EUROPEAN TOUR—Mrs. Travis Rhoades (right) is pictured above with Mrs. Jim Lacy, who was a guest of the Business and Professional Women's Club Tuesday evening. Mrs. Rhoades took members and visitors on a European tour as she showed some 1,000 colored slides she took and purchased while on her month vacation the past summer.

MRS. GORDON DYSART is explaining the fun that is in store for children of St. John's Episcopal Church Sunday evening. At right is Meg Collins, who attends St. John's Day School, and Lucille Dyer who is a first grade student. They were decked out in their costumes they will wear.

H-D Council Has All Day Meet

The citizenship and recreation committees of the Scurry County Home Demonstration Council were sponsors of an all-day meeting and luncheon held Wednesday at the Village Restaurant.

The meeting opened at 10 a. m. with 32 women attending. The morning began with games led by Miss Ruby Butts. Those attending also participated in skits. Following this, Mrs. Bob Womack accompanied and led the group in singing old favorite songs. Some were "Shine on Harvest Moon", "On Moonlight Bay", "When You and I Were Young Maggie", "Over the Hills and Through the Woods", "Church in the Wildwood", and several more. Mrs. Womack also presented two solos.

Following luncheon, Mr. Virgil R. Trout, minister of the Sunset Street Church of Christ in Lubbock spoke. The title of his talk was "Half Baked Ideas". He said in part:

"What this country needs is less talk and more vision. We need half-baked ideas. Not half-baked people with ideas, but half-baked ideas. These ideas are thoughts that live and ideas that develop."

"Anyone can count the seeds in an apple, but it takes a wise man to count the apples in a seed. You need a challenge as women and citizens, and as community leaders to be not a fossil but a plant. A fossil has only a past, but a plant has a present and a future. We should view the future carefully and wisely."

"Value yourself, not egotistically, but as a human being—made in the image of God. If science could develop a machine capable of doing what the human brain can do, it would take a building the size of the Empire State Building to house it. It would take the power of Niagara Falls to operate it."

"Use and develop your talents. Consecrate yourself. The person who stands for nothing will fall for anything."

TRICK OR TREATMENT?

Tentative Death Rattle For Two More Kennedy Bills

By JAMES MARLOW
Associated Press News Analysis
WASHINGTON (AP) — It sounded like a death-rattle in Congress for the two programs President Kennedy has his heart set on in 1963: a civil rights bill and a tax cut.

Sen. Everett M. Dirksen of Illinois, who is soft on big words, says he has real doubt either measure can "evanesce" this year. As the Republicans' Senate leader, he is a man to be listened to.

Time, testimony and tenacity stand in the way.

The House has voted a tax cut bill but now it is tied up in the Senate where a long list of witnesses is waiting to testify all to vote on the bill before the Senate Finance Committee approves. But the committee hasn't approved yet because the civil rights bill is now in an almost unbelievable snarl.

The Judiciary Committee, headed by Rep. Emanuel Celler, New York Democrat, has 35 members: 21 Democrats, 14 Republicans. But Northerners and Democrats are against the civil rights program and he has been at the beginning.

Southern Democrats' tenacious for generations in their op-

position to civil rights legislation, are determined to try to filibuster the civil rights bill to death—if and when it gets to the Senate.

But if the Senate gets tangled in a civil rights filibuster before it can get around to tackling the tax bill—which is likely if the tax bill gets sufficiently delayed in Byrd's committee—tax cutting seems shelved for 1963.

But the civil rights bill not only hasn't passed either the House or Senate—it's going to have to pass the House before the Senate considers it—it hasn't even been approved by the House Judiciary Committee.

The full House won't be able to vote on the bill before the Senate committee approves. But the committee hasn't approved yet because the civil rights bill is now in an almost unbelievable snarl.

The Judiciary Committee, headed by Rep. Emanuel Celler, New York Democrat, has 35 members: 21 Democrats, 14 Republicans. But Northerners and Democrats are against the civil rights program and he has been at the beginning.

Southern Democrats' tenacious for generations in their op-

ing, and he's a liberal Democrat.

This subcommittee, under pressure from Negroes and ardent civil rights supporters to approve a bill much stronger than the Kennedy administration proposed, has done just that.

Now, if the subcommittee sends its manufactured product to the full committee, the Northerners of both parties there will sweep it through over the opposition of the Southern Democrats and conservative Republicans.

And what the full committee approves will go to the full House for a vote.

But, since opposition from Southern Democrats is certain, Kennedy feels that in the final House vote he will need all the support of other Democrats and Republicans he can get.

The kind of bill approved by the subcommittee seemed to be sweeping to get that kind of support. So his brother, Atty. Gen. Robert F. Kennedy, went to the committee to ask it to tone down the bill.

The subcommittee, dominated by liberal Democrats from the North where Negro votes are important in next year's elections, hasn't budged. But neither have the liberal Republicans.

This put the President in a box, feeling as he does that the bill as it stands has no chance. So in the past few days he called White House conferences with House leaders of both parties.

This put him in an even stranger kind of box. Asking Republican leaders to twist the

Views End Of Western Civilization

By HAL BOYLE
NEW YORK (AP) — Well, friends, enjoy Western civilization while you can. In 37 more years it will fall down and go boom.

This is the prediction of C. Northcote Parkinson, British historian and gaffly of bureaucrats everywhere.

"In the past," he said, "the burden of taxation and bureaucratic incompetence built up to a point where the civilization collapsed, as in the case of the Roman Empire."

"Historically, that seems to be the way the story ends—and we're headed that way. I don't mean our civilization will collapse tomorrow. It's a matter of time."

"I'd say—about the year 2,000—plus or minus, but that's just a guess."

Parkinson believes that by then Eastern civilization will have overtaken the technological lead now held by Western civilization, and then become the dominant culture. It is the thesis of his latest book—that throughout history East and West have alternately ruled.

But no one is more cheerful in the face of potential doom than a jolly Englishman with a good digestion. And Parkinson faces the future with aplomb.

The decay of one civilization is as important as the expansion of another civilization," he remarked. "In my view this has been a very useful process, because the friction between East and West has produced some of mankind's brightest ideas."

"In the absence of this friction we'd have a stagnant world and a lack of new creative ideas. You need contrasts in order to keep people awake," he says.

Although he has written some 16 serious historical works, the author is most widely known for his satirical attacks on governmental and corporate bureaucracy.

He has pointed out, hilariously, how in any bureaucratic organization work always expands so as to meet the time and personnel available, and expenses always rise to meet or even surpass income.

The evils of bureaucracy can be curbed to some extent in a business by reform measures, he believes, but sees little hope for doing so in modern governments.

"The only place they have been curbed," he said, "is in countries which have lost a war and where half the bureaucrats have been hanged. This, of course, is a rather expensive way of dealing with the problem."

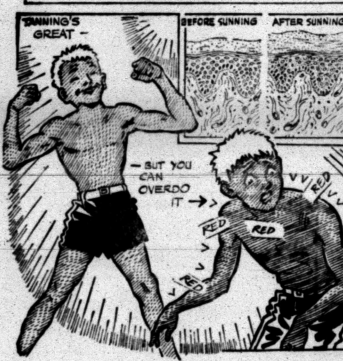

By the way, if our civilization doesn't collapse in 2,000, don't bother to complain to Parkinson. He'll be 91 then and probably have another theory.

Arms of Republicans on the committee to go along with the idea of a milder bill, particularly since Republicans have a civil rights bill of their own that they want the Democrats to approve.

At this point it's a mess, although both parties have said civil rights should be kept out of politics.

Junior Editors Quiz on SUNLIGHT

QUESTION: How does the sun tan and burn you?

ANSWER: Only a small fraction of the sun's rays affect our skin—the "ultra violet" rays. These are invisible, but our skin feels them very definitely. Fifteen minutes of exposing an untanned skin to bright sunlight will start tanning; twenty minutes may cause sunburn. To understand what happens, look at the diagram.

In the outermost of the skin's two layers are networks of little cells called "melanocytes." These can produce particles of a brownish substance, melanin. Ultra violet rays start the melanocytes working and the melanin they turn out (right) gives the skin its tan color. Melanin absorbs ultra violet rays and so gives protection. But if you stay out in the sun too long, a chemical is released which works down into the skin's lower layer and makes the blood vessels swell. This causes the painful redness of sunburn. Too much sunburn can cause real discomfort, even sickness.

Skin experts say Americans tend to overdo sunbathing. A good coat of tan is fine, they say, but it doesn't make sense to broil our bodies in sunlight, as if we were cooking hamburgers.

FOR YOU TO DO: Tan gradually, the skin experts say. Remember these other pointers: If you have to be out a lot, use skin lotion and wear dark glasses. If you should get sunburned, use a standard burn remedy.

(Diana Watkins of Moses Lake, Wash. wins today's grand prize of a 20-volume set of World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win a set too.)

Tigers Face Lamesa In League Opener Tonight

Yogi Faces Stiffest Challenge

By JOE REICHLER
Associated Press Sports Writer
NEW YORK (AP)—Yogi Berra, regarded as one of the greatest clutch hitters in baseball during his playing days, faces the stiffest challenge of his life as manager of the proud New York Yankees.

SPORTS

The Snyder (Texas) Daily News, Fri., Oct. 25, 1963 5

Snyder B Wins, 31-8, At C-City

Howell was the top ball carrier, getting 132 yards in 18 carries. Newman had 54 yards on 9 carries. Waters 33 yards on 8 carries. Rice 28 yards on 5 carries and Rodney Gray 6 yards on 3 carries.

Snyder B rolled up 444 yards total offense, including 266 rushing and 178 yards passing. Steve McMahan caught 3 passes for 67 yards. Newman caught one for 60. Freddy Costello 2 for 35. Mike Carter 1 for 12 and Danny Howell 1 for 5.

Snyder B had 13 first downs, while Colorado City B had 9.

Kickoff Set For 7:30

This is it! The Snyder Tigers will open district play tonight with an "all-important" clash with the Lamesa Golden Tornadoes. The game will be played in Tiger Stadium at 7:30. All non-district contests are now a thing of the past. What either team has done or not done up until now means nothing as far as the district race is concerned. What counts is who will win the most contests from now on.

Powerful Lamesa will come into town with a list of impressive names, good experience back from a team that beat the Tigers last year, and a preseason billing as one of the top teams of the area.

The Tornadoes will be out to prove that the forecasters who said that they would end the season ahead of the Snyder Tigers knew what they were talking about. They know that in meeting the Tigers they will be up against a team that has proven itself to be tough—players who have shown they know how to work together and who give a hundred percent effort.

INJURIES HAVE HEALED

Lamesa is a team that suffered some early season reverses before finding itself winning two in a row. Injuries that hampered the Tornadoes have now about healed, and they expect to have most of the boys ready for tonight's encounter.

Jay White who put on a "one-man" show against Snyder last year in scoring 18 points, should be ready to see action tonight. He has been injured most of the season, but it is reported that he should be able to play in the game. He has been running in pads for some time now.

If White is unable to play full-time, his fullback spot will probably be filled by Phil Russell, a 171-pound junior. He has already proven himself this year as he is the second leading ground-gainer on the Lamesa squad with 147 yards in 37 carries for a respectable 4-yard average. He has been consistent in picking up that short-yardage when needed.

Another Tornado grider that has been slowed to some extent with injuries is tailback Jerry Mabry. However, he has been playing some and might see action tonight. His place has been handled quite well by Kirby Hodnett, a junior speedster that will be remembered by the Snyder track fans. Hodnett is the leading Tornado rusher with 240 yards on 63 rushes.

MORE CAPABLE BACKS

There are a number of other capable backs on the Lamesa squad. At quarterback will be either Dick Roberts or Jerry Berry. Both have helped the Tornadoes to run up 327 yards passing and 737 yards rushing.

One of the more versatile boys will be playing at the right half position. Jim Anderson, 186-pound junior who does many things well should be the starter. Anderson has carried

Snyder Junior High football teams won five and lost one in Thursday's gridiron action. This week's activity hiked the local junior high record to 20 victories, two losses and one tie for the season.

Travis 9th 46, C-City 9th 6

COLORADO CITY — The Travis 9th Grade Blue Devils shook off an early siege of "fumblets" and thrashed the Colorado City 9th graders, 46-6, here Thursday.

Quarterback David Cadena, returning to the lineup following an absence because of an eye injury, tossed passes to end Bobby Clardy for touchdowns, and added six pointers himself, one a 60-yarder. Another came on a 70-yard return of an intercepted pass.

The Blue Devils led, 30-0, at half time.

Travis reserves saw plenty of service in the second half, and all members of the squad got into the action.

Colorado City, which managed only one first down against the Travis regulars, got its only touchdown in the fourth period.

Lamar 9th 24, Runnels 9th 14

Lamar's 9th Grade Texans built up an 18-0 lead and then fought off the Big Spring Runnels 9th graders to win a 24-14 decision Thursday night on the local junior high gridiron.

Lamar got its first touchdown after Buddy Powell blocked a Runnels punt early in the first period. Ronnie Hardwick scooted 10 yards for the score. The try for extra points failed.

Later in the first, Rob Golden lofted a pass to Hardwick which carried 85 yards for another touchdown, giving the Texans a 14-0 lead at the end of the first quarter.

In the second period, C. B. Rinehart clinaxed a Texas drive by crashing into the end zone from the 1 yard line.

Runnels got its first touchdown midway in the third period when Ramirez went 15 yards around left end. Anderson added the two extra points and the Texas lead was cut to 18-8.

Golden got the Texans 112 more points early in the fourth when he went over from the 1 yard line.

Runnels got its other touchdown on a 10 yard pass with just 27 seconds left in the game. Elton Woodward, Sam Edwards and Murray Bowden were cited for their defensive play for the Texans. The Lamar team gained 173 yards on the ground and 80 passing, compared to 51 yards rushing and 60 passing for Runnels. The Texans, who led in first downs, 11-6, ran 66 plays, compared to 44 for Runnels.

Runnels 8th 6, Lamar 8th 0

BIG SPRING — Lamar's 8th Grade Texans surged up and down the field but could not overcome an early Runnels touchdown Thursday night as Runnels triumphed, 6-0.

The home team scored on the third play of the game, breaking their fullback on a 45-yard touchdown run. Thereafter, Runnels was able to make only four first downs.

The Texans launched a drive from their own 4 where Runnels punted out of bounds late in the first half. With 22 seconds left in the half and the ball on the blank Runnels 7 yard line, Frank Grimmer caught a pass on the 4 yard line and bounced over a defender into the end zone. However, the officials ruled that his knee touched the ground on the 1-foot line, and the Texans were not able to get off another play before the half ended.

Tommy Bullard ran the kickoff opening the second half 50 yards to the Runnels 45 and the Texans drove to the 18 before they were stalled by two penalties. Late in the third, they drove to the 12 yard line and missed a first down by inches, and in the 4th a fourth down pass from the 35 fell incomplete.

The Texas defense was strong throughout the game, with the work of Don Malone and Wayne Coward drawing praise from the coaches.

Travis 8th 20, Lamesa 8th 0

A touchdown in the first half-time play sent the Travis 8th Grade Blue Devils winning on their way to a 20-0 decision over Lamesa's 8th graders Thursday night.

The Blue Devils recovered an "onside" kick-off to open the ball game, and on the first play from scrimmage they sprung Jerry Smedley on a 45-yard touchdown run. Donnie Thompson got the two points, and the Blue Devils had a 6-0 lead.

That was the ball game until late in the third period as the offensive maneuvers of both teams spluttered for more than half. It was Smedley again who got the touchdown—this time as he broke for a 22 yard gallop. The Blue Devils failed to convert this time, and their lead leveled off at 14-0.

Smedley got another six-point play in the fourth, this time on a 6-yard run. The try for extra points failed again.

Travis 7th 32, Lamesa 7th 0

The Travis Junior High Blue Devils romped to a 32-0 decision over the Lamesa 7th Grade team here Thursday.

Raymond Rios crossed the double stripes three times to lead the Blue Devil scoring.

Rios romped 55 yards for the first touchdown, which came midway in the first quarter, and Gary Welsh went over for the two extra points to give the Blue Devils an 8-0 lead.

In the second quarter, Bennie Ward crashed over from 2 yards out to climax a sustained drive. Welsh again got the two extra points and the Blue Devils led, 16-0, at half time.

Rios resumed operations in the third period, going 35 yards for another six-pointer, and Welsh again accounted for the two extra points. Rios scored again a few moments later when he intercepted a Lamesa pass and ran it back 80 yards for a touchdown. Kenny Schensted got the two extra points.

Lamar 7th 12, Runnels 7th 0

BIG SPRING — Lamar's 7th Grade Texans scored touchdowns in the first and fourth quarters and threw up a strong defense to blank Runnels 7th grade team, 12-0, here Thursday.

Mitch Ramin went 20 yards for a touchdown in the first quarter.

The Texans had another score called back on one of more penalties they were assessed and there was no more scoring until the fourth period, when Ramin intercepted a Runnels pass and ran it back 60 yards for six points.

Coaches praised work of the entire team, particularly its defensive performance.

The project this year will get underway at 6:30 p.m. on Saturday, Nov. 2. Materials will be picked up by the adult counselors at 5 p.m. at the Grace Lutheran Church which will also be headquarters for turning in the money collected. Entertainment has been arranged for the participating youth and the Jayceettes will serve refreshments.

Ailing Boy Swaps Ships

NEW YORK (AP)—An ocean liner which met a freighter in mid-Atlantic took a 9-year-old boy aboard for an emergency appendectomy Thursday. The transfer was made by a small boat in rough seas.

Heavy swells had delayed the transfer for many hours.

The boy, Ruykert Fowler of Nyack, N.Y., was reported doing well after the operation. He was stricken Tuesday on the S.S. Wolverine State, bound for Falmouth, England. His parents were with him.

The Wolverine State, as is usual with freighters, does not carry a doctor.

The liner Bremen is en route to Germany.

HE BLESSED the CHILDREN

As naturally as the flower turns its face to the sun, so does the human child respond to the love and grace of God... they know He loves them. Jesus, who knew the Father's heart, said to some good people of His time — "Let the little children come unto me and forbid them not." Surely no woman or man would detour a child in his natural search for God and goodness. Take them to church... show them the way... the Master still commands us. They may be ours for a few short years. They are His forever. How important then to introduce them to Jesus. Here they meet Him, know Him and love Him, for such is the Kingdom of God.

You in The Church... The Church in You...
Form a combination for good. Every man, woman and child needs the influence of the church. Be a faithful worker. Attend every service.
