problem of Delinquency," Mrs. Clyde Milam; vocal solo, "Tell It Again," Katherine Frances Milam; story, "All at Once," Mrs. Carl Muench; reading, "Call to Service," Gloria Cantrell; story, "Forgotten," Mrs. Debs Riley. A short business session was held after the program.

During a social hour, tempting refreshments were served to Mrs. Frank Garner, Mrs. J. W. Wilson, of Oklahoma City, Mrs. Purman Williams and Mrs. D. A. Watson, Canadian, Mrs. H. L. Cantrell and Gloria, Katherine Frances Milam, Rev. Emanuel Dubbs, Rev. R. L. Woodard, guests and eighteen members.

Third place, Mrs. Orso Hibbs, Booker.

Romantic Pair

Two is company—especially when one of them is the be-dimpled Olivia de Havilland and the other is the handsome and roguish Errol Flynn, but they find out that "Four's A Crowd"—the merriest film comedy of the year, coming to the Ellis Thursday and Friday, September 15-16.

Raye-Hope Film

Martha Raye and Bob Hope Stars In Romantic Comedy at Ellis Tonight and Friday

The comic-romantic team of "College Swing," Martha Raye and Bob Hope, are back in town in a riotous story about the men who run our navy and the girls who run the men who run our navy! It's "Give Me a Sailor," which shows tonight and tomorrow night, Thursday and Friday at the Ellis Theatre.

Miss Raye has a role which should mark a turning-point in her tempestuous screen career. After going through half the picture as a meek household patsy, who comes out of the kitchen only to serve the food she has cooked, she suddenly turns into a glamorous girl of the first rank, the winner of a national beautiful legs contest and the pampered darling of the press and radio. Hope, who has wise-cracked his way through two big pictures this year, will be seen as the romantic glib who plots with Miss Raye to get her married to his brother but engineers a match he does not expect. Blonde Betty Grable, of the famous figure plays the sister of the Cinderella girl.

While "Give Me a Sailor" is essentially a comedy, romance plays a large part in moving its plot. Although Hope's brother, Jack Whiting has always ignored the "ugly duckling" who is in love with him, her sudden fame makes her appear in a quite different light to both young men, and in the end she has her choice between them.

The action of the picture is punctuated by four hit songs from the pen of Robin and Ringer, who did the music for "Big Broadcast of 1938." Watch for "What Goes on Here?" "A Little Kiss at Twilight," "I Don't Make Sense" and, especially the theme song, "The U. S. A. and You."

Action and Romance

Blazing Story of the Old West Is Brought to Life at Ellis Saturday, September 10

Exciting adventure is blended with stirring range ballads in Columbia's "Law of the Plains," which shows Saturday at the Ellis Theatre with Charles Starrett in the star role.

Cast as a two-fisted cow-puncher trying to recover from rustlers the money stolen from his boss, Starrett is seen to advantage in a film replete with action and romance. Posing as a fugitive, Starrett makes his way into the rustlers' confidence, only to be recognized at the last moment.

His future efforts to bring the men to justice are complicated by the presence, on the scene, of attractive Iris Meredith, who is seen as the adopted daughter of the town banker. She closely resembles a picture of the deceased wife of Starrett's employer and Starrett believes she is the baby daughter believed to have been killed with her mother many years before.

His investigations disclose the truth of his suspicions, and disclose, too, the unholy alliance between the banker and the cattle rustlers. Subsequent happenings bring "Law of the Plains" to a smashing, gun-filled climax.

Featured, in addition to Miss Meredith, are Dick Curtis, Bob Nolan, Ed Le Saint, Edward Cobb, Art Mix, John Tyrrell, the Sons of the Pioneers, Robert Warwick and George Chesebro.

She's Queen of a Co-ed Campus

Like the stars hanging low on a still, frosty night, "My Lucky Star" glittering with fun and romance. Entertaining Sonja Henie is starred in the 20th Century-Fox film, showing at the Ellis Theatre Sunday and Monday, September 11-12.

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS No. 1366

Big State Fund End of Fiscal Year Finds State With Balance of \$19,966,707 Despite Drawbacks

Notice is hereby given to whom concerned, that the United States of America, Bureau of Agricultural Economics, the postoffice address of which is Amarillo, Texas, did on the 22nd day of August, A. D. 1938, file its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate of the unappropriated waters of the State of Texas, from the Wolf Creek, a tributary of the North Canadian River, in Ochiltree County, Texas, for "Recreation purposes," said water to be impounded in a reservoir created by the construction of a dam, said dam to be located on a line which bears S. 9 degrees 10' W. from Sta. 9-00 on the center line of the dam; said Sta. 9-00 being located at a point which is N. 53 degrees 40' W. a distance of 1,518 feet from the Southeast corner of Section 664, Block 43, Original Survey H. & T. C. R. Co., on the South bank of the Wolf Creek, in Ochiltree County, Texas, and is distant in a Southeast-erly direction from Perryton, Texas, about sixteen miles.

AUSTIN, Sept. 5.—Big balances in the special state funds gave the state a balance at the close of the fiscal year \$19,966,707, despite three principal funds which were several millions in arrears. Treasurer Charley Lockhart reported general revenue was off \$13,427,874, confederate pensions \$3,924,547, and old age \$889,895. The highway and permanent school funds made up the difference. Engineers for the State of Texas, in the office of the Board at Austin, Texas, on Monday, September 25th, A. D. 1938, beginning at ten o'clock A. M., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper. Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board at Austin, Texas, this 22nd day of August, A. D. 1938.

You are hereby further notified that the said United States of America proposes to construct a dam in and across the bed of Wolf Creek, said dam to be of rolled earth, 30 feet in height, 260 feet in length, having a bottom width of 196 feet, and a top width of 16 feet, thus creating a reservoir having an average width of 500 feet, length of impounded water 7,000 feet, an average depth of stored water 3.2 feet, and having a storage capacity of 260 acre-feet, and to use said stored water for "Recreation purposes."

A hearing on the application of the said United States of America will be held by the Board of Water Engineers at the following place and time: (SEAL) 25-45-0 Distinctive and appealing letter heads at the Stewart Printing Co.

HENIE SCORES IN NEW FILM

SURPASS OWN WONDERS IN STORY OF MODERN LOVE "MY LUCKY STAR" ON SUNDAY-MONDAY

At last the miraculous Sonja Henie appears in a picture as American as an ice cream cone! A dazzling modern girl, having a modern good time on a co-ed campus, wearing smart clothes, keeping well dates—that's Sonja as you'll see her in "My Lucky Star," her new hit for 20th Century-Fox, which will be presented at the Ellis Theatre, Sunday and Monday, September 11-12.

A credit to Darryl F. Zanuck and to everyone who had a hand in its making, this is a picture that winks and glitters with fun and romance and the magic of stars hanging low on a still frosty night. It has songs and laughter that seem to sail through the air like ski jumpers and Sonja's magnificent "Alice in Wonderland" ice ballet—climaxing what is by all odds her happiest screen story—is a thing to make you cry out in wonder and delight. Sharing star honors with Sonja and giving an excellent account of himself is Richard Greene, handsome young British actor last seen in "Four Men and a Prayer," while Joan Davis, Cesar Romero and Buddy Ebsen are featured in widely divergent comedy roles which will delight their fun-loving fans.

Gordon and Revel's delightful melodies lend fresh enchantment to the breath-taking ice ballets in which Sonja surpasses even her sensational performances in "Thin Ice" and "Happy Landings." The splendid supporting cast includes Arthur Treacher, George Barber, Louise Novick, Billy Gilbert, Patricia Wilder and Paul Hurst. The screen play by Harry Tugend and Jack Yellen is from an original story by Karl Tunberg and Don Ettinger. Harry Losee arranged the skating ensembles.

Roy Del Ruth, who directed two of Sonja Henie's previous pictures, has done another fine job, with Harry Joe Brown as associate producer. The film is a Movie Quiz \$250,000 content picture.

WRITING WHILE TRAVELING

When necessary to write while traveling in an automobile, train, or bus, press the elbows into the body just above the hips, and you will find the task easy.

Seeing a man in a lake near Oakland, Calif., George Jacobs dived into the water to rescue him. Then he went to jail for being drunk. Police said Jacobs saw only his own reflection.

BOYD NEWS

Thurman Prints and Henry Pletcher returned the first of the week with a load of hogs purchased in eastern Oklahoma.

Mr. and Mrs. W. A. George had as their guests last Sunday their daughter, Mrs. Hazel Hood, Mr. Hood and two children of Kim, Colo.

Mr. and Mrs. Frank Duff and son called at the Ed Claybrook home Tuesday evening.

Emma Claybrook visited Monday with Mrs. Nellie Bryan.

Miss La Veta Peters will stay in the Frank Duff home and attend high school at Broken Bow.

Miss Velma Claybrook spent the week-end with her parents, Mr. and Mrs. J. L. Claybrook and will attend school in Liberal again this year.

Miss Nellie Trimmell assumed her duties, September 5, as teacher of Home Economics at P. A. M. C., Goodwell, Okla. Miss Trimmell is also matron at the dormitory.

J. H. Pierce and Mrs. E. K. Gates visited over the week-end with Mrs. Pierce's parents, Mr. and Mrs. A. F. Pierce, Cleo Springs, Okla.

J. T. Claybrook, who has been ill, is improved at this time.

Miss Roberta Trimmell will attend high school at Goodwell.

Alton and Frankie Reimann will enroll in the Bethany school.

Electric Cookery

Utensils should be Selected With Care for Economy in Cooking With Electric Stove

STILLWATER, Okla.—What kind of cooking utensils spell the greatest economy in cooking with electricity? This question is answered by Mrs. Bonnie Goodman, Extension economist in home management, Oklahoma A. and M. College, who studied the results of experiments made by several colleges on this problem.

"It has been found," says Mrs. Goodman, "that it is particularly important that cooking utensils should have a bottom surface suitable for absorbing as much heat as possible from the unit (in cooking with electricity), and with sides and top designed to lose the minimum amount of heat into the room. Many people are buying electric stoves now with the increase of rural electrification, and of course they are interested in how to use them economically."

Experiments have shown that a saucepan with a shiny polished bottom reflects heat away from its contents and so requires more electricity whereas one with a rough, dull, or black bottom requires less electricity for the same amount of cooking. For some types of electric range units, the bottom surface of metal pans such as aluminum, stainless steel or

BALKO NEWS

Mrs. J. W. Caylor, Reporter Several of the parents, who are sending students for college work, went to Alva, Okla., Wednesday to make the necessary arrangements for the year.

Mrs. Nell Beatty and her mother visited with Mr. and Mrs. Neil Humphrey and family, Thursday afternoon.

Mr. Allen, a teacher, for the coming year was in Baliko, Thursday.

Mr. and Mrs. Will Duncan were in Baliko, Thursday.

Mr. and Mrs. Jim Smith and son were in Liberal last week.

Mr. and Mrs. Bob Retherford are in Hereford visiting with Mrs. Retherford's sister.

The painting of the church and parsonage has been held up awaiting the arrival of paint.

Delbert Nelson came in from Grand Junction, Colo., Friday night and brought back a load of peaches.

The Young Peoples Class had a social last week in the home of their teacher, Mrs. J. W. Caylor.

Emma Reising and Mrs. Mabel Humphrey's Junior Class went to Perryton Wednesday for a swim.

Ether Reising spent one day last week visiting with Mrs. Caylor before leaving for college.

Mrs. Arthur Wood's mother, who has been ill for some time was taken to Kansas last week for treatment.

Ralph Renfrow left for Colorado, Friday, after spending two weeks with his sister, Mrs. Raymond Jackson and brother, Melvin.

Miss Hazel returned to Spearman where she is working.

Mrs. Albert Holiday Sr. has been ill for some time.

The small child of Mr. and Mrs. Bricker, who has been ill is improving.

Copper should be unpolished, rough or better yet black. It seems no advantage for enamel ware saucepans to have black bottoms.

Saucepans and kettles with a narrow, sharp rim about the bottom that raised them above the heating unit, took extra electricity to heat.

Exports to Canada

Farm Products Exported by United States to Canada Increased During Year of 1937

College Station—A further decline in U. S. imports or agricultural products from Canada for the first three months of 1938 while exports were maintained for the same period, has been reported by the U. S. Bureau of Agricultural Economics, according to W. E. Moran, economist of the Texas A. and M. College Extension Service.

The figure for 1938 stood at \$4,763,945 as compared with \$27,431,849 for the first quarter of 1937. Most of the decline in imports occurred in grains, it was said.

The number of cattle imported from Canada during the 1938 three month period declined 71 percent from heavy slaughter cattle and 29 percent for calves from the 1937 figures.

In contrast with the sharply curtailed imports, exports of agricultural products to Canada were valued within 3 percent of the corresponding 1937 period.

Exports of items upon which American exporters are granted special concessions under the trade agreement with Canada amounted to \$6,413,433, almost a million dollars over the \$5,567,418 reported for the first three months last year.

The value of our farm products exported to Canada during the calendar year 1937 increased more than 14 million dollars, or 27 percent, over 1936. The increase is attributed almost entirely to a 16 million dollar increase in exports of agricultural products on which duties were reduced under the trade agreement.

American growers of grains, fruits and vegetables shared in these larger exports. The export movement of fruits and vegetables increased 11.1 percent in 1937 as compared with 1936.

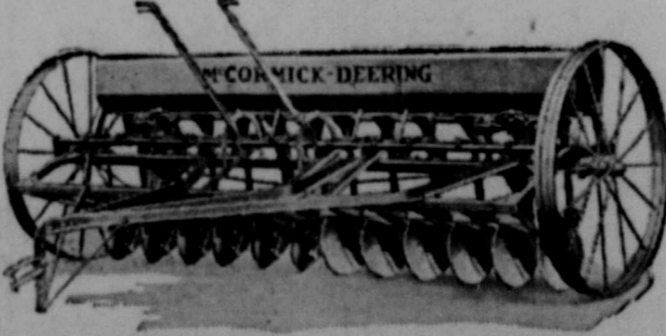

MUCILAGE SUBSTITUTE

Quite often when one is in a hurry to mail a letter, there will be but one stamp and it has no mucilage on its back. In this predicament all that is necessary is to moisten the mucilage flap on another envelope, run the stamp over it and the dampened part quickly, then place on the letter to be mailed.

McCORMICK-DEERING Semi-Deep Furrow Drill for Planting Winter Wheat

McCormick-Deering 12 x 10-inch double-run feed, single-disk semi-deep furrow drill, equipped with a large capacity all-steel, rust-resisting non-scurping hopper; steel wheels; and tractor hitch.

THE McCormick-Deering semi-deep furrow grain drill is an outstanding achievement in drill design and construction. It answers the need of wheat growers for a drill that plants winter wheat at the proper depth where the seed has more than an even chance for quick germination and rapid growth. The feed is the double-run type. The all-steel, rust-resisting hopper combines with the steel bridge-type main frame to hold the feeding mechanism in proper alignment for long drill life. Axle boxes, gear yoke bearings, and disk bearings are equipped with Alemite hydraulic lubrication fittings. Two sizes available—12 and 16 disks with 10-inch spacings. See us about this new McCormick-Deering drill before you do your seeding.

## Vaccinations Asked

Dr. Geo. W. Cox Advocates That All School Children Receive Vaccinations at Enrollment

AUSTIN, Texas Sept. 8.—Dr. Geo. W. Cox, State Health Officer, in a statement issued at Austin this week, urged all local boards of health and boards of education to pass regulations making mandatory small-pox vaccination and diphtheria immunization for all school children before they are allowed to register for the fall school term.

"School children are exposed to so much infection during the school year that where a definite preventative against a disease is known, parents should be urged to take advantage of this knowledge. Vaccination may save a period of prolonged absence from school, doctor's fees, and even life itself. It is foolhardiness not to require that all school children be rendered non-infectious from the communicable diseases, smallpox, diphtheria and typhoid, before they start to school this year," Dr. Cox stated.

"The Texas State Department of Health wishes to recommend that the various local school boards adopt such regulations, taking further into consideration that lack of action on their part may mean the difference between a successful school year or prolonged illness, failure or death. 238 children died from diphtheria in Texas during 1937.

"It is further to be urged that parents take their children to the family physician for a physical examination before school opens. Defects may be found which can easily be remedied and will prevent future illnesses. It has been demonstrated that almost all the physical defects of children are comparatively easy to correct—insuring the child of its normal strength and an ability to keep up with its school work without undue effort.

Parent Teacher organizations, the public health personnel and the local medical organizations are strongly in favor of pre-school examinations and vaccination. In this campaign against unnecessary death and disease among the school children of Texas, the State Health Department lends its full support.

## Former Resident Dies

"Slim" Estes Passed Away Near Eureka; Was Well Known Here in Farming Circles

"Slim" Estes, 37, former resident of Perryton passed away at his home near Eureka, August 30, after a lingering illness according to word received here. The funeral services were held at the Providence Baptist church, August 31. In charge of the services was Rev. E. T. Miller, pastor of the First Baptist Church of Corsicana.

Clemmie "Slim" Estes had resided in Perryton at different intervals for the past ten years and had many friends here. He is survived by his wife, the former Ruth Smith, daughter of Mrs. J. B. Smith of this city, and three children, Juanita, Donald and Merl. One other son, J. T., age 6, preceded him in death at Corsicana two years ago.

### Call P-T. A. Meet

Mrs. O. A. Schuster, President, Asks All Members of the County Executive Board to Attend

Mrs. O. A. Schuster, County Council President of the Parent Teacher Association announces that a special meeting will be held by the County Executive Board in the office of Superintendent Roger A. Burgess at the Perryton High School on Saturday, September 10 at 3:00 p. m.

All members of the Executive Board are asked to be present at the meeting to discuss and make plans for the coming year's activities. County Council officers are: Mrs. O. A. Schuster, president; Mrs. D. A. Caldwell, vice president; Mrs. Harry Mountcastle, secretary; Mrs. Otis Shearer, treasurer; Mrs. R. T. Correll, parliamentarian; Mrs. Joe Bremner, Mrs. Van Earl Steed, Mrs. P. E. Gidley and Mrs. J. Dodson, precinct vice presidents.

Committee chairmen are: Mrs. J. R. Stump, recreational; Mrs. W. B. LaMaster, extension; Mrs. Rose Mitchell, program; Mrs. Roger A. Burgess, publicity.

The executive board composed of the above, together with the presidents of the Perryton, Hinton and Waka Parent-Teacher Associations, and principals of the above schools are asked to be present.

Mrs. A. J. Kelly, Mrs. H. J. Botsdorf, Mrs. H. I. Hudson and Mrs. O. K. Reading will go to Higgins Thursday and attend a bridge-luncheon in the home of Mrs. C. H. Hyde.

## Army Tries Out Blue Uniforms

It may be the "Boys in Blue" again if the United States army approves the new blue uniform for enlisted men shown above. The wool field service uniforms are being given a one-year trial, and if accepted will be worn in the winter, khaki for the summer.

## Jots in Jesi

THE Washington zoo has just acquired a rare "Paopao," lizard-like mammal from Sumatra that feeds on termites.

California politics would seem to be pretty much a matter of arithmetic. Why didn't Senator McAdoo up the ante on \$30-every-Thursday Downey and make it \$32.50 every Friday?

Citizens of Urbana, Ill., prohibited from shooting pestiferous blackbirds, are hurling firecrackers into trees to discourage the birds. Variation on an old theme: "Bang, Bang, Blackbirds."

Hot weather story to end all hot weather stories: A Kansas City, Mo., panhandler, unwilling to move out of the shade into 100-degree sunlight begged of a passerby: "Throw me a dime, won't you, buddy."

NO. 2-Continued From Front Page

rearrangements in schedule during the past school year have enabled the school board to increase their units of affiliation with the State Department of Education from 27 1/2 units to a total of 39 1/2 for the 1938-39 school season.

Remodeling of the commercial room during the summer has permitted the addition of four new typewriters, making a total now of 24 machines. There is a great demand for the commercial courses this year, about 80 students asking for it. S. N. Henry is the head of this department this year, being assisted by Lloyd E. Spears, Commercial arithmetic, commercial law, bookkeeping, shorthand and typing are the subjects offered. This department now ranks with the top schools.

The middle building has been repaired during the summer and a new roof has been laid. The lawn, under the careful supervision of Don Shockey, custodian, with the assistance of several NYA students, has been reseeded this summer to Bermuda, and has a lovely appearance. The city officials have aided in the improvement program by using the city's street maintainer to level the playground grounds directly west of the buildings.

Supt. Burgess reports this morning that the first three grades are filled to capacity, even after having engaged an additional faculty member, Miss Dorothy Patton, to assist with the anticipated large classes.

Considerable inconvenience has been experienced the past few seasons with regard to those boys who wanted to report for football and couldn't because of having to catch the buses after school to go home.

This year Perryton, and several other schools, have arranged the schedules of those boys permitting them to participate in the sport and also will not doubt strengthen every team using the new method.

All members of the squad report at the dressing room at the end of the sixth period, and those who ride the buses are ready to go at 3:40 o'clock. All boys are required to make up these two study periods with the same amount, or more, home study.

A change has been made in the schedule this year. To retain its affiliation with the State Department of Education and the Southern Association, of which Perryton is a member, class periods must be lengthened to 45 minutes. To do this the noon period has been decreased from 51 minutes to 40 minutes. School will begin in the mornings at 8:45 o'clock and dismiss in the afternoon at 3:40 o'clock.

Supt. Burgess is appealing to the students and parents for their cooperation in this new arrangement. The decrease of the noon period will inconvenience those who have quite a distance to go to their noon meal, but the temporary inconvenience will be overcome as soon as the new schedule has become accustomed, and the benefits will greatly outweigh any difference. For a few days, however, classes will be run as formerly.

Mr. Burgess states that he has an exceptionally co-operative faculty this year, and with the optimistic attitude of the student body already manifested, he expects the 1938-39 session to be one of satisfactory accomplishments.

Work is progressing rapidly on the installation of lights at the football field directly west of the buildings. It is planned to have them ready for use for the first home game—Dalhart here, September 23.

Benefits from this improvement will be many. The saving in dollars and cents through not having to dismiss school for games as heretofore, will save about \$500, nearly enough to pay for this project. Too, it will afford the attendance of those who in the past couldn't leave their business and work, yet wanted to see the games.

NO. 3-Continued From Front Page

wifely neglect is largely responsible for the preventable maternal deaths. It is to be emphasized that the proper time for expectant mothers to seek medical attention is when the expectancy is first realized.

"Indeed, prenatal care is the great defense against any of the conditions that cause tragedy at birth. Consequently, expectant mothers should place themselves under the supervision of a physician at the beginning of the term. If this fundamental safety rule would be adopted more generally, the present maternal mortality toll would be markedly diminished.

"As one authority aptly states, 'To cut the appalling maternity death rate thoughtful and cooperative initiative must originate in the home.' In other words, science had done its part, now the prospective mothers must do theirs."

NO. 4-Continued From Front Page

Including and adjoining the lake site, the Bureau is purchasing approximately 2,222 acres. Options on most of the land have already been obtained.

The Rita Blanca project, part of the nation-wide land utilization program under supervision of the Bureau, is closely integrated with a plan for full utilization of the water resources of the entire Rita Blanca drainage basin. This basin includes an area of 1,400 square miles in Colfax and Hartley counties, Tex.; Dallam and Union counties, N. M.; and Cimarron County, Okla.

SURPLUS ACRES REAL PROBLEM

STATE CHAIRMAN CONSERVATION COMMITTEE OUTLINES BENEFITS OF WHEAT PROGRAM IN 1939

College Station, Texas.—Distribution to individual farms of the national wheat acreage allotment of 55 million acres and the Texas allotment of 3,684,953 acres is now underway, according to Geo. Slaughter, chairman of the Texas Agricultural Conservation Committee.

The situation which brought about the wheat sections in the present farm act is comparable to that of 1931 and 1932, when wheat prices were the lowest in recorded history, Slaughter said. In 1931, the United States farm price for wheat averaged 39 cents a bushel and in 1932, the average was 38.2 cents a bushel.

"With the 1938 winter and spring wheat crops added to the July 1 carry-over of 180 million bushels, we have a total wheat supply of 1,135,989,000 bushels," he pointed out. "Since the World War, the only other years in which supplies have exceeded 1,100,000,000 bushels were the years 1930, 1931, and 1932."

This year's indicated crop, estimated by the U. S. Bureau of Agricultural Economics on August 1, as 955,989,000 bushels, is the 2nd largest on record, and is exceeded only by the 1915 crop of one billion 9 million bushels. The 1938 crop will be around 200 million bushels above the 10 year average.

Even if wheat exports are around 100 million bushels and domestic requirements are increased through expanded surplus relief purchases, it is considered that the carry-over on next July 1 will be around 400 million bushels, a record figure. Crop insurance premiums will take care of some of this carry-over while wheat loans are intended to keep some of it off the market temporarily.

"The real problem is not surplus wheat, but surplus acres," Slaughter stated. "Farmers seeded 81 million acres to produce the 1938 wheat crop. That is 15 million acres more than the average acreage that produced the surpluses of 1930, 1931, and 1932."

Although wheat farmers will not know until May 1939 whether or not wheat marketing quotas on the 1939 will be proclaimed and referred to a producer referendum, they should consider the possibilities of quotas in connection with their 1939 wheat acreage allotments, the chairman said.

He explained that if there are wheat marketing quotas next year the marketing quota for each farm will be based upon a percentage of the normal yield of his acreage allotment. Farmers who seed wheat within their acreage allotments will have little difficulty in complying with marketing quotas, but farmers who exceed their allotments will face the prospect of either having to store their surplus or taking a discount of 15 cents a bushel on all the wheat marketed over their quotas.

"Those farmers who contribute to wheat price improvement by complying with their acreage allotments are helping to carry the brunt of the adjustment, and they will qualify for other benefits under the farm program," Slaughter said.

Such benefits include 1939 conservation payments and wheat price adjustment payments made available under the Price Adjustment Act of 1938. If a loan program for wheat is in effect in 1939, compliance with the program will be necessary for eligibility for such loans at the full rate.

Ellis In Contest

Quarter Million in Prizes Will Be Paid 5,404 Winners in a National Movie Quiz

In a contest being sponsored by leading motion picture exhibitors, \$250,000 will be distributed in a contest that involves only skill. The Ellis Theatre, Virb Conley states, has made arrangements for local patrons to share in the event.

Booklets containing all rules and material for participation in the contest may be secured at the Ellis for the asking. The program which opened September 1, will close at midnight on December 31, 1938. Those wishing to enter are urged to get their books at their earliest convenience. Get yours tonight. 5,404 prizes to be awarded.

Mrs. Louis Bryan and Joan and Mrs. Nell Vernon and Phyllis were Berger visitors, Tuesday.

In addition to the larger Rita Blanca dam announced today, the water utilization plan for the basin, drawn up by the Bureau in connection with its land and water planning program, indicates desirable developments such as wells, windmills, stock-water tanks, reservoirs, pumps, and small irrigation works on individual farms which can be undertaken without exhausting the existing water resources.

All of these possible developments are woven into a general land use plan for the basin, which aims to build a stable agricultural economy, with primary emphasis upon livestock production.

Except for the water conservation project now announced, no programs for effectuating water utilization plans in the Rita Blanca area have been initiated. The over-all plan for the watershed has been developed as a guide for any public improvement programs involving land and water utilization that may subsequently be carried out.

Plainview Mechanic

Jake Sodowsky, Long Time Mechanic for Plainview Hardware Back After Absence

J. O. (Jake) Sodowsky is back at the Plainview Hardware & Furniture Co., in the capacity of mechanic after an absence of a few years. Mr. Sodowsky, until a few years ago, was in charge of the service department for that firm for many years. Now that he is back, he will be in charge of all service work, including adjustments and repairs of a mechanical nature on all washing machines, stoves, refrigerators and other merchandise handled by the Plainview.

He will also handle his tractor work in addition, as he has in the past few years.

Union School Opens

Nineteen Pupils Enroll For Work During Coming Year; Many Are Transferred Here

The Union School opened Monday, September 5 with 19 pupils enrolling for the winter work. Ten high school pupils and two grade pupils transferred to the Perryton Independent School District. Seven high school and two grade pupils transferred to Bethany. Driving the bus this year at the Union School is E. R. Tregallas.

Visitors at school the first day were Mrs. Charlie Roberson, Mrs. A. E. Pittman, Mrs. Blueford Seago, Mrs. Rex Clark, Mr. and Mrs. Clarence Mounts, Carl Jamison, E. O. Fribble, E. R. Tregallas, Mr. Griffith and Monroe Ballard.

FAIRGROUNDS ARE BEING LEVELED THIS WEEK

A crew of workmen with county equipment have been leveling the race track, baseball diamond and football gridiron this week at the fairgrounds in preparation for the Beaver County Free Fair and Cimarron Territory celebration to be held this month.

A polo field will be constructed on the site for the Perryton-Beaver game here September 16 during the celebration.

The buildings have been re-roofed at the fairgrounds and all is ready to handle the exhibits during the fair.—Herald Democrat.

Mrs. H. A. Hawk and her cousin, Mrs. Pearl Boyd of Paducah, and Mrs. Max Boyer were guests for bridge with Mrs. W. C. Herndon, Tuesday afternoon.

Mr. and Mrs. E. L. Whippo returned Monday from a two weeks fishing trip at Eagle Nest, N. M. They reported lots of fish and brought home enough to verify their story.

Mr. and Mrs. Harry Sawyer moved Saturday to 410 Southwest First street.

Mr. and Mrs. R. K. Parker, Austin came in Tuesday from Higgins, where they spent the weekend with her brother, Frank Chatham and family. Mrs. Parker is a niece of Mrs. J. S. Talley and J. W. Richardson and will visit in their homes and with other relatives several days.

Miss Osa Mae Roberts left Saturday for Skellytown, where she has accepted the position as teacher of language-arts in the sixth and seventh grades. Miss Roberts received her Bachelor of Science degree from West Texas Teachers College, at the close of the summer term.

Harvey Wilson, son of Mr. and Mrs. H. J. Wilson, left Wednesday for Los Angeles, Cal., where he will attend an engineering school this winter.

Mrs. Augusta Smith and daughter, Mrs. Pearl Boyd, Paducah, visited from Saturday until Thursday in the home of Mr. and Mrs. H. A. Hawk and with Mrs. Hawk's mother, Mrs. Alice Stout of Shattuck, Okla., a guest in the Hawk home. Mrs. Stout and Mrs. Smith are sisters.

John Belin, who is assisting at the Perryton Equipment for a few months, was a dinner guest Tuesday evening with Dr. and Mrs. G. L. Kengle.

Miss Marjorie Reams and her cousin, Roger Reams of Isabel were visitors Saturday and Sunday with the Fred Hustin family. Miss Reams is a niece of Mr. Huston. Sunday evening additional guests were Clara, Eula, and Lucy Coughland, Mr. and Mrs. James Slough of Booker and Lester Schwalk.

Miss Esther McLarty, operator at the Telephone company, spent her vacation last week visiting with her sister, Mrs. Seldon Caradine, Spearman.

Mr. and Mrs. J. M. Anderson left Sunday for a few days business in Hobbs, N. M., where they own a shoe repair shop. While there they will be guests in the home of his nephew, Wilbur Anderson and wife, who manage the shop.

Mrs. Edna Miller, who has been connected with the Perryton Hospital during the past year, will leave today, Thursday, for Wewoka, Okla., where she has work.

Mrs. Charley Kent and children, Diane and David, who have been visiting in Nowata, Okla., the past two weeks returned home Saturday. Mrs. Kent's mother, Mrs. J. H. Simmons accompanied them for a few weeks stay.

FSA DIRECT WATER PROGRAM

GREAT PLAINS REGION FARMS TO BE BENEFITTED BY DEVELOPMENT OF WATER RESOURCES OF LAND

Amarillo, Texas, Sept. 6.—The launching of a water facilities program through which farmers and ranchers of the Southern Great Plains region will be aided in developing such projects as stock ponds, wells, and small pumping plants has been announced by H. H. Fennell, director of the Soil Conservation Service, which is cooperating with the Farm Security Administration and the Bureau of Agricultural Economics in carrying out the new enterprise.

The first area to be approved by the Water Facilities Board in Washington for development is the Rita Blanca drainage basin in New Mexico and Texas. Others are expected to be approved as reports can be made to determine the sections where the need for such facilities is most urgent, according to Mr. Fennell.

Only applications from residents of the Rita Blanca area will be considered at present, it was pointed out. Information regarding filing of applications can be obtained from the Soil Conservation Service project offices in Clayton, N. M., and Dalhart, Texas, or from the Farm Security Administration county supervisor.

The Rita Blanca drainage basin from which applications will be considered immediately extends from Colfax county in New Mexico to the confluence of the Rita Blanca and Major Longs creeks in Hartley County, Texas. Included are the Rita Blanca, Mustang, Perico and Carrizo creek areas in Union County, New Mexico and Dallam County, Texas.

The purpose of the water facilities development program, Mr. Fennell points out, is to provide carefully planned water facilities in order to improve the utilization of water resources and to achieve wiser use of land over a period of years, and through wiser use of land, to promote the welfare of the people who live on the land.

The water facilities program, which is to be carried out in the 17 semi-arid western states including Texas, New Mexico, Oklahoma, Kansas, and Colorado, was authorized by the Water Facilities Act of August 1937, and during the current year \$500,000 is available for its administration.

However, the Farm Security Administration has set aside \$5,000,000 of its rural rehabilitation funds to be used in helping eligible farmers install such water facilities as are needed to place them on a self-sustaining basis. This action makes available a total of \$5,500,000 for the program in the 17 semi-arid states during the current year.

Since isolated cases would be expensive to plan and administer, a policy has been adopted of concentrating the program in areas where the most good can be accomplished for farm welfare. Assistance will be limited to those farmers who are not in a position to provide for themselves the complete water facilities needed.

In addition to repaying the cost of installation under liberal terms, the benefiting farmer will be required to contribute, as far as possible, his own labor, materials and equipment to the construction of the facilities. The benefiting farmer also will be required to sign an agreement binding for the duration of the loan, to insure maintenance of the facilities, compliance with a land use plan, and repayments to the Government. When the benefiting farmers are tenants, certain additional requirements will be made of the landlord as a protection against exploitation of the tenants.

Facilities which may be constructed under the program include ponds; reservoirs; wells, including repair; detention, retention, and diversion dams; pump installations, including windmills; spring developments; water spreaders; stock water tanks; flood irrigation and small irrigation projects, either for individual families or small groups of families, and facilities for recharging underground reservoirs. The cost of projects upon each farm will be limited generally to less than \$2,000. Mr. Fennell states.

Open Art Studio

Private Lessons in Oil Painting To Be Given by Mrs. Henry Richardson

Mrs. Henry Richardson announces that she is opening an Art Studio at her home at 512 southwest second street this week in oil painting. Private instruction will be given to beginners and also advanced work for adults.

Mrs. Richardson has been an art student for many years and has taken work in the School of Art at the University of California, Southern Methodist University at Dallas and at Hardin-Simmons University at Abilene.

SANTE FE CARLOADINGS

The Santa Fe Railway System carloadings for the week ending September 3, were 19,285, compared with 23,863 for the same week last year. Received from connections were 5,134 cars, compared with 6,074 for the same week last year. Total cars moved were 24,519 compared with 29,937 for the same week 1937. The Santa Fe handled a total of 24,818 cars during preceding week this year.

FOOD PARADE For People Who Trade in Canadian You are Invited to Visit the GRAND OPENING OF Canadian's Newest Food Store SATURDAY, SEPT. 10

FREE 10 Bushels of Groceries FREE! YOU DON'T HAVE TO BUY ANYTHING

Our Store Is Complete Every detail was carefully planned, and we have one of the most complete food stores in the North Plains. Our extensive shelves and display cases are stocked with the highest grade of canned goods, fruits, vegetables, staple and fancy groceries obtainable.

Efficient Personnel We have picked our department heads and clerks. They are courteous, and will at all times make your shopping at our store a pleasure.

Cream Buyers Dairy and Poultry Feeds We have a special department for cream equipped with new scientific instruments. New equipment tests correctly. Try us once. And bring us your eggs too.
