EFFORT TO COMPROMISE ON PINK BOLL WORM CONTROL

AUSTIN, May 26.—Compromise efforts on the pink boll worm dispute will be attempted at a conference to be held tonight with all interested parties represented.

If prospects of compromise develop, four members of the horticultural board will be called in.

The House and Senate is not in session today, the members who attended the state convention at Dallas, still being absent.

Will Hold Rate Hearing

AUSTIN, May 26.—Hearing will be held by the Texas Railroad commission June 15 upon application of the El Paso Chamber of Commerce for the establishment of a \$15 rate for earload lots minimum 60,000 pounds, on freight shipments between El Paso and Fort Bliss.

PART OF LEVER ACT UNCONSTITUTIONAL

INDIANAPOLIS, May 26.—Three sections of the Lever Act were held unconstitutional by United States District Judge A. B. Anderson, who quashed twelve of the eighteen counts against the coal miners and operators, growing out of the strike some time ago.

Mrs. Sol Baker returned to her home at Zephyr Tuesday. She had been here to consult the physicians about her child.

The story that the rebel government has taken root in Mexico is probably a misprint. Surely it means loot.—Binghamton Sun.

TEXAS G.O.P. HOLDS TWO CONVENTIONS

SAN ANTONIO, May 26.—Two republican state conventions were held here last night, when the negro delegates, accompanied by a number of whites, withdrew from the regular convention and formed a convention in another hall in the city.

After the tans had withdrawn from the lilly whites, they proceeded to elect delegates to the National convention.

The regular convention also elected delegates and the Texas republicans will go to the National convention with a split delegation. Both sides sent uninstructed delegates.

MEXICANS TO PROBE CARRANZA'S DEATH

WASHINGTON, May 26.—Two Americans, Homer Carr and a man by the name of McDonald, have been taken prisoners at Jimenez, in the state of Chihuahua, by Mexicans, according to a report to the State Department. No details were given in the first report received.

MEXICO CITY, May 26.—A formal investigation in the part taken in Carranza's death by General Rodolfo Herrero and members of the Carranza party has been recommended by four commissioners. General Obregon and Gen. Gonzales were named to investigate the tragedy and make a full report as to how Carranza met his death.

The commissioners report that alleged facts which they have uncovered "prove that a conspiracy was prepared in advance by Herrero which inspired confidence in him by President Carranza and ended in the president's betrayal."

The military officers and civilians taken prisoners at Tlaxcaltengo following the death of Carranza, will be held prisoners here until Adolfo Dela Huerta takes the president's office. It is understood that he will then decide upon what disposition to make of them.

DELAYING VOTE ON SUFF AMENDMENT

BATTON ROUGE, La., May 26.—Announcements of plans to lay off rival suffrage groups seem to preclude immediate action in the Louisiana legislature on the resolution, which, if adopted, would make Louisiana the thirty-six state to ratify the National Woman Suffrage amendment.

PICNIC FOR CREWS CEMETERY BENEFIT

We will give a basket picnic near Crews on Friday, June 4, and this is an invitation for all to come and bring baskets and spend the day with us. All the cash dates are invited.

The citizens of the Crews community will donate their time and go to some expense in making the picnic a success, and the proceeds from the cold drink stands, etc. will be used in improving our cemetery. We will welcome all who can come and spend the day with us.

TEXAS DEMOCRACY IS DRY; SEVEN WOMEN DELEGATES

DALLAS, May 26.—Thirty-six delegates with power to cast one vote each, three of whom are women, and sixteen delegates at-large, with power to cast one-fourth vote each, four of whom are women, were elected to the National Democratic convention at the state convention which adjourned here last night. The delegates were sent to the convention uninstructed, with reference to presidential preference.

The convention endorsed the Wilson and Hobby administrations, and the "unpaired league of nations," declared against light wines and beers.

In a speech before the convention Dwight Lewelling announced his withdrawal from the governor's race and declared himself in favor of Pat Neff, of Waco.

The delegates to the National convention were instructed to oppose any platform or candidate for president who favored "violation, nullification or modification" of constitutional prohibition.

BIG SUM ASKED FOR STATE INSTITUTIONS

AUSTIN, May 26.—The state control board virtually completed drafting a bill today which carries appropriations of about seven hundred and fifty thousand dollars for the eleemosynary institutions for the remainder of the fiscal year ending August 31, 1920. It is expected that the bill will be presented to the law makers Thursday.

GERMAN LETTERS MADE PUBLIC TODAY

BERLIN, May 26.—Col. M. E. House, of Texas, was recommended to the German foreign office by von Bernstorff, German Ambassador in Washington, when Col. House made his second trip to Europe early in 1916 as President Wilson's personal representative, according to letters from Bernstorff to Gathlieb von Jago, then foreign secretary.

These letters have been published here together with other documents presented before the committee investigating Mr. Wilson's peace proposals during the war.

In a letter to Jago, Bernstorff said, "the mission of Col. House appears to me to be desirable, especially as the United States is so poorly represented in Berlin. Col. House is wholly neutral, very discreet and deserving. Confidence between us should contribute much to the betterment of a mutual relations."

Texas Onions Going North
MARSHALL, May 26.—A solid train of sixty-five refrigerator cars loaded with onions from Brownsville en route to St. Louis passed through here recently over the Texas & Pacific railroad. The train was handled on a special schedule, and a passenger train was stopped until the onion train could pull into the clear.

The Socialists can at least say that they have their candidate's number.—Pittsburg Dispatch.

DANIELS FIGHTING STEAM ROLLER

WASHINGTON, May 26.—Declaring that a "steam roller" is being used on him, Secretary Daniels, told the Senate Naval investigating committee today that he would appeal to a full committee if chairman Hale insisted upon putting into the record "unfair and unfounded" statements as to the condition of the American warships when the war began.

Before Secretary Daniels made his statement, Senator Pittman, Democrat of Nevada, warned Chairman Hale that he would protest on the floor of the Senate against the character of questions the chairman was asking Daniels.

Villa will be the next to bite the dust of Mexico. Watch.

Did you know that a knocker sometimes is a help. It all depends on who's doing the knocking.

Pat Neff has gained at least one vote by the withdrawal of Levelling for the gubernatorial race, for Levelling says he quits in favor of Neff.

The limiting of alcohol to fourteen percent in Mexico is at least one prohibition law which our anti friends in Texas would support.

What this town really needs now is some "for rent" signs stuck around. People are being kept away from here because they can't get a place to cook, eat and sleep.

The time to kill a snake is before it bites, and the fellow who thinks he can grabble open and above board on baseball in this city, and get away with it, hasn't better stand in with the officers than he should have.

The Brownwood Bulletin has made a motion that the mayor of that city, Joe Wichita falls in a campaign against vice. Wonder what Brownwood has to do with vice in Wichita, well. Surely there is nothing in Brownwood akin to vice.

There was no angry lumber used in the construction of the platform to be recommended to the State convention later by the convention to Dallas this week. It seems that the dry democrats are in full control of the situation in Texas, and Joe's attempt to inject vice into the campaign has only added interest to the determination of the dries to keep the platform dry.

Treatment of Common Colds.
If all who catch cold would be persuaded to remain in bed for the first twenty-four hours of such an attack, says a well-known physician, "there would be fewer cases dragging on with distressing symptoms for weeks and often ending in some more serious disease." To make sure of a prompt recovery you should also take Chamberlain's Cough Remedy. Whether sick or well the bowels move each day.

No Limit on Booze in Texas

AUSTIN, May 26.—Texas physicians will not be limited to prescribing six quarts of whisky per year in accordance with the federal prohibition law, according to an agreement said to have been reached here in a conference between federal enforcement officer Clifford G. Beckham and W. A. Keeling, assistant attorney general of Texas. The Texas law contains no such provision and this officials say, caused the agreement.

Indiana Like Bicycles Best

WINNIPEG, Man., May 26.—Indians who were brought to Winnipeg from the far north to participate in the Hudson's Bay anniversary pageant, some of whom have never been in a large city before, when asked what they thought was the most wonderful thing witnessed here, declared it to be the bicycle.

The reason for this, it is said, was because the Indian could see the working of the bicycle, whereas he failed to understand the complicated mechanism of the locomotive engine, the airplane, the automobile or the immense structures of the city.

Buy Old Brick to Make New

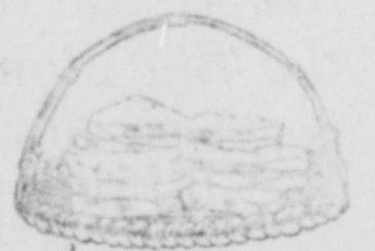

JEFFERSONVILLE, Ind., May 26.—Many brick buildings of former days have been bought in Jeffersonville in the last few months for the value of the brick they contain. Builders assert that in many cases, the brick is superior to new that can be bought at the present time. Some of the buildings that are changing hands are a hundred years old. The old brick is being used in modern structures with newer bricks as a facing.

In face of the speeding car, which was coming towards her at the rate of fifty miles an hour, she tore off her red sweater and waived it as a danger signal. The motorman, sensing the situation, applied the brakes suddenly, and the car stopped a few inches from the girl. When it was all over and her foot freed from the rail, she collapsed.

Farmers to Plant Sugar Cane

WATERLOO, Ia., May 26.—Farmers of Black Hawk and surrounding country are preparing their own relief from the sugar shortage. They are planning increased acreage of sugar cane this year for syrup making. Indications are that fully 500 acres of cane will be planted in Black Hawk county alone. Many farmers intend to plant five and ten acre tracts, and will use the sugarcane for their own families. There are numerous cane mills in this part of Iowa.

REVIVALS ESSENTIAL TO CHURCH GROWTH

Using what some might call harsh language, Evangelist Neal is paving the way for what the religious people who are supporting him, wish to be a great revival. To express it in a few words we

might say that Rev. Neal said that the churches of Ballinger are not ready for a revival, and he is ploughing the ground and getting the church people off the back-sliding list before he can do anything else for the upbuilding of the churches of this city.

In answering the argument advanced by some that revivals are not necessary, and in fact do no good, Evangelist Neal put his

congregation to a test Tuesday night. He asked all who claimed to be Christians to hold up their hands. About ninety-five percent of the hands went up. With hands raised he asked all who had been converted at revival meetings, or through the efforts of revivals to keep their hands up and those who were converted outside of revivals to hands down. Less than five percent of the hands present went down on the proposition.

With this test the evangelist asked those who said that revivals did no good, where the church got its growth.

The attendance showed some increase Tuesday night, and the singing was again made a feature of the early service. Those who come early get the benefit of the singing.

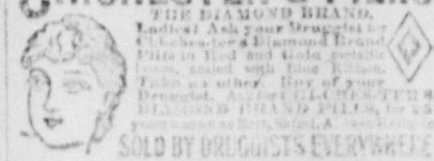

The morning service is held down town at ten o'clock.

The attendance at the down town service Wednesday morning was good, and the evangelist presented the great love of Christ in a most impressive way. He illustrated what meant to love Christ and to like Christ, showing that there was a great difference between historical admiration and

genuine love.

The congregation Wednesday morning was made up from people of all churches represented in the city, and the spirit of co-operation will no doubt result in a great revival to the religious interest of this city, and add to the strength of the church.

LOCALS WIN FIRST GAME PLAYED HERE

The Ballinger baseball team pulled down the first game played this season, defeating the Paint Rock team on the local grounds Tuesday afternoon to the score of 11 to 7.

The locals organized some time ago, and have been slow in getting a schedule lined up for the season. They have been playing with local players by the local team choosing up and games between the married and single players has offered an opportunity for some practice.

The Paint Rock team came over Tuesday afternoon. The Paint Rockers are well organized and have a pretty good team. In fact they claim to be the champions, having only lost three games this season out of nineteen played, including the game here Tuesday. They defeated San Angelo.

The game Tuesday afternoon was not the best exhibition of baseball, both teams making a number of errors, and the hits stacked up pretty high against the visitors.

The fans turned out in unusually large numbers, showing more interest in the National sport than in many seasons.

The city has no park and the boys must depend on hat collections for financial support. The hat was passed around and about twenty dollars chipped in.

The line up for the game was as follows:

Ballinger—Penn, cf; Miller 3b; McGregor, rf; Roach, 2b; Baker, ss; Campbell, 1b; Flynt, lf; Carr, c; M. Flynt, p; Baggett relieved Flynt in the pitchers box in the eighth inning.

Paint Rock—Shorty, cf; Fuller, c; Haglestein, 1b; L. Boon, p; Broyles, ss; H. Boon, 2b; Woolley, 3b; Curry lf; Curtainger, rf. Score—Ballinger 11. Score—Paint Rock 7.

BABY GIRL OF MR. AND MRS. MORGAN JONES DEAD

Adeline, the little two year old baby daughter of Mr. and Mrs. Morgan Jones, died early Wednesday morning. The little girl had been ill for several days, but the closest friends did not know that death was so near and the sad news came as a surprise to the friends of the family.

Up to a late hour Wednesday, the hour of the funeral had not been announced, and funeral arrangements will not be made until Mr. Jones arrives. He was notified of the death of his baby while on his run as conductor on the Abilene & Southern and left his train and is en route to Ballinger in an auto.

It is probable the little remains will be laid to rest Thursday, unless the parents decide to ship the remains elsewhere for burial.

The many friends of Mr. and Mrs. Jones will extend heart felt sympathy in the sorrow this death brings to their home.

MILES MAN FOR COMMISSIONER

J. G. Loudder, of Miles county has announced for county commissioner from that precinct. Mr. Loudder formerly lived in the Norton country. He made the race for commissioner four years ago, being a candidate against Commissioner Craft at that time, and he polled a vote which was sufficient by large to encourage his friends to ask him to make the race again. Mr. Loudder has been a citizen of the county for quite a number of years, and is one of the good citizens of the Western part of the county.
