## Drug charges returned

A four-month undercover investigation headed jointly by the Scurry County sheriff's office and Snyder police resulted in the arrests of 19 individuals on drug trafficing charges Thursday night.

A called grand jury session Thursday returned 50 sealed felony indictments involving 27 individuals. More arrests were expected Friday.

According to Sheriff Keith Collier, his deputies along with police officers, Texas Rangers and Department of Public Safety highway patrolmen began serving arrest warrants around 5 p.m. Thursday.

Officers worked through the night Thursday and were continuing their efforts Friday morning to locate eight remaining defendants.

All but one of the indictments allege delivery of a controlled substance — mostly marijuana — for a period from Nov. 7, 1985 through March 8.

One indictment was returned for an unrelated felony offense.

Bonds for all defendants were set at $15,000 on each count.

Individuals jailed overnight Thursday were:

—Robert Frank Essery, 26, of 506 27th St., Space No. 5, five counts — delivery of a controlled substance.

—Billy Darin Jones, 20, of 302 East 23rd St., three counts — delivery of a controlled substance.

—Loomis Lane Allen, 26, of 3401 Kerrville Ave., two counts — delivery of a controlled substance.

—Cynthia Louise Blanton, 25, of 803 19th St., two counts — delivery of a controlled substance.

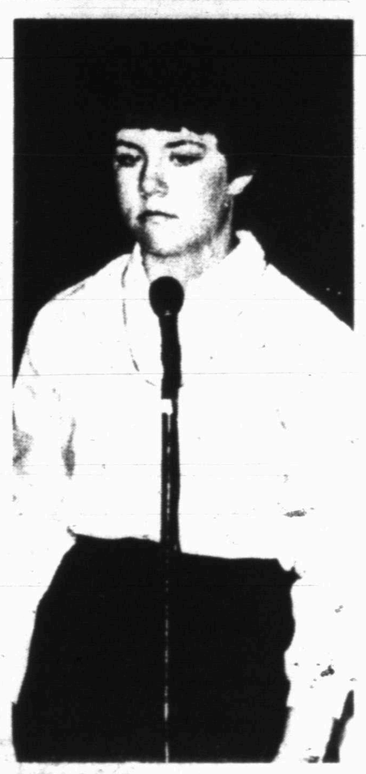

—Paul Henry Collazo, 24, of Rt. 3, Snyder, two counts — delivery of a controlled substance.

—Larry Neil Crawley, 40, of 1509 Ave. R, two counts — delivery of a controlled substance.

—Eddie Dean Essery, 27, of Rt. 3, Snyder, two counts — delivery

**FACING THE JUDGE — Gail Henderson, a seventh grader at Snyder Junior High, won the Scurry County spelling bee Friday for the second straight year. She finished first after correctly spelling the word "facilitator." She is shown Friday facing three of the four judges at the event, (from left) Ben Brock, Jack Gorman and Ed Barkowsky. ## *Speller wins second straight crown*

For the second straight year, Gail Henderson has captured the county spelling title.

She garnered the top prize during Friday's contest held in the Fine Arts Theatre at Western Texas College.

A seventh grader at Snyder Junior High School, Gail correctly spelled "facilitator" to retain the title. Second place winner Angela Vaughn, a sixth grader at East Elementary, misspelled "exhilarate" in the final round.

West Elementary fourth grader Katie Perkins took third place with Anne Osborn, an eighth grader at Snyder Junior High, taking fourth place and Shane Bearden, an eighth grader at Ira Junior High, placing fifth.

Perkins was eliminated from the contest when she spelled "ennui" incorrectly.

The misspelling was briefly questioned as her father, Randy Perkins, noted that she had learned the word under its secondary pronunciation.

Contest judges ruled that a contestant has the responsibility to ask the pronouncer if a word has a different pronunciation.

Henderson will represent the county in the regional bee slated for April 19 at Monterey High School in Lubbock. Vaughn will serve as alternate.

The regional winner will advance to the national spelling bee scheduled to begin May 26 in Washington, D.C.

Margaret Presswood served as pronouncer for the county contest with Dr. Ben Brock, Dr. Ed Barkowsky, Donna Fowler and Jack Gorman as judges.

## Local lawyer accepts appointment

Local attorney Tommie J. Mills has accepted a temporary appointment as municipal court judge for the City of Snyder.

The appointment was made by Mayor Rod Waller. A permanent nominee for the city post must come from the full city council.

Friday morning, Mills was at the Snyder police station meeting with municipal court secretary Jean Hataway.

City court will be in session at the regular 8 a.m. time Monday and some cases were handled Friday.

Mills has practiced law here since 1965, relocating to Snyder from Abilene. He served a three-year stint as district attorney for the 132nd Judicial District in the early 1970s.

He is a native of Brownwood and received his law degree from the University of Texas at Austin.

His appointment follows the resignation last Monday of Dan Callaway, who held the dual positions of city judge and his elected office as justice of the peace.

Callaway resigned the city position due to a recent Texas attorney general opinion.

That opinion indicated one man holding the offices of JP and city judge might constitute a conflict of interest.

This opinion reversed an earlier AG opinion dating to 1940. Callaway had accepted the city post in January of 1985.

## Non-renewal vote passes ISD board

A split 5-2 ballot of the Snyder school board Thursday authorized school administrators to notify a teacher employed by the system of "an intent not to renew the contract."

The board met in a 1½ hour closed session to discuss the matter and emerged at 2:10 p.m. to take the public vote.

The teacher named in the motion was Jan Kruse, an English teacher and girl's golf coach at Snyder High School.

The vote to authorize Superintendent Bob Hawes to send the non-renewal notice passed with all members present and voting. Casting ballots against it were trustees Mike Jordan and Charlene Light.

The five approving votes were cast by Mike Reed, J.D. Hinton, G.A. Parks Jr., J.M. Kayser and Allen Grimmett.

Hawes said Thursday the notice of non-renewal will now be mailed to the teacher by registered mail.

The teacher has the legal right to contest the action. The teacher has 10 days upon receipt of the notice to reply.

Options open to the employee include requesting a hearing before the school board. At the employee's request, this may be either a closed or open meeting.

If a hearing request is tenured, the school board must set it within a 15-day period.

Under the law, if no action is taken by the school employee, the action approved Thursday serves as a final notice that the contract will not be renewed.

Keeping tabs on our neighbors:

Walter Buckel of Lamesa recently returned from Washington where he learned that a visitor should be prepared for anything.

"The sun set about 6:05 Wednesday last week but for folks living near Arlington National Cemetery, the day was not done...

"From about 11 p.m. until dawn, they were kept awake–even serenaded–by over 400 continuous playings of Taps as a result of a tape machine that malfunctioned.

"The machine was locked inside an office near the cemetery's Tomb of the Unknown Soldier. When it malfunctioned, it played Taps over and over through the speaker mounted on a roof.

A nearby resident was quoted as saying, "I heckuva funeral."

"At 5-45 a.m., the cemetery's superintendent arrived and put an end to the music.

"A spokesman for the Military District of Washington, which oversees the cemetery, offered the standard response to newsmen: 'The bottom line is that the significance of the problem was not understood and the appropriate action was not taken.'"

---

James Roberts, in the Andrews County News, acknowleded that cattlemen have taken a beating on the dining room table in recent years.

"For reasons not understood by most cattlemen, beef has become the whipping boy for food faddists, diet book authors, and even some scientists and nutritionists.

"The first myth the cattle boys want to correct is the one that beef is high in cholesterol.

"Fact: Three ounces of cooked lean beef contains 73 milligrams of cholesterol.

By comparison, the same amount of roast chicken contains 76 mg; fried chicken, 74 mg; pork, 77 mg; shrimp, 130 mg; cheddar cheese, 90 mg.

The standard three-ounce serving of beef provides only about eight percent of the cholesterol the body needs.

## Ask Us

Q. — Do you know where the Sesquicentennial Wagon Train will be during spring break (March 24-28)?

A. — After visiting in San Angelo, the train is now moving away from Snyder toward El Paso. During those dates, it will be in Rankin (March 24), McCamey (March 25) and Fort Stockton (March 27-28). The train will head back this direction and be in Lamesa in May.

## In Brief

### OPEC meets

GENEVA (AP) — OPEC opened a new round of talks today with five independent oil-producing nations to negotiate production cuts that could help the cartel reverse the recent collapse of world oil prices.

The meeting, following five days of mostly fruitless deliberations, could prove a turning point in OPEC's desperate drive to unite behind a common strategy aimed at pushing up prices.

OPEC refused to say how much production the non-OPEC countries would be asked to cut, but sources on Thursday put the figure at about 500,000 barrels a day, or nearly 15 percent of their combined output.

It remained unclear today whether any of the five non-cartel members — Mexico, Malaysia, Egypt, Oman and Angola — was ready to accept the OPEC proposal.

### Contra aid

WASHINGTON (AP) — President Reagan, suffering a major foreign policy setback when the House rejected his plan to send military aid to Nicaraguan rebels, vowed "to come back again and again" until the congressional battle is won.

Reagan called Thursday's vote "a dark day for freedom," and said, "This vote must be reversed" after the House defeated, 222-210, his hotly contested request for $100 million in lethal and non-lethal aid to the insurgents trying to overthrow the leftist government of Nicaragua.

The Senate will begin debate on the package next week, and the House will vote April 15 on alternative proposals. Reagan is expected to eventually win some aid for the rebels.

## *Marcos...*

# 'Encyclopedia of corruption' made public

WASHINGTON (AP) — Ferdinand Marcos' personal papers, described as "an encyclopedia of corruption," disclose $30 million in bank accounts in Switzerland, France and the Caribbean and his hand-written promise to his wife, Imelda, that she would inherit the Philippines government upon his death.

Meanwhile, it was proving an extremely difficult task for the U.S. government to find Marcos and his wife a permanent home-in-exile, as no country appeared to want them.

Panama, which appeared to be Washington's best hope, informed the State Department on Thursday that the deposed Philippines president and his wife wouldn't be welcome, it was learned. A government official in Panama confirmed that Panama had said it did not want Marcos.

U.S. officials said talks were going on with several other countries, while the Marcoses remained at their temporary haven in Hawaii.

Rep. Stephen Solarz, D-N.Y., who Thursday released copies of 2,000 pages of documents taken from Marcos in Hawaii, said they did not contain any overall measure of Marcos' extensive wealth, which has been estimated as high as $10 billion. But he said they catalogue an "encyclopedia of corruption" during Marcos' 20-year reign.

"They provide further evidence that the Marcoses did not distinguish between the public treasury and their private property," Solarz told a news conference. He contended the Marcos government "existed for the sole purpose of plundering the wealth of the country" and brought it to the verge of bankruptcy."

There was mention of complicated real estate transactions, possible kickbacks in business dealings and bank accounts around the world containing millions of dollars. One document, hand-written on presidential stationery but unsigned, referred to $30 million in interest proceeds alone in 1974 and 1975 in several foreign banks.

It said there was $15 million from the Banque de Paris; $10 million from the Swiss Credit Bank; $2 million from Swiss Banking; and $2 million from Grand Cayman, an island in the Caribbean.

There also was mention of certificates of deposit and bankers' acceptances worth about $4 million, two-thirds of which was purchased during the period from Jan. 23 of this year to less than a week before the Marcoses fled the Philippines on Feb. 25.

While it had been widely rumored for years that Marcos planned to turn the government over to his wife in the event of his death, one of the documents, which was hand-written on presidential stationery — apparently by Marcos himself — provided the first confirmation.

Dated Jan. 17, 1975, and bearing Marcos' signature, the document said "the commission succeeding me in the exercise of powers and duties as President in the event of my death or permanent capacity shall be composed of the following: Chairman, Mrs. Imelda R. Marcos ..."

Titled "Presidential Decree No. 731," it also listed by title six Cabinet officers who would serve as members of the commission under his wife, but only Mrs. Marcos was listed by name. Marcos had been in ill health for some years, and Imelda Marcos already held several high government positions.

Other documents show "the abuse of Philippine intelligence funds to bankroll some of the world travel of Imelda Marcos," Solarz said. Travel to Kenya, Iraq, New York and other places cost more than $1.5 million — described in the document as official trips — were for Marcos as well.

But Solarz said they provided evidence Mrs. Marcos was "using the Philippine intelligence budget as the equivalent of an American Express Gold Card."

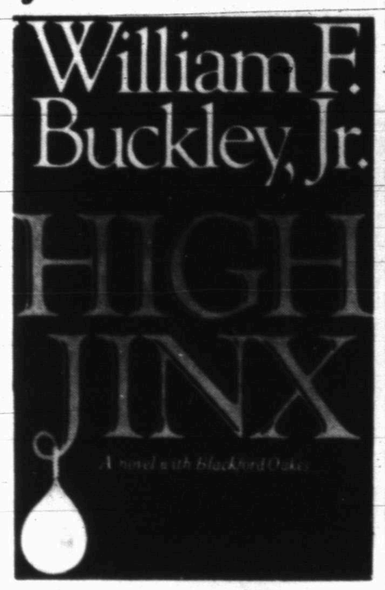

One previously publicized document, carrying the notation "strictly confidential," cites political contributions in the United States. A single-page listing dated Feb. 15, 1982, lists contributions of $50,000 to President Reagan; $50,000 to former President Jimmy Carter; $10,000 to Sen. Alan Cranston, D-Calif.; and $1,500 to the Carter-Mondale committee, among others.

Solarz said he didn't believe the document was valid. Accepting such funds would have been illegal.

# Scientists develop artificial protein

WASHINGTON (AP) — Scientists taking an alternative route to developing a preventive vaccine against AIDS say they have synthesized a protein that makes laboratory animals generate antibodies to the disease-causing virus.

In a report published today in the journal Science, researchers say the synthetic version of a protein from the virus which causes acquired immune deficiency syndrome causes animals to produce high levels of antibodies to the germ.

It is too soon to know if this antibody reaction will protect animals from infection by the virus, or if the synthetic protein will be the basis for a vaccine that ultimately could prevent the disease in humans, the researchers said Thursday.

However, if a prototype vaccine using the synthetic protein is successful for humans — which they say could take up to two years to determine — it may have advantages over vaccines made from actual viral proteins.

# Sesqui noted by Poetry Society

The Scurry County Poetry Society met March 17 in the home of Mrs. Dorothy Cox. President, Garnet Quiett presided over the meeting and Mayzell Fenton gave the invocation.

The society celebrated the sesquicentennial of Texas with a program on Texas Independence Day. They read poems about Texas and sang songs about Texas.

Sherry Byrant gave the history of Texas Independence Day saying, "Delegates signed the declaration of Texas Independence on March 2, 1836. The signing honored Sam Houston on his 43rd birthday."

Quiett read several poems by Texans about Texas from the anthology, "From Hide and Horn."

Fenton sang the official state song, "Texas Our Texas." Songs sang by the group were: "The Eyes of Texas Are Upon You;" "Deep in the Heart of Texas;" "There's A Little Bit of Everything in Texas;" "The Yellow Rose;" and "San Antonio Rose."

Byrant reported that she sold her poem, "Jesus Are You Still There," to Mature Living.

Janelle Burk sold a poem to Lucidity Magazine and another poem won second place. Both were published in the magazine. The poems were titled, "To My Almost Grown Daughter" and "A Walk in the Woods".

Fenton had three poems published in Gospel Light titled, "Mother's Love", "God's Little Things" and "Peace."

In the poetry reading session, members read poems which they composed about Texas and also poems inspired by a quote from "The Fisher Boy" by Thoreau.

Cox read the poem, "The Fisher Boy" by Thoreau. Reading their own poems were Byrant with "Ebbtide;" Burk read "Seashore;" and Quiett read "A Stroll on the Beach."

Refreshments of small Texas shaped sandwiches and star shaped cookies were served by the hostess.

Mexico was Latin America's largest exporter of fruits and vegetables in 1981-83 with an average annual volume of sales totaling $271.8 million, followed by Costa Rica with $236.3 million, and Chile with $235.1 million, according to the InterAmerican Development Bank.

Latin America achieved a favorable balance of trade in agricultural products, estimated at $9.1 billion a year, in the period 1981-83. This is based on exports of $16.8 billion and imports of $7.7 billion, says the Inter-American Development Bank.

South certainly had a leaky club stopper for his jump to two no-trump, but he hoped his length in clubs would compensate. Otherwise, with 18 high-card points and a good five-card diamond suit, he made the right rebid.

At trick one, declarer has a key play to make, depending on how he reads the club situation. The opening lead of the club queen might be from A-Q-J-10 or from a longer holding headed by Q-J-10. Declarer cannot tell which it is with certainty, but it is more likely from a five-card suit than from a four-card suit and more likely from Q-J-10 than from A-Q-J-10. On this deal, if declarer goes up immediately with the king, he is quickly set, since the return of the suit gives the opponents the first five tricks. If he plays low at trick one, he stays alive. East wins the second trick with the ace, but must now abandon the suit.

When declarer gets to dummy with the spade king to lead the diamond 10, he has another key play to make. When East plays low, he must unblock by playing his nine, or once again the contract fails. When he plays the nine and West plays his singleton eight, declarer can now lead dummy's seven.

# Shades of Shadra's style show to be held Saturday

Shadra's Apparel will be hosting a fashion show at Willow Park Inn on Saturday beginning at 8 p.m.

Snyder High School Swingers will provide entertainment during the registration, beginning at 7:45 p.m.

Models will be modeling everything from the new spring colors of pastels to bright and bold colors, from the floral prints to window-pane design and from swimsuits to special occasion wear.

Accessories and shoes are a must in any wardrobe. The models will be coordinated for a sunny summer day in a short suit or that special prom dress for that one special night, with shoes and accessories.

The show will be choreographed by MiRage of Lubbock. The moods and colors will change with the different styles presented.

Last year approximately 600 persons attended. A larger turnout is expected for this year's show.

# Dear Abby

By Abigail Van Buren

© 1986 by Universal Press Syndicate

DEAR ABBY: On Valentine's Day, my husband and I took our two daughters (5 and 2) for a follow-up appointment at the pediatrician's, and left the office feeling glum. Our 5-year-old had been pleading for a kitten for several months, so we decided to take the advice in your St. Valentine's Day column and adopt a pet. We went to our Humane Society to get a kitten. We learned that the kitten we selected would cost $45, which included initial shots and spaying/neutering at six months of age. We'd just written our last check at the doctor's office, so my husband and I counted our monies and came up with $43.78 cash.

Abby, they let us walk out with two crying girls. We could have given that kitten a perfect home, but being short $1.22 stood in our way.

Is that crazy or am I crazy?

FEELING BAD IN BIRMINGHAM

**DEAR FEELING: You are not crazy, and I cannot imagine the people at the Humane Society being so insensitive and petty. You failed to indicate in which Birmingham you live. There's one in Alabama, Canada, Kansas, Missouri, Iowa, Michigan and New Jersey. Please write again and let me know. I'll send the $1.22, and if you don't get your kitten, fur will fly.**

* * *

DEAR ABBY: The letter from "Nameless, Please," who was tempted to meet the girl whose voice he'd heard daily on the telephone, brought back some happy memories.

In the spring of 1918, I was working on the switchboard at the local power company. Every day I took the morning report from a young engineer with a very pleasant voice. One day he appeared in person—wanting to find out if I was as sweet as my voice! After we visited a while, he invited me to go out dancing. I was a little hesitant to accept before knowing him better, so he told me I could bring my older sister and he would bring his friend along for her.

I knew at once that this was the man I had been waiting for. That first date led to our marriage four months later. We were happily married for 60 years—until his death.

I thank my lucky stars that he was curious enough to want to meet the girl behind the voice on the telephone.

MRS. J.

P.S. Dear Abby: I typed this letter for my grandmother who just celebrated her 94th birthday. She reads your column every day.

MRS. J.'S GRANDDAUGHTER

**DEAR MRS. J. (and her granddaughter): Thanks for a lovely day-brightener.**

* * *

DEAR ABBY: You had a letter in your column signed "Honest" in reference to thigh-reduction surgery (suction lipectomy). I would like to know more about this type of surgery. I need to do something about my thighs. I have dieted and exercised. Both have helped some, but my thighs are disproportionately large. I am so self-conscious about them that I will not wear slacks or a bathing suit.

What kind of doctor does this kind of surgery?

THUNDER THIGHS

**DEAR THUNDER THIGHS: A plastic surgeon. But you would be wise to get some recommendations from the county medical association or the American Medical Association to be sure the plastic surgeon is board-certified.**

* * *

DEAR ABBY: I have a message for "Smart and Confused," who thinks he's smarter than virtually everyone he knows. He said, "After I have started a conversation with anyone from my dentist to my wife, I begin to realize that they are intellectually inferior, and I regard what they have to say as only amusing, if not utterly stupid."

Because I have an IQ of 183, I, too, am smarter than virtually everyone I know. However, I don't know anyone who hasn't taught me something. The only people who have ever bored me are a couple of self-styled geniuses much impressed with their own "superiority." I don't know anyone who hasn't said (or done) something utterly stupid once in a while (including me).

If "Smart and Confused" were a little smarter, he'd know that people with their noses in the air can't see where they're going. Ask him to let you know what he learns when he trips.

By the way, I'm female, married and have two children.

SMART BUT NOT CONFUSED

## Triglycerides and cholesterol

By Peter H. Gott, M.D.

DEAR DR. GOTT — What are triglycerides? What does one stop eating to get the triglycerides count down?

DEAR READER — Triglycerides and cholesterol are the predominant fats in the bloodstream. Triglycerides seem to be a much less important cause of arteriosclerosis and arterial damage. These "lesser" fats are lighter than cholesterol and are not as likely to stick to arterial linings and cause obstruction and blood clots. Nonetheless, an elevated level should be brought down. The normal value is about 200 mg. Triglycerides are commonly elevated in diabetics, in patients with hypertension and in people who drink too much alcohol. A high fresh-fruit diet can also cause elevated triglycerides.

Ordinarily, triglycerides can be lowered by dietary changes: less fat, fewer dairy prodcuts, a more balanced diet and reduction in alcohol. Because triglyceride and cholesterol elevation may go hand in hand, a reduction in blood fats is probably best undertaken under the supervision of qualified medical personnel who can accurately assess the patient's general health and nutritional needs.

To give you more information, I'm sending you a copy of my new Health Report, EATING RIGHT FOR A HEALTHY HEART. Others who are interested should send 75 cents plus a long, self-addressed, stamped envelope in care of this newspaper to P.O. Box 2597, Cincinnati, OH 45201. Be sure to mention the title.

DEAR DR. GOTT — My husband is a borderline diabetic (not medicated). He had an operation in his leg due to poor circulation and has ulcers on his feet. He takes Persantine three times a day. The problem is that he is a heavy smoker and drinks an average of a six-pack of beer a day. Since his sugar count is below 150 — even low on some days — he sees no harm in this. I have been told that alcohol could be dangerous for him. My words fall on deaf ears, and I am "the nagging wife." Do I have a reason to worry?

DEAR READER — Yes, you do. To begin with, people who smoke cigarettes are harming their circulation. Nicotine causes spasm of arteries and increased stickiness of blood; both effects can produce major circulatory impairment. Your husband has already required surgery for foot ulcers and circulatory insufficiency; he is asking for more trouble by continuing to smoke.

Second, alcohol — in the form of liquor, wine or beer — is dangerous for diabetics. A six-pack of beer a day is clearly too much for any adult, much less for a patient with diabetes. Alcohol will increase blood fats and poison many of the body's organs, not the least of which is the pancreas, where insulin is manufactured. I unequivocally urge your husband to give up cigarettes and alcohol beverages.

Unfortunately, you are unlikely to be able to modify his behavior. He will do that himself when he is ready to change. In addition to sharing my answer with him, I suggest you let his doctor in on his destructive behavioral pattern. Perhaps a little medical pressure will encourage your husband to give up his unhealthful habits.

# Bentsen given most money

WASHINGTON (AP) — Texas Democrat Lloyd Bentsen received the most campaign money from energy PACs of the 20 members of the Senate Finance Committee during the two-year period prior to their last election, according to the self-styled citizen lobby group Common Cause.

Bentsen also got the highest amount of money from law association political action committees, the group said. It said it used the two-year reporting cycle prior to a senator's election to compare figures.

Ten members were last elected in 1982, five were elected in 1984, and four are up for re-election in 1986. One member, David Boren, D-Okla., does not accept PAC donations, the group said.

Bentsen was re-elected in 1982, so the group used 1981-1982 figures reported to the Federal Election Commission, it said.

Bentsen was fourth among the 20 Finance members in total PAC receipts.

The group said Bentsen received $118,846 from energy PACs. Next highest recipient was Republican Malcolm Wallop of Wyoming, also re-elected in 1982, who got $113,004.

Common Cause said energy PACs contributed $956,742 to Finance Committee members from 1981 through 1985.

Bentsen's total PAC money was $793,323 out of total receipts of $4.5 million, the group said.

The biggest PAC recipient was David Durenberger, R-Minn., re-elected in 1982, who received just over $1 million out of total contributions of almost $4 million.

## 'The Prodigal' slated Sunday

"The Prodigal," a World Wide Pictures presentation, will be shown at 7:30 p.m. Sunday at the First United Methodist Church.

Set in contemporary urban framework and intimately examining the gradual spiritual and emotional breakdown of an American family as each member searches for his identity, "The Prodigal" was filmed entirely on location in Seattle and various other sites throughout the state of Washington.

Heading the cast are John Hammond, Hope Lange and John Cullum. Hammond, who portrays the title role of the wayward son caught up in the netherworld of drugs and sex, recently starred in the mini series "The Blue and the Gray." Award-winning actress Hope Lange stars as the confused and bewildered mother, while noted Broadway Tony award winner, John Cullum, essays the role of his single-minded, career-consumed father.

World Wide Pictures, producers of such award-winning films as "The Hiding Place" and "Joni," is the film organization of the Billy Graham Association, and the internationally-known evangelist has a cameo role in the picture.

In commenting on the feature-length film, producer Ken Wales said, "this is both an entertainment and a message piece. Some people will be uncomfortable when they see this film as it strikes so close to home, paralleling so many of today's family situations. But we believe that the current trend of the public willingness to examine its own conscience will place it on the 'must see' list of family entertainment."

On Jan. 9, 1972, the Milwaukee Bucks, led by Kareem Abdul-Jabbar, ended the Los Angeles Lakers record 33-game winning streak with a 120-104 victory. Abdul-Jabbar subsequently was traded to the Lakers.

# Astro-Graph

By Bernice Bede Osol

## Your Birthday

**March 22, 1986**

Your year ahead will be generally pleasant with numerous happy adventures in the social realm. Good things will develop through people you'll be involved with.

**ARIES (March 21-April 19)** Although you've been in a rather uninteresting romantic cycle, it looks like Cupid is going to start making up for the time he has been ignoring you. Know where to look for romance and you'll find it. The Astro-Graph Matchmaker set instantly reveals which signs are romantically perfect for you. Mail $2 to Matchmaker, c/o this newspaper, Box 1846, Cincinnati, OH 45201. Be sure to state your zodiac sign.

**TAURUS (April 20-May 20)** Shifting conditions tend to work in your favor today, even those not triggered by your personal efforts. Ride the tide of change.

**GEMINI (May 21-June 20)** The timing is now favorable for you to bring a matter you've been negotiating to a head. All parties involved will get their deserved benefits.

**CANCER (June 21-July 22)** The breaks you've been hoping for to enhance your material security could be forthcoming today. Be ready to move fast.

**LEO (July 23-Aug. 22)** If you want something done right today, it's best you do it yourself. Enterprises that you personally direct can succeed beyond everyone's expectations.

**VIRGO (Aug. 23-Sept. 22)** You'll be fortunate today to have people who are fond of you to look out for your interests without having to be asked.

**LIBRA (Sept. 23-Oct. 23)** It behooves you today to get out and circulate with people who are movers and shakers. Exciting opportunities could develop through personal contacts.

**SCORPIO (Oct. 24-Nov. 22)** Your chances for material gains are strong again today. Put your ingenuity to work to pull off something profitable. You can do it.

**SAGITTARIUS (Nov. 23-Dec. 21)** You are extremely charismatic today. Members of the opposite gender will view you romantically, while those of your own sex will appreciate you as a pal.

**CAPRICORN (Dec. 22-Jan. 19)** People you have strong bonds with will do nice things for you today purely on impulse, especially if you've been kind to them in the past.

**AQUARIUS (Jan. 20-Feb. 19)** Usually it's unwise to make on-the-spot decisions, but today your mind will be working both fast and accurately, and your judgment will reflect this.

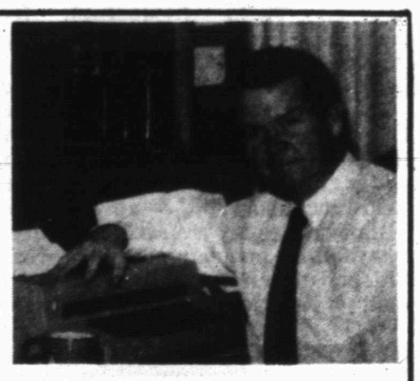

**PISCES (Feb. 20-March 20)** Your possibilities for adding to your holdings through your own ingenuity and resourcefulness are better than usual today. Don't waste your Midas touch.

## Ask The Preacher

**"...about Christian men and work"**

**Is it required, by God, that a Christian man (the head of a family) work? Well, the Bible has some clear answers to this interesting question.**

**First, the great apostle Paul said:**

> **"For even when we were with you, we used to give you this order, if anyone will not work, neither let him eat. For we hear that some among you are leading an undisciplined life, doing no work at all...Now such persons we command and exhort in the Lord Jesus Christ, to work...and eat their own bread."**

**Second, consider what is said in the book of 1st Timothy:**

> **"But if anyone does not provide for his own, and especially for those of his household, he has denied the faith, and is worse than an unbeliever..."**

**These passages are "ungetaroundable" and plainly indicate that a Christian man is held responsible by God for being a working, productive part of his community. God also holds him accountable for his own family's well-being.**

# 'Reef relays host top field

Saturday's 1986 edition of the Canyon Reef Relays shapes up to be one of the best in years.

The tournament, which was an annual event in Scurry County until poor track conditions forced its cancellation a couple of seasons ago, boasts a strong field of 5A, 4A and Class 3A entries.

The relays were resumed last year after completion of a new track and jumping-vaulting pits. Snyder now boasts one of the top facilities in the area, and as an indication, response from schools wanting to compete in the Canyon Reef Relays has been good.

Starting time is 9 a.m. Saturday for both the field events and running preliminaries in all four divisions.

Finals get under way at 2 p.m. The entire meet should get the final stopwatch about 6 p.m. as the last event, the 1600 meters, is scheduled to start at 5:15.

Competition in all four divisions should be extremely keen. Division I, 4A and under girls, features always tough Lubbock Estacado, in addition to Snyder, Sweetwater, Muleshoe and Borger. Other schools entered include Lamesa, Levelland, Brownfield, Colorado City and Coahoma.

"Estacado, Sweetwater and Snyder girls look like they are the top three teams coming in," said Coach Kevin Wiseman, boy's track coach at Snyder High and meet director. "It should be very competitive."

Division II, 5A girls, will be a mini-version of the District 4-5A meet. Five schools from 4-5A - Abilene High, Big Spring, Midland High and Midland Lee, and Odessa - are in the field. Also included are some top northern 5A schools, including Amarillo Palo Duro, Plainview, Monterey, Lubbock High and Hereford.

Lubbock Estacado, Brownwood and Lamesa are among the top teams expected to compete for honors in Division III; 4A and under boys. Snyder will battle as well, in addition to Brownfield, Coahoma, Lake View, Muleshoe, Levelland and Sweetwater.

"Estacado has to be the favorite in that division. They are undefeated right now. They'll bring the top two relay teams and some of the best individuals. They are the hands down favorite," Wiseman said.

As in the girl's 5A division, the boy's 5A field - Division IV - features a large group of District 4-5A teams. In fact, only Odessa Permian will be left out of the field which includes both Abilene and Midland schools, Odessa High, Big Spring and San Angelo Central. Also entered are Lubbock High, Monterey, Plainview and Hereford.

Wiseman said the battle for the 5A crown "should be very tough. Probably Midland Lee or Odessa High would have to be considered favorites but it could be wide open."

# *Boys open 2-4A action Saturday*

LAMESA -- Snyder boys open District 2-4A golf with Saturday's 18-hole tournament here.

The single-day event will be the first of three district tournaments. The second is scheduled for April 5 in Monahans while the final one will be held at Snyder's Western Texas College Golf Course on the 12th.

Coach Mackey Greene said players had not completed qualifying for the Snyder team as of Friday morning, but he expected the squad to be made up of Wade Hatter, Shane Gann, David Holley and Mike Trull, plus one other player. In contention for the spot were Marc McQueen, Ken Meckley, Terry Hildreth and Jeff Franklin.

Five players make up a team. The other three will compete as individuals.

Tee-off is set for 9:30 a.m.

Andrews is the defending District 2-4A champion.

# *Girls chase AHS into 2nd tourney*

FORT STOCKTON -- Snyder girls, in second place in the 2-4A golf standings, will try to make up ground on leader and defending champion Andrews in the second district tournament here Saturday.

Tee-off time is 9:30 a.m.

Coach Jan Kruse expected to field two teams but said qualifying would not be complete until Friday afternoon.

Vying for spots on the two five-player teams are Leslie Light, Xalyn Harris, Angie Lay, Camille Reed, Michelle Holder, Lea Ann Thompson, Rachel Everett, Stacy Botts, Missy Trull, Stephanie Blair, Kristi Neill and Tara Krueger.

Andrews leads the district after the first of four tournaments with a 377. Snyder is second at 388, followed by Andrews B at 416 and Fort Stockton at 419.

Snyder's Light is leading the medalist race with an 85. Gene Kovacs of Andrews is second with a 91.

# Tigers face tough opponent in Permian Panthers today

ODESSA -- Snyder's Tigers will get a strong test here today when they challenge the Odessa Permian Panthers at 4 p.m.

"It's a big challenge," said SHS coach Albert Lewis. "Permian is tied with Abilene Cooper for first place in that (4-5A) district. We've had good workouts this week and we're looking forward to it."

Snyder will take a 6-6 record to battle with the 10-2 Panthers, who are 3-0 in district play.

Lewis said Jimmy Velasquez, 2-3, will start on the mound for Snyder. Steve Parker, who rejoined the Tigers last Tuesday after missing the Snyder Baseball Tournament because of illness, will not resume first base duties but will be the designated hitter.

The lineup, in batting order, will have Chris Fryar at third and Todd Odom at catcher. Parker will bat for second baseman Don Osborn and Justin Webb will be at centerfield. Velasquez will bat next, followed by short stop Brad Holcomb, right fielder Mike McWilliams, first baseman David Martinez and left fielder Scott Lanier.

Lewis said Ricky Hunter, the usual starting catcher, will be rested because he is scheduled to pitch against Plainview.

The Tigers are slated in Plainview at 1 p.m. Saturday.

He added that Saturday's lineup would stay "pretty much the same" but he may make a few changes because of the pitching change and because Kenneth Pickering will be back on the squad.

Pickering has been sidelined since before the Snyder Tournament as a disciplinary measure.

The Tigers are not scheduled to play again until April 1, when they open District 2-4A play with Lamesa. Coach Lewis was attempting to find a non-district opponent for a game next week, however.

# Taylor may be spokesman in fight against drug abuse

EAST RUTHERFORD, N.J. (AP) - All-Pro linebacker Lawrence Taylor, fresh from tackling his own problem, plans to become a spokesman in the fight against drugs.

The New York Giants player on Thursday admitted in a written statement that he has been undergoing treatment for "substance abuse."

"I do realize my responsibility to my family, my teammates, the NFL and most importantly to the youth of America to portray the proper image," Taylor said in a statement released by the team. "I will make the most determined effort of my career to restore that image and to ensure everyone that I still retain those same original aspirations."

The disclosure by Taylor comes one month after reports that the 27-year-old five-time All-Pro had voluntarily entered a drug rehabilitation center. Neither Taylor, the Giants nor the National Football League commented on those reports.

Giants Coach Bill Parcells said Taylor would have his support, and he said he expects his troubled star to be at a mid-May minicamp.

"We came here together," said Parcells, who joined the Giants as defensive coordinator coach in 1981, Taylor's rookie year. "We've had a good relationship."

Parcells admitted he has talked to Taylor by telephone "from time to time" since reports of his entering a treatment center, saying only that Taylor "is one of my players."

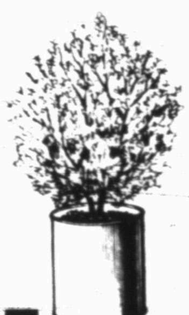

He said Taylor had asked him to have the Giants release the statement, but Parcells would say little else.

"It's his statement," he said. "I thought it was pretty conclusive."

Tom Power, a team spokesman, said the Giants would not have any other comment on what he called "a private matter."

Taylor did not indicate where or for how long he has been undergoing treatment, saying only, "I have just completed the first phase in what I know will be a difficult and ongoing battle to overcome these problems."

# Three SEC teams still alive in tournament's Final Eight

by The Associated Press

Last year it was known as the "Big East Invitational" with Villanova, Georgetown and St. John's in the Final Four. This season the Southeastern Conference is the league that's showing off in the NCAA basketball tournament.

No less than three SEC teams were still alive in the Final Eight following Thursday night's results which featured third-ranked Kentucky's 68-63 victory over SEC colleague Alabama and LSU's 70-64 upset of No. 6 Georgia Tech in the Southeast Regionals, and Auburn's 70-63 shocker over No. 11 Nevada-Las Vegas in the West.

Louisville, the nation's seventh-ranked basketball team, beat No.8 North Carolina 94-79 in the other West semfinal in Houston.

"I wish they'd placed us in different regions," said Kentucky Coach Eddie Sutton, who had called the Southeast Regional in Atlanta the "SEC Invitational."

"If we were in four different regions, there would be a chance we could play the SEC tournament in Dallas," said Sutton.

The NCAA playoffs continue tonight with semifinals in the East Regional at East Rutherford, N.J., and the Midwest at Kansas City.

Top-ranked Duke plays DePaul and Navy takes on surprising Cleveland State in the East Regionals at New Jersey's Meadowlands. Also tonight, in the Midwest Regional semifinals at the Kemper Arena in Kansas City, North Carolina State plays Iowa State and Kansas faces Michigan State.

Kenny Walker scored 22 points and James Blackmon hit two key baskets in a second-half burst as Kentucky continued its mastery of Alabama. It was the 14th straight victory for the Wildcats and their fourth this season over Alabama in advancing to Saturday's regional finals against LSU.

Alabama fought back from a 12-0 spurt in the first half to close to within 38-36 on a driving basket by Terry Coner with 14:43 left in the game. Kentucky then went on a 10-3 burst to build a 48-39 lead and the Crimson Tide was never able to get closer than seven points until the final 30 seconds of play.

"The big key was offensive rebounding," Alabama Coach Wimp Sanderson said. "Every time it looked like we might come back they got a big putback."

Don Redden scored 27 points and Derrick Taylor added 23 as LSU upset Georgia Tech to create an all-Southeastern Conference final in the Southeast Regional.

LSU's defense forced two turnovers which helped overcome a 56-52 Yellow Jackets lead. Combined with sharpshooting efforts from Taylor and Redden, the Tigers earned a fourth meeting with Kentucky.

Tom Hammonds was forced into a turnover which resulted in a Redden jumper which put the Tigers ahead to stay at 60-58 with 3:30 left.

"Hammonds just made a mistake. He wasn't really looking," Taylor said. "And I got it from him."

Auburn's Chuck Person scored 17 of his 25 points in the second half and rallied the unranked Tigers over Nevada-Las Vegas.

Person, who hit only 4 of 11 shots from the field in the first half, scored Auburn's first three baskets of the second half and led a charge that gave the Tigers, who trailed by as many as 14 points in the first half, their first lead of the second half, 50-49, with 7:57 left in the game.

Auburn, advancing to its farthest point in NCAA play, took the lead for good at 56-55 with 3:55 to play on a side jumper by Person. Nevada-Las Vegas' Anthony Jones, who scored 16 points, missed three free throws over the final 2:44 as the Runnin' Rebels couldn't mount a last-minute charge.

"I was a little timid in the first half because my shot wasn't falling, but my teammates kept encouraging me to shoot it and I did," Person said. "We wore them down in the second half and that's where our conditioning came in. We're a very hungry team and we want to be the first Auburn team to get to the Final Four."

Billy Thompson scored 24 points and Herbert Crook contributed some deadly free-throw shooting to lift Louisville over North Carolina. It was Louisville's first victory since 1929 over North Carolina, third-place finisher in the Atlantic Coast Conference this season.

Louisville outscored North Carolina 16-4 to start the second half to take a 59-47 lead but the Tar Heels rallied behind Joe Wolf to tie the score 71-71.

Thompson scored two baskets and Crook, who had 20 points, got hot at the free-throw line, making six straight to help the Cardinals pull away at the end.

"We're cresting now," said Louisville's Milt Wagner. "Our guys realize you have to be ready to play teams like North Carolina."

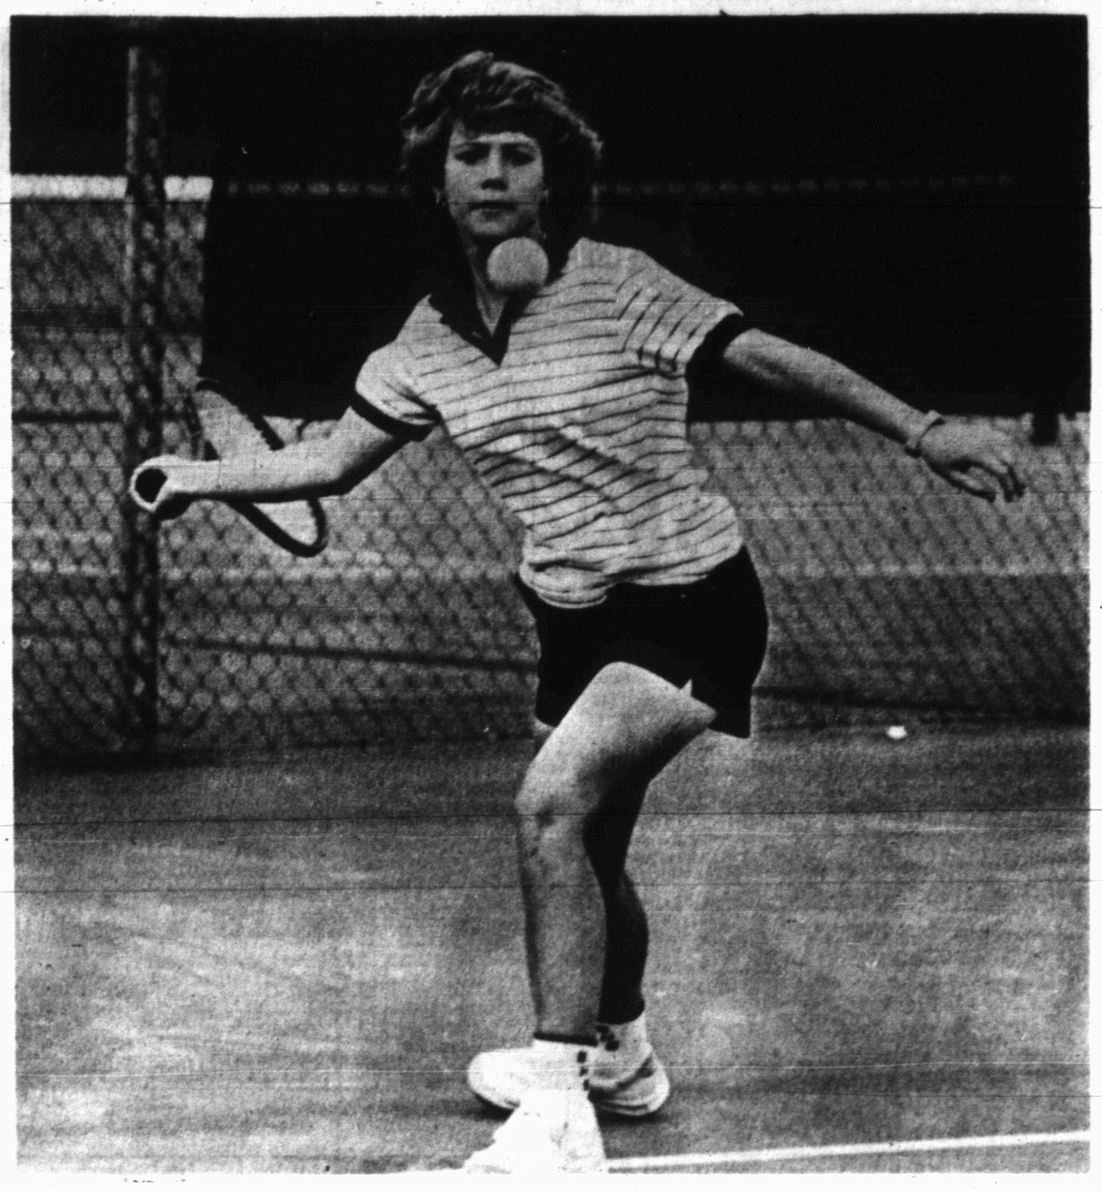

## Wranglers reach semis

SENATOBIA, Miss - Odessa College's Lady Wranglers fanned Gadsden State of Alabama 92-57 to advance to the semifinals of the women's National Junior College Athletic Association National Tournament here Thursday.

The top-ranked Wranglers, 34-0, will face Jacksonville, Fla., a 91-77 winner over Crowder of Missouri, in the semis.

In other action Thursday, unranked John A. Logan, Ill., shocked Kilgore, Texas, 75-72, and Northeast Mississippi gunned down Emmanuel of Georgia 87-50.

John A. Logan, 35-2, will face Northeast Mississippi in the other semifinal.

# Gators gunning for NIT title

by The Associated Press

With the Southeastern Conference dominating play in the NCAA tournament, the Florida Gators are doing their best to represent the conference's interests in the National Invitation Tournament.

Winning their third straight game at home with a 54-53 decision over Southwest Missouri State Thursday night, the Gators earned a ticket to New York City for the NIT's Final Four.

The Gators join Wyoming and Louisiana Tech, along with the winner of tonight's game between Brigham Young and Ohio State, in the championship round at Madison Square Garden March 24 and 26.

Wyoming defeated Clemson 62-57 and Louisiana Tech stopped Providence 64-63 in other quarterfinal action on Thursday night.

Florida's Vernon Maxwell scored 22 points and hit three free throws in the final 19 seconds as the Gators held off a furious Southwest Missouri State rally.

Florida, the fourth-place team in the SEC in the regular season, improved to 19-12 for the season and 16-1 on their home court at the O'Connell Center. Southwest Missouri State, in its fourth season in NCAA Division I, finished at 24-8.

"We hit on a defense that matched up well and we took their shooters out of the game for a long time," Florida Coach Norm Sloan said. "Then they went to a defense that took our shooters out of it and closed it up and made it exciting at the end. They never gave up."

Bears Coach Charlie Spoonhour said he wasn't surprised that his team was able to come back and make it close after falling behind 50-36 with less than eight minutes to play.

"When you get ahead 15 or 16 points, you have a tendency to try to protect the lead and the other team gets some initiative," Spoonhour said. "That's only human nature. I thought we got a little of the initiative back from Florida. I was proud of our guys, but Florida just came through."

Maurice Jackson and Robert Godbolt scored Louisiana Tech's last 11 points and the Bulldogs survived a late comeback by Providence.

The Friars had a chance to win when Matt Palazzi got open for a 14-foot jumper from the side. But it fell short with four seconds remaining, Kelvin Lewis got the rebound for the Bulldogs and they ran out the clock.

Louisiana Tech, 19-13, was led by Jackson's career-high 19 points, mostly on long-range shots, and Godbolt's 18, primarily on inside power moves.

Billy Donovan had just hit two long jumpers for Providence, but Coach Rick Pitino decided to try to get Palazzi free off a baseline screen. That part worked.

"We got the shot we wanted," Providence Coach Rick Pitino said. "We wanted Matt to take the shot. We thought they'd stay with Billy Donovan. Matt will make more of those than he misses."

# Drug tampering occurs in two cities

PHILADELPHIA (AP) — SmithKline Beckman Corp. asked that three of its products be removed from shelves nationwide after tainted drugs were found in two cities, and officials said they knew of no motive for the latest corporate attack.

Health officials in several states issued warnings Thursday and stores began pulling Contac, Dietac and Teldrin capsules from shelves after SmithKline and the Food and Drug Administration announced the contamination.

Cyanide and rat poison were mentioned in telephone threats against stores in Orlando, Fla.; Houston; St. Louis and Chicago, said Bruce Brown, an FDA spokesman in Washington. SmithKline President Henry Wendt said tests so far have revealed only flour and cornstarch in products from Texas and Florida.

Tests on samples from St. Louis and Chicago were under way, Brown said.

The incident comes within two months of the death of a woman in Yonkers, N.Y., after she consumed Tylenol capsules tainted with cyanide. No arrests have been made in the case, the second involving Johnson & Johnson since 1982.

The Dietac, Contac and Teldrin packages had price labels from stores other than the ones in which they were found, and the tampering was so crude as to be "quite obvious to the consumer," Wendt said.

The doctored packages were from the same product lot, he said.

## Three minor mishaps occur

Three minor traffic mishaps were reported in Snyder Thursday.

Involved in the first — at 11 a.m. in the 3600 Block of College Ave. — were a 1983 Ford driven by Margaret Jolene Sharp of 111 Hickory St. and a 1984 GMC driven by D'Ann Myers Preston of Rt. 3, Snyder.

The second accident was reported at 4:32 p.m. in the 300 Block of 34th St.

Involved in it were a 1978 Ford driven by Tina Diane Nabors of 4400 Ave. U and a 1976 Ford driven by Krystal Kay Hunter of Snyder.

The final accident occurred at 4:34 p.m. at Williamson Auto Supply on the East Highway.

According to reports, the Williamson building was struck by a 1962 Chevrolet pickup driven by Loreta Hernandez of 508 14th St.

No injuries were reported.

## Police arrest pair Thursday

Snyder police jailed two suspects on misdemeanor charges Thursday evening.

One man was arrested for driving on a suspended license while the second was jailed for public intoxication.

## Charges prompt 19 local arrests

The Texas Department of Health has recently enacted new standards regarding the quantity of Trihalomethanes (THM's) in drinking water supplies. The new maximum limit is 100 parts per billion (ppb). In more easily understood terms, one part per billion is equal to one second in thirty-two years. In a recent series of tests, the City of Snyder averaged 122 ppb, putting us just barely over the limits. Using some new equipment, we expect to be within the required limits very soon. The State requires that you, the consumer, be informed of these facts, but at the same time, they indicate that they see no cause for alarm, and in fact, are of the opinion that the benefits of chlorine disinfection far outweigh any possible adverse effects. If you have any questions whatsoever concerning this matter, please call 573-4959, or drop by City Hall.

WESTERN TEXAS College will be accepting bids to purchase a IBM-PC computer until 10 a.m. on April 15, 1986. Further information concerning this bid may be obtained by contacting the Business Office at Western Texas College. Telephone 573-8511, ext. 306.
