Early Decision On T. & P. N. Is Predicted Here

HEARING IS CLOSED THURSDAY AFTERNOON AND OFFICIALS LEAVE; TESTIMONY VOLUMINOUS

Decision by the Interstate Commerce Commission on the application of the Texas and Pacific Northern to construct 333 miles of new main line railroad through 12 west Texas counties, before the first of July was predicted last night by G. O. Bateman, vice president in charge of the legal department of the road, just before his return to Dallas.

"I think that we ought to get a decision by July 1," Mr. Bateman stated. "We may get one before. It depends upon the attitude toward the preliminary report of the examiner by the opposing railroads. If they do not oppose the report, I am expecting a decision by the commission before July 1."

All briefs in the case are to be filed with the commission on or before March 1. Haskell C. Davis, examiner who conducted the hearing here announced, Mr. Bateman had suggested February 1 as the date and H. C. Pipkin for the Santa Fe, April 1. The examiner commended.

Within 30 days or so Mr. Bateman explained, a preliminary report is expected to be made by the examiner to the commission. It is usual practice for the reports to be filed with the applicant and the intervening railroads. This will be made about April 1.

In the event there is a protest the commission will set a date for oral arguments on the briefs, probably some time in May. It is expected the interested parties, in this case more particularly the four railroads and the intervening towns,

HIDALGO MEN ARE FREED

FOLLOWERS OF BAKER
ADMINISTRATION
NOT CONVICTED

HOUSTON, Dec. 19.—Seven men who stood with the once dominant Baker administration in Hidalgo county had been freed today in a last major fight with the government.

The seven, six of whom had held office with the regime of the late "millionaire" sheriff A. Y. Baker, were freed yesterday from a "federal" conspiracy today returned in connection with the 1928 general election.

Alan Cameron was county judge and head of the commissioners' court which threw out the Weisland boys in the election, an action the government termed illegal deprivation of suffrage. William D. Chaddock, Sam Hargrove and Marvin Evans were commissioners. Tom J. Buckow, formerly a deputy under Baker, was an election judge and Edmund P. Williams an election clerk. Cam Hill was the county clerk. Baker was indicted, too, but his case was closed in death.

The case against Williams, Hill and Evans was dismissed on motion of the prosecution. An unexpected verdict released Cameron, Chaddock, Hargrove and Buckow. Evans incidentally, was not on trial because he was ill.

Doctor Very Prompt For Holdup Scheme

EVANSTON, Ill., Dec. 19.—Dr. Wallace D. MacKenzie received a telephone call last night to hurry out on an emergency operation at an address several miles from his home. He hurried to his garage to get his car.

"You are very prompt," said one of the two holdup men who arranged the call, as they took his watch, his money and his automobile.

DEATH TRIUMPHS TOYLAND THRILL

PHILADELPHIA, Dec. 19.—A nine-year-old Alexander De Camp died last night in a small boy's paradise.

With the thrill of Christmas in his heart and before his eyes a glittering array he fell dead in the "toyland" of a department store. As his eyes glowed with delight he dropped to the floor amid a clatter of falling electric trains, airplanes and boats—the things he wanted most for Christmas.

Physicians said death was caused by a cerebral hemorrhage, probably brought on by excitement.

I. C. C. CHAIRMAN

To Ezra Brainerd, Jr., below, of Muskogee, Okla., falls the task of presiding over the Interstate Commerce Commission which must rule on the application of the Texas and Pacific to build 333 miles of rail into this territory, hearing for which closed here yesterday. Brainerd was only recently chosen chairman of the commission.

AIRPORT IS TO BE LIGHTED

CITY PREPARES TO PUT
BEACONS ON LANDING
FIELD IN FUTURE

Following complaints by pilots during the last thirty days that the Lubbock municipal airport is hard to locate at night, city commissioners today are asking bids on one large beacon and three smaller hangar flood lights to be erected in the near future, according to announcement at the city hall.

The commission authorized the purchase of the lights at its meeting Thursday. Approximate cost of the lights will be \$1,000.

Officials point out that although these lights will not flood the landing field they will enable pilots to locate the port at night, and, after some cruising over the site they will be able to land safely.

Boundary lights, obstruction lights and flood lights for the field will possibly be installed in the spring of next year, it was said today.

The large beacon, which will revolve on top of the hangar, will be a 24-inch light with 1,712,000 candle power.

Duke's Gifts To Ministers Go On

DURHAM, N. C., Dec. 19.—James B. Duke, philanthropist is dead, but his Christmas gifts to superannuated Methodist ministers of North Carolina go on.

The Duke endowment today mailed checks totalling \$32,000 to 229 such ministers in the accordance with his instructions.

Mrs. Fahy Dies Of Air Crash Injuries

TONOPAH, Nev., Dec. 19.—Mrs. Clair Fahy Los Angeles aviator, died here today from injuries suffered in a plane crash Monday. Mrs. Fahy's plane fell from an altitude of about fifty feet when it stalled and went into a nose dive as she was taking off for Los Angeles.

Governor Moody Not To Give Clemencies

AUSTIN, Dec. 19.—Governor Dan Moody will not issue special clemencies during the Christmas season, he said today. Mr. Moody has never adopted this practice, which some other governors have followed.

Ninety Feared Dead In Lava Flow

VOLCANO IN SANDIE WIN JAVA GOES VIOLENT

eruption takes place
after 80 years of
dormancy

BATAVIA, Java, Dec. 19.—Merapi, the great volcano which has been dormant for eighty years, burst into violent eruption and poured a river of white hot lava upon the little villages at its foot yesterday. Today as the eruption continued it was feared ninety natives had lost their lives.

For two weeks there has been a menacing rumble in the mountain but the sudden awakening took the vicinity by surprise. Many villages in the region have been evacuated.

Slides Down Mountain
Those killed were at work in a field near the volcano's base when an avalanche of white hot lava, 70 feet high and 200 yards wide, slid down the mountain and overwhelmed them.

Neighboring valleys and farms were covered with the mass of lava, stones and ashes, and a surrounding wide area was devastated by the intense heat. Loud rumblings accompanied the eruption and were last reported increasing although the rain of ashes had subsided somewhat.

Sight Is Terrifying
The volcano last night presented a terrifying sight. Clouds of black smoke enveloped its summit and flashes of fire shot from the cone. The volcano observation post has spread a warning to residents in a wide area about the base to

Disagreement May Be Rather Serious

TOKYO, Dec. 19.—An international disagreement, which may have repercussions of a serious character, developed today between Japan and Communist Russia as a consequence of a Moscow order closing the Vladivostok branch of the Bank of Korea yesterday.

DAVID'S "DEMONSTRATION WEEK" IS HUGE SUCCESS BUT WILLIAM PROTESTS

NEWARK, N. J., Dec. 19.—"Show me," said William Schacht, prospective buyer of a delicatessen shop, when David Fishman said he took in \$300 a week.

"All right. Stick around and use your eyes next week," replied Fishman.

Schacht watched customers spend lavishly, a grand total of \$325. But after he bought the store, he said, the first week's receipts were only \$100.

In chancery court it was testified that Fishman distributed money among his friends to spend in his shop and make the "demonstration week" a success.

RULER PROVES TO BE FAIR DIET

COLUMBUS, O., Dec. 19.—Robert Lee Golden, two, while playing at his home last night swallowed a foot rule.

He was taken to St. Frances hospital where the measuring stick was removed and the police took him back home none the worse for the experience.

ROARING WELL IS ABLAZE

WEWOKA, OKLA., IS
MENACED BY FIRE OF
RAMPANT GASSER

Roaring in menace to the new Wewoka oil and gas field, the Deep Rock Oil corporation's No. 1 Douglas gasser was burning today.

The well, a mile south of town, blew wild at 1:30 a. m. today and caught fire, tossing a thousand feet of heavy pipe half a mile away.

It was estimated to be flowing in 60,000,000 cubic feet of gas daily, with no oil.

Hundreds of Wewoka residents, awakened by the gasser's roar, rushed to the well but as the wind was from the west it was believed no immediate danger to the town.

No homes were abandoned. However, another producing well, is but 50 feet to the southeast.

All operations in the field were shut down.

Experts were rushed here by airplane from Tulsa and planned to snuff out the flame with a nitrogen gas blast.

COUNTY LINE BOY WINS GOLD MEDAL

G. W. Williamson, 4-H club member of County Line community, today received a gold trophy, one of the Thos. E. Wilson awards for outstanding livestock work in the county during 1930. These awards are given to one club member in every county of the United States by the Thos. E. Wilson company, of Chicago.

The trophy, a small gold medal, is engraved on the front with the words "Thos. E. Wilson Award" and on the back "County 4-H Livestock Champion 1930." The 4-H emblem also is shown on the front.

Air Inspectors To Be Here In January

Announcement was received in Lubbock today that inspectors from the United States Department of Commerce will arrive in the city on December 30, a second visit to be paid on January 27.

The inspectors will be located at the municipal airport during their stay in the city and while there will take applications for mechanics and pilots licenses.

It was stated today that applicants for pilot's licenses must submit a certified log book while applicants must present written statements of time employed. Applications of pilots must also be accompanied by a medical certificate from an authorized medical examiner of the Department of Commerce.

MOVE ON IN CHICAGO TO SEND 'SCARFACE' CAPONE TO CHAIR

CHICAGO, Dec. 19.—Judge John H. Lyle today was quoted as saying efforts would be made to send Alphonse Capone, gang chief, to the electric chair in connection with the slaying of two men. "We will send Capone to the chair, if it is possible to do so," said Judge Lyle, who issued a vagrancy warrant for Capone several months or more ago. "He deserves to die. He has no right to live."

Speaking before the Chicago Safety Council the Judge mentioned Capone's name in connection with the killing in 1920 of "Big Jim" Colosimo, reputed "vice-lord" and also in connection with (Turn to Page 11, Column 7, Please)

STARS TO WED

HOLLYWOOD, Cal., Dec. 19.—Bill Boyd, (below top) screen actor, and Dorothy Sebastian, (bottom) film player, left here last night for Las Vegas, Nev., where they said they would be married Friday. Boyd, born in Cambridge, Ohio, 33 years ago, was an oil well driller at Tulsa, Okla., before entering motion pictures in 1911. He had been married twice. Miss Sebastian, 26, was born in Birmingham, Ala., and appeared on the stage six years before entering motion pictures.

BLACK IS HELD IN FEAR OF VIOLENCE

MYSTERIOUS DEATH OF
YOUNG GIRL CLEARED
BY CONFESSION

MARYVILLE, Mo., Dec. 19.—Said by county authorities to have confessed slaying 19-year-old Velma Colter, rural school teacher, Raymond Gunn, 30, negro ex-convict, was held at St. Joseph, Mo., today where he was taken to avoid possible mob violence.

The negro was arrested yesterday while hunting. After hours of questioning the suspect, County Attorney Paul R. Jones announced, had confessed. He was spirited away immediately.

Relates Incidents
The prosecutor said Gunn related how he had met the young teacher at the door of her school room, had followed her within when she fled screaming. Jones quoted the ex-convict as saying Miss Colter fought viciously as he attempted to seize her.

Gunn then rushed at her with a club and beat her about the head, the prosecutor said. Teeth marks were visible on the negro's hand when he was arrested.

Sentenced Once
Gunn was sentenced to a prison term for criminally assaulting a young girl attending the northwest Missouri State Teachers' college here, officers said, and had been

ACQUITTAL IN CASE ASKED

TESTIMONY COMPLETED
IN SHEPARD TRIAL
IN KANSAS CITY

KANSAS CITY, Dec. 19.—Testimony was completed today in the murder trial of Major Charles A. Shepard, accused of poisoning his wife so he might be free to marry Miss Grace Brandon, young stenographer. Indications were that the case would reach the jury in federal court here about noon tomorrow.

At the end of rebuttal testimony, the defense filed a motion for a directed verdict of acquittal on the ground that the government had not produced sufficient evidence to convict. The motion was denied by Judge Richard J. Hopkins.

All witnesses then were excused and counsel prepared for final arguments, with three hours allotted to each side.

The house, which yesterday supported the administration's wishes to cut the senate's \$20,000,000 drought bill to \$30,000,000, had the compromise before it at the opening of today's session.

AUSTRIAN SCIENTIST CLAIMS HE HAS DISCOVERED RAY TEN TIMES THAT OF RADIUM IN STRENGTH; PIERCES LEAD

VIENNA, Dec. 19.—Discovery of a ray which pierces 80 inches of leaden plate with a loss of only half its strength and which is ten times as penetrative as the strongest radium ray, was claimed today by Professor V. F. Hess of this city.

In a paper read before the Vienna Chemical and Physical society, Professor Hess said this great force must undoubtedly be of extraterrestrial origin, since its intensity increases with distance from the earth's surface.

Emulate From Stars
He believes that the rays emanate from fixed stars, probably those of more recent formation found in the Milky Way, and only to a small extent on the fixed star known as the sun. They appear to be dependent upon stellar time, with the seasons, air pressure, storms and probably terrestrial magnetism also influencing them.

Professor Hess believes the wave length of the rays to be unbelievably short, probably one hundred-millionth that of the ultra violet

MONEY BILLS UP BEFORE CONGRESS

RELIEF FUNDS TOTAL
TO \$331,000,000 TO BE
ACTED ON

WASHINGTON, Dec. 19.—Congress was ready to play Santa Claus to the nation today with relief bills totaling \$311,000,000.

The Christmas offering up for final approval included: \$116,000,000 for new jobs through immediate public improvements, \$150,000,000 for

the farm board to continue its program of crop price stabilization, \$45,000,000 for loans to farmers in the drought areas for purchase of seed and fertilizer in planting next year's crops.

Enactment Seen
The employment appropriation and drought relief measure still require adjustment of controversy which resulted from opposition in both senate and house to President Hoover's recommendations, but enactment of both in time for a Christmas recess to begin tomorrow was predicted.

Conferees of the senate and house agreed last night on the compromise \$45,000,000 drought relief bill which is without direct provision for food loans except in cases of extreme emergency.

The house, which yesterday supported the administration's wishes to cut the senate's \$20,000,000 drought bill to \$30,000,000, had the compromise before it at the opening of today's session.

NEVER USE HAIR BRUSH IN SPANKING

"My Dear Mr. Myers: Your articles have always been of interest to me, as I am the mother of a five-year-old daughter, but after reading your reply to the woman from Onida who gives her four-year-old daughter 15 or 20 good, hard strokes with a heavy hair brush, I have lost confidence in your methods and your judgment.

"My small daughter is exceedingly well behaved, but not because she has been covered by fear. She has never been spanked, yet I seldom have to speak twice to her when she is bad, and for the sake of these pathetics, I have lost confidence in your methods and your judgment.

"I wish it were possible for some man, as much stronger than this woman as she is than her little girl, to tie her to a whipping post or strap her over a barrel and give her from 75 to 100 good, hard strokes with a heavy hair brush on her bare bottom" as she vulgarly expresses herself.

"I hope that you will be fair enough to publish this letter and comment upon it."

Good mother, you could not have read carefully what I said. Here it is:

"I believe the hair brush is not a safe spanking device—if I were you I should not use the hair brush. Pretty soon you ought to be able to spank physical pain entirely. I really don't believe I should enjoy seeing your proposed treatment of the mother you condemn. Perhaps a little kindness used on her would persuade her to be more humane.

I must confess, however, that when a mother lets a four-year-old child go into her neighbor's home, mar the furniture deliberately, tear the books and destroy other things therein, or lets the child run and mutilate the flowers and shrubbery of the neighborhood, she makes me wish I had the power of administering to that parent some severe punishment.

TERRELL PLANS HIGHWAYS IN THE STATE

AMENDMENT PROPOSED TO MAKE CHANGE IN PRESENT PLANS

By The Associated Press.—AUSTIN, Dec. 19.—George B. Terrell, retiring commissioner of agriculture, who will be a member of the 42nd legislature, said today he will introduce a constitutional amendment to give the state highway department all funds derived from the state gasoline tax and require the highway department to pay the counties and road districts the money spent on state highways.

Terrell said he was opposed to the road law plan as a medium of financing the state highway program and said he believed the state should follow the "pay as you go" plan. One-fourth of the money now received in gasoline taxes is given to the school fund. Terrell said retention of this one-fourth by the highway department would permit the counties to be paid off and not reduce the amount available for highway purposes. The deficit in the school fund will be raised by an income tax and a tax on natural resources under Terrell's plan.

Terrell said the net income tax was the fairest that can be levied and should be adopted regardless of the opposition of special interests.

Divorce Next?

WE HAVE THE... VICTOR RADIO FOR YOU

No matter what you intend to pay

Everyone knows that Victor engineering and research in sound and music have produced the greatest instrument in Victor history. What is equally remarkable is the fact that Victor's manufacturing skill and modern production facilities in the largest radio plant in the world, have brought Victor quality within reach of EVERYONE!

When you insist on the finest instrument for home entertainment that money can buy, we will show and play for you the Victor Home Recording Radio-Electro—the complete modern musical instrument, which not only makes and plays instantly records of your own voice or the highlights of radio entertainment, but gives you radio performance such as you have never heard. And in addition, this triple instrument plays the new Victor Records with brilliance, power and realism beyond anything in our experience.

If you can be satisfied with radio entertainment alone, there is the same 3-circuit, micro-synchronous, screen-grid receiver available in two beautiful models. If your budget is quite limited, and yet you insist upon Victor quality and a man-sized radio, there is the wonderful R-15, which packs more entertainment to the square inch than anything we have ever heard of. Mid-gut price, practically—but man-sized performance!

Come in and see us. The complete Victor line—plus our service and unique payment plan—will decide your choice of radio.

"I Firmly Believe It Saved My Life," Says Texas Woman

"My Entire Family Takes Argotane and Think It Is Just Fine; It Speaks for Itself," Says Mother

"I firmly believe Argotane saved my life," said Mrs. R. H. McNeill, of 1403 Burnett, Wichita Falls, Texas, wife of a well known carpenter here.

"My entire family takes Argotane and thinks it is just fine, it speaks for itself," she continues. "I have been sick off and on for ten years, with gall bladder and indigestion troubles. At times, I would have such severe intense pains in my back and sides I could hardly move, it would hurt me so. I was bilious and very dizzy, and had a soreness in my stomach all of the time. I had frequent headaches, and was very nervous and had a bad case of constipation. Every time I ate anything, gas would form on my stomach, until I could hardly breathe. I was getting worse every day, and needed something to build me up.

"Argotane was advertised and so I began taking it. I don't have gas pains, or that tired feeling at all now, and since taking Argotane I haven't had a symptom of gall bladder trouble. My kidneys are in normal condition, and I don't have any more bilious or dizzy spells. My six children who are home take Argotane every day, and we feel that we can't speak enough for it, for it has helped us so. I'll praise Argotane as long as I live, and I know that if anyone will give Argotane a trial, it will speak for itself."

Genuine Argotane may be bought in Lubbock at the Bowen Drug Store.—Adv.

TWO PILOTS TO SEEK RECORD

BROCK AND SHOENHAIR TO ATTEMPT SPEED MARK IN TESTS

(By The Associated Press)
AIKON, O., Dec. 19.—Announcement they planned to try for a world record for land-plane speed in an official National Aeronautical Association test here during the holidays was made last night by William S. Brock and Lee Shoehair, noted pilots, who jointly own "The Solution", the plane which won the 100 mile Thompson trophy race of the National Air meet at Chicago last fall.

Brock claimed to have made a speed of 360 miles an hour in a trial flight in the plane Thursday. The official world record is 278.5 miles an hour, set by Alford J. Williams at Mitchell field, Long Island, in 1928. Brock and Shoehair said they would flip a coin to decide which will pilot the ship on the record attempt.

Evangelists To Seek 50,000 As Converts

MEMPHIS, Dec. 19.—Fifty thousand converts during 1931 was fixed today by evangelists of the Methodist Episcopal Church, South, as their goal for the coming year. Plans looking to the bringing of that number into the church were laid at the annual conference Thursday afternoon of the evangelists association of the church after reports had been read showing a total of 21,551 professions as a result of evangelistic meetings during the present year.

Dr. Lovick P. Law of Charlottesville, Va., was re-elected chairman of the conference. The Rev. Burke Culpepper of Memphis was re-elected secretary-treasurer.

SIX WOMEN RULE SHE'S NOT GUILTY AND SIX WOMEN SURE TO BE RIGHT

QUINCY, Ill., Dec. 19.—Suppose you were a married woman and your husband's ex-wife telephoned you to say that she still had your spouse's ring and affection. Well that's what six women thought too. Perhaps, when they were called as a jury in Justice James J. Jarrett's court today to decide whether Mrs. Clifford Merritt was guilty of disorderly conduct.

Mrs. Merritt, according to the testimony, had received such a phone call from Mrs. Blanche Ramey, her husband's first mate. Mrs. Merritt speedily made a personal call on Mrs. Ramey and the ensuing scene resulted in the charge. "Not guilty," the six women decided.

CONCHO MAN DIES IN GIN ACCIDENT

SAN ANGELO, Dec. 19.—W. L. Gillam, 39, was instantly killed yesterday when he apparently slipped and fell into the Henderson gin, four miles east of Eola, Concho county, during an argument with A. D. Wrotyk.

Although Justice P. W. Williams returned a verdict of accidental death, Wrotyk went to Paint Rock and surrendered to officers. He was charged with negligent homicide and was bound over to await grand jury action. He was released under bond.

Because he walked from behind a truck and into the path of R. R. Standen's motorcycle without looking, thus causing a crash, at Madison, England, William Gibson has been ordered by the court to pay \$470 damages to Standen.

JACK HAS FUN Texan May Or May Not Be Looking To The Future

WASHINGTON, Dec. 19.—Representative Garner, Texas, Democratic house leader, may have been looking to 1931 when he hopes to be speaker.

Or he may have been attempting merely to get a laugh at the expense of his friend, Speaker Longworth. He did so. Chairman Wood of the appropriations committee proposed a resolution, which the house adopted, authorizing payment of salaries to officers and employees of congress on December 20 to allow for holiday purchases. It now goes to the senate.

"Parliamentary inquiry, Mr. Speaker," said Garner. "Can you tell me whether the speaker is an officer of the house?" "I am inclined to think he is," Longworth replied. He had to rap for order at that point.

Texas-Louisiana League Proposed

FORT WORTH, Dec. 19.—Fincher E. Withers, of Fort Worth, formerly active in amateur baseball circles here, announced that preliminary plans were progressing toward forming a Texas-Louisiana baseball league. He said five cities already have shown interest in the proposed league, Galveston, Brenham, Austin, Port Arthur and Lake Charles, La. For a sixth club, Withers said Temple, Mexico and Corpus Christi were being considered.

Reggie Meen Beaten By Italian Mistake

LONDON, Dec. 19.—Reggie Meen, a pink-cheeked English lad, went back to a north of England shoe factory today a sadder and wiser heavyweight. Reggie thought he could whip Primo Carnera, Italian man-mountain, and discovered he was mistaken. Carnera toyed with Meen for one round in Albert hall last night and then settled down to the business in hand. Early in the second round he floored the Briton but Reggie got up. Another powerful blow sent him to the canvas again and the referee mercifully stepped in and halted the bout. Carnera weighed 268 pounds, Meen 203.

Chicago Charity Staging Program

CHICAGO, Dec. 19.—An eight round bout between George Neron, Greek heavyweight, and Paul Pantaleo, former Chicago high school athlete, will head 50 rounds of boxing at the coliseum tonight, staged for charity by the Democrats of Cook county.

Fifty per cent of the gross receipts will be used to purchase food and clothing Christmas Day for Chicago's poor. Charlie Retziak, young Duluth, Minn., heavyweight, and Antonio Mata of Spain, will meet in a six rounder, and Martin Levandowski, of Grand Rapids, Mich., former A. A. U. light heavyweight champion, will tackle Nick Taft of Chicago over the same distance.

Jap Merchant To Give Chaplin Coat

SEATTLE, Wash., Dec. 19.—If Charlie Chaplin's sack coat is wearing out he will be able to make a change that will prove a sturdy protection against the missiles he dodges in making movies.

A jinori, a long heavy coat which ancient Japanese warriors wore to shed arrows of their enemies, will be presented to him by a 13-year-old boy from Osaka, here today on his way to Hollywood.

It is a gift from Tsuneichi Hachiya, Osaka merchant who met met Chaplin ten years ago in Hollywood and became a friend and admirer of the comedian. The boy, Tsunep Hachiya, arrived here yesterday.

Killing Bandits Is Good Plan To Halt

CHICAGO, Dec. 19.—One particularly efficient method of riding Chicago of bandits, acting Police Commissioner John Alcock says, is to kill them.

Commenting last night on the slaying of five robbers during the past 24 hours, Alcock said: "I believe the killing of these bandits, every one of whom was slain while in act of attempting to rob, will do more to suppress crime in Chicago than anything that has happened in this city in a long time."

WRONG TOPGEAR

Atlanta Parades In Snow With Straw Hat On

ATLANTA, Dec. 19.—Steve G. Glass went for a walk along snow-covered Peachtree street yesterday and couldn't figure out why he attracted so much attention.

On all sides he was greeted with "Merry Christmas," "where's your bathing suit," or "what show are you with?"

He glanced into a sidewalk mirror and then beat it back to his office. Entering sheepishly he removed his last summer's straw hat, tossed it where he would not be apt to accidentally find it again and replaced it with one more in keeping with the month and the weather.

He believed the killing of these bandits, every one of whom was slain while in act of attempting to rob, will do more to suppress crime in Chicago than anything that has happened in this city in a long time.

"TAKE ME TO THE MERRILL," SAYS VISITOR, BUT HE FINDS THAT LUBBOCK HAS CHANGED CONSIDERABLY IN 8 YEARS

A white-haired old man descended from a coach at the Santa Fe station Thursday night. Staring wide-eyed about him he hailed a taxi driver who took him to town.

"Take me to the Merrill," he directed after the customary "Where to, sir?"

"Bu-But," exclaimed the surprised driver, "there is no Merrill."

"Say, young fellow, what are you trying to do, kid me? I was in this town eight years ago and I stayed at the Merrill."

Now get going!"

Without another word the driver turned his cab and headed for the corner of Main and Texas, halting later in front of the HILTON. A blue-clad bell boy made a jump for the cab and the bags.

"Whoa there, just a minute," and the old man strained his neck upward to the twelfth floor. "None, by gosh, take me somewhere else. I felt safe in the Merrill but that's too high up."

BUILDING CODE IS ADOPTED FOR CITY

REGULATION AUCTION ORDINANCE PASSED ON THURSDAY

At a called meeting Thursday afternoon at the city hall, ordinances embodying a revised building code and means of regulating jewelry auctions were passed by the Lubbock city commission.

A majority of the time was given over to reading and discussion of the building code which was completed Tuesday after two and one-half years' work.

Officials state that the revised building ordinance embodies one of the most modern construction codes to be adopted by a Texas city, and provides regulation of new types of construction.

Additional attention also was directed toward construction of public assemblies in revising the code, to decrease possibility of fire hazard and panic in case of fire, as well as to improve sanitary conditions.

Informal Dinner Given Press Here

An informal dinner was tendered visiting and local newspapermen by the Lubbock Chamber of Commerce Thursday evening at 7 o'clock in the private dining room of the Hilton hotel. The affair came as a conclusion to the Interstate Commerce Commission hearing which has been under way in this city for the last two weeks.

A. B. Davis, manager of the local chamber of commerce, was in charge of the affair, however, the program was observed.

Those attending included the following: Haskell C. Davis of Washington, D. C., examiner for the I. C. C.; Sam Acheson, Dallas News-Byron C. Utsch, Fort Worth Star-Telegram; Harrell E. Lee, Associated Press; Charles A. Gray, Lubbock Avalanche and Journal; A. M. Hill, Garnet Reeves, publicity director Lubbock C. of C.; W. R. Raffill, J. Sam Lewis, Bob McCall, Chas. C. Watson, Lubbock Avalanche and Journal, and A. B. Davis.

Roberts' Widow Is Seeking Payments

LOS ANGELES, Dec. 18 (AP)—An action to obtain alimony payments from the estate of the late Theodore Roberts, grand old man of the films, was filed in appellate court today by Lucy C. Roberts, who divorced the actor 13 years before his death.

The Roberts were married in 1890 and divorced in 1917. Mrs. Roberts was granted alimony of \$75 monthly which in 1919 was raised to \$100 monthly.

The actor, famed for his ever present and furiously chewed cigar, died in December, 1928.

IMMIGRATION CUT PROPOSED

SECRETARIES STIMSON AND DOAK SUGGEST LEGISLATION

WASHINGTON, Dec. 19.—A horizontal cut of 90 per cent in all immigration based on the national origins method of selection was suggested by Secretaries Stimson and Doak today if congress intends selecting any such legislation to aid employment.

The state and labor department heads registered their opposition before the senate immigration committee to the Reed bill to bar all immigration, except relatives of foreign born American citizens, for two years.

To Reverse Policy
Stimson said this measure, as well as the Johnson bill now pending in the house, would "destroy" the existing national origins selective policy by allowing an increasing number of relatives to come in from southern Europe and fewer from the northern European countries, reversing the policy of existing law.

Enough applications from relatives already are on file to absorb existing quotas, he said. Doak said his department was in "substantial agreement" with the state department and thought a "simple and direct" cut in immigration with equal distribution of the quota in accordance with the present policy would be best.

War Department Opposed
The war department's opposition to the bills also was given through Brigadier General F. L. Parker, chief of the bureau of insular affairs. Speaking for Secretary Hurley he voiced "definite non-concurrence" in the provision applying the emergency bars to Filipinos. He doubted whether this exclusion would "compensate for the very slight increase in American employment."

To Change Ratio
The present ratio of European immigration, he said, was 3 to 1 in favor of northern Europe. The Johnson bill, he added, would change this to 2 to 3 and the Reed bill to 1 to 13.

Asked how he would apply his proposed 90 per cent cut to Canada, Mexico and South and Central American countries, whose immigrants are not under quota restrictions, Stimson said he would reduce that immigration from the total which would have been allowed each of those countries in the last fiscal year had the national origins quota law applied.

ROBBERS DYNAMITE MINE VAULT AND MAKE AWAY WITH SIXTEEN SACKS OF HIGH GRADE ORE; RECALLS OLD DAYS

LEADVILLE, Colo., Dec. 19.—A scene from the riotous drama of early mining days in Colorado was reenacted deep in the ground of Priests Hill last week-end as robbers dynamited an underground vault and made away with sixteen sacks of high grade gold ore.

The ore disappeared from the vault of the Ibox Mine some time between Saturday night and Monday morning. The vault, hewn from solid rock and guarded by a steel door, is 100 feet below the surface in No. 2 shaft and about 150 feet back in a tunnel off the shaft.

Although the robbery was discovered Monday, it was not generally known until today. Officials of the mine declined to estimate the value of the stolen ore but mining men here said it was probably worth several thousand dollars. The mine is working a curtailed shift.

Officers investigating the theft said there were indications it was an inside job. Entrance to the shaft was gained through the engine house on the surface. Officers believe several men were involved. One of them, they said, in reconstructing the scene, operated the hoist letting the others down the shaft. The dynamite was set and the steel door blown away.

While sixteen sacks of gold ore each weighing approximately 100 pounds were transported to the surface and carried away, the robbers left untouched several sacks of low grade ore.

In the heyday of Leadville mining ore hi-jacking and ore robberies were as common as the gold digging which scar the surrounding mountains but the present

case, investigating officers say, is the first of its kind here in many years.

HUNDREDS TO SEE SANDIE-LION CLASH

MORE TICKETS ORDERED FOR CONTEST

TEAMS ARRIVE TODAY IN FORT WORTH; TO BATTLE SATURDAY

(Special To The Journal)
FORT WORTH, Dec. 19—Requests for five hundred more tickets at Amarillo and Tyler, champions in the total to 1,000 adult and 500 student tickets for each city, was just one of the displays of growing interest in the Amarillo-Tyler state schoolboy championship football game to be played at the Texas Christian University stadium tomorrow.

A large number of Lubbock grid fans are to witness the Amarillo-Tyler championship in a game in Fort Worth tomorrow, it was learned today. Among them will be Coach Henry Franks of the Lubbock Westerners and other close followers of the state high school race. Most of the locals are leaving today in cars for the game.

There came calls for more tickets from Dallas, Mineral Wells, Breckenridge, Corsicana, Palestine, Gainesville, and many other towns over the state.

The Amarillo High school Sandies, football kings of the region divided from East Texas by an imaginary twisting line from Denison to Eagle Pass, and the Tyler Lions, champions of the rest of the state, who will battle tomorrow for the state crown, will converge at Fort Worth today. Trains bearing the coaches, the captains and the crews left their respective nests early this morning.

A workout on a Fort Worth field this afternoon for both teams will top off a season of practice that was destined to bring the clubs together before what appears will be one of the largest crowd of fans to assemble for a high school game in the state this season, or for a championship game for many seasons.

Eleven Playing Last Game
 Eleven of the participants in tomorrow's game—seven from Amarillo and four from Tyler—will be playing their last high school games, but regardless of how badly the graduates strip the teams of power for the 1931 team, Coaches George Foltz of Tyler and Blair Cherry of Amarillo are thinking today of the championship game of 1930, willing to let next year take care of itself.

Most of the dope so far has favored the Sandies of Amarillo High to form itself into a team of power again and sweep over the Tyler outfit, lighter by three pounds to the man, but deponents do not go into spasms of glorified print to establish just how badly the Sandies will beat the Lions. Tyler's overwhelming victory at the expense of the Austin High Maroons last Saturday in the face of all opposing dope, caused the wise ones to scratch a meditative ear and try to find just why Amarillo should find the going easy in the final contest.

Tyler has been the underdog in all of its contests from the beginning of the season. Before each game, even the closest friends of the Lions have expressed themselves as fearful of the outcome, but the Lions have come through with nothing worse than a tie to mar their record. Amarillo shows a similar chart for the season, having a scoreless tie with Lubbock High the only mark against it.

Amarillo pins its hopes to Burl "Biff" Bufkin, the hard-hitting, swift-moving, line-plunging fullback, and to Odel Higgins Fowler, triple threat man who has been responsible for a great deal of Amarillo's showing this season. Tyler is looking to Harry Johnson 143-pound quarterback, to the Wilcox brothers, and Captain Clifford Gregory. Johnson has practically clinched the all-state honors at his position, and his mates will be hard to keep down.

Rumor Has It That Rockne Is To Quit
SOUTH BEND, Ind., Dec. 19—The big rumor and report boys around South Bend still persist in resigning Knute Rockne's job for him.

The latest gossip is that Rockne will retire as Notre Dame's football coach but will remain as athletic director. The boys have even lined up candidates as his successor, namely, Hank Anderson, present first assistant to Rockne; Harry Stuhldreher, quarterback of the famous "Four Horsemen" and now coach at Villanova; Jimmy Phelan, now head coach at the University of Washington, and Eddie "Ship" Madigan, coach at St. Mary's college, California.

Bout Called Off Due To Governor
FORT WORTH, Dec. 19—Davy Jones, promoter, cancelled a charity boxing program here last night after the attorney general's department at Austin had issued orders that it be not held. Sheriff J. R. Wright was notified that Governor Moody wished the program cancelled and that Ranger Captain Tom Hickman also was being notified.

RETURNS AS COACH
CHICAGO, Dec. 18—Charley Murphy, greatest factor in Loyola university's 36 consecutive basketball triumphs during 1929 and 1930, has returned to his alma mater as freshman basketball coach. Murphy was regarded as one of the best centers in college basketball last year.

HAGEN IS SEEKING COMEBACK

WEST TEXAS COACHES AND OFFICIALS TO MEET HERE, JANUARY 10 IN CAGE RULES HEARING; WOMEN TO HAVE PART

Plans were started today toward the sponsorship of a basketball rules interpretation meeting and a general convention of basketball coaches and officials of West Texas to be held at the Texas Tech gymnasium here on Saturday, January 10. P. W. Cawthon, head coach at Tech and president of the State Board of Approved Basketball Officials association, assisted by the Lubbock Chamber of Commerce, is instrumental in bringing the meeting here.

The meeting and convention will be similar to the football pow wow held here last September, when coaches and officials from all over West Texas convened for an interpretation and discussions of the football rules.

Coach Cawthon and Garnett Reeves, Chamber of Commerce representative, announced this morning that invitations to coaches and officials of all towns in West Texas would be mailed out within the next few days. They expect an even larger number of visitors than attended the football meeting because of a greater interest on the part of smaller schools in basketball.

The meeting will be for the benefit of women and girls as well as for men. Since nearly every high school and college is represented by a girls' basketball team, sponsors of the proposed meeting agreed that the programs should include a review and interpretation of rules for the girls' game. Coach Cawthon will lead the discussions and act as chairman of the meeting; Misses Zella Riegel and Johnnie Gikerson, instructors in physical education for women at Tech, will assist in the interpretation of the girls' rules.

Coach Cawthon, as president of the state association, acted as chairman and took part in the discussions at the state meeting of basketball coaches and officials last week in Dallas. Miss Riegel attended the state meeting for girls basketball held at Baylor College, Belton, last week.

GOLF STARS TO TEE OFF IN PASADENA

OLD MASTER TRYING TO PLAY AS OF YORE; 188 ENTERED

(By The Associated Press)
PASADENA, Cal., Dec. 19—Southern California's season of open golf tournaments, delayed by cancellations, moved into the golden trail with the annual Pasadena \$4,000 event.

An entry list of 188, which reads the who's who of the ancient and royal game in the United States, Canada and Mexico will step up to the initial tee for the first round of eighteen holes covered the par 71 course.

Despite his failure to display anything like the spectacular game of yore in the last eighteen months, chief interest will be centered on Walter Hagen, the Detroit professional is going to attempt a comeback.

Horton Smith, the tall Missourian from New York City as defending champion, goes into the tournament under the handicap of just recovering from an operation following a siege of tonillitis.

The tournament will be a source of interest from a technical angle for it ushers into tournament play for the first time the new, larger and lighter golf ball.

Among the leading players are Tommy Armour, Detroit, National Professional Golfers association champion; Leo Diegel, Agua Caliente, Mex., former P. G. A. champion; Al and Abe Epstein, Chicago; Mottie Dutra, Long Beach, Cal.; Olin Dutra, Santa Monica, Cal.; Johnny Dawson, Chicago amateur; and Harry Cooper, Chicago.

SLATON TIGERS TO BE FETED IN DINNER

BUSINESS MEN ARE TO HONOR SQUAD THIS EVENING

SLATON, Dec. 19 (Special)—Coach Paul Wright and his Slaton High school Tigers, district and bi-district champions of Class B football this season, will be feted tonight when Slaton business men stage a banquet at the Slaton Club house.

The Slaton squad, composed of 23 gridsters, and Coach Wright will hear prominent business men of the city express their appreciation for the team and its work of the late season and its work of the future season. Coach Wright probably will announce the captains for the season of 1931 and the letter men for the 1930 season.

SPUR BUSINESS MEN STAGE GRID BANQUET

SPUR, Dec. 19 (Special)—Adrian Rickles and Buster Morgan will serve as co-captains of the 1931 Spur High school football team, following their election yesterday by members of the club. Coach Gene Taylor announced the results of the election and introduced the new co-captains at the annual grid banquet here last night when the business men were hosts to 35 members of the 1930 squad and several out of town visitors.

Rickles was quarterback of the team this season and Morgan was guard. They will be seniors, playing their final year of eligibility next year.

Coach Taylor also announced the lettermen for the season just passed naming twenty-two players. Explaining the reason for recommending this number to receive letters, Taylor said that members of the reserve teams had played practically as much as the regulars during the recent season.

About 40 Spur business men, including the school board and athletic council and representatives of the Rotary club, were present, sponsoring the fete and providing pleasing courses of deer venison, rabbit and turkey. George Link, acted as toastmaster, calling on various out of town guests for brief addresses and inviting departing members of the football team to make short talks.

Letter men who were announced last night were Rickles and Morgan, co-captains elect, Gene McCormick, Williams Rogers, Clinton Barrett, Dial Henderson, Morrison Ragsdale, Farrell Albin, Truman Moore, student manager; Vernon Morgan, Andy Rhodes, Nig Emmert, C. W. Barrett, H. F. Dodge, Sam Chapman, Hubert Carr, J. P. Carson, Jimmie Hahn, Forest Lain, Joe Hahn, Grady Edgar, and Brode Puckett, captain of the 1930 team.

ALABAMA'S CRIMSON TIDE LEAVING TODAY FOR COAST FOR THIRD TIME AS COMPETITOR IN ROSE TOURNAMENT

(By The Associated Press)
TUSCALOOSA, Ala., Dec. 19—Alabama's Crimson Tide was primed today for its third journey to Pasadena, Calif., to engage a Pacific coast champion in the Rose Bowl.

The New Year's day game with Washington State will mark the end of eight years of coaching at Alabama for Wallace Wade. It also was Wade's fourth journey to Pasadena, three as a coach and once as a player with Brown in 1916.

Fans Encouraged
 Those who watched the Crimson Tide yesterday were encouraged when John (Monk) Campbell, quarterback and spinning ace, though limping from a twisted knee, dropped into his place with the varsity backfield.

Godfrey still was at Slaton's tackle berth and Slaton, all-American selection this year, was at guard. In addition to Campbell, Boykin, Suther and Tucker were running in the varsity backfield.

The official party of 82 aboard the special pulling out today included Dr. George Denny, president of the university, thirty five of the Crimson shirted horde, coaches, university officials and prominent citizens of the state.

Because clothes absorb sound and because theater audiences wear more clothes in winter than in summer, actors must speak louder in cold weather in order to be heard well.

ROVING THE SPORTS WORLD

WITH COLLIER PARRIS
 JOURNAL SPORTS EDITOR

When a football team is good enough to gain recognition by picking an all-opponent team, then that's something. Knute Dome after passing an undefeated season, picks a new kind of all-star team naming the best eleven opponents for the year. It is interesting to note two Southern Methodist University players are listed in the team. Weidon Mason and Louie Long.

Checking back over the story and summary of the S. M. U.-Notre Dame game, we find not a single mention of Mason's name, while that of Long appears quite frequently. By Mason must have done some neat work on the defense. The speedy boy from Waco High had an off year in 1930 in his own conference. Last year he was heralded far and wide, vying with his former teammate Jake Wilson, for popularity.

Levie Long had no trouble in making the all-Southwest Conference team this year. Mason was rarely mentioned. Long played high school football at Taylor, and while he was one of the outstanding Class B ends of that section, it was not until this season that he became popular as a college man. In high school he was called "Feet" Long, because of his overzealous pedal extremities and because he was always good for several feet of gain when he carried the ball on end around plays, especially built for him.

Sports in Lubbock are due to be light for a couple of weeks now. The Lubbock High school and Texas Tech basketball teams are working out twice daily in their respective gymnasiums, and occasionally there is a practice game. An intra-mural season is under way at the high school, with various class teams playing against each other. Hopes are rather high at both institutions for the cage season, though there is a lamentable lack of material of the first water at either place.

There has been talk of a city basketball league, but so far it has been talk. There are enough big business houses in Lubbock to make up a pretty fair league, and an interesting

Rudolph Is Again Billiards Champion

NEW YORK, Dec. 19—Once more the world's pocket billiards championship belongs to Erwin Rudolph, spectacular shotmaker from Chicago.

Rudolph staged a great uphill fight to upset the defending champion, Ralph Greenleaf of New York in the final match of the championship round-robin tournament last night, 125-120 in 37 innings, and would up his tournament record with seven straight victories. Greenleaf was runner-up with five victories and two defeats.

ARKANSAS LOSES HOT GAME TO KANSAS; FROGS WIN EASY

(By The Associated Press)
COLLEGE STATION, Dec. 19—The Texas Aggie cagers came back strong in the second half of a basketball game last night to trounce the Sam Houston Teachers college quintet 43 to 29. The Aggies took an early lead, scoring 10 points while the Teachers went scoreless, but in the final minutes of play of the first half, the Sam Houston losers went on a scoring spree, taking an 18 to 15 lead.

DANIEL BAKER BEATEN BY EARLY LEAD

BROWNWOOD, Dec. 19—The Texas Christian University basketball team won an easy 40 to 24 victory last night over the Daniel Baker college. The Horned Frogs took an early lead and never were headed. The score at the half was T. C. U. 28, Daniel Baker 8. Dietzel and Sumner led in scoring for the Frogs. Taylor and Harlow for the Billies.

PORKERS LOSE AFTER WILTING IN 2ND HALF

FAYETTEVILLE, Ark., Dec. 19—After holding their own during the first half of the game on even terms, the University of Arkansas basketball team wilted in the last period and lost to the Kansas State teachers quintet 40 to 31 here last night.

PONIES TO MEET EAGLES TONIGHT

DALLAS, Dec. 19—The Southern Methodist University basketball five and the North Texas Teachers college cagers from Denton were matched for a game here tonight expected to prove one of the fastest and hardest-fought contests preceding the Southwest conference season.

The Ponies, by winning their first three pre-season games, have shown promise as prospective contenders for the Southwest conference crown, while the Denton Eagles boast one of the most formidable quintets in the Texas Intercollegiate Athletic Association conference.

Living brilliant-hued bacteria have been found in coal that is millions of years old, and appear to have lived there ever since the coal was formed. Bacteria also have been found in specimens of pre-Cambrian rocks, usually estimated to have been formed 200,000,000 years ago.

Schaaf And Baer Tangle Tonight

NEW YORK, Dec. 19—Two members of the "younger set," Ernie Schaaf of Boston and Max Baer of San Francisco, clash in the feature bout in Madison Square Garden tonight with high hopes of landing in the foreground of the heavyweight picture.

The Pacific Coast lad has been well-advertised. His record shows he has won 24 of his 27 matches by knockouts and has been beaten but once. Schaaf is one of the best of the younger heavyweights. He holds two decisions over Tommy Loughran, clever Philadelphia, and also has beaten old Johnny Risko.

FIELDS MEETS LAWLESS

DETROIT, Dec. 19—Jackie Fields, former welterweight champion, will meet "Bucky" Lawless, of Syracuse, N. Y., in a ten round feature bout at Olympic Arena tonight.

spectacular performance and the most scoring. A total of 18 points were registered in the final game, which was played before the smallest crowd of the season. True enough, the Lubbock aggregation did most of the scoring, but every touchdown and every point was earned against a hard fighting crew of Class B opponents.

Do The MOTOR BUSES Destroy Our Highways?

Not as much as the average five-passenger car.

Government statistics show that highways do not suffer particularly from heavy loads as long as plenty of tire surface of the proper kind is provided.

It is the "hammer-blow" struck by the light car as it bounces over bumps and obstructions in the road that does the most damage to highways.

Buses equipped with pneumatic tires have the weight of the load distributed so evenly and bounce about on the road so little that they really do the average highway less harm than the average family car.

Glimpses of Hollywood As Filmed on Waits Coming of Santa Claus

Are movie stars too grownup and sophisticated to enjoy Christmas? "Certainly not!" this quintet choruses in the midst of its Yuletide festivity. We'll let you in on a secret—Clara Bow really isn't as cold as the picture, because the glow on which she has pinned a wreath is made of paper mache, not ice—so there! Mary Brian isn't taking any chances on a empty stocking, she's playing Santa herself, as is Sharon Lynn. Frances Dee is perched on a stump blowing the kind of a horn she wants to find in her stocking on Christmas morn, and Dorothy Lee is hanging up stockings of all shapes and sizes so Santa can fill all of them if he wishes.

SUITS CASE OWNER BOUGHT A request that Lubbock officers aid in locating the owner of a suit case filled with men's clothing which has been found in Plainview was received here today from officers of that city. Plainview authorities were of the opinion that the suitcase is stolen property.

The bag was described as being of brown cowhide and contents included a man's suit with shirts, socks and ties. A tailor mark bearing the name T. M. White was found in the suit.

CHICAGO REPORT CHICAGO, Dec. 19 (AP)—Wheat fell today to the lowest prices since the July delivery has reached since 1901.

Records in the case indicate it is one of the largest to be brought to the attention of the commission. There were 180 exhibits offered by contending parties, together with approximately 2,000 pages of testimony.

Each page, said E. W. Boyd, the court reporter who took most of the testimony, contains an average of 280 words.

The commission ordered three copies of a concrete bridge connecting Lewisburg with the Susquehanna river, which connects Lewisburg with the Susquehanna river.

The dead: Wheeler Watson, believed a son of Federal Judge Albert L. Watson of Scranton; Hiram Blair and his brother, Wilbur, Watson; Robert Wilson, Watson; and William Robt, salesman of Canton, Ohio.

"ABIE'S IRISH ROSE" TO HAVE RUN IN SUPREME COURT; ANNE IS SUING

(Continued from Page One)

WASHINGTON, Dec. 19—"Abie's Irish Rose" is going to have a hearing before the supreme court but its run probably won't last as long as it did on Broadway.

Anne Nichols, author of the play, is preparing to ask the court to review federal court decisions that Universal Pictures Corporation, Carl Laemmle and a few others did not infringe her copyright.

She charged their "Cohens and Kellys" was a complete "steal, piracy and infringement" of her play and sought damages and an accounting, but the lower court found the picture was based on two other plays and ordered her to pay \$10,000 counsel fees.

B. C. D. DIRECTORS IN SESSION TODAY

Regular meeting of the board of directors of the Lubbock Chamber of Commerce and Board of City Development, held shortly before noon, was largely occupied by submission of reports from various committees and of work accomplished recently.

F. R. Friend, who returned the first of this week from Boston where he attended the National Farm Bureau Federation convention, gave a lengthy report on the gathering and of his impressions of the work being done by that body.

Announcement was made today of the appointment of R. J. Murray, president of the local chamber, to the advisory board of the Texas World's Fair commission. Efforts have been underway for appointment of a Lubbock man on the commission and Senator Pink L. Parrish has also been working on the matter but Governor Moody to date has not announced any appointment.

NEGRO CONFESSES (Continued from Page One)

sought since the murder of Miss Colter Tuesday. Miss Colter, who was teaching her first term of school, dismissed her handful of pupils Tuesday afternoon and remained at the school to grade examination papers, sweep the floor and replenish the coal supply for the next day.

H. T. Thompson at whose home she resided went to the school building when the girl failed to return home at the usual hour. He found the body with the clothing torn away.

DOUBLE GUARD PLACED AROUND POLICE JAIL ST. JOSEPH, Mo., Dec. 19 (AP)—A double guard was placed today over the central police station for protection of Raymond Gunn, negro, who, police say, has confessed he killed and criminally assaulted Miss Velma Colter, 18-year-old school teacher near Maryville Tuesday night.

Detectives returned to Maryville today in an effort to find a club the negro was quoted as saying he used in the attack and a wrist watch taken from the dead girl.

Narcotic Charges Brought In El Paso EL PASO, Dec. 19 (AP)—Charles Norris, alias J. P. Hyland, was arraigned today before United States Commissioner Schmid on narcotic charges and placed under \$500 bond pending a hearing Saturday.

Charged with possessing 600 grains of narcotic, the case was being investigated further by narcotic and postal inspectors of the federal government. Narcotic agents claimed Norris received a package containing morphine through the mails from New York. He was arrested at a hotel, after the package was traced to him.

Frank Powers, finger print expert, said Norris was arrested in El Paso January 15, 1927, under the name of John Paul Hyland.

Clarence W. Baird, charged with importing 156 grains of morphine, was placed under \$1,000 bond pending a hearing.

There were 43 fatalities in California petroleum industry last year.

JOSEPH'S DISPLEASURE IS COSTLY

BARBER WHO CUT WIFE'S HAIR IS ATTACKED BUT AFFAIR WINDS UP IN COURT DAMAGES

By The Associated Press
DETROIT, Dec. 19.—Joseph Wornick took one look at his wife's haircut and said flatly he didn't like it.

"I'm going to give that barber a trimming," said he.

Forthwith he went to Henry Lienau's barbershop.

"Which one of you fellows cut my wife's hair?" he demanded. Charles Kirsch, busily working on a customer, was pointed out by Lienau.

"All right," said Joseph. "I'll just trim up your hair like you did my wife's." He seized a pair of shears and fell to.

The hair flew as tonsorial work was suspended and all hands rushed to Kirsch's defense. Lienau received several jabs with shears. The whole affair wound up in court yesterday when Wornick was ordered to pay Lienau \$100 damages. He also paid a \$10 fine for disorderly conduct.

CHICKENS FAST

Hen Lives 24 Days Without Food Or Water

BETHANY, Okla., Dec. 19 (AP)—How long can a hen fast? A mother chicken which was penned under a small box during the tornado here 25 days ago was found alive by Mrs. J. M. Glover, and cackled when released. Mrs. Glover found two hens under the box but one of them was dead. The woman said she did not think it possible that the chickens had either food or water since the storm.
