Candidate quiz today

The second in a series of candidate questionnaires related to Saturday's contested races appears in this issue of the Snyder Daily News.

On page 5 inside, the four candidates for places 1 and 2 on the Snyder school board offer their replies to four questions related to their reasons for seeking public office.

Candidates were also given the option to offer additional comments if they chose to.

The four candidates featured this issue are Lillie Sullivan, incumbent for place 1, challenged by Judy Davis; and, in order of filing, Frank Williams and Mike Jordan, both seeking the place 2 seat. Incumbent Leslie Butler opted not to seek re-election.

NEW PERFORMANCE — It will be a new performance Friday for Brad Vincent and Chelle Krueger in the roles of "Romeo and Juliet" as Snyder's one-act play competes to advance from regional. Four performances will begin here at 1:30 p.m. (SDN Staff Photo)

One-act contests return to Snyder

One-act play presentations return to Worsham Auditorium at Snyder High School Friday as four plays vie to advance from area competition on to regional.

The competition will begin at 1:30 p.m.

The SHS entry of "Romeo and Juliet" — a previous winner at zone and district — is the last play scheduled for the day. Its starting time is estimated at 4 p.m., although this time is only approximate.

Under UIL rules, each school is alloted 40 minutes for their performance. A 10 minute intermission is planned between each play. Plays do not have to go the full 40 minutes, however.

Districts 2-AAAA and 1-AAAA will be represented Tuesday. The complete afternoon schedule includes:

—Levelland High School's production of "Close Ties" at 1:30 p.m.

—Lubbock Dunbar High School's production of "The Diary of Adam and Eve" at 2:15 p.m.

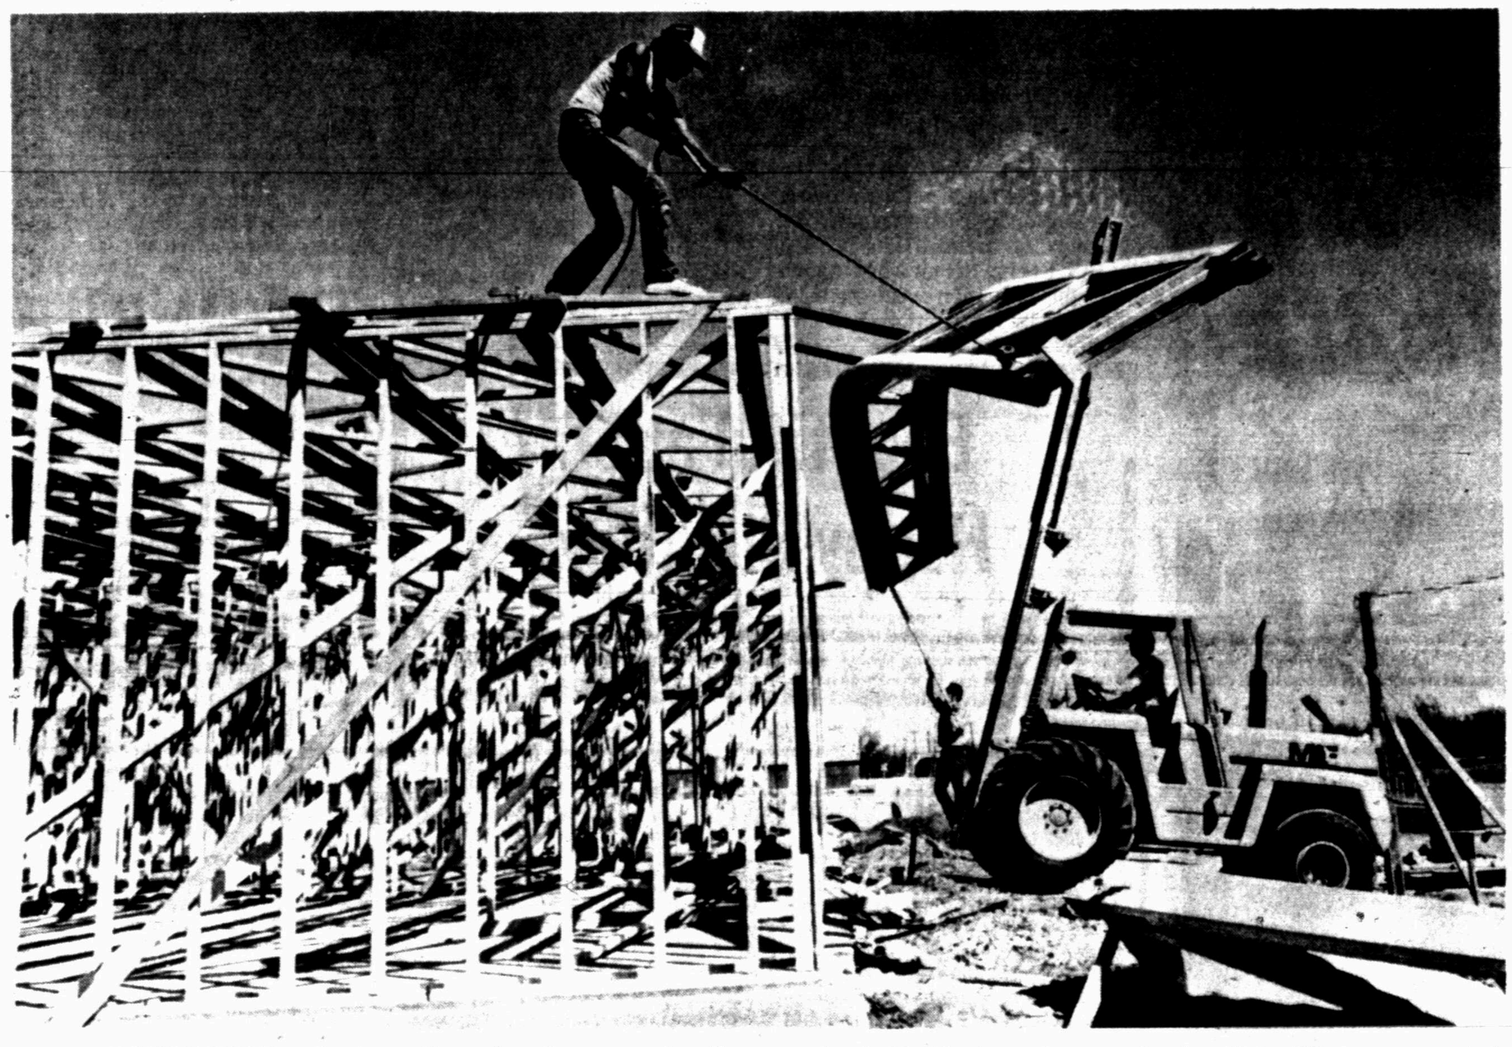

—Pecos High School's production of "Hedda Gabler" at 3:05 p.m.

—Snyder High School's production of "Romeo and Juliet", at 4 p.m.

The winners will compete at regional contests scheduled in Brownwood the weekend of April 12-13. One-act plays will be presented at Brownwood High School Auditorium.

NEW CONSTRUCTION — Last month produced new construction estimates here near $600,000, bringing the year's amount to more than $4.5 million. With the fiscal year half gone, building in the city is running behind last year's amount, when $5.2 million was reported. (SDN Staff Photo by Noble B. Young)

Reagan hints at new plan

WASHINGTON (AP) — President Reagan is prepared to offer "new ideas" for dealing with the leftist government of Nicaragua while triggering a process leading toward a congressional vote soon on releasing $14 million in aid to rebels battling the Sandinistas, a White House spokesman said today.

Presidential spokesman Larry Speakes declined to spell out Reagan's new proposals, but said the president "has some suggestions, ideas he will be discussing."

On Capitol Hill, congressional sources said the administration plan includes a comprehensive proposal designed to encourage the Sandinistas to negotiate a peace settlement with the rebels.

Late Wednesday, Reagan sent Congress a report that will set up a congressional vote, probably around April 19, for release of the $14 million in aid, Speakes said. The report, which is classified, outlines the administration's arguments for assisting the rebels.

Location change due for local coffee shop

Louise's Coffee Shop, a fixture on the downtown square for some 20 years, is moving — but not far.

Business owner Lousie Rice says she will be moving her restaurant "across the street," relocating from the south east corner of the square to the north side of 26th St.

She will be moving into a new building now under construction by O'Neal Bloom of Clark Lumber Company. She plans to lease the new building from Bloom.

Regarding any changes, she said the new facility will be slightly larger. The current Louise's Coffee Shop seats about 25, and this is to go to around 35 to 40.

She said the change will take place in approximately two months after construction of the new building is finished.

A change in the hours of operation might be effected also, opening one hour earlier at 6 a.m. Closing time will remain 3 p.m.

March building at $600,000

The month of March produced new construction estimates here near $600,000 to include one new commercial building and a second sizeable commercial addition in Snyder plus five single-family type residences.

The commercial project will be built by O'Neal Bloom and will house the new facility for Louise's Coffee Shop (see related story).

In the commercial category also, Grimmett Brothers Construction announced plans to add some 3,500 sq. ft. to their facility located at 1312 Ave. R. The shop addition is estimated to cost some $63,000.

The month's figure for new construction was reported at $598,870, bringing the year's amount to more than $4.5 million. The exact sum is $4,537,192.

With March's total complete, the new construction estimates for 1984-85 are now at their midway point in the fiscal year.

The figure is running behind last year's amount, which at the end of March was set at $5.2 million. The building year ended at $9.6 million, possibly the best building year ever for Snyder.

For March, the five new residences comprised the single largest new building estimate, adding more than $370,000 to the year's total.

Other building categories included seven mobile home move-ins, which added another $100,500 to the year's amount.

Construction of new homes was applied for by Ben Orosco, owner, and Perell Homes, contractor, for a residence at 3302 Irving; Two G's, owner and contractor, for two residences at 3311 and 3309 Ave. U; Tejay Simpson, owner, for a residence at 3703 Noble Drive; and Bob Hagdal, owner and contractor, for a residence at 4000 Midland.

The mobile home move-ins were applied for Russell Jones

Good Friday closings due

Good Friday in Snyder will produce closings at both Snyder City Hall, the Scurry County Courthouse and some state offices.

County-related facilities will be closed as well Friday, to include the library, health unit and child welfare office. The library, which normally operates a weekend schedule, will be closed both Saturday and Sunday also.

In addition, offices for the Scurry County Appraisal District will close Friday.

For state offices, the Texas Department of Highways and Public Transportation — to include the local driver's license office in the new jail building — will observe a holiday.

All other state offices — to include the Texas Employment

The feller on Deep Creek says, "A budget is a plan that allows you to pay as you go, if you don't want to go anywhere."

We had a few tales of embarrassment come in after the deadline. Even though they are not eligible for the cash prizes, they are worth passing along.

One came from Snyder's Cone Merritt, former justice of the peace and minister. He wrote:

"About 20 years ago I was asked to officiate at a funeral of a childhood friend. At the time I was serving as Scurry County justice of the peace.

"I went to the church building to wait for the procession and family. I was standing in the auditorium when someone told me the choir was practicing in another room. I went to the room and opened the door.

"Right in front of the door were seated six or eight ladies. Some of the ladies arose and said hello. I spoke to them all. But at the end of the table was a disabled woman who stood up on crutches and pointed a finger at me.

"She said, 'I know you. You are the man that pinched me!' Everyone became silent. I thought for a second and then said I levied a fine on her, but didn't pinch her.

"It was then that she revealed that her folks always used the word 'pinch' for accessing a fine. We all had a good laugh and closed the discussion."

Ann Dunnam of Snyder had this embarrassment happen to her when she and husband were on vacation in Houston a few years ago.

"We went to a large amusement park called Astroworld. After two hours of persuasion, my husband finally talked me into riding the largest roller coaster in the park after repeated promises that nothing disastrous would happen.

"I was wearing one of those tops with straps that tied at the shoulders. When we hit the first bump, I lost the straps. On the second bump I lost my top—enduring the remainder of the ride flashing Astroworld."

SHS chooses cheerleaders

Snyder High School students elected twelve cheerleaders for 1985-86 following auditions in Worsham Auditorium Wednesday.

Leading the yells for next year's varsity athletic teams will be senior Rosie Pena along with juniors Leslie Warren, Katrina Reed, Connie Cates, Tonya Cox and Kristen Walton.

Junior varsity cheerleaders for the year will be Kirsten Miller, Barbara Chapman, Stacy Botts, Michelle Pilgrim, Staci Dunn and Tammie Wadkins.

All of the JV yell leaders will be sophomores next year.

As is traditional at SHS, each cheerleader candidate performed a short solo routine for the student body prior to voting.

Ask Us

Q. — What is the proper way to address letters to the president, vice president, a senator or representative?

A. — For both the president and vice president, the wording would be "Dear Mr. (Vice) President." For a representative, it would be "Dear Congressman," and for a senator, "Dear Senator."

In Brief

High costs

WASHINGTON (AP) — A team of auditors ordered to scrutinize the administrative expenses of General Dynamics Corp. has concluded the Pentagon paid too much in overhead claims to the giant defense contractor, sources say.

The completion of the audit means that a freeze on overhead payments imposed last month will soon come to an end, but it also means the firm is facing a new fight with the Pentagon over "the way they do business and what they charge the government," one source added.

A&M death

BRYAN, Texas (AP) — Brazos County authorities have had the exercise list that led to the death of a Texas A&M University cadet for more than a month even though they said it was lost, a defense attorney says.

Hank Paine, defense attorney for 21-year-old Gabriel Cuadra, said Wednesday night the list is a copy of the one his client destroyed after the Aug. 30 death of Bruce Goodrich "to keep it out of the media's hands."

Local

Sports dinner

The annual Snyder High School All-Sports Banquet has been scheduled for May 6 in Scurry County Coliseum. It will begin at 7 p.m.

Tickets are $6 per person and may now be purchased at the athletic director's office at the high school, the coliseum office, Burgess-McWilliams Pharmacy or the Snootie Fox.

The banquet — which honors all high school athletes — will be catered by The Shack.

Area vacation

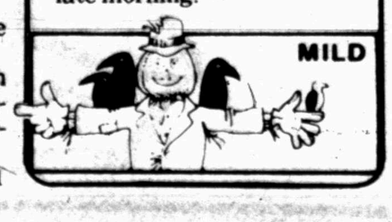

Hermleigh Schools will observe the traditional Easter holiday Thursday and Friday of this week. Classes will resume Monday at the regular hour.

Ira students were to dismiss at 2:30 p.m. Thursday for the Easter Holiday. Students return to class Tuesday at the regular hour.

Weather

Snyder Temperatures: High Wednesday, 89 degrees; low, 54 degrees; reading at 7 a.m. Thursday, 55 degrees; no precipitation; total precipitation for 1985 to date, 3.77 inches.

Snyder Area Forecast: Tonight: partly cloudy, a 20 percent chance of showers or thunderstorms and low in upper 50s. Wind southwest 10 to 15 mph. Friday: partly cloudy. Turning colder, high near 80 and wind south 5 to 15 mph shifting to east to northeast 10 to 15 mph late morning.

J. Wright warns of danger

WASHINGTON (AP) — War games in Honduras will cause soldiers in the Texas National Guard to be within three miles of Nicaragua and they should not be allowed to get into a fight with Sandinista troops, House Majority Leader Jim Wright has warned in a letter to President Reagan.

The Texas Democrat's comments were released by his office Wednesday. He wrote the letter after sitting in on a briefing Monday as a member of the House Intelligence Committee, aides said.

About 400 members of the Texas National Guard are participating in the exercises, known as Big Pine III, in southwestern Honduras just inland from the Pacific coast and near the Nicaraguan border. The Texans are part of a force of up to 4,800 U.S. military personnel who will conduct the war games with Honduran troops.

The leftist Sandinista regime has been denounced by Reagan who has stopped just short of calling for it to be overthrown. There have been frequent border clashes between the troops of Nicaragua's Sandinista government and U.S.-backed rebels known as contras.

Wright acknowledged in his letter to Reagan that U.S. participation in the exercises was covered by an inter-American treaty.

"In view of the current tensions between the United States and Nicaragua, however, it occurs to me that staging war games south of Choluteca (Honduras), within three miles of the Nicaraguan border, complete with 17 tanks and 17 armored personnel carriers, may carry certain unintended risks," Wright said.

Wright called on Reagan to be aware of the dangers inherent in such very close proximity to the heavily defended free fire zones on Nicaraguan territory.

"With this in mind, you no doubt will monitor these military exercises very carefully, taking every available precaution to guarantee that U.S. personnel do not become unintentionally embroiled in some incident with Nicaraguan troops," Wright said.

Nationwide scam bilks customers

FORT WORTH, Texas (AP) — Officers of a suburban company have been accused of bilking people through a nationwide credit card telemarketing scam in which a free vacation was offered with the purchase of almost $300 in vitamins.

Assistant U.S. Attorney Terry Hart told the Fort Worth Star-Telegram Wednesday that victims of the credit card scam were telephoned and told they won a trip to Mexico worth $2,500, but had to purchase $298 in vitamins on their credit card to receive the trip.

At least 90 packages of vitamins were sent out to customers throughout the nation by a courier service on March 22, according to an affidavit filed in U.S. District Court in Fort Worth.

Two men, named in a federal complaint alleging credit card fraud, were arrested, Hart said. Ray Bible was in Harris County Jail after being arrested Wednesday. A 43-year-old Arlington man was arrested Tuesday and freed on a personal recognizance bond by U.S. Magistrate Alex McGlinchey, the newspaper said.

Arlington police spokesman Jim Willett said the suspects were arrested as part of an investigation into a scam that is believed to have bilked customers of more than $5 million while operating in the Minneapolis area before moving to Arlington four months ago.

According to the affidavit, filed by U.S. Secret Service agent Don Cox, the two men were general partners in International Health Products LTD.

Allergy may be cause of cough

By Lawrence Lamb, M.D.

DEAR DR. LAMB — Please send me your Health Letter on the cough. I'm a 54-year-old woman and I quit smoking 25 years ago. For the past eight years, I have coughed when I use any type of aerosol spray deodorants, oven cleaners, etc. It also happens if I am near someone smoking. I also have had bouts of bronchitis. The last time, I had to take four antibiotics and had a sore voice-box afterward. I have eased that somewhat by using a salt water gargle and exercising care in using my voice.

DEAR READER — A cough is such a common symptom that it is often ignored when it should not be. Anyone with a chronic cough should see a doctor to find out what is causing it. If it is a "smoker's cough," that is a warning that smoking is damaging one's lungs. A person with this type of cough is more likely to develop chronic obstructive lung disease (COLD) and gasp for breath in his later years, or to develop lung cancer, which is often fatal.

It sounds as if you have an allergy to one or more substances in aerosols. Avoid aerosols entirely if you can. Since you have frequent problems, you should see a specialist in pulmonary (respiratory) diseases. You might need to take some medicine regularly to help prevent recurrent attacks of bronchitis.

One should see a doctor about a cough (1) if a temperature is over 102 F (38.9 C) or if a fever persists for more than three days; (2) if one has pain other than a mild headache or sore throat; (3) if there is excessive weakness or prostration; (4) if a cough lasts for 10 days or longer, even if one feels well. A cough can be a symptom of serious medical problems, not just an annoyance from a common cold. To neglect it is to court disaster.

Of course I'll send you The Health Letter 8-10, Cough: How and When to Treat It, as you requested. Others who want this issue can send 75 cents with a long, stamped, self-addressed envelope for it to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

DEAR DR. LAMB — I have a heart disease called cardiomyopathy, but I can't find anything about it in my medical books. My doctor simply says that it is a degenerative heart disease. Exactly what does the term mean?

DEAR READER — It is a very general term. "Cardio" refers to the heart, "myo" to muscle and "pathy," from the Greek "pathos," means disease. Therefore, you have disease of the heart muscle. "Cardiomyopathy" was once used primarily to describe heart-muscle disease of unknown type or cause. Today it is used — incorrectly, I think — to describe inflammation of the heart muscle, or myocarditis. This use of the term opens the door to include inflammation of the heart muscle from various viruses, including some that cause flu-like symptoms.

Several diseases can attack the myocardium (heart muscle) and cause myocarditis, which may be called cardiomypathy today.

Regardless of the cause, your doctor is quite correct in saying that the disease involves damage of the heart muscle. The weakened heart muscle may not be able to contract with sufficient force to maintain normal heart function. In this case, fluid may accumulate in the lungs and the rest of the body, causing swelling and shortness of breath.

Sometimes the heart-muscle damage is not caused by an infectious agent and the cause of heart-muscle weakness remains obscure.

Public Notice

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas, effective April 29, 1985, unless otherwise determined by the Commission.

While proposals as to specific rates vary, it is expected that the requested rate schedule will furnish a 10.5 percent increase in the Company's unadjusted test year intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas and with each affected incorporated municipality served by Southwestern Bell Telephone Company. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell Telephone Company's rate application. This filing includes, but is not limited to, proposals to increase rates for local exchange service, intraLATA long distance, intraLATA interexchange private line service (which includes foreign exchange service) and to decrease certain access service rates.

Notice to Customers of Other Telephone Companies

This filing includes, but is not limited to, proposals to increase rates for intraLATA long distance and for intraLATA, interexchange private line service (which includes foreign exchange service) and to decrease certain access service rates. Changes in such rates would also affect customers of other telephone companies because such companies provide certain services in accordance with rates specified in Southwestern Bell Telephone Company's tariffs.

Notice to All Customers Concerning Access Charges and Certain New Service Charges

Southwestern Bell Telephone Company, as a part of this filing, is also proposing to reduce certain access rates charged such customers as AT&T Communications, Inc., MCI and other carriers. The resulting reduction in revenues is proposed to be offset by revenues from two new service charges, late payment charges applicable to business customers only and for certain operator services such as busy line verification, plus stimulation of access service charge revenues. Since this portion of the filing, if granted, would have essentially a zero net revenue effect on Southwestern Bell Telephone Company, Southwestern Bell Telephone Company is proposing that this portion of the filing be expeditiously handled by the Commission and not await Final Order.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Aviso Público

En conformidad con las disposiciones de la Comisión de Servicios Públicos de Texas, Southwestern Bell Telephone Company anuncia mediante el presente aviso su intención de establecer un nuevo arancel de tarifas telefónicas en Texas, con vigencia a partir del 29 de abril de 1985, salvo disposición en contrario de la Comisión.

Si bien existe variación entre las propuestas en cuanto a las tarifas precisas, se anticipa que el arancel tarifario solicitado aumentará en un 10.5% los ingresos intraestatales no ajustados de Southwestern Bell Telephone Company durante el año de prueba.

Una copia completa del nuevo arancel de tarifas se halla archivada en las oficinas de la Comisión de Servicios Públicos en Austin, Texas, así como en cada municipalidad incorporada afectada que tenga servicio de Southwestern Bell Telephone Company. En el pasado, la Comisión ha sostenido que toda tarifa se halla sujeta a cambio toda vez que Southwestern Bell Telephone Company solicite nuevas tarifas. El registro de esta tarifa incluye, pero no en forma limitativa, las propuestas de aumentar las tarifas por servicios de centrales locales, de larga distancia intraLATA y por servicios de línea privada interLATA entre centrales (incluyendo servicios de centrales externas) así como las propuestas de reducir ciertas tarifas de servicio de acceso.

Aviso a los clientes de otras compañías de teléfono

El registro de esta tarifa incluye, pero no en forma limitativa, las propuestas de aumentar las tarifas por servicios de larga distancia intraLATA y por servicios de línea privada intraLATA entre centrales (incluyendo servicios de centrales externas) así como las propuestas de reducir ciertas tarifas de servicio de acceso. Los cambios en dichas tarifas también afectarían a los clientes de otras compañías de teléfono, puesto que dichas compañías proporcionan ciertos servicios de acuerdo con las tarifas especificadas en los aranceles tarifarios de Southwestern Bell Telephone Company.

Aviso a todos los clientes con respecto a los cargos de acceso y a determinados cargos nuevos de servicio

Al registrar esta tarifa, Southwestern Bell Telephone Company también propone reducir ciertas tarifas de acceso que se les cobran a clientes como AT&T Communications, Inc., MCI y otras compañías de larga distancia. La consecuente reducción de ingresos se piensa compensar por medio de dos cargos nuevos de servicio (cargos por pago atrasado que se aplicarían solamente a usuarios comerciales, y cargos por ciertos servicios de operadora, tales como verificación de línea ocupada) además de la estimulación de los ingresos por cargos por servicios de acceso. En vista de que, en caso de otorgarse esta parte del arancel tarifario registrado, su efecto real en los ingresos de Southwestern Bell Telephone Company sería igual a cero, ésta propone que la Comisión tramite dicha parte de la tarifa en forma expeditiva sin esperar la Orden Definitiva.

Toda persona que desee intervenir o participar en el presente proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission Consumer Affairs Division, (512) 458-0223, o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para personas con impedimentos de audición.

Five Tune students garner top honors

Seventeen of Mrs. Billy Tune's music students entered the San Angelo Piano Festival March 30. Held in the Fine Arts Building on the Angelo State University campus, the event was sponsored by the San Angelo Music Teachers Association.

Each student performed a movement from a sonatina or sonata. In addition, each entrant played one or two selections of contrasting style.

Each received a rating, critique sheet and ribbon for each selection entered. Students performing a three-piece program also received a rating for the entire program. Those achieving a "superior" overall rating qualified to participate in an Honors Recital set for April 14 in the Massie Clubhouse in San Angelo.

Tune's students who will play in that recital include Brandi Doyle, Lisa Nix, Darla Pruitt, Holly Joplin and Joellen King.

Students scoring an "excellent" rating were Janna Tate, Greta Taylor, Anne Osborn, Melanie Martinez, Kristi Mize and Christin Stokes.

Denise Thompson, Tisha Morrell and Dayla Church made a "very good" rating on their three-piece programs.

Stephanie Ornales and Kimberly Mitchell received a "superior" rating for a two-piece program. Jasie Wright also garnered "superior" with her one-piece program.

Judges for the event included Geoffrey Hayden and Michael Lowe of the University of Texas, Midland music teacher Dorothy Matthews and Elizabeth Horner, a music teacher from Kermit.

Art Guild to host Green

POST — Artist Jean Green of Olton will demonstrate oil painting at the Algerita Art Center next Monday at 6:30 p.m.

Teaching for the past 20 years, Green has developed her own style using a "wet into wet" technique. The Texas Women's Western Artists member is the author of two instruction books.

In addition, the Post Art Guild plans to have her teach a three-day workshop May 23-25.

All interested persons are invited to attend. For more information contact Geraldine Butler at (806) 495-3308 or the Post Art Guild Inc., P.O. Box 562, Post, 79356.

How you play a particular suit combination depends upon whether you need all the tricks in that suit or just some of them. If you don't know the answer right away, find out first. That's true even if the suit happens to be trump.

The defenders started with the king and ace of clubs and another club, won in dummy with the queen. Declarer now blithely played the ace of hearts and continued with another heart. When East showed out, the contract was one down.

On this deal, declarer may have a diamond loser, depending upon the location of the queen. If there is no diamond loser, South can afford to lose one heart trick, but not two. Accordingly at trick four he should lead a diamond toward the jack in his hand. When that holds, the contract can then be guaranteed with a safety play in hearts. The king of hearts should be played first, and then a low heart played toward dummy. If West plays the eight, declarer should play the nine. If that loses the trick, the ace will pick up the last trump. On the actual layout, West will be held to only one trump trick. If East had started with four hearts to the Q-10, declarer will win the second heart play with dummy's ace and come through Q-10.

Bynum shows trip slides

Harley Bynum of Harley Bynum Photography spoke to members of the Scurry Charter Chapter of American Business Women's Association during the group's meeting March 28 in the Martha Ann Woman's Club.

Bynum presented a slide show of a backpacking trip to Colorado taken by his family. A photographer since 1979, he is a past president of the South Plains Professional Photographers' Association. He has received 20 national merit awards.

Woman of the Year honors highlighted the meeting. Barbara Williamson received a trophy and scrapbook for the honor.

Vera Beasley gave a report on the regional meeting which she, Grace Bryant, and Ruby Deavers attended in Santa Fe, N.M.

Barbara Scrivner presented the vocational talk, relating the different duties she has as a bookkeeper for the Snyder Daily News.

School candidates field questions

Lillie Sullivan

candidate
place 1
Snyder ISD

Q. — State specific goal you would like to see accomplished if elected.
A. — I would like to see our "cleanup" project completed. We've worked the past few years toward getting all our facilities "facelifted."

Q. — What do you consider the most pressing problem facing the school district?
A. — I think that complying with H.B. 72 has been our biggest concern this year. It requires a lot of time doing that.

Q. — Outline the solution to this need.
A. — The only solution is to do our best to follow the law and campaign strongly for the changes we want.

Q. — Briefly define the role of a school trustee.
A. — It has always been considered that the role of a trustee is to set policy and for the administration to carry it out. However, so many policies are being set for us at the state level that this may change in the future. There may be no need for local boards or else the local board may become more invalid in administration.

Q. — State specific goal you would like to see accomplished if elected.
A. — The parents to become more involved in the schools and with the teachers. The teachers pay.

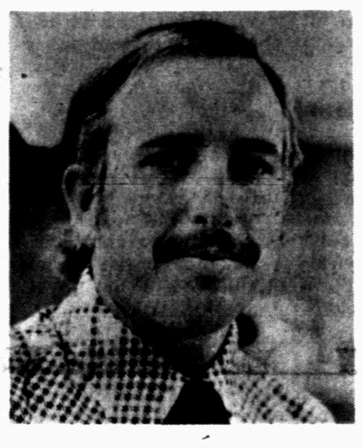

Q. — What do you consider the most pressing problem facing the school district?
A. — House Bill 72.

Q. — Outline the solution to this need.
A. — The public needs to become more aware of all that it says. We've just hit on a fraction of it. The parents, teachers, and students need to come together to learn what rights the students and teachers have.

Q. — Briefly define the role of a school trustee.
A. — A school trustee should be ready to listen to what is said to them. Not too quick to judge, and keep an open mind. Not always saying yes, but not always saying no. To keep their values in mind and also the other persons.

Frank Williams

candidate
place 2
Snyder ISD

Q.— State specific goals you would like to see accomplished if elected.
A.— I am not running for this office to change any particular issue. I am running because I see this as an opportunity to utilize my talents and training to serve the Snyder community and the Snyder public school children in particular. The only specific goal that I enter this race with is the goal to make wise decisions concerning the education of the youth of Snyder and the surrounding area.

Q.— What do you consider the most pressing problem facing the school district?
A.— The most pressing current problem in the Snyder ISD lies in dealing with the most recent Texas legislation concerning public elementary and secondary education. This legislation is House Bill 72. Although well-intentioned, the Texas Legislature has created some new and difficult problems with H.B. 72. In several instances H.B. 72 over-legislates certain issues--issues which should be determined by local boards of education. This over-legislation has caused deep concern for local boards of education, educational administrators, faculty, and many parents and students.

Q.— Outline the solution to this need.
A.— There certainly is no quick and easy solution. Improvements will take time and will involve the efforts of many Texas citizens. We need to follow the Texas educational laws, including those in H.B. 72, but at the same time we need to show our concern and displeasure with the parts of the law that need revision. The current Snyder ISD board of trustees has already made an initial step in this direction with a letter to our local state representatives and the chairman of the State Board of Education. Unfortunately a single effort like this will not cause our legislators to stand up and take notice. Many letters of this sort from boards of trustees, educators--both faculty and administrators--parents and other concerned citizens must be mailed to our legislators in order tor bring our concerns to the forefront of their vision.

Q.— Briefly define the role of a school trustee.
A.— A school trustee is a public servant whose primary concern should be to provide the best possible quality education for the young people of the community and surrounding area. Executing the job of being a school trustee involves a sizeable amount of time and effort. A trustee must be able and willing to make difficult decisions concerning faculty, staff, school programs, individual students, tax money, public property and many other things. Sometimes these decisions will be unpopular. In rare occasions, these decisions may even be unpopular to a majority of the local citizenry; however, sometimes an unpopular decision may be in the best interests of the school children. A trustee should be willing to vote his/her conscience in rare situations like this.

Other comments:
I am running for a seat on the Snyder ISD Board of Trustees because I feel that I can do a good job as a board member. I am willing to spend the time and effort necessary to serve the children and taxpayers of the Snyder area in the role of school trustee. I feel that it is my responsibility as a citizen of this community to offer my time, talents and experience in this way. My experience in public education and my willingness to study an issue thoroughly before making a decision are two more reasons that would make me a good school trustee. I hope that you vote on election day, and I also hope that you cast your vote for me. Thank you.

Mike Jordan

candidate
place 2
Snyder ISD

Q.— State specific goals you would like to see accomplished if elected.
A.— Judging from the quality of education I feel my children have received in Snyder, it is my belief that our school board has done a good job of moving Snyder schools in a positive direction. If elected as a trustee, I would continue to strive for the goals of quality education for our children and fair treatment of our teachers tempered by fiscal responsibility to our taxpayers.

Q.— What do you consider the most pressing problem facing the school district?
A.— Without question, I feel the most pressing problem facing all school districts and particularly the Snyder school district is that of finances. Enlarged curriculum, increased payscales, and maximum classroom size requirements mandated by recent legislation may be necessary and desirable but these items will be expensive in implementation. The decrease in Snyder's tax base associated with depleting oil reserves certainly compounds our problem in providing the necessary funds to maintain the quality of education we have come to expect and should demand from our school system.
On a more specific note, I believe a major problem confronting all schools today is providing an adequate challenge for our children to reach their educational potential.

Q.— Outline the solution to this need.
A.— The solution to the problems of finances will not be easy but will require application of prudent business practices to balance our income with necessary expenditures. While I think a fiscally conservative approach should be adopted, I do not think that a high level of quality education should be sacrificed. I feel that my banking experience, finance degree and the experience gained in operating my own business should equip me with the skills necessary for making decisions which will maximize our educational tax dollar.

Q.— Briefly define the role of a school trustee.
A.— By definition, the role of a school trustee is to "manage and govern the public schools of the district." I think we should expand that role to include an intense interest in the well being of our children and to include support for our teachers. I also feel that it is becoming increasingly important for those elected board members to become more sensitive to the taxpayer in order to made decisions which will insure that the dollars spent show tangible results in competent faculty, improved test scores and better educated children.

Letters to the editor

To the editor,

As a voter I am concerned that one of the candidates has advertised he originated the housing project for senior citizens. I do not recall having seen his name in any of the news stories regarding this project. I would be most interested to know the forum where he announced this idea and what efforts he has made to bring this idea to a reality. It is my understanding that the Golden K was the first sponsor of the project and that Senior Citizens Inc. has made Golden Terrace a reality.

Having read the responses made by the two candidates, neither addressed the issue of how they can work within the system. Knowing when and how to compromise is what gets the job done.

I would like to propose a person who is not an announced candidate, but who I think would step out and serve her community if enough people expressed their confidence and voted for her.

This person is Gloria Shaw. As director of the Senior Citizens Center she has developed it into a program that is a vital part of our community and is recognized as one of the best if not the best in the state. She has been active in the chamber of commerce through the White Buffalo Days and most recently the chamber banquet. She is an alumnus of the leadership program developed by the chamber and Western Texas College.

As administrator for the Senior Center she has demonstrated her ability to work with many different levels of government and government agencies. Why vote for someone who can only make promises? I'm going to vote for someone with proven abilities. I'm going to write in Gloria Shaw.

Rolls-Royce price high

NEW YORK (AP) — The price is high: $200,000 to $300,000 for a 1965 Rolls-Royce Phantom V touring limousine being put up for auction. But it's no ordinary Phantom V; it was used by the Beatles.

The 19-foot limousine, which has less than 50,000 miles on its odometer, was painted with scroll work and floral designs created by a gypsy mystic working with the late John Lennon, who owned the car.

In 1977, three years before Lennon was shot and killed outside his Manhattan apartment building, he and his wife, Yoko Ono, gave the limo to the Cooper-Hewitt Museum, which is selling the car at a June 29 auction.

"The Waltons'" Richard Thomas is really a New Yorker, having been born in New York City on June 13, 1951.

Public Notice

Southwestern Bell Telephone Company has filed a tariff with the Public Utility Commission of Texas to introduce a new service offering called ESSX-400 and to limit all rate plans for Centrex services to existing customers.

Rate plans for all Centrex services, as provided in this tariff, are applicable only to customers with service as of the effective date of this tariff. Centrex customers will be able to expand existing systems and enhancements will continue to be provided. The net effect of this tariff would be no change in total billing for Centrex customers.

The Commission has assigned this matter to Docket 6146. A prehearing to discuss the proposed change is scheduled at 9:30 a.m., Wednesday, April 17, 1985, in the Commission offices at 7800 Shoal Creek Boulevard in Austin, Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Aviso Público

Southwestern Bell Telephone Company anuncia a los usuarios que ha registrado una tarifa ante la Comisión de Servicios Públicos de Texas, con el fin de introducir un nuevo servicio denominado ESSX-400 y de limitar todo plan tarifario para servicios Centrex a los usuarios actuales.

Los planes tarifarios para todos los servicios Centrex, según dispone dicha tarifa, corresponden solamente para los usuarios que tengan servicio a partir de la fecha de vigencia de dicha tarifa. Los usuarios de Centrex podrán expandir sus sistemas actuales, y se sequirán proporcionando mejoras. El efecto real de esta tarifa no constituiría ningún cambio en la facturación total de los usuarios de Centrex.

La Comisión ha registrado este asunto bajo el Docket 6146. A fin de discutir el cambio propuesto, se realizará una preaudiencia el miércoles 17 de abril de 1985, a las 9:30 de la mañana, en las oficinas de la Comisión, 7800 Shoal Creek Boulevard, en Austin, Texas.

Toda persona que desee intervenir o participar en el presente proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission Consumer Affairs Division, (512) 458-0223, o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para personas con impedimentos de audición.

Body, weapons found in raid

WILTON, Calif. (AP) — Deputies in an armored truck crashed an electrified fence and booby-trapped front door to get into a farmhouse fortress and found a drug laboratory, a cache of automatic weapons and a decomposed corpse, authorities said.

Nine people, including two juveniles, were arrested in the house, which was guarded by pit bull terriers and bulletproof windows that deflected tear gas canisters, said Sacramento County sheriff's spokesman Roger Dickson.

The Tuesday raid capped a two-month probe stemming from reports by suspicious neighbors who told police about the log-and-wire electric fence, the five pit bulls that wandered through the acre of land around the house and armed residents mowing the yard.

"They knew something was going on," said Sheriff's Sgt. Morris Bailey.

The drug laboratory was capable of producing $500,000 worth of "speed," or methamphetamine, each day, said state narcotics agent Joseph Lihdsay.

City-County Narcotics Lt. Hal O'Kane said the suspects probably distributed to at least a hundred dealers. "If you look at it that way, potentially their customers numbered in the thousands," he said.

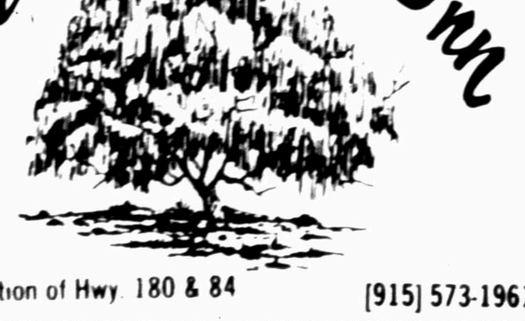

"When I heard all the noise this morning it didn't suprise me," said neighbor Judy Conn. She said the house was always "dead quiet" during the day but at night "cars started pulling up."

About 40 deputies surrounded the house, located in an area of farms and isolated mobile homes 22 miles southeast of Sacramento, and told the residents to surrender, Bailey said. Several people, including women and teenagers, emerged from the home, but two men refused to come out, he said.

Vegetable chemicals protect us

SAN DIEGO (AP) — A class of cancer-preventing chemicals in cabbage, brussels sprouts, broccoli and cauliflower might be used to protect people against toxic compounds and make radiation treatments and chemotherapy safer, a researcher says.

The chemicals, called dithiolthiones, inhibited cancer formation, reduced radiation damage and protected against harmful toxic materials when fed to rats and mice, said Dr. Ernest Bueding, a pharmacologist at Johns Hopkins University in Baltimore.

He said radiation therapy and chemotherapy to combat cancer sometimes damage non-cancer cells, spurring formation of other tumors after the original cancer has been treated successfully.

Because dithiolthiones seem to protect healthy cells but not cancerous ones, they might be administered in conjunction with radiation or chemotherapy to prevent subsequent cancers, Bueding said Wednesday at the American Cancer Society's annual science writers' seminar.

Laboratory animals given dithiolthiones also were protected against the toxic effects of carbon tetrachloride, a common industrial chemical, and acetaminophen, the active ingredient of painkillers such as Tylenol, he said.

"Such protective effects could provide opportunities for reducing the hazards (to humans) associated with the exposure to, or administration of, these compounds," Bueding added. "Moreover, this type of protection may extend to other as yet untested toxic agents."

Your Birthday

April 5, 1985

Pursue your secret ambitions in the year ahead. Even though you may have shelved them temporarily in the past, the timing is now right and your chances for success are excellent.

ARIES (March 21-April 19) Something that might be helpful to you in a business way could be brought to your attention at a social gathering today. Be a good listener. The Matchmaker wheel reveals your compatibility to all signs, as well as showing you which signs you are best suited to romantically. To get yours, mail $2 to Astro-Graph, Box 489, Radio City Station, New York, NY 10019.

TAURUS (April 20-May 20) If you feel inclined to be of assistance to another today, do so quietly without calling attention to your deed. Your kindness won't go unnoticed.

GEMINI (May 21-June 20) Be sure to check in with home base today if you have to do a lot of running around. Good news may be trying to get through to you and you won't want to miss the connection.

CANCER (June 21-July 22) This is one of those fortunate days where things have a way of working out for your ultimate good. Be positive and optimistic regarding your involvements.

LEO (July 23-Aug. 22) Your words carry a lot of weight with your peers today, so if anyone comes to you for advice, keep in mind that they will take to heart whatever you tell them.

VIRGO (Aug. 23-Sept. 22) Chance plays a big role in your affairs today and something might pop up that could be financially meaningful.

LIBRA (Sept. 23-Oct. 23) Time devoted to pleasurable pursuits will not be wasted today. In fact, you need involvement in activities that are a departure from your usual routine.

SCORPIO (Oct. 24-Nov. 22) You'll derive greater satisfaction today out of doing things for others than you will by merely serving your personal interests. Be helpful.

SAGITTARIUS (Nov. 23-Dec. 21) You have the rare ability today to build upon good things you already have going and make them even better. Put your talent to worthy uses.

CAPRICORN (Dec. 22-Jan. 19) You could be the recipient of some good news today that you've been hoping for pertaining to your material well-being.

AQUARIUS (Jan. 20-Feb. 19) Think optimistically and act in a positive manner today. This will give you complete control over events that can advance your self-interests.

PISCES (Feb. 20-March 20) Circumstances that have an effect upon your finances continue to look encouraging. Give priority to matters that could make or save you money.

Dear Abby

Wife's Loyalties Torn In Heirloom Tug-of-War

By Abigail Van Buren

© 1985 by Universal Press Syndicate

DEAR ABBY: It seems that my mother-in-law, who lives quite a distance, promised both my husband and his older sister the same piece of antique furniture. Both have admired this piece for a long time.

Recently, my husband returned from a visit to his mother's triumphantly bearing this treasure. It is now sitting in my living room, and I haven't the nerve to tell my sister-in-law we have it. (She lives near us and visits often.) I am dreading her visiting us and seeing it here, as I am sure the sparks will fly.

Frankly, the piece doesn't mean that much to me. I've tried to get my husband to offer it to his sister, but he flatly refused, saying, "This is the only decent thing I have from my mother's home; my sister has already managed to get everything else."

I suppose it's true, but I like my sister-in-law a lot, and I'm torn between the two of them. They are both very stubborn, and I need some advice on how to keep peace in the family.

IN THE MIDDLE

DEAR IN: You are not in the middle unless you put yourself there. If your sister-in-law has most of the heirlooms, and this is the only "decent" piece left, I can't blame your husband for feeling that this one belongs to him. Stay out of it. And while we're on that subject, read on:

DEAR ABBY: My grandmother is a wonderful, generous lady, but she has already caused a lot of hard feelings in the family because she keeps promising the same pieces of jewelry to three or four members of our family.

I don't want to appear grabby, but when my grandmother promised me her pearl necklace, I should have asked her to put it in writing.

OUT OF LUCK

DEAR OUT: If you had put those pearls of wisdom into action, you'd have soon found out whether your grandmother was stringing you along.

• • •

DEAR ABBY: Our parents' anniversary is coming up soon. Some of us would like to make them a gift of a family portrait including their children, their children's spouses and their grandchildren.

We want to limit this portrait to legitimate family members only, which would exclude the mother of one of the grandchildren and her son from a previous relationship.

We would like to include our brother and his legitimate child without including the woman he lives with and her illegitimate son. Is it possible to do this without causing hard feelings?

PROBLEMS IN SOUTHERN CALIF.

DEAR PROBLEMS: No. Abandon the idea. There are no illegitimate children; just illegitimate parents.

• • •

DEAR ABBY: Should you ever doubt that women are paid less than men for doing the same job, let me assure you that my personal experience will confirm that fact.

I was born a male and trained to be a computer programmer. I am also a transsexual and have had sex-reassignment surgery. I am now a female, physically and legally.

After my sex change, I took a job doing exactly the same work I had done as a man, but as a woman, I am paid $10,000 a year less.

Chain store fined $122,000 for violation of blue law

EL PASO, Texas (AP) — A state district judge has fined K Mart Corp. more than $122,000 because the large retail chain remained open for business on Saturday and Sunday before Christmas last year in violation of Texas' blue law and a 1981 court order.

Violation of Texas' Sunday closing law is a misdemeanor punishable by a $100 fine. But in an order signed Wednesday, District Judge Sam Callan found K Mart in contempt for each of more than 500 separate violations.

K Mart's attorney in El Paso, Malcolm Harris, said the corporation still disagrees with the blue law, but agreed to the penalty as a compromise after negotiating with the El Paso Retailers Association. The state will receive the money.

According to court records, K Mart agreed to a restraining order issued by Callan against the company four years ago after its outlets stayed open on consecutive Saturdays and Sundays, triggering a complaint from the El Paso Retailers Association.

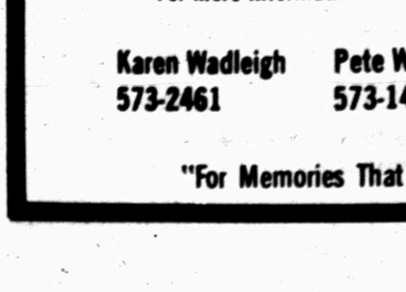

But last year, K Mart joined other Texas stores protesting the blue law and opened its El Paso stores Dec. 22 and 23 — again without restricting sales.

The next week, the El Paso Retailers Association filed a motion that the corporation be held in contempt for violating the District Court order.

The controversial state law prohibits the sale of a variety of goods — including clothing, kitchenware, radios, jewelry, musical instruments, toys and appliances — on consecutive Saturdays and Sundays.

Time changed to 7 o'clock...

Tigers try 'Stockton again

Coach Albert Lewis' Tigers, who battled 16-plus innings in pursuit of their first District 2-4A decision, hope to reach an outcome tonight in considerably less time.

The Tigers host Fort Stockton on the Moffett Field diamond at 7. The contest was originally slated for 8, but the SHS athletic office reported the time change this morning.

The game is a makeup of last Thursday's contest which was rained out after four and two-thirds bars. Added to Tuesday's 12-inning win over Lamesa, the Tigers have worked 16⅔ innings for their 1-0 loop record.

Preferably speaking, the Tigers would like to pick up win number two in the standard seven innings tonight. But that certainly doesn't mean the home town bunch is looking past Fort Stockton, which held a 2-0 lead over Snyder before the proposed district opener was rained out.

"We've got plenty of respect for them," said Coach Lewis. "Gladson (Guy Gladson) was real impressive against us last Tuesday. We know they are going to be tough. We hope we can find some sticks tonight. We struggled offensively against Lamesa, too. I don't know what's wrong, but we know we're going to have to have some more hits."

Fort Stockton suffered a one-hit, 4-0 loss to Andrews earlier this week and will bring records of 2-2 for the season and 0-1 in district into the contest. Snyder, ranked eighth in the state in Class 4A, is 12-3 and 1-0.

In the only other 2-4A tilt tonight, also a makeup game, 9-2 and 1-0 Pecos is at 5-8, 0-1 Lamesa at 7 o'clock. Andrews, 8-6 and 2-0, and Monahans, 3-8 and 0-2, are idle.

DISTRICT-SEASON STANDINGS

Team	District		Season	
Andrews	2-0	1.000	8-6	.571
Pecos	1-0	1.000	9-2	.818

Lamesa	0-1	.000	5-8	.384
Monahans	0-2	.000	3-8	.272

TUESDAY'S RESULTS: Snyder 8, Lamesa 7 (12 innings); Andrews 4, Fort Stockton 0; Pecos 16, Monahans 6 (5 innings).

THURSDAY'S GAMES (makeup games): Fort Stockton at Snyder (7 p.m.); Pecos at Lamesa (7 p.m.).

TUESDAY'S GAMES (April 9): Andrews at Snyder, Lamesa at Monahans, Pecos at Fort Stockton.

Tigers at AHS, Freeman in Austin

ANDREWS – Snyder boys track team is scheduled to participate in the Oil Patch Relays here today.

The Tigers will compete against Lamesa, Andrews, Lovington, N.M. and Big Spring.

Field events begin at 5 o'clock with the high jump, pole vault and discus, followed at 6 by the shot and long jump.

Running events - all relays - start at 7.

The Tigers will be competing without five-event standout Kyle Freeman, who has entered the Texas Relays in Austin.

At Austin, Freeman will compete in the shot put at 3 p.m. Friday and the discus at 10 a.m. Saturday.

Anderson enters Texas Relays

AUSTIN – Brenda Anderson, former Snyder High School track and field honors winner, will compete for Angelo State University in the Texas Relays here Friday.

Anderson will be competing in the shot put. She threw a 48-9 at a recent meet in San Angelo.

Western teams ready to ride at Big Spring

BIG SPRING – Western Texas College resumes action in the Southwest Region tonight as the rodeo teams vie in the Howard College Rodeo.

The three-day event is one of five rodeos scheduled this spring.

Competing for Western Texas on the six-member men's squad will be Bliss Mayhan, Van Hale, Tobin Tate, Tony Hecksher, Donnie Yorks and Gary Rowe.

Mayhan currently leads the region in the bareback with 339 points. Chris Guay of Tarleton State is in second with 318.5 points. Mayhan is also third in the all-around standings.

Hale, a Snyder native, is third in the saddle bronc.

WTC's women's team is made up of Niki Moist, Judy Cox and Canita Cass. Moist is third in the women's all-around.

The Howard College Rodeo has performances nightly at 7:30 through Saturday.

WTC golfers set to tee off in conference event Friday

ROSWELL, N.M. – Western Texas College golf team resumes conference play as the 4th WJCAC Tournament tees off here Friday.

The 18-hole tournament will be held at New Mexico Military Institute Golf Course.

Western is currently in fifth place in the Western Junior College Athletic Conference standings with 6½ points. The points were taken from the first three tournaments, held last fall. Midland College leads the six-team race with 15 points.

Friday's tourney is one of three left on the schedule.

"We need to make a move, quickly. Tomorrow," said WTC Coach Dave Foster.

Competing for Western will be Barry Fletcher, Ryan Heller, Pat Fitzpatrick, Jack Fallin, Jim Batjer and Ron Nedry.

Heller is in seventh place in the medalist standings with a three-tournament average of 71.6. Medalists are Odessa's Billy Bell and NMJC's Don Yrene, both with averages of 70.3.

"The medalist standings should begin to change drastically because some of the golfers who will probably do well have not yet played in three tournaments," said Foster, who is hoping WTC will have its best outing of the season.

"We played as well as we've played all year the last two qualifying rounds. If we can take that and keep it through the tournament, we'll do fine. It's not a hard course and it will take a low score to do well. We're hoping to come out on top and have two or three of the other teams tie so they split their points. We're definitely still in the race."

Winners of each tournament receive 6 points. Second place is worth 5, third worth 4 and so on.

The two upcoming tournaments on the WJCAC schedule are April 12 at Hobbs, N.M. and April 19 at Odessa.

TEAM STANDINGS: 1. Midland College 15; 2. Odessa 13½; 3. New Mexico Military 13; 4. New Mexico Junior College 9; 5. Western Texas 6½; 6. South Plains College 6.

Medalist: Billy Bell, Odessa, 70.3 and Don Yrene, NMJC, 70.3.

NOTICE OF HEARING ON THE APPLICATION OF THE SUPERIOR OIL COMPANY TO CONSIDER APPROVAL OF UNITIZATION AND SECONDARY RECOVERY IN THE FLUVANNA FIELD BORDEN COUNTY, TEXAS.
NOTICE IS HEREBY GIVEN To the public and all interested persons that under the authority of Title 3, Oil and Gas, Subtitles A, B, and C, Texas Natural Resources Code, and Chapters 26, 27 and 29 of the Texas Water Code, the Railroad Commission of Texas will hold a hearing on MAY 3, 1985 at 9:00 a.m. in the Railroad Commission Building at 1124 South IH-35, in Austin, Texas. For room assignment, on the date of the hearing please check the bulletin board in the first floor lobby. This hearing will be held for the following purpose:
To consider the application of The Superior Oil Company for the approval of unitization and secondary recovery in the Fluvanna Field, Borden County, Texas. The Unit will encompass 1320 acres of land comprising Sections 518 and 535 and the Northwest 40 acres (NW/4 of NW/4) of Section 517, Block 97, H&TC Survey. It is proposed that the project include seven producing wells and four water-injection wells. Authority for operation of the latter four wells has already been obtained from the Commission.
If a continuation is necessary, this hearing will proceed at the Railroad Commission Building, 1124 South IH-35, Austin, Texas, and, to the extent possible, on subsequent working days. The room number and exact time of the continuation will be announced on the record in this proceeding and recorded with Docket Services, Room 216, Railroad Commission Building.
PURSUANT TO SAID HEARING, the Commission will enter such rules, regulations, and orders as in its judgement the evidence presented may justify.
ALL EXHIBITS FILED AS A PART OF THE RECORD IN THIS CAUSE MUST BE SUBMITTED IN DUPLICATE. DATA IN COMMISSION RECORDS MAY BE INCORPORATED BY REFERENCE, BUT THE REFERENCE MUST BE SPECIFIC, AND IF IT INCLUDES EXHIBITS FILED IN PRIOR PROCEEDINGS BEFORE THE COMMISSION, A COPY OF SUCH EXHIBIT PROPERLY IDENTIFIED SHALL BE SUBMITTED FOR THIS RECORD.

Bill would regulate advertising

AUSTIN (AP) — The Senate has voted to punish chiropractors who cheat on insurance or advertising and to waive the 30-day waiting period for remarrying after a divorce.

Senators also approved a bill Wednesday that would allow police officers to shoot to kill if they are threatened with a "stun gun."

Sen. O.H. "Ike" Harris, R-Dallas, said his bill regulating chiropractors would prohibit them from advertising a "free visit" and then charging the patient.

A few chiropractors, according to a bill analysis, have also been charging patients only the amount to be reimbursed by insurance and then submitting higher treatment costs to the insurance company.

Harris' bill would ban that, and violations could result in the suspension, cancellation or revocation of a chiropractor's license.

Also sent to the House was a bill by Sen. John Whitmire, D-Houston, that would allow a judge to waive the prohibition against remarrying within 30 days of a divorce.

Lawmakers square off in Capitol

AUSTIN (AP) — Two lawmakers — a senator who didn't appreciate a finger waving in front his face and a House member who didn't like being lifted by his lapels — scuffled in the Capitol lobby until colleagues pried them apart.

Rep. Clint Hackney, D-Houston, says he threw a punch at Sen. Craig Washington, D-Houston, during the brief fracas on the first floor Wednesday. Beaumont Rep. Mark Stiles intercepted the uppercut.

"It was just a little miscommunications problem," said Stiles, a 250-pounder. "I think in the next few months y'all are going to see a lot of these things come up."

The argument that led to the skirmish concerned whether Hackney had asked for an attorney general's opinion on Houston's minority contracts ordinance. Hackney has not, according to Loretta Hendley in the attorney general's office.

Hackney said Washington didn't give him a chance to answer the senator's question about it. That led to the Hackney finger-pointing that led to the Washington lapel-grabbing that led to the aborted punch.

Higher education help urged

AUSTIN (AP) — Texas needs to support the "essential" needs of the University of Texas and other state universities if they are to support the state's business climate, UT System officials say.

"Because we deeply believe it is important to Texas' future that higher education remain at or near the very top of our state's funding priorities, we urge you to give every possible consideration to higher education as you conclude the awesome task of allocating limited resources among the many worthwhile demands for state services," said Jess Hay, chairman of UT regents.

Hay, along with UT System Chancellor Hans Mark, UT President Peter Flawn, and Dallas businessman and education benefactor Peter O'Donnell appeared Wednesday before a joint session of the Senate Education and Finance committees.

Hay told the legislators that the UT system is in the process of making annual cost reductions of $18.6 million but would still need a 4.9 percent increase in its 1985 appropriations to maintain "momentum" during the next two years. There actually would be a $4.4 decrease in spending from general revenue, he said.

He praised Lt. Gov. Bill Hobby's plan to give the system 96.3 percent of its requested appropriations.

Panel backs off inspection fee hike

AUSTIN (AP) — Two days after voting a second time to raise the motor vehicle inspection fee, the House Appropriations Committee has decided it's not such a good idea after all.

The panel, with little debate, tentatively approved raising the annual fee from $5.25 to $10 on Monday. It was the second time the proposal was approved by the committee.

But on Wednesday, after Gov. Mark White let it be known he didn't like the idea, the committee voted 17-6 to keep the fee where it is.

"I just don't think it's right," said Rep. Mark Stiles, D-Beaumont. "I don't like the increase."

What Stiles and White don't like is piling another hike on motorists who face higher vehicle registration fees and gasoline taxes as a result of last year's tax hike to benefit highways and schools.

Leaders back special education study

AUSTIN (AP) — A blue-ribbon panel similar to H. Ross Perot's public school study committee should take a close look at the state's colleges and universities, Gov. Mark White and legislators say.

"Now that we have completed a total review of public education, I believe it is time we gave higher education the same scrutiny," said Rep. Larry Don Shaw, sponsor of the resoultion to create the select committee.

"We must try to maximize the use of our tax dollars in higher education, but we must also look for possible duplication in programs in our colleges as well as the quality of the curriculum offered," said Shaw, D-Big Spring.

If the Legislature approves its creation, the select committee would look at all aspects of higher education, including funding, cost-effectiveness of various programs and the possibility of closing some campuses, officials said.

Early presidential vote sought

AUSTIN (AP) — Texas voters should have a chance to express their views on presidential candidates in a "super Tuesday" presidential primary, according to state Democratic Party spokesmen.

"It's time we made our voice heard in selecting a presidential nominee," Sen. Chet Edwards, D-Duncanville, told the Senate State Affairs Committee Wednesday.

There were no opposing witnesses from the Republican party although two GOP members of the committee closely questioned the need for the measure, estimated to cost $10 million to $12 million.

At Edwards' request the bill was left pending in the committee until next week.

A similar House bill, by Rep. Clint Hackney, D-Houston, was given a public hearing two weeks ago but is still pending without a committee vote.

Edward's measure, which has been endorsed by the State Democratic Executive Committee, would change state law to require both Democratic and Republican parties to hold a presidential primary the second Tuesday in March, then a second general primary election later for selection of state and local party nominees.

Anyone voting in one party's presidential primary could not change and vote in the other party's general primary election.

Ringo Starr about to be grandfather

LONDON (AP) — A former member of The Beatles, the group idolized of millions of teenagers in the 1960s and 1970s, is about to become a grandfather.

Drummer Ringo Starr's son Zak Starkey and Starkey's bride, Sarah, are expecting their first child in October, London publicist Bob Young said Monday.

Starkey, 19, who uses his 44-year-old father's real name, married Sarah Menikides in January. They live at Starr's estate in Ascot in southern England.

Ok education bill

AUSTIN (AP) — The Senate Education Committee has approved 44 pages of changes it thinks should be made in the major public school reform legislation passed last summer at a special session.

Sen. Carl Parker, chairman of the Senate Public Education Committee, said he planned to offer the bill for debate early next week.

The omnibus education revision bill was approved 10-0 Wednesday by the committee without discussion or debate.

"It fine tunes and streamlines," said Parker.

A provision that would let the State Board of Education change the controversial no-pass, no-play eligibility rule captured most attention. But the overall measure contains numerous changes affecting both teachers and students in Texas' public schools.

If passed by the Senate and House, and signed by the governor, the measure would:

— Tell the State Board of Education to reconsider its present rule that a student will be suspended from sports or other extracurricular activities for six weeks if failing in one subject. The bill suggests a shorter period.

— Tell the State Board of Education to give teachers a basic skills test, mostly on reading, writing and math. It would allow the board to decide later, after the first test, if a more difficult examination on specific skills in teaching is needed to weed out incompetent teachers. The board has said it believes the first test will show up 90 percent of those who should not be teaching.

— Provide for probationary and permanent teaching certificates, with permanent certificates going only to teachers who have proved themselves satisfactory teachers.

Obituaries

James Threadgill

Graveside services for James V. Threadgill, 78, of Waco, former Snyder resident, were held Thursday morning at Hillside Memorial Gardens with the Rev. Steve Smith of First Presbyterian Church officiating. Bell-Cypert-Seale Funeral Home was in charge of arrangements.

He died Tuesday at Greenview Manor Nursing Home in Waco. He was born June 15, 1906 in Gatman, Miss.

He was a retired superintendent of Steckoll Petroleum Co. He married Naomi Enoch Feb. 25, 1924 in Garnett, Kan. She survives.

He was a Presbyterian.

He is survived by a daughter, Phyllis McGinnis of Snyder— two sons, James of Norco, Calif., and Dean of Denton; seven grandchildren, two great-grandchildren; a sister, Ethel Chase of Montgomery, Ala.

Exposure occurs at WTC campus

Police received a report of an indecent exposure incident at Western Texas College Wednesday afternoon.

According to reports, a male subject apparently exposed himself to a female student on campus shortly after 4 p.m.

The incident remained under investigation Thursday morning.

In other action Wednesday, officers jailed one local man for being intoxicated on a premises licensed to sell alcohol Wednesday night.

Cheerleaders chosen at SHS

Wednesday wrecks noted

Two minor traffic mishaps were reported in Snyder Wednesday.

Involved in the first — at 11:48 a.m. in the 1800 Block of 9th St. — was a 1965 Chevrolet driven by Simon Quiros of 403 College Ave. It struck a parked 1978 Buick owned by R.D. Brown of Snyder.

The day's second accident was logged in the 1600 Block of 8th St. at 6:07 p.m.

Involved in it were a 1983 Ford driven by Johnny Joe Wood of Rt. 3, Snyder and a 1972 Ford driven by Ronnie Powell of Snyder.

No injuries were reported in either mishap.

Oil field fire prompts run

Snyder firemen were dispatched to a reported tank battery fire shortly after 8 a.m. Thursday.

The blaze — located some 23 miles north of Snyder near Polar — was extinguished before firefighters arrived at the scene and they returned to town without reaching the scene of the fire.

Elections will not be voided

SAN SALVADOR, El Salvador (AP) — The three-member Central Election Council, including two members of rightist parties, has rejected rightist demands to void this week's election results because of alleged widespread voting irregularities.

Council President Mario Samayoa, the only member of President Jose Napoleon Duarte's Christian Democrats on the panel, made the announcement Wednesday night after the country's military leadership denied charges the armed forces had pressured voters in Sunday's election.

Two council members representing parties of the main right-wing coalition ejoined Samayoa to unanimously reject a rightist petition demanding the results of Sunday's legislative and municipal elections be thrown out.

Francisco Merino, election council representative of the extreme-right Republican Nationalist Alliance, or ARENA, said the panel agreed the elections could not be voided "because of irregularities in a few municipalities."

Samayoa said ARENA made an accusation of military pressure on voters in an official protest over the conduct of the elections.

ARENA leader Roberto d'Aubuisson, who lost the presidential election to Duarte last May, claimed Tuesday night there were widespead voting irregularities, including stuffed ballot boxes, and demanded results be thrown out.

But on Wednesday, he denied the petition to have vote results voided included the accusation the military had pressured voters.

Samayoa said the official count of votes would resume Monday, after the Easter Week vacation. The tabulation was stopped because of the complaint by the rightist parties.

The council has released no official results, but the Christian Democrats say their count shows they won 33 of the 60 National Assembly seats.

ARENA and the National Conciliation Party formed an election coalition against the Christian Democrats. A bloc of conservative parties has dominated the assembly since it was elected in March 1982, holding 34 seats to 24 for the Christian Democrats.

Six members of the 11-member executive council of the National Conciliation Party criticized the party's secretary general Wednesday for joining d'Aubuisson in calling for the elections to be voided.

In a communique, the military said the armed forces will "never abandon their condition of an ... obedient, apolitical institution."

The military communique said that during the last four elections, beginning with the Constituent Assembly elections in March 1982, the army has watched over the balloting and guaranteed results be respected.

Gen. Carlos Eugenio Vides Casanova, the defense minister, earlier appeared at a news conference with members of the military high command.

AF wastes money on radar jammers

WASHINGTON (AP) — The Air Force is wasting $1.2 billion by developing its own radar jamming equipment for combat aircraft while at the same time working on a similar jammer with the Navy, congressional investigators have concluded.

The General Accounting Office also concluded the Air Force began production of new jammers without operational testing even though the system it is replacing proved unreliable.

The previous jammers, which are electronic devices that emit electronic signals that interfere with radar-controlled air defense weapons, broke down so often that a top Pentagon official said he found it "difficult to support continued production. ..."

The investigators were presenting their findings today in testimony before for a House Government Operations subcommittee. Air Force witnesses were set to defend the program — mostly behind closed doors because much of the information is classified.

An Air Force official, speaking only on condition he not be named, said in an interview the GAO findings on waste are incorrect because the Air Force cannot use the Navy-compatible jammers in its older aircraft.

Newer Air Force planes will use the compatible system, and the service has ordered 1,800 of those jammers, up from an initial requirement of 580, the official said.

Car prize in drawing called 'piece of trash'

HOUSTON (AP) — Sandra Torres won a "late model car" in a department store drawing, but decided she'd keep the one she has.

Her prize was a 1979 Ford station wagon with 89,000 miles on the odometer, a cracked dashboard and with the back seat and all the hubcaps missing.

A door of the car wouldn't open, the headlights couldn't be turned on because a knob was missing and there were dents in the tailgate and chrome bent away from the vehicle body, Mrs. Torres said.

"That car is a piece of trash. I'll just keep the one I've got, thank you," she said.

The 26-year-old Houston woman said she felt deep disappointment.

"When somebody calls you and says you won our car, you expect it to have all the parts," she told the Houston Post on Wednesday. "You expect to be able to drive it at night. You expect it to have a back seat and you expect it to be a halfway decent car."

Larry McShaffry, vice president of finance for the seven-store Leonard's Department Store chain in Houston, said that the company did not specify the precise age of the cars being offered. He said they are all company vehicles that have been replaced by newer cars.

The department store executive said the firm put three cars on display when the raffle promotion started and that one car was to be given away after each drawing. He said customers were free to examine the cars as they sat on the store parking lot.

McShaffry said if Mrs. Torres was unhappy with the Ford, he would be glad to let her have the third car instead, but he said it also has been used for some time by the company.

"We did not claim that they (the prizes) would be new or spectacular models," he said.
