High School Band Leads 125 Boosters To Lubbock; J. J. Clements Delivers Welcome Address To Oklahomans

FRIENDLY allies — with vast stretches of some 300 miles separating them, Oklahoma City and Lubbock yesterday and last night joined hands in a spirit of cooperation and good fellowship symbolized in the friendly greetings of approximately 125 good will travelers from the Sooner capital. Arriving in this city yesterday afternoon at 7:50 o'clock on a special train over the Santa Fe railroad, the Oklahoma City visitors paraded the streets of downtown Lubbock, halted for a short period on Texas avenue between Broadway and Main street for a speaking and musical program. The parade was led by the Central High school band of Oklahoma City, followed by a car occupied by Mayor J. J. Clements, of this city, and officials of the visiting metropolis.

Visitors Given Banquet
Highlights of the visit was reached last night with the visitors as guests of the Lubbock Rotary club and chamber of commerce at a banquet in the ballroom of Hotel Lubbock.

The banquet program was presided over by J. J. Clements, president of the club. Invocation was pronounced by the Rev. John R. Abernathy, pastor of the Epworth M. E. church, Oklahoma City.

A. E. Davis was introduced by President Clements after a short address of welcome, who further emphasized this city's pleasure in entertaining the distinguished group. Davis in turn introduced Claude W. Stone, of the visiting delegation, chairman of the entertainment and speakers' committee.

Singley Speaks
R. A. Singley, manager of the good roads division of the Oklahoma City Chamber of Commerce, was the first speaker to appear for the visitors. Mr. Singley is well known to this city.

Salt Raids In India Awaited

Entire Country Tense As New Woman Leader Of Movement Plans To Make Descent On Salt Depot Today

BOMBAY, India, May 14.—All India was tense tonight as Mrs. Sarojini Naidu, successor to Mahatma Gandhi as head of the civil resistance movement, went ahead with her plans to descend on the salt depot at Dharasana at 6 o'clock tomorrow morning. The government appeared equally determined there would be no raid.

Mrs. Naidu visited Bombay today and then returned to Karachi en route to Dharasana, to which she is planning to lead a group of volunteers as a determined gesture against the government. Mahatma Gandhi's plan to lead a similar raid was one of the chief causes for his arrest ten days ago.

Conference Held
The all parties conference began its sessions here today.

The Calcutta corporation adopted a resolution offering "most respectful homage to Mahatma Gandhi, apostle of non-violence, and tendering him most sincere congratulations on his incarceration and the signal triumph achieved by him and his colleagues."

Sixty-eight years after she completed her college work, Mrs. Etta Howe Hart, of Minneapolis, will receive her diploma this June from Minnesota State Teachers' College at Winona. Mrs. Hart completed her course in 1862 but due to the Civil War the institution was closed for several years and she did not receive her diploma. Now she will officially graduate with the 1930 class.

Details Given Of Slaying In Brady's Trial

Youthful Eye-Witness Tells Story Of Tragic Slabbing Of Miss Leahlah Highsmith At Austin Last November

DALLAS, May 14.—Details of how Miss Leahlah Highsmith, 28, stenographer to the commissioner of appeals to the Supreme Court of Texas, met her death the night of November 9, from stab wounds were recounted today in the second murder trial of former Judge John W. Brady, her alleged intimate.

Today's session was taken up by the state offering rebuttal testimony.

Eye-Witness Testifies
Oley Green, 18, of Marble Falls, cableway operator at Granite Mountain, took the stand after noon today for this state to relate his eyewitness account of the slaying.

Green related that when passing the highway at Highsmith's residence, Brady, sitting at the telephone, Green said he had been in his room a few minutes when he heard a girl scream. Running to a sleeping porch at the front of the house, facing the street, he said he saw Brady standing in front of the house, holding Miss Highsmith with his left arm encircling her waist and with his right hand raised in the air. The witness said he did not see a knife.

"Please don't kill me," Green declared he heard Miss Highsmith plead, and Brady's reply, "I've been waiting for this a long time."

At this juncture, he said, Frank Graham came upon the scene and called to Judge Brady, "Don't do that, you'll be sorry."

Green asserted he heard Brady reply, "We'll all be sorry and if you don't get away you'll get some of this too."

In another instant, he said, McNaughton, another roomer at the house, came out and caught Judge Brady's hands and the two backed toward the house with Brady apparently resisting.

The judge charged the jury to acquit if it believed "hip pocket play" as Cox claimed in his defense, caused him to shoot Watkins. Cox testified in his trial that Watkins tried to "break up his home" and based his defense principally on a plea of self-protection.

Walter Harrison, Who Became Oklahoman Editor At 27, Has No Code For "Success," Visits Here

By SIXTON CHRISTIAN
Avalanche Staff Writer
In every industry there are men whose careers add faith to the aspirations of youth.

In the profession of journalism Walter Harrison's life is evidence of the goal attainable through diligent application to a chosen field of work.

At 27, the Oklahoman, who visited in Lubbock yesterday afternoon and last night, was managing editor of the Daily Oklahoman and Times, which position he now occupies at the age of 49. He was formerly president of the American Society of Newspaper Editors.

In his early twenties Harrison ran the gamut of jobs on the Des Moines (Iowa) Register and Leader and Tribune, the San Francisco Tribune and the Call, and subsequently became managing editor of the Winnipeg, Canada, Tribune.

Yesterday, shortly after arrival in this city, he was at the municipal airport, where a plane arrived with 150 copies of an early afternoon edition of the Daily Oklahoman. He detailed two men to distribute the papers over the city, sent a dispatch to Oklahoma City by the returning plane and within a few hours he had made Lubbock appear but a stone's throw from the Sooner capital. That, briefly, is one of

Half Million Dollar Libel Suit To Jury

Jurors Retire At 10 O'Clock Without Reaching Verdict In Creager's Case Against Collier's Weekly

(By The Associated Press)
COURTHOUSE, BROWNSVILLE, May 14.—The jury considering the libel suit of a Brownsville, Tex. republican national committeeman from Texas, against Collier's weekly, retired tonight just after 10 o'clock without reaching a verdict.

The libel suit was given to the jury at 5 p. m.

The most unusual feature of the judge's charge was submission to the jury of the issue concerning whether F. F. Collier and Son, discharging corporation, was liable for any damage. The Crowell Publishing company was the other defendant.

J. A. Graham closed the arguments, speaking for the Creager side. He called out that "effects of the magazine article will meet Creager's grandchildren 59 years from now."

ARGUMENTS SET TODAY
VICTORIA, May 14.—Arguments in the P. F. Robidoux murder trial now in progress in district court here will be heard tomorrow morning.

Farmers Supper Feature Of Two-Day Meeting; All Parts Of Texas Are Represented At Convention

BY AL HILL
Avalanche Farm Editor
PLAINVIEW, May 14.—Delegates numbering about 300, from every corner of Texas are here today for the two-day district convention meeting of the Texas Farm Bureau Federation. Following directors meeting this morning, the convention got under way with an afternoon session held at the Plainview auditorium. The big feature of the opening day being the farmers supper held at the Hilton hotel tonight.

Speakers this afternoon included President Sam H. Thompson of Chicago, president of the American Farm Bureau federation; E. P. Markland, of Emid, Oklahoma, organization manager of the Oklahoma Wheat Growers association; L. T. Mayhugh, of Plainview; Maury Hopkins, secretary of the Plainview Chamber of Commerce; J. E. Montgomery, of Tynan, president of the Texas Farmers Bureau federation; R. Campbell, secretary of the same, and Judge L. Gough, of Amarillo.

Triplet Presides
At the farmers supper, U. Frank Triplet, of Plainview, presided as toastmaster, with speakers including J. D. Steakley, vice-president Plainview National bank; Frank Priest, vice-president Texas Farm Bureau federation, and President Thompson.

Thursday's meetings will be featured by an address by C. O. Moore, of Dallas, vice-president and secretary of the American Cotton Cooperative association, President Thompson and others.

In a stirring speech Mr. Thompson made a plea for loyalty to local farm bureaus. At the same time he asked his farm audience to assume the larger view, forget petty, local

Lions Confab Comes To End

Texas Clubs To Be Divided In Five Districts; Port Arthur Wins Next Convention; Mob Action Flayed

(By Associated Press)
AUSTIN, May 14.—Selecting Port Arthur as the 1931 convention city and Dr. R. H. Graham of Wichita Falls, governor general of Texas, the 12th annual convention of the Texas Lions clubs, in session here since Monday, concluded its program today.

The convention today voted to divide Texas into five Lions districts, designated T. E. X. A. and S. and elected governors for each of the districts. Sam Braswell of Clarendon was chosen governor of District T; G. Rolle Davidson of Electra, district E; Fred O. Orimes, Hillsboro, district X; Will Dugger, San Antonio, district A, and Dr. F. D. Fuller of Bryan, district S.

A resolution condemning the action of the mob at Sherman last week, where a negro was lynched and the courthouse burned, was adopted by the convention.

Declare Curfew For 'Hot Dogs'

EVANSTON, Ill., May 14.—If you like "hot dogs" and happen to be in Evanston, you'll have to look around a bit to go your shopping if it is after 11 p. m.

The city council today decreed the 14 o'clock curfew for "hot dog" stands on the ground that the aroma of frying frankfurters offends sensitive olfactory nerves especially after 11 p. m.

No Decisions For Ferguson And Tom Love

Two Supreme Courts Fail To Take Action In Important Political Issues Brought By Gubernatorial Hopefuls

AUSTIN, May 14.—Two state supreme courts, one special and one regular today failed to hand down a decision in two of the most important political issues ever brought up in Texas, the mandamus suits of Senator Thomas B. Love of Dallas and former Governor James E. Ferguson in which it was sought to compel the state democratic executive committee to certify their names for a place on the ballot in the gubernatorial primary in July.

Failure of the courts to act in the cases came somewhat as a surprise as it was generally expected that decisions would be given in both suits since the democratic executive committee is scheduled to meet June 9 to pass on the applications of the candidates for state office.

Love brought his mandamus action after the executive committee announced it would bar as candidates all persons who bolted the party's nominees in the 1928 presidential election.

Ferguson's suit was filed on the belief the committee would bar him from the democratic primary because he was impeached by the state senate in 1917, during his second term as governor.

The following program was given: Concert, high school orchestra; invocation, the Rev. John T. Smith; selection, "In a Fairy Boat," light Cavalry, high school band; "Bright Cavalry," high school band; "Lighthouse solo."

Cannon's Fate Still Doubtful

No Disposition Is Made Of Complaints Against Bishop For Speculation In Stock Market; Session Secret

(By The Associated Press)
DALLAS, May 14.—The fate of Bishop James Cannon, Jr., of Washington, D. C., charged with speculation on the stock market, was in doubt as to the Episcopacy committee of the Methodist Episcopal Church, South, here, adjourned without announcement as to disposition of the complaints.

Bishop Cannon appeared before the committee at 9 o'clock and stayed 45 minutes, making a total of three hours and forty-five minutes he had been before the committee today.

The committee wrangled in secret session for nearly two hours after he left, and adjourned shortly after 11:30 with the announcement that the next meeting would not be held until Friday.

While their first three churches will be set up as separate bodies, their relations to the mother church will be retained in what was characterized as a mother and daughter relation. This bond will extend to furnishing of funds by the mother church to an extent which may be as great as that now in effect.

The Brass Methodist church will, perhaps, remain the most closely associated with the South church than either of the other two autonomous groups, since those in Korea and Mexico will be formed of a unification of the Methodist Episcopal and the Methodist Episcopal, South, groups.

Modern Jazz-Crazed Age Criticized By Baptist Minister At New Orleans

(By Associated Press)
NEW ORLEANS, La., May 14.—Dr. W. J. McLothlin, president of Furman university, Greenville, S. C., today was elected president of the Southern Baptist convention on the third ballot.

In his annual sermon, Dr. Edward G. Lee of Memphis, charged that people were suffering from a modern jazz-crazed age and tawdry luxury.

"A vast Vanity Fair," he said, "is in our country, of artificial beauty parades, jazz orchestras, comic strips, shrieking postures, night clubs, cocktail gardens, bathing reviews, bootleggers, flippant marathons, tom tom dances, idle bridge parties, itching ears, folks jacking ear to raucous cheap jacks shouting palpable lies, jaded folks seeking thrills, dancing to the music of self-indulgence, chasing short lived butterflies of pleasure, pottering with snatches of nothing."

"But how revoltingly cheap this way of life looks as people remember Jesus on the cross," he said. "It shows us how poor many things we count great, how shabby our splendor, how tawdry our luxury, and how worthless many things we boast of."

Militiamen Return

No Disturbances Reported As Zero Hour For Carrying Out Threats Against Negroes Pass; 35 Arrested

(By Associated Press)
SHERMAN, May 14.—Col. L. S. Davidson, presiding officer of the military court of inquiry here under martial law, said tonight that he expected the court to obtain information which would warrant the return of at least 15 indictments against participants in last Friday's mob riots in which George Hughes, negro, died in the burning of the Grayson county courthouse.

Both county and federal grand juries will convene here Monday.

Militiamen Return
As quiet continued today in Sherman, Col. Lawrence E. Moody, ruler of the city under martial law, ordered the return home of more militiamen. He said the force remaining was adequate to preserve order.

Three newspapermen appeared today before the court of inquiry in connection with the report that Ranger Captain Frank Hamer had received orders from Governor Moody not to shoot rioters. Governor Moody and Captain Hamer denied the report, and Colonel Davidson said he knew it was false.

No Disturbances
The zero hour for carrying out threats made against negroes passed today and no disturbance was reported. No further arrests were made today in that connection.

Two more persons were docketed by military authorities on charges of incendiary and inciting to riot, bringing the total to 35.

Mob Violence Spirit Dies Down Wednesday
GRANTVILLE, S. C., May 14.—The spirit of mob violence, which flared here today with a negro's attempted assault on a five-year-old white girl, died down tonight after state officers spirited away two negroes to the state penitentiary at Columbia.

Leroy Jackson, negro, was held in connection with the crime and Ernest Jones, a boy, was taken with him as a material witness.

As news of the arrest and hurt to the community spread, the mob faced men who had tramped the pine thickets near the place of the attack, returned to their homes, leaving only little groups of curious onlookers.

The state officers rushed here from Columbia, armed with riot guns, left tonight when it became apparent there would be no need for them.

BLACK AT ALBUQUERQUE
ALBUQUERQUE, N. M., May 14.—Van Lear Black, publisher of the Baltimore Sun, who is flying to his home after a trip around the world, arrived here at six o'clock tonight. He left Oakland, Cal., at 8:30 a. m.

9-Year-Old Feature Dancer Answers Call of Footlights; Here With Show

The call of the footlights got him and Harley Sadler took him on. Billy Mack, 9-year-old feature dancer for Harley Sadler, one night last spring made the startling announcement while the show was in Amarillo, that he wanted to dance in the show. Mr. Sadler seemed rather skeptical that one so young should aspire to entertainment of a rather unmovable public.

"Can you dance?" he asked the young fellow.

Just Watch Him
"Watch me," was the answer, and he was given a chance that night to dance before the crowd.

Now, five nights of each week Billy Mack goes on the Sadler stage while appreciative audiences respond to his efforts.

Likes To Dance
"I've danced ever since I can remember and before too," he said. "When I was a baby they said I held on to a chair and danced. I like to dance better than anything although I never had a lesson in my life. It's natural, I guess," and

he unconsciously tapped his foot on the floor.

County Attorney Is Under Arrest

WICHITA, KANSAS, May 14. (AP)—The arraignment of a county attorney on charges of liquor conspiracy and attempted bribery and the arrest of an alleged bootlegger and more than a score of suspected henchmen today marked the sudden stroke of 45 prohibition officers in Southwestern Kansas.

In addition to the arrests made here, at Dodge City and at Hutchinson, efforts of the officers resulted in the seizure of stills, contraband and booting materials estimated valued at more than \$100,000. Twenty-eight of the arrests were made here. Everett G. Minner, county attorney, said by officers to have been an intermediary in a pay-off scheme between federal officers and the wholesale ring, pleaded not guilty when arraigned before Alva Penn, United States commissioner at Hutchinson last night. He was released on a \$15,000 bond.

Bankers Discuss Texas Depression

FORT WORTH, May 14. (AP)—The agricultural situation and the recent financial depression were discussed by speakers at the Texas Bankers' association convention here today.

C. E. Holland, Houston, chairman of the banking committee, said that agriculture demanded the attention of business men and since it was so closely interwoven with banking the bankers should seek to find a solution to the farmer's problem.

J. C. Alsup, president of the State National bank of Grand Saline, attacked chaos and group banking as unbusinesslike. Bank stocks are no longer attractive as investments because many country banks are unable to show profits because of old methods. The mortality rate among smaller banks of the state demands examination, he said.

FIGHT OPIUM TRAFFIC Measures For Strengthening Of Opposition Forces Taken

GENEVA, May 14. (AP)—Measures for strengthening the forces fighting the illicit opium traffic by calling up troops from the system countries, including Latin-America were taken today by the council of the League of Nations.

It was voted to invite Mexico, Uruguay, Spain, Poland, Belgium, Austria and Italy to sit in the league's advisory committee on opium traffic.

It was learned that Foreign Minister Ribot of France and Foreign Minister Grandi of Italy will meet again today to continue discussions with regard to the naval route conflict between France and Italy.

The NEW Goodyear Heavy Duty Balloons

A really STUNNING TIRE you ought to see

It isn't enough to call the new Goodyear Heavy Duty Balloon an extra-mileage tire—it's an extra-style tire as well. Once your car is shod with them, it takes on a new and smarter look; it stands proudly on a more solid and distinctive foundation. In the first place this new Heavy Duty Balloon is bigger, handsomer, more massive; and around its sleek black side-walls runs a single identifying stripe of silver. Then the outer rows of All-Weather blocks on both sides of the deep-cut extra-thick tread are

prismed down into the side wall—a touch as arresting as anything in modern sculpture. The essential merit of this tire of course is in its capacity for extra mileage—it is made stronger and tougher in every part to withstand hard, fast, rocky-road driving. Before you buy your next tire be sure you see this stunning Goodyear Heavy Duty—you owe it to yourself not to overlook its remarkable advantages.

Goodyear can give you greater tire values because Goodyear builds more than 7/4 of all the tires sold in America, the remainder being divided among some forty manufacturers. "More people ride on Goodyear Tires than on any other kind."

Two Hundred See Dancing Recital Here

Pupils Of Bernice Stevens Are Presented; Dancers Come Upon Floor Through Pages Of Large Book

More than 200 persons attended a dance recital given by pupils of Miss Bernice Stevens Tuesday evening at Hotel Lubbock.

Little Miss Mary Elizabeth Spears, wearing a page costume of orchid and gold, opened a huge book, allowing the dancers, one by one, to come upon the floor.

To the tune of "My Wild Irish Rose," Mary Irene Gregg, Marjorie Phipps, Elise Henson, Marvin Hill, James Vickers and Walter Myrick, appropriately costumed, opened the program with an Irish dance.

Acrobatic Tap Dance This was followed by an acrobatic tap dance by Ramele Anderson and Aileen Hutton, who were costumed in black and white satin.

Wearing a dainty frock of orchid and gold, with a short, ruffled skirt of tulle, and silver accessories, Wilda Rae White delighted her audience with a ballet waltz. This was followed with a Japanese dance by Lucille Brown, who was quite prepared to teach her audience a "lesson with a fan."

Colonial Number Maxine Kuykendall and Twilla Mae Cook wore the conventional ruffles and trills for an attractive colonial dance, which was followed with an acrobatic waltz by Marjorie Phipps and Marvin Hill.

Wear Silk Pajamas Following a tap dance by Aileen Hutton, Louise Miner and Marguerite Henson, wearing colorful satin pajamas, favored the group with a waltz clog, and Elise Henson, Marjorie Phipps, and Mary Irene Gregg, wearing yellow capes over their

Goldie Laden, Poet, Visits Lubbock Wednesday On United States Tour

Goldie Laden, a winsome girl 20 years old, arrived here yesterday on a tour which she is making of the United States. Hailed everywhere as one of the coming poets, Miss Laden is making expenses for her tour in selling a book of her own poems, "Dreams of Youth."

The poems reflect the wholesome philosophy and clean sentiment of youth. En route to New York the young poetess is in her 24th state at present. She will reach her destination this year and then plans to travel over the British Isles, selling her book as she goes.

Will Write Book "I got my idea for traveling from Vachel Lindsay who said it was impossible for a poet to earn his living by his writings," said Miss Laden. I have found a good market everywhere I go and in addition am gaining experience which I will gather into material for a book, "The Adventures of a amphetamine."

Such men as Will Durant, philosopher; Henry Van Dyke, author and minister; and Edgar A. Guest, nationally known poet, have read and praised the work of the poet.

Accompanied by Father Starting from Savannah, Ga. in June, 1927, the girl has sold over 12,000 of her books. She is accompanied by her father, R. L. Laden.

Miss Laden plans to do much of her future writing in free verse since she believes that there is a better medium of expression than in forms of orthodox poetry.

She says that philosophy is her hobby and reads as much as three hours daily. People are quite interesting to her although she meets every type in her travels.

Many of her sales are made to young women her own age who seem to relish the idea of one being a modern troubadour.

Miss Kate Pressley Will Appear In Recital Tonight; Will Receive First Expression Diploma At Texas Tech

The first diploma in expression to be conferred by the speech department of Texas Technological college will be given Miss Kate Pressley in the private recital she will give at a recital at the college playroom, 202, administration building, this evening at 8:15 o'clock.

Mrs. Eunice Cox Mowery, of the department, is presenting Miss Pressley in the private recital and she will read "The King's Henchman" by Edna St. Vincent Millay, is Senior Student.

Miss Pressley is a senior student of Texas Technological college and will receive a degree of Bachelor of Science in the spring semester.

Miss Pressley has been known in Lubbock, having appeared on a number of programs and took part in the Kiwanis minstrel which was given recently. In addition she has read before the club in its luncheon meetings frequently.

Miss Pressley is president of the Tech chapter of Alpha Phi Omega, national dramatic fraternity and is a member of the Sock and Buskin club on the campus.

This year she has taken part in "His Inheritance," one-act play

written by James Parke and staged by members of the Sock and Buskin club. The play was taken to Abilene and produced there in the one-act play tournament of West Texas and Central Texas colleges.

"The Great Divide," produced by the Sock and Buskin club and sponsored by the Forum, of which Miss Pressley is a member, was given in the high school auditorium and Miss Pressley played the role of the mother.

A signal honor was awarded Miss Pressley last year when she was presented a scholarship for the best student on Tech's campus.

Tech Professor To Be Main Speaker Before Graduating Class Of Hurlwood School In Commencement Program

Prof. J. W. Jackson, of the department of government at Texas Technological college, will be the principal speaker before the graduating class of the Hurlwood public schools at graduating exercises to be held tonight in the school auditorium.

Last night in the auditorium several interesting numbers were presented by intermediate grades of the school. Among the presentations were "The Coonville Chorus," "The Uninvited Guest," "The Barefoot Boy," and "The Little Red Schoolhouse on the Hill."

Baccalaureate services will be held next Sunday morning at 11 o'clock with Rev. W. M. Lawrence, missionary for the Lubbock Baptist association, delivering the sermon.

On Tuesday evening, May 20, the graduating class will present a play "Borrowed Money." Thursday evening another play will be given "A Noble Outcast."

Pioneer Peace Officer And Captor Of "Billy The Kid" Taken By Death

DOUGLAS, Ariz., May 14. (AP)—Outliving many of his compatriots, who died with their "boots on," James H. East, pioneer peace officer and one of the captors of "Billy the Kid," notorious outlaw, has breathed his last in the country he loved.

From the time in the '80s when Pat Garrett, New Mexico's crusading sheriff, pinned a deputy's star on East and led him and a little group of others out to hunt down the "Kid" and his gang of outlaws until his death yesterday, East was a guardian of the law.

77 Years Old

He was 77 years old and in the last years of his life served as police judge of Douglas.

East was born in St. Louis. Seventeen years later, he was a Texas cowboy, learning the rough life of the cattle range and schooling himself in the use of the revolver. He learned his trade so well that when Garrett organized his forces to fight the "Kid" he brought East from Texas and made him one of the posse.

After Garrett's men had captured the "Kid" and slew his cronies, East

was selected to convey the outlaw to General Lew Wallace, then territorial governor of New Mexico at Albuquerque.

Was Texas Sheriff

Accomplishing this mission successfully, East returned to the Texas Panhandle in 1882 and served for four years as sheriff of Oldham county. On a trip through Dodge City, Kas. with cattle for northern ranches, East married Miss Hattie Boulding, a native of Virginia. She survives him.

In 1903 he came to Douglas and seven years later was elected chief of police. He served two terms and two years ago was named police judge.

Growth Shown At Littlefield

Preliminary Census Survey Gives City 3,218 Persons; Had Population Of 225 In 1920 Count

(Special To The Avalanche)

LITTLEFIELD, May 14. (AP)—The population of Littlefield, according to a preliminary census of the returns furnished by O. M. Unger, supervisor of census, includes people living in adjacent suburbs not in the corporate limits. From a village of 225 people in 1920, Littlefield has grown into a modern little city with paved streets, electric lights, natural gas, and one of the finest systems of public schools in the state.

This increase of over 1,400 per cent in population is due to the development of the agricultural interests of the Littlefield territory which is fast growing into one of the best diversified farming, dairy and feeding sections in the state.

Stimson, Adams Withstand Attack

WASHINGTON, May 14. (AP)—Two cabinet members whose signatures appear on the London naval treaty—Secretaries Stimson and Adams—withstood a broadside of senatorial questioning today and fired back a vigorous counter-attack.

Stimson, appearing for the third successive day before the foreign relations committee, was cross-examined by Senator Johnson of California about the records of the London conference. He said no regular records were kept except of the public sessions and of the meetings of heads of delegations.

Chairman Hale of the naval committee asked Adams why certain elements of American naval policy had been "changed radically" at London.

The navy secretary denied that modification of the big-crusher program already authorized by congress represented a hazardous American sacrifice.

General Announces the Blow-Out Proof Tire

Safety at any speed Softer, Easier riding on any road

NOW you can enjoy the carefree, positive driving security and ease of a blow-out proof tire—the new General Dual-Balloon.

It means new safety—new confidence when you travel your narrow half of the highway and there's only a scant strip of pavement between you and trouble on either side—too scant to run the risk of a blow-out at any speed.

Every year thousands of serious accidents are charged to tires that "blew" at the wrong moment. Why invite this chance? Now you can match the power and speed of your modern car with the modern blow-out proof tire.

The Dual-Balloon eliminates the hazard of blow-outs and the inconvenience of punctures during its whole lifetime of big mileage. It brings you permanent blow-out proof protection—not an ounce of reclaimed rubber in either carcass or tread.

The Dual-Balloon runs at the lowest pressure ever known. In addition it has built-in rubber shock absorbers—extra layers of soft cushion rubber—that mean an extra give inside the tire.

This thicker cushioning prevents overheating from internal friction, eliminating inside wear. It lessens the force of damaging blows, absorbing the heavy impacts on rough roads that commonly cause carcass breaks and blow-outs in stiff, unyielding tires.

And best of all, think what the blow-out proof principle of extra softness throughout the tire means to you in greater comfort, fewer car repairs and closer-clinging skid-safe traction that lasts as long as the tire itself.

Split seconds that make you realize the priceless value of that EXTRA MARGIN OF SAFETY

at Sixty... you are going 88 feet a Second

SPECIAL PRICES this week

Equip your new or old car NOW

BRING your car around today; learn from actual experience what General's "Extra Margin of Safety" means in care-free, positive driving security and easier riding.

With hundreds of owners getting their cars tuned up for the summer, right now we have a rush call for used tires of every size and make.

Here at Trade-in Headquarters with this ready outlet for used tires we are prepared to make you a special trade-in deal on your present tires regardless of size, condition or brand.

It's your opportunity to make the General Tire's "Extra Margin of Safety" your safety, and at your price.

IF A FRONT TIRE blows, what happens? You may have only the margin of a foot or two between your wheels and the ditch—or oncoming traffic. That means that you must get in 1/4th part of a second... only a flash—too quick to think... and so you can keep a car headed straight with a flat balloon.

Even at 40 miles per hour you are speeding 40 feet a second. At any speed you can't afford to risk a premature blow-out on today's big fat tires!

KOOLMOTOR GASOLENE

is free from harmful gum

GUM in gasolene forms a sticky, gummy, clinging deposit on your valves. When you step on the gas for more power they have to fight to get free. You lose valuable compression—your power is dissipated in a laboring engine.

Insist on Koolmotor—the gas from which harmful gum has been removed. Cities Service experts, realizing the danger of excessive gum in gasolene, devised the mini-gum process which, through extra refining and unusual care, reduces the gum content in Koolmotor gasolene to a harmless minimum.

Keep your valves clean and free moving by keeping your tank filled with powerful, clean burning Koolmotor Gasolene—the gas from which harmful gum has been removed. It's both high test and anti-knock!

SHOOTING WITH SHUTE DENNY SHUTE

The baseball player has invented a simple little stunt to relieve himself of the tension he is under when he stands at the plate facing the pitcher. It is so simple that I'm drawing on it to illustrate a way to overcome tension in golf.

You've seen the pitcher stand on the mound, ball in hand and already to pitch. Instead he waits and looks at the batter, nervously swinging his bat.

You also have seen the batter walk out of the box if the pitcher delays too long. He'll dust his hands, adjust his cap or hitch up his pants and then step back to the plate. Why?

Taste of Own Medicine
He does it to relieve the tension. The pitcher is delaying the throw intentionally, knowing the batter is tense and eager. The batter's little stunt forestalls him. He's literally turning his own guns on him.

Golfers get that way at the tee, particularly at the first or tenth where a crowd stands close by. To overcome that tension, my advice is to step back from the ball, "out of the box," as it were, take a practice swing and then get back and hit the ball before you've time to get nervous again.

Standing still encourages tension. Moving breaks it.

YOU CAN OVERCOME NERVOUSNESS AT A CRUCIAL MOMENT BY STEPPING BACK FOR A PRACTICE SWING.

Women Golfers From America Still In Tilt

Five Other American Players Are Eliminated In British Women's Tournament; Encounter Tough Going

FORMBY, England, May 14. (P)—Glenna Collett and Helen Hicks today fought to the quarter-finals of the British Women's Golf championship, while five other American players were eliminated.

Both Miss Collett and Miss Hicks had to play courageous golf to remain in the competition. Molly Gourlay forced the American champion to the 21st hole before she surrendered in the fourth round and the hard hitting "Billy" Hicks needed 19 holes to dispose of Mrs. Percy Garon in the same round.

Safely past the morning round, their afternoon tasks proved easier. Miss Hicks defeating her fellow countrywoman, Mrs. Leo Federman, while Miss Collett was disposing of Byrl Brown, a Formby girl.

Maureen Orcutt reached the fifth round without incident but there encountered Enid Wilson, the golfing giantess of Otingham, and, in a shower of fours, was eliminated.

Virginia Van Wye, Edith Quier and Mrs. Stewart Hanley were eliminated in the lower bracket of the draw.

Miss Wilson will be Miss Hicks' opponent tomorrow morning and if the American wins and Miss Collett stops Hilda Cameron, her Scotch rival, the stage will be set for another all-American match in the afternoon.

Battle For Walker Cup To Start Today Over Tough English Course

SANDWICH, Eng., May 14. (P)—Sixteen crack amateur golfers of the United States and Great Britain early tomorrow will start the biennial competition for the Walker Cup, emblematic of international team supremacy.

Tomorrow will be devoted to the foursomes in which two men on each side play alternate strokes with the same ball, the matches being decided over 36 holes and each counting one point. Eight single matches Friday, also at 36 holes, will conclude the competition.

Cold Weather Takes Hand In Postponements

All Four Of American League Games Called Off Wednesday As Rain And Chilly Weather Intervene

NEW YORK, May 14. (P)—Wide-spread rain and chilly weather today made baseball a rather unprofitable business. Out of eight games scheduled in the two major leagues, only two were played and those before meager crowds. All four of the American league games were postponed.

At Cincinnati some 2,000 fans turned out to see the Reds play the Brooklyn Robins in a struggle for second place. Only half that number was present at St. Louis at the start of the game between the Cardinals and the league leading New York Giants. The weather was cloudy and chilly in both places. The minor leagues also suffered. The two big ones got in only one game, between them. The Newark-Montreal contest was played while the American Association postponed all four games.

Country Club Open Narrowed To Four Contenders In First Flight; Bussey Still Favorite

The battle for the championship of Lubbock Country club's open golf tournament was narrowed down to four contenders Wednesday as four crack golfers advanced through to the semi-finals.

While Clinton Bussey, holder of the West Texas Association title, is conceded a decided edge over the field, he is certain to encounter some stiff opposition before the championship is decided Sunday.

Remaining in the first flight with Bussey are Jo Dick Slaughter, Don Mitchell, and E. Doherty.

Favorites Fashed
Both Bussey and Slaughter, the favorites, were hard pushed to win their matches yesterday. V. O. Jennings kept on the heels of the West Texas champion throughout the match, Bussey winning on the 18th green. J. K. Bradshaw likewise put up a gallant fight in his tilt with Slaughter, the latter winning at the 17th hole. At the end of the first nine the match was deadlocked and it was not until the 17th green was reached that Slaughter was able to take the lead. His birdie 2 on the 18th won the match, 2 up.

Don Mitchell eliminated Reuben Lindsey, 4 and 3, and E. Doherty defeated Otis Feltz, 4 and 3, in the other first flight matches.

In the second flight Melvin Dow downed Jimmy Garrett, 6 and 5; R. C. Barnes defeated S. I. Fluke, 2 and 1; Bud Roberts defeated W. D. Kelly, 3-2; N. L. Peters defeated M. M. Mitchell, 4 and 3.

Third flight—O. Lykes downed N. R. Carter, 4 and 2; D. A. Dowell defeated C. M. Hugglett, 1 up.

Fourth flight—W. B. Powell beat H. W. Carpenter, 2 up; O. L. Peterman beat M. Belenger, 2 and 1; Jimmy Alls beat W. D. Girard, Jr., 8 and 7; P. Bradford beat G. H. Blakeley, 5 and 4.

Today's pairings in the championship flight find Bussey matched with Mitchell and Slaughter with Doherty. The two winners will meet Sunday in a 36-hole match for the title.

St. Louis Cardinals Rally To Down Giants And Win Eighth Straight; Dodgers Trim Reds

ST. LOUIS, May 14. (P)—A six-run rally in the fourth inning combined with some great relief pitching by Herman Bell gave the Cardinals a 7 to 3 victory over the New York Giants today, and their eighth game in succession. The Giants made only four hits, three off Grabowski in the first three innings.

Decorations Of Roses Are Used

Bowls of lovely roses were used to decorate the Roscoe Wilson home, 2201 Broadway, when Mrs. Wilson and Mrs. C. J. Wagner were hostesses to members of the Wednesday Needle club.

The afternoon was spent in needlework and refreshment plates of pineapple tarts, nuts, olives and coffee were served to about 20 members.

Luque Turns Back Old Mates As Robins Win

CINCINNATI, May 14. (P)—Adolfo Luque, the veteran Cuban who pitched for Cincinnati 14 seasons, went against his old mates today and hurled the Brooklyn Robins into third place in the National League standing with a 7 to 4 victory over the Reds.

Luque pitched a good game, allowing the Reds only nine hits and three runs in six innings. He received a large amount of assistance from Glenn Wright, who hit a home run, two triples and a single in four times at bat, scored two runs and drove in another.

Home Run Score
Wright's homer tied the score at 3-3 after the Reds had bunched four hits in the opening frame for two runs. In the sixth, Johnny Frederick drove the ball into the right field bleachers with two on base to give the Robins a safe lead. Bob Meusel outdid the others in hard hitting in the same inning with a homer that did not stop until it struck a wall on the far side of York street, beyond the left field wall.

Ernie Rixey started the game for the Reds, but was taken out after he had allowed 13 hits in six innings. Ray Kolp finished.

Summary:
Runs batted in—Frederick 3, Herman Wright 2, Bissonette, Meusel 2, Rixey. Two base hits—Wright, 2. Home runs—Frederick, Wright, Meusel. Stolen bases—Callahan, Walker. Southland Plans Football Eleven

SOUTHLAND, May 14. —Southland High school boys are talking about a football team for next year. Owing to a change in coaches the past year no football was played.

Farris Bass is the athletic coach for the coming year. W. A. Smith, superintendent, said. He will direct the football, basketball and baseball activities. Tennis also is another popular sport here.

Most of last year's basketball squad is expected to be on hand for the 1931 team. Many of them will play football also.

The tennis team got almost to the semi-finals of the meet this year.

Crosbyton Man Is Sentenced To Pen

Charged with violation of the prohibition laws, Emmett George was sentenced to a year in the state penitentiary Tuesday afternoon in 72nd district court at Crosbyton after he had entered a plea of guilty.

Trial of A. D. Stevens, charged with forging, resulted in a hung jury. Docketed here Tuesday night, Lawrence Evans and Nadine Smith were charged with statutory offense, will be tried Monday at Crosbyton. L. A. Wicks, of Dallas, and W. P. Walker, of Crosbyton, have been appointed to defend Reed.

Cotton Fluctuates; Bulls Rule Mart

Sessions Are Dominated By Rain Reports

Moderate Supplies Of Cattle Around Market Circuit Serve To Check Drop

Utilities And Rails Boosted By Bull Force

Operators March Quietly In Stock Market Session With Minor Obstacles To Higher Ground Wednesday

BY JOHN L. COOLEY

Associated Press Financial Writer

NEW YORK, May 14. (AP)—Bulls ruled today and the market advanced to a new high...

NEW ORLEANS, May 14. (AP)—Cotton was dominated by the weather today, new crop months being naturally the most affected.

Liverpool came in 6 to 8 points worse than due and first trades here showed losses of 14 to 15 points.

Following a slight rally of a few points prices eased on the favorable showing of the weather map of rains in the eastern belt.

July eased to 15.88 down 19 points while October dropped to 14.66 and December to 14.71 down 31 to 33 points.

July rallied to 16.00 on trade buying up 12 points but the new crop months recovered but little.

The census bureau's domestic consumption total for April of 532,382 was about as expected and had no influence on the market.

The market quieted during the afternoon and while old crop months eased a little on realizing, July closing at 15.89 down 18 points net for the day.

New crop months rallied slightly on covering, October closing 14.70 down 27 points net and December closed at 14.83 down 24 points net.

Trading in Cotton Quiet Wednesday

NEW YORK, May 14. (AP)—Trading in cotton was quieter today with prices lower under selling promoted by relatively easy cables and reports of beneficial rains in the eastern belt.

July sold off to 16.23 and closed at 16.23, while the new October closed after declining 14 points to 14.71.

The general market closed steady at net declines of 17 to 25 points.

The opening was steady at a decline of 7 to 26 points in response to the easier Liverpool cables and reports of eastern belt rains.

There was a little covering but the market weakened under continued realizing. May sold off to 16.13 and the new December contracts to 14.73, making net declines of about 21 to 32 points in the active positions.

Wheat Values On Downward Trend

CHICAGO, May 14. (AP)—Notwithstanding announcement that world's available supplies of wheat have decreased 13,397,000 bushels in the last week, wheat values today showed a general downward trend.

Closing quotations on wheat were unsettled 3-8 to 1 1/8-8 bushels below yesterday's finish.

Corn closed unchanged to 3-8 to 7-8c down, oats 1-3 to 2-8c off, and provisions unchanged to a setback of 5c.

Late estimates put the total purchases from Canada and the United States today for overseas at 700,000 to 800,000 bushels.

Corn and oats went lower with wheat. Canadian points advised that Argentine corn is being offered at much below a parity with corn from the United States.

FARM BUREAU

(Continued From Page One)

Selfish interests and work for the good of the farmers not among their own home county, but throughout the state of Texas and the nation.

Structure Sketched

Sketching the structure of the farm bureau in its county, state and nation, Mr. Thompson declared that the county farm bureau is the cornerstone of the edifice which has been reared by farmers to serve themselves. At the same time, he insisted, the county farm bureau is only a portion of the complete structure and cannot perform its full functions unless it coordinates its activities with the rest of the organization.

"The county farm bureau," said Mr. Thompson, "is a clearing house for the problems that confront the individual farmer in his home locality. It is well to remember, however, that some problems common to the individual cannot be solved by the county alone, because they also affect farmers in other counties."

"When the separate counties merge their common interests and attack their common problems the solutions are quickly and easily obtained. It is in the same way that the state farm bureau federations have united into the national organization of which it is my privilege to be head, and under the American Farm Bureau's leadership are attacking such problems as the agricultural tariff, interstate freight rates, federal taxation, road building and many others."

"Never has there been a more urgent need for farmers to organize than at the present moment," said Mr. Thompson. "We can well take a lesson from the big business interests which are merging into larger and larger combinations, pooling their capital, their equipment, their man-power, so that their costs can be reduced and other advantages secured which would not be possible under individualistic operation of the various concerns."

Sam Thompson Will Talk Here Friday

Sam H. Thompson, of Quincy, Ill., president of the American Farm Bureau federation, will be the principal speaker at a gathering of members of the Lubbock County Farm Bureau federation to be held tomorrow afternoon in the county courthouse.

Mr. Thompson will discuss national issues as they affect the farmer, and will confer with local Farm Bureau leaders on plans for strengthening the organization in this section.

He is expected to arrive in Lubbock early Friday morning from Plainview where he was principal speaker at the district convention of the federation in that city on Wednesday and Thursday.

Mr. Thompson is a forceful speaker and those who listen to him find much to attract them to the clear-eyed and energetic farmer-business man. Aside from being the national executive of the federation, he is president of the Broadway bank at Quincy.

FAVOR WOMEN PASTORS

Recommendation Is Voted By Methodist Committee

DALLAS, May 14. (AP)—The itinerancy committee today voted 36 to 18 to recommend to the general conference of the Methodist Episcopal Church, South, that women be admitted to the ministry. The matter had been pressed in a memorial, the women claiming equal rights with men for ordination.

The report was so strong a contest on the issue, Childs Bledsoe, of Fort Worth having announced he would submit a minority report.

Bicycles in many colors are appearing in London.

July eased to 15.88 down 19 points while October dropped to 14.66 and December to 14.71 down 31 to 33 points.

July rallied to 16.00 on trade buying up 12 points but the new crop months recovered but little.

The census bureau's domestic consumption total for April of 532,382 was about as expected and had no influence on the market.

The market quieted during the afternoon and while old crop months eased a little on realizing, July closing at 15.89 down 18 points net for the day.

New crop months rallied slightly on covering, October closing 14.70 down 27 points net and December closed at 14.83 down 24 points net.

Trading in Cotton Quiet Wednesday

NEW YORK, May 14. (AP)—Trading in cotton was quieter today with prices lower under selling promoted by relatively easy cables and reports of beneficial rains in the eastern belt.

July sold off to 16.23 and closed at 16.23, while the new October closed after declining 14 points to 14.71.

The general market closed steady at net declines of 17 to 25 points.

The opening was steady at a decline of 7 to 26 points in response to the easier Liverpool cables and reports of eastern belt rains.

There was a little covering but the market weakened under continued realizing. May sold off to 16.13 and the new December contracts to 14.73, making net declines of about 21 to 32 points in the active positions.

Wheat Values On Downward Trend

CHICAGO, May 14. (AP)—Notwithstanding announcement that world's available supplies of wheat have decreased 13,397,000 bushels in the last week, wheat values today showed a general downward trend.

Closing quotations on wheat were unsettled 3-8 to 1 1/8-8 bushels below yesterday's finish.

Corn closed unchanged to 3-8 to 7-8c down, oats 1-3 to 2-8c off, and provisions unchanged to a setback of 5c.

Late estimates put the total purchases from Canada and the United States today for overseas at 700,000 to 800,000 bushels.

Corn and oats went lower with wheat. Canadian points advised that Argentine corn is being offered at much below a parity with corn from the United States.

Farm Bureau

(Continued From Page One)

Selfish interests and work for the good of the farmers not among their own home county, but throughout the state of Texas and the nation.

Structure Sketched

Sketching the structure of the farm bureau in its county, state and nation, Mr. Thompson declared that the county farm bureau is the cornerstone of the edifice which has been reared by farmers to serve themselves. At the same time, he insisted, the county farm bureau is only a portion of the complete structure and cannot perform its full functions unless it coordinates its activities with the rest of the organization.

"The county farm bureau," said Mr. Thompson, "is a clearing house for the problems that confront the individual farmer in his home locality. It is well to remember, however, that some problems common to the individual cannot be solved by the county alone, because they also affect farmers in other counties."

"When the separate counties merge their common interests and attack their common problems the solutions are quickly and easily obtained. It is in the same way that the state farm bureau federations have united into the national organization of which it is my privilege to be head, and under the American Farm Bureau's leadership are attacking such problems as the agricultural tariff, interstate freight rates, federal taxation, road building and many others."

"Never has there been a more urgent need for farmers to organize than at the present moment," said Mr. Thompson. "We can well take a lesson from the big business interests which are merging into larger and larger combinations, pooling their capital, their equipment, their man-power, so that their costs can be reduced and other advantages secured which would not be possible under individualistic operation of the various concerns."

Sam Thompson Will Talk Here Friday

Sam H. Thompson, of Quincy, Ill., president of the American Farm Bureau federation, will be the principal speaker at a gathering of members of the Lubbock County Farm Bureau federation to be held tomorrow afternoon in the county courthouse.

Mr. Thompson will discuss national issues as they affect the farmer, and will confer with local Farm Bureau leaders on plans for strengthening the organization in this section.

He is expected to arrive in Lubbock early Friday morning from Plainview where he was principal speaker at the district convention of the federation in that city on Wednesday and Thursday.

Mr. Thompson is a forceful speaker and those who listen to him find much to attract them to the clear-eyed and energetic farmer-business man. Aside from being the national executive of the federation, he is president of the Broadway bank at Quincy.

FAVOR WOMEN PASTORS

Recommendation Is Voted By Methodist Committee

DALLAS, May 14. (AP)—The itinerancy committee today voted 36 to 18 to recommend to the general conference of the Methodist Episcopal Church, South, that women be admitted to the ministry. The matter had been pressed in a memorial, the women claiming equal rights with men for ordination.

The report was so strong a contest on the issue, Childs Bledsoe, of Fort Worth having announced he would submit a minority report.

Bicycles in many colors are appearing in London.

Walter Harrison

(Continued From Page One)

He expressed amazement at the development on the South Plains. "I had thought that much of the praise heard about this section was largely visionary," he continued, "but this trip has convinced me of the possibilities for mutual profit. We realize now in Oklahoma City that with modern transportation and increasing interest in highway development we can share with you in the benefits of this wonderful agricultural area."

No "Success" Code

Mr. Harrison, who refuses to lay down a code for "success," says that he is among those who have had the breaks. "I know that I am no more able than scores of men I know on copy desks and as reporters."

He frankly confesses to the errors of his early days as reporter. "John W. Carley," he said, "who was my first city editor on the old Sioux City Journal, put an envelope of edited copy in my pigeonhole one night that was worse than anything I have seen in recent years. He was kind enough to be tolerant. I have often wondered if there simply wasn't another cub available in Sioux City at that time. So it wasn't born in me; it was made by the decent men I have come in contact with."

The suave and debonair newspaperman is always receptive to discussion pertaining to ethics of journalism. "Less trivial crime news is published regularly by worthwhile newspaper editors today that was not the case five years ago," he said recently before the national convention of the American Society of Newspaper Editors in Washington.

"The trend toward the elimination of sordid things of nonentities has been marked in the last two years."

Ran Cheap Murder

"In discussing this point with five managing editors who are members of the society, I learned that each

of them has invoked a rule against the publication of cheap murder and suicide stuff from outside of his state. That is progress.

"There was a time when every violent death was considered interesting for national distribution. That condition no longer exists, although I do believe the press associations put more worthless crime news on the wires than the average subscriber wants."

JOKE ON MAYOR

Friends of Andy Brown, genial city man at city and semi-official "mayor" of the town, are laughing at a joke played on him on the occasion of a recent birthday celebration. Andy had told the boys how old he was and that evening came down to meet the bus and get his Evening Journal. He then started home. In the meantime the boys had decided to keep Andy away from home as long as they could. They waylaid him and started to get him to give him a "birthday beating," suspecting their intentions. Andy managed to slip away in his car. Every time he started home the crowd followed and he had to stay away.

TEACHER MARRIES

Southland High school next year will have a married woman as a teacher in the person of Mrs. J. M. Teague, Jr. She was the former Miss Selma Patterson of Lubbock, who has been one of the popular instructors there. A few weeks ago she and J. M., Jr., slipped away and were quietly married.

TAKE NO CHANCES

The Dal Rio drug store at Lamesa has the most popular book in town among the baseball fans. It is the 1930 baseball year book. Every time one of the boys gets the job of umpire for a ball game, he goes down to the store and asks Mac for the book. "We don't take any chances," one of the amateur umpires said.

"TEE WEE GAWE"

"Tee Wee Gawe" has struck Pom with a bang. Monday afternoon about 25 men and boys were lined up for the game, or were playing. In fact, the course has become so popular that three or four groups simply refused to stop playing long enough to permit the owners to finish getting the sand in proper shape. Ed Warren and George Brown are planning to invite the "Pheasant" down for an afternoon of "gaw" and in the event he does not care to indulge, they probably will take him out to Two Draw Lake for some fishing.

WOODROW HAS PICNIC

Sunday afternoon at Woodrow there was an out-of-door picnic at the school house following morning service. About 11:30 the crowd began to leave the building and made for the big grassy space in front of the building and near the highway. There they unpacked big hamper and baskets of chicken and all the trimmings of a good time. Several times each summer these affairs are held at Woodrow, south of Lamesa, and there is always a crowd of several hundred people on hand. About 75 cars were at the school house.

HAS FINGERS CROSSED

Leon Moses, county attorney at Post, is one of the boys who has made a hit at the Garza county seat. Leon has been out of school four or five years and went on once to Post to hang out his legal shingle. He has been named county attorney and is always called upon to lend a hand in settling things over in the county. So far no opposition has come out formally. Leon says he has his fingers crossed.

Being the only county peace officer in the job of W. F. Cain, sheriff and tax collector of Garza county. Because the population is under 10,000, the two offices are combined. W. F., who has been sheriff at Post only a matter of 11 or 12 years, says the sheriff's job has just a little more work to do than one man can do and isn't quite enough for two. "The county does not allow hire for a deputy and there is not enough in the way of fees for me to hire a man," he said. "I do it all," Mr. Cain says. "Then I know that if it were a man's right, but we don't have as much trouble here as some other counties." The sheriff has a deputy to look after the collecting. Miss Doll Raney, "She does the inside work and I do the outside work," he said.

YOUNG BIRD CAUGHT

Ed Warren, editor of the Dispatch has a hit in the eye of the town boys. All spring Ed, whose hobby is catching or trying to catch birds, has kept his eye on a new bird of town. Three weeks ago he visited the place and found it was almost time to get a young bird. Sunday afternoon one of the men and his son went out to the place and found a baby bald eagle. They captured it. The bird measured three feet two inches from tip to tip of wings. Its feathers were just beginning to show black. Ed has a young eagle, stuffed, which he captured last year and has stuffed and mounted in his office. He wanted a companion bird. "I kept this one for a month after I captured it," he said, "before I got it mounted."

TAYLOR POPULAR

Robert Taylor, Avalanche-Journal agent at Post is popular with business men of Garza county metropolis. Bob took the agency when it was small and has built it up to large enough to have three carriers to assist him. He waits for the papers at the Warren Brothers Drug store

every evening and morning. A good many of his regular customers come to the store for their papers, especially if the bus happens to be delayed on account of rain. Business men speak a good word for Bob, saying he does not have any complaints of non-delivery.

JEALOUS OF COACH

Some of the high school boys at Post are just a bit jealous of the coach, Harry Taylor, Harry, who hails from Waco, is leaving in a few days for the east where he will spend the summer playing baseball. He plays this year with Lynn, Mass. "I belong to Albany and they farmed me out to Lynn," he said. Harry is a center fielder and subbing catcher. He goes to Mangum, Okla., to play next year.

Co. Charlie Quall, postmaster at Post, has the smallest automobile license tag number in this section of the state. Charlie, who is one of Governor Moody's staff, had enough influence down at Austin to get tag No. 70.

BEFORE IT'S TOO LATE!

When tempted to over-indulge

"Reach for a Lucky instead!"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

Your Throat Protection—against Irritation—against cough

In the U. S. Public Health Reports of 1923, Volume 36, Page 1271, we find the following: "Among short men less than 5 feet 7 inches in height an excess (in weight) of 20% involves an added mortality of 30% above normal. A 40% excess adds 80% to the mortality." We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.
