WIN RIGHT TO ENTER TEXAS A&M—Mrs. Barbara Tittle, left, studies for a test as her daughter Pam watches, while at right, Mrs. Lena Bristol is shown working in her kitchen at College Station, Tex. Both women won the right to enter all-male Texas A&M College in a district court ruling at Bryan, Tex. The court order has brought mixed feeling at Aggie Land and around the state. (AP Wirephoto)

Snowstorm Cripples Northeastern Area

By The Associated Press

A winter's end snowstorm slammed the northeastern seaboard today with a fury which at times eclipsed the devastating hurricanes of recent years. Life, property and services received shuddering blows.

From Virginia to New England, gale force winds flung mountainous heaps of snow onto the landscape and sent high tides lashing at the shorelines as the first hours of spring arrived.

Transportation was badly snarled. Hundreds of thousands of homes, stores and offices were without electricity and telephone service. Thousands of persons in heatless homes were evacuated. Schools by the hundreds were closed.

The snow reached a crippling depth of three feet in southeastern Pennsylvania, but stinging hard winds piled up much higher drifts at many places.

Even Washington, D. C., had 20 inches; New York City had 11, the Baltimore area nearly 24, and other points varying amounts.

Ferocious winds actually reached hurricane velocity of 75 miles an hour at times in New England.

Weather men predicted the center of the storm would be just east of Boston by afternoon, and that there would be diminishing punishment as the tempest shoved northward.

The death toll mounted hourly, with at least 34 lives lost up to midmorning today. The totals by states: Pennsylvania 12; Maryland 7; New Jersey 5; Virginia 2, New York 5; Massachusetts 2; Rhode Island 1.

Hundreds of thousands of homes and offices were left without electricity for long periods. Transportation was badly snarled, if not halted completely. Stores and schools were closed at many places. Office workers encountered extreme difficulties getting to their jobs.

Manhattan had an overnight 3½-inch snowfall. There was deep slush and it slowed traffic. At dawn, the snow began again. The Weather Bureau said it would continue through most of the day but with diminishing intensity. On suburban Long Island, 100,000 homes were blacked out by power failure. Heavy snow and high winds played havoc with transportation.

At least 23 deaths were attributed to the storm, which wheeled shoreward Wednesday from off the Carolina coast and swirled northward.

It was still snowing in many of the stricken areas today, but moderating weather was forecast in most sections by late tonight or tomorrow.

In Maryland the wet, freezing snowfall snapped power lines feeding some 100,000 homes. Annapolis was without power for nine hours. A large frame house in Baltimore burned to the ground when firemen were unable to surmount the drifts.

Police Reach 800 Marooned People

MORGANTOWN, Pa. (AP)—State Police broke through four feet of wet, solidly packed snow today to reach the more than 800 people marooned all night in a restaurant on the snowbound Pennsylvania Turnpike.

One lane was cleared and police reached the group of motorists, truckers, entertainers, babies and others stranded in the darkened, heatless restaurant.

Police said, however, it would be hours before the road could be widened to bring out the trapped people.

More than 800 of them had made their way to the Brandywine Restaurant since Wednesday night from cars, buses and trucks stranded on the turnpike by more than three feet of snow.

Some were ferried in by an Air Force helicopter, which also brought food and medical supplies for 10 persons reportedly suffering from shock and frostbite. One man, George L. Bliss, 61, Rocky River, Ohio, collapsed and died in the crowded restaurant.

Others, too frightened to leave their cars, were led in by truck drivers, who formed search parties.

The group was depressed but well organized as it waited for highway crews to clear an access road through "four feet of wet, solidly packed snow."

The turnpike was closed for 111 miles from Harrisburg to the New Jersey state line.

Dan Freeman, 39, a sales manager from suburban Philadelphia, who estimated the number packed into the restaurant, described the situation in a telephone interview.

"It's hot in here, we're depressed and very uncomfortable," he said, "but there's no panic. We're sleeping in shifts in the boiler room, storage rooms, on chairs, tables and counters. The helicopter is parked outside for the night and we'll try flying people out if the rescuers don't arrive soon."

Ag Price Bill Rushed To Ike

WASHINGTON (AP)—The Senate today rushed to President Eisenhower a farm price support freeze bill which he is considered likely to veto.

The Senate completed congressional action by accepting a House amendment to limit its effect to 1958.

The Senate vote on that issue was 48-32. Previously the Senate had passed the measure without the limit 50-43. The House bill passed that branch 210-172.

The measure would prevent any reduction in price supports and acreage allotments below 1957 levels.

Eisenhower and Secretary of Agriculture Benson both have expressed sharp opposition to it. The secretary has asked Congress for authority to lower supports on basic commodities to 60 per cent, as compared with the 75 per cent floor in present law.

Republican senators cried that Democrats were playing politics by rushing the bill through, in an effort to embarrass the President.

Neither the Senate vote on original passage nor the House vote was heavy enough to override a veto, which takes a two-thirds majority.

Democratic backers of the freeze contended they were giving the farm economy a half-billion-dollar shot in the arm, not playing politics.

The Senate, meantime, passed a bill to extend for two years beyond June 30 the government's authority to dispose of farm surplus commodities abroad in exchange for foreign currencies, or as gifts in case of disaster.

Passage came on a voice vote after the Senate rejected 44-39 an effort by Sen. Humphrey (D-Minn) to force Secretary of Agriculture Benson to use barter deals for at least half a billion dollars worth of surpluses each year. Permissive authority for barter remains.

The Senate bill authorizes disposal of an added 3½ billion dollars of farm commodities during the extension period. The administration had asked a one-year extension and authority for disposal of 1½ billion dollars of commodities.

Cost Of Living Is Sent To New High

WASHINGTON (AP)—A new high for food costs sent the nation's living cost level to still another peak mark in mid-February.

In reporting this today, Labor Statistics Commissioner Ewan Clague said he could see little hope for a living cost downturn in the next few months. He said it depends largely on crop conditions and food supply.

The official index rose two tenths of 1 per cent between January and February, reaching 122.5 per cent of the 1947-49 average. This is 3.2 per cent higher than a year ago.

Food alone soared to a point 4.5 per cent above a year ago, a new record.

The new over-all living cost peak is the 16th time in 18 months that the index has broken over the top to a new high.

Clague said the reason living costs are not responding to the general business decline, but continuing upward on their own, is that most consumer cost items don't respond quickly to general economic conditions.

He said farmers suffered their recession two years ago with a result that farm prices have since strengthened. Food plays a major part in living costs.

Clague said durables, such as autos, appliances and so on, and soft goods, such as gasoline, fuels and clothing, are responding somewhat to the general downturn.

But food and service costs—haircuts, medical care, public transportation, rent, repair and cleaning charges—are still rising.

The new hike in living costs means a pay raise of one or two cents an hour to about 100,000 workers in assorted aircraft, metal work and local transit companies. The aircraft firms are Martin, Hughes and Fairchild.

Food cost rose four-tenths of 1 per cent from January to February. Prices of most meats, fruits and vegetables, and restaurant meals, increased.

An exception was rib roast prices, indicating consumers have shifted to cheaper meat cuts. Prices for eggs and most dairy products declined a bit.

Household costs rose somewhat with an increase of one-tenth of 1 per cent in rents. Rent declines were reported in several cities, however.

Transportation and apparel prices were slightly lower. A drop of 2.7 per cent in gasoline prices contributed most to the decline in the transportation category. Continuing post - Christmas clothing sales helped bring average apparel prices down one-tenth of 1 per cent.

Clague said the food cost advance was mainly due to crop freezes in Florida and generally poor weather conditions in Georgia, South Carolina, Alabama and Texas—source of much of the country's winter fruit and vegetable supply. He said lower fruit-vegetable prices can be expected in May or June.

The Labor Department also reported that weekly spendable earnings of factory workers were almost unchanged between January and February. It said the earnings less taxes of a worker with three dependents were $73.71 for the single worker $66.63. This was 17 cents weekly less than in January, because of slightly reduced work hours.

Auxiliary For Hospital Gets Board's Okay

The county hospital board last night gave a group of Snyder women its approval of organization of a county hospital auxiliary, which has been discussed by several women here for several weeks.

Appearing before the board in connection with the auxiliary plans were Mrs. E. A. Rogers, who is serving as temporary chairman of a group planning the auxiliary, and Mrs. Leland Herod.

In a preliminary meeting held a few days ago, about 60 Snyder women attended to discuss plans for the auxiliary. Another meeting has been set for 10 a.m. April 3 at Martha Ann Woman's Club for actual organization of the auxiliary.

The auxiliary would use volunteer services of women to provide personal services to patients and other services which a hospital cannot perform in regular patient care. Two projects which have been most discussed were providing an information desk in the foyer of Cogdell Memorial Hospital and providing a hospital library, which would include a child's library.

The new organization would be open to any woman interested who could donate her time, probably about four hours weekly.

Bill Newsom, newly-appointed superintendent of the hospital who will assume duties here in April met with the board last night.

The board interviewed one applicant for the position of dietician for the hospital but has not yet taken action to fill the position. The hospital has not had a dietician about 18 months.

Also discussed but not acted upon was the possibility of providing television receivers which would be available to all rooms except wards in the hospital. The board is considering the possibility of taking bids on several sets.

100 Rebels Dead So Far

JAKARTA, Indonesia (AP)—More than 100 rebels have been killed in Indonesia's five-week-old civil war, the chief of army intelligence claimed today. He set casualties of the Jakarta government so far at only two killed.

Col. Sukendro added that the war "will not be a matter of months or years."

No large-scale battles have occurred yet.

The Dutch liner Oranje landed some 520 foreign evacuees from Medan at Singapore today. They included 122 Americans — mostly women and children, 280 Dutch and more than 100 Britons.

Two ships are scheduled to evacuate foreigners — mostly Dutch —from the west coast port of Padang, the rebels military headquarters.

The government radio said arrangements were also made to evacuate 30 foreigners from Rengat, an oil center of the U.S. Standard Vacuum Oil Co. 100 miles southeast of Pakanbaru. Stanvac's Indonesian representative, E. Berlin, said 60 Americans would remain at Lirik, the company's Central Sumatran base six miles north of Rengat.

Conservatives Lead In Irish Election

BELFAST, Northern Ireland (AP)—The ruling British Conservative party's political allies in Northern Ireland today were assured continued control of the local Parliament.

Partial returns from the general election yesterday gave the Unionist party 31 seats to 9 for all opposition groups. Returns were not in from six districts. In the old Parliament the Unionists had 38 of the 52 seats.

Pressure Is Claimed In FCC Probe

WASHINGTON (AP)—A lawyer for a losing contestant in Miami's TV Channel 10 case testified today he felt certain while the case was before the FCC that pressure had been brought on Commissioner Richard A. Mack in the matter.

Paul Porter, attorney for A. Frank Katzintine, unsuccessful bidder for the channel, said he had no first-hand knowledge however of any commitment by Mack to support the rival application of a National Airlines subsidiary.

Asked why he didn't approach the commission about Mack's disqualifying himself from voting in the case, Porter said he didn't think he and his client had sufficient proof to go on to take formal steps.

Porter testified before the special House subcommittee which is investigating federal regulatory agencies. He was chairman of the FCC in 1944-46, but has engaged in private law practice here in recent years.

Barbecue Building Destroyed By Fire

Fire destroyed the barbecue building at Everybody's Grocery, 2900 Avenue S, about 7:45 o'clock this morning.

Firemen said the walls of the building did not collapse, but they were damaged so much they will probably have to be replaced.

Science Head Gets Leave Of Absence

Glen Richardson, head of the science department for the Snyder schools, yesterday was granted a one-year leave of absence for studies on a special scholarship at the University of Texas.

Richardson will go to the University next September for graduate work in chemistry and math, and the leave of absence was granted for the next school year.

Richardson met with the board in a special meeting yesterday, and he told the group of an offer from the National Science Foundation for an appointment to the Academic-Year Institute, which would provide a scholarship for his graduate studies. The foundation has the special program to help improve science teaching.

The board also gave Richardson permission to take his wife with him for the year and asked him to help find teachers to fill the positions during the year. Mrs. Richardson also teaches science in the high school.

In other action yesterday, the board voted to pay the city monthly for nine months each year for patrol services of one car and one man in specific school areas.

Roy Dunlap, city manager, met with the board and told the group that the cost of a police car, equipped for service was $2,271.61, while the salary of a patrolman for nine months was $2,790. The board will pay for patrol services in line with these costs, while the city would, for the remaining three months of the year, pay for his training, and furnish his uniform.

The cost of services during the first year will take into consideration cost of the car, but in future years the service would be at lower cost, considering only the patrolman's salary and cost of securing new patrol cars by trade-in.

The school board has asked the city for a fulltime patrolman in school area during school months and offered to pay the cost.

M. E. Stanfield, acting superintendent, read the board a letter from Fred Buford, architect for the school building program, concerning windows for the South Elementary School, which a committee of the board had already chosen. The board accepted the window chosen by the committee, the windows to have vertical strips and weather stripping.

The board accepted an offer by the National Cash Register Co. to put cash registers on trial in the high school cafeteria for a two-week period. This was done with no obligation to buy cash registers and the board generally agreed that if the trial proved the value of use of cash registers it would take bids on cash registers which would fit school needs.

Soil Bank Reserve Funds To Be Made Available To Most

COLLEGE STATION (AP)—Most Texas farmers who were unable to file 1958 soil bank agreements because of fund limitations apparently will be able to sign up in the near future.

I. H. Lloyd, in charge of the soil bank program in the Texas Agricultural Stabilization Committee (ASC) office, said that when final details are announced, farmers could sign up in county ASC offices.

The Senate and the House both have approved a supplemental appropriation of 250 million dollars to provide for additional acreage reserve participation.

This would bring the total to 750 million for 1958.

Agreement on some details must still be reached in conference so the action on the new appropriation is not yet complete.

As soon as final action is taken, county ASC committees will get the go-ahead for completing the signup.

Preliminary steps have been taken by the state ASC committee to prepare the way for immediate action when the supplemental funds are authorized, Lloyd stated.

In addition to farmers who already have filed signed agreements, which were in general covered by the initial appropriations for the acreage reserve, other eligible farmers will be in position to take part in the enlarged program.

These will include those whose names are on waiting list registers at county offices and possibly others where there is evidence they made an effort to participate during the signup period.

It is expected that in general funds will be available to take care of all farmers who indicated they would take part in the program if it were enlarged, Lloyd said.

Public notice will be given promptly when county ASC offices are ready to sign additional acreage reserve agreements. Lloyd said that in the meantime, county offices will be prepared to furnish general information but that farmers should not attempt to sign up agreements until official announcements are made.

French Work On Tunisian Settlement

PARIS (AP)—The French Cabinet met in secret session today to decide on the next step toward settling the Tunisian crisis. Signs increased that a compromise may be possible.

Premier Felix Gaillard, who refused yesterday to make any statements on the negotiations at an Assembly committee, reported to the Cabinet on the U.S.-British good offices mission.

U.S. Deputy Undersecretary of State Robert Murphy was reported optimistic after meeting with Gaillard. Murphy brought from Tunis the latest views of President Habib Bourguiba.

French political circles viewed yesterday's independence anniversary speech in Tunis by Bourguiba as relatively moderate. Informed sources said the good offices team had cautioned Bourguiba not to slam the door on any settlement by making an inflamatory speech.

Bourguiba still insisted French troops must withdraw from Tunisia but expressed confidence this would be accomplished through the good offices mission. He also said Tunisia would remain with the West, whereas a week ago he had threatened a break.

Bourguiba's relative moderation and Gaillard's silence bolstered reports both sides may be seeking a face-saving method of settling the crisis brought on when French planes bombed a Tunisian border village.

Panel Kills Lease-Purchase, Proposes Cash For Building

WASHINGTON (AP)—The House Appropriations Committee today cut off funds for the lease-purchase program. But it recommended $177,255,000 in new cash to finance construction of 66 public buildings in the program.

The committee said the direct appropriation procedure will save money. It ordered that hereafter the lease-purchase method be used only for constructing post offices.

As an antirecession measure, the committee approved 75 million dollars to accelerate repair and improvement of government buildings.

The committee's action was in connection with approval of a $6,549,920,900 bill to finance independent federal agencies for the fiscal year starting July 1. This is $627,577,400 more than President Eisenhower requested and $1,159,988,100 more than Congress gave the same agencies this year.

In a sharply worded explanation of its lease-purchase action, the committee criticized Franklin G. Floete, the general services administrator, and Maurice H. Stans, who recently became director of the Budget Bureau.

It said it asked Floete not to bind the government on any more lease-purchase contracts until further notice. But, the committee added, he "ignored the request and within the last two weeks has signed two lease-purchase contracts and advises the committee that he intends to sign 26 others."

The committee said Stans ignored a request not to require GSA to enter into any commitments for lease-purchase contracts until Congress could decide whether the buildings should be constructed under direct appropriations.

Stans contended "lease-purchase was an administration policy," the committee said, adding that his action "was arbitrary and clearly showed no respect for the congressional request."

The lease-purchase law, enacted in 1954, provided for private construction of public buildings such as courthouses, with the government eventually obtaining ownership through annual rental payments. Congress refused last year to renew the law and the committee noted that only one public building has been constructed under the program since the law was enacted.

The 66 buildings for which the committee recommended direct appropriations had been approved for construction under that law.

Through the direct appropriations procedure, the committee said, the government will save about 171 million dollars on the 66 projects. It said a General Accounting Office survey indicated it costs at least $1.64 under lease-purchase to buy the same amount of building that can be obtained for $1 in direct appropriations.

The committee's action is subject to approval by the House next week.

Largest money allotment in the bill was $4,932,240,000 for the Veterans Administration. This is $35,342,000 less than Eisenhower asked.

HALF DOLLAR MEAL FOR TWO—Brigham Young University Provo, Utah, senior coeds Pauline Barlow, 22 standing, and Rachel Schmidt, 23, hold fifty cents which is one penny more than entire cost of meal they prepared for two consisting of beef stew, dumplings, salad, milk and dessert. Meal was prepared in home-making course during which two girls must eat for nine days on $10 —or less. (AP Wirephoto)

WEATHER

SNYDER TEMPERATURES: High Thursday, 69 degrees; low, 35 degrees; reading at 7:30 a.m. today, 40 degrees.

East, South Central and North Central Texas — Partly cloudy this afternoon and tonight. Warmer tonight, Saturday mostly cloudy and mild.

West Texas — Partly cloudy to cloudy and mild through Saturday.

BY PRESIDENT EISENHOWER

Nuclear Fissionist Cited

By LEIF ERICKSON

BERKELEY, Calif. (AP) — Dr. Ernest O. Lawrence, nuclear fission pioneer being honored by President Eisenhower at West Point today, is a South Dakota-born son of Norwegian descended parents.

As a boy in Canton, S.D., he grew passionately interested in crystal set radios. That interest steered him into a study of physics and invention of the cyclotron, man's first effective atom-smashing instrument.

Dr. Lawrence received at West Point the first Sylvanus Thayer Award for service to the nation.

Dr. Lawrence, director since 1936 of the University of California radiation laboratory built around his early cyclotrons, played first atomic bomb.

A process he discovered on the Berkeley cyclotron for separating self-exploding uranium 235 shaped the pattern of the giant Oak Ridge installation for the mass production of nuclear bomb material. Dr. Lawrence directed setting up the Oak Ridge instruments.

In awarding the medal of merit to Dr. Lawrence in 1946, Maj. Gen. Leslie R. Groves said 100 million dollars had been bet on Dr. Lawrence's idea.

Groves, who headed the highly secret Manhattan Project producing the first A-bomb, said: "No one will ever fully realize the importance . . . of the part played by Dr. Lawrence."

Two years before U.S. entry into World War II, Dr. Lawrence had won the 1939 Nobel Prize in physics for his cyclotron discovery. He had conceived the cyclotron idea in 1929, a year after coming to California as an assistant professor from Yale, where he took his doctorate.

In another year he built the first small machine, using a kitchen chair for its structural frame. The over-all cost was about $25.

In the next 20 years he built four cyclotrons at Berkeley, each more powerful than the previous.

The California laboratory isolated tritium, or triple weight hydrogen, a step in producing the hydrogen bomb.

HOSPITAL NOTES

SNYDER HOSPITAL

ADMISSIONS — Mrs. Warren Badger, Del Norte Courts; Mrs. John Bishop, 1510 Avenue R; C. E. Parton, 1005 Twenty-fourth Street; J. E. Payne, 2707 Avenue O; Mrs. Clint Hembree, Route 1, Box 140; Patsy Jane Thomas, 1705 Eighteenth Street; Mrs. J. T. Thomas, 1705 Eighteenth Street; Mrs. T. W. Burleson, Route 2, Hermleigh; Rodell Hargis, Box 1554; L. A. Melton, Route 3; Mrs. Raymond Patterson, 2201 Avenue F.

DISMISSALS — Weldon Ware, 3403 Fortieth Street; Mrs. C. Avila, Post Road; Raymond Graves, Jr., 3806 Noble Drive; Bentley Baize, Route 1, Box 84.

COGDELL MEMORIAL

ADMISSIONS — Pearl Walker, 125 Milburn; John L. Webb, Route 2; Susanna Perez, 1502 Avenue T; Patricia Brush, 509 Twenty-sixth Street; Edna Malone, 1902 Twenty-ninth Street; Virginia Morales, 478 Avenue R; Mae Stanfield, 3702 Avondale; Dan W. Thurston, Box 1344; Anita Sanders, Good Neighbor Trailer Park; Patsy Best, 3001 Fortieth Street.

DISMISSALS — Barbara William son, Snyder; Emma Lee Smith and baby, 1002 Thirty-third Street; Joseph Devilin, 2434 Sunset; Owen Dickey, 378 Thirty-third Street; Ray Emmons, Box 1315; Evelyn Wright, 2308 Thirty-second Street; T. A. Rainwater, Route 2.

None Hurt Here In Three-Car Accident

There were no injuries in a three-car accident here at 4:10 o'clock yesterday afternoon at the intersection of Avenue E and the East Highway.

Police said the three vehicles involved were a 1948 Chevrolet driven by Lendell Pickert, Snyder, a 1952 Chevrolet pickup driven by John B. Tate, and a 1949 Chevrolet driven by Buynon O. McDow, Box 291, Snyder.

Creole Cuts Prices

NEW YORK (AP)—Creole Petroleum Corp. cut prices in several heavier crude oil grades today. Reductions range from 5 cents a barrel for 21 degree Motatan to 15 cents for asphalt and other low gravity crudes. The price cuts follow reductions in other heavy competitive crudes.

Three Killed In Accident

GREENVILLE (AP)—Three members of a Kilgore family were killed and three other persons were injured in a highway accident near here last night.

Mrs. James Sizemore and her daughter, Marsha Sizemore, 6, were killed in the accident. A son, James Sizemore Jr., 5, died of injuries early today in a Dallas hospital.

James Sizemore, 25, his son, Robert, 2, and daughter, Gloria, 15 months, suffered lesser injuries.

Police said Sizemore was blinded by a passing car, got off on the shoulder and the car flipped at least twice. The accident occurred 8 miles north of Greenville on U.S. 69.

BIRTHS

Twin sons were born this morning in Snyder Clinic-Hospital to Mr. and Mrs. Clint Hembree, Box 40, one at 1:25 a.m. weighing five pounds, 11 ounces, the other at 1:29 a.m. and weighing four pounds 12 ounces.

Mr. and Mrs. John Bishop, 1510 Avenue R, are parents of a six-pound, four-ounce son, born at 6:12 a.m. yesterday in Snyder Clinic-Hospital.

Born to Mr. and Mrs. G. R. Beatty, Lee's Cafe, at 3:59 p.m. yesterday in Cogdell Memorial Hospital was a daughter weighing six pounds, 12 ounces.

A nine-pound, eight ounce son was born at 5:43 p.m. yesterday to Mr. and Mrs. Adam Perez, 1502 Avenue T, in Cogdell Hospital.

Mr. and Mrs. Roy L. Best, 3001 Fortieth Street, are parents of a son weighing eight pounds, 11½ ounces, born at 2:43 a.m. today in Cogdell Hospital.

Tube Explodes, Kills 2 At West Columbia

WEST COLUMBIA, Tex. (AP) — A mysterious metal tube exploded in a downtown garage yesterday and killed two men. Another was injured.

Dead are H. S. Pool, 64, owner of the garage, and Johnny French, 63. Nelva Glen Harris, 18, was in fair condition in the Bay City Hospital.

The pipe was being cut up for junk. Officers theorized the workers, using an acetylene torch, had cut into an old oilwell perforating shell that contained explosives. The shells are used in testing oil wells to see whether oil has been reached.

Five-Day Forecast Given On Weather

DALLAS (AP)—The Weather Bureau issued today this 5-day outlook for March 21-26:

East and Central Texas: Temperatures near to slightly above normal. No important changes. Little or no rain.

Knife & Fork Charter Meet Set Tonight

Snyder's newest organization, the Knife and Fork Club, will hear its first speaker this evening at a dinner meeting in the Martha Ann Womans Club.

Tonight's session, which is set for 7 p.m. will be the charter meeting for the organization.

The speaker will be Nicholas Nyardi, former minister of finance of Hungary.

Dr. Nyardi, who had to flee his native Hungary when the communists took over, is now an American citizen, living in Peoria, Ill. He and his wife came to the United States in 1948, and since that time he has written several articles on Soviet Russia for magazines of wide circulation. He also is author of the book, "My Ringside Seat In Moscos," which was published in 1952.

At present Dr. Nyardi is director of the Institute of International Studies at Bradley University.

Persons who are affiliated with the Knife and Fork Club by tonight's meeting will be charter members. A fee of $25 covers the initiation and the first year's dues in the organization.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 25, steady; choice 22.00.

NEW YORK (AP)—The stock market opened mixed in active trading today.

Rexall was up ¾ at 13¾; U.S. Steel off ⅛ at 59. General Electric up ¼ at 61¼. General Motors up ⅛ at 35⅜. Royal Dutch unchanged 40⅝ and American Cyanamid up ⅛ at 43⅞.

Small losses were shown by American Telephone, American Can, Boeing, Standard Oil (New Jersey), Westinghouse and Ford.

Slight gains were posted for Anaconda, Southern Railway, Kennecott and B&O.

Snyder Student On Honor Roll At OU

David Lynn Headstream of Snyder is among students named to the University of Oklahoma honor roll.

Headstream is enrolled in the university's college of arts and sciences.

To be eligible for the honor roll, a student must have an overall grade average of B in a minimum of 12 semester hours of classwork during the semester and must not have a "failing" or "incomplete" mark in any course.

ROYAL PAT—Queen Elizabeth II stoops to pat "Duff," a Labrador retriever, on head as Her Majesty meets members of cast after attending private showing on Shakespearean plays in London's Old Vic Theater. Robert Helpman, second from right, holds Duff's leash. He appeared with the dog in a scene from "Two Gentlemen from Verona." At right is Keith Mitchell, the dog's owner. Woman with them is Barbara Jefford. Man behind queen is unidentified. (AP Wirephoto)

Waller Woman Still Hides From Deputy

WALLER, Tex. — There were reports of dissension within the land of Eneri—Irene spelled backwards—today as Mrs. Irene Cliett continued her game of hide-and-seek with a deputy U.S. marshal.

The Houston Chronicle said it had been asked to act as an intermediary in arranging for deputy Marshal Ellis Binford to serve Mrs. Cliett with injunction papers but that Mrs. Cliett declined.

The Chronicle said the deal fell through as Mrs. Cliett fought off a mild attack of flu and apparently renewed her determination to continue hiding from Binford.

The deputy has been trying since Monday to serve the papers in spite of Mrs. Cliett's defiance of a court order that her 703-acre farm be divided on a 50-50 basis with heirs of a friend.

Mrs. Lucy Mayberry, a sister, released a proclamation Monday saying the farm had seceded from the United States, with Mrs. Cliett becoming president of the new nation named Eneri and with Mrs. Mayberry as vice president and foreign minister.

Mrs. Mayberry sent telegrams to President Eisenhower and Gov. Price Daniel and announced that Eneri would seek foreign aid from the United States.

The Houston Post quoted Mrs. Cliett today as saying she had opposed the secession actions.

"I do not approve of it and wish that Lucy would stop doing things like this," she said.

The Chronicle said some of Mrs. Cliett's Waller County supporters were against the idea from the beginning "but it did serve to bring the 59-year-old woman's legal difficulties to public attention and helped result in offers of legal and financial help."

The Waller County Record said at least three persons have volunteered financial and legal assistance.

Many Korean words end in "gi", an example being that "keilumbegi" is the Korean word for what we term in the United States as "lazy bones."

Obstinance Shows Need, Solon Says

WASHINGTON (AP)—Sen. McClellan (D-Ark) told his Senate Rackets Committee today both the union and the company have been "pretty obstinate" in the Kohler strike. He said this shows there is need for some new labor relations laws.

The committee is investigating violence and boycotting in the United Auto Workers Union strike—now nearly four years old—against the Kohler Co. of Kohler, Wis. No agreement to end the strike is in sight. The company continues to manufacture plumbing fixtures with a staff of nonstrikers and new employes.

McClellan did not spell out what new laws he said are needed.

McClellan's remarks interrupted testimony by Leo Breirather, the UAW's official "boycott coordinator." The senator said he was not "necessarily condemning" either the union or the Kohler Co., but that "you both started out pretty obstinate, and remained the same to the present."

Sen. Mundt (R-SD) said before today's session that Breirather, an official of UAW Local 833 at the Kohler plant, "clearly is not the mastermind" in the boycott. Mundt said the committee should find out the real top strategist of the boycott, which he said has sought to intimidate political figures in several cities.

Under questioning by the Senate Rackets Committee, Breirather acknowledged there are things he doesn't know about the boycott. He said its objective is to block the sale of plumbing fixtures produced by the Kohler Co. at its Wisconsin plant.

Breirather said he felt sorry for the plumbers, contractors, supply houses and others against whom the boycott has been aimed when they handled Kohler products. But he said he also felt sorry for the striking Kohler workers — himself among them — and philosophized: "People are hurt who have no business getting hurt." It all, he said, "is the result of a situation . . . deplorable . . . that seems unresolvable."

The company and the UAW handed the committee separate statements outlining points still at issue in the strike which will be four years old April 5. The statements showed them far apart.

The company now denies that the UAW could muster a majority of its workers to declare the union their collective bargaining agent if another plant election is held, and said, "The company can not lawfully deal with a minority union." The UAW won recognition and a contract in 1953.

The union listed five contract issues still in dispute — arbitration of grievances, seniority, lunch period in the enamel shop, pensions, and reinstatement of strikers including some formally discharged.

The company still operates with a staff of nonstrikers and new employes.

In Louisiana many of the old French laws of pioneer days are still in force and a considerable part of the population still speaks French as much as they do English.

Figure Flattery For You

1430
10-20

THIS youthful sheath is so slim and lovely — so kind to a lovely figure, and simple to sew. Use a bold contrasting tone to accent.

No. 1430 with PHOTO-GUIDE is in sizes 10, 12, 14, 16, 18, 20. Sizes 12, 32 bust, with sleeve, 3¼ yards of 35-inch; ⅝ yard contrast.

Send 35c in coins for this patern to IRIS LANE, (care of Snyder Daily News), Box 438, Midtown Station, New York 18, N. Y.

Cosmorama Club Entertained By The Debonairs

Mrs. R. L. Brice was hostess to the Cosmorama Club Wednesday at 4 p.m. at the Martha Ann Woman's Club.

Mrs. Clyde Hall Jr., president, presided over the business meeting, with 22 members present.

Mrs. F. G. Hoefer, program chairman introduced Mrs. Landis Lee, who in turn presented her Debonairs, a choral group from Snyder High School. Members are: Ginny Sims, Brenda Pitts, Barbara Shoemake, Pat Bills, Leatha Brice, Sandra Williams, Judy Wallace, Jolene Sheid, Paula Keaton, Becky Perkins, Sue Taylor and Lanette Miller.

"If I Were a Bell", "Til", "Oh Baby Mine" and "Make Yourself Comfortable" were titles of the selections presented by the group.

Becky Perkins and Sue Taylor sang "We Three" and "Down By The Riverside". Becky also delighted the group in a solo "It Might As Well Be Spring", and Sue sang a solo titled "All the Way".

Make a carriage cover from cotton corduroy in a delicate shade of pink or blue. The cover will be the right weight for baby's first warm spring days in the park . . . and, of course, it will be washable!

Sorority Honors Five Rushees Thursday Night

Five rushees were honored with a party Thursday evening by members of the Gamma Epsilon Chapter of ESA, in the home of Mrs. Alfred Weathers, Jr., 3101 Avenue K Mrs. Roaal Minor was co-hostess.

Mix-up bridge was played for entertainment, with high score going to Mrs. W. W. Springer, and low to Mrs. Bill Watson.

The lace covered service table was centered with the letters ESA in blue styrofoam, flanked by lighted tapers encircled by yellow jonquils.

Blue sandwiches, pickles, olives, potato chips, coffee and Cokes were served by the hostesses.

Rush activities will be concluded on April 3, with a pledge ceremony, following a tour of the Scurry County Library.

Guests present were: Mrs. Tom Ivison, Mrs. Jimmy Rodgers, Mrs. Gary Hill, Mrs. Ray Finley, and Mrs. Ralph Foster.

Members attending were: Mrs. Darrell Black, Mrs. Bob Boren, Mrs. Horace Bostick, Mrs. Raymond Boystun, Mrs. Elmer Folk, Mrs. Charley Sparks, Mrs. Gene Thompson, Mrs. Joe Williamson, Mrs. James Guy, Mrs. Springer, Mrs. Watson, and the hostesses.

Snyder Women Attend Meeting

HEREFORD — Snyder Methodists were represented at the Seventeenth Annual Northwest Texas Methodist Conference Woman's Society of Christian Service meeting held in First Methodist church here Tuesday, March 18, to Thursday, March 20. Theme of the meeting was "Write With The Spirit of The Living God."

Attending from Snyder were: Mrs. I. T. Huckabee, Mrs. Lyda M. Hardy.

With summer just around the corner, auto seat covers of terry cloth are a good investment. The cotton covers are cool and comfortable and can be easily removed for washing.

1907 - 25th Street

Springtime or anytime is the right time to bake a crusty loaf of bread for your family. Some morning soon, push up the kitchen window, breathe in some of that fresh air and approach this project of bread baking with an open and inquisitive mind. No cook knows the real joy of baking until she takes her first golden loaves from the oven. But whether you are novice or expert, you'll love this recipe for Poppy Seed Bread.

Bread baking will open new chapters in the culinary arts for you. Just the feel of live, springy dough in your finers is an experience everyone must know. Poppy Seed Bread is a yeast dough flavored with the juice and grated rind of an orange. Nutsweet rolled oats gives a toasty flavor to the bread, too, and poppy seeds add their bit to both flavor and color the spiral loaf.

Poppy Seed Bread will bring a touch of spring to your table. Slice through the crusty loaves and immediately you will see the spiral effect created by the poppy seeds. The faint flavor of orange will complement spring salads, but a word to the wise — don't pass up a slice of this bread toasted for breakfast. 7

POPPY SEED BREAD
Makes 2 loaves

Dough:
2 packages or 2 cakes compressed or dry yeast
½ cup lukewarm water
1 cup scalded milk
½ cup sugar
½ cup shortening
½ teaspoon salt
Grated rind of 1 orange
4 to 4½ cups sifted enriched flour
4 eggs, beaten
1½ cups rolled oats (quick or old fashioned, uncooked) 6

FILLING:
2-3 cup poppy seeds
½ cup orange juice
½ teaspoon cinnamon

Soften yeast in lukewarm water. (Use warm water for dry yeast.) Pour scalded milk over sugar, shortening and salt; stir occasionally until shortening melts. Cool to lukewarm. Stir in grated orange rind, 1 cup of flour and eggs; add softened yeast and oats. Stir in enough more flour to make a soft dough.

Turn out on lightly floured board or canvas; knead untill satiny, about 10 minutes. Round dough into balli place in greased bowl; brush lightly with melted shortenng. Cover and let rse in warm place until double in size, about 45 minutes.

Punch dough down; turn out on lightly floured board or canvas. Cover and let rest 10 minutes. Divide dough in half. Roll out one half to form a rectangle 8 x 24 inches. Brush lightly with melted butter. Combine poppy seeds, orange juice and cinnamon. Spread half of this filling over dough. Roll up, starting at short end; place in wellgreased bread pan (1 lb. size). Brush top lightly with melted butter. Repeat for other half of dough. Cover; let rise until double in size, about 45 minutes.

Bake in moderate oven (375 degrees) about 45 minutes. Remove from pan and again brush with melted butter. Cool thoroughly.

Circle Meetings Held Wednesday

The Circles of the Bethel Baptist Church met in separate meetings Wednesday morning.

The O'Neil Circle met in the home of Mrs. Katie Howard, 210 Thirty-second Street, while the Livingston Circle met in the home of Mrs. L. A. Melton, Route 3, Clairemont Road.

Sixteen members were present for the meetings and refreshments were served.

Plans were made for a special business meeting to be held Wednesday, March 26.

There's a sound reason for having a wardrobe of shoes. They give you better service and longer wear if they're given a day's rest after each wearing. And, of course, you'll want many heel heights and colors.

HEALTH'S ANONYMOUS "SHOCK TROOPS"

Jr. High P-TA To Sponsor Book Fair April 8-11

The Junior High Parent-Teachers Association met Monday evening in the school cafeteria. Mr. Ralph Laswell, principal, opened the meeting with prayer.

In the business session four officers were elected for the new year. There were: Mrs. Fred Beaty, president; Mrs. Richard Brice, vice-president; Mrs. George Whitted, secretary and Mrs. W. M. Womack, treasurer. Other officers will be elected at the April meeting.

Members serving on the nominating committee are, Mr. Lee Pittman, chairman, Mrs. Rex Miller, and Mrs. Elmo Crowder.

Six delegates were elected to attend the District Conference to be held in Abilene on April 22-23. The life membership committee, composed of Mrs. W. N. Peebles, Mrs. C. F. Capps, and Mrs. Ted Zeck, reported that a person has been selected to receive the Life Membership Award.

Mr. George Murry reported on the activities to be had during the Book Fair. The unit voted to sponsor a Book Fair at a called meeting in February. The aim of the fair is to stimulate the reading habit in young people and strive to make books exciting; to increase library use; to point out the new juvenile books, and to draw the attention of the adult community to the importance of books in the well-rounded development and growth of children. The Book Fair will be held in the Junior High School April 8 to 11.

Books on exhibit, a cooperative exhibiting service sponsored by 27 of the country's leading publishers of junior library books, has made its 600 books (1957 publications) on 32 different subjects available to us during the week of April 8 through 11.

Each day during this week, students will present programs pertaining to books. Dramatizations of scenes from books and young people dressed as famous characters will be included.

A noted author, Marguerite Henry, will be the featured speaker on Wednesday, April 9. Mrs. Henry has written 29 children's books. She is famous, however, for her horse books for children and young people. Mr. Murry is general chairman of the Book Fair and committees of teachers are parents are already at work making plans for the event.

The program, "How Fare American Youth", was given by Mr. Harry Itzkow. He said, "It is very important for a child to be loved and feel that he is wanted. If he doesn't have love and the feeling that he is wanted, some very serious things might happen to the child. If one wants a beautiful rose, one takes care of the rose bush. The ground is freed from weeds, the bush is nourished and cared for. Achild should be guided, nourished, cared for, loved and made to feel that he is wanted.

"The faring of the American youth is a yard stick in measuring the American community. If the conditions of the community deteriates, then the result is the deteriation of our youth. Many conditions in the community are the results of deteriation. Some of these are martial problems, economic conditions, and school conditions."

Mrs. Beaty, president, closed the meeting with this thought, "the book of Proverbs very vividly tells us of our responsibility in matters pertaining to the spiritual welfare of our children: 'Train up the child in the way he should go; and when he is old, he will not depart from it.' . . . Josh billings paraphrasing of this scripture: 'Train up the child in the way he should go; and walk there yourselves sometimes.'"

An idea for the woman who sews: Trim your spring cottons with a new ruffled cotton lace that launders beautifully and needs no ironing.

Woman's Culture Club Observes Friendship Day

The Women's Culture Club met Tuesday March 18, at the Martha Ann Woman's Club, honoring Friendship Day.

Mrs. W. L. Wren president, presided over the business session.

Mrs. E. J. Richardson, Sr. was leader of the program. Roll call was answered with quotations on friendship. Those participating in the program and their topics were "Friendliness, is a Tipical Texas Trait" by Mrs. J. E. Shipp, and "Qualities of Friendship" was given by Mrs. Mabel Belcher.

Mrs. Bertha Clark and Mrs. Neva Greenfield were hostesses. Refreshments were served to 17 members and 13 guests.

To dry terry cloth house slippers: After washing, draw a washcloth through each open toe and pin to the clothesline.

WOMEN'S CALENDAR

SATURDAY

Mrs. Ben Weathers and Mrs. Gilbert Richter will be hostesses for a meeting in Martha Ann Woman's Club at 3:30 p.m. A film on cancer will be shown for all county Home Demonstration Club women, and the public is invited.

Lost 44 Pounds With Barcentrate

Mrs. A. C. Noble, 1106 N. Robinson, Cleburne, Texas, states that she lost 44 pounds taking Barcentrate, reducing from 169 to 125 pounds.

—and Mrs. George Lay, 330 29th St., Texas City, Texas, states that she lost 14 pounds.

Get Barcentrate from any Texas druggist. If the very first bottle doesn't show you the way to take off ugly fat, safely, easily and without starvation diet, return the empty bottle for your money back.

OPEN LETTER CONCERNING School Board Election

Dear Friends:

I would like to take this means of clarifying my stand in connection with happenings in the past and my future outlook should I be elected a Trustee of the Snyder Public Schools.

Although misquoted by the Abilene Reporter-News and possibly several other sources in regard to my stand concerning issues past, I have always maintained a neutral stand concerning these issues. This was something that I did not pass judgment on, nor did I take sides in the matter for the decisions were not mine to make and I did not have the facts before me. It is my conviction that the issues in the past are settled and that the decisions of the Board of Trustees are final.

I have always tried to be fair in my dealings with my fellow man and I maintain that it is all right for anyone to have his opinions but none of us have a right to be wrong in our facts.

If you are my friend, as I feel you are, and you have any doubts concerning my neutrality in this matter and the fact that I am not connected with any faction, but interested only in the advancement of our schools, then I would appreciate talking with you personally so that I can tell you face to face my heartfelt aims.

I graduated from Snyder High School in 1931 and Texas Tech, In Lubbock, in 1936. Upon returning to Snyder in 1946, after military service, I taught School as head of the Vocational Agriculture Department until the closing of the School Term in 1951, at which time I resigned to enter private business. I feel that my past experience in the school system, as a teacher, and the fact that I now have a son in the Snyder Public Schools, will enable me to act according to my own conscience, without pre-conceived ideas and strictly according to facts that are presented.

Trusting we may all work together for the mutual benefit of every child in the Snyder School District so that in the future Snyder Public Schools will rise to educational heights that will be a credit and an honor to us all, I remain,

Sincerely yours,

J. L. (Broadway) Browning

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

SOME OF THE FINEST hurdling you'll ever see in any one track meet—high school division, will be in the offing for fans attending the West Texas Relays at Odessa tomorrow.

Most of the state's recognized hurdlers will compete in the Odessa meet.

Our own Bud Morgan, who holds the best time in the state this year thus far in the low hurdles, will face some stern competition in the West Texas affair.

Morgan's 18.8 in the Canyon Reef Relays last Saturday is the top mark in the state to date. Morgan's chief competition in the Odessa meet will come from a pair of Abilene Eagles, Iran King and Bob Swofford.

King holds the second best time this season at 19.3 and Swofford the fourth best at 19.7. Then another Tiger hurdler, Rex Wilson, will be pushing these fellows. Wilson was right on the heels of Morgan in his 18.8 race last Saturday and was timed at "about" 19.2.

Wilson's low hurdle performance Saturday hasn't been publicly announced, thus the reason he isn't included among the state's leaders at present.

4-Way Battle Seen In Highs

Then in the high hurdles there are at least four who'll bear watching. Bob Bernard of the Graham Steers, who owns the best time in the state at this point with 14.5, is expected to compete in the Odessa meet.

Pushing Bernard will be Swofford of Abilene, Larry Meeks of Brownfield and the Tigers two hurdle starts, Morgan and Wilson.

Swofford and Meeks each have done 14.6 this season, Wilson 14.7 and Morgan 14.8.

With 40-50 schools entered in the West Texas Relays, there very well could be some "sleepers" in the hurdles field.

You can see that the hurdle events at Odessa probably will furnish the "hottest" competition in the meet.

Abilene, with its depth, appears to be the odds-on-favorite to win the meet. Andrews could make it interesting since she stands a good chance of winning both relays which in this meet will count "double."

Barring unforseen mishaps, we look for the Tigers to finish in the top five.

Tiger Gridder Held In High Esteem

Darrell Royal, the popular head coach at University of Texas, is high on two high school footballers recruited by TCU.

Royal, in a recent statement, said:

"TCU signed "two of the most outstanding players in the state" in Center Bobby Bichunko of La Vega and Snyder's Billy Mack Phillips."

TCU was pretty determined to land Phillips, the Tigers' all-district tackle of last season. Head coach Abe Martin and assistant Allie White took time offf from Spring training about a month ago to come to Snyder to hear the good word that Phillips had chosen TCU.

And this despite the fact that Phillips couldn't sign a "letter of intent" until three weeks hence. When Abe and Allie left Snyder that night, they said they would be back by noon on March 15, the first day Southwest Conference schools are allowed to sign athletes to "letters of intent."

And Abe and Allie arrived last Saturday right on schedule.

NCAA Cage Semis On Tap Tonight

LOUISVILLE, Ky. (AP) — Three-time champion Kentucky and neophytes Temple, Kansas State and Seattle tonight begin the scramble that in 24 hours will lead one of the four to the NCAA basketball championship.

Kentucky (21-6) meets Temple (26-2) in the opening semifinal, followed by K-State (22-3) vs. Seattle (22-5). Tonight's winners play for the title tomorrow night after a consolation game for third place.

Big bruising Kansas State, the Big Eight champion, rates even money favorite with the oddsmakers. Kentuckys Southeastern Conference kings, old hands at NCAA play with 10 appearances and three titles, moved up at a late hour as second choice at 9-5. Temple, pride of the Middle Atlantic Conference and winner of 25 straight, was 3-1 and Seattle, the only "at large" survivor, 9-2 despite the presence of All America Elgin Baylor.

None except Kentucky has won an NCAA title, although Temple has tried twice, K-State three times and Seattle four.

All four teams went through final practices, Kansas State and Temple on slightly wobbly legs. Both teams encountered flight delays en route here because of the widespread snowfall.

Temples All America Guy Rodgers wore a corset but said his back sprain, suffered in the Eastern regional at Charlotte, gave him no trouble.

The fields other casualty, Johnny Cox of Kentucky, limited his workout to loosening up and gave his swollen finger another days rest. "Hes okay," said Coach Adolph Rupp.

WT RELAYS OPENS TODAY

Morgan, Wilson Eye Odessa Marks

ODESSA, Tex. (AP)—The West Texas Relays open today with 44 high school teams threatening to rewrite the record book.

While the big show comes tomorrow when 14 universities and colleges, featuring Olympic stars Bobby Morrow and Eddie Southern, battle for championships, the schoolboys are due to put on a brilliant performance.

Abilene is favored for the team championship but most of the record-breaking is expected from a couple of great Andrews relay teams, pole vaulter Bayless Bennett of Amarillo, discus thrower Walter Meyers of Odessa and hurdlers Bud Morgan and Rex Wilson of Snyder and Larry Meeks of Brownfield.

Preliminaries in eight running events and finals in the pole vault and high jump were scheduled for the 450 schoolboy athletes this afternoon.

Abilenes best bets in the record smashing are hurdlers Iran King and Bob Swafford and they face uphill battles against Morgan, Meeks and Wilson.

The university division, with seven schools—Texas, Abilene Christian, Houston, Baylor, SMU, Texas Tech and North Texas State—holds preliminaries in the 100-yard dash and high hurdles and finals in the discus and javelin tomorrow morning. This will bring Morrow, the Abilene Christian College sprint star, into early action. Morrow already holds the record in the 100 at 9.4.

Southern will anchor crack Texas' 440-yard, 880 and mile relay teams in the finals tomorrow afternoon.

Bertil Holmgren, the Swedish SMU high jumper, is expected to knock down the record of 6 feet 7 inches and Joe Villarreal of Texas is considered virtually certain to better the mile record of 4:24.3.

Texas is favored for the team championship.

The college division also has seven schools—East Texas State, the defending champion; Howard Payne, McMurry, Hardin-Simmons, Sul Ross, Texas Western and Eastern New Mexico. East Texas is favored to repeat.

Texas Tech, Abilene Christian, East Texas, Hardin-Simmons and McMurry make up the university-college division of the annual golf tournament with Tech favored. Howard County, Odessa, Phillips, San Angelo and Texas Tech freshmen are in the freshman-junior college division. The high school class has 22 teams with Pampa back to defend its championship.

Fort Worth Proposes Huge Stadium

FORT WORTH (AP)—A proposal to build a 5 million dollar sports stadium, suitable for major league baseball and professional football, has been made to the Tarrant County Commissioners Court.

Advocates said they also would present the proposal to the Dallas Commissioners Court.

The proposal, which has the backing of many sports fans in both cities, calls for the construction of the stadium between Dallas and Fort Worth.

The Fort Worth court yesterday took the plan under consideration.

The plan calls for the creation of a commission which would issue revenue bonds for the construction of the stadium. Rental of the facilities would be used to retire the bonds.

Tarrant County Commissioner Roscoe Minton, a sponsor of the proposal, said a group of Dallas fans had agreed to furnish $25,000 for a study of the proposal.

He also said John Reeves, former president of the Fort Worth Cats, had applied to the American and National Leagues for the first available baseball franchise.

Dallas County Commissioners were rather cool to the proposition. County Judge Lew Sterrett said he and the commissioners knew nothing about the proposal and Commissioner Lynn Lawther said "I wouldn't be in favor of such a thing anyway."

Grid Stars Walker, Box Sue Chicagoan

CHICAGO (AP)—Doak Walker and another former Detroit Lions football player have filed charges against Bernard Turner, 42, Chicago, accusing him of bilking them of $35,429 in connection with a proposed Louisville motel.

Walker and Cloyce Box said they gave the money to Turner. They said that when they found the motel was not built and demanded their money back, Turner sent them bogus checks.

He is being held under $5,000 bond.

Kilgore To Semi-Finals In JC Meet

HUTCHINSON, Kan. (AP) — Kilgore's Rangers play in the semi-finals of the National Junior College Basketball Tournament tonight, meeting Hutchinson, Kan. the Brewton-Parker Barons of Mt.

The talented Texans whipped Vernon, Ga., 93-88 last night to slam into the semi-finals as Don Stanley set a game scoring record with 37 points.

Hutchinson took a 96-58 triumph over Boaz, Ala.

The other semi-final matches the Cameron Aggies of Oklahoma and Weber, Utah, who had advanced Wednesday night.

Cameron and Weber clash at 7:30 while Kilgore and Hutchinson tangle at 9:15.

Frank Phillips of Borger, Tex., plays in the consolation semi-finals at noon today, meeting Joliet, Ill. Phillips advanced yesterday with a 77-66 trouncing of Ely, Minn.

Kilgore's joust with Brewton-Parker was a close one. The score was tied nine times in the first half and was 39-39 at intermission. It was tied at 49-49, 55-55 and 57-57 in the second half before Don Stanley, Pat Stanley and Sid Cohen goaled to give Kilgore a 65-61 lead with 10 minutes left.

Kilgore was ahead 79-75 going into the last three minutes and protected the margin with free throws.

Stanley led the scorers with his record 37 points, Cohen hit 19 and Wilmer Cox 13. Charley Warren with 20 and Ronnie Rose with 19 topped Brewton-Parker.

'Pinky' Is Optimistic Over Red Sox Chances This Season

SARASOTA, Fla. (AP) — With 39-year-old Ted Williams hitting .388, the best the Boston Red Sox could manage last year was a third place finish, 16 games behind the New York Yankees. Why should you expect any more this season?

The Red Sox again have a solid punch and pitching potential. Once more the infield is a question mark, depending on improvement by the kids.

A handyman like Pete Runnels has been added and shortstop Don Buddin is back from the Army a few months ahead of time. Otherwise it is pretty much the same ball club that never was a pennant factor after the first month of the 1957 season.

Like all American League managers in springtime, Mike "Pinky Higgins is optimistic. He even says this is the best Red Sox club he has had in his four years as manager.

"I think we are going to be better. We are going to have a tighter infield and our pitching has to improve. It didnt live up to its potential last year. If we can come up with a lefthander, we will be plenty tough.

Williams, of course, is the big man. An ankle injury in the winter has slowed him down and he pulled a muscle in batting practice. Higgins has been letting Teddy take it easy, working out his own spring schedule.

Although he will be 40 in August, Williams tells friends he expects to play 125 games, sitting out the second games of doubleheaders. He would like nothing better than a sixth batting title and a career total of 500 home runs. At present he is fifth on the all-time list with 456, only 38 behind Lou Gehrig.

The strongest part of the Boston club is its outfield with Williams in left, the fleet Jimmy Piersall in center and thumping Jackie Jensen in right. Piersall's average dipped to .261 last season but he increased his home run production to 19 while Jensen's .281 mark includes 103 runs batted in. Marty Keough, .285 at San Francisco, and Gene Stephens, .266 as Williams' caddy in left, probably will be the extra men.

ONE OF THIRTEEN—Audie Cox, Odessa center fielder, is shown scampering across home plate with the third Bronc run in yesterday's game with the Tigers at Towle Park. The action came in the third inning. Cox scored on a single by pitcher Gerald Erwin. The Tiger catcher is Coleman John. The Broncs won 13-0. (Lee Watson photograph)

Odessa Broncs Spoil Tigers' Home Opener

The Odessa Broncs spoiled the 1958 home opener for the Tiger baseballers yesterday with a smashing 13-0 victory at Towle Park.

Gerald Erwin, the Tiger nemesis spun a neat three-hitter at the Bengals. It was the second straight win for the Broncs over the Tigers and Erwin hurled both games.

Odessa won the first game, 4-3. The two games with Odessa are the only ones the Tigers have played this season.

The Tigers journey to San Angelo today to open a three-game series this afternoon with the San Angelo Bobcats. The two teams will meet in a single game today and then clash in a doubleheader tomorrow afternoon starting at 1:30.

San Angelo has played only one game, winning 5-1 over Miles.

Odessa, in winning yesterday, kept its undefeated record intact. The Broncs have swept through eight games without a setback.

The Broncs are in Lubbock this afternoon to meet Tom S. They'll stay over for a doubleheader with Monterey Saturday.

Yesterday's game was a little closer than the final score indicated. It was 4-0 through the first six innings and all four Bronc runs to this point were unearned.

Starting pitcher Norman Gladson of the Tigers hurled the first four innings and gave up five hits and three runs. Gladson, however, would have retired without a run charged against him except for a couple of costly Tiger errors, the only two bobbles the Tigers made during the afternoon.

In the first inning, shortstop Richard Mahan miscued on Ronnie Goodwin's routine ground ball to open the door to a two-run rally. Erwin followed with a single but Buddy New whiffed for what should have been the third out except for the error.

Tommy McMorris walked to load the bases and then Bluwett Gardner rifled a single through the box off Gladson's glove and Goodwin and Erwin scored.

Gladson got himself in a hole in the third when he threw wildly at first in an attempted pickoff play, the miscue leading to the third Bronc run.

Lefty Tim Roberts came on at the start of the fifth and retired the Broncs in order in the fifth, allowed an unearned run in the sixth and then ran into a pack of trouble in the 7th.

Odessa bats suddenly broke loose in the seventh with the first four Broncs up in the last go around hitting safely, writing finish for Roberts. Two other Tiger pitchers followed. Kenny Drake and Coleman John, the latter shedding his catching gear to get the last man out.

New, held hitless until the seventh, led the big Bronc seventh with a double and triple and driving in five runs.

The only serious Tiger threat came in the sixth. Trailing 4-0, the Tigers loaded the bases with one away. Then Erwin threw three straight balls at Terry Lee only to brace and get the big first sacker on strikes and then he proceeded to whiff Carroll Wiley to get out of the inning.

Two of the Tiger hits were of the infield variety. The only "clean" hit was a single to left by John in the seventh.

Queens' Win Streak Broken

ST. JOSEPH, Mo. (AP)—Nashville, Tenn., and Mount Pleasant, Iowa, meet tonight for the championship of the Womens National AAU basketball tournament.

Nashville advanced to the finals last night with a 46-42 upset of defending champion Wayland College of Plainview, Tex., the first loss suffered by Wayland since Nov. 7th, 1953. Wayland's Flying Queens had compiled a record of 131 straight victories.

Mount Pleasant reached the finals with a 52-42 veitory over Kansas City Midland.

New Cisco Coach

CISCO, Tex. (AP)—Bob Howard, coach at Boyd High the past six years, has been named athletic director and head football coach of Cisco Junior College. R. M. Burch of Springtown will be head basketball and assistant football coach.

Ag Netters In Sweep

COLLEGE STATION, Tex. (AP)—Texas A&M recorded a clean sweep yesterday in whipping Southeastern Oklahoma State 6-0 in tennis.

Tech Hosts Fencers

LUBBOCK (AP)—New York University began today defense of its title in the National Collegiate Fencing Tournament. Twenty-five teams are entered in the tourney that ends tomorrow.

TEAMS CLASH TOMORROW

Dayton, Xavier Gain NIT Finals

By BEN OLAN

NEW YORK (AP)—Impressive victories by top-seeded Dayton and unranked Xavier have set up an all-Ohio championship game in the National Invitation Basektball Tournament.

But Dayton Coach Tom Blackburn is not very happy about the pairing.

The Flyers rode over St. John's of New York 80-56 and Xavier knocked off third-seeded St. Bonaventure 72-53 in last night's semi-finals in Madison Square Garden.

The finals will be played tomorrow and will be preceded by a consolation game for third place between the Bonnies and St. John's.

Dayton advanced to the finals four times in its six previous NIT appearances and has yet to take home the championship. The Flyers were runners-up in 1951, 1952, 1955 and 1956.

"We would rather have played St. Bonaventure Saturday," said Blackburn. "We beat Xavier twice during the regular season and they'll be gunning for us. Also they're playing much better now than when we faced them." Dayton whipped the Musketeers 74-59 Jan. 19 and 64-58 Feb. 16.

Xavier's Hank Stein, 6-2 junior from Louisville, Ky., scored 27 points.

Xavier, which turned back Niagara and defending champion Bradley to reach the semis, had its lead reduced to three points early in the second half. But Stein got his team rolling again.

For a while it looked as though Dayton would have its hands full with St. John's. The Redmen led 39-38 in the fifth minute of the second half. But the Flyers forged in front behind the sharpshooting of Don Lane and Frank Case.

Jack McCarthy, Dayton's 6-6 center, was the game's high scorer with 25 points. Case had 23 and Lane 14.

Saturday's championship game will be nationally televised by CBS.

Tulane Man Elected Cage Coach Prexy

LOUISVILLE, Ky. (AP)—The college basketball coaches' organization had a new president today and — they hoped — the same rules under which the game was played this season.

Cliff Wells of Tulane was chosen president of the National Assn. of Basketball coaches last night during a meeting at which the coaches voted 77-6 against recommending any major rules changes.

Score Back To Normal

TUCSON, Ariz. (AP) — "I'm just going along like it never happened," says Cleveland southpaw Herb Score of the accident that nearly ended his baseball career last May 7.

He worked three shutout innings against the San Francisco Giants yesterday and pronounced himself in good shape except for an ankle injury that still bothers him.

Hit in the right eye by a line drive, Score didn't pitch again in 1957 and when he came to this camp the question was whether he could come back.

To all intents and purposes he has done it, although two weeks ago he turned his ankle while while working out in a gym.

"My eye is just fine and I don't notice any difference in my pitching," he says. "I haven't had any difficulty."

The question came up whether he might be a little gun shy of batted balls. "I don't think so, but that's something we'll have to prove," he said.

Webb Hints Phils, A's Swap Cities

ST. PETERSBURG, Fla. (AP)—Del Webb, co-owner of the New York Yankees, suggested today that Kansas City of the American League and Philadelphia of the National League swap franchises in the interest of travel economy.

Under the Webb plan, which he said he would introduce at the next meeting of the major leagues Pittsburgh would be the eastern most club in the National League and Chicago would be the western terminus of the American League.

Warren Giles, president of the National League, said "the idea doesn't appeal to me and I'm sure to none of the other National League owners" when told of the Webb proposal.

"It must be admitted," said Webb, "the present set-up of the National League is apt to prove rather unwieldy this year. That's a pretty long jump from Philadelphia to Los Angeles."

The New York and Brooklyn National League franchises were moved to San Francisco and Los Angeles, respectively, earlier this year.

Webb pointed out that Kansas City, which drew 901,069 paying fans last year with a club in or near the cellar all season, would be an ideal jumping off point for the clubs traveling to the coast. Philadelphia, in turn, could build up a rivalry with the New York Yankees. Philadelphia's attendance last year was 1,146,230.

The Kansas City Athletics were a fixture in Philadelphia for more than 50 years until moved to the Missouri city by Arnold Johnson three years ago.

San Marcos Hosts College Cinder Meet

SAN MARCOS, Tex. (AP)—Southeastern Oklahoma, Pan American, North Texas, Howard Payne, Sam Houston, Texas A&I, Stephen F. Austin and host Southwest Texas will compete in a track and field meet here Saturday.

Tigerettes Rip C-City By 55-10

The Snyder Tigerettes moved a step closer to a tie for the District 3-AAA girls volleyball title with a 55-10 victory over Colorado City at Tiger Gym last night.

Last night's win gave the Tigerettes a 4-1 district record, the same record held by Lamesa. Lamesa downed Sweetwater 27-19 last night at Lamesa for their fourth win.

Both the Tigerettes and Lamesa have one more game left in district play and should each win their final game, the two will share the 3-AAA title.

A playoff will be held in the event of a tie to determine the district representative in the post-season playoffs.

The Tigerettes will host Sweetwater in their final district game next Tuesday while Lamesa will play Colorado City.

The Tigerette win last night gave them a 17-7 season record.

The Tigerettes go to Plainview tonight for a non-district game.

In a preliminary game last night, the Tigerette "B" team defeated Colorado City "B", 61-12.

Bayer Leads At St. Pete

ST. PETERSBURG, Fla. (AP) — Vim and vigor have returned to the big frame of George Bayer and the San Gabriel, Calif., professional hopes the $15,000 St. Petersburg Open will end his winter-long golfing slump.

Bayer went into today's second round two strokes ahead of the field, thanks to an opening three-under-par 68—his best round in two months.

The current Canadian Open titleholder, he has won less than $1,000 off the winter tour. His best finish was a tie for 19th in the Tiajuana Open.

Only six players in the field of 147 first round finishers managed to crack the par 71 over the soggy, wind swept Pasadena Golf Club course.

Bayer's fellow parbusters all had 70s. They were Dow Finsterwald, Tequesta, Fla.; Kay Brewer Jr., Cincinnati; Arnold Palmer, Latrobe, Pa.; Bert Weaver, Beaumont, Tex.; and Jack Lumpkin, Athens, Ga.

SWC Diamond Race Opens

By The Associated Press

The fight for the Southwest Conference baseball championship opens Friday with six teams in action.

Defending champion Texas meets Rice at Houston, Baylor and Texas A&M get together at College Station and SMU clashes with TCU at Fort Worth.

The same schedule prevails Saturday.

With most of the practice games out of the way, Texas A&M enters the conference race with the best season record—four victories against one loss. Texas is 3-2, Baylor 3-4, TCU 2-3, SMU 1-4 and Rice has yet to play a game.

Seguin Star To NT

SEGUIN, Tex. (AP)—John Kramer, a 180-pound athlete who won 12 letters in four high school sports, signed a letter of intent with North Texas yesterday.

Collins Retires From Baseball After Being Traded To Phils

By JOHN CHANDLER
The Associated Press

The first baseman problem with the Philadelphia Phillies remained desperate today when Joe Collins of the New York Yankees retired from baseball after being sold to the Quaker City club for the $20,000 waiver price.

"If I can't be a Yankee, I'm through with baseball," Collins, 35, said at St. Petersburg, Fla.

Philadelphia had sought a first sacker after Ed Bouchee, an outstanding 1957 rookie, became involved with the law. Bouchee is now taking psychiatric treatment.

Harry Anderson was given a crack at the job by Mayo Smith, Phils' manager, but now is in the outfield. Yesterday when the Yankees trounced the Phillies in an exhibition game 11-8 Frank Herrera, a Cuban with triple A experience, played first.

Collins, of Union, N.J., has been in the Yankee organization since 1939. He played over 100 games each season until 1957, when in 79 contests he batted only .201, his poorest year. Bill Skowron is the regular Yankee first baseman, and Marv Throneberry is the No. 2 man.

The two most valuable players of 1957, Mickey Mantle of New York and Hank Aaron of Milwaukee, both had two homers to lead their teams to victory.

Mantle's blasts and a double drove in six runs as the Yankees won their sixth straight.

Aaron also batted in four runs as the Braves belted the Cincinnati Redlegs 11-1 at Bradenton, Fla. Right-hander Bob Buhl won his first spring game for the world champions.

Baltimore defeated Chicago 4-1 in the first game of a twin bill at Scottsdale, Ariz., but the Cubs blanked the Orioles 1-0 in 10 innings in the second game.

The San Francisco Giants went 10 innings in defeating the Cleveland Indians 7-5 at Tucson, Ariz., on rookie catcher Bob Schmidt's homer.

Jack Urban gave up five runs at Fort Myers, Fla., and the Pittsburgh Pirates defeated the Kansas City Athletics 7-4 behind the pitching of Ron Kline and Roy Face.

The Los Angeles Dodgers scored two runs in both the seventh and eighth innings and defeated the Detorit Tigers 6-4 in a night game at Miami.

Don Drysdale started for the Dodgers and didn't allow a Tiger to reach first in four innings. Four hits and two walks off Danny McDevitt gave Detroit four runs in the sixth. Gino Cimoli's double following singles by Dick Gray and Charlie Neal scored two runs and broke the 4-4 tie in the eighth.

OUR VIEW

These Changing Times

Cotton and oil are vital commodities to West Texas economy, and it is nothing short of ironic that conditions have virtually reversed the immediate prospects of both during a two-year period.

Texas oil production for April will be on an eight-day pattern as a result of huge stocks of oil and oil products, plus a general lag in demands.

The reverse was true during the Suez Canal crisis. Domestic producers were being urged to take up the slack when imports from the Middle East were threatened.

That situation alone should help substantiate claims that excessive imports have in a large measure been responsible for the domestic oil industry's dilemma.

On the other hand, cotton producers were confronted with a huge surplus a couple of years ago. Production was running at the rate of nearly 14 million bales per year, while demands were several million bales lower.

New figures released by the Census Bureau yesterday pegged the 1957 cotton crop at 10,857,297 bales, a decrease of nearly 1½ million from 1956.

A few days earlier the West Texas Chamber of Commerce announced that West Texas cotton farmers were being urged to plant every available acre in cotton this year. Moreover, the WTCC suggested that farmers withdraw acreage from the soil bank so that additional acres would be available for planting.

A few years ago there were those who thought that cotton was virtually down for the count. Recent events have descredited any such theory, and we suggest that future events will do the same for the oil industry.

Most Businessmen Ready For Spring

By SAM DAWSON

NEW YORK (AP) — Spring has made it on the calendar no matter where it may have got bogged down on the weather map. Almost the only businessmen sorry to see winter go are those in the coal and fuel oil and natural gas industries and the makers of tranquilizers.

A lot of businessmen are eager to welcome spring. For instance, all those who cater to the growing American trend to outdoor living. For one thing, they expect Americans to pay nearly 1½ billion dollars this year on planting and maintaining grass plots, from the smallest of front yards to the plushiest of golf links.

Workers expect new jobs to open up soon on the farms. The coming of better building weather should furnish more work. Already the lumber areas of the Northwest report a rush of orders for plywood which has firmed prices there after months of price weakness and widespread unemployment.

Garment makers who have staked large sums of money on the chemise are confident they'll get it back when spring sends women into the stores in greater numbers.

Merchants are watching for the expected spring pickup in retail sales in general. Bad weather in February turned many retailers gloomy but there's still time to recoup, although Myron S. Silbert, vice president of Federated Department Stores, tells the Dallas meeting of the National Industrial Conference Board that because of weakness in consumer durables total trade this spring may be off from last year by 2 or 3 per cent.

The travel industry looks for its biggest year. The Department of Commerce predicts a further rise in foreign travel in 1958 and says that last year Americans spent nearly two billion dollars that way, a 6½ per cent gain over 1956.

Steamship companies report big bookings in the summer months. The airlines see April 1 as their kickoff day because a new low-fare service to Europe starts then. The International Air Transport Assn. reports its 81 members have 2,900 aircraft in operation around the world. And in the oil industry domestic travelers are counted upon to spark the seasonal switch in emphasis from fuel oil to gasoline.

Stay at homes are expected to go in more than ever for outdoor living.

The Dutch expect to sell 30 million dollars worth of bulbs here, spring and fall. The cookout has become so popular that it now accounts for an estimated 50 million dollars outlay annually.

Nearly a quarter of a billion dollars a year is reported spent on garden supplies, with the average outlay put at $5.

Trends reported in this industry include: greater attention to color and style design both in the products and their packaging; adaition of tools and machines to easy handling by women; more convenience machines such as the riding power mower; and making one machine do many jobs.

Bus Driver Works Fast

SYOSSET, N.Y. - A School bus driver Albert Witte worked fast yesterday when his vehicle stalled on a crossing minutes before a Long Island Rail Road train was due.

It was snowing when the bus stalled on the tracks. Witte of Bayville, N. Y., immediately opened the front door and emergency exit and shouted "Outside."

He literally threw some of the slower moving students out of the bus.

As he herded the youngsters to safety, a New York-bound train came along. The engineer applied the brakes and the train slowed enough to just nudge the bus, which was driven away later.

Cat Insomnia Is A Family Problem

By HAL BOYLE

NEW YORK (AP)—There is a fur-bearing stranger in our house.

He is large and fat and insolent. In color he ranges from a faded midnight to a misty mountain twilight. He has eyes of sapphire, and they are slightly crossed.

This stranger is a Siamese cat. Or so he claims. And he bears the unlikely name of Ralph Beauty Marble Candy.

During the day, Ralph is a sleeping volcano. He permits my wife, Frances, to go about her usual chores. He allows our daughter, Tracy, 5, to lug him around the house, as over his face there settles a look of dignified resignation that clearly says, "This, too, shall pass."

But at night Ralph, worn out by daylight dozing, is like a prowling phonograph on which the record has become stuck. He is a self-winding music box—he winds himself up by waving his tail back and forth—that can give off but a single sound.

Most cats say "meow." Not our one-note Ralph. Over and over he groans "Ow!"

At first we thought he had worms, a bone stuck in his throat, or a splinter in his paw. Nope. A check showed Ralph was no 4F. His health was perfect.

"Why don't you try keeping him awake during the day" I suggested. No dice. Ralph sleeps through anything during the day — even ringing bells and the "Overture from William Tell." My wife once hollered "fire" in his ear and all Ralph did was open an eye, yawn and fall asleep again.

"He just has loneliness insomnia," finally said Frances. "Someone in this house just has to stay up and keep him company at night until he gets accustomed to the place."

How do you set about curing a cat of insomnia. At first I tried conversation. I praised Ralph until I ran out of adjectives. I told him about all the famous cats of history.

"Ow!" he answered.

I even told him the story of my life. This made him "Ow!" worse than ever."

Desperate, I finally opened a can of dog food—tasting it first myself to prove to him it wasn't poisoned — and stoked the red furnace of his mouth. Then I picked up a book and read to him.

Well, believe it or not, in half an hour he was sound asleep, and I was able to get up from my chair and go to bed.

If you have a cat with insomnia, here is your best cure:

Put a can of dog food and a copy of Joyce's "Finnegan's Wake" on your bedside table before you retire. If the cat begins to howl, feed it two heaping tablespoonfuls of dog food—and take a small one yourself, if you feel hungry. Then open "Finnegan's Wake" at random and read three pages.

Five minutes later, I guarantee, both you and the cat will be sound asleep, purring happily.

A Big Selection

CASPER, Wyo. (AP) — John Gutz, who won an annual tall tales contest, may have heard many stories to choose from. He is a deputy game warden of Wyoming.

Disarmament Puts Jobs In Jeopardy

By JAMES MARLOW

WASHINGTON (AP) — Just how much disarmament can this country stand when the government is anxious to shoot the economy upwards, and keep it there, and big defense spending means jobs and profits?

It's an unpleasant but realistic question which hovers over the prospects for a disarmament agreement with the Soviets. Almost 40 billion dollars — of this year's record peacetime budget of almost 74 billion — is for defense.

It's not hard to imagine what a big slash in defense spending could do, particularly in this recession period when the government is trying to strengthen the economy to stimulate employment and production.

The Soviets have repeatedly charged that prosperity under capitalism is artificial and based on war spending or war preparations.

Since the Communists completely control their economy and manpower, it is possible they might be able to chop down their own huge defense spending and stay on an even keel. They still have to show they can.

But the Republicans have also complained of the artificiality of American prosperity under the Democrats. The latter were in charge before, during and after World War II and before and during the Korean War.

In their 1952 campaign platform the Republicans said of the Democrats: "They claim prosperity, but the appearance of economic health is created by war expenditures, waste and extravagance, planned emergencies and war crises."

They took another crack at the Democrats along the same lines in 1956. The fact is, the American economy has not stood on its own feet since the depression days of the early 1930s.

First, there were the big New Deal spending programs to get out of the depression. They didn't quite make it. There were still almost 10 million unemployed when defense spending began in 1939.

At the peak of the war effort — in 1944 — unemployment had dropped to an annual average of 670,000 when almost 12 million men and women were in uniform.

The war created a gigantic, pent-up demand for goods and services. And the economy boomed after the war but then started to slide in 1949. Came the Korean War of 1950 and the economy soared up again.

It slid again in 1954 but the country, while maintaining peace although putting huge sums into defense, righted itself and went up to new peaks of prosperity.

Now it's in another slide even though the government is planning record peacetime spending for defense next year.

SNYDER AREA CHURCH NOTES

Revival Closing Sunday At Green Hill Baptist

Revival services will close with Sunday services at the Green Hill Baptist Church.

Dr. Ray Ellis, interim pastor and professor at Hardin-Simmons University, is speaker for the meeting, and L. C. Leach, music-education director for the church, is directing music.

Services on schedule include doctrinal Bible study at 7:15 and evangelistic service at 8:15 tonight, evangelistic service at 7:30 p.m. Saturday, and services at the regular times of 11 a.m. and 7:30 p.m. Sunday.

• • •

St. John's Episcopal

"Were You There When He Was Crowned with Thorns" will be the subject of the Sunday 11 a.m. sermon of the Rev. Donald Hungerford, vicar at St. John's Episcopal Church.

At 5 p.m. Sunday, there will be a parish supper at Sunray Recreation Center, and a film, "Challenge in the Sun," will be shown. It is a color production featuring work of the Episcopal Church in the Panama Canal Zone.

The week's schedule includes Holy Communion at 7:45 a.m. Sunday, 6:15 a.m. Tuesday, 7:30 a.m. Thursday, and 10 a.m. Friday, church school at 9:45 a.m. Sunday, evening service and adult study group at 7:30 p.m. Monday, choir practice at 7:30 p.m. Wednesday, and Inquirer's Class at 7:30 p.m. Thursday.

• • •

First Baptist

Guest speaker at the First Baptist Church at the Sunday 11 a.m. service will be Dr. L. B. Reavis, assistant to the president at Southwestern Baptist Theological Seminary, Fort Worth.

Special music will be a solo, "Alone," by Mrs. Bill Murphy. The choir's anthem will be "Crown Him with Many Crowns."

At the 7:30 p.m. service, the Rev. G. M. Cole, pastor, will be speaker.

• • •

First Christian

"Jesus and Discipleship" will be the subject of the Rev. John Reaves, pastor of the First Christian Church, at the Sunday 11 a.m. service.

The choir will sing "The Way to Calvary."

Rev. Reaves has planned a pre-Easter class for March 31-Apr. 2 for boys and girls who desire to learn about church membership.

• • •

Grace Lutheran

The Rev. Walter L. Lentz, pastor of Grace Lutheran Church, will speak on "Man's Challenge to God" at the Sunday 10:45 a.m. service at West Elementary auditorium.

Adult baptism and reception of new members will be held at the service. Sunday school is at 9:45 a.m. At 11:45 a.m. Saturday, Rev Lentz will speak on Religion in the News on KSNY.

• • •

25th Street CC

"Missing in Action" will be the subject of Glen Pace, minister at the Twenty-fifth Street Church of Christ, at the Sunday 8:45 and 10:55 a.m. services.

At the 7 p.m. service, his subject will be "Hades in Torment, Paradise in Hades", a lesson dealing with the state of the dead, including whether they are conscious, whether they are in comfort, and whether they are aware of current events.

• • •

Colonial Hill Baptist

At the Colonial Hill Baptist Chruch, the Rev. Jimmie Nelson, pastor, will speak on "Man of Sorrows" at the Sunday 11 a.m. service.

At the 8 p.m. service, his subject will be "Finding Fault With God."

The church's Brotherhood organization is to meet at 7:30 p.m. Monday at the church.

Trinity Methodist

The Rev. Elton Wyatt, pastor of the Trinity Methodist Church, will speak on "We Cannot Escape God" at the Sunday 10:55 a.m. service. Special music will be a solo, "Above the Hills of Time," by Floyd Boston.

The church schedule for the week includes youth meeting at 5:30 p.m. Sunday, evening service at 7:30, commission on education at 7:30 p.m. Tuesday, choir practice at 7:30 p.m. Wednesday, meeting of teachers of the children's department at 9:30 a.m. Thursday, and Methodist Men at 7:30 p.m. Thursday.

• • •

Union Baptist

"Putting Out God's Fire" will be the subject of the Rev. Roy Womble, pastor of the Union Baptist Church, at the Sunday 10:50 a.m. service.

At the 7:30 p.m. service, he will speak on "What Christ Means to Me." Sunday school is at 9:45 a.m., training union at 6:30 p.m.

The church is planning a revival meeting for April 6-13.

Biggest Pay Hike In Bill For Top Rank

WASHINGTON (AP)—A top enlisted man in the U.S. armed services could make more than $10,000 a year if Congress passes the military pay bill the House will conisder Monday.

An officer could make more than $31,000.

These would be rare cases, but compensation of practically all career men in the armed services would be stepped up considerably, and the raises would be heftiest in the top brackets of both enlisted and officer ranks. This is deliberate policy, to encourage men to make their careers in uniform.

Moreover, the services would be authorized to give enlisted men special promotions, or extra pay up to $1,800 a year, if they became proficient in skills needed by the services.

Disregarding scattered complaints that a bill estimated to cost more than 660 million dollars a year was being rushed without much consideration, the House Armed Services and Rules committees highballed the measure through. It was set down for debate Monday. A vote by Tuesday seemed likely.

Rep. Kilday (D-Tex), chairman of the Armed Services subcommittee, said he expected it to produce a "more stable, more efficient force for national defense."

The services have been complaining—they cannot keep highly, and expensively, trained technicians nor talented young officers, and that the cost of training new batches every year is oppressive.

Officers and enlisted men with less than two years service—most of whom would be doing obligated service—would get no raises.

To obtain the absolute top enlisted figure, a man would have to have 25 years' service, be promoted to the top new grade, be drawing flight or other hazard pay and top efficiency pay. His pay and allowances then would total $10,104.

Movie theaters in Great Britain decreased by 226 to a total of 4,171 during 1957.

Science Is Major Tool, Writer Says

WACO (AP)—Science cannot be a stepchild in our society but neither must it become a god, Alton L. Blakeslee told students attending the Southwestern Journalism Congress today.

"The more we all know about science, the more effectively we can employ it, enjoy it, and gain its benefits," The Associated Press writer said to about 200 journalism students.

Journalism students were urged to consider the publisher in making a selection of a newspaper on which to start their careers in the keynote address by Millard Cope of Marshall.

Cope, publisher of the Marshall News-Messenger and president of the Southern Newspaper Publishers Assn., said the quality, service and success of a newspaper depends largely on the man who reads it.

"Your ideals—your success—will be determined to a large extent by the publisher for whom you choose to work," he said.

Telling of opportunities in journalism, which he termed the greatest in history, Cope said that promotion and circulation were two fields of increasing importance and challenge.

Minks are being moved from central Canada prairies to points nearer the Pacific Coast. Horse meat, favorite food of the minks in central Canada, is getting too expensive. Cheaper whale meat on the Pacific Coast is found to be just as good.

Baptists Set SS Meeting

DALLAS. — Nearly 3,000 Texas Baptist Sunday school workers are expected to attend the 29th annual state Sunday School Convention April 21-23 in Lubbock.

Five general sessions and 25 special conferences will be held in Lubbock's First Baptist Church. Conferences will emphaize planning, teaching, training and witnessing, said state Sunday school secretary Andrew Allen.

Dr. Ullin W. Leavell, professor of education and director of the McGuffey Reading Clinic at the University of Virginia, will be principal speaker for the meeting. A national authority on child education and author of the Golden Rule Series of readers, Dr. Leavell will discuss Bible study, mental discipline and Christian character in four addresses.

Convention theme is "Teaching in All Wisdom."

Other speakers and conference leaders will include nine Southern Baptist Convention workers, two Baptist General Convention of Texas leaders and several educational leaders from BGCT churches.

Dr. J. N. Barnett, secretary of the SBC Sunday School Department, will speak at a banquet for associational Sunday school officers.

Other SBC speakers will include Dr. W. A. Harrell, secretary of the church architecture department, and Dr. W. L. Howse, education division, Baptist Sunday School Board.

BGCT speakers will include Dr. J. Woodrow Fuller, associate executive secretary, and Mr. Allen.

Phil Harris, professor at Southwestern Baptist Theological Seminary in Fort Worth, and W. H. Souther, education director of the 10,500 - member First Baptist Church of Dallas, will discuss "Wisdom of a World Teaching Concept." The two workers conducted leadership training programs for the SBC in Italy last year.

More than 1,111,400 persons are enrolled in Texas Baptist Sunday schools. The denomination will attempt to enroll another 100,000 persons this year, said Mr. Allen.

Thomas To Speak On Daily Devotional

Speaker next week on the Daily Devotion program on KSNY will be the Rev. Henry Thomas, pastor of the Church of the Nazarene.

The program is scheduled daily, Monday through Friday, at 9:15 a.m., under the sponsorship of the Snyder Ministerial Alliance.

TU Meeting Planned

The Mitchell-Scurry Baptist Association will hold a training union meeting at 7:30 p.m. Tuesday at the Oak Street Baptist Church in Colorado City.

Groups for each age will be provided, and the nursery will be open.

Missions Week Is Planned By Baptists

BIG SPRING — Groundwork for observance of a special missions week in November was laid by Baptist workers here Wednesday.

Dr. Arthur B. Rutledge, director of missions for the Baptist General Convention of Texas, Dallas; Darwin Farmer, Dallas; his associate, and J. W. Arnett, Big Spring, district missions secretary, led in the confernece of association committees in District Eight.

The Schools of Missions will be held in November when missionaries from the Baptist foreign, home and state mission boards will be guest speakers in the churches of the district.

Representing the Mitchell-Scurry Association were the Rev. P. D. Sullivan, Colorado City, chairman and Superintendent of Associational Missions, the Rev. Bobby Rine, Loraine, the Rev. and Mrs. Roy O. Womble, the Rev. Jimmie Nelson and David Oglesby, all of Snyder.

Free China will participate in seven international trade fairs in the United States, Italy, Japan, Canada, Korea, the Philippines and Iraq in 1958.

A. L. BORCHARDT

Jehovah's Witnesses To Hear Borchardt

A. L. Borchardt, a special representative of the Watchtower Bible and Tract Society of Brooklyn, N. Y., will be the speaker for Jehovah's Witnesses at the Kingdom Hall on Clairemont Road, at 3 p.m. Sunday. His subject will be "Meeting the Needs of Life-Seekers."

According to J. D. Cook, presiding minister for Jehovah's witnesses in Snyder, the primary purpose of Borchardt's visit here this week is to give the Snyder congregation instruction and counsel in advanced Bible study and missionary training. A part of the activity here this week is in preparation for the organization's coming assembly to be held in the Ector County Auditorium in Odessa, March 28-30. This will be the first of the 1958 semi-annual Assemblies for Jehovah's witnesses in West Texas, Cook said.

Those who will attend the Odessa meeting from this area include Mr. and Mrs. J. D. Cook and family Mrs. Fred Heck, Mrs. Odis Woodruff, Mr. and Mrs. C. R. Cook, Jr. and family, Mr. M. K. Miller, Mr. and Mrs. C. R. Cook, Sr., and Mrs. May Robefson.

The Church of Christ Is Different—No. 1

(Question) "Why is the church of Christ so different from other religious bodies"? (Answer) Members of the church of Christ make no effort to be different just for the sake of being noticable. I am certain that we bear many marks of identity with other religious people. Where the chief difference is found, however, is the attitude we assume toward God's word, and our relationship toward it. No effort is made to mimic another religious body, save that one revealed in the New Testament. We want to be non-sectarian, non-denominational, with no authorative source but the New Testament. Each congregation is a local unit, looking to Christ for guidance. Thus no sectarian name is used to divide and no uninspired creed to hinder, or prevent the teachings of Christ. (Eph.4:1-6; 2Tim.3:16,17; 1Pet.4:16)

(You are invited to correspond with Mr. Pace and ask your Bible questions. He will answer either by mail or through this column. Address your letters in care of the 25th St. Church of Christ)

Says Dems Would Spend At Random

DELAWARE, Ohio (AP) — Meade Alcorn, chairman of the Republican National Committee, said today Democrats would spend federal funds "at random" to halt the business downturn.

Republicans, he added, are not willing to "hand our grandchildren a billion-dollar bill for 1958 leaf-raking."

The GOP chairman, in an address prepared for Ohio Wesleyan University's student assembly, said the difference between the two parties on the current recession is this:

"The Democrats see in this a negative, hard-times issue on which their various splinter groups can unite. Their answer is two-fold: (1) mount a massive publicity barrage of professional pessimism to shake confidence in the future and (2) wheel out their traditional and only economic weapon, the federal Treasury, and fire it off pretty much at random in all directions.

"We Republicans see in the downturn a temporary challenge to the working partnership of government and private initiative. We refuse to spread fear and panic among our people.

"We refuse to believe that the bright future of America has suddenly dimmed. We quietly loosen credit, encourage enterprise and carry out a solid economic program to stimulate and accelerate spending only for things the country needs."

Women's Hosiery In Living Color

NEW YORK (AP)—In case you haven't noticed, women's hosiery is going in for living color this Easter.

No longer are girls' gams sheathed exclusively in seamless, warm, flesh tones that make you wonder if they're nylon or nothing.

The new style, says the National Assn. of Hosiery Manufacturers, features robin reds, pastel pinks, azure blues and pasture greens.

Junior Editors Quiz on INDIANS

QUESTION: How did Indians shave?

• • •

ANSWER: Some races of men do not have a problem with shaving because they do not have heavy growths of hair on their faces. These races include the Chinese, Japanese and the American Indians. Since an Indian didn't have much hair on his face, he did not have to shave. When he wanted to remove any growth of hair from his face he used tweezers made of sea shells or two pieces of wood. Here is an Indian kneeling by a stream so he can see his reflection in the water. He is pulling out hairs from his chin, one at a time, with tweezers made of a twig. This is a slow process, but there are not many hairs on his face.

Modern Indians have adopted many of the white man's ways. You would probably find that most of them have modern safety razors like your father uses.

• • •

FOR YOU TO DO: Color this picture with crayons, making the sky blue, the water deeper blue with white edge, the leaves and grass green and the tree trunk brown. The Indian has a dark skin and wears a yellow buckskin coat and moccasins.

• • •

(This question was submitted by Douglas Andrews of Lock Haven, Pa., who wins today's $10 prize. Write your question on a postcard and mail it to Violet Moore Higgins, AP Newsfeatures, in care of this address. Tomorrow: How far can a kangaroo jump?) 3-21

King James II Statue Stirs 'Dreadful Row' In England

By HAL COOPER

LONDON (AP)—A dreadful row has broken out here over a proposed change in site for a famous statue of King James II.

George Washington, Franklin D. Roosevelt, Samuel Pepys and Sir Walter Raleigh have been dragged in, along with the American tourist trade. Horatio Nelson has been called names you wouldn't believe.

Leading artists, architects and art lovers are beating each other over the head with adjectives, citations from British history and even cold logic. Letters have been written to the papers. Statements have been made in Parliament.

So far Jimmy the Two — as he is known to the Cockney element — is still firmly planted next to George Washington in front of the National Gallery, overshadowed by the towering Nelson monument in Trafalgar Square. Sentiment on what to do with him seems divided among four propositions:

1. Leave him where he is.
2. Pack him off to arty-smarty Chelsea.
3. Set him up in front of the Foreign Office.
4. Chuck him in the Thames River.

The royal rumpus was touched off March 4 by the National Ministry of works. It announced in the House of Commons it plans to move Jimmy the Two to make way for a new statue of Sir Walter Raleigh, the old cloak-and-puddle man. It added that the King's statue would be re-sited at the Foreign Office.

The to-do which followed got Jimmy the Two more attention than at any time since 1688, when the English ran him off the throne for tampering in high religious matters.

The first shot was fired by Roger Fulford, a writer of British royal histories, who thundered in a letter to the Times: "Let the King continue to stand close to George Washington so that American visitors may gaze with respect on that Stuart soverign who, when Duke of York, gave his name to their most famous city."

Herbert Grimsditch of London retorted that James was unfit to share the company "of those great gentlemen, Nelson and Washington," and said the ministry should "drop him into the Thames."

Painter Thomas Bodkin, former director of the National Art Gallery of Ireland, pointed out that 17th century sculptor Grinling Gibbons designed the James statue as half of a pair, the other half being one of his brothers, King Charles II.

Instead of moving James, Bodkin contended, the ministry should bring Charles in from his present site in front of the Royal Chelsea Hospital and set him up in front of the National Gallery, too. Bodkin said James deserves a place of pride in Trafalgar Square "as a founding father, with Samuel Pepys, of the British Navy." Pepys, the well-known diarist, was James II's right-hand man when the latter was royal high admiral.

As for the King's fitness to stand near Nelson, Bodkin remarked that the great admiral himself "has been described correctly but misleadingly as a one-armed one-eyed, double-dyed little 'adulterer.'"

One Roger Wimbush said by all means let James stand with Charles—but in Chelsea, not Trafalgar Square.

Lionel Robbins, chairman of the National Gallery, said leave James in Trafalgar and set Sir Walter up next to Franklin D. Roosevelt in Grosvenor Square. President Charles Wheeler of the Royal Academy of Arts seconded that motion, saying he thought it a splendid way to mark the 350th anniversary of the founding of Virginia, one of Sir Walter's pet projects.

What may have been the next-to-last-word came from historian George Macaulay Trevelyan, who wanted James left with Washington for this reason: "It seems to me peculiarly suitable to have the statue of the man whom we got rid of on one side and the man who got rid of us on the other."

The last word, from the Ministry of Works, is yet to come. The betting is that James will get what he got in 1688: his walking papers.

Jupiter C Firing Is Expected Soon

CAPE CANAVERAL, Fla. (AP) — An intimate look at the missile launching towers of this test center discloses that:

1. Preparations for another Jupiter-C Explorer satellite launching are fairly well advanced. The Redstone first stage of the rocket is in its mobile launching stand, undergoing a careful check. The three high-speed stages — clusters of solid propellant rockets — have not yet been installed, nor has the satellite. The latter will be put in place the day of the launching.

2. The launching stand for the Vanguard currently is empty, but the Navy has two Vanguard three-stage rockets and their spherical satellites in a hangar near by. Altogether the Navy has seven more Vanguard vehicles in its satellite program.

Pronouncements by Army Secretary Brucker indicate that a Jupiter-C launching try may come within less than a week. Another Vanguard attempt is likely within a month.

The launching areas for all the major missiles were opened for the first time this week to close-up inspection by newsmen.

The Air Force flew two planeloads of writers and photographers — 75 in all — from Washington to acquaint them with missile and satellite programs of all the services.

The Air Force also released new information on a highly accurate missile impact predictor system which it calls Azusa, and on the 12-story-tall steel towers that are used to launch the Atlas intercontinental ballistic missile.

Maj. Gen. Donald N. Yates, commander of the test center, told his guests that the cause of the failure of Explorer II to attain an orbit has been easily identified and easily corrected.

He declined to indicate the cause or the corrective measures.

Nelson And Neal Are Well Received

Nine years of experience in teamwork at the two matched grand pianos was beautfiully demonstrated in the delightful concert given here last night by Nelson and Neal for members of the local Civic Music Association. Besides displaying a flawless technique at the keyboard and unexcelled precision in their team work, these piano artists showed a marvelous sense of humor and personal pleasure in their performance.

In introducing one of the encores Mr. Nelson stated that he was often asked if they didn't get tired. In reply he said that piano study was a somewhat complicated affair, training the unnecessary muscles to relax while others were in strenuous use.

"As a result," he said, "our fingers can probably hold out at this longer than you folk out there can sit."

They were most generous in playing five delightful encores; and I daresay the Variations of Yankee Doodle by Braggiotto, written in the style of Gershwin and Beethoven, brought a keener response from most of the audience than any of the more "serious" numbers.

While waiting backstage to meet and speak with these fine musicians it was interesting to hear some of the remarks and questions asked of Mr. Neal. As to how long he practiced, he said that while on tour he sometimes practiced as little as an hour and a half, though when at home working, the longest he had regularly practived over a period of several weeks was eleven hours per day. One of the persons greeting the artists had driven sixty-five miles to hear the program and exclaimed that it was well worth it. And I believe most every one present would aggree with her.

Personally, I regret that arrangements were not made for every student of piano in this area to hear this enjoyable and inspiring program of music that ranged from Johann Sebastian Bach, of the eighteenth century, to the present day.

Miss Nelson (Mrs. Neal in private life) was Australia's leading child prodigy and was brought to this country in 1944. She and Mr. Neal met and fell in love while both were studying at the Curtis Institue of Music in Philadelphia. During the past seven years they have played nearly 700 concerts on two continents, besides having been featured on their won television and coast-to-coast radio series.

Those of us who heard this exceptional team of musicians last night will be looking forward with great delight to a return engagement soon.

Ralph J. Wesson

Divorcee May Get Million

SPRINGFIELD, Ill. (AP)—A 34-year-old Chicago woman appeared eligible today to inherit a million-dollar estate from her husband, whom she divorced 13 months before his death.

The Illinois Supreme Court ruled that Mrs. Ida Collins, despite the divorce she obtained July 26, 1955, was the widow of William Collins, who was 52 when he died in August 1956. They had been married about two years.

As the widow of Collins instead of his ex-wife, Mrs. Collins will inherit a fourth interest in a four-million-dollar trust fund created in the estate of Collins' father, John W., who died in 1950. Collins left no will. He and three brothers previously had shared in their father's estate.

The Supreme Court upheld the Cook County Circuit Court's action in setting aside the divorce. The state's high court said the divorce was not legal because the court record did not show that Collins had been a habitual drunkard for two years, as Mrs. Collins had charged in her divorce suit. This is required in a divorce suit charging habitual drunkenness.

Mrs. Collins, after the divorce, married Ewald A. Hagland but after Collins died she obtained an annulment and had her divorce set aside thus paving the way to inherit her ex-husband's estate.

Wheat, Rice Plantings To Increase

AUSTIN (AP)—Texas farmers will plant more wheat and rice this spring over last year's acreage, but less sorghums, the U.S. Department of Agriculture said today.

"Substantial increases are indicated for wheat, barley, soybeans and flaxseed," the USDA said. "Corn, rice, sweet potato and Irish potato acreages are expected to be moderately higher."

The department based its estimates from farmers' intention reports as of March 1. Federal law prohibits the department from including cotton in the prospective plantings report.

"Offsetting the increases are reduced acreage of oats, sorghums, peanuts and rye," the department said.

Although Texas will start the current crop season with the best soil moisture in many years, the USDA said soggy ground has delayed the planting.

Wheat acreage seeded is one-eighth more than last year, but only three-fifths of the 1947-56 average. Grain sorghum is expected to be 3 per cent below last year's record high, corn acreage up 4 per cent, oats down 13 per cent, and barley up 35 per cent from last year and 160 per cent above average for its second highest season of record.

Amarillo Show Has Big Draw

AMARILLO (AP) — A downtown "mall" arrangement, combined with a fashion festival and automobile show, drew 30,000 persons into downtown Amarillo last night, the Amarillo Globe-Times estimated.

Four blocks of Polk Street were barred to moving automobiles to form the mall. Waco earlier experimented successfully with such an arrangement, and Fort Worth planners have advocated a permanent mall.

Viewing the crowds, Stanley Blackburn, president of a department store, said, "If this is a recession, we want more of it.

Observers said no traffic or parking problems appeared. Residents were taken downtown by the city bus system without charge and the buses were used heavily.

Stores held fashion shows and some places of business could not accommodate spectators and customers.

The climax was the crowning of Brunette Miss Lynda Childress, Plainview High School senior, as queen of spring fashion. She won the recent "Miss Irish Rose title at the Shamrock St. Patricks Day celebration, is queen of Plainview High School, and sweetheart of the Plainview FFA Chapter.

Brokers' Fee Hike Sought

NEW YORK (AP) — An average 13 per cent increase in brokers' fees has been proposed by the governors of the New York Stock Exchange.

If the changes are approved in a scheduled membership vote, the higher commissions will go into effect May 1.

Keith Funston, president of the exchange, said the proposed fee increase is due to "the steady increase in the costs of conducting a securities commission business, and a corresponding decrease in return."

Rates are based on the amount of money involved. For example, the commission on a transaction involving 100 shares of a stock selling at $20 a share now is $25. Under the new schedule it would be $28.

There would be no change in rates on transactions involving less than $100.

Political Announcement

The Snyder Daily News is authorized to announce the following candidates for office, election to be subject to action of the Democratic Primary:

For County Judge:
EDGAR TAYLOR

For District Clerk:
