Clarendon Merchants Plan For Holiday Season

The Clarendon Merchants Association met, November 9, 1992, at the Burton Memorial Library, to finalize plans for the upcoming Holiday season.

The meeting was called to order by President Bill Stavenhagen and the minutes were read by Secretary Lucy Saye.

Plans were made for the lighting of the courthouse at 6 p.m. on November 23rd. Following a short ceremony, a parade will start from south of the courthouse, and go down main street, where the lights will be lit at 6:15 p.m. There will be horses and wagons, old cars and other things of interest in the parade.

Businesses will remain open until 9 p.m., and refreshments will be served.

For the Christmas season, stores will remain open on Thursday nights, until 9 p.m., for late night shopping. There will also be a wheel of Prizes and Merchants Bucks, again this year. Sign up in the participating businesses, from 5 p.m. until 8:00 p.m. with the drawing at 8:30 p.m. for prizes and Merchants Bucks, redeemable at participating Wheel Merchants. You must be present to win.

Why Trees?

Trees offer short-term and long-term benefits that few other cover plantings can match. Because of their extensive root systems, trees are as effective, and in many cases more effective, than other types of vegetation for keeping soil where it belongs-on the ground and out of waterways. Trees also provide shelter for many kinds of birds and animals.

In addition, trees offer another benefit, one that is gaining more attention as people grow increasingly concerned about the greenhouse effect and global climate change. Changes in global climate are caused, in part, by the building up of carbon dioxide in the atmosphere. Because trees use carbon dioxide in the photosynthetic process and store carbon in their wood, large scale reforestation may be one way to counteract the greenhouse effect.

But perhaps the greatest value of a tree planting program is the way it takes the future into account. We are a now generation - we tend to live very much in the present. However, when we are dealing with environmental matters as serious as the loss of soil productivity, the degradation of our water, and possible changes in our climate, we need to find ways to think not only about the here and now, but about what's down the road.

When we plant tree, we are doing both!

If you are interested in starting a tree planting program, please stop by the Donley County Soil Conservation office or give us a call at 874-3576.

American Diabetes
Association States
7 Million Undiagnosed
Diabetics.

At the same time that millions of people in this country are being treated for diabetes, millions of others don't realize they even have the disease. This is mainly true because the symptoms are often hard to detect. The American Diabetes Association® has created a test which can help people determine their risk level. Score yourself on each of the points below that are true for you. If a statement is not true, put a zero. Then add up your total.

- I have been experiencing one or more of the following symptoms on a regular basis:
 - excessive thirst YES 30
 - frequent urination YES 30
 - extreme fatigue YES 30
 - unexplained weight loss YES 30
 - blurry vision YES 10
- I am over 40 years old YES 10
- My weight is equal to or above that listed in the following chart YES 20
- I am a woman who has had more than one baby weighing 9 lbs. at birth YES 20
- I am of Native American descent YES 10
- I am of Hispanic or Black descent YES 10
- I have a parent with diabetes YES 10
- I have a brother or sister with diabetes YES 20

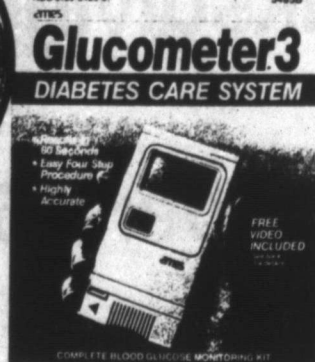

Scoring 30 to 50 points. You probably are at a low risk for diabetes. What to do: Be sure you know the symptoms of diabetes. If you experience any, contact your doctor for further testing.

Scoring over 50 points. You may be at high risk for diabetes. You may even already have diabetes. What to do: See your doctor promptly and find out for sure if you have diabetes. You can expect your lifestyle to change when you have diabetes. This can include changes in the food you eat and the activities you do.

Other Important Tests. There are several lab tests your family doctor can use to determine your status.

BRYAN GILLESPIE of Hedley

Friends Of Fine Arts Presents College Drama Department

By Janiece Weatherly

Sixteen years as Chairman of Fine Arts at Clarendon College have been both rewarding and challenging for Leslie Schnauffer, third generation ranch stock from Campo, Colorado.

When she arrived in 1976, she came with a B.A. in Speech and Theatre from Panhandle State University, Goodwell, Oklahoma, M.A. in Speech and Theatre from W.T.S.U., Canyon, Texas and credits from the University, Havre, Montana; Eastern New Mexico University, Portales, New Mexico, and Texas Tech University in Lubbock, Texas.

Although Clarendon College Fine Arts Department has the oldest theatre in the panhandle, it was in its infancy on the new campus. In the "Athens of the Panhandle", by Clarendon author, Ethel Harvy, is the account of the organization of the Dramatic Club, organized in 1919. The first stage production was presented in early 1920.

Today a visit backstage reveals a sizable wardrobe (due to donations and volunteer seamstress assistance), neatly labeled drawers along the dressing table counter with jewelry, wigs and make-up bases etc. at hand. Such necessities as ironing boards, irons, sewing machines, notions and gifts of fabric and clothing are stored for reworking as needed. Community gifts and contributions have been an enormous asset to this department. Volunteer help has consistently played a large role in creative costuming.

Proudly, Schnauffer, relates how privileged she feels that not only the talented students get to go on stage at Clarendon College, but self-esteem has been given a boost to some unexpected students by their participation. Handicapped individuals most often have no chance to prove their many times considerable abilities. Leslie has put blind, hearing-impaired and physically handicapped thespians in dramatic roles with dramatic results for the particular person. "Any student can be a star on our stage", said Schnauffer.

As a matter of fact the majority of actors and technicians are from other departments on campus. Anyone in the area may be in a production at some time. On occasion a child's role has been filled by a local resident and other local residents have become voluntary actors. Cast and technicians rehearse six days a week for six weeks for each production. Rehearsals start at 6 a.m. before classes and resume at 6 p.m. Most of the students are not drama majors and attend other classes during the day. After classes most of them have jobs, to keep them in college. A few must return home over the weekends to help in family enterprises. Unlike most college Drama Departments where only Theatre majors get an opportunity to be a part of cast or technical production at Clarendon College, all students have a chance to be important.

"All Fine Arts students are very special to me", states Leslie. Several have gone on to become professionals. One former student is in Hollywood today working as stunt man.

"Love on the High Seas", a 1920s comedy will be presented this weekend, Friday, November 20, through Monday, November 23 at 7 p.m.. It will also be shown on Sunday at 2 p.m. All ticket sales from productions go into the Drama Club Scholarship Fund.

Texas Vocational Educators Visit Clarendon College

Approximately 185 LVN students from Clarendon, Amarillo, and Frank Phillips colleges attended the Texas Association of Vocational Educators Conference held October 27 on the Clarendon College campus.

The one-day program featured Dr. Michael Bougeois, associate professor in the Endocrinology Department of Pediatrics at Texas Tech. Bougeois presented an informative program on Diabetes Mellitus. Other program speakers included Representative Warren Chisum and Congressman Bill Sarapalus.

Attendees were treated to a style show by The Nook and awarded door prizes donated by area businesses. Clarendon businesses supporting the conference were: Wood 'N Stuff, The Print Shoppe, Coyote Den, Janie's Beauty Shop, Shepard's Crook, First Bank & Trust, Rosie Wright, Susan Turvaville, Bivens Pharmacy, Kidd's Texaco, Guys and Dolls, Amiga's, Texas Highway Department, Clarendon Office Supply, Deyhle's, Donley County State Bank, Mary's Country Kitchen, Mike's Pharmacy. Numerous Wellington and Memphis businesses were also supporters. The support and generosity of area merchants is appreciated.

WITCHES & GOBLINS visit the residents at the Medical Center on Halloween night.

Medical Center News

Residents of the Medical center had a wonderful time at their Halloween party held at the Medical Center on October 30th. The dining room was decorated for this festive occasion with streamers, pumpkins and ghost and goblins. During the party the residents enjoyed orange sherbet punch, popcorn, cupcakes, party favors and each other company and talked about their very own Halloween experiences.

The residents also had some spooky visitors Friday and Saturday from the community. The Center would like to thank the Clarendon College Cosmetology students for taking the time to come out and share their costumes with the residents. You all were the main topic of discussion for the remainder of the day. You are appreciated by all.

A good turn out was also had on Halloween night from the children in the community. There were more spooks than expected and the residents enjoyed them all so much. A big thanks goes to the parents of these children for taking the time to bring them to our facility, and hope you will do this again next year. The community has given great support to our facility and it is greatly appreciated by all.

The Medical Center is always looking for new volunteers so if you are interested please come out and visit with us. Also, if you have talent, they are always looking for entertainment, please give them a call.

Senior Citizens News

By Nova Neuhaus

The Senior Citizens Dance Club reported a big turn out for the 2nd Tuesday Nite Dance, November 10th, with Paul & the Country Boys of Pampa furnishing the music. Monday night Dance practice is also enjoying good attendance here at the Center from 7 p.m. until 9 p.m. each week.

The highlight of last week was the excellent turn-out for the annual election held here at the Center on Tuesday, November 10th, to select four new Board members to serve a two year term effective January 1, 1993. Those who were

selected were: Onita Thomas, re-elected, Bob McCombs, Bob Kidd, and Darrell Harper who, by appointment, served the unexpired term vacated by Jerry Chambliss. I want to commend our membership for their participation in this most important event as it displays your interest and concern for the Center. To the directors whose terms expires December 31, 1992, Hazel Guy and Ruth Hancock, I express my deep appreciation and gratitude for their dedication in serving on the Board and it has been a delight to work with them. I encourage you all to thank them also. A vote of thanks to all the candidates who appeared on the Ballots for their interest and willingness to be of service to this organization.

A special thanks goes to the five Volunteers who helped with the Election: Ellie Wilkinson, Louise Dickson who served on the registration desk and Carmen Wright, Dolly Cole and Dorothy Pitts who counted the ballots for us.

The Board of Directors monthly meeting was held Thursday evening at 6:00 p.m. at the Center. Due to the resignation

of Directors, Elvis White and Elmo Fortenberry, the Board appointed Claude Moore and Lee Caskey to fill those unexpired terms. They will serve until December 31, 1993. The Board held a general discussion regarding a real need for new furniture for our spacious lobby, with recommendations for type of furnishing that will be practical and comfortable with easy assessability.

Of course, the funding for the furnishing project will have to come through donations and they felt a goal of \$3,000.00 would enable us to purchase what was needed. All donations large or small will be greatly accepted. We are in hopes of being able to order the furniture and have it in place for a planned "Open House" by the end of the month. If you would like to share in this endeavor, contact a Board member or come by the Center.

Reminder: Birthday/Anniversary Supper will be held Tuesday, November 24th. We will be looking forward to having Brett Patton to share his musical talents with us. Bring a dish and come on down.

Notice: The Senior Citizens Center will be closed on Thanksgiving Day, November 26th and Friday November 27th next week.

Art Club Meets

The Les Beaux Art Club met Friday, November 6, 1992, at the Clarendon Country Club. A delicious luncheon of chicken spaghetti was hosted by Cindy Shelton, Tandy Boston, Kathy Fowler and Donna Knorpp. President Tandy Boston conducted a brief business meeting. The front porch restoration of the Patching Club House has been completed. President Boston reminded members of the annual Christmas ornament exchange to be held during the December meeting.

Ms. Genevieve Caldwell presented information on the Circle of Friends annual Christmas card campaign. Tessa Fletcher, daughter of club member Gayla Fletcher, designed one of the Christmas cards which are available this Christmas season. Individuals will be able to purchase cards at the First Bank and Trust of Clarendon.

November recipes submitted by club members were brunch recipes and bread recipes. Club members are reminded to bring to the December meeting a soup or stew recipe.

Mr. Ferol Shelton was the guest speaker. Mr. Shelton presented an excellent program on "the Purification Lodge" and "The Sweat Lodge Ceremony" of the Plains Indians. The program was very informative and was accompanied by many interesting objects used by the Indians during the ceremony.

The following members were present: Dorothy White, Marjorie Benson, Elmonette Bivens, Tandy Boston, Genevieve Caldwell, Jean Chamberlain, Jamie Deyhle, Kathy Fowler, Maxine Hardin, Lura Dell Helms, Carol Hinton, Donna Knorpp, Leona Musgrove, Helen Parker, Cennet Rhode, Lucy Saye, Anne Shelton, Cindy Shelton, Karen Simmons, Bobbie Thornberry, Pat Thornberry, Tookie Thornberry, Lea Tyler, Kathryn Cain, Glen Greene and Ruth Hancock.

Lakers Extension Homemaker Club

By Polly Sarich, Reporter

The Lakers Extension Homemaker Club met with those present being: Margaret Pettit, President; Alma Bingham, Vice-President; Lela Whitehead, Sec./Tres.; Lola Bartel, Lena Maxey, Polly Sarich and Cheryl Pickard, County Ext. Agent, Home Economics. We missed the other members who were not with us, but this is getting to be the busy season.

The President called the meeting to order and Roll Call was answered by answering what we enjoy more than Turkey for Thanksgiving. There were some interesting answers. But Thanksgiving Day in the United States can be as early as Nov. 22 or as late as Nov. 28. Only since 1941 has the holiday been on the fourth Thursday in November. Before then starting with Lincoln, U.S. Presidents proclaimed the last Thursday in November as Thanksgiving. But Franklin Roosevelt in 1939 moved the day back a week to give more time for shopping between Thanksgiving and Christmas. At this time Congress enacted the "fourth Thursday" compromise. The first American Thanksgiving, celebrated in 1621 by the Pilgrims

of Plymouth Colony actually occurred in October.

Reading of the Minutes by the Sec. and the Treasurer's Report were given.

Cheryl announced that the Health Fair was successful with an attendance of 175. There will be a Food Show Saturday, Nov. 14th, and the County Stock Show will be the 2nd week in January, 1993.

The Election of Officers was postponed until the December meeting, which will also be our Gift Exchange. All members need to join in the fun.

The program by Cheryl was very interesting - "Saving Money for Christmas". There are some very unique ideas by using old or new placemats and gifts from the Linen Closet.

Lela Whitehead and Lola Bartel were gracious hostesses and everyone enjoyed all the sandwiches, cookies, tea, and coffee. The Pettitt's great grandchildren Audrey and Hadley Tyson, who are visiting them, were also enjoyed.

The Lions Tale

By Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday, October 10, 1992, at the Lions hall with seventeen members and five guests present. Tiny Bernabe played the piano. We enjoyed a delicious chicken fried steak dinner. Following the meal Boss Lion Tamplen called the meeting to order and following the regular opening ceremony Liantamer Henson introduced our guests including Jim Fowler with the Donley County State Bank who was the guest of Lion Walt Knorpp. Lion Smith introduced Clarendon College student Alexis Landfair from Indianola, Mississippi and Fredrick Hattaway from Detroit, Michigan. They invited us to attend their basketball games this year.

The Boss Lion presented certificates of appreciation to Jim Shelton and Jim Garland. A bingo report was given by Lion Henson and a treasurer's report was given by Lion Bernabe and then the meeting was adjourned.

Angel Tree Planned

Panhandle Community Services is trying something a little different for the Christmas season this year.

They are going to have an Angel tree for families with young children (twelve and under) and one for older people.

If you know of someone who you think needs this please get us their names and sizes before November 30.

They will have them on their tree the first week in December so that people or organizations who would like to adopt a family or elderly person of the holiday season can do so early in the month. They suggest that there be a \$15.00 limit on the gift you buy for the angel you pick.

Please contact Carlene Hollar or Robbie Hill at 874-2573 as soon as possible if you are interested in becoming a participant or someone who is willing to share their Christmas spirit with someone less fortunate.

PUBLIC NOTICE

GTE Southwest Incorporated (GTSW) and Contel of Texas Inc. (Contel) have filed an application with the Public Utility Commission of Texas to seek approval to provide two new private line services and to change rates for existing services. GTE's intraexchange DS1 Service will be offered pursuant to the rates proposed with this filing and will no longer be available through concurrence with GTE's interLATA access tariff rates which are lower. Contel's intraexchange DS1/DDS Service will be offered pursuant to the rates proposed with this filing and will no longer be available through Contel's current private line tariff rates. Existing customers with DS1/DDS Services will not be affected by these rate changes. DS1 1.544 Megabits per second (Mbps) Service and Digital Data Service (DDS) will normally be used for the transmission of data communications or large volumes of voice communications between two locations. These services are optional and will not affect the existing rates of customers who do not order these services. The estimated annual effect on GTE-SW's revenues in the first year is \$1,080,567. The estimated annual effect on Contel's revenues in the first year are \$42,383.

DS1 Service

DS1 Service is an intraLATA Private Line Service which provides a dedicated, high capacity channel which may be used for simultaneous two-way transmission of voice data or other digitally encoded customer information signals. DS1 Service provides a transmission speed of 1.544 Mbps and is designed to provide an average performance of at least 95 percent error-free seconds of transmission over a continuous 24-hour period.

DS1 Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DS1 Service is available on a point-to-point intraLATA basis between two Customer Designated Locations (CDL), between a Serving Wire Center (SWC) and a CDL, between a CDL and a point of connection with another service provider or between two SWCs.

IntraLATA DS1 Private Line Service is comprised of three rate elements: DS1 Local Loop, DS1 Transport and DS1 Transport Termination. Each element is described below.

DS1 Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer has two payment options for the purchase of DS1 Local Loops. There is a month-to-month plan or term contract Optional Payment Plan (OPP).

The month-to-month payment basis allows the customer to establish and disconnect DS1 Services, without penalty, other than to meet the minimum service interval of one month's service, as needed. Under the month-to-month service, the additional DS1 Local Loop rate applies only when the additional DS1 Local Loop (s) is (are) ordered at the same time and between the same two CDLs as the first DS1 Local Loop.

The OPP plan allows the customer to select a term of service (1 YR, 3 YR and 5 YR) with lower monthly rates associated with longer term contracts. If the customer selects an OPP, additional DS1 Local Loops may be ordered and installed at the Additional DS1 Local Loop rate between any SWC and CDL covered by the OPP, at any time during the term of that OPP.

DS1 Transport

This rate element is for the mileage sensitive charges for transporting a DS1 signal between Serving Wire Centers. Transport occurs only when the two CDLs being connected are served by two different SWCs.

DS1 Transport Termination

This rate element is for the equipment to terminate DS1 Transport at the SWCs. This charge applies only when DS1 Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the DS1 Transport.

Proposed Rates and Charges for DS1 Service are as follows:

	Nonrecurring Charge	Monthly Rates
DS1 Local Loop		
Month-to-Month		
First System	\$ 1,000.00	\$ 298.00
12-month term	-0-	\$ 283.00
First System	-0-	\$ 255.00

First System	\$ 130.00	\$ 130.00
Additional System		
DS1 Transport		
Per airline mile	-0-	\$ 16.00
DS1 Transport Termination		
Per Termination	-0-	\$ 40.00

Digital Data Service

Digital Data Service (DDS) is an intraLATA Private Line service which supports synchronous, full-duplex transmission between the CDL and the SWC or the point of connection with another telephone company at transmission speeds of 2.4, 4.8, 9.6, 19.2 and 56 kilobits per second (Kbps). DDS provides a transmission path for digital data signals within the same LATA.

DDS Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. DDS Service is available on a point-to-point intraLATA basis between two CDLs or between a CDL and a point of connection with another service provider.

IntraLATA DDS Private Line Service is comprised of three rate elements: DDS Local Loop, DDS Transport and DDS Transport Termination. Each element is described below.

DDS Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer may establish and disconnect DDS Local Loops without penalty other than the minimum service interval of one month's service, as his/her needs demand.

DDS Transport

This rate element is for the mileage sensitive charges for transporting a DDS signal between SWCs. Transport occurs only when the two CDLs being connected are served by two different SWCs.

DDS Transport Termination

This rate element is for the equipment to terminate DDS Transport at the SWCs. This charge applies only when DDS Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the service.

Proposed rates and charges for DDS are as follows:

	Nonrecurring Charge	Monthly Rates
DDS Local Loop		
2.4, 4.8, 9.6, & 19.2 Kbps	\$ 85.00	\$ 85.00
56 Kbps	\$ 85.00	\$ 95.00
DDS Transport		
Per airline mile	-0-	\$ 1.60
2.4, 4.8, 9.6 & 19.2 Kbps	-0-	\$ 3.20
56 Kbps	-0-	\$ 3.20
DDS Transport Termination		
2.4, 4.8, 9.6, 19.2 & 56 Kbps	-0-	\$ 20.00
Per Termination	-0-	\$ 20.00

Thank You

To say thank you for the many blessings I have has in the last 3 weeks isn't nearly enough, for all the kindness, beautiful cards, delicious food, and cherished calls, for the patience and gentleness of my husband Truett, the dedication and concern of all my children, friends and neighbors, may Gods blessing always be with you and may god always know a place in your heart, as he has and will in mine. Thank you so very much.

Card of Thanks

We would like to thank all the people who said prayers, brought food, sent flowers, sent cards and who showed kindness and concern during the illness and death of our Loved one, "Wally" Sides.

May God Bless each and everyone and touch their hearts for all the wonderful things they have done for our family. People don't realize how many friends and loved ones they have until that special need occurs.

Our sincere and heartfelt Thanks to each and everyone of you.

The Sides family
The George family
Thank You,

We would like to say Thank You to the First Bank & Trust, the Donley County State Bank, The Print Shoppe and our anonymous donor for donating savings bonds for this years fire prevention poster contest winners. Also, thanks to all of the kids who entered, to our winners, to Nena Hunt, Mike Word, and to our firemen who were our judges. We appreciate your help and support.
Thank you,
The Clarendon Firebelles

Panhandle Community Services would like to say thank you to the Rebekah Lodge of Clarendon for their recent generous donation of canned goods to their food bank. This food will be used to help people in Donley County that qualify for assistance of this type. Several different local organizations have canned food drives for Panhandle Community Services throughout the year. Without the generosity of local folks, they would not be able to assist the number of clients they help through these services. Thanks again Rebekahs!

PUBLIC NOTICE CONSTRUCTION PERMIT TO ALL INTERESTED PERSONS AND PARTIES:

You are hereby notified that PAYMASTER GIN ADM has applied for Texas Air Control Board (TACB) Permit No. 21830. This permit, if approved, will authorize construction of a COTTON GIN in LELIA LAKE, DONLEY COUNTY, Texas. The location of the existing facility is East Highway 287. This facility will emit the following air contaminants: particulate matter and unburned hydrocarbons.

A copy of all materials in the public file is available for inspection and reproduction at the TACB Lubbock Regional Office at 4630 50th Street, Suite 600, Lubbock, Texas 79414, telephone (806) 796-3494, and at the TACB Central Office, 12124 Park 35 Circle, Austin, Texas 78753, telephone (512) 908-1000. Inquiries about the permit application should be directed to the TACB Permits Program in Austin or the TACB Lubbock Regional Office.

You may submit written comments concerning the permit application to the TACB Executive Director in Austin. All written comments received within 30 days after the second publication of this notice shall be considered by the Executive Director in determining whether to issue or not issue the permit. All written comments will be made available for public inspection at the TACB Central Office in Austin. This notice is to be published on Nov. 11 and Nov. 18.

Any person who may be affected by emissions of air contaminants from the proposed facility may request the Board to hold an informal public meeting and/or contested case hearing on the permit application pursuant to Section 382.056 (d) of the Texas Health and Safety Code. The Board is not required to hold a contested case hearing if the basis of a request is determined to be unreasonable. All requests for a contested case hearing must be received in writing within the 30-day comment period regardless of

whether an informal public meeting has been held or scheduled on this matter.

Before a permit can be issued for this facility, the applicant must demonstrate that all emission sources are in compliance with all TACB Rules and Regulations and all applicable Federal Regulations. This includes the application of "best available control technology" to each new or modified emission source and compliance with all ambient air quality standards.
