Four Rockport-Fulton Men Charged After Weekend Pot Bust

CORPUS CHRISTI — Four area men were among the 14 brought before a U.S. Magistrate in Corpus Christi on drug charges Monday afternoon, March 16, following a record drug raid in Seadrift early Sunday.

Bail of \$1 million was set against each of the 14 defendants arrested after lawmen — including officials from the Aransas County sheriff's office — conducted

a predawn raid that resulted in seizure of 32,000 pounds of "fine leaf" Colombian marijuana with a street value of more than \$20 million.

The defendants included Talton Lee James, 40, Thomas Joseph Burke, 22, and David Anthony Pfeiffer Jr., 24, all of Rockport and all crewmen of the 76-foot boat "John Eric" and Dallas Alton Grantham, a seafood dealer from Fulton.

The "John Eric" was also seized in the raid and impounded in federal custody in Port O'Connor.

Also brought before U.S. Magistrate Eduardo de Ases on charges Monday afternoon were:

Paul Olivari Jr., 40, of Brownsville.
Elias Ricardo DeLuque-Ibarra, 36, who gave a Miami Beach address.

Felipe Francisco Llaudy,

40, of Miami, Florida.

Robert L. Stanley, 24, and Johnny Johnson Jr., 34, both of Ash, North Carolina. They told the Magistrate they have been working on a fishing boat in Seadrift.

Avron Carrell Jack, 45, of DeWitt, Arkansas, a self-employed trucker.

Gerardo Lazaro Gonzalez, 28, of Miami, Florida.
Juan Alberto Gonzalez, 31, a masonry worker from Austin.

Valdemar Guerra, 37, operator of a paint and body shop in San Antonio.

Philip Sterling Robin, 50, a seafood dealer in Port Bolivar.

The predawn raid ended an investigation, centered in Rockport, that began more than three months ago and involved undercover agents from Customs, the Drug Enforcement Administration and the Aransas County Sheriff's Department.

Law enforcement officials, including two Aransas

County deputy sheriffs, were on hand about 2:30 a.m. Sunday, along with federal agents, when a vessel, later identified as the "John Eric", off-loaded the marijuana into an 18-wheeler.

The vessel was allowed to leave the dock in Seadrift then the lawmen moved to seize the tractor-trailer rig.

Officials then notified the U.S. Coast Guard and about 6 a.m. a Coast Guard boat spotted the "John Eric" at the mouth of San Antonio Bay. Accompanied by DEA and Customs agents, Coast Guardsmen boarded the vessel and arrested the three men on board.

A Coast Guard spokesman said "a small amount of marijuana" was found "scattered about the vessel."

Aransas County Sheriff Bob Hewes observed, "It takes a lot of cooperation between law enforcement people on something like (See BUST, Page 9)

Unidentified Bales Drop From Plane Near FM 881

On Monday morning, March 16, the Sheriff's office received a call from a witness who reported seeing three bales of an unidentified substance, suspected to be marijuana, being dropped from a light plane east of the intersection of Farm Roads 1069 and 881.

The witness, unidentified but according to Chief Deputy Doug Carroll "a reliable source" described the plane as a white-winged light plane with a dark fuselage. The exact size of the dropped bales is unknown.

Following the report, units from the Sheriff's office and Department of Public Safety conducted an hour and a half search of the brushy area, using a DPS helicopter and a fixed wing plane.

Investigators in the copter spotted a plane in the area matching the general description of the aircraft reported by the witness, and

gave pursuit in order to identify the craft, but were unable to report where the plane landed.

The investigation continued Monday afternoon and Tuesday morning using horse patrols combing the

brush, but as of the Pilot's press time on Tuesday, no evidence of the dropped bales was found. Said Chief Deputy Carroll, "We're going to conduct a thorough search of that area. We feel sure we'll find something shortly."

RYSCO Launches 500th Boat In Christening Ceremonies Tuesday

Rockport Yacht & Supply Company Inc. (RYSCO) launched its 500th vessel — the Yutaka Maru No. 51 — in christening ceremonies at 4 p.m. Tuesday, March 17.

The vessel was then turned over to its owners, Yutaka Fisheries Company of Tokyo, Japan. The Yutaka Maru 51 is the 14th shrimp boat built for the Japanese firm which will use

the vessels for shrimping off the coast of South America.

It was the Japanese that launched the Rockport-based company in the international shipping business in early 1964, the same time that the company began constructing steel-hulled craft in place of wood hulls.

A Japanese businessman

came to Rockport looking for a small shipyard that could build good fishing vessels. He liked what he saw at RYSCO and ordered four shrimp boats, then purchased five more, all designed by RYSCO engineers.

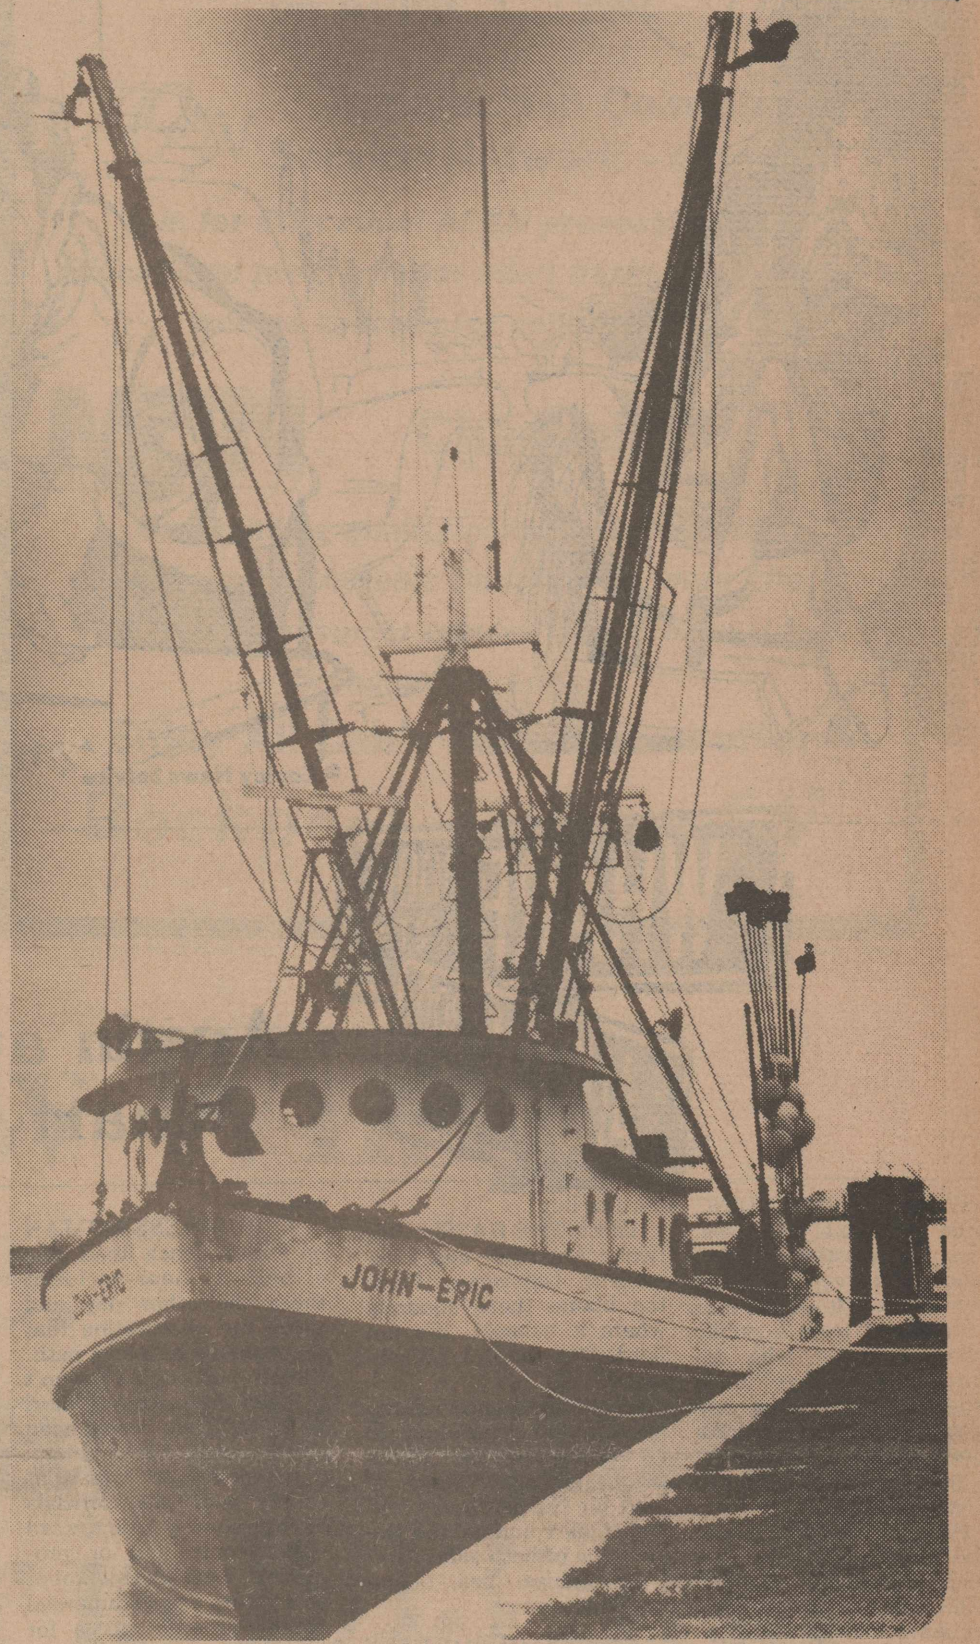

Founded in 1935 by the late T. Noah Smith Sr., RYSCO shipbuilders have constructed fishing trawlers, offshore supply boats, tug boats, a crew boat — even one ferry.

International customers

include companies in Cameroon, Venezuela, Brazil, Jamaica, El Salvador, Liberia, Nicaragua, Korea, West Guinea and Australia.

The company is presently headed by Thomas N. Smith III. It employs about 135 fulltime production workers and an office staff of 20, making it the largest industry in Aransas County, according to personnel director Robert Konvicka.

Konvicka said more than 60 percent of RYSCO's business comes from repeat customers.

'JOHN ERIC' IN PORT AFTER SEIZURE BY FEDS

LIFT OFF

Investigators from the Sheriff's department and DPS personnel feel the air blast from a special DPS helicopter used in Mondays search for three bales of an unidentified substance that were reported dropped from a light plane near the intersection of Farm Roads 1069 and 881.

Four More Arrested In Oil Conspiracy

LONGVIEW (Spl.) — Four more people were arrested over the weekend on indictments charging "organized criminal involvement" in theft of oil from an East Texas field.

No more arrests were made of persons from this area. Earlier, two Aransas Pass men, Calvin Cathey Sr. and Calvin Cathey Jr., and a former Rockport man, Bob Young, were arrested on charges of involvement in the conspiracy.

Weekend arrests were of John Henry Carson of Hitchita, Oklahoma — taken into custody Friday, March 13 — and James C. Breau, Wade Navarre and Jack Clothier, all of Lafayette, Louisiana. The three Lafayette men have all been released after posting bond of \$25,000 each.

Gregg County officials report one defendant is still at large and is believed to be in Oklahoma.

Officials began making arrests after a Gregg County grand jury returned two sealed indictments charging 16 persons as having been involved in theft of oil from the East Texas Oil Field.

According to Gregg County officials, the two indictments cover a period from July 11, 1979, through Easter Sunday, 1980.

Following Carson's arrest Friday, one of the indictments was made public. This indictment alleges that in early winter of 1979, Jack Craig, a Henderson man and one of the 16 defendants, approached a man who worked as a pumper in the B.F. Marshall lease in the East

Texas Oil Field in Rusk County.

Craig offered to buy crude oil from the pumper for a price of \$6 per barrel.

The indictment alleges that Craig and others made arrangements to load trucks with oil at the well, haul it to a storage facility in Gregg County and from there to two refineries, one in Friendswood and the other in Tucker.

According to the indictment, the "hot" or "illegitimate" oil was hauled during January and February of 1980.

On or about February 1, 1980, according to the indictment, Don Clements with the Railroad Commission noticed a truck-tractor-trailer rig with expired license plate parked at the storage facility, containing some 130 barrels of crude oil.

On this same day, Jim Morrow with the Railroad Commission called Calvin Cathey — the indictment does not specify Jr. or Sr. — and asked about the origin and destination of the trailer load.

"A person who identified

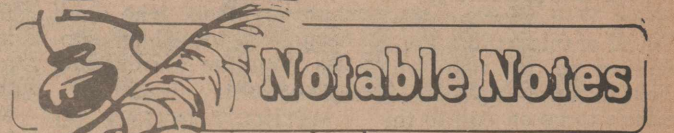

himself as Sonny Cathey" allegedly told Morrow the oil originated in Luling and was destined for Aransas Pass.

On that same day, according to the indictment,

Young called the Railroad Commission office in Kilgore and said the oil had originated in Damon.

On February 4, Young allegedly called the Railroad Commission office in Kilgore and said the oil had originated in Damon.

(See OIL, Page 9)

Notable Notes

Mexican Supper

The Rockport-Fulton Band Boosters are hosting the second annual Mexican Supper Saturday, March 28, in Rockport's VFW Hall. Serving will be from 5 p.m. until 8 p.m. The menu will include rice, beans, a chalupe, two enchiladas and tea or coffee for \$3 with guacamole salad, flour tortillas and dessert available for an extra charge. All food will be prepared by Band Booster members, and door prizes will be awarded during the serving period.

Tamales For Sale

The Greater First Baptist Church at 213 Gagon will be selling tamales in its Fellowship Hall Saturday, March 28, starting at 11 a.m. Price is \$2.50 per dozen.

Republican Women To Meet

The Republican Women's Club will meet Thursday, March 19, 10 a.m. at the Live Oak Bank Community Room. Guest speaker will be County Commissioner W.B. "Pete" Sanders. The Club also extends an invitation to all School Board Candidates to attend and speak.

P.E.O. To Meet

Chapter EO, P.E.O., will meet Tuesday, March 24 at 1 p.m. in the home of Mrs. W.K. (Lillian) Thomas, at 2009 Glass Avenue. Mrs. L. (Mamie Ruth) Caton will present the program "From Opinions".

Church of Latter Day Saints

The Re-Organized Church of Jesus Christ of Latter Day Saints will have services each night at 7:30 p.m. during the week of March 22. The group meets in the building across from Palm Harbor, one door north of the Shrimp Net Restaurant. A group of 15 missionary workers from Oklahoma and Missouri will be doing visiting and missionary work in the area in connection with the services.

ACSMI Women Meet

Women's Committee of the Aransas County Medical Services Inc. will meet Friday, March 20, at Sandollar Restaurant at 11 a.m. for its monthly luncheon and business meeting. The business meeting will start promptly at 11:15 a.m. Dr. Jerry Shaw, member of the ACSMI Board of Directors and ambulance coordinator will discuss ambulance services and equipment and will answer any questions about the program. For reservations call Lois Harrington, 729-2227.

Pilot Sightings

PATTY [MRS. GARY] HOWARD being given a surprise baby shower (she's expecting the "blessed event" in April) . . .

MR. and MRS. RICHARD THOMAS of Grand Marais, Minnesota; MR. and MRS. JACK LEROUX from Hutchins, Kansas; and RAY FLAHEVEN from Wenona, Illinois; all in the area for the next few weeks or months . . .

NORMA BROADHURST qualifying as the newest member of the "Perch Club" after her husband dropped her in St. Charles Bay this weekend . . .

Pilot Sponsors Contest For Newspaper Carriers

Rockport Pilot carriers can win a "day at the races" — among other prizes.

All they have to do is sell five new subscriptions to the Pilot and collect the subscription rate of \$17 in Aransas County, \$20 outside the county, before Thursday, March 26.

It's the Pilot's new "Let's Go To The Races" contest and the winners get a free trip to the races at La

Bahia Downs in Galid on Saturday, March 28.

In addition, the winners will be treated to free lunch at the races, a free T-shirt or cap and \$5 cash to use as they want to.

Plus — a Special Prize will be given to the carrier who sells the most new subscriptions.

The contest is simple and fun — and can win some lucky carriers their "day at the races."

through Saturday, March 19-21.

Boys age 8 years and older and girls 9 years and older, provided they will not be 19 years old before August 1, are eligible to participate in this year's Little League.

A parent of guardian must present proof of the child's age, and a reimbursement donation of \$15 is asked. If there is more than one child in the family participating in Little League, an additional \$5 per child is requested.

A payment plan will be provided for the donation if needed.

Team quotas have not yet been reached and more players are needed before the drafts scheduled for Sunday, March 22.

The Little League also needs more adult volunteers to help with the Association's 1981 season activities.

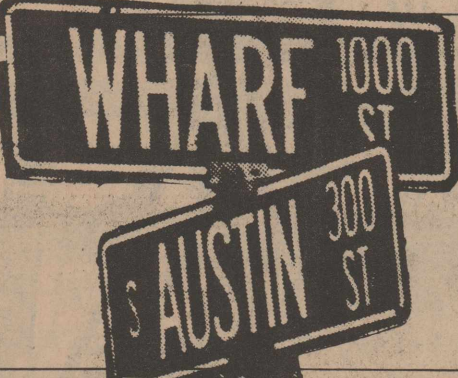

Games are scheduled to avoid conflict with school activities and the local soccer program.

The Rockport Pilot

Editorial / Opinion

© Copley News Service

Austin at Wharf

WITHOUT INTENDING to be inhumane, heartless, I have a question which I believe deserves a reasonable answer. It results from a statement from a public school educator who declared that if free lunch programs were to be curtailed, a number of thousands of children would be obliged to drop out of school. Why?

Perhaps the lady meant that children without free lunches would get no lunch at all and would as a consequence be unable to apply themselves to afternoon classes? If that is what she meant might she not, for the benefit of those of use who are slow thinkers, have said so?

As things stand I want to ask — assuming it to be the case — why shouldn't the child tote in a sack the peanut butter sandwich mom would have fixed at home?

ah, but there I slip; peanut butter is reaching toward the price range of caviar. Well, what's cheap? For all of this I think I still deserve to be told why thousands will skip school if there's to be an end to the free lunch. So please, somebody answer.

I'VE PRETTY WELL kept out of the debate over whether or not redfish and trout fishing should be pursued by commercial fishermen as well as sports fishermen. When there is controversy of this sort there is too much exaggeration of facts from all sides.

However, I can't help but feel that a visitor would be more than a little taken aback to find he couldn't get a fresh fish dinner in coastal restaurants. Conservation I believe in; the screaming of environmentalists often rubs me the wrong way. Seems to me that both parties should explore ways and means to insure that there will be plenty of fishing for all, for now and in the future. Extreme measures I find

hard to buy. THEN THE HASSLE BETWEEN American and Vietnamese fishermen. Place the blame there squarely where it belongs. It's not hard. The word is Washington.

No other country in the world would bring aliens to its shores and then dump them and allow them to fend for themselves. I try, and think I understand the dilemma of both sides; and I sympathize. Yes, blame Washington.

THE BLUEBONNETS are blooming in the median between Hwy. 35 and Fulton Beach Road and they give me occasion to praise the fine work the Aransas County Woman's Club has done through the years in planning and landscaping the area at the south end of the ski basin.

Rather a pity, as Uncle John Leslie is bound to agree, that the same spirit of community pride can't exist everywhere. Sadly, there are those who don't hesitate to toss their empties onto the surrounding greenward.

WITHOUT INTENT to commercialize this column I think it deserving to comment that a Fulton restaurant has made the "Around the State" columns of the current Texas Monthly.

In the restaurant section under Corpus Christi: "It's too bad that Corpus Christians must travel 45 minutes up the coast to sample fine, innovative dining... Schrenkeisen's has a menu that is a shining example of what is being called the new American haute cuisine — a blend of the techniques of continental cookery and down-home ingredients..."

Well, no restaurant in Corpus Christi has yet to rate one of the mag's one, two or three stars, but I'm not certain that the Fulton establishment doesn't come as close as any, maybe even deserves the

rating. A BUSINESSWOMAN on Fulton Beach Road described a near-accident there the other day and made the observation that there should be a bike path. Clearly, although I haven't pressed the matter as hard as I might, she hasn't been a follower of this column. It seems to me that county and city officials have done very little toward either controlling or promoting local development as a sports and commercial fishing area, a mecca for winter visitors, summer tourists and home for retired people.

As must be well known, I'm all for private enterprise, but there are some things that need the financial and cerebral help from government officials, especially, most particularly at the local level, if you like. Bike paths, beach development, to list only a couple.

PRESENTLY, I UNDERSTAND, there is a move on to establish restrooms on Rockport Beach. A great idea, but who and what is going to protect them from the rabble and riffraff that wrecked the solid concrete block structures that already exist? Or the cabanas?

Moving SeaFair to the beach last year was a good idea, esthetically and practically. Particularly because of parking.

But then sand proved to be a detriment; there was talk of planting the area to grass. Anything done? Well, another SeaFair will soon be upon us.

And now there is talk of some sort of a government grant to develop the beach. Will it be forthcoming?

It appears to me this is the sort of fluff that President Reagan, in his desire to get the economy on an even keel, is frowning upon. Is there any reason why a prosperous community like Rockport should not handle such development on its own?

Long, long ago a community like Rockport should have built a community swimming pool, but no.

Now, if I understand aright, Big Uncle is being asked to dole out funds to "develop" the salt water swimming pool, a place condemned for that purpose by engineers, medical and water safety experts.

Who is going to bear the responsibility when the first life is lost, the first serious injury occurs?

Without presuming to be an attorney I can easily fancy the field day someone will have with a suit resulting from death or injury, especially since warnings are a matter of record with the U.S. Corps of Engin-

eers as well as in the public print.

A plan to develop the area for its only practical use, boat docks, that would have been built without cost to taxpayers, was rejected a couple of years ago by a terrified mayor, city council and navigation district chairman. It was the result of pressure brought by a gang of less than a dozen who aroused the general public with false claims and prevarications.

Result — the loss of recreational boating traffic, loss of thousands upon thousands of dollars to the business community, not to mention an attraction for tourists and other visitors, including potential residents. — ahab

Our Readers Write

Dear Editor: Public School Week gave me a view of teachers, my children, and other children in our school system.

Some of the classes were a pleasure to visit. There was cooperation between the students and the teachers. Students were eager to answer questions and learn. One whole class had interest and encouraged one student who had started the year failing and is now getting grades in the nineties.

In one class the students were handed a sheet of questions when the class started. They were instructed to answer the questions, what chapter and between what pages the answers were found. One student put a new outside cover on his book until the last 10 minutes of the class; other students whispered, hit each other with pens and wasted their class time.

There was no oral reading or discussion of the chapter, and there has been none for the last five to 10 chapters. The children are learning on their own, if they are learning at all.

Another class had so much noise and commotion with several students talking, walking around, some tapping a beat on their desks and the teacher trying to answer someone's question — all at the same

'Dragons' still live

Possibly the most unusual species of Indonesian wildlife is the Komodo lizard, whose discovery in 1912 set off a flurry of excitement because it is one of the last survivors of the prehistoric dragons that once roamed the earth. The lizards live on a barren island in the Flores Sea east of Bali.

Anti-Crime Package

Bill Continues Criminal Justice

Editor's note: The 67th Texas legislature has been presented with an eight-part anti-crime package, drawn up by officials in the office of Governor Bill Clements. The Pilot is running an analysis on each of these eight proposed bills in an effort to better inform our readers.

Background Information

The Crime Control Act was passed in 1968 which provided Federal funds for state and local criminal justice projects.

The Act further provided for the establishment of an office within the Governor's Office to administer these funds. The Criminal Justice Division was established pursuant to this Act in January, 1969.

The Criminal Justice Planning Fund was passed by the Texas Legislature in 1971 to provide the necessary cash match required by amendments to the Crime Control Act before the Criminal Justice Division may use the state funds.

The Criminal Justice Planning Fund Act also provides that the Legislature may appropriate any unobligated funds for criminal justice purposes.

Through actions by the Administration and Congress, it is now apparent that the Crime Control Act will not receive any Federal funds for Fiscal Year 1981 or subsequent years.

The Law Enforcement Assistance Administration (LEAA) has provided a mechanism to continue the operation of the Criminal Justice Division through September 30, for administration of Federal funds still available from past Federal appropriations to the Criminal Justice Division.

Purpose

The purpose of this Act is to statutorily establish the Criminal Justice Division in the Governor's Office and define their responsibilities, create the Criminal Justice Division Advisory Board and provide that the Criminal Justice Planning Fund funds be made available to the Criminal Justice Division in the Governor's

Office for funding of state and local criminal justice projects.

Section by Section Analysis

Section 1. Amends Article 4413(32a) VACS adding a new Section 5 to read as follows:

(a) Provides that the Governor shall establish a Criminal Justice Division within his office;

(b) Provides for the responsibilities of the Criminal Justice Division. They are:

(1) Advise and assist the Governor in developing policies, plans, programs and proposed legislation for improving the coordination, administration and effectiveness of the criminal justice system;

(2) Administer the Criminal Justice Planning Fund as amended (Article 1083, Code of Criminal Procedure);

(3) Prepare a comprehensive State Criminal Justice Plan, annually update it based on analysis of the state's criminal justice problems and needs and encourage local and regional comprehensive criminal justice planning efforts;

(4) Establish goals, priorities and standards for programs and projects to improve the administration of justice and the efficiency of law enforcement, the judicial system, prosecution, criminal defense and adult and juvenile corrections and rehabilitation;

(5) Award grants out of the Criminal Justice Planning Fund for programs and projects which address the goals, priorities and standards established in the annual State Comprehensive Criminal Justice Plan.

(6) Make application for, obtain and apply to the purposes of this section any federal or other funds which may become available for programs and projects which address the goals, priorities and standards established, or which assist local or regional comprehensive criminal justice planning efforts;

(7) Funds administered under this Act shall not

supplant state or local funds;

(8) Establish procedures and policies for the assumption of cost over a five year period by local general purpose units of government;

(9) Monitor and evaluate programs and projects funded under this Section; cooperate with and render technical assistance to state agencies, local governments and other public and private agencies seeking to reduce crime or enhance the performance and operation of the criminal justice system; and have the authority to collect from any state or local government entity information, data, statistics or other material necessary in carrying out the purposes of this Section;

(10) Submit a biennial report to the Legislature reporting the Division's activity during the preceding biennium including the comprehensive state criminal justice plans and such other evaluations, crime data analysis reports or proposed legislation as the Governor may deem appropriate or as the Legislature may request;

(11) Perform such other duties as may be necessary in carrying out the duties here and above provided and adopt such rules, regulations and procedures as may be necessary.

(c) (1) Provides for statutory creation of the Criminal Justice Division Advisory Board appointed by the Governor consisting of a Chairman and 24 members which shall review and make recommendations to the Governor on projects and programs recommended for funding by the staff of the Division; the goals, priorities and standards recommended by staff; the comprehensive criminal justice plan; and on such other matters related to criminal justice as the Governor may designate.

(2) Provides for Senate confirmation with the exception of local elected officials and state officers as defined in 6252-9b, VACS. The Chairman and members shall be selected

from professionals within the criminal justice system, state and local officials and private citizens. They will serve a two-year term and service by state or local officials and employees shall be considered an additional duty of their office or employment.

(3) Provides for reimbursement of reasonable and necessary expenses for Board members and — in the event of a vacancy caused by death, resignation or inability to serve — provides the Governor shall appoint, subject to Senate confirmation, a new member to fill the remaining portion of the unexpired term.

(4) Provides that the Executive Director of the Division shall be appointed by and serve at the pleasure of the Governor and not require Senate confirmation. He shall also sit as an ex-officio, non-voting member of the Criminal Justice Division Advisory Board.

Section 2. Amends Section 1, Article 1083, Code of Criminal Procedure, to provide for the continuation of the special fund known as the Criminal Justice Planning Fund, to provide for the continued use of this fund for assistance to state and local criminal justice systems, to provide for the continued administration of this fund, to provide for cost of court as a source of this fund and to provide that the cost be borne in part by those who necessitate the establishment and maintenance of the criminal justice system.

Section 3. Amends Section 3(a), Article 1083, Code of Criminal Procedure, in which the costs of court in a justice of the peace or municipal court case is increased from \$2.50 to \$5.

Section 4. Amends Section 4, Article 1083, Code of Criminal Procedure, by increasing the costs of court in misdemeanor cases (county courts) from \$5 to \$10 and district court cases from \$10 to \$20.

Section 5. Amends Section 9, Article 1083, Code of Criminal Procedure, to provide that the Criminal Justice Planning Fund is appropriated to the Criminal Justice Division for expenditure for state and local criminal justice projects and for the costs of administering the funds for such projects.

Section 6. Amends Section 10, Article 1083, Code of Criminal Procedure, to provide that the Legislature may appropriate the unobligated balance of the Criminal Justice Planning for the preceding biennium for the improvement and upgrading of the criminal justice system.

Section 7. Provides that the effective date of this Act is September 1, 1981.

Section 8. Savings clause.

Section 9. Emergency clause.

Free Brochures Pinpoint Texas Campgrounds

If you're a Winter Texan getting ready to head home, you may be wondering about camping accommodations once you leave Rockport-Fulton.

Is there a nice RV park, for instance, around Dallas or Houston where you can spend a night or two before continuing on north? What kind of spaces and hookups do they have? Do they allow pets?

Those are the kind of questions Calvin Hill hopes

he has answered in his "RV and Camping Guide to Texas," a brochure available free at Rockport's Chamber of Commerce and at three local RV parks.

Hill, who hopes Winter Visitors will take advantage of his own "Dallas Hi-Ho Campground" in the Dallas-Fort Worth area, makes the brochures available as a public service to Winter Visitors who may be wondering where they can stop for good, comfortable RV accommodations on their way to their "other" homes.

The brochure provides a map of Texas with a listing of 85 campgrounds and RV parks that are members of the Texas Association of Campground Owners (TACO).

In addition, the brochure provides information about each campground — how many hookups it provides, if pets are allowed, what kind of facilities it offers... plus, of course, where it's located.

The brochure also offers gas-saving tips — a boon to any traveler!

In addition to the Chamber of Commerce, free copies may be secured at any of the three TACO members in this area: Palm Harbor Travel Trailer Park, Paradise RV Park and Rockport KOA.

Winter Visitors can also write to Hill for additional brochures, at Dallas Hi-Ho Campground, Rt. 1, Box 500, DeSoto, Texas 75115.

The brochures are also distributed at all 11 Texas Tourist Bureau entry points, Hill added.

Hill is a past director of TACO, a seven-year-old organization whose pur-

pose is "to help promote the RV campground business by benefiting both the tourist and the owner. Our aim is for better campgrounds and better recreational facilities."

His own Dalas Hi-Ho campground provides 80 pull-through spaces with complete hookups and restrooms with hot showers as well as washateria, playground, dump station, picnic tables with barbecue grills and trailer storage.

He also provides tickets to Six Flags, Lion Country Safari and the Southwest Wax Museum.

Pharmacy Topics

By Richard Beck

Old medication — new use. Low concentrations of Anthralin are being used to good effect against psoriasis. Drug is given in conjunction with bath oil, emollient, antihistamine, and mild ultraviolet light.

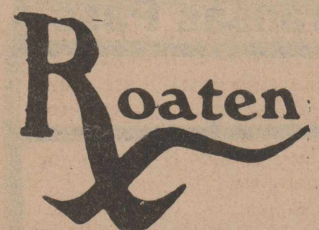

Medical research on cell receptors — the part of the cell membrane that controls the acceptance or rejection of good or bad molecules — is new and important. Adult onset diabetes, for instance, is caused by the failure of receptors to use insulin that the body makes.

Fish oil in the diet seems especially effective in cutting cholesterol and triglyceride levels, according to a study at the University of Oregon Health Sciences Center.

Researchers at Washington University School of Medicine in St. Louis report they have developed another kind of interferon, the cancer-fighting compound, that they say may be 200 times as powerful as the original. Testing on mice begins soon.

First aid of bleeding calls for direct pressure on the wound, using a sterile gauze dressing.

B&PW Celebrates St. Patrick's Day In Style

The Business and Professional Women's Club Annual St. Patrick's Day Style Show and Dinner held Saturday, March 14 at the VFW Hall was a huge success. The 306 guests attending the event enjoyed a delicious dinner and got a chance to see the latest styles provided by "Kitty's" and modeled by ten lovely locals. Vicky Hinojosa [far left] models a raspberry-colored shorts set while Betty Walters,

[second from left] tees off in a golfing outfit with an appliqued skirt. During the model's breaks "honorary" B&PW member Bobby Jackson [second from right] entertained the guests with Irish melodies. Donna Kay Pridgen [far right] watches the proceedings waiting for her turn on the stage.

[Pilot Photos by Becky Werhan]

B&PW Style Show A "Huge Success"

The Business and Professional Womens Club's Annual St. Patrick's Day Style Show and Dinner held Saturday, March 14, at the VFW Hall was a huge success.

Some 306 guests attended the dinner, proceeds of which go to the fund for the B&PW Scholarship, won this year by Susan Weaver.

Before the buffet-style meal was served, B&PW President Ola Dietz welcomed the guests and introduced Fay Henderson who gave the invocation.

Bobby Jackson, "honorary member" of the club then entertained the guests with a rendition of two Irish ballads, "The Rose of Tralee" and "Danny Boy".

Jackson also led group singing after the dinner before the style show started.

He was accompanied by Marianne Gould on piano.

Models in the style show — Flo Griffith, Betty Walters, Donna Nugent, Laura

Ogle Harris, Bennie Moore, Jane Doss, Karen Dempsey, Vicky Hinojosa, Donna Kay Pridgen and Melanie Stephens modeled a wide assortment of clothing, from bathing suits to nightwear.

Barbara Carter provided background piano music and Lola Bonner was commentator, introducing each model and describing their apparel.

Don Wright and Wayne Nugent were the model's escorts.

During breaks in the show, some 44 door prizes were awarded to lucky guests.

Among the prizes were savings certificates provided by First National Bank, a painting from Estelle Stair's Gallery and seven homebaked cakes.

Fashions for the show were provided by Kitty's Fashions of Rockport and cosmetics were courtesy of Merle Norman Studio.

GardenClub Holds Show

The fine points of how and why flower show judges rate entries as they do were explained to members of the Rockport Home and Garden Club and their guests when the group held an in-club show and salad luncheon on Thursday, March 12, in the Fellowship Hall of the Rockport Methodist Church.

About 40 persons, including guests from the Key Allegro Garden Club, were on hand to hear Mrs.

W.D. Alley, club president, and Mrs. W.K. Thomas explain why they had rated the entries as they had. They also gave helpful tips on how the displays might have been improved as well as pointers on what judges look for.

Brightly colored balloon bouquets decorated the tables for the salad luncheon which followed the program. Five door prizes were awarded during the luncheon.

At a brief business meeting, Mrs. Alley announced that the work day at the Ski Basin park had been a big success and expressed appreciation for the cooperation received from the Navigation District in cleaning up and preparing the area and for the funds the District provided for shrubs destroyed by Hurricane Allen.

Mrs. Alley also told the club that donations of day-lilies, pampas grass and marigolds are still needed to fill out the beds.

Plans for an outing in Corpus Christi on April 23 were announced.

The outing will include lunch at Luciano's, a visit to the Japanese Museum and browsing at Currie's Nursery.

Mrs. Kathryn Vandiver, Mrs. Jan Coleman

Double Wedding In West Terrace

Mr. and Mrs. W.M. Coleman Jr. have announced the double wedding of their son and daughter held at the Coleman home in West Terrace on Friday, March 6.

Kathryn Ann Coleman was married to Richard Alan Vandiver, son of Mrs. Dorothy Vandiver from San Antonio.

The bride was given in marriage by her father. She

wore a floor length offwhite gown with long sleeves and a high neck. She wore her mother's pearls and carried a bouquet of mixed flowers. She wore baby's breath in her hair.

Sara Beth Keller from Corpus Christi was matron of honor. She wore a floor length yellow sleeveless gown.

Steve Vandiver, brother of the groom, was best man.

John Randell Coleman wed Jan Elizabeth Rothrock from Houston, who was given in marriage by her grandfather.

The bride wore a floor length off-the-shoulder white lace gown accented with pearls. She carried a bouquet of mixed flowers and wore baby's breath in her hair.

Her matron of honor was Ms. Debbie Spardley from Houston.

Joshua Valdez, nephew of the groom, was best man.

Special guests were Mr. and Mrs. Daniel Hodgin of Rockport; Mr. Robert Campbell; Mr. and Mrs. Earl Nolan and Miss Robin Rothrock, all from Houston and Mrs. Debra Kourt from Angleton, who attended to the guest book and served the blue and white wedding cake.

Both couples will make their home in Rockport.

The National Park concept was founded in the West with Yellowstone National Park, and the West now embraces 90 percent of the area set aside nationwide for National Park use.

California's a leader in aerospace industry, electronics and computer technology and is second in manufacturing in general.

Nancy Hayden Jones Weds Clifton Lee Digby

Nancy Hayden Jones of Tishomongo, Oklahoma, and formerly of Rockport became the bride of Clifton Lee Digby of Long Grove, Oklahoma on Saturday, March 7 in a double ring ceremony with the Reverend W.C. Hamilton officiating.

The ceremony was held in Ardmore, Oklahoma, at the home of Mr. and Mrs. Jack Allison, the sister and brother-in-law of the groom.

The bride was given in marriage by her son Randy Jones of Tyler.

She carried a bouquet of white roses centered with one red rose, a gift from her daughter, Lisa Jones of Corpus Christi.

Matrons of honor were the bride's daughter, Rhonda

Mize of Tyler and daughter of the groom, Joanne Reese of Paul's Valley, Oklahoma.

The bride's two bridesmaids were daughter of the groom Cheryl Digby of Paul's Valley, Oklahoma, and Terrie Jones of Rockport.

Jennifer Jones of Rockport was the flower girl.

A three tiered white wedding cake decorated with silver leaves and bells was served at the champagne reception following the ceremony. Mrs. Cheryl Lambeth, cousin of the bride, served at the reception.

Some fifty guests attended the ceremony and reception, including mother of the bride, Mrs. Ruth Hayden of Rockport.

Delta Kappa Gammas Meet

The March meeting of the Gamma Psi Chapter of Delta Kappa Gamma society of Key Women Teachers was held Saturday, March 14 in Ingleside.

Rockport members Elsie Barton, Alta Cermin, Niki Corbin, Jane Eller, Margaret Harris, Cepha Jessee, Jeanette Stalker and Marjorie Talmadge attended along with members from Refugio and San

Patricio Counties.

Those attending had a salad luncheon and were presented with a program sponsored by the Personal Growth and Services Committee chaired by Cathy Turnbough, high school counselor in Ingleside.

A number of high school students spoke on "Looking To The Future" and discussed their plans for the future as influenced by education.

Counties

Garden centers, nurseries
and feed stores across the

County Agent News

By Mike Rothrock

county will soon be having
sales on garden equipment
and various gardening sup-
plies.

If your vegetable garden is
going to be economical and
enjoyable, you will have to
make many important deci-
sions in the next few weeks.
Be a smart shopper and
remember - so-called bargains
may not really be bargains
at all.

Believe it or not, bargain
seed is oftentimes not a good
buy. Packets of seed which
normally sell for 39 to 79
cents each may be offered for
as little as three packages for

\$1.
Whether or not this is a
real bargain will depend on
whether or not the seed is of
high quality and will produce
a good crop of vegetables.

Check the seed packet to
see when it was processed.
Most seed packets are dated
and indicate the year seed
was produced. Also, make
sure that sale seeds are
varieties recommended for
this county. Saving a little
money by purchasing seed of
the wrong variety will cer-
tainly be reflected by lower
yields come harvest time.

If you have a large garden,

consider buying bulk seed.
Bulk seed can be purchased
in small quantities and, in
general, is higher quality and
has a higher percent germin-
ation.

Also, it's usually less
expensive since the cost of
packaging and the packet is
not included in the price.

In buying plants, again
buy recommended varieties.
When selecting your plants,
remember the biggest plant
is not always the best buy.

Ideally, transplants should
be about as tall as they are
wide. They should be dark
green in color, vigorous-look-

ing and certainly without
spots, lesions or damage to
the foliage.

Purchase only the exact
number of plants you will
need according to your
garden plan.

When buying fertilizer,
questions always come up as
to what type to buy and how
much. Garden fertilizer
comes in different grades
and sizes. In general, most
garden fertilizers come in
50-pound bags.

If this is your first garden,
it might be a good idea to
have your soil tested to help
you determine which fertiliz-

er is best and how much
you'll need to apply.

Soil test kits are available
from my office and if you will
give me a call, I'll be glad to
send you a kit along with
necessary instructions. In the
absence of a soil test or if
insufficient time is the prob-
lem, the best fertilizer for a
garden in San Patricio and
Aransas Counties is 10-10-10
or 10-10-5.

With regard to saving
money when buying fertiliz-
ers, it's easy to determine
which is the best buy. Nitro-
gen, which is the first
number in the analysis, is the

Gardening

most expensive item in the bag.

These analysis numbers are percentages — in other words, a 50-pound bag of 10-20-10 contains 10 percent or five pounds of nitrogen. Divide the price of the bag of fertilizer by the pounds of nitrogen in the bag to determine the price per pound of nitrogen.

Use this price per pound of nitrogen in making your decision on which is the best buy for your garden.

When buying garden chemicals, remember that one or perhaps two general-

purpose insecticide and fungicide materials are all that may be necessary. When buying chemicals, purchase only those that you feel will be needed for this year's garden.

Many garden chemicals, when stored from one year to the next, lose their effectiveness. Thus you may actually be better off buying small quantities of garden chemicals. Of course, with a large garden, larger quantities will be more economical.

Home gardening can be compared to fishing. You can have an expensive boat, fancy rod and reel, an

electronic fish finder and all the other fancy equipment, or you can get by with a cane pole, piece of string and a fishhook.

Fancy equipment doesn't necessarily mean you are gonna catch a lot of fish. The same is true of gardening. Basic tools include spading fork, shovel, hose, rake and garden hose.

Any other tools like rototillers may be purchased or rented to make gardening easier but should not be considered absolutely necessary for successful gardening in San Patricio and Aransas Counties.

Jr. High Track Team Finishes 6th

The Rockport Seventh grade boys track team took sixth place out of 14 schools in the Sinton Junior High Track meet held Saturday, March 7.

The seventh graders qualified for the finals in ten of the thirteen events, scoring a total of 38 points.

In the 400 meter relay, the team of Robert Gonzales, Todd Billeiter, Adam Pina and John Hattenbach took fourth place with a time of 5:28.

The same group also took fourth place in the 1600 meter relay running it in 4 minutes and 20 seconds.

Edward Simmons won first place in the pole vault clearing 8 feet 6 inches.

Glen Gregory took third place in the shot put with the distance of 36 feet 7 inches and fifth place in the discus with a throw of 102 feet and 8 inches.

Todd Billeiter took fifth place in the 800 meter run, going the distance in two minutes and 26 seconds.

Jesse Avila got sixth in the high jump, clearing 4 feet 8 inches while Jimmy Hunt also won a sixth place ribbon, running the mile in five minutes and 36 seconds.

Adam Pina qualified for the finals of the intermediate hurdles. John Hattenbach qualified for the finals for the 400 meter dash with the sixth best

time of 63.2.

Other seventh grade boys participating in the Sinton meet were Mark Reinhart, 400 meter dash; Robert Morgan, Hurdles; Tri Cao, 800 meter run; Jimmy Anderson, 800 meter run; Larry Lara and Lupe Cardova, mile; Marcus Hernandez and Russell Lee, shot put; Mike Megree, hurdles; Brian Otto, 800 meters and Johnny Green, 200 meter dash.

Octopuses grab shields

Octopuses not only squirt "ink" as a defense tactic, but sometimes draw clamshells, stones and other objects to their bodies as a shield.

Rockport-Fulton Captures Toast Of The Coast Meet

By Bob Crawford
Whipping Gregory-Portland for the first time in years, the Pirate tracksters gave notice Saturday that they were for real as they won their own Toast of the Coast Meet, coming in first ahead of 14 other schools. Gregory-Portland was a distant second.

The Pirates used the strength events to take an early lead on the pack as

the duo of Bubba Scott and Marty Davenport took first and second in both the shot put and the discus.

The Rockport Pilot will feature a full page of photos from the Toast of the Coast Tournament in the coming Weekender. Don't miss this exciting issue.

Those efforts were good for 36 points. Then Kroy DeForest finished fourth in

the shot to gain four more points. After the field events, the Pirates led 40-28.

When the finals rolled around, the Pirates were in good shape provided everyone performed to his ability.

In the 400 meter relay, the Pirates were the class of the event as the team of Michael Covarrubias, Micheal Simmons, Dwayne

Walls and Zachary Green rumbled for a new meet record to take first.

Raul Castro set another record for the meet in the 1600 meter run to take first. Also scoring in that event were Peter Booth and Damaso Galvan who took fifth and sixth.

Rockport ran into a little disappointment in the 100 meter dash as their premier sprinter, Simmons, was nipped at the tape, forcing him into second.

Dwayne Walls slipped into fourth place and Green took fifth. Simmons, who was expected to challenge for the 200 meter event, scratched in the finals on a jump start.

Galvan finished fifth in the 800 meter run. In the long 3200 meter event, Castro placed third and Booth was fourth to notch the Pirates more points.

The Pirates were shut out in the 110 meter hurdles, the 400 meter dash, the 300 Intermediate Hurdles, the 200 meter dash, the 1600 meter relay, the high jump, the pole vault and the long jump — yet the team scored 99 points to take the meet.

GP finished with 79, and Beeville was third with 71 points.

The Pirate JV took second overall in their division with some fine efforts, especially by Mike Zlock who finished first in the 3200 meter run, second in the 1600 meter run, and anchored the 1600 meter relay team to a third with an incredible piece of running.

Charlie Ochoa was a double winner with top marks in the shot put and discus. James Tumlinson was sixth in the discus.

Billy Morgan took third place in the pole vault.

Eddie Naro was a pleasant surprise as he finished second in the 300 Intermediate Hurdles and ran a tough leg on the 1600 meter relay. Joe Cantu was fifth in the 300.

Lupe Contreras was fourth in the 400 meters and then ran a leg on the 1600 meter relay. Ernie Lara was fifth in the 800 meters and ran a relay leg. The 400 meter relay team took fourth.

Rockport's Freshmen

blazed to a second place overall finish in their division. Steve Arkell was a double winner in the 100 and 200 meter dashes, and ran a leg of the 400 meter relay along with Ramon Romero, Jeffrey Dickerson and James Blair to a second place in that event.

Dickerson took on the 400 meters and set a new record with his first place. Blair posted a sixth in that event.

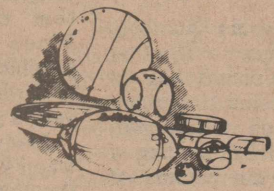

Romero, who qualified for both the 100 and 200,

responded in the 100 with a second place, and then had to drop out of the 200. The team in the 1600 meter relay placed fourth.

In the field events, Philip Ochoa took a fourth in the discus and a fifth in the shot. Tommy Barnard was fourth in the shot. Darren Gurley unwound for a good toss to take a second in the discus. Bechtol tied for fifth in the high jump.

Overall, Coaches Ron Richardson and Bill Daws were pleased with their teams' performances.

TELL UNCLE SAM YOUR MONEY BELONGS IN THE BANK — NOT IN YOUR MAILBOX.

Every year, thousands of Social Security Checks fail to reach people because they are misdirected, stolen, forged, lost, or the recipients are away from home. Just tell the Government to make your Social Security deposit direct into your account at Live Oak State Bank. That way, if there is bad weather or you're on a trip, your money will still be where it belongs. You can come to the bank any day you like — to make withdrawals,

transfer funds, or whatever you need to do. No matter where you are, you can write checks with absolute confidence. We guarantee your deposit to be in your account on the day it is due! Who could ask for more than that? To get started, all you do is bring your next check to the bank so we can take the necessary information!

WAITING FOR STARTING SIGNAL IN SATURDAY'S MEET

Eighth Grade Team Starts Track Season

The eighth grade boys track team started their 81' season Saturday, March 7 at the Sinton Junior High track meet.

Overall, the Buc's luck was not good in the field events or in the 400 meter relay. The baton was dropped in the 400 meter and the team missed getting into the finals by three-tenths of a second.

Ribbon winners for the meet were Rudy Solis, first in the 880; Trinell Walls, second in the 220; Tim Arthur, fourth in the shot put; Lee Lytle fifth in the shot put; Shawn Johnson, Julian Martinez, Louis Solis and Rudy Solis fifth in the 1600 meter relay.

Notable Notes

Little League Asso. Meeting

The Aransas County Little League Association will hold its next regular meeting at 7:30 p.m. on Monday, March 23, at the County Courthouse. The Association asks that all Little League parents keep the date Saturday, April 18, in mind. The date marks the Little League parade and opening ceremonies and all parents are urged to attend.

Social Security Help

A representative of the Social Security Administration will be at the Aransas County Courthouse in Rockport at 9 a.m. Thursday, March 19. The representative will answer questions and help claimants file applications for regular Social Security and Supplemental Security Income benefits.

Church Shows Films

The First Baptist Church, 902 Main Street, will show films for children each Saturday from 1 until 2:30 p.m. at the church. All children are invited.

April 6 Deadline For Comments On Fulton Harbor

The Army Corps of Engineers has set April 6 as the deadline for comments on a proposal by the Aransas County Navigation District to enlarge Fulton Harbor.

The Navigation District has applied for a Corps of Engineers permit to dredge the Harbor and provide space for an additional 95 boat slips.

Approximately 33 per-

cent of the area is to be dredged to a seven-foot depth with the remainder to be dredged to a depth of nine feet, according to the permit application.

The application estimates approximately 102,000 cubic yards of soil will be removed by dragline and approximately 13,300 cubic yards of dredge material will be placed on adjacent uplands.

Approximately 58,400

cubic yards of dredge material is to be used for restoration of Fulton Beach, according to the application.

The harbor enlargement project drew objections from a number of Fulton residents when it was first proposed early last year, with many of the opponents protesting that the project was taking away beach area.

Navigation District com-

missioners have said the proposal, as presented in the current permit application, will actually return more beach than is being used.

Navigation District Chairman Dave Maguglin said the proposed harbor expansion project will cost in the neighborhood of \$1,043,000.

In addition to the additional docking area, the Navigation District proposes to create a 700 foot by 100 foot sandy beach area,

plus parking and picnic facilities.

Any person who wishes to may request a public hearing on the project by submitting the request in writing to the District Engineer, P.O. Box 1229, Galveston, Texas 77553, before the April 6 deadline. The request must set forth specific reasons for holding such a hearing.

Any other questions or comments should also be submitted to the District Engineer in Galveston.

Report Due April 15 From Social Security Recipients

CORPUS CHRISTI — Annual reports of 1980 earnings must be filed by April 15 by social security recipients who earned more than the annual exempt amount in 1980, according

to David Tutt, social security district manager in Corpus Christi.

The 1980 annual exempt amounts were \$5,000 for people 65 and over and \$3,720 for those under 65.

People who received some benefits in 1980 and who earned more than the exempt amount are required to file a report of those earnings by April 15, Tutt said.

Those who received no benefits in 1980 are not required to file a report but, Tutt said, those people should file a report to make sure any benefits that might be due for the year are paid.

A person who earned less than anticipated, for example, may be due some benefits, Tutt said the only way these benefits can be paid is if the person files an annual report.

The general rule is that \$1 in benefits is withheld for each \$2 of earnings above the exempt amount. A person can have substantial yearly earnings before all benefits are withheld.

For example, a 65-year-old person whose monthly benefit rate is \$350 could earn \$13,400 before all benefits for 1980 were withheld, Tutt said.

People who are required to file an annual report should have received a copy in the mail. If they have not, they should contact the nearest social security office to obtain a copy.

Those not required to file, but who wish to do so, can also get a copy of the form at any social security office.

The 1980 annual exempt amounts are \$5,000 for people 65 or older and \$3,720 for people under 65 all of 1981.

More information about annual reports and the annual earnings test can be obtained by calling 1-800-392-1603.

road Commission and said he would send documentation for the truck and on February 5, a representative for Young came to the Railroad Commission office in Kilgore, gave some documents to Morrow, "declined further comment and departed the premises."

On February 13, according to the indictment, the Railroad Commission conducted chemical tests on the oil and determined that it was from the Champlin Petroleum Company lease in the Carthage Oil Field in Panola County.

Included in the seven-page indictment are details of alleged telephone calls and movements of various defendants during the July, 1979, through Easter Sunday, 1980, period.

The indictment includes an allegation that, during January and February of 1980, on three occasions the pumper was paid \$22,000 in \$100 bills by Craig and Sid Scarborough and that one of the three payments was "made in the presence and at the direction of Sid Scarborough."

Both the Catheys, Carson, Craig and Scarborough were named in this indictment. Remaining defendants are named in the second indictment which has not yet been released.

RFHS Presents 'Trojan Women'

by Pat Blair
More than 2000 years ago, the Greek dramatists Euripides wrote "Trojan Women" as an indictment against the horrors of war.

Aransas County audiences will have an opportunity to see the play as interpreted by members of the Rockport-Fulton High School drama department

this Friday and Saturday, March 20-21, in the RFHS Auditorium.

The play, which is the drama department's entry in the University Inter-

scholastic League one-act play competition in Sinton April 2, will be presented in double billing with a "monstrous melodrama" — "Frankenstein Slept Here."

"Frankenstein" is a product of the RFHS theatre arts class and will follow "Trojan Women" in the two evenings of "double features," according to David Rice, head of the department.

Performances start at 7:30 p.m. Tickets are \$2 and may be purchased at the door or from any member of the drama department.

Although still in rehearsal, "Trojan Women" was performed this past weekend at Port Lavaca's one-act play festival and won acclaim from both judges who critiqued the performances.

"Trojan Women" was written as a protest against an actual fact of Greek history: following one of their battles in Euripides' day, Rice said, the Greek warriors sacked the city they were fighting, killed the men and brought the women captive back to Greece.

Euripides retold this story against the backdrop of the Trojan War. His play begins as the Trojan War is ending and the victorious Greeks are entering the city of Troy.

Principles in the performance are Linda Rinche, Beth Randow, Nancy Adams, Carolyn Farnsworth, Michell Willis, Gary Cray and Leon Haskins.

They are backed by a strong cast of supporting players, Rice said: Priscilla Garza, Kristi Cosby, Jamie Meeker, Sundry Thompson, Nancy Martinez, Lisa McCabe, Patty Ramirez, Dominic Dominguez, Willie Rice and Rocky Adams.

Members of the crew for the production are Shane Harper, Margaret Little, Billy Anderson and Connie Flores.

Harper, Miss Little and Miss Flores are among the cast members of the second production, "Frankenstein Slept Here," a look at life in a castle where the servants are — literally — monsters.

Also in the cast are Heidi Potter, Joe Allgood, Mark Luigi, Catherine Huffman, Dana Simmons, Tina Cone, Robert Samora, Debbie Woods and Leslie Miller.

TROJAN WOMEN

The women of Troy seek to comfort and protect one of their number from the Greek soldiers in this scene from "Trojan Women" being presented by the Rockport-Fulton High

School drama department Friday and Saturday, March 20-21. Performances start at 7:30 p.m. [Pilot Photo by Pat Blair]

Science Students Score Well In Beeville Tourney

Seven Rockport-Fulton High School students got high rankings in four contests and took second place as a team in the Third Annual Science Tournament in Beeville Saturday, March 7.

Contests were held in physics, chemistry, Biology

— and Biology II in the tourney held at Beeville's A.C. Jones High School.

Ruth Lane took first place in Biology II, with RFHS students Sherri Morrison taking third, Carolyn Farnsworth eighth and Barbie Mosier ninth in the competition.

Miss Lane finished second in the physics division, with Todd Hopkins taking third and Miss Mosier sixth.

In chemistry, Hopkins finished third, Lisa Pulis fifth and Scott Shellenberger ninth.

Four Rockport-Fulton students competed in the

competition topper — an accelerated test covering all areas and administered to select students. Miss Mosier finished fourth in that competition.

Mrs. Bettie Snider was events coach for Rockport-Fulton.

In A Different Vein

By 'Uncle John' Leslie

Third Edition On Clean Up Our Community

For two weeks in a row I ran Edition 1, and Edition 2 on Clean-up. In each I left a place for volunteers to sign.

I have had two replies. 1. The AARP Senior Citizens volunteered to help any way their physical conditions would permit.

2. A signed note from Victor A. Long, who lives in Key Allegro North, and who walks and jogs all over the beachfront daily. He was flabbergasted when I told him he was the only

written volunteer I had received. He and I expected many organizations, etc., to say "Yes, count me in."

He suggested that maybe I was on the wrong track — that I had not mentioned the people in the area who stood to profit most by a clean area — they are OUR REAL ESTATE FIRMS.

So, REAL ESTATE PEOPLE, I know you are now overloaded on sales — how about leading off on this?

P.S. While writing this, my phone rang and a friend and I gossiped on this clean-up idea. She said "Quote me and use my name if you want to" (but I won't).

she said before she and her husband moved here from San Antonio, they drove everywhere around Rockport, the boat basins, etc. many times but could not make up their minds to move here on account of the trash in the ditches, around houses and around the boat basins. She and her husband just didn't like what

they saw. However, the fishing was good in those days, and they were retired, so they finally broke down and built a small house on Fuqua Street. But she said the trash situation is still bad.

How many prospects have you, the REAL ESTATE PEOPLE, lost on account of our trash? Or our ill-kept yards, our boat basins, etc.?

We need to be proud of every street and home in our community.

I want to — don't you?

THOUGHTS FOR THE WEEK

I was asked, "Why doesn't somebody do something?" Then I realized I was "somebody".

Jesus is looking for fishers of men, not keepers of the aquarium.

Anytime you find that truth stands in your way, you may be sure that you are headed in the wrong direction...

With Our Military

FT. CARSON, COLORADO — Major Larry W. Armbricht whose wife, Natalie, is the daughter of Mr. and Mrs. Onis Taylor, Rockport, has been awarded the Defense Meritorious Service Medal in ceremonies at Ft. Carson, Colorado, recently.

Col. George A. Berg, commander of the 43rd Support Group, presented the medal, a new award recently approved by the Department of Defense.

Major Armbricht was cited for his service as Deputy Chief and Logistics Officer of the Office of

Military Cooperation in Khartoum, Sudan, Africa, from October, 1979, through October, 1980.

While in Sudan, he was responsible for advising the Sudanese Government on logistical aspects of their military program and helped administer the U.S. Security Assistance efforts in that country.

Major Armbricht is currently stationed at Ft. Carson but will transfer to Ft. Leavenworth, Kansas, in July to attend the U.S. Army Command and General Staff College.

Don't Blame Your Age For Poor Hearing

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of one of the smallest Beltone aids of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike... and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a fourth of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 82719, Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

The super-efficient heat pump: an unbeatable comfort system to heat & cool your home.

- Q: You mean it cools as well as heats? Just what is a heat pump, anyway?
- A: A heat pump is a year-round home heating-and-cooling system that runs entirely on electricity — the most flexible and available form of energy we have. Moreover, it is more energy efficient than any other combination heating/cooling unit currently available. It is called a heat pump because it "pumps", or moves, heat from where it is *not* needed to where it *is* needed.
- Q: How does a heat pump work?
- A: In winter, it absorbs heat that exists naturally outside — even in very cold weather — and moves it inside to warm the house. In hot weather, it works like an air conditioner, moving the heat from indoors to outdoors to keep the house comfortably cool. The heat pump also dehumidifies as it cools.
- Q: What accounts for the heat pump's superior efficiency?
- A: There's a simple explanation: it's easier and less expensive to *move heat* than to *make it*. The heat taken out of the air by the heat pump is *free* — put there by the sun. Gas and other conventional systems must generate new heat — and consume costly fuels in the process.
- Q: Is the heat pump a good choice for homes in our part of the country?
- A: Absolutely! Although it works well in colder places, the heat pump performs best in regions with a relatively mild

climate like ours.

Q: What are the heat pump's chief advantages?

A: The chief one is that its great efficiency results in more economical operation — and you *save money on electricity bills*. Electric resistance heat, for example, gives one unit of heat for each unit of energy, so you get a dollar's worth of heat for each dollar's worth of power. But a properly installed heat pump in a South Texas home can produce at least 2½ units of heat for each unit of energy required to run it. That means you get \$2.50 worth of heat for every dollar you spend to operate your heat pump. In addition, a heat pump is clean and safe (no fuels burn inside your house); and it is a wise investment because it enhances the value of your home.

Q: Where can I get more information about the heat pump?

A: Just ask at your nearest CPL office. We welcome inquiries about heat pumps and all other devices that help you use energy wisely.

STRETCH YOUR ENERGY DOLLARS WITH WISE USE OF ELECTRICITY.

The AARP-sponsored Pancake Brunch on Sunday, March 15, was very well attended.

Approximately 300 people were served delicious pancakes, ham, sausage, steaming hot coffee and applesauce. Many came back for seconds.

Music was furnished by Sal Espe and Herbert Smith (Smitty).

The tables were angled around two sides of the hall and each table was decorated with a centerpiece of ferns giving an air of Spring.

AARP-sponsored dances are held on the first and third Wednesdays of each month. Bring your friends and members from other chapters who like to dance to lively music. Refreshments will be served at all dances at intermission.

Names were drawn for the beautiful door prizes donated by House of Gifts, Johnson's Drug Store, A Blossom Shop and The Moon Shell. Mrs. Patti Fishwick donated a beautiful jelly dish of Verlys glass.

We wish to thank the following merchants for their assistance in getting equipment and foodstuffs: Corky Agler, owner and operator of Corky's Restaurant; Mrs. Katherine McFadden, owner and operator of the cafeteria in

Fulton.

The winners at game afternoon Thursday, March 12, were Bert Graham and Floyd Dailey in bridge. Mrs. Lucille Welch and Mrs. Majorie King won in canasta. The finale went to Bud Howard and Mrs. Virginia Byrne.

The next game afternoon will be on Thursday, March 19, at 1 p.m., Paws and Taws Building. Mrs. Irene Hopper is hostess for March, 1981.

The business meeting of AARP Chapter 1536 on Wednesday, March 11, was attended by 36 members and 10 visitors. The guest speaker was Mrs. Laverne Scott who gave a delightful and interesting account of trips that she and her husband had taken to Ireland.

State Of The Region

By Juliet K. Wenger
Coastal Bend Council
of Governments

"Aging" is something we think of in terms of old people. Dr. Robert N. Butler is approaching it as a process to be studied from the teen years through life.

Dr. Butler is director of the National Institute on Aging in Bethesda, Maryland, and won a Pulitzer Prize for his book, "Why Survive? Being Old in America." He was recently in the Coastal Bend, which is gaining in importance as a retirement center.

The Institute is doing what is known as a longitudinal study, following the physical and mental changes in a group of individuals who begin in their teens undergoing tests and continue to report to the Center periodically for the rest of their lives.

Researchers from across this country and abroad go to the center to use special resources for collaborative studies on aging.

Research done include molecular and cellular studies, clinical investigations, and psychological and social research.

Scientists are learning what occurs in the body in the process of manufactur-

ing molecules that results in failure of the normal repair functions of the body.

Early detection of changes in cell functions could lead to a means of controlling or reversing some of the processes in aging. The Institute has existed only four and a half years. It has already established sufficient reasons to move further in certain directions.

The immune system is shown to weaken with age, making older people more susceptible to infections and cancer. Studies have shown that nutrition profoundly affects immunity.

A goal of the program is to learn how to augment or repair failing functions of the immune system or circumvent it with disease prevention methods.

The belief that less food is required by older people has been established as incorrect. Less activities may require less food, but nutritional requirements are the same or greater.

Studies have shown more zinc and Vitamin C are needed in older years, and, for women, more calcium. The Department of Agriculture is working jointly with the Institute in nutritional studies.

Among other determinations are that functional lung damage caused by heavy cigarette smoking can be almost completely reversed when an individual stops smoking, and that, as each person ages — with no apparent relationship to disease — the effectiveness of kidneys and the body's ability to handle sugar decrease.

Scientists are attempting to determine which altera-

Girls Take Third In Kingsville

By Bob Crawford
Coach Karen Richter's Lady Pirate Track Team took third in the Kingsville Meet Saturday, March 14, competing against some of the toughest competition in South Texas.

Although Belinda Cross was the only Pirate to take a first place (800 meters), the team members scored enough points to slide into third. Cross's run was a new school record for RFHS.

Terri Moore ran into Debra Davis of Moody, and Davis took the top spots in the shot and discus, but Moore captured seconds in both events.

Alma Dickerson, a sophomore, set a new RFHS record with her time in the 200 meters which was good enough for second place.

Darlene Dilworth took second in the long jump

and a third in the triple jump. Then Miss Dilworth joined Julie Huff, Cross, and Dickerson to place third in the 400 meter relay.

The same foursome were fourth in the 1600 meter relay.

Freshman Jana Brown rounded out the scoring with a fifth place finish in the 3200 meter run.

The Lady Pirates trailed Gregory-Portland and King High of Corpus Christi.

The Lady Pirate JV made some good strides in their segment of the meet, finishing sixth overall.

Tammy Walker headed the Pirate efforts with a first place in the 800 meter run. Amy Barlass made her presence felt as she finished second in the 3200 meter run (2 miles). Barlass came back to take third in the 1600 meter run, and Gloria Lara took fifth.

Missy Krogsgaard was fifth in the shot put and Helen Jenkins was sixth. The 1600 meter relay team of Mona Cowan, Lyticha Zepeda, Lee Anna Cassel, and Tammy Walker took fifth in their event.

The 400 meter relay team of Cowan, Cassel, Carla Perkins and Kelly Mack were sixth in the relay.

Woodrow Wilson. Ragtime. The Great Houdini. The year is 1913 and a new Bell telephone begins ringing throughout the land. Ah, those were the days...

Now you can relive those days with Southwestern Bell's new Country Junction* telephone — a happy blend of yesterday's spirit with today's technology.

Lovingly handcrafted in natural oak and antiqued nickel trim, the Country Junction phone is a classic that blends with period settings and makes an attractive statement with the crisp, cool lines of contemporary taste.

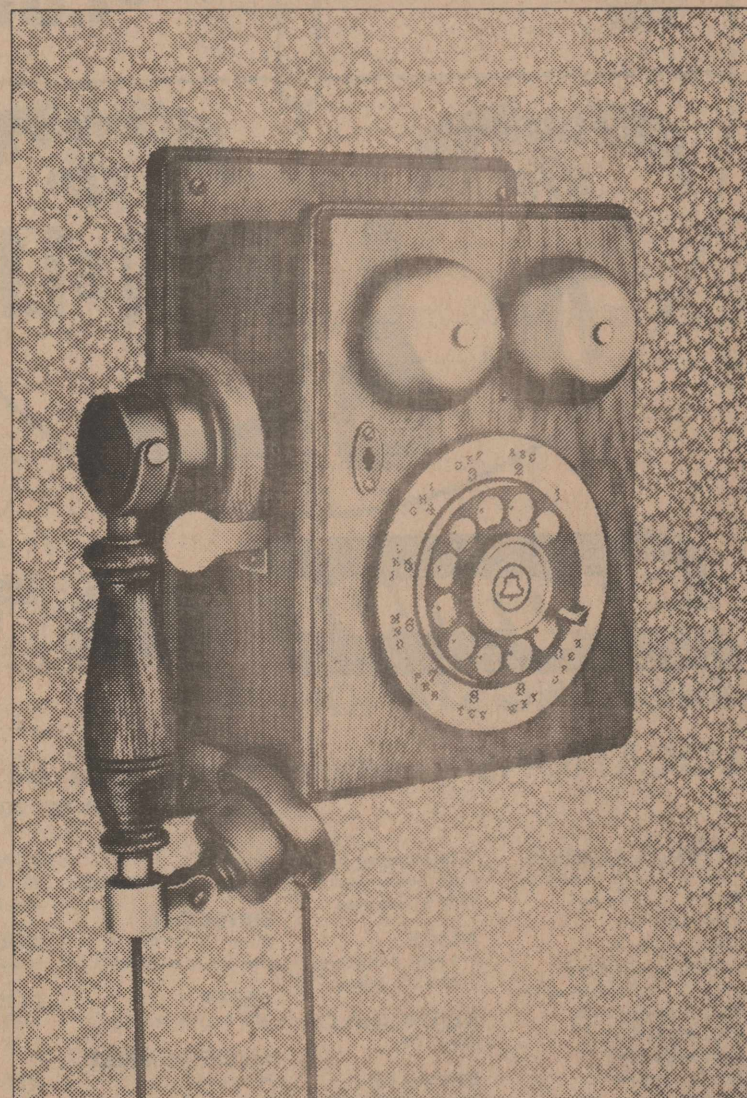

No matter where the telephone is placed — kitchen, den, family room, living area — this is a phone that will be seen and admired. Because it has modular components, installing it is as easy as hanging a picture.

In a busy, bustling world, the Country Junction telephone is a pleasant reminder of those times when all phone conversations began with the voice that smiled.

GETTING READY TO OPEN

Rose Johnson (left) and Kathy Ratliff are quite busy getting ready to open "Kid's Kreations", Rockport's newest children's clothing store. Johnson and Ratliff plan to stock a wide variety of quality children's clothing [sizes Infant to Boys 20 and Girls 14] as well as maternity wear. The store, in SeaAire Center, will open on Wednesday, March 18. Grand Opening ceremonies will be held on Friday and Saturday, March 20 and 21 with door prizes and popcorn for the kids on Saturday.

"Fun 'N Fitness" Collection Drive For Aransas Pass Christian School Begins

ARANSAS PASS — The Word of God Christian School has kicked off a collection drive to acquire new and much needed playground equipment which will be provided by Post food company's "Fun 'n Fitness" program.

This program offers various schools free athletic equipment in exchange for proof-of-purchase seals

from all Post cereals, Wonder Bread, Log Cabin Syrup, Log Cabin Pancake and Waffle Mix and for tear strips from Bird's Eye Awake and Orange Plus beverages.

"We're delighted to be able to select needed playground equipment free of charge, just for saving the seals," said Martha Deyo, Program Director for the

Christian School. "We're all hoping that Coastal Bend people will help us to reach our goal of 3,000 seals."

The seals may be taken directly to the Word of God Christian School at 320 Cleveland Blvd., Aransas Pass or may be mailed to Martha Deyo, P.O. Box 821, Aransas Pass, Texas 78336, before June 1.

RF Tennis Team Second

By Bob Crawford
The Rockport - Fulton Tennis Team is recuperating after taking a second place last week at Gregory-Portland.

Tony Aleman, playing with a muscle pull and a sore foot, battled his way to the top position in the Varsity singles, despite having to serve side-armed.

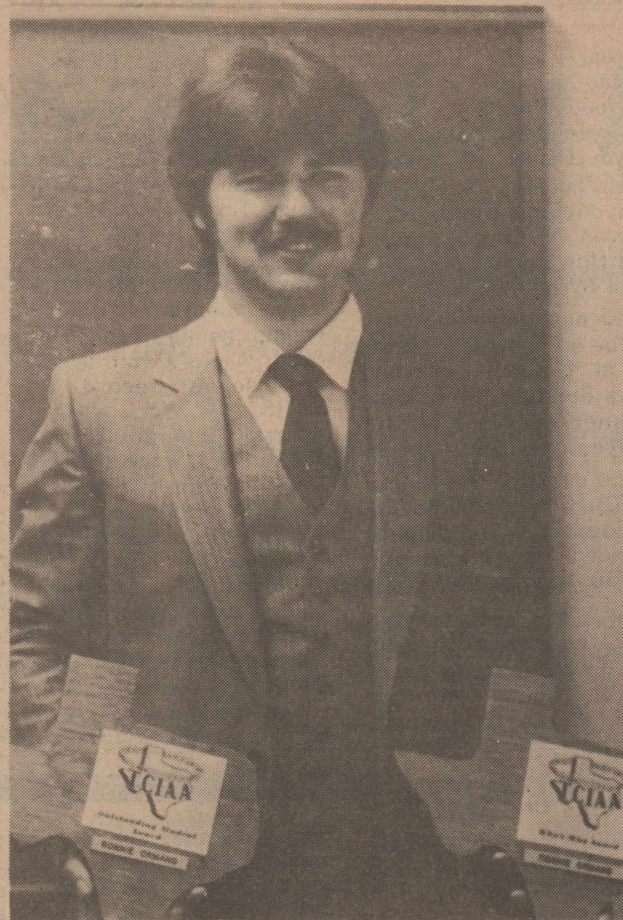

Scott Meyer and Bobby Albin advanced to the semi-finals before losing out to the eventual tournament winners. Terri Price and Holly Garrison also went. Holly Garrison also met the eventual winners in the girls' division, losing out in the quarterfinals.

Meredith Montague fell in the quarterfinal round to the eventual tournament winner, so it could be said that the Pirate team did not get the luck of the draw. The team of Jennifer Janeczek and Karen Von Heuvel also scored points for the Pirate team.

In JV tennis, Inasia Contreras reached the semi-finals, and Diana Herman reached to the quarter-finals.

First to honor George

The town of Washington, Conn., got its name in 1779 when local residents patriotically named their community after the commander in chief. It was America's first town to bear the name, but there is no evidence that George ever visited there.

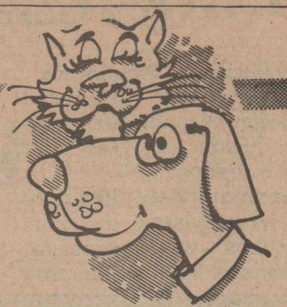

DOUBLE AWARDS

Ronnie Ormand of Rockport, a senior at Texas A&I University in Kingsville, is shown with the two awards he received during a recent statewide meeting of the Texas College Industrial Arts Association at Texas A&M University. Ormand was presented with an Outstanding Student Award and a Who's Who Award — one of only eight college industrial arts students from throughout Texas who were singled out for the annual awards. Ormand, president of the Texas A&I Industrial Arts Club, is completing his student teaching at Kingsville's H.M. King High School and plans to graduate in May. He is the son of Robert E. Ormand of Rockport.

Pet Talks

By Dr. Hap Lutz

Dr. Lutz is a graduate of Baltimore City College and Texas A&M University. He specializes in small and exotic animal practice. He was an instructor of small animal diseases and surgery in the Veterinary School at Texas A&M and was in private practice in Waco for 25 years.

Canine Heartworm Disease

What You Should Know and Do About Canine Heartworm Disease

What is it? Canine heartworm disease, also called dirofilariasis, is a serious and potentially fatal disease of dogs.

The problem starts when a mosquito (and it only takes one mosquito) bites a dog that has heartworms. The latest survey showed that over half the dogs tested in this area along the coast had heartworms.

When a mosquito bites an infected dog, it withdraws blood from the dog. This blood contains microscopic immature forms of heartworms called microfilariae.

After two weeks of incubation in the mosquito, the microfilariae become infective larvae. Then when the mosquito bites another dog, the infective larvae are passed on to the second dog — infecting it.

The infective larvae then penetrates a blood vessel in the dog and migrates to the dog's heart — where the heartworms mature. This entire process requires a period of six months. The adult heartworm is about 14 inches long (similar in some respect in size to the earthworm), and they live in the heart of the dog and the adjacent blood vessels.

There can be several hundred of these worms in an infected dog's blood system.

What do these heartworms do? These worms seriously interfere with the functioning of the heart, impair circulation, and eventually damage the lungs, liver and kidneys. The important thing for dog owners to remember is that a great deal of damage can occur before any outward signs of disease are noticed.

In a period of time, symptoms of heart failure,

such as difficult breathing, coughing, listlessness and abnormal fluid accumulation appear.

If this disease is not detected and controlled by your veterinarian, it will lead to congestive heart failure and death of your dog.

How is it detected? The only way to detect heartworm disease in its early stages is through a blood test. Your veterinarian, by taking just one c.c. of blood from the vein of the dog, can perform a laboratory test. In 15 minutes he can demonstrate heartworm microfilaria under the microscope if they are there.

Can infected dogs be treated? Most dogs can be successfully treated for heartworms. The adult heartworm has to be killed first. This is done with injections over two or three days.

Can heartworms be prevented? Yes. It is simple. Heartworms can be prevented by giving a palatable tablet to your dog daily. It has the preventive medication incorporated in it. It must be given according to the weight of the dog. You can obtain this tablet from your veterinarian.

I advise my clients to start the preventive treatment when their dog is six months of age. If you give the chewable tablet daily, the dog will never have heartworms. A laboratory test should be run on all dogs at least once a year to be sure they are free of heartworms.

Preventive medication should not be given to a dog until after a blood test has been run and the dog found to be free of heartworms.

Egypt severed diplomatic relations with Cyprus on Feb. 22, 1978.

Area Deaths

Lola Nelda Riffe

KINGSVILLE — Funeral services for Lola Nelda Riffe, 73, of Kingsville, mother of Mrs. Joyce Hahn of Ingleside, were set for 10 a.m. Wednesday, March 18, in the Turcotte Mortuary Chapel with Terry McLendon officiating.

Burial will be at the Restland Cemetery in Bishop. Mrs. Riffe died Sunday, March 15, in a Corpus Christi hospital.

Other survivors include two sons, Edgar Riffe of Kingsville and Roland Riffe of La Porte; two other daughters, Mrs. Nelda Saunders of Kingsville and Mrs. Margaret Haley of Corpus Christi; two brothers, B. B. McGuire Jr. of Freeport and Lloyd McGuire of Baytown; four sisters, Mrs. Oma Tyburn of Temple, Mrs. Lannie Caldwell of Irving, Mrs. Helon Pitts of Houston and Mrs. Jimmie Wooten of Livingston; 16 grandchildren; and nine great-grandchildren.

All Voters

are cordially invited to attend a meeting on March 28th from 7 to 9 p.m. at the Catholic Hall on Church St. for

James W. Metzner, candidate for School Board Trustee, Place 5.

Partyline

By Betty Paul

Jim and Carita Gould are making final plans and getting everything ready to move into their new business location in this area.

Young Ann Ogle is feeling mighty "poorly" because she is confined at home with a case of the mumps.

Preacher John Goodwin at the Church of Christ in Rockport spent several days in Galveston having a check-up. The reports came out fine and he won't have to go back for three years.

Mary Green spent several days in Corpus visiting her daughter, Frances Gomez.

Winter Pastor at the Peace Lutheran Church, Herbert Busman from Makato, Minnesota, is in Memorial Hospital where he underwent surgery Friday.

Si Sorenson of "our" town has wonderful and unusual tales to tell about this area that he has lived in. He was a chauffeur for President Roosevelt when he came here on his way to Port Aransas.

Mr. and Mrs. W.C. Calhoun returned from a trip

to Alvin where they attended the funeral of Mrs. Jimmy Anderson.

Martha Lewis and Betty Thomas had to postpone a trip to Athens, Greece, because of the earthquakes there. They were surely disappointed.

Betty Thomas is in Spohn Hospital in I.C.U with viral pneumonia.

Mr. and Mrs. Allen DeBore who have been staying at Sportsman Manor are returning to their home in Indranato, Iowa.

Mr. and Mrs. Kenneth Kelly are returning home for a while to Kentucky before coming back here again.

Mac McLean has been sporting a Cozumel sun tan. He and some of his family from Illinois just returned from a trip there.

Residents of the North Wood Street welcome Mr. and Mrs. Bill Langford from Uvalde. They purchased the old Jim Jackson home.

Mr. and Mrs. Raymond Hanson are moving to Anchorage, Alaska. Nancy White returned

from a trip to Dallas where she attended a seminar with the Texas Graphoanalysis Chapter and while there she visited friends.

HAPPY BIRTHDAYS!

Bob Stroot, March 13 (this year on a Friday); Henry Van Steenwyck, March 17; Molly Allen, March 21; Ray Wells, Gladys Gibson, Edna Neilson and Walter Heldenfelds, March 23; Elaine McKinley and Reba Vick, March 24.

HAPPY ANNIVERSARIES!

Jane and Bob Mosier and Fran and Walter Lyons, March 19.

HOSPITALS AND NURSING HOMES

Alice Sutton, Coastal Bend Hospital; Eunice Pierce, Betty Thomas and Felma Mundine, Spohn Hospital; Henry Bent, Clear Lake, Webster; Herbert Haseloff, M.D. Anderson (Out-patient); Herbert Busman, Memorial Hospital.

QUOTE FOR THE WEEK!

"Happy is he who has been able to learn the cause of things." —Virgil

VFW "Lite-A-Bike" Program Completed

VFW Post Number 3904 and the VFW Ladies Auxiliary conducted a "Lite A Bike" program at area elementary schools during the first week in March.

Sets of reflector tapes and safety instruction booklets were presented to third, fourth and fifth grade classes by Jean Taylor, Lou

Ann Collins, Corine Johnson, Katherine Winkleman, Gladys Tilison, Genevieve Hunt, Hazel Happner and Nina Garrett.

A film on bike safety sponsored by McDonald's Restaurants was shown at Rockport Elementary by Martin DeLeon during the week of the program.

Port Aransas Bike-A-Thon To Raise Funds For St. Jude Hospital

PORT ARANSAS — Mrs. Aurora Clouse has been named to head St. Jude Children's Research Hospital's 1981 Spring Bike-a-Thon Campaign in Port Aransas.

In making the announcement, Clifford Damstrom, St. Jude Director for the Southeast Region, said, "We are proud to find such a dedicated person for this important job."

Mrs. Clouse will announce the location and time of the Bike-a-Thon in Port Aransas at a later date. In the meantime, she

said anyone who wishes to sponsor or donate prizes for the event can contact her at P.O. Box 263, Port Aransas, Texas, or by calling 749-4131 or 749-5822.

St. Jude Children's Research Hospital is the largest childhood cancer research center in the United States and the first research center dedicated exclusively to the research and conquest of catastrophic diseases of children.

"Scientists and physicians, working side by side at St. Jude, have succeeded in rewriting medical text-

books," Damstrom said. "Cancer treatment procedures that originated at St. Jude are now being used to treat children throughout the United States and in other parts of the world."

Damstrom added that no one has ever been charged for medical treatment at St. Jude — which is why fund-raising campaigns such as the Port Aransas Bike-a-Thon "are so important."

"More than 70 percent of our \$26 million budget must come from public support," he added.

American Legion Presents Highest Award To Dead Of Vietnam War

AUSTIN — An American Legion delegation including Texas State Commander Harry C. Riggs of Plainview and Allen B. Clark Jr. of Austin, Governor Clements' Special Assistant for Administration — attended Special Ceremonies at Arlington National Cemetery, Washington, D.C., honoring Americans killed or missing in the Vietnam war Monday, March 16. Legionnaires and Viet-

nam veterans from across the country will be present as American Legion National Commander Michael J. Kogutek presents the Distinguished Service Medal, the Legion's highest award, at the Tomb of the Unknowns. The Commanding of a plaque that will be put on permanent display at the Tomb. Michael T. Palmquist, American Legion State Service Officer stationed at

the Houston VA Regional Office in Houston, will accompany Commander Riggs and Clark. "We want the award ceremony to reflect the gratitude and appreciation that all Vietnam veterans deserve from their fellow Americans," said Legion State Commander Riggs. He added, "We anticipate a large turnout of top government and military officials, along with representatives from every

American Legion state in the country." The American Legion proposed the original monument to the Unknown Soldier in 1921 and has led the Nation in paying homage to U.S. war dead following every conflict thereafter. The March 16 ceremony falls on the 62nd Birthday of the nation's largest veterans organization.

Police Report

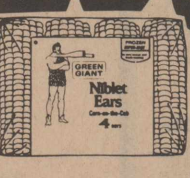

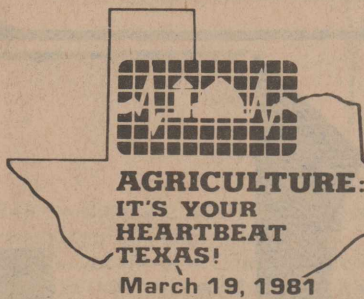

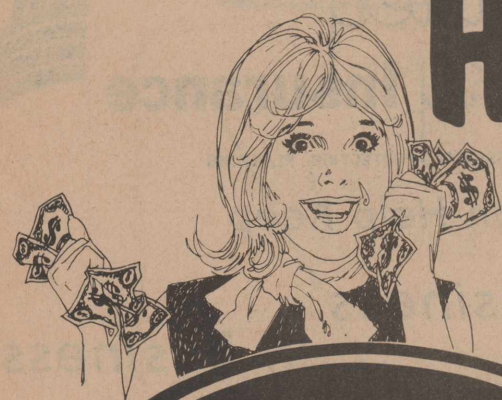

A 1980 Honda motorcycle was reported stolen from the residence of William Richards, 604 East King sometime over the weekend. Time of theft was somewhere between 9:45 p.m. Friday, March 13, and 2:45 a.m. Saturday. **Assault Charge** Patricia Jane Blakey was charged with assault following an incident that occurred about 10 p.m. Sunday, March 15, at a residence in 50 Oaks Apartments.

Motorcycle Taken From Rockport Residence

Mrs. Blakey is charged with assaulting Pat Hiller, a resident of apartment 507.

DWI

Barbara Jean Lindley, 29, of Pecos was under \$500 bond after she was charged with driving while intoxicated Sunday.

Mrs. Lindley was stopped by police about 1:26 a.m. at the intersection of Market and Bronte streets.

Refused To Sign

Van Thien Nguyen, 43, of Rt. 1 was fined \$53.50 each

on charges of public intoxication and refusal to sign a citation for disobeying a stop sign after pleading guilty to the charges.

Nguyen was stopped by police about 10:29 p.m. Saturday at the intersection of Austin and North streets.

Public Intoxication

Six persons were arrested on charges of public intoxication during the past weekend.

Edward C. Roberson, 43, of 1410 North Live Oak was fined \$53.50 after being arrested at the intersection

of Liberty and Church about 2:10 a.m. Saturday.

Carl Henry Hartman, 22, of San Antonio was released on \$75 cash bond following his arrest on Highway 35 at 1st Street about 1:10 a.m. Saturday.

Pedro Cortinas Esquivel, 53, of Aransas Pass was fined \$53.50 on the charge after being arrested on South Bronte at 5th Street about 7:25 p.m. Saturday.

Arthur Ives Luck, 32, of Copano was fined \$53.50 following his arrest on Highway 35 North by Whataburger about 12:30

a.m. Sunday. Luck pleaded guilty to the charge.

Stuart Adrian Brust, 19, of 1827 Bayshore Drive was released on \$75 cash bond after being arrested about 12:33 a.m. Sunday at the Billups on Highway 35 South.

James Chester Martin, 30, pleaded guilty and was fined \$53.50. He was arrested about 1:26 a.m. at the intersection of Bronte and Market Sunday.

Fechado esta dia 12 de Marzo de 1981.) s/Walter S. Falk, Jr. Mayor (Alcalde)

PUBLIC NOTICE

NOTICE OF HOMESTEAD EXEMPTIONS FOR 1981

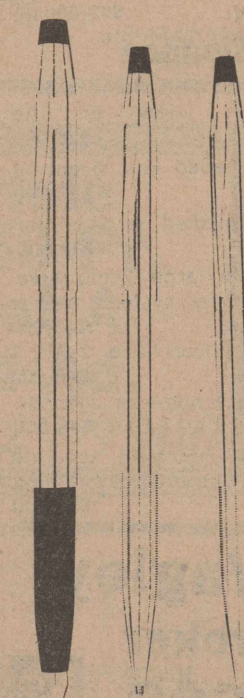

The Aransas County Independent School District hereby announces that all persons are entitled to receive an exemption of \$5,000 from the market value of their residence homestead for the purpose of school taxes. In addition, all persons who are 65 or older or under a disability for purposes of payment of disability benefits under federal old age, survivors, and disability insurance are also entitled to an additional exemption of \$10,000 from the market value of their residence homesteads for the purpose of school taxes. Those persons who own acreage and qualify for the open space land value on production may also qualify for an exemption.

To qualify for these exemptions, an application must be filed with the School District Tax Office by April 1, 1981. Application forms are available at the School Tax Office located at Omohundro and Broadway Avenue.

Accent On Health

(Part II)
Persons who enter nursing homes do not leave their individual personalities or basic human rights behind, according to Dr. Cesar M. Elizondo, Chief of the Bureau of Long Term Care of the Texas Department of Health (TDH).

"Patients must have freedom and privacy to attend to their personal needs," he said. "married patients must be assured of privacy for visits from spouses. If both the husband and wife live in the nursing home, they should be able to share a room unless medical reasons forbid it."

Patients shall be allowed to manage their own financial affairs. If they are unable to do so, a legal guardian must be appointed. Residents are to be allowed to decorate their bedrooms with personal belongings and to wear their own clothing, unless safety or medical conditions prohibit.

Dr. Elizondo said a good nursing home will have a

worthwhile activities program. The program should be commensurate with the conditions of the patients. "Although some patients may prefer to watch than to participate in activities, in some cases if many of the residents appear to be passive, it may be a sign that the facility is short in its activity program," he said.

In seeking a nursing home, Dr. Elizondo said to find out if the patient prefers a city or a country setting. "If the patient wants to continue using his or her personal doctor, the home should be near the location where the doctor practices," he said. Also of importance, the location should allow family and friends to visit easily, since visits from family and friends are very important in contributing to the well-being of patients.

The visiting hours of the nursing facility should be generous and set primarily for the convenience of patients and visitors. It's a good idea to ask how

the home selects roommates. Putting two people together without considering their special interests or personalities can lead to conflicts. Preferably, each bedroom should have no more than four beds, placed so as to provide easy access by the patients. Some patients, of course, want private rooms. Most bedrooms are semi-private rooms.

Each resident should have a reading light and room enough to maneuver a wheelchair easily. Every patient should be provided with a curtain or shield for privacy as necessary, and a nurse call bell and fresh drinking water within reach. A closet, or cabinet, and drawers for personal belongings must be provided. A comfortable chair must be provided in the bedroom of each patient.

It is desirable that out of doors space be provided and that patients, as appropriate, are encouraged to spend some time outside. Even a city home should have a lawn or outside space for the patients to get fresh air.

Many nursing homes have social workers on their staffs or as consultants to aid patients and their families.

"A social worker may be able to help a new resident overcome feelings of loneliness and isolation," said Dr. Elizondo. "But equally important, a social worker can also help a patient's family adjust to having someone in a nursing home."

The need for specialized medical services, such as

dental or eye care, does not stop when a person enters a nursing home. These services often become more important as the patient grows older. The home chosen should have some arrangements with those specialists whenever possible or provide assistance in securing such services.

Every home must have a physician available in an emergency. He may be on the staff or on call. A skilled nursing facility certified for Medicaid or Medicare must have a medical director, either part time or full time. Patients should be allowed to select their attending physicians.

A well run nursing home has a policy which encourages residents and relatives to report conditions that need to be corrected, without fear of reprisal. Where staff members treat patients with courtesy, respect, and affection, a quality nursing home usually results.

"A nursing home may meet every known standard, but if its staff treats people coldly, the patients suffer," Dr. Elizondo emphasized.

"A nursing home that treats patients like people and tries to satisfy their emotional as well as physical needs helps sick patients to get better and well people to stay well."

For more information, contact Dr. Cesar M. Elizondo, Bureau of Long Term Care, Texas Department of Health, 1100 W. 49th Street, Austin, Texas 78756.
