A special plaque in appreciation of dedicated and loyal service during 10 years as Colorado Independent School District board of trustees was presented to Curtis Latimer, center, Monday night at the board's meeting. Presenting the plaque to Latimer, who was board president when he resigned recently, are current board president Tom Rees, left, and Supt. James McMath, right.

School Pay Approved

Due In Fall With New State Plan

Colorado City school board has approved new pay levels effective with the state's longer school year during the 1970-71 fall and spring terms.

The action came simultaneously with approval of contract extensions for key supervisors and administrators Monday night.

It is higher pay, of course, but most of it can be credited to 15 more work days.

Texas Legislature with passage of House Bill 240 set the principle pattern for next year's salary boost by providing an additional month's salary for 1970-71 school year, which will add 5 more instructional days and 10 additional in-service days to teacher work days.

Texas public schools have been operating on 175-day school year, and with the added days will move up to a total of 190.

Here is how the longer pay schedule will look up the pay bracket to the administrators and supervisors next year:

Supt. James McMath - up from \$16,662 to \$18,064.

Assistant Supt. Lloyd McKee - up from \$13,135 to \$14,133.

High School Principal Vally Price - up from \$12,970 to \$13,282.

Junior High Principal Donald Hill - up from \$11,367 to \$12,748.

Wallace Elementary Principal Gary Gardner - up from \$9,395 to \$10,338.

Hutchinson Elementary Principal Jerry Reynolds - up from \$10,534 to \$12,063.

Kelley Elementary Principal Asten Blackmon - up from \$10,632 to \$12,063.

High school assistant principal Mike Burt - up from \$13,135 to \$14,133.

Business Manager J. S. (Jay) Craddock Jr., up from \$8,104 to \$9,318.

Athletic Director Truman Nix - up from \$11,370 to \$11,870.

Mrs. Nix is one of those supervisors whose pay includes extra duty salary. His base will be \$8,070 with his extra-duty pay increasing from \$3,300 to \$3,800.

Others whose extra-duty salaries will be increased are next year's budget are: Head Director Dwight Tomp, from \$2,000 to \$2,200; Head Basketball Coach Caprice Matthews, from \$1,900 to \$2,100; Assistant Coaches, from \$1,500 to \$1,700; Assistant Band Director Bob Newman, from \$1,300 to \$1,500; Junior High Coaches, from \$1,000 to \$1,200; School Counselor Dalton Keen, from \$900 to \$950; High School Girls Coach, from \$1,000 to \$1,200; Golf and Tennis Coaches, from zero to \$500; Elementary Physical Education Teacher Stanley Moore, who next year will become also a full-time assistant high school coach, up from \$200 to \$1,000.

Five per cent boosts also were approved for Maintenance Supervisor Luther Harris and Transportation Supervisor Coy Adams, up from \$1,000 to \$1,050.

Mrs. H. C. Blasingame, lunchrooms supervisor, who is paid on an hourly basis, will move next year from \$1.90 hourly level to \$1.95 with additional 10-cent boost to a \$2.05 hourly pay.

The salary changes are expected to set the tone for teacher contracts which will be considered by the school board later in the spring.

Taxpayers of Colorado Independent School District will pay directly only a minor portion of the longer salary levels.

For instance, the state minimum schedule provides \$15,984 for the \$18,064 bracket for Supt. McMath next year. And the district pays only 20 per cent of that minimum.

That means the district will See SCHOOL Page 8

New Home Mail

Loraine, Westbrook Eligible

Million Americans, principally in small communities, have been compelled to go to the post office for their mail.

Since they drive less than half a mile away from a post office, they have not been eligible to receive rural delivery service prior to Postmaster General Furlson's plan, the congressman explained. And because they live near a post office, they do not have city delivery; they have missed out there too.

Furlson said he was told the postmaster general is issuing instructions in his Postal Bulletin Thursday making the service available to the 1 1/2 million families living in the eligible areas - 4 million individuals.

The only requirement to obtain the service is that it must be requested of the local postmaster, and a majority of those living in the area must desire the service.

The expansion will be achieved by such steps as extending shorter rural routes and adding delivery stops to some rural routes. In other instances, star or contract routes may be used to provide the service in some locations. It may be necessary to establish new rural routes, the postmaster general advised the congressman.

"Mr. Furlson's order provides for one of the most significant advances in service in many years," Furlson commented. "I am particularly pleased that the order will benefit communities in our 17th Congressional District."

The 1968 Chevrolet truck, driven by Stanley Gilbert Brown for West-Tex Grain & Milling Co-op of Roscoe, was traveling east on U.S. 80, police said.

Persons near the intersection saw the two vehicles collide with impact on the sedan's left-hand driver's side. After the collision the sedan veered around the truck to the right, then careened back left across the opposite side of U.S. 80.

The death was the second traffic fatality for Mitchell County this year which has counted both within a period of nine days.

Funeral for Mrs. Long, mother of well-known Colorado City citizens, was conducted Wednesday at 2 p.m. in First Methodist Church, where she was a member.

Officiating for the service was Rev. Billy Wilkinson. First See FATALITY Page 4

Mrs. Long Is 2nd Fatality

Colorado City counted its first traffic fatality for 1970 Monday with the death of Mrs. M. B. Long, a Mitchell County resident for half a century.

She was killed almost instantly when her sedan and a truck collided at intersection of U.S. 80 East Business Route and State Highway 208 (to Rupert Lee).

Mrs. Long, 61, was dead on arrival at Root Memorial Hospital.

Police reported that Mrs. Long, alone in her 1959 Chevrolet, was entering U.S. 80 traffic from State 208, apparently en route to town from her home a few miles south of Colorado City.

Persons near the intersection saw the two vehicles collide with impact on the sedan's left-hand driver's side. After the collision the sedan veered around the truck to the right, then careened back left across the opposite side of U.S. 80.

Posthumous Awards

Mrs. Manuel G. Martinez, left, receives the medals of her husband and Mr. and Mrs. D. M. Smith receive those of their son from Major Jim Brinkley and Sgt. Morris Ketcham. Both soldiers were killed last October in Vietnam fighting.

Medals Testify

Medals and citations have come home to tell the testimony of the meritorious and heroic action of two Colorado City soldiers killed in Vietnam.

The awards were accepted here Thursday by the families of Army Specialist Four Manuel G. Martinez and Army Private First Class Ralph M. Smith.

Major Jim Brinkley and Sgt. Morris Ketcham of Abilene presented the awards in Civic House ceremonies.

The posthumous awards included for both soldiers the Bronze Star, Combat Infantry Badge, Good Conduct Medal, National Defense Medal, Vietnam Campaign and Service Medals.

And, for Martinez the Army Commendation Medal and, for Smith, an Oak Leaf Cluster for the Bronze Star.

Citations of their respective Bronze Star medals vividly relate the sacrifice made by these two soldiers in combat last October.

"For distinguishing himself by outstanding meritorious service in connection with ground operations against a hostile force in the Republic of Vietnam during the period 11 April 1969 to 23 October 1969," states the citation presented to Soldier Martinez' young widow.

McCarley Leads Off

Five places - two for school board and three for city council - will be decided in April elections here.

One of the five nominees has declared his candidacy at this point.

He is A. K. McCarley Jr., Colorado Independent School District trustee, who filed for a ballot place immediately after the school board Monday night officially set the district election for April 4 according to state law.

Ed Thrift, recently appointed to school board when Curtis Latimer resigned, has been out of town because of the illness of his mother and was not at the Monday meeting. And he has not indicated whether he will be a candidate for an elective term.

City council election will be April 7 and places will be held by Mayor Tom Chubb, H. A. Hoback and Eddie Finley will be up for voter decision.

None of the trio had filed for re-election Wednesday.

Election judge for council voting will be Roy Warren with Mrs. Warren and Mrs. Lucille Trulock as clerks.

J. W. (Bill) Handle will be judge for the school board election with authority to select up to four clerks.

No. 1 Conservation Farmer • Charles Finley Is One Others Watch

Grazing Is Good On Finley's Irrigated Wheat

Charles C. Finley is the kind of a farmer other farmers watch.

That's because he has ability and know-how to make an agriculture operation pay.

If anybody makes money on a crop, they say, Charles Finley will be on the profit list.

A major reason for Finley being a farmer's farmer is evident with Mitchell County Soil & Water Conservation District naming him the district's outstanding conservation farmer for 1969.

Travis Turner, chairman of the district board of supervisors, Wednesday announced the award to Finley.

He was selected for his accomplishments in competition with other outstanding nominees within the district.

Finley's conservation record will be entered in Texas Conservation Awards Program and National Goodyear Soil Conservation Awards Program.

The 160-acre of irrigated land he has owned 10 miles south of Loraine since 1957 is a picture of productive conservation farming. He has carried to completion every conservation program which he originally planned.

Overall, Finley has constructed 61,120 feet of terraces, put in a 9-acre waterway with planted coastal Bermuda grass and put coastal bermuda on 30 additional acres.

The No. 1 conservation farmer farms 480 acres of additional land for cotton and forage sorghums for his cattle.

Recently, he and Herbert Mearse of Loraine purchased 320 more acres and they have placed it all under Great Plains Conservation contract.

On his 60-acre irrigated home place, Finley started his terracing in 1958 and completed it in 1967. He has saved work hours with installation of 648 feet of underground irrigation pipe two years ago.

The 9-acre bermuda waterway runs through the middle of his farm, splitting his crop land into two fields and carries outside water off his acreage. His management of grazing pro-

vides for peak production from the bermuda.

His operation is a check-off of planned conservation accomplished. For instance, in his dry land farming, Finley planned for 54 acres with 15,000 feet of terraces in each of conservation cropping, each residue management and contour farming. He has applied all four.

His plans for irrigation went down a list that included 65 acres for each of conservation cropping, crop residue and contour farming with 46,120 feet of terraces - all in an irrigation management plan. And he did exactly that.

He planned 34 acres for pasture management with a

nine-acre waterway also with an irrigation management plan plus five acres for wildlife habitat preservation. He did that also.

He and Mrs. (Dorothy) Finley are parents of four sons - Gary, 21, Ronnie, 20, students in Texas Tech; Robert Dale, 16, and David, 8, students in Loraine.

They are members of Loraine's First Baptist Church.

Finley is a Mitchell County native who has made his agricultural career successful here at home.

The Mitchell District award will be presented later in the year, during Soil Stewardship Week at a combined civic club program in Civic House.

Through his untiring efforts and professional ability, he consistently obtained outstanding results; the citation continued, 'He was quick to grasp the See MEDALS Page 9

Sweet Charity Now Showing At Palace

Widely acclaimed as the big smash movie hit of the year, "Sweet Charity" is now showing at Palace Theatre direct from its roadshow showings.

The production stars Shirley MacLaine and co-stars Ricardo Montalban, Sammy Davis Jr., John McMartin, Chita Rivera, Paula Kelly and Shabby Kaye.

Based on an original screenplay, it was made into a Broadway musical hit and now comes to the screen with Bob Rosse directing and choreographing, Peter Stone, Academy Award winner, wrote the screenplay.

"Sweet Charity" is the story of Miss MacLaine who as Charity Hope Valentine, a New York taxi-dancer, illustrates

her character, by wearing a heart tattooed in red on her left arm. Her adventures and misadventures as she gives her love wholeheartedly to one undeserving man after another is the frame for the story in which 13 musical numbers are presented.

Montalban plays a Latin movie idol who picks up Charity after he has had a fight with his fiancée. Davis portrays a turned-on religious leader in the show-stopping number, "Rhythm of Life."

McMartin is cast as an introverted, claustrophobic insurance agent who becomes romantically involved with Charity, the same role he played with the Broadway production.

'Sweet Charity'

Shirley MacLaine leads dancing musicians down Manhattan's famous Wall Street while she sings "I'm A Brass Band," one of 13 numbers from Universal's musical production, "Sweet Charity," showing now at Palace Theatre.

Local Group Attends Sweetwater Lecture

Several local members of Christian Science Society Friday evening were in Sweetwater for a lecture by Harold Rogers, a Christian Science lecturer of Milan, Italy.

Rogers, a member of the Christian Science Board of Lectureship, explained that he was introduced to Christian Science and the denominational textbook, "Science and Health with Key to the Scriptures," following a serious injury in a car accident.

"Prayerful study of the Bible and 'Science and Health' by Mary-Baker Eddy," Mr. Rogers continued, "led to a spiritual healing of the injury."

Commenting on the effect this healing had on his life, the

lecturer explained, "I realized it was coming to know God. And this is really the key to answered prayer."

Prayer is scientific and offers unmistakable proof of its practicality, he said, when it is practiced according to certain God-given rules or laws.

He described two of these basic laws as "rule of desire" and "rule of humility."

Dillard's Visit Here

Visiting here Sunday with Mrs. Mary Dillard at Root Valley Fair Lodge and other local relatives were Mr. and Mrs. W. E. Dillard and Kendra of Carlsbad, N. M.

Throughout the lecture, Rogers emphasized that scientific prayer is based on an understanding of the nature of God and a willingness to adjust thoughts to His demands.

In concluding he told how Christian Science heals the "whole man," mentally, morally and physically by meeting his "innermost, deepest, most fundamental needs."

She encouraged club members to write their congressmen about their views in politics and suggest three simple keys to effective Congressional communications — know your legislator, know your subject and know the procedure to follow.

CONVERSATION CORNER

FEW things in this world have ever matched the pleasure that making valentines used to be to children.

It used to be a labor of love for small fingers clutching little scissors, library paste, art paper, bits of ribbon and lace doilies.

In the sprawling gray house where Mother's brood grew up, we used to sit around the huge round dining table for the annual valentine making. And if we left the room a shambles, at least we all turned out some worthy hearts and ink-splattered rhymes, some trite, some original, and all full of love.

RHYMES were the best part and choosing a rhyme to fit the sentiment of the season sometimes created civil-war when all four of us coveted, "roses are red, violets are blue, sugar is sweet, and so are you" to print on the valentine for Mother.

Remember this one—Sure as the vine grows round the stump, you are my darling sugar lump.

And rain or shine be my valentine.

This was, of course, before Valentine's Day became so commercial that it required a trip to the drug store and a pocket full of money.

Of course some of the more daring boys did buy comic valentines for the teacher and put them in the school box, bravely unsigned. And it was very stylish, even then, for older girls to receive boxes of candy with cards saying "To my sweetheart."

WOULD still love to send a bushel basket of valentines to people admired for one reason or another, including a number of people never met but admired anyhow.

Would send one to "Dear Abby" because the way she can spot a phony letter of despair is rich and rare. And her answers to most letters are full of trite wit and wisdom. "Dear Abby" is quite a gal, a real live valentine.

Might mail one to Peg Bracken because her newest book "I Didn't Come Here to Argue" is such a delight—even if she does have a nasal twang when she talks. Frozen food commercials via TV. She writes with great charm and humor.

If THE BUDGET were more flexible, think there would be a valentine on its way to Johnny Cash. Never cared for his records until he got his own television hour. There is something about the man that touches the heart. There is something sad there, combined with a touch of triumph. Personal triumph deserved and hard-won.

Among my valentines would be ones for four favorite daily columnists—Hal Boyle, Paul Crume, Earl Wilson, and Kathryn Huff.

If the generous impulse got the best of me, might even send one to Heloise, saying "You're a doll," and sending her hugs and kisses. But that could be carrying the valentine spirit a bit too far. She'd probably sit up at night trying to shellac the thing into a place mat or something.

WOULD most certainly send one to Harry S. Truman and his wife, Bess, one to Bob Hope, Arlene Francis, Helen Hayes, actress and author, Howard K. Smith, ABC com-

mentator, and a radiant little woman named Lady Bird Johnson.

By that time there would be no more stamps in the box to use for other people admired, including a number of local lights.

So here's a homemade valentine for you, I and you, and you.

If I were rich—which I am not—I'd mail a heart saying "I like you a lot."

HOUSE of Therman and Friday Moore is all set to celebrate Valentine's Day, Friday the 13th, and Christmas all at one and the same time this Friday.

Expected home from Clark Air Force Base at Manila in the Philippines is their son Sgt. Cleve Moore who has been on duty there for one year. He will be at home for 45 days before reporting for duty at Kelly AFB, San Antonio.

Friday and Therman still have the Christmas tree up with lights waiting for the celebration!

SPEN TATELAYS this time include Mrs. H. C. Lindsey of Payne Community. Her first name is Charlie.

Saw Seton Pickens, the Ratliff, Jay Craddock, and Clem Myers sitting in the morning coffee row. Clorene Stewart, Bonnie Burt, and Mrs. B. D. Gibson in another row. Ruthe Robertson, wife of Bob.

Caught a glimpse of James G. McMath, school "super" . . . Tom Dye, and Earl Brock.

Enjoyed little chats with Virginia (Mrs. Raymond) Fuller. . . Rochelle (Mrs. Arnie B. Smith) . . . and Emily Dulaney Barry, wife of Tom P. Barry.

DID YOU KNOW that Tom P. Barry the second, who grew up here as Pat Barry but who chose Tom Barry as his newspaper by-line, was elected president of Austin's Texas Press Association chapter last Thursday night.

Tom, Pat, that is, assistant city editor of the Austin American-Statesman and was a member of the news team which won the distinguished first prize for team coverage from the Headline Club Saturday night, in the Press Room at Commodore Perry Hotel.

Headliner awards are the Texas newspapers world's top honor, a statewide salute to excellence. Houston Post news team took second prize.

Before he received his degree at University of Texas, Tom Pat was news editor for the Colorado City Record a few summers ago. He deserves a valentine nominating him for the IHMO (local) "boy makes good" award for February.

He's a bachelor for now—but not for long.

HEAR TELL that Mike Brown and his wife, the former Shannon Petty, are parents of a daughter born to them in Amarillo, Feb. 2.

The baby has been named Windy Laine. Mike and Shannon have been studying at West Texas State University in Canyon where Mike completed work toward his bachelor of science degree last month.

Lucky grandparents of Windy Laine are Bonnie and James Brown of East 10th and Mr. and Mrs. L. E. Petty of Dallas St.

THE LLOYDS, Mary (Rice) and R. J. . . are grandparents again, too. Their daughter Betty and her husband Bill Lee, have a new son born in Tulsa, Okla., where Bill works for Cities Service Co.

Named Jeffery Will Lee, the baby was born Feb. 1. Mary was in Tulsa to greet the new arrival and visited Tulsa Sunday through Friday. Betty and Bill are also parents of Steven, aged 5, and Ketho, who is 4.

Mary stopped by enroute home to see Betty's twin brother

John, his wife Wanna, and their year-old son Darren who live in Irving. Bob is a mortician and Wanna teaches English at McArthur High School in Irving.

OFF THE-CUFF—Our Cassie (Mrs. Horton) Dorn underwent surgery to reduce a fracture, Tuesday in Ft. Worth. Cassie fell from a step-ladder at home and received a broken leg. Daughter Nancy, her husband Alar Hamm, and family live in Ft. Worth.

Warm little note from Mrs. Jimmy Don Petty, came from Warrensburg, Mo., to renew her Record subscription and to say she likes the paper. She should have a pretty valentine!

Beeman DICKERY who ranches at Blount, North Dakota, was among those who attended President Nixon's prayer breakfast, Feb. 11.

Other notable members of the Indian Stamp Rock Sioux Tribal Council, headquartered at Fort Yates, N. D., and headed by Douglas Skye, widely known Indian America. So, one more valentine goes to Beeman.

IN THEIR FOOTSTEPS

In keeping with the grand tradition begun by the Bilberrys, the new owners of Corner Drug will continue to express themselves in this weekly column.

As new residents of Colorado City, Mac and I have realized the reason for Henry's weekly appreciation note. We have found the people of Colorado City to be the warmest and friendliest of anywhere we have ever lived.

Many thanks and much appreciation is due Henry and Luna Bilberry, not only for the wonderful opportunity they have given us, but also for introducing us to so many good people.

No doubt, many of you have known the Bilberrys longer and better than we, but we already realize that filling their shoes will be a very large order.

Thanks to all of you for being so tolerant while we are learning.

Soil Conservation Cotton Society Organized Sign-up Begins

Two members of Mitchell County Soil Conservation Service attended a recent organizational meeting for Permian Basin Chapter of Soil Conservation Society of America.

Initial session for the Society was at Experiment Station in Big Spring and attended by representatives from 10 surrounding counties.

Don Hodges and John Kazda of the local SCS reported that membership is open to anyone interested in conservation of natural resources and in improvement of the quality of our environment.

C. A. Rechenbin, president of the Texas Council of SCA and speaker for the Big Spring meet, explained the purpose and organizational structure of the Society.

Bill Fryrear, superintendent of Big Spring Experiment Station, was elected president of the newly organized chapter.

Other officers are Alton Marwitz of Big Spring, president-elect; Douglas Lowe of Big Spring, secretary-treasurer.

Appointed to the organization

committee were W. S. Goodlett Jr. and Gerald Miller, both of Big Spring. Don Hodges, named to the membership committee, will be responsible for enlisting members from Mitchell County.

"Dues are \$12 per year," Hodges said, "and each member will receive monthly publication of Journal of Soil and Water Conservation."

be investing only \$5,900 of its own cash in the superintendent's total pay.

Colorado City, which ranks in the lower portion of District 3-AAA schools when it comes to teachers pay, has approximately the same proportionate local contribution to salaries of other supervisors and administrators.

As an example next year's pay of Colorado City principals will range from \$13,282 to \$10,338. Minimum state schedule for these will be from \$11,618 to \$10,037 leaving only slight differentials to the district.

Sign-up for 1970 cotton program is under way now at Mitchell County Agricultural Stabilization & Conservation Office.

Eddie Braswell, ASCS executive director here, said he was notified by phone Wednesday to begin the sign-up immediately.

Although producers can sign, the ASCS office will not be able to put individual allotments and payment rates in the mail until Thursday.

The sign-up originally was to start Feb. 2, but was delayed when state and federal officials checked yield figures in several counties across the state.

**NOTICE OF SCHOOL TRUSTEE
ELECTION**

Public notice is hereby given
that the Board of Trustees of
the Colorado Independent School
District, Colorado City, Texas,
has called an election on Satur-
day, April 4, 1970. The purpose
of this election is to elect two
(2) school trustees whose terms
of office will expire April 1973.

This election will be con-
ducted in the School Tax Office,
250 Walnut Street, between the
hours of 8:00 A.M. and 7:00
P.M.

The candidate law requires that
candidates file at least thirty
(30) days before the day of the
election in order to have their
names listed on the printed
ballot. Locally all candidates
must file in the Colorado
Independent School Tax Office,
250 Walnut Street, on or before
March 4, 1970.

Absentee voting will be con-
ducted in said Tax Office begin-
ning March 15, 1970, twenty
(20) days before the day of the
election, and closing March 31,
1970, three (3) days before
said day of the election.

Mr. and Mrs. D. M. Smith,
parents of Ralph, received this
citation relating heroism in the
Oak Leaf Cluster to the private
first class Bronze Star:

implications of new problems
with which he was faced as a
result of the ever changing
situations inherent in counter-
insurgency operation and to find
ways and means to solve those
problems.

The energetic application of
his extensive knowledge has
materially contributed to the
efforts of the United States
mission to the Republic of Viet-
nam to assist that country in
ridging itself of the Communist
threat to its freedom.

Contributing approximately
3,500 more bales to the total
were two more C-City gins;
Farmers with 1,880 and
Guitar with 1,632.

Buford Co-op ginned 2,533
and Westbrook Planters turned
out 2,387.

Lorraine's Guitar ginned 1,180
and Mitchell County's portion
of China Grove's 2,740 bales
was 1,355.

For heroism in operation
with ground operations against
a hostile action in the Republic
of Vietnam.

Private First Class Smith
distinguished himself by ex-
ceptionally valorous actions on
27 October 1969 while serving
with Company B, 2nd Battalion,
1st Infantry.

On that date, the company
was in a day-defensive position
near Hawk Hill when a member
of the third platoon detonated
a booby-trapped 160mm artillery
round. Although he was
critically wounded by the blast,
Private Smith, with complete
disregard for his personal safety,
called in a dustoff
helicopter to evacuate his
injured comrades.

In spite of the severity of his
wounds, Private Smith then
began assisting his injured
comrades to a makeshift land-
ing zone for evacuation. At this
time, Private Smith was over-
come by his own wounds.

His outstanding courage was
responsible for saving the lives
of several of his comrades and
served as an inspiration to his
unit.

Private First Class Smith's
personal heroism, professional
competence, and devotion to
duty were in keeping with the
highest traditions of the
military service, and reflect-
ed great credit upon himself,
the Americal Division, and the
United States Army.

**Cotton Gins
Shut Down
At 20,406**

Mitchell County's 1969 cotton
crop counted only 20,406 bales
at the gins.

The total, a final count by
County Agent Bobby Lemons,
includes ginning for Mitchell's
seven gins and the county-line
gin at China Grove.

Leading the county were two
cooperatives, Lorraine Co-op
with 5,189 bales and Colorado
City's Producers Co-op with
4,250.

Contributing approximately
3,500 more bales to the total
were two more C-City gins;
Farmers with 1,880 and
Guitar with 1,632.

Buford Co-op ginned 2,533
and Westbrook Planters turned
out 2,387.

Lorraine's Guitar ginned 1,180
and Mitchell County's portion
of China Grove's 2,740 bales
was 1,355.
