MIDLAND, TEXAS, THURSDAY, FEBRUARY 14, 1952

TWO SECTIONS—TWENTY-EIGHT PAGES

Daily 5c; Sunday 10c

Weather

Partly cloudy Thursday night and Friday. Lowest temperatures 25-35 South Plains Thursday night. Maximum temperature Wednesday 64 degrees; minimum Thursday 28 degrees.

Casing Cemented In Superior Test In C-S Midland

Superior Oil Company has cemented seven and five-eighths-inch casing on total depth of 10,681 feet in the Pennsylvanian at its No. 4-18 Windham, wildcat in Central-South Midland County.

This project had shows of gas on drillstem tests below 10,143 feet. Last drillstem test in the project was from 10,265 to 10,380 feet. Tool was open two hours. Recovery was 300 feet of gas-cut mud.

Operator mixed mud for several days in order to stop gas from showing to the surface.

As soon as cement cures in the casing, it will be drilled out and operator will then try to test the section which developed the heavy gas show.

Location is 660 feet from north and west lines of section 15, block 30, T-4-S, T&P survey.

Texaco Wildcat In C-S Martin Area Is To Be Tested

The Texas Company was running packer and tubing to test the Pennsylvanian through perforations at 10,530-575 feet in No. 1 McClain, wildcat in Central-South Martin County.

When that section was drilled through, a drillstem test was taken above 10,575 feet that developed good shows of gas. Casing is cemented at 10,575 feet.

The above perforations, from 10,530 to 10,575 feet were washed with 1,500 gallons of acid.

Location is 1,983 feet from south and 662 feet from west lines of section 28, block 36, T-2-N, T&P survey.

DST Try Fails At O'Neill Test In C-S Terry

Joseph I. O'Neill No. 1 Lyons, Central-South Terry County wildcat tried a drillstem test in the top of the reef lime at 9,938-90 feet.

The drill pipe collapsed and there was no test. Operator was due to make another attempt to test the section.

This prospector topped the reef lime at 9,940 feet. Samples from that point to 9,960 feet have had some indications of possible production.

However a drillstem test at 9,938-30 feet recovered only 240 feet of drilling mud with no shows of oil, gas or water.

A core through the interval at 9,950-90 feet had some soft drilling and some oil stains.

Location is 467 feet from north and west lines of the northeast quarter of section 10, block C-36, 1st survey. It is one mile southeast of the Wellman-Wolfcamp field.

Upton Flat Rock Again Produces From Ellenburger

Completion of Cities Service Oil Company had Continental Oil Company No. 2-AH University restored Ellenburger production to the Flat Rock field of Southeast Upton County, eight miles east of Rankin.

Operators reported a daily flowing potential of 313 barrels of 61-gravity distillate through an 11/64-inch tubing choke. Production was from open hole at 10,699-10,747 feet. Pay was topped at 10,699 feet, elevation 2,742 feet. Gas-oil ratio was 1,590-1 and tubing pressure was 1.715 pounds.

Location is 660 feet from south and east lines of section 29, block 3, University survey. Completion was natural.

Cities Service and Continental No. 1-AH University, discovery well from the Ellenburger for the field turned to water in that formation and was re-completed in the Spraberry.

SW Runnels Wildcat Gets Good Oil Show; To Try To Complete

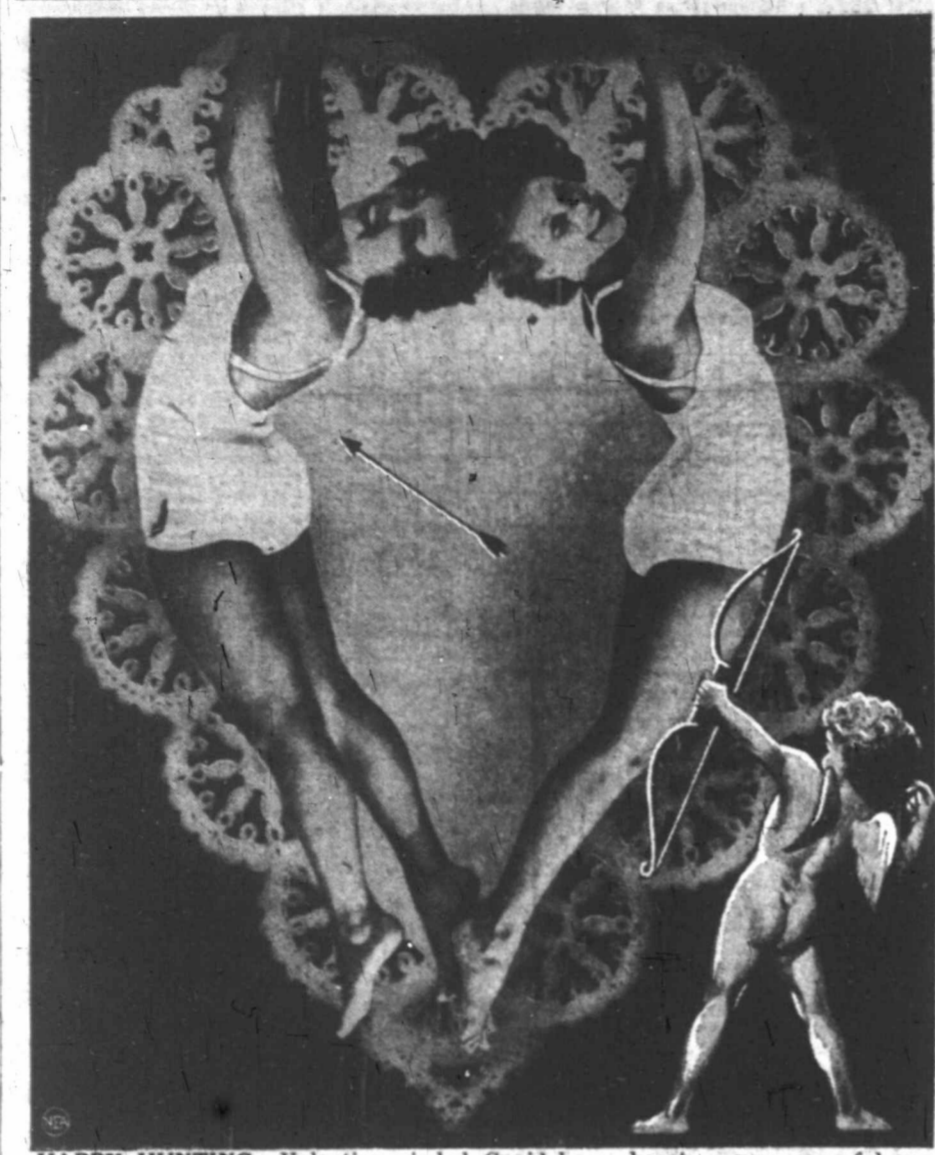

A discovery from the Strawn section of the Pennsylvanian has been indicated at Eagle Producing Company of San Angelo No. 1 Curtis Poyner, Southwest Runnels County wildcat.

This prospect is two miles east of Maverick and 680 feet from north or 300 feet from east lines of section 33E, A. Arbousc survey.

The show came in a 30-minute drillstem test at 4,200-4,213 feet in the upper Strawn. Top of that formation is at 4,200 feet. Elevation is (Continued On Page Eight)

Water bill too high? The "walking" sprinkler will save—no more hose to drag—automatically shuts off—waters evenly without soaking. Wemple's. Dial 4-8228.—(Adv.)

Courthouse Plans Draw Protest

HAPPY HUNTING—Valentine-minded Cupid has a heart—a very graceful one formed by Donna Steen, left, and Kathy Darlyn, two curvaceous misses whose beauty usually graces the beach at Cypress Garden, Winter Haven, Fla.

Scofield Asked To Resign, Says Tax Boss Dunlap

WASHINGTON—(AP)—U. S. Revenue Commissioner John B. Dunlap says he requested the resignation of Frank Scofield, veteran Internal Revenue collector for South Texas.

President Truman announced Scofield's resignation Wednesday, effective February 29, without comment.

Dunlap said Scofield's office in Austin had been under investigation and the resignation was asked "for the best interest of the revenue service."

Scofield wired his resignation from his hospital room in Austin. After the President's announcement Wednesday, he refused to comment.

His wife said the resignation was given voluntarily and as far as she knew his office had not been under investigation.

A nurse who asked Scofield if he would admit an Associated Press reporter, said Scofield told her: "I don't want to talk to him."

In his resignation, Scofield said his physician had given him "repeated advice" to quit and take a complete rest.

Not So, Says Wife
Mrs. Scofield said her husband was too ill to comment. She said Dunlap's statement that the resignation was requested is untrue.

"It was not requested. It was given voluntarily," she said in a telephone conversation.

"Of course, everyone knows all about this business about Gene Meyer," she said, adding that as far as she knew, her husband's administration of the South Texas District office had not been under investigation.

Masonic Building Committee To Meet

Building plans of Midland's Masonic Lodge will be discussed by its building committee at a meeting at 2:30 p.m. Friday in the directors' room of The First National Bank. John P. Butler announced.

He said any members of the lodge may attend this meeting. All members have been summoned to a meeting at 7:30 p.m. Friday in the Lodge Hall.

Stop soaking soil—save several steps—see startling "walking" sprinkler which saves water while sprinkling sans saturation—Wemple's. Phone 4-8228.

March 1 Deadline Set For Oversize Garbage Containers

Those non-regulation garbage cans must be gone by March 1 or they'll be picked up by the city.

City Manager W. H. Oswalt warned Thursday that the deadline for obtaining regulation garbage cans had been set for that date.

"Non-regulation garbage cans remaining in use on that day," he said, "will be hauled away."

Under a new city ordinance the garbage can must have a maximum capacity of 32 gallons and must be equipped with a tight-fitting lid.

"Each household" said the city manager, "should provide a sufficient number of containers to take care of the garbage on the basis of two collections weekly."

"It is suggested that garbage cans be fastened to a stake or rack in order to prevent their loss."

Two From Midland Return To States

Two Midland soldiers were scheduled to arrive in San Francisco Thursday aboard the transport General M. C. Meigs along with 4,472 Army officers and enlisted men from Korea.

The combat veterans from Midland are Cpl. Billy W. Dennis and Sgt. James B. Notgrass, Route 2. They are coming home under the rotation plan.

★ LATE NEWS FLASHES ★

MIAMI, Fla.—(AP)—The Coast Guard Thursday said the American freighter *George Duketon* was on fire off the west coast of Cuba and the crew was abandoning ship.

HONG KONG—(AP)—The pro-Nationalist Kung Sheung Daily News Thursday published an unconfirmed report that "10 more Russian-made submarines" have arrived at the Chinese Communist naval base of Hulin on Hainan Island.

ELIZABETH, N. J.—(AP)—The Civil Aeronautics Board Thursday indicated trouble in the right propellers caused the crash of the National Airlines plane here Monday that took 32 lives.

ST. LOUIS—(AP)—In a dramatic, open bargaining session with the press looking on, Cardinal owner Fred Saigh laid a blank contract before Stan Musial Thursday and the National League batting champion signed at his last year figure of \$75,000 plus.

WASHINGTON—(AP)—A presidential emergency board recommended Thursday that the nation's railroads accept a demand by non-operating workers for a union shop clause in their contracts.

NO TROUBLE AT ALL—Who Says Women Can't Drive Buses?

By MARILYN PARKER
Reporter-Telegram Staff

So you think women can't drive buses! This reporter was a little skeptical, too, until watching the women coach operators in action.

These women drove the coaches with such ease and confidence and it looked so easy I decided to try it myself. And, lo and behold, it was easy.

Any woman who can drive a car could drive one of these new, modern coaches. And for those of you who are saying, "Some women can't even drive cars"—I say, "Some men can't either."

The buses are equipped with no clutch, a comfortable, adjustable seat, a color scheme pleasing to the eye, and—no backseat drivers.

Group Asks New Building For Library

A proposal to construct a new addition to the Midland County Courthouse at an estimated cost of \$1,000,000 drew the formal protest Wednesday night of the Park Advisory Commission of the City of Midland.

The addition was proposed last month to provide additional room for a public library as well as added space for various offices in the courthouse.

While agreeing the county needed more room, the commission urged that space for a library and museum be provided in a separate building.

Crier Park on West Wall Street was suggested as the site for such a building.

The commission also pointed out that "every effort should be made to retain the few natural surroundings that remain in the business district of Midland."

The resolution was approved unanimously by members of the Park Advisory Commission, headed by Mrs. A. P. Shirey. Other members include Mrs. Robert Payne, Mrs. Robert Clarke, V. E. Bottoms, M. W. Collier and Harold E. Bahr.

In the resolution the commission "strongly protests the enlargements of the county courthouse as the means to provide additional space for the library and museum."

"Progress in a city," the resolution continued, "cannot be measured only by the physical elements."

"While every citizen of Midland is proud of the churches, schools, theaters and office buildings that mark Midland as a growing and progressive city and county, there has been sacrificed with each new building, grass and trees that have an intrinsic value that increases (Continued On Page Nine)

Davis Quits WTCC Post

C. DeWayne Davis, former assistant manager of the Midland Chamber of Commerce, has resigned as manager of the agriculture and livestock department of the West Texas Chamber of Commerce.

General Manager Fred Husbands Thursday announced the resignation in Abilene. Davis was in Fort Worth and had not revealed future plans.

Davis left the Midland position in 1948 to become chamber manager at Tulsa. Later he became publisher of the Tulsa Herald, which post he left to join the WTCC.

Mr. and Mrs. Davis have two children. They have been residing in Abilene, headquarters of the WTCC.

Public Gets First Look At Coaches

The public got its first look Thursday at its new motor coaches.

The five coaches started going over the routes Thursday morning and one of them was placed on display at Wall and Lorraine Streets at 1 p.m. Thursday.

Operator Jean Burrow was on hand to show visitors through the coaches Thursday afternoon while Operator Rosalie Trimble will be with the bus Friday afternoon at Main and Wall Streets.

Regular service will begin next Wednesday.

Baker, Oliver Ask City Council Posts

Two prominent Midland businessmen—J. T. Baker, banker, and Donald M. Oliver, independent oil operator and consulting geologist—filed Thursday as candidates for City Council places to succeed Jack Wilkinson and J. W. McMillen, who are not seeking reelection to second terms.

The city election is scheduled April 1, with March 1 being the deadline for candidate filing.

Baker is first vice president of The First National Bank and long has been active in civic affairs here. A native of Hillsboro, Baker moved to Midland in February, 1930, to join the staff of The First National, and has been with the bank since that time. He and Mrs. Baker reside at 909 West College Street.

He is treasurer of numerous organizations, including the Buffalo Trail Council, Boy Scouts of America; Midland Heart Association, and Civic Music Association. He is a member of the Kiwanis Club and

Labor Secretary Blames Ranchers For Wetback Ills

FORT WORTH—(AP)—Secretary of Labor Tobin said Thursday "constant pressure" by a few U. S. ranch owners along the Mexican border has prevented Congress from giving the U. S. Immigration Service "necessary authority and personnel" to keep out "wetbacks."

"Illegal and uncontrolled immigration of Mexicans as farm labor to the Southwest has been, and still is, the great mountain between our country and Mexico," Tobin said at a joint luncheon of the Farm Labor Conference and the Kiwanis Club here.

Tobin declared in a prepared address there is "little hope for a satisfactory supply of legal labor" for the Southwest's teeming cotton, citrus and truck ranches "until we can shut the door of the border to illegal immigration."

He said "scores of known Communists" have been arrested by immigration authorities within the last year along the "open border."

He cited one ranch with "miles of frontage on the Mexican border that will not permit our immigration officers to enter and search for aliens."

"Constant Pressure"
"This is possible because of constant pressure by a few to prevent Congress from giving the necessary authority and personnel to our immigration force," Tobin said.

A bill making it a crime to "harbor, conceal or transport" illegal immigrants—called wetbacks because they get wet crossing the Rio Grande—already has passed the Senate, Tobin noted.

He said that if the bill becomes law it "can open a new chapter in the history of Mexican farm labor in the United States."

Motorists Get Appeal

With the deadline six weeks away, less than 10 per cent of Midland County motorists have purchased their 1952 automobile license tags.

County Tax Collector-Assessor J. M. Speed said Thursday only about 1,000 passenger automobile tags had been sold.

By the time the deadline was reached last year, 11,000 plates had been sold. The figure will go far above that this year, from all indications.

Speed pointed out that all motorists from out of state, registering their automobile for the first time here, must produce proof of title as well as their 1951 license receipt.

In addition, such motorists must pay a \$15 state fee for registering their automobile in Texas for the first time.

Truman To Ask Subpoena Powers For Cleanup Man

WASHINGTON—(AP)—President Truman said Thursday he will ask Congress to give Newbold Morris, his government cleanup man, power to subpoena people and documents.

Morris, 50, socially prominent New York attorney, was picked February 1 to take command of the long-dormant probe into tax scandals. He said his first job will be to investigate Attorney General McGrath's Justice Department. The department has been under fire from some Congress members on the grounds it did not press prosecutions in cases of wrongdoing.

The power to subpoena persons and documents would give Morris some of the powers of a grand jury. This power, however, would fall short of returning an indictment—that is, formally charging a crime. His findings still would have to be acted upon by a grand jury.

Emergency Power System Installed

Installation of an emergency power system for City Hall has been completed, City Manager W. H. Oswalt said Thursday.

The \$1,000 generating unit, set up in the rear of the City Hall, will be used in case of storms or other emergencies which knock out ordinary power facilities temporarily.

When such power fails, the City Hall unit automatically will be switched on to furnish electricity for the police and fire radios as well as vital lighting circuits.

VICTOR Adding Machines cost less, operate faster. Call Baker Office Equipment Co., Phone 4-9608, 511 West Texas.—(Adv.)

When the "sky survey" now under way at the Palomar Observatory in California is completed, an atlas of 1,870 photographic plates will be published.

The superheterodyne circuit is the basis of most radio and television receivers.

Valentine Wedding Plans Go Awry As Bride-To-Be Leaves Note, Ring Pinned To Pillow

PITTSBURGH — Plans for a Valentine Day wedding went awry Thursday because the pretty bride-to-be has disappeared after leaving a note to her fiancé and her engagement ring pinned to a pillow.

The Valentine Day wedding scheduled Thursday night was to climax a romance of tall people which began at a convention of Tall People's Clubs last year in St. Louis.

Weigner said a note to him read: "I told you the other evening I was tempted to leave. I am sorry. I know I will hurt you but better now while the damage can be repaired."

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, THURSDAY, FEB. 14, 1952-3

Mrs. Tom C. Bobo Is Chosen To Head Fine Arts Officers

Mrs. Tom Bobo was named president of the Fine Arts Club Wednesday at a meeting in the home of Mrs. Henry W. Wolcott.

Other officers chosen were Mrs. E. H. Barron, first vice president; Mrs. W. H. Sloan, second vice president; Mrs. Wolcott, secretary; Mrs. Wade Heath, recording secretary; and Mrs. O. J. Hubbard, treasurer.

Mrs. J. Howard Hodge served as moderator for a forum on "Texas Institutions and Their Needs." Others participating were Mrs. Ted Lowe and Mrs. Paul Crandell.

Speaking on education, Mrs. Lowe pointed out the need for more classrooms. She said many junior colleges were being established in the state and added that education in Texas is now a 150-million dollar business.

Mrs. Crandell spoke on the state's "Elementary Institutions." In giving a brief history of these, she said the first epileptic hospital was established in Abilene in 1903 and the oldest mental hospital was located in Austin.

At present, she added, the state also has two schools for the blind, one for the deaf, a TB hospital in San Angelo, a reform school for boys in Gatesville and a reform school for girls in Gainesville.

Mrs. Hodge discussed the "Prison System," mentioning in particular a rehabilitation program now being set up.

It was announced that a Founders' Tea in memory of Mrs. L. G. Byerley will be held at 3 p.m. Saturday in the high school cafeteria. The club heard a report on the recent Mothers' March on polo. Mrs. Y. D. McMurry headed the committee which was in charge of the group's participation in the project.

Mrs. B. R. Schabarum, president, presided over the business session. Others attending were Mrs. E. H. Barron, Mrs. Bobo, Mrs. Wade Heath, Mrs. George Kidd, Mrs. McMurry, Mrs. Nelson Puett, Mrs. W. H. Sloan, Mrs. J. M. Speed, Mrs. E. H. Rothrock and a guest, Mrs. W. O. Worley.

P-T-A City Council To Sponsor Tea

The Parent-Teacher Association City Council will sponsor a tea in memory of Mrs. L. G. Byerley at 3 p.m. Saturday in the Midland High School Cafeteria.

The tea also will be in observance of P-T-A Founders Day. The public is invited to attend.

Don't Neglect Slipping FALSE TEETH

Do false teeth drop slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FASTEETH, an alkaline (non-acid) powder in sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, soapy, pesty taste or feeling. Get FASTEETH today at any drug store.

for Sentimental Reasons

Valentine FLOWERS help you cheer the heart of someone dear.

Midland FLORAL COMPANY

CHARITY DANCE—Officers and committee heads at work on plans for the Midland Service League dance are, left to right, Mrs. J. W. Starr, president; Mrs. William Liedtke, foods chairman; Mrs. Charles Pierce, decorations; Mrs. W. C. Walker, general chairman, and Mrs. Herschel Ezell, co-chairman of decoration committee. The dance will be held Monday in the Midland Country Club, with Skinnay Ennis and his orchestra furnishing the music. Proceeds will be used to finance the league's projects for the year.

P. E. O. Initiates Jane Bradford

Jane Bradford was initiated into the BS Chapter of the P.E.O. at a meeting Wednesday in the home of Mrs. H. A. Hemphill.

After the business meeting a social hour was held and refreshments were served.

The next meeting will be a luncheon and the annual election and installation of officers. Mrs. Paul Koim will be hostess and Mrs. James N. Allison will be co-hostess. Those attending were Mrs. Allison, Mrs. Jack Bradford, Mrs. W. H. Brinn, Mrs. W. P. Buckthal, Mrs. Van Camp, Mrs. John Caselman, Mrs. H. A. Hemphill, Mrs. W. D. Henderson, Mrs. Tom Ingram, Mrs. W. E. Mershon, Mrs. Joe Norman, Mrs. L. E. Patterson, Mrs. D. A. Ross, Mrs. George Turner and a guest, Mrs. Phillip Yonge of Sweetwater.

BIBLE CLASS HAS COFFEE

The Boone Bible Class of the First Methodist Church held a business session and coffee Wednesday in the educational building. Approximately 20 members attended.

Pre-School P-TA Organized And Officers Elected

The Ruth Byerley Pre-School Parent-Teacher Association was organized at a meeting Wednesday in the recreation hall of the First Presbyterian Church.

Mrs. H. C. Roland was elected president. Other officers elected are Mrs. Alfred Giles, first vice president and program chairman; Mrs. John Reid, second vice president and membership chairman; and Mrs. Charles Mathews, secretary-treasurer.

Mrs. E. J. Murphy, president of the P-T-A City Council acted as chairman. She pointed out that there was a great need for such a unit due to the formative years the pre-school child is going through.

The by-laws were read by Mrs. L. W. Leggett and voted upon. Mrs. J. J. Black, district president, gave a brief background of the national, state and district P-TA and what it means to the membership.

Lola Tullis of the University of Texas spoke on "Development of the Pre-School Child." She stressed the need the child has for security and to know he is loved for himself.

The unit will meet at 10 a.m. the second Wednesday of each month. Anyone interested is urged to attend the next meeting.

After the business meeting a tea was held. Mrs. John Reid was hospitality chairman.

Twenty-five persons attended.

Mrs. Messersmith Gives HD Program

Mrs. E. O. Messersmith read instructions on the making of rules and motions at the meeting of the Garden Addition Home Demonstration Club Wednesday in the home of Mrs. Edgar Galley.

Pauline McWilliams showed slides of plants and shrubs used in screening outdoor buildings and in the transplanting of trees and shrubs.

Mrs. Carl Neithercut gave a report on the council meeting. It was announced the next meeting will be an apron parade to be held in the home of Mrs. W. E. Hollis.

Mrs. Bill Remy is a new member. Others present were Mrs. Hollis, Mrs. C. H. Pearson and Mrs. V. A. Cain.

Mrs. Hardie Is Club Hostess

Mrs. Thornton Hardie was hostess to the Zeta Tau Alpha Alumnae meeting Wednesday in her home.

Mrs. W. F. Pennebaker gave a play. A business meeting was held. Refreshments were served.

Others attending were Mrs. Lynn Durham, Mrs. James Frank Johnson, Mrs. Tom Sloan, Mrs. William Rutter, Mrs. Sherman White, Mrs. Harris Eastham, Mrs. Earl Payne, Mrs. C. E. Nelson, Jane Ferrell, Mrs. Ed Pettit, Mrs. H. D. Gilliam, Mrs. Frank Cowden, Jr., and a guest, Mrs. Frank Seaton of Denver, Col.

Mrs. W. H. Carter Speaks On 'Books'

Mrs. W. H. Carter spoke on "Looking Backward to 1961 and Venturing Forward in 1952 By Book Trails" at the meeting of Contemporary Literature Group of AAUW Wednesday. The group met in the home of Mrs. R. O. Burkett.

Others attending were Mrs. W. B. Anders, Mrs. J. M. Carroll, Mrs. Harry Denton, Mrs. R. V. Hollingsworth, Mrs. John S. Kellough, Mrs. Lloyd Mills, Mrs. Leo Park, Mrs. S. M. Sasley, Mrs. W. J. Spritzer, Mrs. G. R. Adams, Mrs. John W. Skinner and Mrs. M. A. Murphree.

Two Are Hostesses For Bridge Club

Mrs. Robert Barnes and Mrs. H. E. Bade were the hostesses for the meeting of the Justamere Bridge Club Wednesday in the Ranch House.

Mrs. Clarence Symes and Mrs. Joe Bill Pierce were guests for the bridge and luncheon meeting. Mrs. J. F. Gaines won first prize and Mrs. Charles Jones, second.

Other members present were Mrs. N. S. Terry, Mrs. Paul Ricker, Mrs. W. E. Nance, Mrs. Tom Cowan, Mrs. Jim Puckett, Mrs. J. S. McNulty, Mrs. Harold Wilson, Mrs. Charles Patterson, Mrs. F. N. Littlejohn and Mrs. Norman Dawson.

Library Receives Books From Japan

The Midland County Library recently received four books from Japan, Lucile Carroll, librarian, announced Thursday.

The books were the gift of Leona Meisner, formerly an employee of the Midland library, but now working in a library in Beppu, Japan.

The books were "Floral Art of Japan," "Japanese Postage Stamps," "The Japanese Cookbook—100 Favorite Japanese Recipes for Western Cooks," and "The Calendar of Annual Events in Japan." They were published by the Japanese Travel Bureau.

Two-Part Program Is Presented To Study Club Group

A two-part program was presented at a meeting of the Progressive Study Club Wednesday in the home of Mrs. R. A. Estes.

Mrs. H. C. Jones spoke on "World Health Organization" and Mrs. Donald N. Johnson used the topic "Personalities in the United Nations." Mrs. Johnson discussed Trygve Lie, Eleanor Roosevelt and Ernest Bevin.

Mrs. Claud McAden was a guest. Members present were Mrs. John Beatty, III, Mrs. Sol Bunnell, Mrs. W. E. Cox, Mrs. George Helis, Mrs. J. Wilmont Hunt, Mrs. A. A. Jones, Mrs. H. C. Jones, Mrs. W. C. Kimball, Mrs. Lindley Latham, Mrs. H. A. Wienold, Mrs. E. A. McCullough, Mrs. Perry Pickett, Mrs. J. K. Ridley, Mrs. W. H. Thams, Mrs. J. W. Thomas, Jr., Mrs. W. B. Yarborough and Mrs. Harold Welch.

Evening Circle Met In Church Parlor

Alma Heard discussed "Stewardship" Tuesday at a meeting of the Evening Circle of the First Presbyterian Church.

The group met in the church parlor. Mrs. R. Matthew Lynn conducted the Bible lesson on the Tenth Commandment and Mrs. John Reid gave a report on the executive board. Mrs. Jack Mashburn and Miss Heard were hostesses.

Others attending were Pauline Schatz, Gertrude White, Ruth Donnell, Mrs. E. W. Anguish, Mrs. William A. Birt, Mrs. H. G. Parkinson, Lucy Moore, Rosemary Hamit and Mrs. J. H. Roberts.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may occur in the columns of The Reporter-Telegram will be gladly corrected upon being brought to the attention of the editor.

He will regard the prayer of the destitute, and not despise their prayer.—Psalms 102:17.

Another Truman Half-Truth

Not long ago President Truman called for nomination of presidential candidates by direct national primary—in other words, by vote of the people. Now he has assailed the existing system of presidential primaries as eyewash.

When that is not the case and a real fight does shape up, the primaries can be strongly influential and even decisive in either determining the ultimate nominee or ruling out a particular candidate.

During the Spring of 1948, Harold Stassen was riding the crest of primary triumphs in Wisconsin, Nebraska and Pennsylvania and seemed headed for a victory in Oregon.

Results could be decisive, especially for Eisenhower, whose backers could most heavily upon the general popular support they claim for him.

Let's Hope Anyway
Economists have no great stature as prophets. Only an embarrassing few foresaw the Great Depression.

Now five eminent specialists have told the United Nations that prosperous years will be the rule rather than the exception in the period just ahead.

The most perfect lovers were chosen at a picnic in an Ohio town. You'd think they'd keep a thing like that in the dark.

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service
Since I am of the male sex my thoughts on St. Valentine's Day naturally wander to all of the lovely ladies who play bridge.

West opened the six of spades, and dummy won with the king. Mrs. Wainwright could see one spade trick, six diamonds, and a club—for a total of eight tricks.

Bridge hand diagram showing North, South, East, and West cards and tricks.

It would do no good to try the club finesse, for West would win with the king of clubs and lead a heart in order to get a spade return from his partner.

Mrs. Wainwright found a way out of this difficulty by cashing six rounds of diamonds at once. She could afford to discard two low hearts and a low club from her hand, but West had more trouble finding safe discards.

West began blithely enough by discarding three low hearts, but then his last discard stunned him. If he discarded a spade, South could afford to set up a heart trick since then she would lose only three spades and a heart.

West's anguish in discarding had been so obvious that Mrs. Wainwright had no difficulty in guessing what had taken place.

West therefore led a spade from dummy and let West take the rest of his suit. West then had to lead a club, giving her the last two tricks for her game contract.

West therefore led a spade from dummy and let West take the rest of his suit. West then had to lead a club, giving her the last two tricks for her game contract.

WASHINGTON COLUMN

Three Big Jobs Face NATO At The Lisbon Conference

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—Three big jobs confront the North Atlantic Treaty Organization conference scheduled for Lisbon, Portugal, late this month.

The first one is to approve creation of the united, European army. It now is referred to in diplomatic alphabetical shorthand as EDF—the European Defense Force.

The second is to approve a unified budget to support the EDF, each country contributing its fair share.

The third job is to streamline the cumbersome NATO international bureaucracy.

This will include creation of a 14-man governing council and a single, top civilian director general with a permanent headquarters.

If by some international political hiccup the European army can't be approved at the Lisbon conference, there is believed to be only one alternative defense.

It is to take Germany into the North Atlantic Treaty organization as the fifteenth fully participating member.

German participation in the European Defense Force has at times seemed all set over the last six months.

Then some monkey wrench is thrown into the proceedings, like the recent French revival of the Saar dispute.

More Than A Contributor
American officials now are convinced that Germany no longer can be considered as a mere contributor of bodies, rifles and military production for European defense.

Germany's initial defense budget is in the nature of \$4,000,000,000—largest in Western Europe and only three-quarters of a billion less than Britain's.

Germany must be taken into full partnership, one way or another. This will require approval at Lisbon, then ratification by each member government, separately.

This may take six months, since parliamentary machinery grinds so slowly.

Getting agreement on a NATO military budget at Lisbon may be equally difficult. Here the recommendations of TOC—the Temporary Council Committee will play an important part in getting all the NATO countries to increase their military expenditures.

The so-called "three wise men" of this committee are W. Averell Harriman for the U. S., Sir Edwin Plowden for Britain, Jean Monnet for France.

They will meet in Paris ahead of the Lisbon conference to try to iron out final wrinkles.

Discussion of the NATO military budget now is all fogged up by a phony censorship.

American, Canadian, British and French budgets all are a matter of record. But some of the smaller countries are extremely sensitive about having this information disclosed.

Budget figures of course are subject to change. The U. S. defense budget of \$52,000,000,000 plus \$10,000,000,000 for foreign military assistance may be cut by Congress.

If these cuts are too big, the effect will be felt abroad. Europeans then will be able to say, "You want us to do more, but we aren't able. And you can't be able to do what you'd like to do, either."

Any idea for a long-range, three or four-year military budget for NATO has been dropped. The totals are too staggering.

All pressure now is to be put on doing as much as possible each year, with an annual review of requirements and capabilities thereafter.

With some 500 ministers, generals, admirals, experts and advisers in attendance at the Rome NATO meeting, reorganization became essential.

Lisbon will be a little better. Each country has been limited to a delegation of 20, for all 14 countries.

Creation of a 14-member executive council will provide NATO with a compact board of directors to run the business between the larger conferences.

MaJ. Gen. William H. Draper has been designated as U. S. representative on this council.

This permanent headquarters probably will be in Paris. The British want it established in London.

But the desire to keep the council close to General Eisenhower's supreme military headquarters probably will rule in favor of Paris.

Another big job will be to select a single, civilian director general for the council and NATO. Present thought is that he should not be an American, but a representative of a smaller power.

Likely nominees are Halvard Lange of Norway, Paul Henri Spaak of Belgium, and Dirk U. Stikker of The Netherlands.

So They Say

Aggressors will not refrain from an attack because of a word or phrase. —John Makios, U. S. delegate to the UN.

I wasn't upset about it but I certainly was surprised. —Ted Williams, on being called into the Marine Corps.

Racial myths . . . obstruct democracy . . . give credence to the siren propaganda of those who traffic in hunger, oppression and disillusion. —Illinois Gov. Adlai Stevenson.

While our main effort was in the direction of existing world tensions, we are making real progress in the peaceful use of atomic energy. —Gordon Dean, chairman of the Atomic Energy Commission.

I believe that there is so much agreement now that we are going to get a European continental army. —W. Averell Harriman.

CARD Sense

Q—The bidding has been: North East South West 1 Heart 1 Spade 1 Pass 2 Double Pass

Q—You, South, hold: Spades K-6, Hearts 10-7-3-2, Diamonds 9-4-2, Clubs K-8-5-4. What do you do?

Q—Bid three hearts. Your partner cannot rely on you for great strength since he knows that you did not bid ever see spade.

Q—How much power can an electric coil generate? A—The larger ones, measuring up to 5 feet, create over 400 volts, and even the baby coils measuring 8 to 10 inches, are capable of generating as much as 120 volts.

Q—Who made January the first month of the year? A—Julius Caesar, in 46 B. C. revised the calendar, and made January the first month of the year.

Q—What were the names of the first frigates Congress ordered to be constructed? A—The six frigates ordered constructed in 1794 were the Constitution, President, United States, Chesapeake, Congress and Constellation.

Q—What is the origin of the expression, "the goose hangs high," implying that things are favorable? A—One likely explanation is that in some parts of the country a goose is hung high to season, and denotes that a feast of roast geese will soon be ready.

Q—To what family does the tung tree belong? A—The tung tree is a member of the Spurge family. It is native to China.

What's RIGHT?

Your date has traded a dance with another couple, and when the dance is finished the young man starts to take you back to your own date.

WRONG: Thank him for the dance. RIGHT: It is his place to thank you for the dance but it would be gracious for you to tell him that you enjoyed it.

Have a Laugh

In Hollywood, a little girl was attending a very exclusive and expensive school—her parents were movie stars—and she was asked to write a composition on the subject of poverty.

Government reform would be a fine thing if we had a reform school big enough to do the job.

Dr. Logan's Wife

By Diane Gaines

Dr. Logan's wife said, "I didn't do anything."

HE jumped up suddenly, began to pace, his arms folded on his chest. "Then what are you worried about?" she asked.

He wheeled about, narrowly regarded her as once he had done before, long before, making a stranger of her.

"About the record in Washington of my presence at a Communist meeting."

The flat, almost patient, drumbeats of his primary statement hit Janet at last. Under the pounding, the dream of honeymoon slipped away.

"I don't see that'd cut much ice, though I appreciate your efforts, Fred," Peter said. "No, I'm afraid it looks pretty bad for me now. Pretty bad."

"Why? Janet demanded. 'I don't see this. What is this about the Temporal person? Tell me!'"

She returned her seat at Peter's side. She put her hand on his thigh and he remembered faint pink fingers with aseptic square nails and he could not cover her pale, blue-veined one. Hands, like their owners, different from each other, different as moonlight from the vulgarity of noon.

"You didn't look at Fred. He leveled his glance at the wide-gold wedding band on her finger. It was still bright from the polishing cloth of the Mexican jeweler. 'No, sweetheart,' he said, 'I didn't do anything.'"

PETER's hand squeezed her shoulder. "Look, sweetheart, don't get excited. So far nobody's putting me in jail or killing me."

"Well, I'll be going. It's past midnight. I'm sure sorry I had to be the bearer of bad tidings on your first night home."

"I believe that there is so much agreement now that we are going to get a European continental army."

"I believe that there is so much agreement now that we are going to get a European continental army."

SIDE GLANCES

"But, Boss, if you only got \$22.50 a month at my age, you must not have been as smart as I am!"

CARNIVAL

"Would you be interested in a bottle of invisible ink? Very handy in cases where there are kid brothers!"

Daddy Ringtail

By Wesley Davis

Daddy Ringtail And Trouble For A King

Old Man Winter was ready now to go back home to the North Pole. He said it was time for him to stand up and leave his icy throne.

winds were not any trouble at all for Spring. But he did have trouble with the gentle rains. But at last the warm rains fell, and now was the time for Old King Winter to go.

Mugwump Monkey, the monkey boy, went to see him to tell him goodbye. The Old King sat on his throne of ice. He was almost ready to get up and leave. Said Mugwump to him: "Happy-going-back-to-the-North-Pole, King Winter."

"Happy-staying-here-in-the-Great-Forest," King Winter answered because he knew how happy indeed Mugwump would be in the forest with Spring there again.

"Happy-sleeping-all-Spring-and-Summer-until-time-for-next-Winter!" said Mugwump, because he knew the King was sleepy.

"And the King answered: 'Happy-Spring-with-flying-a-kite-and-roller-skating-and-playing-ball.'"

"Sure," said Mugwump, "also some happy-swimming-and-fishing-and-things-this-Summer-to-me."

"Yes, indeed," answered Old King Winter with a smile. But now he had to be going. He just had to be

going back home again to the North Pole. He said it was time for him to stand up and leave his icy throne.

"Don't you get awful cold when you sit on an icy throne?" asked Mugwump.

"Well, yes," good King Winter answered. He explained how he often got quite cold from sitting on ice, but now it was time to go indeed.

"Well, go on," said Mugwump. And so Old King Winter was going to stand up now from his throne of ice, but he couldn't. He had sat so still so long on the ice that his pants were frozen fast.

"Help!" said the King. But Mugwump was there to help him, poor thing, and tomorrow I'll tell you the terrible thing that happened next. Tch! Tch! Tch! Happy day!

La Russell, Hubby Explain Everything

HOLLYWOOD—(AP)—Jane Russell and her husband, Bob Waterfield, are back from a hectic visit to Las Vegas with explanations for several incidents that got them in the headlines, to wit:
The actress' black eye and bruised jaw were caused by a collision with a car door.
Waterfield came home ahead of her to fulfill a radio commitment.
Reports of a rift, prompted by his return without her, are "ridiculous."
She returned by plane Wednesday and Waterfield, star quarterback for the professional Los Angeles Rams football team, was on hand to greet her. They held hands as they walked to their car.
They bounced into the news when Waterfield took exception to remarks made by night club comic Ben Blue about his wife's famous curves. There was a scene, but no fight, and Waterfield reportedly turned a deaf ear to apologies.
The couple went to Las Vegas for the premiere of her latest film.

Britain To Fly Canadian Built Sabre Jet Fighters

WASHINGTON—(AP)—Western defense soon will be bolstered by Canadian-built Sabre jet fighters equipped with U. S. engines and flown by British Royal Air Force pilots.
Air Force Secretary Thomas K. Finletter Wednesday announced a three-nation agreement to bring this about.
Finletter said the planes will strengthen North Atlantic Treaty forces under Gen. Dwight D. Eisenhower. The number of planes was not disclosed but officials said they would run into the hundreds.
So far, Canada and the United States alone have used the Sabre jet.
The announcement said Canada will build the F-86-E jets at Canada Air Ltd. The United States will supply the engines, instruments and some other equipment.
Mexico City is more than 7,000 feet above sea level.

Arthur Mitchell, 83, Dies At Marfa Home

MARFA—Funeral services were to be held Thursday for Arthur Mitchell, 83, retired ranchman who died at his home in Marfa Wednesday. Mitchell was one of the most colorful figures in the Big Bend Country during his 67 years as ranchman, businessman and historian.
He was the son of the late Frank and Mary Kerr Mitchell. At one time, Arthur Mitchell, a brother and their father ranched together on 400 sections and built a herd of 10,000 cattle.
Mitchell was noted for his horsemanship. His tale-spinning ability and precise memory for dates and times were recognized.

Upton Fat Lamb Wins Top Honors In El Paso Show

EL PASO—(AP)—Ann Harrall, Rankin, 18, 4-H club girl, showed the grand champion fat lamb at the 23rd annual Southwestern Livestock Show Thursday.
She exhibited a Southdown mutton lamb.
The reserve champion was another Southdown shown by Quinton Lyles, 11, McCamey.
Eddie Smith, 16, Van Horn, was the only double winner. He took first in the single mutton cross-bred class and first in the pen of three mutton crossbred lambs.
A total of 487 sheep were entered in the fat lamb and breeding classes.

Three Poles Doomed To Die For Spying

WARSAW, POLAND—(AP)—A Polish military court has sentenced three Poles to death and a fourth to life imprisonment as spies for the United States.
During a four-day trial, all had pleaded guilty to the charges of treason and espionage.
Those sentenced to death were Viktor Marzalek, Franciszek Szczurek and Teodor Wyrwas. Franciszek Bartoz was given a life sentence.

PILES Hurt Like Sin! But Now I Grin

Get speedy relief from misery of piles. Amazing formula developed by famous 75-year-old Rectal Clinic brings fast palliative relief from nagging pain, itching, soreness. Helps nature shrink swollen, swollen hard parts. Make life worth living again—get the medication proved by experience with 70,000 clinic patients. Get Theratone Mizer—in ointment or suppository form—from your druggist today. You'll discover blessed relief at once—or your money refunded. Ask for it by name—Theratone Mizer—at good drug stores everywhere.

More Active Cancer Clinic Backing Urged

Dr. William Eaton of Chicago, representative of the American College of Surgeons, Thursday praised the work of the cancer clinic at the Midland Memorial Hospital but urged more active support by the community.
"The clinic is doing pretty good work," Dr. Eaton said, "but more active support will mean an expansion of its service."
The center compares favorably with those in other cities the size of Midland, he pointed out.
Dr. Eaton showed that the center provided facilities for an early diagnosis which he deemed most essential in the treatment of cancer.
"There are only two things to do when a patient has cancer," he continued. "Cut it out or radiate it."
The cancer centers afford the opportunity of "getting at the cancer early," Dr. Eaton emphasized.
Dr. Eaton came to Midland from San Antonio. He was a guest in the home of Dr. and Mrs. Kurt Leksch, 1304 West Texas Street. Dr. Leksch is head of the cancer center here.
Dr. Eaton planned to continue his inspection trip Thursday, going by auto to Lubbock, Plainview and Amarillo before entering New Mexico.

Atom May Replace TVA, Says Expert

OAK RIDGE, TENN.—(AP)—Atomic energy is heating a house here and lighting electric lamps in Idaho, both by peaceful power.
And "in the not-too-distant future," energy from atoms in atomic ovens may replace the TVA electric power system, Dr. Alvin M. Weinberg, research director of the Oak Ridge National Laboratory said Thursday.
In fact, "we have to make atomic energy work" to produce useful harnessed power or civilization will suffer because of dwindling coal supplies, he said.
Dr. Weinberg gave the hopeful news and the warning during a tour when newsmen were shown the Oak Ridge atomic oven, the nation's first big atomic reactor, and other newly-hatched secrets at this huge atomic research center.
The tour was sponsored by the Atomic Energy Commission and Carbide and Carbon Chemicals Company, which operates the laboratory.
Dr. Weinberg's report:
1. The house has been heated for you years by winds that cool the Oak Ridge oven. The hot air is carried off through filters and through concrete ducts and then up a 200-foot smokestack.
2. The lights were lit by electricity generated by the atomic reactor at Arco, Idaho. The heat from splitting atoms was used to make steam to run a generator.
3. About 200 million dollars have been spent so far on ovens designed to create electric power. So far the public has gotten only a "measly 100 kilowatts of electricity, running a few lights a few days at Arco."
4. But the prospects for really useful power are looking up.
There is hope, Dr. Weinberg said, that "in the not-too-indefinite future, we may put the TVA out of business. We may push the button to turn TVA off and turn nuclear energy on."
5. It is "no longer really a question of whether we can make atomic energy work this way. We have to make it work."
He cited figures indicating that coal reserves would be exhausted in 468 years at present rates of use, and usage is going up. Coal might even be in short supply "by the time your grandchildren die."

Tunisian Rioting Recurs As Assassin Kills Religious Chief

PARIS—(AP)—The French News Agency reported Thursday that Si Sliman Ben Hamouda, the caliph of Gafsa in Tunisia, was shot dead Wednesday night.
An assassin reportedly caught him at the inland town of El Gueitar, 180 miles southwest of Tunis. He shot the caliph through the heart and fired a volley of shots to cover his escape.
As Caliph, Hamouda was a local religious chief who exercised a number of civil functions because of the close tie between religious and civil laws in Moslem countries.
There was no indication whether the reported killing was connected with a new flare-up of violence in the French protectorate. Last month Nationalist agitators set off a series of riots, but a calm had settled the country until Wednesday, when new minor incidents were reported.
A retired caliph, Djilani Bouhafa of Zarzis, Thursday returned the Legion of Honor decoration which the French had awarded him. He protested a French campaign to wipe out instigators of last month's demonstrations and accused the French Foreign Legion of violating women, dynamiting a mosque and desecrating sacred Moslem books.

East Germany's Population Slumps

BERLIN—(AP)—Higher death rates and growing anti-communism have dipped East Germany's population sharply in the last year, a survey showed Thursday.
The West Berlin Research Institute said the East zone population has fallen to a new low of 17,300,000 and that at least a half million men, women and children have fled to the West in 1950 and 1951.
Western Germany, in the meantime, has grown from 46 million several years ago to approximately 48 million now.

A great American leader prays for guidance as he faces a winter of crisis at Valley Forge. This is one of the stirring scenes from

Hinkel's MIDLAND TEXAS

Permian Basin Oil And Gas Log—

(Continued From Page One)

Recovery from the test was 90 feet of free, 48-gravity oil and 180 feet of oil cut mud. There were no signs of formation water.

Open flowing bottom hole pressure was 100 pounds. Shut-in bottom hole pressure, after 15 minutes was 1,690 pounds.

Operator has cemented seven-inch casing at 4,337 feet. That is the plugged back bottom. The project had been drilled to total depth of 5,216 feet.

Plugs are being drilled and the casing will be perforated at 4,200-4,313 feet for testing and a try to complete the prospect as a producer and the opener of a new oil field.

'Wild' Fisher Well Controlled, Deepend Is Now Taking Test

R-H-K Drilling Company, Noranda Oil Company and Peeler Brothers No. 1 Willingham, Northeast Fisher County wildcat, is taking

a drillstem test of open hole in the reef lime at 4,984-5,003 feet.

This prospector blew out on last Christmas Eve after five and one-half-inch casing had been cemented at 4,984 feet. It showed a gas volume of around 1,000,000 cubic feet per day and sprayed a slight amount of oil.

Finally Harnessed
The wildcat was out of control several weeks. It was finally harnessed and then operators deepened to the present bottom.

The project is 330 feet from north and west lines of the southeast quarter of section 82, block 1, H&T-O survey. It is two and one-half miles north of Royston.

Several Jobs
This venture started showing gas at 4,849 feet. The blow out came after the casing had been cemented at 4,984 feet. Apparently the cement did not hold the casing and the gas came from back of it and caused the trouble.

After operators got the gas blow under control several cement jobs were run to assure that the casing was securely set through the gas section.

Chase Of Lion Is Speaker For D&D Meeting

Jack Chase, district landman for Lion Oil Company, spoke at a dinner meeting of the Desk & Derrick Club of Midland Wednesday night. The meeting was in the Blue Star Inn. Seventy-four members and five guests attended.

Chase spoke on "The Manipulation of the Land Department of an Oil Company." In his talk he stressed the various instruments used in the acquisition of properties by an

oil company, oil and gas leases, royalty deeds, mineral deeds, the different kinds of royalty and minerals and the part a lease broker plays.

He also mentioned some of the difficulties involved in clearing titles to land. Following the talk by Chase, there was a question and answer session.

The five guests who attended were: Mrs. Jack Chase, Carolyn Rawlings, Helen Roush, Dorothy Herzer and Ruth Coleman.

Grayburg Oil Is Swabbed From Test In Midland

Interesting shows for possible Grayburg-sand production were developed in James H. Snowden and Associates No. 3-48-B Davenport, exploration in the Driver area of Southeast Midland County.

The section in the Grayburg from 3,839 to 3,889 feet was swabbed for one barrel of oil per hour natural for an extended period.

Operator was drilling below 3,889 feet at last report. The test will be taken on to the Spraberry. Location is at the center of the northwest quarter of the southeast quarter of section 46, block 37, T-4-S, T&P survey.

NW Nolan Area Is Location For 7,500-Foot Test

Gem Oil Company of Dallas will drill No. 1 L. S. Howard as a 7,500-foot wildcat in Northwest Nolan County, four miles southwest of Sweetwater.

Location was staked 690 feet from north and west lines of section 56, block 22, T&P survey.

Means Field In NE Andrews Gets Deep Exploration

McQueen & Stout spotted location for No. 1 R. J. Flanson in the Means field of Northeast Andrews County. It will be drilled 2,800 feet northwest of production from the San Andres in the field.

Operator filed application for a 6,500-foot depth. The Means field produces above average total depth

of 3,200 feet. If the test should fail to find San Andres production, the 6,500-foot destination will allow for a test of the upper Clear Fork.

Drillsite is 1,980 feet from south and 660 feet from west lines of the lease in section 8, block A-35, pal survey.

South Outpost To Driver Area Is Staked In Reagan

One mile south of production in the extreme west side of the Driver field of Southwest Glasscock County, Republic Natural Gas Company will drill its No. 2 William Howard as a 6,700-foot Spraberry explorer.

Drillsite is 1,980 feet from north and west lines of section 31, block 35, T-5-S, T&P survey.

Three-quarters of one mile south of No. 2 Howard, the same concern spotted location for No. 1 William Howard. It will be dug 690 feet from south and 1,971 feet from east lines of the northwest quarter of section 42, block 35, T-5-S, T&P survey. Both testers are in Northwest Reagan County.

Phillips Petroleum Company No. 12-A Tippet, North Pembroke field test in Northeast Upton County, was finished for a daily flowing potential of 577 barrels of 37-gravity oil through a 32 1/4-inch tubing choke and from open hole at 7,117-7,215 feet. Gas-oil ratio was 509-1 and tubing pressure was 175 pounds.

Location is 2,004 feet from south and 1,980 feet from east lines of section 26, block 28, T-5-S, T&P survey.

Another Tippet
Phillips No. 16-A Tippet, also in the North Pembroke field, was completed for a daily flowing potential of 221 barrels of 36.2-gravity oil through a 24 1/4-inch tubing choke and from open hole at 7,118-7,449 feet. Gas-oil ratio 520-1 and tubing pressure was 75 pounds.

Location is 688 feet from north and 1,980 feet from east lines of section 27, block 38, T-5-S, T&P survey.

Phillips No. 10-A Tippet, another North Pembroke field test, was completed for a daily flowing potential of 286.69 barrels of 36.8-gravity oil through a 24 1/4-inch tubing choke and from open hole at 7,043-7,352 feet. Gas-oil ratio was 430-1 and tubing pressure was 105 pounds.

Location is 668 feet from south and 660 feet from west lines of section 47, block 38, T-5-S, T&P survey.

James H. Snowden and Associates
G. E. Karien No. 7 A. S. Boone, 660 feet from north and east lines of the south half of section 42, block 36, T-2-S, T&P survey, and in the Midland County side of the Tex-Harvey field, was completed for a daily flowing potential of 159 barrels of 36-gravity oil through a 24 1/4-inch tubing choke and from open hole at 6,956-7,240 feet. Gas-oil ratio was 430-1 and tubing pressure was 130 pounds.

Phillips No. 1-B Marguerite, 664 feet from west and 662 feet from

North 1-19 Doris Way is a new oiler in the Pembroke field of East-Central Upton County. It was completed for a 24-hour flowing potential of 152 barrels, 36.2-gravity oil through a 36 1/4-inch tubing choke and from open hole at 7,178-7,738 feet. Gas-oil ratio was 496-1 and tubing pressure was from 400 down to 50 pounds.

Location is at the center of the northeast quarter of the southwest quarter of section 18, block N, H&T-O survey.

Brown & Wheeler No. 2 A. P. Hill and others is another new oiler in the Pembroke field. It was finished for a daily flowing potential of 96.83 barrels of 37.1-gravity oil through a one-quarter-inch tubing choke and from perforations at 7,019-7,060 and 7,870-7,900 feet. Gas-oil ratio was 1,130-1 and tubing pressure was 100 pounds.

Location is 1,980 feet from north and west lines of section 2, block K, D&SE survey.

NE Upton
Sincels Oils & Gas Company No. 43-B Lillie Midkiff is a new oiler in the Weiner-Floyd field of Northeast Upton County. It was completed for a daily flowing potential of 402 barrels of 35.9-gravity oil through open two-inch tubing and from open hole at 7,941-7,132 feet. Gas-oil ratio was 780-1 and tubing pressure was 35 pounds.

Location is 660 feet from north and east lines of section 13, block 34, T-5-S, T&P survey.

Amerada
Amerada Petroleum Corporation No. 2-43 Alvene O'Brien is a new producer in the Tex-Harvey field of Central-East Midland County. Located 660 feet from south and west lines of the lease in section 43, block 36, T-4-S, T&P survey.

In the Southeast Midland County portion of the Driver field, Sharples Oil Company will dig No. 3-F TXL, 1,980 feet from south and 660 feet from east lines of section 29, block 37, T-4-S, T&P survey.

In the same portion of the Driver field, Magnolia Petroleum Company will dig No. 8 Sam R. Preston, 660 feet from south and east lines of section 32, block 37, T-4-S, T&P survey.

Forest Oil Corporation No. 1-G TXL will be drilled in the Central-East Midland County side of the Tex-Harvey field. Location has been staked 660 feet from north and east lines of the northwest quarter of section 1, block 37, T-4-S, T&P survey.

The Texas Company No. 1-J G. C. Fraser will be drilled in the Midland County side of the Tex-Harvey field, 660 feet from north and 660 feet from east lines of the southwest quarter of section 31, block 37, T-3-S, T&P survey.

El Capitan Oil Company No. 2 F. A. Braden will be drilled in the Weiner-Floyd field of Southeast Midland County, 1,980 feet from south and 660 feet from east lines of section 9, block 37, T-5-S, T&P survey.

North Pembroke
Paul Barnhart of Houston No. 2-20 J. E. Hill will be drilled in the

North Pembroke field of Northeast Upton County, 614 feet from south and 913 feet from east lines of the northwest quarter of section 20, block D, H&T-O survey.

Barnhart No. 4-20 J. E. Hill will be dug in the same section 614 feet from south and 748 feet from west lines of the northwest quarter. Also in the same section Barnhart will drill No. 3-20 J. E. Hill, 660 feet from north and 748 feet from west lines of the section.

The Hanley Company will dig No. 1-B and No. 2-B Barnett in the Benedum-Spraberry field of Central-East Upton County. No. 1-B is 660 feet from north and east lines of section 40, block Y, GC&SF survey.

No. 2-B Barnett will be dug 660 feet from north and east lines of the same section.

MISTAKE IN RECORDS—

Pilot Reported Missing After 100-Plus Missions

STANDISH, MICH.—(AP)—A young wife whose Air Force pilot husband was sent out on more than 100 Korean combat missions due to "some mistake in the records" tried to be bravely optimistic Thursday after learning he is missing in action.

Mrs. Daniel G. Metiva's husband wrote he had completed 101 missions, although pilots usually are sent home after 100, and was expecting to return by next month.

After receiving a Defense Department telegram, she refused to think her husband is dead.

"I am sure he is all right," she said. "We will just have to wait a little longer to get together again." Mrs. Metiva was elated last Friday when she received a letter from First Lieutenant Metiva dated February 3.

"I have just completed my 101st mission," he wrote. "Due to some mistake in records, I have been sent on an extra mission. . . I'm just sitting around waiting for my orders to come through so I can come home. . . All the boys here are trying to complete their 100th mission as soon as they can so they will be able to return to the United States."

Then on Sunday came a telegram from the Defense Department. It said Lieutenant Metiva "has been missing since February 9, while participating in Korean operations."

Contract negotiations which began Monday were at a standstill. P. S. Reid, assistant vice president in charge of operations, said. Pickets were stationed at the company hangar at the Houston Municipal Airport, but company officials foresaw no disruption of schedules.

Maintenance Crews Of Air Line Strike

HOUSTON.—(AP)—Eighty AFL maintenance men at Trans-Texas Airways went on strike early Thursday but flight schedules were being maintained.

Contract negotiations which began Monday were at a standstill. P. S. Reid, assistant vice president in charge of operations, said.

Pickets were stationed at the company hangar at the Houston Municipal Airport, but company officials foresaw no disruption of schedules.

Contract negotiations which began Monday were at a standstill. P. S. Reid, assistant vice president in charge of operations, said.

BE MY VALENTINE?—Four-year-old Jerry Don Brown doesn't appear too happy about the answer he received from Cathy Ann Workman, three, when he asked her to be his Valentine. Cathy, daughter of Mr. and Mrs. D. K. Workman, 2701 Mariana Street, showed more interest in the candy than in Jerry Don's question. He is the son of Mrs. Robbie Brown, 808 North Carrizo Street.

Congratulations To:

Mr. and Mrs. Robert L. Walker of Midland on the birth Saturday of a daughter, Karen, weighing six pounds, eight ounces.

Mr. and Mrs. C. F. Fuqua, 1510 South Terrell Street, on the birth Wednesday of a son weighing six pounds, 12 1/2 ounces.

Mr. and Mrs. W. L. Whisenant, Young's Trailer Court, on the birth Thursday of a son weighing eight pounds, 13 ounces.

Mr. and Mrs. W. R. Donnell, 1700 North D Street, on the birth Thursday of a son weighing six pounds, 18 1/2 ounces.

TO RECEIVE TONSILLECTOMY
Phillip P. Stafford, 3404 West Wall Street, Wednesday entered Western Clinic-Hospital for a tonsillectomy.

SURGERY PATIENT
Jimmie Hull, seven-year-old son of Mr. and Mrs. B. E. Hull, 603 North D Street, Wednesday was admitted to Western Clinic-Hospital for a tonsillectomy.

ENTERS HOSPITAL
Emil Farmer, Rankin Highway, Wednesday entered Western Clinic-Hospital as a medical patient.

Lafayette Square is directly across Pennsylvania Avenue from the White House.

MAKING UP MIND DIFFICULT, TRUMAN INFURTS NEWSMEN
WASHINGTON.—(AP)—President Truman Thursday said the question of whether to run for reelection confronts him with a difficult decision.

He told a news conference he is not yet ready to make any announcement, and that when he does have an announcement it will not be made through any third person.

It was the first time in many months the President has indicated there was any indecision in his mind about the matter.

Almost a year ago he said he had made up his mind but was not ready to announce what he would do.

BOTH ARMS BURNED
Betty Sue Morrow, 804 South Lamesa Road, Thursday received emergency treatment at Western Clinic-Hospital for burns of both arms, received when hot grease was spilled on her while she was cooking.

SURGERY PATIENT
Mrs. Maurine Ward, Snyder, Wednesday was admitted to Midland Memorial Hospital for surgery.

COTTON
NEW YORK.—(AP)—Thursday noon cotton prices were 95 cents to 11.50 a bale higher than the previous close. March 40.31, May 39.76 and July 39.11.

MIDLANDER'S KIN DIES
Mrs. Alice Irene Jergins, 66, sister of Mrs. J. E. Cassidy of Midland, was to be interred in a Corsicana cemetery Thursday. She died Tuesday in Corsicana. Other survivors include the husband and six daughters.

SURGERY PATIENT
Mrs. Maurine Ward, Snyder, Wednesday was admitted to Midland Memorial Hospital for surgery.

4-F's To Receive Re-Examinations

Selective Service Board 137 has been instructed by State Selective Headquarters in Austin to send all 4-F's who did not report for re-examination on January 29, plus all eligible men who have transferred into this area since that time, to Abilene Tuesday for a physical examination.

Mrs. Neil Roberts, clerk of Local Board 137, said Thursday she has a total of 15 men, so far, who will make the trip.

Nine out of 25 area 4-F's who were re-screened by the Armed Forces recently were declared qualified for service following their second physical.

Scotfield—

(Continued From Page One)
Deputy Collector F. B. Parsons said January 12 Meyer's suspension, resulting from an investigation headed by Special Agent James M. Cooner of Dallas, had nothing to do with Meyer's duties as an employee.

Parsons said Meyer's suspension was "solely a matter of Eugene Meyer as a taxpayer." He would not elaborate.

Mrs. Scofield said she did not know why Dunlap would have said her husband's resignation was requested.

"He (Dunlap) has made a number of statements recently which we couldn't understand," she added. She did not amplify her remark.

Stricken In January
Asked if she considered her husband seriously ill, she said:

"The doctors brought him to the hospital to make X-rays and tests to find out what's the matter with him. He's been too weak to take out of his room for X-rays."

The 63-year-old official was war bond administrator for Texas during World War II.

Scotfield was stricken with influenza while on a train to Washington early in January for a conference of collectors. He spent a week in a Washington hotel, then returned home.

He said he considered a relapse Feb 2-3 and his illness became more serious early this week.

Scotfield operates a Shorthorn ranch a few miles north of Austin. He was active in the Democratic campaign in 1932, when President Roosevelt was elected to his first term.

Scotfield's physician told The Associated Press he considers Scofield "seriously ill" and has been urging him to retire for several months. The doctor said he has not yet been able to determine the exact nature of Scofield's illness but it is "some kind of gastrointestinal disorder."

SISTER OF MIDLAND WOMAN IS INTERRED
Funeral services for Mrs. Sybil Christine Carruth, 41, sister of Mrs. Leonard Regan of Midland, were to be held at 3 p.m. Thursday in the Church of Christ at Blanket in Brown County, Monday night.

Other survivors include the husband, the parents, a brother and four more sisters.

Additional Adult Education Classes Offered By Schools

Midlanders who missed an opportunity to enroll in adult education classes started recently by the Midland Public Schools in short-hand and typing will have another chance to take the courses.

Charles P. Mathews, director of curricular services, Thursday announced another section is being added in each of the courses to "accommodate the wide demand."

Enrollment previously had been limited in the classes because of insufficient space.

Mathews said the new section in typing will be offered from 6 to 7 p.m. on Tuesday and Thursdays while the shorthand classes will be offered from 7 to 8 p.m. on the same days.

Interested students should register in the office of curricular services this week because classes will start not later than Tuesday night, Mathews warned.

The fee is \$10 for each of the 15-week courses.

Miss Wanda Faye Myrick will teach the courses which have been added. Further information can be obtained by calling Mathews at 4-5589.

West Texas Dust Invades Louisiana

By The Associated Press
A mass of blowing dust, born in West Texas, moved across Northeast Texas Thursday, limiting visibility and depositing a thin layer of red dirt in its wake.

The dust reduced visibility to three miles at Lufkin and Tyler and to two and one-half miles at Longview. Visibility at Waco was six miles and dust aloft was reported at Austin.

The dust layer was reported thousands of feet thick and it extended into Louisiana as far as Shreveport.

The rest of the state was dry and clear. Early morning temperatures ranged from a minimum of 28 at Salt Flat to 67 at Brownsville.

The only precipitation reported in Texas during the 24 hours ended at 6:30 a.m. was .07 inch at Dalhart, in the upper Panhandle.

Wednesday's high temperature was 85 at Laredo.

SISTER OF MIDLAND WOMAN IS INTERRED
Funeral services for Mrs. Sybil Christine Carruth, 41, sister of Mrs. Leonard Regan of Midland, were to be held at 3 p.m. Thursday in the Church of Christ at Blanket in Brown County, Monday night.

Other survivors include the husband, the parents, a brother and four more sisters.

Connally Asks Diplomatic Break With Red Hungary

WASHINGTON.—(AP)—Chairman Connally (D-Texas) of the Senate Foreign Relations Committee Thursday asked the Senate to go on record as favoring a diplomatic break with Hungary.

He told the Senate he was introducing the resolution because of the \$120,000 in fines levied against four American fliers who were forced down in Hungary last November.

The trial of the fliers "was simply an excuse to blackmail the United States and I regret to say that the American government rose to the bait and dutifully paid the blackmail," Connally said.

Regan Urges Panel Approve Proposed El Paso Building

Rep. Ken Regan of Midland urged a House Public Works subcommittee to approve a new Mexican border custom-immigration service building for El Paso.

Explaining a bill to authorize the project, Regan said it would permit General Services Administration to negotiate a 20-year lease with private individuals who would put up a \$500,000 building with six inspection motor lanes.

The structure also probably would house offices of the Public Health Service and Bureau of Entomology and Plant Quarantine.

Circulation-building vitality-producing Niagara Massage Units are providing hundreds of Midlanders with the benefits of a healthful gym workout right in the privacy of their homes.

Niagara technicians trained in massage, say their home demonstration service usually convinces the customer in 10 minutes.

Surges of sensation (from 10,000 to 35,000 massage actions per minute) revitalizes tired limbs when Niagara gently massages your body. Skin, tissue and muscles feel the effects. Muscles that become weak and flabby from dieting become firm and supple when you use Niagara exercise. A few minutes workout and even the most tense person goes off to sleep.

Niagara is Underwriters Laboratories - approved, bears the Good Housekeeping Seal of Approval, fully guaranteed and may be bought with "small down payment and convenient monthly terms. For a demonstration that will make you feel so much better, phone 4-8241 for a trained technician to call at your home, or you may visit the health room of Niagara Massage Units Co. at Crawford Hotel.

Remember, doctors recommend Niagara.

Phone 4-8241 for a Niagara technician to give you a free daily massage right in your own home.

Bilbo, Reeves Lose At Fort Worth; Leonard Idle

FORT WORTH—(AP)—The big boys slug it out Thursday night in the State Golden Gloves Tournament but they'll have a hard time matching the results of the tiny toughies.

Eleven knockouts were registered Wednesday night—nine of them technical—as a record opening night crowd of 6,545 watched the featherweights, flyweights, lightweights, welterweights and middleweights battle in 35 fights.

Light heavyweights, heavyweights and bantamweights make their first appearance Thursday night.

El Paso took a commanding lead in the team trophy chase, fighting five men and coming out with five victories.

Commerce, Amarillo and Corpus Christi tied for second with three victories each.

Ellis Cortez, 113, Houston, started Billy Conn, 113, Abilene, at 1:01 of

FORT WORTH—Only one of Midland's three representatives was left in the State Golden Gloves Tournament here Thursday, and he goes into action Thursday night.

The lone survivor is Bill Leonard, light-heavyweight, fighting for San Angelo. He meets Cpl. Thomas Busby, San Antonio, who will outweigh Leonard 174 to 165, in the seventeenth bout on the 22-bout card.

The other two Midlanders—Flyweight Charles (Chill) Reeves, with Odessa and Middleweight Fred Bilbo, wearing San Angelo colors, both lost Wednesday night.

Bilbo was knocked out in the first round by Defending State Champion Eugene Cooper of Amarillo. Cooper, however, is expected to breeze through the rest, too, and probably meet by knockouts. He finished off Bilbo with a punishing body attack.

Reeves, the 15-year-old inexperienced youngster, stole the opening night crowd's heart with his game battle against 26-year-old Jim Jarrett of Tyler. Jarrett, a ring-wise veteran, won the nod but had his hands full with the whirlwind attack put on by Reeves.

Experience finally told the story, but the record crowd of more than 6,000 fans gave the Midland youngster a great hand at the finish.

the second round in the flyweight division.

Four of the five featherweight bouts ended in technical knockouts and three of the five middleweight fights ended the same way. A fourth in this class was a clean kayo—Eugene Cooper, 161, Amarillo, defending champion, scored it over Fred Bilbo, 156, Midland.

Johnny O'Glee, three times light-weight champion, opened his bid for a welterweight title by handily defeating James Fowler, 143, Abilene. O'Glee weighed 138.

A second defending champion, Raymond Riojas, Fort Worth, opens defense of his featherweight title later in the five-day tournament.

Twenty-two bouts are carded Thursday night and Friday, 28 Saturday with semi-finals and finals Monday night.

Other knockouts Wednesday night included:

Pfc. Charles Riggs, 125, Beaumont, over Pfc. Louis Torres, 122, Waco, in the second round when Torres hurt a hand and was unable to continue.

Manuel Villalobos, 125, El Paso, over Henry Chavez, 124, San Angelo, at 1:10 of the second round.

Robert Rigby, 127, Odessa, over Gene Purlong, 126, Commerce, just before the bell rang to end the second round.

Dean Swann, 127, Tyler, over Columbus Wells, 127, McAllen, at 1:37 of the third round.

Miguel Ramirez, 136, El Paso, over Paul Romero, 135, San Angelo, at 1:10 of the third round.

James Forbes, 147, Amarillo, over Alcario Cardenas, 143, San Angelo, at 52 seconds of the first round.

John White, 160, Commerce, over Donald Holmes, 156, Tyler, just before the bell in the second.

Billy Haynes, 158, San Antonio, over Joe Marlow, 161, Fort Worth, at 1:32 of the first round.

Alex Guerrero, 161, El Paso, over Jack Edwards, Corpus Christi, at 1:10 of the second.

Fitzhugh Carter, 157, Dallas, came back from four knockdowns to decision—Charles Elliott, 154, Wichita Falls.

In the only booted split decision, Billy Price, 126, Corpus Christi, was given the nod over Candi Lopez, 123, Amarillo.

Flyweights:
Arthur Tidwell, 113, Commerce, defeated Mickey Martinez, 112, Dallas.

Jim Jarrett, 111, Tyler, took a unanimous decision from Charles Reeves, 112, Midland.

Nick Lara, 110, Corpus Christi sailor, defeated Steven Mannin, 111, Beaumont.

Pete Perz, 134, Amarillo, easily defeated Gerald Reaves, 136, Odessa.

Delmer Owens, 136, Wichita Falls, outpointed Virgil Little, 136, Brownwood.

Welterweights:
Benjamin Guerrero 148, El Paso, defeated Jesus Dominguez, 145, Odessa.

William Phillips, 145, Commerce, defeated Andrew Villereal, 146, Corpus Christi.

Toby Harris, 146, Brownwood, outpointed Cab Harrison, 144, Houston.

Pairings Thursday night:
Lightweights:
Ellis Cortez, 113, Houston, vs Pat McCarty, 113, Amarillo.
Francisco Aguirre, 112, Waco, vs Connie Fisher, 113, San Angelo.
Jose Herrera, 111, San Antonio, vs Dickie Don Wood, 112, Wichita Falls.
Scott Sherman, 112, Fort Worth vs Indalecio Chavez, 112, McAllen.
Bantamweights:
Ray Thornton, 117, Abilene, vs Cpl. James Venable, 119, Waco.
Sterling Pruitt, 119, Fort Worth.

vs. Daniel Robles, 119, San Angelo. Henry Miramontes, 118, Dallas, vs Benny Davis, 117, Odessa.

Pfc. Joseph Simon, 116, Brownwood, vs Charles Funari, 115, San Antonio.

Pfc. Charles Riggs, 125, Beaumont, vs Joel Martinez, 123, Austin.

Arthur Gugliemelli, 126, San Antonio, vs Donald Dickey, 127, Abilene.

Felix Baker, 126, Houston, vs Rafael Rodriguez, 127, Brownwood.

Horace Hooper, 126, Dallas, vs Raymond Riojas, 126, Fort Worth.

Middleweights:
Eugene Cooper, 161, Amarillo, vs Don Parks, 157, Houston.

John McCord, 160, Austin, vs Lacy Boies, 156, Abilene.

Richard Walker, 154, Beaumont, vs Raul Trango, 155, Waco.

Dan Roche, 161, Odessa, vs Roy Harris, 160, Brownwood.

Bill Leonard, 165, Midland, vs Cpl. Thomas Busby, 174, San Antonio.

Raymond Phillips, 167, El Paso, vs Dick Murray, 170, Amarillo.

Kenneth Womack, 176, Austin, vs Joe Lay, 165, Houston.

Bruce Price, 170, Odessa, vs Frank Cuta, 169, Waco.

Heavyweights:
Pfc. Tunney Hunsaker, 178, San Antonio, vs Paul Barrington, 192, Abilene.

James Hoff, 190, Dallas, vs Wesley McDonald, 200, Fort Worth.

San Angelo Skeds Diamond Tryouts

SAN ANGELO—(AP)—The San Angelo club of the Longhorn baseball league has scheduled a try-out camp in Victoria February 23-March 2.

Michigan State's seven-game winning streak to open the '51-'52 basketball season was the Spartans' longest since the '30-'31 season.

SOCKER GAME—What usually starts out to be a good old-fashioned soccer game generally develops into a good old-fashioned socking match down Mexico way. At left, Goalie Cordoba of Mexican Atlas and Argentina Independente's Grillo slug it out during a night game at Mexico City. In a day game against Orizaba, the Independente's Arrigo goes after a fan. The night clash ended in a 3-3 tie, the day game in a riot. (NEA)

169 Move Out In Texas Open Play

SAN ANTONIO—(AP)—A field of 169 moved out Thursday in the first round of the twenty-fifth Texas Open Golf Tournament.

There was no outstanding favorite, a situation that has prevailed all along the Winter tournament trail this year.

The reason is obvious—there have been six tournaments and six different winners.

Top players absent include Cary Middlecoff, Memphis, Tenn., the year's leading money winner and victor at El Paso last weekend, and E. J. Harrison, St. Andrews, Ill., last year's Texas Open Champion. Middlecoff has gone home for some hay fever shots. Harrison is out with a back injury.

But practically all of the others who have been playing the Winter tour, plus a couple of new ones—Ed Oliver and Henry Radison—are here and the par 36-35-71, 6,400-yard Brackenridge Park course is due for probably its steadiest hammering. There is the free prediction that the 72-hole record of 264 will be bettered. There also would be no surprise if the course record of 60, which also is a PGA record for 18 holes, were bettered.

Ben Hogan set the 72-hole record in 1946 and Sam Snead equalled it in 1948. Neither of those players is here. Al Brossh, Garden City, N. Y., who again is playing in the tournament, established the course and PGA record of 60 last year. Bill Nary, Albuquerque, N. M., who equalled this record at El Paso last week, also is in the field.

Sixty-three players gained spots in the open Wednesday in qualifying rounds at the Willow Springs course. They were survivors of a field of 218. Young Billy Erfurth, San Antonio, an amateur who has been following the golf tour for four weeks, led the qualifying rounds with a six-under-par 65 over the 6,578-yard course. Tying for second were Mike De Massey, Palo Alto, Calif., and Art Wall, Honesdale, Pa., who shot 68's. It required a 75 to qualify for the open.

There were 80 tournament players exempt from qualifying. The Texas PGA got 17 places and the tournament sponsors nine to make the field 169—nine larger than had been planned. Nine alternates were named by the tournament officials. They will step in this order if players qualified for the tournament fail to start Thursday.

C. A. Dewees, Cleburne, Texas; Willie Polumbo, Philadelphia; Bill Perry, Memphis, Tenn.; Chuck Dupree, Spencer, Iowa; Peyton Sweeney, Brownsville, Texas; Jack Helm, Decatur, Texas; Reece Alexander, Nocona, Texas; Dave Marr, Houston, and Robert Grant, Jefferson City, Mo. These players all shot 76 in the qualifying round—one over the qualifying score.

Rocky Marciano Slaughters Tired Old Lee Savold By TKO

PHILADELPHIA—(AP)—A fighter has to have his annuities paid up before going against Rocky Marciano.

Marciano, the hard punching heavyweight from Brockton, Mass., not only beats his opponents into bloody submission, but he sends them scurrying for a rocking chair and retirement.

Like Wednesday night when to all intent and purposes he ended the career of the veteran Lee Savold, it is no exaggeration to say that Marciano slaughtered Savold. The 35-year-old Englewood, N. J., fighter was a blood-soaked hulk when his manager, Bill Daly, asked Referee Pete Tomasso to stop the uneven match at the end of the sixth round.

"The will was there but not the body," said Daly. "I'm going to advise Lee to retire from the ring."

John (Ox) Dargosa, Pennsylvania State Athletic Commissioner, said he was going to suspend Savold indefinitely and ask him to retire.

Sound familiar?

It should. Almost the same sequence of events followed Marciano's eight-round knockout of the Joe Louis four months ago. After the once proud Brown Bomber was draped over the ropes, he too was urged to retire by both loyal fol-

lowers and some boxing commissioners.

Savold never had a chance Wednesday night. The unbeaten Marciano charged across the ring from the first bell, smashed two tremendous left hooks into Savold's face and then unmercifully cut down his bigger opponent. Marciano weighed 186 1/2 and Savold 200 for the scheduled 10-rounder. The announced attendance was 9,243 and the gate a disappointing \$61,386.

Despite his easy victory—Marciano won every round—the Rock was far from satisfied. Asked how he felt after cutting Savold's eyes and the veteran's lip so badly it needed stitches, Rocky said, "I wasn't sharp at all. I need to fight often. A four month layoff is too much."

Alf Robertson, former jockey, is the owner and trainer of a one-horse stable this season at Hialeah race track. The horse's name is "You'll Learn."

Men! Let's talk about new **SPRING FLANNEL SUITS...**

There is no suit fabric that says "spring" more emphatically than FLANNEL, and our flannels are outstanding. Expert tailoring... comfortable fit... luxurious, firmly woven fabrics that hold their shape, and here's a word for the thrifty, instead of two pant suits, how about the use of two coats. Wear these fine flannels as a suit or add a pair of contrasting slacks and, presto, your suit coat becomes a sport coat. Tan or gray shades. Single breasted, patch pockets in regulars, longs, shorts or extra longs.

66'ers, Travelers To Tangle Here In Basketball Contest

The best in basketball comes to Midland Thursday night, with top-flight Phillips 66 of Bartlesville, Okla., meeting smooth, tough Artemis, N. M., REA Travelers in the Midland High School gym.

Two area teams—Bill Hale Motors of Odessa and Rotary Engineering Company of Midland—tangle in the lid-blast at 6 p.m. in the same cage palace.

Most tickets to the double-bill had been sold late Thursday, but a few remained and were to be placed on sale at the door.

Bill Veck Tries For Working Agreement With Japanese Team

ST. LOUIS—(AP)—With nary a word of recognition to Puccini, restless Bill Veck is making plans to cast his St. Louis Browns in a production that smacks of a "Madame Butterfly" plot.

In the Italian composer's opera, an American naval officer woos and weds a Japanese girl. Veck's idea is just about the same.

He gave word Wednesday to start planning a working agreement between the Browns and a Japanese baseball club. Whether such a thing is legal can be decided later.

The idea cropped up in a cablegram from Abe Saperstein, owner of the fabulous Globetrotters of basketball and Brown's stockholder and scout.

"I can make an excellent working arrangement with a club in the Japanese Professional Baseball League," Saperstein's cable read. "Can I do it?"

That tag ending is the big question. Is such a thing allowed under present American baseball rules? It stumped Veck. And it stumped a "board of strategy" that was present—Gen. Mgr. Rudy Schaffer, Vice President Bill DeWitt, Traveling Secretary Bill Durney and Publicity Director Bob Fisher.

Not For Long
Veck wasn't stumped long. A thing like not knowing if it's possible doesn't worry the energetic Brown's owner.

"Go ahead," he cabled Saperstein. "Can't tell if we can do it. Must clear with president of the National Baseball Association."

He plans to question George Trautman, NBA president, on the matter. "It can't hurt anything," says Veck. "If we get an okeh on it, we'll try to work out something."

Pete Gil And Jimmy Curl Meet In Battle
AUSTIN—(AP)—Stocky Pete Gil of Austin puts his Texas middleweight boxing championship on the line Thursday night against former champion Irish Jimmy Curl of San Antonio in a 10-round bout.

Curl lost the title in 1950 when he decided to campaign out of the state as an eighth ranking middleweight.

SUFFERERS HAND LACERATIONS
Donald Albright, 805 South Weatherford Street, Wednesday received emergency treatment at Midland Memorial Hospital after he had received lacerations to fingers of the left hand when his hand was caught between drill collars.

U. S. Earns Gold Medal In Olympics

OSLO—(AP)—Mrs. Andrea Mead Lawrence, 19, skiing dare-devil from Rutland, Vt., gave the U. S. the first gold medal of the sixth Winter Olympic Games Thursday when she streaked to victory in the Women's giant slalom event.

The tall New Englander, who was an Olympic competitor at 15, raced down the hazardous 1640-yard Norefjell course, weaving between pine trees and rocks, in two minutes, 6.8 seconds.

Her time was 2.3 seconds better than that of the second place finisher, Austria's Dagmar Rom, a blonde movie actress, who registered 3:09.

Catherine (Katy) Rodolph, 21-year-old Denver University coed from Hayden, Colo., finished fifth in 2:11.7 for America's second best showing.

Bad Start
The United States' No. 2 hope in the event, Janette Burr of Seattle, Wash., almost missed one of the control gates and had to back up to go through it properly. This spoiled her chances and she finished in 2:19.2, far out of the running.

While Mrs. Mead was sweeping to victory down the steep-coated incline at Norefjell, some 70 miles from here, the U. S. two-man bobsled team were virtually conceded the championship to Germany's great sliding tandem at Frognerseteren.

Andreas Ostler, Germany's champion bobsledder, and his mate, Lorenz Nieberl, took a commanding lead after the first two heats of the two-man bobsled championship.

Ostler and Nieberl swirled down the 1500 meter (metric mile) bobsled run in the course record time of one minute, 26.7 seconds on the first try and repeated in 1:21.64.

Give them a two-run total time of 2:42.40 and only a miracle could prevent them from prevailing in the final two heats Friday. The championship is based on the total times of four heats.

The U. S. No. 1 sled manned by Stan Benham of Lake Placid, N. Y., and 270-pound Pat Martin of Massena, N. Y., was second with 2:44.15 for the first two runs. Benham's broken-down times were 1:22.03 and 1:22.12.

obvious handicaps.
A few days ago, though, the cricket straps announced they didn't want any bare-legged athletes running around on their grass, after all, and that is a blow from which the Melbourne organizers scarcely can recover. They doubtless are pretty bitter about it, as the cricketers apparently had given them good reason to believe that the big stadium would be available.

No Arenas
Melbourne has several other arenas, but none is anywhere near large enough to hold an Olympic audience. There was some vague talk about taking one of these and jacking its capacity to 'way up yonder, but a citizen who claimed to know the temper of Australia's labor unions said this was pure moonshine.

"There's still a bad housing shortage in the country," he explained, "and the unions would never permit their men to work on a project like that requiring a lot of scarce raw materials. The government couldn't afford to allot such materials in the first place."

As a sidelight, the Aussie tennis officials were not permitted to erect temporary stands for the recent Davis Cup challenge round until they gave an oath to return the wood and steel tubing to the public domain. Workman began ripping it down almost before the last spec was safely off the top row.

If we are right in thinking Melbourne will have to throw in its hand, it probably is just as well. There are no finer people in the world than dwell on the banks of the Yarra, but they never had much business bidding for the Olympics. Haybe Helsinki didn't either, really, but at least the little Finnish capital is handy to the rest of the world.

Melbourne is a mighty long way from anywhere, and that's the truth. It's a long way even by airplane. By good boat it's something like three weeks, and there aren't many boats.

But say, for the sake of argument, that a few thousand athletes and Olympic officials and sports writers did finally manage to get there in the dead of our Winter. They would need to sleep somewhere now and then, even the reporters, and there probably is no city in the world as fresh out of sleeping space as Melbourne.

Australians, to a great extent, stay put, and so there is no great demand for hotels for transients. There is only one really modern hostelry in all Melbourne, and it is on the small side. A man wants a room there, he starts writing letters about a month ahead and asking friends to please use their influence. Then he hopes.

Melbourne's organizers thought they might solve the housing problem by putting most of their visitors up in boarding schools around town. One shudderer to envision the average Olympic official arriving with his customary wardrobe trunk and six bags and being advised he may have the third cot from the far end, all to himself.

Chapman Says More Drilling Steel Needed
WASHINGTON—(AP)—Secretary of the Interior Chapman told a news conference Wednesday enough steel was expected to be available this year for drilling only about 44,000 oil wells.

He said if the nation's oil production is to be increased by 642,000 barrels daily by 1953, which it is estimated will be needed to meet demand, the nation will need 23,000 new wells.

Frank Forbes who is a boxing judge in New York State is also a scout for the New York baseball Giants.

Rotary, Phillips Gain Finals Of Cage Tourney

With a minimum of trouble, Phillips Petroleum Company and Rotary Engineering Company roared into the finals of the Midland JayCee Independent Basketball League Tournament Wednesday night.

Phillips ran up a point-high for the season in humbling Western Plastic, 75 to 44, while Rotary downed fighting Borden's, 64 to 49.

Both teams had won first-round games by convincing margins, and now will tangle in the second game of a twin bill Saturday night which starts the final series.

Borden's and the Plastic meet at 7:30 p.m. Saturday in the John M. Cowden Gym for third place, while Phillips and Rotary tangle in the second contest.

Both of these series will be a best two-of-three affair. Second games will be played Monday night, with third games Wednesday night if necessary.

Rotary and Phillips have played twice this year, splitting even. Phillips took the first one, 53 to 47, but was defeated 49 to 46 in the last contest with the Engineers.

Neither team, however, was in danger as it waited to victory Wednesday night.

Gerald Tucker, former All-American from Oklahoma U., again led his team's scoring. The big pivot man flipped in 23 points, 10 more than runner-up Don Jones of Wyoming U.-Kenney Jastro, Denver, scored 11.

Phillips got off to a 19-9 first-quarter lead, ran it to 31-20 at halftime and 57-32 at the end of three. Stover and Dyess topped the losers with 14 tallies each.

Rotary got Borden's down 28-10 in the first quarter, and the losers never could overcome the big handicap, although they did pull to within 10 points early in the fourth frame.

It was 39-21 at halftime and 52-33 at the end of three quarters.

J. B. Collins, Paul Haskins and Leland Huffman tied for high-point honors with 15 each for Rotary. Sam Erb poured in 15 points for Borden's, while Roy Price was below-par with 13.

Browns, Tigers In Seven-Player Deal

DETROIT—(AP)—The Detroit Tigers and the St. Louis Browns Thursday announced a seven-player trade in one of the Winter's largest baseball deals.

General Manager, Charlie Gehringer of the Tigers said the trade would send Tiger Pitchers Bob Cain and Gene Bearden and First Baseman Dick Kryhoski to the Browns.

In return the Tigers get Catcher Matt Batts, Outfielder Cliff Mapes, Pitcher Dick Littlefield and Infielder Benjamin Taylor.

Western Plastic Company has announced it will enter the district TAAF basketball tournament here, bringing to five the teams entered.

Other fives in the meet include Phillips Petroleum Company and Rotary of Midland; McCamey News Publishing Company and Odessa Junior College.

Odessa JC is reported to have a starting five of which the shortest player is six-feet, three-inches tall.

Glad to see the Midland boxing team vote in favor of holding the amateur boxing bouts here.

Ed Stitt, general chairman of the Optimist club's fight officials, is hard at work getting ready for the two-night affair scheduled here February 28-29.

A note from J. Haskell Davis of San Angelo informs us the West Texas Sports and Foreign Car Club will hold its initial meeting Sunday at the San Angelo Youth Center Building. The time is 3 p.m.

Davis says interested persons may contact him at 32 West 17th Street, San Angelo.

Kermil grid fans may breath easier now. Coach Neil Dillman won't be leaving for Vernon, as rumored, after all.

Vernon hired Spot Collins, ex-Southwestern College and Cisco High School mentor Wednesday. Midlanders may remember one of Collins' team. His 1945 outfit came here and lashed Midland 19 to 0.

Dillman, who has established quite a reputation at Kermil as a T-former coach is "safe" for the present—but some big school will grab him off if he has another good year or two, we'll wager.

Henry (Zeke) Bonura, who guides the Midland Indian baseball fortunes afield, will be in town this weekend according to Horace Busby, the front-office head-man.

Zeke is coming in for a directors meeting. We'll try to corner him somewhere along the line and get a look-see into the 1952 baseball season.

Bradley Upsets St. Louis, 61-60
PEORIA, ILL.—(AP)—Bradley University's basketball team, in the midst of a recession from the heights of previous seasons, regained the old touch Wednesday night and set, back highly-favored St. Louis University, 61-60.

Pickings haven't been exactly meager for the Peoria Braves this season. It was the second time they had knocked over the Billikens, the previous victory coming at St. Louis in a double overtime, 57-54.

The Braves now boast a respectable 14 won, 10 lost record.

It was the fifth defeat for the Billikens, who lead the Missouri Valley Conference with six straight victories. Their overall season record is 17-5.

Games such as Wednesday night's thrilling conquest of St. Louis, ranked seventh nationally in The Associated Press poll, have been rare this year for Bradley.

In the three previous seasons, Bradley won 99 games and lost only 19. And the Braves were picked tops in the country at the end of the 1949-50 season in the AP poll.

Coach Fordy Anderson of Bradley, rebuilding this year after pre-season involvement of much of last year's squad in the bribing scandal, found a hero Wednesday night in Harvey Babetch, freshman substitute.

Babetch entered the game in the last few minutes and it was his basket and free throw which broke a 58-58 tie, providing Bradley's last three points and the margin of victory. A subsequent goal by the Billikens' Fred Kovar narrowed the gap.

Little Tumor Victim Still Critically Ill
SAN ANTONIO—(AP)—Little Sue Ford, six, brain tumor victim, Thursday remained in a critical condition at her home.

Dr. Roger Haentges, the Belgian doctor who flew here 19 days ago in hopes of saving her life with a new medical treatment, was at her bedside.

ENTERS HOSPITAL
Mrs. Payne Hutchinson of Floydada, Wednesday entered Midland Memorial Hospital as a medical patient.

Lemon has the job of teaching Reagan, who plays the role of the immortal pitcher, proper technique and will have a speaking part in the movie. (NEA)

Fights Here Given Official Go-Ahead

Midland's proposed amateur boxing tournament, on the verge of being kayoed Wednesday, found itself on steady legs and ready to go the route Thursday.

Coach Nolan McKean and Optimist Club officials pronounced the tourney "on" again after 19 enthusiastic youngsters voted to continue with the bouts here in Wednesday workouts.

"The boys definitely want to hold the meet," McKean said after the drills, "so we will continue."

He said he now will field a fighting squad of at least 12 boys from Midland, and perhaps even more.

Two new additions were made to the squad Wednesday, and two more scrappers rejoined the team.

Newcomers were Don Hudson, a welterweight described by McKean as a boy with "a nice style and a hard punch" and Red Cast, 175-pound MHS tackle who will go in the light-heavyweight class. McKean said Cast is a "willing boy and very tough." Hudson recently moved to Midland from Lubbock.

Luther Mooney, bantamweight who fought in the Odessa meet, has conquered a case of influenza and is back stronger than ever. Flyweight E. P. Birkhead also rejoined the team after a brief lay off.

Others participating in the Wednesday workouts were: Don Stringer, featherweight champ of San Angelo's GG tournament; LeRoy Reeves, 84-pound scrapper; Welterweights Robert Whitaker and Harold Wallace and Middleweights Jay Schlichting and Charles Crites.

Crites fought as a welterweight at San Angelo, but his weight was down because of the influenza. He now will fight in the middleweight class—his normal weight.

Lightweight Champion Don Evans missed Wednesday workouts because of a knocked-down knuckle, but will be back within a few days.

Charles (Chill) Reeves, Midland flyweight in the state tourney at Fort Worth, and Bill Leonard, light-heavyweight scrapper also there, will be on the card here.

A third fighter—Middleweight Fred Bilbo—will not see action in the bouts. He will be unable to fight because of previous commitments in school work.

The fights—to be officially known as the first annual Midland Optimist Amateur Boxing Tournament—will be held February 23 and 25 in the YFW Hall, located on Highway 90 between Midland and Odessa.

Odessa has promised 20 fighters; San Angelo 12 to 15. Andrews, Brownwood and Hobbs; N. M., are possible entries.

Other West Texas cities wanting to fight here are invited to attend. McKean Thursday said his team would work out Friday night, and said boys for the team still will be accepted at that time. The local mittmen will train every night next week, from 7 to 9 p.m.

PGA Gets In Another Squabble, This One Over Three-Buck Fee

SAN ANTONIO—(AP)—At Phoenix, during the Phoenix Open the PGA tournament committee decided to assess each tournament golfer \$3 with which to create a public relations and publicity setup.

Wednesday the very thing designed to further the relations of golf brought another ruckus.

Amateur golfers protesting qualifying scores balked at paying the \$3 and charged Ray O'Brien, assistant tournament supervisor, had told them they couldn't play in the Texas Open, even though they qualified, if they had not paid the fee.

The amateurs said they had paid a \$10 entry fee and did not think they should be assessed anything additional in order to play.

There were arguments all during the day Wednesday night. Frank Caywood, tournament supervisors, apologized for O'Brien's alleged actions. It also was indicated the assistant supervisor would be called on the carpet by the tournament committee.

Get Refund
Two members of the committee, Horton Smith of Detroit and Leland Gibson of Kansas City, said any amateur golfer paying the fee who wanted his money back could get it. It was estimated that at least 30 amateur players refused to pay the fee, but many others did.

Caywood said the fee was not mandatory for amateur golfers. O'Brien denied that he had told the golfers they had to pay the fee or that he told them they could not play in the tournament. If they did not pay it.

MAKE UP—Ralph Branca makes up Bobby Thomson before their game. The Giants' slugger third baseman, who won the National League pennant for the Polo Grounds with his ninth-inning homer off Branca, serenaded the Dodger pitcher with "Because of You" (NEA)

The all-star team for Midland's Independent JayCee Basketball League has been selected, and will be honored with individual awards after the city tournament is over.

At that time, the Most Valuable Player will be picked, as well as the loop's Individual Sportsmanship winner.

We don't, of course, know who will get the honors. But our vote for the MVP would go to J. B. Collins, the Rotary Engineering Company's quiet, unassuming floorman and point-producer. Collins is seldom spectacular; always reliable.

The "good sport" award we would give to Borden's Doyle DeArman, who always manages to take licks without whimpering and wins without boasting.

Western Plastic Company has announced it will enter the district TAAF basketball tournament here, bringing to five the teams entered.

Other fives in the meet include Phillips Petroleum Company and Rotary of Midland; McCamey News Publishing Company and Odessa Junior College.

Odessa JC is reported to have a starting five of which the shortest player is six-feet, three-inches tall.

Officers said two coffee cans, in which Nunn kept change, had been emptied.

SOLDIER ON MANEUVERS DIES IN HIGHWAY CRASH

FORT HOOD—(P)—Pfc. John Lambdin, Anthrax, Texas, was killed Wednesday when his car crashed into an embankment near Burnet, Texas. He was stationed at Lometa, Texas, for Fourth Army field exercises.

Mrs. Elva Mae Snider, Llano, Texas, a passenger, was injured seriously.

Reds Offer New Prisoner Plan

MUNSAN, KOREA—(P)—Communist truce negotiators presented a new prisoner exchange plan Thursday incorporating some Allied ideas but clinging to their demand for forced repatriation.

The Allies repeatedly have said they won't turn a single prisoner back to the Reds against his will.

The Communists have another new plan. It was drafted for the final clause of a Korean armistice. It will be unveiled Saturday before a full dress session of truce negotiators. The meeting was scheduled at 10 a.m. (7 p.m. Friday CST).

ODESSA WOMAN ILL

Mrs. Leda Mae Packard, Odessa, Wednesday was admitted to Midland Memorial Hospital as a medical patient.

Man Reports Loss Of \$5,000 In Jewels

MEXICO CITY—(P)—Gordon King, Convent, N. J., says a bag he lost in Houston Wednesday contained diamonds and jewelry worth \$5,000. The bag was recovered later, minus the jewelry.

King said the loss occurred at a Houston railroad station while he and his wife were enroute here for a vacation. When King gathered his luggage, one of his bags was missing and a similar one was left on the platform, he said.

LEFT HAND BURNED

Ivan O. Lewis, 707 North New Jersey Street, Wednesday received burns to the left hand when he attempted to light a butane stove. He received emergency treatment at Midland Memorial Hospital.

British Gracie's Dream Of Love In A Cottage Curdles

CAPRI, ITALY—(P)—Gracie Fields, British film and stage star, left suddenly Thursday and a friend said her plans for marriage with Capri's Roman-born radio repairman are off.

The wedding originally was scheduled Wednesday, but Gracie announced last week the ceremony had been postponed until after the funeral of King George VI of England.

A friend said Gracie has "postponed her marriage plans indefinitely after a sharp disagreement with her fiancé," Boris Alberovich. Gracie left in a fury, the friend

said. "She's expected to fly to America right away, after her dispute with Alberovich. Gracie will deny to anyone that her marriage is not going to take place, but I know for sure that her marriage plans are off."

When the surprise announcement of her wedding plans was made last December 26, Gracie said it was love at first sight.

Her broken radio brought the radio technician, 48, to her villa, and the 54-year-old comedienne thereafter systematically tampered with the set again and again until Alberovich got wise and proposed, Gracie said.

DiSalle To Retire As Price Boss With President's Blessing

WASHINGTON—(P)—Michael V. DiSalle, the little fat man from Toledo, Thursday neared the end of 14 months' service as the nation's price boss with a farewell pat on the back from President Truman for a good job done by "a wonderful guy."

Further, the President told DiSalle, "I hope you will succeed in helping the Democrats to retire a distinguished senator" in Ohio this Fall.

Truman referred to Senator John W. Bricker (R-Ohio) whom DiSalle hopes to unseat. "The former Toledo mayor quits the price post Friday to go home to Ohio to begin his campaign for the Democratic senatorial nomination. If he wins that, he'll oppose Bricker in November."

The President spoke briefly in a surprise appearance at a testimonial dinner given for DiSalle by about 900 persons.

Truman said DiSalle did "something that is very difficult here in Washington—he took the Congress into camp, and I can't do that myself. Mike has been able to get things out of those 'birds' that I can't even start to get."

He added that DiSalle's efforts had made the price post "a bed of roses" for Ellis Arnall, ex-governor of Georgia, who is awaiting Senate confirmation to become the new OPS chief.

KEY, WILSON AND MAXSON

Whether You RENT or whether you BUY...

YOU PAY FOR THE HOUSE YOU OCCUPY!

Here's a very lovely, big five room brick home, located on Magford and Kansas Streets. This home is exceptionally nice. Big rooms, ceramic tile bath, attached garage. It would be a pleasure to show you this beautiful home. Full price, \$16,750. Maximum financing.

Located on Country Club Drive, we have a magnificent three bedroom, two ceramic tile baths, a lovely den, living room, dining room and kitchen. Carpeted, air conditioned and centrally heated. Two car garage. Price, \$36,750. You'll be glad you asked about it.

We're offering a three bedroom home on Big Spring... a beautifully finished house. You'll find a lovely yard, beautiful shrubbery, fenced-in back yard, barbecue pit, and all the nice things that go with good living... and at a price you can afford to pay.

We've had many inquiries for some of the older, exclusive homes. One has just been listed with us, and it consists of three large bedrooms, two fully tiled baths, a large living room with wood-burning fireplace, spacious dining room, and a kitchen you will adore. Very large game room, with all sorts of built-ins. Two car garage. The grounds consist of 150-foot frontage, back yard enclosed with six-foot fence. Might consider trading for a smaller house. Full price, \$40,000.

We're offering today a two bedroom home, living room, dining room and kitchen. Central heat. 409 Maple Street. \$2,750 cash, balance \$63 a month. No financing charges. Make your payment and move in today.

You're going to like this home—it has only two bedrooms, but they're nice size. "Boo-coo" extra features that you ordinarily find only in very expensive homes. Attached garage. Corner location in Loma Linda. \$3,700 cash required.

Here's a Cottonwood address—416. \$3,500 down payment. This home has water softener, air conditioning, large closets with sliding doors, plumbing for automatic washer. Detached garage. Monthly payments, \$56.

Two small houses on one small lot. Renting for \$125 a month. Full price only \$5,900. On paved North Weatherford. You can't miss on this one! Might consider good automobile or truck as part payment.

Floor Covering Company To Open Appliance Store

The Storey Floor Covering Co. at 400 South Main Street has doubled its floor space by adding an appliance department next door.

Favors will be given at the grand opening Friday and Saturday. Coffee and cookies will be served.

Leonard Storey is general manager with A. A. Gibson as his assistant. Mrs. Cecil Johnson is bookkeeper and receptionist. Installation mechanics in the floor covering department include Byron L. Holley, Lee Ponder, J. C. Cash, Raynus Hunt, W. L. Touchstone, Charles Craig and F. C. Pickett.

Stock clerks are Jim Hernandez and Premitivo Jaso. The floor sanding and finishing staff is headed by C. E. Rappe.

Edward Rowan who has had 20 years experience in mechanical refrigeration and appliances heads the appliance department. Heading the sales force are Mr. and Mrs. L. Storey with Clint Marvin engaged in setting up an outside sales organization.

Cal M. Houston Funeral Services Held In Stanton

STANTON—Funeral services for Cal M. Houston, 80, pioneer Stanton resident, were to be held at 3 p.m. Thursday in the First Methodist Church. The Rev. James E. Harrell, pastor, was to officiate, assisted by the Rev. J. B. Stewart of Spearman and the Rev. T. R. Hawkins, pastor of the First Baptist Church.

Interment was to be in the Evergreen Cemetery here.

Houston, who died early Wednesday in a Stanton hospital, was born Jan. 26, 1872, and came to Martin County in 1890. He was married to Susie Glascock in 1893.

He owned and operated extensive farm and ranch properties in the Tarzan and Lenora sections of Martin County.

Survivors include the widow; a daughter, Mrs. Inez Woody; three grandchildren and two great-grandchildren, all of Stanton.

Storage Official Fined For Bribery

DALLAS—George M. Morris, president of a Kansas City grain storage company, was fined \$500 and given a six-month probation jail sentence Wednesday on bribery charges.

He was charged with giving money to Stephen G. Benit, Jr., former official of the Dallas Production and Marketing Administration office. Benit was fined \$500 and received a suspended sentence Tuesday for bribe taking.

Government attorneys said the payments were intended to inquire that Benit would see Morris' Shawnee, Okla., warehouse continued to receive government grain storage business.

Accused Wife Seeks Release In Slaying

FORT WORTH—Mrs. Doris Faye Barber, charged in the murder of Fort Worth Detective H. E. Cleveland, has asked that she be released from jail on a writ of habeas corpus.

The writ was filed Wednesday. Assistant District Attorney John McLean said a hearing on the petition would be set at 2 p.m. Friday. Mrs. Barber, charged along with her husband, Robert H. Barber, Jr., with the slaying of the officer at their home a week ago, is in county jail in lieu of \$1,500 bond.

Carlston Talk Set In Crane

CRANE—The Crane Elementary P-TA will present the Rev. Aisie H. Carlston as guest speaker at 7:30 p.m. at the annual Fathers Night meeting in the Elementary auditorium.

Fathers Night is observed each year to enable fathers to attend at least one meeting for parents with teachers in association.

Carlston, a well known speaker, is pastor of the First Methodist Church in Big Spring. His topic will be "Looking Back-Looking Forward," and his work with youth programs in several capacities enables him to speak from personal experience. He is at present chairman of the Conference Board of Christian education.

His experiences in travel are both informative and entertaining. Last year he and his wife traveled in Europe. In the 18,000 miles tour, they visited 13 countries, climaxing the tour by attending the World Methodist Conference.

They interviewed such men as General Eisenhower, Ambassador Bruce, Lord Addison, Martin Niemoller, and other world leaders in both state and church.

Olsen Named Bar Association Head

KERMIT—District Judge G. C. Olsen has been named honorary president of the Winkler County Bar Association.

Other officers named at the recent organizational meeting were County Attorney John Lee, vice president, and Gordon Finley, secretary-treasurer.

Other members of the Winkler County Bar Association include County Judge W. E. Cook, W. T. Hair and Burton Roberson of Kermit and V. S. Gary of Wink.

College President To Address Men's Group Thursday

Andrew Edington, president of Schreiner Institute, Kerrville, will address First Presbyterian Men of Midland at their February meeting at 6:30 p.m. Thursday in the church's Fellowship Hall.

"Christian Turtles" will be the subject of his address.

The noted educator, who assumed the presidency of Schreiner in the Summer of 1950, formerly was president of the University Military School at Mobile, Ala. He was a star football player, honor student and later assistant to the president at Southwestern Presbyterian College, Memphis, Tenn. He received his M. A. degree from the University of Alabama.

He was an officer in the U. S. Navy during World War II and saw service in both the Atlantic and Pacific Theaters of Operation.

Casualties in Korea

WASHINGTON—The names of three Texans appear on the 500th casualty list of the Korean war, released Thursday by the Defense Department.

Wounded, Army: Cpl. Nos. Escobar, McAllen.
Wounded, Marine Corps: First Lt. George W. Weems, Estelline; Sgt. Artie J. White, Comanche.

Reserve Survey In Midland Area Expected In April

Current plans indicate that the survey of reserve personnel will be inaugurated in the 9172nd Group area, which includes the Midland Squadron, about April 7. First Lieutenant O. R. Crawford, public information officer of the 9816th WART, said Thursday.

All reserve officers and airmen interested in a short tour of active duty with the Air Force to help conduct the personnel survey should contact Major Patrick Fletcher or Sergeant H. F. Cook with offices located in the Cantol Building, Midland. All personnel interested should contact Sergeant Cook or Major Fletcher on or before February 20.

Selection of those officers and airmen deemed best qualified and needed in the survey will be made and they will be ordered for such time as their services are required.

Crane County Lambs Taken To El Paso

CRANE—C. C. Swift accompanied Jimmie Hollis and Roy Dameron with County Agent Hubert Martin to El Paso to take 14 lambs to enter the show there February 20.

Hollis and Dameron remained to oversee lambs of members of the Crane 4-H club. Other members will join them for the showing.

FOR RENT

Desk, chairs, tables, files, other office equipment.
Because of the present tax structure, it often is cheaper to rent furniture than to own it. Our stocks of new and used furniture are ample for your needs.

Chinchilla Ranch Grows In Brooklyn

BROOKLYN (NEA)—Just because a man lives in Brooklyn, where many a buffalo roams, is no reason why he can't be a rancher. Clayton Williams is a case in point. He lives in Brooklyn and owns a ranch.

Behind his two-family, attached brick ranch-house, Williams has 100 acres. In the garage, he has 100 head of chinchilla. That is the Sun-head Chinchilla Ranch, and Williams will feud with anybody who says it isn't a ranch.

Actually, chinchilla-ranching is only a sideline for him. He's an embalmer who bought two pair of rodents with the expensive fur coats five years ago. Now his garage is lined with neat, clean cages housing more than 100 chinchillas, systematically paired off to encourage nature.

"I read an article five years ago," says rancher Williams, leaning up against the barn (garage). "It kind of intrigued me. You see, I'm a Wisconsin farm boy, and it's hard to get farm life out of your blood. This way, I get a little of it right here in Brooklyn."

Valuable Critters
Chinchillas are a valuable little critters. They look like small-eared rabbits, with small, bushy tails. Their fur is soft and gray—Williams calls it "blue gray"—and the encyclopedia says "French gray"—and it's highly prized by wealthy women who are bored with mink.

"There aren't many chinchilla coats around," says rancher Williams, leaning up against the corral (garage). "Perhaps only 25 coats in all. You see, our chinchilla population

him about three cents a day to feed a pair.

The chinchillas are very grateful and appreciative have two or three litters a year, with two or three little chinchillas in each litter. And they live for about 12 or 14 years.

There's a National Chinchilla Breeders Association and they have shows, judging the animals like cattle are judged at the big fairs. Williams will take his herd to the New York and New Jersey Branch Chinchilla Show at New York's Hotel McAlpin in February to win some more ribbons.

Mrs. Williams, the rancher's Finnish-born wife who acts as foreman, says chinchillas are easy to take care of.

"I spend about an hour a day feeding them," she says leaning up against the chuck-wagon (kitchen). "And, once a week, I give the cages a thorough cleaning. That takes all day. But they're naturally very clean animals with no smell. It's really easy."

So far, the idea of that chinchilla-coat-on-the-hoof grazing in her garage hasn't tempted Mrs. Williams. She is quite content with her little Persian lamb jacket.

Clayton Williams: He's got farm life in his blood.

is only about 150,000 or so, and it takes about 150 pelts to make a full-length coat. Nowadays, we're only raising them for breeding, and maybe an occasional pelt for trim."

If you could persuade 150 chinchillas to donate their pelts for coat-making purposes, such a garment would be worth about \$75,000. A chinchilla costs about \$500 on the market.

Despite High Cost
Despite the high cost of chinchillas, they are relatively inexpensive and trouble-free to raise.

"I figure," said Williams, "that they're the cheapest animal you can raise for the return."

You don't have to worry about heating the cages, because Chinchilla Lanigera hails from the Andes Mountains where it gets colds. Williams has an air conditioner in the garage for the hottest days of Summer, and a little space heater for the bitterest days in Winter, but he rarely uses either. And they mostly for his own comfort while tending them.

For food, the chinchillas thrive on a diet of hay and pellets made from grain, grass, minerals and vitamins. That and water is all they get. Williams figures it costs

Barbarian's Tomb Reported Found

COSENZA, ITALY (AP)—The tomb of Alaric, Visigoth emperor who sacked Rome about 1,500 years ago, may have been found in the bed of a Calabrian River in Southern Italy.

Adolfo Greco searched for months. Using a diving rod, he claims to have located the barbarian emperor's tomb in the bed of Busento River. The grave had been sought for centuries.

RESTRICTION PROPOSED
—CALGARY, ALBERTA (AP)—Recommendations that no girl under 18 be allowed to accept jobs as counter girls, waitresses or hotel chambermaids without written permission of her parents was passed by the Alberta Council on Child and Family Welfare here. Mrs. Harold Riley, president of the council, said temptations for teen-agers today were greater than ever before.

LUCKY RIG
NORTHRIDGE, CALIF. (AP)—Engineers, drilling the Mulholland No. 1 oil well here, have more than scientific knowledge on their side—the rig they are using has never produced a dry well. H. E. Sweetser, superintendent, said the lucky rig has brought in four producers in nearby fields. He expects to drill to at least 10,000 feet for commercial production.

There are 800 different kinds of earthworms in the world.

Dog Trainer Guilty Of Biting Corporal

SINGAPORE (AP)—A British Tommy, whose mission in life is to train dogs for the Army, was convicted himself recently of biting a corporal.

The soldier, a member of the Army Guard Dog Unit in Singapore was sentenced to 84 days detention for assault, absence without leave and creating a disturbance.

His court martial was told, that when he returned late one night from leave, he objected to questioning from a corporal and a struggle ensued. During it, came the bite.

PLEASURE JET—French plane-makers have come up with the world's first jet-powered light touring plane for civilian use. It's the "Sipa 200," powered by turbo-jet engine, and weighing less than a ton. The light jet is said to travel 200 miles per hour, with a range of 300 to 500 miles.

Youth Center Chatter

By NANCY LOU KLINGLER

Hello fellow readers, at least we hope there are some of you out there who are reading this! This is your weekly reporter to give you a roundup of this week's world news, well, maybe it is just only Midland news, but anyway it is news.

This week we are going to do something different. As you walk into the Youth Center you can hear all kinds of odd names and we see that lots of times you are carrying a puzzled look, so we hope this may help you to know to whom those names belong. Yes, this is the week for "nicknames." Now, we hope no one gets mad about this because this is not why we are doing it. We are going to give the real names and then the nicknames. Look and see just how many you can identify without looking. Ruth Elliott (Toodles) McEntire, Ruth Katherine (Kay or Casey) Colvick, Robert Wilkinson (Fella) Paterson, Amon Craig (Pete) English, Bill (Sooter) Snow, Phyllis Jean (Pili) Pryar, Martha (Tubby) Frick, Harold Leroy (Bugs) Hensley, Milton (Grandpa) Jones, Russell (Rusty) Rutledge, Clinton (Junior) Nobles, Lee (Unc) Woods, Charles Allan (Charlie) Worthen, Terry (Droopy) Bradley, Larry (Peanut) Friday, Anna Bess (Fannie Bess Do-All) Doyle.

Barbara Ruth (Whitty) Whitson, James Lane (Jimmy) Counts, William Stanley (Bill) Erskine, Nancy (Smooch) Steedman, Virginia Lou (Punkin) Wilkinson, Martin Alpha (M. A.) Rose, Silita Jacqueline (Jackie) Station, Jacqueline (Jackie) Brady, Elizabeth Rae (Betty) Sivalls, William Goodwin (Bill) Mibb, William (Paul) Davis, Horace Volt (Corky) Moss, B. H. (Speck on Bobby) Culppeper, Marvin Phillip (Buckwheat) Roberts, Nancy (Plop or Suckwheat) Roberts, Ralph (Country) White, Phillip (Bubba) Hubbard.

Charles (Grandpa) Frick, Richard Folyd (Dick) Spencer, William (Horace) Greenstreet, Phillip (Phil) de-Paden, Roy Eldon (Wesley) Vanderpool, Ray (Big-En) Phillips, Jane (Hiccups) Beaky, Ann (Bubbles) Hamilton, Mae Margaret (West) Whitson, Mary Lou (Sluggo) Dickey, James (Weed) Ten Eyck, Frankie (Muletrain) Midkiff, Buddy (Tiny) Whitley, Evelyn (Sassy) Hubbard, Diane (Bubble) Darden, Nanett Norris (Doodle) Hayes, Grace (Gracie) Boles, James (Jimmy or Mimi) McClatchy, Gary (Frog) Throckmorton, Robert (Tall) Bill Mayfield, Patricia (Pat) Boles, Priscilla (Pria) Fields.

More Nicknames
Mary Janet (Jane) Miller, and little sis (Toots) Miller, Ruth Nell (Kirk) Kaykendall, Jean (Jeanie) Waddill, John (Cuddles) Murphey, Harold (Roby) Robbins, Atrelle (Pacy) Pace, John (Rocky) Van Buskirk, and last but by no means least is one that might be completely strange to you, John (Mirt) Baker. If there are any left out please tell us and we will certainly publish them.

Congratulations go to Nancy Roberts who was elected 1952 Basketball Sweetheart. Last year Nancy held the title of Football Sweetheart.

We forgot to mention last week about the Band Aides serving the Band Students after the recent concert. Sure was nice. Thanks a lot. The picture show seems to be very popular even though it has only happened once. Last week there was a wonderful turn-out for it. They even were sitting on the floor. The show proved to be very scary and you could hear blood-curdling screams from the Center. The name of the show was "Murder in the Blue Room." The regular picture show night from now on will be Saturday.

The volleyball leagues seem to be getting along very well. By that we mean that when the boys are playing the girls leave them alone and when the boys aren't playing they leave the girls alone. Believe it or not.

There still is time to buy your membership cards! Please attend to this at once.

The Valentine dance turned out to be very good. Those of you that didn't go really missed something. The Youth Center was decorated very pretty. Grace Boles was in charge of decorations, but of course there were others on the committee. Dean Baker and orchestra furnished the music for the ball.

We want to remind you again of the dances held each Friday night. They are informal with juke-box music.

This week rounds out the 1951-52 basketball season. We think along with all the rest of the students that the Bulldogs and coaches have done a very fine job this season.

Last week you could have seen any Junior beam when the morning announcements were made. The announcement was: All Juniors will order their Senior rings by April first.

Friday will be the high point in the life of Miss Nancy Gail Cooper. She will be crowned by King Larry Mayfield a 1952 Catocal Queen.

Afterwards the queen and her attendants will hold a dance in the Youth Center, which is NOT PRIVATE as some of you think. It is for all Youth Center members and those who attend the Coronation. Tournaments Awaited

The ping-pong tournaments still are waiting on the trophies. And the pool tournaments are waiting for the ping-pong tournaments to be over. So those trophies, as you can see, are holding up the whole deal.

We have received word from Gail Baker, the former conductor of this column, and she is doing fine at Highland Park. Gail left Midland at mid-term to attend Highland Park High School, Dallas, to finish out her wonderful high school days.

The theme song for this week among Midlanders is "Praise the Rain and Stop the Sand from Blowing."

Tuesday morning Betty Campbell read the Gettysburg Address over the P.A. system, in memory of President Lincoln.

The Sam Houston College Choir presented an assembly program Monday.

It's Wide Open
Well, if there are any of you who would like to run for President of the United States you had better start your campaigning immediately. There still is room for more on the Democratic and Republican tickets. All you have to do is just get some people to charter a train and go to Chicago and have a pep rally. We hear that Pete English, Jay Schlichting and Bill Leonard are planning on running, so all of you be sure and cast your votes for all three of them.

Congratulations also go to the Golden Gloves boxers from Midland. Bill Leonard, we hear, has a very good chance to cop a state title. To all of the Midlanders who participated in the San Angelo bouts, congratulations.

Not too much more to report, but we will be around this same time next week.

Here's How Dam Received Name
HUNGRY HORSE, MONTANA—(AP)—Ever wonder how the Reclamation Bureau's big 564-foot high Hungry Horse Dam now rising in a deep Northwestern Montana canyon got its name?

Back in March, 1901, so the story goes, two horses strayed from a pack string while crossing the Flathead River's South Fork. The horses were found a month later in "belly deep" snow. Their starved look brought the comment: "That's an awful hungry horse country."

Then last October two rented horses got lost in an uninhabited region about Hungry Horse Dam. The animal's owner spent a week looking for them in snow two feet deep. The horses were "skin and bones" when found. They were trucked home to their first real meal in 44 days.

It's official now. That's an awful hungry horse country.

THE DOCTOR SAYS

Women Are Stronger Sex Contrary To Traditions

By EDWIN P. JORDAN, M. D.
Written for NEA Service

If you want to live long, you should be born a girl, and not a boy. Contrary to fiction and the views of some men, women are not the frail vessels which perhaps men would like to think they are.

Indeed, except for muscular development and a periodic handicap supplied by nature, women are really the rugged sex.

Women are more resistant to the fatal effects of most diseases than men are with the exception of conditions peculiar to the female sex.

Girls and women appear to be much more robust than boys and men. Most of them accept illness more philosophically and possibly this helps them to recover.

It is easy to understand that men are more exposed to accidents—at least this used to be the case before the days when so many women worked in industry.

It is not so easy to see why men should be so much more susceptible to certain types of heart diseases such as coronary thrombosis and other disorders involving the blood vessels.

Women can withstand cold better than men. The reason for this is at least partly because they have a thin layer of fat under the skin which helps to insulate them. When in swimming and at formal parties, the difference is usually obvious.

Almost every doctor will agree that on the average, women stand pain better than men do. This may not have any relation to their resistance to disease, and is probably just a sign of their adaptability to the role of child-bearing.

For every 100 girls born into this world, there are about 103 boys. From time of birth on, however, boys die off at a more rapid rate than their sisters.

Becomes Woman's World
By the time the later years of life are reached, from 75 onward, there are more than twice as many women living as there are men.

Prepare a pretty dressing to accompany a fruit salad: Whip three tablespoons of currant jelly with a fork and then mix gently but thoroughly with a half cup of commercially prepared sour cream. This dressing tastes good on a Winter salad of bananas, apples and oranges.

LET'S FACE IT—It was "heads up" at the Washington Advertising Club's "Boom and Busts" luncheon and fashion show when these four models prepared to throw their "man's" hat into the presidential ring. Left to right, you'll probably recognize the features of Senator Kefauver, President Truman, Senator Taft and General Eisenhower.

Use All Of Lamb's Best 'Baa'

By GAYNOR MADDOX
NEA Food and Markets Editor
Lamb is a little cheaper now for the first time in several years. Perhaps an occasional roast leg of lamb will fit your budget.

But, of course, there can be no waste. So that means soup from the bone with a few beef bones or beef cubes added for better flavor. Put plenty of celery leaves and onion in that soup, too. They will give fine flavor and also add important minerals.

This stuffed biscuit roll using leftover lamb is another boon to the budget as well as the appetite:
Minted Lamb Roll
(Serves 6-8)

Crust: Two and one-half cups sifted flour, 3 teaspoons baking powder, 1/2 teaspoon salt, 1/4 cup fortified margarine, 3/4 cup milk.

Sift flour, baking powder and salt into a mixing bowl. Cut margarine into flour with a pastry blender until coarse crumbs are formed. Add milk; stir with a fork until mixture forms a soft dough. Roll out on a lightly floured board to form a rectangle 14-inch thickness. Spread with filling.

Filling: Two cups ground leftover lamb or 1 lamb shank, cooked and ground fine, 3 tablespoons fortified margarine, 1/2 clove garlic, 3 tablespoons chopped onion, 1/2 cup dry bread crumbs, 1 cup chicken bouillon or broth, 1/4 teaspoon salt, 1 teaspoon minced tarragon, 1 tablespoon mustard with horseradish, 2 tablespoons chutney.

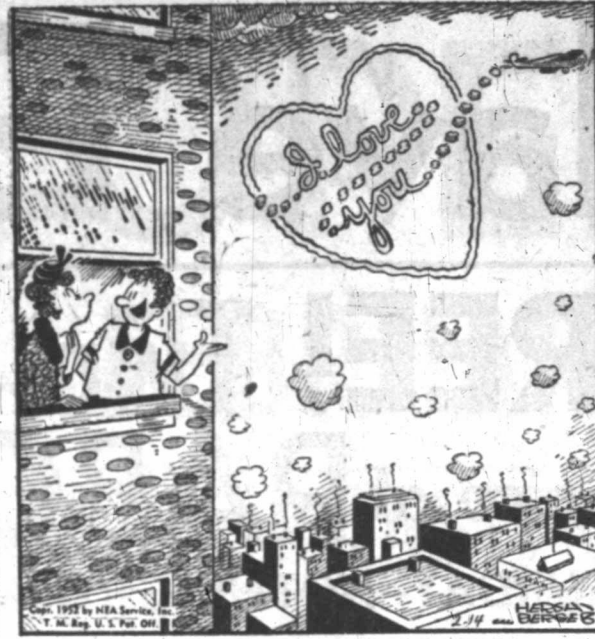

Saute ground lamb in margarine; add garlic and onion; brown lightly. Stir in remaining ingredients. Blend well. Spread lamb mixture evenly over biscuit dough.

Roll lengthwise as for a jelly roll. Place in a greased baking pan or on a baking sheet. Make about 6 gashes across top of roll, cutting each gash 1/2 way down through roll. Brush top with melted margarine.

Bake in a hot oven (450 degrees F.) about 15 minutes or until top is nicely browned.

Serve with a mint sauce made by combining 1/4 cup vinegar, 1 cup water and 1/2 cup brown sugar. Bring to a boil, then add 1/2 cup chopped fresh mint leaves or mint jelly.

FUNNY BUSINESS

"It's my son—he has a girl on 38th street!"

RUTH MILLETT

Almost Every Happy Marriage Has Had Moments Of Failure

A Kentucky couple—both 61 years of age—recently married each other for the fifth time. After four failures they still found they couldn't get along without each other.

The only thing unusual about this couple is that they went to the divorce court every time they thought their marriage was a failure.

Most couples face such times in their marriages. Some of them decide to call it quits for good; get divorces and go their separate ways. But the majority of married couples

manage to live through the bad times, keep up a good front, and wait for things to straighten out. With patience they usually do.

The truth of the matter is that when we talk about a happy or a successful marriage we mean that it is happy or successful MOST of the time.

But the happiest, most devoted old couples you know probably saw their marriages "fail" more than once. The reason they are happily married today is because they sat out the failures instead of calling it quits.

The Kentucky couple were news because every time their marriage "failed" they got a divorce.

But they were never able to make the divorce stick, and so will probably end their days as a happily married couple.

It's not the "failures" in a marriage that are important. It's whether or not those "failures" are permitted to separate a couple for good. (All rights reserved, NEA Service, Inc.)

"New linoleum
 gave my kitchen a lift"

Dear Marge -

You wanted to know the secret of my lovely kitchen. Well, it is lovely if I do say so myself. Of course, I was lucky enough to get the finest of appliances and cabinets. But I really think a big share of the credit should go to that wonderful Nairn Inlaid Linoleum. It fitted my color-scheme perfectly and it looks as nice as the day we bought it. So easy to keep clean—you'd hardly believe how little time it takes.

Presbyterian Men's Class Will Meet In Youth Center Sunday

The reorganized Men's Class of the First Presbyterian Church will meet at 8:30 a.m. Sunday in the Youth Center building, which will be its permanent meeting place in the future. Ernest Sidwell, veteran member of the class, announced Thursday.

L. A. Roby is president of the class, which formerly met in the church's Educational Building.

The speaker Sunday will be Hamilton McRae, attorney, who will talk on the subject, "Requirements in the Christian's Lease on Life."

Fellowship, singing, lesson and discussion will feature the Sunday morning sessions, Sidwell said. Coffee will be served.

All men of the church are invited to affiliate with the class.

Air Force Reserve Commissions Offered To Certain College Grads

College graduates possessing scientific and engineering education may now qualify for an Air Force Reserve commission as a second lieutenant, with immediate entrance into active military service.

Graduates from regionally accredited colleges or universities with a degree in engineering, mathematics, physics or chemistry are eligible to apply for a commission, Major General Charles E. Thomas, Jr., Fourteenth Air Force commanding general, informed Midland AF reserve leaders Thursday.

Successful applicants will be trained in technical schools following attendance at the Air Force Officer Basic Military Course, Lackland Air Force Base, Texas. Appointments are being made to meet shortages in certain technical specialists such as electronics, communications, weather, and research and development.

Commissions in other specialty areas may be made later.

To be eligible for commissions, an applicant must be a graduate from a regionally accredited college or university. Applicants who have completed at least 3 1/2 years in courses leading to a degree in one of the specified fields are eligible to submit application. Commissions will not be granted, however, until a degree has been conferred.

If cranberries stain table linen during holiday meals, try removing the stain as soon as possible with boiling water. Do not use soap at first because the alkalies in the soap may set the stain.

MEETING WILL COME TO ORDER — Jack Dalton, right, should be able to gavel his way through almost any meeting after being presented with the world's largest gavel at a convention of venetian blind manufacturers in New York. The gavel is made of lignum vitae, world's hardest and heaviest wood, is 46 1/2 inches long and weighs 27 pounds. Teaming up to make the presentation are Sam Gold, left, and Sen. Wallace F. Bennett (R., Utah).

Before any attempt is made to repair an electric cord, care should be taken to see that the cord has been disconnected from the electric current.

Soil Potential Is Termed Great

TRENTON, N. J. —(AP)—New Jersey farmers were told recently at a farm meeting that the soil of the United States is capable of producing "food in abundance" for one billion persons.

Dr. Firman E. Bear, chairman of the Rutgers University Soils Department, said the actual production problems of growing enough food for that many people would be very serious. He said land would have to be reclaimed from the sea, water for irrigation distilled from the ocean, floods brought under complete control and every acre of land conserved.

The soils specialist said that at the present time there are only about 12 acres of land for each person in the United States and over half of this is swamp, desert, mountain and lake.

"Virgin fertility of the soil has been largely exhausted," Bear said, "and we are no longer satisfied with the yields that unaided nature can provide."

Midland High School Seniors Get Invitation To Angelo Conference

SAN ANGELO—When high school seniors of the surrounding area gather at San Angelo College Thursday, February 28, for a Citizenship Conference, they will be special guests also at the San Angelo Stock Show.

The conference is being sponsored by the college, the San Angelo Chamber of Commerce and the West Texas Chamber of Commerce.

John Ben Shepperd, Texas secretary of state, has accepted an invitation to address the seniors.

The messages will be devoted to principles of the American free enterprise economy and to the importance of assuming responsibilities of citizenship while accepting its rights and privileges.

Seniors of the following schools have been invited: Ballinger, Barnhart, Big Lake, Blackwell, Brady, Brown, Childers, Coleman, Colorado City, Crane, Del Rio, Eden, Eldorado, Eola, Fort Stockton, Junction, San Angelo, McCamey, Mason, Melvin, Menard, Mertson, Midland, Miles, Ochoa, Pajon, Rock, Robert Lee, Rochelle, San Saba, Santa Anna, Snyder, Sonora, Sterling City, Sweetwater, Water Valley, Winters, Iraan, Llano and Rankin.

Vital Sex Hormones May Be Produced From Tomato Plants

WASHINGTON—(AP)—The Agricultural Department Wednesday reported the common tomato plant contains material that can be used to make sex hormones.

Chemical research has found, the agency said, that a new alkaloid called "chrysaline tomatidine" can be extracted from the tomato leaf.

This alkaloid can be used as a starting material in the manufacture of the medically important sex hormones progesterone and testosterone.

The department said the value of the new discovery lies in the fact that heretofore only three sources were available for the preparation of these drugs—animal nerve tissues, soybeans and Mexican yams.

The department said tomatidine might even be converted into cortisone, a new drug being used for relief of arthritic pains. The department said that once a practicable method has been perfected, the use of the tomato plant as a suitable source for cortisone would make possible a considerable reduction in its price.

At present, the department is growing tomato plants in experimental plots for the production of tomatidine in order to obtain information on costs.

The feasibility of producing tomatidine from the plant after the tomatoes have been harvested also is being investigated. The experimental work is being carried on in cooperation with the National Institute of Health.

Donner Pass, one of the lower crossings of the Sierra Nevada, is at an altitude of 7,189 feet.

TWO VIEWS OF ACHESON—A cartoon in the Russian humor magazine, "Krokodil," depicts Secretary of State Dean Acheson on two sides of a coin. On one side he's an angel, on the other a bomb-dropping ghoul. "This," says the magazine, "is the two-faced Janus: one side is peace, the other war."

SAME FACE, SAME STORY

WASHINGTON—(AP)—Study this face on your television screen, the announcer said, because this man is wanted for investigation of housebreaking.

Mrs. H. H. Knowles, at home in nearby Alexandria, Va., studied the face. A knock on the door interrupted her. She walked over and looked through the peephole.

Types! Same face Mrs. Knowles called police. The man fled. Police didn't catch him.

Southwestern Life Ins. Co. PHONE 4-4182 (Not in phone directory) R. J. (Doc) Graham, C.L.U.

Mehaden, a species of fish, yields oil widely used in making soap, paint, linoleum, waterproofing compounds and in tempering steels. Victorian maidens used Preston salts to recover from their swooning; today they are better known as "smelling salts." The use of fire, candles or tobacco was strictly prohibited in the first capital building in colonial Williamsburg, Va.

Resistance To Reds Brings Forth Praise

PENANG, MALAYA —(AP)— The "courage and fortitude" with which the people of Malaya are facing Communist terrorism has drawn praise from America's newly-arrived diplomatic representative to Singapore and the federation. Charles P. Baldwin, U. S. consul general, said he was impressed by the high morale he had seen during his visit here a n d i n Singapore, where he make his headquarters. Pledging to work for closer relations between Malaya and the United States, Baldwin declared: "American interests in Malaya clearly transcend mere commercial intercourse."

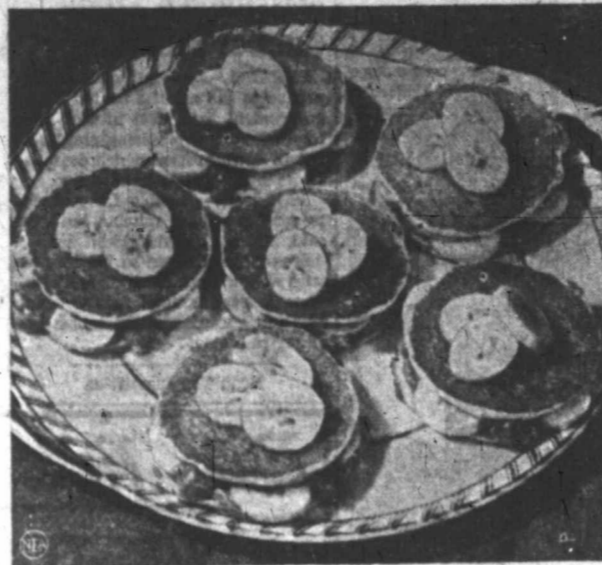

Florida Ku Klux Dragon Indicted On Postal Charges

TALLAHASSEE, FLA. —(AP)— The grand dragon of the Florida Ku Klux Klan has been indicted on charges of violating the postal laws. Bill Hendrix is accused in a four-count indictment of mailing libelous and defamatory postcards to Drew Pearson, newspaper and radio columnist, and to three Floridians: Kenneth Ballinger, Tallahassee lawyer; State Rep. Bryant Patton of Apalachicola, chairman of the Florida American Legion's Americanism Committee; and to Gov. Fuller Warren.

Hendrix was jailed Tuesday in \$2,000 bond. The charges against him, he said, amounted to "outright persecution." He's an announced candidate for the Democratic nomination for governor, but so far hasn't qualified. He's in his early forties and a contractor.

To keep dust and dirt from adhering to your dustpan, wash it well with soap, dry and apply wax.

Mardi Gras Is Pancake Day

LITTLE PANCAKES with sliced bananas make a delicious treat of the traditional Shrove Tuesday meal.

By GAYNOR MADDOX
NEA Food and Markets Editor

It started in England, but today all round the world it's a custom to serve pancakes on Shrove Tuesday, the day before Ash Wednesday, the beginning of Lent. (This year Lent begins Wednesday, February 27.)

A modern pancake ready-mix will take fuss and uncertainty out of your work and new combinations will give more interest to your pancake meals.

Creamed Dried Beef Cakes
(Makes 14 to 16 Pancakes)

Creamed dried beef: Two tablespoons butter or fortified margarine. 1/4 cup flour. 2 cups milk, 1/4 teaspoon pepper. 1 teaspoon Worcestershire sauce, 2 1/2 ounces dried beef.

Melt butter or margarine and blend in flour. Add milk and seasonings. Cook over low heat until mixture has thickened, stirring constantly. Add dried beef. Keep warm over hot water.

Pancakes: Two cups milk, 2 cups pancake ready-mix.

Add milk to ready-mix all at once and stir lightly. Somewhat lumpy batter makes light, fluffy pancakes.

Pour 1/4 cup batter for each pancake onto a hot, lightly greased griddle. Bake to a golden brown, turning only once. Serve creamed dried beef between and over pancakes.

Petite Pancakes A La Banana
(Makes 14 to 16 Three-Inch Cakes)

Sauce: Three-quarters cup honey.

CARRIER JOINS 'ATTACK'

SINGAPORE —(AP)— The French aircraft carrier Arromanches, formerly HMS Colossus, passed through this colonial port recently enroute home from Indo-China. While in the Singapore area, in conjunction with the Royal Navy and the Royal Air Force, its aircraft carried out an "attack" on the naval base here.

Snap beans taste good mixed with celery and carrots. Cut the vegetables into pieces of the same size and cook in a small amount of boiling water until they are tender but still crisp. Save the cooking liquid for soup or gravy and serve the drained vegetables with butter or margarine.

More Front Line Fighters Needed

SINGAPORE —(AP)— The British Army in Singapore and Malaya is trying to get more men into the front lines at the expense of those in the rear areas.

High-ranking officers, noting the low proportion of rear echelon personnel to frontline troops in the Russian and Chinese Communist armies, say it is "essential" that the British arm reduce its rear area staffs.

FEAF Commander Pays High Tribute To Jet Ace Davis

TOKYO—(AP)—Lt. Gen. O. P. Weyland, commanding general of the Far East Air Force, paid tribute Wednesday to jet ace Maj. George A. Davis, Jr. as "a man of daring, courage, and skill."

Davis was shot down in North Korea just after he scored his thirteenth and fourteenth Red kills. Weyland issued a statement praising Davis but made no mention of a protest by Mrs. Davis. She said her husband was forced to remain in Korea against his will after he became an ace by shooting down five planes.

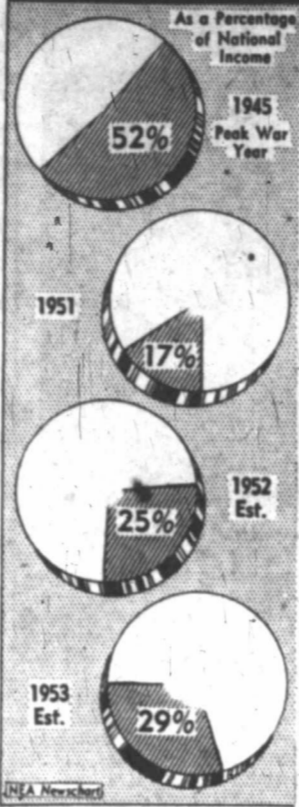

The first three men to become aces in Korea were sent home to train other pilots. The Air Force said those were exceptions, that the normal tour of duty for a fighter pilot in the Korean war is 100 missions.

Davis was one of three more aces who were ordered to finish their regular 100 missions.

One of those eventually returned home. The other still is in Korea. Davis was on his fifty-ninth mission Sunday when he was shot down.

GOVERNMENT SPENDING

The Newschart above, based on data from President Truman's proposed budget for 1953, shows how government spending is edging over the 25 per cent mark—or one-fourth of the total national income. The estimated 29 per cent figure for fiscal 1953 compares with a total 52 per cent during the peak war year.

Mission To Study Rubber Problems

PENANG—(AP)—Malayan rubber producers will ask the United States government to send a mission here to study rubber problems, similar to the U. S. tin mission which completed its survey a few months ago.

If it is not possible for America to send a rubber mission here, he said, the association would send a delegation of its own to Washington with a view to bringing about "complete understanding" in the many problems confronting the rubber industry in Malaya.

WORKS IN DARKNESS

OAKVILLE, CONN.—(AP)—Carmen Ezzo, who has been building a house here single-handed for the last two years during his spare time from a factory job, has one advantage over other carpenters. Ezzo can, and frequently does, work long after dark. The absence of light makes no difference to him. He has been blind since 1946.

Deviled eggs on shredded greens make a delicious and nutritious luncheon salad. Vary the filling for the eggs by mixing the yolks with deviled ham, finely minced tuna fish, or finely chopped green pepper or parsley.

North America's second largest! The first machine for making wauwau is believed to be the Grand wauwau built over 100 years ago in New York City.
