Savings Associations Plan To Offer Checking With Interest

Major changes are taking place within the savings and loan industry as of January 1, 1981.

Savings and Loan institutions will be able to offer NOW accounts to any interested customer at that time.

A depositor in a savings and loan has normally been forced to go to the facility to withdraw funds from an account. Under the new system, the depositor may write a check, as may be written in a bank, in order to obtain cash or make a purchase.

The money in that account will draw interest similar to that in a savings account.

NOW (Negotiable Order of Withdrawal) accounts are, in fact, interest-bearing checking accounts, with interest earned on the account balance daily.

These accounts are also called "Checking Plus Interest" and "Prestige Checking Plus."

The NOW accounts will be operated similarly to a normal checking account by most savings and loan institutions, Bernie Hawley, Senior Vice President of Homestate Savings said.

The main difference will be that interest will be paid on the balance, he said

Persons wishing to open a NOW account must notify the savings and loan.

Interest paid on the daily balance will be figured at 5¼ per cent, as opposed to the 5½ per cent paid on passbook savings accounts.

A minimum average balance figure will be established. Interest will be figured at the close of each business day and that amount will be paid into the account at the end of the month.

If the average balance goes below the minimum, a set fee will be charged automatically to the account.

A new statement system is also being considered and will be of-

It's My Turn

That's entertainment...

For those of you who are movie goers, I recommend going to a very entertaining movie right in your own hometown. Having seen "The Empire Strikes Back" a few months ago when it opened in San Angelo, I feel that for those who are film buffs like myself this movie is a must. This movie is even entertaining after sitting through it for the third time with your ten-year-old son. The special effects that made "Star Wars" a box office smash are just as good, if not better, in "The Empire...," as my son refers to it. You keep asking yourself, "How did they do that?"

If for no other reason, you need to see this movie just to familiarize yourself with the "Star Wars" phenomenon, which, with a series of nine movies over a period of 30 years and all the promotional aspects that includes, will be with us into the twenty-first century.

For those who have seen "Star Wars," or who have come into contact with anything connected with that movie, (and who hasn't, unless you've been living in a galaxy far, far away), the familiar characters, Luke Skywalker, Darth Vadar and rest have returned and are joined by some new characters. I suppose my one criticism of the movie comes in the characterization. With all the amazing effects and space age gadgetry and light saber fights and asteroid collisions, character development and human relationships are missing.

I guess I'm still a little old fashioned when it comes to my movie taste. Whatever happened to the type

Ballot Deadline Set For Monday

Deadline for returning ballots in the Agriculture Stabilization Conservation Community Committee election is Monday, said Don Stewart, ASCS Executive Director.

Ballots for the ASCS election were mailed out earlier this month.

Ballots contain the names of six nominees in each of the three communities.

Mitchell County is divided into three divisions: "A" community is west of the Colorado River, "B" community is north of Interstate 20 and east of the Colorado River and "C" community is south of I-20 and east of the Colorado River.

Producers were sent a ballot for the community in which their principle farming interest is located.

Each community developed a slate of at least six nominees.

Duties of the Community Committee member include informing farmers of the purpose and provisions of the ASCS programs; keeping the county committee informed of local conditions, recommending needed changes in farm programs, participating in community meetings as necessary and performing other duties as assigned by the county committee.

Off-Duty Officer Catches Thieves

Two unlucky thieves were caught redhanded Thursday when an off-duty police officer just happened to look their way at exactly the right (or wrong for them) time.

Assistant Chief of Police Jimmy Roundtree was taking his wife and children for a family outing following their annual Thanksgiving feast.

They were driving out the Snyder Highway on a leisurely sightseeing jaunt when Roundtree noticed a lone man standing in the shadows behind the G-Kell Building, located near the intersection of Interstate 20 and Highway 208.

Thinking it odd that the man should be standing there at 8:55 p.m., on Thanksgiving, Roundtree said he drove up to the man and asked for identification.

About 20 feet from where the man stood, Roundtree said he saw a case of Cokes and an apparently new 12-volt battery lying slightly hidden in the bushes.

Roundtree called for a backup unit and at about the same time a second man sprang from the bushes on the east end of the building and ran toward the north I-20 access road.

"I would like to commend the Texas Highway Patrol and Sheriff's Office for their quick reaction to my call," Roundtree said.

Trooper Tracy Tipton, who was on another routine call, Deputy David

Toy Collection Begins Locally

The Christmas spirit is already in the air in Colorado City.

As in years past and in keeping with tradition, the Colorado City Volunteer Fire Department will distribute Christmas baskets to local nursing homes and the veterans' home.

Tex Blankenship and James Light are two members of the committee appointed to head the project this year.

The committee is now gathering and ordering fresh fruits and candies to be distributed in this year's baskets.

New and used repairable toys are being collected by the Colorado City Opti-Ms. Club for distribution during the Christmas season.

Needy children in Mitchell County will receive the toys gathered by the club, which is working on the project in cooperation with the Mitchell County Day Care Center.

Persons with toys to donate may bring them to the Mitchell County Day Care Center or contact Gloria Erwin or Becky Manning for pick-up. Names of needy children may also be given to the day care center.

Opti-Ms. Club member Gloria Erwin stated, "We appreciate the response given by the community to this project last year and we are looking forward to as open-hearted a response this year."

Hospital Meet Is Reset

Mitchell County Hospital District Board of Directors will meet Tuesday at 7 p.m. in the hospital board room.

This meeting was rescheduled from Nov. 25, due to inclement weather.

Board members will consider a two item agenda which includes sending X-ray Technician J.W. Hicklin to school for technical training on the Ultra Sonic diagnostic machine the hospital recently acquired.

Second item on the agenda is the opening of bids for the purchase of a new x-ray machine for the hospital.

CHRISTMAS SPIRIT is in the air and Mitchell County residents are making preparations for the festive occasion. Happy shoppers (top picture) inspect Christmas trees searching for that all important part of the holiday season. Other more hearty souls fight the crowds to find that one special item that every true Texan requires, a new pair of boots.

Judging Is Scheduled For Annual Pecan Show

Pecan growers throughout the county are gearing up for the Fifth Annual Mitchell County Pecan Show to be held Dec. 4-5 in the C.C. Thompson Room of the City National Bank Annex.

Entries will be accepted from 1 p.m. until 3 p.m. Dec. 4 in the C.C. Thompson Room. Persons unable to enter at that time may leave their entries at the County Extension Office or the Chamber of Commerce Office during the week of the show.

All entries must have been grown in Mitchell County in 1980.

Certain qualifications must be met before judging can take place. All entries must be identified with the owner's name, variety and grower's address. Each entry, which becomes the property of the pecan show, must consist of 43 nuts.

Growers are limited to one entry of each paper shell or improved variety, but there is no limit to the number of seedling or native entries.

The Mitchell County Program Building Committee, City National Bank and Colorado City Area Chamber of Commerce are sponsoring this year's show.

Show spokesperson Bobby Lemons stated the show was started to promote the culture of pecan-growing, both for homemakers and commercially, as a cash crop.

Quality upgrading is another purpose of the program. A certain amount of care is needed throughout the year to produce a high quality pecan, said Lemons.

Interest in the program has increased over the years and is expected to grow with each year's show, Lemons said.

Lemons stated dry weather may have hurt the quality of this year's crop, but a large number of entries is expected.

Persons having pecans they cannot identify are encouraged to

Trapping Fur-Bearers Becomes Legal Monday

Christmas comes but once a year and so does the Northwestern Fur Company.

One of the largest industries in Colorado City will open its doors Monday at 7 a.m. in order to accomodate the large crowd of trappers taking advantage of the season for taking of pelts for sale of fur-bearing animals.

The season opens Monday and runs through Jan. 31, with muskrat season continuing through March 15.

Animals designated as "Fur-bearing" are; badger, beaver, fox, mink, muskrat, nutria, opossum, otter, raccoon, ring-tailed cat, skunk (pole cat), wild civet and coyote.

Possession of green or undried pelts, except muskrat, by licensed trappers after Feb. 5 and licensed retail fur buyers after Feb. 15 is illegal. Muskrat pelts, green or undried, may not be possessed by licensed trappers after March 20 and licensed retail fur buyers after March 30.

Individuals who want to purchase bobcat pelts, legally taken in Texas, must register with any Texas Parks and Wildlife Office and be issued a Bobcat Pelt Dealer Permit. Persons may obtain a bobcat pelt tag at no cost from any registered dealer upon presentation of the pelt.

Persons presenting pelts for tagging must certify that all information is true and correct.

Northwestern Fur will be open for business at 241 Walnut from 7 a.m. to 7 p.m., seven days a week until the end of pelt season in March.

SCS Poster & Essay Contest Is Set For Youth

The Mitchell Soil and Water Conservation District is sponsoring a poster contest for children 12-years-of-age and an essay contest on conservation of our natural resources for persons 18-years-of-age and under.

Subject for the poster contest is "Resource Conservation," with any phase relating to the local SCS.

SCS Districts are concerned with soil use and treatment; erosion control practices; crop range and pastureland management; irrigation water management; drainage problems; watershed protection; flood prevention, fish and wildlife management and promoting the involvement of all citizens in conserving soil, water and related renewable resources, SCS Director Van Mills stated.

The top three entries will receive trophy awards.

"Conservation – Our Best Insurance" will be the theme of the essay contest.

The title includes the general concept that soil and water resources of this nation are vital for providing us with the necessities of food and shelter, but it is not limited to this only.

SCS Districts are engaged in the effort to carry out a local conservation program that meets the needs of the nation's oil and water resources for continued productivity.

Mills said that the winners of the Essay Contest will receive $20 for first, $15 for second and $10 for third place.

Because this is an open contest, it will not jeopardize Texas Interscholastic League eligibility, stated D.M. Smith, vice chairman of the board of directors.

All entries must be mailed to Mitchell Soil and Water District, P.O. Box 910, Colorado City, Texas 79512 or deliver to the SCS Office in the G-Kell Building on the Snyder Highway by Jan. 25, 1981.

Posters and essays will be judged in the district and each district championship poster will be sent to Temple for selecting the Regional Champions.

For further information, contact the office at 728-3473.

fered by some savings and loan institutions.

"Truncation may offer still more savings to NOW account customers," Hawley said.

"Truncation" is the name given to processing checks and preparing statements when the customer makes a carbon copy of each check as it is written.

This carbon is retained by the customer and the original check is retained at the banking facility and not returned in a monthly statement.

"It is my understanding that the Internal Revenue Service will accept the carbon copy for tax return purposes as long as it is accompanied by a statement," Hawley said.

A record of all checks will be retained in the bank on micro-film.

If a customer chooses to use "Truncation," the minimum average balance figure and service charge would probably be lower, Hawley said.

This would be done because the process of returning cancelled checks is costly both in manhours and postage, Hawley said.

Savings and Loan institutions will not be allowed to handle commercial accounts or trusts and in that aspect will continue to differ from a bank.

"We are very pleased at the prospect of offering a checking account that earns interest. We have done a lot of background study and work on the new accounts and will be ready to offer this service to our customers on January 1," Hawley said.

Colorado City Savings and Loan has established their minimum average daily balance at $1,500, with a minimum deposit of $400 necessary to open a NOW account.

Service charge on the account will be 15 cents per check written, if the account balance drops below the $1,500 level, President W.B. Crockett said.

"This is a brand new vehicle which will give our customers more of a banking option and will help us to serve our customers better," Crockett commented.

City National Bank also plans to open NOW accounts for the convenience of their customers, Vice President Bobby Lemons said.

NOW accounts will not be for every customer, Lemons noted.

A customer will have to request a NOW account, it will not be opened automatically, he noted.

Each individual will need to do some arithmetic before determining if the NOW account will be of benefit, he said.

Anyone who consistently carries a low balance checking account would find a NOW account impractical due to the service charge, he said.

"This change will make us all look at the banking process. Whereas we have been looking at the overall picture, this will make us look at each individual item to see that each carries its own weight," Lemons said.

"We believe we have a wide range of services to offer our customers and are happy to include this additional service," he said.

Lemons noted that the bank board has not as yet set the rate for using the NOW account. He did indicate that, at this time, the City National Bank is not planning the use of "Truncation."

enter. The entries will be classified by the judges and improved varieties will be classified as such. Seedlings will be classified as seedlings, Lemons noted.

Judging, undertaken this year by Norman Kohls and Arthur Barleman, will be based mainly on the number of pecans per pound, per cent of kernel and quality of meat.

The public is encouraged to view the pecans after the judging. The show will be open to the public Dec. 4 and 5.

Persons considering planting pecan trees for the first time and needing information, may be able to get this information from officials at the show.

*CALL, From Page 1

Ginkinger and Deputy Mike Stutts responded to the call within two to four minutes, Roundtree reported.

On-duty Police Officer Jesse Dominguez and off-duty Policeman Billy Ray Williamson also responded to the call, Roundtree said.

Trooper Tipton and Williamson went immediately to the service road where they allegedly located the second suspect entering a vehicle and trying to start it.

"This is one time without their quick response, these apprehensions would not have been possible," Roundtree said.

Upon investigation, it was discovered that the east window of J&J Gulf, located in front of the G-Kell Building, had been broken to gain entry to the station.

Station owner Jessie Wiggins was contacted and made an inventory of the property.

Three items were determined stolen; a case of Cokes and two 12-volt batteries.

The second battery was recovered in the bushes at the east end of the G-Kell Building,

of characterization we watched between Clark Gable and Carole Lombard, Humphrey Bogart and Kathryn Hepburn, William Powell and Myrna Loy, (even King Kong and Fay Wray).

And how about the musical, you know the kind where the lyrics to the songs tied in with the plot, it has all but disappeared. Those great Rodgers and Hammerstein musicals like "Oklahoma," "Carousel" and "South Pacific" are all great entertainment and I could watch them again and again. Gordon McRae's rich baritone and Kathryn Grayson's lilting soprano, the likes of whom we may never hear again, have charmed many a movie goer. Who can forget these incomparable movie musical performances by Gene Kelly, Fred Astaire, Frank Sinatra and Judy Garland.

Of course, we don't have to forget these magical film moments if we can stay awake long enough for those late night movies.

Now, that's entertainment....

Roundtree said.

Ruben Franco Arispe, 17, of Colorado City and Daniel Herrera Rivera, 17, also of Colorado City, were arraigned before Justice of the Peace Henry Doss on separate charges of burglary.

Bond was set at $2,500 each.

An estimated $25 worth of damage was done to the station and the estimated value of the merchandise taken was $110.60.

The 22nd and Austin Street Church of Christ was the apparent scene of a theft sometime between Nov. 20 and Nov. 22.

Taken were two tape players, one superscope tape player, one camera protector and one camera.

Thieves apparently entered through the church doors. Estimated value of items stolen is $400.

Sergeant Don Hamilton is investigating the theft.

Burglars hit the city airport again, it was reported Monday.

This time they broke into the Civil Air Patrol Hangar and stole 24 folding chairs.

The theft occurred sometime in the past two weeks, according to J.O. Dockrey.

Officer Johnny Slough is investigating the robbery.
