Bombers Unload Over Viet Cong Mine Factory

By THOMAS A. REEDY

SAIGON, South Viet Nam (AP) — U.S. Air Force B52s poured 100,000 pounds of explosives on thick mangrove swamps 18 miles southeast of Saigon today only a mile or so ahead of American Marines sweeping the river approaches to the capital.

A huge orange fire ball and thick black smoke curled from the swamps after the eight-engine bombers unloaded their 750-pound bombs. An Air Force spokesman said a Communist jungle mine factory hidden among mangroves 40 feet high apparently had been obliterated.

He described the strike as "the most awesome and devastating thing I ever have seen."

While the blasts from the bombardment echoed across Saigon, two other waves of B52s from Guam unloaded their massive bomb loads on Tay Ninh Province, an old Viet Cong stronghold and reputed jungle headquarters of the National Liberation Front. The bombers attacked sectors five miles apart near the Cambodian border about 70 miles northwest of Saigon.

Bad weather kept carrier planes from striking North Viet Nam Sunday, but Air Force fighter-bombers flew 18 high-altitude missions picking out their targets by radar. Among them was the Mugia Pass, a juncture of two strategic routes to neighboring Laos, where U.S. jets caught a truck convoy last week

In the South, Air Force jets blew up 34 sampans and three large motorized junks in raids over the Mekong Delta south and west of Saigon Sunday, a spokesman said.

In the central highlands near the Cambodian border, U.S. 1st Cavalry, Airmobile, Division troops destroyed 15 huts with sleeping racks and 30 foxholes, found a tunnel complex and trail leading to the frontier and surprised a North Vietnamese soldier as he woke up this morning. He was shot as he tried to flee.

In a skirmish with an enemy patrol two miles from the border Sunday, the cavalrymen killed 10 Communists, including seven North Vietnamese regulars.

Political unrest took an increasingly anti-American tone with new demonstrations against Premier Nguyen Cao Ky's U.S.-backed military regime. Upwards of 20,000 persons joined a Buddhist-led march in the northern city of Hue demanding the junta's ouster and election of a civilian government.

Some of the marchers carried banners accusing the United States of obstructing a return to civilian rule.

A crowd of 500 Buddhists assembled in Saigon and heard speakers charge that Ky had sold out to the United States.

"Down with all governments that don't respect Viet Nam's sovereignty," some of the demonstrators shouted. "Yellow-skinned people in Viet Nam should not be oppressed by foreigners."

The Vietnamese chief of staff, Lt. Gen. Cao Van Vien, issued an order of the day to the armed forces warning them against becoming "victims of division schemes by the enemy."

"We must work hand in hand and steadily progress forward in defiance of any challenge and be determined to crush the invading Communists to secure final victory," the order said.

Ky made a brief broadcast appeal for calm and order. He promised to restore democracy but said it "can't be built overnight."

MARINES WADE IN FOR ASSAULT AGAINST VIET CONG — U.S. Marines wade through shallow water from 7th Fleet landing craft to beach at Long Thanh peninsula for "Operation Jack Stay." The operation calls for clearing the Saigon River Delta of Viet Cong guerrillas. The Marines also will try to clear out guerrillas who have been attacking cargo ships on the Long Tao and Saigon rivers. (AP Wirephoto via radio from Saigon)

1964 SLAYING

Court Oks Prosecution

WASHINGTON (AP) — The Supreme Court approved today federal prosecution of three law officers and 14 other persons in the 1964 slaying of three young civil rights workers near Philadelphia, Miss.

Justice Abe Fortas delivered the unanimous decision. Justice Hugo L. Black noted that he concurred in the judgment.

Fortas said the Mississippi case involved rights under the Constitution's guarantee of due process of law. He said the high tribunal could not agree that the charges against the 14 individuals who were not law officers could be dismissed because they were nonofficial defendants.

In a companion case, the court revived federal charges in the slaying of Negro educator Lemuel Penn of Washington, D.C., who was killed on a Georgia highway in July 1964.

Justice Potter Stewart delivered the court's opinion in the Penn case. He said the right to interstate travel is a constitutional right and federal law is properly brought into play when that right is denied.

However, Stewart said, "a specific intent to interfere with the federal right must be proved, and at a trial the defendants are entitled to a jury instruction phrased in those terms."

In the Penn case, felony indictments were brought against six men, three of them members of the Ku Klux Klan.

Four separate opinions were filed in the Penn case. Two involved partial dissents. One was written by Justice John M. Harlan and the other by Justice William J. Brennan. Chief Justice Earl Warren and Justice William O. Douglas joined in Brennan's opinion. The fourth opinion was by Justice Tom C. Clark, who was joined in the concurrence with the majority by Justices Black and Fortas.

Red Carpet Unrolled For Mrs. Gandhi

By SPENCER DAVIS

WASHINGTON (AP) — President Johnson gives India's peace-seeking lady prime minister a red carpet welcome to Washington today.

A 21-gun salute was to sound as the President and Mrs. Johnson greet Indira Gandhi in a late-morning ceremony at the White House.

Mrs. Gandhi, accompanied by her two young sons but no Cabinet ministers, begins a two-day state visit to Washington and a series of private talks she hopes will "serve the purpose of better understanding so that both the United States and India are strengthened in the common endeavor of promoting peace."

The prime minister outlined her views on the meeting Sunday shortly after an Air Force jet flew her and her small party from Paris to Williamsburg, Va.

The world sorely needs "a closer understanding of nations and the aspirations of their people," she said Sunday night in a prepared statement. "I have come to the United States on such a quest."

"India's relations with the United States have been traditionally close and cordial, but friendship is something of which there can never be too much," she said.

SHS Band Wins 13th Sweepstakes

The Snyder High School Black and Gold Band won its 13th consecutive sweepstakes award at Region 6 University Interscholastic League contests in concert playing and sight-reading Saturday at Midland.

The Snyder Band, directed by Melvin Montgomery, launched its string of sweepstakes awards in 1953.

In the contests bands are rated on a scale from I to V, with division I designating "superior" and division V "poor." To win a sweepstakes, a band must rate division I in marching contests held each fall and then attain similar ratings in the spring at the concert and sight-reading contests.

Snyder had the only Class AAA band to win a sweepstakes award in Region 6. The Black and Gold Band had taken its Division I rating in marching last fall, and them became the only triple A band to rate Division I in both contests Saturday at Midland.

Ratings of other triple A bands at Midland, with concert playing and sight-reading, in order: Lamesa Division II and Division III; Andrews, III and III; Monahans, I and II; Sweetwater III and IV; Pecos, II and III; Kermit I and II; Brownfield, II and II; Fort Stockton, II and I; Odessa Ector, II and III; Seminole II and III.

Judges for concert playing were Clarence Sawhill of UCLA, Norville Howell, Clovis, N.M., and L. M. Snavely of McAllen. The sight-reading judges were Wayne Muller of Oklahoma State, John Green of West Texas State University, and Joe Haddon of Midwestern University.

Lynda Bird Back In Class

AUSTIN (AP) — Lynda Bird Johnson, President Johnson's elder daughter, was back in class at the University of Texas today after a chaperoned weekend at the LBJ Ranch with actor George Hamilton.

Hamilton and Miss Johnson were luncheon guests of Gov. and Mrs. John Connally Sunday at the governor's mansion.

About a dozen couples attended.

Mr. and Mrs. Earl Deathe of Austin chaperoned the couple at the ranch. They were chaperones earlier when Hamilton and Miss Johnson recently visited Acapulco, Mexico.

Miss Johnson was the guest of Hamilton and his mother last weekend at their Hollywood home, where Hamilton held a party honoring Miss Johnson on her 22nd anniversary.

The couple have dated frequently.

Judd Would Up Bombing

WASHINGTON (AP) — Former Rep. Walter H. Judd called today for stepped-up bombings of North Viet Nam to reduce Ho Chi Minh's 'capacity to kill South Vietnamese people."

In testimony before the Senate Foreign Relations Committee, he also urged continued isolation as well as containment of Red China.

Judd said that to recognize Communist China and drop opposition to its admission to the United Nations, as previous witnesses have proposed, would give it "a smashing and wholly unnecessary victory" from which all free Asia would suffer.

Judd called for the bombing of "war plants, power plants, oil tanks" and whatever is important to North Viet Nam's prosecution of the war.

Poll Gives Labor Edge In Britain

LONDON (AP) — The Gallup Poll gave Britain's Labor government a big lead in 40 key voting districts today, throwing cold water on the opposition Conservative party's hopes for the general election Thursday.

The opinion poll in 40 critical areas held by the Conservatives in the last Parliament showed labor holding 13 per cent more of the vote than the Conservatives.

The polls for some weeks have shown Prime Minister Harold Wilson's Laborites with a big national lead, but the Conservatives contended their soundings showed this was not true in marginal areas where the outcome in the last election was close.

The Daily Telegraph, which published the Gallup Poll, said it suggested that previous soundings underestimated Labor's majority in the next House of Commons. In the last House it varied between one and three seats.

The election puts all 630 Commons seats on the line. The party which wins the most will form the next government with its leader as prime minister — Wilson for Labor, Edward Heath for the Conservatives.

George Brown, Labor's No. 2 man, predicted the vote will bring the biggest defeat for the Conservatives since 1906 — when the now small Liberal party rolled up a 220-seat majority over the Tories.

Another finding of a Laborite advance in a marginal region came in a poll by the Guardian in the Yardley district of Birmingham, which Labor won in the 1964 election by only 196 votes.

The poll gave Labor 54 per cent of the expected vote against 43.5 Conservative and 2.5 others. In the 1964 election Labor's lead over the Conservative was less than 1 per cent.

Wilson, bringing his campaign into top gear, asked Sunday night for a mandate to continue economic and financial reforms which he claimed are already getting Britain out of the red.

Heath at a news conference accused Wilson of seeking a blank check. He returned to his charge that Britain is on the verge of bankruptcy because inflation threatens to price its exports out of world markets.

SHOWERS DAMPEN MOST OF REGION

Light showers dampened the Snyder area last night, with the best moisture production of the year, and forecasts indicated a possibility of more today.

No heavy rainfall was reported in the immediate area, although drizzle and intermittent showers resulted in reports ranging from a quarter to three quarters of an inch.

The official gauge at the city water plant in Snyder had measured .47 of an inch this morning, while .7 of an inch was reported at the Lake Thomas dam. However, the lake level had changed only .03 of a foot.

Orbiting Telescopes To Study The Stars

CAPE KENNEDY, Fla. (AP) — The space agency launches an astronomical observatory today and follows it up Tuesday with an important test launching of the Atlas-Centaur rocket.

An Atlas-Agena was to hurl the observatory with a bundle of telescopes into space.

The satellite, named OAO for Orbiting Astronomical Observatory, will give man his first clear look at the stars and celestial objects above the distorting influence of the earth's atmosphere.

Scientists say that if OAO works, it will be the greatest advancement in astronomy since the invention of the telescope. The satellite is the heaviest scientific payload ever built by the United States for operation in space. It weighs 3,900 pounds.

Its telescopic eyes will peer millions of miles into space to study mysteries of stellar objects. Scientists are particularly interested in learning the age of relatively young stars, information that might provide clues to the origin of the stars and thus the universe.

The Atlas-Centaur is scheduled for a 9 a.m. liftoff Tuesday. The main goal will be double ignition of the Centaur upper stage, which would be the first time a hydrogen-powered engine has been ignited twice in weightless space.

Liquid hydrogen is a tricky fuel which must be cooled to 423 degrees below zero. Taming it has been a major problem in the Atlas-Centaur development program. As a result, only a single Centaur burn will be used to launch a Surveyor spacecraft toward a soft landing on the moon in May.

The single burn restricts the number of days and minutes the launch team has to fire the rocket each month when the moon is in position.

If Centaur successfully fires twice Tuesday, later Surveyor and Mariner planetary shots will use this procedure.

The rocket Tuesday will carry a dummy Surveyor to hurl toward a spot in space 236,000 miles away which, for test purposes, represents the moon.

The results are important to Apollo man-to-the-moon flights because the Saturn 5 moon booster will have a hydrogen-powered upper stage which must be fired twice to send the astronauts into the proper lunar path.

Blaze Damages Firm In Lubbock

LUBBOCK (AP)—Fire caused an estimated $50,000 damage Sunday night to the Case Implement Co.

The blaze also damaged the adjacent Western Trailer Co.

Firemen said the fire apparently started after burglars tried to break into a safe. The safe was partly opened.

WEATHER

SNYDER TEMPERATURES: High Saturday, 71 degrees; low, 42 degrees; reading at 7 a.m. Sunday, 44 degrees. High Sunday, 75 degrees; low, 47 degrees; reading at 7 a.m. today, 58 degrees; precipitation, .47.

North Central and Northeast Texas: Cloudy tonight and Tuesday. Widely scattered afternoon and nighttime thundershowers, mainly in south. Cooler today and in south tonight. A little warmer Tuesday. Low tonight 44 to 54. High Tuesday 62 to 72.

Northwest Texas: Partly cloudy tonight and Tuesday. A few thundershowers in extreme south today and tonight and again Tuesday afternoon. Cooler tonight, a little warmer Tuesday. Low tonight 28 in northwest to 50 in southeast. High Tuesday 62 to 72.

Coast: East to southeast winds 10 to 20 knots tonight and Tuesday, locally gusty and variable in numerous showers.

South Central and Southeast Texas: Mostly cloudy with occasional rain tonight and Tuesday. Low tonight 55 to 68. High Tuesday 60 to 70 in north, 70 to 75 in south.

Southwest Texas: Mostly cloudy with occasional rain tonight and Tuesday. Low tonight 50 to 60 in north to 65 in south. High Tuesday 65 to 75.

SEEN IN OHIO, WISCONSIN

UFOs Range Over Wide Area

DETROIT (AP) — Michigan's weird, blinking lights apparently have extended their appearances into Ohio and Wisconsin.

The reports of sightings, limited for nearly two weeks to southern Michigan, came from some 100 miles north in Michigan's "thumb" district, across Lake Michigan at Green Bay, Wis., and south near Toledo and Dayton, Ohio.

As before, there was no full explanation.

So far, the only authoritative analysis has been the swamp gas theory advanced Friday by a Northwestern University astrophysicist concerning two sightings in southern Michigan.

The scientist, Dr. J. Allen Hynek, who also is an Air Force special consultant, has gotten arguments from those who reported seeing the mysterious flying objects.

Ohio highway patrolman R. D. Landversicht said Sunday he saw a strange light approaching Wright Patterson Air Force Base near Dayton. He reportedly photographed the lights and the Air Force develops the films today.

Wright Patterson is the home of the National Unidentified Aerial Phenomena Office, called Project Blue Book.

Maj. Hector Quintanilla, Blue Book project officer, said, "It's not unusual after incidents such as these in Michigan last week to get a lot of 'sighting' reports. It's a normal aftermath pattern."

In the Toledo area Sunday night a member of the Sylvania fire department furnished a local radio station with a detailed account of his observations.

Equipped with binoculars, the observer described four objects to green to white — "They kind of look like a star when you first see them, but they blink on and off," he said.

Hynek said at his Evanston, Ill., home Sunday that his conclusion that two Michigan sightings probably were swamp gas applied only to the sightings reported in the Hillsdale and Dexter area.

Several observers said they felt the explanation was inadequate.

Welcome Rains Wet Texas Areas

By The Associated Press

Rain which ranged from showers to downpours swept over Texas Monday, bringing needed moisture almost everywhere.

Missing the rains were the upper Panhandle, parts of the South Plains and areas west of the Pecos River.

The heaviest rains occurred in the North Central area.

A pair of tornadoes were sighted in central West Texas but apparently did no damage.

A thunderstorm Sunday dumped nearly an inch of rain on Austin during high winds.

Some representative rainfall totals included Big Spring 1 inch, Lubbock .12, Corpus Christi .10, San Antonio .17, Houston .26, Dallas 1.33, Abilene .26, San Angelo .22, Boyd 1.72, Corsicana .69, Roanoke 1.08, Killeen .84, College Station .33.

Also, Ferris 1.33, Gainesville .32, Waxahachie 1.12, Burleson 2, Decatur .82, Greenville .67, West .82, Richmond .89, Denison .44 and Bowie .67.

Well after dawn, the line of light rainshowers and a few thundershowers were along a line from Fort Worth to Paris to Longview to College Station and to Waco and moved slowly eastward.

Buckshot-size hail fell at Big Spring but in insufficient quantity to cause damage.

Hail, generally described as of pea size, also fell in Brownfield, Locketville, Lubbock, Olton, Seminole and Spur.

Some late rainfall reports included Brownfield 1.96 inches, Plains 1.52, Lamesa .70, Plainview .58, Denton 1.11, Ennis 1.41, Itasca 1.25 and Henrietta 1.05.

About 25 traffic accidents occurred in Dallas in a half hour during the height of the storm. At least two underpasses suffered temporary flooding. One chain traffic pileup resulted in a call for seven wreckers.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I enjoy going to bridal showers. But not for a 44-year-old "bride" who has shed three husbands! I can't get out of going because of family obligations, but I feel certain that a woman who has been married off and on for 20 years doesn't need to be set up in housekeeping. I think showering a bride under these circumstances is in the worst possible taste. Who is to blame? The future sister-in-law who is putting on the shower? Or the bride who is permitting it?

"PICKLE FORK"

DEAR PICKLE-FORK: **I'd say it's a joint venture. And between the two of them they hope to fill the joint with gifts.**

• • •

DEAR ABBY: You keep stressing in your column not to judge too harshly the person who is caught stealing because he might be a kleptomaniac. That's real sweet of you and all, Abby, but how can you tell if a person is a kleptomanic or a common theif?

STUPID

DEAR STUPID: **Since kleptomania is an illness, that's for a doctor to decide. But if a woman steals a pair of gloves, her size, that just happen to match her outfit, she's probably a common thief.**

• • •

DEAR ABBY: Recently a reader of your column wrote in with the brilliant(?) idea that women who are looking for men should wear some kind of special ring to indicate that they are available. And since there are so many widows and divorcees around today, some smart jeweler should design such a ring. Your reply was to the point. You said, "Any man who is interested in finding out if a woman is available, can and will." Being an eligible male, I can back you up 100 per cent.

But I would go a step further and say that if a woman is looking, she should leave all her rings at home. Engagement and wedding rings that have been switched to the right hand can be confusing. And just the sight of them can discourage a man. Those "friendship" rings some women wear can mean anything from, "I am going steady" to "I am living common law with someone." There is nothing like an unadorned hand to let a man know the coast is clear.

BEEN AROUND

• • •

CONFIDENTIAL TO JOANNIE IN HARRISBURG: **If he is everything you say he is, marry him. Many a 4-F turns out to be A-1 on the home front.**

Hate to write letters? Send $1 to Abby, Box 69700, Los Angeles, Cal., for Abby's booklet, "How to Write Letters for All Occasions."

Masons Set Workshop

A Masonic Workshop has been scheduled for April 4 at Colorado City for six area lodges.

The workshop will begin at 7:30 p.m.

James H. Farr of Hermleigh, who is chairman of the eight-county Masonic Workshop area F-2, will conduct the meeting. Officers from lodges in Snyder, Ira, Dunn, Hermleigh, Loraine and Colroado City have been invited to attend.

Nearly 200 workshop meetings are held semi-annually for officers of over 970 Texas Masonic Lodges. The meetings are authorized by H. W. Fullingim of Odessa, who holds the highest Masonic position in the state as Grand Master of Masons in Texas.

Mrs. Warren Rites Held

Funeral rites were held this morning in Waco for Mrs. Dan (Jody) Warren Sr., 37, who died at 8:30 p.m. Saturday in Odessa.

Mr. and Mrs. Warren lived in Snyder for several years, during which time he was manager of the William Cameron Co. store here and later was manager of Better Living. They moved from Snyder five years ago.

Mrs. Warren had been in ill health for several years. Surviving are her husband; a son, Dan Warren Jr., 15; and a daughter, Martha Warren, 13.

Berliners Get Passes For Easter Visits

BERLIN (AP)— West Berliners starting picking up Communist wall passes today to visit their relatives in East Berlin over Easter and Whitsuntide.

West Berlin offices manned by East Berlin personnel have processed 406,247 pass applications. In the past, an average of three persons were registered on each pass. Over Easter and Whitsuntide last year, 1.3 million visits by West Berliners were registered in East Berlin.

The Easter pass period this year runs from April 7-20, with Whitsuntide visits allowed from May 23-June 5.

The last pass period was over Christmas and New Year's when some 824,000 visits were registered.

Mrs. Robert Wagner Leaves Hospital

NEW YORK (AP)—Mrs. Robert F. Wagner, wife of the former mayor, was discharged Sunday from Lenox Hill Hospital, ending a two-week stay for removal of a benign tumor.

"I feel wonderful," Mrs. Wagner said.

Heath, Barnett Attend Area Meeting

Jim Heath, manager of the Chamber of Commerce, and Herb Barnett, director of the Boys Club, attended the annual meeting of the West Texas Area Council of Boys Clubs Saturday in Odessa.

It was one of 32 area council meetings held across the United States.

Heath is chairman of the local expansion committee and an assistant to O. B. Ratliff, who is in charge of Boys Club expansion for the West Texas area.

The West Texas area, with 17 new Clubs last year, was the fastest growing area for Boys Clubs in the country.

Bobby Morrow, well-known Christian athlete, was the principal speaker at the meeting. Boys Club board members and lay workers throughout West Texas were at the meeting.

BIRTHS

A 7 lb. 2 oz. baby girl was born at 3:13 a.m. March 26 to Mr. and Mrs. Don Wills of Fluvanna.

TODAYS MARKETS

FORT WORTH (AP) — Cattle 1,000; calves 400; good steers 25.50-27.00; standard and good heifers 25.00-26.70; standard 21.50; cows 18.00-19.50; bulls 21.50-23.00; standard and good calves 25.50-27.60; standard 24.00-25.00; good and choice steers 24.70-27.20; standard and good heifers 23.00-24.60.

Hogs 400; mixed 1-3 200-260 lb 23.00-23.50; 1-3 330-540 lb sows 20.00.

Sheep 5,700; good and choice spring lambs 27.00-27.50; shorn 26.00; good and choice old shorn lambs 21.00-23.00.

NEW YORK (AP)—Cotton was up to $1.50 a bale higher at noon dosy. Bids: May 28.00, July 26.75, October 22.25.

New Cabinet Named In Indonesia

By DON HUTH

JAKARTA, Indonesia (AP)— A quiet general, a respected sultan and a shrewd politician emerged today as the key men in Indonesia's new Cabinet.

President Sukarno, standing under an ornate crystal chandelier at his palace, Sunday night announced formation of the new government after a week of tough bargaining.

The key men are Lt. Gen. Suharto, who took over the government March 11 after violent student demonstrations against pro-Communists in the previous government; the Sultan of Jogjakarta, Hamengku Buwoni IX, and Adam Malik, who headed Murba, an anti-Communist Socialist organization which was banned in 1965.

Lt. Gen. Abdul Haris Nasution, the former defense minister whose ouster by Sukarno last month set off the student demonstrations, was given the rank of minister and named deputy commander of Kogan, the command in charge of the "crush Malaysia" campaign. What part he will play in the Cabinet was not clear.

There was no appreciable reduction in the size of the government. The previous lineup of 100 ministers, handpicked by Sukarno, was replaced by an inner Cabinet of six deputy premiers, 34 ministers and 39 deputy ministers — a total of 79. Sukarnro remains the head of the Cabinet.

"What was intended to be a tiger has given birth to an elephant," the Indonesian Herald commented.

Students from Jakarta and Bandung were reported planning to demonstrate Tuesday against the new government. The students are dissatisfied because of the number of familiar political faces still in the government and the size of the Cabinet. They also want speedy action to resolve the nation's acute economic crisis.

Suharto in a broadcast appealed to the people to give the Cabinet an opportunity to function. He said the new government is "the first stage and the maximum we can achieve at present. Our struggle is far from complete. However, the dawn of victory is now visible."

The six deputy premiers are Dr. Johannes Leimena, a member of Indonesian governments almost continuously since the early days of the rebel republic of Indonesia; Suharto, the Sultan of Jogjakarto, Malik, Dr. Ruslan Abdulgani and Dr. Idham Chalid. Each was assigned responsibility for a group of ministries or government activities.

Suharto took over six ministries, giving him control of the armed forces, defense and security.

Sukarno said the Cabinet would function under directives from him. "Every minister in the Cabinet is my assistant, carrying out matters which I direct to them," the president said. But, his usual smile was missing and his voice was tired.

Lass Takes LBJ's Eye

WASHINGTON (AP)—A little girl, wearing a bright red coat and with her hair in braids, caught President Johnson's eye Sunday as he arrived for 11 o'clock services at the National City Christian Church.

Patricia Kelley, 6, of nearby Arlington, Va., waved and beamed at Johnson when he got out of his limousine and started up the church steps. She obviously wanted to shake hands but police were keeping spectators at some distance.

Johnson solved her problem by motioning to the girl. He bent down to talk to her and she gave him a kiss on the cheek.

Mrs. Johnson accompanied the President to the services.

JOINS HOLLYWOOD POLITICAL CORPS—Wendell Corey, above, a Republican, tells newsmen in Los Angeles he'll become the latest Hollywood actor to try for state or national political office. Corey, now a Santa Monica City Councilman, will run for Congress. Actor George Murphy is already a U.S. Senator and actor Ronald Reagan seeks the California governorship. (AP Wirephoto)

Two-Faced Drug Showing Promise

By FRANK CAREY
Associated Press Science Writer

PITTSBURGH (AP) — A scientist reported today development of a two-faced, Jekyll-and-Hyde type of cancer-fighting drug which apparently becomes evil only when it hits cancer cells.

It's a new and seemingly safer version of the cancer-attacking nitrogen-mustard drugs that are chemical cousins of skin-blistering poison gases used on World War I battlefields.

The new drug — so far used only in animals but with promising results — has been dubbed a "stingless mustard," in that it attacks cancer cells like conventional mustards, but apparently lacks their unwanted "sting" for normal cells.

Dr. Zinon . Papanastassiou of Arthur D. Little, Inc., Cambridge, Mass., told about it in a report prepared for the 151st national meeting of the American Chemical Society.

He said the synthetic compound — called ADL-45 — has shown high activity against a wide variety of experimental animal tumors, especially against two types of leukemia cells. Further testing is under way, looking towards the possibility of trials in humans, he said.

But he declared in an interview supplementing his technical report that "I am only very cautiously optimistic" about whether it will be useful against human malignancy.

"It is difficult to tell, at this time," he said, "the significance of our work.

"Cancer is a dreadful disease affecting a large number of people, and therefore any agent that looks promising is of interest.

"On the other hand, we are well aware that many new compounds which have been shown to offer some promise in animal experiments have not proved so promising for the clinical control of (human) cancer."

Reds Encourage US Peaceniks

TOKYO (AP) — Red China gave encouragement today to demonstrations in the United States against the Viet Nam war, saying the protests were only "a prelude to still bigger movements of the (American) people."

The Chinese staged their own rally in Peking Sunday to support "the American people's struggle against U.S. imperialist aggression in Viet Nam." The official New China News Agency said 16,000 persons, including representatives of more than 40 countries, attended.

An article in the Peking People's Daily on the weekend protest marches in the United States linked them with the recent renewal of Negro rioting in the Watts area of Los Angeles. The official party newspaper described these events as "signs of a far-reaching change taking place in the United States."

"The American people's new awakening and the recent developments in their struggle show that the newborn America is marching forward," the article said.

These words echoed the line of the principal speaker at the Peking rally, Liao Cheng-chih, vice chairman of the China Peace Committee. Peking radio quoted him as saying that the Chinese admire and firmly support the antiwar movement in the United States.

"This once again demonstrates that on the Viet Nam question the American people stand on the side of the Vietnamese people and not on the side of the U.S. government," Liao said.

North Viet Nam also said the rallies showed a growing anti-war feeling in the United States. The North Vietnamese Communist party paper Nhan Dan spoke of a common struggle by the Vietnamese and American peoples to "defeat the U.S. imperialist aggressors."

Similar demonstrations were held during the weekend in several forerign centers as well as in a score of cities across the United States.

Nearly 7,000 persons assembled in Rome's Piazza del Popolo to hear leftist speakers at a Communist-organized rally denounce "American aggression" while 2,000 persons attended a rival Fascist-sponsored gathering two miles away to support U.S. military action in Viet Nam.

Nearly 2,000 persons attended a rally in Sydney to protest the Australian government's decision to send 20-year-old draftees to Viet Nam. More than 20 clergymen joined professors and members of Parliament at the "no conscripts" rally.

More than 2,000 persons demonstrated in Ottawa to protest Canada's "complicity" in the war. About 100 picketed the U.S. consultate in Toronto.

The largest demonstration in the United States was in New York, where more than 20,000 persons marched down Fifth Avenue Saturday to a rally in Central Park. A group carrying Viet Cong banners was attacked by spectators and a brief fist-fight broke out.

In Detroit and Boston marchers were heckled by counter-demonstrators who hurled eggs and taunts.

Explosion Rips New Mexico Pipeline

GRANTS, N.M. (AP)—An explosion ripped open a 30-inch natural gas pipeline near U.S. 66 just before dawn today.

Gas spewing from the break caught fire. The light was visible as far away as Albuquerque, 60 miles east.

No injuries were reported.

The break in the El Paso Natural Gas Co. pipeline was about one-half mile south of the highway.

An El Paso spokesman, Frank Mangan, said there were shut-off valves in the area and the blaze was isolated in an open, sparsely populated area.

Scout Says Dog Man's Best Guide

MERIDIAN, Miss. (AP)—Joe Buntyn, a 12-year-old Boy Scout, says that dog is man's best guide.

Joe, son of Mr. and Mrs. David Buntyn of Meridian, became separated from his troop Sunday in deep woods, 18 miles from Meridian.

The youngster said he kind of got his bearings and started in the general direction of home. After walking a short distance he came across a stray dog.

According to Joe, the dog led him all the way back to police headquarters in Meridian.

HOSPITAL NOTES

Haven and baby boy, Ed Crowder, Willie Spurlock, Joe Parsons, Sallie Elkins, Gerold Garrison, Phenora McMath, J. D. Scott, Mary Lynn Scott, Katy Phelps.

Automobile Theft Reported To Police

Theft of an automobile from a parking lot at Cogdell Memorial Hospital was reported to police Sunday.

The vehicle, a 1959 light blue Ford, had been parked at the hospital at 3 p.m. and was reported stolen at 6:20 p.m. Police identified the owner as Lenard Garrad, 2300½ Avenue I.

Feed Grain Plan May Be Shunned

WASHINGTON (AP)—A sharp decline in expected this year in the number of farmers participating in the Agriculture Department's program to prevent overproduction of livestock feed grains.

The program offers farmers price supports and payments for holding out of production at least 20 per cent of their feed grain base acreage.

Last year about 47 per cent of the nation's feed grains farmers took part, agreeing to divert 36.5 million acres of the total feed grain base of 133 million acres.

By March 11, only 29 per cent of the farmers had agreed to participate. The signup period ends April 1.

Officials had little hope that participation this year will approach last year.

It is possible many nonparticipants may plant more than their base acreages. This would cancel out an equal amount of acreage diversion by participants.

The result could be a feed grain crop considerably above needs, adding to reserve supplies which are still above reserve needs despite curtailment of feed grain production since 1961.

Stork Delays Wedding

HOLLYWOOD (AP) — The stork delayed a celebrity wedding Sunday, but not for long.

Two hours before Robert Goulet was due at the wedding of Glenn Ford, 49, and Kathryn Hays, 31, his wife, Carol Lawrence, gave birth to an 8-pound, 5-ounce boy.

Goulet stayed at St. Vincent's Hospital long enough to make sure all was well, then dashed off to Westwood Community Methodist Church.

He sang "The Lord's Prayer" and "How Do I Love The," then returned to the hospital.

Ford's best man was his son, Peter, 21. Peter's mother is dancer Eleanor Powell, whom Ford married in 1943. They were divorced in 1959.

Miss Hays, a television actress, is the daughter of Arnold R. Gottlieb of Joliet, Ill.

Pontiac Motor Division

It's 1968.

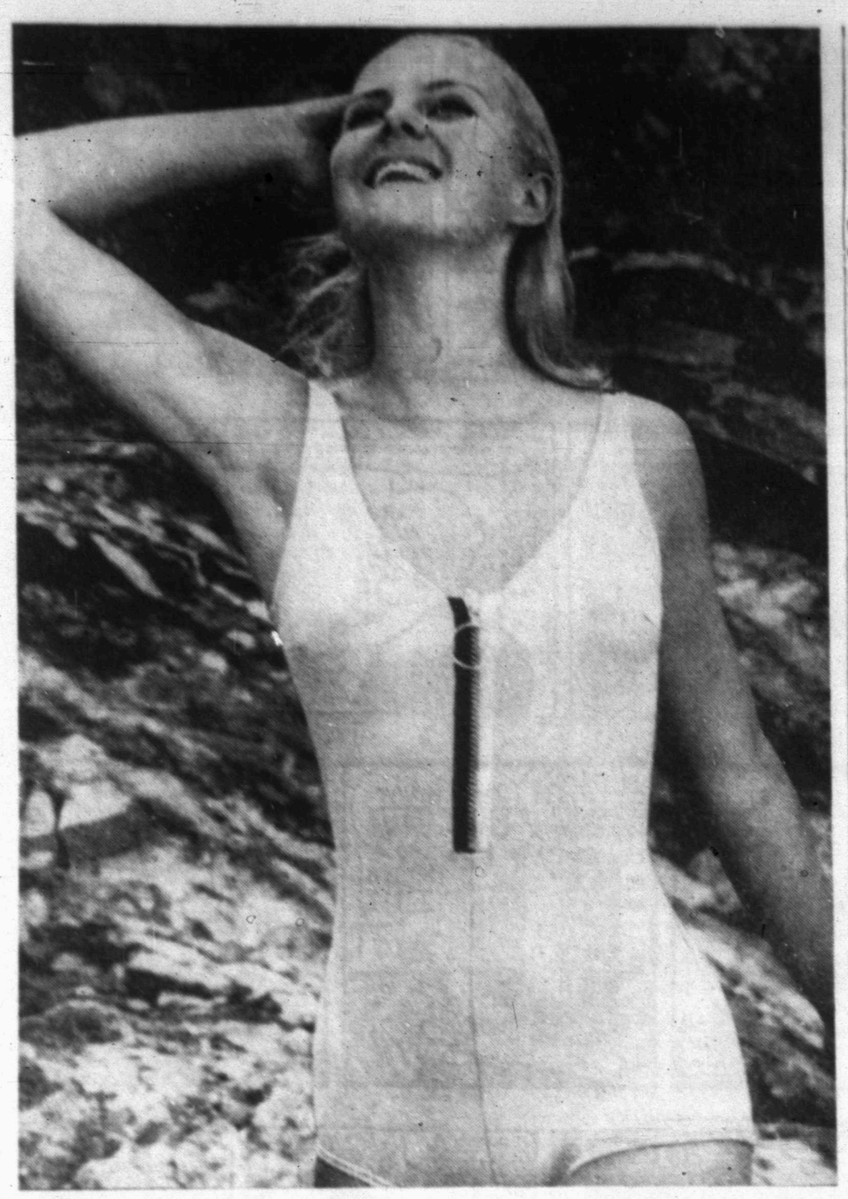

(Aren't you glad you bought a Pontiac?)

Sure you're glad you picked a Wide-Track Catalina back in '66. Because year after year the record book shows Pontiac with one of the best resale values in the industry. After all, used car buyers go for that handsome Pontiac styling and lusty performance, too. For the steady Wide-Track ride, and everything else that has made us third in sales every year since 1961. (We know it's still '66—still time to price a Catalina.)

Wide-Track Pontiac Catalina
(A big, powerful Pontiac for less than $3000*)

*Manufacturer's suggested retail prices for 2- and 4-door sedans and 2- and 4-door hardtops are all less than $3000. These prices include excise tax and suggested dealer delivery and handling charge. Transportation charges, state and local taxes, accessories and optional equipment additional.

How To Be 'Someone Special'

One of the best compliments that can be paid you is to have others say you're a very special person. To have others think you are special you must feel that way about yearself. This feeling begins with self-esteem.

There are big and little ways for developing this sense of your own value. Here are a few of them:

Can you admit your need for the regard and respect of others? Love cannot be demanded even from those close to us. Love must be earned. This is readily done when we fill a special need in another's life. In turn, we must gratefully accept from others. Appreciation is a two-way process.

Are you aware of those things you do well? Accomplishment is one of the best cures for a feeling of inadequacy. Everyone derives satisfaction from doing something well. Of course, one does not boast about these things. A gracious woman waits for others to toss the complimentary bouquets.

Do you apologize for being "Just a Housewife"? Homemaking in today's life is such a versatile and demanding occupation that it cannot be labeled ordinary. No woman should apologize for the way of life she has chosen. The woman who works outside the home, whether by choice or from necessity, should for her part not be apologetic because she works. Whether it is a case of disliking housework or loathing an outside job, keep it to yourself. There is something unattractive about persons who dislike their work and tell the world about it. The believing the fault is in the person, not the work.

Do you have one or more interests outside of homemaking? Adults need diversion from their daily occupation, whatever it is. A homemaker becomes special when she can talk of something other than her housekeeping tasks.

Do you always build their father up to your children? This is one of the best ways of installing pride in their family name. It also gives a child a feeling that he is someone special to have such a father. The mother who confides her husband's limitations to her children is filling their mind with uncertainty about their family status.

Are you aware you are "someone special"? Avoid getting into any kind of rut, and neither you nor you family will take you for granted. Be adventurous and experiment. You will be surprised and rewarded if your husband whistles at you when you get a new hairdo. Even if your family complains that your former hairdo was prettier, don't be hurt. At least you have made them sit up and take notice. They are aware that you are "someone special."

Glaciers cover about one - tenth of the earth's land surface and contain almost one per cent of the world's water.

Patterns Discussed At Session

What size pattern should you use when you sew? How do you find out what size pattern is best for you and how much material to buy? Answers to these and other questions of beginner dressmakers were given at the first meeting of a clothing workshop Tuesday night by Miss Ruby Butts, County Home Demonstration Agent, at the meeting hall of Our Lady of Guadalupe Church.

There is a wealth of information on the back of a pattern envelope, Miss Butts told the group. It tells you the pattern measurements for all the sizes the pattern is made in, the amount of material needed to make the garment, the zipper, buttons, and other things needed to make the garment, and suggests kinds of fabric to use.

Those present were: Mrs. Eusevia Alvarez, Mrs. Mercedes Tovar and Virginia Tovar, Mrs. James Bass and daughter, Patsy, Mrs. Leon Vargas III and Miss Juanita Gutieriez.

This group of homemakers will meet at 7:30 p.m. Tuesday night, March 29, at Our Lady of Guadalupe Meeting Hall to organize a club. The advanced sewing group will meet on Tuesday Night, April 5, at 7:30 to begin a clothing workshop. Any homemakers interested are invited to become members of this group.

Frozen Jigger Cream

1 cup heavy cream
Pinch of salt
2 tablespoons granulated sugar
½ teaspoon vanilla

Beat the cream until almost stiff; add remaining ingredients and beat until stiff. Fill paper jigger cups (3 - tablespoons size) with the whipped cream; place in a pan and freeze until firm. Wrap for freezing and store in freezer. Makes 11 to 12. To serve, let stand at room temperature for about 20 minutes to defrost; serve right in jigger cups.

Let your prayer be without words rather than your words be without prayer. Bible Book Store. 1403 Lubbock Highway.

GETTING UP NIGHTS MAKES MANY FEEL OLD
After 35, common Kidney or Bladder Irritations often occur and may make you tense and nervous from too frequent passages both day and night. Secondarily, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at druggists. Feel better fast.

Amateur Involved In Thriller

SALUTE FROM A DEAD MAN. By Donald MacKenzie.

A little roll of film, containing secret electronics data, is the prize for which the good guys and the bad guys contend in this rugged and tense suspense novel.

It had been planted in the handbag of young, lonely Linda Swann, who unsuspectingly carried it past the security guards of a secret laboratory in London. But then Linda discovered the film, guessed at its importance, and refused to turn it over to her scheming lover, Hugh Morgan—who happened to be a Communist agent, thought she hadn't known that.

In panic, she dumped the small package into the custody of a bartender whom she scarcely knew, Ritchie Duncan. And that touched off the whole sequence of hide and seek, mayhem, kidnapping and murder. Ritchie is the hero of the plot, but certainly no secret agent himself.

He was the black sheep member of a respectable family, with a record of thievery and three prison terms in five years. With that background, how should he turn to the police when he found himself battling for his and the girl's lives? But he does get some help from a couple of friends who also have been on the wrong side of the law, Chalice and Crying Eddie.

In this genre of writing, we don't expect the motivation and characterization to be very deeply developed. The main thing is the story, with its fast pace, realistic danger and convincing atmosphere. This is one of the better examples of its kind, written by an expert.

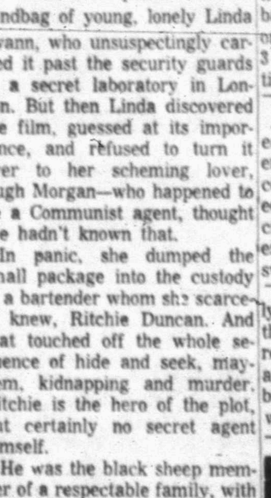

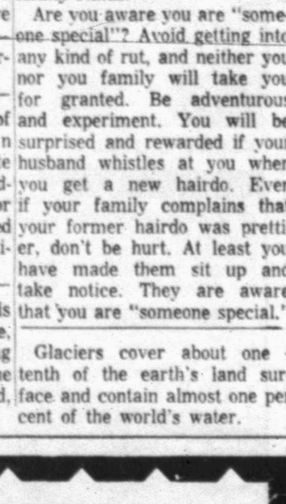

Tarragon Egg Salad

6 hard - cooked eggs
¼ teaspoon salt and ⅛ teaspoon white pepper
¾ teaspoon prepared yelow mustard
2 tablespoons mayonnaise
2 teaspoons tarragon vinegar
Dried crushed tarragon to taste
Lettuce

Cut eggs in half lengthwise and remove yolks; mash yolks with all the ingredients except the lettuce. Stuff yolk mixture back into egg cavities. Serve on lettuce. Makes 4 servings—3 stuffed egg halves per portion.

MILK CHOCOLATE: Kind of eating chocolate most often encountered. Milk chocolate combines chocolate liquor, added cocoa butter, sugar, milk or cream, and vanilla. Processed essentially like sweet and semi-sweet chocolate.

Still Young Year Of '66 Boasts Full Set Of Woes

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The year 1966 seemed almost uncomplicated, starting out. There was the Vietnamese war, of course, and the question of whether or not to resume bombing.

One of the major visible problems was President Johnson's task of getting his programs through Congress. Then he ordered bombing resumed. And then one thing led to another.

Critics in and out of Congress called for restraint in Viet Nam. Johnson said he was full of restraint. They had all kinds of suggestions on how to fight the war but practically no solutions.

There were street demonstrations against the war all over America, and as recently as last Saturday. But all this was only part of Johnson's troubles. French President Charles de Gaulle, as usual, became a problem.

He rocked NATO, the 15-nation Atlantic Alliance, by declaring he would pull French forces out of the integrated command system and oust from French soil all foreign troops and bases — meaning NATO's — not under French command.

Then unexpectedly Portugal suddenly said the West should no longer expect "automatic cooperation" from her. Portugal is miffed at the United States for several things, particularly for aiding countries she dislikes.

But, before Portugal gets over its peeve, it may cancel the permission it gave this country back in 1947 to use its Azore Islands for U.S. air and naval bases.

Some experts on Red China, and some people not so expert, have called on the United States to end its efforts to keep the Communist giant out of the United Nations.

These efforts, successful since 1950, may be no good any more. Year by year the United States has been losing votes on the question of keeping Red China out. So out of necessity it may agree to let Red China in.

But if it does, it will have to insist its ally, Chiang Kai-shek, whose Nationalist Chinese occupy only Formosa but claim to be the government of all China, can stay in the United Nations.

Since Red China has indicated it will refuse a U.N. seat so long as Chiang stays, the United States may hope to accomplish by the appearance of agreeableness what it probably no longer can do by opposition.

In Viet Nam events have taken a rather ghastly turn. Without American support the South Vietnamese couldn't last five minutes against the Viet Cong. Sometimes they look almost politically irresponsible.

The Buddhists, who helped topple President Ngo Dinh Diem in 1963, now want the military government of Premier Nguyen Cao Ky, which is supported by the United States, ousted and replaced by a civilian government promptly.

If these tactics continue, and if South Viet Nam tumbles into political chaos, American statements that it is there to protect the freedom and democracy of South Viet Nam may look like a

George Meany, AFL-CIO president, must have shaken Johnson a bit although the President didn't show it, by blasting the Democrats whom his organization has backed for years. He urged unionists in the 1966 elections to vote for men, regardless of party, who helped labor.

And, looking at the booming prosperity, some economists in and out of government have urged a tax boost to prevent inflation. Johnson says he's watching it every day, doesn't want to put the brakes on too soon.

Persia changed its name to Iran 30 years ago, but the new name never really caught on.

To Scoop Or To Cut Fine Cheese?

By BOB TUCKMAN

LONDON (AP) — "It is sad to report," said the letter to the Times of London, "that yet another controversy is poisoning the atmosphere in which men of good will once believed they could live happily together."

The controversy?

It's a fight about cheese — Stilton cheese.

On one side are the Stilton cutters — those who would use a knife to slice this strong-tasting cheese.

In the opposite corner are the Stilton scoopers — those who would scoop out the cheese with a large spoon.

The controversy flares not only in the august pages of the Times. The British Broadcasting Co. also is interviewing experts on both sides of the cheese.

The cutters' argument is summed up in an article in the trade magazine, Caterer and Hotel Keeper. It advocates cutting Stilton to avoid waste.

The scoopers, on the other hand, contend that only by scooping can the flavor of Stilton be retained.

Roy MacGregor-Hastie of London, in a letter to the Times, advocated a bit of cutting but clearly favored scooping.

"Farmhouse Stilton, sir, should be cored at 18 months, moistened with port in the core, topped, and then scooped," he wrote the editor.

"Only in this way does the scent and flavor come through."

Philip Harben, a culinary expert who gives cooking lessons on British television, seemed to favor cutting Stilton. He objected violently to adding port wine.

He wrote the Times: "In those parts of Leicestershire and Derbyshire where most Stilton is made, the practice of scooping is abhorred, for it rapidly puts the fine cheese into bad condition. Whereas slicing ensures that it remains bland and creamy instead of rank and dry from over-exposure to the air."

John Easom, secretary of the Stilton Cheese Makers Association in Leicestershire, came out squarely behind the cutting method.

Plane Tests New System

FORT WORTH (AP) — An F111A variable-sweep wing fighter plane, using its terrain-following radar system, has been flown from California to Texas at an altitude of 1,000 feet above the ground.

Two U. S. Air Force pilots aboard said the craft maintained an even 1,000 feet altitude over mountains and valleys, the sea level elevation of which varied from 500 feet to 10,000 feet.

The flight, made Friday and announced Sunday, was made from Edwards Air Force Base, Calif., to the General Dynamics plant at Fort Worth, a distance of 1,045 nautical miles. It took three hours.

Lt. Col. R. C. W. Bleasley and co-pilot Lt. Col. James W. Wood said about half the distance was flown in automatic mode, with the radar system maintaining the 1,000 feet clearance above ground without help from the crew.

Junior Editors Quiz on POLICEMEN

QUESTION: When did America first use police and why are they called cops?

• • •

ANSWER: In England of earlier days, men over 16 stood "watch and ward" duty in their communities, acting as police for public protection. This system was brought to America by the early colonists. At first the men served without pay, but in 1838 Boston organized a paid force of six men to guard the city through the day. In 1844, an 800-man police force was set up in New York City. Other cities soon followed suit with similar police departments.

These first policemen wore large copper stars as distinguishing marks. It is believed that policemen were called "coppers" or "cops" because of these stars. Another theory about the origin of the policeman's nickname is that it came from the initial letters C. O. P. which stood for "constable on patrol".

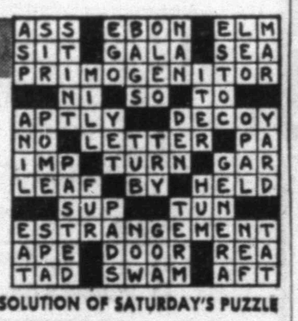

There is no central agency which controls the police system in the United States as there is in most European countries. We have local police forces for our cities, towns and villages; county police, headed by a sheriff or chief of police; and state police. Then there is a federal police agency whose members track down people who violate federal laws. These agencies cooperate closely together.

• • •

FOR YOU TO DO: Remember that you can always ask a policeman to help you. He's your friend. 3-28

(Debra Thomann of Alexandria, Va., wins this week's grand prize of a 15-volume set of Compton's Pictured Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Snyder Nine Breaks Even

ANDREWS—The fighting Snyder Tiger baseball team socked Alpine, 15-0, in their second tilt of the Andrews Invitational baseball tournament before falling, 8-2, to Lamesa in the Consolation finals.

The lop-sided tussle with Alpine was called to a halt after 3½ innings of play. David Holt and Bobby Clardy, the winning pitcher, paced the Tiger attack, each going 3 for 3 at the plate. Bobby pitched a 1-hitter.

Clardy socked two doubles and David Holt cracked one. Holt was credited with four rbi's and the pitcher smashed in two. David Cadena and Roy Kizer each collected two hits in three appearances. Cadena rapped in two runs and Roy drove in three. One of Cadena's hits was a double, and one of Roy's was a three-bagger.

Rapping singles were Mac Galyean, Ray Kizer, Robert Hobbs and Terry Holt. Hobbs' hit was a double which drove in two runs in the 1st inning.

Holt and Ray Kizer each smashed in a tally.

Vasquez was knocked off the hill in the 1st, Sanchez also lasted only one inning. And Espinosa was shaky in relief until the officials halted action.

Ray Kizer and Roy Kizer each batted in a run in the second game. Ray led local hitters with three hits in as many appearances. He tripled in the 1st and scooted home on Roy's hit. Ray batted in Terry Holt in the 2nd after the little shortstop was hit by a pitched ball, and advanced on a fielder's choice and another pitching miscue.

Other Tiger hits were collected by David Holt and David Cadena.

Lamesa hit Roy Hunter and Lane McMillan for 8 runs on 12 safeties. Little Amador Tijerina cracked a triple and went 3 for 4 to lead the Tornado attack. Two hits each were registered by Willie Tijerina, Beaty, and Connie Mills.

Mike Benton, who relieved Russel in the 3rd was the winning pitcher.

SNYDER POINT-GETTERS — All four of these members of the Snyder High Track Team contributed points in individual events Saturday at the Hi Plains Invitational Meet at Plainview. From left are Jackie Rice, who won the pole vault; Vernon Clay, who finished third in the pole vault; Curtis Clay, who won the 220 yard dash, and Ronnie Hardwick who won the 100 yard dash.

AMASS 188 POINT TOTAL

Bengals Dominate High Plains Meet

Snyder High School's Track and Field team completely dominated Division II of the Hi Plains Invitational Track Meet Saturday at Wayland Baptist College in Plainview.

The Black and Gold thinclads copped first place medals in 11 of 14 events and rolled up a total of 188 points to sweep to the meet title. At the same time, the Snyder B team, competing in the same division, which was composed of Class AAA and Class AA teams, picked up 14 points of its own, making a grand total of 202 points for Snyder performers.

Both Snyder relay teams won their events with relative ease, with the 440 team logging a time of 43.6 seconds and the mile relay team coming in at 3:31.6 on a slow, windswept track.

Jackie Rice won the pole vault at 12 feet, while Vernon Clay was third at 11-3. Rice cleared the 12-foot mark easily, but didn't attempt a greater height since no one else got past 11-6. Jerry Simons won the shot put at 49-7 and Terral Austin placed 5th. Steve McMahan won the high jump at 6-1 and Rice was fourth.

The Tigers got first and second in the 100 yard dash, with Ronnie Hardwick winning it with a time of 10.4 and Rice coming in second just a step behind. Teddy Brown won the 440 yard run at 51.7 and M. C. Powell added more points with a third place finish in that event.

Snyder placed first and third in both hurdles events. Leon Riggins won the 120-yard high hurdles at 15.4 and the 180-yard low hurdles at 20.5, while Steve McMahan was third in both hurdles. The low hurdles were run on a curve, which accounted for slower then ordinary times.

Curtis Clay ran a 22.9 to win the 220 yard dash, and Roy Taylor hurled the discus 139-7 to win that event.

Rudy Benitez placed third in the mile run, Powell was fourth at 20-2 in the broad jump, while Rob Golden was fourth and Tom Page was fifth in the 880 yard run. The latter three events were the only ones in which first place medals eluded the Tigers. Hereford, with 102 points, placed second in the AAA-AA division of the meet.

Coaches Jim Stehley and V. V. Shearburn will take their Snyder High track team to Seminole Saturday for their next competition.

Ag Hold Slim Lead

By The Associated Press

Texas A&M, with strong pitching and clutch hitting, has moved into first place in Southwest Conference baseball with a fourth of the schedule complete.

But it's very close and the only team to beat the Aggies—Baylor—is in a virtual tie for the lead. The Aggies have a 3-1 record. Baylor is 2-1 because it got mixed in a tie game with Rice and will have to play it over.

Texas, the defending champion, lost two games and plunged to third. And one of the teams that beat Texas—Texas Christian—is in fourth place.

The Aggies were most impressive when they whipped Texas 9-0 Saturday to surge into undisputed first place. Southpaw Steve Hillhouse was invincible as he held the Longhorns to five hits.

It's a busy week but only six of the 11 games are conference affairs as Baylor, Texas Christian and Southern Methodist meet Kansas State while Rice goes to Bloomington, Ind., to play Indiana.

The Aggies risk their lead against Rice at College Station Wednesday while Southern Methodist, which won its first conference game last week—8-1 over Texas Christian in an upset—takes on Texas at Austin. They also play Thursday.

Texas Christian and Baylor have a two-game series at Waco Friday and Saturday.

Girls End 'Ball Season

LAMESA—The Snyder High School volleyball team lost two of three tilts to Sweetwater in their first match of the district volleyball tournament here Saturday.

Coach Janet Wesson's girls won the first tilt, 15-10, then dropped the next two, 12-15, and 7-15.

Ro An Cobb and Shirley Dickey tied for high point honors with seven each.

The match Saturday ended the season for the Snyder girls. The varsity finished with a 5-7 record, while the "B" girls compiled a 7-2 standing.

Brenda Dyess, Shirley Dickey and Susan Ivison were elected tri-captains of the varsity team. RoAn Cobb and Helen Rios were chosen captains of the "B" team.

Doug Sanders Takes First

By F. T. MACFEELY

JACKSONVILLE, Fla. (AP) — Winning $13,500 first prizes in golf tournaments is pleasant, but there's bigger money to be made and Doug Sanders is after it.

His immediate goal is winning the Master at Augusta April 7-10.

"I'm seriously going to try to win one of the four major tournaments this year," he said after pocketing first money in the $82,000 Greater Jacksonville Open Sunday.

His manager, Mike McCormick of Cleveland — who also handles business for Arnold Palmer, Jack Nicklaus, Gary Player and a few other big name golfers — told Sanders he could make a great deal more from endorsements if he could win one of the big ones.

This year he won the Bob Hope Desert Classic before taking the Greater Jacksonville Open with a record 273. It beat the 285 mark set by Bert Weaver a year ago when the event was first played at the 6,906-yard par 72 Selva Marina course — in wind and rain.

In addition to his two victories, Sanders might have had a third except for the new-famous incident of the unsigned scorecard at Pensacola three weeks ago, when Sanders was 14 under par and four strokes ahead of Gay Brewer Jr., but was disqualified.

Sanders said he thought of that occasion as he walked down the 18th fairway Sunday toward the ball he had just knocked into a sand trap flanking the right side of the green.

Brewer had birdied the last two holes for 274. Sanders knew he needed a birdie to win.

His wedge shot from the trap was 14 feet short of the hole, but he sank the putt and collected $13,500 while Brewer had to settle for $7,200.

JH Teams Compete

Snyder Junior High track teams picked up only a sprinkling of points in the 16-team Abilene Junior High Invitational Meet Saturday.

In the 9th grade division, Lamar placed 12th with 6 points, while Travis was 13th with 3.

Lamar's points came on a third place finish by Morris Smith in the 330 yard dash, a fifth place by Smith in the broad jump and a fourth place by Mitch Rambin in the pole vault. Eloy Benitez got Travis' three points with a third place finish in the 1320 yard run.

In the 8th grade division Willis Harrison placed fourth in the 50 yard dash and fifth in the 100 yard dash to get 3 points for Travis, while Neal Rinehart placed fifth in the 50 yard dash to get Lamar 8th's only point.

Both 9th grade teams will go to Midland for a meet Saturday, while 7th and 8th grade teams of Travis and Lamar will host their own meet here Friday afternoon.

Snyder Boy Wins

John Leftwich, son of Mrs. John Leftwich of Snyder, won the championship of the annual Wild Wind Open, held Sunday at the Elm Fork Public Gun Range in Tyler. He participated as a member of the Tyler Gun Club.

John shot 99 out of 100 and then won a shoot-off over a veteran marksmen, Sam Skidmore of Dallas.

Nashville Wins With Nera White

By HOWARD GRAVES
Associated Press Sports Writer

GALLUP, N.M. (AP) — Nashville, Tenn., holds an unprecedented fifth consecutive National Women's AAU Basketball Championship today.

And much of the credit goes to 30-year-old Nera White, called the greatest women's basketball player ever in the United States.

Miss White, who spends weekends farming on a ranch near her Lafayette, Tenn., home, took the Nashville Business College team in two Saturday nights for a 59-33 victory over Plainview, Tex.

Raytown, Mo., edged unseeded Pasadena, Tex., 69-62, for third place in the 38th annual tournament.

An overflow crowd of nearly 3,500 gave Miss White a standing ovation when it was announced she had been named to the AAU All-Star team for the 12th straight year.

This, too, was unprecedented. She also was named the tournament's most valuable player for the second straight year.

The 6-foot star was given a bouquet of flowers by women's AAU basketball chairman Nickee Mickelsen of Kansas City, Mo., and a trophy by Miss America 1965, Vonda Kay Van Dyke, for her all-star feat.

A teammate, Joan Crawford, was named to the AAU All-Star team for the 10th straight year.

Nashville wound up 24-0.

Plainview Coach Harley Redin declared, "Nera is the greatest I have ever seen in 11 years of coaching. She's the only woman who can do everything — rebound, defense, handle the ball and score.

"She can maneuver like any man basketball player. She's strong, fast and doesn't make many mistakes."

Miss Mickelsen said, "Nera White is the greatest woman basketball player ever in America."

Nashville Coach John Head, who has been the Nashville coach for 30 years, said, "This has been Neras best season."

Miss White scored 24 points and Miss Crawford had 18 against Plainview.

Golf Team Places 4th

Snyder High School's golf team placed fourth in the first round of the District golf matches at Levelland Saturday. The host Lobos took the lead with a 324 score.

Scores of other teams after the first round: Sweetwater 325, Lamesa 330, Snyder 331, Lamesa No. 2 team 346, Snyder No. 2 team 368, Sweetwater No. 2 team 370, Littlefield 372, Brownfield 389, Levelland No. 2 team 389.

The second round will be held at Lamesa Saturday, and then after a week's layoff, the third and final round will be held in Sweetwater.

Scores of the Snyder teams: Team No. 1—Don Copeland 77, Larry Anderson 81, Alex LeFeuvre 85, and Bill Taylor 88. Team No. 2—Jimmy Hogan 94, Mark Wilson 90, Bobby Birdwell, 88, and Bill Blum 96.

Medalist was Joe Tubb with a 73. Whittaker of Sweetwater fired a 74 for runnerup honors.

Coach of the Snyder boys is J. P. Ward. The top two individuals and the top two teams after the third and final round will compete in the regional tournament at Odessa.

Snyder is less than two strokes per boy off the leading pace.

Tennis Team Wins Six

The Snyder High School tennis team won six matches and lost four at Levelland Saturday with the hosts and Brownfield providing the opposition.

In the No. 1 singles match, Gordon Stokes beat Terry Thomas of Levelland, 6-4, 6-3. In other singles matches, Mickey Almond beat Leland Yeary of Levelland, 6-2, 6-2; and, Wayne Anderson defeated the Lobos' Earnie Stern, 6-4, 3-6, and 9-7.

In the doubles matches, Jerry Bell and Sandy Wellborn lost to Bill Parker and Warren Borders of Levelland, 6-4, 6-2. They also lost to Terry Thomas and Leland Yearly of Levelland, 6-1, 6-2.

Sandy wasn't feeling good during the morning matches, said Coach Ken McAllister, but he felt better in the afternoon and the results show it. He and Jerry teamed up to defeat Gary Stephenson and Dickie Zimmerman of Brownfield, 4-6, 8-6, and 7-5. The Brownfield team had defeated the same Levelland team that beat Snyder in the morning round.

Gary Sanders and Wayne Anderson lost to Kelly Pitts and Mike Worley of Levelland, 6-3, 6-4 in another doubles match.

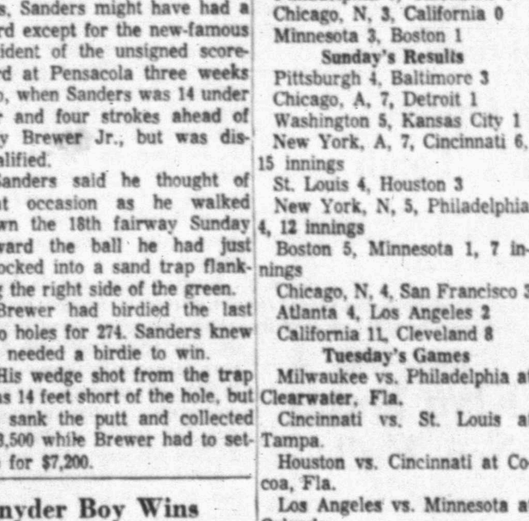

Sands and Almond lost to David Sharbet and Earnie Stern of Levelland, 6-3, 4-6, and 6-4. Then Stokes and Almond teamed up to defeat Warren Borders and Bill Parker of Levelland, 13-11, 6-0. Stokes also defeated Mike Cagle of Brownfield, 6-3, 6-4, in a singles match.

Seminole will be here Tuesday for some matches.

BUSINESS and INDUSTRIAL NEWS

IMPROVEMENT PROGRAM — L. A. McClanahan, operator of Jack and Jack Realty Co. on the East Highway, said his firm is engaged in "outside repairs" to all of their houses through an FHA home improvement program. McClanahan stands in front of a "typical" house handled by the firm. FHA or conventional financing can be arranged. (Staff Photo).

Jack & Jack Realty Keeps Houses In Good Condition

"We try to keep our houses in good condition so that neighborhood values will improve and the town will look nicer," said L. A. McClanahan.

He is operator of Jack and Jack Realty Co. on the East Highway. And his philosophy in real estate was developed from over 20 years experience as a carpenter, home builder and realtor.

McClanahan said that everyone benefits from improved home values.

"And the surest way to improve the value of a neighborhood is to keep the houses in good repair,' he added.

Jack and Jack Realty puts its phillosophy into practice. The firm currently is engaged in an FHA program whereby all of its houses "will be fixed" on the outside, according to McClanahan.

Houses, like cars, are easier to repair if they are maintained in good condition, he pointed out. McClanahan said he and his employes appreciate everyone's help in keeping houses in a good state of repair.

"We've got homes in virtually every part of town to fit just about every budget," the realtor pointed out. Whether you want to rent, buy or sell, the friendly, experienced personnel at Jack and Jack Realty Co. are just the people to see if you want top value for your money.

The firm maintains quality listings for city houses and farm or ranch properties.

Although Jack and Jack is engaged in a large outside improvement program through the FHA, the firm needs the cooperation of renters when it comes to repairs.

We can't repair anything unless our patrons let us know there is something wrong, said McClanahan. Needed repairs get prompt attention.

Communist Party's Congress Opens With Pilgrimages To Lenin's Tomb

By HENRY S. BRADSHER

MOSCOW (AP) — Communist delegations from around the world made pilgrimages in the rain to Lenin's tomb today as Moscow prepared for the opening of the Soviet Communist party's 23rd congress.

Delegations from more than 40 foreign countries and 5,000 Soviet delegates to the congress thronged the hotels, trudged through museums and went window-shopping.

More foreign delegations were arriving constantly. Only the Communist parties of Albania, New Zealand and Japan have joined the Chinese Communists in boycotting the meeting. Delegates have arrived from North Viet Nam and North Korea, which once sided with Peking in the dispute with Moscow but now take a more neutral position.

The congress, first since 1961, opens Tuesday in the modernistic Palace of Congresses in the Kremlin.

The chief scheduled business is adoption of directives for the Soviet Union's 1966-70 economic development plan. The unannounced business that is expected to attract the most attention will be comment by the party first secretary, Leonid I. Brezhnev, on his predecessors, Joseph Stalin and Nikita S. Khrushchev.

Communist sources say Brezhnev will mention them both as historic figures that cannot be ignored by the party.

A group of 25 Soviet party intellectuals and the Italian Communist party have warned that any softening of Khrushchev's denunciation of Stalin would be a mistake. But indications so far are that some of the blame once put on Stalin is now being quietly ignored.

Khrushchev, missing from public mention since his ouster 17 months ago, has been indirectly blamed for mistakes.

There is no indication that the Moscow-Peking dispute will be discussed openly at the congress. But the war in Viet Nam is expected to be discussed.

A clue to the new official line on Stalin appeared Sunday in newspaper articles praising the memory of party leader Sergei M. Kirov. The articles made no mention of previous suggestions that Stalin had him murdered in 1934 because of personal rivalry.

The destalinization campaign began when the 20th party congress in 1956 heard the 'secret speech" by Khrushchev listing Stalin's crimes. During the speech Khrushchev said there were many "mysterious" circumstances surrounding Kirov's murder.

Kirov's assassination was used by Stalin as the excuse for launching the great purge of the 1930s.

Airlines Get Viet Contract

TRAVIS AIR FORCE BASE, Calif. (AP) — Braniff International and Airlift International have received contracts to expand the Military Airlift Command's transPacific operations supporting American forces in Viet Nam.

Braniff is due to open an office in Travis by May 1 and will staff its first transPacific operations with 134 employees, including 14 plane crews.

Airlift Internationa, which has headquarters in Miami, Fla. will employ 17 four-man plane crews on its flights to Southeast Asia. It is to open an office in Travis April 1.

Negotiations are also underway for a transPacific contract with American Airlines with operations expected to start about July 1, a 22nd Air Force spokesman said.

Eleven other civilian carriers already are supplementing military aircraft with cargo and passenger flights to Southeast Asia.

Klan Forms New Units

HOUSTON (AP) — Ku Klux Klan leaders say they have formed two more units in Galveston County, bringing the county's total to five.

John Aspinwall, said in Houston the two new Klan units were formed Sunday afternoon to operate on Galveston Island.

Aspinwall, grand klalif (vice president) of the Texas group, declined to say how many members were in the units, stating only that "according to Klan law, 25 to 250 men make up a unit."

Jack Cannon, who replaced Royce McPhail of Crockett, Tex., as grand dragon (president) of the group, said in Beaumont the Klan's "recruiting in the Galveston area has been even better than expected."

Cannon was elected Feb. 13 to replace McPhail, who resigned, saying the Klan was bent on violence. Both Aspinwall and Cannon have denied McPhail's claims.

Only the two Galveston units have been formed in the past few weeks, Aspinwall said, adding, "We've been pretty shook up about this McPhail resignation thing and we're just now trying to get back to normal."

The world's 25 largest man-made lakes have been created in the past generation. The oldest, Lake Mead, began forming after Hoover Dam was completed on the Colorado River in 1936.

Bright Future Expected For Airlines

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — One chief executive who is looking forward to his stockholders' meeting next month is William Allan Patterson, United Air Lines board chairman. His reasoning is simple.

"When you report net profits up 67 per cent over the previous year," he says with a grin, "you don't have to deal with cantankerous stockholders. The meeting should be short and sweet."

Patterson will be leaving April 30 after 34 years with the company. And he says if you think the industry has seen marvelous changes in those years — from flying crates to superjets — you haven't seen anything yet.

"Commercial traffic by rockets is coming for sure," he said in an interview. "I can't give you a date. But some day you'll fly by rocket from New York to Manila in 45 minutes at 17,000 miles an hour, perhaps 70 miles above the earth."

Looking closer at hand, he thinks the passenger loads on the airlines will double by the early 1970s. It will be due mainly to the younger generation being airminded, and more affluent.

Big problems facing the industry in the next few years will be: financing the new jumbo jets and the supersonics of the future, getting personnel to fly and service the more intricate planes on the way, and above all doing something soon about today's airports.

Patterson calls many of them a mess, especially their terminals. He cites long walks to planes, crisscross traffic in the terninals themselves.

"The only thing pleasant anymore," he says, "is after you're on the plane and in the air. On the ground it's a pain."

Financing the supersonic planes, Patterson suspects, will depend a lot on how much of the tab of developing them for commercial use the government will pick up.

"The commercial version will have to be a lot different from the ones the government is developing for the military, "Patterson says. "But the biggest problem won't be how the airlines will pay for them. They'll find a way. The rub will be what to do about the sonic boom. I expect the first supersonics to be used on overseas routes because of public resistance to the boom over heavily populated areas."

Many airlines are in better shape now to finance the upcoming round of plane buying, this year and through 1969. They have larger cash flows — $700 million of earnings and depreciation in 1965 compared with $270 million a year when the first jets were being bought.

United itself placed $66.5 million of 4 per cent convertible debentures and $175 million of 5 per cent 20-year notes last year before the big rise in interest rates. It also is saving on taxes by leasing some smaller jets for short-haul runs.

"But mistakes will be made," Patterson predicts, "And there'll be ups and downs in the industry and in the economy in general despite all the new economics. Tomorrow's mistakes are likely to be bigger than when the industry was young.

"Today, with United's net operating revenues in excess of $792 million, a $1 million mistake could be made without it even showing. I can remember when a $50 mistake caused a big ruckus. Why, I even used to watch the paper clips and stationary in the office."

Mineral Deposits High In Texas

AUSTIN (AP) — Texas has more than 3 trillion tons of high-purity limestone and dolomite, the University of Texas Bureau of Economic Geology says.

The bureau inventories limestone and dolomite resources—one of the state's largest mineral industries—in a new publication, "Limestone and Dolomite Resources, Lower Cretaceous Rocks, Texas."

Limestone production value in Texas last year totaled more than $30 million, the report says.

White Elephant Inherited From Trujillo Dictatorship

By ROBERT BERRELLEZ

SANTO DOMINGO, Dominican Republic (AP) — The Dominican government has an ocean-going white elephant inherited from the Trujillo dictatorship.

It's the yacht Patria, and it's for sale. But don't start bidding unless you have $800,000. Dominican navy officials say that's the minimum the government could ask for the 316-foot, 2,300-ton auxiliary yacht.

Tall, sleek and proud, the powerful Patria sits amid the oily rubble of a Dominican navy yard, like a fading, bejeweled dowager gone slumming.

A lot of high-priced life has been crammed into her 35 years. Down to the gold-plated bathroom fixtures, the yacht is a testimonial to the wealth this little Caribbean country can manage when it isn't at war with itself.

The Patria owes part of her value to Ramfis Trujillo's failure to make the grade at a U. S. military officers' school in June 1958.

Ramfis was Rafael Trujillo Jr., playboy son of the yacht's owner, the Dominican dictator.

Angry at the humiliation of his school report, young Trujillo dashed off to Hollywood to set the yacht off on her last big fling. She was then known as Angelita, after one of the dictator's daughters.

On urgent call from Ramfis, the yacht steamed from Santo Domingo to San Pedro, Calif., where she became sort of floating playpen for the Dominican heir and friends from the film colony.

"There were great parties nearly every night," recalls a navy officer, then on board. "One noon, we were aroused by the noise of many small boats, some with photographers on board, circling the yacht. We wondered about their curiosity until someone pointed out a freshly painted sign on the ship's side. It read 'Zsa Zsa slept here last night.' "

The yacht was equipped to handle any size party. She has nine refrigeration units and seven large bedrooms, all airconditioned.

Inevitably, the San Pedro partying attracted critics. Aroused by suggestions he was spending U. S. aid funds sent to his country, Ramfis replied that assistance to his father's government amounted to a piddling $250,000 while his Hollywood entertaining was up over a million.

Soon after that, the party broke up and the yacht began steaming home down the Mexican west coast.

Anxious to get home, Ramfis was irritated by the yacht's old engines that yielded only 7.5 knots cruising speed. A four-master with 34,000 feet of sail, the yacht could also manage, in a good wind, a top speed of 11.3 knots.

Ramfis ordered the ship refitted with new engines, the latest and the best. Between March and July 1959, the machinery was overhrauled at a Mobile, Ala., dry dock at a cost of $1,380,000. Patria now can do 15.7 knots.

14 Klanners Charged In Fiery Slaying

WASHINGTON (AP) — The FBI filed charges today against 14 Mississippi Ku Klux Klansmen in connection with the fiery nighttime slaying of a civil rights worker at Hattiesburg Jan. 10.

Agents rounded up 12 men in Mississippi and a 13th in Houston, Tex., within two hours after dawn. They continued to search for Sam Holloway Bowers Jr., imperial wizard of the Mississippi Klan.

The 14 are charged with civil rights law violations stemming from the slaying of Vernon F. Dahmer, 58. Dahmer's home and store were burned and he died from burns after returning fire on his attackers.

FBI Director J. Edgar Hoover said all 14 men are members of the White Knights of the Ku Klux Klan of Mississippi. Besides Bowers, he said, they include Cecil V. Sessum, 30, of Ellisville, exalted cyclops of the Jones County klavern, and Howard T. Giles, 37, former exalted cyclops of the Ellisville klavern.

The FBI complaint against the men indicated at least one had admitted taking part in the alleged conspiracy.

Dahmer was a past president of the Forrest County branch of the National Association for the Advancement of Colored People. He and his family were awakened by gunfire about 2 a.m. Jan. 10 and found their home and nearby store engulfed in flames.

He died later in the day in a hospital, and his wife and 10-year-old daughter suffered burns.

Police Probe Beating Death

HOUSTON (AP) — Police were investigating Sunday the slaying of Mrs. Essie Barr, 58, manager of a small Houston hotel who was found beaten to death about midnight Saturday.

Mrs. Barr, manager of the Elite Hotel, was found dead in one of the hotel rooms, officers said. A three-pound sledge hammer apparently used in the slaying was found on a bed beside the body, police reported.

Homicide detectives said the victim probably was killed for money.

About $124 was missing from the hotel, they said, adding that the assailant apparently tore several pages from the hotel register after ransacking her office and two-room apartment in the hotel.

Midwest U Named To India Conference

WICHITA FALLS (AP)—Midwestern University is one of four schools selected to take part in a Conference on the Civilization of India in midsummer.

The conference is for schools which have or are considering a program in non-Western studies.

Named to attend were Dr. Travis White, Midwestern president; Dr. N. W. Quick, vice president; Dr. William Whipple, head of humanities program; and Dr. John Carson, chairman of the history department.

The meeting will be on the estate of industrialist Cyrus Eaton in Pugwash, Novia Scotia.

There is a Spanish saying: "The Catalan saves, the Galician is homesick, the Andalusian sings, the Basque acts, the Extremaduran fights and the Castillian dreams."

PUERTO RICANS' IDOL

Bronx Tells Of 'Modern Moses'

By R. GREG NOKES

NEW YORK (AP) — To hear his supporters tell it, there is nothing Herman Rivera Badillo cannot do.

He can be mayor of New York City, governor of New York State or president; he is a modern-day Moses who can part the waves of ignorance and injustice and lead his people to a better life.

For, at 36, Badillo has become a symbol of opportunity to this city's 730,000 Puerto Ricans, the newest, and currently the poorest, of the immigrant groups in the United States.

When the darkly handsome, six-foot attorney took over Jan. 1 as president of the Bronx, one of New York's five boroughs, he assumed the highest elective office ever won in the United States by a native-born Puerto Rican.

Badillo is personally convinced that Puerto Ricans "are moving ahead faster" than any other immigrant group to the United States, past or present."

In his new $35,000-a-year job, Badillo supervises and helps plan municipal functions for the 1,424,000 people in the Bronx, including nearly 200,000 Puerto Ricans.

Badillo works hard for job opportunities for Puerto Ricans, but steadfastly resists pressure to appoint more than their "fair share" to his own staff.

A conservative dresser, who speaks quietly, but firmly in excellent English and with only a trace of his native Spanish, Badillo is extremely popular with his own people.

"He is one of them," explains a leading New York Puerto Rican. "He is acutely aware of the problems of our people because he has experienced them all. He had no money and no education when he came here and has worked hard for everything he has."

Badillo was born in 1929 at Caguas, Puerto Rico, and was an orphan at 5. He was 11 when a poor aunt brought him and a cousin to the United States. It was the beginning of a great influx of Puerto Ricans, as many as 70,000 a year, and jobs were scarce.

"We went from New York, to Chicago, to Burbank, Calif. and finally New York again before we settled down," he recalls.

The young Badillo worked as a pin-boy in a bowling alley while attending high school and city college of New York. He later worked as an accountant while going to Brooklyn Law School, where he was graduated cum laude and as class valedictorian in 1954.

He became a member of the "reform" wing of the Democratic party, dedicated to driving out the established party organization.

After Mayor Robert F. Wagner appointed him as a deputy real estate commissioner in 1962, Badillo's rise in city government was swift.

It was capped by his election last fall in the Bronx where he beat the Republican-Liberal incumbent by a scant 2,000 votes out of 400,000 cast. He carried 90 per cent of the Puerto Rican vote, which was about 10 per cent of the total cast.

Today in England, the House of Lords has no control over money bills and may block other legislation for only one year.

'Swamp Gas' Theory Is Not Accepted By UFO Viewers

By PHIL THOMAS

DETROIT, Mich. (AP) — An expert's opinion that some of Michigan's unidentified flying objects — UFO — probably were swamp gases may have convinced the Air Force but not the people who saw them.

"I'm no professor, and I'm not as educated as him, but I think he's all wrong," Mrs. Frank Mannor said of Dr. J. Allen Hynek.

Hynek, a Northwestern University astrophysicist and scientific consultant for the Air Force, told a news conference Friday that sightings made on two specific days probably had stemmed from swamp gasses.

He said his study had been confined to sightings made near Dexter March 20 by the Mannor family and by officers and at Hillsdale by 87 college coeds and the county Civil Defense director.

Dexter, a small community, is about 50 miles southwest of Detroit. Hillsdale is about 100 miles west.

Hynek said a photograph taken by a sheriff's deputy March 16 near Milan, several miles south of Dexter, showed the rising crescent moon and the planet Venus. The deputy said the two streaks of brilliant light on the photograph, identified by Hynek as the moon and planet, had been captured on film by his camera in a time exposure as he observed what he considered to be unidentified flying objects.

Numerous UFO sightings have been reported in Michigan, especially the southern lower portion, in recent weeks, many of them by law officers. Hynek said he had not investigated these because large enough groups had not witnessed them.

He said both the sightings he did investigate were in swampy areas — "most unlikely place for a visit from outer space" — and added the UFOs probably had resulted from spring thaws releasing trapped gases resulting from decomposing organic materials.

He added that in the Hillsdale case the sighting might have been assisted by youths playing pranks with flares. The remains of several flares were found near the college shortly after the sightings.

"There were no flares involved in this," said William Van Horn, Hillsdale County Civil Defense director.

He and the Hillsdale College coeds reported watching a white and red object — about 20 feet across — from dormitory wings for nearly three hours.

"I think I will disprove him (Hynek) in a few weeks," Van Horn said. "I also didn't care for the methods of investigation. I know no flares were involved."

Milton M. Ferguson, the college's director of public affairs, did not see the UFO but said he had been told of it by Dean of Women Kelly Hearn and the coeds.

"What they saw had no resemblance to rockets or flares," he said. "I don't know what it was, nor do the people who saw it, but this is trying to explain it away arbitrarily. The Air Force is going to get into trouble going on in this way. It seems a whitewash."

At Dexter, Mrs. Mannor said, "I saw it (the UFO) with my own eyes. And my son and husband wouldn't lie. They saw it too. I think there's something going on the people don't know about. I'm scared. I want to pack up and move."

Said her husband: "There's nothing wrong with my eyes, and my son (Robert, 19) has 20-20 vision. We both can't be wrong."

Dexter Police Chief Robert Taylor, who says he also saw the object, said, "I have no idea what it was, but I don't think it was swamp gas."

Bachelors Really Very Unhappy

BERKELEY, Calif. (AP) — Contrary to bleats from harnessed husbands, that trip down the aisle into wedlock is the happiest journey ever, a psychiatrist affirms.

And, Dr. Genevieve Knupfer added, despite the bachelor's gallant playboy image, chances are he's really a lonely, doubting, rejected wretch.

Old maids, Dr. Knupfer's survey indicates, seem to get along just fine.

Dr. Knupfer, who works at the Mental Research Institute here, conducted a survey among 785 adults of at least 23 years of age who are married or had never been married. Her findings:

Married men scored highest in happiness, job satisfaction and high spirits, scoring above married women, single men and single gals.

Married men worried less, were less likely to feel lonely and depressed.

Bachelors, in contrast, were more likely to be dissatisfied and out of step with the world. They were three times more likely to say they were unhappy, and four times more likely than single women to be dissatisfied with their jobs.

Dr. Knupfer said her studies also showed single men were more likely to have had childhood difficulties, were likely to have lived with only one parent, to be uncertain that their parents loved them and found parental authority irksome.

Single women, conversely, seem to have enjoyed the happiest childhood of all four categories, Dr. Knupfer said, adding that the old saying "happy marriages produce old-maid daughters" could be true.

As for maladjustment, she said, the single men lose out again to the old maids. The answer seems to be cultural factors, she explained.

Dr. Knupfer said that since women are usually more anxious to get married, the fellows who escape the competitive race are more likely to be mere rejects.

"Because of the greater freedom of choice men have in the marriage market," she said, "it seems likely that those among them who are either unable or unwilling to get married were more psychologically impaired to begin with."

The gals most apt to be passed up by the marriageable men, she said, were the ones with the strongest personalities and other positive traits. Men, she said, prefer to feel superior to their wives.

Silver Files Election Suit

COLORADO CITY Tex. (AP) — A group of Silver residents has filed suit alleging voting irregularities, including an aspect of the poll tax, in a school consolidation election.

The suit, filed Saturday, was in regard to a Feb. 26 election which favored the consolidation of the Robert Lee and Silver school districts.

The petition charges that some residents voted who had not paid their poll taxes. It notes that the election was held after the Texas poll tax was declared unconstitutional but before the free registration period to qualify voters was conducted.

The consolidation issue carried 311 to 3 at Robert Lee and 76 to 74 at Silver. Those voting at Silver who had paid their poll taxes voted 65 to 62 for consolidation, while those who had not paid the tax voted against 12-11.

Another alleged irregularity involved voting places.

LADIES
CROSS YOUR HEART
START LIVING

Are you a woman who will take a dare? Cross your heart? Then we dare you to stop into the wonderful world of "Fashion Magic" cross your heart stretch bras by Playtex. We'll guarantee you a new unique experience in comfort plus fashion that you have always wanted. The new adjustable stretch straps won't curl, twist or lose their stretch. Just one of the many wonderful styles by the creative genius and leader of the industry — Playtex that you'll find exclusively in Snyder in the lingerie department at Roger's, Inc., west side of the square. (For a limited time only you get a free pair of Playtex Living Gloves when you purchase a "Fashion Magic" bra. Come in now!)

OUR GUARANTEE

It is impossible to give all the details of Senior Texan Companion Service, even in this large ad. But — apply now; and when you receive your Senior Texan contract, read it carefully. If for any reason you are not completely satisfied, return the contract any time within ten days, and your money will be refunded in full.

OVER 65...

You Need More Than Medicare

Let's face facts. Medicare will be helpful but doesn't go all the way. It can pay *part* of your hospital bill; *part* of your doctor bill. But Medicare can't and never was designed to pay them all. For example:

Under Medicare, *you* must pay the first $40 of your hospital bill. After 60 days, *you* must pay $10 a day of that bill. After 90 days, Medicare hospital benefits run out.

And *you* must pay the first $20 of out-patient diagnostic services, then pay 20% of the rest. And Medicare pays nothing at all if you get sick outside the U.S.A.

Why Not Go First Class?

But — why risk depending on Medicare alone, when now, for so very little, you can "go first class"? When you can have Blue Cross-Blue Shield's great new *Senior Texan Companion Service with Medicare?*

It's just what the name says: a "companion" service; picking up parts of the load Medicare doesn't; greatly extending the benefits; you might say, completing the bridge to recovery. Together, a health-care protection never before possible for such small cost.

Your Choice: Two Great Plans

And Senior Texan Companion Service is available in two quite different forms, and for two different purposes, or needs. They are:

SENIOR TEXAN "BASIC" — pays the first $40 for you, pays that $10 a day for you, and if you need it, extends your hospital stay a full 30 days, up to a total of 120 days. And much, much more.

The cost: $3.75 per month.

SENIOR TEXAN "MAJOR MEDICAL" — works like the "deductible" insurance on your car, leaving the ordinary items to Medicare and you; but stepping in on the very serious case with 80% of just about every needed medical service Medicare does not cover, in or out of the hospital, up to $5,000 in any one year, or $10,000 over a lifetime.

The cost: $6.75 per month.

Plainly, the cost of either is far below what such protection has cost up to now; and major medical protection has been just about unavailable for those already over 65.

Good Anywhere in the World

Medicare benefits are good *only in the U.S.A.* Senior Texan Companion Service protects you *anywhere in the world!* Senior Texan "Basic" will also provide all the hospital benefits Medicare would have provided in the U.S.A. in addition to its own. Senior Texan "Major Medical" will provide 80% of the hospital benefits Medicare "A" would have provided in the U.S.A., plus all the doctor benefits under Medicare "B," in addition to its own.

The Proof is in The Paying

It's no secret: illness hits harder as we grow older. A "spell of illness" can be long and costly. Just to illustrate, from actual hospital cases of our older members, we put together a sample hospital-medical bill of an illness running 6 long months, as so many do.

The table below shows graphically: 1) How much Medicare leaves for *you* to pay; 2) How Senior Texan "Basic" steps right in from the beginning to tackle this balance for you; and 3) How Senior Texan "Major Medical" gets more and more valuable the longer the spell of illness lasts.

	Expense Total	Balance After Medicare	Senior Texan Basic Pays	Balance You Pay	Senior Texan Maj. Med. Pays	Balance You Pay
3 Months	4,730.00	689.00	582.00	107.00	471.20	217.80
4 Months	6,152.50	1,793.50	1,667.00	126.50	1,354.80	438.70
5 Months	7,402.50	2,739.50	1,712.00	1,027.50	2,111.60	627.90
6 Months	8,657.50	3,754.50	1,757.00	1,997.50	2,923.60	830.90

No question about it — YOU NEED MORE THAN MEDICARE!

QUESTIONS AND ANSWERS FOR PRESENT BLUE CROSS-BLUE SHIELD MEMBERS

Q. *If I do not sign up for Medicare, or in any way use Medicare's benefits, what happens if I keep my present Blue Cross-Blue Shield coverage?*

A. You may continue your present coverage and Blue Cross-Blue Shield benefits will be paid as in the past.

Q. *If I sign up for Medicare and use Medicare benefits, may I also keep my present Blue Cross-Blue Shield coverage?*

A. Yes — you may continue your present Blue Cross-Blue Shield coverage.

Q. *If I keep my present coverage and use Medicare benefits, what happens?*

A. Medicare benefits will be available to you, and will, of course, apply first as set forth in the Medicare Law. Blue Cross-Blue Shield benefits will then apply to pay for any services called for in your membership agreement which have not been provided under Medicare.

Act NOW!

Medicare benefits and Senior Texan Companion Service benefits both begin July 1, 1966.

But Senior Texan Companion Service is being offered to the general public for *a limited time only*. If you need more than one application, and can't find another copy of this newspaper, call your nearest Blue Cross-Blue Shield office (in 18 Texas cities) or ask us for another when you send your own in to us. You'll get another one by return mail. If you, or someone else for whom you are concerned, would like a descriptive folder giving full details of Medicare and Senior Texan Companion Service, it is available at any Blue Cross-Blue Shield branch office or your local hospital; or write us direct.

BUT IT'S TIME TO ACT! FILL OUT THE APPLICATION BELOW, AND MAIL IT — NOW!

BLUE CROSS-BLUE SHIELD

Main at North Central Expressway • Dallas, Texas 75222

PLEASE... BE CAREFUL — *In filling out your application below, please be careful: (1) To sign it. (2) To give your name and address. (3) To give birth date. (4) To indicate which Senior Texan Companion Service you wish, "Basic" or "Major Medical." (5) To fill out the health statement. (6) To enclose one month's dues... The application must be complete.*
