PORTALES, NEW MEXICO. THURSDAY, OCTOBER 25, 1928

NUMBER 1

J. S. Vaught, The Family Man.

From the above picture you will see that J. S. Vaught, democratic nominee for U. S. Senator is a real family man. Since entering the race for Senator, Mr. Vaught has gained in popularity over the state, and his election is predicted by a good majority.

Santa Fe Starts Survey on Lubbock Hobbs Branch

Lubbock, Texas, Oct. 22.—The Lubbock Journal said today that a group of engineers employed by the Santa Fe railroad, headed by J. W. Stewart and J. T. Ervin of the Chicago engineering department of the rail system, today began an extension of the Lubbock-Seagraves branch of the Panhandle-Santa Fe lines towards Hobbs, New Mexico, scene of the latest Southwestern oil strike.

Although J. C. Barton, of Slaton, division superintendent of the Panhandle-Santa Fe, refused comment, authoritative information, the paper said, adds that a new townsite, about 20 miles southwest of Seagraves, will be traversed by the new line.

Survey of the extension came immediately after announcement that the Pure Oil company had made a location for a deep test in section 110, block H, Gaines county, 10 miles south of Seagraves. One producing well already has been drilled in the Hobbs, N. M., area, and several other tests are under way.

A rail line connecting Seagraves and Hobbs would be about 35 miles long.

The Famous Celebrates Their Third Anniversary

Just three years ago, Dave Isenberg, came to Portales and opened his store. In this short time he has made a wonderful success. He only has been a success in business, but he has made many friends.

His object in holding these anniversary sales prove his appreciation for the cooperation the people have given him.

During these Birthday sales he offers outstanding bargains. On another page of this paper you will find his large ad, read it and take advantage of the wonderful bargains.

Sheriff Arrests Suspect of Roswell Burglary

On Monday of this week, Sheriff Pounder arrested Jack O'Connor, on a charge of theft of a gold watch from Judge Wallis, of Elida. Upon searching the prisoner he was found to be wearing a red sweater under his shirt which answered the description of the one stolen from the Roswell Laundry on Wednesday of last week, at the same time that their safe was burglarized.

O'Connor registered at the Elida hotel under the name of Jack Stode, but gave his name as O'Connor to the officers.

He is being held in the Roswell County Jail on the former charge, and will probably be charged with the burglary of the Roswell Laundry as well.

Rev. T. B. Sowell, New Pastor of Methodist Church

Rev. T. B. Sowell, the newly appointed pastor of the Methodist church arrived with Mr. Bradberry from Cleburne, Texas, last Friday.

On Sunday at 11 o'clock Rev. Sowell preached his initial sermon to a large and appreciative congregation.

Mrs. Sowell came in on the train Sunday and returned with her husband and Mr. Bradberry to Cleburne Monday. They will return next week and take up the duties with the local church for the coming year.

Woodmen of the World To Hold Large Initiation

Priest C. High, state deputy for Arizona and New Mexico, is now in Portales, and will hold the initiation for a large class on the night of November 2nd at the I. O. O. F. Hall.

After the initiation refreshments will be served.

The Portales lodge has been inactive for some time, and is now reviving, and with the increased membership, Portales should have a real camp of Choppers.

Many of the old timers are Woodmen, and have received protection for many years. The News editor has been a member for nearly thirty years, and still holds his original policy.

P. E. Jordan Has 500 Acres Wheat

On the P. E. Jordan ranch near Redlake, there is 500 acres of wheat, which is now looking fine.

The Jack rabbits have been enjoying quite a feast on this crop, so on Monday and Tuesday of this week, late in the evening, Herman Luper, Louis Smith, and Albert Partin have participated in a real rabbit hunt, bagging 132 on the first evening and 257 on Tuesday evening. The shooting was done from a Model A Ford roadster.

Circus Excuses

Mr. and Mrs. Dave Isenberg attended the circus at Clovis Tuesday night. Dave says that he would not give one cent to see a circus, so he borrowed two excuses from his brother, Sam, to attend.

The News came near losing its Lino-Op. Tuesday night when the red headed clowns came out in the ring. It looked like he was going to join up with them, and take the saw dust route.

Without any excuse whatever, Miss Elizabeth Hancock and Jack Turner took in the circus Tuesday night—sideshows and all.

Yes, the editor and wife attended the circus—they had a fifteen year old excuse along.

Portales was well represented at the circus, but the News will refrain from telling that J. R. Shock was among the visitors, as it would reflect upon his dignity as County School Superintendent. There were several dozen others there with and without excuses. By the way, Miss Hazel Todd, Miss Bulah South, Miss Betty Hoover and J. Clint Fairley were also present. No excuse at all.

Mr. and Mrs. R. L. Yoachim had a perfectly beautiful excuse, Lucy Pay Yoachim.

Fields & Bonner Have New Window Signs

This week, Fields & Bonner have treated their store to new window signs in gold leaf, the work being done by Malcom Trout. These signs are real classy, and give this store a metropolitan air.

Senator Bronson M. Cutting To Speak Friday Night

Again on Friday night, the people of this section will have the opportunity to hear United States Senator Bronson M. Cutting, at the high school auditorium. There is no man in the state who has been in the public's eye for the past year, more than Senator Cutting, and he will give you the republican side on the political issues.

Portales Chamber of Commerce Indorse Const. Amendment

The above proposed amendment to the Constitution of the State of New Mexico was under discussion at the Tuesday luncheon meeting of the Portales Chamber of Commerce, and after such discussion, the undersigned were appointed as a committee to further consider said amendment and make a public statement relative thereto, which they do as follows:

It appears that there exists such a legal doubt as to the authority to issue oil, gas and mineral leases under the law as it exists at present, owing to the fact that when the enabling Act providing for statehood for New Mexico, and the adoption of the present constitution, apparently only grazing leases were in contemplation, and that since the discovery of oil and gas on the lands granted and confirmed to the state of New Mexico, is now a very important matter to the citizens of the state, it becomes very important to settle all question as to the authority of the State to lease its lands for oil, gas and mineral development.

We cannot expect those who have the money and would be willing to expend large sums in an effort to develop our oil, gas and mineral lands, to do so, unless they are assured that they have a legal lease when they begin the development. We can not have this development unless large sums of money is expended.

As this amendment simply would empower our Legislature to pass a law making clear the authority to make such oil, gas and mineral leases, and at the same time, does not prevent such law having all necessary restrictions that would be deemed wise and prudent connected therewith, as a reading of the amendment will clearly disclose, we deem it advisable for all citizens to help pass said amendment by voting therefor on Nov. 6th, next. Both political parties of the state have endorsed the amendment, hence it is not a political, but a business matter.

Very respectfully,
J. B. SLEDGE,
ED. J. NEER,
T. E. MEARS.

I. B. Sutton of Tampico, Mexico, a native of Saginaw, Mich., has been elected president of the Rotary International.

Democratic Rally.

All Democratic County Nominees, local speakers as well as out of county speakers, will visit the places on the date and time hereon below mentioned.

Fatally Hurt in Auto Accident South of Clovis

Clovis, N. M., Oct. 22.—Miss Jamie McAdams, 16, daughter of Mr. and Mrs. W. T. McAdams, was fatally injured Sunday afternoon when an automobile in which she and three companions were riding on the Clovis-Portales highway, turned over five miles of Clovis.

Miss McAdams, who was a member of the senior class of Clovis high and a popular member of the younger set, died at her home about three hours after the accident. Her head and chest were badly injured. She was brought to Clovis by another motorist.

The car overturned into a ditch when Miss Pearl Kelly, lost control when the wheel of the automobile was caught in some loose sand. Andrew Prewett and R. E. Maurice, of Amarillo, Texas and Miss Kelly were not hurt.

Sam Boone, who drives the Portales-Clovis bus passed soon after the accident. Mr. Boone states that the car did not turn over, but that the injured parties were thrown through the windshield when the car went into the ditch.

Locals and Personals

Sam Seay and Ray Bonner accompanied Coe Howard to Roswell Monday night for the Vaught-Howard speaking.

The News is indebted to H. C. Bedinger for a can of his home made sorghum, and also for some choice Irish Potatoes which were grown on his farm near Portales. The potatoes are of as fine a quality as those shipped in, and goes to show that these potatoes can be grown in Roosevelt county.

The reorganization of the Church of the Church of Jesus Christ of the Latter Day Saints on last Sunday morning organized a Bible school and here after will meet each Lords day at ten o'clock at the Hawk hotel.

Oscar Peed and Tom Cavinor, of Pleasant Valley, were in Portales, Wednesday.

Richard Hunt, of Texico, spent Sunday visiting in Portales.

Mrs. Eddie Jones, of Monument, Kansas, came in last week to spend some time visiting her brother, Mr. and Mrs. A. R. Self, of Pleasant Valley.

Bryan Ball, of Clovis, and his mother, Mrs. Cooper, spent weekend with her son, Ben Ball, and family, of near Richland.

There will be a Democratic Rally at the Causey school house Saturday, Oct. 27. Everyone is invited to attend.

From appearances, Portales was well represented at the Bella-Floto show at Clovis Tuesday evening. The editor pleads guilty.

Miss Eleanor Bowman, a cousin, of Mrs. Rex Forrest came in Thursday for a visit to the Forrests. Miss Bowman is teaching near Lubbock and her school closed for a couple of months, in order that the children might assist in gathering the crops.

Mrs. T. E. Mears and Mrs. N. F. Wollard returned Friday from Gallup, where they attended the meeting of the State Federation of Woman's Clubs.

Mrs. H. C. McCowan, Miss Fannie Paxton and Mrs. Cleveland, all of Elida, were visitors at the News office Tuesday. Mrs. McCowan is the wife of the owner of the Elida paper, and Miss Paxton is their linotype operator. Mrs. Cleveland is the wife of the new Methodist minister at that place.

Mr. and Mrs. Floyd Golden attended the Home Coming of Ex-students at Canyon last Friday. They witnessed the football game between W. T. S. T. College and Simmons U.

Dr. B. Tanner Opens Art Studio

Dr. B. Tanner, of Los Angeles, California, has opened an art studio in the Hensley building next door to Joyce-Fruit Co., where he has a fine display of oil paintings.

The doctor paints to order, while you wait, and gives a very interesting demonstration of his work.

He will probably open an art school in Portales.

Hear J. S. Vaught at High School Auditorium Tonight

Tonight at the high school auditorium, the citizens of Portales will have the opportunity to hear one of the states most distinguished citizens on the political issues of the day—J. S. Vaught, democratic nominee for the United States Senate.

Judge Vaught is an able lawyer and an orator who holds his audience from beginning to end.

Other speakers of prominence are Miss Jennie Fortune, secretary

of state, Hon. Coe Howard, of Portales, who will be your next lieutenant governor, Hon. Frank Patton, nominee for attorney general, and Hon. Juan N. Vigil, nominee for the United States Senate to fill the unexpired term of Senator A. A. Jones.

This is an occasion which the citizens of the county should take advantage of, as they will be informed on political issues, and also have a real treat in oratory.

Coyotes Will Go Portales Friday For Annual Game

The Roswell high school Coyotes will journey to Portales Friday for their annual football game with the upper-valley team. The Coyotes have been practicing hard this week, following their victory over the strong Tucumcari aggregation there Friday and will present a strong offensive team against Portales.

Coach Deaton has been drilling his charges hard this week, and the Coyotes have perfected their overhead play which brought them victory over Tucumcari.

Next week the Coyotes will go to Tularosa for their annual game with Tularosa high—Roswell Record.

Clovis and George Green, who are attending Technical College at Lubbock, Texas, spent last week with their parents, Mr. and Mrs. J. S. Green.

Mr. and Mrs. E. L. Vandell and two children arrived Tuesday evening from Clarksville, Ark., and are planning to make Portales their home. Mrs. Vandell is a sister of J. W. King. The Vandell family are at present located in the Raymond house.

DIANE CUMMING

Diane Cumming, daughter of the United States surgeon general and Mrs. Hugh S. Cumming, whose engagement to Manville Kendrick, son of Senator and Mrs. John B. Kendrick of Wyoming, has been announced.

Portales Cannery Packs Over 30 Cars Tomatoes

The Portales canning factory has just closed the season with the canning of over 30 cars of tomatoes.

125,325 cans of No. 1 tomatoes; 557,273 cans of No. 2 tomatoes; 26,811 cans of No. 2 1-2 tomatoes. A total of 709,286 cans of tomatoes.

24 tons of tomatoes went over the packing tables each day during the run.

Manager Case says that he has found a ready sale this season, having already sold over 15 cars.

Elizabeth Garrett To Sing With Susa

Albuquerque, N. M.—Oct. 23.—Elizabeth Garrett, greatly beloved composer of "O Fair New Mexico," the state song, has been invited to be the guest of honor at the concert to be given by Commander John Philip Sousa and his band of 100 pieces when they play at the University Gym, Albuquerque, Tuesday, November 13, matinee and night.

Miss Garrett, daughter of the celebrated sheriff, Pat Garrett, who killed Billy the Kid and assured his place in history by the deed, permitted the use of her song to Commander Sousa, when he composed "New Mexico." The march will be played for the first time when Sousa appears in Albuquerque. It will later go on his regular programs. It is one of only five marches he has written in the past three years, and is a great honor to New Mexico. The Albuquerque engagement under the management of Kyle S. Crichton is attracting state wide attention.

UNITED STATES A NATION OF NON-VOTERS.

As a nation which is supposed to be governed by the people, the United States bears the record of polling the smallest percentage vote of any nation in the world.

At the end of the revolutionary war, 100 per cent vote was polled for our forefathers fighting for the privilege of casting their vote. This was the time before the automobile was dreamed of. They did not have to be hauled to the polls and begged to exercise their franchise.

100 years from this time the vote had dropped to 80 per cent.

Just before the passage of the Woman's Suffrage amendment, a vote of 60 per cent was polled.

In the last presidential election, which included the woman's vote, only 50 per cent availed themselves of the opportunity of a voice in the government of the United States.

Now another election is at hand. What per cent vote will be cast? How many will stay at home and then cuss the officers who are elected?

How many will avail themselves of the privilege of voting their choice from president down to the county officers?

In the last election there were voters enough in eastern New Mexico to have swung the balance to a democratic victory.

Are you going to vote on November 6th, or are you going to stay at home and let the 50 per cent rule?

This is a condition which exists today, and the responsibility is on your shoulders.

J. S. VAUGHT, A BONE DRY

In selecting a United States Senator it is important that a Senator be elected who is in sympathy with the 18th amendment. One who has the ability and the stamina to stand up for the enforcement of this amendment.

J. S. Vaught is able, he is dry, and he is consistent.

He will look after the interests of the 18th amendment in the United States Senate.

It is true that he made many enemies in and around Silver City, while serving as district attorney for that district.

His record, however, shows that he secured more convictions than during the term of any former district attorney.

J. S. Vaught is an orator, who will command the attention and respect of the senate.

He will be able to do much for New Mexico and the nation.

He is a bone dry of the first water, and the voters of New Mexico should see that he is elected by a safe majority.

Every citizen of Roosevelt county can consistently vote for Vaught and should be proud of the opportunity to do so.

100 Percent Pure
Or Half And Half

How will you take your Democrats—100 per cent PURE or HALF and HALF?

On the Democratic Ticket? Or The Republican? There is no alternative. More Democrats are running this year than ever before.

First there's Bronson Cutting, who was a Democrat until his political perfidy was rewarded a few months ago. He wants the long term senate—the top of the ticket and the highest state office to which a member of any party can aspire.

Next, there is O. A. Larrasolo of race prejudice fame—the price the Republicans paid to return A. B. Fall to the United States Senate. He ran on the Democratic ticket more times than Bryan. Now he asks the Republicans for the short term senate.

Then, Albert Simms, elected as a Democrat to the County Commission of Bernalillo County in 1920, who changed his politics like a chameleon changes color—in the middle of his term of office. He asks for a seat in Congress.

And One-Quart Dillon, appointed by Jim Hinkle to the Sheep Sanitary Board as a Democrat in 1923, elected as Governor on a Republican ticket, and now asking for re-election.

This is what the Froglegs want, the long and short term Senate, the Congressman, the plums that will go to Charlie Roehl and Harry Wilson and the jumping boys—plus more!

Plus Atanacio Montoya who sought the nomination for State Superintendent of Schools on the Democratic ticket in 1924 and landed it with the Republicans in 1928. Plus Jose S. Baca, elected Treasurer of Socorro County on the Democratic ticket as recently as 1922 and now the Republican candidate for corporation commissioner, a six year job for a frogleg. Plus whatever Lorenzo Delgado wants for hopping back again after cutting throats two years ago. Plus the hangers-on of every one of these men. Plus Harry the Highwayman and Two-Bit Charlie—make your own list when you have leisure

Will we turn over the administration to these boys who want to take everything and give nothing in the way of a record of service. Will we reinstate the promise-breakers, with these sweet additions we have mentioned? No! Let us put in Bob Dow and J. S. Vaught and John Morrow and the other men who are ready to say NO to the hangers-on and who will give us an administration we can be proud we voted for. Let's vote the Democratic ticket from top to bottom and send the froglegs back to their puddles!

Roswell To Play Portales Hi Friday

The Roswell high school Coyotes are scheduled to play the Portales Rams in a feature game here Friday.

The game will be played on the local gridiron and will start at 2:15 p. m.

The Roswell team has weakened considerably by graduation of several star players that have fea-

tured strongly in former years. The previous games that the Coyotes have played they have depended largely on aerial attack and such tactics may be expected here Friday.

The Rams are being put through stiff workouts this week both on the offense and defense and are preparing for a stiff battle. Having suffered defeat three times on the home field the Rams are expressing determination to win this game.

Gunn, left end, is on the injured list and will probably be out of the game Friday. His position is being filled in practice this week by Green who has been shifted from right half to end.

Slaten, fullback, who was injured in the Clovis game has almost recovered, but probably will not be used in the Roswell game.

If a fighting spirit means anything, the Rams mean business the rest of the season. All they ask is just a little more support on the sideline.

Boys' Pep Club Practicing Stunt

The Boys' pep squad is practicing a stunt which they intend to put on at the game Friday when Roswell journeys here for a football game.

The Latin club held its regular meeting at the third period Monday. The following numbers were given by members of the club.

"Apollo, God of Prophecy," by Vincent Cox.

"Oracles and their Importance in the Ancient World," by Edith Wheeler.

"The Famous Oracles at Delphi," by Berta Rickard.

Grade School News.

As one walks through the grade school building, one can almost imagine seeing ghosts creeping out from every dark corner, as he looks around and sees so many jack-o-lanterns, black cats, and other "spooky" things.

Mrs. L. K. Payne stated that the rooms were beautifully decorated and that each student was cooperating splendidly with the teachers in helping do the work.

Several new pupils were enrolled in the grade school last week. More than 600 have already enrolled and the buildings are filled practically to capacity now. Several of the new pupils are from the neighboring states, Colorado and Texas.

Mrs. Jackson, the primary teacher in Unit I, is ill and will not be able to take back her work for several days.

Ruby Swaner and Sallie Mae McCauley motored to Clovis Sunday.

Club Discusses Plans Monday

Three major problems, state affiliation, the social and the candy sale, were discussed in the home economics meeting Monday.

In discussing the affiliation problem, it was brought out in the meeting that if the local club became a member of the state organization, it would have the privilege of sending delegates to the state convention. At the state convention each club may participate in the contests of various sorts including displaying dresses, canned goods, cooking, etc. It was also brought out that the club members, after the organization has been affiliated, are privileged to wear the standard pin.

Regarding the party which will be held in the gymnasium next Monday, the plans for details were left to a committee which was appointed the first of the year. The committee consists of: Ruby Leon, Lu Verba Borough, Imogene Isabell, and Juanita Miller. The social is in keeping with one of the main aims of the club, that is to develop social life. The active and associate members may attend.

A candy sale was planned for November 9, in the front hall, at which time all kinds of home made candy will be displayed. The net proceeds will be used in purchasing and preparing Christmas baskets for the needy in Portales.

Seniors Discuss Company's Offer

The offer made by the Star Engraving company was the chief problem discussed Tuesday morning after assembly at the senior class meeting in the auditorium.

The president of the senior class has received an offer from this company concerning the calling cards for the class. A leather case will be given with the callings cards to each person making a one dollar deposit and sending in his order now. The orders for cards must be at least 100 cards for each person. This offer will be open to the seniors until November 1.

The seniors were also reminded that Tuesday was the last day for turning in annual pledge cards.

Lillian Marr was absent from school the latter part of last week on account of her eyes.

McKewn Walton, Jessie Lee Yachum, Homer Watts, and Leon Slaten spent Sunday afternoon in Clovis.

Medical Sermonettes

By W. E. LEONARD, M. D.

(© 1937, by Western Newspaper Union.)

"Decide not thy physician, confessor nor lawyer," wrote the wise and saintly George Herbert three centuries ago; and it needs reiteration today as much as it did then. Granting that the religious and legal application of his proverb is true, the first, or medical, thesis is highly important. If you expect an honest conclusion from your doctor, be honest with him, give him all the information he seeks. It means great harm or danger to you if you allow him to build up a line of treatment upon a wrong statement. The premises must be sound, else his conclusions will be false.

No evasions, no quibbling, no half-truths, but the time-honored "the truth, the whole truth, and nothing but the truth, so help me God" will suffice to protect you and enable him to reach a proper decision. Remember that, as with a shrewd cross-examining lawyer, you will contradict yourself if you attempt to cover up anything, and that the doctor has pieced such problems together before and may detect the flaws in your recital. The revelations of the doctor's consulting room are as sacred and should be as genuine as those of the confessional. There is no real safety for you otherwise, if you wish to obtain results.

Party Is Given Saturday Night

Nadine Morris entertained with a house party last Saturday night at her home at Delphos.

The guests motored out in Reed Hills truck, and upon arriving a big bon fire was made to warm by. After warming up, the guests went into the house where they played games until refreshments were served. Refreshments consisted of hot chocolate and candy.

Those attending the party were: Misses Pauline Baker, Sallie Mae McCauley, Ruby Swaner, Bill Maxwell, Jewell Fullerton, Alma Totten, Grace Totten, Ida Mae Hare, Knight Edward Kornagy, Nadine Morris, and Messrs. Philip Smith, Reed Hill, Bob Kerr, Clark Foster, Myrtle Forbes, John Lee, Pud Kerr, Ray Hendrick, Clarence Bruce, Roy Lee Morris and Truman Green.

A social is being planned for the home economics club to be held Monday during the regular meeting period.

Agriculture Club.

The Agriculture club held a meeting Monday morning the following program was given:

"Skim Milk Recovers from its Blame Eye," by Horace Harrington.

"How to Judge Hogs," by Clay Rickard.
"Uses of Concrete Around the Farm," by Bob Kerr.

Mrs. Daniels was absent from the study hall Monday evening, and in her absence Mrs. Golden took care of the hall.

needs as careful planning and watching as any other business.

Proper lubrication of farm machinery will help to eliminate delays and expense.

There is a correct grade of Magnolene lubricating oil for every machine, from sewing machine to tractor. Magnolene lubricating oils, refined from paraffine-base crudes, protect machinery with a frictionless cushion, and the intense heat and pressure of a motor working at full power cannot break through. This means a cooler motor, smoother running, greater power and lower upkeep.

As an added help in lowering costs, use Magnolia Gasoline, full of power and high mileage. For high compression motors, use Magnolia Anti-Knock—extra power in every drop.

SOCIETY CLUB

Pastor and Mrs. Lora Home. Pastor and Mrs. Claude A. Loria and son, returned last Thursday from a five weeks vacation, the major portion of which was spent in and around their old home St. James Missouri. Returning via Kansas City they attended the North American Christian Convention. En route from Kansas City they spent a couple of days with the Harry K. Shields family at Enid, Oklahoma.

Former Portales Citizens Here. Mrs. J. F. Haning and daughter Miss Estherbel Haning, formerly residents of Portales drove up from Lovington Saturday and spent the week-end with old neighbors and friends.

The Hanings have their home at Clarendon, Texas, but are spending

this year at Lovington, N. M. Miss Haning having accepted a position as expression teacher in the school at that place. They were over night guests in the Joe Naylor home Saturday and dinner guests on Sunday of Mr. and Mrs. W. H. Catt, returning to Lovington Sunday afternoon. Many old friends were glad to greet them at church Sunday morning. Mrs. and Miss Haning noted many improvements in our little city in their five years absence.

Portales Canning Factory Entertains. The Portales Canning Factory celebrated the close of its third season Monday by serving to its employees a most appetizing and excellently prepared dinner.

Promptly at twelve o'clock the guests, nearly four score in number gathered around a long table spread upon the factory grounds. The dinner composed almost entirely of articles either raised or manufactured in the Valley was served cafeteria style. A huge

cake bearing the inscription, "Portales Canning Co.," graced the center of the table and when all other viands had been disposed of to the satisfaction of every one, it was cut and served together with a generous helping of a home product that is rapidly becoming very popular—Judevine ice cream.

While mingling with the crowd many were the favorable comments heard passed upon the dinner and the employees wish to publicly express appreciation to Mr. and Mrs. Case for their kindly hospitality. This has been a very successful season for the growers, the tomatoes have been excellent in quality and numerous in quantity. The factory has turned out thirty cars of the canned product, nearly as much as both the previous seasons. The daily capacity is supposed to be twenty-four thousand cans, but on several occasions the out-put exceeded that number.

Few people realize what this industry means to the community, it not only means money to the growers, but puts a goodly amount into circulation through its employees. The pay checks for labor alone for the two weeks ending October 12th, amounted to \$1800.00. The company has invested much in both time and money in bringing this industry into our midst and here's hoping this season's out-put may bring material returns to the management.

Missionary Society of M. E. Church. Mrs. J. B. Raymond was hostess on Thursday afternoon of last week to the ladies of the Missionary of the Methodist church.

Mrs. Wade Freeman was leader and conducted a most interesting meeting. Mrs. Ike Hughes presided over business session. After the ladies went over to the Methodist parsonage to arrange for the new pastor and his wife.

Dr. and Mrs. Hensley to Return Soon.

Mrs. E. T. Hensley writes from Rochester, Minn., that she and the Doctor will return to Portales about Nov. 1st, and that while she is having a very pleasant time and the Doctor is seeing some excellent surgical work, they will both be glad to be back in Portales. Dr. and Mrs. Hensley have been at Rochester some six weeks, the Doctor taking a post graduate course at Mayo Brothers.

Ag. Club. The Ag. Club which consists of ten old, and twenty five new members will have a party at the high school building November 6, at 7 p. m. The new members will be initiated according to the old customs and then refreshments will

be served in the high school gymnasium. The new honorary members will be invited. Everybody is expected to have a good time.

Baptist Church Banquet. Monday, the adult membership of the Baptist Church enjoyed a very pleasant evening at the Baptist church. The W. M. U. served a splendid supper in the new annex. Two long tables were arranged across the room, very artistically decorated with pumpkins and autumn flowers, also designs of witches and black cats were conspicuous. The eats were both delicious and bountiful and everyone present seemed to be in a receptive mood.

The occasion of the meeting was the renewing of the church budget for the coming year. Bro. Grizzle outlined the plans for the coming year's work, discussing fully the proposed budget.

Other members of the church talked in behalf of a well organized plan for financing the church and before the evening closed several pledge cards were signed and handed to the church clerk.

Mrs. Dehn Kirk at Home. Mrs. Dehn Kirk was at home on Friday evening to a few of her friends with a 42 party.

These enjoying Mrs. Kirk's hospitality at this time were, Mr. and Mrs. J. C. Compton, Mr. and Mrs. Ike Hughes, Mr. and Mrs. J. Wise, Mr. and Mrs. J. Rex Foster, Mr. and Mrs. R. W. Means, Mr. and Mrs. J. J. Spires, and Mrs. H. C. Walton, H. G. Rowley and Walter Scott.

New Porch and Rooms for Wilson Hotel.

Work is progressing rapidly on several new rooms and a new front porch for the Wilson Hotel. New brick pillars are being placed in front and the porch is being extended all on the east side. A new office room is being added for James Lee on the west side. When completed the hotel will be much improved in appearance and convenience.

Mr. and Mrs. S. E. Johnson returned this week from Paducah, Texas, where they have been visiting relatives. Mrs. Johnson's sister, Mrs. Tom Swaggart, returned with them. Mrs. Swaggart is well known in the county and will spend some time visiting the Johnsons and friends.

Mr. and Mrs. Fred Orr entertained Sunday, Mrs. Orr's mother, Mrs. M. E. Orr, of Artesia, and sisters, Mrs. Nash Duke, of Ranchvale, New Mexico, and Mrs. Leone French and children of Artesia, also Mrs. Orr's brother, Belu Brownell, of St. Vrain, New Mexico.

Portales Women's Club.

The regular meeting of the Women's Club was held Wednesday afternoon at the home of Mr. and Mrs. A. D. Ribble with Mrs. A. F. Jones as joint hostess with Mrs. Ribble.

The president, Mrs. H. H. Buchanan presided over a business session after which Mrs. T. E. Mears and Mrs. N. F. Wollard, who attended the State Federation at Gallup last week, gave a most interesting report of their trip and of the meeting.

Mrs. Christoe was program leader and the subject was "Ten of the Outstanding Presidential Campaigns." The leader conducted this in a concise, logical way, giving the connecting links between. The ladies who were on the program were: Mrs. C. M. Compton, W. F. Shaw, R. W. Means, J. G. Greaves, Lacy Armstrong, W. B. Oldham, Coe Howard, Lillian Taylor and J. C. Compton. After the program the hostesses served a delicious refreshment course to about twenty-five members.

RICHLAND

Bro. Lee Vick preached to a large crowd Sunday at eleven. Sunday school officers were elected for the next term.

Mr. and Mrs. Likely, Mr. and Mrs. Dee Broyles, W. F. Page and family were visiting in the J. D. Page home Sunday.

Mr. and Mrs. Dee Partin, of Portales, and Mrs. Charlie Partin took Sunday dinner with Mrs. Lula Partin.

Millinsand's Basket ball teams met our team on the home court Friday. Both games were very interesting and exciting. Millinsand girls won with a score of 22 to 10. Richland boys won with the one sided score of 34 to 6.

The Literary Society will put on its first program Friday night. They are expecting a large crowd out to hear them.

Mr. and Mrs. Ted Williams, of Portales, visited in the J. H. Short home Sunday evening.

Mrs. Pauline McGehe is visiting her mother, Mrs. Jones.

Miss Ruth McClintock is spending the week at home as Dora dismissed school this week.

Mr. York and family, of Midway, visited in the J. F. Vick home Sunday.

Saturday night and Sunday is Bro. Blair's regular appointment.

East Valley View

Frost has visited this community on the low land, but everything is green yet on the hills. The agent for the maytag wash machine, from Elida, visited Mrs. Newberry last Monday afternoon and demonstrated the wash machine.

The J. R. Heckman family took dinner with the L. C. Shaw family Sunday. This was another family reunion, there were twenty-seven relatives there. Their brother, G. P. Stafford and family left for Breneo, Oklahoma Monday morning.

Mr. and Mrs. Leslie Smith made a trip to Roswell last week.

Mr. Martin threshed his peanuts last week, they made fifty-five bushels per acre.

Mr. Poe is running a new threshing machine and is doing fine work.

Mr. Jim Smith's sweet potatoes averaged one hundred crates per acre.

Floyd School Notes.

On Monday, Oct. 22, the Spanish club was organized. There were forty-one members who joined and they will meet in the Spanish class room every Tuesday at the fourth period. Neoma McAllister was elected president, Willa Mae Thornton, secretary and treasurer; Ernest Hall, vice-president and Estelle Parsons, reporter.

Madeline Williams fell off of a horse last Sunday and sprained her arm. Monday morning, Mrs. Foster and Miss Locker took her to a Doctor in Portales. Miss Locker's classes were taught by two high school girls, Elizabeth Welch and Veta Upton.

Mr. Arthur Hall is having a new house erected on the highway between Floyd and Portales. Very few of the glee club members were present at the meeting last Wednesday night. This was the first meeting to be held at night.

Classes on Wednesday and Thursday were somewhat disturbed by the on-coming fair. Many of the boys were busy, building booths, pens and coups and most of the girls were busy preparing eats to sell at the fair.

The Home Economic Department had charge of the art and foods display at the Community Fair Friday. Miss Hankins, Home Economic instructor of Portales and Miss Groves, Home Economic Instructor of Melrose, judged the exhibits. Many nice exhibits were on display. Curio and antique exhibits created quite a lot of interest, in fact, some said that the whole exhibit was as good as many count exhibits. Mrs. Don C. Foster wishes to thank the women and girls of the community for their co-operation.

The Home Economic class has been preparing a school exhibit to send to Albuquerque for the State Teachers Meeting.

On Friday evening, following the Fair, the Little Theater players from Portales presented the comic-drama, "The Path Across the Hill," which was a grand success.

Insanity Not Often

Caused by Overstudy

"It is a fallacy to believe that overstudy causes insanity. Overstudy, like any mental overwork, causes a state of exhaustion and brain fog. Too much study, which prevents the enjoyable realities of play and recreation, will not cause a mental breakdown in a person who is not liable to insanity," states Dr. Alexander S. Hershfield, Illinois state alienist.

"It is admitted that among those students who devote too much time to learning and to making high grades there are many who are normal mentally. Mental disease and overstudy are common enough to be found together occasionally. A well-balanced boy or girl finds sports, friendships and sex of sufficient importance to act as an antidote to overstudy and general school grind. In fact, it is normal for youth to find study irksome when it interferes with its fun. "Insanity resulting from overstudy is merely a coincidence, and closer examination of such a case will usually show other causes."

Operator Cut In on

Concert for Invalid

A young man of the city, confined to his home with a bad throat, answered his telephone some time after midnight recently. Three girls of his acquaintance announced that they had prepared a concert for his exclusive entertainment, and that he should "please stand by."

The girls then put their telephone at one end of their piano, and got a ukulele to fill out the harmony. All three of them (semiprofessionals, by the way) sang to the soft accompaniment, doing all the popular songs of the moment, to the unbounded joy of the sick young man, who had been dying for company all evening. They continued for the better part of an hour, when suddenly an operator cut in, presumably to find out why they were holding the phone so long. She had begun a sharp tirade when the music got the best of her. She listened silently and then in a minute she broke in and requested a song. —Cleveland Plain Dealer.

The people of Floyd enjoyed it immensely and hope they will come again.

The demonstration team returned from the State Contest at Las Cruces, Saturday night. Yoonie Terrell and Vina Davis, who were on the canning demonstration team won first place and although the other teams did not win, it was reported that they, too, did very good.

Mr. and Mrs. J. B. Swain and Mrs. Bob Steven from Wichita Falls, and Mr. and Mrs. Fred Howe from Clinton, Oklahoma, are visiting in the Parish home.

Mrs. J. N. Sligar is here for

an extended visit with her son, Mr. George A. Sligar. Also Mrs. G. H. Moore and Mrs. Lena Rhodes from Lubbock, spent the week-end with them.

The Methodist pastor, Rev. Sewell gave his first sermon at Floyd Sunday. Also Mr. Bradberry from Cleburne gave a talk which was very interesting. Several visitors were there from Portales. We were very glad to have them and would like to have them come every Sunday.

There will be a Hallow'en Carnival at Floyd on November 9. Let nothing keep you from coming.

Women Explore Camera Terrors

News Reel Making Perils Fall To Brave Gaudier Sex In Occupation Search.

Women have entered into the commercial and industrial life of the world to such an extent during the past decade that there is hardly a field of endeavor left that they have not explored.

Danger, as has been proven on innumerable occasions, is not a deterrent to the feminine sex. During the world war and since, they have taken men's places in the most hazardous of occupations.

It was recently revealed, during the making of Bebe Daniels' latest starring picture, "Hot News," which will open at the Portales Theatre, October Twenty-ninth and thirtieth, on Monday and Tuesday, that even the most adventuresome of professions, that of the newsreel photographer, has been invaded by women.

There are now a number of newsreel camera women who, like their masculine co-workers, risk life and limb almost every day in order to photograph thrilling news events for theatre audiences throughout the world.

Decree of Authority

Subject to Discount

The late Leonard W. Wood was commemorated with a reporter, one day in Washington, on the apparent neglect meted out to him during the World War and on the harsh judgment that had been passed upon his administration of the Philippines.

General Wood changed the subject, but afterward, as the reporter was about to go, he told a story.

"When we are judged," he said, "we must consider our judges. We must judge our judges, so to speak."

"Joe Childs, perhaps, was the greatest jockey in the world. He won almost every big race; some of them he had won three or four times over; the king of jockeys, you know."

"Well, during the war Joe enlisted in a cavalry regiment, and they sent him to a riding school at the Curragh in Ireland to be trained."

"When he mounted his horse at the Curragh school the riding master said to him—

"Have you ever ridden before?"

"Yes, once or twice," said Joe.

"Yes," said the riding master, with a disgusted laugh, "on a donkey at the zoo. I guess. Why, you're got the worst seat on a horse I ever saw in my life."

Electric Furnace One

of Scientific Facts

When men can thrust their bare hands into an electric furnace that melts metal with ease, it would seem that there is such a thing as cold heat. While mice, too, will run about in this furnace without suffering any ill-effects, while an interior of a wireless valve can be heated to incandescence without heating the glass bulb itself.

The secret is that the furnace heats only electrical conductors, being a high-frequency inductive furnace. It is in the manufacture of wireless valves that one of the most interesting uses of this furnace is found. Just before the valve is sealed from the vacuum pump it is placed for a moment within a high-frequency coil. The metal parts immediately become red hot and the bubbles of gas and vapor are boiled out. The valve is then sealed from the pump with the knowledge that the latter heating of the valve by the filament will not cause further release of bubbles.

Forgetting Success

The less a man thinks about success and his personal advancement, thinks a scholar writing in *Farm and Fireside*, the more certain he is to succeed beyond his wildest dreams.

Daring and Happiness

Girls of today are more daring, but they also are franker, zayer, healthier and amply more able to take care of themselves, thinks a critic of life, writing to the *Woman's Home Companion*.

Players Come From South, East, West

South, East and West, are represented in the three leading feminine players who appear in "Our Dancing Daughters," which opens Friday at the Portales Theatre.

Joan Crawford, Dorothy Sebastian and Anita Page, who play the important roles in the Metro-Goldwyn-Mayer cinematic story of modern youth, are all different types and come from different parts of the United States.

Miss Crawford, who plays the part of a gay and freely-kissing flapper, hails from the open spaces of Texas. Miss Sebastian, appearing in the part of a young wife burdened with a great secret, is a native of Alabama where, incidentally, John Mack Brown, the leading man, was a football star. Miss Page, just seventeen years old, plays a gold-digging role and come from Flushing, L. I.

Harry Beaumont directed the production from an original story by Josephine Lovett. In the stellar supporting cast are Nils Asther, Kathryn Williams and Eddie Nugent.

ROGERS

SCHOOL NOTES.

Freshmen.

During the last two weeks the
freshman have suffered a defeat
and given defeat all with the
same good show of sportsmanship.
The freshmen girls are proud of
the fact that they were able to
down the lordly sophomores by the
big score of 17-23. They also de-
plore the fact that things were
evened up from a defeat, suffer-
ed from the hands of the eighth
grade boys.

All in all it was a grand week.
The freshmen are planning to
turn out en masse for the mas-
querade party Friday night given
by the Sophomores.

Sophomores.

The Sophomores held class meet-
ing on Monday, Oct. 22 for the
purpose of appointing their en-
tertaining, refreshment and dec-
orating committees for the com-
ing high school Halloween party
next Friday night. We (the
Sophs) expect to make it the hit
of the season.

Basket Ball Game Nov. 9.

The Rogers Eagles will play
their first game on Nov. 9, when
they meet the Fairfield boys on
the local court.

The Eagles will meet the Fair-
field girls on the same date. This
promises to be a very interesting
game as the Fairfield girls won
the championship in the B. Class
last year and the Eagles have
started out victorious this season.
Having won from the Dora girls
and the Rogers lady faculty team.
The Eagles have not played any
games yet but are showing up
well in their workouts.

Everybody come out on Friday
night, Nov. 9, and help your team
win by your encouragement from
the side line.

Pupils Plan to Attend Show.

Most of the high school and
eighth grade are planning to see
"King of Kings" at the Cozy The-
ater Friday afternoon. We are
sure the picture will be a pleasure
and a benefit to those who see
it.

We Are Wondering.

If Kinard thinks he can play
ball.
Why so Buell is so mean?
If Mable thinks her ear rings
are pretty.

Why Paul is so awkward.
Why Bill never shaves.
Why Miss Savage looks as old
as Columbus.

If Algebra does one any good.
Why Ola curls her hair.
Why Jessie powders her nose
just before she looks at a boy.
If Ray ever does any thing but
sleep.

If Miss Smith looks so forlorn
because a boy never comes to see
her.
Why Lydia is always giggling.
If anyone ever saw Mr. Wilson
smile.

Why Nell smiles to show her
dimples.
Sophomores lead others follow.

The Junior Senior Class.

The Junior Senior class wishes to
thank the Sophomores for the in-
vitation to the Halloween party
on next Friday night.

The Juniors and Seniors wel-
comed another Junior to their
class last Monday, when Ola Har-
ris started to school.

Locals and Personals

Miss Nellie Bouse, of Portales,
spent the week-end with Misses
Ola and Una Harris.

A number of the young folks
enjoyed a party at Walter Thomp-
son's last Saturday night.

Jap Post and family were Sun-
day dinner guests of Mr. and Mrs.
H. H. Wilhite.

School will close the latter part
of next week in order that the
teachers may attend the State
Teachers meeting at Albuquerque.

Mr. and Mrs. Ben Fraier en-
joyed Sunday dinner with Mr. and
Mrs. Hugh Vincent.

Misses Marsene Smith, Vida Sav-
age, Lavelle Cravey and Supt. and
Mrs. Wilson attended the home
coming of the W. T. S. T. C. at
Canyon last week end.

Elery Ray spent Sunday with
Misses Eula and Mabel Grimmett.

Mr. and Mrs. Jap Post and
daughters, Thelma and Anna, and
Mr. and Mrs. Hansel Wilhite at-
tended the circus at Clovis Tues-
day night.

The Rogers school enjoyed a visit
from County Supt. Shock last
Monday. They are always glad to
have Mr. Shock visit them and
they hope he will come often.

The O. E. S.

Is giving their annual fall en-
tertainment in the form of a Hal-
loween Party at the Masonic Hall
on Tuesday night, Oct. 30, at 7:30
p. m. All members and wives and
husbands are invited. A cordial in-
vitation is extended to all O. E. S.
members who are visiting in our
city and also their wives and hus-
bands. Everyone is expected to be
masked, and a good time is prom-
ised to all who attend.

Dow Tangled; He Shows Ignorance of State Funds

(By the Republican State Central Committee.)

Bob Dow is out for Smith. His brother, Hiram Dow, is appealing to the voter in the eastern counties to vote the Democratic ticket because a Spanish-American paper attacks the Ku Klux Klan which is fighting Smith.

Again Bob is tangled in his own rope, and Hiram, his brother, who is managing his campaign in Chaves County, is like a fly caught on tanglefoot paper.

Dow Mere Tangled.
The Democratic candidate confines his talks to things about which he knows nothing. Speaking at Artesia he said: "at the close of the Hammett administration we owed only \$400,000 on account of roads."

The fact is: the state, at the end of the Hammett administration, owed \$2,500,000 on account of roads. But the principal and interest of that debt must be paid from taxes upon property.

Either Mr. Dow didn't know what he was talking about or he made a deliberate misstatement. We prefer to believe him ignorant of the facts.

The Debentures.

Dow is especially severe in his denunciation of debentures. Again his ignorance tangles him. Debentures are short time loans. They say the taxpayers from about twenty-five years of interest they would have to pay on bonds. Here are some of the uses to which these short time loans have been placed for buildings at various state institutions:

For the New Mexico Military Institute, \$100,000; for the New Mexico College of Agriculture and Mechanic Arts, \$75,000; for the New Mexico Normal University at Las Vegas, \$85,000; for the New Mexico State Teachers' College at Silver City, \$75,000; for the Spanish-American Normal School at El Rito, \$60,000; for the New Mexico Asylum Normal School at El Rito, \$60,000; for the New Mexico Asylum for the Deaf and Dumb, \$75,000; for the New Mexico School of Mines, \$75,000; for the Girls' Welfare Home, \$25,000.

The laws of 1927 authorized the Board of Regents of the State University to issue bonds against the University's Permanent Fund in a sum not to exceed \$100,000 for the erection, repairing and equipping of buildings on the university grounds.

Mr. Dow refuses to say which one of the institutions he would have deprived of the buildings it secured through the sale of those short time debentures.

No Funds For Roads.

The Dillon administration found no money in the state road fund and the people everywhere were demanding good roads. The Dillon administration had to raise money or stop building roads. It found a way in spite of the active opposition of Mr. Dow and the lawsuits he instituted as Attorney General.

The five cent gasoline tax law and the issuing of debentures anticipated the income from that tax provided the funds with which to build roads.

The Dillon administration has built more roads and kept the roads of the state in better condition than ever before.

Furthermore, it will not cost the people of the state one dollar for interest on these debentures. The taxes on the increased quantity of gasoline used on the roads built with the debenture money will more than pay the interest.

The gasoline taxes paid by tourists from other states will pay both principal and interest on the debentures.

Dow Tangled Some More.

Dow attacks the payment of \$9,000 to Francis C. Wilson on the ground that the Attorney General could have looked after the interests of New Mexico.

He has no criticism of special counsel fees paid by the Democratic administration to the following Democrats:

H. M. Dow (Bob Dow's brother) \$3,910.11; W. A. Gillenwater \$5,586.75; F. H. Patton \$1,420.97; David Chavez, Jr., \$5,960.00; Sam G. Bratton \$3,500; Summers Burkhardt, \$6,121.63; George C. Taylor \$3,563.65; Tom Neal \$2,191.62; James A. Hall \$1,850.00; total \$34,104.73.

Mr. Dow is again tangled. He claims these fees were unnecessary and illegal. He might make a test case of the \$3,910.11 paid to his brother, Hiram Dow, who is managing his campaign in Chaves County.—(Political Adv.)

The Livestock Situation

The Live stock sit

Elimination of the specialty or "one crop" type of farming is one way to bring about the much discussed farm relief. One-crop farming is the root of evil in most of the troubles which have come to the farmers of the Pacific Coast. They have been prone to put "all of the eggs into one basket" and when an over supply or poor crop comes, it generally means ruin not only for the one crop farmer but for the one crop community as well.

As a result many communities are interested in aiding the agriculturists in diversifying their farms. Some form of live stock raising and feeding seems to be the most logical solution. The advantage of live stock production lies in the fact the live stock is readily convertible into cash, especially on the West Coast where local production is far short of the demand for all classes of meat food animals. A few head of live stock on the farm not only provides a cash income but a highly desirable diversification.

But the big thing about encouraging live stock production in a citrus or fruit country lies in the benefit of the soil. Incidentally, Florida is now taking stock of her groves, so to speak, and finds that citrus production has fallen off. A study of the soil shows that rebuilding or rejuvenating program is in order. Therefore, state authorities and leaders in Florida agriculture are now carrying on an intensive campaign to build up live stock population in the state, in order that the manure may be applied to the soil, that Florida may increase the quality and volume of citrus production.

In most parts of the west, the country is young and the soil has not been drained of its priceless crop producing qualities. Yet here and there, especially in the cotton districts a falling off of production already is noticeable, because of a failure to return to the soil the substance that is taken away with each crop. It would be well for the Western agricultural community to "take stock" and aid in the general live stock program which would at once add to the productivity of the soil and at the same time provide an additional cash income.

Live stock feeding on the smaller farms would take off the market much of the thin stock from ranges which now goes directly into meat channels. This would provide the range cattle growers with a new market for his thin stock and at the same time aid materially in providing the Coast market with choice meat foods.

Development of a program calling for some live stock on every

ranch has been given added impetus through the activities of farm bureau organizations. Through this plan, the man with only one or two head of cattle, hogs or sheep is enabled to pool his stock with his neighbors, making a full carload shipment. This means that the man with only a few head of cattle has the same advantage of marketing as the man with the big herd or flock, as he gets the full advantage of showing his stock in the carload lots. In such associations, the cost of marketing, including freight and other charges, is prorated by the owners of the stock according to weight and number of head sold by the individual.

HOOVER'S RECORD

"Mr. Hoover maintains: 1. That the last eight years have been the most glorious of history, since in these years American commerce has grown so fast.

"The last fiscal year of complete Democratic control," says J. H. Paul, Utah Congressional candidate, "ended with June 1920. The exports for 1920 were \$8,228,016,600. Republican victory in November 1920 caused exports to fall by July 1, 1921, to \$4,485,031,000. After Republicans took complete control, March 4, 1921, foreign exports declined to \$3,831,777,000 by July 1, 1922.

"Slow gains followed the exports to July 1, 1923, reaching \$4,968,000,000—an increase of only 10.7 per cent from July 1, 1920, eight years—less than 1.4 per cent a year. This is the real record of Republican increase, which is the smallest of any eight years in American history.

"By beginning with 1922, after one year and four month of Republican control, Mr. Hoover is able to figure out an increase in exports of 41 per cent in seven years, or 5.9 per cent a year. But even so, the per cent of increase is perhaps the smallest we have ever had. In the five years preceding the war, 1908 to 1913, the rate of increase was 6.5 per cent a year; and in the five years prior to 1908, the increase was over 7 per cent a year.

"Why the small rate of growth since 1920 so greatly impresses Mr. Hoover is indeed a puzzle. The Statistical Abstract issued by his department, proves exactly the opposite of his claim.

"2. He claims that prices have not risen under the high tariff. This is true of farm products; but all other prices have risen. The gain to the protected industries of the East, four billions per year, is two-thirds the fall in farm values, twenty-one billions, in these eight years. The rest of the loss, eleven billion dollars, fell upon the 90 per cent of our population that the tariff cannot protect."

Hoover, The Prohibitionist.

From Amarillo News, Oct. 15, 1928

When Governor Smith recommends to congress that the Volstead act be so amended he is but following in the footsteps of our lamented Woodrow Wilson, who made the same suggestion to congress, and in anticipation of carrying such legislation into effect the breweries cut their alcoholic content of beer to 2 3-4 and continued such distillation with the aid and consent of Herbert Hoover, our food administrator during the last Wilson administration. Senator Sheppard appealed to Mr. Hoover to discontinue the permission of his department permitting the distillation of 4,500,000 bushels of grain in the making of this kind of beer and Mr. Hoover flatly refused to comply with the request of Senator Sheppard and permitted such brewing to continue. His answer was that "it would be mighty hard to become intoxicated upon 2 3-4 per cent beer, and for the sake of temperance he would continue to use 4,500,000 bushels of grain monthly for this purpose." But he ordered a strict curtailment in the use of all bread stuffs in the American home.

Be honest! Do you believe Governor Smith would have permitted the breweries to have used 4,500,000 bushels of grain in those perilous times?

HOOVER'S RECORD

"Mr. Hoover maintains: 1. That the last eight years have been the most glorious of history, since in these years American commerce has grown so fast.

"The last fiscal year of complete Democratic control," says J. H. Paul, Utah Congressional candidate, "ended with June 1920. The exports for 1920 were \$8,228,016,600. Republican victory in November 1920 caused exports to fall by July 1, 1921, to \$4,485,031,000. After Republicans took complete control, March 4, 1921, foreign exports declined to \$3,831,777,000 by July 1, 1922.

"Slow gains followed the exports to July 1, 1923, reaching \$4,968,000,000—an increase of only 10.7 per cent from July 1, 1920, eight years—less than 1.4 per cent a year. This is the real record of Republican increase, which is the smallest of any eight years in American history.

"By beginning with 1922, after one year and four month of Republican control, Mr. Hoover is able to figure out an increase in exports of 41 per cent in seven years, or 5.9 per cent a year. But even so, the per cent of increase is perhaps the smallest we have ever had. In the five years preceding the war, 1908 to 1913, the rate of increase was 6.5 per cent a year; and in the five years prior to 1908, the increase was over 7 per cent a year.

"Why the small rate of growth since 1920 so greatly impresses Mr. Hoover is indeed a puzzle. The Statistical Abstract issued by his department, proves exactly the opposite of his claim.

"2. He claims that prices have not risen under the high tariff. This is true of farm products; but all other prices have risen. The gain to the protected industries of the East, four billions per year, is two-thirds the fall in farm values, twenty-one billions, in these eight years. The rest of the loss, eleven billion dollars, fell upon the 90 per cent of our population that the tariff cannot protect."

Hoover, The Prohibitionist.

From Amarillo News, Oct. 15, 1928

When Governor Smith recommends to congress that the Volstead act be so amended he is but following in the footsteps of our lamented Woodrow Wilson, who made the same suggestion to congress, and in anticipation of carrying such legislation into effect the breweries cut their alcoholic content of beer to 2 3-4 and continued such distillation with the aid and consent of Herbert Hoover, our food administrator during the last Wilson administration. Senator Sheppard appealed to Mr. Hoover to discontinue the permission of his department permitting the distillation of 4,500,000 bushels of grain in the making of this kind of beer and Mr. Hoover flatly refused to comply with the request of Senator Sheppard and permitted such brewing to continue. His answer was that "it would be mighty hard to become intoxicated upon 2 3-4 per cent beer, and for the sake of temperance he would continue to use 4,500,000 bushels of grain monthly for this purpose." But he ordered a strict curtailment in the use of all bread stuffs in the American home.

Be honest! Do you believe Governor Smith would have permitted the breweries to have used 4,500,000 bushels of grain in those perilous times?

Chamber Of Commerce

It Is The Sale, Advertising and Promotion Department of the City Which, Through Co-Operative Efforts Makes Possible Continued Advancement.

Fastest Growing City and County. Nearly 100 new farm families established in Roosevelt County during 1927-28—A greater percentage of increase than was made by any other county in New Mexico.

Good Roads. The Chamber of Commerce has worked to the development of the Highways of Eastern New Mexico and co-operated with commissioners of Roosevelt and Lea Counties in opening of Highway 18 on which \$120,000.00 will be spent in these two Counties.

Freight Rates. Through Co-operation with officials with Santa Fe Railway have secured a number of reductions in rates that are saving citizens of Roosevelt County more than \$19,000.00 per year.

Normal School. Co-operated in putting over Normal School Bill and raised \$7,000. to be used in purchase of location site for school.

Western Union Service. Through request of the Chamber of Commerce, the Santa Fe Railway increased Telegraph Service from eight to fourteen hours per day. A great convenience to Portales people and the traveling public.

Publicity Work—Exhibits, etc. Through News Papers, advertisements and folders the C. of C. has done much to advertise Portales and section. Our Agricultural exhibits were seen by thousands at Amarillo and Lubbock fairs.

Co-Operative Work with other Communities. The C. of C. has co-operated with other towns and communities of this section in every movement for the development of the territory.

New Industries. The C. of C. has worked unceasingly to the establishment of new industries and payrolls, co-operating in securing such plants as:

The Judevine Creamery Co. Wicks & Son, Hatchery. Joss Bros. Cheese Plant. Polar Ice Co. Shaw Broom Co.

These are but a few of scores of examples of Chamber of Commerce work and why it must be continued and adequately financed.

"Abolish Diphtheria by 1930," Aim Of State and National Campaigns

To abolish diphtheria by 1930 is the purpose of a great national campaign initiated by State boards of health and backed by charitable and welfare organizations throughout the entire country.

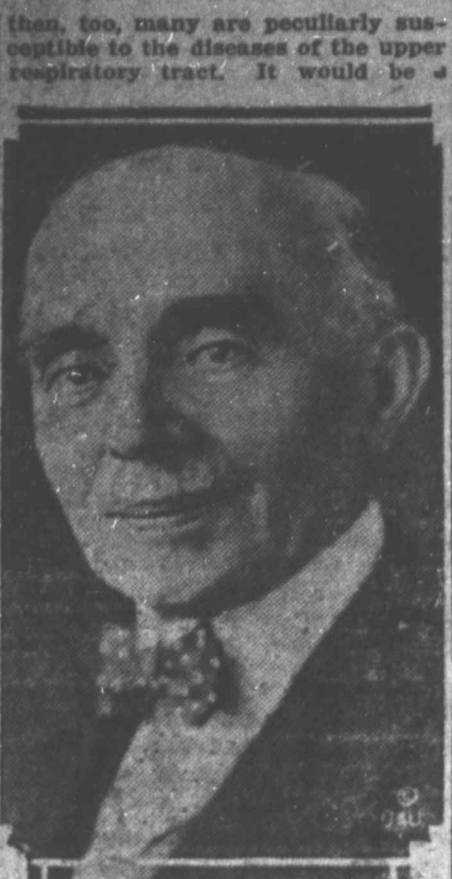

This campaign, according to Dr. S. J. Crumrine, general executive of the American Child Health Association and formerly State Health Officer of Kansas, relies chiefly upon two means to accomplish its purpose.

First is the immunizing of children by the use of toxin anti-toxin, and second is prevention of infection through education of the public.

"Sanitary single use containers and eating utensils, or glasses and eating utensils properly sterilized, are important means to prevent diphtheria, and, indeed, all of the usual diseases of the upper respiratory tract," said Dr. Crumrine. "This was definitely proven in the American training camps during the war. So rapid then was the spread of influenza, pneumonia and other respiratory diseases that the authorities conducted exhaustive experiments on the prevention of infection. It was found that the utilization of these kits was a most important means of slowing up the spread of such diseases. As a result of this the authorities put into force a general order requiring spot sterilization.

"Complete results of experiments at that time were published in the Journal of American Medical Association. There is, therefore, no doubt that containers and eating utensils are safe only if designed for single use or washed in a disinfecting solution or sterilized by steam.

"This warning is particularly timely in the summer, when hundreds of thousands of tourists are motoring through the country, stopping at soda fountains, wayside stands and restaurants for food and drink. The glasses in any of these places may be safe—but who knows? Some sterilize their glasses; others do not. To insure safety, one should use a container that has never been used before. Too great care in this matter cannot be taken, especially as it concerns the health of children. They are likely to drink at any fountain, stand or eat at shop without, of course, considering at all the condition of the glasses in which their soda or pop is served.

Dr. S. J. Crumrine, general executive of the American Child Health Association and former State Health Officer of Kansas

long step toward accomplishing the objects of the anti-diphtheria campaign if children were permitted to drink only from containers that had never been used before.

"All over the country," concluded Dr. Crumrine, "the campaign is being pushed by State Departments of Health, Public Health Associations, Parent-Teacher Associations and Child Health Associations. With public co-operation it can succeed."

The American Child Health Association is actively co-operating in the campaign. Dr. Crumrine, its General Executive, was formerly State Health Officer of Kansas and was the one to procure in that State regulations requiring sterilization of glasses or the substitution of containers which could be used once and then destroyed at all public drinking places in Kansas.

A Definite Picture

Edward W. Bok, in "Perhaps I Am," quotes a story about Rachmaninoff, the pianist-composer, concerning his "well-known" impatience with the popularity of his famous "Prelude." So many questions are asked him about this composition that on one occasion when an English woman he had just met questioned him as to whether he had had in his mind any particular incident or scene when he composed that prelude, he answered solemnly:

"Yes, madam, I had in mind a woman buried alive and knocking at the coffin frantically to get out."

Cultivated Sponges

Sponges are now cultivated like grain. It is strange to think of beds of sponges cultivated under the sea, but this is no stranger, after all, than beds of oysters.

The method is to cut up very fine, healthy, living sponges—a sponge is quite as lively as an oyster—into seeds. These seeds, about half an inch in diameter, are wired to blocks of cement and dropped into the submarine sponge bed. They mature in two years.

The best sponges—those large, blond, fine fellows called bath sponges—come from Florida. It takes them a full ten years to grow to bath size.

POULTRY FACTS

A box of crushed oyster shell should always be within reach.

The hen needs a balanced ration, the same as the cow or the man.

Eggs may be set after the males have been with the females a week or ten days.

More baby chickens are killed by overfeeding with damp, mushy food than in any other way.

The roosts should be low, especially for large, heavy fowls, and they should all be of the same height.

If one is to market cockerels from the early hatches as broilers they should be placed upon the market as early as possible.

It is said that if alfalfa hay is used for hens' nests and scattered around the chicken coops the chicken mites will beat a hasty retreat.

Studio Shy Cameras As Star Starts "Shooting"

"Wanted—Two motion picture cameras."

A strange request to come from a great studio like that of the Paramount Famous Lasky Corporation, and one that had every one on the "lot" guessing for a while. What could they possibly want with two more cameras when the photography department already had many dozens of them on hand?

The problem was solved, however, when it was learned that the two cameras were needed for Bebe Daniels' starring picture, "Hot News," which Clarence Badger directed.

The cameras required for this film were newtype cameras, which differ radically from those used in photographing a motion picture. The former are lighter in weight and smaller in size, in order to make them more readily portable.

Newtype men are constantly on the jump, traveling everywhere in motor cars, trains, ships, airplanes and even dog-sleds.

"Hot News," which will open at the Portales Theatre Monday, tells the story of a newtype girl whose quest for the latest in sensational news events leads her into many difficult situations.

Do not go into the poultry business. Grow into it. Start on a small scale and learn the details of the business before you put much capital into it.

Turkeys, whether sold for breeders at a fancy price or sold to the merchant for Thanksgiving or Christmas trade, should have some special care along about the first of October.

That the addition of milk to the regular grain ration of growing chicks leads to a greatly increased rate of growth is a conclusion reached by poultry specialists who have studied the matter experimentally.

It has been found that crooked breast may be prevented by feeding the birds plenty of minerals. Where there is a deficiency of minerals steam-bone meal usually is added to the ration to prevent crooked breast.

Sends Message To "Mars" and Gets a Reply

London, Oct. 24.—After paying 36 cents a word for government radiograms to be sent to a woman on Mars and after listening for replies Dr. Mansfield Robinson, Telepathist, announced this morning that certain messages had been received but have to be decoded.

Operators at the Saint Albans radio station who had listened on a wave length of 30,000 meters had been heard from the planet.

The messages sent by Dr. Robinson were dispatched into space on a wave length of 18,700 meters by the Rugby station at 2:15 a. m. They read: "Love to Mars" and "God is Love" and were addressed to "Oomarru, a big eared martian woman," with whom Dr. Robinson said he had had telepathic communication. As the enthusiastic doctor realized that Martians perhaps were not acquainted with English he translated the radiograms into a special code for their benefit.

Only thirteen days remain before the election.

During this time it is the duty of every loyal citizen to do their part to get out a full vote. This is your opportunity to have your say in the government.
