## Hermleigh News Notes

The following news notes are taken from the pen of Editor R. S. Norman of the Herald.

### IMPORTANT MEETING

Hermleigh holds its most important meeting Monday night, Nov. 14, to select the cotton seed for standardization in this section.

### Standardization of Cotton Seed

Being old cotton growers ourselves, we have become interested in the efforts of our farmers to standardize the variety of cotton. We are not sure that we know the value of the plan, but it is looking forward to the community's best interest. The variety of every seed planted is considered important, then why should not the variety of cotton be more important? The suggestion is worthy of consideration.

If pedigreed cotton had not already proven its value, it should not be recommended to us. If it has made one man money, it will make another man money. If it aids production and quality of staple for one man, it will do it for a whole community, supposing the soil is the same the community over. The better the variety of seed sown the better the staple will be. There is so much had cotton coming on the market these days that it is beginning to look like standardization would be a safe risk if practical. If our soil is uniform, as it appears to be, the Herald sees nothing in the way of the movement.

### Lack of Poise Brings Anger

There is nothing more pathetic than to see a child fall victim to the fitful rage of an angry parent. And then to make it worse we try to persuade them that the fault is their own. Chief among the things we need is self-control, and especially so when innocence is usually the prey of our misdirected actions. A child needs punishment for its disobedience, but never for the anger of the parent, however care-worn and fatigued one might be. "Vengeance be-longeth to me, I will repay, saith the Lord."

### Lodge Meetings

Hermleigh Lodge No. 987, A. F. & A. M., meets Saturday night on or after full moon in each month. Odd Fellows Lodge No. 667 meets every Thursday night. T. J. Hodney, N. G., H. T. Gleastine, secretary.

### Five Year Old Child Real Picker

Jack Robinson, the junior champion cotton picker of Hermleigh, has raised his championship record. This five year old child raised his record from 84 pounds of week before last to 104 pounds last week. A child of this age who can endure to pick that much cotton is worthy of publicity and is worthy of a silver loving cup.

### Home Coming at the Dunn Methodist Church

The visit of Superannuated W. H. Harris of Snyder, former old-time pastor of all the Methodist Churches in this part of the district, was the occasion of a big

home-coming church service at the Methodist Church in Dunn last Sunday. The service continued through the greater part of the day with a big lunch spread and fellowship service at the noon hour. According to the report, this was a great day with the church there. Good old Methodist brethren who used to shout together during the big summer camp meetings rejoiced together and with Brother Harris that this occasion was afforded them by the good church at Dunn.

Those attending from here were: J. F. and Mrs. Coston, B. Y. Rea, O. L. Barfoot, S. W. Barfoot and family, Mike Rogers and family; J. H. and Mrs. Lynde, J. H. and Mrs. Coston, Melvin Vernon and family and Mr. and Mrs. Byron Coston.

### Local Happenings

D. M. and W. A. Louder returned recently from Denton where they attended the funeral of their brother, J. M. Louder, who died of blood poisoning in a sanitarium at San Antonio and was sent back to Denton for burial.

Mrs. J. W. Wenecker spent last Sunday with her daughter, Mrs. Cook, in Loraine.

The B. Y. P. U. was the jubilant guest of the Epworth League at a Halloween party Monday night. Mrs. J. R. Coker was the hostess in charge and, after many games were played, served the spooky crowd most timely and deliciously.

W. T. Rayborn, district manager of the Fuller Gin Co., was in Hermleigh this week. He is moving from Lubbock to Snyder. We were impressed with the interest he manifested in the future development of Hermleigh. He said his company's interests here would justify their effort to help in pushing things. This is the type of man a town builder likes to meet up with.

Mesdames Tomlinson, Coker and Higginbotham narrowly escaped injury when the car in which they were riding was wrecked Tuesday. The car, belonging to Mrs. Tomlinson, was damaged to the extent of about \$75. Chloedell McMillan has returned

from the Dallas Fair. Chloedell won this trip by virtue of having won first place in home economics work.

Mr. and Mrs. Charlie Polk of Anson visited Mr. and Mrs. Sled Ragsdale last week-end. Mr. Polk is Mrs. Ragsdale's brother.

Mrs. W. R. Terry has returned from Dallas where she attended the fair and the Grand Chapter of the Eastern Star.

Elza Patterson of Cleburne is visiting his brothers, Dick and John Patterson, of this place.

Mr. and Mrs. Joe Patterson were visitors on the plains and in New Mexico last week.

Mr. and Mrs. Etheredge are the happy recipients of a big girl born Monday morning, Dr. Ward reports.

Mr. and Mrs. Ed Shultz and baby of Loraine were in Hermleigh Sunday, guests of J. B. and Mrs. Etheridge.

Several new students are expected to enter school next Monday. Also many who have been out for some time will re-enter then. We hope the attendance will be much better than heretofore.

### "TWELVE MILES OUT" A BREATHLESS TALE

Breathless thrills and vivid romance await film fans in "Twelve Miles Out," Metro-Goldwyn-Mayer's mystery melodrama, of the high seas which opens at the Palace Theatre Monday.

It is one of the fastest adventure stories of the season and John Gilbert's latest starring vehicle. Adapted from William Anthony McGuire's famous Broadway hit, it comes to the screen with added dramatic appeal. It tells the tale of rum-runners, hijackers, revenue cutters and the kidnaping of beautiful women. Through it all runs one of the sweetest love stories ever screened. As the swash-buckling hero, Gilbert has an ideal role. He takes daredevil chances, stages desperate battles and follows the course of an amazing intrigue.

Joan Crawford makes a charming heroine, Ernest Torrence a villain who is a strange mixture of sinister traits and whimsical humor. Others of the excellent supporting cast are Tom O'Brien, Bert Bouch, Eileen Percy and Edward Earle. Jack Conway directed.

coats of clear varnish. No finish is used on the inside. The value of the chest is in the natural wood and no inside finish should be used.

If desired, a shallow tray of cedar may be made to fit inside. Two horizontal strips inside the chest will hold the tray where desired. Such a tray divides the chest into two compartments with space below for blankets and large pieces and a tray above for smaller things.

If you wish a complete book of instructions for making this beautiful chest, giving large working drawings, a list of all

material needed, a cutting chart, and step-by-step instructions, send the coupon below to our HANDY MAN SERVICE.

A beautiful chest that can be made at home is illustrated. Excepting for the additional work of gluing the cedar strips together so that the top, the bottom, and each of the sides is a solid piece, the work of making the chest shown is not much greater than is required to build an ordinary storage box.

The chest is made of red cedar. The cedar may be obtained already sawed and dressed. If desired, it is possible to buy the cedar strips glued together into sheets of the size required.

The leg blocks and the front trim posts shown are of the same material as the rest of the chest. The handles may be made of the same wood, as illustrated, or brass handles, copper finished, may be used. The triangular trim pieces shown and the keyhole strip are made of sheet copper fastened with copper-headed nails, or small copper finishing screws.

"I had a bad taste in my mouth; felt sluggish and tired.

"I brought home some Black-Draught and took a few doses, and I got good results. I felt so much better. My head cleared up. I was hungry and wanted to get out and work.

Contrast him with the hustler. This man believes in advertising, because he is hot after customers. He marks his prices down, because he wants turn-over. He would rather sell a lot of goods at a small profit than a little merchandise at big profit. He knows he can make more money by keeping his capital busy. He refuses to carry merchandise over from year to year. He knows it goes out of style, becomes shop-worn, and that such a policy does not assist him in building up a clientele of satisfied customers.

Now with which one can you shop most profitably? The second fellow, of course. And how can you tell which merchants belong in the second class? By going through the advertising columns of the Scurry County Times-Signal or any other newspaper printed.

That these busy-bodies go out into the country and try to arraign the folks in the country against the folks in the cities, and then go into the cities and try to stir up a feeling against the folks in the country.

NEW FORD WILL BE ROLLING INTO SNYDER SOON NOW

According to recent Detroit dispatches the first new type Ford car was officially turned out of the assembly line at the Fordson plant of the Ford Motor Company week before last in the presence of Henry and Edsel Ford and other officials of the company.

The dispatches mentioned go on to say that the new Ford no more resembles the car formerly put out by the company than a graceful porpoise resembles a whale, it is said. It is a smart looking automobile, low, rakish, and is thoroughly up to the minute in appearance. It can make fifty miles an hour easily and sixty if pressed.

For the present, production will be confined to closed cars of the sedan type, but it is expected that quantity production will be attained before the end of the year at a rate of at least 2,000 and possibly 5,000 cars a day, according to the statement.

This should be good news to the Strayhorn-Ford interests here, as they have been trying for the past few months to be a regular answer box for the public. "It won't be long now," is a familiar slogan.

### THINK OVER THIS

"Here is the best argument I have ever heard of for farming in Texas: At a typical county seat in North Texas the first week in February a meeting was held, attended by about 200 farmers, bankers and leading business men of the town. Several addresses were made on the present cotton crisis and the danger of further losses from another big cotton crop. "Finally one of the bankers present asked all farmers who had corn in the crib of their own production, to arise. Twelve men arose. After they were seated he asked all farmers who had meat in the smokehouse of their own raising and curing to rise. The same twelve men got to their feet. After they were seated, he asked all who had money in the bank which they did not borrow to arise. The same twelve men arose."

### THE TIMES-SIGNAL A SOUND NEWSPAPER

People are willing to acclaim the newspaper as an 'educator' and a 'moulder of public opinion,' but few realize how absolute is the necessity that it be first a business. Only as it is a sound dividend-paying 'business' can it be a 'moulder of public opinion.' The weak newspaper must bow to the interests who hold its existence in their power. The strong newspaper is master of its own policies. The making of a modern weekly newspaper is an expensive undertaking, requiring highly paid workers and a heavy investment in equipment. Labor and money invested are both worthy of their hire, and quality of service instantly deteriorates when they are not properly rewarded. Hence the necessity of making a newspaper all these fine and altruistic things—and yet a sound business. The Scurry County Times-Signal is a business—conducted on sound business principles with rates, bona fide circulation and other value-estimating facts laid impartially before its customers. Because it is a sound business, it gives you a finely-printed, well-constructed newspaper, filled with the best of news and county features, and therefore of greater value to both reader and advertiser. There is nothing so expensive as a cheap publication. Advertisers admit its powerlessness, readers deny it their confidence. The Times-Signal promises and it delivers. It has the prestige of a sound business which it has required long years to accomplish.

### UNIQUE EXPERIMENT

Emily Hays believes experience is the best teacher, so for her some economics class at the University of Arkansas she imported

a three weeks old 12 pound baby boy, and assigned his care to her students. "Don," as the youngster was called by the girls, came to the school last October from an orphan home. Never once during the entire time did he suffer from illness. At six months he had surpassed all average requirements for that age. Don lived in a model practice home and had a new nurse each week. The experiment proved so successful from the standpoint both of the child and the students that it probably will be repeated next term.—Greenville Evening Banner.

### "THE MODERN MAN"

Hurry the baby as fast as you can, Hurry him, worry him, make him a man. Off with his baby clothes, get him in pants; Feed him brain food and make him advance. Hustle him, soon as he's able to walk, Into a grammar school; cram him with talk. Fill his poor head full of figures and facts, Keep on a-jamming them in till it cracks. Once boys grew up at a rational rate, Now we develop a man while you wait. Rush him through college, compel him to grab Of every known subject, a dip and a dab. Get him in business and after the cash, All by the time he can grow a mustache. Let him forget he was ever a boy, Make gold his god and its jingle his joy. Keep him a-hustling and clear out his head of breath, Until he wins—Nervous Prostration and Death. —The Health Bulletin, North Carolina State Board of Health.

### SAD BUT TRUE

What do I believe, at bottom and immovably? I believe (and preach) three main doctrines, to-wit: 1. That it is better to tell the truth than to lie. 2. That it is better to be free than to be a slave. 3. That it is better to have knowledge than to be ignorant. These notions are banal enough, God knows, and it is hard (in theory) to imagine any rational man challenging them. But it is my experience that, for some occult reason or other, they are inordinately offensive to the overwhelming majority of Americans, and that anyone who essays to whop them up among us is sure to acquire a considerable unpopularity.—H. L. Mencken.

### A DOCTOR'S SERMON

It was a community fair attended by farmers and their wives and children. A country physician, pointing out a seventeen-year-old girl, said: "That child is subnormal. She is starving for the right sort of food. She lives on bread, meat and coffee, and eats neither milk nor green vegetables. Look at those fine chickens yonder and those fine hogs. The chickens are fed by the Oliver plan and hogs by the Shay plan—well-balanced rations in both cases—and did you ever see better specimens? Now

take a look at that starving child! She is kept out of school on my certificate of ill health. She can't study or grow, and her mind is being dwarfed for no other reason than that her body is starving. Here is a case of knowledge and wisdom in feeding hogs and chickens, and ignorance in feeding children. What do you think of parents when they say they can't afford to buy a cow, and 'didn't have time' to raise vegetables and fruit—and expect to buy health for a starving child in bottles from a drug store?" — Progressive Farmer.

### IF YOUR BIRTHDAY IS IN NOVEMBER

Birthstone—Topaz You are skillful and shrewd, but very stubborn in your opinions, and very aggressive. You have a firm will, but cannot always control your temper. You are rather resentful and have a desire to get even with anyone you think has caused you an injury. You are inclined to be moody, almost to the point of melancholy. You talk very little. You are patient and persevering in your undertakings. You may suffer a good deal from headaches and neuralgia, and a

serious illness will attack you that may shorten your life. Prosperity is not shown for your early life, but you may become quite well-to-do as you grow older. An inheritance is possible after the middle of your life. Your friends and companions should be chosen from among people born in January, March, July and November. You should marry a person born in May, October or December. Marriage and a number of children are shown. You will have few if any brothers, and one of them may be killed by an accident. If you are a woman born under this sign, you have a good sense of humor. You are rather difficult to understand on account of a manner that seems cold and flip-pant, but you have a warm heart, and are loved by those who really know you. You will do well as a teacher, superintendent of women's institutions, public speaker, writer or musician. You are very efficient and capable, and can do well whatever you undertake.

### A REPLY TO A FEW OF THE TIMES-SIGNAL CORRESPONDENTS

Every once in a while some Times-Signal correspondent will take us to task for this non-ap-

pearance of their local items in some particular issue of the paper. We are happy to advise these correspondents that the following are some of the reasons why their news items were not used in the paper:

Because of news letters being late in arriving and there not being time to put all the items in type.

Because of items not being complete in stating who, when, where and what. Sometimes a date is not given. It is best to give day of the month as well as the day of the week. Sometimes it is not stated where visitors are from. Sometimes the first names or initials are not given. Sometimes names are not written plainly. Sometimes the complete letter is illegible and requires an excess of valuable time to decipher it. Sometimes there is no capitalization, no punctuation, no paragraphing, and no grammar in the letters. Sometimes the items are too old. Because of being items about people in the same locality taking dinner or spending the evening with each other, or about people visiting from or in communities but four or five miles away, or about students being home from school over Sunday when they come home every Sunday, or about people who visit each other

regularly every week or two.

If incomplete news items or trivial or regularly repeated news items are printed, they detract from the entire news letters in the estimation of the readers and injure the effect of the worth-while items.

Other items besides news about people coming or going should be included in news letters. The letters should include items about marriages, births, deaths, accidents, damage by fire or storm, social events, family reunions, wedding or birthday anniversary celebrations, school events, church events, shipments of livestock, sales of town or farm property, new buildings, public sales, etc.

News letters should be mailed in time to reach the Times-Signal MONDAY evening or early TUESDAY MORNING. If there is important news after the regular news letter is sent, another letter should be sent Tuesday or the Times-Signal called by telephone up to Wednesday afternoon.

It is the desire of the Times-Signal to cooperate with every one of its country and town correspondents, and we likewise want them to work with us to help produce a better newspaper than has ever happened in this county heretofore.

### DID YOU EVER STOP TO THINK

By Edson R. Waite  
Shawnee, Okla.

That the trouble with a lot of people is that they want to live without working.

That another lot of people either want to rule or ruin.

That this rule or ruin bunch are pretty strong, especially among a lot of politicians who don't give a whoop for the people they are supposed to serve.

That they howl about this and they howl about that. They roar about the seeming prosperity of commercial business and then try to make the people believe the government should enter into many lines of commercial business and run those now in business out of business and perhaps out of the country.

The time has come when the people must face the situation squarely and realize that they cannot lay the blame on anybody but themselves. As long as they listen with rapt attention to political

spell-binders who tell them they are being robbed by everybody and their only salvation is legislation made by these same politicians, just so long will they suffer.

Much is said about imaginary trusts in commercial business, but little is said about political trusts.

Political trusts can cause more woe than all the imaginary business trusts ever thought of. (Copyright 1927)

The presidents of the League and Missionary Society received dainty handkerchiefs as remembrances from Bro. and Mrs. J. S. Johnson. Hot chocolate, cake and candy were served.

Miss Donnie Brown spent the week-end with Miss Eda McFarland of Snyder.

The contest in the M. E. Sunday school ended Sunday with the "Reds" winning. The "Blues" will entertain Saturday night at the church.

### IN MEMORY OF GEORGE HAYWOOD WOODY

George Haywood Woody was born August 9, 1896 at Snyder, Texas, and departed this life June 27, 1927, and was laid to rest in the Snyder cemetery.

George, as he was known, was a model young man, having been reared in Scurry County. At the age of seventeen he was converted and joined the Presbyterian Church and lived a devoted life. He loved his Sunday school and took great interest in the work. He had no bad habits in any way. He was neither dissipated nor did he use profanity. Those who knew him were his friends. When the World War came he volunteered his services, joining the hospital corps, and made a number of trips across the ocean as a nurse in transporting soldiers. He leaves a father and mother, Mr. and Mrs. J. W. Woody, besides four brothers and three sisters, to mourn his departure, one sister having died a number of years ago.

I could only say to the bereaved family and friends that George has only gone to occupy that mansion that our Savior said He would go to prepare. In the death of George the community has lost a good citizen and a noble young man, but our loss is heaven's gain. Contributed by a friend. 21-1c.

### OUT-OF-TOWN ORDER FOR WEDDING CAKE FILLED AT HURD SHOP

Hurd's Bakery received a rush order Tuesday from Colorado for a large wedding cake, which was promptly filled and the beautiful piece of goods placed in the display window of the bake shop.

The cake was built in the form of a horse-show with a pulpit on the top, surmounted by a wedding bell.

Such out-of-town recognition for a product so important as a wedding cake is sufficient testimony to the art and ability of the Hurd Bakery.

TOM WOLF SAYS DANCE WAS SPECIAL HALLOWE'EN EVENT

Editor, Times-Signal:

In regard to the write-up in last week's issue of the Times-Signal about the Sunday night dance, seems as though the readers are under the impression that a Sunday night dance was given at Wolf Park the 30th of last month. I want to inform the public that there was no dance given on Sunday night.

I will say that we had a special Halloween dance beginning at 1 o'clock and ending at 5 on Monday morning, and furthermore want to say that at each and every entertainment held at Wolf Park there are two officers of the law, especially paid by the management, to keep law and order. Signed: TOM WOLF.

### Santa Claus to Predominate In Snyder's Stores

Show windows, shelves and counters of Snyder stores are beginning to whisper a glad tidings, that Santa Claus and Christmas are not far off. It will be only a very few weeks until the same windows and shelves will be shouting the fact.

A tow-headed youngster who clapped his hands joyfully the other day when he saw a truck piled high with Christmas toys and other gifts sort of presaged the happy tidings of Christmas time. Nowdays the youngsters get Santa Claus into their head around the fourth of July, and it's Dad and Ma who want to hold the idea back as long as possible. But this youngster saw the truck piled high Saturday, and he let a whoop that was heard down in the Times-Signal office.

Practically every day shipments are being received in Snyder stores that were purchased as far back as February and that are now carefully being unpacked to be in readiness for the Christmas shopper. Times and crops have been good to Scurry County, and it means the finest, largest and best Christmas that has been held here in years.

**Christmas Plans Secret**

Local stores are keeping their Christmas season plans something of a secret. Managers admit that there have been consultations aplenty and that the most gorgeous array of toys and the most scrumptious decorations ever seen in the city are in store for shoppers during this season. But that is about the extent of their divulgence.

Already merchants are putting in their windows dresses, coats, hats and accessories that should be a part of the Christmas season wardrobe. Clerks are advising customers what will be up-to-the-minute for the gala affairs planned during Christmas week and the New Year celebrations to follow.

Furniture stores are offering "tips" to aid in dressing up homes that will be the scenes of festivities during Yuletide.

And there is that annual admonition, "Do Your Christmas Shopping Early."

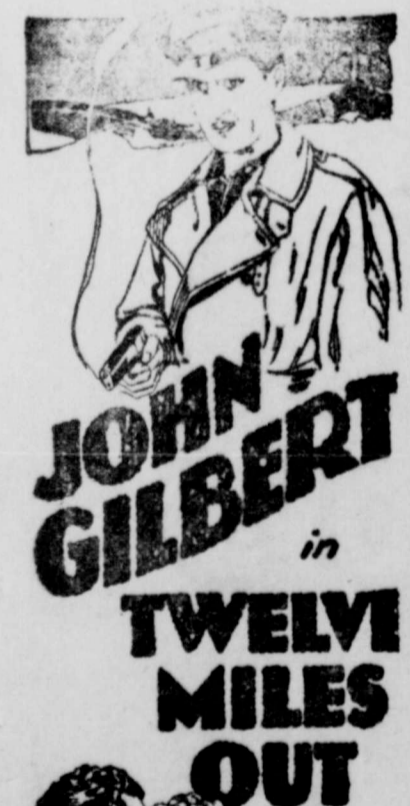

Snyder needs a Father and Son Banquet, with a Boy Scout organization as the ultimate object. Mothers and daughters could likewise do the same thing and organize a Girl Scout movement. These are both worthy projects.

### NOTICE TO OUR SUBSCRIBERS

There will be no reduced rates on the Times-Signal this year. Last year the price of cotton was cut in the middle, and accordingly, we cut the price of the Times-Signal in the middle and took our loss along with our good farmer friends. This year cotton is up to the standard price, and the Times-Signal feels that it is entitled to its regular price. Our regular subscribers are renewing right along, but there are yet many whose subscriptions have expired. Please won't you attend to this? We don't want to lose a single subscriber, yet we don't want to force it on anyone; therefore, unless you renew within the next few weeks, we will be forced to take your name from our list.

### UNION DOTS

The home demonstration club at Union met last Friday, this being their regular meeting day. After the usual routine of business was carried out, the election of officers for the ensuing year was taken up. The following were elected: Mrs. Wren Moore, president; Mrs. Holly Shuler, secretary; Mrs. J. L. Carrell, reporter.

The following ladies were appointed by the president as a membership committee: Mrs. R. L. Jones, Mrs. J. Ben Scott and Mrs. J. L. Carrell.

The business of the club was completed by a unanimous decision to have a pie supper the night of November 18 to secure funds for the benefit of the club. Every lady is requested to come and bring a pie.—Club Reporter.

Say, Editor, come out, you and the Junior Editor, and the d---, to see us eat pie, for there will be all kinds there—no top, white top, chocolate, and good old egg custard pie. Oh boy! Yum, yum!

Had a good day out Union way Sunday. Sunday schools were very well attended, and after Sunday school Brother Land preached, this being the regular preaching day for the Baptists.

The Junior Epworth League at 3 o'clock, Senior League at 6:30 and preaching at 8 were well attended. Brother Land preached his farewell sermon to us Sunday night, as he is moving back to Louisiana. We are all sorry to see Brother Land leave.

Brother Ivey Biggs will preach at the Methodist Church next Sunday, as on this occasion we are without a pastor. Come, everybody and hear a home boy.

J. W. Berry and family of Portales, N. M., are visiting their daughters, Mrs. Everett Clarkson

Mrs. Jodie Bynum, this week. Grady Biggs spent the week-end with his wife and baby and home-folk.

J. T. Biggs and wife were made glad Sunday, as all the children and grandchildren were home for dinner. Bet J. T. has had to eat left-overs this week. Poor old boy!

The schools will begin at Beth-el, Crowder and Turner next Monday, Nov. 14. All the parents are invited to come and be sure to start the children, as it means so much to every one of them to start at the beginning of school. So note it be.

J. L. CARRELL.

### SCHOOL OF MISSIONS NOW BEING HELD AT PRESBYTERIAN CHURCH

The Presbyterian Church is holding a School of Missions which will continue through the month of November. There are four departments in the school: the adult, young people, intermediate and primary.

The first meeting was held on Sunday evening at 6:45 and continuing for 45 minutes. The hour has been changed to 6:15 for each Sunday evening hereafter. This will give opportunity for any attending the school to go to any of the church services afterward.

Appropriate texts on mission study have been selected, and the subject matter is being well presented by the leaders in charge. Twenty-seven students were enrolled at the first meeting, and a good interest was manifested.

A cordial invitation is extended to all who have not enrolled to come next Sunday and join the school. Those who are not members of the Presbyterian Church are invited to come and join the classes if the hour does not conflict with their own church services.

### METHODIST LADIES OBSERVE WEEK OF PRAYER

Auxiliaries No. 1 and No. 2 met at the church Monday afternoon at two o'clock for the week of prayer program with Mrs. Lee T. Stinson presiding. The meeting was opened by singing "Holy, Holy, Holy," followed by prayer by Mrs. Curry.

Mrs. D. P. Yoder and Mrs. E. Smith gave very impressive Scripture lessons. Mrs. Lemona told of the work being done at the Palmore Women's Institute which, with the Valley Institute, a school for Mexican girls in Texas, is our week of prayer special for this year. Mrs. Joe Stinson gave a very interesting history of this school.

A very beautiful prayer service was conducted by Mrs. A. C. Preuit for the outgoing missionaries. Mrs. Martin read a paper on the Creed of Brotherhood. Mrs. Stewart, in her usual gracious manner, sang "Look Down, Dear Lord," and a beautiful duet was given by Meses. Preuit and Hamilton. The free will offering amounted to about thirty-five dollars.

After singing "America" and the closing prayer by Mrs. Higgins, light refreshments were served to about thirty ladies.

### SWEETWATER PUBLISHER VISITS HERE SUNDAY

Mr. and Mrs. Luther M. Watson and daughter, Miss Johnny Lee of Sweetwater were Sunday guests in the home of the Junior Editor. Since Mr. Watson's election as the new president of the West Texas Press Association, we had dared him over to enjoy Sunday dinner and to kill the fatted calf. Besides, we wanted to prove to him that Snyder High will wallop Sweetwater High tomorrow. No matter what happens, however, we all enjoyed a mighty fine time and good visit.

Mr. Watson is publisher of the Nolan County News, one of the most widely known weekly publications in all West Texas, and has built up through worthy efforts and honest service a fine newspaper with a large clientele. Mr. Watson also maintains a high class job department for printing.

The Hogz evangelistic campaign closed at Abilene Sunday.

### NOTICE TO FARM OWNERS

The Commissioners Court, realizing that our soil is the basis of all wealth and our prosperity is dependent upon the property conservation of the fertility of our soil, and that the proper terracing of our farms is the leading factor in maintaining fertility, have arranged to let the farmers have the use of our machinery for a period of three months to do this work.

We will be ready to start this work about Dec. 1st. Those wanting this work should see your commissioner or your County Agent. The charge for this work will be determined by the Court at its regular meeting Nov. 14th, and due notice will be given through our paper.

Any information will be gladly given by any member of the Court or C. C. Willis, County Agent.

**Fluvanna News Notes**

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

**Business Affairs**  
 Busy? Yes, every business is busy. Hard at work early and late, but after all, this is just what we want at this season—a paying job and health and strength sufficient for the task. It has recently been remarked among our people here that we could hardly wish for a better situation—a bumper crop, a good price, ideal weather in which to harvest, and a good state of health. Surely we should put on a rousing Thanksgiving service this year.

Our farmers are still quite busy getting their cotton out, but the rush is abating. Business is, of course, very good and some improvements are being made. Our school is now getting down to real constructive work.

On last Monday ten cars of cattle were shipped from this station, because of this fact we had two trains in at the same time. The shipments were as follows: W. B. Hood, R. N. Miller and Charley Browning, each one car of beefs to Fort Worth; W. M. Dameron, seven cars of stock cattle to Gordon.

E. C. McCauley loaded an emigrant car for Comby, Texas. On Monday Mrs. A. R. Brown sold 41 grown turkeys at 25½ cents a pound. It occurs to V. P. that this is pretty good business. No doubt the good lady has earned what she gets out of it, but now she has the satisfaction of reaping the fruits of her labors.

**Church Services**  
 As Sunday school, Rev. C. R. Hardy preached his supposedly farewell sermon from his pulpit at the Methodist Church last Sunday. Large and attentive audiences were in attendance at both services. A brief summary report, reviewing the work of the past year, clearly indicates that both the preacher and his congregations have wrought faithfully. Much good has been accomplished. V. P. believes that the people here will be glad if C. R. should be sent back.

Rev. E. Christian of Lubbock preached two very acceptable sermons to the congregation assembled at the Christian Church last Sunday.

There will be regular preaching services at the Fluvanna Baptist Church next Sunday. The regular services will be held at the Presbyterian Church next Sunday. The night service will be in the form of a reception lecture, representing mission work, together with interesting scenery, in Brazil. Those wishing back seats should come early.

**Visits**  
 On last Sunday and Monday W. A. Rogers and family of Fannin County, Charles Woodard and family of Colorado and John Sims and family of Clay County, all formerly of Fannin County, were visiting relatives and old time friends here, among whom were the W. G. Sims, C. E. Tarter and Mert Jones families.

M. O. Collins of Byers, Texas, is here looking after his business interests.

John Truss was called the first of this week to the bedside of a nephew, Miller Truss, who is said to be seriously ill at Honey Grove.

**Strange Things**  
 V. P. noticed in the last issue of this paper a brief comment on a sermon noted to have been delivered at the First Baptist Church of Snyder on Sunday night, Oct. 30, in the course of which it seems that the preacher dealt openly and in not uncertain terms with the evils of bootlegging and with those catering to this form of sin and the violation of both state and national laws. It seems, too, that a Sunday night dance came in for its legitimate share of condemnation on that occasion.

Now it happens that V. P. has learned that some folks are indignant about preaching of this character. Although V. P. did not hear the sermon, if his conclusion,

reached from the reading of the paragraph referred to, is safe, then he is ready not hurrah for the preacher! Down with bootlegging! Away with the dance!—especially the Sunday night dance. Perhaps the preacher should have paid his respects to baseball, polo and other field games when played on Sunday, which, be it remembered, is a holy—not a holi-day.

Of course there are, and probably always have been, those who were ready to "ramp on" the preacher when he makes bold to rebuke sin, but the sacred writers furnish all the example and the Bible all the authority needed for a task of this sort. If the proof is called for, one example will suffice for the present. Go read the short book of Amos—or even the Sunday school lessons for the past two weeks. Amos took, as it were, his life in one hand and the message of God in the other and went before the people with his scathing messages of rebuke and condemnation of the evils practiced among them. So should it be with any faithful gospel preacher of today, even though he, like Elijah and the apostles, may have to fire his "broadside" and then flee for his life.

No bootlegger is a worthy citizen of this great republic for the simple reason that he is constantly violating the law and is thus endeavoring to pry the foundation stones from under our government. The patron of the bootlegger is no better, for, while he may not be prying out the stones, he is furnishing tools to the man who is endeavoring to do so.

As for the mixed dance, every informed person knows that it has been a source of much evil ever since its origin among the Greeks many centuries ago. It is a veritable hotbed of disease, sin, shame and disgrace. If any person doubts this statement, let him apply to V. P. for the proof. It is at hand. The modern dance is wrong, demoralizing and degrading on any night, but what shall we say of a Sunday night dance? Has Snyder actually come to this? It is hard for us to believe, but, if so, then let the righteous who remain there interpret the "handwriting on the wall." Strange, indeed, is such a practice in a town ministered to by half a dozen protestant churches.

**FORMER TIMES-SIGNAL EMPLOYEE GOES TO OLNEY ENTERPRISE**

Editor P. R. Masters of the Nolan County News, Sweetwater, was a Sunday guest in the home of Mr. and Mrs. J. Nelson Dunn. Fifteen years ago Mrs. Dunn was an attendant at Editor Masters' Sunday school class at Pittsburg, Texas, and this was the first meeting of teacher and student in all those years. Mr. Masters has had a wide experience in the newspaper game, is somewhat of a globe trotter and is an interesting personality. He visited the Times-Signal office during his short stay here, and it was a pleasure to meet a near-by friend in the same profession.

**George H. Brown, old Snyder resident, who formerly worked on the Times-Signal, later going to the Dawson County Journal at Lamesa, has resigned there and accepted a lucrative position with the Olney Enterprise.**

Olney merchants and citizens will find in Mr. Brown an untiring worker and a good newspaper man. He has been instrumental in helping put over the Lamesa Luncheon Club that has been doing constructive work in that city. Olney can with equal facility enlist Mr. Brown's efforts in doing the same thing there. The Times-Signal wishes him every success in his new field.

**FLUVANNA GIRL DIES AT LUBBOCK**

Miss Floy Hamrick, daughter of T. H. Hamrick, recently of Floyd County, succumbed Sunday to pneumonia following an appendix operation on September 13. She died in the Lubbock Sanitarium. Miss Hamrick was 18 years, 2

months and 12 days of age at the time of her death. She was born in Jones County in 1909. The Hamrick family moved to Floyd County last spring from Floydada where they resided for a number of years. The deceased was well known in this county.

At the time her illness began last September she was keeping house for her father in Scurry

County. She was carried to Lubbock and underwent an operation for appendicitis on September 13. Just as she was recovering from the operation, she was stricken with pneumonia from which she died on October 30. Her mother died on August 11 of this year, and was buried in Lorenzo.

Floy was very anxious to get well, yet she did not fear to die.

She had never made any public profession of faith, but she had said that she was prepared to go. Her last words were to her father asking that she be buried beside her mother.

Funeral services were held Monday was made near her mother's father T. A. Dunn in charge. Interment was made at Lorenzo with El-

grave in the Lorenzo cemetery. The deceased is survived by her father, two brothers, Clinton and Conrad, and one sister, Mrs. J. L. Laminack. She also leaves many close friends.—Floyd County Hesperian.

Mr. and Mrs. O. J. Knight left Friday for a trip to Los Angeles.

CHARIOT RACE AND SEA FIGHT SEEN IN "BEN-HUR"

The chariot race and the sea fight in "Ben-Hur" are the outstanding sensations of the cinema world. Ramon Navarro as the galley slave and charioteer, May McAvoy as the sweet Esther, and Francis X. Bushman as the cruel centurion exert a potent magnetism on every spectator. This magnificent attraction, which cost \$4,000,000 to produce, will be seen at the Palace Theatre soon.

FLAPPER QUEEN BECOMES MOTHER IN NEW PICTURE

Clara Bow, queen of the flappers, isn't always "flapperish." In

"Children of Divorce," the new Paramount picture arriving at the Palace Theatre Wednesday, she plays her first mother role. But not, however, until she's had an opportunity to be the vivacious, care-free girl she usually portrays. Miss Bow's characterization is declared by critics to be one of the year's best. The story starts with Clara's childhood and takes her on up through girlhood, young womanhood and finally motherhood. Esther Ralston is co-starred with the fiery-haired actress. Gary Cooper, Einar Hanson and Norman Trevor are featured. The pictures is an adaptation of Owen Johnson's novel.
