

Six-State Area Digs Out After Storm

HIGH SCHOOL ELECTIONS HELD—Shown above are Snyder High School students casting their ballots in yesterday's elections. Voting procedures are patterned after standard voting methods. Competing for student body president for next year were Darrel Aldridge and Tommy Shelburne. For vice president the students chose from Bob Carroll, Gene Shelburne and Jimmy Walker, and for secretary, from Nan Hill, Becky Lewallen and Dana Westfall. Tommy Shelburne was elected president, and Nan Hill secretary. A run-off Monday between Bob Carroll and Gene Shelburne will decide the vice president.

Tanker Snaps In Two; 34 Crewmen Rescued

PORTSMOUTH, Va. (AP)—A luxury ship and a Navy destroyer rescued port today with 34 crewmen of the tanker Gem who were rescued on the stormy Atlantic after their vessel snapped in two. Only one man aboard the Liberian tanker—her first officer—was last when she broke apart in the pounding seas Thursday 110 miles southeast of Cape Hatteras, N.C. Twenty-seven crewmen were re-

2 Railroads Seek Merger

PHILADELPHIA (AP)—The Pennsylvania and New York Central railroads today asked the Interstate Commerce Commission to approve merger of the two railroads. The application, announced here, said "three competitively balanced rail systems" are being developed in the East. It said the Chesapeake and Ohio and the Norfolk and Western railroads are creating two such systems, the PRR and NYC the third. The PRR-NYC application said the merger would mean annual savings before taxes of \$75 million, improved services to the public, and a better competitive position with other modes of transportation. The application said some benefits would accrue promptly upon merger and other savings would be accomplished gradually.

RACE WIDE OPEN FOR LT. GOV.

Turman Has Lead In Poll

BY JOE BELDEN Director, The Texas Poll Copyright 1962. Slightly more than a fifth of all Texas Democrats are supporting House Speaker James A. Turman in his race for lieutenant-governor. He is followed by State Senator Bob Baker of Houston, with about half as many backers. But the most important finding of a state-wide survey just completed by The Texas Poll is that about half of the voters have yet to make up their minds who they want to elect to the second highest office in the state. So the race for lieutenant-governor is today a wide-open contest in which any of the six contenders for the Democratic nomination could win a place in the first primary May 8. For the Republican nomination, O. W. (Bill) Hayes, Temple and Belton businessman, is far ahead of his single opponent, attorney T. Kellis Dibrell, San Antonio con-

servative who has recently turned to the GOP. Texas voters do not have to decide until the day of the election whether they will vote in the Democratic or Republican primary. So in this survey all who were interviewed were asked to express their choices for candidates of both parties. They were first shown a list of the Democratic candidates and asked, "Regardless of which primary you may vote in, who is your first choice among the Democrats?" These were the percentages from a representative sampling of 1,000 qualified voters interviewed: James A. Turman 22 Robert Baker 11 Jarrard Sechrist 6 Preston Smith 6 Crawford Martin 4 Gene Smith 3 Undecided 50 Total 100 Then a list of the Republicans

candidates was shown and this question asked, "Of the Republicans, who would be your first choice?" O. W. (Bill) Hayes 35 Kellis Dibrell 13 Undecided 50 Total 100 To obtain an idea how the candidates are drawing support from people likely to vote in the Democratic or Republican primaries, respectively, we have made an analysis using other questions asked. Every respondent was asked in which primary he intended to vote; if he was not sure, we asked him whether he usually considered himself a Republican or a Democrat. Combining that information, the vote for each candidate may be shown by these two groups: 3 Likely Democratic voters only: James A. Turman 23 Robert Baker 17 Jarrard Sechrist

Preston Smith 4 Crawford Martin 4 Gene Smith 4 Undecided 47 Total 100 Likely Republican voters only: O. W. (Bill) Hayes 39 Kellis Dibrell 15 Undecided 46 Total 100 The differences between the first tabulation, the total "potential" vote, and the likely Democratic voters are not significant. The two Republican candidates do pick up a measure of support, percentage-wise, when one considers only likely Republican voters. The survey, conducted entirely through personal interviews with qualified voters, covered every section of the state. More than sixty interviewers worked in villages, towns, and cities and traveled to farms and ranches to make the interviews. The cross section was further controlled by race, age, sex, and income.

Death Toll Reaches 35

Sanford, Fla., over the distressed area. "I thought it was going to be bad, but it is much worse than I imagined," he said. H. Mat Adams, New Jersey conservation commissioner, said the damage in his state was worse than anything in a generation. State emergencies have been declared by Gov. Richard J. Hughes of New Jersey and Gov. Elbert N. Carvel of Delaware. The coastal sections of New York, New Jersey, Delaware, Maryland, Virginia and North Carolina have been declared disaster zones by the Small Business Administration, which grants special, long-term loans to property owners. Outright federal grants must come by proclamation of President Kennedy. Prospects are bright that he will take prompt action. These grants would go to state and local governmental units for the repair of roads, bridges, schools and other facilities. The governors of New Jersey, Delaware, Virginia and Maryland already have asked the President to declare their stricken sectors disaster areas. Mayor Robert F. Wagner of New York has asked Gov. Nelson A. Rockefeller to petition for designation of stricken sectors as disaster areas. Additional federal aid was announced Thursday by the Department of Agriculture, which said emergency food supplies were being distributed to storm victims through state and local agencies. Damage estimates by states: New Jersey and Delaware, \$80 million each; Virginia, \$20 million; New York, \$25 million; North Carolina, \$3 to \$5 million; and Maryland, "many millions."

Pestilence and starvation menaced survivors, with practically all food supplies and sewage facilities wiped out. Acceptable drinking water constituted a major problem in many areas. In North Carolina, Gov. Terry Sanford reported that the explosion occurred just 30 days after a fire-damp blast in the Luisehah Mine in the Saarland to the south took 299 lives. The mine spokesman said all miners appeared to be accounted for and the death toll was not expected to rise unless some of the injured men did not survive. He said the explosion occurred in a horizontal tunnel connecting various mining locations more than 3,000 feet underground. He reported the blast was apparently caused when blasting ignited a pool of methane gas or fire-damp which had collected in the tunnel. The explosion did not start a fire and did not directly strike by the blast were not endangered.

Northeast Texas Town Has Storm

What appeared to be a tornado from the type of damage it caused struck DeKalb in Northeast Texas Thursday night. At least a dozen homes suffered damage and numerous garages and other small buildings were destroyed. Fred Napp of the DeKalb News reported. Two miles from DeKalb, a number of chicken houses were destroyed. The apparent tornado struck from west to east—the typical direction of a path about 50 yards wide. Undecided 46 Napp said the damage to homes mostly was confined to roofs and verandas. The seeming tornado struck about 7:30 p.m. (CST). DeKalb has a population of 2,150.

Meanwhile the Weather Bureau forecast possible light snow in the Texas Panhandle by Saturday after freezing weather returned to that area during the night. Dalhart reported 30 degrees around dawn Friday, highest minimum was 66 at Brownsville. Warm, moist air hugged the ground ahead of the front and fog developed along the frontal system. Except for clear to partly cloudy skies in the Panhandle, it was cloudy nearly everywhere in the state. El Paso had a little rain. It was foggy at Alice, Corpus Christi, Beaumont and Lufkin. Thursday's top temperatures ranged from 83 degrees at Laredo down to 51 at Dalhart as scattered light showers fell across the state. Many areas needed considerably more rain. In addition to possible snow, forecasts called for another chilly night in the Panhandle, with readings as low as 28. Mild and mostly cloudy weather was promised other sections.

Wreckage Of Plane Found

ALENCON, France (AP)—Wreckage of a U.S. Air Force transport, missing with 12 crewmen, was found today in heavy woods near Alencon. French police reported from the site there were no survivors. The four-engine plane disappeared Thursday. There was no indication that had caused the plane to crash. A U.S. Air Force spokesman said names of the dead would not be announced until next of kin were informed. The transport, at its last report, said it was in the vicinity of Alencon, which is 60 miles southwest of the plane's base at Evreux. The aircraft was on a routine training mission with five officers and seven enlisted men aboard.

IT WAS STILL DARK at 6:30 this morning when this group of Snyder school cafeteria workers left for Odessa. They will be meeting with the teachers in the general session of the NSTA convention there today and also having special sessions of their own. Attendance at the meeting is not mandatory. Those attending will return to Snyder late this evening.

Food For Mind, Body Provided By Schools

Food for the mind is the chief product served in Snyder Schools. But during Public School Week it is also interesting to note that food for the body also takes an important role in the operation of the Snyder school system. The 63 cafeterias of the Snyder schools serve an average of 2,500 meals a day with the daily income from these meals at \$900. The 63 employes make this by far the largest food service in Snyder. But unlike most food retailers, school cafeterias are not supposed to make a profit. According to Mrs. Opal Spikes, cafeteria supervisor, it is planned that the cafeterias show a small loss at the end of every year. In February the Snyder school cafeterias show an overall loss of \$367.71, or a loss per meal of just slightly over one-tenth of a cent. Cost of the lunches in the cafeterias is 35 cents in elementary schools, 45 cents in junior high schools and 50 cents in high schools. The Snyder school cafeterias show an overall loss of \$367.71, or a loss per meal of just slightly over one-tenth of a cent.

Cost of the lunches in the cafeterias is 35 cents in elementary schools, 45 cents in junior high schools and 50 cents in high schools. The Snyder school cafeterias show an overall loss of \$367.71, or a loss per meal of just slightly over one-tenth of a cent.

The average month with 21 or 22 meals served will see the cafeterias use 1,650 pounds of butter, and 4,250 pounds of flour. That's just an indication of the size of this "small" part of school life in Snyder schools. The individual cafeterias meet with the supervisor and plan the menus. Then the manager determines the requirements of their own cafeterias, and submit these to the supervisor who prepares the purchase orders.

Cost of the lunches in the cafeterias is 35 cents in elementary schools, 45 cents in junior high schools and 50 cents in high schools. The Snyder school cafeterias show an overall loss of \$367.71, or a loss per meal of just slightly over one-tenth of a cent. Rebel Artillery Is Strafed By French

ALGIERS (AP)—Rocket-firing French planes today strafed Algerian rebel artillery firing at French positions along the Tunisian-Algerian frontier for the third straight day. French and Algerian nationalist delegates met for their third session of peace talks in the French resort of Evian outwardly unmoved by the flareup of shooting in eastern Algeria. One informant said the talks were making slow but steady progress toward a full agreement, including a ceasefire, to put Algeria on the road to independence. A French communiqué minimized the rebel artillery bombardment and said it was a harassment and not an attack. It added that the artillery duel had not affected movement of some French troops from the frontier toward the cities in the west. The French said one French plane in difficulty over the frontier was abandoned by its pilot. Army sources said the plane was a U.S.-built Skyraider fighter. The communiqué said the Al-

gerian bombardment had killed two French soldiers and wounded 13 and killed eight Moslem civilians and wounded more than 30. French patrols scouting ahead of the French lines found the bodies of 10 rebel soldiers and two rebel wounded, the communiqué said. Both groups at Evian refused to comment on the sudden upsurge of fighting in Algeria after a long period of virtual truce during which the spotlight had shifted to terrorist attacks by the right-wing Secret Army Organization. French warplanes—American-built B-26 bombers and French Mystere jets—roared into the frontier flight Thursday to back up the gunners with round-the-clock raids from Bone.

29 Listed In Hands Of Communists

WASHINGTON (AP)—Twenty-nine U.S. Army men are listed by the Pentagon as being in the hands of the Communists. They are among 227 seized by the Communists since 1954, a Senate subcommittee was advised Thursday. The figures were in a letter signed by Cyrus R. Vance, Defense Department counsel. There was no explanation of when, how or where the military men were captured. Carlisle P. Runge, assistant secretary of defense, who was testifying in an investigation of anti-Communist indoctrination of troops, said he didn't know anything about the details. The letter said 207 Army personnel had fallen into Communist hands. Twenty-nine are listed as missing, presumed under Sino-Soviet control, and seven have been reported dead, although their bodies have not been returned. The other 171 were returned to the Army.

Show

**HOSTESSES**—These local art enthusiasts will participate in hostess duties at the art show open house to be held Sunday at the Martha Ann Woman's Club. Pictured from left, admiring the citation winner picture by Mrs. Rosalie McGlaun are: Mrs. Mabel Belsher, Mrs. Marianne Robertson, Mrs. Rubi Le Brown and Mrs. Adele Josephson.

**Art Assn.  
Circuit Show  
Open House**

The public is cordially invited to attend open house at the Martha Ann Woman's Club Sunday afternoon from 2:30 to 5 o'clock. An exhibit will be the West Texas Art Association Circuit Show. The show consists of 13 citation winners and 2 circuit winners of the 1961 competition of the W.T.A.A. held in Brownwood last November.

Hostesses for the show will be members of the Woman's Club who have just completed a six week art appreciation study course. The work of three local artists are included in the exhibit: two circuit winners, Mrs. Adele Josephson and Mrs. Mabel Belsher, and one citation winner, Mrs. Rosalie McGlaun.

The exhibit will circulate to the ten towns represented in the association. These include Brownwood, Cisco, Abilene, San Angelo, Sweetwater, Snyder, Midland, Lamesa, Big Spring and Colorado City, home of the Association President, W. W. Worrell. At the end of the circuit tour the 13 citation award paintings will be sent to Austin to be included in circuit exhibit of the Texas Fine Arts Association for state-wide exhibition. Dr. Donald B. Goodall, chairman of the Department of Art at the University of Texas was judge of the competition.

**Stanfield P-TA  
Elects Officers**

The Stanfield Parent-Teachers Association met Monday at 7:30 p.m. for their regular meeting. New officers for the coming year were elected as follows: Mr. James Green, president; Mrs. Dan Cotton, vice president; Mrs. M. B. Kingsbery, secretary; and Mrs. C. A. Detrich, treasurer. Mr. Harrel McKinzie introduced members of Scout Troop No. 177, of which he has accepted the position of scoutmaster for the remainder of the school term. Following the brief business meeting, an open house was held for all rooms and refreshments were served.

**CONNIE ELLINGTON** is a member of the Snyder Senior 4-H Club and attends school at Travis Junior High. She has received awards in dairy foods and electric; has four blue and five red ribbons.

Submariners Are Warned Of Tenacious History Of Scots

BY INEZ ROBB

Who will deny that this is a contentious and cantankerous century? Every man jack is itching to step out in the alley and put up his dukes.

At any moment now, Uncle Sam is apt to be in a full-scale shooting war with Scotland. And all because American sailors mauling U. S. submarines based in Scottish waters want a tartan all their own. Once upon a time, imitation was the sincerest form of flattery—to day it is a cesspool.

Since I am wedded to an American of Scots ancestry, no matter what I write is guaranteed to get me into trouble both at home and abroad. But it is beyond the realm of my imagination to envision American sailors in kilts. That is, very untar. Bell-bottom trousers, yes; but bell-bottom skirts, no!

However, American submariners based in Scotland want a tartan. It could be that they are stir—or burr—crazy. That's one explanation that occurs to me. At all odds, the Americans had gone so far as to have a tartan designed by a Scots expert on tartans when word of this further frightful American invasion of sacred Scottish customs trickled into the Highlands.

Well, we must face the bad news. The clans are gathering. We shall be lucky if the Scots take their case to the United Nations before declaring war. As it is, their angry

cries are plainly heard in the United States without the aid of any fancy-smancy sound-wave bouncing satellite.

It is my inclination to let the submariners have a tartan of their own. If a kilt is any comfort to these men who go down under the sea in ships, and stay there indefinitely, the Scots ought to be proud to share a plaid with brave men. However, the Scots have taken the opposite view, and submariners, before they order kilts, ought to look at the tight record of Scots.

The English have lived in uneasy peace—at least, it is called that—with the Scots for the past two centuries. But up to that time, the Scots for the better part of a millennium made life hell for the English. Even in the 20th Century, the Scots don't seem about to knuckle under. There is a lively separatist movement in the Highlands, one constantly plumping for complete independence from England. Queen Elizabeth I only partially solved her problems by chopping off the head of her rival, Mary Queen of Scots, one of the most romantic heroines of fact or fiction. But it was Mary's son, James I, who succeeded Elizabeth I on the English throne. The Scots are great at omeuppance and the strategic combback. So let Americans salters beware!

(Even the great Dr. Samuel

War Makes Men Feel Important

By HAL BOYLE  
NEW YORK (AP)—Jumping to conclusions.

The most exciting and glamorous thing about war is that it tends to make the individual feel more important than he does in peace. He is swept by a thrilling feeling of mutual effort and exultant unity.

The greatest trouble with peace is that it blows so few bugles inside the average man. It doesn't stir him, as war does, to a realization that the welfare of the group he belongs to is directly dependent on the quality of his own individual performance.

He who can give to all men in peacetime a feeling of shared emotional glory and joy in human service will do mankind its greatest possible service.

In most parts of America, nothing excites more suspicion than a stranger with a wallet full of \$2 bills.

Why do people still believe that a medicine has to taste bad if it is to do them any good? My theory is that most patients unconsciously feel guilty over being sick, and crave a bad-tasting medicine as a kind of punishment for not being well. Swallowing it helps them atone for the crime of having fallen ill.

A caged lion in time becomes grateful for the bars that fence him in. After all, they protect him from the wildness of tame people.

When surrounded by beauty, we tend to become dulled by it—as often does a dairy farmer pause to admire a sunrise?

A bank teller, who spends his life counting out money to other people, has to become one of two things—a philosopher, or a thief.

On the night of the big spring prom, a high school girl would rather have appendicitis than a pimple on her nose.

A boy suffering from a heavy cold makes the best magazine subscription salesman. Everybody hates to turn down a kid with a runny nose.

You can tell when a man has had one too many at a cocktail party by the way he talks: a woman, by the way her hair becomes untidy.

Life is getting harder for politicians. They no longer even say an opponent will spread the rumor they are advocating overpopulation.

A hopeless egotist is the man who even enjoys showing you his passport picture.

Johnson could not contain his bitterness against the Scots. In his famous dictionary, he defined "oats" as something eaten by horses in England and by the populace in Scotland.

All in all, American submariners should take a second look at this situation, particularly at their own knees, before forcing the issue. Knees, like elbows, are nature's utilitarian hinges, designed for service rather than for beauty. The masculine knee, in particular, is apt to be almost wholly pragmatic. What woman, and I ask this discreetly, has not known a Greek god in day-to-day charcoal gray flannel who fell apart at the knees the moment he took to Bermuda shorts?

Furthermore, are American submariners prepared to accept the corollaries of a tartan? Are they willing to accept haggis as a substitute for C-rations? Haggis is commonly made of a sheep's heart and liver, mixed with onions, suet and oatmeal (ah, there, Dr. Johnson!), is—just to make it tastier—boiled in a sheep's stomach. Haggis and kilts are as close as ham 'n' eggs.

Now we come to the bagpipes. A tartan or kilts are unthinkable without a bagpipe. It is my honest opinion that even a sailor weaned on rock 'n' roll might find a steady diet of bagpipe music a strain. It's a bonnie instrument, all right. It's a bonnie instrument, all right. It's a bonnie instrument, all right. It's a bonnie instrument, all right.

In addition, I remember that my Irish grandmother told me that the Irish invented the bagpipe and gave it to the Scots, who never discovered the joke.

Still and all, if American submariners want to wear kilts and are willing to put up their dukes, they'll find plenty of alleys at home as well as in the Highlands.

Double Image Of Washington On Bill

PERTH AMBOY, N.J. (AP)—Veronica Polak has a one-dollar bill with pictures of George Washington on front and back.

It came as change from a grocer four years ago.

The U.S. Treasury has offered to exchange the double-dollar for a sound silver, Mrs. Polak said Thursday.

But she claimed a private collector had offered her \$1,500.

Canadian Aid Is Sought By Guinea

GEORGETOWN, British Guiana (AP)—Janet Jagan, Chicago-born wife of leftist Prime Minister Cheddi Jagan, departed by plane Thursday for Montreal.

As general secretary of the People's Progressive Party she will seek financial aid from Canada and also address a world peace congress meeting.

Junior Editors Quiz on PARACHUTES

QUESTION: Who made the first parachute jump?

ANSWER: Louis Sebastian Lenormand made the first parachute jump in 1783, from a high tower in France. Inventors had been working on parachutes for at least a century, but Lenormand was the first that worked. After the jump, others improved the device and jumped from towers and balloons, as in the picture above. The first jump from an airplane was made 129 years later by Capt. Albert Berry. Capt. Berry had a problem the earlier jumpers did not. When men jumped from towers, or even from balloons, their problem was only to make certain the parachute was properly spread out before it hit the ground. Capt. Berry had to be certain to stay clear of the plane and the propellers. The danger of the parachute lines becoming caught up in the plane was so great that the United States didn't use parachutes at all during World War I. After that war they found ways to lessen the danger, and it was used as a standard piece of equipment. Parachutes today are used for landing men and equipment where there is not enough room for an airplane to land.

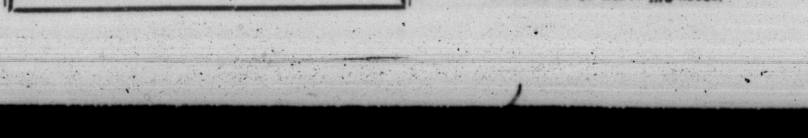

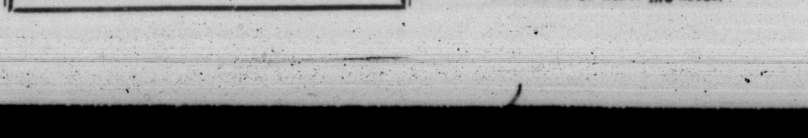

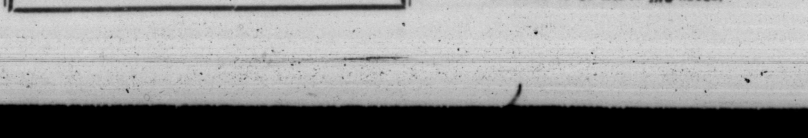

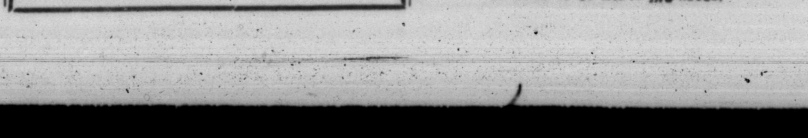

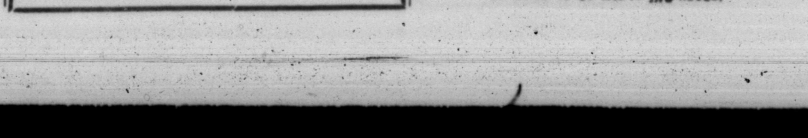

FOR YOU TO DO: Make a small parachute out of a handkerchief or a piece of nylon cloth. The string onto it at the corners. Then attach a pencil and drop the parachute from a porch or a window. Later, drop the pencil without the parachute. You can see the difference in speed that a parachute can make.

(Kenneth Stevens of Holton, Mich. wins \$10 for this question. Send your question on a postcard to Junior Editors, in care of this newspaper.)

# J. P. Ward Resigns Cage Coaching Post

J. P. Ward tendered his resignation as Snyder High School basketball coach here Thursday afternoon, thus stepping down from a post he had held continuously since August of 1954.

He presented his resignation in letter form to superintendent of schools T. E. McCollum, who stated in behalf of both himself and the school board that "We have certainly enjoyed working with Mr. Ward, and if he wants to remain within the Snyder system we'll be more than happy for him to do so."

Ward's letter of resignation reads as follows:

"Due to the increasing pressure of winning above all else, I would like to submit my resignation as basketball coach of Snyder High School."

"I would like to thank all the fine boys I have coached while here for their splendid cooperation and to all my friends for their loyal backing."

"The coaches at present are indefinite."

While heading up the basketball program at Snyder High, Ward guided teams to district championships twice in 1957 and 1958. The Tigers won all eight 3-AAA contests during the 1957 campaign and took the 1958 title with a 7-1 mark.

Both years saw the Tigers being eliminated in regional tournaments at Lubbock, the first venue resulting in a loss to Pecos, the eventual runnerup team in the state tournament, and the other coming at the hands of Hereford, a team that went on to take three place honors in the state meet at Austin.

At conclusion of the 1958 season, Ward was named "coach of the year" within the Abilene area.

The campaign just completed saw him leading the Tigers to a third-place finish in 3-AAA play behind Joplin Sweetwater and runnerup Lamesa. The Tigers hit their peak by knocking off defending champ Lamesa 40-44 halfway through the campaign to snap a 20-game district winning streak the Tornados had compiled over three seasons. The defeat also prevented the Lamesas from gaining a title tie with Sweetwater in the final analysis.

The Tigers emerged with a 13-12 overall record and 4-4 district mark the past season.

Since Ward took over the coaching reins in 1954, his teams have come through to post a 41-37 won-lost record in district and a 93-101 overall record for the eight campaigns.

The most recent six seasons the Tigers have been competing within District 3-AAA along with Sweetwater, Lamesa, Colorado City and

Lake View. Prior to that they were mired in 1-AAA, which had nine teams in 1955-56 and eight clubs in 1954-55.

A capsule rundown of Ward's record is broken down below:

1954-55  
Won 12, lost 13 (6-6 district). Tied for second in district. Champion Plainview was fourth in state.

1955-56  
Won 13, lost 13 (6-10 district). Fifth in district. Champion Palo Duro went on to cop state championship.

1956-57  
Won 15, lost 7 (8-0 district). Won district and lost to Pecos in regional tournament.

1957-58  
Won 16, lost 14 (7-1 district). Won district, then won third place in regional after losing in first round to Hereford.

1958-59  
Won 5, lost 15 (1-7 district). Fourth in district. Champion Lake View lost in regional.

1959-1960  
Won 4, lost 17 (2-6 district). Tied for fourth in district. Champion Lamesa won state championship.

1960-61  
Won 13, lost 10 (5-3 district). Tied for second in district. Champion Lamesa lost in regional.

1961-62  
Won 13, lost 12 (4-4 district). Third in district. Champion Sweetwater lost in regional.

Ward, who also is coach of the Tiger golf team, coached basketball at Anson for three years and Vega a like period prior to assuming the reins here. His 1950-51 Anson team nabbed the district title.

He is a 1948 graduate of Hardin-Simmons University.

Possibilities as to a successor remain in the speculation stages, but discussion along those lines is expected at the regular school board meeting of this Tuesday.

COACH J. P. WARD  
Reinstitutes Retns

## North Texas Golfers Lead

LAREDO (AP)—North Texas State linksmen, headed by Bob Greenwood's sizzling 9-under-par 135, went into the second round of the Border Olympics Golf Tournament today with a 2-stroke lead over the University of Houston.

Thirteen collegians bettered par as they played 36 holes in the scheduled 18 in Thursday's perfect weather. They play 18 holes today and wind up with another 18 Saturday. There are 75 players from 13 schools in the university-college division.

North Texas' defending champions had a team total of 50-15 under par for the 36 holes. Houston had 563, Texas 572, Texas A&M 575 and Wesleyan 581.

Greenwood carded rounds of 69 and 66 for his 135. Homer Biancas of Houston and Bill Munn of Texas had 137s. Don Wilson of North Texas and Terry Dill of Texas turned in 138s.

Robert Wood and Tom Winkler of Texas Wesleyan carded 140s, Jim Fetters of Texas A&M 141, Kermil Zarley, Fred Marti and Babe Hickey of Houston and Bill Garrett of North Texas 142s, Dick Dubble of A&M 143 and Bruce Bangart of Baylor, Jack Montgomery of Texas Christian and Housty Brewer of Houston par 144s.

The fourth member of the North Texas team, Frank Luke, had a 1-over-par 145.

The high school tournament opened today with 18 holes. Another 18 will be playing Saturday. Twelve schools are entered in that division.

## One Official Flunks Test

DALLAS (AP)—One of 21 Southwest Conference basketball officials failed a detector test, Radio KRLL said today. The station said results of another test were inconclusive.

It reported the other 19 referees were cleared of game-fixing charges prompting the polygraph tests.

KRLL said its informant reported a Dallas-Fort Worth area gambler has been linked to the case.

## SMU Rates Slight Edge

By MIKE COCHRAN  
FORT WORTH, Tex. (AP)—With a capacity crowd on hand and a limited television audience looking on, Southern Methodist and Texas Tech battled tonight for a berth in the NCAA basketball playoffs.

The Southwest Conference co-champions met in 7,166-seat Daniel-Meyer Coliseum on the Texas Christian University campus.

The winner will go into the first round of the NCAA playoffs Monday night against the Air Force Academy at Dallas.

Tonight's game is the last between Southwest Conference teams this season. Texas and Texas Christian wound up the

## Olympics To Start Today

By HAROLD V. KATLIF  
LAREDO, Tex. (AP)—The Border Olympics, not as big as usual but still a massive track and field event, swung open today to put a flock of meet records in jeopardy.

Abilene Christian, Texas Southern, Howard County Junior College and Baytown High School were favored to win their respective divisions.

There are fewer athletes this year because of a limit placed on entries in the divisions below university. No team can have more than 15 men.

Adding international flavor, National Poly, Mexico Prep and Monterrey Tech from Mexico have entries.

Baylor is defending champion in the university division but doesn't appear strong enough to repeat. Texas Southern is defending champion in the college class, Howard County in the junior college division and Baytown in the high school class.

Competing in the university class with ACC, Texas, Texas A&M and Baylor are Rice, Southern Methodist, Houston, North Texas State and Texas Christian.

Jerry Dyes of Abilene Christian has hurled the javelin more than 241 feet. The record is 227-9 1/2.

Dyes also is a fine broad jumper, shot putter, quarter-mile and sprinter. He is the main reason Abilene Christian is favored to win a three-way fight for the title with Texas and Texas A&M in the university class.

Danny Roberts, Texas Aggie shot putter; Colin Ridgway, Lamar Tech high jumper; Ray Cunningham, Texas' mighty hurdler; Earl Young, the Olympian from Abilene Christian in the 40-yard dash; Major Adams, Texas Southern's ace two-miler, and Pat Cloby, Houston's ace two-miler, are others likely to hang up meet records.

Ian Stewart of Lamar Tech, who holds the mile and two-mile records in the college division, may break his own marks.

## Tigers Among Border Meet Aspirants

Coach Dutch Stehley and an 11-man crew of Snyder Tiger trackmen departed here early Thursday morning for Laredo and competition in the Border Olympics being staged there today and Saturday.

The loss of mile relayer Malcolm Bolger, who is out with a back injury, necessitated a shuffling of the lineup in that event. To fill the gap, Stehley has picked Jimmy Taylor out of the high relays and placed him in the relay along with Gail Reed, Fred Sanger and Mike Mayo.

Pooch Hatter and Jimmy Wilson, who both take a crack at the high hurdles, are also standouts in the event.

The Tigers sport a pair of potential point makers in seniors Mike Morris and Bax Callaway, who are both standouts in the dashes.

Darrell Aldridge was also named to the traveling squad. He'll be trying his hand in the pole vault event.

## SMU Swim Team Nabs Early Lead

DALLAS (AP)—Southern Methodist shattered two records and took a commanding lead in the Southwest Conference swimming meet Thursday.

At the end of the first round in the three-day meet, the Mustangs had 27 points. Texas Tech was second with 4, Texas had 5 and Texas A&M 4. Rice and Baylor had not scored.

SMU swimmers bettered the 200-individual medley conference record of 2:12.0 set in 1959 by Jeff Heller of Texas three times. Dick Thiede covered the distance in 2:11.2 in one preliminary and Pat Ryan paced the next heat with 2:09.3. In the finals, Vernon Schimmler won in 2:08.2. Ryan was second and Thiede third.

Bob St. Clair, offensive tackle for the San Francisco 49ers, is the mayor of Daly City, Calif.

## Fem Cagers Vie At Austin

AUSTIN (AP)—The Sundown Roguettes and the Fannedin Falcons of Ladonia advanced to the Class A finals as the 12th annual Girls' State High School Basketball Tournament started Thursday.

The two teams will meet for the championship at 2:35 p.m. Saturday.

The Roguettes had to come from behind in the second half to squeeze by Moulton 45-44. The Falcons had less trouble in outclassing the Jourdan Indians 68-51.

Sundown now has a 30-4 season record and the Falcons are 33-1. The spotlight shifted today to Class B. Claude vs. Skidmore-Tynan are favored to meet in the finals.

Claude, a three-time winner of its division, takes a 38-3 record into the tournament. Skidmore-Tynan is appearing for the seventh year and has a 28-0 record. Avoca (31-7) led off against Wells (35-3) in Class B.

Other games today: Skidmore-Tynan vs. Callaburg of Grimesville (28-4), Claude vs. Friendswood (23-4), Salado (37-1) vs. Aspermont (30-5), all in Class B, and Tullia (23-5) vs. Deer Park (22-7) and Devine (24-3) vs. Duncanville (27-7) in Class AA.

## MVC Duo Unanimous All-Conference Picks

KANSAS CITY (AP)—Chet Walker of Bradley and James Bradley of Tulsa, who edged him out for the Missouri Valley Conference basketball scoring honors, were unanimous choices of coaches for the all-conference team announced today.

Walker, a senior from Benton Harbor, Mich., was named to one of the forward spots, while King, a junior from Fort Smith, Ark., was placed in a guard position.

## BYNUM, WALTON DELIVER BIG BLOWS

### Broncos Slip By Tigers

ODESSA—A Three-run circuit smash by outfielder Harley Fyman fell one run short here Thursday, as the Odessa Broncos trimmed Snyder's Tigers 10-9 in a non-district baseball clash.

It was the initial setback for the Bengals, who opened their season Wednesday with a 5-2 victory over Abilene Cooper.

The Broncos staged a three-run third inning rally to go ahead 4-0 before Snyder's dormant big guns began to click. Fourth inning play was highlighted by a three-run triple blasted by losing hurler Dalton Walton. Snyder rode the crest of that big inning to a 5-4 lead before Odessa came back to tie the game with six tallies in the final three frames.

The triumph was number four for the Broncos, who have yet to taste defeat.

Walton went all the way in absorbing the loss, giving up 10 safes while whiffing three, walking four and hitting one batter.

Mistakes hurt the Tiger effort considerably, with errors playing a big part in the final outcome.

Leading the Tiger hitting attack was Steve Frey, with three singles in as many trips. Bynum's homer with one out in the seventh and Walton's three-base blast in the fourth were the only extra-base hits registered by the team.

Centerfielder Benavidez unleashed the big blow for the Broncos, a three-run roundtripper in the fourth. Rightfielder Holderman powered a four-bagger for the winners,

CHURCH NEWS

CHURCH NOTES

Nazarene Church

The Rev. Hillis Herren, pastor of the Snyder Church of the Nazarene, will preach on the subject, "Our Commitment to Christ," Sunday in the worship service at 10:30 a.m. This message is in cooperation with a denominational push for 100,000 families pledging to have family altar each day during the year of 1962.

In the evangelistic service at 7:30 p.m., Rev. Herren will speak on "A Tribute to Mother." The entire evening service will be focused on motherhood. An old Yiddish proverb states, "God could not be everywhere, so he made mothers."

Sunday school begins at 9:45 with classes for every age. This will be the second Sunday in an eight-Sunday attendance drive leading up to Easter. This Sunday's theme is designated as "Complete Family Sunday." Every family with all members present will be recognized. Next Sunday is to be "Newly Married Sunday" which includes couples married three years or less.

The Nazarene Fellowship Hour is to meet at 6:30 p.m. Sunday. The weekly officers and teachers' meeting will convene Wednesday at 7 p.m. with prayer service following at 7:30 p.m.

Trinity Methodist

The Rev. David Hamblin, pastor of Trinity Methodist Church, will preach on the subject, "The Joy of Christ," at 11 a.m. service Sunday. The choir will sing the anthem, "Though Your Sins Be of Scarlet." Bill Gordon will be featured in a solo, "Speak Lord, For Thy Servant is Hearing."

Worship groups will meet at 8:30 p.m. and evening worship is set for 7 p.m. Rev. Hamblin's subject will be "My Life I Give."

The WCS will continue its study on "The Meaning of Suffering," at 9:30 a.m. Wednesday. The discussion this week will be on "Death and the Hereafter." Mrs. Dale Clemmer is the teacher.

St. John's Episcopal

Robert and Winn McAllister will serve at the altar of St. John's Episcopal Church Sunday for the celebration of Holy Communion set for 8 o'clock. On the first Sunday in Lent a special exhortation to confession is used in the service. Kindergarten and High School classes will meet as usual at 9:30 while all other classes will meet at the Church for a showing of a film-strip of the life of Christ.

At 10:30 a.m. the service will be that of Morning Prayer. Dr. Tom F. Hartley is the usher. The vicar will preach the first of a special series of Lenten sermons on "Words to the Cross" at both the morning services. Acolytes for the 10:30 a.m. service are Pat Fletcher, Phil Lammert and Tom Alexander.

There will be a final meeting of the Confirmation Classes at 3 p.m. and at 7:30 the vicar will present them to the Rt. Rev. George H. Quarterman of Amarillo for the Apostolic Rite of the Laying on of Hands. Bishop Quarterman will preach, "You, a solo, by Wayland Holt. The pastor will preach on the subject, "Five Things You Should Know," at the 6 p.m. service Sunday.

At the recent Sunday School supper the superintendents set high attendance goals for March and April, 1962.

First Baptist will be in revival, beginning Sunday, April 1-8, with services twice daily, at 10 a.m. and 7:30 p.m.

The Rev. Ellery Howard, pastor of First Baptist Church, Victoria, will preach, and Dwain Marzor, Bonham, will lead the congregational singing and sing the solos for the revival.

Union Methodist

The Rev. Roy R. Havens, pastor, will preach at 11 a.m. worship service Sunday at Union Methodist Church. Sunday School classes will meet at 10 a.m. with classes for all ages.

The Methodist Youth Fellowship will meet at 6 p.m. and the evening worship service will begin at 7 p.m. Visitors are welcome at all services.

The Woman's Society of Christian Service will meet at 2 p.m. Monday.

At 7:30 p.m. Wednesday the Wesleyan Service Guild will present Snyder High School's foreign exchange student, Isabel Saravia. The public is invited.

The mid-week prayer service will be held at 7:45 p.m. Wednesday.

Grace Lutheran

"The Temptation of Christ," will be the sermon subject of the Rev. Walter L. Lentz at the 10:45 a.m. Holy Communion service Sunday at Grace Lutheran Church. The Sunday School will begin at 9:45 a.m.

Every Saturday at 11:45 a.m. Rev. Lentz presents "Religion in the News" over KSNV. He is noted as a speaker, not only in the pulpit, but for civic functions and special sacred arrangements.

Singer for the revival will be the Rev. Billy Rudd, minister of music for East Fourth Street Baptist Church in Big Spring. He was associated with Rev. Avery in Big Spring for a time several years ago. He is a graduate of Howard Payne College in Brownwood.

Rev. Rudd served as minister of music at the Lutheran Church of Spring Church from 1949 to 1956 and then returned there to the same post after serving 4 1/2 years as pastor of Bay Avenue Baptist Church in Casper, Wyo.

Services of the revival will be held at 10 a.m. and 7:30 p.m. daily throughout next week. The public is invited to attend all services, said the Rev. O. D. Carpenter, Avenue D pastor.

First Christian

"A New Creation in Christ" will be the sermon subject of the Rev. Alan Lynch at the 10:30 a.m. service Sunday at First Christian Church. The Sunday School will begin at 9:45 a.m.

At the evening service, Rev. Lynch's subject will be "The Fellowship of His Son." At 10 a.m. Tuesday the Joy Dodson group will meet in the home of Mrs. Vida Wasson, 1308 Thirtieth Street. A luncheon will follow the meeting.

At 10:30 a.m. Tuesday, the Dorcas group will meet with Mrs. Alan Lynch at 2712 Thirty-sixth Street. Mrs. Robert von Roon will bring the lesson and Mrs. Bill McKinney will be in charge of the worship. There will be a luncheon following the meeting.

Bible study at the church is set for 7 p.m. Wednesday, and the official board will meet at 8 p.m. in the fellowship hall.

Colonial Hill Baptist

Dr. Jimmie Nelson, pastor, will be in the pulpit for both worship services Sunday at Colonial Hill Baptist Church. At the 11 a.m. service, his subject will be "The Serpent in the Wilderness," and at 7:30 p.m. he will preach on "Why Did Jesus Die?"

Sunday School will begin at 9:45 a.m. and Training Union at 6:15 p.m. A lot has been selected and plans have been drawn for Colonial Hill's cabin at the District 8 camp. The cabin will be of masonry construction, with about 1,200 square feet of floor space. It will have three rooms, including a fellowship area in the center with kitchen facilities, and with sleeping quarters on each end of the building.

About \$1,800 of the total cost of \$3,600 has been pledged to date. The Brotherhood is raising as much cash as possible and will borrow the balance. Every effort will be made to complete the cabin in time for camp season this summer.

First Baptist

The Annie Armstrong week of prayer for Home Missions will climax Sunday with an opportunity offered to all the members to give to the cause of Home Missions. First Baptist goal is \$1,500.

Rev. Walter A. Mitchell, pastor, will have as his sermon subject, "Play Safe With God," at the 11 a.m. worship service Sunday. Special music will be "So Seed I You," a solo, by Wayland Holt.

The pastor will preach on the subject, "Five Things You Should Know," at the 6 p.m. service Sunday.

At the recent Sunday School supper the superintendents set high attendance goals for March and April, 1962.

First Baptist will be in revival, beginning Sunday, April 1-8, with services twice daily, at 10 a.m. and 7:30 p.m.

The Rev. Ellery Howard, pastor of First Baptist Church, Victoria, will preach, and Dwain Marzor, Bonham, will lead the congregational singing and sing the solos for the revival.

Revival Slated At Avenue D Church

The Rev. Maple Avery, pastor of University Baptist Church in Abilene, will be the visiting evangelist at a revival meeting beginning Sunday at Avenue D Baptist Church.

Rev. Avery is well-known in West Texas, having served as pastor of churches in the area while at Hardin - Simmons University. He was pastor at Plainview, near Colorado City, Big Spring and Levelland before going to his present pastorate in Abilene.

He is noted as a speaker, not only in the pulpit, but for civic functions and special sacred arrangements. Singer for the revival will be the Rev. Billy Rudd, minister of music for East Fourth Street Baptist Church in Big Spring. He was associated with Rev. Avery in Big Spring for a time several years ago. He is a graduate of Howard Payne College in Brownwood.

Rev. Rudd served as minister of music at the Lutheran Church of Spring Church from 1949 to 1956 and then returned there to the same post after serving 4 1/2 years as pastor of Bay Avenue Baptist Church in Casper, Wyo.

Services of the revival will be held at 10 a.m. and 7:30 p.m. daily throughout next week. The public is invited to attend all services, said the Rev. O. D. Carpenter, Avenue D pastor.

Infant Is Fitted With Hearing Aid

GRAND RAPIDS, Mich. (AP)—Only five weeks old, Jimmy Bielas of Grand Rapids wears a hearing aid.

Son of Mr. and Mrs. Girard Bielas, Jimmy was born Jan. 28 with no outer ear openings. He has been fitted with a tiny aid which conducts sound vibrations through the mastoid bone to his ear nerves.

Eugene L. Walle, audiologist-director of the Hearing and Speech Center at Grand Rapids, conducted hearing tests on Jimmy. As far as is known, Walle says, no child this young has been successfully tested before. The Center is United Community Services agency.

Walle says audiologists generally have considered testing infants so young to be too difficult and inaccurate. After three tests, Walle was convinced that Jimmy's hearing never approached normal. Further tests at a later age will be required to learn the condition of the boy's inner ear, and corrective surgery may be possible before Jimmy is of school age.

Meanwhile, Walle explains, Jimmy will have the normal security and psychological warmth of hearing his mother's voice and household sounds. The hearing aid also may enable Jimmy to learn to talk sooner than he would if deaf.

Guard To Get Assignment

AUSTIN (AP)—The Texas National Guard will take over several Nike Hercules air defense batteries as soon as training programs are completed.

Gov. Price Daniel said Thursday he hoped "this is merely a first step which will eventually see state troops operating all Nike sites in Texas."

Guardsmen will man the sites with several civilian technicians. Employed by the adjutant general's department. The technicians will enter the active Army training program, Daniel said.

Most of the full-time guardsmen will be trained at Army Service schools. The courses vary from eight to 45 weeks and most will be at the Army Air Defense School at Ft. Bliss.

Rev. Roy Havens, pastor of Union Methodist Church, will be the speaker next week on the Morning Devotions radio program.

The program is presented at 9:05 a.m. daily, Monday through Friday, over KSNV. It is scheduled by the radio committee of the Snyder-Scurry County Ministerial Alliance.

The Rev. Roy Havens, pastor of Union Methodist Church, will be the speaker next week on the Morning Devotions radio program.

The program is presented at 9:05 a.m. daily, Monday through Friday, over KSNV. It is scheduled by the radio committee of the Snyder-Scurry County Ministerial Alliance.

MAPLE AVERY

Concert Set By TLC Band

The 43-piece concert band of the Salem Lutheran Church will be presented in a concert at 3 p.m. Sunday in the high school auditorium at Roscoe.

The concert will be sponsored by the Salem Lutheran Church of Roscoe. There will be no admission charge, but an offering will be taken.

The band was developed into one of the outstanding organizations of the region during the past five years under the baton of M. A. Nyquist. The program for the concert will be selected on the basis of music usually enjoyed by the public, including symphonic works, overtures, music from musical plays and special sacred arrangements. There will be specialty instrumental numbers, solos, group and concert numbers.

Dedication Service Set

HERMLEIGH—Special dedication services have been scheduled here Sunday at the Central Baptist Church.

The dedication sermon will be preached by the Rev. L. R. Stuckey, pastor, at the 11 a.m. worship service.

The event has been set to commemorate retiring of the debt for the new church building. All notes on the building have been paid off.

Policeman Rescues Girl

SAN ANTONIO, Tex. (AP)—Clad only in Bermuda shorts, off-duty policeman Ralph Lopez, 27, broke down the door of a neighbor's burning home and rescued a 3-year-old girl.

Firemen shortly child, Barbara Morin, apparently started the fire while playing with a cigarette lighter.

Her mother, Mrs. Ralph Morin, was outside hanging clothes to dry. She dashed into the house and rescued her 7-month-old baby. When she tried to return, she found she had locked the door.

Lopez broke through the door. He grabbed Barbara and hurried out handing Barbara to her mother. Lopez ran without waiting for a word of thanks.

"I was too embarrassed to be seen in the Bermuda shorts," he explained.

Threat Revealed By Austrian Editor

GRAZ, Austria (AP)—The newspaper Kleine Zeitung said Thursday it had received a telephone call threatening grave consequences unless it stopped a serialized report on the right-wing Secret Army Organization in Algeria.

An editor of the paper said the caller identified himself as acting on orders of the secret army.

\$32 Million Drive Set By Methodists

DALLAS (AP)—Texas Methodists launched a drive to raise \$32 million for their colleges and universities Thursday night and quickly received pledges for more than a fourth of the total sought in the next five years.

A \$600,000 gift from R. E. Smith, Houston oil man, was among 1,056 pledges totalling \$8,482,187. He is general chairman of the campaign.

Along with advance gift reports to the United Capital Funds for Texas Methodist Higher Education, church members heard spirited pep talks at a 2 1/2-hour dinner meeting.

Rank and file clergymen, lay leaders and educators were present from throughout the state.

The North Texas Conference, which includes Dallas, reported 378 pledges totaling \$4,432,329. The Northwest Texas Conference had \$1,261,867 in advance gifts, the Central Texas \$815,908 and Southwest Texas \$66,816.

Charles Ferguson of New York, senior editor of Reader's Digest and a former Southern Methodist leader, told the gathering: "I don't think we should have to sell education as a lead pipe cinch. Education, like everything else, is a risk."

"We should save education in it and in ourselves. A lot of Russian children are being educated, but not as Christians. Here is a risk not only to equal them but to surpass their education."

Town Hall Clock's Noise Protested

RYDE, Isle of Wight (AP)—A man sought a court order Thursday to silence the noisy booming of the town hall clock—because it keeps his mother-in-law from visiting him and his wife.

The plaintiff, Albert Bell, sued the Town Council under the local noise abatement act. He wanted the clock chimed off at night, from 10 p.m. to 7 a.m.

Bell said his mother-in-law spent the Easter weekend at his house, but was so disturbed by the hourly din from the clock he vowed never to return.

Other residents of the neighborhood, however, said they found the hourly chiming a comfort. Judge L. P. L. Firman-Edwards dismissed Bell's complaint.

New Attention Is Focused On Town Of Ephesus, Turkey

By JULES LOH Associated Press Writer Pope John XXIII's selection of Oct. 11 as opening date for the Second Vatican Council "because it links us with the memory of the great Council of Ephesus," focuses attention on one of the world's most interesting holy places.

Many believe Ephesus, Turkey, was the home of both the Virgin Mary and the "beloved disciple" John during their last years on earth.

The Council of Ephesus, to which the Pope referred, was held there in the year 431 and defined the doctrine that Mary is the mother of God. Catholics celebrate the feast of the Divine Maternity of Mary on Oct. 11.

Most Catholic spokesmen feel the Pope selected Oct. 11 mainly because it was an appropriate feast day close to the time when preparations for the council will be completed. He is expected to use feast days to announce important church decisions, merely to add to their solemnity.

But, in light of the emphasis the Second Vatican Council is placing on religious unity, many feel that linking it with the Council of Ephesus was a happy, if incidental, turn of events.

For one thing, the Council of Ephesus was one of the few early Ecumenical Councils whose decisions are accepted by Orthodox and most Protestant bodies as well as Catholics.

For another, it puts major stress on the ancient doctrine of Mary as mother of God rather than more modern Marian definitions which some Christians view as stumbling blocks to unity.

In still another vein, linking the two councils in spirit gives this year's gathering an impressive historical perspective stretching back to apostolic times. The Church of Ephesus, which still exists as a Catholic archdiocese, was one of the seven churches of the Book of Revelation. The solemn meetings of bishops held there in 431 was the church's fourth Ecumenical Council; this year's similar gathering in Rome will be the 21st.

Ephesus was one of the most important cities of New Testament times; a thriving seaport and site of the famous Temple of Diana, one of the seven wonders of the world. All that's left today

is three square miles of ruins on the eastern shore of the Aegean Sea. In 1927 archeologists discovered a tomb beneath the floor of a 6th-century Byzantine basilica which some hold to be the burial place of John the Evangelist.

Though nothing is known from Scripture or early church history about Mary's final years on earth, the tradition that she accompanied John to Ephesus after Jesus' ascension dates back to the fourth century.

Part of the reason for the belief springs from the fact that the city's ancient church, where the council was held, was called St. Mary Theotokos, mother of God. In pagan times the building had been a Greek university. Historians believe it was converted to Christian use in about 350 A.D., a period when it wasn't customary for churches to be dedicated to saints except in places where they actually lived.

The belief was revived 80 years ago when the ruins of a shrine, built on the foundation of a small three-room house, were discovered on a hilltop overlooking the Aegean. The ruins, now restored, are regarded by many as the house where Mary lived.

Each year about 50,000 pilgrims climb the hill to visit the shrine.

A DAILY VIEW From me to you

Rev. R. Charles Spivey "The Lord saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was only evil continually. And the Lord was sorry that he had made man on the earth, and it grieved him to his heart." Genesis 6: 5-6 (read chapter 6)

I saw a program on the TV recently that just about made my flesh crawl. It had to do with teenage dope addiction in New York. All a current issue of a popular magazine there is an article that points out some of the glaring blemishes on American Society; the author ended the article by stating that what is needed today is a good old-fashioned sense of SIN. I picked up a fiction book some time ago and in thumbing through the pages, my eye caught this phrase "In this modern city, it appeared that even sin was old-fashioned." That seems to be the biggest problem America faces now. No one really believes in SIN. One may do naughty things, one may not be socially adjusted, or the like, but SIN? No, never!

I think that the above scripture is one that every American ought to put to memory. "The Lord saw that the wickedness of man was great in the earth—And the Lord was sorry that he had made man." God will not long put up with the kind of society that we have fostered. Oh yes, we are still great and our science points the way to even greater things. But socially—between man and man—none of the things man has created will be able to save him from self-destruction unless he rediscovers a sense of SIN before God; And repents his evil ways; and turns to God again. Rome didn't fall in a day—but it did fall with inner corruption. Will this be America's epitaph?

Dr. Greer will deliver the sermon at 8:20 p.m., following a general assembly.

A  
MAN  
PRAYS  
RIGHT

CAN  
HE  
LIVE  
WRONG?

Only  
a TENTH

**YOU IN THE CHURCH  
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are observed with benedictions that build and influence for a better citizenship and a stronger democracy. In the church the ministerial are making real pilot character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of our time in these perilous times. That we with our children should go to the church at our choice on Sunday. "You in the church and the Church in you" — form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Williams Newspaper Printing  
P. O. Box 214, Ft. Worth, Tex.

"What shall I render unto the Lord for all His benefits?" (Psalms 116:12). Every man of earnest and serious mind must ask himself this question as he meditates on the goodness and the Grace of God toward him. We want to do what is right in our every association with God and man. The Government takes as its proper share at least twenty per cent of every man's income. **WHAT IF GOD SHOULD REACH DOWN INTO YOUR LIFE AND MINE AND TAKE WHAT REALLY BELONGS TO HIM?** How much would be left for us? Have you raised corn? Or did you and God work together in making the corn crop? And just which of you put more time and energy into the process? Have you "struck" oil? Who spent centuries creating the oil and holding it in the underground lake until you came along? Is the oil really all yours? **WHAT IS GOD'S SHARE? YOU AND GOD ARE PARTNERS IN THE OIL BUSINESS; WHAT IS HIS PORTION?**

Jesus Christ is our revelation of the generosity of God who has been the eternal Giver, enriching us with every sort of good thing. From the day of the first creation God has been at work with and for man. Each of us represents in his body and in his soul the everlasting toil of God, who truly wants to make us His children and who desires us to join Him in making an ever better world for His sons and daughters to live in. **JESUS IS OUR PATTERN OF WHAT A MAN CAN GIVE TO HELP IN THE PURPOSE OF GOD. HOW MUCH DID JESUS GIVE BACK TO GOD?**

Jewish and Christian people have agreed that we ought to give at least a tenth of our income to God and His Church for the carrying on of His redemptive program. A tenth will not necessarily discharge all our debt, but it will show a sense of deep gratitude. Everything is His, even the cattle of a thousand hills and the abundant harvest from the fields. He gives us everything which makes life abundant. Our ideal is to join in the prayer, "Take my life and let it be consecrated, Lord to Thee." Let's be good partners with God. Let us be His co-workers. **MAY WE GLADLY GIVE BACK TO HIM AT LEAST A TENTH OF WHAT HE SO FREELY GIVES US.**

This Page Is Dedicated To The Application Of Christianity In The Solution Of Human Problems—It Is Paid For By People Who Care—People Who Want Victory For God
