Founder's Day Program For Club

The Beta Epsilon Chapter of Delta Kappa Gamma met Monday evening, May 5 in the parlor of the First Baptist Church for the Founder's Day program.

After the invocation by Mabel Merritt, Ann Halbert gave the Founder's Day Ceremony, with Flo McShan at the piano

and Frances Furlow lighting the candles in tribute to each of the charter women who started the organization.

Mrs. Halbert read a poem, "Founder's Day Tribute" by Opal Linder.

In 1929, Mabel Grizzard, a teacher with a vision, met May 11 with eleven other women at the University of Texas at Austin, to initiate an organization whose aim was the better conditions for teaching boys and girls.

After the lighting of the large red candle in the center of the arrangement to represent Delta Kappa Gamma, the members joined in singing the Delta Kappa Gamma song.

At the business meeting, it was voted to send a retarded child to Camp Butman in July. Dale Geer, Margaret Conway and Earline Sellier, hostesses, served refreshment plates to Nadine Gordon, Mabel Givens, Flo McShan, Estha Coffee, Betsy Aycock, Frances Furlow, Mary Lou Griffin, Ann Halbert and Mabel Merritt.

Also present at the meeting were Mamie Lou New, Dona Reed, Clara Shoemaker, Rochelle Smith, Cora Johnson, Inez Cope, Edith Wilkerson, Frances Godwin and Winnie Quinney.

KUWAIT FLOATS ON AN OCEAN OF OIL

Tiny Kuwait, no larger than the state of Vermont, practically floats on 15% of the world's known oil reserves, assuring every citizen of that country a free education, free medical care, pensions and no income tax.

But for the people who generate power for the electric cooperative the higher fuel costs mean higher generating costs and thus higher electric bills for the cooperative and its member-owners.

Long before Kuwait achieved such affluence, however, your electric cooperative was providing dependable power at its lowest possible price.

Nothing can change that commitment.

This is when you need an insurance agent on your side

If Lady Luck threw a monkey wrench into your plans like this, could you count on your insurance man to go right to work for you? You could, if he's an independent insurance agent. An independent agent is on your side when you need him most. He can serve you first because he's free to pick and choose among several fine insurance companies. He owes allegiance to no one company. To be sure you have an insurance man who represents your interests first, make sure he displays this Big "I" seal.

As independent agents, we're ready to give you continuing, personal attention - The Big Difference in car, home, and business insurance. Let us prove what service beyond the call of duty can mean to you.

TO WHOM SHALL WE GO?

Jimmie A. Roberts

Pastor

First Baptist Church

Loraine

In the gospel of John, chapter 6 and verse 68, Simon Peter answered a question that had been directed toward the disciples from Jesus after many who had once followed Him had left Him. The question was, "Will ye also go away?" Peter answered, "Lord, to whom shall we go?"

In today's world, young people and adults alike are pressured from every direction. Many problems that we are asked to solve, seem to have no answers. No wonder so many people today are seeking for an escape from this modern realism that we call life. People of all ages have tuned out, turned off and split from the scene with drugs, alcohol, wild pleasures and all kinds of mental ailments from depression to complete fantasy. In seeking answers to our problems, all

of our sources seemed to have dried up.

The world is in a mess and no government or institution seems to be able to straighten it out. In our own country, we see problems which run from families who just have money problems to young and old alike dying from disease which science in all its wisdom has no answers for. Tragedy happens to all of us while the young are frustrated and the old in a country of 200 million are dying of loneliness.

The cry heard around the world is, "Where shall we go?" governments have no answers, science and medicine has failed us, education only shows us our miseries. Simon Peter asked the same question but he knew the answer. It is not, "Where shall we go?" but "To whom shall we go?" Who has an answer for man? I believe that the

One who made us knows best how to satisfy us. As one man once said, "No one can meet the needs of the human heart like God, because it was made just for Him." Peter went on to say, "...thou hast the words of eternal life. And we believe and are sure that thou art that Christ, the Son of the living God."

God is the same yesterday, today and tomorrow. He was the answer for Peter and He is still the answer for you and I today. If you have not as of yet learned how to trust God to be your Savior and cast all your cares on Him, let me invite you to do so right now by inviting Him into your life, to forgive your sins, to be your Saviour - Lord - Master. You can do this right now in a simple prayer. To whom shall we go? There is no other place or person that has the answer. We must go to Jesus.

75 Years of Progress

"Be it remembered that at a shareholders' meeting of The City National Bank of Colorado..."

These words, inscribed in the original director's minutes book of The City National Bank Feb. 5, 1900, signified the start of an era in the financial life of Mitchell County.

It was on that date at the turn of the century that nine men entered into an association to conduct banking business in Colorado City.

The latest high point in the bank's history has been reached with the completion of the new annex of meeting rooms and offices on the corner of Second and Elm.

The bank's business locations have been at four sites in the city:

--First site from 1900 until 1916 was at the Bodzin Building location across the street north of the present Civic Center.

--Second site was at 102 W. 2nd Street, built by City National where the St. James Hotel was located before it burned.

--Third site was 105 W. 2nd Street from 1931 when City National merged with Colorado National.

--Present site, corner of 3rd and Elm Streets, was built in 1960.

Original shareholders were C. A. O'Keefe, F. M. Greene, J. M. Shannon, W. R. Smith, R. C. (Dick) Ware, R. A. Jeffress, J. D. Wulfjen, J. E. Hooper and L. E. Seaman.

Smith was elected chairman, with O'Keefe, Wulfjen, Seaman and Hooper as directors.

The directors in turn elected the following officers: Smith, president; O'Keefe, vice president and Hooper, cashier.

First correspondent banks (then they were called "reserve banks") were the Hanover National Bank of New York City; National Bank of Commerce of Kansas City and State National Bank, St. Louis.

The Hanover is still a correspondent for City National, though its name is now Manufacturers' Hanover Trust Company of New York City. Other correspondent banks are Fort Worth National Bank, First National of Dallas, First National of Fort Worth, Mercantile National of Dallas; Bank of the Southwest in Houston, City National of Abilene and First National of Abilene.

Original capital for the bank was \$60,000 in 600 shares. Authority to begin business was issued by the Comptroller of Currency April 4, 1900--two months after the first shareholders meeting.

Some highlights in the bank's operations through the years include:

--First dividend, in the amount of \$3,000, was declared Jan. 7, 1901.

--First authorized issue of City National Bank Currency against capital stock was Aug. 29, 1914.

--First trust powers were granted April 26, 1915.

--Purchased land in "St. James Block" (corner of W. Second and Walnut at former Corner Drug site) for new building to cost \$12,000 and old building was sold to Whipkey Printing Company April 8, 1916.

--Vault door purchased from Mosler Safe Company for \$125 July 25, 1916. The two in the present building cost more than \$12,000.

--Royall Smith appointed bank attorney Nov. 28, 1916.

--Bank sold Reed and Boatler house at Westbrook for \$95 Jan. 30, 1917.

--Subscribed \$100 to Second War Fund of American Red Cross, May 24, 1918.

--First Christmas bonus to employees given Dec. 26, 1922 in the amount of \$1,392.50.

--Service charge on checking accounts adopted Nov. 30, 1926.

--Merged with Colorado National Bank Feb. 15, 1931.

--Only issue of preferred stock

was April 17, 1934 and was bought by Reconstruction Finance Corporation.

--Surrendered trust powers Sept. 16, 1939.

--Changed name to "The City National Bank of Colorado City" Jan. 9, 1940.

--Qualified as issuing agent for U.S. Defense Bonds April 30, 1941.

--Eliminated time deposits Jan. 26, 1943.

--Installed air conditioning June 27, 1946 and remodeled bank interior March 6, 1947.

--Preferred stock retired March 26, 1948.

--Bank interior remodeled May 5, 1955.

--Present building first considered Aug. 5, 1958 and site for building purchased Aug. 25, 1958.

--Old building sold April 13, 1959 and present building contract awarded June 17, 1959.

--Open for business in present building April 25, 1960.

According to Gus D. Chesney, who has compiled a brief history of the City National Bank, the first typewriter was used in recording bank records, 1916.

Deposits have grown steadily, with the following account available since the merger of City National Bank with Colorado National Bank:

--1975, \$16,458,630.22.
--1965, \$9,904,529.53.
--1955, \$6,479,353.90.
--1945, \$4,607,141.74.
--1935, \$1,097,179.55.

First president of City National Bank was W. R. Smith, elected to the position in 1900 as the bank was organized.

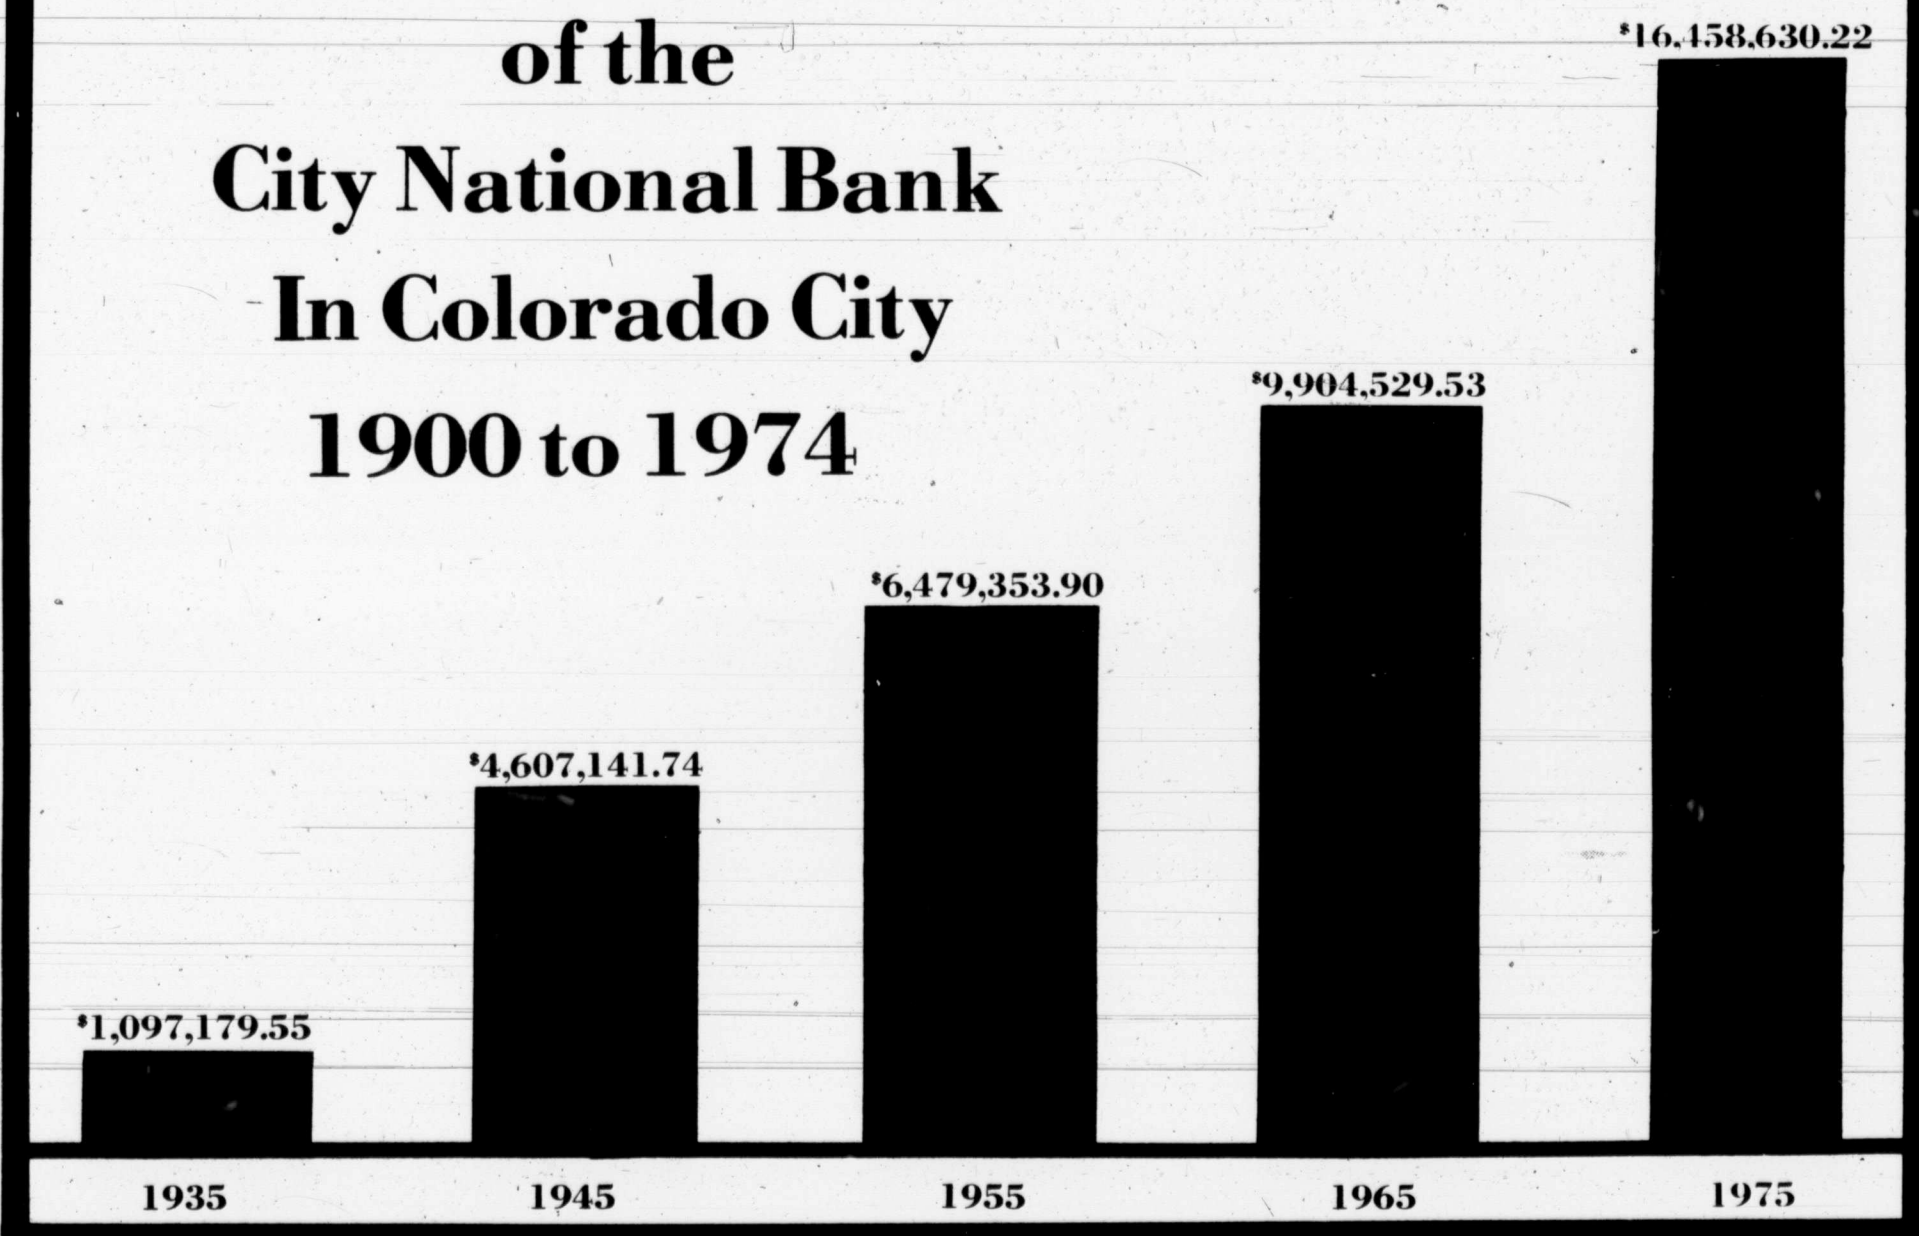

J. D. Wulfjen was named president the following year, Nov. 26, 1901, followed by J. L. Doss, Jan. 10, 1906.

Three other presidents have followed: C. H. Lasky, starting Jan. 12, 1915; T. W. Stoneroad Jr., beginning June 30, 1936; C. C. Thompson beginning Jan. 11, 1938 and continuing until the present time.

Vice presidents serving City National Bank since its origin include: C. A. O'Keefe, beginning in 1900 and followed by J. D. Wulfjen, F. E. McKenzie, D. N. Arnett, T. W. Stoneroad Jr., Joe H. Smoot, G. B. Slaton, J. C. Pritchett, Gus D. Chesney, J. E. Grantland, C. T. Hubbard, Ken Eastin, Wayne Shaw, Trevlyn Kelley, George Womack and presently, Bobby Lemons.

Chesney is now executive vice president; Shaw is senior vice president and Womack is vice president and cashier.

Growth in Resources of the City National Bank In Colorado City 1900 to 1974

Ag Credit Leader Leads City Bank

Charles C. Thompson is active in state and national fields of farm and ranch financing, vital tasks in serving his home community.

President of City National Bank and chairman of the board of directors, Thompson is also chairman of the busy Colorado City Industrial Team, Inc., organized on the bones of Colorado City Industrial Foundation. He has served as chairman of the organization to promote and improve Colorado City since its founding in July, 1960.

Thompson takes time from his favorite past-time, raising and watching over the herd of Herefords on his ranch south of Colorado City, to take an active part in the farm and ranch credit fields.

He was re-elected in August, 1974, to a three-year term to the state's Federal Land Bank board of directors. He was elected director of the Farm Credit Board of Houston, and as a director, will also serve as a director of the Federal Land Bank, the Federal Intermediate Credit bank and the bank for cooperatives of the district.

There are 12 Land Bank Associations across the nation and one association covers the entire state of Texas. The other 11 associations include several states grouped together.

Thompson has been a director of Farm Credit Board of Houston since 1943 and has served as chairman of the board since 1952.

Lauded in 1972 by Progressive Farmer editor Charles Scruggs after receiving the magazine's coveted "Man of the Year in Texas Agriculture for 1971" award, Scruggs said of Thompson: "The banker-farmer is called to Washington periodically to advise legislators and administrators on farm programs."

In citing Thompson, the magazine noted that in the disastrous days of the early 1930's, Texas farmers and ranchers suffered miserably under twin problems: drought and little or no farm credit.

Thompson, the magazine pointed out, has spent much of the past 40 years since then helping to build an efficient farm credit system for the state.

With Thompson's help, the Mitchell County Agricultural Credit Corporation was organized in 1932 and 20 years later, he became chairman of the Farm Credit Board of Texas.

This organization is responsible for the Texas operation of Federal Land Bank, Intermediate Credit Bank and Bank for cooperatives.

Scruggs states: "Originally these banks were established with government capital, but the government money has been paid back and the system is

now, operated by agricultural producers."

Thompson's background in farming and education activities goes all the way back to his boyhood membership in Mitchell County 4-H Clubs and he is a local, state and national winner of the 4-H alumni Golden Key Award, 1970.

He has also in past years been instrumental in aiding the growth of Texas Tech University, a former member of the Board of Regents from 1937-57, serving as chairman of the board for 15 years.

He is a former judge of Mitchell County and a former ru-

ral school teacher, retaining his ties with rural schools by serving as president of the county school board for years.

Thompson is a graduate of Hardin-Simmons University and the University of Texas Law School, holds an honorary Doctor of Laws degree presented by Texas Tech University in 1958.

His partner in the law practice is Tom Rees, and they maintain the law office of Thompson and Rees in City National Bank. New offices will be opened in the new annex after they have had time to move their extensive law library and office equipment.

Mr. and Mrs. Charles C. Thompson take time from their busy schedules to pose for the above picture. Thompson is president and chairman of the board of City National Bank, active in farm and ranch credit fields on local, state and national levels, and busy with chairing the Colorado City Industrial Team, Inc. Mrs. Thompson is also active in civic work, leading the Mitchell County Bicentennial Committee, as well as taking an active part in church work at First United Methodist Church.

Named For Thompson

Located on the south side of the banking establishment, City National's new annex includes three office spaces for the law office of Thompson and Rees, Attorneys, plus a law library.

With plenty of room for Tom Rees, Charles C. Thompson and their secretaries, who are Mrs. Joyce Howell and Helen Haggerton, entrance to the law offices is gained through the vestibule on the northeast side of the building.

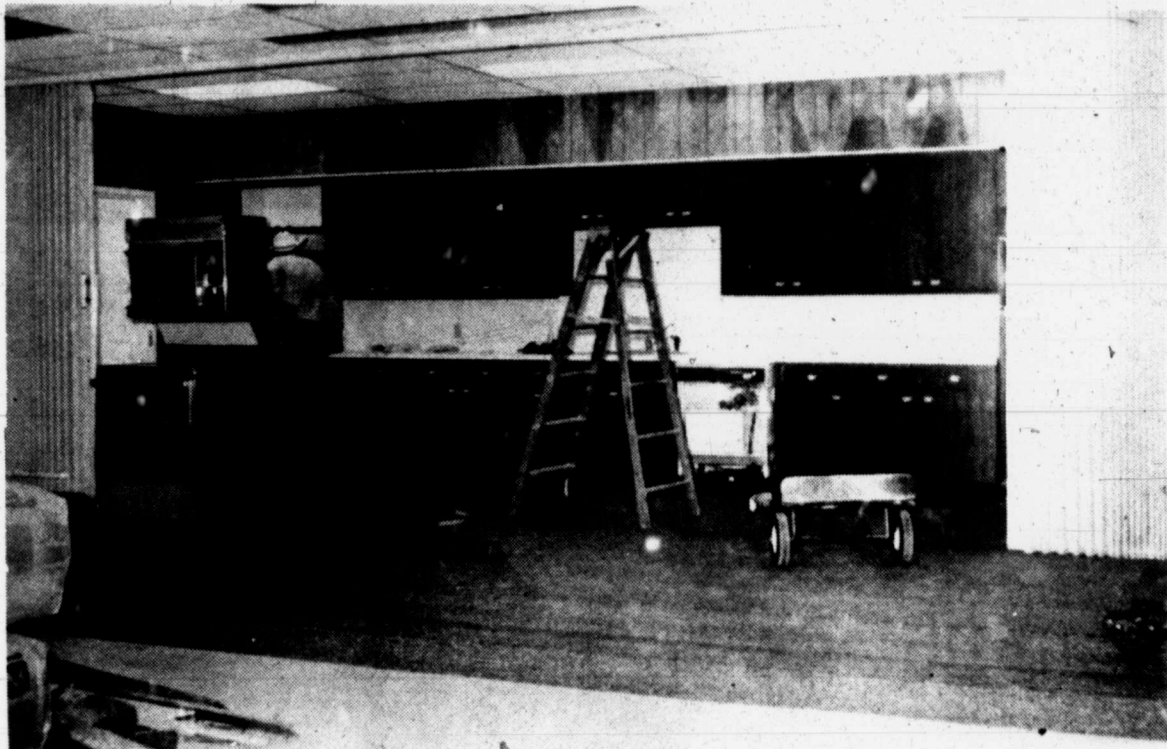

Behind the law offices there is a coffee room and storage and restrooms are located on the north side behind the community room.

Designated the Charles C. Thompson Community Room to honor long-time president and chairman of the board of City National Bank, the spacious meeting room is panelled in wood paneling and has a raised stage area.

A separate entrance on the southeast side of the building opens into the meeting area and plenty of coat racks are available in the vestibule.

Behind the raised stage, kitchen facilities, which can be closed off, include range, sink, dishwasher and refrigerator.

In addition to the pleasing interior of the annex, native plants enhance the building's outside appearance, with gravel mulch applied in three different colors of natural stone.

City National Bank's growth is part of Colorado City's progress.

Progress we have to be ready for.

Along with the growth and progress that's taking place in Colorado City comes an ever increasing need for more electricity.

Providing this electricity is not simply a matter of flipping a switch somewhere. It takes years of advance planning and building to be able to meet your needs, plus those of all the other towns and cities throughout the area we serve.

For example, we began acquiring the lignite coal we're now using to generate electricity many decades ago.

Why? Because we knew that one day

supplies of natural gas and oil, our traditional boiler fuels, would be difficult to obtain and increasingly expensive.

That day has come. But because we have lignite, we have been able to continue supplying the electricity you need. In 1975, lignite will account for about 20% of our total generation. By 1980, about 50% of our total will come from lignite. We're working hard to make sure that when Colorado City is ready for more electricity, we'll be ready to supply it.
