'Messiah' To Be Given On Sunday

A musical program of unusual interest, sponsored by the Lubbock Junior Little Theatre, will be given April 16 at the First Methodist church. The subject of the program will be Handel's "Messiah," one of his most successful and best-known oratorios. The "Messiah" composed in the year of 1741, was completed within twenty-four days, which was considered a most unusual thing for even a master composer.

Mrs. Carl Seagren will direct the program, with Mrs. Mamie I. Neal at the organ. The singers are from the various churches of the city. The personnel as follows: Soloists, Misses Nell Farnley and Louise Ocker, Mesdames G. N. Atkinson and J. T. Shaver, Messrs. Edgar Shelton, H. E. Blocker, and Edgar Johnson, Chorus, Soprano, Misses Eugene Marshall, Ruth Rix, Beulah Dunn, Stella Thurman, Mesdames T. J. Beck, Richard Douglas, I. F. Holland, C. S. Mast, A. W. McKee, Marvin McCarty, F. A. Norman, W. W. Royalty, G. W. Shaw, H. W. Sims, C. C. Taggart, Alice, Misses M. Foster, Marjorie Mitchell, Allene Shaffer, Mary Elizabeth Williams, Olettha Watkins, Mesdames H. E. Blocker, W. P. Clements, L. C. Tatum, L. J. Van Tungen, C. J. Wagner, T. A. Atchison, Joe Foster, John Gehl, Edgerton, H. W. Richardson, D. D. Roderick.

Play Tryouts Will Be Held Tomorrow

Tryouts for the next presentation of the Lubbock Junior Little Theatre will be held tomorrow afternoon, at 4 o'clock, in the Senior high school auditorium. Mrs. Lulu Mae Cravens, director, said today.

The play for which a cast is to be chosen is "The Sleeping Beauty." Mrs. Cravens said. Another play, "Patty Saves the Day," which will be presented in conjunction with "The Sleeping Beauty" already has a cast. Youngsters who will appear in it are Frances Snyder, John Anna Boyd, Jean Shelley Jennings, Mary Frances Petty, Donna Clements, Rosemary Leaverton, Chas. O'Neill, Jr., Neil Sampson, G. W. Bonger, Jr., and Virgil Roland.

Date for the presentation of the plays has not been set.

Galli-Curci's Own Beauty Secrets

Opera Star Tells Her Charm Formulas

By NEA Service
EDITOR'S NOTE: An opera star's methods for enhancing prettiness of eye and complexion are intimately disclosed by Amelita Galli-Curci, Metropolitan coloratura soprano, in this article. It is the second of a series of six written personally and exclusively for NEA Service and The Journal.

By Amelita Galli-Curci
Let us begin with that important feature capable in itself of such wealth of expression—the eyes. Make-up color to match the eyes of the individual should be used. Brown, black or blue, but lightly on the lids and delicately beneath the eyes themselves. The custom originated in Japan where, having dark eyes, they blackened the lids and widened the contour of the eye with black coloring.

And I add that this application of the proper color should be done with discretion, artistic reason, and absolute neatness. Any attempt to brighten the eyes with nostrums is dangerous but a good eye tonic is beneficial.

If you have not fresh, clear skin underneath, the application of cosmetics looks awful. But never should the face be washed with water. Cleansing cream is the best medium to use. Bathe the face in it before putting on make-up in the morning and at night in taking it off. If going out in the evening, again use cleansing cream.

The young ladies of College Inn were complimented with a pretty Easter dinner by Mrs. E. B. Haines. Each guest was allowed to ask a boy friend. The table was lovely with its center piece of Easter lilies and bridal wreath. About fifty were present for the affair.

Mrs. Rosella Rushing and her daughter, Miss Dorothy Rushing, and Miss Virginia Bacon, spent the week end in Plainview, visiting Mrs. Rushing's parents.

The Wednesday afternoon Needle club will not have its regular meeting this week.

Mr. and Mrs. Hub Jones of 2114 13th street will be hosts for the Ideal Bridge club Tuesday evening.

Mrs. J. A. McCelvey will be hostess for the Wednesday Luncheon club this week.

Mrs. Carl Roberts, accompanied by her sister, Miss Mildred Pepple, of Dallas is expected home the early part of the week. Mrs. Roberts has been visiting in Dallas.

The Lu-Beta Delphian club will meet Saturday with Miss Mary Dunn at her home, 1807 9th street, at 3 o'clock.

Mr. and Mrs. R. D. Moxley are leaving Tuesday night for Nashville, Tenn., where they will visit their daughter, Miss Lucile, who is in school at Ward Belmont.

before applying fresh make-up. To attempt at such times to freshen the make-up already on results only in unattractiveness.

The next step is to give the face a good rub with a block of ice. This should be done both night and morning. It tightens the skin and increases blood supply at the surface. Massage is good if used sparingly; otherwise it is injurious, and no less an authority than Sarah Bernhardt declared it so.

After an ice rub, there follows the application of good foundation cream. Rub this on lightly and not too much of it or if you do, it will take the powder when you put it on as a final touch.

Applying the rouge, liquid or paste, on the foundation cream demands utmost nicety. To do it properly study nature's way of placing coloring. But select the right tone of rouge—for blondes, tangerine; for brunets, a darker rouge, raspberry, or American Beauty, for instance.

Here is a list of "Be Carefuls" in putting on rouge.

Do not put it near the nose.

Let the surface it covers be triangular in shape, with the point of the triangle toward the nose and widening outward.

The height of the coloring should be on the cheek bone, which gives brilliancy to the eye.

Put no rouge on the chin, but a little delicate dab on the ear lobes.

Eye-brows, hair and the cultivation of their beauty is the theme of Galli-Curci's next article.

AAUW Will Advise Seniors At L. H. S.

The A. A. U. W. will have a three-day program for the benefit of the high school seniors, Monday, Tuesday and Wednesday of this week, at three o'clock in the east study hall of the high school building. There will be two hostesses for each afternoon, and talks relative to types of colleges and the different fields of work open to girls will be made.

Mrs. Clyde Elkins and Mrs. A. H. Leidigh will be hostesses for Monday afternoon.

Mrs. M. H. Duncan will speak about "The Advantages of Attending Girls Schools." Mrs. Mary Doak will give a talk about "Social Service Work," and Miss Bernice O'Neill will speak of the "Personal Work."

Tuesday afternoon Mrs. F. W. Sparks and Mrs. William Craig will be hostesses with a talk given by Miss Elizabeth West in regard to library work. Miss Johnnie Gilkerson will speak of "The Field of Educational Work," and Miss Margaret Weeks will talk about "The Advantages of Attending Co-Educational Schools."

Wednesday the hostesses for the afternoon will be Mrs. O. B. Hewitt and Mrs. C. P. Carlock. The afternoon talks will be "Advantages of State Schools" by Miss Flora McGee; "Advantages of Church Schools" by Mrs. Walter Jennings; and "Field of Science" by Miss L. S. Moore, and the "Field of Religious Education" by Miss Virginia McLean.

The mothers of the high school students are cordially invited to attend these meetings.

Tahoka Couple Weds Here On Sunday

Miss Katherine Cloninger and Dewey A. Miller, both of Tahoka, were united in marriage here yesterday afternoon at the First Christian church, with the Rev. Walter F. Jennings, officiating.

According to Mrs. J. F. Hankins, president of the Little Theatre here, it is the plan of the organization to entertain each cast, and Mrs. Jones' courtesy is a part of the organization's plans. Mrs. Jones is a member of the production committee.

Miss Cloninger Marries Sunday

An unusual and lovely wedding occurred Easter morning at sunrise when Miss Gladys Cloninger, daughter of Mr. and Mrs. A. B. Cloninger, became the bride of Hubert Alexander of Breckenridge. The ceremony occurred at the home of the bride, 2011 8th street, with Rev. E. E. White officiating with the ring ceremony.

With the rising of the sun came a violin solo, "I Love You Truly," played by Miss Blanche Fann, accompanied by Mrs. R. L. McKnight. Miss Frances Stahl followed this with the song, "At Dawning," Mrs. Fann, officiating.

The young couple will make their home in Tahoka. Mrs. and Mrs. Miller were accompanied here by Mr. and Mrs. H. A. McCarrie, also of Tahoka. The ceremony was read at 5 o'clock Sunday afternoon.

McKnight played the "Bridal Chorus" from Lohengrin for the bride and groom during the ceremony as she played the "Flower Song."

Bride Charmingly Gowned
The bride, wearing a charming blue frock of georgette, and carrying an arm bouquet of pink rose buds clustered with sweet peas, was accompanied by Miss Cecil Cloninger, as maid of honor. Miss Cloninger wore a frock of ashes of roses georgette, with a corsage bouquet of rainbow sweet peas. Miss Alice Cloninger, as bride's maid, was dressed in tan crepe, with a sweet pea corsage. The little flower girls, Misses Iris and Mary Frances Cloninger, were dressed in maze colored frocks and carried pink baskets of sweet peas. The groom was accompanied by his brother, Riley Alexander, as best man, and by George James.

Immediately after the ceremony Mr. and Mrs. Alexander left for Dallas. Fort Worth and points in the southern part of the state. They will make their home in Breckenridge. Among the out of town guests present for the ceremony were:

GIRLS RESCUED FROM CLIFF IN NATIONAL PARK

(By Associated Press)
LINDSEY, Calif., April 9.—Rescued by forest rangers from a narrow ledge 2,000 feet high where darkness had trapped her and a girl companion during a trip through the Yosemite valley, Miss Edna May Wilbur, daughter of Secretary of the Navy Curtis D. Wilbur, was home here today none the worse for her thrilling experience.

Miss Wilbur went to the park with a party of friends. She and Miss Edna E. Ring attempted late Saturday to descend the snow covered Mt. El Capitan. Mr. and Mrs. W. A. Alexander, parents of the groom, Miss Daisy Alexander and Mr. and Mrs. Joe Alexander, sisters and brothers of the groom, were present.

trail from Glacier Point to the foot of the valley. Caught by darkness they lost the trail and present found themselves on the narrow ledge, whence they feared to attempt further progress.

With a biting mountain wind tugging at their clothing, the girls huddled against the face of the cliff and called for help. Tourists in the valley, 2,000 feet below heard the cries and notified forest rangers.

Five men reached the girls shortly before midnight, and after strenuous efforts successful in hauling them up the trail with ropes.

SEVEN SQUADS TO FIGHT FOR NATIONAL WIN

LEADERS TO PRESENT STRIKING CHANGES IN MACHINES

(By Associated Press.)
NEW YORK, April 9.—National league pennant hopes, rising like an old spring, cover more territory this year than has been the case in recent seasons. Seven clubs are up and vying interest at the mention of the championship.

Only three points separated the first and third place clubs last year. The training period has left no doubt that the race this year will be no less contested.

Some striking changes in the first division clubs of last season, Pittsburgh, St. Louis, New York and Chicago have undergone striking changes during the idle months. The Pirates and Cubs claim added strength through an exchange of talent. The Cardinals expect to be more formidable in account of improved physical condition of several stars and the Giants have replaced one of the team's greatest hitters with a youngster, who will play second base where Rogers Hornsby worked in 1927.

The addition of Hazen Cuyler to Chicago's outfield has converted Joe McCarthy's outer trio into one of the strongest in the game and at the same time "Sparky" Adams is credited with having "made" the Pittsburgh infield. St. Louis sees Carroll, Thoenow, Blades and Brown in much better shape to give the best efforts.

Giants Present Problem
The Giants present a problem. They have gone to Boston and Chicago to Pittsburgh. Andy Cohen has been given the second base assignment and must sink or swim on it. The other assets are Hank Hogan, a promising young pitcher, Frank O'Doul, a hard hitting outfielder and several brilliant pitchers. Bill Walker, a Denver left hander, leading the list.

These clubs who were in the second division hope for better things in the vision of a pennant at the close of the season. Cincinnati has returned to winning form. The Phillies made under a period of reconstruction before they can challenge their fellows. A good start was made in getting Bobby Baker for first base, Arthur Whitney at third and Bill Dietrick, an infielder-outfielder.

Brooklyn has drawn on Boston for a shortstop and hit, and Cincinnati has contributed Rube Bressler to the outfield.

RAINS BRINGS POSTPONEMENT OF HUBBERS' GAME

Cold Up There?

It doesn't bother Bryan Harris, Red Sox hurler, in the least when the fans yell him a bit about his height. You see, Harris is the tallest pitcher in the major leagues and has been up with the Athletics and the Red Sox long enough not to worry about what the fans say. The big Sox hurler is one of the reasons why Manager Bill Carrigan expects his club to be a bit better this year.

WEATHER HALTS CHICKEN DINNER SHOOT TOURNNEY

Due to the inclement weather yesterday afternoon the chicken dinner shoot among the members of the Lubbock Gun Club was postponed. However, several members of the club were out and the two teams present shot for the high score of the week. Fred Stanton was high in competitive shooting with a score of 22. Dick White in a non-competitive shoot, however, made higher score with a 23, but did not count as the official score in the week-end meet.

Flyweight Champ Meets Latin Boxer

NEW YORK, April 9.—Izzy Schwartz, acknowledged world flyweight champion in this state, will defend his title against Goulter Parra, South American challenger, in a 15-round bout at the St. Nicholas arena tonight. Schwartz is the favorite and in the event of victory over Parra, he plans to close negotiations for a clash with Frankie Genaro, flyweight king of the National Boxing association.

the team, whose appointment may be expected reasonable, are Dr. William Twissell, the present British champion, T. P. Perkins, the English champion, Rex and Lester Hartley, two of the most prominent players, and Andrew Jamieson, the Scottish champion.

If Jamieson should come to this country he will attract quite a gallery because he is renowned in this country as more than the holder of a provincial championship.

Once Beat Bobby Jones
Jamieson is the young man who gave Bobby Jones a beating in the British amateur championship at Muirfield in 1926 when it seemed that nothing but Providence could keep the brilliant Bob from winning.

Jones in the round previous had passed what was considered to be the most formidable player in the tournament, Bob Harris, the British amateur champion. Jones sent the British writers into hysterics when he gave Harris the worst beating a defending champion had ever received in a championship tournament.

In the next round only a handful went out to follow Jones and Jamieson, as it looked like another kill. But there was a stampede for the course when the word came from the tenth hole that Jones was going down.

When Jamieson came in the winner even the British golf writers had to seek him out and put him through the third degree to learn who he was and what he was and what right he had to beat the "wee Rab," as the Scots called Jones.

Captain R. H. Robson, who beat five international players reaching the semi-final round of the British amateur last year, and Duncan Anderson, a long driver from London, also are probable members of the team.

YANKS FAR IN LEAD, EXPERTS SEEM TO AGREE

OTHERS PREPARED TO SHOW EXPERTS THEY ARE ALL WRONG

(By Associated Press.)
CHICAGO, April 9.—The "experts" have had their say, the hot stove league season is over and the seven underdogs of the American League, fortified with new help, are ready to show them they are all wrong.

For almost a man, these critics of the national pastime have agreed that not a cub exists in the junior circuit; big or powerful enough to stop Miller Huggins and his pampered Yankees from again making a one ring circus out of the 29th annual season which opens officially on Wednesday.

Yankees Against Field
This season more than ever, it will be the Yankees against the field. It will be the same New York team too, as no important changes have been made in its lineup since last season when it ran away with the bunting by a margin of 19 games. Even Urban Shocker, who decided to quit the game last fall, expects to be back on the mound. While the Yankees have not demonstrated their punch in the training exhibition games, they are confident they will act differently when they cross bats with the Philadelphia Athletics Wednesday.

Determined to end the Yankee supremacy, the rest of the clubs have been busy recruiting during the past six months. Many veterans will play side by side for the first time in their long careers. The usual crop of rookies will make their first appearances in big time and new captains and one new manager will be at the helm.

Athletic Fans Optimistic
In Philadelphia, the fans are optimistic. Connie Mack has added two veterans, Tris Speaker and Bing Miller, to his outfield and along with Ty Cobb believes he has an outfield that can't be rivaled in the league. The Athletics believe their big advantage over the Yankees rests with their pitching staff. Grove, Walberg, Quinn and Orwoll.

Washington will open its season tomorrow against Boston so President Coolidge can toss the first ball. The acquisition of George Sisler, St. Louis is expected to bolster the Senators. Injuries appear in the Washington camp and Manager Bucky Harris is undecided who will start. Harris outfielder Goslin, Catcher Ruel, and Hadley, pitcher, are casualties.

Tigers Bank On Pitching
The success or failure of Detroit is believed to rest on its pitching staff. The infield has been improved by the return of Jackie Tavener at shortstop and a heavy hitting outfield, bolstered by Harry Rice, procured from the St. Louis Browns.

The Chicago White Sox will have the same pitching staff, led by Ted Lyons and Tommy Thomas. The infield is believed to be strengthened by the acquisition of the \$123,000 "Peach," Bill Cissel.

Much of Cleveland's success rests upon the showing of pitcher George Uhle, who had a comparatively poor season last year. Roger Peckinpaugh will get his first start as manager of the Indians and much is expected of him.

Browns Are Mystery
The St. Louis Browns and what they will do comprise the mystery of the league. They have lost Sisler, Ken Williams and Rice, but have gained Lu Blue, Henry Mahan and Earl McNeely. The change is expected to give a punch to the club which was visibly lacking the past few seasons.

Easton gained at least one star in its winter trading. He was Ken Williams. But with the season just about to start, rumors were afloat that President Bob Quinn and Manager Will Carrigan have more trades to pull.

GERMAN FLIERS STILL HELD BY STORMS ON SEA

(By Associated Press.)
DUBLIN, April 9.—A brief period of favorable flying weather gave place today to squall hail storms over the Atlantic and held the German plane Bremen at Baldonnel airbase.

The Monoplane's prospective flight to Mitchell Field, New York, resolved itself into a battle between the weather and the wits of Captain Herman Koehl and Colonel James Fitzmaurice, pilots.

Baron von Huenefeld, sponsor of the flight, threw science to the winds and announced he was ready to start despite gales, rain, hail, ice or any other element.

"It would be better to fly and perish than to appear afraid to start," he declared.

"We shall not wait until we get good weather," Captain Koehl rejoined quietly. Colonel Fitzmaurice took the same view.

DETROIT MAN IS FORCED OUT OF MARATHON RACE

(By Associated Press.)
TEXOLA, Okla., April 9.—With Arne Suominen of Detroit forced out of the Los Angeles to New York Marathon, Andrew Payne of Claremore, Okla., today led the field of 82 in elapsed time for the first lap in his home state.

Suominen, who had held the lead for several days, was forced to quit yesterday when he developed a strained tendon on the 35 miles trek from McLean, Texas. He failed to respond to treatment and was brought in by a patrol car after an unsuccessful attempt to complete the jaunt here.

Payne covered the distance from McLean to Texola, giving him an elapsed time of 22:29.37 for the 130.4 miles. Peter Gavuzzi, Southampton, England, who followed Payne into the control station here in 5:30:41, ranks second in elapsed time with 22:04.20.

A 31 mile jaunt to Sayre, Okla., was the program today.

TEXAS LEAGUE GAMES BOW TO WEATHER MAN

TWO CONTESTS PLAYED IN LOUISIANA BUT OTHERS DAMPENED

DALLAS, April 9.—Wintery weather played havoc with week-end exhibition games in the Texas League. Only two teams went through with their schedules, and these contests were played in Louisiana.

With low temperatures and a prospect of wet grounds to interfere with workouts, little action before the opening of the season Wednesday is anticipated.

The Shreveport Sports upheld the honor of the Texas League by defeating the New Orleans Pelicans, 10 to 9, in the first game of a double-header at New Orleans, and tying them, 1 to 1, in the second.

Sports Hold Margin
The victory gave the Sports the margin in the spring series with the Pelicans. Their record was two wins, one loss and one tie.

Playing at Alexandria, the Beaumont Exporters hammered out a 11 to 3 victory over the Alexandria entry in the Cotton States League, getting thirteen hits including home runs by Petrie and Schreiber.

Wagner, new Exporter first baseman obtained from the Chicago White Sox looked unusually good with his three safeties in four trips to the plate.

COLD WEATHER BREAKS PLANS IN EXHIBITION

"BLACKIE" ADAMS IS SIGNED BY BROWNLOW OVER WEEK-END

Old man weather outfigured the ball players and fans yesterday and the exhibition ball scheduled between Bennie Brownlow's Hubber recruits and Pete Wilson's Hale Center amateurs was postponed for another day, possibly next Sunday.

Over the week-end the Hubber pilot signed "Blackie" Adams, outfielder, who has been working under Sled Allen in the Texan camp for the past three weeks. Adams is by no means a stranger in this section, as he has worked with the Lamesa Lobos, several seasons busting in many encounters between the Hubbers and Lobos over a period of three years. With Adams contract the outfield candidates now number four with Bob Finn, John Dean, and Leo Leximer, listed in the outfield.

The local tryouts will take to the field this afternoon for the first work since Friday, as cold weather has kept them from working over the week-end.

Don Anderson, fleet outfielder, who was with the Hubbers in 1926 season is here to figure with Brownlow, however, no definite announcement can be made in the matter.

Others Open Training
Other West Texas clubs will get underway today with their spring training. San Angelo with numerous recruits under the versatile leader, E. E. (Red) Snapp will go into training today; the Abilene team, which is owned by J. Alvin Gardner, president of the Wichita Falls Spudgers, will go into training at the Abilene lot, having transferred the candidates from Wichita Falls to Abilene; Bob Couchman has more than thirty candidates in the Abilene lot, including W. R. Carter, of the Hamlin franchise, is lining up players for his outfit; and the Midland organization has just recently been completed and the rookies and experienced players are flocking to the Midland camp.

University Heads In Session Today
GALVESTON, April 9.—Budgets for both the university at Austin and the medical college here were to be considered by the University of Texas regents in session here today.

The regents also were to elect a successor to Dr. John Harman, dean of the state medical college, who resigned several months ago. It was reported that Dr. George E. Bethel, director of the University of Texas public health service, was being considered for this post.

Regents attending the meeting were: H. J. Litcher, Stark of Orange; Judge R. L. Baits of Austin; Edwin Crane of Dallas; M. E. Foster of Houston; R. L. Holliday of El Paso; Mrs. H. J. O'Hair of Comal; and Dr. H. Y. Benedict, president of the university.

CIRCULAR SKIRTS

DONIE BUSH EXPECTS PIRATES TO BE STRONGER THIS YEAR; ACQUISITION OF SPARKY ADAMS WILL BETTER INFIELD

PITTSBURGH, Aug. 9.—With a look over before he decides upon the remainder of the staff, Grimes, who came to the club in a trade with the Giants for Vic Aldridge, is rated as a hot weather pitcher and a late starter. At least it was the claim that he couldn't win early season games that caused McGraw to let him go, but Bush thinks he will be a winning pitcher from the start and he knows that he is one of the hardest workers in the league.

The Cuyler incident has been taken by some to mean that Bush has no patience with a temperamental ball player. Grimes is renowned for plenty of temperament, principally because he is such a tough loser. Bush, however, admires winning players above all.

With the Waner brothers around, two thirds of the outfield will be in very capable and brilliant hands even if some calamity cries predict that young Lloyd Waner can't go as good as he did in his first year. Bush insists he has no concern about right and center fields and that his only doubt about the entire club is in left field. Barnhart has slowed up considerably, but, if he fails to make the grade, Bush hopes that Comorosky will fill the bill.

With Goch and Smith behind the bat there are no catching troubles. Traynor and Wright at third base and short certainly are not doubtful quantities. Wright should be a much better player this season than he was last year because he suffered all season from the effects of a blow on the head by a pitched ball. To serve as an understudy Bush recently bought Eddie Mulligan, a Coast league star.

Bush doesn't put too much in the Florida game that the Cardinals, the Giants and the Reds will be so much better than they were last year.

"Perhaps they have been improved, but so have we," he says. "We won a hard fight last year and we have plenty more confidence this year."

With Kremer, Meadows, Grimes, Hill and Miljus slated as regulars, Bush has the nucleus of a winning staff and he has a dozen others to

Jim Jones and his sixteen tracksters of the Sam Houston Teachers college of Huntsville, are here to compete with the Texas Technological college Matadors in the first home meet for the Matadors today 2 o'clock. The Bearcats came to Lubbock via Abilene where they took part in a quadrangular meet with Simmons university, Abilene Christian college, and McMurry college, in which the lads from the prairie city registered second place accumulating 56 1-2 points.

Coe, speedy sprinter of the Bearcats won the high point laurels in the Abilene meet, taking first place in the century dash and the 220 dash and tied for a second in the pole vault. Coe's time in the 100 was 10.2 seconds, while his time for the 220 was 23.6 seconds.

Hastings and Denton, long winded distance runners, with Jim Jones took the two mile contest, winning first and second respectively with time 11 minutes and 5 seconds.

Since this is the first meet that a majority of the Matadors have been in this season the bullfighter chances are in doubt as they have not been under fire.

MANAGUA, Nic., April 9.—Marine headquarters today had what was considered valuable information of the disposition of the rebel forces and advices were received of the sacking of a village 250 miles from the center of recent insurgent activities.

Letters which had passed between leaders of General Augustino Sandino's rebel army were found in a house in the mountains. Headquarters attached importance to these as indicating the positions of the insurgents and their strength.

Kaid Is Reported
President Diaz and two other persons in Managua received advices from Cape Gracias Dios saying that a group of men, presumed to be Sandinistas, obtained a quantity of

supplies by sacking the village of Sangsang, about 250 miles down the Coco river from Quail, which is near the center of the disturbed area.

One rebel was wounded and another captured by a marine patrol northwest of Esteli on Saturday when they encountered five insurgents. There were no marine casualties.

You Are Always Interested

in the price of a tire—naturally. But you are more interested in the cost per mile and the cut-price. Tire doesn't have the appeal it once had—does it?

Because you have tried them, and you are beginning to realize that the tire that repays you in service is the tire it pays you to buy.

Miller gives you a tire of surpassing wear—a tire that will prove its own quality by comparison with ANY tire—at any price.

You don't know what to expect of tires until you've used Miller.

Cotton Markets

NEW ORLEANS FUTURES
NEW ORLEANS, April 9 (AP)—Cotton futures opened steady. May 19.45; July 19.28; Oct. 18.97; Dec. 19.00; Jan. 19.00, bid.

NEW YORK FUTURES
NEW YORK, April 9 (AP)—Cotton futures opened firm. May 19.45; July 19.28; Oct. 18.97; Dec. 19.00; Jan. 19.00.

NEW ORLEANS TRADING
NEW ORLEANS, April 9 (AP)—Cotton market advanced over a bale today under heavy buying promoted by the bullish bull report issued after the close. Thursday. The Easter holidays prevented trading on the report until today and its bullish tone coupled with bad weather over the Gulf forced May up to 19.55; July 19.32 and October 19.02, 39 to 44 cents net up.

Realizing and shorts covering followed and prices receded 12 to 18 cents from the top, but towards the end of the first half hour the market showed indications of rallying recovered 4 to 7 points of the day's net up.

Buying increased as the morning progressed being promoted by the unfavorable weather in the belt including unseasonably low temperatures. May recovered to 19.57, July 19.41 and October 19.09, 46 to 48 points net up.

Around noon the market was steady and about 7 points under the highs.

NEW YORK TRADING
NEW YORK, April 9 (AP)—The cotton market opened firm at an advance of 24 to 36 points. July selling up to 19.63 and December to 19.12, or into new high ground for the movement on more or less general buying stimulated by a bullish view of the official figures on boll weevil survival.

The advance met considerable realizing and there were reactions some 10 to 18 points after the bell, but buying continued and the market was steady at the end of the first hour, active months showing net advances of about 24 to 36 points.

Realizing attracted by the open advance was absorbed on the early reaction an offerring became comparatively tight. Reports of rains in other western belt sections seemed more than to offset the indicated improvement in soil conditions in West Texas. Reports pointing to an increased use of fertilizers appeared to attract little attention. While less active the market showed continued firmness with active months selling 29 to 46 cents higher late in the forenoon. Prices were within 2 or 3 points of best at Midday.

FOREIGN NEWS

(Continued from Page 1.)
The blunt reply that the welfare and integrity of Egypt was necessary to the peace and safety of the British empire and would be maintained by the declaration of 1922, which is now regarded as British, while recognizing Egyptian independence, reserves the right to maintain British troops there and afford protection to foreign residents with no foreign interference.
The church and state at Rome have left their differences quiet down over the education of Italian youth. The pope's recent speech before the diocesan board of Rome, which took issue with the fascist government in its control of youth, spiritual as well as physical, was explained by the official organ of the Vatican, Osservatore Romano, as meaning that the church was merely seeking cooperation with the state in the development of Italian manhood.

MARYE and MOM Their Letters
BY RUTH DEWEY GROVES

Dear Marye:
Surely you must realize that people who have no interest in you are not critical of your appearance or character. It is because Alan wants you to be his ideal, because he loves you and is proud of you that he sometimes finds fault with you.

It is nonsense, Marye, to believe that when people fall in love it is invariably with their ideal. A man who has always been partial to blond may marry a brunette or vice versa. But he doesn't forget his ideal and he wants his wife to be like her.

You may think that the attractions that drew a man to you are strong enough to hold him and they are in most cases. But love is not blind—that is, not incurably so—and sooner or later a man or wife will appear in his or her true light even to those who are nearest and dearest.

For this reason a wise woman will not resent her husband's criticisms unless they are unjust and unkind. I know you modern girls say you will not stoop to make special efforts to hold your husbands—that the very expression is a joke among you—but Marye dear, you cannot change the established order of things in one generation. It has always been the woman's part to make the greatest effort to preserve the home. It is her institution, her protection, because she is the child bearer. Ask any woman who has attempted to bring up children and she will tell you that it was a hard, hard task.

Marriage affords her a sanction for the fulfilling of her destiny such as nothing else would give her. If she does not preserve this shelter even at the cost of a little pride she faces the certainty of having her children grow up in state institutions. I am speaking generally, of course, of the majority—cases where the mother would be unable to provide for her children under her own roof.

It may not seem quite fair but so long as marriage means more to women than it does to men the women will have to do the pleasing. For my part I have always found it a great pleasure to please your father in the little matters of dress and behavior.

You will get more out of life through pleasing one man immensely than by giving a great number a kick, as Frank would say, by wearing a backless evening gown to a theater. I dare say Alan was more than justified in objecting to it.

Lovingly,
MOM

WICHITA, Kan.—Peach and apricot crops in this vicinity were virtually ruined by the recent cold weather, in the opinion of H. L. Hildebrand, county farm agent. The apple and cherry crops were little damaged, he said.

Lions Lassoed For Raymondville Zoo
RAYMONDVILLE, Apr. 9 (AP)—Two mountain lions, one seven feet and the other six feet long, were in a park here today because of the prowess of Sheriff Lupton D. Snow and game commissioner Robert Snow with the lasso.

Both beasts were roped Sunday on the King ranch, 30 miles north-east of here after the sheriff's pack of dogs had surrounded them. They were brought here in a truck.

Texas Leading Druggists Serve MISTLETOE ICE CREAM

The Driving Power Of Industry Is Electricity

Behind every industry in America today are the vast resources of the public utility companies. Millions of dollars, the product of thousands of the world's best brains, the highly technical forces of detailed organization, it takes all of these to deliver power, light and electric current service to the homes, the factories, stores and homes of industry in America.

Each day and hour and minute the service must be available in sufficient quantities to meet the demands made upon it by the people of the communities it serves.

More than that—the service must be provided in advance against the growth of demand by increased uses and larger populations.

This company has always anticipated the growth and needs of Lubbock and the South Plains and our equipment is in advance of the requirements of the section at all times.

ROTARY HOLDS WEEKLY MEETING MONDAY AT NOON

The regular weekly meeting of the Lubbock Rotary club was held at Hotel Lubbock at noon today, instead of on Wednesday as is the custom. The Rotarians gave up their Wednesday claim to the hotel banquet hall in favor of visiting P-T-A members whose convention opens tomorrow.

District Governor Ellis Boyd of Fort Worth made a talk to the club concerning the coming conference of the 41st district, April 19 and 20. He said all the plans were laid and that the club was making progress in its preparation.

The education committee was in charge of the program, with N. L. Peters presiding. Mrs. E. W. Camp, president of the Senior high school P-T-A, and the local P-T-A council made a talk stressing the organization's convention which will be held here tomorrow, Wednesday and Thursday.

Miss Frances Garland, accompanied by W. R. Waghorne, gave a vocal selection, followed by Mrs. R. L. McKnight, who led the club in singing.

An impromptu quartet, composed of Edgar Immon, Wallace Rix, H. S. Brown and Mrs. McKnight sang two selections, after which Jesse Andrew Raley, Jr., was called upon for a vocal solo, to which he responded gracefully.

President Walter P. Jennings was in the chair.

Woman Faces Trial In Husband's Death

WICHITA FALLS, Apr. 9 (AP)—Mrs. Clara Nichols, a small emaciated woman was to be taken before the grand jury Monday to tell her version of circumstances which led to the fatal shooting about 9:30 o'clock Sunday morning of her husband, J. C. Nichols, 38, concrete contractor at the Nichols home.

She spent a sleepless night, she told the matron of the county jail.

"I wished a thousand times that I had kept him from coming to the house," she was quoted as saying. "But I had to do it. He would have killed me if I hadn't."

Arrested by city officers a few minutes after Nichols had been shot and instantly killed she made a signed statement to Sam B. Spence, assistant district attorney. The story was one of domestic unhappiness.

Gift Tax Void

WASHINGTON—The gift tax of the 1924 revenue act was declared void and unconstitutional by the supreme court today as applied to gifts made in 1924 prior to its enactment on June 2 of that year. The case arose out of \$190,000 in gifts made by Isaac Untermyer, a brother of Samuel Untermyer, of New York City.

Machinist Crushed By Moving Crane

FORT WORTH, April 9 (AP)—crushed against a concrete wall when struck by a moving crane at the Texas and Pacific railroad roundhouse, F. E. Conlin, 30, machinist, was in a critical condition at a hospital here today.

which swept that part of the state Saturday and Sunday would greatly help crops, according to advisers here.

Thus far fruit has not been injured in the vicinity of Fort Worth and reports from other parts of the state contain similar information.

In the plains country and the Panhandle—prospects for an excellent wheat crop, perhaps the best in years, were seen.

Relief From Cold Wave Is In Sight

WICHITA FALLS, April 9 (AP)—Relief from the cold wave which has gripped Wichita Falls for three days appeared on the horizon today when the wind shifted from the north to the east and "clear and calm" weather was reported from the Panhandle and Oklahoma. The minimum temperature here was 39 degrees.

Kansas Fruit Is Damaged By Freeze

TOPEKA, Kas., April 9 (AP)—A hard freeze and severe frost over Kansas last night severely damaged the early fruit crop, including peaches, plums and apricots, and probably caused considerable loss to the cherry and apple crops, said S. D. Flora, meteorologist. No definite reports of damage, however, had been received as yet by the weather bureau.

The cold spell is over, Mr. Flora said. He predicted fair weather with rising temperatures tonight and Tuesday.

Oklahoma Is Swept By Freezing Weather

OKLAHOMA CITY, April 9 (AP)—Freezing weather with temperatures ranging from 19 to 32 degrees and damaging fruit and crops, visited all of Oklahoma except the extreme southeastern portion last night.

The extent of the damage cannot be estimated for two or three days, it was said by John Slaughter, federal weather man.

Cherokee, in the northwestern portion, was the coldest point in the state with a temperature of 13 degrees. Alva and Woodward each registered 21 degrees.

In the southeastern section the mercury stood near the 40 degree mark.

Flashes Of Life (By The Associated Press)

Golfing Mothers

KANSAS CITY—This is the capital of golfing mothers. Mrs. Miriam Burns Horn, national champion, has been teaching her young son how to shoot in California during the winter while doing such things as a 74 herself, and Mrs. Opal Beace Hill, a stranger to the game till six year ago and mother of a 13 year old boy, is Pinehurst's new north and south champion.

Fragrance Aplenty

NEW YORK—All the world contributes to the big town's fragrance. There are tons and tons of onions here—from Egypt, Chile, the Virgin Islands, Cuba, Texas, Massachusetts, New York and the middle west.

LONDON—The biggest city in the world is getting bigger. The latest estimate of the population is 8,000,000. All 93,000 seats for a football game at Wembley two weeks hence have been sold; more American girls than ever will have a chance to display trains at court in May and June.

Biggest Of Wind

CHICAGO—Well, this is the windy city. Mrs. Bessie Farhart had a neighbor arrested. After she told her story three times Judge Padden told her to stop. She started again. Bailiffs swung into action. Then the judge dismissed the complaint, fearing that before the plaintiff finished the statute of limitations would apply.

Study Phenomena

WASHINGTON—Science is to study the world's longest battery of craters in an effort to find means of forecasting earthquakes. An expedition of the National Geographic society is bound for Square Harbor, Alaska, to give attention to at least 45 volcanoes in a chain.

A Modern Jonah

WILMINGTON, N. C.—Folks here have been getting a good idea of Jonah's stunt. A 45 foot whale was washed up on the beach.

Very Interesting

WHITESTONE, N. Y.—H. L. Bowdoin, 66, engineer, has made an all-metal suit which he thinks will enable a diver to remain 200 feet under water for five minutes. It consists of overlapping units of aluminum. He hopes to salvage war vessels, then present one of his 1,400 pound outfits to the government for use in life saving when submarines are sunk.

Scenery Is New

PHILADELPHIA—The "Four Horsemen" of Notre Dame are going into action together again under the eyes of Knute Rockne. Three of them are to be ushers and the coach is to be a guest when Harry A. Stuhldremer, now football mentor at Villanova, marries Miss Mary Agnes McEnery.

Plenty Of Action

PARIS—If Peggy Watson of Washington is a Duchess, as some unperfected accounts have it, perhaps there will be an aerial honeymoon. Prince Charles Phillips, Duke De Nemours, has become an aviator. His family says he is planning a trip to Africa for scientific research.

Is Much Pleased

LONDON—Mrs. Henry Ford is pleased that women will be able to vote in Great Britain on reaching the age of 21. "Women," she said, "have done a great deal of good in public affairs at home, and I am sure they will do more good as they become more active."

Beauty To Guide

CONSTANTINOPLE—A Turkish society girl is to guide J. P. Morgan and party on sight seeing trips to the mosques and bazaars. The arrangement was made by Ambassador Grew to prevent bother with impetuous professional guides. Mr. Morgan's yacht is in the Golden Horn.

Martyr To Cause

MOSCOW—Alexander Bogdanoff may be regarded as a martyr to science. Director of the state scientific institute for blood transfusion he died from a transfusion experiment he made on himself.

Page Diogenes

NEW YORK—If Diogenes were here and succumbed to the lure of "play ball," he could put his lantern at the Yankee stadium. A girl cashier in a hotel worried and worried over her cash being \$90 short. Then an affable young man came along and said he got \$90 too much when a check was cashed for him. He was Mark Koenig, Yanks shortstop.

Texas U. Program

GALVESTON—A suggestion that \$2,000,000 be borrowed to carry out the building program of the main University at Austin was discussed by regents of the University of Texas in session here today. Dr. George E. Bethel, graduate of the university and the medical college, was elected dean of the medical college, succeeding Dr. Henry Hartman, resigned. Dr. Bethel will assume his duties at once.

Witness In Famous Murder Case Dies

HOUSTON, April 9 (AP)—A R. Bailey, 53, one of the important witnesses in the William Marsh Rice murder case in New York many years ago, died at his home here today after a long illness.

He had been a practicing attorney here for more than fifty years, had been judge of the corporation court for 16 years, was the last city recorder when that office was abolished and was attached to Sibley's brigade in the Confederate army during the war between the states.

Piracy on the high seas is the criminal offense taken direct to the United States supreme court.

Many Hens Signed In Poultry Ass'n

Five thousand hens have been signed up for membership in the Lubbock County Poultry Growers association. Frank McClendon, county organization chairman said today, following several days of work in the county in the interest of the association.

Indications are that the total registration in the association will be near the eight thousand mark, officials say.

Active work in the organization is to get under way in the near future, according to D. F. Eaton, county agent and organizer of the group.

"PRESIDENTIAL CAMPAIGN PORTRAITS"
THE STORY OF JIM REEDMissouri Senator Battles His Way Toward the White House
After Staging Greatest "Comeback" in Political History

SENATOR JAMES A. REED OF MISSOURI

EDITOR'S NOTE: This is the first of a series of articles on the outstanding presidential candidates, written especially for the Journal and NEA Service by Robert Talley. A second article on Senator Reed will appear tomorrow.

BY ROBERT TALLEY
NEA Service Writer
WASHINGTON, April 9.—Eight years ago he was rotten-egged in Oklahoma, condemned by the Oklahoma legislature as "a man who ought to be shot," and on a rail in Arkansas, upbraided by millions in his own party. He even denied a seat in the Democratic National Convention at St. Louis.

Senator Jim Reed, the Missouriian, is a leading candidate for the presidency, with a record of one of the greatest "comebacks" in the history of politics. The "Rid Us of Reed" campaign that swarmed in his state in 1910, there are now active organizations working for his nomination.

The real story of Jim Reed is the story of his fight with Woodrow Wilson over the League of Nations. It was a clash of political giants, after with hatred on both sides and called by inflamed public opinion. Jim Reed sits in the senate today, known as a man who is rugged, honest and utterly fearless. He has many good attributes, but there is nothing lovable about him despite his grandfatherly appearance. He is a bitter fighter who neither gives nor gives any quarter; in the heat of debate his face distorts to a grating mask, his clenched fists, his words sting his enemies.

"Fighting—fighting—fighting—everything I've ever got in this world I've had to fight for," he once said.

And that is true. Orphaned when eight by the death of his father, and an older brother had to fight to support his widowed mother on a farm in Iowa, to which the family had moved after his birth in Mansfield, Mo., in 1861.

Reed fought to get an education during the three months of the winter that the country school ran, he fought to continue his studies at the College. He fought poverty to study law in a lawyer's office, he fought his way into politics, he fought his way into the senate, he fought his way into the U. S. Senate. And, after 18 years as a member of that body, at the age of 66, he still is fighting.

The silver-haired veteran is not only one of the most eloquent members of the senate, but also one of the most elegant. He always looks as if he had just stepped out of a box—clothes faultlessly tailored, collar and cuffs immaculate, a perfect fix of nose, nails gleaming and a fixed mane. He is one of the senate's Chesterfields.

In 1890, he was appointed county attorney—his first political office. For two years he was prosecuting attorney and the records show that he prosecuted 287 cases and got 285 convictions. How the other two escaped is still a mystery.

"There is nothing remarkable about that record," Reed says. "I never prosecuted a man until I had convinced myself that he was guilty. And then I went after him with everything I had."

The year 1900 found him beginning his first term as mayor of Kansas City, to be followed in 1902 by a second. His administration went after the public utilities and secured many beneficial concessions in the way of reduced rates for the people. He also was the first mayor to force a street railway to bear the cost of street paving between its tracks.

In 1904 Reed retired as mayor and ran for governor against Joe Folk. He was beaten. That may or may not have disheartened him, but at any rate he quit politics for six years and engaged in the practice of law.

In 1910, he returned to the political arena to oppose David R. Francis, for the senate. Francis, unhappily for him, had bolted Bryan in 1896 and Reed made the most of it. Reed was elected to the senate where he has served ever since.

Years rolled by, the World War was fought and won, and then came Reed's bitter battle with Woodrow Wilson over the League of Nations which, it seemed then, had wrecked Jim Reed's chances for all time. They said Jim Reed sat up late at night just to hate Woodrow Wilson—but that bitter, merciless and historic clash, and what followed, is another story.

TOMORROW: Wilson, Reed and the battle of a century.

Watch Tongue For Signs of Illness

Your tongue is nothing more than the upper end of your stomach and intestines. It is the first thing your doctor looks at. It tells at a glance the condition of your digestive system—and physicians say that 90 per cent of all sicknesses start with stomach and bowel trouble.

A white or yellowish coating on your tongue is a danger signal of those digestive disorders. It tells you why the least exertion tires you out; why you have pains in the bowels, gas, sour stomach, dizzy spells.

And it's a sign you need Tanlac. This good old reliable medicine has helped thousands who were physical wrecks. See how the first bottle helps you.

Tanlac contains no mineral drugs; it is made of barks, herbs and roots—nature's own medicines for the sick. Get a bottle from your druggist today. Your money back if it doesn't help you.

THE PLAINSMAN

Says:

That Girl on Broadway says
 there is a lot of difference between
 having the goods and having the
 catalog.

 The Plainsman supposes that the
 average citizen has been too busy
 with his own affairs to notice it,
 but have you ever stopped to consider
 how many things are happening
 in Lubbock all the time? Now, if
 you'll pause long enough to think
 of the matter you'll no doubt agree.

 While he was not one who helped
 dig the Yellowhouse canyon, the
 Plainsman can well remember when
 a news item in Lubbock was a big event. Now there are so
 many of them that it takes a great
 deal of work and thought to keep
 up with them regardless of whether
 you view them from the standpoint
 of a news worker or just a reader.

 A district meeting of the
 Parent-Teacher association and the
 Congress of Mothers is being
 held in Lubbock this week. While
 next week will find Rotarians
 and their ladies from the
 41st district the guests of the
 city. Last week a conference
 on international relations was
 held at Texas Tech. presided
 over by the county meet which
 is a runner-up to the district
 scholastic tournament which
 comes next week. And so it goes,
 the endless procession of
 gatherings which are coming to
 Lubbock the Hub of the Plains
 and the metropolis of a growing
 and fertile section. Harbinger
 of progress are these
 gatherings and others of their
 kind. Another indication of
 Lubbock's entry into the city
 class.

 That Man on Avenue Q says the
 only difference between raising a
 crop and raising a child is that
 you're sure that the crop when
 made, will be worth something.

 Now that the episode of Eastland's
 horned toad has passed from the
 front-page of the newspapers
 and Anson arises to enter his
 candidate in the field of scholastic
 sports. The Plainsman insists that
 something else along the same line,
 might not be amiss from Lubbock.

 However, before you get mad and
 throw the paper down, The Plainsman
 does not advise that Lubbock
 come forth with a load of its own.
 All he has to advance is a poem—the
 author of which is unknown to
 this writer. However, the verse is
 comical and peculiar enough to
 drive-away a care or two during its
 perusal, so here goes:

THE VETOED TREE-TOAD
 A tree-toad loved a she-toad
 That lived up in a tree
 She was a three-toed tree-toad.
 But a two-toed toad was he.
 The two-toed tree-toad tried to win
 The she-toad's friendly nod.
 For the two-toed tree-toad loved
 The ground.
 That the three-toed tree-toad tried
 But vainly the two-toed tree-toad
 tried.
 But couldn't please her whim.
 So in her tree-toad bower,
 And with her veto power,
 The she-toad vetoed him!

 In case you haven't already
 guessed it The Plainsman will break
 down and confess that it's harder
 to write a column on Monday than
 on any other day in the whole darn
 week.

 If the Democrats nominate Al
 Smith, at Houston prepare for
 some hot arguments over the
 long discussed party pledge. If
 The Plainsman's guess is right
 and he'll gamble it is—Texas
 will go for Smith. If he's
 nominated but you'll find a lot
 of here-to-fare stand-pat Democrats
 who'll cast their ballot
 for the Republican nominee, or
 else vote at all in November.

 This writer has never voted anything
 but a Democratic ticket. (He
 did not cast a ballot in the Ferguson-Butte gubernatorial race in 1924)
 And furthermore, he hopes
 that nothing will ever arise to keep
 him from continuing to vote the
 Democratic ticket. But, like a good
 many other men in Lubbock and
 other parts of Texas, if he casts a
 vote for the Democratic nominee in
 November the pledge on the primary
 ballot will have nothing to do with it.

 The Plainsman is not the only
 person who is thinking about the
 party pledge and who has
 just about decided that it may be
 shelved by a goodly number of
 Democrats in the coming
 national elections. This statement
 may sound surprising to
 a number of staunch party men,
 but the coupling of the ballots
 next November will bear out
 the truth if Governor Smith is
 the nominee.

Cotton dresses can be made in 30

 Sketch Your World Exactly As It Goes."—Byron

Growth Of Executive Power Features Centralization Of Our Government, Rodney Dutcher Discovers In Capital

IN NEW YORK
SEE-SAWING
ON BROADWAY

NEW YORK, April 9.—Perhaps
 the most widely used name on
 Broadway is that of a person who
 doesn't exist.

Barrymore may come and go,
 so may Sotherns and Marlowes
 and Cohans and Anglins and Fay-
 brahams. But "George Spivlin"
 goes on forever. Yet George Spivlin
 never has been or never will be.
 For Spivlin, though his name has
 appeared on countless programs
 and play bills, is an entirely fictitious
 person.

George Spivlin was created in
 years ago to meet an emergency.
 This emergency has been faced on
 many an occasion since.

For, if you at all acquainted
 with the theater, you must know
 that there are many plays in which
 one actor plays two roles. He may
 in the first act appear as Uncle
 Moe and in the third come on as
 the butler. Now there are many
 actors who don't want the audience
 to know this. And there are many
 managers and producers who feel
 the same way about it. So, one
 night, while making up the cast
 of characters of a play and assigning
 the roles, some was created on the
 spur of the moment the name
 George Spivlin. From that day to
 this it has "stuck." Whenever
 anonymity in the show world is de-
 sired, a player automatically ap-
 pears on the program as Spivlin.
 Just how often he has appeared
 one seems to know. It is merely
 a traditional part of the play-world
 that anyone can become Spivlin on
 a moment's notice.

But it has gone even further than
 this. Spivlin after some years, be-
 came to the footlights what Paul
 Bunyan is to the logging camps.
 He is the mythical figure, about
 whom gargantuan myths are cre-
 ated.

If a junk appears in the course
 of a drama, it's sure to be the fault
 of George Spivlin. If some fabu-
 lous tale is recounted, it is prob-
 ably. Everyone knows that
 Spivlin achieved something more
 remarkable. When there's anyone
 to be blamed for anything, some-
 one suggests that George Spivlin
 should be consulted. There are no
 number of old-timers ready to tell
 you tales of this remarkable fellow.
 There are even those who remember
 him well.

The latest periodical to be sold
 on the streets of Manhattan is en-
 titled "Divorce." It seems that
 there must be a little smudge of
 scandal. The foes of companionate
 marriage and such may say what
 they will of the marriage institu-
 tion, the fact remains that the per-
 centage of those who step into mis-
 alliance—at least in the major
 cities—is as great as those who
 play bridge well. Some enterprising
 young man concluded that, with
 so many married folk separating,
 there should be the foundation for
 a goodly circulation. Perhaps he
 went on the theory that misery, if
 it doesn't, like company, at any rate
 likes companionship.

I am told that a divorce news-
 paper was issued for a time in Lon-
 don, but took to printing such mis-
 cellaneous extracts from the testi-
 mony of a law, was passed forbidding
 the use of names and addresses.

By RODNEY DUTCHER
 NEA Service Writer

WASHINGTON, Apr. 9.—There
 always has been some conflict,
 small or great, between the ex-
 ecutive, legislative and judicial
 branches of government and argu-
 ment has continued in recent
 years as to whether one or an-
 other should have more power or
 less so that the system might
 function more efficiently. The one
 thing generally agreed is that gov-
 ernmental power has become more
 and more concentrated in Wash-
 ington.

In this presidential year it may
 be worth pointing out that most
 of the added power has accrued to
 the executive branch—that is,
 to the president and his cabi-
 net and other appointees. Con-
 gress always has had the power
 to do nearly anything for which
 "fourth" majorities could be must-
 ered and the judiciary has lately
 been attacked for abusing some
 of its prerogatives in isolated in-
 stances, but the executive power
 has grown consistently.

WHEN the federal system first
 started there were four cabinet
 posts—State, War, Treasury and
 Justice. (These since added are
 Navy, Postoffice, Labor, Agricul-
 ture, Commerce and Interior. All
 these are operated by the pres-
 ident's appointees and responsi-
 ble to him. Thus, their policies
 are his policies. There is no con-
 trol of the executive branch ex-
 cept as may be exerted by a Con-
 gress sufficiently hostile. Some-
 times Congress has been able to
 render the executive almost im-
 potent, but not often. Sometimes
 he has ruled Congress. The pres-
 ent Congress has failed to follow
 President Coolidge's legislative de-
 sires, but has not been antagonistic
 toward him. It makes no real
 attempt to limit the executive
 power.

The State Department may con-
 trol private loans abroad, upon
 which foreign governments in this
 hemisphere refuse entry to for-
 eigners whose views it doesn't like
 and cause intervention in Carib-
 bean republics.

The Navy Department can send
 armies to shoot and bomb Nicar-
 agua, Haiti, China and other
 nations without consent of Congress
 and can establish censorship as it
 did in Nicaragua.

The Treasury Department hand-
 les hundreds of millions in tax
 refunds with secrecy, delivers into
 our private affairs by demanding
 income tax returns, regulates pub-
 lic morals through its prohibi-
 tion and customs services and
 partially supervises health through
 the Public Health Service.

The Postoffice Department can
 censor contents of mail and labels
 on envelopes, which it does.

The Commerce Department took
 scandal sheets have long been a
 source of fear to the Broadway belt.
 A couple of years ago one of these
 practiced none-too-polite black-
 mail, holding out details of certain
 gossip heard around the night clubs
 for a consideration. Scores of
 prominent theatrical and society
 people paid tribute before the edi-
 tor finally was given a prison term.

Insurgent Roundup Goes On Unabated

MEXICO CITY, April 9.—The
 government continued its roundup
 of insurgents in the states of Ja-
 lisco and Guanajuato as thousands
 of worshippers celebrated Easter in
 the Roman Catholic churches of the
 capital without the aid of priests.

Eleven persons, including Fran-
 cisco Aguilera, a priest, were ar-
 rested at Irapuato, Guanajuato, on
 charges of plotting a revolution
 against the government. Military
 authorities said the prisoners were
 implicated in a similar affair in
 February but were pardoned when
 they promised to cease subver-
 sive activities.

The war department announced
 that Faustino Larios, an insurgent
 leader in Jalisco, had surrendered
 with 44 followers. They were prom-
 ised clemency if they would stop
 seditious activities.

VACATION IS ENDED

MEXICO CITY, April 9.—Dis-
 patches from Vera Cruz today said
 President Calles was on his way
 back to Mexico City after a vaca-
 tion of a week at San Juan
 Deulua castle.

THE DODGE STANDARD Six

**GETS AWAY QUICKER
 AND GOES FASTER THAN ANY
 CAR UNDER \$1000
 STAUNCH AND DEPENDABLE**

Flashing suddenly into the American market,
 the Dodge Standard Six has swept instantly
 forward to spectacular success. . . . Not
 alone because it is the fastest Six in the
 world selling below \$1000, but also because it
 possesses more style, luxury and roominess.

And because it is Dodge-staunch and Dodge-
 dependable; built to carry one horsepower
 for every 47 pounds of car weight! A fact
 that explains its amazing speed, pick-up
 and power on the hills.

Drive this remarkable car today and you
 will understand why its performance is the
 talk of the country.

FOR YOU—A HOME

One Floor, Three Bedrooms

(Copyright, Standard Homes Bureau, Washington, D. C.)

"WHAT a pretty little house."

"I'd love to live there!"

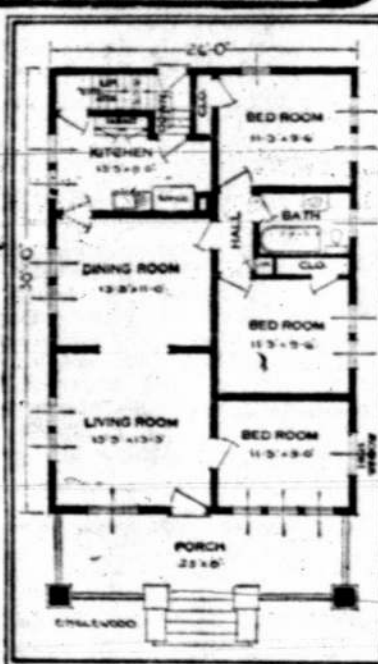

That is the kind of exclamation "The Englewood" always draws from newcomers who round a corner and see its brown and white attractive neatness.

One surprise that awaits a newcomer is the fact that this small house has three bedrooms. The high windows in the front one are an incentive to unusual interior decoration in that chamber.

But, attractive as the inside is, the exterior of "The Englewood" is quite its equal. What, for instance, can take the place of a porch like this one where one can while away the pleasant twilight hours of summer and get perspective on one's cares and work?

The cost of "The Englewood" is from \$4500 to \$5500.

For further information concerning "The Englewood" please write The Standard Homes Bureau, Colorado Building, Washington, D. C.

Calles Wants Debt Payment, Not Navy

VERACRUZ, Mexico, April 9 (AP)—Cutting of Mexico's debt is favored above an increased navy or army by President Calles.

Inspecting the gunboat Anahuac, he was requested by Commodore Hernandez to permit the development of the navy either by loan or public subscription. President Calles replied that economic conditions prevented this.

Within ten years, he said, Mexico would have all her debts paid. More rigid economies were to be effected. The standing army would be cut 50,000 men to 35,000.

Priest, Two Aides Killed By Military

MEXICO CITY, April 9 (AP)—Dispatches from Guadalajara today said that a Catholic priest, Abing Cardenas, and two unnamed companions who had been held as prisoners at the military barracks in Sayula for some time, have been court-martialed and executed.

General avila Comacho reported to the military commandant that a group of insurgents attacked Sayula Saturday and Cardenas and his two companions escaped during the fighting. They were later recaptured and the court martial sentenced them to death.

Bandits In Mexico Hold Up Auto Party

MEXICO CITY, April 9 (AP)—Newspaper advices today said that twenty five armed and mounted men yesterday held up seven automobiles about 65 miles from the capital on the road leading to the seaport of Acapulco.

Before stopping and looting the automobiles, they had disarmed a small military patrol of eight men and one officer.

The band was commanded by Maximiliano Villagas, who was believed to have directed the holdup on the Puebla highway two weeks ago when the passengers of fifteen automobiles and motor buses were robbed.

Troops were rushed from various points to pursue the highwaymen who fled to the mountains with their booty.

LUBBOCK TO DALLAS

NORTH BOUND

FRANCES ALDA,
Metropolitan Opera Star

"I prefer the Lucky Strike Cigarette to all others because of their unusual flavor. My pleasure is not marred by anxiety for my voice."

KING VIDOR,
Motion Picture Director

"While directing 'The Big Parade' I smoked 'Lucky Strikes.' It is wonderful to find a cigarette that insures you against throat irritation—a condition from which film directors are bound to suffer."

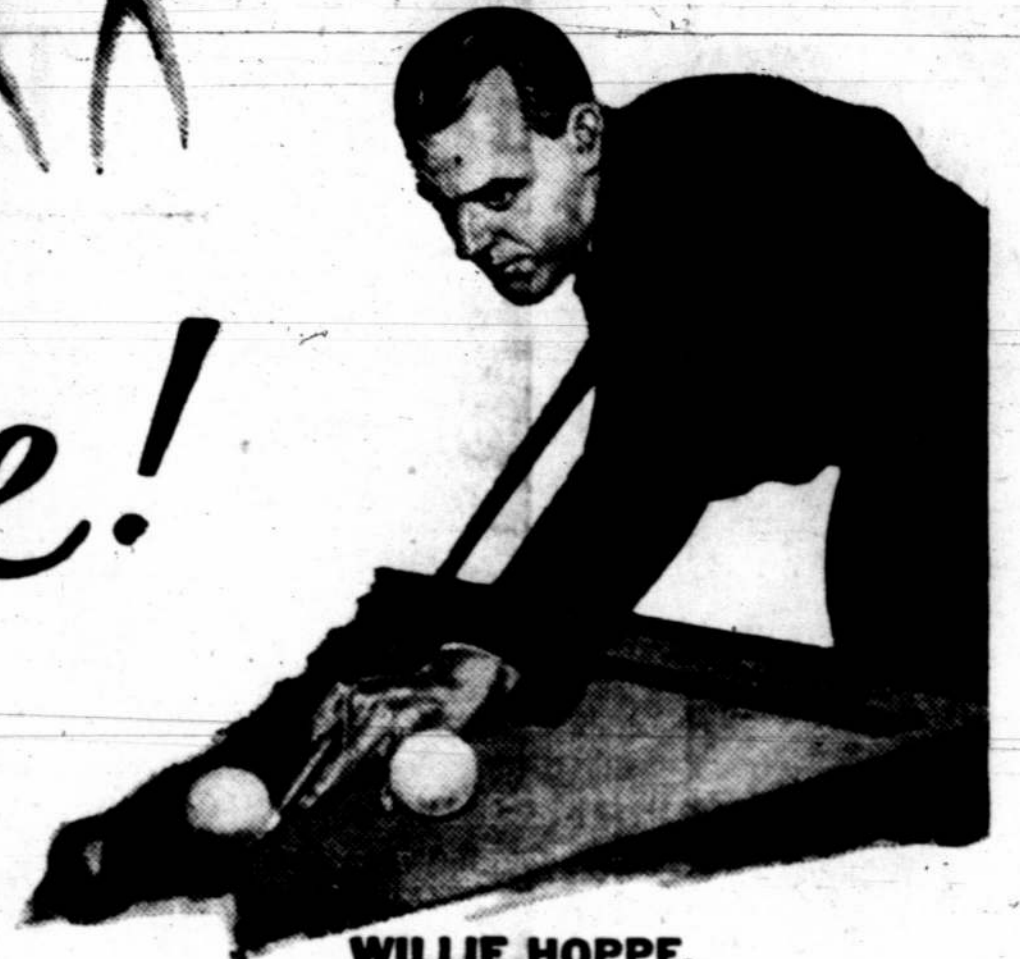

"ROXY",
of Broadcasting Fame

"There is nothing quite like a 'Lucky Strike' cigarette. It does not impair the voice, and gives the mental relaxation so essential to carry on."

PAUL G. WANER,
Pittsburgh Pirates

"I am very fond of the excellent flavor and they keep my throat clear and do not affect my wind in the least."

WILLIE HOPPE,
Champion Billiard Player

"The slightest cough or throat irritation might be fatal during a close match. On this account I prefer Luckies as a steady diet."

VINCENT RICHARDS,
Famous Tennis Star

"I smoke only Luckies—they are mild and mellow, and cannot possibly irritate your throat and my wind is always in splendid shape."

They all agree!

Lucky Strikes give the greatest pleasure . . . mild and mellow . . . made of the choicest tobaccos . . . cream of the crop . . . properly aged . . . blended with great skill . . . an extra process . . . **"IT'S TOASTED"** . . . No harshness . . . not a bit of bite.

Cream of the Crop

"It's toasted"
No Throat Irritation—No Cough.
