THE JUNCTION EAGLE

COMMITTEES SELECTED FOR BIG BARBECUE

On last Saturday evening a call meeting of the Kimble County Chamber of Commerce met for the purpose of organizing working committees to help put over the big celebration the 13th and 14th of June. This barbecue promises to be the best of its kind ever put on in West Texas. Already bids are coming in from far and near for the concessions to the grounds. People are writing the secretary from all parts of the country in regard to this grand old time barbecue that is being planned by the hospitable people of Kimble County.

The committees elected are as follows:

Entertainment—W. H. Baker, chairman, J. W. Myers and Emil Loeffler. These men will attend to the entertainment which will be as public speaking, games, music, airplanes, etc.

O. W. Cardwell was elected chairman of the polo committee and has it in full charge.

Walter Buck is chairman of the barbecue committee with Clay Secrest and J. B. Stevenson. These men are going to look after everything pertaining to the dinner, such as meat, pickles, coffee, ice water, sugar, plates, cups, tables and everything else necessary in serving dinner.

The grounds committee is composed of J. J. McWright, H. O. Denman and W. B. May. These gentlemen will look after cleaning up the grounds and lighting and seating the same.

Finance committee—Henry Bierschwale, Everett Stewart, Conrad Holekamp.

The concessions committee is C. T. Holekamp, J. S. Farmer, H. W. Rieck and Everett Stewart.

The concessions will be sold at 3 o'clock p. m. May 29, at Junction State Bank. Everyone interested in sale of concessions should be present on that date.

The advertising committee is composed of Edgar McLendon and K. G. Durst.

The following committee composed of Fred Pearson, E. G. Hill, Ed Allen, Ray Ridenower, O. C. Wright, A. Murr, W. L. Kothmann, G. W. Landers, Roscoe Stevenson, Jack Turner, C. M. Wolf, Forrest Weldon, Fred Mudge and R. C. Tatum are each going to see to the butchering of six goats and bring them in several days before the dates of the barbecue to be placed in cold storage at Borden Ice Co.

AN EXPLANATION

The Texas Pipe Line Company of Houston has asked the Eagle to explain that an error was made in the notice of hearing to appropriate public waters from the North Llano River by means of a pumping plant. The notice states that water not to exceed 1000 acre-feet per annum is to be used and the company advises us that not more than 25 acre-feet will be needed for the cooling system for which the water is asked. This water is to be pumped from the river into a tank owned by the company and when used for cooling will be returned to the tank.

WEATHER REPORT

A rain of .36 of an inch fell last Friday afternoon and since that time the weather has been unusually cool for this time of the year. This (Thursday) morning is cool with the wind in the northwest and threatening rain.

The young boy that was placed in jail here three months ago was released on bond to his mother who came here from Georgia after him. He was employed at the Becker Hotel when he was charged with taking a car and also breaking into a filling station to secure gasoline.

New Ice Cream Plant Nearing Completion

The new fireproof building for the Borden Ice Cream Company is completed and the machinery is being installed. Mr. Borden plans to be ready to open the new institution by the first of June. The new building is on the lot adjacent to the ice factory and the new business will be under the same management as the ice factory. Mr. Borden has made a thorough study of the ice business in all its phases and he will superintend the making of the ice cream. The most modern machinery has been purchased and the product turned out by this plant will be as good as can be purchased in any market.

Junction and the towns in this section will find this plant very convenient for their needs. Trucks running out of Junction every day will serve this section of Texas. The capacity of the plant will be 500 gallons daily which will be sufficient to supply all local demands.

Fire Boys Discuss Equipment Problems

The fire department boys served supper at the Old Spanish Trail Cafe Monday night, and invited the president and secretary of the Kimble County Chamber of Commerce to their meeting to partake of their genial courtesy and hospitality.

While at this gathering the boys spoke expressing the need of some very essential equipment. Mr. Jno. M. Hankins, Fire Department Chief, spoke at length on the wonderful progress the fire squad has made the past year, and also how to devise some plan to raise the funds to buy the modern equipment.

The truck belonging to the fire department is old and sometimes fails to respond readily to the strong arms of the boys, necessitating having to push it some times almost to the fire before getting it to start.

These boys are giving their time to a very worthy and noble cause, and should have the encouragement of every citizen of the county in their attempt to lessen fire hazards. The business men of Junction should give them their united support, keeping in mind the catastrophe of a few years ago when in a few minutes time enough goods went up in smoke to pay for the very finest equipment and several times over.

There will be a fire convention at Galveston beginning June 10 and lasting five days. Some of the boys plan to go to this convention. It would be an inspiration to the boys; they would come back with new ideas and be able to put some of them into effect.

When the boys come around and ask you to throw in to their cause, help them. Because it is for you that they are giving their time and expending their energy in an unselfish effort to promote prosperity by lessening the perils of fire.

MR. T. P. VEST KILLED BY TRACTOR NEAR PEARSALL

Mr. T. P. Vest was fatally injured near Pearsall last Friday when a tractor he was driving up an incline toppled over with him. He was rushed to San Antonio but died Saturday and the body was buried at Llano on Sunday. Mr. Vest was a brother-in-law of the Buster Brothers here. Mr. W. B. Buster and Mr. and Mrs. Ovie Buster went to San Antonio Saturday evening and on to Llano that night. Mrs. W. B. Buster and Boyce Buster went to Llano Sunday for the funeral.

Mrs. Vest and children, Bernardo and Finley Ferrel returned with her brothers to Junction Monday. On Tuesday Bernardo underwent an operation here for the removal of his tonsils and Finley Ferrel for removal of adenoids. They are both recovering rapidly.

EIGHTEEN GIRLS AND BOYS GET DIPLOMAS

Rev. G. W. Crabb Preaches Commencement Sermon Sunday May 19, in Baptist Church 7th Grade Program Tonight

The First Baptist Church was filled Sunday to hear the commencement sermon preached by the Rev. G. W. Crabb, pastor of the First Baptist Church of Junction. The auditorium was beautifully and appropriately decorated for the glad occasion. The choir, composed of voices from all the churches, rendered some good selections and a vocal solo by Mrs. Earl Bowers was enjoyed by the vast audience. Brother Crabb brought an appropriate message, impressing upon the class the importance of the proper preparation for life.

In the school auditorium tonight (Thursday) the graduating exercises of the seventh grade will be held with Mr. Earl Bowers presiding. Hon. Coke R. Stevenson will deliver the address to the class and present the diplomas. The complete program follows: Invocation—Elder J. S. Newman Salutation—Lucille Williams Piano solo—Lee Oda Hodges Class History—Jarvis Jordan Class Song—Marie Sheppard Valedictory—Marie Sheppard Address and presentation of Diplomas, Hon. Coke R. Stevenson. The following pupils will receive their certificates of promotion at the close of the program this evening:

Athalie Burt, Juanita Cowser, Vada Crumbley, Vida Crumbley, Edith Davis, Mary Lee Graves, Grace Hill, Kathryn Hodges, Tommie Jones, Mae Dell Lowry, Elsie Martin, Margaret Ray, Christine Schraub, Marie Sheppard, Dixie Lee Smith, Lucille Taylor, Maxine Wright, Lucille Williams, Lee Oda Hodges, Maynel Edmondson, Gertrude Cordray.

Marshall Alexander, Bethel Baylor, Leroy Curtis, Warner Dalton, Sherman Hendricks, S. L. Jeter, Terry Lamb Jetton, Jarvis Jordan, Allen LeVack, Roy Nelson, Chester Roe, Overby Smith, Laymon Taylor, Leon Turner.

The final exercises of the week and the climax of the

school year will take place Friday evening when eighteen boys and girls will receive their high school diplomas. The following is the program for the evening of May 24:

March—Mrs. C. W. McCarroll Invocation—Rev. M. F. Hill Salutation—Pairolee Linn Class History—Mildred Hodges Class Prophecy—Herbert Newman Class Will—Virginia Strong Valedictory—Nevada Blackburn Class Song—Supt. E. L. Allison Presentation of Diplomas—Edgar McLendon

Diplomas will be awarded the following: Warren Braley, Nevada Blackburn, Frank Hubbell, Fred Beasley, Pairolee Linn, Lela McDonald, Audrey Kirkpatrick, Beatrice Smith, Othal Ivy, Russell LaVelle, Loree Kothmann, Herbert Newman, Lofton, Little, Virginia Strong, Mildred Hodges, Max Riley, Jack King, Elsie St. Clair.

Believing that it is worth repeating and that every school child should be required to memorize the Public School Creed this article is closed with this creed:

"I believe in the school system of the United States of America as an institution of the people, by the people, for the people; conceived by the founders of this Republic; nurtured for nearly three centuries by our fathers; sustained today by the consent and support of all our citizens. I believe in free universal education, equal opportunities for all our children, which guarantees our democracy within a Republic established upon the principles of freedom, equality, justice and humanity. I therefore believe it my duty to the school to love it, to support it morally and materially, to send my child to it, to help my neighbor's child to have the same opportunity, and to defend the school against enemies."

Teacup Community Gives Big Barbecue

Several Junction people, including the manager of the Eagle and his wife, enjoyed the hospitality of the Teacup community last Saturday, at a splendid barbecue on the closing day of the school year. Fat goats, properly barbecued, with all the trimmings was the menu for the noon hour, and there was enough left for supper.

This progressive community had their plans well laid and the large crowd present was fed in a short time. The barbecue was enjoyed by a number of visitors. Games of various kinds furnished amusement for all those who cared to take part.

The closing exercises of the school began on Thursday night with a general program, and on Friday night the graduating exercises were held at which time three received diplomas. Vivian Reese, Bessie Rees and Frank Wooten were the fortunate ones. Vivian was the salutatorian and Bessie, the valedictorian. Elder J. S. Newman of Junction delivered the address to the class.

The barbecue on Saturday in which all the community and many from Junction and London took part closed the school year.

The City Council has issued an order for all stock running at large in the city or staked on the streets or sidewalks to be impounded and disposed of according to law.

Shrine Caravan Will Be Here on May 28

Noble John M. Hankins has received a communication from the Arabia Temple, Houston, stating that a caravan of Nobles will leave Houston on the morning of May 27 en route to the annual convention of the Nobles of the America Shrine of North America. The caravan will reach Junction for lunch on Tuesday, May 28. Noble Hankins is anxious for the Nobles of Junction to decide upon the entertainment of the Nobles during their short stay here. Frank C. Jones of Houston is Imperial Potentate and will preside at the convention in Los Angeles.

The communication from Houston states that any Noble of Junction is welcome and invited to join the caravan at Junction. Just how many cars will be in the motorcade when it reaches here is not known but may be obtained from San Antonio on the morning of the 28th before it leaves San Antonio.

Plans For Junction Jubilee Under Way

Plans for two days of West Texas entertainment on Kimble County's Polo Club Grounds beginning at 2:30 p. m. on the 13th and 14th of June are beginning to get under way. Each day there will be polo, three horse races, probably more, roping—fancy and plain—fast wild animals. There will be action from every corner of the arena. A thousand ten-gallon Stetsons will be in evidence. Race ponies listed from every point of the compass. Before each race the horses will make the circuit of the arena so you can try to pick the winner.

Beautiful sun-kist maid and matron equestriennes will add color and charm to the occasion. Every daring cowboy western stunt will be pulled that local or outside obtainable talent can produce. (What have you? Bring on your suggestions to Pierce Hoggett, secretary of this particular committee.) Mounted marshals on the field will be J. S. Freming, Carl Wolf, Pierce Hoggett and Ed Barfield.

This year's jubilee will be on the same ground where the contests have been held on previous years. Mr. N. H. Skaggs, after much pressure was brought upon him; there being no other available for this kind of sport, finally consented for the same grounds to be used as in former years, under one condition; namely, that there be made a man sized effort to prevent gambling on his property on this and subsequent occasions. The promise was made and even before this promise was made, the general appointing committee chose as chairman of this particular committee a man whose convictions on betting and risking money against money were well known to each of them. So it may be well said that the entire two days jubilee management do earnestly and sincerely request all their prospective guests to place no bets and lay no wagers, and to use their influence to restrain others from this occasion, and to this end the committee invokes the world wide respected courtesy due from a guest to a host who is doing everything in his power for the guests entertained.

Mr. and Mrs. Leon Powell returned Wednesday from a three week's trip to California and other Pacific states. They enjoyed their trip immensely but were glad to get back to beautiful Kimble County. Their little son, Milton, had as great a time as the father and mother. They are content to live in this section as its beauty and grandeur compares favorably with any seen by them on this long trip.

Mr. A. W. Loeffler spent the week-end in San Antonio with his wife and little daughter.

P.-T. A. CLOSES SUCCESSFUL YEAR'S WORK

At the final meeting of the local parent-teachers' association at the high school building Monday afternoon many matters of the organization were discussed and disposed of as the next meeting will not be held until August. The report of the treasurer shows that with the balance at the beginning of the year the receipts have been \$648.19 and the disbursements have been \$552.10, leaving a balance in the treasury at the time of the report of \$96.09. In addition to this balance the association has a fund designated as the cookbook fund which shows a balance of \$225.33. The cookbook fund is derived from the sale of cookbooks which have been sold at \$1.25 each, but at the meeting Monday it was decided to reduce the price to \$1.00.

During the year the organization has added many books to the library and at the request of many patrons the ladies decided to keep the library open one evening each week during the summer. It was announced Monday that it would be open school and is desirous of 2 to 5 o'clock. This will give those interested an opportunity to read the books during the summer. The value of the loan library was brought out by the teachers.

The committee that has in charge the yard beautiful contest will continue to function until the contest is closed. Further announcements of this work will be given in the Eagle from time to time. Those interested are urged to improve and beautify their places.

Considering the finances at their disposal, the ladies have accomplished great results. They have had beautiful cooperation from the vocational agricultural class in building walks and flower beds around the school building. The association is interested in the growth and expansion of the each Thursday afternoon from operating with every agency in increasing the usefulness of the schools.

At the August meeting plans will be matured for the work of the next school session.

Teachers Selected Junction Schools

At a recent meeting of the school board of the Junction schools the following were elected for the next term:

Guy C. Moses, superintendent. Albert J. Bierschwale, principal high school. Earl Bowers, athletic coach. Mrs. Joe Felps, Miss Nellie Bennett, Mrs. Margaret Dutton, Mrs. Grady Kindrick, Miss Mary Ellis Blackburn, Miss Mary Willis, Mrs. Earl Bowers, Miss Natalie Lowry, Miss Ruby Newman, Miss Austin Durst.

GOLF TOURNAMENT

Mr. J. R. O'Bryan, manager of the local golf course, announces that a tournament will be played in the near future, open to all golf players in Kimble, Edwards, Mason and Menard counties. This tournament, as played in the past, will be played according to the rules of the game. A prize will be offered the winner.

Mr. O'Bryan states that several changes have been made in the rules of the course. Beginning with June the first a club fee of five dollars will be required before anyone is eligible to buy a book for the course. The price of the books, however, has been reduced from \$10 to \$9.

Additional information will be given about the tournament in subsequent issues of the Eagle. Mr. and Mrs. Leonard Cowser left the first of the week for a trip to Houston and Galveston.

18 Years Ago

John Fleming left Saturday for the Guadalupe where he goes to receive some cattle which he recently bought from a Mr. Ford.

Mr. and Mrs. B. Davis moved back to town last week after spending several months at the W. W. Chaison ranch.

The Pepper school closed Friday after a very successful term with Miss Lena Griffith as teacher.

While on the way to church the other day the buggy horse driven by Cioma Taylor and Gene Tomberlin became frightened, ran away and turned the buggy over, but both boys escaped injury as did the buggy. Quite a misfortune befell our progressive goatman, Ed Fleming, when his fine billy, Prince Arthur, and also two others died.

Ed Fleming has had a very complete irrigation put in on his ranch.

Billie Bartley caught one lone fish and he only fished three nights with a trout line.

Mrs. Dona Boone is receiving some new milking rods. Robert Bissett and Bob Ragland made a trip to Noxville Wednesday.

John T. Wilson passed through Junction Thursday headed up South Llano with his dry goods store on wheels.

Albert Bannowsky of London visited the home of Dr. Burt this week.

Bob Turner, Jr., has gone to Oklahoma with cattle for Frank Baker.

Mrs. Katherine Highsmith returned to her home on the Divide Wednesday after a visit with friends and relatives in Junction.

Mrs. E. M. Browning, Mrs. O. C. Reid and Mrs. Colbert Reid are visiting at the home of Mrs. O. C. Reid's parents, Mr. and Mrs. W. H. Sheppard of Mason.

J. R. Highsmith and daughter, Mrs. Ed Saunders, came in from the Divide Thursday.

A. Quisenberry is back from Menard where he delivered 823 steers from his ranch near Junction to Mr. White of Brady. D. Graves, Raymond Hodges, Jesse Schrier, Ernest Schrier, Lee Corder, Jim Henderson, Man Wolf, S. L. Jeter and Charles Bruce went to Menard with the Quisenberry cattle.

Sam Nigh of Menard bought C. D. Hensley's sorrel buggy horse.

Mrs. H. McCaleb and Mrs. W. C. Jones are visiting their mother, Mrs. E. W. Brewer at London.

Paul Hensley and sister came in Wednesday. Paul was returning from the hospital at Temple, and Miss Bertha from near Lometa where she has been teaching.

Mrs. Mollie Taylor was in Wednesday from the Frank Baker ranch on Bear Creek.

J. A. Heyman has installed a fine new soda fountain in the City Drug Store and invites you to come in and refresh yourself.

Joe Clout was in Junction a few days this week and reports things flourishing on the Divide.

W. R. Richardson and Colbert Reid made a trip to Menard Tuesday.

Wiley Anderson of Edwards County came through Junction Thursday with about nine hundred head of steers that he had sold to W. W. Taylor to be delivered at Menard.

Mr. and Mrs. Frank Baker passed through Monday enroute to Menard where they will take the iron horse for Richland Springs and other points.

A farewell card party was given in honor of Miss Sallie Nance last Saturday afternoon at Bramble Tie. Everyone present enjoyed themselves to their heart's content by playing pool.

The following guests were present: Misses Ella and Josie Bolt, Lottie and Maggie Smith, Helen Lucke. Sunday morning Mrs. Doug. Nance and Miss Lottie Smith accompanied Miss Sallie as far as the Spiller ranch, where Mr. and Mrs. Nance met their charming daughter and returned to Menard in the afternoon.

A fine birthday dinner was given at the home of Mrs. M. F. Roe Saturday in honor of Uncle Bill Roe's sixty-third year. Everyone arrived in good time and when they were called to the table which was awaiting them loaded with a world of good things everybody tried to

do justice to the turkey. After the table was cleared the afternoon was spent in merry making and when it was time to go home the following wished Uncle Bill many happy returns of the day: Mr. and Mrs. Bill Roe and family, Mr. and Mrs. Anderson and family, Mrs. Moore and family, Mr. and Mrs. Knibbe and little son, Mr. and Mrs. John Roe and family.

A jolly crowd gathered at the home of Mr. and Mrs. Doug. Nance Monday night and surprised them with a birthday dance. Music was rendered on the piano by Mr. Harry Patterson. Everyone enjoyed themselves until a late hour, and then bade Mr. Nance many good wishes and hoped he would live a hundred years and then not die. Those present were: Misses Minnie Stephen, Cora Adkins, Willie V. Kountz, Sadie Oliver, Helen Lucke, Lottie and Maggie Smith, Juliette Holland Mrs. Mollie Taylor and daughter, and Mrs. Knibbe; Messrs. Blackstone Smith, Homer Livingston, Harry Patterson, Barney Ragland, John Hez Denman, Fred Kountz, Noah Schrier and Alvin Knibbe.

A Tacky party under the auspices of the Woman's Home Mission was given at the M. S. Nichols home in Junction Friday night, and a tacky party it was, for a more ridiculous, seedier, tackier bunch we have not seen together in several days. Ed Saunders, the tailor, was awarded the gentleman's prize and Miss Mae Reese the ladies' prize. Fruit, cake and lemonade were the refreshments.

Thursday night at about 10:15 the town was aroused by a fire alarm and flames were found to be fast consuming the Dr. R. H. P. Wright barn and threatening his residence. A large crowd soon gathered and the heroic work of the bucket brigade was all that saved the Dr. Wright home from utter destruction.

WHY THE SMILE

Young's Stomach Powder quickly relieves sour stomach, dyspepsia, gas bloating, heart burn, sick headaches and nervousness. Cannot fail to benefit you. Druggist returns money if it fails.

Awbrey-Bell Drug Co.

"I'll drive," said the wife as she climbed into the rear seat.

CLUB RATES FOR STAR TELEGRAM AND EAGLE

During the month of May anyone interested in the Star Telegram may subscribe until December 1 for \$4.38. This includes the Sunday paper. Without the Sunday issue the subscription until December 1 will be only \$3.63.

A better proposition will be to take the Star Telegram and the Junction Eagle one year for only \$5.00. The Star Telegram without Sunday until December 1 and the Junction Eagle one year for only \$4.50.

This is an opportunity to get two good papers at an unusually low price. The sooner you bring in your subscription the more copies you will get of the Star Telegram.

SO THEY SAY

The following are some answers given by eighth grade children—so the story goes:

The equator is a menagerie lion (imaginary line) running around the earth.

A blizzard is inside of a duck. The wife of a vicar is a vixen. Martin Luther did not die a natural death—he was excommunicated by the Pope's bull.

The epistles were the wives of the apostles.

You can look down a volcano and see the creator is smoking. M. D. means "mentally deficient."

A deacon is what you light on top of a hill.

A thermometer is an instrument for measuring temperature.

AN INVITATION

Philip Joseph invites you to meet Dr. Scholl's expert from Chicago Saturday, May 25, at his store if you are having trouble with your feet. No matter how painful or difficult your foot trouble may be, you will be shown the new, quick, easy way to get relief.

Uncle: "And when was the baby born?"

Father: "Between the second payment on the radio and the tenth on the car."

To make orange ice for dessert you need 2 1/2 cups of orange juice, 1/4 cup lemon juice, 1/2 cup sugar, 1/4 teaspoon salt, and 1 egg white. Strain the fruit juices, add the sugar and salt, and stir until the sugar is dissolved. Freeze with a mixture of 1 part salt to 4 to 6 parts of ice. Turn the crank slowly. When partly frozen add the beaten white of egg and turn until firm. Pack in ice and salt for an hour or so before serving.

Flapper: "Have you any green lipsticks?"
Druggist: "Green lipsticks?"
Flapper: "Yes, a railroad man is going to call on me tonight."

County News

LONDON LOCALS

The banquet served by the Juniors to the Senior class of London High School the 15th was well attended and enjoyed by all. This was a grand thought, progressive and elevating in its very nature.

In chemistry it is a known fact that if you mix the purest known extract with an impure extract, the entire become impure and is an adulteration and in many respects dangerous. Just so it is in life. You can't mix the higher ideals of life with the baser and still hold the higher. You can't mix good and bad together and still be good. The result is degrading. There is nothing in common with good and bad. To mix them the result is bad.

Mr. W. L. Kothmann shipped a car of cattle to market last week which brought him a good price; he is shipping sheep now.

We are glad to learn that the Kimble County Chamber of Commerce has employed our neighbor, Mr. Everett Stewart, as secretary for full time. Everett is ambitious and this position gives him a further step higher and opens up a new field of opportunity which we believe he will appreciate and take advantage of by making good.

Our school closed Friday. This has been a good term. Good work has been done, but more and better work is needed and is in your reach. I want to call your attention to the few words spoken by Weaver H. Baker directly to the community relative to your school at the beginning of his lecture to the graduates Friday night. In order to raise your school to an affiliated school it will require more money. The law provides ways whereby we can obtain that money, and it is up to this community to say they are satisfied or that they will raise the grade of their school. Every teacher employed should use all their influence to create a sentiment for a higher grade school. The board of trustees should be wide awake and take such steps as are necessary to bring about a condition that will insure the raising of the grade of our school. This condition is coming; why not you lead out and be instrumental in bringing it about. Don't wait until some stranger comes in and puts over tomorrow the thing that you should put over today. I am speaking to you, and you and you. It is your children who need a better school, an affiliated school.

All of our school entertainments were fine and well attended. Everybody enjoyed them and speak in praise of them.

The County Line school at Saline gives a play Friday night, the 24th. Everybody is invited. Miss Jessie Weaver is principal and Mrs. Alta Weaver is primary teacher. Nough said! The play will be worth while. Let's all go.

A meeting conducted by a Brother Methodist and Brother Presbyterian and possibly others will begin at the Community Hall June 2. We hope others will join in with these men and make it truly a union meeting. It matters not how strong you believe in your denominational doctrine (and you need not say you are not doctrinal, because you are) the other fellow believes just as strongly as you do, and his life may prove a stronger faith than yours. None of you have the coons all up one tree. If any community needed a revival of the Christian religion this one needs it and it will never come by the different beliefs fighting each other. That condition prevails when the prosessed followers of Jesus Christ gets self out of the way and Christ becomes all in all. Why not try this once and note the result.

Carl L. Bryant is moving the machinery to his oil well location on the Lambert farm.

Mr. Achison is now drilling a water well for A. S. Adams. Everything is moving nicely and I am yours, for another shower.

TELEGRAPH NEWS

Miss Lela Huffman of San Antonio is visiting at Earl Huffman's ranch.

In designing dresses for a large woman, the center of interest should be kept toward the center front and center back, not toward the hips. Vertical lines help to give a slenderizing effect.

REPORT SHOWS 14,477,874 BALES COTTON IN 1928

The Department of Agriculture in revised estimates of the cotton crop of 1928 reported total production for the year was 14,478,000 bales of 500 pounds gross weight.

The census bureau also revised its ginnings report for the year, showing a total of 14,477,874 bales of 500 pounds gross weight ginned up to May 17, 1929.

The department said the principal cause of damage in 1928 was the boll weevil, the reported loss averaging 14.1 per cent for the cotton belt proper. This figure was somewhat below the 18.5 per cent reported for 1927 but above every year since 1926.

The next most important cause of damage, the department announced, was excessive moisture. Damage attributed to excessive moisture was 7.3 per cent, compared with 4.9 per cent in 1927. Damage attributed to deficient moisture was 4.4 per cent, compared with 6.4 per cent in 1927.

The department reported that out of an area of 46,946,000 acres 45,341,000 acres were picked. The average yield of lint cotton picked per acre during the year was 152.9 pounds.

Reductions in cotton yields per acre due to various causes was reported to have been 36.4 per cent of a normal or full crop. In 1927 the reported reduction was 38.5 per cent, and in 1926 was 29.5 per cent.

CUT WORMS

College Station.—Cutworms do not seem to be generally prevalent this season, but where they are damaging gardens and crops by cutting off the plants, poisoned bran mash will very effectively control them. This is made up of 20 pounds bran, one pound Paris Green, two quarts cane molasses and six lemons, using both juice and rind which has been previously run through a meat grinder. The ingredients should be mixed with enough water to make a mash that is thoroughly moist but not sloppy. R. R. Reppert, Entomologist in the Extension Service, suggests that hill crops may be protected by placing one-fourth of a teaspoonful at the base of each hill, and row crops by sprinkling the mash along in a thin line at the base of the plants.

Men should be made to take vacations—so they won't get the idea that they're indispensable.

Oakland was the first car to adopt the fuel pump, now used by thirty manufacturers.

It costs very little to recondition a MODEL T FORD

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of trouble and expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to supply parts as long as they are needed by Ford owners.

So that you may get the greatest use from your Model T, we suggest that you take it to the nearest Ford dealer and have him estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure now will help to prevent costlier repairs later on, increase the value of the car, and give you thousands of miles of additional service.

For a labor charge of only \$2.60 you can have your generator put in first-class condition. A new universal joint will be installed for a labor cost of \$3. Overhauling the carburetor costs \$1.50; steering gear, \$3.50; radiator, \$7.50. A complete overhauling of the rear axle assembly runs between \$5.75 and \$7 for labor. An average price of \$22.50 covers the overhauling of the motor and transmission.

These prices are for labor only because the need and number of new parts depend on the condition of each car. The cost of these parts is low, however, because of the Ford policy of manufacturing and selling at a small margin of profit.

KNOW TEXAS

One-third of the commercial spinach crop of the United States is grown in Texas, most of it in the Rio Grande Valley.

Although relatively a new crop, Texas now ranks third in citrus fruit production in quantity and first in quality.

Texas ranks second in value of exports with raw cotton first in value of its exports.

The Texas public road system comprises about 180,000 miles of which nearly 20,000 miles are known as "improved." State and Federal improved highways total 9654 miles and there are about 10,000 miles of gravel, sand-clay or other "improved roads."

Petroleum and natral gas represent the most important mineral resources of Texas, but granite, marble, graphite, gold, silver, copper, iron, lcthyol, lead, zinc, tin, quicksilver (mercury), sulphur, borax, gypsum and mica are found in either the Central Mineral or the Trans-Pecos region, while coal and lignite are produced in many parts of the state. Potash and other valuable minerals are known to exist in Texas, but have not been developed. Asphalt, carbon black, celestite cement, clays, including several deposits of kaolin, Fuller's earth, gas, natural gasoline, guano, limestone and lime, manganese—all are produced in Texas.

J. A. (Cutter) Cunningham of Brownwood has been added to the sales force at the Awbrey-Bell Drug Company. Mr. Cunningham is an experienced fountain man and has had several years experience in drug stores. Mr. Awbrey has known him several years and considers that he is fortunate to secure his services.

The editor and his family enjoyed a liberal supply of fresh blackberries Saturday of last week furnished by Mr. O. W. Cardwell. He believes in diversification as is evidenced by the variety of things grown on his ranch. He is making some experiments with various kinds of fruit on his ranch and the Eagle hopes to be able to give encouraging reports from time to time of the success of the experiments.

LATE NEWS

Kerr County has been selected by the American Red Cross as a site for one of the 11 camps in the United States where life saving and first aid methods are to be taught this summer. Mrs. Amy Wallace, secretary of the Chamber of Commerce, has been advised by National headquarters of the Red Cross at St. Louis. The Red Cross Institute will be held at Camp Wabun Annung, 10 miles southwest of Kerrville. It will open on June 13 and close June 22.

Execution of John A. (Pete) McKenzie, convicted slayer of San Antonio Chief of Detectives Sam Street, which had been set for Friday morning, May 24, was Wednesday ordered by Governor Moody stayed until Friday, June 7. It is McKenzie's second reprieve.

Little Gems

A picture is a poem without words.—Horace.

He is the happiest, be he king or peasant, who finds peace in his home.—Goethe.

The man who trusts men will make fewer mistakes than he who distrusts them.—Cavour.

Manners,—the final and perfect flower of noble character.—Winter.

The superior man wishes to be slow in his words and earnest in his conduct.—Confucius.

An investment in knowledge always pays the best interest.—Franklin.

Sin has many tools, but a lie is a handle which fits them all.—Holmes.

A miser grows rich by seeming poor; an extravagant man grows poor by seeming rich.—Shenstone.

A single profane expression betrays a man's low breeding.—Joseph Cook.

Good temper is like a sunny day; it sheds its brightness everywhere.—Sidney.

Every noble life leaves the fiber of it interwoven forever in the work of the world.—Ruskin.

God assists us in the virtuous conflict, and will crown the conqueror with eternal rewards.—Blair.

Great results can not be achieved at once, and we must be satisfied to advance in life as we walk—step by step.—Smiles.

STATE'S OFFICIAL SONG NAMED BY LEGISLATURE

Austin.—"Texas, Our Texas," by William J. Marsh and Gladys Yoakum Wright of Fort Worth will become the official song of the State as soon as Gov. Dan Moody affixes his signature to a Senate concurrent resolution by the House Monday. The song was selected by a committee as the best among many offerings.

Little Bill Smith was completely paralyzed in both limbs as a result of jumping out of a car while running full speed. He is under the care of Dr. Wright, Chiropractor, of this city, and is improving wonderfully. He is now, after seven Chiropractic adjustments, able to walk without help.

Mr. F. H. Dunk was feeling better when in Junction Tuesday than he did last week when his family were all gone and the editor saw him sitting on a car fender on the square looking so lonely. In fact, he was feeling so good Tuesday that he paid his subscription to the Eagle two years in advance.

Judge Weaver H. Baker's Sunday School Class had an interesting meeting at the Baptist Church Thursday night of last week. Judge J. B. Randolph addressed the class, several songs were sung and refreshments served to nearly thirty men. This live class of men have a social meeting each Thursday evening. A fishing excursion is planned for today.

Colonel Charles A. Lindbergh landed at Portland airport at 2:31 p. m., Eastern daylight time Wednesday, on a flight from North Haven, Me., bringing four members of the family of Ambassador Dwight W. Morrow, including his fiancée, Anne Morrow.

Kimble County C. C. Holds Regular Meet

The regular monthly meeting of the Kimble County Chamber of Commerce was held in the district court room Tuesday evening. The band played several selections before the business session was opened.

Judge J. B. Randolph, Judge Weaver H. Baker, A. G. Farmer and others made addresses of the road problems of the county. The work continues on the Noxville road and it is hoped that the work of tarviating the Old Spanish Trail fourteen miles west of Junction would begin soon. The delay has been caused by not being able to secure deeds to a part of the right-of-way.

The Junction Jubilee that will be held here on June 13 and 14 was discussed by Mr. O. W. Cardwell. Mr. Cardwell is in charge of the polo games and the riding events. He is very anxious for a great time on the afternoon of the two days on the Skaggs place just west of the city.

Committees have been appointed and are now at work for the big jubilee.

This was the first meeting since Mr. E. V. Stewart was selected as full time secretary. He is now on the job working for the road program, Junction Jubilee and many other objects fostered by the Kimble County Chamber of Commerce.

White House officials said that the \$250,000 fund appropriated by Congress at the last session for an inquiry into prohibition enforcement would be available for the new National Law Enforcement Commission.

HORNSBY TO RECEIVE \$11,200 FOR SERVICES

Austin.—The signature of Gov. Dan Moody is worth \$11,200 to State Senator John W. Hornsby.

The House Monday finally passed the Small Senate bill authorizing payment of that amount to Mr. Hornsby in settlement for legal services in the suit against the Hoffman Construction Company in 1926, when the State recovered more than \$400,000. Governor Moody at the time was Attorney General and asked Mr. Hornsby then County Attorney of Travis County, to assist in the suit. Under the law, it was explained, Mr. Hornsby is entitled to more than \$20,000.

HUNDRED FAMILIES FLEE BEFORE FLOOD

Texarkana.—More than 2,500 acres of land outside of the Red River levee in Little County were under water Tuesday and about 100 families had moved to higher ground as flood stages continued.

The territory affected extends from the Ogden levee district at Index to the mouth of Little River, near Fulton. In some instances, water was so high residents were fleeing the lowlands were forced to use boats.

An increase in the height of the river water was negligible except at Fulton, where it reached thirty feet.

Greater Productive Efficiency!

LOWER cost—greater productive efficiency. These are vital factors to the manufacturer who is planning to move his factory away from congested centers of population

—Widespread power distribution and improved transportation facilities have fitted the smaller cities and towns for industrial purposes. Where living costs are lower, a lower wage scale is as effective as high wages in the large cities. Where living conditions are pleasant and home owning within the reach of moderate incomes, workers are conservative, productive, permanent. Where getting to and from work is unhurried and uncongested, valuable human energy is conserved.

The cities and towns of West Texas have all these advantages to offer. With its 70,000 horsepower of electricity available, its three great generating stations and 15 auxiliary plants, this company insures industries abundant uninterrupted service, similar to that enjoyed in the great metropolitan cities.

West Texas Utilities Company

**MAY ANNIVERSARIES
DISTINGUISHED MASONS**

Stephen Girard, American philanthropist and a member of Lodge No. 3, Philadelphia, Pa., was born May 20, 1750, near Bordeaux, France.

William Barton, who as a colonel in the American Revolution captured the British officer, General Prescott, was born at Providence, R. I., May 26, 1748, and was a member of St. John's Lodge in that city.

Maj. Gen. David Wooster, founder of Hiram Lodge No. 1, New Haven, Conn., and its first Master, died near Danbury, Conn., May 2, 1777.

Capt. Billy Porter, an officer of the American Revolution, became a member of St. Andrew's Lodge, Egston, Mass., May 8, 1777.

The celebrated Voltaire, a member of the Lodge of the Nine Sisters in Paris, France, died in that city, May 30, 1778.

William Judd, Grand Master of Connecticut and a distinguished lawyer, became a member of American Union Lodge, May 5, 1779.

Josiah Bartlett, a signer of the Declaration of Independence, was made a Mason in Union Lodge No. 40, Danbury, Conn., May 2, 1780. His death occurred at Kingston, N. H., May 19, 1795.

Daniel Carroll, a delegate to the convention which framed the Constitution of the United States, was initiated in Maryland Lodge No. 16, Baltimore, May 9, 1780. On May 8, 1781, he was raised to the Degree of Master Mason.

Major Henry Price, who was appointed first Provincial Grand Master of New England (1733) by the Grand Master of England, died at Townsend, Mass., May 20, 1780.

Robert Burns, famous Scotch poet, was made a Royal Arch Mason and a Knight Templar in St. Abi's Lodge, Eyemouth, May 19, 1787.

William Henry, Duke of Clarence (third son of George III), became a member of Prince of Wales Lodge, May 30, 1789, and was Master for three years.

**ROBISON PREPARING
REPLY TO COMMITTEE**

Austin, May 18.—J. T. Robison, veteran commissioner of the general land office, is preparing a reply to the charges brought against him in the report of the joint legislative committee which investigated his department.

A copy of the report was delivered to him today for the first time, he stated. It was submitted to the two houses Thursday.

"I will have a statement for the public in which I will make a full reply to the report," Commissioner said.

TEACHER'S HELPER

A kindergarten teacher, who was obliged to leave the room for a few moments, returned just in time to see one mischievous little chap sneaking up the aisle toward the front of the room.

"What are you doing, James?" the teacher asked.

James hesitated a moment; then he replied hopefully:

"I was just coming up front to see if everybody was good."

**WEEKLY TOLL OF LIFE
AND LIMB IN TEXAS**

The Texas Council of Safety Austin, furnishes the following summary of accidents, their character and result, for the week named:

April 24-30:

Causes—	Injured	Killed
Automobile	117	12
Railway train	4	3
Interurban car	2	2
Airplane	2	1
Other vehicles	15	7
Falls	14	2
Burns	7	4
Drowning	0	4
Firearms	3	2
Explosives	4	42
Other causes	21	6
Total	191	46

Of the above, seven were injured and five killed in home accidents and nine injured and four killed in industrial accidents.

Jan. 1, 1929, to date, 4,011 injured and 695 killed in accidents of all kinds, and for the corresponding period, 1928, 1,982 injured and 525 killed.

**MRS. GANN AND ALICE
HOLD FRIENDLY CHAT**

Washington, May 17.—Mrs. Alice Roosevelt Longworth, the wife of the speaker, and Mrs. Edward Everett Gann, the sister and official hostess of Vice President Curtis, who have been reported at odds in a social way, today walked into the Senate gallery together and chatted in a friendly manner for a few minutes.

The arrival of the two women created quite a stir in the Senate chamber. For days it has been rumored that Mrs. Longworth has declined to accept the ruling of the Washington diplomatic corps that Mrs. Gann should rank as the wife of a Vice President.

But neither Mrs. Longworth nor Mrs. Gann has discussed the reported dispute between them.

Today both arrived by coincidence at the Capitol at about the same time and by chance entered the same elevator together. Mrs. Longworth was in the elevator as Mrs. Gann arrived.

Both spoke and exchanged greetings. They are acquaintances of long standing. Leaving the elevator, Mrs. Gann invited Mrs. Longworth to accompany her to the Vice President's row in the gallery and Mrs. Longworth cheerily accepted.

**AMERICAN MOHAIR
INCREASES 8 PERCENT**

Mohair production in the six important producing states of the United States in 1928 amounted to 14,522,000.

The full text of the statement follows:

This was an increase of 1,052,000 pounds or about 8 per cent over the production of 1927. Nearly all of the increase was in Texas, which produces over 80 per cent of the total.

The estimated production in the different states in 1928 was as follows: Texas, 12,330,000 pounds; New Mexico, 629,000 pounds; Arizona, 684,000 lbs.; California, 176,000 pounds; Oregon, 525,000 pounds; Missouri, 178,000 pounds.

Junction, year-round playground

**NOTICE OF HEARING
to
Appropriate Public Waters
of the
State of Texas
No. 1204**

Notice is hereby given, to whom concerned, that

The Texas Pipe Line Company, the postoffice address of which is Houston, Texas, did on the 26th day of April, A. D. 1929, file its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate of the unappropriated waters of the State of Texas, from the Llano River in Kimble County, Texas, not to exceed 1000 acre-feet of water per annum, for cooling and condensing purposes, in connection with power development, not to exceed 1200 HP, to be diverted by means of a pumping plant, the intake to the pump to be located at a point which bears S. 74 degrees East 92 feet, from the Southwest corner of E. S. Haynes Survey, No. 62, on the North bank of the North Fork of the Llano River, in Kimble County, Texas, distant in a Westerly direction from Junction City, Texas, about twelve (12) miles.

You are hereby further notified that the said Texas Pipe Line Company proposes to install a pumping plant, to consist of a 4x4 McGowan Horizontal Duplex pump, operated by a 5-HP Westinghouse Motor, having a height of lift of 48 feet, and to divert therewith not to exceed 1000 acre-feet of water per annum, for the purpose herein stated.

A hearing on the application of the said

Texas Pipe Line Company will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on Monday, May 27, A. D. 1929, beginning at ten o'clock a. m. at which time and place all parties interested may appear and

be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board, at Austin, Texas, this the 26th day of April, A. D. 1929.

Jno. A. Norris,
C. S. Clark,
A. H. Dunlap,
Board of Water Engineers.

Attest:
A. W. McDonald,
Secretary.

<p>JUNCTION GROCERY "Better Food—Lower Prices" Phone 148 Junction</p> <p>Cheap foods are a menace to health and costly in the long run. Quality groceries are actually cheaper. We say without hesitation that we sell as cheap if not cheaper, than any store in Junction and a glance at our goods and prices will convince you. For instance we sell Red Seal Roast Beef, rich juicy meat with gravy in 12-oz. cans at 30 cents. This is cheaper than you can buy the meat and roast it yourself. M. J. B. Coffee in pound cans we sell at 62 cents and the 3-lb can at \$1.80. In teas we have all the popular brands: Folger's teas in vacuum cans, Lipton's, Maxwell House, Banquet, Tree and Tumbler brand in ice tea glasses. We have also just received a new stock of Maple-Ade Syrup, a rich, tasty syrup. Try it. And we also carry many brands of fly spray and insecticides at prices way below the average. For the person who likes cold food in summer we have sardines, salmon, tuna, potted meats and cheese.</p>	<p>LOEFFLER MOTOR CO. Phone 105 "Ford—Lincoln" Junction</p> <p>The man who buys a Model A Ford car is well looked upon by the community as a keen buyer, a shrewd judge of values and his automobile becomes, even though he buys it on the installment plan, not a millstone around his neck but a real asset. He becomes the envy of his friends and his prestige takes a decided boost. And why not? Twenty-five years of knowing how, mass production, ownership of raw materials gives the Ford Motor Co. a position not equaled by and other.</p> <p>Class, distinction, economy, speed, the equal in transportation of any 6-cylinder car, low upkeep, the ability to travel at 40 or 50 miles an hour all day long without overheating—why shouldn't any man want to own a Model A. It follows in the footsteps of the Model T as the most valuable for the money in the motor car world.</p>	<p>B-C MUSIC SHOP Phone 86 Radiola-Victrolas Junction</p> <p>With summer comes the problem of entertainment when it is too hot to go to the movies and automobile rides become bore-some. What soothes like an easy chair on the front porch and the enchanting strains from Victrola, Radiola 33 or Radiola 64, the new superheterodyne.</p> <p>If your choice be a Victrola we have the latest models. If you already have one, we have four different makes of records, late hits. We have just received Gene Austin's newest hit, "The Dream Girl of PI K. A.," as well as many others.</p> <p>Buy mother a new A. B. C. Electric Washer, electric iron or vacuum cleaner.</p> <p>And to the rancher we call attention to the new Westinghouse automatic electric light plant capable of fulfilling all the electrical needs of the average ranch.</p>	<p>BORDEN ICE CO. "Perfect Refrigeration" Phone 133 Junction</p> <p>With the advent of hot weather the problem of refrigeration again looms, and wonder just what method we should use to preserve our food. At this time it is always well to remember that "Ice is always cold and requires no fixing." Automatic refrigerators are subject to whims. Electric current is prone sometimes to discontinue due to various causes, then your automatic ice box becomes a useless piece of furniture. There is no danger of fire from ice, no short circuits, nor fuses to watch; you can go away and leave it all day long. Keep your old ice box and continue to use ice—it pays. Automatic refrigerators are also dangerous at times as the freezing pipes contain sulphur dioxide gas which has been known to escape through leaks, and poison food, according to chemists.</p>
<p>WAHL BROS. & SCHRAUB "Automatic Refrigerators" Phone 196 Junction</p> <p>The Department of Agriculture tells us that food keeps best at a temperature of 36 degrees, that mold and bacilli form quickly when the temperature goes over 50 degrees. Constant temperature is impossible with ice. The Superflex Refrigerator is entirely automatic and requires attention but once daily. Its energy is common kerosene, less than a pint burning daily.</p> <p>The box proper will hold all the food necessary for a large family and in addition freezes 32 cubes of ice (four pounds) for iced drinks, etc. The Superflex costs less than two cents a day to operate, is entirely independent of electricity, absolutely safe and is the most efficient automatic ice box on the market.</p>	<p>JUNCTION HARDWARE CO. "Better Hardware Always" Phone 88 Junction</p> <p>There is not an article of hardware that is not manufactured in various degrees of quality. Junction Hardware Co. stocks only quality hardware. It may cost you a little more than inferior quality but it is really the cheapest.</p> <p>To ranchers we call attention to the fact that now is the time to repair fences. If you are in the market for fencing and can use one-half mile or more we want to talk to you. Our price on quantity fencing speaks out loud. We have four miles of 25-inch, 8 line wire, 12 inch stay fence, 14 gauge at \$65 a mile; five miles of 30 inch 9 line wire, 12 inch stays, 14½ gauge fence at \$70 per mile and 8 miles of 35 inch, 10 line wires, 12 inch stays 14½ gauge fence at \$80 per mile.</p> <p>Our terms on this are money on the barrel head and try to beat these prices anywhere.</p>	<p>N. C. PATTERSON Phone 246 Jewelry--Gifts Junction</p> <p>Graduation draws near, the day on which many of the boys and girls of Junction will receive their sheepskins and start out to conquer the world. This is the one day that must be marked by suitable gifts. We urge the fathers and mothers of the coming graduates to look over our line of graduation gifts while it is complete, for what pleases like jewelry. For the sweet girl graduate there are exquisite wrist watches from \$10 up; beautiful pearls as low as \$1; beaded purses for \$4; Edison pen and pencil sets in handsome gift box at \$4.50 or combination fountain pen and pencil at \$3.50. For the boy there are stylish pocket watches; wrist watches, dainty scarf pins, fountain pens, belt watch chains, cuff links or signet rings. And remember we do watch and clock repairing as it should be done and at extremely reasonable prices.</p>	<p>CITY BAKERY Phone 213 "Perfection Bread" Junction</p> <p>Here is a message for the housewives of Kimble County. Perfection Bread solves your summer bread problem. Why slave over a hot oven with the mercury at 90 when your very best efforts cannot produce better bread than Perfection, Nu-Loaf, Rye or our 100 per cent whole wheat bread now as cheaply as you can buy it? To try our breads once is to become a customer. Ask your grocer for it. And to top off a meal with a dessert fit for a king try one of our individual pecan pies. Only ten cents and worth double. We also bake buns, Parker House rolls, cinnamon rolls, daily. Our homemade pies are better than mother used to make while our cookies, small cakes of many varieties make wonderful between meal bites.</p>
<p>McCARROLL LUMBER CO. "Better Building Materials" Phone 83 Junction</p> <p>Lumber is one of the commodities that is much misunderstood by the public. Like many other articles of commerce it is graded according to its clarity, grain, etc. This fact places the purchaser more or less at the mercy of the lumber dealer, who has a splendid chance if he so desires, to hand out second grade and charge for first unless the buyer is one of the few who knows lumber when he sees it and even then many can be readily mistaken. We wish to impress upon the minds of Kimble County folk that what you order and pay for here is what you receive.</p> <p>In addition to the finest lumber on the market we also carry in stock: B P S Paints for house or barn; Sheet Rock, the perfect interior finish, Brick, Tile, Sand, Plaster, Cement—all kinds of Cedar Posts, door and window frames. In fact we can take care of all your building needs.</p>	<p>PHILIP JOSEPH "The House of Quality" Phone 89 Junction</p> <p>Nearly 19 years of honest, reliable merchandising has placed the house of Philip Joseph in an enviable position among the great stores of Texas. Quality goods at popular prices and a fair profit has always been the axiom of this establishment. And the people have appreciated it.</p> <p>The finest wearing apparel the factories of the nation produce is found in our stocks. Take for example the Stetson hat. Try to sell a Westerner anything but a Stetson and he becomes indignant. We have all styles from the newest feature hat to the 10-gallon variety. Then shoes—whether for man or woman, we have the leading brands: Florsheim, Edwin Clapp, McElroy-Sloan, Peters. For ladies we offer Phoenix and Van Ette Hosiery—none better—in all the wanted shades.</p>	<p>HAZELWOOD LAUNDRY "The Laundry Does is Best" Phone 72 Junction</p> <p>More people would use the laundry if they understood the benefits to be derived from it. Clothes washed by the laundry actually last longer than clothes washed at home. The modern laundry does not wring clothes but extracts the water with an extractor. Wringing tears garments, rips off buttons and lessens their life.</p> <p>Try one of our various services. You will become a regular customer for we take the wash out of wash day. Our services complete: Rough dry, clothes washed and returned dry but unironed, flat work, 6 cents pound, wearing apparel 8 cents, minimum 10 pounds; wetwash, clothes washed, returned damp, 6 cents lb., minimum 10 lbs.; finished, everything washed and ironed, anything requiring starch are starched, buttons sewed on, rips repaired; flat work 7 cents lb.; wearing apparel 20 cents lb.; minimum 10 lbs. Don't slave over a hot stove or steaming tub. Let us do it.</p>	<p>TEXAN THEATER Phone 212 "Entertainment" Junction</p> <p>All work and no play makes Jack a dull boy. Everybody must have relaxation, or in other words, entertainment.</p> <p>Former Secretary Kellogg never missed an opportunity to attend the movies; Woodrow Wilson frequently had a projector set up in the White House and films shown. What housewife after her day's drudgery does not appreciate a clean movie with well-laid plot. And the movie is also as necessary to the school boy and girl as the text book. It sharpens their intellect, makes them more alert and brings the world before their eyes. Attend the movies regularly and take the children. It is the finest of entertainment and the most efficient of educators.</p> <p>Our prize awarded after 8 p. m. only.</p>
<p>WHITE KITCHEN McWRIGHT TOURIST CAMP Phone 118 Junction</p> <p>A visit to the White Kitchen and McWright's Tourist Camp is well worth while. Just at the east edge of town, shady, cool, with the murmuring river nearby, it is an ideal spot for lunch or recreation. At the White Kitchen in the open air dining salon tasty meals or light lunches, iced drinks or bottled beer may be had. Our Tamales are known all over Kimble County as the finest example of this delicious Mexican food. Our red-hot Chili bears the same reputation. Our Dutch lunch is a real treat and ideal for a hot day. And as for sandwiches—ask for what you want. You will get it. And it is only at McWright's that you can get the famous Cities Service gas and oils, the gas that puts pep into your motor and the oil that adds comfort with economy to motoring. We also have a large stock of groceries as well as comfortable, clean cabins for the tourist.</p>	<p>CITY MARKET Phone 56 "Best of Meats" Junction</p> <p>Meats, to retain their flavor and freshness must be handled (to use an old phrase) with kid gloves. Once allowed to warm after being refrigerated they become tough, stringy and tasteless. Our meats are kept under refrigeration at all times in ice box or showcase kept at even temperature by automatic refrigeration.</p> <p>Therefore when you buy a piece of meat here whether it is a rich juicy roast or extremely tender steak you get the best the market affords. For warm weather we have lunch meats of every description: Liver loaf and sausage, delicately flavored with pistachio nuts, pressed ham, pimiento loaf, corned beef, head cheese and many others delicious and inviting. We also stock Brookfield cheese in all varieties. And for lunch some day try tasty pickled pig's feet, bones removed, nothing but solid meat. When you buy here you get the best of eats in the line of meats.</p>	<p>POWELL MOTOR CO. Precision Workmanship Phone 51 Junction</p> <p>It is precision workmanship that makes the automobile. It is precision workmanship that keeps it in service. If your car does not perform to suit you, bring it here. We will make it do its stuff. And why not go through the summer free from tire worry. A set of Kelly's installed now will save you time, worry and disposition. Correct lubrication adds years to the life of a car. Texaco, clean, clear golden oil in the crankcase and grease cups filled will make the old bus roll along better. We do greasing and do it right. We don't miss any cups. And a bath is sometimes good for a car. A car washed here is washed spic and span and the cost is small. Texaco gas is the high test gas that cost no more than ordinary gas. We have it.</p>	<p>HEYMAN DRUG STORE Service and Quality Phone 179 Junction</p> <p>Ever been out on a hot, sultry night with the mercury hovering around 90 and wish for a cooling drink? How good Heyman's will look to you with its glistening fountain replete with exquisite thirst chasers and delectable ice cream. Just try us once. And for toiletries this is the logical place to come. All the best known and wanted brands are on our shelves. In candy we stock the famous King boxed candies. None better—few as good. Kept in prime condition by refrigeration. And when you have a prescription, remember filling it is a delicate operation. Play safe—bring it here.</p>

Barbecue In Junction June 13 and 14

LOCAL HAPPENINGS

Robert Turner of Rocksprings was a Junction visitor Tuesday.

We turn houses into homes. **Farmer Furniture Co.**

Mrs. Ollie Fleming returned Tuesday from a visit to Austin.

Clothes Cleaned Wright—and right now. **Junction Tailor Shop.**

Curvature of the spine, common in children, can be corrected through Chiropractic. **6c**

Mr. and Mrs. Lewis Coleman left Tuesday for New Mexico where they will make their home on the Coleman ranch.

Captain H. W. Rieck left Wednesday afternoon on a business trip to San Antonio.

See the Special Demonstration of the Nesco Saffemetic Gasoline Stove at Wahl Bros. & Schraub's, Tuesday, May 28.

Mr. and Mrs. Edgar McLendon were Eden visitors last Sunday.

"Two for One" sale of Nyal products at the Hankins Drug Company on May 30, 31 and June 1. **6c**

Judge Weaver H. Baker and the Rev. G. W. Crabb went to London last Friday evening to see parts on the school program. Judge Baker delivered the address to the class.

Over five million pairs of Dr. Scholl's arch supports now in use. If you have any trouble with your arches, or suffer from bunions see the foot expert at Philip Joseph's store Saturday, May 25. **6c**

This has been a week of school social activities. The Senior class has been entertained nearly every evening this week and tomorrow night the graduating exercises will be held in the school auditorium.

Messrs. A. G. Farmer and W. R. McKee accompanied Elder J. S. Newman to Rocksprings Sunday where Brother Newman preached.

Our living room suites are investments in comfort. **6c Farmer Furniture Co.**

Elder J. S. Newman preached at Rocksprings last Sunday. He had a standing invitation to visit that growing little city, but it was his first opportunity to be present with the people there. He enjoyed the day.

See Dr. Scholl's foot expert at Philip Joseph's store Saturday, May 25, if you are suffering from corns, swollen joints, crooked toes, burning feet, callouses, bunions, crooked heels, tender feet. If you have any foot trouble do not fail to see this specialist. **6c**

Mr. and Mrs. Temple Carpenter visited relatives at Fort McKavett Sunday.

Ask our patients. Wright Bros., Chiropractors. **6c**

Miss Anna Mae Dunk is visiting in Houston and Galveston this week.

Get the benefit of our vast experience with the most difficult cases. Wright Bros., Chiropractors. **6c**

Teddy Weil, brother of Mrs. Temple Carpenter, is here from San Antonio for a visit with his sister.

Mrs. T. B. Phillips and daughter, Miss Mary, were business visitors in San Antonio this week.

Tired, aching feet are almost invariably caused by weak or broken down arches. Let Dr. Scholl's expert tell you how to get relief at Philip Joseph's store Saturday, Mar 25. **6c**

Secretary E. V. Stewart attended a picnic at Camp Allison last Friday. The picnic was held at the school house where he taught his first school.

The Eagle acknowledges the receipt of an invitation to attend the Commencement Exercises of the Sul Ross Teachers College at Alpine, Texas, on Friday, May 31.

Hankins Drug Co. announces a "2 for 1" sale of Nyal Company products on May 30, 31 and June 1. **6c**

Representative and Mrs. Coke R. Stevenson returned Tuesday from Austin where they have been during the special session of the legislature. They will return to Austin on June 3 for the second special session.

Give your child a chance. If nervous, constipated, frequent attacks of fever and stomach disorder—see your Chiropractor. **6c**

Mrs. Clyde Roberts has accepted a position with the Quick Service Tailors. The growing business demanded more help. The Quick Service Tailors give one day service and when work comes in they have skilled help to turn it out at once.

Home is what the home folk make it. **6c Farmer Furniture Co.**

The Schreiner Institute Orchestra rendered a good program to the school auditorium last Thursday evening, but the attendance was light. The young people composing the orchestra are well trained and the people of Junction missed an opportunity to hear some good music.

Now is the time for that Straw Hat. We have a complete line. **6c Junction Tailor Shop.**

Let us show you a pair of our Corn-Cure Shoes. They do the work. **6c Junction Tailor Shop.**

NEMA CAPSULES for stomach worms in sheep or goats HEYMAN'S DRUG STORE

The Eagle received a letter this week from a business house in Paris, Illinois, written on paper made from cornstalks and mailed in an envelope also made from cornstalks. The letter came by air mail. The paper was good and the mail service excellent. "This world am a movin'."

Better furnished homes mean greater happiness. **6c Farmer Furniture Co.**

H. Alexander who was arrested last week by Sheriff Frank Patterson in connection with a truck load of liquor is still confined in the Kimble County jail. The sheriff is still working on the case, but the man or men who escaped from the truck have not been arrested.

Registers in the hotels, tourist camps, and stores show that many tourists are already on the beautiful Llanos for vacations and fishing trips. For beautiful scenery, ideal temperature, and hospitable people, Kimble County will be hard to surpass. Plan to spend your vacation on the beautiful Llanos in Kimble County.

Cleve Cleans Cleaner—the Gloverized way. **6c Junction Tailor Shop.**

Plans are maturing rapidly for the two days jubilee here on June 13 and 14. Write your friends and relatives to visit you at that time. Everybody should plan to make it the biggest gathering in the history of Junction. Talk jubilee and work for it. Mr. O. W. Caldwell suggests that we call it the Junction Jubilee and a better name could not be selected.

For Sale—New modern cottage with all conveniences just completed. Very reasonable. **5-2p Frank Cowser.**

"Light it and leave it." **3fc Wahl Bros. & Schraub.**

BUILDING MATERIAL
When in need of any kind of building material, such as lumber, cement, lime, tile, etc., call or see Dan St. Clair. **48fc**

No woman minds having her soups criticized, but she won't stand for any remarks about her salads.

If the dramatic critics paid money out of their own pockets to see shows, and if literary critics dipped into their own tobacco money for books, the public would get the lowdown on a lot of stuff.

SUMMER SCHOOL. Anyone interested in school work this summer to make up subjects will see Mrs. Effie Roy Felps this week.

NEED GLASSES. Dr. Jones, the eye man, in Dr. Luehrs' office Friday, May 31. See him about your eyes, headaches and glasses. **6-2c**

CHAMPIONSHIP BASKET BALL TEAM

STANDING—(left to right) Merle Warren, Elsie Bessent, Ruth Sandherr, Centers. Marjorie Montgomery, Lorena Couey, Vivian Livingston, guards. SITTING—Nevada Blackburn, captain and forward, Mrs. Grady Kindrick, coach, and Tempie Boone, forward.

GIRLS BASKET BALL TEAM IS UNDEFEATED

The above is the picture of the best basket ball team that Junction has ever produced, and probably the best that has ever played in this section of the state. The scores given below show that the team was in no danger in any game played during the season.

Mrs. Grady Kindrick has been coach of the Junction team this year. Before she was coach here she coached for two years at Comstock. Mrs. Kindrick was a member of the basket ball teams in San Marcos Normal and Baylor College while she was attending these schools.

The entire team will be back in school next year with the exception of Nevada Blackburn who will be graduated this term. With the experience which they obtained this year, and with all veteran material, the girls should have an invincible team next year.

The scores of all the games played this year are given: Junction 23, Center Point 8; Junction 27, Center Point 15; Junction 27, Sonora 9; Junction 51, Sonora 15; Junction 36, Menard 6; Junction 24, Menard 3; Junction 42, Kerrville 14; Junction 39, Kerrville 21.

Total 283, Total 91

GUY C. MOSES HEADS JUNCTION SCHOOLS

Guy C. Moses, for the past eight years principal of Tivy High School, was elected superintendent of the Junction Public Schools at a meeting of the school board there last week-end.

Mr. Moses will resign from the Tivy faculty to accept the higher post in the neighboring city, he has announced. He has been connected with the Kerrville public school system for nine years. Coming to the city in 1921 from Peacock Military Academy, San Antonio, as an instructor of history, Mr. Moses was elected principal of the high school the following year. He is a graduate of Southwestern University.

Mr. Moses is well qualified for the superintendency at Junction, and the best wishes of all Kerrville people concur with his good work in the schools here will go with him to his new field of duty.

A successor to Mr. Moses has not been selected, although the school board is said to be considering a number of applications.—Kerrville Mountain Sun.

The secret of success in cooking eggs and dishes in which eggs predominate is to cook them slowly at moderate, even heat.

SCHOOL NOTES

We were very sorry to see the Seniors leave Friday morning for we miss them greatly. We know they regret to leave us by the tears they shed as they left the building.

It was indeed a surprise to find that one of our dear Senior girls has already been lost from the group and is married. In fact, she has been married for some time.

While the Seniors have been enjoying their freedom, the rest of us have been deep in the throes of final examinations. The finals are hard, but they seem to be the only way out.

The Seniors have entered society this week. Saturday night they were entertained with a dance given by Miss Ruth Beasley at her home. Several of the "undergraduates" were there also.

Monday the Seniors enjoyed an all day picnic at Price's camp then at four o'clock they came to the school house and were surprised with refreshments from their teachers. Mrs. Dutton, Mrs. Felps and Miss Bennett, assisted by Mrs. S. P. Bennett. This surprise was also extended to the entire faculty.

Monday night the Juniors entertained the Seniors with an ice cream supper at Price's Camp. Several other affairs are planned for the Seniors during the week.

We understand that Mrs. Felps is planning a summer school if the demand is great enough. We hope it will be successful and we know it will be if it is carried on by Mrs. Felps.

It won't be long until the tears will be falling thick and fast. We understand that our report cards are to be handed out Thursday at noon. Then our school days will be over for three whole months.

Since this is not only the festive time of the year but also the last week of school we are celebrating with numbers of picnics and parties. Miss Durst took her pupils on an all day picnic Wednesday. Miss Newman took her pupils on a picnic Tuesday afternoon after school. Mrs. Bowers and her pupils had picnic lunch at the park Wednesday. Miss Willis took her pupils to Roundtop Mountain for lunch Wednesday. Miss Kindrick entertained at her home with a party Friday evening. Mrs. Bowers and Mrs. B. B. Ragland entertained the Seniors Tuesday evening with a dinner at the home of Mrs. Ragland.

CHURCH OF CHRIST

The Church of Christ will begin a series of meetings at the Six Mile crossing on the North Llano Friday night, May 31. Elder Grantham of Killen and Elder White of Lometa will conduct the services. Everybody is invited to attend these services. 6-2c

In washing silk garments of any kind, use lukewarm water and a neutral soap. Don't rub hard. Squeeze and work the garments in the suds. Do not twist the fabric. Rinse thoroughly in lukewarm water and remove the water finally by squeezing and patting the garment between dry towels. Never dry in the sun. If the garments are ironed, use a warm but never a hot iron, protecting the silk with cheesecloth. The silk should be evenly damp but not wet.

Dallas Mayor Removes "Keep off the Grass" Signs From all Parks

Dallas, Texas.—Dallas' "Hot Dog Mayor," J. Waddy Tate, has eliminated another time-honored bugaboo.

No longer will the "plain folks," as Mayor Tate describes them, be refused their right of sleeping on the grass or brass rails around the city hall lawn. The mayor has ordered that the spikes be removed from the rail and that all "keep off the grass" signs on public property be escorted to the ash heap.

"It's a shame that the common people, the blue shirt crowd, have so many inherent privileges taken from them," Tate said. "This administration intends to put a stop to it."

"All 'keep off the grass' signs will be jerked off the lawns. The grass is there for the people to enjoy, not to look at. I want folks to sit on the grass, lie in it. If they want, they can put their noses in it and smell it."

KNOW TEXAS

Texas produces from 30 to 40 per cent of the cotton crop of the United States and from 20 to 30 per cent of the cotton crop of the world.

Smith County, in 1928, shipped over 100 carloads of rose cuttings, claiming the lead in the Southwest.

Statisticians predict the population of Texas in 1950 will be 7,015,000, and that of the 2,500,000 predicted increase only 140,000 will be in farm population.

Average rainfall over Texas as a whole is 31.08 inches. There is a difference of 35 inches between the annual rainfall in extreme East Texas and extreme West Texas—the Beaumont area showing 45 inches and El Paso 10 inches.

Although Texas hasn't even scratched its possibilities as an industrial state, it still leads all the southern states in value of its industrial output with a total of nearly one and a quarter billions in 1927, according to a Census Bureau report. This was nearly \$100,000,000 above the total of North Carolina, where industrial development is probably the most intense in the South. Manufacturing plants in Texas jumped from 3,603 in 1925 to 4,065 in 1927; wage earners in industrial plants increased 10,000; and wage paid workers climbed from \$115,000,000 to \$130,000,000 in the two years. "It's great to be a Texan."

Abstracts for your lands can be secured on short notice from E. Holekamp; 25 years in business; we know how.

At What Age Is a Sheep Worthless?

As a general rule a ewe, after passing the seven or eight-year-old period is considered to be about worthless, but this has not been so with Giles P. Hill and Fred Berger of this city.

Mr. Hill has a ewe which has been raising lambs for twelve years. She is now fourteen years old and raised a lamb this year. Every year, except her first and last year she has been raising twin lambs. Altogether she has borne 25 lambs.

Fred Berger has a ewe six years old and this sheep has been raising lambs every year except this year.

The life of a goat is about twice that of a sheep. G. W. Stephenson declares. A nannie is good for fifteen years, and he has known some nannies to raise kids at 24 years of age. The teeth of an old nannie are much better than an old ewe at the same age.

The best age of a sheep is three and four years old. At this age they will shear more wool and raise better lamb crops, ranchmen say. However, during a seasonable year, a flock of five and six year old ewes will raise a larger per cent lamb crop than younger ewes. The older mother sheep will care for their young better and there will be more twin lambs than in flock of young ewes!

There are ranchmen in this county who dispose of all sheep above four and five year old, holding only the best young stock. They figure that the young sheep will stay in better living condition than the older ones should a dry year be had.—Devil's River News.

SHEEP DIP REPELS DEER

Captain Dave Dondero, in charge of the Division of Fish and Game patrol in the Lake County, California, district, has figured out a method that he declares will keep deer from invading orchards and damaging fruit trees, reports the American Game Protective association.

It seems that a number of ranchers have complained that deer were damaging fruit trees in their Lake County orchards, and they wanted the right to shoot the deer. This being contrary to law as well as to the spirit of conservation and good sportsmanship, Dondero tested out the following scheme and found that it worked:

Take a woollen garment and cut in strips four inches wide by six or eight inches long. Soak in pure sheep dip and hang one piece on each tree. A good method is to use wire about six inches long. Hang so the cloth does not come in contact with the bark of the tree. It is very easy to go over the orchard and resoak the cloths when they dry.

Farmers who are bothered by deer are advised by Captain Dondero to try this method, as he claims it is much cheaper and more effective than spraying. He insists the deer are kept away from the fruit trees for six weeks with one soaking of the dip.

There is much complaint in the eastern states of deer browsing on fruit trees. The above method may prove to be a solution.

LATE NEWS NOTES

Still another chapter on a trial must be written in the story of Mrs. Rebecca Rogers before her connection with the robbery of the Farmers National Bank at Buda in December of 1925 can be settled and a legal "finis" written. After two special venires of approximately 250 had failed to yield a jury for her retrial, District Judge M. C. Jeffrey ordered a change of venue. He said he would announce the place to which the case will be transferred as soon as the defendant's bondsmen arrive.

The German dirigible Graf Zeppelin had a clear road ready across the skies of France as she lay in her hangar waiting for the "zero" hour Monday morning on her second trip over the Atlantic to America.

"Scarface Al" Capone, nationally known Chicago gangster and racketeer leader, is serving a jail term for the first time in his life. After pleading guilty to totting a gun, Al and his body guard, Frank Cline, also a Chicago gangster, were sentenced Friday to a year in Moyamensing prison.

A woman and little girl were killed at Kerrville at 8 o'clock Saturday night when struck by a bus, according to information by the Kerr County sheriff's office.

Cars oiled and greased right. Powell Motor Co.

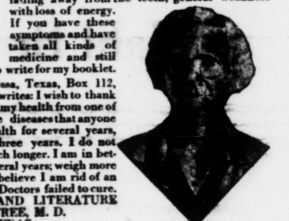

You want your land abstracted; then you had better see E. Holekamp; he has complete index of all County lands. (adv)

W. C. ROUTTEE, M. D.

If you have any of the following symptoms, I have the remedy no matter what your trouble has been diagnosed: Nervousness, stomach trouble, loss of weight, loss of sleep, sore mouth, pains in the back and shoulders, peculiar swimming in the head, frothy like phlegm in the throat, passing mucus from the bowels, especially after taking purgative, burning feet, brown, rough or yellow skin, burning or itching skin, rash on the hands, face and arms resembling sunburn, habitual constipation, (sometimes alternating with diarrhoea) copper or metallic taste, skin sensitive to sunbath, forgetfulness, dependency, and thoughts that you might lose your mind, gums a fiery red and falling away from the teeth, general weakness with loss of energy.

If you have these symptoms and have taken all kinds of medicine and still sick, I especially want you to write for my booklet. Mrs. J. B. Massey of Odessa, Texas, Box 112, whose picture appears here writes: I wish to thank you very much for restoring my health from one of the most dreadful, miserable diseases that anyone can have. I was in bad health for several years, under care of Doctors for three years. I do not think I could have lived much longer. I am in better health today than for several years. My weight more than I ever did in my life. I believe I am rid of an awful disease that the other Doctors failed to cure. FOR FREE DIAGNOSIS AND LITERATURE WRITE: W. C. ROUTTEE, M. D. AUSTIN, TEXAS

Do Not Miss this SALE!

The Nyal Company authorizes us to offer another Nyal "2 for 1" Sale in order to acquaint you with the superior merits of the extensive line of drug store merchandise, under the trade-name "Nyal."

This "2 for 1" Sale features Nyal household preparations, cosmetics and specialties—the established Nyal standard line you see nationally advertised in the Saturday Evening Post. The name "Nyal" means scrupulous care in manufacture. Nyal stands for time-tried products prepared in pharmaceutical laboratories, established seventy-three years ago.

By sacrificing the profit of both the manufacturer and ourselves and charging considerable of the expense of this sale to advertising, we are able to offer you "two full size packages of a Nyal product for the price of one." We do this knowing the high quality will please you and that in the future you will demand the Nyal standard.

We guarantee every household preparation, toilette or other item that bears the name "Nyal."

MANY CHILDREN CURED BY SHRINERS' HOSPITAL

St. Louis, Mo.—During the month of April forty-three girls and boys who had for several weeks been undergoing treatment for correction in the Shriner's Hospital here were discharged, either wholly cured or with the main stage of the process completed. During the same period forty-one other children were received. At the end of the month there were 93 patients in the institution, and 138 others approved for admission constituted the waiting list, to be given treatment when facilities were available. These figures do not include crippled children classified as out-patients, or those whose treatment does not require a stay in the hospital, of which there are a large number.

Mistress—"You must exercise a little will power with him, nurse."

Nurse—"I do try to, mum, but you don't know his won't power."

"Jones wants to borrow \$25 from me. Is he good for that amount?"

"Yes, with proper securities." "What would you suggest?" "A chain and padlock, a pair of handcuffs and a watchdog."

OFFICIAL STATE BIRDS

There exists today a movement to have every state in the Union adopt officially a state bird. Already there are many "state flowers" so why not have a state bird, is the question raised by the National Association of Audubon Societies which is sponsoring this movement, says a bulletin of the American Game Protective association.

Hot contests have already developed in many places where the people have been divided in their choice of the bird to be selected. In one state the selection was made on the ground of a sentiment totally foreign to an interest in the bird itself. This was in Alabama, where after the bird-lovers had virtually decided upon the Mockingbird, patriotic organizations secured legislative adoption of the Yellowhammer because of the fact that a famous Alabama battalion marched away to the Civil War with a Yellowhammer feather in each cap.

Dr. T. Gilbert Pearson, president of the Audubon association gives the following list of birds that have adopted state birds: Alabama, Yellowhammer; Oregon, Kansas and Nebraska have all chosen the Western Meadow Lark; Maine, the Chickadee; Florida, the Mockingbird; District of Columbia, the Wood Thrush; Louisiana, the Brown Pelican; Missouri, the Blue Bird; Virginia and Wisconsin, the Robin. Contests for a choice are now going on among nature organizations of Michigan, New Hampshire and California. In these states the interest has extended into the schools and thousands of pupils are registering their preference among their feathered friends.

Rhubarb and strawberry jam is a good combination for this time of year. Cut up the rhubarb in inch pieces, to make 2 quarts. Cover with about 3/4 quart of sugar, and let stand for an hour or so. Crush 1 quart of strawberries after hulling and washing, and mix with another 3/4 quart of sugar. Then combine with the rhubarb. Heat over a low flame, until the sugar has dissolved. Increase the heat and cook quickly, stirring frequently to prevent burning. Cook for about 30 minutes or until fairly thick. Pour into hot sterilized jars, cover, and seal.

Start cooking green peas in boiling, unsalted water. Then, as soon as they come to the boil, lower the heat, and simmer them. Peas actually cook more quickly at the simmering point, are more tender, and keep their fresh sweet flavor and bright green color better than when boiled. Use no more water than necessary so that the valuable liquid need not be drained off. Add salt when the peas are about half cooked. Young peas will simmer tender in about 15 minutes. Season with melted butter or cream.

Nothing is quite so pathetic as an old man trying to make up for the virtues of his youth.

A pretty girl likes to be told she's intelligent, and an intelligent girl likes to be told she's pretty.

Do you know the leaflet issued by the United States Department of Agriculture on cooking lamb? It is called "Lamb As You Like It," and contains a number of good recipes, to be had by simply writing to the department for a copy.

Junction Trade Notes

Bids on wool at Junction wool warehouse Tuesday were rejected. On same date Rock-springs rejected wool bids. It was stated the Kerrville accumulation of long wools was sold, while the short wool was unsold but option granted. At Talpa last week a half million lbs. long wool was sold at 31 1/2 cts., it was stated in newspaper dispatch.

Lewis Coleman put in a good day's work last week when he captured seven coyotes on the L. C. Ranch north of Junction. He will receive \$25 for the pup scalps and \$100 for grown scalp.

Choice Mason County white honey, put up by R. L. Becker, extracted and in comb. Gann Grocery Company.

In stock: French dressing, Pickled walnuts, Preserved ginger, Pickled pigfeet, Deviled chicken, imported Capers. Gann Grocery Company.

Capt. and Mrs. H. W. Rieck are staying at beautiful Kimble Courts while their ranch kitchen is undergoing improvements.

The first watermelons of the season, grown at Fallurias, reached Junction the 18th inst. and sold at 1c lb. Van Martin bought the first one, as usual.

V. G. Jordan from up South Llano marketed new Irish Clobber potatoes in Junction Monday.

Alva Fisher of the fertile valley east of Junction, marketed home-grown plums Tuesday. He will have peaches for market within thirty days, unless lightning strikes from an unexpected source.

"Certo" for making jams and jellies at Gann Grocery Company.

Junction now has a citizen-Chinese, for the first time in local history. He is a cook in a local restaurant.

Mrs. Ed Barfield, from the ranch, marketed frying chickens in Junction Saturday at 60c a fry.

Chick starting feed, egg-laying mash, ground oyster shell, all kinds chicken feed. Gann Grocery Company.

M. A. Dunn of Rawls, and party of fourteen, are on the South Llano for their annual vacation, and enjoying every day of it.

A 30-lb. catfish was landed at V-bar-H ranch Monday morning, which provided guests with "hot cat" for several days. H. P. Bossman landed the big fellow, which overshadowed the 14-pounder reeled in a few days before.

The Farmer-Buick building is fast taking form and, when finished, will add much to the prospective of Junction's main avenue. Its construction, coupled with other construction now in progress and soon to be started, marks another era in Junction's steady advancement.

Gann Grocery Company "Everybody's Store"

STOCK SALT AND FEED
Before buying your stock salt, corn and oats see Dan Blair. He can supply your needs along this line at special prices. 51c

In choosing dishes and table ware for a child, look for articles that can be managed easily even by a three-year old, who is learning to be self-reliant. A small fork and spoon, a set of individual dishes with a gay pattern, a pitcher with a good design that holds extra milk so that he can pour out himself, and a glass that fits his hand, tapering toward the base and spreading at the top, are some of the things in training a child in independence.

Total fuel consumption of the Plant of the Ford Motor any during the past year 12,700 carloads, enough to load a coal train 100 miles.

The automobile has brought distant places closer together, including the poorhouse.

Death Claims Mrs. Katherine Highsmith

Mrs. Katherine Highsmith, the oldest citizen in Kimble County and one of the oldest in Texas, died at an early hour Thursday, May 23, at the home of her daughter, Mrs. Ellen Allsup, in Junction, and the funeral services were held at 3:30 this afternoon in the home by the Rev. G. W. Crabb, pastor of the First Baptist Church. The remains were buried in the local cemetery.

Mrs. Highsmith was born in Lincoln County, Mississippi, December 20, 1836, making her 93 years old her last birthday. She moved to Texas with her parents in 1840, settling first in Bastrop County. Like other pioneers, Mrs. Highsmith had thrilling experiences with the Indians that roamed the country in those early days making existence perilous for the white settlers.

Mrs. Ellen Allsup is the only child of the six that she reared who is now living. She has made her home with Mrs. Allsup several years. Mrs. Highsmith's husband served in the war of independence which the Texans waged against the Mexicans.

It was interesting to hear her tell of her experiences in the early days. She suffered the hardships of the pioneer days, and saw Texas develop from an open country to one settled with farmers and ranchmen. She remained cheerful in spite of her infirmities during her last years. She enjoyed having people visit her. Only a few months ago a representative of the Eagle called on her and she extended a warm welcome that made him feel that the visit was worth while. Although she lived nearly a century she looked on the bright side of life to the end.

She is gone but her memory will remain with those who knew her best. She was a consistent member of the Methodist Church many years.

BIDS WANTED

The sale of concessions for the Kimble Chamber of Commerce which will be held in Junction June 13 and 14 will be let to the highest bidder at 3:00 o'clock p. m., on May 29, at Junction State Bank. All bids must be accompanied by at least 5 per cent of total amount of bid and accompanied in person.

E. V. Stewart, Secy. C. of C.

IMPOUNDED STOCK

All stock running at large on the streets or vacant lots of Junction or any stock staked on the streets or sidewalks will be impounded and disposed of according to law.

By order of the City Council. John S. Munn, Secy.

Cleve Cleans Cleaner. Junction Tailor Shop.

Children in a hurry to get to school and their elders dashing off to work, can seldom take the time to dig out the pulp of an orange with a spoon at breakfast time. So serve them the much needed orange juice in a glass and be assured they have a portion of the day's supply of vitamins and minerals.

Eggs are a spring tonic far ahead of many sold in the drug store, for egg-yolk is one of the best known iron-rich foods, and also supplies phosphorus and calcium, mineral elements needed for building bones, teeth, and other tissues. Eggs are also a rich source of vitamins.

SENATE TURNS DOWN 4-YEAR TEACHER BILL

Austin.—The Senate Monday refused, 10 to 11, to engross a bill by Representative George C. Purl and others authorizing school trustees in independent districts of more than 5,000 scholastics to enter into contracts for as long as four years with superintendents, principals and teachers. The existing law permits contracts for as long as two years.

Two other House bills by Representative Marman to provide for transportation of pupils and relating to school bonds, were passed under suspension of the rules.

AN INVITATION

Philip Joseph invites you to meet Dr. Scholl's expert from Chicago Saturday, May 25, at his store if you are having trouble with your feet. No matter how painful or difficult your foot trouble may be, you will be shown the new, quick, easy way to get relief. 6c

Tall thin women who want to be well-dressed should have plenty of fullness in their clothing, choose designs with lines that go around the figure and apparently give breadth, accent the outside lines of the figure in decoration—the hips, sleeves, or shoulders—wear flaring lines rather than straight ones, and be sure their clothing fits, as too loose clothes will emphasize their thinness.

Celery seed vinegar is good for use in salads and in many other ways. To make it bring 1 pint of vinegar to the boiling point, cool for 5 minutes, and add to 1/4 cup of celery seed and 1/2 tablespoon salt. Let stand two weeks, strain, and bottle.

In 1927 electric railways in Canada carried 781,398,194 passengers without the loss of a single life.

France will commission 31 naval vessels during 1929, of which 17 will be large submarines.

One More Lesson

All over the world graduates are asking "What to do now?" It's a question each must answer for himself. But one thing is sure: whatever type of business one enters, a certain quota of even the most modest salary should be banked. That is the great lesson in the School of Hard Knocks.
