School Sports Season Looks Promising

The beginning of school means the beginning of school sports. Mitchell County is no exception, as football and volleyball teams eagerly await their first game.

Coaches say it looks like a promising season in both football and volleyball in Colorado City and Loraine.

The Colorado City Wolves Football program is doing good, according to Head Coach Tom Ramsey. The Wolves have two offensive starters returning and nine defensive starters returning. The overall attitude of the team is great, stated Ramsey.

The Wolves are rated fourth in district behind Breckenridge, Stamford, and Clyde and are rated ahead of Abilene Wylie.

The Wolves will scrimmage Stanton Friday at 8 p.m., there. They will also scrimmage Anson here at 8 p.m., August 28. Their first game of the season will be September 4 in Slaton.

The Wolves are small and quick this year with the average weight of both the offensive and defensive line being 160 pounds. The offensive line is improving and the coaches are well pleased with the entire team. The Junior Varsity is made up mainly of

sophomores this year. They have also been working real hard. Everyone is anticipating a good year for all of the Wolves.

The Wolves have been working out over a week and have been in pads for four days. Major injuries such as broken bones have been avoided thus far in the season. Most of the injuries have been bruises and sore muscles.

The Pigskin Preview is set for Thursday, August 27, at 6:30 p.m., in the Wolf Field. All of the football players will be introduced to the home crowd. All the parents are invited to attend and take pictures of their sons in their football uniforms. Admission is free.

The Loraine High School Bulldog football team will be smaller this year but it should be quicker, according to Ted Wylie, head football coach. The attitude is good and the guys are working out hard, he also stated.

There are about 25 to 28 guys going out for the football team this year at Loraine. There are six returning seniors. Also returning are three All-District picks. These three young men are Jerry Rose, Jerry Darnell and Kirk Galvan.

The front line will be young but the running game should be good, stated Coach Wylie. The back field is also looking real good.

The team is currently having a long workout session at night. Loraine Bulldogs face New Home Thursday (tonight) at 5:30 p.m., at Johnson Field in a scrimmage game. Next week, the Bulldogs will face Irion County at Mertzon, starting at 6:30 p.m.

The Colorado High School volleyball team was regional finalist in 1980, they were defeated by Kermit who advanced to the state tournament. Maybe these girls will do as well or better this year. The girls have a winning tradition behind them and their attitude, team work, quickness, defense, senior leadership and offensive spiking should be better than ever before. The only thing that this team lacks is experience.

The girls scrimmaged at Odessa Permian High School Monday. The varsity team played Permian, Fort Stockton, Pecos, Crane, Brownfield, Odessa High, Midland High and Hobbs, N.M. The Wolves were again this year close to being the class of those

participating. The upcoming volleyball season looks very promising for the Colorado High Wolves.

The following girls made the varsity team: Karla Herm, Sr., three year starter, made all district first team in 1980, setter; Stacy Hamrick, Jr., two year starter, all district first team in 1980, spiker; Diana Castillo, Sr., two year starter, made honorable mention all district in 1980, spiker; Tomika Randle, Jr., spiker, first letter; Pam Wilson, Jr., setter, part-time starter, two letters; Rachael Lujan, Jr., spiker, two letters; Carolyn Green, Jr., spiker, two letters; Hollie Taplin, Jr., setter, first letter; Mona Molina, Jr., setter, first letter; Laura Baum, Soph., spiker, first letter; Robyn Turner, Soph., spiker, first letter and Kerry Spivey, Jr., spiker, first letter.

The other young ladies will have the opportunity of being placed on the varsity as they get the experience they need while playing on the junior varsity. The girls on the junior varsity are: Juniors: Sandy Castillo, Michelle Franco, Misty Tammen, Loretta Morris and Venita Johnson. Sophomores: Linda Scott, Pam Ehret, Becky Albin, Sonja Mercer, Ronda Clary, Theresa Anderson, Chris Castillo, Naomi Mize, Debra Rivera and Carla Calaway.

Sirens...

L. O. Schafer, fire marshal of the Colorado City Volunteer Fire Department, has announced that the fire department will be using the fire siren at night because of transmitting.

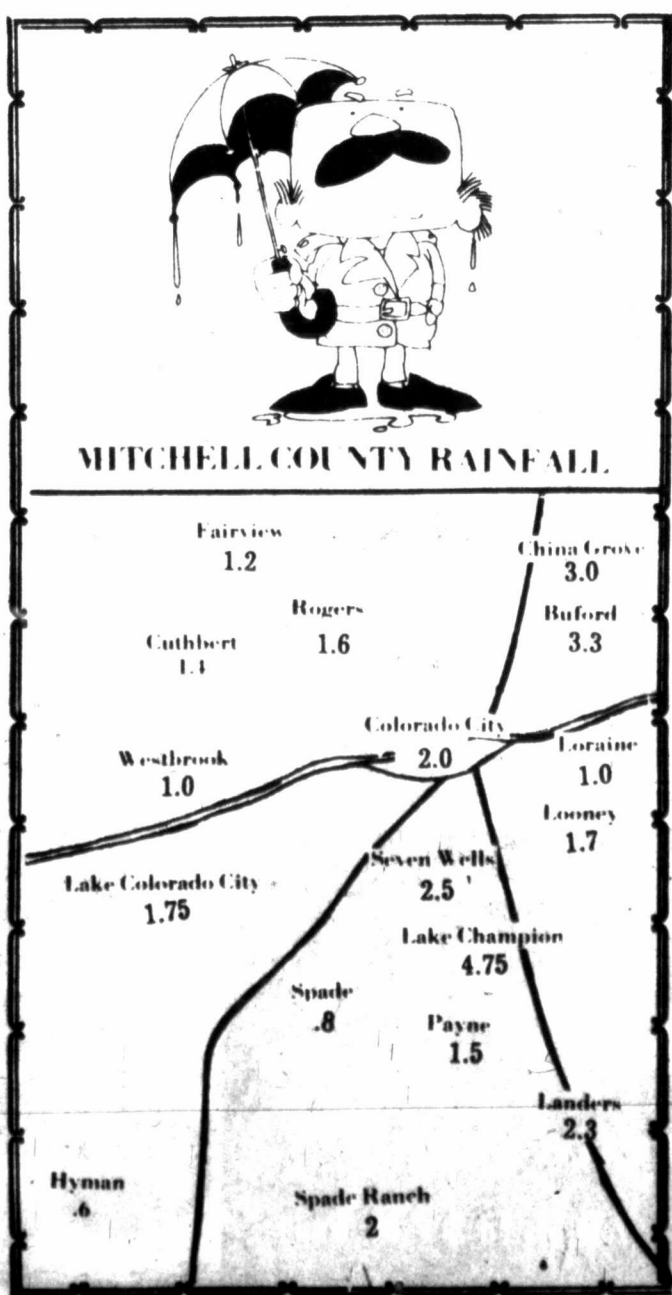

He stated that during the rain, lightning struck the radio tower and it burned and they would have to resume the fire siren at night until repairs were made.

Schafer stated that they would use this system until further announcements were made.

Sale A Success

Colorado High School's Wolf Band concluded their annual sale of Colorado City RECORD subscriptions Friday and during the three days the band had a very successful sell.

Two Hit And Runs Occur Over Weekend

The Colorado City Police Department is investigating two hit and run incidents that occurred in Colorado City on Saturday and Sunday.

Jack Strain, of 912 Rusk, is the owner of a 1980 Ford pickup that was hit Saturday. The pickup was parked in front of his home when it was struck by an unknown vehicle.

Michael Andrew Webb, of 2147 Vine, is the owner of

a 1980 Ford pickup that was also hit by an unknown vehicle.

The pickup was parked at the Safeway parking lot when it was hit at 1:20 p.m., Sunday.

On Monday, George Davenport reported criminal mischief at the Downtown Mobil Station. A window had been broken and another one had apparently been shot with a BB gun.

Martin & Rivera Host Club Meeting

The United Methodist Women of the First Methodist Church met August 10th in the fellowship hall for a covered dish supper. Billie Martin and Carla Rivera hosted the gathering.

Reports were heard from delegates attending the Christian School of Missions in Lubbock.

President Juanita Coker welcomed the group and then gave a brief devotional on the first great commandment saying that we should reach out with helping hands to others as we know how to Fellowship and pray together.

Reports from the mission study were given as follows: Carla Rivera told about the study "Singing the Lord's Song," a study of Isaiah 40-55 by Bruce C. Birch. She stated that "we were told that the prophet Isaiah 40-55 truly sang the Lord's song to the Israelite exiles in Babylon, in a most beautiful and compelling way." The book of Isaiah is like a miniature Bible, it's 66 chapters paralling the 66 books of the Old and New Testament.

"Must Walls Divide" by James E. Will was discussed by Blanche Feathers. She discussed the creative witness of the churches in Europe. "Partners in Pluralism" by Jackie M. Smith was discussed by Nelda Garrett saying

that the purpose of this study is to explore new ways of living which were more appropriate for a pluralistic and independent global community.

Debby Carlock, Carla Rivera, Leigh Erwin and Blanche Feathers presented a skit called "Face to Face."

The meeting closed with all joining hands and singing "Bless Be The Tie That Binds."

NOTICE
IF YOU SMELL NATURAL GAS, FOLLOW THESE 3 STEPS TO SAFETY.
The natural gas industry has an excellent safety record.
The fact that you can smell natural gas is because we add a harmless chemical to it as a safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.
If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:
1. Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.
You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

Renderbrook-Spade Ranch Has Documentary History

The Renderbrook-Spade Ranch is one of the most historical spots in Mitchell County. The following is a brief history of the ranch and its owners, according to Frank Bassham.

Established in 1881 by J. Taylor Barr, the Renderbrook-Spade Ranch was bought by one of two inventors of barbed wire, Colonel Isaac Ell-

wood of Illinois, in 1889 from the Snyder Brothers.

According to legend, the ranch, located 22 miles south of Colorado City, takes its name from the nearby Renderbrook Spring, so named for a soldier ambushed by Indians along its banks. Actually, however, an 1876 Army staff map shows the

spring was named for a Captain Joseph Renderbrook.

Ellwood purchased his first cow herd from J. F. "Spade" Evans. Since that time, cattle on the 120,000-acre Renderbrook spread have worn the Spade brand. Because Ellwood felt his investment had been a good one, he insisted that all improvements

be permanent. So, in 1901, a rock house with carbide lighting and the latest conveniences, including hot and cold running water, was built at ranch headquarters. The Renderbrook Ranch also piped water to its cattle long before other West Texas ranches began to do so.

When his son, W. L. Ellwood died in 1933, the younger Ellwood left the ranch, which by now included land in Lubbock, Hale, Hockley and Lamb Counties, to his daughters, Mrs. F. H. Chappell and Mrs. R. Leland Keeney. Fourteen years later, Colonel Ellwood's great grandson, F. H. Chappell Jr., established the 40,000-acre Chappell-Spade Ranch.

The Spade Ranches today consist of three outfits: The Renderbrook-Spade Ranch in Mitchell County, the Chappell-Spade Ranch near Tucumcari, New Mexico, and the Broden-Spade Ranch near Gail, Texas. The Spade brand is common to all the ranches.

They are operated by F. H. Chappell, Jr., and Mrs. B. D. Bassham, and are managed by W. J. "Dub" Waldrip, who introduced crossbreeding to the ranches. The strains, which never contain more than five-eighths percent of any breed in the cross, are Hereford, Angus, Brown Swiss and Simmental. His plan was the first which crossed two British and two Swiss

breeds. In addition to cattle, the ranches breed horses and sheep. The land is not cultivated, but remains native range.

At 92 years, the Renderbrook-Spade Ranch is three years older than Colorado City. It has been acknowledged by the Texas Historical

Survey Committee with a marker for its "White House," a structure built in the late 1800s by the Snyder Brothers, which is still in use.

We've debated nuclear power long enough...

let's get on with it.

We Americans have always recognized the need for full and orderly discussion of important public issues. From the neighborhood improvement association to the United States Congress, free-ranging debate helps us decide what to do, when, and how. And when the facts are in, we do it.

After 30 years we're still debating—and delaying—nuclear power. Some people worry that it's not safe, or too costly, or that the fuel's too scarce. The facts are:

• In the 24-year history of U.S.

commercial nuclear power there has never been a nuclear-related fatality.

• Electricity made with nuclear fuel is competitive with electricity made from other fuels.

• We have the largest proven reserves of nuclear fuel in the free world, and a dollar's worth of nuclear fuel contains as much energy as \$10 worth of imported oil.

At your electric company, we believe the debate on nuclear power has served its purpose and now it has gone on long enough. Most

Americans agree that we should be developing the potential of this domestic and less costly fuel.

The record shows that nuclear power is clean, efficient, competitive and safe. And to supply the electricity we need to keep this area attractive for living and working, it's necessary. So let's get on with it.

Students Recieved Don & Sybil Scholarships

More than 350 students who will enter West Texas State University in the fall semester as freshmen have received Don and Sybil Harrington Honor Scholarships.

The scholarships of \$200 each have been awarded to 369 high school graduates who were members of high school National Honor Society chapters in seven states. The scholarships, awarded through the WTSU Development

Office, have been accepted by students in 115 cities and communities in Texas, Oklahoma, New Mexico, Kansas, Colorado, Ohio and New York.

Three donations each of \$200,000 by the Don and Sybil Harrington Foundation of Amarillo have enabled WTSU to award the hundreds of honor scholarships.

The honor scholars program was established three years ago as the WTSU President's

Honor Scholars program to award \$100 to members of high school National Honor Society chapters. More than 1,000 entering freshman students have received the WTSU President's Honor Scholarships.

Following the latest of three financial gifts from the Don and Sybil Harrington Foundation, the WTSU President's Honor Scholar program was renamed the Don and Sybil Harrington Honor Scholarship program.

Don and Sybil Harrington

ing Honor Scholars who score high on the American College Test and the Scholastic Aptitude Test, which are college entrance examinations, will receive an additional \$100 scholarship and be recognized as President's Honor Scholars.

The additional scholarship will be awarded to the students who have scored at least 28 of a possible 36 on the ACT and 1,200 of a perfect 1,600 on the SAT entrance examination.

Students from states

other than Texas who receive at least \$200 in competitive scholarships to WTSU are allowed to pay resident costs. Out-of-state tuition costs often are 10 times greater than resident charges.

Scholarships are awarded from the interest on the \$600,000 which has been invested.

The Don and Sybil Harrington Honor Scholar from Colorado City is Robert Godina, son of Ben and Minnie Godina of Colorado City.

Extension Homemakers' Clubs Met August 13

The six Mitchell County Texas Extension Homemakers Clubs met in the Lone Wolf Medallion Room August 13 at 7:30 p.m., for their annual family supper. It was a pot luck meal.

Mrs. Don Blassingame and Mrs. Lindley Webb were co-chairpersons in planning the event and delegating various responsibilities to different clubs.

The North Loraine Club was assigned the responsibility of enter-

tainment which followed the meal.

Giving an amusing telephone conversation that led up to the introduction of the new Extension Agent, Marian Morris, was Mrs. C. A. Matejowski. Bob Benson introduced Ms. Morris and she in turn spoke to the crowd.

Judge Bill Carter accompanied at the piano by Mrs. J. M. Templeton, led the group in singing old favorite songs.

The final part of the program was presented by the Loraine Senior Citizens "Key and Notes" kitchen band.

There were approximately 75 people attending.

Shuman will direct the loan activities of 8,300 full-time employees from 348 State and District offices and 1,963 County offices in administering \$12.2 billion this year in loans and grants to rural families and communities for farming, housing and community facilities. Shuman, 46, has operated a cattle and grain farm with two brothers in Sullivan, Illinois and was a member of the investment brokerage firm of Blunt, Ellis & Loewi of Decatur, Illinois. He served as Illinois State Director of Farmers Home from 1971 to 1977. During that period, he also served temporarily as director of the agency's national finance office in St. Louis. Shuman is a graduate of the University of Illinois with a degree in agriculture, and was a delegate to the Illinois' constitutional convention of 1970. He and his wife, Mary, have two daughters, Carol, a sophomore at the University of Illinois and Linda, a high school student. Shuman said as administrator he would emphasize supervision and servicing of the agency's loans to existing borrowers. "We must follow through on our initial commitment to the borrower if we are to faithfully serve the needs of rural Americans," he said.

Special Summers

By Marsha McAdams

When everyone is so busy with summer activities it makes it really special to be thought about and that's just what so many did. Shirley and James Clifton remembered us many times with fresh cantaloupe and watermelons which was enjoyed for many meals.

Lillian Hallmark brought us some fresh peach jam and fresh peaches which went great for breakfast and dinner dessert.

Smoot Swafford also remembers us with cantaloupe and watermelon which with our large family was soon gone.

Janet Moore brought some squash which was enjoyed by all and J. D. and Lois Iglehart from Westbrook donated some clothes for which we are thankful. Ann Gregory donated some tatting thread which those that do tatting was glad to receive. To all these people, we give our thanks.

Selected as our employee of the month for July was Jean Boyd. She has worked here since April of 1979 and is a valuable asset to our facility.

A trip to eat out at the Spanish Inn in Sweetwater was enjoyed by Opal Rakes, Tom Morris, Ruth Walker, Irwin Hale, Alice Tucker, Ricki Harmon and Rosa Rosas. These trips out are really looked forward to by many.

Crystal Lane from Kentucky entertained everyone with piano music one evening while visiting with her great-grandmother, Zella Hamilton. Chrystal is the 11 year-old daughter of Mr. and Mrs. Tom Lane from Harrodsburg, Ken., and grand-daughter of Blondie and Ham Hamilton of Loraine. Nannie Swafford and Irvin Hale attended the Bagwell and Hale reunion in Ballinger. They traveled with Nannie's son, J. C. Swafford from Hackley, Texas. There was a large crowd there and all enjoyed the large buffet.

If I have not mentioned it before, I would like to thank Custom Ag in Loraine for providing us

with large quantities of copies when we have special events.
