ROAD LOCATION FIXED ON AVENUE H

IN TEXAS' POLITICAL LIMELIGHT

LEE SATTERWHITE

BARRY MILLER

These two wheel horses of Texas politics may be opponents in the coming campaign. Name Rumor says Lee Satterwhite, former speaker of the house, will run for lieutenant-governor, opposing the present incumbent, Barry Miller. Satterwhite has already announced he will not run for the legislature again.

ONE HELD FOR NEILSON GETS BIG SERIES OF WOMANS BLAME CAPITAL FIRES AFTER MURDER

FIREMEN KEPT BUSY ALL NIGHT AND CITY IN BIG HUB-BUB

(By Associated Press) WASHINGTON, Jan. 17.—Five extra-alarm fires, interspersed with several minor ones and a few false ones, threw the national capital into a state of turmoil last night and early today and led the police to believe fire bugs were at work in the national capital.

The blazes, the first of which began shortly before midnight, continued until after 9 o'clock this morning, bringing apparatus from many nearby Virginia and Maryland cities and towns to aid an exhausted Washington crew and starting a wide search for suspects believed to have deliberately set fire to the places and to have turned in false alarms to divert the fire fighters.

The first man taken in the hunt was a temporary psychopathic patient at Walter Reed hospital. He gave the name of John Jacob Fisher, 29 years old. On his person was found a fire badge of the town of Fallsburgh, New York. He was held for investigation.

An inspection of the burned areas showed that the fires had done several hundred thousand damage. Four minor fires broke out after nine o'clock this morning, including one at the Buchanan ignition, where a blind was burned, but resulted in no great loss.

Police later said that Fisher admitted visiting several of the fires, but said he was "just a spectator." He was turned over to the district attorney's office for further questioning.

Fisher was arrested after three men said they observed him acting suspiciously at a fire box in the Eckington section where a grain elevator was burned at Fourth and Q streets, northwest.

Other fires were at the Woolworth store on Pennsylvania avenue between Ninth and Tenth streets, a number of produce stores near Center Market a little more than a block away. A grain store on H street near the union station viaduct and a lumber yard at

John A. Davis Dies At Home Here Today

John D. Davis, 72, died at his home, 1922 Avenue M, about 9 o'clock this morning.

He is survived only by a daughter, Miss Mary E. Davis, of this city. Mr. Davis was a member of the Oddfellows lodge and the Cumberland Presbyterian church. Funeral services will be held at the Cumberland Presbyterian church this afternoon at 6 o'clock with Rev. O. N. Bancroft, pastor, in charge. Tonight, the body will be sent by the Powell undertaking company to Stephenville, Arkansas, where burial will be made.

SAYS MAN CONFESSED SLAYING WIFE AND CREMATING BODY

(By Associated Press) CHATTANOOGA, Tenn., Jan. 17.—A new angle was thrown on the Neilson case in police court today with the startling confession of Mrs. Frances Williams, friend of Harry C. Neilson, that the veteran railroad conductor came to her in their secret "love nest" on a midnight last March and admitted slaying his elderly wife, Kate Neilson, and cremating her body in the furnace after he had chopped it into small pieces.

Neilson was being arraigned for murder and perjury.

Woman Only Witness Mrs. Williams was the only witness called. "He came to my apartment one night about 12 o'clock," she said, "and knocked on the door. I let him in. He seemed excited and nervous. I asked him what was the matter and he wouldn't tell me. He was dirty and sweat was pouring down his face. He went to the bathroom and stayed there a long time. When he came out I asked him what was the matter again and he wouldn't say. I kept begging him and putting wet towels on his head and finally he told me."

Both defendants were held to the grand jury.

Scout Training Program Tonight

Special demonstrations in rope making and knot tying will feature the second program of the Scout Leadership Training school which will be held at the First Presbyterian church tonight, it was announced from scout headquarters today. The exhibits will consist of ropes and knots, of which a study will be made by the men.

About 75 men are expected to be present at the meeting as several new men enrolled during the past week. S. A. Henry was awarded the prize for recruiting the most men for the school, officials have announced.

New High Price For Prime Steers Paid

KANSAS CITY, Jan. 17.—A definite return of prosperity for cattle breeders was seen by commission men here in the new high price paid for prime steers on the Kansas City market yesterday.

Eighty-six head of choice steers, averaging 1,401 pounds, and owned by William I. Masche, banker and cattleman of Saffordville, Kas., were sold for \$1825 a hundred pounds. The price was the highest ever paid in Kansas City except during the war, said W. E. Gillespie of the Gillespie-Jones Livestock Commission company, who made the sale.

TAX BILL DELAY VOTED

DISCUSSION IS POSTPONED TO LATE IN MARCH

DEMOCRATS COUNTER WITH PROMISE OF LATER FIGHT

WASHINGTON, Jan. 17.—The Senate Finance Committee voted today to sidetrack the \$290,000,000 tax reduction bill until after March 15.

An effort by Senator Simmons of North Carolina, ranking democrat on the committee, to obtain immediate consideration of the measure was defeated by a strict party vote, 11 to 9, with the republicans sticking with the postponement program.

Informing by Chairman Smoot that the Republicans intended to delay consideration of the tax bill until after March 15 when first tax returns of the year are due, Senator Simmons declared "you will hear from us on this later."

Democratic members of the committee were called for an early conference at which the North Carolina senator expects to map out a plan for carrying his fight to the floor for early consideration of the tax bill.

Senator Smoot expressed confidence after the meeting that the Republican majority will stick together on the floor for delay of the bill which has far exceeded the limitation on tax reduction proposed by the administration.

Charges made in the house that Secretary Mellon is deliberately holding back action on the tax bill brought an answer today by Representative Treadway, Republican, Massachusetts, who asserted Representative Garner, Democrat, Texas, had deliberately misstatements in his contention that the bill was being delayed because present provisions applying to the corporation tax were detrimental to the Mellon financial interests.

Senate Tariff Bill Tabled In House

WASHINGTON, Jan. 17.—By a vote of 183 to 164, the house today tabled a senate resolution proposing a downward revision of the tariff.

This action, taken at the instance of Representative Tilson of Connecticut, Republican leader of the house, has the effect of virtually killing the measure, inasmuch as a vote to reconsider would be necessary to take it from the table. Members of the western Republican independent group have made it clear, however, that some move against the tariff was to be expected in the house at this session.

Representative Garrett of Tennessee, Democratic floor leader, vigorously opposed today's action. The resolution approved yesterday by a coalition of senate Democrats and Republican independents was transmitted to the house as an expression of senate sentiment. The house alone has authority to initiate tariff legislation.

Kempner Is Named As Exchange Head

GALVESTON, Jan. 17.—I. H. Kempner is the new president of the Galveston Cotton Exchange Board of Trade succeeding K. Tidemann, who held the office for the last four years.

Senator Narrowly Averts Ship Crash

AUSTIN, Jan. 17.—An airplane carrying State Senator Eugene Miller of Parker county and pilot by Lieut. Bill Erwin of Houston went into a 1,000-foot tail spin as it started to land at the airport here late Monday.

MAN CONVICTED IN GIRL'S DEATH AWAITS MOTHER

(By Associated Press) INDEPENDENCE, Kan., Jan. 17.—Ray Moody, 30, Bentonville, Ark., awaiting in the county jail today the arrival of his mother, Mrs. T. A. Moody, from Bentonville, before being taken to the state penitentiary to begin serving his sentence in connection with the death of Miss Vona Kenny, 18, Cherryville, Kansas.

Moody was convicted yesterday of fourth degree manslaughter and was sentenced to not more than two years at hard labor. The state charged Moody caused the girl's death by administration of liquor, assault with hands and feet, attempted criminal assault and exposure to the elements. Moody denied the assault charges, but admitted giving her liquor, which Judge J. W. Holdren told him was alone responsible for the death.

Moody was repentant and told Judge Holdren he did not blame him for the sentence.

MANY THEATRE MEN MEET FOR SESSION HERE

PLEDGE IS MADE FOR BEST FILMS TO BE OFFERED PUBLIC

Pledging themselves for greater work in their industry and to supply their patrons with the best possible films, approximately 40 theatre men of the northwest Texas district are in Lubbock today for a region meeting of the Motion Picture Theatre Owners of Texas association. Discussion of the various problems confronting them and plans for a greater motion picture territory for West Texas will comprise the meetings this afternoon.

Guests of C. C. C. At noon today, the men were guests of the Lubbock Chamber of Commerce at a banquet at the Lubbock hotel. Col. H. A. Cole of Marshall, president of the association, acted as toastmaster. Pink L. Parrish, mayor of Lubbock, welcomed the men to the city and paid a tribute to their work, pointing out that it was one of the greatest factors in molding the minds of the youth of today. He was followed

Two Serious Fire Hazards Found Here

State Fire Marshal Lee D. Olive has discovered two serious fire hazards in the city of Lubbock, Fire Chief W. E. Twitty said this morning.

They are faulty electrical work and the incorrect use of gas connections. Numerous cases were discovered in the business district where firms were using gas stoves which are connected with the main line by rubber tubing. This is not permissible in the business district. Rubber tubing may be used for gas in the residences provided there are no pet rocks next to the stove, Chief Twitty said.

Ships Delayed By Heavy Fog Banks

PORT ARTHUR, Jan. 17.—Sixteen incoming vessels were lying at anchor off Sabine bar early today awaiting the lifting of one of the thickest fogs of the season. Activity in the harbor has been seriously hampered by unusually heavy fogs for three days.

Two Miners Dead

JENNY LIND, Ark., Jan. 17.—Rescue crews who worked throughout the night in mine No. 18 of the Western Coal and Mining company, in which an explosion occurred last night, today reached the two men trapped by the blast and found both dead. The men, Nathan Thomas and Ben Goff, both of South Fort Smith, had been dead several hours, apparently the victims of the blast.

Amartillo and points to the north only had a light fall. Amartillo only reported cloudy weather with a slight rain. Plainview's rain was also light.

EPISCOPALIANS VOTE TO HOLD '29 MEET HERE

DISTRICT CONVOCATION FOR 80 COUNTIES TO COME TO LUBBOCK

ABILENE, Jan. 17.—Lubbock will be the scene of the 1929 convocation of the Protestant Episcopal church, of the missionary district of North Texas.

That was the decision reached here today by delegates to the 1928 session, which has been going on in Abilene since Sunday. The vote was called this morning and the present convocation was scheduled to be over this afternoon.

Delegates from Lubbock, who were successful in securing the 1929 meeting for their home city, included Rev. Luther G. H. Williams, rector of St. Paul's on-the-Plains church at Lubbock; Mrs. Luther G. H. Williams, Mrs. R. E. Strickland, Mrs. Mary W. Doak, dean of women at Texas Technological college; Miss Frances Hoyt Ford, county librarian at Lubbock; Wallace W. Rix, Mrs. Wallace W. Rix, and Miss Ruth Rix.

Eighty north and west Texas counties make up the district and considerably more than 100 delegates are expected to attend the session at Lubbock. The district includes the entire Panhandle, bordered on the west by New Mexico and on the north and east by Oklahoma; and extends through the Plains area down to the Pecos river. It includes three parishes, 16 organized missions, 16 preaching stations and covers an area of 16,000 square miles, making it one of the largest church districts in the world.

Bishop E. Cecil Seaman, of Amarillo, is the director of the district. The 1928 convocation held here has been highly successful.

Moody Maintains Silence On Boom

AUSTIN, Jan. 17.—Governor Dan Moody still was silent today concerning the increasing boom for him as vice-presidential candidate of the democratic party, but he again had some on record as an active supporter of prohibition laws, which, he alleged, the republican party has failed to uphold.

In an 800 word statement issued late Monday, the Governor ignored reports that he was a possible candidate for a post as running mate with Al Smith, and severely criticized the republican party's tariff policies, and alleged corruption in national offices.

Three Burned

NEW ORLEANS, Jan. 17.—One man was fatally burned and two others were in a serious condition today as the result of being dumped into a pit of fire by a revolving kiln which turned over suddenly last night in a local cement plant. Edward Simonsaux, 19, died at a local hospital from burns about the body and head.

Open Diplomacy

HAVANA, Cuba, Jan. 17.—Open diplomacy and full publicity were assured today as the key notes of the sixth Pan-American congress in a preliminary organization meeting attended by the chairmen of all delegations.

Ships Delayed By Heavy Fog Banks

PORT ARTHUR, Jan. 17.—Sixteen incoming vessels were lying at anchor off Sabine bar early today awaiting the lifting of one of the thickest fogs of the season. Activity in the harbor has been seriously hampered by unusually heavy fogs for three days.

Light Rains General Over South Plains With Quarter Inch Shown Here; Fall Is Of Great Benefit

Yesterday's low hanging clouds carried out their threats over the South Plains last night and this morning, leaving a general precipitation of from .10 to .25 inches over the section, according to reports from the various towns and from bus drivers coming into the city this morning.

AUTO TAX EDICT IS LEGAL, LOCAL ATTORNEYS FIND

Better pay that auto tax and put those 1928 license plates on the old bus by January 20.

If you don't you're liable to be arrested and fined, State Highway Engineer R. A. Thompson has ordered highway employes to begin arresting tardy auto tax payers after Friday, January 20, instead of after January 31 as has been the usual custom, and according to Lubbock lawyers they can make it stick if they so desire.

So, to be on the safe side, better attend to that little matter tomorrow.

District Attorney Durwood H. Bradley and Owen W. McWhorter, former Lubbock county attorney when interviewed by the Journal today, agreed that an arrest growing out of a motorist's failure to have new license plates on front and rear of his car after 12-01 a. m. on any January 1st would be legal.

Hence state authorities, if they so decree can make the deadline for tardy plate buyers at any time after the opening of any new year.

So while the custom has always been in Texas to give auto owners a full month to pay their tax and attach the plates, the custom can be changed in full legality.

The consensus of opinion in Lubbock seems to be that Thompson's order was merely given to scare car owners into activity in tax paying but you never can tell.

Which makes this another one of those situations where "an ounce of prevention is worth a pound of cure."

LATE BULLETINS

Marrs Sustained

AUSTIN, Jan. 17.—The state board of education unanimously sustained the state school Supt. S. M. N. Marrs Tuesday in his decision upholding the discharge of Principal B. W. Edwards of the Winnboro independent school district, center of a bitter factional fight.

W. E. Nabors, former state railroad commissioner, counsel for Edwards, plans to appeal to the courts, to enforce the latter's contract for the remainder of the school year.

Other Awards Are Made By Commission

AUSTIN, Jan. 17.—The highway commission began the second day of its session today by opening bids for road improvement in eight counties.

Strange Illness Is Located In Dallas

DALLAS, Jan. 17.—A case of tularemia, sometimes called "rabbit fever" or "deer fly fever" of which only sixteen others are reported in medical annals of the United States, was found in Dallas today by Dr. M. M. Carrick, director of public health.

To Test Tradition Of West Texas

FORT WORTH, Jan. 17.—The West Texas tradition that a Horned Frog can live 100 years without food or water soon will be exploded or substantiated.

STATE HIGHWAY COMMISSION TAKES FINAL ACTION ENDING CONTROVERSY ON LOCATION

The State Highway Commission, in session at Austin, has fixed the designation of state highway number 53 between this city and Idalou to enter Lubbock by way of highway number 9, and Avenue H, closing at least temporarily the controversy that has been waged over the route location for several months, according to information received by The Journal today from Claude D. Teer, secretary of the commission in a special dispatch.

The decision was reached, Mr. Teer said, upon recommendation to the commission by "the engineer." No definite information is given as to identity of the engineer, but it is presumed here that the dispatch has reference to R. A. Thompson, state highway engineer, who has been in close touch with the situation. The action by the commission is termed by Mr. Teer as final.

The decision came, Mr. Teer said, as a result of a request filed with the Commission by County Judge Chas. Nordyke, who, with County Commissioner W. L. Brashear, was in Austin for the hearing. The decision was reached late Monday night.

MOODY VIEWED AS AVAILABLE IN STATEMENT

(Special To The Avalanche) AUSTIN, Jan. 17.—Governor Dan Moody's pronouncement upon politics, endorsing prohibition with a high moral sanctity and lambasting republicans for their alleged political sins was being translated here Tuesday by volunteer analysts, into a tacit admission of his availability, if wanted, for some national office, presumably vice president.

Can't Sidestep Issue The governor, however, made no such intimation himself in Monday night's statement. He merely told the democrats that he does not think they can well "soft pedal or sidestep" prohibition and held it "appropriate" for the democratic party to rebuke the republican leaders for their failure to enforce the law.

He further saw in the "record of some of their (republican) leaders in election fraud and corruption of the ballot" a situation that "will repel good men and women everywhere and bring them to the ranks of the democratic party. Likewise, the tendency toward a building up of monopolies under the republican administration," as he sees it, has brought friends to the democratic principle.

He thinks the different points of view represented in the vote choosing Houston for the national democratic convention, discounts attempts to read political significance into that move.

No Definite Move Seen The governor is not expected here to intimate before the convention what he intends to do. Those following the situation point out that his latest pronouncement is one of a non-committal, "take it or leave it" character, insofar as it concerns his personal intentions.

The governor came out strong for prohibition as a public virtue. "There might have been a time," he said, "when people considered it proper to have a saloon on every corner, but an aroused and awakened public conscience and a sense of public morals has outlawed such a thing."

Other Awards Are Made By Commission

AUSTIN, Jan. 17.—The highway commission began the second day of its session today by opening bids for road improvement in eight counties.

Dozens of county delegations seeking aid, unheard yesterday, were waiting for opportunity to press their requests.

Two Miners Dead

JENNY LIND, Ark., Jan. 17.—Rescue crews who worked throughout the night in mine No. 18 of the Western Coal and Mining company, in which an explosion occurred last night, today reached the two men trapped by the blast and found both dead. The men, Nathan Thomas and Ben Goff, both of South Fort Smith, had been dead several hours, apparently the victims of the blast.

Strange Illness Is Located In Dallas

DALLAS, Jan. 17.—A case of tularemia, sometimes called "rabbit fever" or "deer fly fever" of which only sixteen others are reported in medical annals of the United States, was found in Dallas today by Dr. M. M. Carrick, director of public health.

KEY WEST, Fla., Jan. 17.—President Coolidge landed on his Havana cruise, on the cruiser Memphis. The ship docked at 1:50 P. M.

### BRIDGE PARTY

Mrs. John Arnett entertained with six tables of bridge last Saturday afternoon. Delicious refreshments of sandwiches, cold chicken salad, peas, salad, potatoes pie topped with whipped cream, and coffee were served to the following: Mesdames F. G. Sadler, J. M. Stokes, W. O. Stockton, K. F. Albright, J. W. Porcher, Jr., T. Wade Potts, M. Brittain, C. E. Ellis, W. G. Street, Lena Howard, J. C. Hillburn, A. P. Duggan, S. J. Farquhar, P. W. Walker, B. L. Cogdill, H. W. Wiseman, E. S. Rowe, Joe Perkins, Frances Lee Tolbert, A. C. Chesher, Billie Harris and R. A. Davis, Mesdames Virginia Cullum and P. Hardy and the hostess, Mrs. John Arnett.

Mrs. A. C. Chesher won high score and received a beautiful luncheon set. Mrs. C. E. Ellis won low score and received a set of Mederra napkins. At each table cards were cut and high card won a pretty set of cards.

### E. S. ROWE, JR. ENTERTAINS

E. S. Rowe, Jr. celebrated his 15th birthday party Saturday night by having a few of his friends at his home. Games of all kinds were played until a late hour, then refreshments of pineapple whip, lady fingers and hot chocolate were served. Those enjoying the good time were Mesdames Edna Mae Connell, Norma Lee Gartin, Mrs. Strain and Katie Ratliff; Messrs. J. R. Fagan, Jack Brannon, W. B. Phillips, Clarence Bruce and Norfleet Gillette and the host, E. S. Rowe, Jr.

### BASKET BALL GAMES FRIDAY AND SATURDAY

Friday afternoon the Littlefield high school boys team went to Sulphur and played ball. They were defeated in this game 10-2 on an outdoor court.

Friday night Anton high teams, both boys and girls, came to Littlefield and played. The girls score was 25-15 in favor of Littlefield. The boys score being 16-7 in favor of the Littlefield boys.

Saturday night both boys and girls of the Sudan high school came to Littlefield. The girls score was 34-14 while the boys score was 18-10 in favor of Littlefield. Littlefield will play Muleshoe next Friday at Muleshoe. The players on the girls team is composed of Misses Josephine Glenn and Fern Thornton, guards; Maxine Courtney and Hazel McGovern, centers; Pauline Courtney and Maxine Cooper, forwards. On the boys team are Witty Davenport, center; Emil Timon and Harry White, guards; William Lowmore and Walter Gray, forwards.

### PERSONALS

Mrs. Elmer Loyd returned to her home in Sudan after spending the week here with friend and relatives.

Mrs. J. R. Wales and W. M. Etter went to Lubbock Sunday and were accompanied home by Mrs. Etter's daughter, who has been in the Lubbock sanitarium.

Miss Gladys Wales returned to her school in Whitharrell Sunday evening after spending the week end with her parents, Mr. and Mrs. J. R. Wales.

Mrs. J. M. Stokes is in Lubbock on business today.

Mr. and Mrs. Walter Badger, Mr. and Mrs. S. J. Farquhar were in Levelland Sunday.

Mrs. Pat Boone and Mrs. Beatie Bass visited the Eastern Star chapters in Lockney and Hale Center Friday and Saturday nights. Mrs. Boone is the assistant deputy grand matron of this district.

Mr. and Mrs. Harry Miller of Lubbock spent Sunday here the guests of Mr. and Mrs. J. W. Porcher, Jr.

Mrs. Billie Harris is in Lubbock this week.

## RALLS NEWS

By MRS. G. H. NELSON

Jim Bifle, construction manager of the Ralls Municipal auditorium, spent the week-end with his family in Lubbock.

Rev. and Mrs. J. M. Hale are entertaining a new son, born Thursday evening, January 12.

Judge and Mrs. E. A. Watson and son, Morris, and little grandson of Crockett, were Sunday callers at the G. H. Nelson home.

Incubators have been installed in the new Ralls Hatchery, and the manager, Lee Humphreys, will move his family from Anson to this city during this week.

Superintendent Sanders, Coach Freddie Lovern and Editor A. C. Hyatt took fifteen members of the Ralls Jackrabbits basketball team to Colorado for a series of two games with the Colorado Wolves on Friday and Saturday of this past week. The Jackrabbits won the game Friday by a score of 41 to 21 and lost Saturday nights by a score of 15 to 14.

Messrs. Rankin, Reed Nelson, Baer, and Bryan, motored from Ralls to Colorado Saturday evening to witness the ball game between the two towns high school teams.

Mr. and Mrs. W. F. Taylor and son, Wayland, together with B. G. Hackney and A. J. Cowley, were visitors in Spur Sunday afternoon.

The Reapers class of the Baptist Sunday school were entertained Friday night in the home of their teacher, A. B. Sanders. Thirty members of the class were present.

Mrs. William J. Miller returned last night from Belton where she has been visiting her parents, Mr. and Mrs. C. R. Ray since before Christmas.

## Mrs. E. M. Smith Is Leader Of W. M. S. Bible Lesson

Mrs. E. M. Smith led the devotional lesson Monday afternoon when the First Methodist W. M. S. met at the church and was assisted in her lesson presentation by Mesdames W. W. Royalty, O. H. Cline, E. W. Camp, R. C. Odum, J. E. Crawford, and D. B. Doak.

The society was divided into four units last week and announcements were made yesterday for the first divisional meetings next week, the schedule being as follows: Circle 1, Mrs. R. T. Campbell; Circle 2, Mrs. W. C. Rylander; Circle 3, Mrs. R. I. Tubbs; Circle 4, Mrs. G. C. Wolf.

At the society yesterday the first unit was represented by eight members, the second by 11 women, the third by 12 members and the fourth by eight members.

Women attending yesterday were Mesdames A. W. Evans, W. C. Rylander, Park Parrish, A. E. Brown, R. F. Dunn, W. D. Lawson, D. B. Doak, A. G. Odum, C. E. Lowe, J. E. Crawford, R. C. Odum, W. J. Royalty, W. A. Dykes, D. N. Stallmaker, H. W. Brown, Frank M. Pratt, W. S. Posey, J. C. Hargrave, E. W. Camp, E. M. Smith, G. R. Bean, C. B. Powell, S. Pierce Wilson, C. Y. Partain, Maggie Hussey, Joe Hess, H. W. Stanton, R. T. Campbell, J. T. Hill, John Dalrymple, G. P. J. Stephens, E. B. Harris, Harry Hall, Emory Butler, George Smallwood, J. A. Hood, and J. P. Edgar.

Missionary Lesson In Baptist W. M. S. Yesterday

A missionary lesson on "The Guiding Light" was conducted yesterday afternoon by Circle 4 of the First Baptist W. M. S. when a general meeting of the society was held at the church.

Sixteen women had made calls during the morning and remained at the church for lunch with others coming in at 2 o'clock for the missionary program. Mrs. George Moore, circle chairman, was leader of the program. Mrs. L. J. Akers led the devotional and talks were made by Mesdames Eric Studeman, H. G. Brock, Minnie Pullen and John Weaks. Mrs. George Duval gave a reading.

Mmes. Hunt and Ed O'Sullivan Are Hostesses

Mrs. Earl Hunt and Mrs. Ed O'Sullivan were hostesses to the First Methodist Sunday school class, of which Mrs. A. W. Evans is teacher, Monday evening at Mrs. Hunt's studio, 1908 13th Street.

This was a business and social session. Nineteen women attended and were served refreshments at the close of the evening. The class discussed a pledge that is to be made to a new educational building for the church and decided that when one is absent from the Sunday meetings, a call will be made by some member of the class.

## Life's Niceties HINTS ON ETIQUET

1. If a personable man guest arrives in town, is it permissible to ask for a ball invitation for him?

2. Is it permissible for a woman guest?

3. What should you do about it?

The Answers

1. Yes.

2. Not unless you secure an escort for him.

3. Call your hostess up about her and consult her about any escort you are considering.

## Miss Inez Hensley Is President Of First Baptist Class

Officers were elected in the Daughters of Ruth class of the First Baptist church Monday afternoon when members met at the home of Mrs. S. A. Henry, 1501 13th street. Miss Inez Hensley was elected president. Others officers were named as follows: First vice president, Miss Lesley Bullock; second vice president, Miss Mary Lois Gamel; third vice president, Miss Mary Cosby; secretary, Miss Marjorie Drake; assistant secretary, Miss Blaine Henry; treasurer, Miss Cecile Horne; reporter, Miss Leola Burdett.

## AAUW Benefit Party At Hotel Lubbock On Saturday

A bridge and forty-two party at Hotel Lubbock Saturday to be for the benefit of the Tech scholarship fund of A. A. U. W. and plans are being made for fifty tables. The afternoon party is to be at 2:30 o'clock and the evening party at 8 o'clock.

Mrs. N. L. Peters is chairman of the general arrangements committee and is assisted by Mesdames, A. H. Leidigh, Fred Sparks, J. H. Murdough and Clyde Elkins. Mrs. Mary W. Doak is chairman of the ticket sales committee and Mrs. Vaughn E. Wilson is at the head of the refreshment committee. The scholarship fund is to be used to assist a Lubbock young woman to attend Tech.

## That Baby You've Longed For

Mrs. Burton Advises Women on Motherhood and Companionship

"For several years I was denied the blessing of motherhood," writes Mrs. Margaret Burton of Kansas City. "I was terribly nervous and subject to periods of terrible suffering and melancholia. Now I am the proud mother of a beautiful little daughter and a true companion and inspiration to my husband. I believe hundreds of other women would like to know the secret of my happiness, and I will gladly reveal it to any married woman who will write me. Mrs. Burton offers her advice entirely without charge. She has nothing to sell. Letters should be addressed to Mrs. Margaret Burton, 2547 Massachusetts, Kansas City, Mo. Correspondence will be strictly confidential.

## Miss H. Robertson Is New President Of C. E. Union

Young people of the First Presbyterian church presented a program and those from the Cumberland Presbyterian church furnished refreshments and entertainment last evening when the latter church was hostess to the City Christian Endeavor Union. Those from the First Christian church were guests.

Officers were elected at this meeting. Miss Helen Robertson, First Christian church, is president; Hubert Hopper, First Presbyterian church, is vice-president; Miss Inez McClellan, Cumberland Presbyterian church, is secretary-treasurer.

The program consisted of a reading by Miss Mary Beth Sheely; saxophone duet by Misses Corinne Overstreet and Mary Frances Gale, accompanied by Miss Opal McClellan; numbers by Misses Mary Meador and Margaret Stone, violinists, and Miss Ruth Leforge, pianist. This program was under the direction of Harold Gordon.

There were fifty-two present and at the close of the program the group was served pop corn balls by C. E. members in the hostess church.

## M. E. Witt Addresses High School Clubs

M. E. Witt, teacher of chemistry in the high school addressed the Mary Emma Home Economics club and the Pre-Medical Society of the high school yesterday afternoon on "The Relation of Home Economics and Chemistry." This was a regular meeting of the Home Economics club.

Enlisted men of the United States army have collected \$3,748,968.19 interest on savings in the last 55 years.

The provinces of Alsace and Lorraine were returned to France by the peace treaty following the World War.

The United States produces about one-half of the entire world supply of iron and steel.

## Y. W. A. Meets With Sponsor, Mrs. Lawrence

Miss Frances Stahl, president, was in charge of a business meeting of the First Baptist Y. W. A. last evening with Mrs. W. M. Lawrence.

## Ladies Aid Featuring Social Service This Year

Planning to feature social service work during the coming year, plans were made to maintain a linen chest for the benefit of poor people who are ill yesterday afternoon when the Ladies Aid society of the First Christian church met for the first time since new officers were named.

Mrs. W. C. Simpson is chairman of social service work. Another thing discussed yesterday was the placing of Aid finances on the "calendar" plan with each circle being responsible for collecting money for certain periods during the 12 months. Mrs. L. W. Squires led the devotional.

There was a regular routine of reports made. Mrs. J. O. Jones, new president, was in charge of this meeting.

## Couple Is Married By Reverend Jennings Last Evening

J. J. Schenberg and Miss Lois Dunlap were married at 8:30 o'clock last evening by the Rev. Walter P. Jennings, pastor of the First Christian church, at his home, 1016 17th Street, and will live on Avenue J. The couple was accompanied by a few friends.

## STOPS FALLING HAIR

Lucky Tiger knocks dandruff and scalp irritations by using germicidal and restorative hair lotion which stops hair from falling out. At Barber's, Beauty Salons, and Drug Stores.

## PHONING 373

—brings to your door every day, sweet, pure Bell Grade "A" Pasturized Milk.

## MERCHANTS PLAN FOR BIG CROWD DURING INSTITUTE

A committee from the Lubbock Retail Merchants Association will start out tomorrow morning to sell the merchants on the Merchants Institute which will be held here next week, it was decided at a meeting of the directors this morning.

The committee will not only attempt to solicit financial aid for the school but man-power as well, emphasizing the importance of the attendance of every salesperson and business man of the city. Each firm will pay a pro-rata part of the expense of the school which, officials point out, will come back to them ten fold in instructions on better business ideas.

Pryor Irvin, nationally recognized retail authority, will deliver the lectures of the school.

Truman Teel, Tech student from Vernon, is seriously ill in the Lubbock sanitarium.

## THE RIGHT WAY TO BANISH FAT

Combust a cause which modern research has discovered. Turn food into fuel and energy, rather than into fat. Supply a natural element which your system lacks. That is the method embodied in Marmol prescription tablets.

People have used Marmol for 29 years—millions of boxes of it. They have told others the results. Now, in almost every circle, you can see the results in new beauty and new vim. Why not learn the way to attain them?

A book in each box of Marmol tells you the formula, also the reasons for its success. You will know why the effects come and why they are beneficial. Go ask your druggist—in fairness to yourself—for \$1 box of Marmol.

## Bell Grade 'A' Pasteurized Milk

—has the unqualified approval of the most noted health experts. Could any recommendation be stronger?

# BROWNS TO PRESENT ALMOST UNTRIED YOUTHFUL COMBINATION

## ALL VETERANS ARE REPLACED FOR FLAG RACE

### SISLER, WILLIAMS, RICE VANGILDER AND MORE ARE SENT AWAY

(By Associated Press) ST. LOUIS, Jan. 17.—Remodeled and rejuvenated by replacements, the St. Louis Browns of the American league, under the guiding hand of Manager Dan Howley, will enter the race this season an untried and unknown quantity in the junior circuit.

Gone from the ranks is George Sisler, 1926 manager and star first baseman. Gone are Williams, Gaston H. Rice, Vangilder and several other veterans who last season performed in the spangles of the Browns. In their places will be untried youngsters, many of them new to the majors.

### Replacing Sisler Is Task

The task of replacing Sisler at first base at present stands between Lu Blue, obtained in a trade with Detroit, and Guy Sturdy, a heavy hitter from Tulsa of the Western league. Otis Brannon and Oscar Melillo will try for the keystone assignment, while Ralph Kress and Walter Gerber, the latter the only veteran infielder back, are scheduled to patrol shortstop. Frank O'Rourke will be pressed hard by Billy Mullen for the opportunity to hold down the hot corner at third.

At present Heinie Manush, Earl McNeely and Fritz Schulte are the only outfielders on the roster, but the addition of another before spring training season rolls around is expected. Sturdy, should he be crowded off of first by Blue, is a likely candidate for the outer garden.

### Receiving End Strong

The team should be strong behind the bat with three good receivers on the list. Steve O'Neill, Walter Schang and Clyde Manion grace the list of backstops.

With determined youth on which to build his hurling staff for the most part, Manager Howley faces his biggest problem in grooming moundsmen to foil the opposition. Herein, close observers insist, lies the answer to the question of whether the Browns will be able to elevate themselves from their lowly position of 1927—one step out of the cellar.

Walter Beck, Win Ballou, George Blaholder, Richard Coffman, Alvin Crowder, Chester Falk, Sam Gray, Ernie Nevers, Walter Stewart, Jack Ogden and James Wright are on the list. Gray is the only member of the club who ever made good as a major league hurler.

There is promise in the new blood however, with Ogden, recently obtained from Baltimore, declared one of the greatest finds of the year.

Brain-workers lose more sugar from their blood than do manual workers, according to recent experiments in Czech-Slovakia.

One-fifth of the United States is covered by forests.

## NEED MIDDLE DISTANCE RUNNERS FOR OLYMPICS

## TWO GAMES TO MARK OPENING OF CAGE LOOP

### INITIAL CONTESTS OF CITY LEAGUE TO BE PLAYED TONIGHT

Ushering in Lubbock's first city league basketball contest, the Wholesalers will meet the Teachers in a game at the high school gym tonight at 7:30 while the Produce quintet clash with the Super-Main Service Station immediately after.

### Season Tickets

Season tickets for the league games will be sold for \$1 each which will place the price of each game a little less than three cents. The members of the league will sell the tickets.

Following the opening games tonight, teams from the Avalanche-Journal, Hemphill-Price, 131st Field Artillery, Wholesalers, Teachers, Producers, Bankers, and Main-Super Service Station will engage in contests.

### PAAVO NURMI, RUNNING HIS FIRST RACE IN THE 1920 ANTWERP OLYMPIC GAMES—THAT STARTED HIM TO FAME

BY HENRY FARRELL  
NEA Service Sports Writer  
Feeling fairly well set for the sprint races with such stars as Paaddock, Borah, Locke, Bowman, Hussey and McAllister, the American Olympic Committee is setting its glasses on the indoor tracks, scouting for good middle-distance talent.

Since time too humiliating to recall, the United States has failed to win a race of more than 200 meters, in the Olympic games and in 1924 the sacred ground was trespassed when Harold Abrahams of England won the 100-meter race from a flock of the best sprinters that ever represented America.

For years Lawson Robertson, head coach of the American team, has been praying for youngsters to go in for the quarter mile, the half and the mile, but only a few have had the tenacity to stick to it and the field from which to pick the 1928 runners necessarily will be smaller.

Three of the best of the American flock—Lloyd Hahn, Billy Cox and Blonny Romig—are now in training for the indoor season and will continue through for the outdoor trials.

Hahn, recently resumed training after a long rest and Romig a few days ago put on his tog, and won a cross-country race near Philadelphia. Cox, a student in Penn State College, has been in almost continuous training.

Hahn, because of the many races he won last year indoors and the records he set, is considered to be the best chance for American points in Amsterdam. His victory over Edwin Wide, the Swedish star, should be discounted, however, because none of the foreign runners know much about the wooden track.

Bill Cox, however, may be the leader of the American squad. He is one of the greatest cross-country athletes developed in years, having won the national intercollegiate championship two years in succession and twice evading a bout with Keeley remained unsolved after the Basque decisively whipped the Bostonian at the New Broadway arena in Brooklyn. About 5,000 persons saw the tussle.

Keeley's southpaw tactics failed to make an impression on the Spaniard. Keeley landed some hard body punches in the first round but missed frequently. Paolino rapped his foeman time and again with terrific right hand smashes to the head.

## DELANEY WINS HANDILY FROM TEXAS FIGHTER

### ONE BLOW TO THE JAW ADVANCES HIM IN HEAVY CATEGORY

(By Associated Press) NEW YORK, Jan. 17.—Knockout victories had boosted the stock of Jack Delaney and Paolino Uscudini in the heavyweight market today.

Delaney furnished an unusual feat in ring performance last night by landing a single haymaker on Sully Montgomery's chin in 20 seconds of the first round of a ten-round bout.

At about the same time, Uscudini eliminated Ed Keeley from the picture in little more than two minutes of mauling in the second round of another ten-rounder. The referee stopped the bout.

### Strikes But One Blow

Starting a campaign for recognition as a challenger for heavyweight honors, Delaney struck but one blow, a right to the chin, to bowl the giant Texan on the canvas.

Montgomery, with the ponderous poundage of 216 against the Bridgeporter's 180 3-4, rushed on his rival after they shook hands and missed a vicious left swing by about two feet.

Delaney stepped forward nimbly and caught Sully with a solid smash, ending the fight.

It was five minutes before Montgomery was revived with the aid of restoratives. Some 5,000 fans were jammed in the St. Nicholas rink as Delaney flashed the form of the days when he was the world's light heavyweight champion.

The mystery over Paolino's antics in twice evading a bout with Keeley remained unsolved after the Basque decisively whipped the Bostonian at the New Broadway arena in Brooklyn.

About 5,000 persons saw the tussle. Keeley's southpaw tactics failed to make an impression on the Spaniard. Keeley landed some hard body punches in the first round but missed frequently.

Paolino rapped his foeman time and again with terrific right hand smashes to the head.

### Two-Fisted Attack

Shortly after the second stanza was under way, Paolino bore in furiously with a swift two-fisted attack to the body and face which sent Keeley spinning around the ropes.

Paolino staggered the hub boxer with a right to the jaw which would have dropped Keeley but for interference by the referee.

Paolino leaves on Thursday for a 15-round bout against Romero Rojas in the bull ring at Mexico City on Jan. 29.

### Two International Clubs May Change

NEW YORK, Jan. 17 (AP)—The International league today went on record as "agreeing to approve" the proposed sale of the Rochester franchise and players to the St. Louis Cardinals, and the Syracuse franchise and all the Rochester players to Frank Donnelly and his associates who plan to operate their club in Jersey City, N. J.

### Billiard Champion Loses To Cochran

BOSTON, Jan. 17 (AP)—Welker Cochran of Hollywood, Calif., former champion of the world in 18.2 balkline billiards, defeated Jake Schaefer, present title holder, 600 to 354, yesterday at the end of their first two blocks of exhibition play. Cochran took the afternoon block, 300 to 155, and last night continued to pile up his advantage with a 300 to 199 win. The play is for 3,000 points.

## TECH LOSES IN HARD GAME ON CANYON COURT

### JENNINGS LEADS HIS MATES IN STUBBORN GAME WITH BUFFS

(Special To The Avalanche) CANYON, Jan. 16.—Showing a much better combination than expected, the Texas Tech Matadors battled the West Texas State Teachers college Buffalos, here last night only to lose by a score of 27 to 25 in what was termed as the most thrilling game played on the local court in some time.

### Stubborn Defense

Led by their lanky captain, Al Jennings, Tech presented a stubborn defense, as well as a fair offense which prevented the Buffs from reaching their usual stride.

Jennings was the outstanding player looping seven baskets from the floor and high point man of the game, and two free pitches for sixteen points, having twelve points, four field goals and four free throws to his credit.

The Buffs led off with five points but were soon tied by the Matadors who jumped into the lead for several minutes. A packed house was kept in suspense throughout the contest as the lead seasawed from one team to the other.

The Matadors used their tall forwards and center to a great advantage and featured with their passing, usually overhead. The Buffs had good passing and dribbling but appeared to be unable to hit the basket with any degree of certainty.

### Rough Play Minimized

Because of the intense rivalry of the two schools, the game was characterized by rough play which was kept at a minimum by officials.

The two teams play again Tuesday night on the local court.

The longest prize fight in history lasted for 276 rounds. It was between Jack Jones and Paty Tunney at Cheshire, England, in 1825.

## MULLEN DOUBTS TUNNEY SIGNED FOR TWO BOUTS

(By Associated Press) CHICAGO, Jan. 17.—In spite of the detailed plans of Tex Rickard for promoting two championship matches featuring Gene Tunney this summer, promoter Jim Mullen remained unconvinced today that he had been brushed out of the heavyweight championship picture for 1928.

Mullen repeated that both Tunney and Manager Billy Gibson had promised to fight under his management this summer in Chicago, and would not sign for any other matches before February 1; the zero hour under the terms of the previous contract with Tex Rickard.

"I am taking Tunney at his word," said Mullen. "I am not convinced that Gene has signed with Rickard for two fights, for I have every reason to believe that Tunney would have consulted with me before he took any such action."

### Final Date Is Set For Caging Titles

(Special To The Journal) AUSTIN, Jan. 17.—City and county basketball contests among teams enrolled in the Interscholastic league of the University of Texas must be over with and the winners in each county determined by about the middle of February, according to Roy Henderson, director of athletics of the Interscholastic league.

District tournaments should be held by not later than February 25 in order that the winners may be in readiness to come to the state tournament in Austin March 9 and 10, Mr. Henderson said.

### Auto Owners Flock Into Tax Office

Realizing that the instructions of the state highway department calling for arrests on cars not having 1928 license plates after January 20, are to be carried, hundreds of automobile owners are now flocking to the office of County Tax Collector I. P. Holland to secure their

license plates. At noon today, the total number of cars registered was nearing 3,000 with the two withouts stacked with waiting car owners.

John C. Kellar, district state highway weight and license inspector, is to carry out the department's instructions to make arrests, he said yesterday.

The office of Mr. Holland is kept open from 6:30 in the morning until late at night in order to aid the motorists in receiving their new plates.

### LUBBOCK BECOMING A CITY OF FINE HOMES

Is further evidenced by the selection by four different families of four 100-foot home sites in University Place, last week, for their permanent residence.

A plain sign of good portent for the future value of this highly restricted tract is that people who have selected home sites in what has heretofore been the most exclusive location, are in many cases requesting us to accept their lots as all or part payment for one of our University Place 100-foot sites.

They realize fully that nowhere else in Lubbock, has anyone who builds a fine home on two lots, any protection against his value being depreciated by another's building a mediocre house on the adjoining 50-foot lot.

Here in University Place, overlooking the Tech campus, you have such protection, and many governing features which always have and always will send land and location values up continuously. The price and terms will interest you. Investigate!

**DAILY MARKETS**

**Cotton Markets**

**NEW ORLEANS TRADING**  
NEW ORLEANS, Jan. 17.—(AP)—The cotton market opened easier today in sympathy with rather indifferent Liverpool cables and on continued rains in the west. First trade, showed losses of 11 to 17 points and prices eased a little further after the start until March and May traded at 18.25, and July 18.12, 15 to 20 points below previous close. As New York was somewhat steadier than the local market prices here rallied toward the end of the first half hour and March sold up to 18.43, May 18.40, and July 18.15, 13 to 18 points above the lows.

The market steadied later on trade buying and on some covering induced by reports that the large boll worm had again appeared in Texas. March traded to 18.47, May 18.45, and July 18.20 to 23 points above the lows and 2 to 3 points over the previous close. Near noon a fresh wave of selling apparently without any special incentive carried March back to the early low, or down 20 points from the previous close. Later months made new lows at 18.23 for May and 18.00 for July, 19 to 23 points below yesterday's close.

**LIVERPOOL SPOTS**  
LIVERPOOL, Jan. 17 (AP)—Cotton spot steady; strict good middling 10.56; strict low middling 10.56; low middling 10.44; strict good ordinary 10.16; good ordinary 9.86; sales 10,000 bales, 6,700 American. Receipts 10,000 bales, American 7,600. Futures closed steady; January 10.04; March 10.00; May 9.94; July 9.84; October 9.44.

**NEW YORK TRADING**  
NEW YORK, Jan. 17 (AP)—The cotton market opened barely steady at a decline of 1 to 11 points under liquidation and local and southern selling promoted by relatively easy Liverpool cables and yesterday's talk of a slightly easier spot basis in the south.

The decline to 18.65 for May brought in some trade and commission house buying or covering, and the market held fairly steady at rallies of a few points from the lowest at the end of the first hour. The new low prices made by the opening decline brought in some covering and commission house buying of old crop months, while it looked as if the price of below 18 cents was attracting trade or investment demand for new crop deliveries. The buying was sufficient to absorb the offerings and cause recoveries which carried prices about 2 to 7 points higher.

**Livestock Prices**

**LUBBOCK LIVESTOCK**  
The following report furnished by McDonald Packing Co.:

**RATLIFF PLEA FOR CHANGE OF VENUE GOES ON**

**COUNSEL DEADLOCKED WITH LITTLE HOPE OF EARLY MOVE**

(By Associated Press)  
EASTLAND, Jan. 17.—(AP)—Prosecution and defense counsel in the case of Marshal Ratliff, charged with robbery by firearms in connection with the holdup of the First National Bank of Cisco on December 23, were locked in another all-day fight over the change of venue plea.

A dozen witnesses were heard yesterday after counsel for the Cisco bandit asked a venue change, alleging that Ratliff could not obtain a fair trial in Eastland county. Ratliff's mother formerly operated a restaurant in Cisco and is well known. Both he and his brother, Lee, have served terms in the penitentiary for robbery by firearms in Eastland county and the latter now is in prison.

**One Doubts Fairness**  
Only one of the 12 witnesses heard yesterday expressed the opinion that Ratliff could not receive a fair and impartial trial in the made much of the wide publicity that has been given the cases of Ratliff and his two surviving companions, Henry Helms and Robert Hill, facing similar charges. When arraigned Ratliff pleaded not guilty. Hill had previously pleaded guilty. When J. K. Baker, of Coleman and J. Lee Curley, of Cisco, counsel for Ratliff, filed a motion for change of venue, Helms and Hill were taken back to jail and the two venues of 150 men each summoned in their cases were excused until Wednesday.

**Hearing Opened Monday**  
After District Attorney Frank Sparks had filed a controverting motion, hearing on the application for venue change began yesterday afternoon before Judge G. L. Davenport in district court. Three bankers were called as witnesses. They were Walter Gray and T. L. Overbey of Eastland, and M. E. Newman of Ranger. It was their contention, they told the court, that Ratliff could receive an impartial trial in Eastland county. Eight other witnesses, including two newspaper men, testified to the same effect.

**Here Is The Proof**

Mere words placed together cannot prove or disprove facts. Only under actual tests and conditions is it possible to determine just what effect BELL GRADE 'A' PASTEURIZED MILK has on the health and growth of children over an established period of time.

And that is exactly what we have accomplished, in order to definitely prove to parents that besides being PURE, BELL GRADE 'A' PASTEURIZED MILK, also BUILDS HEALTH.

In every room of this school, BELL GRADE 'A' PASTEURIZED MILK was given to each pupil at recess period, and an accurate check on the weight of each child was kept over a four month period.

The results as shown on the chart below, are typical of every room in the school, for in every instance the child shows a gain. It is a test, the results of which should interest every parent.

**Here Is The Chart That Shows The Influence of BELL GRADE "A" PASTEURIZED MILK on Children's Growth**

**CHURCH ELDER CONFESSES TO BABY MURDER**

**MOBS PREVENTED FROM TAKING PRISONER BY STATE MILITIA**

FLINT, Mich., Jan. 17 (AP)—Adolph Hotelling, a 47-year-old church deacon of Owosso, Mich., has confessed kidnaping, slaying and dissecting the body of little Dorothy Schneider, but why he did it, by his confession, is incomprehensible to him as to the authorities.

Officers, however, had little time to ponder over motives last night, because Hotelling's arrest was followed by such an outburst of public indignation that all the incoming police were needed to save him from mob violence.

The Flint jail was found no safe place for him, a mob forming almost as soon as word of the arrest spread. Hotelling was taken secretly to the city limits, where he was held under heavy guard to the state capital, Lansing, and finally, shortly after midnight today, locked in a cell at the state reformatory at Lansing City.

No sooner had the cavalcade of state police and sheriff's officers cleared the Flint city limits, with their prisoner last night than a mob of 10,000 persons charged down upon the jail, seeking to arrest Hotelling from the authorities.

The assault upon the jail was met by tear gas bombs hurled into the mob by guards. Brickbats and a few gun shots were the mob's answer. The increasing strength of the attackers led to the calling out of the national guard which succeeded in clearing the streets shortly after midnight.

Hotelling is a carpenter and an active worker in the Owosso Church of Christ, is a carpenter. It was a fellow workman's tip that led to the arrest. Hotelling had aroused suspicion by constant discussions of the case, and at one time said, police were told, that he could lay his hands on the child's slayer.

When officers went to his home Hotelling at first denied the charge. He broke down and confessed, and was taken to the reformatory, identified by a farmer who had helped him extricate an automobile from a mud hole near the place where Dorothy's body was found.

The automobile which was used for the kidnaping was found at the Hotelling garage. It had been freshly repaired.

Details Withheld  
Text of the confession was not made public, but was to be turned

**Lindy Is Honored As Champion Flier**

PARIS, Jan. 17 (AP)—Colonel Charles A. Lindbergh is the world's champion bird man for 1928 in the opinion of the International League of aviators which today decided to award him the international trophy which went to Peletier Doisy, the French flier last year.

The league also awarded for the first time an international trophy for women fliers, Lady Ade Bailey being the recipient.

Lady Ade Bailey obtained her aviation certificate in 1926 and has been prominent in British aviation for some years. She has been particularly interested in trying for altitude records. She entered the king's cup aerial derby in July, but was forced out by engine trouble.

**Texas To Contest Mastick Bond Bill**

HOUSTON, Jan. 17 (AP)—City officials of Dallas, Fort Worth, San Antonio, and El Paso met with Mayor Oscar Holcombe of Houston today and decided to fight passage of the Mastick bill which will come before the New York legislature February 1.

The bill would practically make bonds of Texas cities illegal as far as the savings banks of New York are concerned. It is estimated that passage of the bill would cost an additional \$50,000 for every million dollars of bonds issued by Texas cities.

The conference resulted in the officials deciding to go in a body to New York. They will leave Wednesday.

**Hamilton Doctor Moved To Lubbock**

Attracted by the future of Lubbock and the South Plains and being particularly pleased with the public school system and the Tech college for the education of his children, Dr. V. A. Hartman, with his family, has moved to this city to make his home.

For the past 20 years Doctor Hartman has been a resident of Hamilton, Texas, and in addition to his practice has served as city councilman there and has taken an active part in civic work. His offices will be located in the Temple Ellis building after February 1.

The commission was also expected to let contract for grading and drainage on 12 miles of No. 28 in Cottle county, as letting was posted yesterday.

back into the fires after recovering.

At the emergency hospital an unusual situation was reported to have developed when doctors found the institution's stock of whiskey inadequate. Word went forth that bootleggers be sent in and police officers were said to have agreed not to molest any venturing inside the building. There was no record whether purchases were made from the bootleggers, however.

**CAPITAL FIRES**

(Continued from Page 1)

Fourteenth and W streets in the northwest residential district. Check-up revealed no fatalities in any of the blazes, although a score of firemen were overcome when a gas main broke in the Woodworth store, the first blaze in the series that kept a continued procession of fire fighting equipment running over the city for more than nine hours and started ten pieces of apparatus over the long 40-mile run from Baltimore.

Baltimore engines which responded earlier in the night to emergency calls from local officials, were fighting the new blaze. They had arrived during the night in time to go into action on two other big fires.

Fourteenth and W streets are in the midst of the northwest residential section. The fire tied up traffic and thousands of workers were forced to walk or take automobiles to their places of business.

**Does Weakness Detract from Your Good Looks?**

Paris, Texas.—"I was suffering with woman's trouble and after trying several different remedies without receiving any benefit, I decided to speak of, I decided to try Dr. Pierce's Favorite Prescription. I was told that it was the best, and so it proved to be. I had taken only a few bottles of it before I was perfectly well."

"I also took two bottles of Dr. Pierce's Golden Medical Discovery after an attack of the 'flu' and it built me up in health and strength wonderfully."—Mrs. Gertrude Nation, 201 Graham St., Allentown.

**the city its greatest scare in years.**

**Begin Near Midnight**

The unprecedented series of fires began shortly before midnight, the four major conflagrations being interspersed with smaller ones and false alarms. The first two fires, one of five and the other of three alarms, found the capital's fire fighting force unable to cope with the situation and calls for assistance were sent to nearby Virginia and Maryland points. Ten companies responded also from Baltimore, making the 40 mile run in time to combat the last two of the blazes.

So far as officials knew this morning there were no casualties during the night, although a score of firemen were overcome by smoke. First estimates of damage ran into hundreds of thousands of dollars.

The first fire was in the four-story building occupied by the city's second largest P. W. Woolworth company store on Pennsylvania avenue between Ninth and Tenth streets. The second was at Tenth and B streets, where a cluster of produce stores burned.

**Two Others Northeast**

The other two were in northeast Washington near North Capital and H streets. The North was in the Eckington district near Fourth and G streets, where a grain elevator burned.

Hurried investigations by Fire Marshal Seth and Assistant Police Superintendent William Shelby led them to the belief that one or more fire bugs started the major fires. They were not certain about half a dozen others, nor could they explain the numerous false alarms that disorganized the fire fighting machine and kept firemen on a constant procession during the night.

Two men are reported to have fled from the scene of one of the fires in an automobile. Other police men were placed on guard at large industrial plants, lumber yards and other establishments that might lend themselves easily to destruction by flames.

Most of Firemen Respond  
When the Woolworth company alarm was turned in the major portion of the city's firemen responded, as is usual in the case of a blaze in the downtown area. The fire appeared to be of ordinary proportions

Thought For Today

We spend our years as a tale that is told—Faintly 69.9. The early and the latter part of human life are the best, or, at least, the most worthy of respect...

Bettering the Race

Certain learned men, convening with their peers at the Race Betterment Conference in Battle Creek, Mich., express fears that the "better stock" of race is dying out.

It is risky business for a layman to dissent from the opinion of a scientist. Yet it seems to us that these men are worshipping themselves unduly.

For the entire point of our American democracy is that children of Giuseppe need not grow up to be pick-and-shovel men if they do not want to.

The Waste

Eugene Grace, president of the Bethlehem Steel Corporation, hits the nail right on the head in his statement announcing the Bethlehem's new campaign to reduce industrial accidents.

That man on Avenue Q says the principal grounds some folks have for divorce is the mere fact that they're married to whom they're married.

Canada just recently hung a gentleman who strangled 22 persons in a coast to coast orgy of murder.

THE PLAINSMAN

Says: That Girl on Broadway says when some girls are no older than they make out, most of them are not as young as the make up.

Right here in our own section of Texas there's an old lady with three children. She's a widow and she's supporting those children, getting them a common school education.

But this woman is happy. She gets more real joy out of life than most of us who in comparison with her, are living on the very fat of the land.

A friend of the Plainsman asked her one day how she managed to carry on, as she does, a smile on her face and a prayer in her heart.

A number of years ago, her story goes, her husband died. A few months later a baby girl was born the fourth of a closely grouped family of children.

Isn't it fine in this age when every edition of our newspapers carries accounts of brutal murders, poisoned whiskey, gang wars and domestic difficulties?

Like the memory of the old rugged cross this humble widow's unselfishness and her supreme faith stands out a veritable lighthouse in a storm.

So the next time you read of a Hickman or a Ruth Snyder—don't let the next time you glance at divorce statistics, at discourses on companionate marriage and atheism.

That man on Avenue Q says the principal grounds some folks have for divorce is the mere fact that they're married to whom they're married.

Canada just recently hung a gentleman who strangled 22 persons in a coast to coast orgy of murder.

A leading Lubbock citizen Dropped dead the other night. He drove right through the whole main drag.

The Great American Family

WHY MOTHERS GET GRAY—UNDER PRESSURE

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes,"—Byron

Al Smith Is Still Shopping For A Running Mate, Says Dutcher, And Somebody May Have To Take 'Little End'

NEW YORK, Jan. 17.—In one of Broadway's most popular plays, a veteran actor is shown describing in enthusiastic terms the manuscript of a new play he has just read.

Everybody knows by this time that it is the folk from Idaho, Iowa and Kansas who do sing, dance, write plays and compose songs.

The proof of which is the very play in which the Idaho lines appear was written, in part, by Edna Ferber, who came out of Illinois and who made her first considerable success by writing of a woman salesman who "made" the small towns of America.

And it is ever thus! For the big parade of Broadway is nothing more than the parade of Kansas, Colorado, Oregonians, Californians and such all transplanted—from their native heaths.

One of the most successful editors of one of the most successful magazines of the glamorous outdoors is a highly strung victim of the nervous tension created by life in this hectic hamlet.

Biologists devote a great deal of their time to cell life—criminal courts too little.

BY RODNEY DUTCHER NEA Service Writer WASHINGTON, Jan. 17.—Governor Al Smith is still shopping down South for a running-mate, or, at least, his friends are.

One hears that Josephus Daniels was not exactly happy when it was suggested that he might have the Democratic vice presidential nomination if Smith were nominated.

He is very far outside the dominant Democratic organization of North Carolina, controlled by Senator Simmons, which hates Smith and Uncle Josephus with almost equal fervor.

Mr. Hoover, as his strength increases, must be doing some thinking along the same lines. Whereas the Smith people are figuring just now that the second man ought to come from the hostile South.

Governor Fisher of Pennsylvania would like the job, but Hoover would carry Pennsylvania anyway—although some sort of a "pre-convention deal" might be made.

I paid a visit to a friend who edits a series of magazines devoted to the exploits of buckaroos, broncho busters, Canadian mounted police and such.

A year or so ago I called upon the editor of a group of highly successful confession magazines. She turned out to be a timid little Southern woman, with the quietest sort of manner and voice.

With Our West

BY JAMES L. DOW

Contemporaries

For Rural Boys—Gray county wants and needs a county agent. There is a strong demand, and there is an excellent opportunity for increasing that demand.

It is pertinent therefore to take some notice of what is being accomplished by county agents in West Texas.

D. F. Eaton, county agent, has fifteen clubs of rural boys—surely a big task in itself. More than 200 boys are doing worthwhile work under his direction.

These boys' activities were diversified. One made a net profit of \$31.19 from five acres of cotton, one a net profit of \$52.75 in a top-litter contest.

Gray county boys likewise can be greatly benefited through the help of a county agent, who can give them personal attention and intensify their interest by having them work in groups.

That local boys are eager to take part in such projects was recently well shown when the Rotary club distributed high grade gilts.

There is no question that the work being done by the county agents is worth many times more than it is costing.

WEST TEXAS: Tonight partly cloudy, except rain in southeast portion, somewhat colder; Wednesday partly cloudy; colder in south portion.

LOUISIANA: Tonight and Wednesday mostly cloudy, occasional rains in north portion; foggy in south portion tonight and Wednesday.

ARKANSAS: Tonight cloudy, rain in east and south portions; colder in east and south portions.

OKLAHOMA: Tonight partly cloudy, colder in south and extreme east portions; Wednesday generally fair.

Youth Confesses Threatening Note

SAN ANTONIO, Jan. 17.—Ed Taylor, 21, of Claremore, Oklahoma, entered a plea of guilty today when accused of sending threatening letters through the mail.

Women Suffer More Pains Than Men

If there is one point on which all physicians are agreed it is that for Capudine relieves these pains quite as well as opiates and with the slightest possibility of creating a habit.

To relieve these pains some women have unfortunately resorted to opiates and habit-forming drugs. This is entirely unnecessary.

350 after reading of the escapades of William Edward Hickman, Los Angeles kidnaper. Taylor wrote to Mrs. J. Kercheville, a local attorney, demanding \$50 in old bills and threatening to "get" Kercheville or his ten year old daughter. Kercheville answered the letter and detectives arrested Taylor as he called for the letter at the general delivery window.

Capudine relieves these pains quite as well as opiates and with the slightest possibility of creating a habit. Capudine reduces nervous strain or nerve tension thus removing the cause of these pains. Every woman who suffers with neuralgia and periodic pains, headache, and pains in the back and sides.

To relieve these pains some women have unfortunately resorted to opiates and habit-forming drugs. This is entirely unnecessary.

War Correspondent Of A. P. Dies Today... TOKYO, Jan. 17 (AP)—John Russell Kennedy, 66, former Associated Press correspondent at Tokyo and once general manager of the Kokusai News Agency, died today from heart disease.

John Russell Kennedy was born in Bray, Ireland, Nov. 5, 1861, and educated at Trinity college, Dublin. He became successively soldier, war correspondent and editor. Kennedy joined the Associated Press in 1899. In 1907 he went to Tokyo as chief of the Far Eastern bureau of the Associated Press. From 1914 to 1923 he was general manager of the Kokusai Shinshinsha (the international news agency of Japan).

He served as correspondent in campaigns in Egypt and China. He was once managing director of the Japan Times Publishing company. He was decorated by the Japanese government with the order of the Sacred Treasure, third class.

# ABERNATHY IS PROUD OF ITS BIG BUSINESS

## SATURDAY WAS BETTER BUSINESS DAY THAN PRE-YULE SEASON

(Special To The Journal)  
 ABERNATHY, Jan. 17.—As the curtain of time was drawn which marked the close of another day Saturday, it also marked the close of one of the best 24 hours of trading Abernathy has seen for some time. Many good business days preceded the Yuletide and some of them were even beyond the expectations of many of the Abernathy merchants; but the crowds which thronged the streets of Abernathy all day Saturday were in every way superior to those preceding the holidays. It was a people with money in their pockets and eager to buy, that passed up and down the streets Saturday searching for their immediate wants to be fulfilled with the merchandise offered for sale by the many merchants of Abernathy.

**Crowd Comes Early**  
 As early as 9 o'clock Saturday morning the sidewalks were crowded with people from the country and surrounding towns. They seemed to come early and stay late. One of the main attractions of the early hours was the balloon race from the front of the dry goods store of Seale and Son. A number of balloons, possibly one hundred, were thrown from the roof of the store, to which were tied many tags, some representing one dollar's worth of dry goods, others representing bargains in different natures. Many boys, girls, men and women were in the street chasing the balloons. For an hour there was a scramble and tussle for the possession of the balloons. Many other features were offered by the different merchants, which kept the crowds passing from place to place all day far into the night. Word was passed that many articles of merchandise had greatly decreased in price during the past weeks and that better bargains may now be had in Abernathy. Such is bringing people anxious to buy to the little city.

At no time during the day could a man walk down the street without having to work his way through the crowds by watching his chances and taking whatever was left by the next ahead of him.  
 After a talk with several of the merchants it was learned that many dollars have changed hands during the day, and that it was possibly the greatest day from the standpoint of dollars changing hands, that Abernathy has had since the boom days of high prices and reckless spending. Nearly all the stores had to employ extra clerks for the day, and all were busy. As the darker hours of the night approached, the clerks began to lean on the counters and drag their feet as they waited on customers, but business kept at a reasonable pace even after the chore hours of the farm and home.

# LIBERAL CHURCH MEMBERS UPHELD BY EPISCOPALS

(By Associated Press)  
 AUSTIN, Jan. 17.—Business sessions Monday followed a round of addresses in which card playing and dancing were given a limited sanction, church fun-raising entertainments were condemned and church "liberals" defended by speakers before the 79th annual session of the Diocese of Texas, Protestant Episcopal church.

Card playing and dancing are all right if restricted to "a high christian" character, Bishop Co-adjutor Clinton S. Quin of Houston, reiterated at Sunday's opening session of the council. He decried the raising of church funds by entertainments as "crutches" and as "admissions that God's Kingdom is not worth as much as club affiliations."  
 "Liberals are trying to put the Gospel within the practical grasp of people of today and not trying to destroy it, W. Russell Bowie, Grace Church rector of New York City, said.

## 70 Students Taken In Night Club Raid

CHICAGO, Jan. 17.—Seventy school boys and their school girl companions, many of whom said they were visiting a night club for the first time in their lives, found themselves today the center of an inquiry revolving around a federal prohibition raid early Sunday on the club Bagdad at 64th street and Cottage Grove avenue.

Blanket denial that there was any drinking by either party while at the night club was made by the students following announcement of William J. Bogan, acting superintendent of schools, that he would conduct a searching investigation today.

The raid was led by Deputy Prohibition Administrator Jamie Sev-eral bottles labelled "gin" were confiscated, the agents said.

# PRISON BOARD PLANS REFORM

## BETTERING CONDITIONS IS IDEA OF TEXAS JAIL HEADS

(Special To The Journal)  
 HOUSTON, Jan. 17.—One of the most far-reaching prison reform programs ever undertaken in this country will soon be under way in Texas, if the plans of the Texas prison board are carried out. It was announced today by Dr. Henry Cohen, member of the board.

The project includes the betterment of prison conditions along the lines of education, recreation, food, religious training and discipline. This is the first official announcement concerning the prison reform program, Dr. Cohen said. The board has been working on this plan since November. Dr. Cohen expressed hope of seeing the program, although subject to change, in effect by spring. Dr. Cohen explained that "this movement is a direct result of the recent law which prohibits convicts from working more than ten hours a day, excepting in extreme or emergency cases. The next step, he said, was to devise some means whereby the inmates could best benefit spiritually, physically, morally as a result of their leisure time.

# TWO HURT WHEN TRAIN CRASHES TAYLOR SWITCH

(By Associated Press)  
 TAYLOR, Texas, Jan. 17.—Sid Crews, engineer, and O. G. Bennett, fireman, died in a hospital here today, victims of scalding steam set upon them late yesterday when a northbound International Great Northern passenger train was wrecked in the yards here.  
 E. E. Chambers, express man, was expected to recover. All three men, who were the only persons reported injured, live in San Antonio.

## Slayer Of Parents In Georgia Is Held

CUSSETA, Ga., Jan. 17.—After killing his parents at his lonely truck farm four miles from here Saturday, Robert L. Harp, Jr., 21, walked into town and surrendered, explaining "they wanted to send me to an insane asylum again."  
 The junior Harp was sent to a private sanitarium in Atlanta about two years ago after he had barricaded himself in his father's home and defied a force of deputies.

# SEVEN COACHES OVERTURN

Seven of the trains' 11 coaches went off the tracks and the engine was thrown off and overturned. Crews was the engineer in charge of a train which struck a bus and caused the death of ten Baylor University students at Round Rock last January. He and Bennett extricated themselves from the cab and started to walk to the hospital.  
 No passengers were hurt seriously.
