1988 schedule of Homecoming activities finalized

THURSDAY NIGHT

1955 - Chris Brints Edwards' home, 3/4 mile west of Crosbyton on Highway 82 at 7:00 p.m. until whenever.

REGISTRATION

Homecoming for FHS exes will get underway Friday, September 16, with registration at the high school library. All local exes are encouraged to register on Friday afternoon.

Registration will continue on Saturday morning in the high school library, beginning at 9:00 a.m. Coffee will be served throughout the morning in the cafeteria. Doris McLain is chairman of the registration committee and Flora McNeill is responsible for the coffee.

The business meeting, with Larry Barbee, Homecoming Committee President, presiding, will begin at 11 a.m. in the high school auditorium. During the business meeting, a memorial service will be held, with Lovene Moore presiding.

PEP RALLY, QUEEN'S COURT

The pep rally and presentation of the Homecoming Queen's Court will take place at the track field (weather permitting) at 3:15 p.m. Friday.

PANCAKE SUPPER

The Lion's Club will serve a pancake supper prior to the game on Friday beginning at 5:00 until 8:00 p.m. The Winds play the Lockney Longhorns at 8:00 p.m.

TEEN DANCE

There will be a teen dance at the MAC following the game on Friday, with DJ Don VanLandingham providing the music. Alan and Kathi Fndy are chairmen of this event.

FRIDAY NIGHT

After game parties for all graduates particularly those from 1920-1950+ will be at the junior high cafeteria with Aldine Williams hosting.

All 1950's - Redman's (in the canyon), Frank Potts hosting.

1952 - Leatherman's home at 223 W. Ollie following the game.

1958 - 30th reunion, "50's Party" at Redmans in the canyon, following game.

Classes of 1950-1963 invited.

1960-1962 - Leonard's Cafe, Gary Matslers hosting.

1966 and Friends - Al and Sally Galloway's home.

1968-1971 - Old Case building.

1969 - 20th reunion. Aftergame party at B&G Harvesting Co. (Old Case House) on Silverton Hwy. By 1968, '69, '70 and other classes. Everyone invited.

1972-1977 - Party at Floydada Country Club, after game.

1976-1979 - First National Bank, Community Room.

1981 - Patzer's home, 903 W. Georgia, after game.

SATURDAY LUNCH

Danny's Hens and Fins will cater the meal of fried fish, chicken, and barbeque at 12:30, Saturday noon. Local exes are encouraged to purchase tickets prior to Homecoming. Tickets may be purchased for \$7.00 and are available at The Palace, Thompsons and Gary, Thayer and Bowers, CPA's. Call Linda Matsler for information regarding tickets.

CLASS REUNIONS

Class reunions will be held in classrooms at the high school from 1:30 to 3 p.m. Saturday. Receptions for former members of the band will be held in the band hall from 3-4:00, and for all former FHS athletes, men and women, all sports, at the field house.

SATURDAY EVENTS

1938 - 50 year reunion, Pete and Wanda Hickerson's, 3:15 p.m.

1944 - Salad supper at 5:00 p.m. in the homemaking lab at high school. All ex-alumni, family and friends are invited.

1948 - 40 year reunion, Aldine and Wanda Williams', 7 p.m.

1949 - R.C. Andrews cafeteria, 3-5 p.m.

1953 - Gordon and Darlynn Hambricht's, 7:30 to 9:00 p.m.

1954 - Lighthouse Electric Community Room, 3-5 p.m.

1954-60 - At the Fultons, 838 W. Mississippi, 5:30-8:00 p.m.

1958 - 30 year reunion, Button and Judy Beedy's, 907 W. Kentucky, 6:30-8:00 p.m.

1966 - Al and Sally Galloway's, 6-9 p.m.

1969 - 20 year reunion, 11:30-4 p.m., Massie Activity Center. Registration and lunch followed by program by '69 classmates. Teachers, coaches, family and other classes are welcome to come by and visit at any time.

1972 and 73 girls - Coffee at Laura Turner's, 833 W. Mississippi, 9-11 a.m.

1980-1983 - Redman's, 7 p.m. to 1 a.m.

EXES DANCE

DO YOU RECOGNIZE ANYONE?—Members of the Floydada High School Class of 1908 will be observing their 80th class reunion in 1988. Notice the 1908 printed on the shoe of the man sitting on the ground on the right side. The photo

Eugene and Judy Beedy are chairmen of the exes dance, which will be held at the Floydada Coop Gin Barn from 9:00 p.m. to 1:00 a.m. Saturday night. Two tents will be set up at the entrance on the east end for those who just want to visit. This is open to everyone.

CATERED BREAKFAST

Nielson's Restaurant will cater a breakfast at the Coop Gin Barn following the dance Saturday night.

Floydada sets tax rate of 40 cents for 1988

Taxpayers in the City of Floydada will continue to enjoy a 40 cent per \$100 valuation rate for yet another year. Meeting in regular session on September 13, the Floydada City Council unanimously approved the adoption of the 40 cent rate for the 1988 tax year. This represents no increase over the

1987 tax rate which was the same as in the past several years. The rate was adopted on a motion by council member Frank Breed and seconded by council member Amado Morales.

Bill Stephens of SMC, Inc. met with the council to make recommendations concerning the awarding of bids for li-

bility and property insurance for the city in the coming year. Stephens presented a review of the bids submitted by Floyd County Insurance, Baker Insurance, Texas Municipal League and Texas Political Subdivisions. A comparison of benefits and costs resulted in the awarding of the bid to Texas Municipal

League, the current insurer.

Karen King and Tim Pierce of SPAG appeared before the council with Mark Alldredge to present a proposal for a manufacturing operation he proposes locating in Floydada. The trio asked the

Continued on Page Three

Charge reported incorrectly

It was incorrectly reported in last week's paper that Jose Manuel Lucio was charged with DWI. We are sorry for that error and regret any embarrassment this may have caused the Lucio family.

Post office adjusts window hours

Good news for local residents was announced last week by Floydada Postmaster Tommy Rice who said that window hours at the Floydada Post Office have been adjusted as of Saturday, Sept. 10, 1988.

"We've Got Time For You" is the theme of the program which will establish new hours of 9:00 a.m. to 5:00 p.m., Monday through Friday.

Several months ago the U.S. Postal

Service found it necessary to reduce post office window hours the equivalent of one-half day per week in most facilities as a result of federally mandated budget cuts. Locally, that action resulted in the Floydada Post Office adjusting daily hours.

"Recently, however," Postmaster Rice said, "Postmaster General Anthony M. Frank has made convenient

window service at post offices a top priority for his administration. He has ordered savings in other areas which allow the adjustment of window hours starting September 10, 1988."

Postmaster Tommy Rice expressed gratitude to the community's postal customers for their patience during the past few months when window hours were curtailed.

The circus is coming Sept. 28th

The star-studded 1988 edition of the Allen Bros. Circus is coming to town on Wednesday, Sept. 28, it was announced by St. Mary Magdalen Church. The cir-

cus will be set up at the rodeo grounds in Floydada with performances at 5:00 and 7:00 p.m.

Allen Bros. Circus appears exclusively for leading civic and charitable organizations, making it possible for such groups to raise funds for their community projects.

Advanced reduced-rate tickets may be purchased from any member of the St. Mary Magdalen Church. Save and, at the same time, help this local organization raise money for its projects.

Snake dance planned Friday afternoon

A snake dance is being planned for the Friday afternoon pep rally at the high school. Tree Street will be blocked off by the city allowing the snake dancers to wind their way from the high school to the track field.

The rally starts at 3:20 and anyone interested in participating in the line needs to be at the high school building at 3:00 p.m.

Hollums announces plans of returning to private law practice

District Attorney Randy Hollums informed The Hesperian this week that he will not be a candidate for district attorney again.

Present plans for Hollums include re-opening his private law practice in Floydada shortly after the first of the year.

"I've enjoyed serving the public as D.A. for 13 years, but I feel I've reached the point in my career where I need to return to private practice."

Contenders for the District Attorney's race in November will be write-in candidates, Becky Bybee McPherson of Lockney, and Tom West of Silverton.

A.B. Duncan PTA hosts open house

The A.B. Duncan Elementary Parent, Teacher Association (PTA) will host Open House during their first meeting on Monday, September 19, at 7:00 p.m. in the Duncan Cafetorium. Everyone in the community is welcome. The teachers will be in their classrooms to visit with parents and students will have work on display.

Memberships will be taken at this time. Membership dues are \$2.00 for singles and \$3.00 for couples. Membership is available to any interested individual. You don't have to have a child in Duncan or any school to join the PTA. Anyone who cares about children can belong. They encourage the community to get involved in the local PTA for the benefit of all the children.

Duncan PTA will celebrate its 10th anniversary in November. They have accomplished a great deal in the past ten years and will continue to strive to provide the best opportunities for our children's future. In order to do this successfully they need the support of school administrators, school board members, teachers, parents and community as a whole. When you support your local PTA, you are supporting the children of the community and future leaders of our country.

PTA is a voluntary organization. If you would like to help in any way, contact one of your PTA officers. They are: Debra Jo Fawver, president; Judy Schacht, 1st vice president; Pam Holmes, 2nd vice president; Holly Hendrix, 3rd vice president; Polly Campbell, secretary; Charlene Brown, treasurer.

1st vice president is in charge of the programs that are held during meetings. 2nd vice president is in charge of projects which the PTA will participate in during the school year.

3rd vice president is in charge of the Parent Volunteer Program which is new this year.

"We are excited about our PTA this year and know it is going to be a great year, with your help," members say.

"You don't have to spend a lot of money or time to join. You just have to care! Support your community's children — join PTA."

Lakeview Community Cemetery in need of funds for grounds upkeep

Lakeview Community Cemetery Association board members met recently. These included Howard Gene Bishop, Verlon Wright, Milton Harrison, Rex Harrison, Dale G. Smith, James Lee Nichols and a son of Rachel Taylor Powell.

Some of the board members have been closer to the cemetery and have been seeing to most of the things that come up.

It was reported that the last riding lawnmower has not stood up to its expectations of what they thought it would do. It has undergone some minor repairs, but then there are bigger problems. A lot of repair was required with many volunteer hours of work done on it, along with parts. So the board has decided that they will buy another mower.

By using the money in the checking and savings account, along with several sizeable donations made by individuals, it will allow the mower to be paid for.

But that does not end there, someone, has in the past, been hired to drive it when mowing was needed. The gas and oil, etc., will have to be bought, along with any required parts.

So any donations that interested people care to make or could make would certainly be appreciated. You may deposit these at the Floydada First National Bank, in the Lakeview Cemetery Association account, or mail it to any board member or secretary, Mrs.

FLOYDADA COOPERATIVE BOARD OF DIRECTORS—The 1988-89 Board of Directors for the Floydada Cooperative will be comprised of: (left-right, back row) Ted Anderson, Tommy Lyles, Secretary-Treasurer Delmas McCormick, and Steve Lloyd; (front row, left-right) Eddie Smith, Vice President Randy Bertrand, President Eugene Beedy, and Ray Gene Ferguson, assistant secretary-treasurer-manager. Staff Photo

Seven indictments handed down

Seven indictments were handed down Wednesday, September 7 in the 110th Judicial District court. One of the indictments was sealed.

Indicted were: James D. Brogdon, 36, of making a forged check in Floydada on June 16, 1988; Ricky Camacho, 24, of Floydada for burglary of a motor vehicle on July 3, 1988 in Floydada; Andres Garcia, 28, of Wilson, for burglary of a building on Aug. 7, 1988 in Floyd County;

Also, David Pesina Mendoza, 41, of Floydada, for indecency with a child on August 22, 1988 in Floydada; George Sanchez Jr., 24, of Floydada for burglary of a habitation on May 22, 1988; George Sanchez Jr., 24, of Floydada, for burglary of a habitation on July 3, 1988 in Floydada; and Martin Marin Suarez, 31, of Floydada, for driving while intoxicated subsequent offense, in Floydada on July 3, 1988.

Also on September 7 probation for Spencer Allan West, 23, of Plainview was revoked. He was on probation for five counts of forgery which occurred July 17, 1986. Probation was revoked for failure to pay his court costs and restitution. He was sent to the penitentiary for seven years.

In county court Jose Manuel Lucio was incorrectly reported last week of

being charged with DWI. His charge was not DWI. He was charged with DWLS (driving while his license was suspended). He pled guilty on Sept. 7, 1988 and was assessed 72 hours in jail, \$125.00 in fines plus court costs.

On September 7, Rudy Castaneda, 23, of Floyd County was charged with his second offense of DWI. He pled guilty and was sentenced to six months in jail plus court costs.

Also on September 7, Gracie Langoira was charged with possession and delivery to a minor of substance containing volatile chemicals. There was no disposition on this case.

September 8, Ricardo Segura, 35, of Floyd County was charged with DWI. He pled guilty and was fined \$400.00

plus six months in jail and court costs. Segura was also charged with unlawfully carrying a club. He pled guilty to this charge and was fined \$100.00 plus court costs, and sentenced to three months in jail.

Gerardo Balboa, 23, of Floyd County was charged with DWI on September 12. He pled guilty and was fined \$400.00 plus court costs of \$88.50. He was also sentenced to 150 days in jail which was probated for two years.

Bobby Gene Edwards, 33, of Springtown, was charged with DWI on September 12. He pled guilty and was fined \$450.00 plus court costs of \$88.50 plus three days in jail.

In J.P. court for the two week period of August 30 through September 13, 163 misdemeanor cases were filed.

Minor accidents keep police busy

Police took a report on Sunday, September 11, of a glass broken in a business in the 200 block of West California. A plate glass window, 88"x58" received about a 1/4" hole in it when a rock apparently thrown out from under the tire of a passing vehicle flew into the window.

At 8:05 p.m. police received a call of a domestic disturbance in the 1100 block of South Main. When officers arrived they found a man sitting on top of his wife slapping her. He was arrested and charged with public intoxication.

Sometime Sunday night and early Monday morning a business in the 300 block of South Main was burglarized. The burglars entered the building through the rear window by prying back the grill from the window. Three truck tires were taken valued at approximately \$500.00.

On September 12 at 4:14 a.m. Officer Darrell Gooch stopped a truck tractor, without lights, on Second Street. The driver, Bobby Gene Edwards was determined to be intoxicated. He was arrested and charged with DWI.

Several accidents were reported to police during the week. On September 8 at 5:00 p.m. in the intersection of 500 South Wall and 300 East Tennessee a Honda motorcycle and an Oldsmobile Royale collided.

The Oldsmobile was eastbound on Tennessee and the motorcycle was northbound on Wall. The Oldsmobile failed to yield right-of-way at the intersection and the motorcycle struck the Olds. The driver of the motorcycle received minor injuries.

On September 10 at 3:30 an accident occurred in the 200 block of South Second, near West Mississippi. A Mercury Cougar and a Trans Am were northbound in the left lane on Second. The Trans Am stopped to wait for traffic and to turn into a parking lot and the Cougar struck it from behind.

On September 11 at 1:00 p.m. in the Pay-n-Save parking lot a Chevrolet Luv pickup was backing from an angle parking space in front of the store as a Buick Skylark pulled into a nearby space. The

Stockholders receive optimistic report at Floydada Coop meeting

Ninety five members of the Floydada Cooperative met Tuesday, September 6, for their annual Stockholders Meeting at Massey Activity Center.

The July 31, 1988 financial statement was presented to the members by Don Williams. The report was optimistic and stated that the Co-op was "stable and in good shape."

The accountant's report stated that the board of directors voted to pay a 30% current cash dividend on the fiscal year end July 31, 1988 earnings after deduction of nonqualified notices of allocation, amounting to \$53,806. Additionally they approved the retirement of prior year (77-78-79) equities in the amount of \$292,866.

Several speakers including: David Booth, of Plains Co-op Oil Mill; Jimmy Nail of PCCA; and Bill Cagle of Plainview Compress spoke to the audience and praised the Floydada Co-op sound financial position and the hard work of the board of directors.

Navy Chief Petty Officer Billy Whitaker commended

Navy Chief Petty Officer Billy H. Whitaker, son of Harold G. Whitaker of Floydada, recently received a Letter of Commendation.

Whitaker received the citation for his dedication, loyalty and professional skill while stationed aboard the submarine USS Marshall, homeported in Norfolk, VA.

A 1975 graduate of Floydada High School, Floydada, he joined the Navy in December 1975.

Mr. Cagle stated that the Floydada Cooperative has an extremely good reputation all over the state.

Door prizes were awarded during the meeting and refreshments were served afterwards.

Letter To The Editor

To the Editor,

As MDA pledge center coordinator, it is my pleasure to announce that Floyd County people have raised over \$2500.00 for MDA. Of this \$1436.00 was raised through the pledge center and the rest from firefighters Fill the Boot on Aug. 27 and door-to-door collections on Labor Day. Floyd county people deserve a big congratulations and thank you for a job well done.

Special thanks go to several individuals and businesses. The members of the Floydada Fire Dept. helped tremendously. Members assisted with Fill the Boot, door-to-door collections and answering telephones at the pledge center. Pay-n-Save, Shop Rite and the downtown merchants allowed us outside their businesses to collect for Jerry's Kids. Thanks to KKAP radio for coverage of MDA events as well as reporting collection progress on Labor Day. Donna Webb and Daralyn Snell were terrific with this.

My-T-Burger Drive-In with Bob and Linda Phillips in charge donated a percentage of dinner sales to our cause.

The largest fundraiser of the year was the Jail and Bail at Nielson's Restaurant on Labor Day. This raised over \$613.00 for MDA. Jon Nielson's enthusiasm came through for us.

I cannot name everyone individually that went door-to-door collecting on their day off from work or school because they are too numerous, but I can thank them for their record setting collections.

Most of all I want to thank the citizens of Floydada, Lockney, Dougherty, and Lubbock that dug deep into their pockets and made 1988 the most productive year for MDA in Floyd County.

Thanks again,

Mike Reeves

MDA Pledge Center Chairman

McDowell patient in Dallas hospital

Kerry McDowell, son of Charles and Ina McDowell, has been transferred out of ICU at Methodist Hospital in Dallas to Baylor Rehab in Dallas.

McDowell was knocked from a 16 ft. tower onto concrete Aug. 8, which resulted in a fractured skull. Although he is still in a coma and paralyzed on the left side he is responding somewhat to a few commands on the right side.

He was airlifted from Paris, Texas, to Methodist in Dallas. McDowell, his wife Becky and sons, Chas and Jeremy, live in Paris where he was working at the time of the accident.

His address at Baylor Rehab is 3504 Swiss, Rm. #208A, Dallas, TX 75204.

McDowell and the former Becky Green both attended school in Floydada.

Joy Finley named to state board

During the 74th Annual State Convention of the Texas Music Teachers in Dallas, Midlander Joy Finley, formerly of Floydada, was elected to the State Board of Directors by a vote of the 2,000 music teachers across the state. Mrs. Finley's name was placed in nomination by the Midland, Amarillo and Lubbock Music Teachers Associations.

Mrs. Finley is a private piano teacher, teaching piano and theory for the past 31 years in Big Spring and Midland. She has served on the TMTA Theory Committee from 1971-1985 at which time she was elected coordinator of the State's Theory Program. In this capacity she supervised the administering of some 11,000 to 13,000 theory tests annually. She has also served as chairman of the State's Scholarship Committee and president, vice-president, reporter, secretary and treasurer of the Midland Music Teacher's Association. In addition to her place on the board

of directors of TMTA, she serves as coordinator of Convention Student Activities, chairman of the State's Theory Revision Committee and a member of the Texas Certification Committee.

Mrs. Finley has judged numerous contests and festivals some of which include San Angelo, Abilene, Odessa, Dallas and Hobbs, New Mexico. Her students are consistent winners in the local and out of town contests. They have participated in the state ensemble teams for the past 19 years and have been awarded numerous gold, silver and bronze medals in the state theory tests. She is a nationally certified teacher of piano and theory and has been approved by the American College of Musicians of the National Guild of Piano Students.

Joy is the daughter of Mamie Bunch and the late Willie Bunch. She was a student of the late Pearl Fagan of Floydada.

JOY (BUNCH) FINLEY

Floydada Nursing Home Happenings

By Jo Bryant

Last Monday was Labor Day, so I had the day off. I attended the Truscott Homecoming. They have it every two years. There were a lot of people there and it gave me the chance to see the Bryant family.

Tuesday, Bro. Neeley and Zelma came and shared the devotional and sang some songs, and brought the residents some bananas too. At 2 p.m. the residents painted an orange.

Wednesday, Bro. Sammy Rodriguez came and shared Hebrews 6:13-16, on the promises of God. We had a staff meeting from 2 until 3. So we played Bingo at 3. Mary Alice Walters came and helped us. Robert Callaway had the first Bingo. The residents playing were: Brooks Callaway, Esther Freeman, Sue Thompson, Della Halencak, Otis Johnson, Iva Wells, Maude Galloway, Charles Breeding, Robbie Hatley, Oda Birchfield, Brooks Callaway, Thelma Hoffman, Lennie Willis, LaVader Kinard.

Thursday morning coffee and juice as usual. Helen couldn't make it so we shared James 2:1-6. At 2 p.m. the residents had their monthly meeting. We discussed the cookout for Sept. 22 and they liked the idea. The residents present were: Robert Callaway, Iva Wells, Charles Breeding, Della Halencak, Otis Johnson, Addie Lindley, Willie Russell, LaVader Kinard, Brooks Callaway, Ray Cook.

Friday, the ladies from the First Baptist Church gave the devotional. Letha Mulder opened with a prayer. Mrs. Lillian Ross read Ps. 112, and read some

46 attend tri-community reunion

By Muri Mayfield, Reporter

Forty-six persons were in attendance for the Center, Fairview, and Campbell reunion September 3 and 4 at the Massie Activity Center in Floydada. The group enjoyed a meal prepared by all and conducted a business meeting at the gathering.

Officers elected were: president, Vic Green; secretary-treasurer and reporter, Patsy (Robertson) Dunn; and vice president, Don Green.

Modena Cumbie and Letha Lightfoot presided in the absence of Kenneth Robertson and RueNita Robertson who had moved away.

There were eight of the J.E. Green

family present. This was the most present from one family.

The oldest couple in attendance was Gordon and Muri Mayfield. Traveling the furthest was Don Hollums, son of Walter Hollums. He came from Bloomfield Hills, Michigan. Alta Robertson was second in line from New Caney, Texas.

The group chose the Labor Day weekend 1990 for their next reunion day.

The memorial list of our beloved friends and neighbors gone on was ready by Letha Lightfoot and a poem was given by Letha in remembrance of them.

The noon meal was called to order by Modena Cumbie with the original bell from Fairview school that now belongs to Lee Burton.

Walton Wilson gave the thanks for the food and the day.

There was an awful lot of hugging and kissing going on by former neighbors and relatives and just good friends. A lot of small talk was heard through the day.

Alma Montgomery Dunn was unable to be with us because of the surgery on her thumb. Such a good time was had by all of us.

Guests were registered by Lola Pohl of Matador.

Registering were: Bob Bradford, Mr. and Mrs. Travis Lightfoot, Mr. and Mrs. Gordon Mayfield, Opal Krazier, Mr. and Mrs. Burl Huckabee, Walter Hollums, Lloyd Cumbie, Mr. and Mrs. Anthony Latta, Lee Burton, Mr. and Mrs. Walton Wilson, all of Floydada; Mr. and Mrs. Eugene Mayfield of Henrietta, Texas; Patsy (Robertson) Dunn, Elizabeth Newton, Mr. and Mrs. J.B. Jordan, Mr. and Mrs. Wilborn Miller, Polly Mayfield, all of Lubbock; Mrs. Bernice (Mankin) McAda, Tucumcari, New Mexico; Mrs. Alta Robertson, New Caney; Faye Reynolds, Amarillo; Margaret Green Ryman, Hubbard; Don Hollums, Bloomfield Hills, Michigan; R.W. McClure, Kress; Mr. and Mrs. Drue Cumbie, Ralls; L.W. Norvell, Hereford; Mr. and Mrs. Don Green, Big Spring; Mr. and Mrs. Clyde Green, Peralta, NM; Mr. and Mrs. Weldon Cumbie, Mr. and Mrs. Floyd Montgomery, Mr. and Mrs. Leonard Finley, Mr. and Mrs. Victor Green, all of Plainview; and Lola Pohl, Matador.

Mrs. Doris (Spence) Huckabee had attended all three schools in her years gone by.

If you ever lived at either of the communities and weren't there you were missed. Please be there in 1990. Bring with you old pictures. There were a lot brought.

Happenings at Caprock Hospital

By Molly Stringer

It has been fairly quiet around the hospital the past few days. The staff have taken advantage of this to do some cleaning and restocking. The medical staff met on Monday for the regular monthly meeting. Those attending this meeting were: Drs. Jordan, Lopez, and Gertz, Leroy Schaffner, Joy Breed, Molly Stringer, Jean Jarrett, Rhonda Stovall, Susan Green and Joe Carver.

The Infection Control Committee, Emergency Transfer Committee, and Quality Assurance Review Committee met in conjunction with the medical staff meeting.

The Quality Assurance Review Committee met to review all of the repeat emergency room visits for the past three months.

The Quality Assurance program has been expanded in all of our hospitals the past two years to meet Medicare standards. The Quality Assurance program in hospitals is set up for the protection of the patient. In this program every department in the hospital checks themselves in areas where they may have problems. All of these departments are monitored and surveyed by the general QA Coordinator who is the Director of Nursing.

What is Quality Assurance?

Quality Assurance is our assurance to the community that we intend to provide quality care at Caprock Hospital. QA is a continuing study going on at the hospital. When a death occurs, the QA coordinator reviews what took place, what care was given, if appropriate care was given and coordinates this into a report. If a patient is transferred the QA coordinator reviews that transfer to insure that all criteria is met. Was the patient stable before transfer? Was a receiving physician obtained at the receiving hospital? Was the patient assessed by a physician before transfer? It is our responsibility and desire that optimum care be given to each patient who is transferred.

If there are complaints about the food served, if it is too cold, too dry, or what

ever the complaint, a survey will be done to prove or disprove this complaint. If the department is found to need correction, steps are taken to alleviate the problem. All surgery patients are monitored. A list of criteria has been set up by the QA coordinator and the supervisor of surgery. This list is checked on every patient.

All blood transfusions are monitored to ensure that the patient is checked on at frequent intervals, vital signs are documented at intervals.

These are just a few of the areas monitored by the Quality Assurance program at our hospital. This is another way to say to you that your care as our patient is very important to us, and we are continually monitoring and checking ourselves to make sure that you have the best of care.

We had five candy strippers who came faithfully this summer. They were very helpful to us and we hope they gained valuable experience working with us. Salinda Hart, Stephanie Carr, Beckie Poole, Regina Ware, and Elizabeth Widener were those who volunteered their time to help out.

They worked in nursing, x-ray, medical records, pharmacy, central supply, and the front office. They learned to file, stock, price, do clerical work, serve trays, answer call lights and graft on the charts. We so appreciate young people today who are willing to give an hour or two a week to help someone else and perhaps find that they are interested in a career in the health field.

We will be starting our fall candy stripper program for both boys and girls through our schools in the near future. Anyone interested may sign up at school or call 983-2875 and ask for Molly Stringer.

We will be doing mammograms Sept. 27th. Please call the hospital for an appointment. Diabetes class will meet Sept. 22 in the dining room. The August meeting was cancelled due to illness of the instructor.

The ECA class at the hospital began this past Tuesday night.

We are grateful for the privilege of offering health care to such a generous wonderful community.

HEALTH TIP

The Quick Fix

Make these tension relievers part of your daily routine.

Close your eyes and take several slow, deep breaths.

Reach back and "knead" your neck and shoulders, gently squeeze and relax.

Drop your chin to your chest, and gently roll your head in circles - two or three times in each direction. Too much head rolling could cause dizziness or nausea.

'Don't be chicken' blood drive set

The United Blood Services will be conducting a community-wide blood drive in Plainview on Saturday, Sept. 17, from 10:00 a.m. to 6:00 p.m.

"The blood drive will have a central theme of 'Don't Be Chicken, Give Blood,'" said spokeswoman Cheryl Keefer. "Merchants from all over have

donated chicken items such as eggs, fryers, chicken dinners, etc. Each donor will select a plastic egg which will have his winning premium in it. The room will also be decorated in a chicken motif."

The drive will be held in the Chamber of Commerce building 710 W. 5th.

Senior Citizens News

By Thelma Jones

There were several who went to the singles meeting in Lockney. They will be here the 24th of September.

We still have a lot of senior citizens who are ill in the hospitals and at home: Fay Hart, Buck Hickerson, Carrick Snodgrass, Keller Holmes. Grady Freeman is at his daughter's; Ester Freeman is still in the rest home, Robbie Hatley has got to go home and I am sure many more that I don't know.

Maggie Lovell fell in her home but didn't break any bones, just bruises. She is one of our faithful citizens.

Helene and Burl Holt returned home last week after a two month visit with their children in New York.

Ruth Trapp returned home Sunday night from a two week vacation in Arizona. She reported a wonderful trip.

Mrs. Nellie May Scott and husband of Abernathy, Mr. and Mrs. C.P. Calley, Turkey, and Terry Watson visited Myria Dade Sunday afternoon.

Mrs. Henry Bloodworth has moved this week to Crosbyton.

Guests in the home of Mrs. Mattie Wester were her daughter, Mrs. Jo Payne, Vigo Park; Joey Payne, Plainview; the Edgar Boyds, her son from Shallowater, Joe Ellis, Shannon Chris-

tian, Michael Shawn Fortenberry and Ricky Poole of Floydada.

Valerie Turner is visiting in Amarillo today with relatives.

Mrs. C.H. Wise and Ethel Warren are visiting this week in Amarillo. Mrs. Wise is visiting her daughter and Mrs. Warren her son.

Mrs. W.M. (Bill) Hambricht, Mr. and Mrs. Gordon Hambricht, Mr. and Mrs. Bob Hambricht, Mr. and Mrs. Bud Breed attended the funeral in Marble Falls Friday for John Hambricht, brother-in-law of Mrs. W.M. Hambricht. He was a former resident of the Lakeview community.

Myria Dade and Earl Edwards are home and doing very well. Mr. Edwards' daughter was here several days while he was in the hospital.

Joe Dunn and Judy Roberts, Ester Freeman and many others still in hospitals and rest homes, Mrs. Lindsey.

Ladies golf club championship tourney held

Saturday, Sept. 10, the ladies club championship tournament was held and all enjoyed a salad luncheon afterwards.

Winners were: Championship Flight: 1st Pat Battey, 2nd Jill Willson, 3rd Susan Simpson, 4th Donna Pernell.

First Flight, 1st Barbara Edwards, Final playday winners for the year were: August 8th, Barbara Covington and August 15, Gail Hale.

"Let's all continue to play golf as long as weather permits and be looking forward to another year," members agree.

2nd Daphna Simpson, 3rd Glenna Ross, 4th Tommye Perry.

Second Flight, 1st Ann Glasscock, 2nd Gail Hale, 3rd Joyce Anderson, 4th Mary Martinez.

Closest to pin on #2 Barbara Edwards; longest drive on #3 Jill Willson and "Oh" Shot on #9 Mary Martinez.

Alpha Mu Delta sorority has Beginning Day

Beginning day for Texas Alpha Mu Delta #9314 was held in Plainview in August. Members viewed a movie then ate a meal at the Golden Corral. The group exchanged stories of the summer before journeying home several hours later.

The first meeting for Texas Alpha Mu Delta was held Tuesday, Sept. 6 at 7 p.m. at the First National Bank in Floydada. All members were present.

They held a brief discussion during the meeting concerning proposed ways

and means projects for the coming year. It was voted to do something at Christmas for the children in custody of the Floyd County Child Welfare. It was also voted to check into a weather alert system for the day care center.

The annual taco supper was held Friday night before the Idalou vs. Floydada football game. It was deemed successful with the generous help from Julianne Cornelius, Spring Lipham, Kathie Ross, Holly Henderson, Kalli Hicks, Jennifer Crow, Debra Graham and the two super dishwashers, Kary Helms and Mark Beedy.

The sorority also showed a profit on their concession stand at the rodeo. Thanks are extended to all of the good people who came and ate.

After revealing secret sisters and opening gifts they drew new names for this year.

Hostesses for the evening were Dara Ware and Sidney Jackson. They served hot chicken salad, tossed green salad, chocolate cake, ice cream and iced tea. There being no further business the meeting was adjourned and all joined hands for the mizpah.

Next meeting will be Sept. 20 at Lighthouse Electric with the ritual of jewels ceremony. Dara Ware will have the auction.

Those attending were: Brenda Hefflin, Jeanine Helms, Dara Ware, Melanie Beedy, Dora Ross, Sidney Jackson, Tammy Wilson, and Tami Wofford.

Senior Citizens Menu

September 19-23

Monday — Baked ham w/raisin sauce, sweet potatoes, turnips and greens, cornmeal muffin/margarine, applesauce, milk

Tuesday — Cheese and apple bake, buttered broccoli, sliced fresh tomatoe, whole wheat roll/margarine, prune spice cake/lemon cream frosting, milk

Wednesday — Meat potatoburger, orange squash, buttered green beans, toasted garlic bread, canned pineapple, milk

Thursday — Roast turkey/gravy, bread dressing, stewed tomatoes, glazed carrots, hot roll/margarine, canned pears, milk

Friday — Hamburger steak with barbecue sauce, mashed potatoes, buttered vegetable medley, hot roll/margarine, apricot cobbler, milk

Alpha Sigma Upsilon holds first meeting

By Karen Elliott

Alpha Sigma Upsilon, chapter of Beta Sigma Phi, met in the home of Jodie McGuire September 6 at 7:00 p.m. President Mitzi Nixon called the meeting to order, with all members standing for opening rituals.

Communication from International

Look Who's New!

TORRES

Joe Angel and Diana Torres are proud to announce the birth of their daughter, Gracie Lee, born at 10 a.m. September 5 at Lubbock General Hospital. She weighed 7 lbs. 12 ozs.

Gracie Lee has an older brother, Orlando Torres, 6 years old, and one sister, Melissa Ann Torres, 3 years old.

Grandparents are Fabian and Angelita Torres of Floydada and Marcelino and Margarita Perez of Hart.

In the presence of family and friends, Sheryl Renae Smith and Scott Allan Stephens, both of Lubbock, were united in marriage on Saturday afternoon, Sept. 3, in the First United Methodist Church in Littlefield.

The bride is the daughter of Mr. and Mrs. Bill Smith of Littlefield and the granddaughter of Mrs. Ona Ruth Neff and Mr. and Mrs. Roy Smith of Floydada.

The bridegroom is the son of Mr. and Mrs. Miles Stephens of Littlefield.

Officiating the double-ring ceremony was Wesley Daniel, minister of the First United Methodist Church of Plainview.

Wedding vows were exchanged before an altar decorated with an archway candelabra in the center and with spiral candelabras on each side. The aisles were decorated with pew markers of pink and turquoise bows.

Registering the guests was DeAnna Boyd of Littlefield. The table was covered in a white linen cloth with a turquoise lace overlay. A white lace fan with a pink flower and candle arrangement adorned the registry table.

Candlelighters were Becky Smith and Shannon Stephens, sister of the bride and bridegroom, both of Littlefield. They wore pink tea-length dresses of taffeta with a lace overlay, cabbage roses on the shoulders and a straight skirt trimmed with ruffles which were pulled up on one side and accented with a bow. They wore pink silk roses in their hair.

Organ music was provided by Ann Owens of Littlefield. Musical selections included "Somewhere in the World Today" and "The Wedding Song" ("There Is Love") sung by Terry Westbrook of Lubbock and "Always," a duet sung by Tracie Hunger of Houston and Terry Westbrook.

Given in marriage by her parents and escorted to the altar by her father, the bride wore a formal gown of white crystalline and satin. The sweetheart neckline was encrusted with embroidered leaves, seed pearls, and sequins. It had short ruffled-tiered sleeves, pencil edged, schiffli embroidery, and lace.

The elongated asymmetrical bodice had a pegged tier wire ruffle skirt and had a pleated satin sash at the waistline. It also featured a detachable satin cathedral train with beading, cutouts, and ruffle trim.

For her headpiece, she chose a v-shaped pearl band with a dropped teardrop crystal in front and honeycomb petals and flowers on the sides holding a filament edge pouf and rolled edge finger-tip veil.

She carried a cascading bouquet of white roses accented with pink amaryllis, pink lillies and turquoise buds. The bouquet was trimmed with pink satin and white lace streamers.

In keeping with tradition, the bride's wedding gown and veil was "something new". For "something old" the bride carried a Bible presented to her at her christening by her great aunt and uncle. In the front cover was her grandmother's first wedding rings and handkerchief and her great-grandmother's handkerchief. "Something borrowed" was her cousin's diamond necklace, "something blue" was her garter, and she wore pennies of her and the groom's birth years' in her shoes.

Serving the bride as maid of honor was Teresa Haynes of Lubbock. Bridesmaids were Teresa Hill of Grand Prairie, Dianne Hobratch of Georgetown, and Deanna Faver of Littlefield. They wore tea-length gowns of turquoise taffeta with a lace overlay, elongated bodice and short ruffled sleeves. The straight skirt had bottom ruffles which were pulled up on one side and accented with a bow.

They wore headpieces of turquoise and pink braided cord with pink silk flowers and pearls. They carried white lace fans decorated with pink amaryllis, pearls, and white lace streamers accented with pink bows.

The bridegroom was attired in a white tuxedo with a white cummerbund and turquoise boutonniere.

Scott Lewis of Lubbock was best man. Wade Giddens and Kelly Stephens, both of Lubbock, and Brent York of Canyon were groomsmen and

ushers. The groomsmen wore black tuxedos with turquoise cummerbunds and boutonnieres.

For her daughter's wedding, Mrs. Smith wore a silk bone-colored pleated skirt and a matching blouse that had lace accents on the collar. Mrs. Stephens wore a pink silk dress with a peplum and bow sash. They both wore corsages of pink and turquoise silk flowers.

A reception was held in the fellowship hall immediately following the ceremony. The bride's table was covered with a silk cloth and had an ivory satin overlay. The three-tiered wedding cake featured a Precious Moments bride and groom music box on top. A Precious Moments bride and groom figurine as well as the bride's bouquet, the lace fans, and crystal appointments adorned the table. Serving at the bride's table were Jana Finley and Tammi Galloway, both of Lubbock.

The bridegroom's table was covered with a floor-length white cloth and a white sheer overlay. A double-heart chocolate cake, decorated with the bride and bridegroom's names, was served. The table held a little boy and girl fishing from a goldfish bowl with fish. Serving at the bridegroom's table were Tracie Hunger of Houston and Latricia Westbrook of Lubbock.

Members of the houseparty included Mmes. Joe Haynes, Clinton Byers, Dean Faver, Jim McGee, Eldon West, all of Littlefield, and Brian Hambright of Lubbock.

The couple will make their home in Lubbock after a wedding trip to Red River, N.M. The bride and groom are both graduates of Littlefield High School and South Plains College. The bride is employed by Chrysler Credit Corporation and the groom is employed by State Heating and Air Conditioning.

TO WED IN DECEMBER—Mr. and Mrs. Wilson M. Fowler are proud to announce the engagement of their granddaughter, Susan Kimble, to Stacy Bridges, son of Mr. and Mrs. Bill Daniels and Mr. Rex Bridges, both of Lubbock. Miss Kimble attends Texas Tech University and will graduate in December. Mr. Bridges also attends Texas Tech University and plans to graduate in May. The couple will be married December 17 at St. Luke's United Methodist Church in Lubbock. Miss Kimble is the daughter of Mrs. Kenneth Crozier and Mr. John W. Kimble II. She is also the granddaughter of Mrs. John W. Kimble (of Floydada).

Sanders family gathers and honors Leibfried

Relatives and friends of the late Will and Cubie Sanders gathered at the Senior Citizens building in Floydada on Sunday, September 4, for a day of fun and fellowship.

Lunch, prepared by the cooks in the Sanders family, was served at noon to the following: Jake Brown, Mayhill, New Mexico; Rubie Carmichael, Portales, New Mexico; Jewel McNeese, Irene Holt, Hope Saul, Kasey Saul, Reynolds and Johnnie Sanders, all of Hereford; Ophelia Sanders, Curtis and Iva Sanders, their daughter, Crystal Sanders, Richard and Nina Sanders, Lorin and Bennie Leibfried, David Main, Brian and Lisa Sanders, Jess and Bessie Glover, all of Floydada; Paul and Shawnda Brown, Dallas; Mike, Linda and Mindy Jackson, Tyler; La Juana Jackson, Perryton; Gus and Ceile Beevers, Suzy Jackson, Gary Sanders, Sherie Williams and little daughter, Leah, and Terry Sanders, Lubbock; Martha Lee Sargent, Austin; Verita Silvertooth, Amarillo, and Wayne Bloodworth, Gainesville.

The afternoon was filled with reminiscing, visiting, taking snapshots and viewing TV-VCR tapes of other family gatherings of years past. Martha Lee entertained the group with a piano solo and Mindy Jackson did several numbers on her violin.

The group honored Bennie Leibfried with a money tree, expressing their appreciation and love for her, and her devotion, to family and kin. Shawnda Brown presented the gift with a special poem she had written for the occasion.

It read as follows:

A Gift From God
God created a gift which He gave to us all

A gift He molded so carefully.
As He knew it would influence those great and small.

Within this gift He mixed all the important ingredients of life with great heed.
Making sure to add lots of love, kindness and understanding for anyone in need.

This gift is very special and is believed

to be the best

As this gift has touched many lives, and is treasured by those it has blessed.

You see, this gift is not a material item made of silver or shiny gold.
This gift is a woman, with a warm heart and a beautiful soul.

Bennie, you're the gift, that God gave to us to keep.
And we want you to know that we love you and you have made our lives complete.

—Shawnda S. Brown—

Floydada defense blanks Roosevelt Eagles 14-0!

By Bill Gray

On September 9, the Whirlwinds traveled to Acuff and came away with a hard-earned victory over Lubbock Roosevelt by the score of 14-0. From the opening kickoff for the 'Winds, in which Kenneth Collins boomed the ball into the endzone for a touchback, it was apparent that the Floydada kicking game would show vast improvement over last week's outing. There were other areas which also showed improvement. This is the aim of Coach Earl Overton and his staff — to improve in the various aspects of the game on a week-to-week basis. The entire defense again arose for the occasion, and now have allowed the first two opponents only seven total points, 270 total yards, and 91 passing yards.

Roosevelt failed to gain any ground on its first possession, and was forced to punt. After two running plays the 'Winds had minus five yards, due to a good Eagle defensive effort. On third and fifteen from their own 42, the 'Winds went to the air — only to have the pass picked off by Roosevelt's Jesse Martinez. The Whirlwind "D" came on strong, with excellent defensive plays turned in by Leonard King, Jay Mendoza, Danny Caballero and Jacob Galvan. A second punt by the Eagles drove the 'Winds back to their own 31. Neither offense seemed to be able to get anything generated. After an exchange of punts, Floydada once again went on the attack.

From their own 13, Floydada put together a solid offensive drive. Early in the second quarter, QB Chad Quisenberry fired to a wide-open Kenneth Collins coming out of the backfield for a 30-yard gainer. Mixing plays with the running of Frank Suarez and Joe Cisneros, the 'Winds moved to the Eagle 19. Out of the wishbone, Kenneth

Collins took the pitch from Quisenberry and scampered for a first down and goal at the Roosevelt 6. A four yard plunge by Frank Suarez put the 'Winds in good shape, but on the next play a loose ball was pounced upon by an Eagle defender — and the 'Wind drive for a score went for naught. At the time it appeared that the nagging nemesis of failure to punch the ball over from scoring territory was again haunting the Whirlwinds.

Roosevelt mounted its best drive of the evening in the next series as the Eagles picked up five first downs and 69 yards, moving from the shadows of their own goal posts to the Floydada 32. An attempt for a Roosevelt first down was thwarted at the Floydada 30 by the aggressive tackling of Jay Mendoza, Joe Cisneros, and a host of Floydada defenders. (This was the deepest penetration of Floydada territory by the Eagles all evening. In fact, only one other time

were the Eagles able to break into the Whirlwind side of the 50.)

Operating from his own 30, it took Quisenberry and Company only seven plays to hit paydirt by means of a surprise play. After several near misses in passes to Ismail Delgado and Armando Morales, the 'Winds came up with the offensive play of the game. On fourth and four from the Eagle 33, Quisenberry pitched to Collins, who threw a perfect strike on the "halfback option" to Armando Morales, who waltzed across the endline with 37 ticks left in the second stanza. Collins was perfect on the kick for the PAT, and the 'Winds were on their way to their first "W" in the 1988 campaign. Not enough can be said about the efforts of the offensive line and backfield blocking during this scoring drive. Leonard King was pushed into double duty, and substituted for the injured Rolando Cisneros at offensive

tackle. Adam Cates and the rest of the offensive interior line held the larger Eagle defense in check time after time, which allowed the 'Wind wishbone-option attack to develop.

Floydada drew its first penalty of the game on the ensuing kickoff with a late hit on the Eagle receiver. Two incomplete passes brought Roosevelt to 4th down, where the Eagles elected to go for the first. They were shut down by Frank Suarez and Jacob Galvan. Floydada took over and ran out the remaining

time. Halftime score: Floydada 7, Roosevelt ZIP.

The Whirlwinds received the second half kickoff, were unable to gain a first down, and had to punt the ball back to Roosevelt. On the third play, Eagle QB Richardson was sacked by King for an 8 yard loss. Roosevelt's dismal showing in the passing department (2-17-1, 22 total yards) was attributed to the fierce pass rush led by King, Adam Cates, Joe Cisneros, and Joe Barrientos throughout the game.

The 'Wind offense marched for two first downs before having to punt back to the Eagles, whose first running play was stopped dead by Joe Cisneros and Frank Suarez. QB Richardson then scooted 23 yards for the Eagles, with Joe Cisneros and Rueben Chavarria making the saving tackle. The Eagle QB then dropped back to pass, but Leonard King's hands were in his face as Richardson hit the receiver for a score — a Floydada score. Armando Morales came up from the

Continued on Page Seven

Holland earns first place money in football contest

With 83 now entered in the ongoing contest, T. L. Holland earned the 1st place prize money of \$10.00 this week. Holland missed only three games out of the 22.

Robert Redden and Mike Anderson tied for the second and third place money with 4 misses each. The tie-breaker score was also a tie with each estimating 27. As a result, the money for the two places is combined and each may claim \$5.00 this week.

Four others rate honorable mentions with 4 misses. They were Joe Jones with a tie-breaker score of 28, Steve Brooks with a score of 33, Franklin Harris with a score of 34 and Freddie Morren with a score of 35.

Missing only 5 games were Sammy Hale, Laura Hale, Andy Hale, Bill Clemons, Don Warren, Sheree Cannon, Wes Campbell, Doug Ward, Bob Marler, Dale Jahay, Jared Mosley and Kevin Tipton.

CONTEST LEADERS

The net result of this week's scoring puts Jean Hale and Steve Brooks in a tie as leaders in the overall contest for the Thanksgiving Day pro tickets. Each has

a total count of 33. Sherry Hale stands at 32 with Doug Ward, Joe Jones and T. L. Holland closing in at 31. Joy Allen, Bob Marler, Sammy Hale, Mike Anderson and Franklin Harris each have amassed 30 points.

Remember to get your entry in each week to keep up your chances of taking home the two tickets to the Cowboys-Oilers game in November.

WIND JV KENNETH DAVIS (33) barely gets away after punt during Floydada-Roosevelt JV game on September 8. Jamie Suarez (80) was back to offer protection. Staff Photo

Coach's Comments

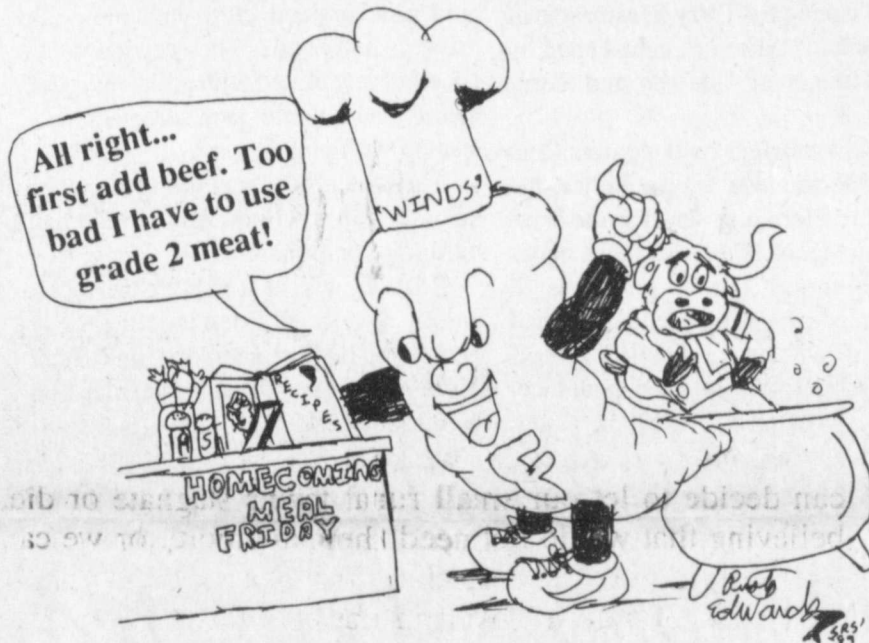

Whirlwind Coach Earl Overton says, "I am pleased with the overall effort and the continued improvement shown in the Roosevelt win." He gave the defense a lot of credit "in holding the first two opponents to less than 300 yards total offense." The coach pointed out the excellent performance by the line, especially Leonard King. But, he emphasized that the "team is working well as a unit in most aspects." He "feels the offense still needs some improvement in being able to convert on scoring opportunities." He is very proud of the spirit,

hard work, and pride shown by the team.

Overton also expressed his pleasure in the contributions made this past week by some of the younger players — especially Rueben Chavarria and Jesse Suarez. He stated, "We should be healthy again, after having two starters out with injuries this past week." Overton went on to say, "The Lockney game will be tough. Even though they are winless so far in 1988, the Longhorns also have a lot of pride and will come to play - and play hard - this Friday."

BAR-B-QUE

Plate Lunches will be sold Friday & Saturday at the C-M-E Methodist Church on East Jackson Price \$4.00

FOOTBALL CONTEST

CONTEST RULES

Any subscriber or individual above the age of 7 who purchases a Hesperian from a newsrack is eligible to enter this newspaper's weekly football contest, except employees of Floyd County Newspapers.

To play, circle on official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing a particular game. In addition, indicate in the tie-breaker football your guess on the total number of points to be scored by the two teams listed.

The only entries considered for prizes will be those appearing on official entry forms and those brought to the Hesperian Office by 5 p.m. on Friday. No mail entries will be accepted.

Three cash prizes are offered weekly. In the event of ties - the same number of correct games and equal scores on the tie breaker - prize money will be shared among those involved in the tie. The tie-breaker score will be utilized only in the event of a tie on the number of games missed.

In the contest to determine the season winner and the recipient of the two tickets to the Nov. 24 Dallas Cowboys-Houston Oilers game in Dallas, each contestant will receive one point for each correct game selected on an official form throughout the season.

Print name and address plainly on official entry form and double check that your choices of winners have been circled.

Enter one entry per person per week. Weekly winners are limited to one per household.

ROOSEVELT EAGLE Johnny Valderaz (20) is bowled over by Kenneth Collins (35) in third quarter action. Floydada wasn't a gracious host as they blanked the hometown Eagles, 14-0. Staff Photo

Floydada defense shines

Continued from Page Six

Floydada secondary and picked off the aerial. He broke to his right, cut back to the left across the grain, and scored from 45 yards out. A key block by Kenneth Collins at about the 11 paved the way for a jubilant Morales to race untouched into the end zone for his second score of the night. Collins added the PAT, and the Whirlwinds were rolling.

Roosevelt failed to get anything going in the next series due to a clipping penalty and an incomplete pass. The 'Winds were also stopped in their next drive — although a beautiful pass from Quisenberry narrowly missed Morales for a big gainer. The Eagles attempted to play catch up, but Richardson had troubles completing his passes. Punts by both teams were exchanged when each was unable to sustain an offensive drive. Roosevelt was determined to get back into the game via the passing route. However, the 'Wind's secondary came up with some big plays. On 3rd down from his 33, Eagle QB Richardson was pressured as he threw the ball, which was alertly intercepted by Grant Stovall for Floydada. The 'Winds came up short for the first down, had to punt, and the Eagles had one more chance to put points on the board. However, the Eagles were stymied by Cates, Mendoza, Caballero, and Joe Cisneros up front, and by the secondary protection given by Stovall, Collins, and Rueben Chavarria.

Following a Roosevelt punt, the 'Winds set up shop on their own 24. Floydada's final drive garnered four first downs, chewed up 51 yards, and ate up the remaining time on the clock. This end-of-game drive by the Floydada offense sealed the shutout that the 'Wind's defense worked so hard to preserve.

This week is Homecoming, 1988, in Floydada. The exes, families and friends should be very pleased with the current edition of the Whirlwinds. Even though the Lockney Longhorns are yet to win a game this season, everyone knows this will be a battle to the finish for the bragging rights of the county. I know where I'll be next Friday night...how about you? After the first week, this writer gave thought to dropping the weekly predictions after going one out of six. However, last week gave me new confidence, as I hit on five of six — with the only blemish being the Los Angeles Raiders' loss to the Houston Oilers. There are some "toughies" this week. Nevertheless, here are my "picks of the week":

Floydada 27, Lockney 6
Idalou 17, Tulia 13
Texas A&M 20, Alabama 14
Michigan 23, Miami 21
Tech Tech 0, Open Date 3
Dallas Cowboys 17, New York Giants 10
Houston Oilers 31, New York Jets 21

BILL'S REMARKS:

I have already mentioned Floydada's improved kicking and punting. The special teams' play continues to excel. Gang tack-

ling and good downfield coverage have kept return yardage at a minimum. Good execution on offense and the lack of costly penalties have to be a plus. The passing offense will come around — it's just a matter of a little more concentration and confidence. The 'Winds are working as a unit on both sides of the line of scrimmage. When someone goes down, others are there to fill the slot (that was important this past week). Superlatives of the Roosevelt game: Offensive play of the game - Collins' halfback option pass to Morales for TD. Defensive play of the game - Morales' interception for TD. Offensive player of the game - entire offensive line. Defensive player of the game - Leonard King.

Score by Quarters	
Floydada	0 7 7 0 — 14
Roosevelt	0 0 0 0 — 0

Scoring Summary

Floydada - Morales, 33 pass from Collins; Collins kick.

Floydada - Morales, 45 pass interception; Collins kick.

Team Statistics

Floydada	Roosevelt

Floydada Individual Stats

Rushing: Quisenberry, 4-13; Rueben Chavarria, 1-5; Jesse Suarez, 5-18; Joe Cisneros, 3-12; Kenneth Collins, 17-88; Frank Suarez, 13-56

Passing: Quisenberry, 2-12 (1 interception), 48 yds.; Collins, 1-1 (0 interceptions), 33 yds. TD.

Receiving: Morales, 1-33 TD; Collins, 2-39.

Shine of '89

By Sharon Smith

This is the final year for the Seniors of Floydada High School. For most it will be a beginning of a new and different life. Without the help of teachers many of the seniors goals could not be accomplished. This year's Senior class sponsors are Carol Reese, Dean Bates, Lee Hurt, Jimmy Burleson, Robert Lockwood and Jan Thayer.

The new class officers are president, Tim Julian; vice-president, Jacob Galvan; secretary, Sharon Smith, and poster chairpersons, Rita and Rachel DeLeon and Rusty Edwards.

The year would not be complete without our AFS student from West Germany Norman Langhoff.

Working together we hope to make this the best year ever. We hope that the community will support us in our efforts.

Go Whirlwinds

JV 'Winds upended by Roosevelt, 19-16

On September 8 the Floydada Whirlwinds JV came up a few yards and a few seconds short as they lost to the visiting JV of the Roosevelt Eagles, 16-19. It was a well played game; the Floydada JV coaches are doing a lot with this young unit, which includes a number of ninth graders.

The Eagles received the opening kick, but were unable to sustain an offensive drive. They punted to the 'Winds, who had an equally hard time getting untraced. On the next Roosevelt

series, the Eagles fumbled, which lead to a TD by the 'Winds' Kenneth Davis. QB Brian Teeple and HB Michael Cooper also contributed to the scoring drive. The two point conversion attempt failed, and Floydada led 6-0. The ball changed possession several more times before Roosevelt managed to score following a 48 yard drive. The PAT kick was true and the score read: Roosevelt 7, Floydada 6. Late in the first half, the Eagles drove for a score, only to be denied by a stiff 'Wind defense.

Floydada took over at their own 6 yard line and held on as time ran out in the second period.

Good defense by both clubs kept the opposition in check for most of the third quarter. A Floydada touchdown by Tracey Johnson and a two point conversion by Kenneth Davis gave the 'Winds a 14 to 7 lead. A few plays later, Roosevelt answered with a long TD pass. The conversion kick was wide, and the 'Winds retained the lead 14-13.

Floydada fumbled the ensuing kick-

off, and the Jr. Eagles marched for another score from the 'Wind 30 late in the third quarter. The try for extra point again failed and Roosevelt went on top 19-14. Late in the game, Floydada mounted what would appear to be the winning drive, but were stopped on fourth down at the Eagle 12. As time ran out Roosevelt, elected to give up a safety — thus enabling the Eagles to nail down the 19-16 victory.

Have a nice week!

LARRY MILNER IN CONGRESS

RESPONSIBLE. CONSERVATIVE LEADERSHIP

"After World War II,
America rebuilt
Europe and Japan.

Now it's time to rebuild rural America."

Larry Milner

Republican Candidate
U.S. House of Representatives.

After World War II, we inadvertently began destroying small towns in rural America. It was not the intention of government policy to do that, but it has been the result. Now, as a nation, we have a choice to make. We can decide to let our small rural towns stagnate or die, believing that we do not need them anymore, or we can redevelop them. Their decline brings on more serious problems, including lowering the quality of life in the already overcrowded and polluted metropolitan areas.

So I believe the message is clear. **Our small towns are dying. We must stop that trend.** The quickest way, and perhaps the only way, to do that is provide incentives for developing new businesses and new jobs in rural America to diversify its economic base.

I have a plan for America's small town redevelopment. It allows our smaller towns or counties to create a Rural Redevelopment Program which can furnish

start-up money to people with ideas. We can create new jobs and new money in most communities.

An independent Rural Redevelopment Corporation in each town would use money contributed by citizens who could deduct their contribution from their income tax as a **tax credit**. It's just that simple. People in rural communities could use some of their tax dollars to help rebuild their local economies instead of sending that money to Washington. These new investment dollars would create jobs and keep people in small towns rather than forcing them into the big cities.

If I have the privilege of being your congressman, one of my first acts will be to introduce legislation to begin America's rural redevelopment.

LARRY MILNER'S PLAN FOR JOBS AND PROSPERITY

Rural Redevelopment Corporations

Q. What's the problem in rural America?

A. Lack of jobs. Without jobs, the tax base declines. School budgets are pinched. Local governments struggle to keep up services. As the local economy shrinks, taxes increase, local businesses close, the doctors leave, and our young people are forced to go elsewhere for work.

Q. What can be done?

A. Rural America needs to invest in new businesses. Economic developers say that rural America needs "equity capital." That's the start-up money for new jobs.

Q. Where would the money come from?

A. The money is already in the communities, but it now goes to Washington as federal taxes.

This plan allows taxpayers to take their contribution off their federal taxes in the form of a tax credit and give that money to a local non-profit Rural Redevelopment Corporation. The Rural Redevelopment Corporation would invest in businesses which will create new jobs.

Q. So the Rural Redevelopment Corporations allow people to keep money in their community instead of sending it to Washington?

A. That's right. You don't keep the money yourself, but it does stay in your community. This isn't a bureaucratic government program. It would be run by the local people who contribute the money.

Q. What kinds of businesses could the Rural Redevelopment Corporation back?

A. Anything that sells a product outside of the community and brings new money into the economy. The new business could come from an idea that someone has developed, for example:

It could be a local druggist who has invented a new blood pressure device. Or a local jewelry store owner who decides to make and distribute jewelry.

It could be a local girl or boy who finishes college and wants to start a business in his or her home town instead of the city.

It could be a mail order electronics or computer distributor. Or a plastic products producer.

Q. Who decides?

A. The local people who give money to the Rural Redevelopment Corporation would elect a board of directors. The board would decide what businesses they back.

Q. What do you mean by "rural"?

Any community outside of what the U.S. Census Bureau calls a Standard Metropolitan Statistical Area.

Q. Will this help cities like Wichita Falls and Amarillo?

A. Yes, because the economy of our regional centers depends on the smaller communities around them.

Q. Can you get the legislation through Congress?

A. Yes, because every area will benefit from this program including the major metropolitan areas. People in Atlanta, in Los Angeles, in Washington D.C., are complaining of overcrowding, air pollution, and traffic. I think their congressmen would back a plan that would slow down overcrowding in those areas.

SMALL TOWNS

Burns appointed Texas Tech trustee

Ricky Burns has been approved by the executive committee of the Texas Tech University Dads and Moms Association to be a trustee for the 1988-1990 term of office. He was also appointed District Membership Chairman and a member of the Public Relations Committee.

The association has been active at Texas Tech for 32 years. Its purpose is

to build a bridge of mutual support between parents, students and the University as a responsive point of contact for all.

The association annually provides 50 student scholarships, seven outstanding student awards, four awards to outstanding professors, recognitions for outstanding members, a visit by a Nobel

laureate, Family Day (dinner, brunch and football) and five dads and moms newsletters annually to give up-to-date information about Tech, students and faculty.

All area parents and interested persons of Texas Tech students are encouraged to contact Ricky Burns at 983-3767 or 983-5118.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 8, 1988

PROPOSITION NO. 1 ON THE BALLOT
Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

PROPOSITION NO. 2 ON THE BALLOT
House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium.

The state comptroller and the state treasurer could decide to trans-

fer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment establishing an economic stabilization fund in the state treasury to be used to offset unforeseen shortfalls in revenue."

PROPOSITION NO. 3 ON THE BALLOT
House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas

growth fund will be managed by a board of trustees consisting

Texas boll weevil controls cited

A responsive boll weevil control program by Texas High Plains growers has been suggested as a model for a national program to eradicate the costly cotton pest.

The High Plains diapause boll weevil control program has been successful, both economically and environmentally, for almost 25 years and has been conducted without undue controversy.

This message came from witnesses who testified here recently during one of three public "scopings" conducted by the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture.

Other scoping were in Montgomery, Alabama, and Phoenix, Arizona.

Witnesses at the Lubbock session included growers, three entomologists with the Texas Agricultural Extension Service and Texas Agricultural Experiment Station, and representatives of the National Cotton Council.

They cautioned that a beltwide eradication program should have flexibility to meet different local conditions and have grower acceptance to succeed.

A scoping is a first step in preparation of an environmental impact statement (EIS) for the proposed national project, explained Michael Werner, APHIS environmental specialist who conducted the three sessions.

He said objectives are to identify public and agency concerns, facilitate efficient preparation of an EIS, define issues and alternatives requiring detailed examination, and help ensure that draft statements adequately address relevant issues.

Werner said written comments may be sent to APHIS until September 2.

The boll weevil, introduced into the U.S. from Mexico in 1892 near Brownsville, spread quickly across this nation's cotton belt. It is now the most important agricultural pest in the U.S., responsible annually for more than \$300 million in crop losses and control costs.

Dr. Ray Frisbie, Extension entomologist at College Station who coordinates the stationwide Extension integrated pest management program, testified at Lubbock that the boll weevil "causes a loss of \$12 to \$20 million annually in Texas."

APHIS proposes to implement a program to eradicate the weevil from infested growing areas and protect those areas from reinfestation through a cooperative control program with Mexico.

Texas producers initiated the control program in 1964 in the Plains area. Its goal was to suppress the pest and prevent its spread from the Rolling Plains

onto the Caprock escarpment which marks the beginning of the High Plains.

Annual program evaluations show an average reduction of 62 percent of the potential overwintering boll weevil population on the High Plains, testified Dr. James Leser, Extension entomologist at Lubbock.

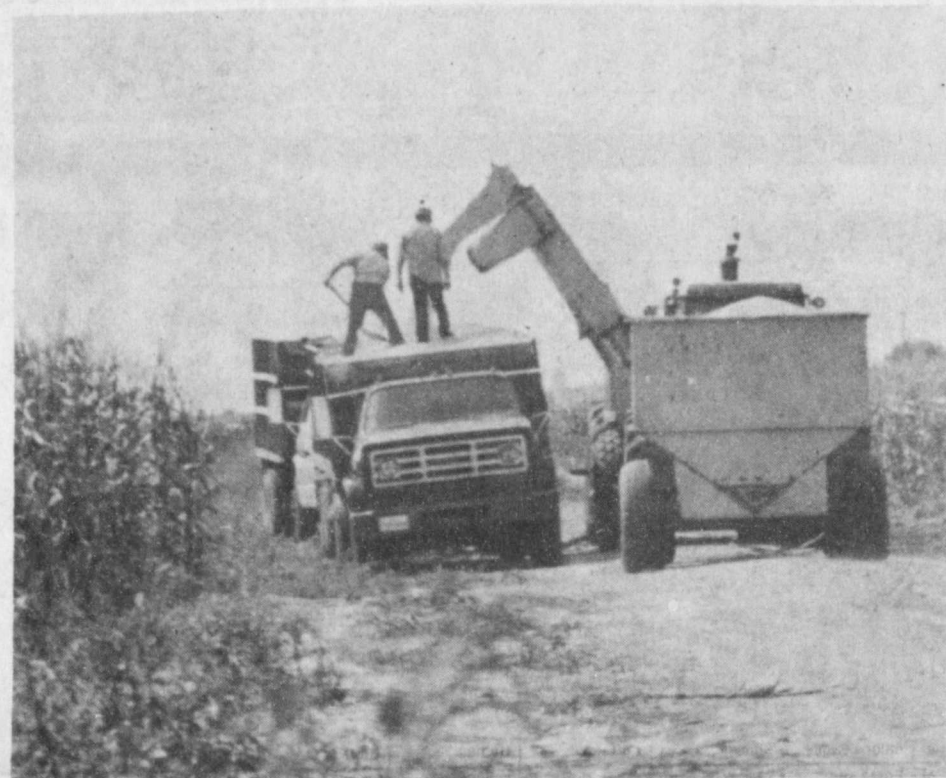

This weevil population reduction has minimized migration pressure, "and the boll weevil hasn't succeeded in establishing permanent infestations in the High Plains cotton region," Leser said.

An economic assessment of the first nine years of the suppression effort, conducted by Dr. Ron Lacewell, economist with the Texas Agricultural Ex-

periment Station, indicated that curtailing the program would increase the use of insecticide by about 14 million pounds annually and cause yield declines of 100,000 bales, a total annual loss of \$30 million.

With the program cost averaging \$1 million a year, Leser extended Lacewell's projection through 1983, indicating that the 21-year span would have cost \$20 million with benefits of \$1.3 billion.

"It has been a considerable success for 25 years while having no documented negative impact on nontarget fauna (animals)," Leser said.

Livestock producers may benefit

The recently passed Drought Bill signed by President Reagan will likely benefit Texas livestock producers more than crop producers, said an economist with the Texas Agricultural Extension Service.

The Bill authorizes \$3.9 billion in relief to the nation's drought-stricken farmers and ranchers.

In Texas, the impact of this year's

drought has varied greatly over the state, said Dr. Ernest Davis. Losses or reductions in crop production have been mainly in southern, coastal and eastern areas, and livestock in those areas have suffered also due to the lack of forage on pastures and ranges.

While the provisions in the Drought Bill will help farmers with major crop losses (reduced production of 35 percent or more of normal), crop production over Texas, as a whole, will not be down sharply. However, losses in the livestock sector will be significant due to forced sales and the increased costs of buying feed to maintain herds, Davis said.

Provisions of the Bill with regard to livestock production are as follows:

—Producers who grow their own feed, who have owned cattle six months and can document a loss of 40 percent of the home-grown feed, can take part in a

50-50 cost share program on purchased feed. Home-grown feed includes hay, improved pastures and native pastures.

—Under these same qualifying conditions, producers will be able to purchase government-owned grain at 75 percent of the posted county loan rate to feed foundation stock. The government will pay the cost of shipping the grain.

—Transportation assistance will be provided for up to 50 percent of the cost of moving livestock to and from new pastures because of drought conditions.

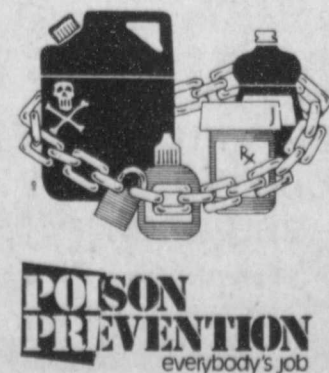

—The potential 50-cent per hundredweight cut in dairy price support scheduled for next Jan. 1 was cancelled and producers will receive a 50-cent per hundredweight increase in price supports during the April-June 1989 period.

—A limited emergency forage program for drought damaged pastures is provided in which the USDA pays half the costs of seeding and fertilizing certain forage crops on pasture land for late fall and early spring grazing and haying. This is limited to \$3,500 per producer.

—Benefits are restricted to those whose "qualifying gross revenues" are less than \$2.5 million per year.

—Payments under the livestock emergency feed programs are limited to \$50,000 per producer. Total payments to a combination livestock-crop producer may not exceed \$100,000 per person.

According to Davis, the drought legislation should be implemented by about mid-October. Individuals with questions about the drought relief program can call a USDA toll-free hotline: 1-800-541-3375.

Acreage reduction recommended

Plains Cotton Growers, Inc., Lubbock, recommends that USDA for the 1989 double this year's acreage reduction requirement, from 12.5 percent to 25 percent, and offer a paid land diversion program to reduce production even more.

These and other recommendations on 1989 cotton program provisions were crafted September 7 in a three-hour meeting of PCG's 11-member Executive Committee. The paid diversion program, expected to compensate growers at about 35 cents per pound, according to PCG should allow each individual producer to choose a diversion rate anywhere between zero and 20 percent of base acres. That feature, as opposed to a fixed percentage rate, would give producers the needed flexibility for more efficient operations, committee members pointed out.

The committee's decision to call for a larger acreage reduction came after studying projected supply-demand figures showing prospects for an 8.9 million-bale carryover at the end of the current marketing year. That compares to the program objective of a 4 million-bale carryover.

Also suggested by PCG for 1989 is (1) continuation of producer option payments, (2) no change in 1988 haying and grazing regulations for conservation use and cropland reserve acres, (3) advance deficiency and diversion payments made to the legal maximum in generic certificates, (4) seed cotton loans, (5) blanket authorization for producers to switch up to 10 percent of acreage bases between crops and (6) continued use of the "Plan B" marketing loan procedure as the means to make U.S. cotton competitive in world markets.

On the issue of "limited" cross compliance, which for the past two years has prohibited producers participating in any crop program from planting more than the acreage base of any other crop on a given farm, PCG ties its recommendation to the requested acreage base transfer authorization. Unless acreage transfers are permitted, the organization says, there should be no cross compliance restrictions in 1989.

PCG chooses the Plan B marketing loan option primarily to avoid the need for first handler certificates under the alternative, Plan A. Plan B allows cotton to be redeemed from the loan at a fluctu-

ating rate equal to each week's adjusted world price. Plan A would set the loan redemption rate at a fixed price between 80 percent and 100 percent of loan price and require commodity certificates to first handlers to make up the difference between that level and the adjusted world price.

1989 loan level and target price, but

The PCG committee discussed the agreed that both are controlled by law and therefore not subject to debate. The loan for 1989 has to be at 85 percent of the five-year spot market average after dropping the high and low years, about 51.8 cents, the same as this year. The 1989 target price is prescribed at 73.4 cents, down from the 75.9 cents of 1988.

National Cotton Council offers cotton conference

No matter how unique the problem, cotton producers and ginners can get a solution with a personal touch through a new National Cotton Council service offered at the 1989 Beltwide Cotton Conferences, Jan. 3-7 at Nashville's Opryland Hotel.

"Those who have a special interest in or problem with some aspect of production, ginning, or marketing can be linked face-to-face with an appropriate expert at the conferences," said Dr. Jim Brown, the Council's production technology manager and conference's coordinator. "This gives us an opportunity to take advantage of the expertise available at the conferences and encourage more one-to-one exchange between scientists, Extension, and those who are

growing and ginning cotton."

With the help of the Beltwide's 11 technical conference chairmen, Council staff will locate experts from USDA, the universities, and private industry who are planning to attend the conferences and arrange the personal meetings.

"From seed quality to harvest aids, we're going to make an extra effort to line up an expert to address each problem or interest area," Brown said.

Producers and ginners have until December 5 to turn in a sign-up form stating their problem or interest. Forms and further information about the conferences may be obtained from the Council's technical services, P.O. Box 12285, Memphis, TN 38182 (901) 274-9030.

USDA pricing procedures on raw cotton is changed

The U.S. Department of Agriculture today announced changes in procedures used to determine price quotations published for cotton sold in the eight "spot" markets USDA designates for determining raw cotton price quotations.

J. Patrick Boyle, administrator of USDA's Agricultural Marketing Service, said the changes will improve the efficiency of establishing price quotations for traded cotton. "One change will transfer responsibility for determining the published price quotations for the various cotton qualities to AMS's Cotton Division. Presently, quotations committees, composed of cotton buyers and traders, assist the division in determining price quotations," Boyle said.

Another change consolidates the eight spot markets into seven regional units, with geographic boundaries redefined and markets renamed. Names are to be by geographic area rather than city names. "With today's extensive use of

telecommunications and electronic marketing in the cotton market," Boyle said. "The new markets cover more territory, giving a larger source from which to gather trading prices over a given period in order to arrive at a representative and more accurate price quotation," he said.

USDA also will add "number of bales traded" to each price quotation published, enabling traders to gauge the significance of the quotation more precisely.

The changes were presented and endorsed at an April meeting of the Advisory Committee on Cotton Marketing, and were published as proposals for comment in the June 14 Federal Register. No comments were received.

The changes, effective August 1, were published as a final rule in the August 4 Federal Register. For further information, contact Gary L. Lewicki, USDA, AMS, Cotton Division, P.O. Box 96456, Room 2641-S, Washington, D.C. 20090.

Water Commission appoints 3

The Texas Water Commission today announced appointment of 3 new senior staff members at the agency.

The Commission has appointed Michael E. Field as General Counsel to the Commission effective October 1, 1988; he replaces J.D. Head, who has resigned to enter private practice. "J.D. Head has been a very resourceful and effective General Counsel," said Buck Wynne, Chairman of the Texas Water Commission. "I have absolute confidence in Mike Field's legal experience and ability to meet the challenge of this additional responsibility."

Field has served as Chief Hearings Examiner for the Texas Water Commission since September of 1987 and will continue in that position in addition to his duties as General Counsel. He received a Bachelor of Arts from Stephen F. Austin State University in 1967, as well as a Master of Arts in 1969 and a Master of Education in 1976. Mr. Field obtained in Juris Doctor Degree with honors from the University of Houston in 1983.

"We wish Mr. Head well in his new endeavors," said Commissioner Paul Hopkins. "It is fortunate but not surprising that this agency has a most capable replacement in Michael E. Field."

In addition to the Commission's appointment, Executive Director Allen Beinke has named Daniel J. Eden as director of the Commission's Hazardous and Solid Waste Division effective November 1, 1988. Eden will replace Bryan W. Dixon, who has resigned to form his own engineering consulting firm. Beinke has also named James F. Haley as director of the agency's Legal Division, effective October 1, 1988. Haley will replace William G. Newchurch, who has resigned to enter private law practice.

"Unquestionably, we are losing some very good people," said Allen Beinke. "However, it is a tribute to this agency

that we have quality individuals with the right experience to fill the gaps on this agency's management team."

Glasson speaks to Floyd County Farm Bureau

One hundred forty eight members of the Floyd County Farm Bureau gathered September 10 at the Duncan Elementary Cafeteria in Floydada for their annual meeting and a meal catered by the ABC cookers of Floydada.

The meeting was called to order by President Dan Smith. Smith welcomed all those attending and introduced Phil Dunavant who gave the financial report and read the 1987 convention minutes of the Floyd County Farm Bureau. Dan Smith gave the presidents report and Director Doug Galloway gave the membership report. There are presently 1,004 Farm Bureau members in Floyd County.

The TASCO report was given by Delmas McCormick. He introduced Adolfo Garcia as a new Safemark tire dealer. Other dealers are Lockney Co-op, Jackson Tire and Tipton Oil.

Vernie Glasson, Director of the Public Affairs Department of Texas Farm Bureau was introduced as the speaker for the evening. He stated that Farm Bureau was a major influence on the trade bill passed by the House of Representatives and Senate and signed into law by President Reagan.

Farm Bureau will focus on the 1990 farm bill with regard to environmental regulations as they relate to pesticides, animal rights, and ground water. Special attention will be paid to taxes at the state level having to do with public school financing. Another topic will be workers compensation. According to Glasson there are figures to show that Texas is number one as to the amount of premiums paid and at the bottom of the list in amounts workers actually receive.

Farm Bureau has launched out vigorously into the field of politics. Floyd County belongs to the Texas Farm PAC. This PAC supports the politicians that Farm Bureau votes to endorse. Glasson stated that "If politicians can't support our members then we won't support them."

Albert Scheele presented a resolution concerning Jim Hightower, agriculture commissioner.

Becky McPherson introduced herself and asked that her name be written in for district attorney in the November election.

Ray Macha is a candidate for sheriff and he introduced himself and his wife Judy and asked that he be considered in the upcoming election.

President Dan Smith recognized Doug Galloway and Martin Stoerner as retiring directors. They were presented plaques in appreciation for the work they have done and the time they have

spent. Smith is retiring as president of the board of directors, a position he has held for the last two years. He has served on the board of directors, held the offices of secretary-treasurer, vice-president and served on various committees. He is a member of the state Blue Ribbon Committee and was named 1987 Outstanding Young Farmer.

Phil Dunavant was elected as president of the board of directors, Ronnie Aston, vice-president and Randy Rainwater, secretary-treasurer. Other directors are Dan B. Smith, Jerry Davis, Bud Taylor, Joe P. Jones, John Quebe, and Delmas McCormick.

Clar Schacht is Floyd County agency manager and agents are Max Harrison, Kenneth Holt and Don Castleberry.

Floydada native is life insurance VP

Ron G. Downing, a 1958 graduate of Floydada High School, has returned to attend Homecoming 1988. Downing was a resident of Floydada from 1952 to 1958 when his father Gordon G. Downing (now deceased) served as minister for the City Park Church of Christ.

The first job Downing held besides working for family was as a tractor driver for Ned Bradley who farmed in this area.

Downing later attended ACU and West Texas State University. He entered the life insurance business in 1970 and now serves as senior vice president of National Farm Life Insurance Company in Fort Worth.

Becky, his wife, owns an independent insurance agency in Breckinridge where the family now resides. They have 3 sons ages 22, 23 and 27.

Downing utilized his visit to Floydada as an opportunity to confer with local agent for National Farm Life Cindy Ogden.

Carl Lemons' News and Views from

Cedar Hill

Monday, Sept. 5, 10:15 a.m. It is with a degree of trepidation that I begin this week's column because before the sun sets this evening, while my nimble young fingers are still flying lightly over the keyboard, I will have attained that biblical goal of three score and ten years of age. At approximately 3:00 this afternoon, according to the logic of Oliver Wendell Holmes in his "The Deacon's Masterpiece," I may fall apart, disintegrate into a pile of dust, and there be nothing left of me but ten fingernails lying lightly on the keyboard. Nevertheless, despite this disturbing possibility, I feel I owe it to you, my loyal readers, to rally my energies and launch myself into this week's

WEATHER for Monday, Sept. 5
Additional showers the past week have raised the ten day total to 1-35/100 inches. August total was 60/100 with September already registering 75/100. On summer-tilled ground the moisture has met, looks good. Most of the time the washing of a car will bring on a good shower, but credit for this last rain must go to a joint effort by Junior Taylor and Phil Lemons. Junior swathed a field of extremely heavy haygrazer and Phil stripped the shingles off one side of his house in getting ready to reshingle. In normal times those two operations would have been good for at least six inches of rain, not one and a third. Danger dates for the first freeze: October 15, 20, and 23.

CROP COMMENTS:
Corn sampling time is here. Combines are just waiting for this last rain's moisture to dry from the shucks. Some lodging due to corn borers has occurred so pressure is on to harvest earlier; deliver a higher moisture grain to the elevator.
Cotton should have no further problems with bollworm infestations. Entomologists say our recent near 50 degree nights will prevent any new hatch. Additional sprayings should only be an attempt to mop up the existing population. The turn of the month rains stopped all irrigation on Sept. 1, but by Sunday, September 4, some cotton that had been watered earlier was fully wilted again. Some fields have tall rank cotton that is so heavily loaded and leaning every direction until it is nearly impossible to tell which way the rows run. This is particularly true on the north side of the community and across the canyon to the north and east of South Plains where August rains were heavier and more frequent.

CRP fields got just what they needed. All the moisture their shallow rooted grassed could handle for a few days but not enough to be much help to deeper rooted weeds: the koshias, careless, and the purple nightshades.
Cucumber plants that were seeded in late June and early July, have just begun to vine and the first small cukes are being set.

Hay that was thick and suffering before the rain is already stressed again. Thinner stands have grown 12 inches and are holding up better.

Milo's ripest fields look ready for harvest from the road. On dryland some later commercial seedings still appear to be candidates for grazeout or for baling.

Vegetable gardens are winding down with most varieties having passed their best producing age. However Busby's tomatoes have just now reached full production, and are reported to be of the finest quality. This week Busby expects his supply will exceed the local demand and they will start shipping to various farmer's markets.

PEOPLE:
Reverend Bud Morton tendered his resignation as pastor of the Cedar Hill Assembly of God Church during the Sunday morning service. The Mortons had pastored the Cedar church for two years and four months, having moved here in May, 1986.

Bro. Morton has accepted the call to pastor an 85 member church in Conroe, Texas. The family finished loading their belongings and took their departure Tuesday afternoon. Conroe, with a population of 18,000, is located north of Houston on State Highway 45 and is surrounded by three towns with the exotic name of Security, Oklahoma, and Cut and Shoot. Their new address is R4, B1170, Conroe, 77302.

Edna Gilly joined Juanita Teeple, Ruth Clark, Clara Redd, and Dwight and Helen Teeple and their boys for Sunday dinner in Plainview. Ruth Clark is suffering from a recently broken arm and Clara Redd is convalescing from major surgery a week ago.

Cephus and Imogene Fortenberry

went to Lubbock's St. Mary's Hospital Wednesday, August 31, and again the following Sunday, to visit his sister Evelyn Winn. Since fluid has been drained from her lungs Evelyn is some better, but not out of the woods by any means. She had been transferred to St. Marys from the Plainview hospital early last week.

Since vacationing in Colorado in mid August, Lindsey and Billie Ruth Lackey have been busy remodeling and fixing up the old Henry Love house in Floydada. Their former tenant has graduated to a nursing home so the house is empty and it is time to repair.

Their daughter Kim and Kelly Mixon of Amarillo visited in their home over the long weekend.

Patsy and Lafayette Boone visited in the Gladys Fortenberry home Friday and Saturday of last week. They returned again Sunday to perform additional ground keeping chores on Labor Day.

College enrollees from Cedar Hill are: Kathy Langley, Texas Tech; Penny Taylor, Wayland Baptist University, and Phil Lemons, West Texas State Teacher's University.

Monday night some 30 members and friends of the Assembly of God Church

brought in their freezers of ice cream, cakes galore, barbecue, ham and all the fixings to fellowship with the Mortons before they left for their new work in Conroe. A low profile love offering to help the Mortons through their transition period was well subscribed to.

The group paused to give Carl Lemons a rousing "Happy Birthday" along with an extra helping of ice cream and cake, but, due to concern for his health in his advanced years, he was almost denied his chocolate syrup topping. Imagine!

We are sorry! We ran out of room. More to come next week!

OBITUARIES

JOHN HAMBRIGHT

John Hambright, 84, of Marble Falls, uncle of Gordon Hambright, Billy Hambright, Bob Hambright, and Mrs. Odell Breed of Floydada, died Sept. 7. He was also a brother-in-law of Mrs. W.M. Hambright of Floydada.

Funeral services were held September 9, at the Clements-Wilcox Chapel in Marble Falls with the Rev. Max Copeland officiating. Interment fol-

lowed in the Lakeland Hills Memorial Park under the direction of the Clements-Wilcox Funeral Home in Marble Falls.

Mr. Hambright was born May 4, 1904 in Cleburne, Texas, to Horace

Hambright and Anna Jones. He was married to Winnie Alexander and on March 1 they celebrated their 60th wedding anniversary. Mr. Hambright and his wife had been residents of

Marble Falls for approximately 10 years and were former residents of Hale County for approximately 30 years. For most of his lifetime, Mr. Hambright worked in the farming business.

Other survivors include his wife, Winnie Hambright of Marble Falls; one daughter, Margaret Robertson; two brothers, Frank Hambright of McLean, Texas, and Homer Hambright of Alvin, Texas; three grandchildren; and five great-grandchildren.

CARD OF THANKS

Mrs. Charlene Brown, President
Members of Floydada Independent
School District Board of Trustees
Floydada, Texas

Dear Mrs. Brown,

The Band Boosters wish to express our gratitude to you for support you have recently given the "Spirit of the Winds" Band. We are most appreciative of the financial support as expressed by providing for the newly constructed band hall. We believe your interest in providing for this fine facility will encourage the growth of the band, and the growth of the students involved in band.

The morale of the band students is high. The Band Boosters wish to commend the Board of Trustees for helping to achieve a long-time dream.

Sincerely,
/s/ Jerry Livingston
Jerry Livingston, President
Band Boosters
9-15c

Lavern, Preston and Dickey Watson wish to thank their friends, family, neighbors and their pastor and wife, the Reverend Dale and Mrs. Mary Harter, for their care and concern these past several weeks while Preston has been in the hospital for emergency surgery, and during the time of his recovery.

They especially wish to thank their neighbors for the food carried in. They wish to thank their many friends for the cards sent, and those who were able to stop by to visit during Preston's recovery.

They wish to express their appreciation to Reverend Dale and Mrs. Mary Harter, their pastor and wife, for their visits in the hospital, prayers and spiritual encouragement.

They are also very grateful to those who have driven Preston to the hospital and doctor's office for appointments and for those who met Dickey at the airport when he flew in for Preston's surgery.

The Watsons are very grateful that they live in Floydada, Texas, a friendly city that is concerned about its citizens.
Lavern, Preston and Dickey Watson

1988 schedule of Homecoming activities finalized

THURSDAY NIGHT

1955 - Chris Brints Edwards' home, 3/4 mile west of Crosbyton on Highway 82 at 7:00 p.m. until whenever.

REGISTRATION

Homecoming for FHS exes will get underway Friday, September 16, with registration at the high school library. All local exes are encouraged to register on Friday afternoon.

Registration will continue on Saturday morning in the high school library, beginning at 9:00 a.m. Coffee will be served throughout the morning in the cafeteria. Doris McLain is chairman of the registration committee and Flora McNeill is responsible for the coffee.

The business meeting, with Larry Barbee, Homecoming Committee President, presiding, will begin at 11 a.m. in the high school auditorium. During the business meeting, a memorial service will be held, with Lovene Moore presiding.

PEP RALLY, QUEEN'S COURT

The pep rally and presentation of the Homecoming Queen's Court will take place at the track field (weather permitting) at 3:15 p.m. Friday.

PANCAKE SUPPER

The Lion's Club will serve a pancake supper prior to the game on Friday beginning at 5:00 until 8:00 p.m. The Winds play the Lockney Longhorns at 8:00 p.m.

TEEN DANCE

There will be a teen dance at the MAC following the game on Friday, with DJ Don VanLandingham providing the music. Alan and Kathi Fndy are chairmen of this event.

FRIDAY NIGHT

After game parties for all graduates particularly those from 1920-1950+ will be at the junior high cafeteria with Aldine Williams hosting.

All 1950's - Redman's (in the canyon), Frank Potts hosting.

1952 - Leatherman's home at 223 W. Ollie following the game.

1958 - 30th reunion. "50's Party" at Redmans in the canyon, following game.

Classes of 1950-1963 invited.

1960-1962 - Leonard's Cafe, Gary Matslers hosting.

1966 and Friends - Al and Sally Galloway's home.

1968-1971 - Old Case building.

1969 - 20th reunion. Aftergame party at B&G Harvesting Co. (Old Case House)

on Silverton Hwy. By 1968, '69, '70 and other classes. Everyone invited.

1972-1977 - Party at Floydada Country Club, after game.

1976-1979 - First National Bank, Community Room.

1981 - Patzer's home, 903 W. Georgia, after game.

SATURDAY LUNCH

Danny's Hens and Fins will cater the meal of fried fish, chicken, and barbeque at 12:30, Saturday noon. Local exes are encouraged to purchase tickets prior to Homecoming. Tickets may be purchased for \$7.00 and are available at The Palace, Thompsons and Gary, Thayer and Bowers, CPA's. Call Linda Matsler for information regarding tickets.

CLASS REUNIONS

Class reunions will be held in classrooms at the high school from 1:30 to 3 p.m. Saturday. Receptions for former members of the band will be held in the band hall from 3-4:00, and for all former FHS athletes, men and women, all sports, at the field house.

SATURDAY EVENTS

1938 - 50 year reunion, Pete and Wanda Hickerson's, 3:15 p.m.

1944 - Salad supper at 5:00 p.m. in the homemaking lab at high school. All ex-

alumni, family and friends are invited.

1948 - 40 year reunion, Aldine and Wanda Williams', 7 p.m.

1949 - R.C. Andrews cafeteria, 3-5 p.m.

1953 - Gordon and Darlynn Hambricht's, 7:30 to 9:00 p.m.

1954 - Lighthouse Electric Community Room, 3-5 p.m.

1954-60 - At the Fultons, 838 W. Mississippi, 5:30-8:00 p.m.

1958 - 30 year reunion, Button and Judy Beedy's, 907 W. Kentucky, 6:30-8:00 p.m.

1966 - Al and Sally Galloway's, 6-9 p.m.

1969 - 20 year reunion, 11:30-4 p.m., Massie Activity Center. Registration and lunch followed by program by '69 classmates. Teachers, coaches, family and other classes are welcome to come by and visit at any time.

1972 and 73 girls - Coffee at Laura Turner's, 833 W. Mississippi, 9-11 a.m.

1980-1983 - Redman's, 7 p.m. to 1 a.m.

EXES DANCE

DO YOU RECOGNIZE ANYONE?—Members of the Floydada High School Class of 1908 will be observing their 80th class reunion in 1988. Notice the 1908 printed on the shoe of the man sitting on the ground on the right side. The photo

is being reproduced compliments of The Floyd County Historical Museum. The Floyd County Museum will have on display class composites of past Floydada High School graduates.

Floydada sets tax rate of 40 cents for 1988

Taxpayers in the City of Floydada will continue to enjoy a 40 cent per \$100 valuation rate for yet another year. Meeting in regular session on September 13, the Floydada City Council unanimously approved the adoption of the 40 cent rate for the 1988 tax year. This represents no increase over the

1987 tax rate which was the same as in the past several years. The rate was adopted on a motion by council member Frank Breed and seconded by council member Amado Morales.

Bill Stephens of SMC, Inc. met with the council to make recommendations concerning the awarding of bids for lia-

bility and property insurance for the city in the coming year. Stephens presented a review of the bids submitted by Floyd County Insurance, Baker Insurance, Texas Municipal League and Texas Political Subdivisions. A comparison of benefits and costs resulted in the awarding of the bid to Texas Municipal

League, the current insurer.

Karen King and Tim Pierce of SPAG appeared before the council with Mark Alldredge to present a proposal for a manufacturing operation he proposes locating in Floydada. The trio asked the

Continued on Page Three

Charge reported incorrectly

It was incorrectly reported in last week's paper that Jose Manuel Lucio was charged with DWI. We are sorry for that error and regret any embarrassment this may have caused the Lucio family.

Post office adjusts window hours

Good news for local residents was announced last week by Floydada Postmaster Tommy Rice who said that window hours at the Floydada Post Office have been adjusted as of Saturday, Sept. 10, 1988.

"We've Got Time For You" is the theme of the program which will establish new hours of 9:00 a.m. to 5:00 p.m., Monday through Friday.

Several months ago the U.S. Postal

Service found it necessary to reduce post office window hours the equivalent of one-half day per week in most facilities as a result of federally mandated budget cuts. Locally, that action resulted in the Floydada Post Office adjusting daily hours.

"Recently, however," Postmaster Rice said, "Postmaster General Anthony M. Frank has made convenient

window service at post offices a top priority for his administration. He has ordered savings in other areas which allow the adjustment of window hours starting September 10, 1988."

Postmaster Tommy Rice expressed gratitude to the community's postal customers for their patience during the past few months when window hours were curtailed.

The circus is coming Sept. 28th

The star-studded 1988 edition of the Allen Bros. Circus is coming to town on Wednesday, Sept. 28, it was announced by St. Mary Magdalen Church. The cir-

cus will be set up at the rodeo grounds in Floydada with performances at 5:00 and 7:00 p.m.

Allen Bros. Circus appears exclusively for leading civic and charitable organizations, making it possible for such groups to raise funds for their community projects.

Advanced reduced-rate tickets may be purchased from any member of the St. Mary Magdalen Church. Save and, at the same time, help this local organization raise money for its projects.

Snake dance planned Friday afternoon

A snake dance is being planned for the Friday afternoon pep rally at the high school. Tree Street will be blocked off by the city allowing the snake dancers to wind their way from the high school to the track field.

The rally starts at 3:20 and anyone interested in participating in the line needs to be at the high school building at 3:00 p.m.

Hollums announces plans of returning to private law practice

District Attorney Randy Hollums informed The Hesperian this week that he will not be a candidate for district attorney again.

Present plans for Hollums include re-opening his private law practice in Floydada shortly after the first of the year.

"I've enjoyed serving the public as D.A. for 13 years, but I feel I've reached the point in my career where I need to return to private practice."

Contenders for the District Attorney's race in November will be write-in candidates, Becky Bybee McPherson of Lockney, and Tom West of Silverton.

A.B. Duncan PTA hosts open house

The A.B. Duncan Elementary Parent, Teacher Association (PTA) will host Open House during their first meeting on Monday, September 19, at 7:00 p.m. in the Duncan Cafeteria. Everyone in the community is welcome. The teachers will be in their classrooms to visit with parents and students will have work on display.

Memberships will be taken at this time. Membership dues are \$2.00 for singles and \$3.00 for couples. Membership is available to any interested individual. You don't have to have a child in Duncan or any school to join the PTA. Anyone who cares about children can belong. They encourage the community to get involved in the local PTA for the benefit of all the children.

Duncan PTA will celebrate its 10th anniversary in November. They have accomplished a great deal in the past ten years and will continue to strive to provide the best opportunities for our children's future. In order to do this successfully they need the support of school administrators, school board members, teachers, parents and community as a whole. When you support your local PTA, you are supporting the children of the community and future leaders of our country.

PTA is a voluntary organization. If you would like to help in any way, contact one of your PTA officers. They are: Debra Jo Fawver, president; Judy Schacht, 1st vice president; Pam Holmes, 2nd vice president; Holly Hendrix, 3rd vice president; Polly Campbell, secretary; Charlene Brown, treasurer.

1st vice president is in charge of the programs that are held during meetings.

2nd vice president is in charge of projects which the PTA will participate in during the school year.

3rd vice president is in charge of the Parent Volunteer Program which is new this year.

"We are excited about our PTA this year and know it is going to be a great year, with your help," members say.

"You don't have to spend a lot of money or time to join. You just have to care! Support your community's children — join PTA."

Lakeview Community Cemetery in need of funds for grounds upkeep

Lakeview Community Cemetery Association board members met recently. These included Howard Gene Bishop, Verlon Wright, Milton Harrison, Rex Harrison, Dale G. Smith, James Lee Nichols and a son of Rachel Taylor Powell.

Some of the board members have been closer to the cemetery and have been seeing to most of the things that come up.

It was reported that the last riding lawnmower has not stood up to its expectations of what they thought it would do. It has undergone some minor repairs, but then there are bigger problems. A lot of repair was required with many volunteer hours of work done on it, along with parts. So the board has decided that they will buy another mower.

By using the money in the checking and savings account, along with several sizeable donations made by individuals, it will allow the mower to be paid for.

But that does not end there, someone, has in the past, been hired to drive it when mowing was needed. The gas and oil, etc., will have to be bought, along with any required parts.

So any donations that interested people care to make or could make would certainly be appreciated. You may deposit these at the Floydada First National Bank, in the Lakeview Cemetery Association account, or mail it to any board member or secretary, Mrs.

FLOYDADA COOPERATIVE BOARD OF DIRECTORS—The 1988-89 Board of Directors for the Floydada Cooperative will be comprised of: (left-right, back row) Ted Anderson, Tommy Lyles, Secretary-Treasurer Delmas McCormick, and Steve Lloyd; (front row, left-right) Eddie Smith, Vice President Randy Bertrand, President Eugene Beedy, and Ray Gene Ferguson, assistant secretary-treasurer-manager. Staff Photo

Seven indictments handed down

Seven indictments were handed down Wednesday, September 7 in the 110th Judicial District court. One of the indictments was sealed.

Indicted were: James D. Brogdon, 36, of making a forged check in Floydada on June 16, 1988; Ricky Camacho, 24, of Floydada for burglary of a motor vehicle on July 3, 1988 in Floydada; Andres Garcia, 28, of Wilson, for burglary of a building on Aug. 7, 1988 in Floyd County;

Also, David Pesina Mendoza, 41, of Floydada, for indecency with a child on August 22, 1988 in Floydada; George Sanchez Jr., 24, of Floydada for burglary of a habitation in Floydada on May 22, 1988; George Sanchez Jr., 24, of Floydada, for burglary of a habitation on July 3, 1988 in Floydada; and Martin Marin Suarez, 31, of Floydada, for driving while intoxicated subsequent offense, in Floydada on July 3, 1988.

Also on September 7 probation for Spencer Allan West, 23, of Plainview was revoked. He was on probation for five counts of forgery which occurred July 17, 1986. Probation was revoked for failure to pay his court costs and restitution. He was sent to the penitentiary for seven years.

In county court Jose Manuel Lucio was incorrectly reported last week of

being charged with DWI. His charge was not DWI. He was charged with DWLS (driving while his license was suspended). He pled guilty on Sept. 7, 1988 and was assessed 72 hours in jail, \$125.00 in fines plus court costs.

On September 7, Rudy Castaneda, 23, of Floyd County was charged with his second offense of DWI. He pled guilty and was sentenced to six months in jail plus court costs.

Also on September 7, Gracie Langoira was charged with possession and delivery to a minor of substance containing volatile chemicals. There was no disposition on this case.

September 8, Ricardo Segura, 35, of Floyd County was charged with DWI. He pled guilty and was fined \$400.00

plus six months in jail and court costs.

Segura was also charged with unlawfully carrying a club. He pled guilty to this charge and was fined \$100.00 plus court costs, and sentenced to three months in jail.

Gerardo Balboa, 23, of Floyd County was charged with DWI on September 12. He pled guilty and was fined \$400.00 plus court costs of \$88.50. He was also sentenced to 150 days in jail which was probated for two years.

Bobby Gene Edwards, 33, of Springtown, was charged with DWI on September 12. He pled guilty and was fined \$450.00 plus court costs of \$88.50 plus three days in jail.

In J.P. court for the two week period of August 30 through September 13, 163 misdemeanor cases were filed.

Minor accidents keep police busy

Police took a report on Sunday, September 11, of a glass broken in a business in the 200 block of West California. A plate glass window, 88"x58" received about a 1/4" hole in it when a rock apparently thrown out from under the tire of a passing vehicle flew into the window.

At 8:05 p.m. police received a call of a domestic disturbance in the 1100 block of South Main. When officers arrived they found a man sitting on top of his wife slapping her. He was arrested and charged with public intoxication.

Sometime Sunday night and early Monday morning a business in the 300 block of South Main was burglarized. The burglars entered the building through the rear window by prying back the grill from the window. Three truck tires were taken valued at approximately \$500.00.

On September 12 at 4:14 a.m. Officer Darrell Gooch stopped a truck tractor, without lights, on Second Street. The driver, Bobby Gene Edwards was determined to be intoxicated. He was arrested and charged with DWI.

Several accidents were reported to police during the week. On September 8 at 5:00 p.m. in the intersection of 500 South Wall and 300 East Tennessee a Honda motorcycle and an Oldsmobile Royale collided.

The Oldsmobile was eastbound on Tennessee and the motorcycle was northbound on Wall. The Oldsmobile failed to yield right-of-way at the intersection and the motorcycle struck the Olds. The driver of the motorcycle received minor injuries.

On September 10 at 3:30 an accident occurred in the 200 block of South Second, near West Mississippi. A Mercury Cougar and a Trans Am were northbound in the left lane on Second. The Trans Am stopped to wait for traffic and to turn into a parking lot and the Cougar struck it from behind.

On September 11 at 1:00 p.m. in the Pay-n-Save parking lot a Chevrolet Luv pickup was backing from an angle parking space in front of the store as a Buick Skylark pulled into a nearby space. The

Stockholders receive optimistic report at Floydada Coop meeting

Ninety five members of the Floydada Cooperative met Tuesday, September 6, for their annual Stockholders Meeting at Massey Activity Center.

The July 31, 1988 financial statement was presented to the members by Don Williams. The report was optimistic and stated that the Co-op was "stable and in good shape."

The accountant's report stated that the board of directors voted to pay a 30% current cash dividend on the fiscal year end July 31, 1988 earnings after deduction of nonqualified notices of allocation, amounting to \$53,806. Additionally they approved the retirement of prior year (77-78-79) equities in the amount of \$292,866.

Several speakers including: David Booth, of Plains Co-op Oil Mill; Jimmy Nail of PCCA; and Bill Cagle of Plainview Compress spoke to the audience and praised the Floydada Co-op sound financial position and the hard work of the board of directors.

Navy Chief Petty Officer Billy Whitaker commended

Navy Chief Petty Officer Billy H. Whitaker, son of Harold G. Whitaker of Floydada, recently received a Letter of Commendation.

Whitaker received the citation for his dedication, loyalty and professional skill while stationed aboard the submarine USS Marshall, homeported in Norfolk, VA.

A 1975 graduate of Floydada High School, Floydada, he joined the Navy in December 1975.

Mr. Cagle stated that the Floydada Cooperative has an extremely good reputation all over the state.

Door prizes were awarded during the meeting and refreshments were served afterwards.

Letter To The Editor

To the Editor,
As MDA pledge center coordinator, it is my pleasure to announce that Floyd County people have raised over \$2500.00 for MDA. Of this \$1436.00 was raised through the pledge center and the rest from firefighters Fill the Boot on Aug. 27 and door-to-door collections on Labor Day. Floyd county people deserve a big congratulations and thank you for a job well done.

Special thanks go to several individuals and businesses. The members of the Floydada Fire Dept. helped tremendously. Members assisted with Fill the Boot, door-to-door collections and answering telephones at the pledge center. Pay-n-Save, Shop Rite and the downtown merchants allowed us outside their businesses to collect for Jerry's Kids. Thanks to KKAP radio for coverage of MDA events as well as reporting collection progress on Labor Day. Donna Webb and Daralyn Snell were terrific with this.

My T-Burger Drive-In with Bob and Linda Phillips in charge donated a percentage of dinner sales to our cause.

The largest fundraiser of the year was the Jail and Bail at Nielson's Restaurant on Labor Day. This raised over \$613.00 for MDA. Jon Nielson's enthusiasm came through for us.

I cannot name everyone individually that went door-to-door collecting on their day off from work or school because they are too numerous, but I can thank them for their record setting collections.

Most of all I want to thank the citizens of Floydada, Lockney, Dougherty, and Lubbock that dug deep into their pockets and made 1988 the most productive year for MDA in Floyd County.

Thanks again,
Mike Reeves
MDA Pledge Center Chairman

B.P. (Ona Ruth) Neff.

Donations will be greatly appreciated and used to keep the cemetery looking neat.

McDowell patient in Dallas hospital

Kerry McDowell, son of Charles and Ina McDowell, has been transferred out of ICU at Methodist Hospital in Dallas to Baylor Rehab in Dallas.

McDowell was knocked from a 16 ft. tower onto concrete Aug. 8, which resulted in a fractured skull. Although he is still in a coma and paralyzed on the left side he is responding somewhat to a few commands on the right side.

He was airlifted from Paris, Texas, to Methodist in Dallas. McDowell, his wife Becky and sons, Chas and Jeremy, live in Paris where he was working at the time of the accident.

His address at Baylor Rehab is 3504 Swiss, Rm. #208A, Dallas, TX 75204.

McDowell and the former Becky Green both attended school in Floydada.

No immediate danger found in asbestos report

Floydada School Board met for their regular board meeting on September 13 at 7:00 p.m. and all board members were in attendance. The minutes were read and approved and the board voted to pay all bills presented.

It was moved by Cyndiann Williams and seconded by Don Hardy to join other taxing entities in taxing boats, airplanes, automobiles, and travel trailers. All board members approved this measure.

The board unanimously approved to employ the following personnel: Betty Hinojosa, custodian at A.B. Duncan

Elementary; Connie Hurt, Title I Magnet Aide at A.B. Duncan Elementary; DeAnn Evans, special education aide at Della Plains; Rebecca Wetsel, secretary at Caprock Co-op; Melinda Quattlebaum, first grade at A.B. Duncan; Irene Morales, aide at A.B. Duncan Elementary; and Ilda Vasquez, aide at A.B. Duncan Elementary.

The board also accepted the resignation of Leah Lackey, Title I Reading aide at A.B. Duncan Elementary.

Administrative aide, Jimmie Collins, then gave a report on the findings of the Hartford Steam Boiler Company on

asbestos in the school.

All the schools were checked out by the company as required by law. The report stated that asbestos was found in the floor tile in all the buildings which is not unusual. The asbestos is not dangerous in this instance when the floors are kept waxed.

Asbestos was also found in the blue board above the windows at Duncan Elementary. This was determined to be no problem because of the seal on the wood.

There were two areas that the company recommended needed the attention of the schools. The report stated that action should be taken on an abandoned boiler system that was found in the high school ag department room above the ceiling. The boiler system had been covered by the ceiling years ago and no longer used. The only way the boiler was found was in the building plan. The boiler is encased in asbestos and though there was no danger because of its location, the company recommended that it be removed.

Another area mentioned by the company was old pipes under Andrews Elementary that lead to the new boilers in the school. The pipes under the school

are over 20 years old and were wrapped in asbestos, some of which was broken open.

"The installation and floor tile is where it is turning up in all the schools our age," said Collins. "There is no immediate danger. The company recommends that we now hire a specialist firm to investigate and make out the specifications on how to remove the asbestos." The company advised that the board seek one firm to make the specifications and then open it up for bids for removal.

Charlene Brown moved that a specialist firm be hired and Don Hardy seconded it.

In an effort to move a large Energas gas meter from in front of the new band hall to the back of the hall, Jimmie Collins requested the board give Superintendent Cannon the right to sign a form for Energas giving them the easement to move the meter to. Hardy made the motion and Cyndiann Williams seconded it. It was unanimously approved.

A request by Bill Smith was presented to the board asking permission to put up 5th Quarter Fellowship posters at the high school. Principal Ronnie Wood had no objections since it involved all

the students. The board voted to allow these posters only with no announcements made pertaining to this event. This is done in an effort to keep announcements to a minimum.

Cyndiann Williams then presented a proposal to the board that she had compiled after contacting seven other schools the approximate same size as Floydada High. The proposals set forth recommendations for a change in the end of school procedures at FHS, concentrating on graduation, semester tests, and the procedure for awarding diplomas.

The board took the proposal under

advisement as the 1988-89 school calendar is already set. Any implementation of changes would have to occur at the time the 1989-90 calendar is prepared.

Superintendent Cannon recommended that gold cards be given to senior citizens to let them into extra-curricular activities, general admission pass. Those 65 years or over could come by the superintendent's office and pick up their gold card. The board members unanimously agreed to this proposal.

The meeting adjourned at 8:20 p.m. Also present were Principal Ronnie Wood and Hesperian reporter, Alice Gilroy.

PANCAKE SUPPER

The Floydada Lions Club will hold their annual pancake supper on Friday night, Sept. 16, immediately preceding the Floydada-Lockney football game in the junior high cafeteria. Tickets are priced at \$3.00 for adults and \$1.50 for children under 12.

DIABETES CLASS

Diabetes class will meet Thursday, Sept. 22, at 7 p.m. in the dining room of Caprock Hospital. Please plan to attend, if you or any of your family have diabetes.

4-H FOOD-FEST

The American Heart Association together with the Floydada 4-H organization will be sponsoring their annual Food-Fest the week of Sept. 12-16. According to Mary True, of the Floyd County Extension office, the public may come by Pay-n-Save Grocery and sample low-cholesterol foods. They also will be giving recipes of modifying foods. There will also be a low fat milk challenge. Go by Pay-n-Save on Wednesday from 4-6:00 or Saturday from 10:00 to 2:00 and take advantage of this valuable information.

GO WINDS!

The 'Winds will be taking on the Lockney Longhorns Friday night at Wester Field. The game will begin at 8:00 p.m. There will be a pep rally at the track field beginning at 3:15 p.m. Everyone is asked to go out and support the 'Winds.

Go Winds Get A Horn!

Varsity Cheerleaders

VOTING

The presidential election is November 8, 1988. The cut-off date for changing precincts or registering to vote is October 10, 1988. The Tax Assessor/Collector's office will not be open for regular business, on November 8th election.

OPEN HOUSE

R.C. Andrews faculty cordially invites the public to attend open house Tuesday, Sept. 20 from 7-8:30 p.m.

HOME COMING

General admission tickets for Friday's game will be on sale at the high school office until 4 p.m. Friday. Prices are \$3 for adults and \$2 for children.

WOMENS CHAMBER

Women's Chamber of Commerce will meet Monday, Sept. 19, at 5:00 p.m. in the chamber office.

MAMMOGRAMS

Caprock Hospital District will be offering mammograms on Sept. 27. Please call 983-2875 for an appointment.

Commissioners vote yes on forming railroad district

Floyd County officially became a member of the Rural Rail Transportation District being formed by neighboring counties in an effort to preserve railway services to producers in this region of the South Plains on Monday, September 12. The action came on a motion by Precinct 1 commissioner Sam Spence, seconded by Floyd Jackson, commissioner of Precinct 2. The unanimous vote approved joining the RRTD provided there is no liability to the county.

The RRTD will now study the options open to the area in the event that the railroad offers the lines involved for sale in lieu of abandonment. The district will be empowered only to issue bonds to raise funds towards the purchase or operation of the railway lines. Other funding sources open to them could be

grant programs or private funding sources. The district has no taxation powers and can not look to the county to provide funds.

Floyd County Commissioners appointed Connie Bearden as representative to the RRTD board of directors.

Prior to action by the commissioners, Buddy Graham, a county user of railway shipping services told the commissioners, "I am just here to let you know that we (shippers) are interested and want to do whatever we can to save the railroads in the county for our producers."

SPEMS REQUESTS FUNDS

For the second month in a row, Melisa Gentry, representing South Plains Emergency Medical Services, appeared before the court to request the allocation of \$3,000 per year as the county's share of funding support services on the South Plains for ambulance and emergency medical services in rural areas. She told commissioners that SPEMS provides radio assistance and training for 32 EMS units operating in 15 counties including Floyd County.

County Judge Bill Hardin informed Gentry that "We are operating on a pretty tight budget and this is not in the budget we will begin on October 1." No

action was taken on the matter at this time.

OTHER ACTION

The court approved the continuing collection of personal property taxes on vehicles, boats, planes and etcetera as has been the policy in past years. The action was taken on a motion by Precinct 4 commissioner Kay Crabtree, seconded by Spence and passed by unanimous vote.

Law Library fees were raised from the current \$10 per case filed in District court to the maximum allowed, \$20 per case. Delinquent tax suits are excluded from the fee. Fees for process serving by Sheriff's office personnel and Justices of the Peace were retained at the current rate with no increase.

Precinct 3 commissioner Thomas Warren was appointed to serve on the 9-1-1 committee now being formed to implement 9-1-1 emergency service in this region. He had previously volunteered to serve on this committee.

The court announced that bids would be solicited for the proposed purchase of two new maintainers for use by precincts 2 and 4. Advertising for bids will be made soon and bids will be opened at the October session of the court.

Farm work contracts were approved for Byron Ford, Sammy Bradley, Wesley Mitchell, Don Shurbet, Louis Lloyd and Kyle Brock. Contract #621 previously approved for Harold Ford was voided.

County treasurer Glenna Orman presented her monthly financial report stating that the county began the month with a fund balance of \$160,273.24 and had receipts of \$614,876.16 with disbursements of \$666,152.69, leaving a fund balance on September 1 of \$108,996.71. She also reported certificates of deposit totaling \$513,000.00 on which interest has been earned in the amount of \$45,597.55.

Attending the Monday morning session of the court were Judge Hardin, commissioners Spence, Jackson, Warren and Crabtree, Glenna Orman, Connie Bearden, George Taylor, Margaret Herrera, Buddy Graham, Mike Reeves, Melisa Gentry and the Hesperian reporter.

City Council sets 40 cent tax rate for 1988

Continued from Page One

city to consider participating in a business development program being funded through state sources in an attempt to secure financial backing for the operation.

The council asked Alldredge to forward his plan and proposal to the Texas Department of Commerce for review and recommendations before a decision can be made. Following receipt of that report, the city will determine if they wish to make a commitment to assist in developing this business by sponsoring a grant application for the business.

No action was taken concerning Texas Community Development Program funds for 1988. A public hearing is scheduled for September 15 to allow citizen input before an application is made.

Action on an ordinance pertaining to annexation of property into the city was tabled until city attorney Steve Hale can prepare the documents. Also tabled at the Tuesday session was discussion of the need for rules to govern the use of the pavilion at the R.V. Park near the swimming pool.

City manager Gary Brown was asked to obtain more information before the council will authorize a study of current electric rates and structures. The council requested a quote on the cost of the study to determine if the 15 current categories are "unnecessary and uneconomical".

No action was taken on information Brown presented concerning the granting of franchise agreements with utilities and cable companies. Brown reported that questions are being raised in other cities as to "just what the base rate really consists of" and how to obtain a true audit of the actual sales of the companies inside city territory.

Attending the session were Mayor Parnell Powell, city secretary Jimmie Lou Stewart, city manager Gary Brown, council members Leroy Burns, Nancy Willson, Ginger Warren, Frank Breed, and Amado Morales, city attorney Steve Hale, Bob Alldredge, Mark Alldredge, Karen King, Tim Pierce, Bill Stephens and the Hesperian reporter. Council member Wayne Russell was not present following eye surgery.

Joy Finley named to state board

During the 74th Annual State Convention of the Texas Music Teachers in Dallas, Midlander, Joy Finley, formerly of Floydada, was elected to the State Board of Directors by a vote of the 2,000 music teachers across the state. Mrs. Finley's name was placed in nomination by the Midland, Amarillo and Lubbock Music Teachers Associations.

Mrs. Finley is a private piano teacher, teaching piano and theory for the past 31 years in Big Spring and Midland. She has served on the TMTA Theory Committee from 1971-1985 at which time she was elected coordinator of the State's Theory Program. In this capacity she supervised the administering of some 11,000 to 13,000 theory tests annually. She has also served as chairman of the State's Scholarship Committee and president, vice-president, reporter, secretary and treasurer of the Midland Music Teacher's Association. In addition to her place on the board

of directors of TMTA, she serves as coordinator of Convention Student Activities, chairman of the State's Theory Revision Committee and a member of the Texas Certification Committee.

Mrs. Finley has judged numerous contests and festivals some of which include San Angelo, Abilene, Odessa, Dallas and Hobbs, New Mexico. Her students are consistent winners in the local and out of town contests. They have participated in the state ensemble teams for the past 19 years and have been awarded numerous gold, silver and bronze medals in the state theory tests. She is a nationally certified teacher of piano and theory and has been approved by the American College of Musicians of the National Guild of Piano Students.

Joy is the daughter of Mamie Bunch and the late Willie Bunch. She was a student of the late Pearl Fagan of Floydada.

JOY (BUNCH) FINLEY

Floydada Nursing Home Happenings

By Jo Bryant

Last Monday was Labor Day, so I had the day off. I attended the Truscott Homecoming. They have it every two years. There were a lot of people there and it gave me the chance to see the Bryant family.

Tuesday, Bro. Neeley and Zelma came and shared the devotional and sang some songs, and brought the residents some bananas too. At 2 p.m. the residents painted an orange.

Wednesday, Bro. Sammy Rodriguez came and shared Hebrews 6:13-16, on the promises of God. We had a staff meeting from 2 until 3. So we played Bingo at 3. Mary Alice Walters came and helped us. Robert Callaway had the first Bingo. The residents playing were: Brooks Callaway, Esther Freeman, Sue Thompson, Della Halencak, Otis Johnson, Iva Wells, Maude Galloway, Charles Breeding, Robbie Hatley, Oda Birchfield, Brooks Callaway, Thelma Hoffman, Lennie Willis, LaVader Kinard.

Thursday morning coffee and juice as usual, Helen couldn't make it so we shared James 2:1-6. At 2 p.m. the residents had their monthly meeting. We discussed the cookout for Sept. 22 and they liked the idea. The residents present were: Robert Callaway, Iva Wells, Charles Breeding, Della Halencak, Otis Johnson, Addie Lindley, Willie Russell, LaVader Kinard, Brooks Callaway, Ray Cook.

Friday, the ladies from the First Baptist Church gave the devotional. Letha Mulder opened with a prayer. Mrs. Lillian Ross read Ps. 112, and read some

46 attend tri-community reunion

By Muri Mayfield, Reporter

Forty-six persons were in attendance for the Center, Fairview, and Campbell reunion September 3 and 4 at the Massie Activity Center in Floydada. The group enjoyed a meal prepared by all and conducted a business meeting at the gathering.

Officers elected were: president, Vic Green; secretary-treasurer and reporter, Patsy (Robertson) Dunn; and vice president, Don Green.

Modena Cumbie and Letha Lightfoot presided in the absence of Kenneth Robertson and RueNita Robertson who had moved away.

There were eight of the J.E. Green

family present. This was the most present from one family.

The oldest couple in attendance was Gordon and Muri Mayfield. Traveling the furthest was Don Hollums, son of Walter Hollums. He came from Bloomfield Hills, Michigan. Alta Robertson was second in line from New Caney, Texas.

The group chose the Labor Day weekend 1990 for their next reunion day.

The memorial list of our beloved friends and neighbors gone on was ready by Letha Lightfoot and a poem was given by Letha in remembrance of them.

The noon meal was called to order by Modena Cumbie with the original bell from Fairview school that now belongs to Lee Burton.

Walton Wilson gave the thanks for the food and the day.

There was an awful lot of hugging and kissing going on by former neighbors and relatives and just good friends. A lot of small talk was heard through the day.

Alma Montgomery Dunn was unable to be with us because of the surgery on her thumb. Such a good time was had by all of us.

Guests were registered by Lola Pohl of Matador.

Registering were: Bob Bradford, Mr. and Mrs. Travis Lightfoot, Mr. and Mrs. Gordon Mayfield, Opal Kratzer, Mr. and Mrs. Burl Huckabee, Walter Hollums, Lloyd Cumbie, Mr. and Mrs. Anthony Latta, Lee Burton, Mr. and Mrs. Walton Wilson, all of Floydada; Mr. and Mrs. Eugene Mayfield of Henrietta, Texas; Patsy (Robertson) Dunn, Elizabeth Newton, Mr. and Mrs. J.B. Jordan, Mr. and Mrs. Wilborn Miller, Polly Mayfield, all of Lubbock; Mrs. Bernice (Mankin) McAda, Tucumcari, New Mexico; Mrs. Alta Robertson, New Caney; Faye Reynolds, Amarillo; Margaret Green Ryman, Hubbard; Don Hollums, Bloomfield Hills, Michigan; R.W. McClure, Kress; Mr. and Mrs. Drue Cumbie, Ralls; L.W. Norvell, Hereford; Mr. and Mrs. Don Green, Big Spring; Mr. and Mrs. Clyde Green, Peralta, NM; Mr. and Mrs. Weldon Cumbie, Mr. and Mrs. Floyd Montgomery, Mr. and Mrs. Leonard Finley, Mr. and Mrs. Victor Green, all of Plainview; and Lola Pohl, Matador.

Mrs. Doris (Spence) Huckabee had attended all three schools in her years gone by. If you ever lived at either of the communities and weren't there you were missed. Please be there in 1990. Bring with you old pictures. There were a lot brought.

Happenings at Caprock Hospital

By Molly Stringer

It has been fairly quiet around the hospital the past few days. The staff have taken advantage of this to do some cleaning and restocking. The medical staff met on Monday for the regular monthly meeting. Those attending this meeting were: Drs. Jordan, Lopez and Gertz, Leroy Schaffner, Joy Breed, Molly Stringer, Jean Jarrett, Rhonda Stovall, Susan Green and Joe Carver.

The Infection Control Committee, Emergency Transfer Committee, and Quality Assurance Review Committee met in conjunction with the medical staff meeting.

The Quality Assurance Review Committee met to review all of the repeat emergency room visits for the past three months.

The Quality Assurance program has been expanded in all of our hospitals the past two years to meet Medicare standards. The Quality Assurance program in hospitals is set up for the protection of the patient. In this program every department in the hospital checks themselves in areas where they may have problems. All of these departments are monitored and surveyed by the general QA Coordinator who is the Director of Nursing.

What is Quality Assurance?

Quality Assurance is our assurance to the community that we intend to provide quality care at Caprock Hospital. QA is a continuing study going on at the hospital. When a death occurs, the QA coordinator reviews what took place, what care was given, if appropriate care was given and coordinates this into a report. If a patient is transferred the QA coordinator reviews that transfer to insure that all criteria is met. Was the patient stable before transfer? Was a receiving physician obtained at the receiving hospital? Was the patient assessed by a physician before transfer? It is our responsibility and desire that optimum care be given to each patient who is transferred.

If there are complaints about the food served, if it is too cold, too dry, or what

ever the complaint, a survey will be done to prove or disprove this complaint. If the department is found to need correction, steps are taken to alleviate the problem. All surgery patients are monitored. A list of criteria has been set up by the QA coordinator and the supervisor of surgery. This list is checked on every patient.

All blood transfusions are monitored to ensure that the patient is checked on at frequent intervals, vital signs are documented at intervals.

These are just a few of the areas monitored by the Quality Assurance program at our hospital. This is another way to say to you that your care as our patient is very important to us, and we are continually monitoring and checking ourselves to make sure that you have the best of care.

We had five candy strippers who came faithfully this summer. They were very helpful to us and we hope they gained valuable experience working with us. Salinda Hart, Stephanie Carr, Beckie Poole, Regina Ware, and Elizabeth Widener were those who volunteered their time to help out.

They worked in nursing, x-ray, medical records, pharmacy, central supply, and the front office. They learned to file, stock, price, do clerical work, serve trays, answer call lights and graft on the charts. We so appreciate young people today who are willing to give an hour or two a week to help someone else and perhaps find that they are interested in a career in the health field.

We will be starting our fall candy stripper program for both boys and girls through our schools in the near future. Anyone interested may sign up at school or call 983-2875 and ask for Molly Stringer.

We will be doing mammograms Sept. 27th. Please call the hospital for an appointment. Diabetes class will meet Sept. 22 in the dining room. The August meeting was cancelled due to illness of the instructor.

The ECA class at the hospital began this past Tuesday night.

We are grateful for the privilege of offering health care to such a generous wonderful community.

HEALTH TIP

The Quick Fix

Make these tension relievers part of your daily routine.

Close your eyes and take several slow, deep breaths.

Reach back and "knead" your neck and shoulders, gently squeeze and relax.

Drop your chin to your chest, and gently roll your head in circles - two or three times in each direction. Too much head rolling could cause dizziness or nausea.

'Don't be chicken' blood drive set

The United Blood Services will be conducting a community-wide blood drive in Plainview on Saturday, Sept. 17, from 10:00 a.m. to 6:00 p.m.

"The blood drive will have a central theme of 'Don't Be Chicken, Give Blood,'" said spokeswoman Cheryl Keefer. "Merchants from all over have

donated chicken items such as eggs, fryers, chicken dinners, etc. Each donor will select a plastic egg which will have his winning premium in it. The room will also be decorated in a chicken motif."

The drive will be held in the Chamber of Commerce building 710 W. 5th.

Senior Citizens News

By Thelma Jones

There were several who went to the singles meeting in Lockney. They will be here the 24th of September.

We still have a lot of senior citizens who are ill in the hospitals and at home: Fay Hart, Buck Hickerson, Carrick Snodgrass, Keller Holmes. Grady Freeman is at his daughter's; Ester Freeman is still in the rest home, Robbie Hatley has got to go home and I am sure many more that I don't know.

Maggie Lovell fell in her home but didn't break any bones, just bruises. She is one of our faithful citizens.

Helene and Burl Holt returned home last week after a two month visit with their children in New York.

Ruth Trapp returned home Sunday night from a two week vacation in Arizona. She reported a wonderful trip.

Mrs. Nellie May Scott and husband of Abernathy, Mr. and Mrs. C.P. Calley, Turkey, and Terry Watson visited Myria Dade Sunday afternoon.

Mrs. Henry Bloodworth has moved this week to Crosbyton.

Guests in the home of Mrs. Mattie Wester were her daughter, Mrs. Jo Payne, Vigo Park; Joey Payne, Plainview; the Edgar Boyds, her son from Shallowater, Joe Ellis, Shannon Chris-

tian, Michael Shawn Fortenberry and Ricky Poole of Floydada.

Valerie Turner is visiting in Amarillo today with relatives.

Mrs. C.H. Wise and Ethel Warren are visiting this week in Amarillo. Mrs. Wise is visiting her daughter and Mrs. Warren her son.

Mrs. W.M. (Bill) Hambright, Mr. and Mrs. Gordon Hambright, Mr. and Mrs. Bob Hambright, Mr. and Mrs. Bud Breed attended the funeral in Marble Falls Friday for John Hambright, brother-in-law of Mrs. W.M. Hambright. He was a former resident of the Lakeview community.

Myria Dade and Earl Edwards are home and doing very well. Mr. Edwards' daughter was here several days while he was in the hospital.

Joe Dunn and Judy Roberts, Ester Freeman and many others still in hospitals and rest homes, Mrs. Lindsey.

Ladies golf club championship tourney held

Saturday, Sept. 10, the ladies club championship tournament was held and all enjoyed a salad luncheon afterwards.

Winners were:

Championship Flight: 1st Pat Battey, 2nd Jill Willson, 3rd Susan Simpson, 4th Donna Pernell.

First Flight, 1st Barbara Edwards, Final playday winners for the year were: August 8th, Barbara Covington and August 15, Gail Hale.

"Let's all continue to play golf as long as weather permits and be looking forward to another year," members agree. 2nd Daphna Simpson, 3rd Glenna Ross, 4th Tommie Perry.

Second Flight, 1st Ann Glasscock, 2nd Gail Hale, 3rd Joyce Anderson, 4th Mary Martinez.

Closest to pin on #2 Barbara Edwards; longest drive on #3 Jill Willson and "Oh" Shot on #9 Mary Martinez.

Alpha Mu Delta sorority has Beginning Day

Beginning day for Texas Alpha Mu Delta #9314 was held in Plainview in August. Members viewed a movie then ate a meal at the Golden Corral. The group exchanged stories of the summer before journeying home several hours later.

The first meeting for Texas Alpha Mu Delta was held Tuesday, Sept. 6 at 7 p.m. at the First National Bank in Floydada. All members were present.

They held a brief discussion during the meeting concerning proposed ways

Senior Citizens Menu

September 19-23

Monday — Baked ham w/raisin sauce, sweet potatoes, turnips and greens, cornmeal muffin/margarine, applesauce, milk

Tuesday — Cheese and apple bake, buttered broccoli, sliced fresh tomatoe, whole wheat roll/margarine, prune spice cake/lemon cream frosting, milk

Wednesday — Meat potatoburger, orange squash, buttered green beans, toasted garlic bread, canned pineapple, milk

Thursday — Roast turkey/gravy, bread dressing, stewed tomatoes, glazed carrots, hot roll/margarine, canned pears, milk

Friday — Hamburger steak with barbecue sauce, mashed potatoes, buttered vegetable medley, hot roll/margarine, apricot cobbler, milk

and means projects for the coming year. It was voted to do something at Christmas for the children in custody of the Floyd County Child Welfare. It was also voted to check into a weather alert system for the day care center.

The annual taco supper was held Friday night before the Idalou vs. Floydada football game. It was deemed successful with the generous help from Julianne Cornelius, Spring Lipham, Kathie Ross, Holly Henderson, Kalli Hicks, Jennifer Crow, Debra Graham and the two super dishwashers, Kary Helms and Mark Beedy.

The sorority also showed a profit on their concession stand at the rodeo. Thanks are extended to all of the good people who came and ate.

After revealing secret sisters and opening gifts they drew new names for this year.

Hostesses for the evening were Dara Ware and Sidney Jackson. They served hot chicken salad, tossed green salad, chocolate cake, ice cream and iced tea. There being no further business the meeting was adjourned and all joined hands for the mizpah.

Next meeting will be Sept. 20 at Lighthouse Electric with the ritual of jewels ceremony. Dara Ware will have the auction.

Those attending were: Brenda Heflin, Jeanine Helms, Dara Ware, Melanie Beedy, Dora Ross, Sidney Jackson, Tammy Wilson, and Tami Wofford.

In the presence of family and friends, Sheryl Renae Smith and Scott Allan Stephens, both of Lubbock, were united in marriage on Saturday afternoon, Sept. 3, in the First United Methodist Church in Littlefield.

The bride is the daughter of Mr. and Mrs. Bill Smith of Littlefield and the granddaughter of Mrs. Ona Ruth Neff and Mr. and Mrs. Roy Smith of Floydada.

The bridegroom is the son of Mr. and Mrs. Miles Stephens of Littlefield.

Officiating the double-ring ceremony was Wesley Daniel, minister of the First United Methodist Church of Plainview.

Wedding vows were exchanged before an altar decorated with an archway candelabra in the center and with spiral candelabras on each side. The aisles were decorated with pew markers of pink and turquoise bows.

Registering the guests was DeAnna Boyd of Littlefield. The table was covered in a white linen cloth with a turquoise lace overlay. A white lace fan with a pink flower and candle arrangement adorned the registry table.

Candlelighters were Becky Smith and Shannon Stephens, sister of the bride and bridegroom, both of Littlefield. They wore pink tea-length dresses of taffeta with a lace overlay, cabbage roses on the shoulders and a straight skirt trimmed with ruffles which were pulled up on one side and accented with a bow. They wore pink silk roses in their hair.

Organ music was provided by Ann Owens of Littlefield. Musical selections included "Somewhere in the World Today" and "The Wedding Song" ("There Is Love") sung by Terry Westbrook of Lubbock and "Always", a duet sung by Tracie Hunger of Houston and Terry Westbrook.

Given in marriage by her parents and escorted to the altar by her father, the bride wore a formal gown of white crystalline and satin. The sweetheart neckline was encrusted with embroidered leaves, seed pearls, and sequins. It had short ruffled-tiered sleeves, pencil edged, schiffli embroidery, and lace.

The elongated asymmetrical bodice had a pegged tier wire ruffle skirt and had a pleated satin sash at the waistline. It also featured a detachable satin cathedral train with beading, cutouts, and ruffle trim.

For her headpiece, she chose a v-shaped pearl band with a dropped teardrop crystal in front and honeycomb petals and flowers on the sides holding a filament edge pouf and rolled edge finger-tip veil.

She carried a cascading bouquet of white roses accented with pink amaryllis, pink lillies and turquoise buds. The bouquet was trimmed with pink satin and white lace streamers.

In keeping with tradition, the bride's wedding gown and veil was "something new". For "something old" the bride carried a Bible presented to her at her christening by her great aunt and uncle.

In the front cover was her grandmother's first wedding rings and handkerchief and her great-grandmother's handkerchief. "Something borrowed" was her cousin's diamond necklace, "something blue" was her garter, and she wore pennies of her and the grooms birth years' in her shoes.

Serving the bride as maid of honor was Teresa Haynes of Lubbock. Bridesmaids were Teresa Hill of Grand Prairie, Dianne Hobratch of Georgetown, and Deanna Faver of Littlefield. They wore tea-length gowns of turquoise taffeta with a lace overlay, elongated bodice and short ruffled sleeves. The straight skirt had bottom ruffles which were pulled up on one side and accented with a bow.

They wore headpieces of turquoise and pink braided cord with pink silk flowers and pearls. They carried white lace fans decorated with pink amaryllis, pearls, and white lace streamers accented with pink bows.

The bridegroom was attired in a white tuxedo with a white cummerbund and turquoise boutonniere.

Scott Lewis of Lubbock was best man. Wade Giddens and Kelly Stephens, both of Lubbock, and Brent York of Canyon were groomsmen and

ushers. The groomsmen wore black tuxedos with turquoise cummerbunds and boutonnières.

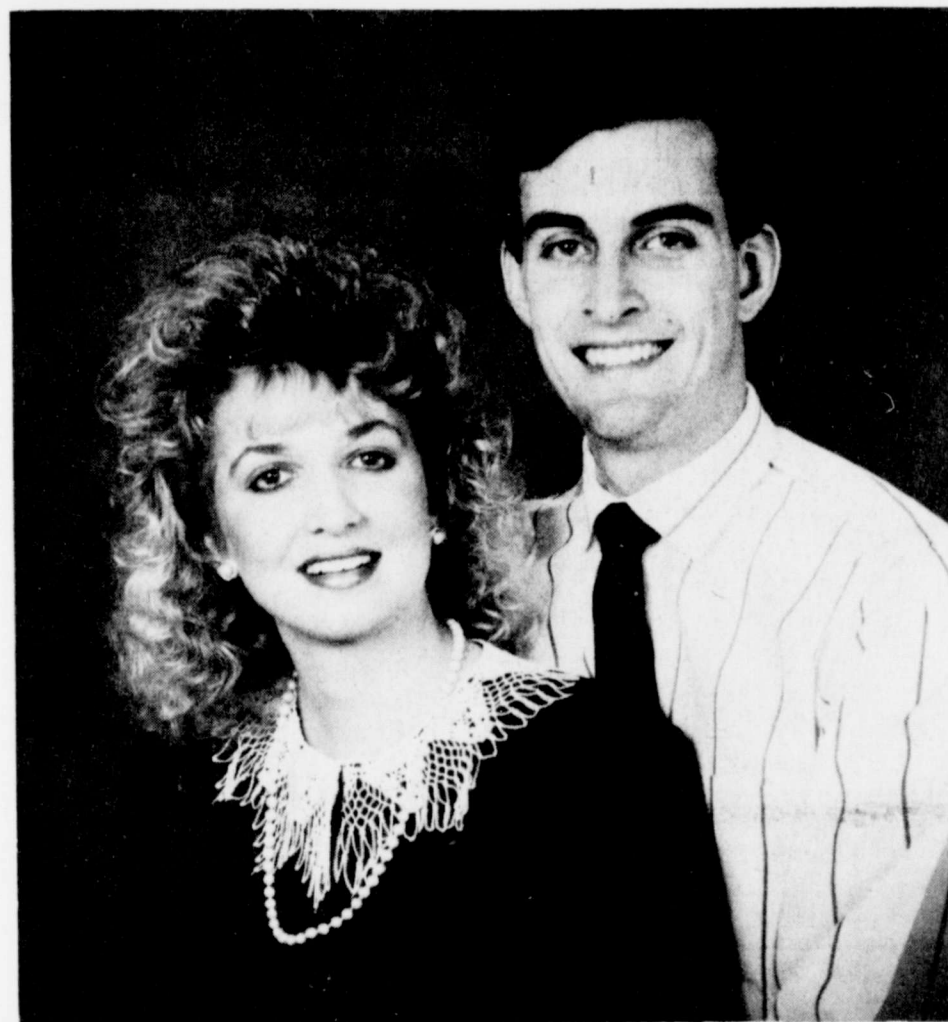

For her daughter's wedding, Mrs. Smith wore a silk bone-colored pleated skirt and a matching blouse that had lace accents on the collar. Mrs. Stephens wore a pink silk dress with a peplum and bow sash. They both wore corsages of pink and turquoise silk flowers.

A reception was held in the fellowship hall immediately following the ceremony. The bride's table was covered with a silk cloth and had an ivory satin overlay. The three-tiered wedding cake featured a Precious Moments bride and groom music box on top. A Precious Moments bride and groom figurine as well as the bride's bouquet, the lace fans, and crystal appointments adorned the table. Serving at the bride's table were Jana Finley and Tammi Galloway, both of Lubbock.

The bridegroom's table was covered with a floor-length white cloth and a white sheer overlay. A double-heart chocolate cake, decorated with the bride and bridegroom's names, was served. The table held a little boy and girl fishing from a goldfish bowl with fish. Serving at the bridegroom's table were Tracie Hunger of Houston and Latricia Westbrook of Lubbock.

Members of the houseparty included Mmes. Joe Haynes, Clinton Byers, Dean Faver, Jim McGee, Eldon West, all of Littlefield, and Brian Hambright of Lubbock.

The couple will make their home in Lubbock after a wedding trip to Red River, N.M. The bride and groom are both graduates of Littlefield High School and South Plains College. The bride is employed by Chrysler Credit Corporation and the groom is employed by State Heating and Air Conditioning.

TO WED IN DECEMBER—Mr. and Mrs. Wilson M. Fowler are proud to announce the engagement of their granddaughter, Susan Kimble, to Stacy Bridges, son of Mr. and Mrs. Bill Daniels and Mr. Rex Bridges both of Lubbock. Miss Kimble attends Texas Tech University and will graduate in December. Mr. Bridges also attends Texas Tech University and plans to graduate in May. The couple will be married December 17 at St. Luke's United Methodist Church in Lubbock. Miss Kimble is the daughter of Mrs. Kenneth Crozier and Mr. John W. Kimble II. She is also the granddaughter of Mrs. John W. Kimble (of Floydada).

Sanders family gathers and honors Leibfried

Relatives and friends of the late Will and Cubie Sanders gathered at the Senior Citizens building in Floydada on Sunday, September 4, for a day of fun and fellowship.

Lunch, prepared by the cooks in the Sanders family, was served at noon to the following: Jake Brown, Mayhill, New Mexico; Rubie Carmichael, Portales, New Mexico; Jewel McNeese, Irene Holt, Hope Saul, Kasey Saul, Reynolds and Johnnie Sanders, all of Hereford; Ophelia Sanders, Curtis and Iva Sanders, their daughter, Crystal Sanders, Richard and Nina Sanders, Lorin and Bennie Leibfried, David Main, Brian and Lisa Sanders, Jess and Bessie Glover, all of Floydada; Paul and Shawnda Brown, Dallas; Mike, Linda and Mindy Jackson, Tyler; La Juana Jackson, Perryton; Gus and Ceile Beevers, Suzy Jackson, Gary Sanders, Sherie Williams and little daughter, Leah, and Terry Sanders, Lubbock; Martha Lee Sargent, Austin; Verita Silvertooth, Amarillo, and Wayne Bloodworth, Gainesville.

The afternoon was filled with reminiscing, visiting, taking snapshots and viewing TV-VCR tapes of other family gatherings of years past. Martha Lee entertained the group with a piano solo and Mindy Jackson did several numbers on her violin.

The group honored Bennie Leibfried with a money tree, expressing their appreciation and love for her, and her devotion, to family and kin. Shawnda Brown presented the gift with a special poem she had written for the occasion.

It read as follows:

A Gift From God
God created a gift which He gave to us all
A gift He molded so carefully.
As He knew it would influence those great and small.

Within this gift He mixed all the important ingredients of life with great heed.
Making sure to add lots of love, kindness and understanding for anyone in need.

This gift is very special and is believed

to be the best
As this gift has touched many lives, and is treasured by those it has blessed.

You see, this gift is not a material item made of silver or shiny gold.
This gift is a woman, with a warm heart and a beautiful soul.

Bennie, you're the gift, that God gave to us to keep.
And we want you to know that we love you
and you have made our lives complete.

-Shawnda S. Brown-

We Salute

HAPPY BIRTHDAY

Thursday, Sept. 15: Anita McCormick, Amy McCormick, Josie Rendon

Friday, Sept. 16: Elizabeth Juarez, Hal Farnsworth, Santos Sanchez, Jan Campbell, Coy LaBaume, Maria C. Cisneros

Saturday, Sept. 17: Doris Gilmore, Kim Perry, Derrick Martinez, LaVada Garrett, Barbara Nutt

Sunday, Sept. 18: Mark LeCroy, Otis Ellis, Isabell Gonzales, Emmett Howard, Tiffany Gentry, Myria Dade

Monday, Sept. 19: Victoria C. Gonzales, Cecelia Peralaz

Tuesday, Sept. 20: Betty Fuller, Dea Watson, Chad Harmon, Shane Orman

HAPPY ANNIVERSARY

Thursday, Sept. 15: Jakey and Leora Younger, Mr. and Mrs. C.B. McDonald, Carrie and Joe Davis, Stephen and Becky Becker

Sunday, Sept. 18: Rod and Gloria Enriquez

Tuesday, Sept. 20: Mr. and Mrs. Stanley Pierce, Mr. and Mrs. Jose Bueno

Wednesday, Sept. 21: Mr. and Mrs. Garry Peet, Mr. and Mrs. Sam Mercado, Junior and Mary Martinez

Alpha Sigma Upsilon holds first meeting

By Karen Elliott

Alpha Sigma Upsilon, chapter of Beta Sigma Phi, met in the home of Jodie McGuire September 6 at 7:00 p.m. President Mitzi Nixon called the meeting to order, with all members standing for opening rituals.

Communication from International

Look Who's New!

TORRES

Joe Angel and Diana Torres are proud to announce the birth of their daughter, Gracie Lee, born at 10 a.m. September 5 at Lubbock General Hospital. She weighed 7 lbs. 12 ozs.

Gracie Lee has an older brother, Orlando Torres, 6 years old, and one sister, Melissa Ann Torres, 3 years old.

Grandparents are Fabian and Angelita Torres of Floydada and Marcelino and Margarita Perez of Hart.

was read, and the new theme for 1988-89 is "Pave it With Stars."

Under new business, discussion was held on the Exemplar Chapter that is being started.

Our raffle tonight was brought by Hope Warren, it was a simming pot won by Jodie McGuire.

There was no further business, the meeting was adjourned with all members standing for closing rituals and mizpah.

Hostesses for tonight's meeting were Mitzi Nixon and Hope Warren, who served cookies, pie and tea.

Our next meeting will be at Sheila Carter's September 20 and Sheila will have the program.

Members in attendance were Mitzi Nixon, Judy Schacht, Jodie McGuire, Karen Elliott, Brenda Ward, Suzanne Wyrick, Hope Warren and Sheila Carter.

Floydada defense blanks Roosevelt Eagles 14-0!

By Bill Gray

On September 9, the Whirlwinds traveled to Acuff and came away with a hard-earned victory over Lubbock Roosevelt by the score of 14-0. From the opening kickoff for the 'Winds, in which Kenneth Collins boomed the ball into the endzone for a touchback, it was apparent that the Floydada kicking game would show vast improvement over last week's outing. There were other areas which also showed improvement. This is the aim of Coach Earl Overton and his staff — to improve in the various aspects of the game on a week-to-week basis. The entire defense again arose for the occasion, and now have allowed the first two opponents only seven total points, 270 total yards, and 91 passing yards.

Roosevelt failed to gain any ground on its first possession, and was forced to punt. After two running plays the 'Winds had minus five yards, due to a good Eagle defensive effort. On third and fifteen from their own 42, the 'Winds went to the air — only to have the pass picked off by Roosevelt's Jesse Martinez. The Whirlwind "D" came on strong, with excellent defensive plays turned in by Leonard King, Jay Mendoza, Danny Caballero and Jacob Galvan. A second punt by the Eagles drove the 'Winds back to their own 31. Neither offense seemed to be able to get anything generated. After an exchange of punts, Floydada once again went on the attack.

From their own 13, Floydada put together a solid offensive drive. Early in the second quarter, QB Chad Quisenberry fired to a wide-open Kenneth Collins coming out of the backfield for a 30-yard gainer. Mixing plays with the running of Frank Suarez and Joe Cisneros, the 'Winds moved to the Eagle 19. Out of the wishbone, Kenneth

Collins took the pitch from Quisenberry and scampered for a first down and goal at the Roosevelt 6. A four yard plunge by Frank Suarez put the 'Winds in good shape, but on the next play a loose ball was pounced upon by an Eagle defender — and the 'Wind drive for a score went for naught. At the time it appeared that the nagging nemesis of failure to punch the ball over from scoring territory was again haunting the Whirlwinds.

Roosevelt mounted its best drive of the evening in the next series as the Eagles picked up five first downs and 69 yards, moving from the shadows of their own goal posts to the Floydada 32. An attempt for a Roosevelt first down was thwarted at the Floydada 30 by the aggressive tackling of Jay Mendoza, Joe Cisneros, and a host of Floydada defenders. (This was the deepest penetration of Floydada territory by the Eagles all evening. In fact, only one other time

were the Eagles able to break into the Whirlwind side of the 50.)

Operating from his own 30, it took Quisenberry and Company only seven plays to hit paydirt by means of a surprise play. After several near misses in passes to Ismail Delgado and Armando Morales, the 'Winds came up with the offensive play of the game. On fourth and four from the Eagle 33, Quisenberry pitched to Collins, who threw a perfect strike on the "halfback option" to Armando Morales, who waltzed across the endline with 37 ticks left in the second stanza. Collins was perfect on the kick for the PAT, and the 'Winds were on their way to their first "W" in the 1988 campaign. Not enough can be said about the efforts of the offensive line and backfield blocking during this scoring drive. Leonard King was pushed into double duty, and substituted for the injured Rolando Cisneros at offensive

tackle. Adam Cates and the rest of the offensive interior line held the larger Eagle defense in check time after time, which allowed the 'Wind wishbone-option attack to develop.

Floydada drew its first penalty of the game on the ensuing kickoff with a late hit on the Eagle receiver. Two incomplete passes brought Roosevelt to 4th down, where the Eagles elected to go for the first. They were shut down by Frank Suarez and Jacob Galvan. Floydada took over and ran out the remaining

time. Halftime score: Floydada 7, Roosevelt ZIP.

The Whirlwinds received the second half kickoff, were unable to gain a first down, and had to punt the ball back to Roosevelt. On the third play, Eagle QB Richardson was sacked by King for an 8 yard loss. Roosevelt's dismal showing in the passing department (2-17-1, 22 total yards) was attributed to the fierce pass rush led by King, Adam Cates, Joe Cisneros, and Joe Barrientos throughout the game.

The 'Wind offense marched for two first downs before having to punt back to the Eagles, whose first running play was stopped dead by Joe Cisneros and Frank Suarez. QB Richardson then scooted 23 yards for the Eagles, with Joe Cisneros and Ruben Chavarria making the saving tackle. The Eagle QB then dropped back to pass, but Leonard King's hands were in his face as Richardson hit the receiver for a score — a Floydada score. Armando Morales came up from the

Holland earns first place money in football contest

With 83 now entered in the ongoing contest, T. L. Holland earned the 1st place prize money of \$10.00 this week. Holland missed only three games out of the 22.

Robert Redden and Mike Anderson tied for the second and third place money with 4 misses each. The tie-breaker score was also a tie with each estimating 27. As a result, the money for the two places is combined and each may claim \$5.00 this week.

Four others rate honorable mentions with 4 misses. They were Joe Jones with a tie-breaker score of 28, Steve Brooks with a score of 33, Franklin Harris with a score of 34 and Freddie Morren with a score of 35.

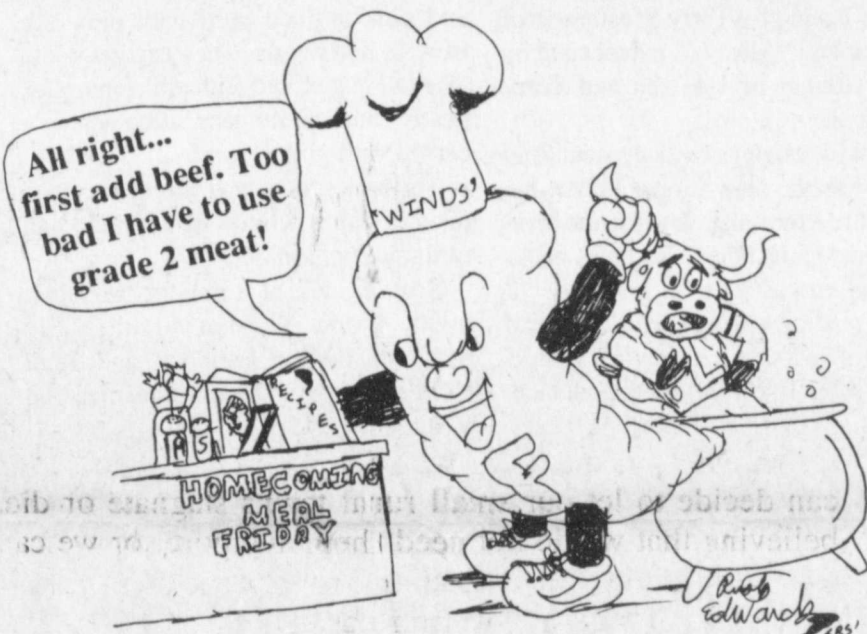

Missing only 5 games were Sammy Hale, Laura Hale, Andy Hale, Bill Clemons, Don Warren, Sherree Cannon, Wes Campbell, Doug Ward, Bob Marler, Dale Jahay, Jared Mosley and Kevin Tipton.

CONTEST LEADERS

The net result of this week's scoring puts Jean Hale and Steve Brooks in a tie as leaders in the overall contest for the Thanksgiving Day pro tickets. Each has

a total count of 33. Sherry Hale stands at 32 with Doug Ward, Joe Jones and T. L. Holland closing in at 31. Joy Allen, Bob Marler, Sammy Hale, Mike Anderson and Franklin Harris each have amassed 30 points.

Remember to get your entry in each week to keep up your chances of taking home the two tickets to the Cowboys-Oilers game in November.

Coach's Comments

Whirlwind Coach Earl Overton says, "I am pleased with the overall effort and the continued improvement shown in the Roosevelt win." He gave the defense a lot of credit "in holding the first two opponents to less than 300 yards total offense." The coach pointed out the excellent performance by the line, especially Leonard King. But, he emphasized that the "team is working well as a unit in most aspects." He "feels the offense still needs some improvement in being able to convert on scoring opportunities." He is very proud of the spirit,

hard work, and pride shown by the team.

Overton also expressed his pleasure in the contributions made this past week by some of the younger players — especially Ruben Chavarria and Jesse Suarez. He stated, "We should be healthy again, after having two starters out with injuries this past week." Overton went on to say, "The Lockney game will be tough. Even though they are winless so far in 1988, the Longhorns also have a lot of pride and will come to play - and play hard - this Friday."

FOOTBALL CONTEST

CONTEST RULES

Any subscriber or individual above the age of 7 who purchases a Hesperian from a newsrack is eligible to enter this newspaper's weekly football contest, except employees of Floyd County Newspapers.

To play, circle on official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing a particular game. In addition, indicate in the tie-breaker football your guess on the total number of points to be scored by the two teams listed.

The only entries considered for prizes will be those appearing on official entry forms and those brought to the Hesperian Office by 5 p.m. on Friday. No mail entries will be accepted.

Three cash prizes are offered weekly. In the event of ties - the same number of correct games and equal scores on the tie breaker - prize money will be shared among those involved in the tie. The tie-breaker score will be utilized only in the event of a tie on the number of games missed.

In the contest to determine the season winner and the recipient of the two tickets to the Nov. 24 Dallas Cowboys-Houston Oilers game in Dallas, each contestant will receive one point for each correct game selected on an official form throughout the season.

Print name and address plainly on official entry form and double check that your choices of winners have been circled.

Enter one entry per person per week. Weekly winners are limited to one per household.

SEASON WINNER EARNS:

2 Tickets to Cowboys-Oilers Game on November 24

1st prize \$10⁰⁰

2nd prize \$6⁰⁰

3rd prize \$4⁰⁰

Floydada defense shines

Continued from Page Six

Floydada secondary and picked off the aerial. He broke to his right, cut back to the left across the grain, and scored from 45 yards out. A key block by Kenneth Collins at about the 11 paved the way for a jubilant Morales to race untouched into the end zone for his second score of the night. Collins added the PAT, and the Whirlwinds were rolling.

Roosevelt failed to get anything going in the next series due to a clipping penalty and an incomplete pass. The 'Winds were also stopped in their next drive — although a beautiful pass from Quisenberry narrowly missed Morales for a big gainer. The Eagles attempted to play catch up, but Richardson had troubles completing his passes. Punts by both teams were exchanged when each was unable to sustain an offensive drive. Roosevelt was determined to get back into the game via the passing route. However, the 'Wind's secondary came up with some big plays. On 3rd down from his 33, Eagle QB Richardson was pressured as he threw the ball, which was alertly intercepted by Grant Stovall for Floydada. The 'Winds came up short for the first down, had to punt, and the Eagles had one more chance to put points on the board. However, the Eagles were stymied by Cates, Mendoza, Caballero, and Joe Cisneros up front, and by the secondary protection given by Stovall, Collins, and Rueben Chavarria.

Following a Roosevelt punt, the 'Winds set up shop on their own 24. Floydada's final drive garnered four first downs, chewed up 51 yards, and ate up the remaining time on the clock. This end-of-game drive by the Floydada offense sealed the shutout that the 'Wind's defense worked so hard to preserve.

This week is Homecoming, 1988, in Floydada. The exes, families and friends should be very pleased with the current edition of the Whirlwinds. Even though the Lockney Longhorns are yet to win a game this season, everyone knows this will be a battle to the finish for the bragging rights of the county. I know where I'll be next Friday night...how about you? After the first week, this writer gave thought to dropping the weekly predictions after going one out of six. However, last week gave me new confidence, as I hit on five of six — with the only blemish being the Los Angeles Raiders' loss to the Houston Oilers. There are some "toughies" this week. Nevertheless, here are my "picks of the week":

Floydada 27, Lockney 6
Idalou 17, Tulia 13
Texas A&M 20, Alabama 14
Michigan 23, Miami 21
Tech Tech 0, Open Date 3
Dallas Cowboys 17, New York Giants 10
Houston Oilers 31, New York Jets 21

BILL'S REMARKS:

I have already mentioned Floydada's improved kicking and punting. The special teams' play continues to excel. Gang tack-

ling and good downfield coverage have kept return yardage at a minimum. Good execution on offense and the lack of costly penalties have to be a plus. The passing offense will come around — it's just a matter of a little more concentration and confidence. The 'Winds are working as a unit on both sides of the line of scrimmage. When someone goes down, others are there to fill the slot (that was important this past week). Superlatives of the Roosevelt game: Offensive play of the game - Collins' halfback option pass to Morales for TD. Defensive play of the game - Morales' interception for TD. Offensive player of the game - entire offensive line. Defensive player of the game - Leonard King.

Shine of '89

By Sharon Smith

This is the final year for the Seniors of Floydada High School. For most it will be a beginning of a new and different life. Without the help of teachers many of the seniors goals could not be accomplished. This year's Senior class sponsors are Carol Reese, Dean Bates, Lee Hurt, Jimmy Burleson, Robert Lockwood and Jan Thayer.

The new class officers are president, Tim Julian; vice-president, Jacob Galvan; secretary, Sharon Smith, and poster chairpersons, Rita and Rachel DeLeon and Rusty Edwards.

The year would not be complete without our AFS student from West Germany Norman Langhoff.

Working together we hope to make this the best year ever. We hope that the community will support us in our efforts.

COACHES INTERVIEWS

Hear Floydada Whirlwind Coach

EARL OVERTON

4 to 5 p.m. each Friday
on Coaches Corner

KKAP 900 AM 95.3 FM Go Whirlwinds

JV 'Winds upended by Roosevelt, 19-16

On September 8 the Floydada Whirlwinds JV came up a few yards and a few seconds short as they lost to the visiting JV of the Roosevelt Eagles, 16-19. It was a well played game; the Floydada JV coaches are doing a lot with this young unit, which includes a number of ninth graders.

The Eagles received the opening kick, but were unable to sustain an offensive drive. They punted to the 'Winds, who had an equally hard time getting untraced. On the next Roosevelt

series, the Eagles fumbled, which lead to a TD by the 'Winds' Kenneth Davis. QB Brian Teeple and HB Michael Cooper also contributed to the scoring drive. The two point conversion attempt failed, and Floydada led 6-0. The ball changed possession several more times before Roosevelt managed to score following a 48 yard drive. The PAT kick was true and the score read: Roosevelt 7, Floydada 6. Late in the first half, the Eagles drove for a score, only to be denied by a stiff 'Wind defense.

Floydada took over at their own 6 yard line and held on as time ran out in the second period.

Good defense by both clubs kept the opposition in check for most of the third quarter. A Floydada touchdown by Tracey Johnson and a two point conversion by Kenneth Davis gave the 'Winds a 14 to 7 lead. A few plays later, Roosevelt answered with a long TD pass. The conversion kick was wide, and the 'Winds retained the lead 14-13.

Floydada fumbled the ensuing kick-

off, and the Jr. Eagles marched for another score from the 'Wind 30 late in the third quarter. The try for extra point again failed and Roosevelt went on top 19-14. Late in the game, Floydada mounted what would appear to be the winning drive, but were stopped on fourth down at the Eagle 12. As time ran out Roosevelt, elected to give up a safety - thus enabling the Eagles to nail down the 19-16 victory.

Have a nice week!

LARRY MILNER IN CONGRESS

RESPONSIBLE. CONSERVATIVE LEADERSHIP

"After World War II,
America rebuilt
Europe and Japan.

Now it's time to rebuild rural America."

Larry Milner

Republican Candidate
U.S. House of Representatives.

After World War II, we inadvertently began destroying small towns in rural America. It was not the intention of government policy to do that, but it has been the result. Now, as a nation, we have a choice to make. We can decide to let our small rural towns stagnate or die, believing that we do not need them anymore, or we can redevelop them. Their decline brings on more serious problems, including lowering the quality of life in the already overcrowded and polluted metropolitan areas.

So I believe the message is clear. **Our small towns are dying. We must stop that trend.** The quickest way, and perhaps the only way, to do that is provide incentives for developing new businesses and new jobs in rural America to diversify its economic base.

I have a plan for America's small town redevelopment. It allows our smaller towns or counties to create a Rural Redevelopment Program which can furnish

start-up money to people with ideas. We can create new jobs and new money in most communities.

An independent Rural Redevelopment Corporation in each town would use money contributed by citizens who could deduct their contribution from their income tax as a tax credit. It's just that simple. People in rural communities could use some of their tax dollars to help rebuild their local economies instead of sending that money to Washington. These new investment dollars would create jobs and keep people in small towns rather than forcing them into the big cities.

If I have the privilege of being your congressman, one of my first acts will be to introduce legislation to begin America's rural redevelopment.

LARRY MILNER'S PLAN FOR JOBS AND PROSPERITY

Rural Redevelopment Corporations

Q. What's the problem in rural America?

A. Lack of jobs. Without jobs, the tax base declines. School budgets are pinched. Local governments struggle to keep up services. As the local economy shrinks, taxes increase, local businesses close, the doctors leave, and our young people are forced to go elsewhere for work.

Q. What can be done?

A. Rural America needs to invest in new businesses. Economic developers say that rural America needs "equity capital." That's the start-up money for new jobs.

Q. Where would the money come from?

A. The money is already in the communities, but it now goes to Washington as federal taxes.

This plan allows taxpayers to take their contribution off their federal taxes in the form of a tax credit and give that money to a local non-profit Rural Redevelopment Corporation. The Rural Redevelopment Corporation would invest in businesses which will create new jobs.

Q. So the Rural Redevelopment Corporations allow people to keep money in their community instead of sending it to Washington?

A. That's right. You don't keep the money yourself, but it does stay in your community. This isn't a bureaucratic government program. It would be run by the local people who contribute the money.

Q. What kinds of businesses could the Rural Redevelopment Corporation back?

A. Anything that sells a product outside of the community and brings new money into the economy. The new business could come from an idea that someone has developed, for example:

It could be a local druggist who has invented a new blood pressure device. Or a local jewelry store owner who decides to make and distribute jewelry.

It could be a local girl or boy who finishes college and wants to start a business in his or her home town instead of the city.

It could be a mail order electronics or computer distributor. Or a plastic products producer.

Q. Who decides?

A. The local people who give money to the Rural Redevelopment Corporation would elect a board of directors. The board would decide what businesses they back.

Q. What do you mean by "rural"?

Any community outside of what the U.S. Census Bureau calls a Standard Metropolitan Statistical Area.

Q. Will this help cities like Wichita Falls and Amarillo?

A. Yes, because the economy of our regional centers depends on the smaller communities around them.

Q. Can you get the legislation through Congress?

A. Yes, because every area will benefit from this program including the major metropolitan areas. People in Atlanta, in Los Angeles, in Washington D.C., are complaining of overcrowding, air pollution, and traffic. I think their congressmen would back a plan that would slow down overcrowding in those areas.

SMALL TOWNS
The Keys to the 13th District's
ECONOMIC FUTURE

Burns appointed Texas Tech trustee

Ricky Burns has been approved by the executive committee of the Texas Tech University Dads and Moms Association to be a trustee for the 1988-1990 term of office. He was also appointed District Membership Chairman and a member of the Public Relations Committee.

The association has been active at Texas Tech for 32 years. Its purpose is

to build a bridge of mutual support between parents, students and the University as a responsive point of contact for all.

The association annually provides 50 student scholarships, seven outstanding student awards, four awards to outstanding professors, recognitions for outstanding members, a visit by a Nobel

laureate, Family Day (dinner, brunch and football) and five dads and moms newsletters annually to give up-to-date information about Tech, students and faculty.

All area parents and interested persons of Texas Tech students are encouraged to contact Ricky Burns at 983-3767 or 983-5118.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 8, 1988

PROPOSITION NO. 1

ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

PROPOSITION NO. 2

ON THE BALLOT

House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium.

The state comptroller and the state treasurer could decide to trans-

fer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose.

The proposed amendment will appear on the ballot as follows:

Texas boll weevil controls cited

A responsive boll weevil control program by Texas High Plains growers has been suggested as a model for a national program to eradicate the costly cotton pest.

The High Plains diapause boll weevil control program has been successful, both economically and environmentally, for almost 25 years and has been conducted without undue controversy.

This message came from witnesses who testified here recently during one of three public "scopings" conducted by the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture.

Other scoping were in Montgomery, Alabama, and Phoenix, Arizona.

Witnesses at the Lubbock session included growers, three entomologists with the Texas Agricultural Extension Service and Texas Agricultural Experiment Station, and representatives of the National Cotton Council.

They cautioned that a beltwide eradication program should have flexibility to meet different local conditions and have grower acceptance to succeed.

A scoping is a first step in preparation of an environmental impact statement (EIS) for the proposed national project, explained Michael Werner, APHIS environmental specialist who conducted the three sessions.

He said objectives are to identify public and agency concerns, facilitate efficient preparation of an EIS, define issues and alternatives requiring detailed examination, and help ensure that draft statements adequately address relevant issues.

Werner said written comments may be sent to APHIS until September 2.

The boll weevil, introduced into the U.S. from Mexico in 1892 near Brownsville, spread quickly across this nation's cotton belt. It is now the most important agricultural pest in the U.S., responsible annually for more than \$300 million in crop losses and control costs.

Dr. Ray Frisbie, Extension entomologist at College Station who coordinates the stationwide Extension integrated pest management program, testified at Lubbock that the boll weevil "causes a loss of \$12 to \$20 million annually in Texas."

APHIS proposes to implement a program to eradicate the weevil from infested growing areas and protect those areas from reinfestation through a cooperative control program with Mexico.

Texas producers initiated the control program in 1964 in the Plains area. Its goal was to suppress the pest and prevent its spread from the Rolling Plains

onto the Caprock escarpment which marks the beginning of the High Plains.

Annual program evaluations show an average reduction of 62 percent of the potential overwintering boll weevil population on the High Plains, testified Dr. James Leser, Extension entomologist at Lubbock.

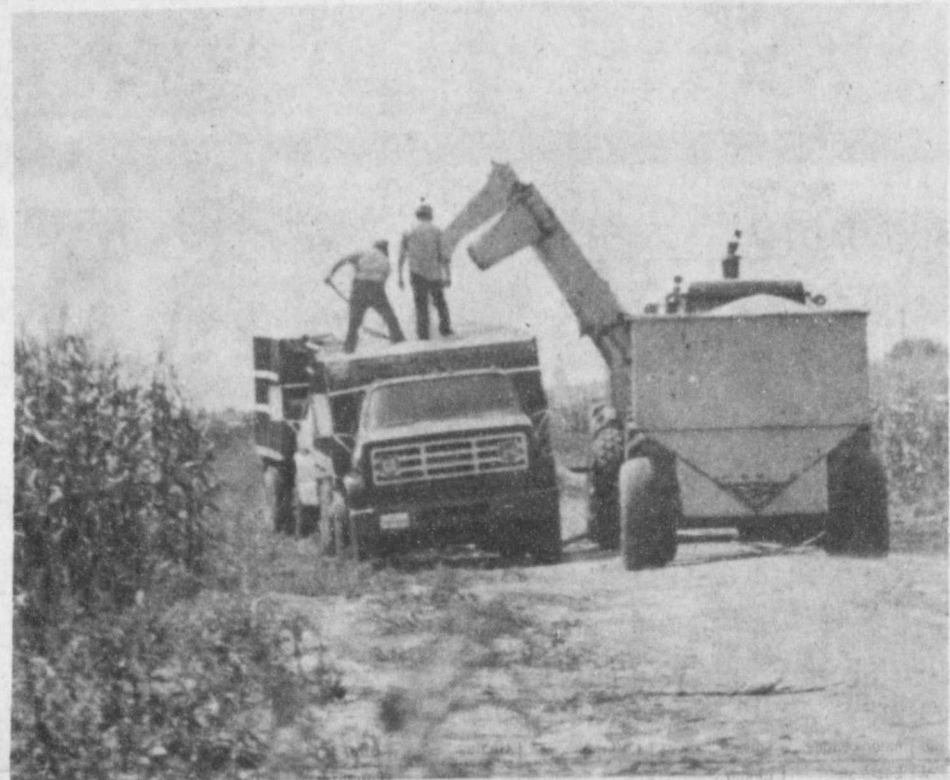

This weevil population reduction has minimized migration pressure, "and the boll weevil hasn't succeeded in establishing permanent infestations in the High Plains cotton region," Leser said.

An economic assessment of the first nine years of the suppression effort, conducted by Dr. Ron Lacewell, economist with the Texas Agricultural Ex-

periment Station, indicated that curtailing the program would increase the use of insecticide by about 14 million pounds annually and cause yield declines of 100,000 bales, a total annual loss of \$30 million.

With the program cost averaging \$1 million a year, Leser extended Lacewell's projection through 1983, indicating that the 21-year span would have cost \$20 million with benefits of \$1.3 billion.

"It has been a considerable success for 25 years while having no documented negative impact on nontarget fauna (animals)," Leser said.

Livestock producers may benefit

The recently passed Drought Bill signed by President Reagan will likely benefit Texas livestock producers more than crop producers, said an economist with the Texas Agricultural Extension Service.

The Bill authorizes \$3.9 billion in relief to the nation's drought-stricken farmers and ranchers.

In Texas, the impact of this year's

drought has varied greatly over the state, said Dr. Ernest Davis. Losses or reductions in crop production have been mainly in southern, coastal and eastern areas, and livestock in those areas have suffered also due to the lack of forage on pastures and ranges.

While the provisions in the Drought Bill will help farmers with major crop losses (reduced production of 35 percent or more of normal), crop production over Texas, as a whole, will not be down sharply. However, losses in the livestock sector will be significant due to forced sales and the increased costs of buying feed to maintain herds, Davis said.

Provisions of the Bill with regard to livestock production are as follows:

—Producers who grow their own feed, who have owned cattle six months and can document a loss of 40 percent of the home-grown feed, can take part in a

50-50 cost share program on purchased feed. Home-grown feed includes hay, improved pastures and native pastures.

—Under these same qualifying conditions, producers will be able to purchase government-owned grain at 75 percent of the posted county loan rate to feed foundation stock. The government will pay the cost of shipping the grain.

—Transportation assistance will be provided for up to 50 percent of the cost of moving livestock to and from new pastures because of drought conditions.

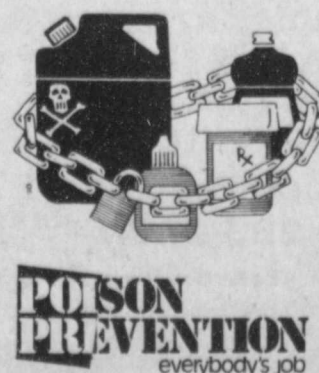

—The potential 50-cent per hundredweight cut in dairy price support scheduled for next Jan. 1 was cancelled and producers will receive a 50-cent per hundredweight increase in price supports during the April-June 1989 period.

—A limited emergency forage program for drought damaged pastures is provided in which the USDA pays half the costs of seeding and fertilizing certain forage crops on pasture land for late fall and early spring grazing and haying. This is limited to \$3,500 per producer.

—Benefits are restricted to those whose "qualifying gross revenues" are less than \$2.5 million per year.

—Payments under the livestock emergency feed programs are limited to \$50,000 per producer. Total payments to a combination livestock-crop producer may not exceed \$100,000 per person.

According to Davis, the drought legislation should be implemented by about mid-October. Individuals with questions about the drought relief program can call a USDA toll-free hotline: 1-800-541-3375.

Acreage reduction recommended

Plains Cotton Growers, Inc., Lubbock, recommends that USDA for the 1989 double this year's acreage reduction requirement, from 12.5 percent to 25 percent, and offer a paid land diversion program to reduce production even more.

These and other recommendations on 1989 cotton program provisions were crafted September 7 in a three-hour meeting of PCG's 11-member Executive Committee. The paid diversion program, expected to compensate growers at about 35 cents per pound, according to PCG should allow each individual producer to choose a diversion rate anywhere between zero and 20 percent of base acres. That feature, as opposed to a fixed percentage rate, would give producers the needed flexibility for more efficient operations, committee members pointed out.

The committee's decision to call for a larger acreage reduction came after studying projected supply-demand figures showing prospects for an 8.9 million-bale carryover at the end of the current marketing year. That compares to the program objective of a 4 million-bale carryover.

Also suggested by PCG for 1989 is (1) continuation of producer option payments, (2) no change in 1988 haying and grazing regulations for conservation use and cropland reserve acres, (3) advance deficiency and diversion payments made to the legal maximum in generic certificates, (4) seed cotton loans, (5) blanket authorization for producers to switch up to 10 percent of acreage bases between crops and (6) continued use of the "Plan B" marketing loan procedure as the means to make U.S. cotton competitive in world markets.

On the issue of "limited" cross compliance, which for the past two years has prohibited producers from planting in any crop program from planting more than the acreage base of any other crop on a given farm, PCG ties its recommendation to the requested acreage base transfer authorization. Unless acreage transfers are permitted, the organization says, there should be no cross compliance restrictions in 1989.

PCG chooses the Plan B marketing loan option primarily to avoid the need for first handler certificates under the alternative, Plan A. Plan B allows cotton to be redeemed from the loan at a fluctu-

ating rate equal to each week's adjusted world price. Plan A would set the loan redemption rate at a fixed price between 80 percent and 100 percent of loan price and require commodity certificates to first handlers to make up the difference between that level and the adjusted world price.

1989 loan level and target price, but

The PCG committee discussed the agreed that both are controlled by law and therefore not subject to debate. The loan for 1989 has to be at 85 percent of the five-year spot market average after dropping the high and low years, about 51.8 cents, the same as this year. The 1989 target price is prescribed at 73.4 cents, down from the 75.9 cents of 1988.

National Cotton Council offers cotton conference

No matter how unique the problem, cotton producers and ginners can get a solution with a personal touch through a new National Cotton Council service offered at the 1989 Beltwide Cotton Conferences, Jan. 3-7 at Nashville's Opryland Hotel.

"Those who have a special interest in or problem with some aspect of production, ginning, or marketing can be linked face-to-face with an appropriate expert at the conferences," said Dr. Jim Brown, the Council's production technology manager and conference's coordinator. "This gives us an opportunity to take advantage of the expertise available at the conferences and encourage more one-to-one exchange between scientists, Extension, and those who are

growing and ginning cotton."

With the help of the Beltwide's 11 technical conference chairmen, Council staff will locate experts from USDA, the universities, and private industry who are planning to attend the conferences and arrange the personal meetings.

"From seed quality to harvest aids, we're going to make an extra effort to line up an expert to address each problem or interest area," Brown said.

Producers and ginners have until December 5 to turn in a sign-up form stating their problem or interest. Forms and further information about the conferences may be obtained from the Council's technical services, P.O. Box 12285, Memphis, TN 38182 (901) 274-9030.

USDA pricing procedures on raw cotton is changed

The U.S. Department of Agriculture today announced changes in procedures used to determine price quotations published for cotton sold in the eight "spot" markets USDA designates for determining raw cotton price quotations.

J. Patrick Boyle, administrator of USDA's Agricultural Marketing Service, said the changes will improve the efficiency of establishing price quotations for traded cotton. "One change will transfer responsibility for determining the published price quotations for the various cotton qualities to AMS's Cotton Division. Presently, quotations committees, composed of cotton buyers and traders, assist the division in determining price quotations," Boyle said.

Another change consolidates the eight spot markets into seven regional units, with geographic boundaries redefined and markets renamed. Names are to be by geographic area rather than city names. "With today's extensive use of

telecommunications and electronic marketing in the cotton market," Boyle said. "The new markets cover more territory, giving a larger source from which to gather trading prices over a given period in order to arrive at a representative and more accurate price quotation," he said.

USDA also will add "number of bales traded" to each price quotation published, enabling traders to gauge the significance of the quotation more precisely.

The changes were presented and endorsed at an April meeting of the Advisory Committee on Cotton Marketing, and were published as proposals for comment in the June 14 Federal Register. No comments were received.

The changes, effective August 1, were published as a final rule in the August 4 Federal Register. For further information, contact Garry L. Lewicki, USDA, AMS, Cotton Division, P.O. Box 96456, Room 2641-S, Washington, D.C. 20090.

Water Commission appoints 3

The Texas Water Commission today announced appointment of 3 new senior staff members at the agency.

The Commission has appointed Michael E. Field as General Counsel to the Commission effective October 1, 1988; he replaces J.D. Head, who has resigned to enter private practice. "J.D. Head has been a very resourceful and effective General Counsel," said Buck Wynne, Chairman of the Texas Water Commission. "I have absolute confidence in Mike Field's legal experience and ability to meet the challenge of this additional responsibility."

Field has served as Chief Hearings Examiner for the Texas Water Commission since September of 1987 and will continue in that position in addition to his duties as General Counsel. He received a Bachelor of Arts from Stephen F. Austin State University in 1967, as well as a Master of Arts in 1969 and a Master of Education in 1976. Mr. Field obtained in Juris Doctor Degree with honors from the University of Houston in 1983.

"We wish Mr. Head well in his new endeavors," said Commissioner Paul Hopkins. "It is fortunate but not surprising that this agency has a most capable replacement in Michael E. Field."

In addition to the Commission's appointment, Executive Director Allen Beinke has named Daniel J. Eden as director of the Commission's Hazardous and Solid Waste Division effective November 1, 1988. Eden will replace Bryan W. Dixon, who has resigned to form his own engineering consulting firm. Beinke has also named James F. Haley as director of the agency's Legal Division, effective October 1, 1988. Haley will replace William G. Newchurch, who has resigned to enter private law practice.

"Unquestionably, we are losing some very good people," said Allen Beinke. "However, it is a tribute to this agency

that we have quality individuals with the right experience to fill the gaps on this agency's management team."

Glasson speaks to Floyd County Farm Bureau

One hundred forty eight members of the Floyd County Farm Bureau gathered September 10 at the Duncan Elementary Cafeteria in Floydada for their annual meeting and a meal catered by the ABC cookers of Floydada.

The meeting was called to order by President Dan Smith. Smith welcomed all those attending and introduced Phil Dunavant who gave the financial report and read the 1987 convention minutes of the Floyd County Farm Bureau. Dan Smith gave the presidents report and Clar Schacht the agency managers report. Director Doug Galloway gave the membership report. There are presently 1,004 Farm Bureau members in Floyd County.

The TASCO report was given by Delmas McCormick. He introduced Adolfo Garcia as a new Safemark tire dealer. Other dealers are Lockney Co-op, Jackson Tire and Tipton Oil.

Vernie Glasson, Director of the Public Affairs Department of Texas Farm Bureau was introduced as the speaker for the evening. He stated that Farm Bureau was a major influence on the trade bill passed by the House of Representatives and Senate and signed into law by President Reagan.

Farm Bureau will focus on the 1990 farm bill with regard to environmental regulations as they relate to pesticides, animal rights, and ground water. Special attention will be paid to taxes at the state level having to do with public school financing. Another topic will be workers compensation. According to Glasson there are figures to show that Texas is number one as to the amount of premiums paid and at the bottom of the list in amounts workers actually receive. Farm Bureau has launched out vigorously into the field of politics. Floyd County belongs to the Texas Farm PAC. This PAC supports the politicians that Farm Bureau votes to endorse. Glasson stated that "If politicians can't support our members then we won't support them."

Albert Scheele presented a resolution concerning Jim Hightower, agriculture commissioner.

Becky McPherson introduced herself and asked that her name be written in for district attorney in the November election.

Ray Macha is a candidate for sheriff and he introduced himself and his wife Judy and asked that he be considered in the upcoming election.

President Dan Smith recognized Doug Galloway and Martin Stoerner as retiring directors. They were presented plaques in appreciation for the work they have done and the time they have spent.

Smith is retiring as president of the board of directors, a position he has held for the last two years. He has served on the board of directors, held the offices of secretary-treasurer, vice-president and served on various committees. He is a member of the state Blue Ribbon Committee and was named 1987 Outstanding Young Farmer.

Phil Dunavant was elected as president of the board of directors, Ronnie Aston, vice-president and Randy Rainwater, secretary-treasurer. Other directors are Dan B. Smith, Jerry Davis, Bud Taylor, Joe P. Jones, John Quebe, and Delmas McCormick. Clar Schacht is Floyd County agency manager and agents are Max Harrison, Kenneth Holt and Don Castleberry.

Floydada native is life insurance VP

Ron G. Downing, a 1958 graduate of Floydada High School, has returned to attend Homecoming 1988. Downing was a resident of Floydada from 1952 to 1958 when his father Gordon G. Downing (now deceased) served as minister for the City Park Church of Christ.

The first job Downing held besides working for family was as a tractor driver for Ned Bradley who farmed in this area.

Downing later attended ACU and West Texas State University. He entered the life insurance business in 1970 and now serves as senior vice president of National Farm Life Insurance Company in Fort Worth.

Becky, his wife, owns an independent insurance agency in Breckenridge where the family now resides. They have 3 sons ages 22, 23 and 27.

Downing utilized his visit to Floydada as an opportunity to confer with local agent for National Farm Life Cindy Ogden.

Carl Lemons' News and Views from

Cedar Hill

Monday, Sept. 5, 10:15 a.m. It is with a degree of trepidation that I begin this week's column because before the sun sets this evening, while my nimble young fingers are still flying lightly over the keyboard, I will have attained that biblical goal of three score and ten years of age. At approximately 3:00 this afternoon, according to the logic of Oliver Wendell Holmes in his "The Deacon's Masterpiece," I may fall apart, disintegrate into a pile of dust, and there be nothing left of me but ten fingernails lying lightly on the keyboard. Nevertheless, despite this disturbing possibility, I feel I owe it to you, my loyal readers, to rally my energies and launch myself into this week's

WEATHER for Monday, Sept. 5
Additional showers the past week have raised the ten day total to 1-35/100 inches. August total was 60/100 with September already registering 75/100. On summer-tilled ground the moisture has met, looks good. Most of the time the washing of a car will bring on a good shower, but credit for this last rain must go to a joint effort by Junior Taylor and Phil Lemons. Junior swathed a field of extremely heavy haygrazer and Phil stripped the shingles off one side of his house in getting ready to reshingle. In normal times those two operations would have been good for at least six inches of rain, not one and a third. Danger dates for the first freeze: October 15, 20, and 23.

CROP COMMENTS:
Corn sampling time is here. Combines are just waiting for this last rain's moisture to dry from the shucks. Some lodging due to corn borers has occurred so pressure is on to harvest earlier; deliver a higher moisture grain to the elevator.

Cotton should have no further problems with bollworm infestations. Entomologists say our recent near 50 degree nights will prevent any new hatch. Additional sprayings should only be an attempt to mop up the existing population. The turn of the month rains stopped all irrigation on Sept. 1, but by Sunday, September 4, some cotton that had been watered earlier was fully wilted again. Some fields have tall rank cotton that is so heavily loaded and leaning every direction until it is nearly impossible to tell which way the rows run. This is particularly true on the north side of the community and across the canyon to the north and east of South Plains where August rains were heavier and more frequent.

CRP fields got just what they needed. All the moisture their shallow rooted grassed could handle for a few days but not enough to be much help to deeper rooted weeds: the koshias, careless, and the purple nightshades.

Cucumber plants that were seeded in late June and early July, have just begun to vine and the first small cukes are being set.

Hay that was thick and suffering before the rain is already stressed again. Thinner stands have grown 12 inches and are holding up better.

Milo's ripest fields look ready for harvest from the road. On dryland some later commercial seedings still appear to be candidates for grazeout or for baling.

Vegetable gardens are winding down with most varieties having passed their best producing age. However Busby's tomatoes have just now reached full production, and are reported to be of the finest quality. This week Busby expects his supply will exceed the local demand and they will start shipping to various farmer's markets.

PEOPLE:
Reverend Bud Morton tendered his resignation as pastor of the Cedar Hill Assembly of God Church during the Sunday morning service. The Mortons had pastored the Cedar church for two years and four months, having moved here in May, 1986.

Bro. Morton has accepted the call to pastor an 85 member church in Conroe, Texas. The family finished loading their belongings and took their departure Tuesday afternoon. Conroe, with a population of 18,000, is located north of Houston on State Highway 45 and is surrounded by three towns with the exotic name of Security, Oklahoma, and Cut and Shoot. Their new address is R4, B1170, Conroe, 77302.

Edna Gilly joined Juanita Teeple, Ruth Clark, Clara Redd, and Dwight and Helen Teeple and their boys for Sunday dinner in Plainview. Ruth Clark is suffering from a recently broken arm and Clara Redd is convalescing from major surgery a week ago.

Cephus and Imogene Fortenberry

went to Lubbock's St. Mary's Hospital Wednesday, August 31, and again the following Sunday, to visit his sister Evelyn Winn. Since fluid has been drained from her lungs Evelyn is some better, but not out of the woods by any means. She had been transferred to St. Mary's from the Plainview hospital early last week.

Since vacationing in Colorado in mid August, Lindsey and Billie Ruth Lackey have been busy remodeling and fixing up the old Henry Love house in Floydada. Their former tenant has graduated to a nursing home so the house is empty and it is time to repair.

Their daughter Kim and Kelly Mixon of Amarillo visited in their home over the long weekend.

Patsy and Lafayette Boone visited in the Gladys Fortenberry home Friday and Saturday of last week. They returned again Sunday to perform additional ground keeping chores on Labor Day.

College enrollees from Cedar Hill are: Kathy Langley, Texas Tech; Penny Taylor, Wayland Baptist University, and Phil Lemons, West Texas State Teacher's University.

Monday night some 30 members and friends of the Assembly of God Church

brought in their freezers of ice cream, cakes galore, barbecue, ham and all the fixings to fellowship with the Mortons before they left for their new work in Conroe. A low profile love offering to help the Mortons through their transition period was well subscribed to.

The group paused to give Carl Lemons a rousing "Happy Birthday" along with an extra helping of ice cream and cake, but, due to concern for his health in his advanced years, he was almost denied his chocolate syrup topping. Imagine!

We are sorry! We ran out of room. More to come next week!

OBITUARIES

JOHN HAMBRIGHT

John Hambright, 84, of Marble Falls, uncle of Gordon Hambright, Billy Hambright, Bob Hambright, and Mrs. Odell Breed of Floydada, died Sept. 7. He was also a brother-in-law of Mrs. W.M. Hambright of Floydada.

Funeral services were held September 9, at the Clements-Wilcox Chapel in Marble Falls with the Rev. Max Copeland officiating. Interment fol-

lowed in the Lakeland Hills Memorial Park under the direction of the Clements-Wilcox Funeral Home in Marble Falls.

Mr. Hambright was born May 4, 1904 in Cleburne, Texas, to Horace

Hambright and Anna Jones. He was married to Winnie Alexander and on March 1 they celebrated their 60th wedding anniversary. Mr. Hambright and his wife had been residents of

Marble Falls for approximately 10 years and were former residents of Hale County for approximately 30 years. For most of his lifetime, Mr. Hambright worked in the farming business.

Other survivors include his wife, Winnie Hambright of Marble Falls; one daughter, Margaret Robertson; two brothers, Frank Hambright of McLean, Texas, and Homer Hambright of Alvin, Texas; three grandchildren; and five great-grandchildren.

CARD OF THANKS

Mrs. Charlene Brown, President
Members of Floydada Independent
School District Board of Trustees
Floydada, Texas

Dear Mrs. Brown,

The Band Boosters wish to express our gratitude to you for support you have recently given the "Spirit of the Winds" Band. We are most appreciative of the financial support as expressed by providing for the newly constructed band hall. We believe your interest in providing for this fine facility will encourage the growth of the band, and the growth of the students involved in band.

The morale of the band students is high. The Band Boosters wish to commend the Board of Trustees for helping to achieve a long-time dream.

Sincerely,
/s/ Jerry Livingston
Jerry Livingston, President
Band Boosters

Lavern, Preston and Dickey Watson wish to thank their friends, family, neighbors and their pastor and wife, the Reverend Dale and Mrs. Mary Harter, for their care and concern these past several weeks while Preston has been in the hospital for emergency surgery, and during the time of his recovery.

They especially wish to thank their neighbors for the food carried in. They wish to thank their many friends for the cards sent, and those who were able to stop by to visit during Preston's recovery.

They wish to express their appreciation to Reverend Dale and Mrs. Mary Harter, their pastor and wife, for their visits in the hospital, prayers and spiritual encouragement.

They are also very grateful to those who have driven Preston to the hospital and doctor's office for appointments and for those who met Dickey at the airport when he flew in for Preston's surgery.

The Watsons are very grateful that they live in Floydada, Texas, a friendly city that is concerned about its citizens.
Lavern, Preston and Dickey Watson

PUBLIC NOTICES

NOTICE OF OPPORTUNITY

Notice is hereby given that the CAPROCK COMMUNITY ACTION ASSOCIATION INC. Is seeking financial assistance from the Section 3 and Section 18 UMTA grant program. Grant funds will be used to continue providing Rural Public transportation on "Demand-Response" and "Fixed-Scheduled" to the residents of Crosby, Dickens, Floyd, Hale, King, and Motley Counties. Section 3 grant funds will be used to renovate and construct office facilities at 224 S. Berkshire, Crosbyton, Texas, and construct a preventive maintenance shop at 228 and 230 S. Berkshire, Crosbyton, Texas. Funds are also requested to purchase; one (1), mini-bus wheel chair lift equipped, two (2), 15 passenger standard vans, one (1), twelve passenger standard van, and two (2), seven passenger mini-vans. Facilities will be handicapped accessible.

Copies of the grant proposal are available for inspection by the public at 224 S. Berkshire, Crosbyton, Texas, Monday thru Friday from 8:00 A.M. to 5:00 P.M.

Any person wishing to request a public hearing on the proposed project must submit that request in writing to 224 S. Berkshire, Crosbyton, Texas 79322 prior to September 19, 1988. 9-8, 9-15c
