Quizzed by FBI, Rangers
Thomas Malone Douglas, 24, and James Joseph Jones, 22, await questioning by FBI agents and Texas Rangers as suspects in a \$1,400 New Mexico burglary.

Burglary Suspects Yield \$700 And Three Pistols

Police Curb Auto In Front of Bank

Colorado City police apprehended two armed New Mexico burglary suspects before dawn here Tuesday and recovered more than \$700 in cash.

Policemen Jimmy Latham and O. M. Woodard arrested the youthful pair after curbing the suspects' car in front of City National Bank at 2:30 a.m.

Three loaded .38 caliber automatics—one with a bullet in the barrel—were taken from the pair's 1951 Oldsmobile glove compartment.

Six hundred dollars was discovered hidden in the fur trimmed collar of one of the men's jackets.

Police Chief Leon Yeager identified the suspects as James Joseph Jones, 22, and Thomas Malone Douglas, 24, both of Miami, Okla., suspects in a \$1,400 burglary last week in Las Vegas, N. M.

Both Jones and Douglas denied a Record reporter any connection with the Las Vegas burglary. But warrants for their arrest—plus a third suspect—were issued April 4 by Las Vegas officials.

And Las Vegas authorities were due here late Thursday to return the pair to New Mexico. Both signed waivers for extradition.

Colorado City police were alerted Monday night to be on look out for the two suspects after a Big Spring service station attendant saw a pistol in their auto.

Douglas and Jones, who said they were traveling from Las Vegas to Dallas by way of El Paso, stopped in Big Spring for gasoline.

A pistol was on the car's front seat. As the car was driven away from the station, the attendant notified police.

Big Spring police radioed the information to Colorado City. Latham and Woodard—each in separate patrol cars—parked on Highway 80 West near the Colorado River bridge.

The local policemen had a complete description of the suspect's car. They trailed it immediately as it neared the city.

"We followed the car into town," Latham said, "so we could get 'em under lights before stopping them."

"We didn't have any trouble. We just flashed our police lights," Latham continued, "and curbed them."

Woodard pinned them from behind and my car turned them into the curb at the front.

"They got out. We had 'em hold their hands over their heads . . . then shook 'em down."

Description of the pair fit data received earlier from New Mexico. And FBI agents and Texas Rangers hurried here to question the suspects.

However, after a full day of questioning by the FBI and Rangers, the two men still staunchly declared they were innocent of the New Mexico burglary charge.

"We were on our way to Dallas to look for a job," both See SUSPECTS, Pg. 5

Caddell, Hammond Elected

Two new trustees—Max Caddell and R. Y. Hammond—will begin duties Monday night as members of Colorado Independent School District's board.

The pair was elected to the board Saturday from a list of four candidates that included R. J. Wood and Ed Rothwell.

Caddell and Hammond will fill places formerly held by Lon A. Strain and Thurston Smith. Neither Strain nor Smith were candidates for re-election.

Leading the entire ballot Saturday was Caddell, executive in M. N. Caddell Distributing Company and former president of Colorado City Junior Chamber of Commerce. He received 163 votes.

In No. 2 place was Hammond, farmer-rancher north of Colorado City, with 151 votes—just nine behind Caddell.

Rothwell, employe of Lone Wolf Electric Cooperative, was third in the balloting with 99 votes. Woods, an employe of Col-Tex Refining Company and an unsuccessful candidate in the 1957 school board election, polled 88 votes.

Election returns will be canvassed by the school board Monday night at its regular monthly meeting in school administration office.

See CADDELL, Pg. 5

Four Elected Saturday in Loraine Vote

One official was re-elected and three new faces were named for offices Saturday in two governmental elections at Loraine.

Re-named to Loraine Independent School District board of trustees was Bruce Byrne.

New member elected to the board was Alfred Hackfeld.

Elected to the City Council as new councilmen were J. W. King and Hubert Thomas.

Byrne and Hackfeld were elected to the school board from a field of five candidates. Losing candidates in the two-place race were Royce Mahon, Lynn Hamilton and Jasper Doyle.

A total of 252 votes were cast in the school election. Incumbent T. F. Mathis did not seek re-election.

Holdover school trustees are Plez Beaty, who has served as president of the board; Dr. Joe Terry, board secretary; Gene Baird, Willis Cornutt and Bob Horton.

In the city election, King and Thomas were named to succeed Woodrow Pratt and Herbert Mearse, who were not seeking re-election to the council.

Voting in the council election were 117 persons. Conducting the election were Charlie House, C. E. Walker and Clint McCollum.

Judges for the school board election were Willie Taylor, J. M. Templeton and Wade Preston.

"I GUESS I WAS STARTLED"

Lunge for Pistol at Station Alerted Police for Suspects

"When I woke up, I was sort of startled. And I guess I reached for the gun."

That one move sent police after 24-year-old Thomas Malone Douglas and his buddy, James Joseph Jones, 23.

It happened at a service station in Big Spring late Monday night.

If it hadn't happened Douglas and Jones might not be on the road back to Las Vegas, N. M., to face charges for a \$1,400 garage burglary.

Douglas, whose fur-trimmed jacket collar hid \$600 in cash, spoke readily and easily to a Record reporter Tuesday while awaiting questioning by FBI agents and Texas Rangers at the local Police Station.

He lounged lazily on the steps leading up to City Hall main floor and he recounted step by step his version of his and Jones' arrest by police.

All the time—just like his younger pal—he maintained complete innocence of the burglary for which they were sought.

But he had a hard time explaining the three loaded automatic pistols found in their car. And he never mentioned the \$600 police said they found in his collar, only

"We were going to Dallas to look for work," Douglas said, "I'm an auto mechanic and I have a cousin there who might help me."

The young guy—brown eyed and brown haired—wore a white leather jacket, blue jeans, light blue polo shirt, black and white shoes.

"I was asleep when we stopped at this town down the road (Big Spring)," Douglas spoke.

"My buddy got out of the car," he continued, "and left his pistol on the seat."

"This guy at the service station opened the car door. I was asleep . . . I guess . . ."

Chambers Graveside Rites at Westbrook

Burial rites were conducted Wednesday afternoon in Westbrook Cemetery for Mrs. M.P. Chambers.

Funeral service was in First Methodist Church in Dublin. Mrs. Chambers had resided in Dublin for the last several years.

Her husband died Sept. 24, 1944, with burial at Westbrook.

"Remember," Jones said, "there are two sides to a story."

"They've (police) already stomped my toes so much they hurt like the devil, about that . . . nor about my wife and kids."

"I don't want to hurt them," he ended.

In spite of the 45 mile an hour wind and dust Saturday at the 13th annual ABC Relays in Big Spring — Colorado City citizens turned out to see the Olympic track star, Bobby Morrow and an old favorite, Hollis Gaihey, run.

For our part of the country Easter Sunday dawned bright and beautiful for Easter egg hints, church services and the many house guests, college students and relatives visiting in C-City for the long weekend.

Attending the Easter egg hunt at the Colorado Country Club Sunday afternoon with her son, Jay Boy was Mrs. Jay Adams looking as fresh and pretty as a picture.

Have you noticed anything different at the corner of Eighth and Cedar Streets? . . . Well I have too! — It is that nice, big new home of Mr. and Mrs. Douglas Richardson and sons, Jimmy and Dickie . . . Happy house warmings, Richardsons.

Mrs. Jack McKenney, the former Doris Hargrove, is a new face around Hutchinson School. . . . She recently accepted the teaching position vacated by Mrs. Vernon Hale . . . Mrs. Hale moved to Fremont where her husband is an employee of the Sun Oil Company. . . . Looking at Doris one can easily see why she won so many beauty honors while in college. . . . Good luck, Doris!

Of late, yours truly has made several trips to the Federation library where one is always greeted with the warm smile and helpful advice of Mrs. Boyd Dozier, librarian. . . . She just never seems to tire of the many, many questions.

Speaking of the library, while there, I noticed a beautiful spring bouquet, a windswept arrangement of tulips, iris and bluebonnets, arranged by Mrs. L. L. Comer, a member of the local Colorado City Garden Club. . . . Once a month members of the club present the library with flower arrangements. . . . Isn't this a thoughtful gesture.

IN CHARLES ROOT HOME

Zetagathians Hear Easter Program by Mrs. Latimer

"Art Thou the King of the Jews?" was program topic presented by Mrs. Curtis Latimer last Thursday at the meeting of the Zetagathian Study Club in the home of Mrs. Charles Root Jr. with Mrs. Martin Weaver as hostess.

In presenting the Easter program Mrs. Latimer used excerpts from the "Life of Jesus" by Khalil Gibran and combined those with poetry she wrote especially for the program.

"My friend, you like all other Romans would conceive life rather than live it," Mrs. Latimer said. "You would rule lands rather than be ruled by the spirit. You would conquer races and be cursed by them rather than stay in Rome and be blest and happy."

"You think but of armies marching and of ships launched into the sea. How shall you then understand Jesus of Nazareth, a man simple and alone, who came without armies or ships to establish

with her own verse: "And so may our doubts settle."

"May faith so fill our gulf. "That we, like Mary, will ever say."

"I know, and that's enough," Mrs. W. J. (Dub) Turner was program leader for the afternoon program.

Mrs. H. H. Bodine, president, presided during a short business session and members voted to postpone the spaghetti supper until next fall.

The hostess served a dessert plate to one guest Mrs. Clarence Collins and the following members: Mrs. Latimer, Mrs. Bodine, Mrs. J. S. (Jay) Craddock Jr., Mrs. Trevor Crawford, Mrs. Eldon Mahon, Mrs. Sam L. (Buzz) Majors Jr., Mrs. W. S. (Bill) Rhode, Mrs. Bob Robinson, Mrs. Root, Mrs. O. B. Trulock Jr., Mrs. Turner, Mrs. Don Meecey and Mrs. Earl Clary.

Mrs. Bob Robinson will host the next meeting in her home April 17.

ful and extravagant state expenditures before even contemplating the leaving of new taxes.

"Out of the visits with the citizenry of this Senatorial District, it is my true and genuine belief that the most fundamental desire of the majority of the people is that King-makers and lobbyists of the CIO - AFL not dictate the policies of State Government or control the political future of Texas. I unreservedly pledge to defend the structure of our political system and the operation of our state government against the potential invasion of stooges and candidates selfishly sponsored by the Political Action Committees of Walter Reuther.

"The people of this district extended me a great honor by allowing me the privilege of serving the unexpired term of the late Senator Harley Sadler. My family and I are deeply grateful for the many experiences of friendships which were afforded us through this opportunity of public service. It is our deepest hope that my conduct as State Senator has never and will never cause embarrassment or disappointment to any of the people I represent.

"I respectfully and humbly ask the voters of the 24th Senatorial District to allow me a second term in the State Senate and prayerfully pledge that I will serve faithfully and honestly and will cast my votes in every instance in a manner in which I believe to be in the best interest of the majority of the people," the statement concluded.

SLOAN LEAVES RECORD

Bell Returns to News Editorship

Bill Sloan, news editor of the Colorado City Record for the past year, resigned this week to continue his newspaper work in the Dallas area, according to an announcement by Roy Fox and Joe Bell, Record co-publishers.

Sloan formerly edited publications at North Texas State College and is a freelance short-story writer.

Bell resumed his post as editor after having spent the past year and a half in the advertising and business departments.

Following an extended leave of absence from the Record staff, Fox recently returned to the paper's advertising and business departments. For the past year and a half he served as southwest manager of Moran & Fischer, Inc., organizing Texas Weekly Major Markets and pioneering development of national advertising and research in the non-daily newspaper field.

He is succeeded in this position by Frank J. Catka of Dallas, former advertising manager of the Weatherford Democrat.

Mrs. Joe Gunning recently became the Record women's editor, succeeding Mrs. Melvin Baumann.

Joe Boatright, member of the Record staff for more than seven years, will continue as advertising salesman and sports editor.

Mrs. Charles E. Summers has served as bookkeeper for the paper for the past year and a half and retains that position. She also handles classified advertising.

The present Record staff is completed by members of the composing department: Austin Muckleroy, machinist; Orville Linder and Adam Ramos, linotype operators, and Joe Landeros, printer.

The entire staff, with one exception, has lived in Colorado City for several years. Six are home owners.

Monsterepiece

A celebrated villain in Scandinavian folklore, this troll turns a snoggle-toothed grin toward its owner, Mrs. Hans Stackegard of Oconomowoc, Wis. The doll was sent by her mother, Mrs. Ingeborg Pihl of Hagfors, Sweden. Equipped with long white hair, black-tufted tail and furry feet, the doll is a representation of mythical figures from many stories, including Ibsen's play, "Peer Gynt."

TIGERS FAVORED TO REPEAT

Wolf Trackmen Try For Title Tonight at Snyder

Colorado High track team will attempt to use its strength in the relay events to take the District 3-AAA field and track championship tonight at Snyder.

Preliminaries in the conference meet were run at 2 p.m. Thursday with the finals slated to start at 7 p.m.

Prelims were held in the 100, 220 and 440-yard dashes, plus the high and low hurdles.

Snyder is favored to repeat as champions, mainly on the strength of its fine hurdlers, Bud Morgan and Rex Wilson. In last year's meet, Snyder tallied 56 points with Colorado City finishing second with 40 points. Lamesa was third with 25, Lake View fourth with 11 and Sweetwater last with 10.

It was Wilson and Morgan who paced the Tigers to the crown last year. In both the 120-yard high hurdles and the 180-yard lows, Morgan finished first, Wilson second and Powell Berry third.

Morgan set a mark of 14.6 seconds in the highs and 19.5 in the lows.

Morgan's winning time in the lows was 19.5 seconds.

Wilson will be favored in the highs this year due to his 14.5 time and also will be favored to repeat as high jump champ. He won the event last season with a 5-11 leap.

Snyder has added strength in the hurdles in John Ward in the highs and Stanley Wolever in the lows. They are expected to make clean sweeps in both hurdles.

Colorado City won both the sprint and mile relay events last year with Bancker Cade, Don Black, Lucky Merket and Delbert Lewis winning the sprint relay in 4:42 while Cade, Black, Lewis and Don Powell combined on the mile event to win in 3:40.5.

Cade, Black and Merket are back this year. Joining Cade and Black in the sprint relay will be Freddie Womack and Paul Free, both faster than the two on the team last year.

On the mile relay will be Cade, Black, Raymond Weaver and Bancker's younger brother, Buzz Cade.

Wolves' roughest competition in the sprint relay is expected to be Snyder's foursome of Wilson, Morgan, Ward and Lynn Atkinson.

Wolves' Bancker Cade, who won the district 440 last year in a time of 52.65, won't run that event this year. Coach Dean King has him entered in the 220, the relays, plus the broad jump.

But both weight men have departed for college circles.

King will pit Barton and Jerry Lady against the high hurdles field while Smith, Lady and Truman Stinson give it a go in the lows.

Merket, Womack and Free will run the 100-yard dash while Womack, Free and Cade run in the 220.

In the quarter mile range, Black, Weaver and Don Welter will run for the Wolves. Snyder, Lamesa and Sweetwater all have outstanding quarter-milers.

In the 880, John Johnson, Mike Wheeler and Merket will

49 Sixth Grade Boys Turn Out For Spring Football Sessions

Almost half a hundred sixth grade boys donned football equipment this week for a two-week spring practice session.

Coach Homer Jefferson said Thursday that he was well pleased with the response and said the spring practice would help greatly when the boys start playing for the seventh grade this fall.

Coaches Ron Gurley and Bob McMillan are working with the Hutchinson School group, stressing fundamentals during the first week.

The gridlers will be given a few basic plays next week, McMillan said, and a scrimmage held Friday, April 18, with the squad divided into two groups.

Boys reporting for workouts are Winston Smith, Jerry Davis, Joe Anderson, David Taylor, Jerry Hardegre, Jimmy Miller, Denzil Ray Pendergrass, Barry Lambert, Tommy Melton.

Buster Lee Jernigan, David Earl Taylor, Tommy Costello,

run while Mike Schoolcraft and Robert Womack run in the mile.

Black and Stinson will be entered in the high jump while Black, Bancker Cade and Merket compete in the broad jump.

Stinson, Schoolcraft and Merket are the Wolves' pole vault entries.

Wolf Netmen Battle For District Crown

Colorado High School's tennis team will be among the favorites for the District title Saturday when they take on opposing teams at Snyder.

Bob Rader, C-City's sophomore whiz, will be a heavy favorite for the A singles crown.

Coach Larry Morton's team has been sweeping aside all opposition in the last couple of weeks, winning matches against Big Spring and Snyder.

In the last meeting between C-City and Big Spring the Wolves won 5 matches to 2.

Last week, the local racketmen whipped Snyder 9-2 here and then slashed the Tigers 6 matches to 3 in a return bout in Snyder.

At the recent Big Sandie Relays in Amarillo, Rader won several matches before losing to the 4th-ranked schoolboy player in the nation from

Walter Darden, Randy Taylor, Leon Sweet, Danny Kenemur, Bill McGuire, Joe Ornelas, Perry Chastain.

Charles Ray Watlington, J. K. Connell, Jerry Erwin, Ronnie Rothwell, Michael Adams, Charlie Rocha, Phil Ball, Harry Barnfield, Wayland Moore, Dale Walker, Gene Normand, Earl Robinett.

O. D. Treadaway, Ronnie Lightfoot, Herman Ornelas, Gregory Castillo, Jimmy Mahon, Raymond Castillo, Larry Blasingame, Richard Smith, Robert Martin, Ernest Welter, Robert Davis, Bill Boren, Joe Wallace, Kenneth Pierce, J.D. Cathcart, Norman Sanders Jr.

Lorraine Girls Win Volleyball Crown

Lorraine High School girls are wearing the District 16-B volleyball crown now.

They won it at the District Meet at Fluvanna after whipping Hermleigh girls 15-13 and 17-15, then Fluvanna, 15-0, 15-9.

Vance Dickenson, girls' coach, used the following girls to win the title. They were Patsy Hudgins, Margie Moore, Carolyn Baumann, Wanda Moore, Gloria Richards, Bertha Galvan, Virginia Cain, Dorothy Galvan and Judy Hudgins.

SPRING TRAINING, APRIL 21

Over 70 Boys Sign Up For Wolves Football Practices

Over 70 boys are signed up for spring football practice with the starting date still 10 days away.

Head Coach Homer Jefferson said he had received very good response in the preliminary sign-up and expected several more boys before starting day.

The spring grid practice will last three weeks with intra-squad games set for each Saturday.

Jefferson will be aided in the coaching duties by assistants Dean King and Ron Gurley.

Included in the list of training prospects are seven lettermen, six of whom starters at the last of the 1957 season. That includes both tackles — Kenny Simmons and Raymond Weaver; end — James Shoemaker; halfbacks — Lucky Merket and Fred Womack; fullback — Dickie Richardson; quarterback — Bobby Caffer.

Caffer, who was injured during the season last year, is expected to perform on the line this year.

Jefferson's main problem during the 21 days will be finding a quarterback to guide the Wolf machine next season.

Among the top prospects are squadman Don Welter who moved in from Sweetwater last year; Kerry Kendrick, who moved here from

Stamford and Jerry McKay, a ninth grade performer this past season.

In addition to the seven lettermen, 33 other boys already in the high school have indicated they want to play.

They are Kendrick, Mike Hannum, Jay Allen, Bill Davis, Danny Maples, Robert Boney, Larry Hardecastle, Jack Davis, Buzz Cade, Mike Schoolcraft, Dwayne Spivey, Robert Womack, Mike Wheeler, Raimondo Lujan, Welter, Nick Martinez, Joe Carrasco, Phillip Bates, Carl Rhodes, Freddy Harrison, Billy Bobo, Jay Shimer, James Reeves, Dewitt Hardin, Ronnie Feaster, Hunter Mann, Floyd Owens, Ray Dillard, Steve Smith, Danny Fisher, John Johnson, Gary Yancy and Louis Hannum.

Twenty-five boys on the ninth grade team who will be in high school this fall, are on the list.

They are Lonnie Robertson, Joe Weaver, J. Luera, Gary Lambeth, Luke Harrison, Charlie Roach, R. Mills, J. L. Soles, Harold Hendley, Joe Tarter, Gary Lightfoot, Alex Campbell, Red Lemons, Perry Loveless, McKay, Ronnie Stacy, Don Vest, Buddy Compton, D. Thomas, C. O'Daniel, L. Lewis, Bobby Stewart, Douglas-Hodges, J. Laurens and G. Hale.

Seven fine prospects from Silver Junior High will be making their debut on the Wolf football team this spring in preparation for next fall's schedule.

They are Larry Lindsey, Bill Newell, Jimmy Palmer, Wayne Reed, Jerry Jameson, Glen Alridge and Rusty Whitaker.

Cawthron Voices Complaint

Jimmy Cawthron of Colorado City said this past week end that a "fight" seems inevitable before football is dropped at Sul Ross College.

Cawthron, a football tackle on scholarship at the Alpine school, didn't mean actual fistfights, but a stiff verbal battle between D. Bryan Wildenthal, college president, and the Sul Ross Ex-Students Association.

Cawthron, a 220-pound tackle who was a standout on the Wolves' great 1954 grid team, was among the group of college athletes who participated in a downtown demonstration recently, urg-

ing the college to keep football and Head Coach Moe Hedrick.

Hedrick, who was formerly coach and supt. of schools at Roscoe before going to Sul Ross resigned his post following the controversy over the cost of the athletic program of Sul Ross.

Wildenthal claims that Sul Ross can't support three major sports — football, basketball and baseball — and that the college lost \$58,000 in the athletic program last year.

The college prexy claims that football accounted for 62 per cent of this loss.

But the Ex-Students Association claim that the actual loss was only \$10,108.20 after a check was made with the college business office.

Hedrick says dropping football would hurt Sul Ross and the city of Alpine tremendously. He wrote 20 reasons why football could not be dropped and presented them to the Athletic Committee in March.

In addition to Hedrick's resignation, Basketball Coach Moom Mullins quit recently to enter the sporting goods business in Alpine.

Coach Howard McChesney, the lone coach left at Sul Ross, says the school will have to drop out of the Lone Star Conference if they drop football.

The student body, as expected, is very much against dropping the grid sport.

Cawthron said the issue will probably be settled this summer at a meeting of the Board (See CAWTHON, Pg. 5)

Lessons For Public Service

Three familiar faces will be missing Monday night at City Council and School Board after the two governmental bodies canvass and certify recent election results.

Leaving the School Board will be Lon A. Strain, the Cuthbert rancher-farmer, and Thurston Smith, the Buford gin manager.

Missing from the council will be Jeff Taylor, local lumber supply manager.

All three decided not to seek reelection and, thus, were not candidates in their recent, respective elections.

Between them, the three have contributed a total of almost 20 years of public service to their community. That's quite a mark in good citizenship.

But even more important is the fact that all three have contributed outstanding service — not just ordinary duties.

Continuing of confidence within the rural areas for more efficient education program in the consolidated Colorado Independent School District can be traced in a large part to the work and service of Strain and Smith. At

the same time they have given leadership to two huge balanced building programs for more adequate school facilities.

Within the environs of his council duties Taylor also has allotted hundreds of hours for his community, providing both workhorse service and leadership in dozens of programs for a better city.

Certainly, decisions made in public service by these men could not satisfy all citizens. At times, not even the majority. That could not be expected.

But their service has been marked with the highest type integrity. And newcomers — replacing them now on these important governmental bodies — can take a lesson in public service from their records.

Growing Up

Shoppers are taking notice of Certified Monday Values which numerous Colorado City retail firms now are promoting each week.

And the result is increased shopping every Monday—plus more retail sales, according to more and more firms.

The favorable reports from firms offering Certified Monday Values are an example of the good merchandising that can come from unified promotion.

Certified Monday Values, for sure, are only one phase of retail promotion. But the shopping feature is certainly a step in the direction of progress.

Notice the concern for retaining healthy business conditions for downtown shopping areas in cities larger than Colorado City. Notice the accent in these cities—and in all those surrounding this trade territory—for merchants to pool their efforts for retail sales.

The time has long passed when a merchant's competition is next door or across the street. Mr. Retailer's real competition is out of town.

And the best way he can beat that competition is joining with his fellow businessmen and promoting the advantages of local shopping.

Behind Front Page

By Record Staff

FEW RACES have received as thorough a postmortem analysis as the 100-yard dash between Bobby Morrow and Dave Sims Saturday at Big Spring's ABC Relays.

Coaches, writers, athletes and fans have dissected the race into a dozen ifs—individual conditioning, wind and balance, quick and slow starts, even diets before racing.

And it all has been in the headlines. BUT THERE'S A behind-the-scenes story concerning the relays that should interest Colorado City fans.

It concerns Hollis (The Hoss) Gainey, a hard luck lad if ever there was one.

More than one spectator at Big Spring Saturday was startled at apparently the easy manner in which Bill Woodhouse, the ACC speedster who beat teammate Morrow in the 100, breezed past Gainey in a sprint relay event.

MOST SPECTATORS didn't know — and still haven't been told — that Gainey is painfully crippled.

So he hobbles up the starting line when ever the Texas team needs him.

Starting from the usual sprinter's position is especially painful to Gainey... and that's why in the last few weeks he has been used only sparingly in certain relay events.

JAYCEES BURNED midnight oil of late as they worked around the clock to prepare special scrapbooks for Texas Jaycee competition in work projects.

Into the mails just before deadline Wednesday went three huge books — the compilation of detailed records of 1957 projects in agriculture, Civic House profits and public affairs.

DON'T BE SURPRISED if at least one is a winner among all other entries from Texas Jaycees. For the local organization has a habit of carrying out work projects that are tops not only within the state, but for the entire nation.

In state competition last year local Jaycees also submitted reports on three key projects. Two of those won first place.

The two state winners — agriculture and Americanism — then earned No. 1 and No. 2 honors, respectively, in the nation.

BIBLE COMMENT

Christ's Living Shows Planning

Lately we hear a lot about something theoretical; it was a matter of direct action. It is a grave question whether in our modern religious work we have not gone too far from this basic method, depending upon brilliant sermons, mass movements and various other factors, all worthy enough in themselves, to do what can be done only by more direct, personal contacts.

The 70 men whom Christ sent out evidently went into individual homes as a modern pastor. Their work was not to get crowds to listen, but to do the patient quiet work of preparing the ground for the seed the Master would sow.

This wasn't easy. Christ compared the men to lambs going forth into the midst of wolves. But what a marvelous tribute He paid them — these chosen, devout souls — when He said, "Blessed are the eyes that see the things that ye see."

Opposition Slow to Show Against Incumbent Senators

By VERN SANFORD

It's a comparatively dull season at the State Capitol now. About the only noticeable "sound and fury" is generated by the workmen putting air conditioning in the legislative chambers and building new state structures nearby.

Last year at this time the Capitol was a turbulent arena. Lawmakers' pounding debates, electric disclosures and close votes kept galleries filled, committee rooms jam-packed.

Now the lawmakers are scattered. But state issues are being decided elsewhere. Next year's legislators are out "talking with the people to see how they feel."

They're at the church suppers. PTA carnivals, civic club luncheons, lodge nights and cemetery "workings." They're feeling out support, asking questions, making commitments — in your town.

Answers they get and commitments they make now will, in large measures, determine how the close votes go this time next year.

SMALL TURNOVER POSSIBLE — Prospect now is mostly for familiar faces at the legislative desks next January.

Barring a sudden rash of announcements, at least two-thirds of house members and nearly 90 per cent of senators will be old hands.

Latest statewide survey by the Texas Legislative Service shows only three senators — Otis Lock, Searcy Bracewell and Carlos Ashley — vying out of politics. There'll be a scramble by House members for those seats.

Of the other 12 senators up for re-election only one, at last count, had an opponent. Remaining 16 in the upper house are having a "breather," since only half of the senate runs each two years.

House of Representatives generally has a large-scale assault on incumbents every election, and about a 30 per cent turnover.

Less upheaval seems likely this year. Only about 20 representatives are not seeking re-election, including those running for the senate. Of those running for the house again, or still undecided, only about 30 have announced opponents.

A question mark enters into race decisions this year. Whether or not legislators will have annual sessions and annual salaries will not be decided until the constitutional amendment is voted on next November — after the primaries. For some the prospect of \$7,500 yearly is a lure. Others don't like the idea of having to be away from homes and businesses a good part of every year.

AT LAST — Spring has finally sprung in Texas employment, bringing the long-awaited seasonal pick-up in jobs.

Texas Employment Commission's latest report, for the first time since Dec. 20, showed a significant decline in the number of unemployed compensation claims. Drop was from 92,435 to 89,326.

TEC said some 14,974 claimants had exhausted their benefits during January and February. Maximum

allowed is \$28 a week for 26 weeks.

GROW WITH US

Some 3,000 major new factories will locate somewhere in the South within the next 10 years.

In reporting this prediction, Gov. Price Daniel urged the state's new Industrial Commission to get in and pitch for a Texas-sized share of the incoming wealth and job-making industries.

Chairman E. B. Germany of Dallas said the commission would accept the challenge. He said the commission would study industry, attracting techniques of other states and prepare a brochure on Texas' advantages.

Chief among these, said Germany, head of Lone Star Steele, is a "healthy attitude" among Texans toward industry.

Commission members serve without salary and without state funds to pay for projects. Several hundred dollars in donations have been received.

If voters next November approve an amendment removing the ban on state-financed advertising, the legislature can appropriate money for this purpose.

"MAKE IT PAINLESS" — Tax talk towers over other topics in the build-up for the 1959 legislative session. West Texas Chamber of Commerce has added a new idea to the stacks of proposals and counter-proposals.

Though taxes are a prime campaign issue, legislative candidates are treading delicately around the subject. One said in his announcement that he opposed a general sales tax and a state income tax and that "if additional taxes have to be levied, let's make it as painless as possible."

Cotton May See Better Market

By JOHN C. WHITE, Agriculture Commissioner. Although 1957 will be happily recalled by Texans as "the year the drought was broken," it will also be remembered by everybody in the cotton industry as the "trouble year."

The trouble with cotton didn't miss anybody. It ranged from the farmer to the processor and on up to the government.

The farmer probably suffered more and lost more than anybody. His troubles started back in the spring at planting time, although he certainly didn't complain, because who could complain about rain at that time? But anyway, the rains came and washed out what had been planted or else delayed planting by precious weeks.

When the cotton finally got planted, the farmer thought he had it made. And it did look good for awhile, although it would have helped if some of that spring rain had waited until mid-summer to show up.

The rains did come back, though — at harvest time. And they were still ginning cotton in January as a result.

being presented to the State Tax Study Commission. It suggests making available for general use some of the unused balances tied up in the state's more than 100 special funds.

AFL-CIO says stricter application of present property tax laws might solve the problem without enacting new levies. "Proper enforcement," said a labor spokesman, would tax not only real estate, but bank deposits, boats, bank shares, stocks, etc. AFL-CIO had previously suggested a corporation income tax to meet the state treasury's expected need for more than \$100,000,000 in additional revenue.

Business groups, generally, have opposed the corporation tax, saying it will hamper Texas' industrial development. Some have proposed a general sales tax.

Tax Study Commission already has issued two of a series of 8 to 10 research reports to lawmakers for tax decisions. A third report, on how tax money is used and what future needs will likely be, is due later this month.

Though taxes are a prime campaign issue, legislative candidates are treading delicately around the subject. One said in his announcement that he opposed a general sales tax and a state income tax and that "if additional taxes have to be levied, let's make it as painless as possible."

IN NUTRITION SERIES

'We Are What We Eat' Club Members Are Told at Landers

MRS. C. N. STUBBLEFIELD, Record Correspondent
LANDERS — Members of Landers Home Demonstration Club were told at their recent meeting that "we are what we eat."
 The speaker was Miss Ellen Harvey, Mitchell County home demonstration agent. Topic for her talk was "Food to Prolong the Prime of Life."
 Miss Harvey pointed out the need for proper nutrition in daily diet for good health. She emphasized her talk with a chart listing foods necessary every day for proper diet.
 "Most folks do not receive enough milk and protein foods," she reported.
 The agent said nutritional meals each day are the key to more healthful bodies. And after reaching the age of 30, persons should slow down in their work pace, she said.
 The Landers HD meeting was conducted in the home of

Mrs. Bruce Byrne with Mrs. Charles Stubblefield and Byron Stubblefield, president, in charge of the session.
 Club prayer was spoken by Mrs. Odell Fuller. Roll call was answered by members relating their favorite cookie recipes.
 Welcomed as a new member of the club was Mrs. Ed Roach.
 Mitchell County Home Demonstration Council report was made by Mrs. Odell Fuller, who also announced the April 17 date for the district HD meeting in Big Springs First Christian Church.
 Refreshments of coffee, soft drinks, cake and cookies were served by the hostess, Mrs. Byrne, to Mrs. Charles Williams, Mrs. Howe Mayse and Miss Harvey, guests; Mrs. Roach, Mrs. Charles Holman, Mrs. Fuller, Mrs. Sidney Compton and Mrs. Stubblefield, members; and the following children — Jim and Bill Holman, Chip Mayse,

Recent visitors in the Dave Stubblefield home were Mrs. C. N. ON INCOME RETURNS

Local Taxpayers Making Errors

Taxpayers in Mitchell County area are making the four all-too-common errors in their income tax returns.
 That's the report from Ben Hawkins of the Internal Revenue Service, Big Spring.
 Hawkins said the errors are failure to print or write legibly, forgetting to sign, not reporting all income and mistakes in arithmetic.
 "And three out of 10 taxpayers who make major arithmetic errors pay too much tax or select the wrong tax from tax table," he said.
 "Unreported income often stems from bank bearing interest," Hawkins said, "because taxpayers with time deposits frequently overlook the bank credits to their account."
 "Also, we find taxpayers forgetting that some of the money received when they cash E bonds is interest in-

come if the bond has reached interest-bearing life."
 Dependency errors, especially those involving working wives, are "all-too-common" on 1957 returns. According to IRS, some working wives earning less than \$600 file separate returns to get a refund on their withholding tax. This separate filing actually costs the couple money, because the husband cannot claim the wife's exemption.
 "These couples," Hawkins said, "should file a joint return, and when joint returns are filed both parties must sign the joint return."

Although he changed his vocation later to go into police work, Gunnink retained much of his baking knowledge and was consulted by Bowman Biscuit Company in the release and promotion of their new product.

According to Gunnink, Jan Hagel, a tasty spice and almond cookie, has been known in the Netherlands since before 1812 when the Dutch were at war with Napoleon. Impressed with the fine quality of Supreme Bakers' new Jan Hagel, Gunnink secured a special carton direct from the Denver baking firm, to send as a personal gift to relatives and close friends in Holland.

FIRM'S 56th ANNIVERSARY

Penney Store in Birthday Event

Store No. 1210 in Colorado City joined J. C. Penney stores from coast to coast in every state of the union today in celebration of the 56th anniversary of the founding of Penney Company.

In each Penney store, whether in a city like Dallas or smaller town like Colorado City, the founder has instilled a "hometown" atmosphere with the same neighborly spirit and dependable values that marked the success of the first Penney store more than a half a century ago.

In 1902, James Cash Penney opened a cash-and-carry store in a little frame building in the frontier coal mining town of Kemmerer, Wyo. He invested his entire savings — \$500 plus \$1500 he borrowed to buy a one-third interest in the 25 by 40 foot store.

Population of Kemmerer was 1,000. Penney had rejected an

opportunity to manage a store in Ogden, Utah, a "metropolis" of 35,000, because he understood small-town folks; knew their needs and how to serve them; sympathized with their desire to "live simply, but well."

Penney called his store the "Golden Rule Store". His idea was to apply the Golden Rule philosophy to business. He knew it meant pioneering a new merchandising idea, radical in the cut-throat competition of the early 1900's.

Key to the Company's phenomenal growth has been its basic policies and operating methods. These are substantially the same now as they were in Mr. Penney's first store in Kemmerer — value, quality and satisfaction.

The Company continues to reward its men and women who are called "associates," rather than employees — through participation in the profits of the business.

While each store adapts itself to the needs of the community it serves, the Central Office in New York is geared to provide whatever a Penney store needs.

There is a staff of nearly 250 buyers — each an expert in his field who knows his product from the raw fiber stage, through the designing processes of manufacture of the finished product.

Double checking the buyer's knowledge is the Penney Company's textile testing and research laboratory. This laboratory, one of the largest and best equipped of its kind in the United States, conducts exhaustive tests on new merchandise to see that it is up to Penney's rigid specifications. It conducts more than 40,000 tests yearly.

(continued from Pg. 1) of Regents. "The trouble is that majority of the students won't be around to have a say in it," Cawthon added.

"And the ones like me who are counting on an athletic scholarship will just drop out of school," the bearded gridder said.

(The beards are another sign of protest against the move to disband football)

Easter Guests

Mrs. John Horton and son, Johnny, and a guest, Than Noll of Corpus Christi, were Easter holiday guests at Loraine in the home of Mrs. Horton's mother, Mrs. Alfred Richey.

TO AVOID TRAGEDY

New Warning for Kid Kite Flying

Texas Electric Service Company Thursday appealed to parents to caution their children about flying kites near electric wires.

"The windy season brings kite flying time and this traditional sport is one that is lots of fun for children. If it is done safely," A. L. McSpadden, TESCO manager, pointed out.

Mrs. Linam Entertains North Club

LORAINÉ—The North Loraine Home Demonstration Club met in an all-day session April 3 in the home of Mrs. Jack Linam, five miles north of Loraine.

Mrs. Linam, club president, presided at the business session and Mrs. Harold Hallmark led in the club prayer.

Roll Call was answered by each member giving a re-decoration hint.

Mrs. Linam gave the council report and discussed the plan of work recommendation for the club to do.

Coffee and cake were served to the men returning from the rabbit drive at 4 p.m.

Those present were Mmes. Roy Wells, O. J. Hamrick, Willie Taylor, J. E. Price, Floyd Richey, Alvie Bennett, Raymond Wheeler, Harold Hallmark, Frank Brame and two visitors, Mrs. Robert Wright and Mrs. Doyle Hester.

The next meeting will be in the home of Mrs. Price on April 16.

Mary Martha Class Has Meeting

LORAINÉ—Mary Martha Sunday School Class of First Baptist Church met in the home of Mrs. Raymond Wheeler last Thursday, its monthly worship and social hour.

Meeting opened with prayer by Mrs. Woodrow Pratt. Mrs. Wheeler brought the devotional, reading the Easter story from Luke.

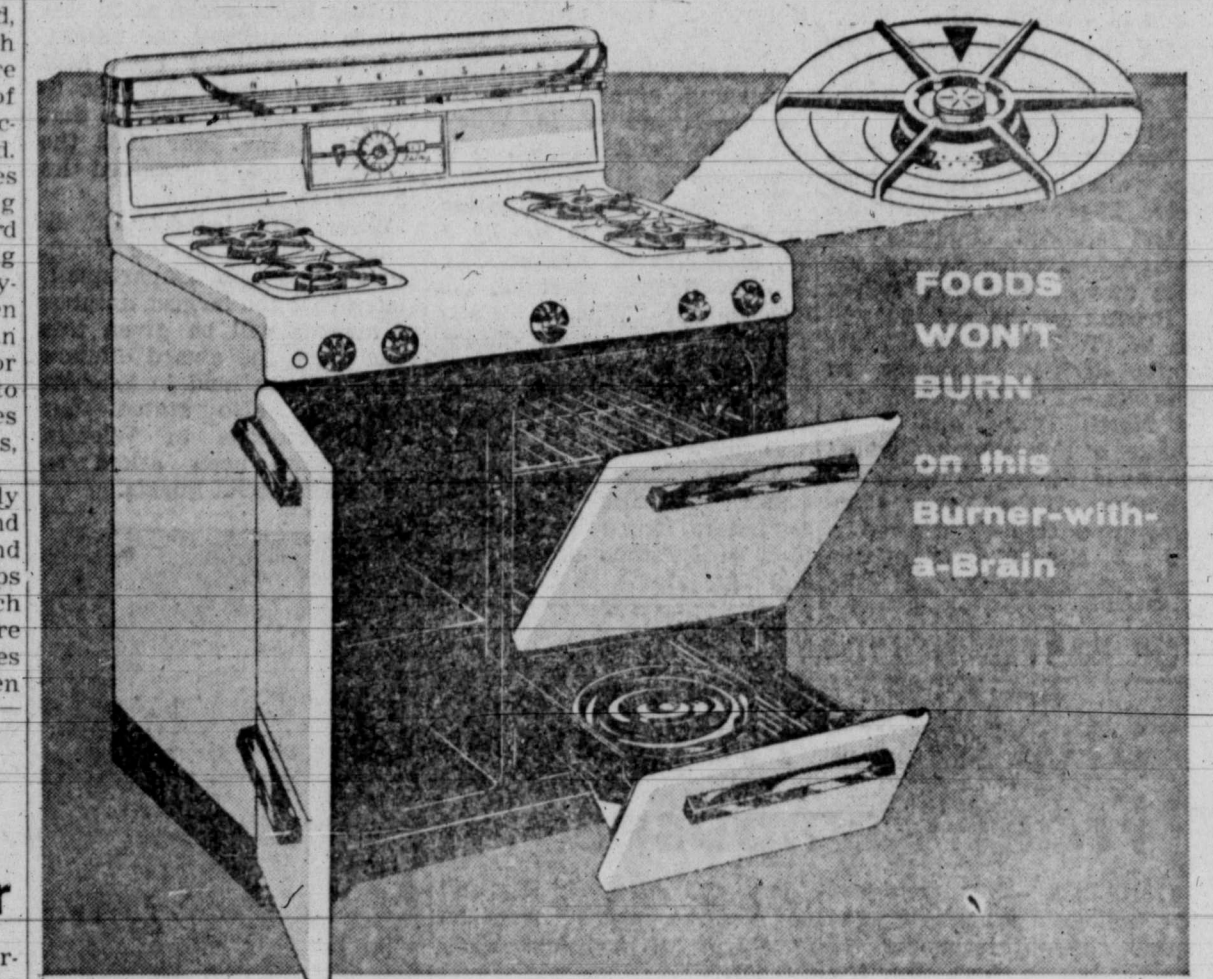

Mrs. Cline Taylor led the Bible study concerning the life of Mary Magdalene.

During the business session conducted by Mrs. Lane McCollum, president of class, Mrs. Harold Hallmark was elected secretary to replace Mrs. Ira Beights, who resigned.

Mrs. Pauline Smiley dismissed the meeting with prayer.

"If kites are made right and flown right, kite flying is an enjoyable wholesome sport." To further impress children that safety is all-important in kite flying, Texas Electric Service Company is providing posters for all school bulletin boards and announcements for school principals.

The Mellow Larks, featuring Cecil Scott as tenor, Bruce Steward as lead, Jim Hanks as baritone and Roy Davis as bass, will

render several selections. Included also will be Glen Kelley and his Rock-A-Billies playing and singing rock and roll and hillbilly numbers.

The dinner being held in Wichita Falls is one of 36 this month throughout the nation. The dinners have been held each April since 1938 due to the fact that it was in that month of the year 1902 the Texas Company received its charter.

Wiley, who is assistant division manager of the North Texas Pipe Line Department, states that the largest number of awards will be given this year since the award dinners started being held in Wichita Falls. He also stated that several citizens of Wichita Falls have been asked to attend as special guests.
