FRB Action Helps Dollar, Hurts Gold

WASHINGTON (AP)—Fresh anti-inflation initiatives by the Federal Reserve Board during the weekend strengthened the dollar on world money markets today and produced a sharp drop in the price of gold.

Gold, which had closed at 385.50 in London and Zurich Friday, was quoted today at 376.75 in London and 375.50 in Zurich. The U.S. dollar rose in value against all major European currencies in early trading.

Both developments were the intended results of actions taken Saturday by the Federal Reserve, whose chairman strongly warned against any tax cut to stimulate a U.S. economy which is showing signs of slowing down.

PAUL VOLCKER
...Not time for tax cut

"This is not the time for a tax reduction," board chairman Paul Volcker declared after the board raised its bank lending rate to a record 12 percent.

Volcker said recent events "fully underscore the wisdom" of the Carter administration's continued opposition to a cut in taxes.

Many economists believe a tax cut of at least $20 billion would stimulate investment, revive sagging spending and compensate for income lost to inflation.

However, the board is more alarmed by soaring wholesale prices," hyperactive speculation in gold and the dollar, and excessive borrowing.

In addition to raising the bank lending rate a full percentage point late Saturday, the board altered the way it controls the availability of credit in a further effort to gain more direct control over the money supply.

The moves, quickly and enthusiastically endorsed by President Carter, should further slow economic expansion by making it more difficult for banks to lend and thus more expensive for people to borrow.

The first impact normally would be on business borrowing, but Volcker said the moves will not

The board's weekend actions were a direct reaction to events of the past two weeks: wild speculation in gold and a sharp drop in the value of the dollar to a level nearly as low as last fall, when the last major dollar rescue plan was launched.

That slide was reversed today in Tokyo, where the dollar closed at 225.20 Japanese yen, up from 224.85 yen Friday.

A bank board official observed privately that rising gold prices and a plunging dollar in recent days fortified people's expectations that inflation will continue.

Monday update

Sunday Temperatures Hit 90s

By The Associated Press

It's autumn. Are you sure?

It didn't seem that way in Texas Sunday, as residents in at least Texas eight cities sweltered in temperatures that hit the high 90s or above.

All of them had the hottest Oct. 7 on record, with Wichita Fall's 102 reading topping the chart.

The National Weather Service said it will be sunny and hot again today in the Lone Star State, with maximum temperatures ranging from the 80s along the coast to between 100 and 105 along the Rio Grande.

Here are the eight cities which perspired through the record-bursting temperatures Sunday and their previous high:

Abilene, 99 Sunday, 98 in 1931; Amarillo, 94, 92 in 1918; Del Rio, 98, 97 in 1956; El Paso, 96, 92 in 1928; Fort Worth, 98, 97 in 1917; Lubbock, 98, 94 in 1918; Midland 99, 98 in 1931; Wichita Falls, 102, 99 in 1931.

Clear skies and mild temperatures were the rule across Texas before dawn today.

Teachers Walkouts Declining

By The Associated Press

Teachers in Flint and Lansing, Mich., return to the classroom today for the first time in a month, but more than 8,500 teachers continued to walk picket lines in disputes over pay.

Teachers for nearly 144,000 pupils in six states remained on strike, although the number of walkouts has dropped sharply in the last two weeks.

Mall Mass Turnout Light

WASHINGTON (AP)-Official Washington, braced for half a million pope-watchers, was underwhelmed by the 175,000 who actually turned out for Pope John Paul II's Mass on the Mall.

The Sunday turnout, small compared to those in New York, Chicago and Boston, baffled church leaders. Many blamed the shortfall on advance publicity warning of vast throngs and traffic jams.

Police officials agreed. They also noted the Mass was televised live - as was the Redskins-Eagles football game in Philadelphia - which probably prompted some interested persons to stay home. And there were other opportunities Saturday for area residents to see the pontiff, they added.

Cleaned Out Instead Of Up

PHOENIX, Ariz. (AP)-County officials admit their bungling left a retired mechanic with an empty house after his possessions were inadvertently sold at a yard sale while he lay in the hospital.

But Bill Moore, whose house was cleaned out down to the knocker on the front door, wants his things back, and says, "I thought this was a free country, but it's just for crooks."

Maricopa County Fiduciary Bill Carter said an order to have the house cleaned was misinterpreted. A social worker hired a cleaning firm that also conducts liquidation sales, and there apparently was some confusion over whether the house was to be "cleaned up" or "cleaned out," he said.

14 Burn In Swiss Airliner

ATHENS, Greece (AP)-Fourteen passengers were killed and 12 injured in a fire that destroyed a Swiss airliner as it landed at Athens with 154 persons aboard, fire fighting officials reported today.

Greek officials said among the passengers were 100 doctors bound for a medical convention in Peking, and Swissair, the Swiss airline, said many of them were affiliated with the World Health Organization in Geneva.

But the World Health Organization reported only two staffers aboard the plane, said they escaped with minor injuries and that it had no knowledge of any other doctors aboard.

Nuke Protestors Shut Out

SEABROOK, N.H. (AP)-Despite two days of assaults on the fences at the Seabrook nuclear power plant, protesters who battled police dogs, high-pressure water hoses and tear gas still found themselves on the outside looking in.

In the strongest show of force in five years of anti-Seabrook demonstrations, state troopers and National Guardsmen repulsed the attempts Saturday and Sunday by as many as 1,500 demonstrators with tear gas, water hoses, riot sticks and police dogs.

Nazi Suit Plagues ACLU

NEW YORK (AP)-The American Civil Liberties Union says it no longer is reeling from its legal support of a neo-Nazi group in Chicago, but executive director Ira Glasser of the ACLU concedes that an anticipated $500,000 of red ink could ruin his organization.

Describing the plunge in ACLU membership in the wake of its support for the neo-Nazis' attempt to march in Skokie as "a knockout punch," Glasser said in an interview that the ACLU has made up those losses and would announce in January a "very, very ambitious" five-year campaign to raise an extra $11 million.

SEMAPHORE TESTED—Doug Webb, a member of Boy Scout Troop 197 of Snyder, tested his semaphore skill while standing atop a tower lashed together by a group of youngsters who tested their skills at knot tying during a scout camporee held Friday night and Saturday in Towle Park. (SDN Staff Photo)

Cincinnati Plane Crash Kills Eight

CINCINNATI (AP)—A twin-engine air taxi lost power in an engine and crashed on takeoff at Greater Cincinnati Airport today, and a federal official said eight people were killed.

Fred Farrar, an official with the Federal Aviation Administration in Washington, said the pilot and six other people died when Comair Flight 444 crashed while taking off for Nashville about 10:15 a.m.

The eighth person died at Booth Memorial Hospital in Florence, Ky.

William Thelen, Federal Aviation Administration supervisor at the airport, said: "We are guessing at the moment that the right engine failed, and the pilot was unable to keep the aircraft airborne."

He said the aircraft crashed just off the runway on the grounds of the airport, which is located in Florence, Ky., several miles from Cincinnati.

Airport officials said the Piper-Navajo carries eight to nine people.

Capt. Louise Bennett of the Salvation Army's Booth Memorial Hospital said one victim was dead on arrival at the hospital and a second had died while being treated. The six other victims were reported still at the airport.

He said witnesses reported the Piper Navajo's right engine cut off when the plane was 400 feet off the ground and that the craft then stalled and flipped over, crashing upside down.

The victims at the hospital were identified as Thomas J. Oatts, 52, of Loveland, Ohio, who was dead on arrival, and Jeff Lake, 29, Cincinnati, who died in the emergency room.

FAA official said Comair is a commuter line based in Cincinnati.

'Sissy' Coming Back To Texas

AURORA, N.Y. (AP)-Frances "Sissy" Farenthold - who calls herself a political insurgent and Texas politics a "charade" - will not rule out another campaign when she returns to Houston next May.

Mrs. Farenthold announced she would resign as president of Wells College in New York State.

Ask Us

Q--Why has the new food service for the schools cut down on the quantity of food served the children and who can we contact about this problem?

A--School officials say the quantities and type of food served complies with regulations of the U.S. Department of Agriculture, which administers the federal school lunch program. Previously, quanities served in local schools were considerably greater than required. The food service was contracted in an effort to reduce, or eliminate a $65,000 deficit in food service. The contractor has offices in the high school cafeteria.

75 Scouts, Leaders At Towle Park Camporee

The Lone Buffalo District Camporee held in Towle Park Friday night through Saturday drew approximately 75 Boy Scouts, Webelo Scouts, and their leaders, reported scout officials.

Orientation for leaders was conducted Friday night by Larry Miller, district executive. Registration of the troops was handled by Doc Griffin. Thelma Deere prepared and served a crackerbarrel to the leaders.

Games and skills competition was coordinated by Glenn McCathern. The boys competed in four events requiring scouting skills and problem solving and four fun events.

Taps Friday night were sounded by bugler Keith Allen of Troop 107 of Snyder. The flag ceremony Saturday morning was conducted by Troop 107.

Cub Scout packs and parents visited the camporee on Saturday. Packs visiting were Pack 2 from Colorado City; from Snyder, Packs 61, 36, 37, 258, and 177; and from Hermleigh, Pack 311.

Saturday evening supper was prepared and served by Kristi Allen, Sandra Martinez, Jean Anderson, Margaret Anderson, Paula Beuerlein, Julie Tucker, Margaret Martin, Sissy Deere, and Kim Baldwin of Cadet Troop 266.

Boys earned points in competition throughout Saturday. Ribbons awarded at Saturday night's campfire went to Troop 9 of Colorado City, yellow ribbon; Troop 27 of Snyder and Troop 18 of Odessa, red ribbon; Troop 107 of Snyder, blue ribbon. A special blue ribbon for Webelo Scout relationship went to Troop 27. The Presidential ribbon went to Troop 107 of Snyder.

A special blue and gold ribbon was created especially for the Webelo Scouts participating in the camporee. These ribbons were presented to Pack 37 led by John Cline; Pack

Body Found On Road Still Unidentified

SWEETWATER – Nolan County officials today were still trying to identify the body of a woman found early Sunday near Roscoe.

Officers theorize that the woman was hit by a truck. The body was found at about 2:30 a.m. about 1.4 miles west of Roscoe on U.S. Highway 84.

"We are trying to follow up on any lead we can find," said Lester Cavitt, chief jailer at the Nolan County jail.

"We have been hoping for some kind of missing person report, but we haven't had any yet," Cavitt said.

The body was reported to be badly mangled, and it was taken to Hendrick Medical Center in Abilene for an autopsy.

College Board Session Set

Scurry County Junior College District trustees will consider some bids and a policy revision at their regular meeting this evening.

The meeting is set for 6:15 p.m. in the board room of the Western Texas College administration building.

Bids on yearbooks and vehicles will be up for action, along with a proposed revision of the college's policy on fringe benefits.

Also up for consideration will be the approval of small classes for the 1979 fall semester at WTC.

Reports are due to be presented on WTC enrollment and on building insurance.

Recreation Vehicles...

Rally Brings Visitors

Seventeen recreation vehicles were parked on the Scurry County Coliseum grounds over the weekend as a group of owners called "The West Texas Gadabouts" held a rally here.

While here, the group made tours of the Scurry County Museum and the Diamond M Museum, participated in a "shopping spree" and participated in other activities arranged by the Snyder Chamber of Commerce and the Scurry County Board of Development.

Since the members of the group were of senior citizen age, they were entertained by RSVP members Saturday night at the Senior Citizens Center.

While here, spokesmen for the group expressed interest in scheduling a state-wide rally here next year.

The county and city are cooperating in the installation of utility hook-ups for recreational vehicles on the coliseum grounds here, and the West Texas Gadabouts indicated that such facilities would enhance the possibility of booking a later rally here.

Such rallies are being sought through tourist development efforts of the chamber and BCD and Bill Warner, chamber manager, said prospects appear good for a number of rallies here in the coming year.

Chamber personnel conducted an informal survey this weekend and determined that the small rally resulted in approximately $1,000 being spent in Snyder by the group. Included were $175 for gasoline, $35 for groceries, $180 in local eating establishments, $250 for clothing purchased, $255 for registration fees and $100 for miscellaneous items.

TRAILER RALLY—A mini trailer rally of units was held during the weekend at the Scurry County Coliseum. Members of the weekend rally called themselves the West Texas Gadabouts. Pictured are, from left, Mrs. George Peer of Odessa, Mrs. Ben Lloyd of Andrews, and Mrs. Jack Lucado of Andrews. (SDN STAFF PHOTO)

SNYDER TEMPERATURES: High Saturday, 91 degrees; low, 54 degrees; reading at 7 a.m. Sunday, 60 degrees. High Sunday, 97 degrees; low, 58 degrees; reading at 7 a.m. today, 64 degrees; precipitation, none; total precipitation for 1979 to date, 16.75.

WEST TEXAS-Mostly fair tonight, turning cooler in the Panhandle. Windy and colder north, turning cooler south Tuesday. Lows tonight near 40 north to 63 south. Highs Tuesday 62 in the panhandle to 92 in the Big Bend.

doe continues drain

Gas stamps? Maybe, maybe not. But one thing's for sure, there will be relief of some form for the "poor people" the government thinks can't afford energy. These people will be paid to use more energy.

The Associated Press reported, "Officials estimate that under the president's (energy) aid plan, an eligible family could receive $200...while a single person could get $100." Another alternative was the president's $400 million proposal to be administered through state welfare. It may possibly progress into something like the food stamp program is today.

Who is going to pay for this? You are! It doesn't matter whether you pay for it through prices at the gas pump because of the "windfall profits" tax, through a direct tax, or through government deficit spending. The American people are giving their money away (not voluntarily) to other people, and the government just keeps on growing, regulating, taxing, and redistributing the wealth.

Besides trying to help these "poor people", a Department of Energy was created which hardly made an impact on public opinion even though its budget was greater than all the oil companies profits combined.

The DOE, in its short history, has already made many costly blunders. Just one of these is the effort to build and store crude oil reserves. The DOE has paid Sunoco $22.5 million, Koch $2 million, and Seaway $2.8 million for unused services. Under the same contracts, these oil companies get $100,000 per day for doing nothing because the government isn't able to utilize the services they contracted for.

It seems the government has run into some problems it never anticipated, or asked a knowledgeable oil man in the free market about. The government's answer is to spend more money or to cut back somewhere else. The Washington Post reported that Energy Undersecretary John Deutch said the administration was evaluating plans to buy oil for the reserve in the domestic market.

What they are saying is this: The government is going to start buying the cheaper oil here in the states. No wonder, they already regulate the lower price. The public will not get all the so-called benefits of the lower price but the government will. Our producers, the oil companies, will be forced to buy higher foreign oil which will further reduce profits and investments. The result will be less drilling at home-here in the Permian Basin and all over the country.

It seems that no matter how hard the government tries, things just keep on getting in worse and worse shape. There are more than a half dozen bills pending in the Senate to help offset higher heating costs for low-and middle-income persons. HEW Secretary Patricia R. Harris said the administration will ask for $1.2 billion to help these "poor people." The DOE keeps making more and more regulations, and more and more mistakes. Everybody wants in the act, and the taxpayers get the ax.

at wits end

- by erma bombeck

One of my kids was interviewing a potential roommate on the phone the other day. She hung up and said, "It's a shame that one didn't work out."

"What was wrong with her?" I asked.

"On the surface she seemed to have everything. A good job, likes to cook, is considerate of people, has no bad habits, has her own car, and can pierce ears."

"So why didn't you ask her to move in?"

"I couldn't," she said. "We're looking for a size 10 with a steam iron."

"You're kidding."

"Mom, getting roommates who are 'neat people' just isn't enough. Last week I turned down a girl with her own VTR and a new battery in her car."

"What was wrong with her?"

"Would you want to live with a size three who doesn't do windows or floors?"

"I guess you can't be too careful."

"We thought we were onto a steam iron yesterday, but we were too late. Steam irons never have any trouble finding roommates. She could pick her own pad and not even have to share a bathroom. Stereos are a dime a dozen. Everyone's got their own system. We've just had a streak of bad luck. First, our Mr. Coffee flunked out of school and went back home. When we replaced her, our electric typewriter got married and split, and we got stuck with a girl who said she was getting a leather coat, but she just said that to get the room."

"I'm curious," I said. "What have YOU brought to this better living through materialism?"

"Are you serious?" she laughed. "When you have two tall unmarried brothers you're in the driver's seat. The trouble with a lot of people who share an apartment is they don't have a plan. It should be like a marriage -- carefully thought out. Each partner should be seriously considered on what he can bring to the relationship. Incidentally, Dad had a job, a car, bicycle, savings account and a collection of Glenn Miller Albums. What did you bring to the marriage?"

I smiled. "A steam iron."

NEW YORK (AP)—The United States will overcome its inflation problem, Treasury Secretary G. William Miller promised delegates to the meeting last week of the International Monetary Fund in Belgrade, Yugoslavia.

Almost as he delivered the assurances, Washington was announcing a 1.4 percent increase during September in the producer price index, a rate that if continued for a year would amount to 17 percent or so.

There is nothing unusual any more in such sequences of promise and disappointment, since the administrations of Presidents Johnson, Nixon and Ford preceded President Carter in the practice.

But, after four presidencies and a decade-and-a-half of promises, some people are wondering if any administration can deliver on the promise of maintaining prosperity while lowering the rate of price increases.

A recognized academic was musing about the matter a few days ago. His thoughts, he said, weren't yet conclusive, and so he asked anonymity for the moment. But he was, he said, tending in this direction:

Bad as life might have been for many people before the turn of the century, prices had remained stable. In fact, they declined. Generally, he observed, prices in 1900 were actually lower than in 1800.

The reason, he said, was that benefits of rising productivity, of greater efficiency resulting from mechanization, were being distributed to the population. Lower production costs meant lower selling prices.

The trend ended in the 1920s. During that decade, said the professor, productivity increased twice as fast as wages. He conceded that his figures were generalities, but he asked that the thesis be accepted.

Corporations, he said, became flush with funds which they put into short-term savings. And when they sought to retrieve the funds that helped bring on a crash that changed the economic world.

One effect was to initiate a readjustment of the fruits of production. Labor, he said, was given increased powers that soon developed into a monopoly. Wages were expected to grow even if productivity did not.

Now, he said, we have a situation opposite to that of the 1920s; we have wages increasing twice as fast as productivity growth. And that, he maintains, simply cannot continue any more than could its opposite.

We - including the highest leadership of the country - usually give the wrong reasons for inflation, he said. We overlook this basic change in wages and productivity. And thereby, he claims, delude ourselves.

In his view, we continue to wrestle with the shadow of the problems rather than with the problems themselves. No wonder, he said, we show so few results.

Revive wilted lettuce by placing it in a bowl of ice water in the refrigerator until crips, recommends Marilyn Haggard, a foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

commentary

donald f. graff

It will never be the same again.

For a quarter of a century as president of the AFL-CIO, George Meany has so dominated the labor scene that his public image has been, in effect, that of labor.

Now, 85 and ailing, he has made official his long-rumored retirement.

It is a much different labor scene he departs than he surveyed at the beginning of his long reign back in the mid-'50s. Those were the days of consolidating the gains of two decades of New and Fair Deal legislation.

The merger of the American Federation of Labor and the Congress of Industrial Organizations, ending years of organizational and doctrinal feuding, confirmed labor's status as one of the nation's social and political power centers. With a third of the work force already in the fold, the movement appeared poised to move from strength to greater strength.

But that is not quite the way it worked out.

There has been a massive increase in the labor force, to almost 100 million currently, but organized labor has not accordingly. The greatest growth spurts have been in services and a wide range of white-collar occupations. The AFL-CIO, however, remains in a blue-collar rut, its membership concentrated in and its policies oriented toward the old-style manufacturing industries where for the most part jobs are in declining supply.

With the notable exception of the American Federation of State, County and Municipal Employees, now the largest constituent union with more than a million members, the AFL-CIO's penetration of the growth employment areas has been minimal. Service occupations, where more than 5 million jobs have opened up in recent years, are only some 15 percent organized.

Big Labor has also failed to respond to the influx of women into the job market. With women now representing better than 40 percent of the work force, only 16 percent are union members.

Instead of acquiring new strength, the union movement during the Meany quarter of a century has seen the organized share of the work force drop from a third to less than a quarter.

It has also seen its influence diminish. Organized labor still has and exerts political power, particularly through its ability to provide campaign financing for its friends. But it has been noticeably less successful of late in making this pay off where it counts - in favorable legislation. It has lost a number of rounds on cherished issues in the current Democratic Congress, defeats that under similar circumstances would have been inconceivable a few years back.

Meany has arranged an orderly transfer of power to a designated successor, Lane Kirkland, AFL-CIO secretary-treasurer who has labored 10 years in the great man's shadow. Kirkland, 57, is said to share Meany's views. But without his mentor's powerful personality, Kirkland's leadership could be transient with a new Mr. Big emerging after a divisive airing of internal antipathies and policy disagreements long surpressed by meany's overwhelming presence. Among the new generation of leaders, there are some, such as Jerry Wurf of the aforementioned State, County and Municipal Employees, who already have made it clear they want to see some changes made in more than the staffing of the top posts.

During the Meany era, organized labor developed - degenerated, some might say - into one of the most conservative elements of the social structure. Having won its own rights, it was less than enthusiastic in doing battle for those of others. It was not in the forefront of the civil rights movements, and unions in some cases have been resistant to opening their ranks and opportunities for advancement to minorities.

There is a strong possibility that the immediate post-Meany era will be one of factional infighting, further sapping the federation's strength. But it could lead to a re-evaluation of policies and purpose and a restructuring of the old movement according to the realities of the new times.

Whatever the outcome of the post-Meany adjustment, Big Labor will never be the same - for which labor may well have the most cause to be thankful.

ASTRO-GRAPH

Bernice Bede Osol

Your Birthday

October 9, 1979

This coming year holds many pleasant surprises for you because of your more expansive outlook. As you continue to broaden your horizons, new opportunities will begin to appear.

LIBRA (Sept. 23-Oct. 23) Be a good listener today when someone you respect tells you of experiences he had and how he handled them successfully. You can use the knowledge later. Find out more about yourself by sending for your copy of Astro-Graph Letter which begins with your birthday. Mail $1 for each to Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to specify birth date.

SCORPIO (Oct. 24-Nov. 22) Because you are able to adapt yourself to conditions you are likely to come out the victor today in a matter that looked discouraging on the surface.

SAGITTARIUS (Nov. 23-Dec. 21) You have the rare gift today of being able to expand the ideas of others in ways they never thought possible. Let your imagination prevail.

CAPRICORN (Dec. 22-Jan. 19) Without being dictatorial or too pushy today, assert yourself if necessary in order to change something that needs changing, work or careerwise.

AQUARIUS (Jan. 20-Feb. 19) Rather than let yourself grow sluggish, participate in a fun-type activity today where you can move around both physically and mentally. The exercise will do you good.

PISCES (Feb. 20-March 20) You're a good starter today. You are also a strong finisher and this can be used to your advantage. Conclude important matters now instead of waiting till later.

ARIES (March 21-April 19) Your enthusiasm is contagious today and others will be swept up in it, especially when you're talking about ideas you truly believe in. Sell away.

TAURUS (April 20-May 20) Possibilities for gain are very promising today, so focus your energy and effort on areas that offer the potential for profit.

GEMINI (May 21-June 20) Today you function best where demands are made upon your leadership qualities. You are a doer who can be bold assertive without ruffling anybody's feathers.

CANCER (June 21-July 22) Act upon your hunches today in business or financial matters. You're tuned into something special and should be able to spot new ways to add to your resources.

LEO (July 23-Aug. 22). Others may talk of getting something done today, but you're the one who knows how to really get thh ball rolling. Use your abilities for the good of all concerned.

VIRGO (Aug. 23-Sept. 22) Don't duck challenging situations today. You have something extra going for you that others may not have. It will surface if you are tested.

More And More Older Americans Seek Jobs Again

By LOUISE COOK
Associated Press Writer

Unable to make ends meet and unwilling to stop working, a growing number of older Americans are turning back to the workplace and the government is trying to help them find jobs.

A recently updated fact sheet from the federal Administration on Aging in the Department of Health, Education and Welfare lists more than a dozen government programs with opportunities for the elderly.

Here are some highlights:

FOSTER GRANDPARENT PROGRAM

Foster Grandparents are low income men and women, 60 and over, who are in good health and can provide love and attention to physically, emotionally and mentally handicapped children. They generally serve four hours a day, five days a week. Volunteers get a stipend of $36 a week, plus a transportation allowance and accident and liability insurance. For information contact: Foster Grandparents Program, 806 Connecticut Ave. N.W., Washington, D.C., 20525.

RETIRED SENIOR VOLUNTEER PROGRAM

The RSVP program encourages retired and semi-retired men and women to serve at Volunteer Stations in community agencies like courts, schools, libraries, scout offices and day-care centers. Participants are reimbursed for transportation, meals and other expenses associated with their assignments. For information, write: Action-RSVP, 806 Connecticut Ave. N.W., Washington, D.C., 20525.

PEACE CORPS

The Peace Corps actively recruits older participants to serve approximately 27 months in overseas assignments, helping developing nations with programs like agriculture, science and health. During training and service, volunteers get an allowance for food, travel, rent, medical needs and vacation. A readjustment allowance of $125 a month paid to each volunteer on completion of service. For information, write: Action-Peace Corps, Room P-307, 806 Connecticut Ave. N.W., Washington, D.C., 20525.

SCORE

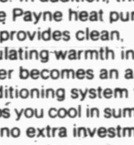
The Service Corps of Retired Executives is a volunteer program run by the Small Business Administration. It links retired businessmen and women with management expertise with the owners or managers of small businesses and community organizations who need advice. Volunteers may be reimbursed for out-of-pocket expenses. For information, contact: SCORE, Small Business Administration, 1441, L St. N.W., Washington, D.C., 20416.

SENIOR COMMUNITY SERVICE EMPLOYMENT PROGRAM

Run by the Department of Labor, the Senior Community Service Employment Program employs economically disadvantaged older people in part-time community service jobs. Participants work in daycare centers, schools, hospitals, facilities for the handicapped, etc. Wages average about $2.50 an hour. People who are 55 and over may qualify for the 15,000 positions available. You can get information from: Office of National Programs Employment and Training Administration, U.S. Department of Labor, 601 D St. N.W., Room 6402, Washington, D.C., 20213. Mark your letter: Attention Title V.

SWITCH TO ELECTRIC HEAT WITHOUT HIGH HEATING COSTS.

The Payne Heat Pump.



It gives you up to twice the heat per dollar as electrical resistance heating. And Payne has as high an average efficiency rating of any line of heat pumps made! In addition, the same Payne heat pump that provides clean, circulating warmth in winter becomes an air conditioning system that keeps you cool in summer—at no extra investment!

Let us give you an accurate estimate of what it would cost.

Dear Abby

Life Worth 3 Minutes?

By Abigail Van Buren

1979 by Chicago Tribune-N Y News Synd Inc

DEAR READERS: It's Fire Prevention Week again, and I have had so many requests to repeat my column on fire prevention that it has become a tradition. So here it is, with updated figures:

Last year, 10,500 Americans perished and nearly 34,000 civilians, plus 100,000 firemen, were seriously injured in more than 3.5 million fires. In Canada, 811 deaths were caused by 74,043 fires.

A large percentage of the dead were children, elderly persons and invalids who had been left alone "for just a few minutes."

The chief causes of fires, in order of the toll taken, were:

1. **Smoking**
2. **Electrical wiring**
3. **Heating and cooking equipment**
4. **Children playing with matches**
5. **Open flames and sparks**
6. **Flammable liquids**
7. **Suspected arson**
8. **Chimneys and flues**
9. **Lighting**
10. **Spontaneous ignition**

The total fire loss last year was in excess of $6 billion in the United States and better than $570 million in Canada.

Now for some tips that could save your life:

Be sure your cigarette is out. Matches, too. Never leave matches and lighters within reach of children.

Don't run cords under rugs or over radiators where they may get damaged. Replace a cord if it is frayed.

Never leave small children or invalids alone in the house. Not even for a few minutes.

Have your wiring and electrical installations done by a professional.

Store oily rugs and paints in a cool place in tightly sealed metal containers.

Never use flammable liquids for dry-cleaning *indoors*.

Have a fire drill in your home to be sure everyone knows what to do in case of fire. Designate a specific meeting place outside so you will all know who's outside of the house.

Remember: Fire extinguishers put out 97 percent of all fires on which they were used, and most large fires start as small fires. So, invest in a compact, easy-to-use fire extinguisher. Keep it handy in your kitchen, or be prudent and buy one for your cottage, car, boat and the back bedroom.

Some excellent smoke and fire-detection systems are available to homeowners. Shop around; buy the one that suits your needs.

NOW, in case of fire:

If you suspect fire, alert the rest of the household. But first feel the top of the door. If it's hot, don't open it. Escape through the window.

If you can't open the window, break it with a chair. Cover the rough edges with a blanket, sit on the window ledge with one leg hanging outside and one inside, and wait for help.

The phone number of your fire department should be taped on *every* telephone. If it isn't, don't fumble around trying to find it. Get out and call from a neighbor's house.

If you live in an apartment building, use the stairway. *Don't* take a chance on the elevator. If it fails, you're trapped.

Once out, stay out. No treasure is worth risking your life.

It took less than three minutes to read this column. Was it worth it? I hope so.

Problems? You'll feel better if you get them off your chest. For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069. Please enclose stamped, self-addressed envelope.

Money Wasted Through Heat Leakage In Homes

By LOUISE COOK
Associated Press Writer

More than half the money you spend to heat your home this winter may be wasted. And it doesn't have to be.

Your dollars leak through cracks around windows and doors. They flow from attics that don't have enough insulation. And they vanish, like smoke, up the chimney.

Terms like thermogram, energy audit and payback period are becoming household words, as consumers - faced with warnings of fuel bills that could be double last year's - try to find ways to cut costs by saving energy.

Utility spokesmen say anywhere from 10 percent to 60 percent of the heat produced to warm U.S. homes is wasted. That means that you may be throwing away from $1 to $6 of every $10 you spend on heating.

The cure may be something as simple as setting back your thermostat at night. Or it may require a major insulation effort.

The Department of Energy estimates that 40 million single-family homes - a little less than two-thirds of the total - are not properly protected against the weather.

Regulations being developed under the National Energy Act of 1978 will require large utilities to help you find out where you are wasting energy and suggest ways you can save. The utilities also will have to help you arrange to pay for and install energy-saving devices.

Some states already require this kind of effort by utilities; in other areas, companies have voluntary programs to encourage customers to add insulation, caulk and weatherstrip windows and doors, etc.

Pacific Gas & Electric Co. of California, for example, has offered energy audits to its three million residential customers since last November. By the middle of September, the company had completed 14,000 audits, according to spokesman Mike Willhoit. By the end of the year, it expects to finish an additional 6,000 audits.

Utility-sponsored conservation programs vary; some are free, others cost from $3 to $10. Some utilities send a trained inspector to the customer's house; others require the homeowner to do his or her own checking. In most cases, however, the end is the same: A computer analysis that tells you what you can do to cut energy use, how much it will cost, how much it will save and how long it will take you to save enough to cover the expense.

Utilities in Iowa are using thermograms - infrared photographs taken from the air to show where heat is escaping - to boost conservation. The Sky-scan program run by the Iowa Utility Association began in the fall of 1977 and spokesman John Lewis said about 35 percent of the major communities in the state have been surveyed.

Once the thermogram for a city is finished, customers are invited to look at the prints, to see whether their houses are losing energy. "We have had excellent results," said Lewis. About 35 percent to 40 percent of the customers have viewed the thermograms and about one-fourth of those have done something to plug leaks.

Lewis said he doesn't know how much energy is being wasted in Iowa homes. "Almost any home you might pick, there is something that could be done in the way of insulation," he said, adding that "60 percent to 65 percent need to do something substantial."

The federal government offers help in several ways. Tax credits are available both for basic conservation equipment and for things like solar systems and wind-powered devices.

Blood pressure machines

By Lawrence Lamb, M.D.

DEAR DR. LAMB — What is your opinion on the blood pressure machines that are in the stores and public places today? My husband has had his taken several times that way from different machines and got three different readings. They were as follows: 146/99, 212/208 and 140/202.

He's a long distance truck driver and 42 years of age. He's 5 foot 8 and weighs 155 pounds and doesn't take any medication. Each one of these three readings was after he had stopped and rested for at least an hour.

He had a physical by our family doctor and another one by a company doctor and both said the readings were normal but they wouldn't tell him what they actually were. He does not drink but he does smoke two packs of cigarettes a day. On his last physical the doctors said he couldn't be healthier for his age.

We are wondering if we should get alarmed about the readings from these machines and if we should consult our doctor, especially on the high readings.

DEAR READER — The best way to regard those do-it-yourself blood pressure machines is that they are screening devices. They'll usually identify borderline, moderately elevated or higher readings. If you have such a reading, you should see your doctor and let him check it in the usual manner.

Blood pressure readings aren't nearly as accurate or as consistent as most people think. They are influenced by your emotions at the time. They can be influenced by reflex action. In some people just as soon as the blood pressure cuff is placed around their arm, their blood pressure reading will go up.

That's why experienced doctors insist on having a number of readings before they decide the real blood pressure is too high. If a person has intermittent normal readings, it's not considered high blood pressure as a disease. These people are called vascular hyperreactors and we know their blood pressure goes up and down in response to stresses and that the blood pressure responds reflexly.

Most heart specialists don't feel that individuals who have fluctuating blood pressure with frequent normal readings should be taking medicine to lower their blood pressure. Why? If your blood pressure on its own will drop to 120 over 70 and you add to it the blood pressure lowering effect of some medicines, you might have readings that are far too low and can contribute to serious medical problems.

To help you have a better understanding of the many factors that control blood pressure, I am sending you The Health Letter number 1-8, Blood Pressure. Other readers who want this issue can send 75 cents in check or coin with a long, stamped, self-addressed envelope for it. Send your request to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019. As this issue explains, the reflex rise in blood pressure can be as sudden as the reflex action dilating or constricting of the pupil of your eye.

You might be interested to know that a high percentage of individuals who report to a hospital emergency room with high blood pressure turn out on later examinations to have perfectly normal readings.

Nuns Issue Pope Parting Challenge

WASHINGTON (AP)— Pope John Paul II, who quickened the heart of a nation and shed his own grace on it, has left among its people a trail of proclaimed ideals and stiff admonitions. He also got a parting challenge to ponder.

It came from women on the final day Sunday of his joy-spangled journey through America, crowned with an outdoor celebration of worship by 175,000 in front of the U.S. Capitol. The women's plea injected a lingering drama, along with the afterglow.

To the sturdy, companionable pope - who championed human rights both in the past under Nazism and Communism in Poland and to the multitudes and mighty on his U.S. tour - the women asked first-hand for their full rights in the church.

Sister Theresa Kane, the leading official of the country's 128,378 nuns, appealed in a formal, public gathering of many of them for the "possibility of women being included in all ministries of the church," which includes the priesthood.

As she spoke, the seated pope spread his hands as if to say, "What can we do?" But he didn't respond directly a few minutes later when he addressed about 4,000 nuns packing the huge, ornate National Shrine of the Immaculate Conception.

Some of the nuns - a handful at first, gradually increasing to about 50 - stood in silent petition during his talk, wearing blue arm bands, the color of Mary, mother of Jesus. Some said Mary was free to answer God's call to bear his son, but Catholic women today aren't free to answer a divine call to full ministry.

The pope earlier had made his own stand clear, saying Mary was "not herself inserted into the hierarchical" makeup of the church. He had told priests earlier in Philadelphia that Jesus' summoning of men as apostles undergirded the church's "traditional decision . . . not to call women."

But Sister Kane of Washington, president of the Leadership Conference of Women Religious, which includes heads of all nuns' communities in the country, appealed to him to "listen with compassion" and respond to the women's plea to be "fully participating members."

She wore a tasteful brown suit and about a third of the nuns present also wore regular women's dress, a style the pope in his address advised against, saying they should wear distinctive religious garb.

It was a polite but straight-forward confrontation on an issue that would simmer in the times ahead. So also would the pope's injunctions against contraception, divorce, unmarried sex, against any release of priest from celibacy vows, and his strong denunciation of abortion in his farewell Mass on the Washington Mall.

"All human life - from the moment of conception and through all subsequent stages - is sacred, because human life is created in the image and likeness of God," he declared. If that sacred life is violated at its origin, he said, "an indirect blow is struck also at the whole moral order."

U.N. Secretary-General Dag Hammarskjold died in a plane crash in 1961.

HERMLEIGH NEWS

By Adala Drennan

The Hermleigh Cardinals defeated Water Valley's football team played here with a score of forty seven to twenty four.

Douglas Jones and Tim Dacus spent the weekend with their parents Mr. and Mrs. Boyce Jones, the Kenneth Dacuses and Douglas' grandmother, Mrs. Gladys Smith. Both are graduates of Hermleigh and are attending Texas Tech in Lubbock.

Mr. and Mrs. Charles (Viki) Lashier and Jodi of Lubbock are visiting his parents the Charles Neal Lashiers Sr. in Iowa. Mrs. Vicki Lashier is the daughter of the Boyce Jones.

Mrs. Raymond Lloyd accompanied her mother, Mrs. Carl Gray and sister, Lorena Cole and Raydene to Asher, Okla., last weekend. They visited Turner Falls Park, the oldest park in Oklahoma, on their way home. Many springs from the Arbuckle Mountains form Honey Creek, which flows down a 77 foot fall to a natural swimming pool. The park is accented with many beautiful picnic area, caves and nature trails.

Rev. and Mrs. Charles Gray and Mr. and Mrs. Rosie Williams attended a local associational meeting in Amarillo last week. The next meeting will be in Albuquerque, N.M.

Jimmie Don Lloyd of Snyder, Christi and Donnie Lloyd of Abilene visited Mr. and Mrs. Raymond Lloyd last weekend. Christi attends Jarre Long Elementary and Donnie, who is 4½ years old attends Kids Stuff, a pre-kindergarten school. He has learned to give the pledge of allegiance to the U.S. Flag.

Little Jo Ann Gray, youngest daughter of Rev. and Mrs. Charles Gray has been quite sick the past few days but is feeling better now.

Mrs. Georgia Wood received word Sunday night that her grandson, Mike Reed of Davis, Calif., died shortly after swimming with his family. He was 31 years of age and was an attorney there.

Mrs. Billy Ruppe and Mrs. Bill Joyce of Midland visited Mrs. T.W. Thomas of Snyder recently, also Mr. and Mrs. Fleet Anderson. They all ate lunch out.

Mrs. Bobby Culp was dismissed from Cogdell Hospital Tuesday and is feeling much better.

Mrs. Chloedelle Hodges of Fort Worth and Mrs. Thaba McMillan visited the Needelcraft Club Tuesday. Nine members attended.

Opening lead: ♥Q

By Oswald Jacoby and Alan Sontag

Oswald: "After over 60 years of bridge, I keep getting more and more impressed by the importance of planning your whole play of the dummy before committing yourself."

Alan: "Here is a good example. South won the heart lead with his ace and before you could say 'Jack Robinson' he had led a trump to dummy's ace. The rest of the play was slow and unsuccessful."

Oswald: "A little thought would have told him that he needed to keep that ace of trumps in dummy as a possible club entry. After that thought he would have cashed his trump king and played ace and jack of clubs."

Alan: "West would win and lead a second heart to dummy's king. Then South would lead the ten of clubs from dummy and discard his last heart. West would win and lead a third heart. South would ruff, enter dummy with that carefully preserved ace of trumps, discard his six of diamonds on the club nine and score his game."

Virginia Daniels found the way to her Perfect Figure at Pat Walker's.

Have you passed up the opportunity to try exciting new ventures simply because being overweight makes you timid and unsure of yourself? See what a glorious new world awaits you when you have the self-esteem that comes with a slim, sleek figure. You can discover a slender, happier you with the proven program of weight reduction at Pat Walker's - and have as gratifying a success story as Virginia Daniels':

"I have a whole new way of life now, thanks to Pat Walker's. Before I came to the salon, I didn't think I needed to lose weight. In fact, I first went to Pat Walker's to seek help for some muscle pain in my neck and shoulders. However, it didn't take long for me to realize that I did indeed want a new figure, one I could be proud of.

The passive exercise at Pat Walker's helped the muscle problem, and at the same time took me from a size 8 down to size 3! The staff at the salon has helped me realize the importance of taking care of myself. Now my family is proud of me and so am I!"

After

Reduce like a lady

Neither a gym nor a spa, Pat Walker's is an elegantly decorated salon in which you can shape your figure pleasantly, effectively and safely. You'll enjoy these important benefits:
- complete individual privacy
- safe passive exercise
- sensible eating plan
- personalized program to meet your needs
- trained professional counselors

Dallas Derails Minnesota...

Dorsett Returns To Form

BLOOMINGTON, Minn. (AP)—Tony Dorsett lived up to his initials Sunday afternoon against the Vikings, scoring three times to end a five-game touchdown drought.

"It felt great to get back into the end zone again," said Dorsett, or T.D. if you prefer, in Dallas' 36-20 whipping of Minnesota.

Dorsett rushed for 145 yards and scored on runs of 5, 3 and 30 yards to pace a Cowboy attack which left the impression that Tom Landry's Club is revving up for its annual mid-season onslaught on the rest of the National Football League.

"I like the way we're playing right now," said Landry, whose teams predictably begin slow, pick up steam midway through the schedule and then look nearly invincible by playoff time.

"Tony really ran well. He's getting to the point where he was at the end of last season. And our defense really picked us up. Even though we gave up 20 points, they gave us a lift when we needed it."

The Doomsday Defense held the Vikings to 61 yards rushing and came up with two big plays which prevented Minnesota from thinking upset.

The first came from Benny Barnes, who picked up a Sammy White fumble and returned it 33 yards for a score which gave Dallas a 23-7 lead late in the second quarter.

Minnesota pulled to within three points on a 37-yard field goal by Rick Danmeier, his second of the game, and a 28-yard pass from Tommy Kramer to White. But doom struck again in the same form - a fumble by Robert Miller which was recovered by the Cowboys on the Vikings 30.

On the next play, Dorsett skirted left end and outraced the Minnesota secondary for his third touchdown of the day. That made it 30-20 and it took all the steam out of the Vikings, who had refused to fold at halftime.

"How deflating can it be?" asked Minnesota Coach Bud Grant, who felt Miller was signalled down before the fumble occured. "At the time it was 23-20. That play took away all the momentum we had built up. You lose the ball on one play and on the next play they score."

Dorsett, who recorded the 13th 100-yard rushing day of his three-year career, also scored three touchdowns for the first time.

"I didn't know about that, but I'll tell you, I could score all day when the offensive line works like they did," said Dorsett. "They love it. When we're moving the ball, they come back to the huddle and look forward to the next play. They prefer blocking for the run when it's working."

Quarterback Roger Staubach didn't disagree with his star running back.

"Personally I like running the ball," said Staubach, who completed 15 of 23 passes for 174 yards. "When we've had to throw we've had a good passing game, but I didn't have to go downfield today. The tone of the game was set by Tony. The line did an excellent job blocking and Tony made some big plays."

Angelo State Upset; SFA Fights Back

By The Associated Press

From top to bottom, the Lone Star Conference is rated as one of the top small college football leagues in the land.

And Saturday night last year's bottom met the tops of 1979 and walked away the winner.

Stephen F. Austin ended Angelo State's 19-game victory streak with a thorough 21-0 victory against the defending LSC and NAIA national champions.

A year ago SFA was the LSC doormat.

"It was a most convincing win for SFA," said Angelo Coach Jim Hess. "No one has beaten us like that, not even the great teams of Texas A&M 1974-76."

NFL Roundup Shows...

Bucs Beaten Now

By JOHN NELSON
AP Sports Writer

Even Tampa Bay Coach John McKay knew it had to come to an end eventually.

"We really didn't expect to go undefeated," he said. "Now that we've lost, we won't get so much attention, and there will be less pressure."

The Buccaneers were the only undefeated team in the National Football League until Sunday afternoon when they met a fired-up New York Giants squad.

The Giants emerged with a 17-14 victory behind the running of reserve back Billy Taylor making his first start. They also put a "1" in their win column after six long weeks of play.

Taylor rushed for 148 yards on 33 carries, and he scored two touchdowns Both his scoring bursts, of 2 and 1 yards, came in the second period. Joe Danelo kicked a 47-yard field goal in the fourth quarter for the eventual winning points.

Rookie Phil Simms went the distance for New York at quarterback, and with Coach Ray Perkins calling the plays, Simms went to the air just 12 times. He completed half of them for 37 yards, but he did not hurt himself by throwing interceptions as he did in his debut last week again st Philadelphia.

Steelers 51, Browns 35

Terry Bradshaw threw three touchdown passes and Franco Harris ran for two more, one in a first quarter that saw Pittsburgh roll to a 21-0 lead over Cleveland. Harris' first-quarter TD was on a 71-yard run.

Rocky Bleier, best known as Harris' blocking back, also scored on a long run - 70 yards in the fourth quarter - as the Steelers recorded a club record 361 yards on the ground.

The Browns' quarterback, Brian Sipe, passed for a career high 351 yards and five touchdowns.

Broncos 7, Chargers 0

Denver quarterback Norris Weese scored the game's only touchdown on a 3-yard run in the third quarter. It was set up by a 26-yard return of a fumble recovered by Broncos safety Bill Thompson.

Denver's Orange Crush defense held San Diego to 70. yards rushing. Chargers quarterback Dan Fouts passed for 305 yards, but he was intercepted three times in the second half to halt San Diego drives.

Eagles 28, Redskins 17

Running back Wilbert Montgomery ran for 127 yards and four touchdowns as Philadelphia rolled to a 28-7, then withstood a 10-point Washington rally.

Three of Montgomery's touchdowns came on short runs, and the fourth on an 11-yard pass from Ron Jaworski, who threw only 12 passes, but completed eight for 143 yards.

Bears 7, Bills 0

Walter Payton ran for 155 yards and the game's only touchdown, and Chicago held the top-rated passer in the NFL, Joe Ferguson, to just 50 yards in the air.

Ferguson completed just five of 21 passes in the cold rain in Buffalo.

Cards 24, Oilers 17

Wayne Morris scored twice in the final nine minutes to rally St. Louis from a seven-point deficit. Morris scored with 8:32 left from 1 yard out after Cards punter Steve Little completed a 16-yard pass on fourth down.

Several plays later, Oilers quarterback Dan Pastorini was intercepted by defensive back Carl Allen, who returned it to Houston's 17. That set up Morris' 6-yard scoring run.

Raiders Vie With Dolphins Tonight, Televised At 8

OAKLAND, Calif. (AP)-The last time the Miami Dolphins played the Oakland Raiders in Oakland, the Dolphins were defending Super Bowl champions, the Raiders was a football bridesmaid and Larry Csonka was about to become a league-jumper.

Since that 1974 playoff game, the Dolphins have become one of the National Football League's best also-rans, the Raiders have won a Super Bowl - and missed the playoffs two years later - while Csonka has come back to Miami, almost as if he never left.

Now, with the teams meeting again tonight, it has been Csonka who has led the Dolphins to a 4-1 record, alone at the top of the American Conference East. The Raiders, meanwhile, sit near the bottom of the AFC West with a 2-3 mark, 1½ games behind Kansas City, Denver and San Diego.

But the Raiders will have precedent on their side. They have never lost to the Dolphins in six meetings at home, including that 28-26 victory in the playoffs.

They have also a 11-1-1 record in Monday night games. Miami is 12-3 on Monday night.

As they did in their glory years, Miami runs the ball a lot. The Dolphins averaged 155 yards on the ground in the four victories before getting only 68 in last week's loss to the New York Jets.

Csonka, who says he will retire after this year, has 267 yards in five games, averaging 4.1 yards a carry since returning to Miami from the New York Giants, where he went after the World Football League folded.

"When Larry left, we started to do things differently," Coach Don Shula says. "We started to throw the ball more. Now we can play ball control again."

In contrast, the Raiders have had a weak running game, primarily because of injuries. So they have gone to a double tight end alignment in an effort to get more power up front.

Graham Cops Texas Open

SAN ANTONIO (AP)-Lou Graham collected two birdies in his final four holes for a 4-under par 66 to win the $250,000 Texas Open by one stroke.

Graham finished at 12-under-par 268.

TOUGH GOIN'–Snyder quarterback Mike Roemisch breaks outside for a five-yard gain before Todd Hester (40) and Bryan McBee (50) of Levelland bring him down during Friday's Tiger-Lobo contest. Also shown are Snyder's Sammy Willis, and Levelland's Tony Long (12). Snyder won 24-0, and now gets set to play No. 10 ranked Pecos. (SDN STAFF PHOTO)

Arkansas Squeaks By; A&M Falls...

SWC Continues To Amaze

By The Associated Press

Ray Alborn should know best about the comparative strengths of Oklahoma and Texas since his young Rice Owls have played both of them but even he's not sure of a winner in Saturday's joust of the unbeatens in the Cotton Bowl.

"It will be one fine game," said the Rice coach. "Oklahoma has more overall speed but Texas has a great, great defense."

Rice lost 63-21 to Oklahoma two weeks ago and fell 26-9 to Texas Saturday night. However, Rice scored a late touchdown on Texas on a 68-yard Randy Hertel to Earl Cooper pass. It's the only touchdown allowed this year by the Longhorns.

Coach Fred Akers wasn't too pleased with the 'Horns.

"We were disoriented at times," said Akers. "Too many errors. Probably some of the players were looking towards OU."

Texas drew 13 penalities for 114 yards.

John Goodson kicked four field goals for the Longhorns. He also had four field goals the week before against Missouri to earn the walk-on a scholarship.

In other games involving Southwest Conference teams, Arkansas escaped Texas Christian 13-10 and defending champion Houston eased past Baylor by the same score.

Texas Tech overcame a 20-9 deficit to stun Texas A&M 21-20 in Lubbock.

Southern Methodist, which was idle, leads the SWC with a 2-0 record and hosts Baylor Saturday night at Texas Stadium. Baylor dropped to 2-1 with the loss to the Cougars.

Houston, Texas and Arkansas all own 1-0 league ledgers.

Texas Tech is 1-1 while the Aggies, Rice and TCU are winnless in SWC play.

Arkansas is at Texas Tech, Houston is at Texas A&M, and TCU is at Rice in other SWC games this weekend.

"As wild as the race is getting I still think a team has a chance to win the title with two losses," said Texas Tech Coach Rex Dockery. "Look at the scores from Saturday night. I just don't think a team can go through the league undefeated."

Cats Garner Second And Consolation

DENVER CITY–Snyder seventh and eighth grade teams took second place and consolation, respectively, in tournament action over the weekend here.

Snyder eighth grade Gold will host Lamesa in the high school gym at 5:30 Thursday. A freshman match will follow.

The Gold team losts its first game of the tourney to Plains, 5-15 and 5-15, before rallying to nail Andrews, 15-8 and 15-2, and Brownfield, 15-5 and 15-8, for consolation.

Snyder seventh grade defeated Brownfield, 8-15, 15-9 and 15-4, and Lamesa, 15-8, 3-15 and 15-12, before losing to host Denver City in the finals, 6-15 and 7-15.

Little Boys Rolling Credit Florida A&M;

By Herschel Nissenson
AP Sports Writer

Let's forget about the Southern Cals and the Albamas and the Oklahomas and the rest of the Top Twenty for awhile and devote a few paragraphs to the Rattlers of Florida A&M.

That's the predominantly black school from Tallahassee which the legendary Coach Jake Gaither put on the football map. And that's 'A' as in agile, 'M' as mobile and, as Gaither liked to say, the Rattlers were quite hostile Saturday in defeating Miami of Florida 16-13.

On the surface, it seems like just a game between two intrastate rivals. But it goes deeper than that. Florida A&M won the NCAA Division I-AA national championship last year while the University of Miami is classified as Division I-A.

The Southern Cals and Alabamas and Oklahomas, of course, reside in Division I-A with Miami. Besides Florida A&M, Division I-AA includes the likes of the Ohio Valley, Big Sky and Yankee Conferences, among others.

While Florida A&M was embarrassing Miami, the top five teams in The Associated Press ratings all rolled to relatively easy victories. Top-rated Southern California blasted Washington State 50-21, runnerup Alabama blanked Wichita State 38-0, No. 3 Oklahoma crushed Colorado and former Sooner coach Chuck Fairbanks 49-24, fourth-ranked Texas defeated Rice 26-9 and No. 5 Nebraska swamped New Mexico State 57-0.

Elsewhere, sixth-ranked Houston nipped Baylor 13-10, No. 7 Washington whipped Oregon State 41-0, No. 8 Ohio State shaded Northwestern 16-7, No. 9 Florida State drubbed Louisville 27-0 and No. 10 Notre Dame held off Georgia Tech 21-13.

In the Second Ten, No. 11 Michigan knocked off No. 16 Michigan State 21-7, Minnesota upset No. 12 Purdue 31-14, No. 13 Arkansas edged Texas Christian 13-10, Auburn bombed No. 14 North Carolina State 44-31, No. 17 Louisiana State downed Florida 20-3, No. 18 North Carolina beat Cincinnati 35-14 and Mississippi State surprised No. 19 Tennessee 28-9. Missouri, ranked No. 15, was idle while No. 20 Brigham Young beat Hawaii 38-15 Friday night.

Snyder 5-0 On Season...

Netters Rip Lubbock

LUBBOCK – Snyder's varsity tennis team defeated Lubbock High School 13-9 here Saturday to give the Tigers a 5-0 record.

Lubbock will return the dual match Oct. 13 at 8 a.m. on SHS courts. Snyder will be playing with some new faces on the boy's team Saturday, missing the services of Neal Paige, Jimmy Fowler and Mark Cypert, who will be attending a church-related function that day.

In girls's singles, Donna McGee won over Jennifer Smith, 4-6, 6-1, 6-3; Kelly Scott lost to Shauna Hoffman, 1-6, 6-4, 4-6; Cathy Cypert was defeated by Karen Smith, 6-3, 4-6, 3-6; Diane Sentell lost to Lisa Doggett, 6-7, 0-6; Dee Gilbert defeated Sarah Williams, 6-4, 1-6, 6-1; Mindy Aldridge lost to Janie Butler, 6-7, 7-6, 3-6; and Pam Smith defeated Charlotte Jones, 6-4, 6-2, and then won over Tina Southard in a pro set, 8-4.

In girls' doubles, Cypert-Scott lost to Smith-Hoffman, 3-6, 1-6; McGee-Gilbert defeated Williams-Doggett, 6-1, 6-1; and Sentell-Aldridge lost to Smith-Jones, 6-4, 3-6, 4-6.

In boy's singles, Paige defeated George Rivers, 6-4, 6-2; Jon Smith won over John Scott, 6-0, 6-3; Jeff Wesson bested Jim Butler, 6-4, 6-2; Fowler lost to Greg Teeter, 2-6, 1-6; Cypert won over Steve Brito, 4-6, 6-1, 6-1; Davey Brown lost to Mark Goss, 6-4, 2-6, 2-6; and Richard Derrick defeated Tag Gay, 6-2, 6-3.

In boy's doubles, Paige-Fowler defeated Scott-Butler, 6-3, 6-7, 6-1; Smith-Wesson won over Rivers-Teeter, 6-4, 6-2; and Cypert-Derrick defeated Brito-Goss, 6-2, 6-2.

Tigers Secure Third Place At Seminole

SEMINOLE – Snyder High School volleyball team faltered, then zipped past Lamesa 12-14, 15-2 and 15-2 to win third place at the Seminole Tournament held here over the weekend.

Host team Seminole took first place while El Paso Burgess won second. Named to the all-tournament squad from Snyder were Lisa Cobb and Sherry Mayes.

The Tigers, 18-5, play host to Lubbock Dunbar at 7:30 Tuesday. A junior varsity game will be held at 6:30. Snyder JV is 10-0 on the season.

After thumping Midland Lee on Friday, Snyder varsity continued to win, stopping El Paso Irvin in second-round action here on Saturday, 15-11, and 15-3.

Billie Owens served up 8 points, while Cobb had 7, Harlin and Shauna Pate added 5, Suzy Fisher had 3, and Mayes scored 2.

Seminole defeated Snyder in semi-final action, 10-12, 15-5 and 15-17. Owens served for 13 points, followed by Mayes with 9, Harlin with 7, Fisher with 6, Pate with 4 and Cobb with 1.

"The match with Seminole was one of the better matches we have played all year," commented Snyder coach Joyce Elrod. "It took about 30 minutes after the clock had run out (in the final game) for one team to get two points ahead. The two teams are pretty evenly matched. I think the home court would be a determining factor a lot of times when we play them."

Snyder had defeated Seminole in Snyder earlier this year, 10-15, 13-10 and 13-10.

Mayes served for 10 points in Snyder's win over Lamesa. Cobb and Owens had 8 points each while Harlin and Pate notched 6 apiece, and Fisher had 4.

Affirmed Wins Historic Race

NEW YORK (AP)—"Affirmed is like a professional fighter," says trainee Laz Barrera.

And like a good fighter dictating the tempo of a bout, Affirmed dictated the tempo of the $375,000 Jockey Club Gold Cup Saturday at Belmont Park. He, and jockey Laffit Pincay, ran their showdown with Spectacular Bid and Bill Shoemaker their way . . . and won.

Both Pincay and Shoemaker were aware they couldn't get hooked in a speed duel and then fall prey to Coastal. Pincay gained the upper hand, putting Bid into the lead just before entering the backstretch.

The Shoe rode well, but so did Pincay. He guided Affirmed through the first half mile in a speed-saving 49 seconds and completed three quarters in 1:131-5 and the mile in 1:371-5.

At the top of the stretch, just after passing the quarter pole, Coastal, ridden by Ruben Hernandez challenged strongly. Pincay thought Coastal got even with Affirmed but not ahead of him.

Coastal surrendered second to the driving Spectacular Bid, who charged to within a half-length of Affirmed with one-eighth of a mile remaining.

At the wire, it was Affirmed by three-quarters of a length over Spectacular Bid, with Coastal another three lengths back and 31 lengths ahead of Gallant Best, the only other horse in the field. The 4-year-old Affirmed was timed in 2:272-5 for the 1½ miles, only one-fifth of a second off Exceller's stakes record last year, as he raced to a commanding position for his second straight Horse of Year title.

Orioles Enter World Series

ANAHEIM, Calif. (AP)–The Baltimore Orioles, led by Scott McGregor's six-hit pitching, advanced to the World Series against the Pittsburgh Pirates by whipping the California Angels 8-0 to take the American League Championship Series three games to one.

Willie Mays played in 150 or more games for the New York and San Francisco Giants for 13 consecutive seasons.

Cuero Turkey Winner Of Gobbler Race

CUERO (AP)—A strutting Minnesota turkey named Paycheck trotted to an easy second-heat victory in the Great Gobbler Gallop here. But Ruby Begonia - the poultry pacing pride of Cuero - captured the Traveling Turkey Trophy of Tumultuous Triumph.

Basin's Rig Count Rises

Drilling activity increased last week in Permian Basin oil fields, according to Reed Rock Bit Company's weekly survey.

The count showed 285 rigs running, compared to 282 a week earlier. At this time last year, 261 rigs were in operation in the Basin.

Lea County, N.M., was the leader with 41 active rigs. Pecos County led the West Texas side of the Basin with 26.

Scurry County had two rigs running last week, the same as the week before. Figures for other area counties, with last week and the week before, in order: Borden 2 and 2; Dawson 3 and 3; Garza 8 and 8; Howard 11 and 11; Kent 0 and 2; Mitchell 5 and 3.

Motorcycle Rider Hurt

Craig Randolph, 19, of Roby suffered severe head injuries at about 8:30 p.m. Sunday when he lost control of his motorcycle and crashed about 11 miles east of Snyder on U.S. Highway 180.

He was brought to Cogdell Memorial Hospital and later was transferred to the Health Science Center at Lubbock by Galyean Ambulance Service.

JOE BOB LEE

TG&Y Has New Co-Manager Here

Joe Bob Lee is the new co-manager of TG&Y in the Varsity Square Shopping Center.

Lee began working for the chain nine years ago. Previous employment with T.G.& Y. was served in Brownfield, Lubbock, Abilene, Plainview, and Dimmitt. He is a native of Brownfield.

Of his new home, Lee said, "I like it real well so far. There's a lot of good people here."

Closet Damaged By Sunday Fire

A closet fire was doused Sunday in the James May home at 2703 26th St., reported Snyder firefighters.

The fire was reported at 2:40 p.m. and was confined to a closet, they added.

Saturday, a car fire in the 2500 block of Ave. R was doused.

That fire occurred about 1 p.m. in a 1967 Chevrolet owned by Juanita Cadena.

Cake Decorating Class This Week

A cake decorating class will begin tomorrow at Western Texas College. Sponsored by the Community Services division, the class will be from 7-9 p.m. Tuesday through Saturday in the Christian Student Center. Those interested may register by calling the community services office at 573-8511 extension 240.

Grain

CHICAGO (AP)—Wheat No 2 hard red winter 4.36n Monday; No 2 soft red winter 4.38n. Corn No 2 yellow 2.81¾n hopper 2.76¾n box. Oats No 2 heavy 1.44¼n. Soybeans No 1 yellow 6.86n.

No 2 yellow corn Friday was quoted at 2.86½n hopper 2.77½n box.

Window At Store Broken

A criminal mischief complaint was received during the weekend by city police officer Rick Freeman.

The complaint was made by Morris Sewell, owner of the Cash Food convenience store, who told officers a $250 window was broken.

The incident was reported about 6 a.m. Sunday.

Officers also reported clearing a $120 theft that occurred at the high school last week.

In the theft report, Sylvia Herrera told officers she was missing $120 from her locker at the school. Officers report they questioned several juveniles about the incident and the money was recovered.

No charges were filed in the theft.
