Youths To Register In Fifth Registration Tomorrow

Young men, mostly in the 18-19 age group, will participate in Dawson county's fifth selective service registration tomorrow (Tuesday, June 30.)

It is estimated that approximately two hundred young men will register in Dawson county. Registration will take place in the local office of selective service board.

Persons affected by the registration are those born on or after Jan. 1, 1922, or on or before June 30, 1924, including those 18 and 19 and others who have passed their twentieth birthday since the last registration of 20-year-olds.

Eighteen and 19-year-olds are not subject to compulsory military service under present selective service laws, although many in Dawson county have joined the armed services voluntarily.

Registrars will ask the youths only nine questions. They will include name, address, telephone number, age, birthplace, employer if working and the name of a parent or guardian who will always know the registrant's whereabouts.

American Legion Celebration Called Off

Due to the fact that John Lee Smith, candidate for Lieutenant Governor, and principal speaker for the American Legion celebration, could not be present and due to other circumstances unfavorable to a meeting at this time, it has been considered advisable to call off the political-patriotic rally which had been planned and announced for Saturday, July 4th. This decision was reached in a meeting of members of the Legion held Monday morning. It is the desire of the Legion to give full cooperation to local business concerns in our present war effort.

S. L. Forrest Gives Interesting Talk At Rotary Meet

The Lamesa Rotary Club met in regular session at the Plaza Hotel last Friday 12:05 noon. S. L. Forrest was the principal speaker, using as his subject, "How to Win the Peace." He gave much vital information on the war and many helpful suggestions on maintaining peace among the different peoples of the world after war is over.

Lapel Rotary pins were presented by Secretary Roberts to two new members. They are Moon Mullins and Bill Boyd.

President C. A. Hollingsworth, presiding at the final meeting for the Rotary year, turned the gavel over to incoming President, F. T. McCollum, who had been selected by the club for the new year.

Ray Barrett, of Del Rio, spent the week-end here visiting with his parents, Mr. and Mrs. J. M. Barrett

All Business To Be Suspended From 12 To 12:15

Lamesa merchants will suspend all regular routine business here on Wednesday, July 1, for a 15 minute period starting at 12 o'clock noon and devote the time to the sale of War Bonds and Stamps.

Practically every retail merchant will cooperate in this drive and offer stamps for sale. Bonds may only be purchased at the banks, post office, and the Lamesa Federal Savings and Loan Association.

Merchants are urged to have plenty of stamps on hand Wednesday, and not to wait until the last minute to purchase them from the post office.

Dawson County is away behind in Bond purchases for the month of June. Unofficial check-up last Thursday indicated that only \$23,000.00 worth of Bonds had been bought. Dawson County's June Quota is \$47,300.

All citizens are asked to cooperate in this stamp and bond sale and to make purchases at this time. It has been indicated that unless this response on July 1, is favorable that the Government would probably feel it necessary to deduct 10 per cent of everyone's monthly earnings.

Every retail store in the United States have been asked to co-operate in this July 1 drive, the local Chamber of Commerce received a telegram from U. S. Treasury Department recently, asking that local merchants cooperate in the sale.

GUESS WHO RUN OUT OF GAS

FREDERICK, Md (AP) — He had 2,000,000 gallons of gasoline at home, but that gasoline rationing stranded him just the same.

Oliver W. Van Petten, of Charleston, W. Va., whose company produces gasoline as a by-product of natural gas, started from Charleston, where gas is not rationed, to attend his son's graduation at Middleton, Del.

He got this far and went on to Middleton by bus. The Frederick rationing board allowed him the fuel to make it home.

Officer Candidates Must Pass Stiff Examinations

Lt. Col. Joseph R. Peller, Recruiting and Induction Officer at Lubbock, stated that the War Department program for permitting men now classed 3A by Selective Service, to enter the Army as Volunteer Officer Candidates has been misunderstood in many cases. All of these candidates are required before acceptance as such to report to a designated Army reception center for mental and physical examinations. These examinations are intended to weed out all of those who are of doubtful officer caliber. This is a protection for the Army as well as the individual concerned.

A great many more applications have been received than can be accepted except after a delay of several months. Successful applicants are called to service in order of their date of qualification.

After an applicant is accepted and inducted into the Army as a Volunteer Officer Candidate, he is still not certain of acceptance for an Officer Candidate School. In selecting candidates for this school, all men in the service are considered and the Volunteer Officer Candidate must take his chance with the others. The fact that he has already passed a qualifying examination indicates that his chances for selection are better than men who have not taken such examinations, but no promises can be given that he will be selected.

Extra Pay For Parachute Troops

Men serving in Army parachute units receive \$50 extra pay per month, according to Lt. Colonel Joseph R. Peller, West Texas Recruiting and Induction Officer. This branch of the Army affords an excellent opportunity for young men to be in an important part of our war program, and at the same time earn extra pay.

There is an urgent need for men for parachute units at this time. For duty with those units men must be between the ages of 18 and 32, under 185 pounds in weight and not over six feet tall. Vision must be 20-40 or better. Men who are eligible are urged to apply at the nearest Army Recruiting Office.

Radio Operators Needed In Army

Radio operators with amateur or commercial radio operator's licenses are urgently needed in the Army Signal Corps. The Recruiting Service reports a shortage of qualified radio operators. Men who hold licenses, are between the ages of 18 and 45, and can pass physical examination, are urged to apply at the nearest Army Recruiting Office.

Miss Elwanda Gilbert and Miss Della Mae Woods spent Sunday in Midland, visiting with friends and relatives.

Billie Jo Stricklin, who has been visiting with friends in Winters, returned home Wednesday.

"For these are the lasting, truthful things..."

- 5 Reasons Why**
1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
 2. You prove that you are a patriotic American.
 3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
 4. You prove to our enemies that we are a United People.
 5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's *safest* investment, by buying a share in the world's most powerful country.

This is an American soldier.

He goes to war not with any fanatical theories of race superiority, of any special "place in the sun," nor any desire to rule the world by fire and by sword. He fights for something greater. For decency—for his loved ones—for his Country, not as some warlike symbol, but as the one great refuge in this world where the humble, the meek, and the righteous may live and work in peace.

This is why he must win. For these are lasting, truthful things. They are not temporary drugs for the mind, but steadfast things of the heart and the soul. And when the flame of fanaticism finally flickers and goes out, the fires of American decency and honor will still burn.

It is this same sense of decency and honor that has bound us all together. We know we cannot all fight. But there is something we can do—and *are* doing—to help. We can help provide the guns, the planes, the tanks, and the ships to put *might behind the right*.

By the tens of millions, Americans are saving for Victory in the War Bond Payroll Savings Plan. Every payday we employees, workers and bosses are putting aside 10% of our pay—a dime from every dollar—and every time these savings amount to \$18.75, we get a War Bond. And —because this is the free American way—our money is working double. First it goes in a mighty flow for the instruments of Victory, then—ten years later—it comes back to us, *four* dollars for every three we've put into War Bonds—\$25 for every \$18.75.

Now look at the picture again. Then imagine that this soldier were *your* brother, *your* son, or *your* sweetheart.

Would ten percent of your pay, in War Bond *savings*, be too much to help him win—and live?

Wheat Growers Should Substitute For War Crops

Texas wheat growers will be urged to substitute warcrops for wheat on land where such crops can be successfully raised, B. F. Vance, chairman of the Texas USDA War Board, said in announcing the Texas 1943 wheat acreage allotment of 3,727,966 acres.

"We have plenty of wheat, while we still are short of having enough of some crops, particularly oil-bearing crops," the war board official pointed out. "Under present law, the national wheat acreage allotment of the AAA cannot be less than the 55,000,000 acres which Secretary Wickard has announced, but I hope that Texas growers will voluntarily shift part of their wheat acreage to the production of crops which we need much more than we need wheat."

Vance said that AAA committeemen will work out with each grower a war production plan to get the maximum production from each to meet war needs.

Panhandle wheat growers already are being forced to pile wheat on the ground because of a severe shortage of storage space, the USDA official explained. USDA war boards have carried on a campaign for several months acquainting growers with the tight storage situation and urging them to construct more farm storage capacity. Despite these efforts, however, a lot of wheat will be lost for lack of storage.

U. S. Studies Food Bonus For Soldier Dependents

By JACK STINNETT

WASHINGTON — It hasn't even been hinted yet, but several government departments are working on a food bonus plan for dependents of men called into the armed forces.

It will be some sort of variation of the food stamp plan and therein lies reason for the delay in bringing it to public attention. Agriculture, OPA, WBP, and the Army all are afraid that the public will think of it in terms of a dole. That might be fatal to the morale of dependents whose breadwinners are in military service.

If and when the government agencies involved can be certain that the terminology of their plan won't bring psychological repercussions from the public, minor differences will be ironed out and the plan will be laid before Congress.

The idea would be to issue food stamps, either as an additional bonus or as part of the dependency payments made to wives and children of men called into military service. These would be redeemable for all merchandise (or perhaps under certain terms beneficial to the purchaser for surplus commodity merchandise) sold in grocery stores. The government would take them up, paying the stores out of funds set aside for reimbursement of dependents of men drafted into the armed forces.

While the several wartime agencies are fretting over details, they agree that the main objective is to avoid the flood of criticism that poured down on the original food stamp plan. Merchants, who later hailed the food stamps as a boon to sales and stock turnover, at first screamed so loudly that they contributed much to the fight in Congress over the proposal. Voters who dawned it as a variation of the dole contributed the rest.

Those well-meaning government workers (mostly in the Department of Agriculture) who fought that battle through are still a bit shy of launching another campaign which they fear may have similar counter-attacks and repercussions.

The wartime realists, many of whom are new to the intricacies of national opinion (sometimes called politics) have a different slant. The primary purpose of payments to dependents of the fighting men, they argue, is to see that they are assured of food and shelter. Why, then, shouldn't a portion of the payment be made in food or stamps redeemable in food?

This would be insurance that some proportion of the payments went into the channels for which it was intended; would prevent grafters and racketeers from preying upon dependents, many of whom are unaccustomed to handling their own finances; and under certain regulations might stimulate the purchase of surplus food commodities.

It may be held back until after the November elections on the grounds that the political sky is already too clouded for comfort. In view of the assurance from senators that no men with actual dependents are to be called up for military service this year anyway, the delay would be logical. But the plan definitely is "in the works."

Old Age Insurance In All Forms Assist Many

AUSTIN (Special) — Seven and eight-tenths per cent of all Old Age Assistance recipients received \$30 per month in May. Next in frequency was the \$18 grant which went to 7.7 per cent of those on the rolls. The \$20 grant was third in frequency, going to 7.5 per cent. Fourth in popularity was the \$17 grant, going to 7.4 per cent. After reaching \$20 the higher grants steadily declined in frequency, only 1.3 per cent receiving \$29. This trend indicates that normally around 1.3 per cent of all recipients would receive \$30 per month and approximately 6.5 per cent of all recipients actually need more.

Three and one-tenth per cent of the 172,324 old age recipients in May received \$10 or less per month; 60.9 per cent received \$20 or less; 39.1 per cent received above \$20.

Of the 2,999 needy blind recipients in May 23.2 per cent received \$30 grants. Blind assistance grants were distributed fairly evenly from

MRS. VALERIA PRATT TO STUDY IN CALIFORNIA

Mrs. Valeria Sharp Pratt, local teacher of dramatic art and dancing, will leave by train from Big Spring Monday evening for Hollywood, California, where she will study and collect new material for her fall terms work.

Mrs. Pratt will again study with Oliver Hinsdell, a former teacher, who is now talent coach for Paramount Studios. She will also take the teachers normal dance course at Meglin Studios and purchase new plays and readings from the various publishing houses in Los Angeles.

Mr. and Mrs. W. B. Collins and Mrs. Stanley Wilkes will leave Tuesday morning for Cheyenne, Wyoming, to visit with Dick Collins who is stationed there.

\$14 to \$30 with only 4.2 per cent receiving under \$14

Ninety-five per cent of all recipients of Aid to Dependent Children received maximum grants. Thirty-five per cent received the \$16 maximum for one child and 60 per cent received the \$24 maximum for families with more than one child.
