NUMBER 60.

THE VOTE HEAVY OVER ENTIRE STATE TODAY

RAINS IN PROHIBITION STRONG.
HOLD DID NOT PREVENT
HEAVY VOTING.

FAIR IN SOUTH TEXAS

Weather Ideal at Houston, San Antonio, Austin and Other Points.

By Associated Press.
Houston, July 22.—At one o'clock this afternoon the state headquarters of both sides here basing their claims on reports up to noon, declared that they would win. Walters still said the anti had 75,000 majority and Ball said the pros had 65,000 majority. Both headquarters have received reports of minor election disturbances but nothing serious. Both sides claim heavy gains in the late voting. At prohibition headquarters it was announced that rains have stopped at many North Texas points this afternoon.

Special to The Times.
Dallas, Texas, July 22.—Despite the fact that it was raining today on many prohibition strongholds in North and East Texas the weather had no effect on the early voting and at noon one of the heaviest votes ever cast in an election in Texas was indicated. The skies were fair in South Texas and the vote in that section too, is the heaviest on record.

In North Texas where rain was falling at several places the women and children paraded the streets in prohibition demonstrations. So far as could be heard the voting in the country boxes was no less heavy than in the towns. Although it rained in this city this morning a heavy vote is being cast. The anti is claiming Dallas county by a majority of from six to ten thousand.

Chairman Ball of the prohibitionists and Walters of the anti at Houston this morning predicted victories for their respective sides. The weather in Houston, Galveston, San Antonio and other South Texas centers was fair. At San Antonio the women are holding an all day prayer meeting. At Fort Worth rain was falling at nine o'clock. At Waco the weather was cloudy. County Tax Collector Lee Davis there refused to allow poll taxes paid outside the court house to be voted and this kept many negroes from voting. At Austin the weather was clear and the voting heavy with both sides claiming Travis county by substantial majorities.

Negroes Reported Whipped.
Marshall, Texas, July 22.—Four negroes were whipped four miles south of Roanborough Springs. Others were whipped at Nesbitts, west of town and in other localities. The names of the negroes punished were secured by the anti chairman who is withholding them for reasons to be announced later.

An Affray at Paris.
Paris, Texas, July 22.—Using flats and umbrellas, Andrew Morgan, an anti, and J. Wash, county pro chairman, had an exciting encounter here thirty minutes after the polls opened today. Morgan was painfully bruised about the head, while Baird received several flesh wounds in the face.

Colquitt at Terrell.
Terrell, Texas, July 22.—Governor Colquitt arrived here this morning to vote and marched to the polls to the tune of "Texas Going Dry." The governor said he believed the State would go anti by a hundred thousand majority.

Negro Shot at Lockhart.
Lockhart, Texas, July 22.—Richard Hagg a negro porter on the San Antonio and Aransas Pass Railway, was

Pontius, Who Will Fly Here, One of Most Daring in Aviation Game

J. J. Pontius Brown as "The Flying Dutchman" who will fly at Lake Wichita under the auspices of the Chamber of Commerce is one of the most daring of fool flyers in the aviators game today.

His career reads like a novel. Starting out as a stable boy on the race tracks of his native "Blue Grass State" upon advancing to exercise boy and then to jockey. Then came the call of the speed demon luring him away from the horses to start as a mechanic helper with the early automobile racers, serving a short time in the navy of helper then to mechanic with Barney Oldfield and later as a daring reckless driver for the famous Sleams

The Earl of Yarmouth, former husband of Alice Thaw, who has reached the end of his financial string. He has formally become a bankrupt, a receiver taking possession of Abbey, where the Earl led so luxurious a life during the first years of his marriage to his American Countess. It is presumed that whatever of value is left in the historic house will be sold for the benefit of the almost countless creditors whom the Earl has been holding off for years. The father of the Earl, the old Lord Hartford, it is said, has refused to advance a farthing to save the son from bankruptcy.

shot and seriously wounded at midnight and it is believed the act resulted from prohibition campaign sentiment, and that the shooting was by hoodlums. Briggs was just returning from a negro political rally with two members of his family, when he saw three men standing at a corner of his chimney opened fire. He was shot through the neck. He is highly regarded by the whites here. The sheriff is investigating.

QUARTETTE WILL SING AT FIRST M.E. CHURCH SOUTH

The members of the Southwestern University quartette who will participate in the Lakeshore Assembly program next week have already arrived and will sing at both the morning and evening services at the First M. E. Church, South, tomorrow. On Monday evening the quartette will open the Lakeshore Assembly with a concert at the pavilion. The quartette is composed of the following young men: Earl Huffer, first tenor; W. M. Jackson, second tenor; C. H. Hendry, baritone and W. J. Vaught, second bass.

Herzog Traded to New York.
Boston, Mass., July 22.—Chas. E. Herzog, who was recently suspended for a few days by the Boston National League club on account of a controversy with President Russell, was yesterday traded to the New York National for Albert Bridwell and Henry Gowdy. Herzog is a fast infielder. So are both Bridwell and Gowdy, the latter a comparatively young player.

THE TIMES WILL RECEIVE ELECTION BULLETINS TONIGHT

The Times has arranged for a special bulletin by telegraph giving the election returns tonight and the Southwestern Telephone Company has also very courteously offered us the returns from over the state by telephone so that with the two reports together with our own special arrangements for getting the vote from over the

county and adjoining counties, we believe we will be able to give the returns promptly and accurately. Rules of the Associated Press forbid The Times from publishing any edition after 11 p. m., so we will not attempt the publication of an extra. We will, however, as we have always done, endeavor to give our friends and

patrons all the information we can secure. The Times bulletins will also be displayed at the Lamar Aldrome, where arrangements have been made to throw the bulletins on the curtain as rapidly as received. The Times expects to begin receiving bulletins shortly after eight o'clock.

WICHITA CO. WILL CAST HEAVY VOTE

VOTERS IN CITY WENT TO POLLS
EARLY AND HEAVY VOTE
CAST.

POLLS CLOSE AT SEVEN

It is Expected Returns Will Start
Coming in By Eight O'clock.

A heavy vote is being cast in the statewide prohibition election in Wichita county today. The voting started with a rush at the opening of the polls in the city and reports from Burkburnett, Iowa Park and Electra said that good votes are being polled at these places.

At two o'clock this afternoon 355 votes had been polled at the court house box, 180 at the car barns and 243 at the city hall. The number of votes polled at the river bridge was not learned. The leaders on both sides are still claiming the county, but it is plain that both are expecting a close vote. Chairman Bell believes that every box in the county with two exceptions will give pro majorities while the anti will not be conceded that the pros will carry more than two boxes in the county.

PROF. ROBINSON DEMANDS HEARING

By Associated Press.
New York, July 22.—Prof. M. Robinson, the New York food expert, who was dismissed from the bureau of chemistry a fortnight ago following the controversy over benzene of soda between Dr. Harvey W. Wiley and the Ramsen referee board, has decided to demand a thorough congressional investigation.

Dr. Robinson discloses his purpose in a letter to Alfred W. McCann, a leader in the fight for pure food. "I have been removed, according to the document of dismissal, for the good of the service," says the professor in the letter. "I have written to the secretary of agriculture demanding upon my right as an American citizen that I be given an opportunity to appear and defend myself against any and all charges."

Steinfeldt Seriously Ill.
Cincinnati, Ohio, July 22.—Harry Steinfeldt, the third baseman for the Boston National League team is seriously ill at his home in Bellevue, Ky. The attending physician says that Steinfeldt is suffering from nervous prostration brought about by worry over his release from the Chicago team early in the season. Last Monday Steinfeldt came home from Boston under the care of his wife and has been under the observation of specialists in nervous diseases since.

CASE OF CHOLERA IN NEW YORK HOSPITAL

By Associated Press.
New York, July 22.—After living in a New York boarding house since July 1, Manuel Bernudes, a Spanish fireman on a tramp steamer developed cholera today. Bernudes was admitted to Bellevue Hospital several days ago. His case was first diagnosed as typhoid fever, but last night he developed symptoms of cholera, which today became more pronounced. He was isolated last night. He sailed from Liverpool aboard a steamer which had not stopped at any of the cholera infested ports.

Irish Rabbi a Chaplain in New York

New York, July 22.—The Rev. A. Blum, a Jewish Rabbi, took office as a chaplain in the New York police department today. He is the first Jew to be appointed to such a position, the appointment being due to increased representation of the Hebrew race on the force. There are 550 Hebrews, officers and patrolmen, in New York's police army of 1000 men.

PENITENTIARY FIRE; FACTORY DESTROYED

Loss Estimated at \$75,000 in State
Prison at Rusk; No Insurance

Rusk, Tex., July 21.—Fire late this afternoon destroyed the furniture factory and other small buildings of the State penitentiary here, causing a loss estimated at \$75,000. A row of brick buildings two and three stories in height and about 125 feet in length on the south side of the main wall was destroyed, together with all contents, which included a quantity of machinery and supplies. The origin of the blaze is unknown. At 9 o'clock the blaze was under control though still burning. There were no prisoners in the destroyed buildings when the fire broke out and so far as is known tonight none escaped while it was in progress. The furniture factory has not been in operation for about a year, but arrangements had been perfected for reopening it at an early date. The barber shop, tinshop and several storerooms were also destroyed.

The fire was fought by citizens and trustees, who were hampered by poor water pressure from the penitentiary pumps. After over an hour's work, however, they were able to confine the flames to the south side of the wall. The prisoners were kept under guard while the fire was in progress, but arrangements were made to get them out of the building expeditiously if necessary. Their quarters were about seventy-five feet from the burning building.

Penitentiary officials tonight estimate the loss at \$75,000, with no insurance. The commissioners are expected here tomorrow from the headquarters at Huntsville to look into the matter, but it is not known what their plans are for rebuilding.

The furniture factory was a brick structure, three stories in height, with wooden floors and considerable work in its interior construction. The other buildings were of two stories. All were gutted by the flames and their contents are practically a total loss. There was considerable machinery and equipment in the furniture building, all of which was destroyed, while a quantity of supplies in the storerooms was also a total loss.

THE SUBMARINES PROVE EFFECTIVE

Special to The Times.
Newport, R. I., July 22.—The battle of Block Island, the principal engagement during the mimic war off this point between the ships of the Atlantic fleet, has brought to naval officers a keen realization of the present efficiency of submarines in naval warfare.

While the flagship Connecticut of the invaders was creeping in upon the defenders with her big guns in readiness theoretically to blow the enemy out of the water, one of the defenders submarines, the Grayling, bobbed up alongside and Lieutenant Donald C. Bingham, commanding the submarine, hailed the battleship in the most casual manner, asking the officers of the deck for permission to tie a line to one of the battleship's booms. The Grayling, unperceived, had stolen under water to the battleship's side and had theoretically pierced the net and blown the flagship to atoms. The unexpected appearance of the submarine and the cool request of Lieutenant Bingham caused a consternation that was more than theoretical on the flagship.

5000 Letters Asking Money.

By Associated Press.
Harriman, N. Y., July 22.—Mrs. E. H. Harriman, widow of the railroad man, has turned over to the New York City bureau of municipal research more than 5,000 letters which she has received during the past year asking for money. The amount asked for totals \$110,000,000.

Mrs. Harriman became so interested in this unsolicited correspondence that she had it turned over to her personally, with the idea of making it the basis for a study in sociology and psychology. The work became so great that she decided to relinquish the task.

All who want to see a good show and see the election returns, go to the Colonial Saturday night. 59-11c

POPULATION CENTER RATTLESNAKE'S DEN

HIS SNAKESHIP ONLY INHABITANT
OF CLUMP OF BUSHES
ON EXACT CENTER

THE HUB OF THE COUNTRY

Marked By Observation of the Longitude
By the Stars and Latitude
By Sun.

Guide—Population center

By Associated Press.
Bloomington, Ind., July 22.—In tangled underbrush on the farm of William L. Mosier, eight miles northeast of this city, the exact center of population of the United States was located late yesterday, but the only inhabitant of the immediate neighborhood found was a large rattlesnake which slid out of the bushes and was killed by one of the party of Prof. W. A. Cogshall of Indiana University, who discovered the spot. It will be distinguished by a tablet. Prof. Cogshall located the "hub of the country" by finding the longitude by observation of the stars and the latitude by the sun.

MEND AND GRIFFIN PLEASE AT THE LAMAR

Mend and Griffin made good again at Lamar Aldrome last night and a large crowd thoroughly enjoyed their singing and repartee, and especially Mr. Mend's dance, which he calls a "Jew Gone Crazy with the Heat." The team give an entire change tonight with the exception of the dance mentioned above, and new pictures will also be shown.

In addition to the program Managers Wren and Berry have made arrangements to show the election returns on the curtain as fast as they come in and to keep on showing them until the final results are known.

WICKERSHAM WILL BE GIVEN HEARING

By Associated Press.
Washington, July 22.—Attorney General Wickersham will be given a hearing next Monday before the House Committee on Judiciary, relative to the charges preferred against him by Delegate Wickersham of Alaska that the Attorney General had refused to investigate the alleged "grab" of water front sites on Controller Bay after proofs had been given him. The attorney general expressed a desire to appear.

The attorney general recently declared the whole matter had been investigated and had not been "outlawed" as alleged by the Alaskan delegate. There is now a certain phase of the matter under investigation, but just what it is the attorney general has refused to divulge.

WILEY BLAIR STATES HIS POSITION

Dr. J. M. Bland, chairman of the statewide prohibition committee received the following telegram this morning:
Colorado Springs, Colo., July 22, Dr. J. M. Bland.
Wichita Falls, Texas.
Just returned. Mr. Kemp delivered your message. Sorry I am not there to vote for prohibition. Hope Wichita county will roll up a big prohibition majority.
WILEY BLAIR.

Government Force Strengthened

By Associated Press.
Port AuPrince, July 21.—The government was strengthened by a thousand fresh troops which arrived on a steamer during the night has organized resistance to the revolutionists. President Simon is directing the defense from the palace. The revolutionists are chiefly composed of the followers of General Antonio Firmin.

Up till 12 o'clock you can get election returns at the Gem.

SENATE HAS PASSED RECIPROCITY MEASURE

AMENDMENTS VOTED DOWN AND
MEASURE PASSES BY VOTE
OF 53 TO 27.

SAME AS HOUSE BILL

Practically Certain That President
Will Approve Measure—McCumber
Amendment Defeated.

By Associated Press.
Washington, D. C., July 22.—Reciprocity passed the Senate without amendment late this afternoon by a vote of 53 to 27. The measure as passed in the Senate is identical with that passed on the House. The bill was taken up by the Senate the first thing this morning under an agreement to act on it without further delay. The first act was to defeat the amendment by McCumber reducing the duties on many necessities of life and increasing the free list. This amendment was defeated by a vote of 64 to 16.

History of Measure.
Washington, July 22.—A bill voted on by the Senate today to carry into effect the reciprocity agreement with Canada, went to the House or Representatives with an official message of endorsement from President Taft, Jan. 26. From that time the president has held the center of the stage in American political discussion, has caused party dissension in this country and in Canada, and has developed tariff discussions on new and novel lines.

The House passed the bill in the last session of Congress, Feb. 14. It went to the Senate, was reported out by the finance committee eight days before adjournment and remained untouched upon the Senate calendar when the Sixty-first Congress came to a close.

With the opening of the new Congress, the measure appeared under the patronage of Chairman Underwood of the House Ways and Means Committee and after long debate the Democratic house passed it April 21 by a vote of 267 to 89, a majority of the Republicans voting against it, and all but eleven of the Democrats for it.

Long hearings were conducted by committees. The Senate finance committee finally reported the bill back to the Senate June 12 without recommendation. Since June 14 the bill has been continuously before the Senate as its unfinished business and attempts to amend it or bring about its defeat have been unsuccessful.

Market Summary.

By Associated Press.
New York, July 22.—After an excited period of unusual dullness the stock market was aroused this week by sudden activity with rising prices. A buying movement which was centered in the leading railroad stocks, carried prices of many issues to the highest level of the year.

Related recognition of the more favorable outlook for crops strengthened the market and led to covering of large lots of short contracts. The favorable government report for favorable weather for crops and the collapse of prices in the cotton market helped to place securities on a higher level.

Excited dealings in stocks resulted from the confusion over the settlement of the local traction tangle. Assurances that the Interborough-Metroplitan was to receive a share of the awards for subway construction led to a sharp upturn in the securities of the company and gave impetus to the rise in the general list. The ultimate rejection of the company's proposal caused some unsettlement, but the market retained the major portion of its gains.

Ohio's Oldest Daily Under the Hammer
Cincinnati, O., July 22.—The effects of the Commercial-Tribune of this city, which enjoyed the distinction of being the oldest daily in the State of Ohio, were put up at public auction by the sheriff of Hamilton county today.

Pros and Antis Held Closing Meetings Here Last Night

On street corners only a block apart the pros and antis held the closing meetings of the campaign last night and the town turned out almost en masse to hear the final arguments. The antis held their meeting at the corner of Seventh street and Indiana avenue, where Alex Britain and Judge Scurry spoke.

Their addresses were entirely free from any bitterness and great cheers interrupted the speakers. On the corner of Seventh street and Ohio avenue, the pros held forth. Before the speechmaking a chorus of children caused enthusiasm with prohibition songs. District Attorney S.

M. Foster, Attorney Kay and Rev. Hamlin addressed the crowd.

Birmingham Suspended.

By Associated Press.
Cleveland, Ohio, July 22.—Outfielder Joe Birmingham of the Cleveland American League team yesterday received notice from President Ban Johnson of his indefinite suspension. Birmingham had an argument with Umpire Ferrie Thursday when called out on a ground ball, which Birmingham thought foul. This is the fourth suspension of the year in the American League.

Proposed Bond Issues in Two Counties May Fail

The Electra Point of View.
(Electra News)
The citizens of Wichita Falls held a mass meeting last week and last Friday presented a petition to the commissioners court to order an election for Wichita county to secure a bond of \$200,000, said amount to be used on the county roads.

Clay County Bond Election.
(Henrietta Independent)
The meeting at Petrolia last Saturday to discuss the proposed issue of \$200,000 bonds for road purposes, was not productive of any great amount of harmony. County Judge Allen and Commissioners King and Jenkins attended the meeting, but Commissioners Ford and Gilbert were not there.

The attendance of people from Hyers and Petrolia was good. Col. Geo. W. Byers made the statement that unless the commissioners court would agree to divide the proceeds of the sale of the bond issue and also the bridge maintenance fund between the four commissioners precincts according to the amount of taxes paid by each, he would oppose the bonds. A majority of the commissioners present said the court would divide the bond money between the precincts as suggested by Col. Byers, but they would not agree to divide the maintenance fund in that manner, and no agreement was reached.

Judge Allen stated to The Independent that while no books have ever been kept as between the precincts he is of the opinion that precincts 1 and 2 have heretofore used more of the maintenance fund than 3 and 4, and during a good portion of the past precincts 3 and 4 have paid the larger share of the tax money through at the present time precincts 1 and 2 pay more taxes than 3 and 4. In view of this, he does not think it would be right to begin now dividing the maintenance fund according to the amount of tax money paid without some kind of a reckoning of the past.

The News does not oppose good roads by any means and does not oppose the road tax, it is a great thing for any country to have good roads, but if we vote a tax let's be sure that we will get the road improvement.

Every tax payer is interested in this election and should be at the polls and vote for his interest.

HOLD LESSEE FOR TAXES.

Austin, Tex., July 20.—Acting Attorney General James W. Walthall this afternoon at the request of County Judge B. A. Wilson of Jefferson county, ruled that under the law, lessee or grantee of oil and gas lands is amenable to the state for tax covering such leases. The question is one of considerable interest and the opinion of Mr. Walthall is given in full below:

"I am in receipt of yours of the 15th instant, inclosing copies of five so-called oil and gas leases, which you say are recorded in the records of Marion county, with the request that I advise you as to whether the so-called lessee or grantee can be required to pay taxes upon the rights conveyed by said leases.

"It is my opinion that they conveyed the grantee an interest in real estate and that he is required to pay taxes on such interest. For a cash consideration and certain royalties the grantor grants, bargains, sells and conveys unto the lessee or grantee all of the oil, gas, coal, sulphur and other minerals in and under all the lands described in the instrument, together with the exclusive right to ingress and egress at all times for the purpose of prospecting, drilling, mining, etc., with the right to the grantee to erect, maintain and remove all structures and appliances that the grantee may place upon the land.

"This contract, in my opinion, amounts to a severance of the minerals from the land by the owners thereof, and it has been held by the courts of this state that when this has been done, such oils and minerals become subject to taxation separate and apart from the land itself.

"In the case of State vs. Downman, 134 S. W. 747, the Court of Civil Appeals for the Third District held that ores and minerals in place are property, which by a proper conveyance may be severed from the land by the owner thereof, and when so severed they become subject to taxation separate and apart from the land itself. The Supreme Court refused a writ of error in this case, thereby making the opinion of the Court of Civil Appeals its own.

"In the case of Benevides vs. Hunt, 79 Tex. 280, it was held that a contract granting to the lessee the right to mine coal or other minerals on land for a term of years conveys to the lessee an interest in the land described.

"In the case of State vs. Downman, supra, the court says:

"The parties have created two distinct properties in the same land, one holding one property right in the land and the other a distinctly separate property interest therein. The statute as before stated, when read in view of the constitutional provision quoted, would require the assessment to be made in the names of the persons or corporations holding such property interest in the land. True, the total assessment must equal the value of the land augmented by the value of the coal or mine, but the assessment of each should be made separately, according to the several holdings, to the end that each shall pay a tax in proportion to the value of his, her or its property."

"The above case contains an exhaustive review of the authorities, and in our opinion it announces a rule that should be followed in the case presented by you. I am returning you herewith copies of the lease contracts referred to."

A telephone line has been built from Houston to Plattsville.

"GLOOMY GUSSES" HAVE OVERLOOKED PROSPERITY

Take a Look at the Remarkable Trade Showing of the United States and Cheer Up—The Country is Doing Very Well.

New York, July 20.—A glowing prosperity story is to be read between the lines of the trade balance sheets just published. The result of the thrift and industry of factory is the best possible argument to the gloom stories prevalent.

We sold to other nations in the 12 months ending June 30, which makes up the last fiscal year, commodities so greatly in excess of imports that the balance of trade amounted to \$21 million dollars. While this is not as high a figure as was that which in 1908, approximately \$66 million dollars, nevertheless it is regarded here as more satisfactory from one point of view.

A Time of Forced Economy.

Our enormous exports in the year 1908 were due to the fact that we were rushing our products to foreign markets at whatever price we could obtain for these commodities and were at the same time importing on so small a scale as to make it clear that the American people were at that time practicing enforced economies. Articles of luxury, such as precious stones and jewels, costly furs and other wares usually imported in large quantities in time of prosperity, were almost neglected in that fiscal year.

This record of the fiscal year 1908 is to be read a part of the story of the panic of 1907.

It was this heavy marketing of our commodities in other hands in the fiscal year which ended June 30, 1908, which enabled us so rapidly to recover from the immediate effects of the panic. It was this in part which made it possible for New York bankers to import in the late fall and early winter of 1907 of 100 million dollars in gold, whereby the loaning capacity of American banks was increased by 300 million dollars.

Foreign Trade Worth 2 Billion.

This year the United States not only has made a new record, but it has made it along normal and healthful lines. A curious feature of this year's trade is that it has taken place at a time when complaints have been general of demoralized, or at least somewhat stagnant conditions.

In a year when almost every business man shook his head in the face of general business conditions were good, we have nevertheless sold foreign markets American commodities valued at more than 2,000 million dollars and have, on the other hand, bought in foreign markets commodities valued at 1,528 million dollars.

ROYALISTS INVASION PORTUGAL THREATENED

By Associated Press.

Lisbon, July 21.—Delay in transmission—An invasion by Captain Loucelis, leading the royalist forces appears imminent. The Portuguese monarchists possess a thousand rifles of the latest pattern, smuggled into Belgium. Also many field guns and maxims.

DEVELOPMENTS IN THE ELECTRA OIL FIELD

(Electra News)
Work on the town & Cross No. 1 is progressing nicely and has already passed through some of the shallow sands.

Work on the Strigher No. 2 and 3 is progressing as nicely as could be expected and it is expected that it will not be very long before wells will be brought in at both locations. They are both Producers Co. wells.

Drillers on the Woodruff No. 1 immediately north of town, have had a flaring job for the past week. The baler was lost and a cave-in has so far prevented its recovery. At present it is somewhere near the 700 foot strata.

S. Williams, of Fort Worth, was in our city Saturday with Contractor Mathews of the Mathews Oil Company, of Kansas City, locating their first well on the Wichita-Wilbarger Oil Company's land where the Mathews Oil Company will commence a well at an early date.

Mr. Mathews stated that they would load their rig this week and with no unusual bad luck be ready to place the rig on the location in ten days. The location was made in the southwest corner of block A, and this will mean two wells for block A, containing 80 acres. The sale of lots in this tract has been very flattering and within a short time we expect Mr. Williams will commence his well which he gives away to lot owners in the company.

Rehatch's Mineral Water.

is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretions of the stomach, increases digestion and favors a more complete absorption of the food, and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the wells or delivered in jugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Rehatch, Owner. Phone 1601—1 long—4 shorts.

Bexar county is preparing to improve their highways by the application of oil, the county commissioners taking the position that oil is a road saver. All the roads in the county will be oiled.

The Wichita State Bank

Wichita Falls, Texas

This Bank and Your Business

There are many banks in the country larger than The Wichita State Bank. They may have more capital and perhaps do a greater volume of business. But for the smaller business man, farmer or manufacturer, had it occurred to you that the small bank is the best place for the beginner to go?

The big bank is often cold-blooded and independent. Your business in the big bank is but an incidental detail, and your interests are scarcely noticed.

The small bank, however, can give your business more time and attention, for it is interested in your success.

This bank while small in comparison to some of the large banks, has ample means and facilities to properly care for your business. Its officers have time to consider your interest and welfare. Your business will be welcome and will receive their best attention.

Wichita Falls, Texas, July 22nd, 1911.

"THIS DATE IN HISTORY,"

- July 22.
- 1778—Duel between Generals Conway and Cadwallader fought near Philadelphia.
 - 1793—The exploring party of Sir Alexander Mackenzie reached the Pacific.
 - 1812—British and allies under Wellington defeated the French under Marmont in battle of Salamanca.
 - 1832—Napoleon II, only child of Napoleon Bonaparte, died. Born March 20, 1811.
 - 1864—Gen. Hood made his first sortie at Atlanta.
 - 1895—Alexander H. Rice, governor of Massachusetts, 1876-79, died in Melrose, Mass. Born at Newton, Mass., Aug. 30, 1818.
 - 1896—George W. Jones, first U. S. senator from Iowa, died at Dubuque.

The first reports of the election today will, no doubt, be wired in from the large cities, such as San Antonio, Houston, Dallas, Galveston, Ft. Worth, Austin, El Paso and Waco, and these cities, it is conceded by the pro forces, will give anti majorities. In some of them very large. San Antonio or Bexar county will in all probability return the largest anti majority of any county in the state, and Collin county, of which McKinney is the county seat, will likely give the largest pro majority. Indications at this writing are that the vote polled today will be the largest ever polled in any election in the history of the state, and if this proves true the chances for the amendment carrying by a majority of from 18,000 to 35,000 votes is almost a certainty. There has at no time since the election was called been much doubt in the opinion of those best posted that in the event the prohibi-

H. S. TRITCH
Proprietor

tionists could manage to get their strength to the polls they would win the victory, and if the total vote of the state amounts to as many as 500,000 there will be more of them cast for the amendment than there will be against it. The only thing that can at this time prevent a pro-victory is a light vote. The results in a majority of the counties will not be made known until about Monday or Tuesday of next week. By ten o'clock tonight it is possible that sufficient facts will be known to enable one to make a good guess as to the result. The Times has made all necessary arrangements with the telephone and telegraph companies to receive the election bulletins and these will be displayed both at the Times office and the Lamar Airdome on 7th street.

ANTI JURORS WILL CONVICT BOOTLEGGERS.

The man who says statewide prohibition will not prohibit in Houston don't know about Henrietta. When local option prohibition carried in Clay county, Henrietta was dead against it. Just about as much so against it as the city of Houston is, but prohibition prohibits in Henrietta. The Henrietta anti is good, patriotic citizens, and they said it is the law and must be enforced. Every jury that has tried a man for bootlegging has been composed partly of anti, and every man tried has been convicted. Who is there to say that the anti of Houston are not good patriotic citizens, and who is there to say they will not say just what the Henrietta anti did—that the law is law and must be enforced. Mr. Jones of Brownsville, said in his speech in Henrietta that Houston would not enforce statewide prohibition law but he must have known that he was talking to a bunch of fellows who know that the law is enforced in Henrietta where local sentiment was just as strong against the law when it was first put in force as it is now in Houston, and he neglected to explain to them why the same thing under the same conditions should not exist in Houston just as it exists in Henrietta.

It must be pleasing to the people of Houston to have Mr. Jones travel over the state saying they are a lot of anarchists and announcing in advance of the adoption of the amendment that they are going to have none of it even if it is adopted by a majority vote of the state. If a pro had said that about Houston first, Jake Wolters would have had him sued for slander. And that is what should be done to Mr. Jones.—Henrietta Independent.

The Dallas News says that the majority will be 35,000 but leaves it to its readers to guess which way it will be. That majority, however, given either way ought to be sufficient to settle the question for a good long time, and then the people of Texas can again devote their energies toward something better than disputing with each other about the question of prohibition as a statewide proposition.

AS OTHERS VIEW IT.

Just Case of Mistaken Identity. One of the Gugenheims who says America's tendency to interfere with her captains of industry by law makes her the laughing stock of Europe, has evidently mistaken a Gugenheim dry grin for a European guttaw.—Louisville Courier-Journal.

Plenty More Fish in the Sea. "After J. P. Morgan, what?" queries the St. Louis Globe-Democrat. Oh, some other boy who always got the best of the Jack-knife trades at school.—Denver Republican.

Sauce for Goose, Ditto for Gander. Mr. Bryan's 1912 entries for president do not contain the name of Judson Harmon. And very likely Harmon's last does not include Bryan's name.—Kansas City Star.

Nothing Funny That. Champ Clark may be the best humorist in Congress, but it is a safe bet that he does not consider the Clark presidential boom a joke.—Charleston News and Courier.

Think He Has another Think Coming. Senator LaFollette may think that "President Taft has dropped the Roosevelt policies, but the big trusts are not generally of that opinion.—Chicago News.

ought to Put Him in Cold Storage. If Senator Reuben thinks it necessary to fight the Civil war all over again why couldn't he at least wait till cool weather.—Boston Globe.

With His Own Name Heading the List. Mr. Bryan would have consumed less space with a list of Democrats not eligible to the presidency.—St. Louis Post-Dispatch.

Is a Peripatetic Pedagogue. Hon. Woodrow Wilson seems to regard the governorship of New Jersey as a traveling scholarship.—New York Sun.

Drop Might Cause an Earthquake. Reluctant to endanger his country Mr. Taft will decline Mr. Atwood's offer with thanks.—Boston Transcript.

Can't He Lend Him to Taft. King George has been gladly greeted in Ireland. He made a hit by visiting Ireland before he went to Scotland or Wales. George seems to have some tact—or else he has a good adviser.—Dallas News.

Just Rooseveltian Dialect. Mr. Earle says that Roosevelt talked to him in Latin. Maybe so, but it is just probable, too, that Mr. Earle is not on the Colonel's versatility in the use of English itself.—Philadelphia Enquirer.

A petition to the Commissioners' Court of Childress will be offered by the citizens of that county for the purpose of issuing bonds to the amount of \$50,000 for improving the roads in Childress county.

AT THE CHURCHES

Evangelical Lutheran Church
Corner Holliday and 11th.
The usual morning services will be held. Sunday school at 9:30 a. m. German morning service and sermon at 10:30 a. m. There will be no evening service on account of appointment at Henrietta. E. Deffner, Pastor.

Corner Austin and Tenth.
Preaching by the pastor at 11:00 a. m. and 8:15 p. m. Sunday school at 9:30 a. m. T. L. Toland, Superintendent. B. Y. P. U. at 7:15 p. m. P. E. Phillips, President. Sunbeams at 3:30 p. m. Mrs. E. B. Statton, Leader. Royal Ambassadors at 2:30 p. m. P. E. Phillips, Leader. Girls Junior Union Saturday afternoon, Mrs. J. L. Jackson, Leader. A cordial welcome is extended to all. Rev. Joseph P. Boone, Pastor.

Fourth Street Baptist Mission,
Corner Fourth and Travis.
L. H. Lawler, Superintendent of Sunday school. Sunday school at 9:30 a. m. Young People's Union at 4:00 p. m. Preaching at 11:00 a. m. and 8:15 p. m. Rev. C. R. Stewart will preach at 11:00 a. m. and N. W. Carey at 8:15.

First M. E. Church, South.
Tenth and Lamar.
Sunday school at 9:30 a. m. Mr. J. M. Bland, Superintendent. Senior Epworth League Devotional Service at 7:15 p. m. Mr. J. B. Montgomery, President. The pastor will preach at both morning and evening services. 11:00 a. m. and 8:30 p. m., respectively. At 8:30 p. m. the second sermon in the "Gospel Characters" series will be given. Specific theme "The Candle Stick Man." These evening discourses set forth the various types of Christian character as are found in the teachings of Jesus. At 4:00 p. m. the pastor will preach at the North Wichita M. E. Church, South. A welcome to all strangers and visitors are especially invited. During the week there will be no services at the church. The members are urged to attend the Lakeshore Assembly at Lake Wichita. We are expecting great throngs of Texas and Oklahoma Methodists. The pastor will be at the lake each day during the week. O. T. Cooper, Pastor.

North Wichita M. E. Church, South.
Sunday school at 10:00 a. m. Mr. Ambrose Yeager, Superintendent. Preaching at 4:00 p. m. by Rev. O. T. Cooper, Pastor of the First M. E. Church, South. All those residing in the community are cordially invited to attend these services.

MILLION DOLLAR GIFT FOR ENDOWMENT FUND

New York, July 22.—A million dollar gift to the endowment fund of the American board of commissioners for foreign missions, which has headquarters in Boston, is announced here by the secretary of the New York branch. The source of the gift is not named. The only information is that it is from a New York family which is affiliated with a church of another denomination than that controlling the board.

The gift is toward a two million dollar endowment which the missionary board has been trying to raise for several years. It is the largest gift the American board has had since about eight years ago when John D. Rockefeller gave \$1,000,000 for its colleges in eastern lands. The Rockefeller gift caused prolonged discussion as to whether the Congregation should accept what was termed by some as "tainted money." The gift was accepted.

Cropus Christi Improvements.
Work on the 13 foot channel into Corpus Christi Bay is progressing and according to official advices, will be finished by February 1911. Another dredge will be put in operation within the next two weeks and other improvements looking to the development of Corpus Christi, as a sea port are under way.

With the completion of the Panama canal the Texas ports will play a more prominent part in the commerce of the world.

TEXAS INDUSTRIAL NOTES

The San Benito Commercial Club has commenced a campaign to finish up the road which now runs part of the way from Brownsville to Corpus Christi. The road at Corpus Christi will connect with the road from there to San Antonio.

The Clarksville Board of Trade is endeavoring to build a road from that city to McKinney to connect with the Red River to the Gulf Highway. Half the road is now in good condition and an effort will be made to improve the other half in the near future.

The Cotton Palace Association of Waco, will erect two new buildings to be in readiness for the opening of the Cotton Palace in October.

The M. K. & T. Railway Company has purchased twenty-four miles of road owned by the Denison, Bonham and New Orleans Railroad Company running between Denison and Bonham.

Iron Ore Development.
One of the largest mining companies in the South has just been incorporated for the purpose of developing the iron ore of East Texas, and for shipping it to Eastern markets. The company is known as the East Texas Brown Ore Development Company of Port Bolivar, and has a capitalization of \$2,500,000, with L. P. Featherstone, C. L. Luckel and F. Winnie, as incorporators.

The company has a large number of orders for iron ore from points on the Atlantic coast and by the time the new railway is ready to receive it, the company will be in shape to deliver the ore to fill contracts already made with Eastern buyers.

The iron ore fields of Texas are as yet almost untouched and it is estimated that this company alone owns over 100,000,000 tons of brown ore.

Canada To the Gulf Highway.
The Commercial Secretaries and Business Men's Association is in receipt of a communication from J. C. Nicholson of Newton, Kansas, Secretary of the Meridian road, a highway which is being built from Oklahoma to Nebraska, asking to get in touch with the officers and directors of the Red River to the Gulf Highway, in order that the question of connecting this road with the Texas Trans-State Highway, may be taken up at an early date. The promoters of the Oklahoma-Nebraska road are anxious to have the road extend from Canada to the Gulf and learning of the progress of the Texas project, desire to take up the matter of connecting the two at the Red River.

BIG OIL STRIKE IS REPORTED AT BYERS

In type that spreads clear across the first page of the Byers Herald says: Thursday afternoon "Byers Went Wild" when the report came that the Edmond Oil Company had brought in an oil well. The long hoped for oil well is here—less than 2 miles east of Byers, and we have it that in paying quantities—producing 50 barrels per day, yet they will go deeper, and in doing so we expect a gusher in the near future. The bringing in of this big well will cause more to be drilled immediately. More land is being leased since this well came in and it will be only a short time until the whole country tributary to Byers will be dotted with derricks. Now watch the oil flow! Great is the oil well! Come to Byers!

Oxalic acid will remove most stains from lumber.

THE KIND OF MEAT SERVICE YOU WOULD LIKE TO HAVE ALWAYS

Once in a while you get a piece of meat from your regular butcher that is so good—so nice and tender—that it causes unusual comment from the whole family.

Wouldn't you like to have that kind of meats all the time? Of course you would.

And you may be pretty particular too so that it will take extra good service to please you always.

Well & Good—Give our meat service a months trial. To begin with let us send your favorite cut of meat this week. That will show you what you can expect from us always and the month's service will make you a steady customer.

Durant 8, Cleburne 5.

Cleburne, Texas, July 22.—With the team changed up on account of Catcher Gibson being out of the game, Durant had little trouble in defeating Cleburne yesterday afternoon. The score was 8 to 5 in favor of Durant. Lewis did the twirling for Cleburne and yielded several safeties and five runs in the first and second innings. He was supplanted by Pitcher Flynn of Stephenville, who kept the hits well scattered. The Cleburne stick wielders battered Patterson heavily, but the visitors had too big a lead to overcome. Dad Ritter was in the game yesterday for the first time in a week but he was sick.

The score:

FRIENDS CAUSE

TAFT TROUBLE

President Has Erred in Being Too Credulous of Manipulators.

Washington, D. C., July 20.—"Deliver me from my friends!"

If there is a man in public life today who should be able to put expression and feeling into a passionate prayer to the above effect that man assuredly is the present Chief Executive of the Nation. Manifestly conscientious in his official acts and of a trusting disposition, President Taft has credited to others the same high motives which seemingly actuate him; perhaps has credited so-called friends of his occupying important offices with the same patriotic and lofty principles which have shaped his course.

In doing this, the President's critics are saying he has played into the hands of certain unscrupulous politicians who ingeniously worked themselves into his friendship—have obtained his good will and awakened his faith in them for venal purposes. As a result, the President has been forced to do much apologizing, much defending, much explaining for the conduct of members who are potential factors in the framing of National legislation. When Mr. Taft first assumed the presidency he was able, and indeed, was identified as a collaborator with the Aldrich-Payne-Cannon group of high protectionists, and where he was forced to defend a tariff law which was then the most unpopular revenue measure enacted in late generations. In substantiation of which, witness the Democratic landslide of last fall, and the tendency in many sections of the country toward placing the control of governmental affairs in the hands of the Guggenheims.

Reciprocity an Apology.

In his Canadian reciprocity part, responsibility for which when it shall have been ratified unannounced, will rest almost entirely with the President. Mr. Taft has repudiated the policies of those high priests of protection by whom he was easily inveigled into endorsing their schemes. This same President, who once called the Payne-Cannon law "the best tariff law ever enacted," in this country, has, on his own initiative, proposed a trade agreement with Canada which many Democrats and some Republicans believe will be the death sentence for a high protective tariff system in the United States, or will banish for years to come the Aldrich-Payne-Cannon tariff ideas. The President is trying to make amends, he believes, for a mistake he made in the beginning of his administration, and in order to alleviate hardships inflicted by a law which he at one time unequivocally endorsed, he would now go to the opposite extreme and provide for absolute free trade in raw materials with Canada and many Canadian manufactured articles. In two Canadian reciprocity bills, in other words, an apology for the Payne-Cannon law, and verily it is a most profound apology.

Another "friend" of the President, who has been the cause of enough embarrassment for two or three Presidents was Richard A.

King Cole, who has become the most dependable writer on Frank Chance's staff of late and is now bearing the brunt of the work in the Chicago Cubs' fight for the 1911 pennant. Cole has proved stronger against the leading clubs than when opposing tail-enders, which makes him doubly of value to the Peoria Leader.

MUTT AND JEFF ARRIVE HOME TODAY

By "Bud" Fisher

TAKING OIL LEASES.

Experts Becoming Numerous in the Oklahoma Country. Test wells to go down.

J. Gregor and others who own land in the Oklahoma country tell us that the oil prospectors have been very busy in that section of the country the past ten days, and that as a result practically all the land contiguous to that point has been leased for oil purposes. Under the terms of the leases a test well is to be put down in the near future. And judging from the interest being manifested by the prospectors there is evidently good prospects of finding the coveted lubricant in liberal quantities.

We were told that the materials are being placed on the ground for the test well at Harrold and that a great deal of land in that community has been leased. It now seems to be a conceded fact that the oil lake extends in the direction of this city, and it is expected that parties will soon be securing leases there—Vernon Record.

A New York church recently was moved upon a barge and floated bodily across the harbor to a new location.

QUEER STORIES IN A DAY'S NEWS

Signs Bail Bond for His Brother's Slayer.

Linwood Hutchinson, 15 years old, of Stelton, N. J., charged with shooting and mortally wounding Joe Hadley is out on \$2,000 bail, furnished by B. F. Hadley, a brother of the dead boy. The bondsman expressed the belief that the killing of his brother was accidental and he didn't want anyone in jail for it.

Boy is Unable to Speak his Mother's Language.

Manuel Priele, a ten year old New York boy, cannot converse with his own mother because she speaks only Italian and he speaks only English, which he learned when placed in an institution five years ago.

When she felt able to take him back home she went for him and he ran away. When arraigned in children's court he explained that he left because he could not talk to her only through an interpreter.

Scientist Hatches Chickens in Only Twelve Days.

Dr. H. S. Bontecou of New York, has won a wager that chickens can be hatched in twelve days, saving a week's time. On the twelfth day he took the 18 eggs on which the hen was sitting, cracked them gently, placed them in cotton in a hot oven, and in half an hour fifteen of the chickens were peeping. He says that it is the application of the Caesarean principle to egg hatching.

Gags Donkey to Stop Braying and is Arrested.

An unusual charge of cruelty has been made against Poundkeeper Joyce of Woodbury, N. J. He is alleged to have filled the mouth of a donkey with corns then tying the mouth with a rope to keep the animal from braying.

Raw Vegetables Given as Cause for Divorce.

Mrs. Lucy E. Tyler has obtained a divorce in Pittsfield, Mass., from Albert P. Tyler, who believes in eating only raw vegetables, and it is alleged would provide nothing else for his family.

The two Tyler children are named respectively O. Be. Joyful and Lucy Drinkwater.

Bitten by a Rattlesnake.

Before he recovered from a rattlesnake bite at Fowlersville, Pa., Rush Siller smelled and tasted snakes for several days.

Moreover the bitten leg became so size of his body and became spotted until it looked like a snake's skin.

Ferryboat Will Make Long Voyage to Sea.

The Ferryboat Delaware, until recently running between Camden, N. J., and Philadelphia is to undertake the longest voyage ever made by a ferryboat.

It is to be taken down the Delaware Bay to the Atlantic and up the Mississippi River to Kansas City for service. It was built in 1876.

Thermometer Close to 100; Boy Held for Snowballing.

William Crossen, 17, was arraigned in Brooklyn on a charge of snowballing. The thermometer was close to 100 and Magistrate Reynolds read the complaint with amusement.

Inquiry developed that the snowballs were made of ice and thrown at another boy.

Snake Bends in Dozens of Telephone Calls. A large blacksnake entered an open distributing station box of the New

York Telephone Company at Bloomfield.

N. J., and in its efforts to get out gave the hello girls a busy hour answering calls to which there was no response. It opened so many switches an investigation was made, resulting in its discovery. The box is five feet from ground.

Never Slept Away from Home in 84 Years.

Anthony G. Avery, known as "Doc," is dead at 84 in Lyons, N. Y. He had never been sick until two weeks ago when he contracted pneumonia.

The family homestead has been intact since 1814, and Avery has never slept away from the house in which he was born.

Fire Alarm is Used to Bring Out Voters.

The board of selectmen of Swampscott, Mass., decided to hold a special town meeting and rang the fire alarm and tolled the bell on the town hall to call the voters.

The unusual din of bells and fire whistles soon brought out the citizens and a school house site was voted on.

U. S. Revenue Cutter Carries Floating Court.

The United States has a floating court composed of Judge T. R. Lyons and Fletcher Maddox of the Treasury department.

It travels on the Revenue Cutter Thetis and visits the remote towns of Western Alaska to decide cases which have accumulated since the preceding summer.

Husband, 81 Seeks to Divorce Wife Aged 70.

Arthur Monroe, 81 years old, of Columbus, Ohio, has filed suit for divorce against his wife, Hester C. Monroe, aged 70 alleging that his wife nagged him, calling him vile names, tried to cut his throat with a butcher knife and wished that he would become paralyzed like her former husband, so that he could not talk. The couple were married on May 7 and separated on June 11 of the present year.

Heir of \$500,000 Can't Drink or Gamble until 60.

Sobriety and abstinence from gambling until 60 years old are required of Charles T. Montague, to get \$500,000 left by his father at Mattoon, Ill.

If he fails to comply with the terms of the will the fortune goes to the city of Mattoon.

Girl Hunts for Husband but Won't Have "City Dude."

Miss Mable Grace, of Lexington, Ky., has asked the newspapers to find a husband for her. She stipulates that he must not be "a city dude or cigarette fiend." Otherwise she is not very particular.

She adds: "I am capable of all household duties and also can assist in any branch of business." She works in a millinery store and writes.

Miner Invents Razor that Runs Like a Lawn Mower.

Martin Effinger, of Los Angeles, well known as a promoter of Nevada mines, has invented a razor that runs with electricity and works on the principle of a lawn mower. It has three blades that revolve at a speed of about 8000 revolutions a minute.

The contrivance weighs about a half pound and can be attached to any electric light socket after removing the bulb. Effinger gives exhibitions and shaves himself in twenty-eight seconds.

The Comanche High School will take advantage of the state's offer to appropriate \$2,000 a year to high schools that will appropriate a like amount and will establish courses in agriculture, domestic science and manual training.

Utah May See Bullfights.

Salt Lake, Utah, July 22.—The great Spanish Festival, which began today at Salt Lake, a resort on the Great Salt Lake, has attracted thousands of visitors from all parts of the West and Southwest. The principal day will be Monday, when the anniversary of the entrance of the pioneers in Salt Lake Valley will be celebrated. The most powerful magnet for attracting visitors seems to be the expectation that real bull-fights will be given in the specially erected arena at Salt Lake. Some of the most famous matadors and torreadors from Mexico have been brought here and also a number of bulls of the special breed employed in the Spanish and Mexican bull-fights.

It is quite probable, however, that the church people of this city will take prompt steps to put a stop to any bull-fights that may be attempted to be given.

Auto Parade at Golden Potlatch.

Seattle, Wash., July 22.—The principal feature of today in the first "Golden Potlatch" festival of Seattle was the big floral and decorated auto parade. The event which was brilliant and imposing by the number of beautiful decorations of the automobiles taking part in it, attracted large crowds from all parts of the State. Valuable prizes were awarded to the most successful competitors in the parade.

To Dissolve Wellman Company.

Augusta, Me., July 22.—A hearing was had today in the State Supreme Court on the petition to dissolve by decree of the court of the "Wellman Chicago Record-Herald Polar Expedition" a corporation formed in this city two or three years ago to finance the polar expedition of Walter Wellman. He had hoped to reach the North Pole by means of a balloon, starting from Spitzbergen, but failed. There are no liabilities or assets.

Forest Fires in Cumberland.

Amerherst, N. C., July 22.—Clouds of smoke visible thirty miles away float above the forest fires in Cumberland, which still rage with unabated fury. The flames threaten the village of Shulee and have spread to Two Rivers and River Herbert, where men are engaged in an apparently hopeless fight to check them.

Six thousand acres of the Shulee Lumber Company, have been swept and lumber firms at Port Greyville are also heavy losers. There has been no rain worthy of the name for ten days.

city and out of town trade.
Rates—50c and upward.

Brownwood has organized a Water-
ways Association, the object of which
is to promote and foster deep water
at Brazos Santiago.

MANY CARS ALFALFA SHIPPED FROM HAMMON

Car after car of alfalfa hay is being
shipped from here mostly to the
southern states that suffered a total
failure as a result of the drought that
has prevailed nearly all over the
south.

Alfalfa is raised here with about
one-fourth the rainfall it requires in
most countries. The soil here holds
moisture better and can stand more
rain than any country on the map.
It is surprising to see the fine alfalfa
growing on the uplands, while in
some countries the crop refuses to
grow unless it is planted on low bot-
tom land. Another thing that is very
encouraging is the fact that there is
some alfalfa on every farm in this
part of the country.—Hammon Advo-
cate.

Venerable Missionary Dead.
East Orange, N. J., July 22.—The
Rev. Dr. Caleb Cook Baldwin, who
passed half a century as missionary
at Poo Chow, China, and for whom the
Baldwin Library was erected in that
city is dead at the residence of his
son here from infirmities incident to
advanced age. He was born near here
in 1830 and was graduated from
Princeton in 1846. Ten children were
born to Dr. and Mrs. Baldwin in Chi-
na and it was necessary owing to the
hostility of the Chinese to build a wall
of masonry around their home for pro-
tection of the first child, who is now
Mrs. Harriet Gerry of East Orange.
Dr. Baldwin compiled a dictionary of
the principal dialects of Southeastern
and translated the Bible into Chinese.

HELPFUL WORDS.

From a Wichita Falls Citizen.
Is your back lame and painful?
Does it ache especially after exer-
tion?

Is there a soreness in the kidney
region?
These symptoms indicate weak kid-
neys.

There is danger in delay.
Weak kidneys fast get weaker.
Give your trouble prompt atten-
tion.

Doan's Kidney Pills act quickly.
They strengthen weak kidneys.
Read this Wichita Falls testimony:
R. P. Cummins, Sixth and Indiana
avenue, Wichita Falls, Texas, says:

"I can vouch for Doan's Kidney Pills
being alright. They cured me of a
lame back that had failed to yield to
other medicines and which was often
so bad that I was unable to attend to
my daily work. Doan's Kidney Pills
also corrected a kidney weakness that
had bothered me and this trouble has
not returned."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo, N.
Y. sole agents for the United States.
Remember the name—Doan's—and
take no other.

TRY A SACK OF DIXIE CREAM.
A mixture of hails and meal, the
best milk producer known. Dairymen
say that it can't be beat. Give us your
order for a few sacks and try it.

ALFALFA IS STILL THE CRY.

MILLION CLUB FOR WHEAT

GRAY COUNTY FARMERS AND
MERCHANTS UNITE TO
TRIPLE YIELD.

EXPERIENCE MEETINGS

Hardpan Days When Western Kansas
Borrowed from Eastern Are End-
ed—Members Contribute
Money, Seed Wheat or
Borrow for Sowing.

Climax, Kan., July 22.—The Cim-
arron commercial club of eighty mem-
bers is forming the farmers and mer-
chants of Gray County into the Gray
County Million Bushel Wheat Club. It
will make a concerted effort this sum-
mer and fall to facilitate conditions
so that one million bushels of wheat
will be harvested in Gray county in
1912.

In the old days eastern Kansas used
to send seed wheat to western coun-
ties. County commissioners were called
upon to handle the situation, and the
western counties borrowed or re-
ceived free large amounts of seed.
This year a crop shortage confronts
Kansas. Gray county fared no worse
than others, in fact not so bad in many
respects, having much larger rainfall.
Nevertheless, many farmers will be
cramped in buying seed wheat for next
year's crop.

No Help for Gray County.
Harking back to the old hardpan
days, there is talk in some parts of
western Kansas of borrowing seed
wheat from eastern neighbors, but
Gray county proposes to handle the sit-
uation by itself.

The plan is to have everyone inter-
ested to join the Million Bushel Wheat
club, paying a small initiation fee. A
member will do one of three things:
Contribute money, contribute seed or
borrow seed from the club, according
to his situation. Those who are not
farmers will contribute money to buy
seed wheat, receiving next year one-
fifth of the crop. So also with those
who give seed wheat. Those who are
short of both money and wheat will
draw out from the "pool" what seed
they need and pay it back next year
out of their crop.

Wheat "Experience Meetings."
Business men and farmers alike have
taken up the plan enthusiastically.
During the summer and fall the club
will hold meetings in various school
houses in the country. These will be
"experience meetings" of wheat grow-
ers. Those who have had good suc-
cess with certain methods will be asked
to tell about it. Capable speakers,
such as the state agricultural college
men and H. W. Campbell, the soil cul-
ture expert, will be invited to a big
central meeting in Cimarron. A bul-
letin will be issued at frequent inter-
vals giving hints on how to conserve
moisture. It is hoped that the yield
per acre will be increased and that
Gray county will have the biggest acre-
age it ever had. The yield in Gray
county has been from one hundred
thousand to three hundred thousand
bushels annually.

Every Month Near Death.
Foster, Ark.—Mrs. Pannie Ellis, of
Foster, says: "I was sick for seven
years, and half the time could not
stand on my feet. Every month I
was in very near death. I tried Cardui
and in two months, I was cured, and
am now stout and healthy. My friends
all ask me now what cured me. My
looks are a testimonial to Cardui." No
matter how serious or long-standing
the trouble, Cardui will help you. It
is mild, vegetable, tonic remedy, es-
pecially adapted to relieve and cure
the common womanly ailments. It
relieves womanly pains and restores
womanly strength. Try Cardui.

Mrs. John Drew Better.
McLeansboro, Ill.—"About five years
ago," says Mrs. John L. Drew, of this
place, "I was afflicted with pains and
irregularity every month. I suffered
continually, was weak and despond-
ent, and unable to do my housework.
I took Cardui and in one month, I
felt like a new woman and worked
hard all summer. I am now in perfect
health, and recommend Cardui to all
suffering women." Every day, during
the past 50 years, Cardui has been
steadily forging ahead as a result of
its proven value in female troubles.
It relieves headache, backache, wo-
manly misery and puts fresh strength
into weary bodies. Try it.

The Board of Directors of the
Cooper Training School at Abilene
for boys has let the contract for the
construction of a \$10,000 administra-
tion building for this institution. The
contract calls for the building to be
completed not later than October
10th.

School children in Germany are
taught to swim safely by going
through the motions without entering
water.

News Forecast for the Coming Week

Washington, D. C., July 22.—An ex-
ceedingly busy week is in prospect for
the law makers of three great nations,
which is rather unusual for the mid-
summer.

The discussion of the proposed rec-
iprocity pact between Canada and the
United States will engage the atten-
tion of the Dominion Parliament at Ot-
tawa.

In Washington the activities will be
confined principally to upper branches
of the Congress. According to the
schedule as it now stands, the Senate
will vote Thursday on the House and
Wool revision bill, and on the several
succeeding days it will dispose of the
Free List bill, the reappointment bill
and the statehood bill.

The period of acute crisis in the veto
bill before the British Parliament will
be reached during the coming week,
when the house of commons will al-
most certainly reject the house of
Lords' amendment and the peers will
have to make a final decision.

Of interest to the politician will be
the Democratic convention in Nebrask-
a, Mr. Bryan's home state. The con-
vention is called to meet at Fremont
on Tuesday to draft a state platform
and elect a state committee. The popu-
lists are to hold their state convention
at the same time and place.

Mr. Stagni, the Papal delegate at
Ottawa, will go to St. John's Newfound-
land on Tuesday.
Eminent prelates of the Roman Cath-
olic church in Canada will assemble
at St. John's New Foundland on Tues-
day for the consecration of the Rt. Rev-
erend Power as Bishop of Bay St.
George, West New Foundland.

The Universal Races Congress, the
first of its kind in the history of the

world, will begin its session Monday at
the University of London. It is ex-
pected that every nation and every
race will be represented. The object
of the congress is to "discuss, in the
light of science and modern conscience,
the general relation between the people
of the East and those of the West,
between the so-called white and so-
called colored people, with a view to
encouraging between them a fuller un-
derstanding, friendly feelings and a
heartier co-operation."

The annual Bayreuth festival, which
never fails to attract a large number
of English and American visitors to
the little Bavarian city, will open Tues-
day and continue its performance un-
til the middle of August. The program
this year is to include two productions
of "The Nibelung Ring" seven per-
formances of "Parsifal" and five of
"Die Meistersinger."

At the end of the week Queen Wil-
helmina of the Netherlands and her
consort will pay a visit to the Belgian
King and Queen at Brussels. The visit
is certain to attract the attention
of the Chancelleries of Eu-
rope for the fact that for some time
past a movement has been on foot to
establish a defensive alliance between
the Netherlands and Belgium. The ag-
gressive policy of Germany, silently but
steadily purposed has brought about
this desire for a closer union between
the two countries.

Admiral Togo, the foremost naval
hero of Japan, is scheduled to sail from
Liverpool Saturday for New York and
will arrive in the latter city August 4.
He will visit Washington, Philadel-
phia, Niagara Falls and several of the
larger cities of the East, sailing from
Vancouver about August 20.

Election Notice.
July 14th, 1911.
Whereas, on this date a petition
presented to the Commissioner's
Court, signed by more than 50 regis-
tered property tax paying voters of
Wichita county, asking said court to
order an election to be held in said
county to determine whether or not
bonds of said county shall be issued
in the sum of two hundred thousand
(\$200,000.00) for the purpose of con-
structing, maintaining or operating of
macadamized, graveled or paved roads
and turn pikes or in aid thereof, and
Whereas, the county Commission-
er's court of the county of Wichita,
Texas, deems it advisable to issue
bonds of said county for the purpose
hereinafter stated:

Therefore, it is hereby ordered by
the commissioner's court of said county
that an election be held on the
15th day of August, 1911, at which
election the following proposition
shall be submitted to the voters of
the county of Wichita, Texas, to wit:
Shall the Commissioner's Court of
the county of Wichita be authorized to
issue bonds of said county in the sum
of two hundred thousand dollars,
payable in forty years after date, with
option of redeeming same at any time
after ten years from date, bearing in-
terest at the rate of five per cent per
annum, payable semi-annually, and to
levy a tax sufficient to pay the inter-
est on said bonds and create a sinking
fund sufficient to redeem them at ma-
turity, for the purpose of constructing,
maintaining or operating of macadam-
ized, graveled or paved roads and turn-
pikes or in aid thereof.

Said election shall be held at the
various voting precincts in Wichita
county, Texas, to-wit: No. 1, City
Hall in Wichita Falls; No. 2, Court
House, Wichita Falls; No. 3, School
House, Alameda; No. 4, Cashion
School House; No. 5, Hodge & Reed
Building in Burk Burnett; No. 6, Com-
mercial Club Room in Iowa Park; No.
7, Denny School House; No. 8, Beaver
Creek School House; No. 9, Clara
School House; No. 10, School House
in Electra; No. 11, Store House just
N. W. of North end of Big Wichita
River bridge in city of Wichita Falls,
Texas; and the following named per-
sons are hereby appointed Judges and
Clerks of said election, viz: Voting

siding Judge, F. M. McKinley, As-
sistant Judge and W. J. Bullock and
J. L. Jackson, Clerks.

Said election shall be held under
the provisions of Chapter 7, Acts of
the First Called Session of the 31st
Legislature, Laws 1909, and only qual-

ified voters who are property tax pay-
ers of said county, shall be allowed
to vote, and all voters desiring to sup-
port the proposition to issue bonds
shall have printed on their ballots the
words "For the issuance of bonds,"
and those opposed shall have printed
on their ballots the words "Against
the issuance of bonds." The manner
of holding said election shall be gov-
erned by the laws of the State govern-
ing general elections.

A copy of this order signed by the
County Judge of said county shall
serve as proper notice of said elec-
tion, and the County Judge is directed
to cause said notice to be posted up
at three places in said county, one of
which shall be at the Court House
door of said county for at least three
weeks prior to said election, and in
addition thereto by publication in a
newspaper published in the county for
four successive weeks prior to the date
of said election.

J. O. B. Felder, County Judge of
Wichita County, Texas, do hereby
certify that the foregoing is a true
and correct copy of an election or-
der passed by the Commissioner's
Court of the County of Wichita, Texas,
on the 14th day of July 1911.

C. B. FELDER, County Judge
Wichita County, Texas.
J. O. B. Felder, County Judge, do
hereby direct that the Sheriff of
Wichita County cause above notice to
be posted up at three public places in
said county, one of which shall be at
the door of the Court House there-
of, for at least three weeks prior to
the date of said election, and to make
publication of same in a newspaper
published in the county for four suc-
cessive weeks prior to the date of
said election.

C. B. FELDER, County Judge,
Wichita County, Texas.

JOHN HENRY HENPECKED
TONIGHT AT COLONIAL

If you want to see what a hesped husband really looks like, you can do so at the Colonial tonight, when Wyne and Wylie will present their rip-roaring farce, "John Henry Henpecked," and also a new lot of stories and songs.

The Colonial will also show the election returns on the curtain.

If your roof leaks the Gray Roofing and Manufacturing Co. will fix it. Satisfaction guaranteed. 810 Scott avenue. 58-30c

Reflections of a Bachelor.
A man can be much prouder of his wife for her good looking clothes than for her noble character.

An old fox learned most of his wisdom out of the foolishness of his youth, but folk aren't foxes.

When a man is a particularly insufferable bore, it's a sign it's about how he takes his exercise.

JOHN HENRY HENPECKED At Colonial tonight.

NO MOSQUITOS

Why Should You Suffer?

the discomfort of the troublesome pests or from the cumbersome old-fashioned ways of driving them away, when you can get a magical preparation at our store that mosquitoes will not come near.

Call for Marchman's Skeeterine

It has no unpleasant odor, nor harmful and injurious effects. It will take the sting out of mosquito bites, if you are careless or unfortunate enough not to use it in time. Besides the annoyance caused by mosquitoes, they carry diseases especially fever, which are prevalent at this time of the year. Once you see how effective this remedy is, you won't be without it. At 25c a package.

OLDEST METHODIST
IN UNITED STATES

Mrs. Sarah Austin Celebrates 100th Birthday at Bellefontaine, Ohio.

By Associated Press.
Bellefontaine, Ohio, July 22.—Mrs. Sarah Austin, said to be the oldest Methodist in the United States, having been a member for ninety-three years, yesterday celebrated her one-hundredth birthday anniversary at her home in North Lewisburg, near here. The event was made a holiday in the village.

Reflections of a Bachelor.
A man can be much prouder of his wife for her good looking clothes than for her noble character.
An old fox learned most of his wisdom out of the foolishness of his youth, but folk aren't foxes.
When a man is a particularly insufferable bore, it's a sign it's about how he takes his exercise.

LOCAL NEWS BREVITIES

"Piccola, or the Prison Flower," a story of the First Empire in France, is the feature film at the Gem tonight. The story is one of the most pathetic as well as one of the most beautiful of the stirring times when Napoleon Bonaparte was swaying all Europe. Two other good pictures and a new song make up a good program, and in addition election returns will be given.

We want 800 good coat seats filled Saturday night to see "The Henpecked Husband" and election returns at the Colonial. 59-16c

The band concert will be held tomorrow evening at 6:30 at the court house yard.

The Gem will give the full election returns tonight. No extra charge.

C. B. McConnel has just returned from the north. After attending the Modern Woodman of America in Buffalo last month he returned to Chicago. From there he made an extended trip through Indiana and Illinois, organizing local unions for the International Broom and Whisk Makers' Union. He reports the broom business good in Indianapolis, Evansville, Terre Haute, Paris, Ill., and other places he visited. The broom makers organization is growing quite strong in the north and east and conditions are rapidly improving.

A. J. Dix and family from Fort Worth, are among the recent arrivals in this city. Mr. Dix having accepted a position with the Westland Hotel.

J. A. Evans and family from Canton, Oklahoma, were in the city today en route to Burkbur on a visit to Mr. Evans' parents, Mr. and Mrs. J. B. Evans.

Mrs. J. L. Silbert and son George, will leave tomorrow night for Amarillo, where they will spend several weeks, after which they will proceed to Colorado to remain during the hot weather months. Mr. Silbert expects to join them later in Colorado.

Large Shipment of Elbertas.

Mount Pleasant reports the first shipment of Elberta peaches from that place which went north last week. The shipment was made to Columbus, Ohio, and was loaded by the local fruit growers and consisted entirely of the Elberta variety of peaches. M. J. Wallace one of the heaviest fruit growers of that county estimates that the Mount Pleasant peach crop this year will amount to one thousand bushels, against three thousand last year.

Texas is known as the home of the Elberta and this delicious fruit finds its way to all markets of the world.

Eucalyptus Trees for Texas.

Hon. E. R. Kope, Commissioner of Agriculture, has issued a pamphlet in which he states that the Eucalyptus tree can be successfully grown in the Southern part of Texas. Test plants were put out along the St. Louis Brownsville and Mexico Railway in 1906 and 1907 and the satisfactory growth that these trees have made indicates that this variety of tree is adapted to the lower coast country.
