## LAMB COURTHOUSE ROW TO VOTE CHARGE "SENTIMENT" IN PRISON AFFAIRS

### Speaking Of Riots-How's This One?

MUST HAVE BEEN A  
GHOST, COP THOUGHT

(By Associated Press)  
CHICAGO, May 10.—Speaking of riots, there was one last night in front of 4501 North Keating Avenue. Officer Roy Hammer was sent to quell it and returned to the police station with the rioter, Hiram Schofield.

"Well," said Officer Hammer after putting Hiram in a cell, "that riot's over."  
He sat down to regain his composure. Quelling riots is harmful to one's spirit.

"Say, you," shouted the sergeant, "I thought I sent you over to stop the riot."  
"Yes, sir. Quite right, sir," said the officer, "and I so did. The culprit is now in custody."  
"Odd, very, very odd," mused the sergeant. "I just had another call, and they said the riot was on again, and that Schofield was doing it."

Officer Hammer went back to the cell block. Yes, Schofield was there, safe enough. Then he hastened out to 4501 North Keating. There, too, was Schofield, and what a riot he was having.

The policeman was convinced that Schofield's ghost or something was responsible, but he arrested him anyway. At the station Schofield said his name was Abraham, and he was Hiram's twin brother.

### Heavy Casualties in Canton Fighting

HONGKONG, May 10.—Heavy casualties occurred in the Chinese city of Canton today during fighting between the Chinese and British forces. The Chinese were put down on a small island in the harbor. Martial law was declared in Canton, and the city was lined with soldiers.

### NIGHT DIES OF INJURIES

HALLOWATER MAN IS  
FATALLY HURT AT  
NOON YESTERDAY  
Due to injuries sustained at a elevator at noon yesterday, B. Knight, about 35, of Shallowater, died in a local sanitarium at about 10 o'clock last night.

Knight was working with a feed under when the fan belt broke and a piece of the machinery struck him in the head, crushing in the back of his head. He was brought here in a Bynum Brothers ambulance and an operation was performed, although he never regained consciousness after the accident.

The body will lie in state at Bynum Brothers funeral chapel pending arrival of relatives and the burial at the local church. He has lived in Shallowater for the past five years. He is the father of Grady and Margaret Knight, both students of Tech college.

Others who survive are his widow, two daughters, Mary and Elizabeth, Shallowater; four sons, Henry, Stamps, Ark., Roy of Electra, and Billy, both of Shallowater; two sisters, Miss Mary Knight of Clovis, N. M., and Mrs. D. George of Mercedes, and four others. Charles Knight, Hamden, Ark., Ruben Knight of Dallas, L. Knight of Clovis, N. M., and T. Knight of Wichita Falls.

### KEMBLE TALK IS ATTACK ON STATE BOARD

MEASURE TO PROVIDE  
PAROLES ASSAILED  
IN THE HOUSE

AUSTIN, May 10.—Members of the State Prison Board were scored for maudlin sentiment in their conduct of affairs of the state penitentiary in an attack today by Representative George C. Kenble, Ft. Worth, against the Wallace-Duval bill creating a three-member board of pardons and paroles to replace the present state board of pardons.

Kemble charged that Col. R. H. Baker, Houston, recently resigned from the board "because there was too much sentiment."

J. H. B. Holderby of Fort Worth and Rabbi Henry Cohen, Galveston, members of the board, are "good men but sentimentalists," the Fort Worth solon asserted in leveling an attack at the measure which he said would set back law enforcement in Texas 25 years if it passed both houses and was signed by the governor.

The measure would be the means whereby more than 500 worthy prisoners could be paroled from the penitentiary, Rep. John F. Wallace, Teague, told the house. Wallace said the governor did not have time to investigate cases of model prisoners, who were forced to serve their full sentences at added expense to the state.

Search For Slayer  
Of Two Continues  
SAN ANTONIO, May 10.—The state wide search for the murderers of Edward Stone and Miss Ila Wuenche centered here today. Police questioned two negro women. Yesterday the women drove a car to a point 30 miles north of Spring, caught a train, doubled back over their tracks and came to San Antonio. Sheriff T. A. Binford, of Harris county interpreted this action as an attempt to cover up their tracks.

Stone and Miss Wuenche were found dead a mile from Aldine. Both had been killed by shotgun fire.

Spanish Fliers Are  
Away For Guatemala  
MANAGUA, Nicaragua, May 10.—The Spanish fliers, Captains Francisco Iglesias and Ignacio Jimenez, hopped off from Managua for Guatemala today. The men are winding up a tour of the South and Central American republics after a flight across the Southern Atlantic from Spain to Brazil.

Criticizes Effort  
To Curtail Loans  
CHICAGO, May 10.—H. H. Simmons, president of the New York stock exchange, declared last night that stock market loans are the base of American industrial welfare and that to reduce them would be to kill the goose that lays the golden eggs of prosperity. He spoke before the Chicago Stock Exchange at its annual dinner.

Leader of Woodmen  
Is Critically Ill  
ST. PAUL, Minn., May 10.—Col. B. Wood Jewell, 83, of Omaha, grand sovereign advisor of the Woodmen of the World and one of the founders of the order, is critically ill in St. Joseph's hospital here, it was learned today. Physicians said that they did not expect him to live through the day.

Train Ambushed And  
Attacked By Bandits  
MEXICO CITY, May 10.—Dispatches to La Prensa, state that a passenger train from Colima to Guadalajara was ambushed by irregular bands between the stations of Fernandez and Alasada on Tuesday.

The military escort held off the insurgents for three hours when reinforcements arrived and drove off the attackers. Two soldiers were killed.

### HELEN 'THRILLED' AT REGAL COURT

LONDON, May 10.—Helen Willis, who abandoned tennis for royalty for a few hours yesterday, left for the Hague today, a very thrilled American girl.

The young Californian, who had been through many grueling sports ordeals with unruffled calm, showed a typical debutante's excitement as she related her emotions on her presentation to Queen Mary.

"It was perfectly beautiful," she said as she hurriedly packed her court gown and tennis frocks. "I was not a bit nervous. Everything was managed so well that one felt always at ease."

The tennis star had nothing to say about the "mob scenes" enacted last night on the mall as she waited in a parked car for her entrance to Buckingham Palace. The curiosity of throngs of crowds shouting "we want Helen" did not bother the champion.

### MINER SLAIN IN ATTACK BY TWO WORKERS

AMERICAN KILLED IN  
SCUFFLE WITHIN  
MINE SHAFT  
(By Associated Press)  
MEXICO CITY, May 10.—Dispatches to El Universal from Guadalajara today said an American mining engineer, Thomas S. Decker, whose United States address was not known here, had been stabbed to death inside the shaft of Cincel Minas mine at Hostotipaquillo, Jalisco.

His slayers, two angry miners whom he had reprimanded because they were asleep on their jobs, escaped. The body has been taken to Guadalajara for burial. He is survived by his wife and two daughters.

WASHINGTON, May 10.—(P)—American Consul Gibson at Guadalajara, Mexico, has reported to the state department that Thomas Decker, an American, was killed at Cincel Minas by two Mexican miners. Gibson said the motive for the killing was not known and the authorities were making an effort to apprehend the slayers.

### WARNS FARMERS AGAINST SWINDLE

County Attorney Vaughn E. Wilson declared this morning that his office has been informed, on numerous occasions, of farmers of Lubbock county having been made victims of unscrupulous persons who purchase poultry and other farm products in payment which later are found to be no good.

"In many instances," said Wilson, "farmers have learned that the parties signing the checks are not even known in town. The farmers should be warned of accepting checks from strangers for anything. If they sell their poultry or livestock unless they know the parties making the purchases they should insist that the cash be forthcoming before the transactions are completed and the poultry and livestock are relinquished."

Blackmail Charged  
Texas U. Student  
AUSTIN, May 10.—(P)—The Travis county grand jury was investigating an accusation of blackmail filed against a University of Texas student today. The youth was held in the city jail pending an outcome of the investigation.

Erlie Joseph, dry goods merchant complained the boy had sent him a letter demanding \$2,000 and directing that it be delivered to another student "without asking questions."

### BURGLAR AND BOOTLEGGER CELL MATES

HAMILTON ATTORNEYS  
ARE EXPECTED TO  
SEEK RELEASE

(By Associated Press)  
AMARILLO, Texas, May 10.—Attorneys for R. H. Hamilton, former member of the state supreme court commission of appeals, who is under indictment here for killing of his son-in-law, Tom Walton, were expected to launch their fight to obtain his freedom on bond today.

In the meantime, Hamilton was in jail with two bootleggers, and a burglar as cellmates. He has maintained silence since Saturday when he shot young Walton, after his son-in-law had come to his office to inform him of his secret marriage to Hamilton's 19-year-old daughter, Theresa.

Any move to obtain Hamilton's release on bail was expected to provoke a bitter legal fight as District Attorney Fred Thompson has announced he does not consider the case bailable.

### SISTER SAYS MRS. WALTON IS BETTER

AMARILLO, Texas, May 10.—(P)—A sister of Mrs. Grace Walton reported here today she had left the bedside of Mrs. Walton, mother of Tom Walton, Jr., who was slain by R. H. Hamilton last Saturday, at McAlester, Okla., yesterday, and that Mrs. Walton was resting well. She refused to give her name.

### UTILITY BILL IS POSTPONED

REGULATION THOUGHT  
LOST FOR THIS  
SESSION  
(By Associated Press)  
AUSTIN, May 10.—The house had little incentive to stay on the job today. The senate adjourned yesterday over the week-end, and most of its membership leaving today, accompanied by members of the house appropriations committee, for Kingville for an inspection of the Texas College of Arts and Industries.

Utilities regulation was virtually lost when the senate committee postponed indefinitely the bill by Senator Walter C. Woodward, representing compromised views of the city attorneys and Governor Moody.

In the house, tax bills by Rep. T. N. Mauritz of Ganado, were deferred by the house committee on revenue and taxation, this action meaning their death for the session. In the lot was the income tax proposal which had previously been referred favorably only to be referred by the house.

The senate had the bill creating a board of education on third reading, the same bill in the house is on second reading. It provides for an appointive superintendent of public instruction, and the house education committee is expected to report favorably on it.

### BOMB THROWN IN TEXTILES MILL STRIKE

HOME OF WORKER IS  
WRECKED FROM  
EXPLOSIVE  
(By Associated Press)  
ELIZABETHTON, Tenn., May 10.—The home of Mack Elliott, members of the Rayon Workers Union at the American Bemberg and Glanzstoff textile mills here, where a strike has been in progress, was demolished by a bomb today. Elliott and his family were away at the time. No reason for the bombing was given by Deputy Sheriff T. D. Taylor.

The deputy sheriff did not know whether Elliott was a former worker at the American Bemberg or the American Glanzstoff Rayon plants, but was informed he was attending a union meeting when the detonation shook the town about 12:30 a. m. Elliott's wife and three children were spending the night with relatives.

### MUCH DAMAGE FROM BOMBS IN CHICAGO

CHICAGO, May 10.—Two bombs were hurled today in different parts of the county and caused considerable damage. Three men were arrested in connection with one, which partially wrecked the Avenue Inn, roadside in Niles.

In the other bombing, the dairy plant of Josef Wagner, in suburban Cicero, was damaged. Wagner recently obtained an injunction to prevent officials of a milk dealers association from annoying him.

### Increase In Steel Tonnage Unfilled

NEW YORK, May 10.—(P)—The United States Steel corporation today reported that its total unfilled tonnage as of April 30 was 2,427,763 an increase of 17,045 tons over March 31.

General Association of Kentucky Baptists, protesting on scriptural grounds against the convention hearing Mrs. W. J. Cox of Memphis, president of the Women's Missionary union. She has been asked to speak Saturday.

Dr. Truett then quoted a ruling which said the word "brethren" in the organization's constitution included both "brethren and sisters" and that "women are members of the convention with all rights and privileges of membership."

### MYSTERY NOTE MAY GIVE CLUE TO MURDERER

LETTER PURPORTED AS  
FROM KILLER OF  
TWO SENT

(By Associated Press)  
HOUSTON, May 10.—An unsigned message from the supposed slayer of Edward Stone and Olena Wuenche was received today by Sheriff I. A. Binford.

The writer, who claimed to have been the slayer, thanked newspapers for keeping him informed on actions of officers in their probe of the slaying.

Rewards totalling \$100, have been offered for the arrest of the slayer. Officers worked on theory a hijacker was responsible for the crime.

Discovery that the girl was wearing a dinner ring set with a diamond and several sapphires when she was killed and the ring was missing after her body was found a mile north of Aldine strengthened the robbery theory. A \$100 watch was also missing from the clothes of Stone, whose body was found near the Conroe highway, three miles from the body of his companion.

### Floresville Man Is Killed in Leap

RAYMONDVILLE, Texas, May 10.—(P)—Walter Cheney, 42, was killed near Floresville, Texas, today as he jumped from his truck when it seemed impossible to avoid a collision with another machine.

### Actress Divorced From 'Dude' Rancher

NEW YORK, May 10.—(P)—Mrs. Josephine R. Washington, former actress and granddaughter of Joseph Jefferson, the actor, has obtained a divorce in Reno, Nev., from Henry James Lamar, Washington, wealthy New York clubman and "Dude Ranch" owner, friends here learned today.

### Four Murder Charges Returned At Lufkin

LUFKIN, Texas, May 10.—(P)—Four murder and one assault indictments were returned by the Angell county grand jury yesterday. Buck Sisson was charged with assault for an attack on an 11-year-old school girl.

### Texas Travelers In Session At Beaumont

BEAUMONT, May 10.—(P)—More than 250 delegates had registered here at noon today for the two-day convention of the Texas Travelers Protective Association. After a meeting of the board of directors the convention began with a welcoming address by City Manager J. W. Anderson.

High School Pupils  
Injured In Accident  
ST. JOSEPH, Mo., May 10.—(P)—Clarence Searcy, 17-year-old high school senior was killed and five other pupils injured, two probably fatally when a motor car in which they were riding collided with a motor truck in the suburbs here today.

### PLAN PARTY FOR WAR MOTHERS

An old-fashioned party, honoring the war mothers of Lubbock and Lubbock county, will be given at the home of J. E. Murfee, 1923 Fourteenth street, next Monday evening, beginning at 8 o'clock.

Miss Mae Murfee, Lubbock county superintendent of public instruction, announces that an elaborate program is being arranged for the mothers, every one of whom in all of the city and county are cordially invited. The program is being prepared by the ladies of the American Legion Auxiliary, and the assistance of members of Allen Brothers Post of the Legion has been called in.

"We have not forgotten the wonderful work of the war mothers of America during the trying days of the war," Miss Murfee states, "and we want to have them gather together in an old-fashioned way, where we may entertain them royally."

### ROBBERY NOW ADVANCED AS MURDER CLUE

BODY FOUND BENEATH  
TREESTLE IS FOUND  
SANTONE LAD  
(By Associated Press)  
SAN ANTONIO, May 10.—New developments having strengthened their theory that Archie I. Bickle, whose body was found beneath the Southern Pacific railway trestle over Leon Creek, had been murdered and his body thrown beneath the trestle officers today sought the man with whom Bickle had last been seen.

They had been informed by Bickle's employer, J. F. Ashburn, of San Antonio, that a sum of money and a watch had been stolen from Bickle's person.

Their murder theory was also strengthened by the fact, revealed in investigation, that Bickle had sustained a crushed skull believed to have been the work of a heavy club wielded by a murderer.

When the body was first found by fishermen yesterday authorities believed Bickle had met death when forced to drop from the trestle by a passing train.

### \$200,000 THEATER IN HALE CAPITAL

PLAINVIEW, May 10.—Construction of a theatre at Plainview at a cost of \$200,000 with a seating capacity of 1300 people was started today by the Underhill Construction company. The theatre will cost \$200,000 when completely furnished and will be the finest theatre in West Texas, according to A. G. Hinn one of the group of local citizens that is helping to finance the building.

The structure will be eighty three feet wide by one hundred forty feet deep, and is modeled after the Granada Theatre in Kansas City, Spanish designed.

The building is financed by a group of Plainview citizens. O. D. Carrigan will direct the construction work. The architects are Bolger Brothers of Kansas City who are theatre specialists.

Train Is Derailed  
In Western Desert  
LOS ANGELES, May 10.—(P)—The baggage car and six pullman cars of the westbound Los Angeles limited number 7 were derailed in the desert near Keels, Calif., today, it was announced by Union Pacific railroad officials. The cars remained upright and no one was injured.

### LONG BATTLE WILL CLIMAX IN ELECTION

AMHERST, OLTON AND  
LITTLEFIELD SEEK  
COUNTY SEAT

Approximately 3,700 qualified voters of Lamb county were preparing today for their march to the polls on Saturday when the proposal of changing the location of the county seat from Olton, present capital, to either Littlefield or Amherst will be decided by ballot. The election climaxes several years campaign on the part of Littlefield to secure the county seat with Amherst a second candidate risen to power in the immediate past.

Because of the location of Littlefield, in the southeastern part of the county and outside the five mile radius of the county's center, a two-thirds majority will be necessary if its campaign is successful. Amherst, located very near the geographical center of the county, may win by a majority vote while Olton may retain its position without a single vote being cast in its favor. Olton is located in the extreme northeast part of the county and has no rail connections. The fight to take the courthouse from Olton has been based upon these conditions.

Opinion Differ Widely  
Following interviews from citizens over Lamb county, The Journal finds public opinion regarding the county seat change widely different.

### HUGE ZEPPELIN BEING PLANNED

GIANT CRAFT WILL BE  
USED FOR SERVICE  
TO THE ORIENT  
NEW YORK, May 10.—(P)—Given approval of congress, work will be begun in California on a hangar for the building of a giant commercial airship embodying helicopter features for mail and passenger service to Hawaii and later to the Orient.

Paul W. Litchfield, president of the Goodyear-Zeppelin company of Akron, O., told today of plans he laid before President Hoover in Washington yesterday.

The ship will have eight engines instead of five as in the Los Angeles and the Graf Zeppelin, and the propellers will be on screws. This arrangement will permit the propellers to be so turned as to drive the ship straight up or pull it straight down, the helicopter principle which for years had been engaging the interest of the heavier than air engineers.

The commercial ship will carry a crew of about 50, will have accommodations for about 100 passengers, and cargo room for 10 tons of mail. It will have a speed of 90 miles an hour.

Litchfield will seek mail contracts only from the government.

### CHLORINE GAS -SWEEPS CITY

Explosion Of Chemicals  
Gasses Thirty Men  
SYRACUSE, N. Y., May 10.—(P)—Thirty men were gassed, two of whom were not expected to live, a building was wrecked, and the entire Solway district threatened by the explosion of a 9,000 gallon tank of chlorine gas today.

## CRIMINAL DOCKET IN CROSBY COURT

District Attorney Durwood Bradley announces today that the coming week's session of the Seventy-second district court, in Crosby county, is to be for trial of cases on the criminal docket.

This week has seen the trial of a number of civil cases, which did not require the presence of the district attorney, Judge Homer L. Pharr and Charles H. Smith, court reporter, spending the past week in Crosbyton, taking care of the work there. The civil docket for the week has not been very heavy.

There will be two more weeks of the Crosby county session when the court will open here for five weeks on May 27, before the summer recess, July 1, which marks continuous court sessions for the Seventy-second for about 25 weeks.

## COURT HOUSE

(Continued From Page 1)

ing, depending largely upon the place of residence of the citizen interviewed. Littlefield people, of course are supporting Littlefield, and Amherst's population is likewise 100 percent for Amherst's claims. In addition to a united front at Olton, the present capital is claiming strength from voters in other sections of the county who oppose abandonment of the courthouse and the expenditure of funds to erect another one at some other place.

A spirited campaign on the part of Littlefield and Amherst has been staged throughout the county in the past few weeks with Olton displaying a dogged defense. Sudan, a fourth town in the county, is split on the question and its vote will largely decide the measure despite the fact that Littlefield, largest town in the county, has the heaviest individual voting strength.

OLTON, May 10 (Special)—Quiet prevails here today as the citizenship of Lamb county's capital prepares to defend, with ballots, efforts on the part of Amherst and Littlefield to move the county seat in tomorrow's special election. Indications here are that Olton will retain the courthouse although even the staunchest supporters of the city admit that the election will be a bitterly contested one. No trouble is expected.

LITTLEFIELD, May (Special)—A last minute rally on the part of Littlefield leaders has added greatly to this city's campaign for the removal of the Lamb county capital from Olton to Littlefield. It was apparent today. A heavy vote in all of the nine precincts of the county is expected in the election, set for tomorrow, with Sudan probably holding the balance of power. Regardless of the decision of the voters the election will be close.

AMHERST, May 10 (Special)—A closely contested election is forecast for Lamb county tomorrow when voters from the entire county will vote on the proposals of Littlefield and Amherst to move the county seat from Olton. Citizens are hoping for a victory which will give Amherst, most centrally located town in the county, the seat of government, but will prefer to retain the courthouse retained by Olton rather than see it moved to Littlefield. The rural vote and the contest cast by Sudan will likely decide the question.

London statisticians have figured out that it costs the city \$12 to collect and dispose of each ton of refuse.

## Building Permits \$99,972 For Month

Four building permits issued by City Building Inspector D. J. Schlag since yesterday totaled \$99,972, making May's total now \$99,972 for 25 permits and that of the year \$2,161,265 for 300 permits. The four are listed below.

J. H. Cooper, 2316 Avenue H., two-room sheet metal warehouse, \$800. A. M. Hensley, contractor, W. R. Pickas, 1602 Avenue K, 20-room brick veneer and plaster apartment house, \$28,500. J. J. Clements, contractor, W. H. Price, 1610 Avenue K, six room brick veneer residence, \$8,000. J. J. Clements, contractor, C. J. Duggin, 2702 Twenty-Third street repairs to residence, \$1,500. A. M. Hensley, contractor.

sary for one to possess a master of arts degree to qualify as superintendent.

The Maurits bills would have netted the state approximately \$30,000,000. Action was taken on them after Rep. Phil Sanders, Nacogdoches, asserted the committee had worked fruitlessly in passing out bills on intangible assets of telephone and telephone companies and the state income tax only to have them re-referred to the committee from the floor.

Maurits indicated the bills would be introduced at the coming special session.

# Large Bridge And Forty-Two Parties Are Given Thursday

## Mr. and Mrs. Sproles Honor Guests At Party Given In R. B. Hutchinson Home

Several large bridge and forty-two parties were given here last evening and yesterday afternoon, initiating a week-end that is to be filled with various functions.

### Couple Is Honored At Bridge Party

Mr. and Mrs. Earl Sproles, who are moving to Dallas Tuesday, were honor guests at a bridge affair in the home of Dr. and Mrs. J. T. Hutchinson, 1617 Broadway, in the evening.

Hosts and hostesses for this party were Dr. and Mrs. Hutchinson, Mr. and Mrs. D. K. Bondurant, Mr. and Mrs. Ray Orisham, Mr. and Mrs. E. B. Adcock.

Mr. and Mrs. Ross McWhorter scored high in the bridge games and consolation favor went to Mr. and Mrs. Glen Hess.

Others attending were the honor guests, Dr. and Mrs. R. T. Canon, Dr. and Mrs. W. Standefer, Dr. and Mrs. J. H. Stiles, Messrs. and Mesdames C. D. Swift, George Benson, John Jarrott, Carl Roberts, Amos Howard, O. L. Peterman, Miss Wilson, Dr. and Mrs. Sam Dunn, Mrs. R. D. Benson, Mrs. Homer Grant, Mr. and Mrs. Herbert Lowery, L. E. Davis, Mr. and Mrs. Louis Stevens.

The luggage motif was used in score tablets and tallies.

### Two Parties Given In J. B. Crisler Home

Two bridge parties have been given this week by Mr. and Mrs. J. B. Crisler and Mr. and Mrs. R. C. Smith in the Crisler residence at 1112 14th street.

High scores in the games on Wednesday evening were made by Mr. and Mrs. Carl Roberts and Dr. J. W. Stiles was high in a cut.

Mrs. Lawrence Bacon and Owen W. McWhorter made high scores last evening at the party and Charles Reed cut high.

Roses were used throughout the house in decoration and a scheme was favored in green and white. Delicious refreshments were served on each occasion.

### Merry Bidders Club Has Large Affair

Members of the Merry Bidders club and their husbands attended a seven-table forty-two party last evening in the Glorieta parlors.

An ice course was served following the games. Those who attended were Messrs. and Mesdames Clyde F. Elkins, R. S. Rodgers, Nelson Baker, F. T. Murray, E. C. Young, Calvin Benson, Temple H. Ellis, Fred Spikes, F. V. Brown, W. C. Rylander, E. P. Norwood, Mesdames V. R. Dockray, W. L. Baugh, Guion Gregg, J. T. Howell, Hal P. Bradley and R. H. Moore.

Roses filled the house with fragrance for the parties and cape jammies are being used as plate favors.

Misses Elizabeth and Margaret Spencer and Mary Thomas assisted the hostess in serving an ice course yesterday and an ice collation will be passed again today.

Mrs. Herbert Lowery scored high yesterday and Mrs. Ross A. McWhorter was high in a cut. Second high score was made by Mrs. Harry Meyers.

Yesterday's guests were Mesdames Meyers, Ralph Sherman, D. K. Bondurant, Leonard Mast, R. E. Garlin, Carl Slaton, F. L. McRae, J. G. Porter, N. L. Peters, D. Z. Dobyns, Maple Wilson, J. N. Michie, W. ## ARE YOU CONSERVATIVE OR RADICAL IN NEGLIGENCE

## Living and Loving

BY MRS. VIRGINIA LEE

Is it the woman who "pays and pays"? It would be so, surely, from the letters I receive. Men pass lightly from one love to another, but the woman who has given her all to a loved one, is still in spite of modern philosophy, disgraced. And men's viewpoint is often so callous in such matters that women never can understand it.

Take the case of a high school boy who signs himself "Unlucky." He has gotten a girl into trouble. "I am really too young to get married. In fact, I really don't love her enough. And I would care to live with her the rest of my life. What would you do in a case like this?"

Not too young to be the means of bringing a little helpless child into the world and of ruining a girl's character, causing her physical and mental torture, but too young and heartless to even consider the consequences and accept the responsibility. No, it wasn't all your fault, of course. The girl should have known better, but the fact remains that she bears the brunt of the burden. Go to your father and tell him about it, and if he is a real father he will talk it over with the girl's people and make it as right as such things ever are made in this world. And hereafter learn self-control and a decent consideration for others.

"DEAREST VIRGINIA LEE: I am, or think I am, the party referred to in one of your letters of a single man who said he loved a married lady and said he would wait a hundred years. Here is the way it ended. After giving my good name and honor to this one I loved, and confessing all to my husband who was willing for me to be happy, this man has written and said he never intended to get married. And now my home is broken up, while he is having a good time with his new crowd.

"My advice to all young wives is, don't let your heart drift to another man, for you will get just what you deserve. I am one who is paying and paying for her folly.

"JUST BROKEN HEARTED." One always pays in some way for disloyalty, don't they? The heart will not always behave. I know, but we can at least try to follow the right as we see it.

"D. L. L." The term "going steady" has never really been defined. My own understanding of it is that a man would have to see considerably more of a girl to be called her "boy friend," as the phrase now is. Going "steady" implies that you depend on one another exclusively for company, which certainly isn't the case where you only see one another every two or three weeks. On the other hand, the fact that you stay at her home once in a while and give her presents frequently and correspond, would indicate that you think a good deal of her.

WONDERING: As the fault was yours, dear, why not write him and apologize for being rude and tell him you are sorry? Sorry I could not answer you before.

"DEAR VIRGINIA LEE: I went with a fellow for two years. We were practically engaged. I loved him and he loved me, but owing to circumstances which neither one of us could alter, we broke off. That was a year ago. He has sent me cards, but I never saw him until the other day, when he was passing the house and stopped in. We were friendly and I was glad to see him. I go to this city quite often to see a friend. Would it be wrong to write him a note some and ask him if he would like to meet me? I don't feel the way I used to about him. I just want to be a friend. Do you think he would think that?

I was trying to get him back again if I wrote? "TWENTY-ONE." He would have no reason to think you were trying to get him back, dear, if your letter and actions were merely friendly. I think it would be perfectly all right and a very nice thing to do. He has already shown you that he wants to be friendly.

PEGGY: Just forget it, dear. Everyone makes mistakes — are "dum," as you say — sometimes. You will be a better mother for knowing what girls may be up against. Your girls will have some one to "take an interest in them" and tell them things, won't they? Much joy.

BLUE-EYED LONELY: The boy is too young to know whom he wants to marry. He should wait at least two years before he weds. He himself will let you know if he really loves you. He is the only one that knows.

MARY H.: Your letter is just a jumble. I don't know whether you are serious or not. Better go to college with the money you've saved.

Random Scraps Of News Pertaining To Sports World

Man O' War's first grandson went to the track a few days ago. He was "Battling On". And his mother was "Maid at Arms". A daughter of Old Red. As the groom called the great horse around the stable. And High Time now outranks Man O' War as the leading American sire. Alaska, the name of the new Washington pitcher, means fox in Bohemian. Blue Larkspur, the favorite for the Derby, got only \$800 for winning his first race this year at Lexington. Gonzales, the Cuban catcher for the Chicago Cubs, is rated as the best utility man in the league. And the ball players say he is the smartest hatter in baseball. The horsemen at the Aurora track went on a strike because they had to buy their food from a concessionaire. Who charged them a lot more for hay and oats than they would have to pay on the outside.

## LABORERS, EH, WOT?

The members of the American Ryder Cup team, who played in the British open championship at Muirfield, had to enter and leave the club house through the back door.

The members of the American Ryder Cup team are professional golfers and there is an ancient tradition in England and Scotland that professional golfers are hired hands and do not rank with amateur gentlemen who play only for the love of the game.

British golf officials will not even dignify a professional with the title of "Mister." The amateurs only are granted that honor on the scorecard and on the score cards.

## LOOKING OUT FOR HIS MAN

In 1926 I covered the British amateur and open championships, and an incident happened at St. Anne's, where the open tournament was held, that illustrates how far the British officials go in keeping the poor lowly professional in their place.

Bob Harlow, former Boston newspaperman, is the manager of Walter Hagen. And he also has annexed Horton Smith, the current sensation of golf.

Harlow was hustling around St. Anne's during the practice period with one of these little cameras that take movies. As a good business man he was taking most of his shots of his man Hagen.

Early the morning the tournament opened there was a little ceremony attending the placing of the big scorecard on the lawn near the clubhouse, and Harlow was all set with his camera to take a shot of the board that would show the names of all the competitors.

## BOB BURNS UP

Harlow was horrified justly when he looked for the name of his man. The name of his man, when he found it, was misspelled. The name of one of the world's greatest golfers was spelled as "HAGAN" with an "a" after the "g" instead of an "e". And the name of the great Hagen wasn't even dignified with his first name or initials.

The good Bob roared all over the course and the back room of the clubhouse and demanded that his man's name be spelled correctly for the records, if for no other reason.

But the officials told him that the name had been painted on the board with real paint and that the painter had gone and there was nothing that could be done about it.

## JONES MADE HIT

The British amateurs as a group hardly tolerate the professional unless they need their game fixed. And it was the spirit of companionship with which Bob Jones treated the old Scottish pros that endeared him so much with them.

At the St. Anne's tournament Jones, of course, was granted the courtesy of the clubrooms where the amateurs gathered. But the pros were allowed to eat and drink only in a back room. And each day after Jones had paid the amateurs the respect of chatting with them for a few moments he would go back and spend the rest of his time in the back room with the pros. And the newspapermen, who are also rated in the class with the pros.

## Sherman Franchise Will Stay In City

SHERMAN, May 10 (AP)—Talk of transferring the Sherman franchise in the Lone Star League to Paris ended suddenly last night when a group of merchants and enthusiasts came to the front with financial assistance for the team. The Sherman franchise will go on with its schedule without missing any games as rains prevented the team from playing anyway while the status of the franchise was in doubt.

## DIEGEL LOSES OUT IN FINAL ROUND OF TILT

SCORE OF 292 IS MADE BY 'HAIG' IN 72 HOLES PLAY

(By Associated Press)

MUIRFIELD, Scotland, May 10.—Walter Hagen today won the open golf championship of Great Britain for the fourth time with a score of 292 for the 72 holes championship play.

As the champion reached the home hole with a score of 75 for the final round, his second 75 on a day of high scoring by his fellows, the crowd greeted him as the repeating champion in spite of the fact that some of the cream of the golfing fraternity were still to be heard from.

As reports came in from the progress of the few who could overhaul him by a golfing miracle it was seen there was no chance for him to lose.

For a time after the champion finished there was some confusion as to his score, a question of doubt arising as to whether his total should be 292 or 293. It had been reported that his ball moved as he addressed it on the third hole of his last round and a penalty stroke was officially announced the championship committee found no evidence that the ball had moved, so his final round of 292 was the same score by which he won the title last year at Sandwich.

## PREAKNESS TO BE RUN TODAY

THIRTEEN ENTRIES IN FEATURE EVENT AT BALTIMORE

(By Associated Press)

BALTIMORE, May 10.—With 13 entries of the original 94 nominations slated to go, the 38th running of the Preakness Stakes, carrying \$50,000 added money, had prospects of getting away with a fast track under a cloudy sky this afternoon, before a throng which track officials estimate will exceed the 30,000 mark.

Three of the thirteen entries were favored above the others, with the most likely choice of the race floggers setting on Samuel R. Ross's Greyhound, the Warm Stable's The Nut, and Walter J. Salmon's Dr. Freeland.

Earle Sande's Hermitage, promising but green, with Harry P. Sinclair's Ramona Stale on Leucite, Charles Graffagnini's Miotaur and the Audley Farm's Soul of Honor are also given chances of finishing ahead of the field for the \$50,000 which the winner will receive if all 13 entries start.

## Oil Problem For Phone Companies

DALLAS, May 10 (AP)—Oil creates one of the most difficult problems which telephone companies have to solve. H. R. Fritz of the Southwestern Bell Telephone company told about 400 engineers attending the closing session of the regional meeting, American Institute of Electrical Engineers, here today.

"Oil, on account of its fortuitous occurrence and the sudden and imperative demand for long distance service attending its discovery, creates the most difficult problems," Fritz said. "Through some perverse trick of nature, the oil deposits have been found uniformly in areas otherwise of no great economic importance and having either no or very little telephone development."

## YANKEES' SWATTING SLUMP PROVES TO BE SHORT LIVED

BY WILLIAM J. CHIPMAN

Associated Press Sports Writer

Habit is a powerful force, as may be seen from the standing of the clubs in the American League today. The Yankees lead with a percentage of .750 just when everybody had agreed they were plunging into the midst of a batting slump.

Eight solid blows off Gray in eight rounds and two more off Strelecki in the ninth netted the champions enough margin for a 7 to 3 victory over the Browns at Sportsman's Park yesterday, a cleanup of three games in St. Louis, six straight in the west and seven straight, east and west.

The Athletics matched strides with the Yanks yesterday by winning their first clash in Chicago by 9 to 2 behind the steady pitching of Earnshaw. The Macks now have only Cleveland and Detroit to face—but so have the Yankees, which makes it unreasonable to suppose the McGillicuddy troops will register any marked gain through the rest of the invasion.

Get Detroit In Shape  
Washington broke up Detroit's six-game winning streak yesterday, to 3, perhaps to ease the shock of the Yankee arrival at Navin field today. Cleveland nosed out the Red Sox by 4 to 3 in a well-played game.

The reaction from a no-hit party found the Giants cracking up under the impact of Sheely's eighth inning home run at the Polo grounds. Two Pirates were aboard when Earl's mace descended, and Grimes pulled out his sixth straight triumph over the clan McGraw since he was traded down the river to Pittsburgh before the start of the 1928 season. The score was 4 to 3.

Meanwhile the Cubs and the Cardinals were marching step for step with each other into a more substantial lead. With old Alex the great at his best, the Cards trimmed the Braves by 5 to 1 in Boston while the Cubs were gorging on milk and honey in Flatbush. The Robins were subdued by 11 to 2.

Cincinnati broke up a three-game winning streak for the Phillies when May came to the rescue of Ash and pulled the Hendricks troops through to a 7 to 5 victory.

DEBENTURE IS  
STILL TOPICISSUE REMAINS MOST  
LIVELY SUBJECT IN  
SENATE DEBATE

WASHINGTON, May 10. (P)—The export debenture proposal remained the most lively topic of the farm relief discussion on the senate side of the capitol today despite the fact that it was definitely voted into the bill under consideration there two days ago.

Animosities aroused during the long dispute over the debenture provision, in fact, have almost completely overshadowed the disagreement over the proposal to exclude fruits and vegetables from operation of the farm aid machinery proposed in the measure, which was the subject formally before the chamber for discussion yesterday and today.

The situation was brought into the open by a letter written by Senator Fess of Ohio, assistant republican whip, to Marshall Shepley of Toledo, assailing "Pseudo-Republicans" for the "break" in the party's ranks over the debenture issue, and naming Senators Borah of Idaho, Nye of North Dakota, and Brookhart of Iowa, specifically in a complaint. Sharp retorts were immediately made by all three of the senators, who supported the chief executive during the presidential campaign but voted against his announced position in giving their support to the debenture proposal.

All Make Retorts

Senator Borah said he had "for three years been an advocate of debenture as the most immediate and certain method of relieving the farmer engaged in producing commodities of which we have a surplus from his present distress," had voted Wednesday "according to my own settled convictions" and "would not know how to vote otherwise."

Senator Nye said that "those who freely resort to the term 'pseudo-republican' would do well to compare their own republicanism with that which gave birth, vitality and life to the party," and predicted: "Some day Ohio republicans will learn that North Dakota republicans are striving to hew a little closer to the line laid down by Lincoln than is the case in Ohio, and with that realization will come new life for a party that has been growing so stale that it forgets that people can make and break parties."

Senator Brookhart declared "no standpoint like Senator Fess can be any example of 'republicanism,'" and asserting he was "the first" to ask the president to call the special session.

Four of every five homes in New Zealand are now wired for electricity.

Harvard Youth

WINDSOR, Conn., May 10. (P)—

Search for a "darkhaired,

slender, young girl" was started

by detectives today in connection

with the death of Walter

Treadway Huntington, 20-year-

old Harvard college junior,

whose body was found yesterday

in a field, a bullet wound in the

head.

A hunt for Claire Kenelly, for

five years the Huntington fam-

ily chauffeur, whose attentions

to the student's widowed mother

were said to have been opposed

by Young Huntington, also were

ordered.

Residents near the farm on

which the body was discovered

today of a coupe which

several times had been driven

up the road and had been parked

near the spot where Hunt-

ington later was found. In the

machine, they said, was a dark-

haired, slender young girl and a

young man. Nevertheless, the

authorities still were divided as

to whether the case was one of

murder or suicide.

Thought For Today

How forcible are right words:  
But what doth your arguing re-  
prove?—Job 6:25.

Men of few words are the best  
men.—Shakespeare.

College Boys

College boys in the middle west  
will no longer be able to spend  
their summer vacations as deck-  
hands on Great Lakes freight  
steamers.

The Lake Carriers Association has  
decided that since these lads al-  
ways leave just at the height of the  
season to resume their studies, they  
are more trouble than they are  
worth. Hence hereafter, Great  
Lakes crews will not include col-  
lege men.

For many years the deck hands  
job has been a popular vacation  
calling for thousands of students  
throughout the interior. Each June  
young hopefuls from scores of cam-  
puses have descended on the lake  
ports, to sign up as ordinary sea-  
men and spend three months or less  
traveling back and forth on the big  
steamers that ply between the low-  
er lake cities and the Lake Superior  
ports.

To young men brought up in the  
landlocked interior this brought the  
thrill of open water, a taste of ad-  
venture that was often a high spot  
in life for years to come.

Fresh from commencement week,  
a young chap would head for some  
such city as Ashland, Toledo, or  
Gary, there—directed by some po-  
lice man—he would wend his way to  
the waterfront and seek out the  
rooms of the Lake Carriers associa-  
tion. He would be shown into a big  
barren room lined with wooden  
benches on which dozed a dozen or  
more ungainly seamen, their pos-  
sessions in bags and suitcases at  
their feet.

Here, after flunking out a blank  
form with a clerk, he would sit  
to wait for his turn. Presently af-  
ter several hours of waiting his  
name would be called. He would  
sign articles at the desk and then  
follow a guide down waterfront  
streets, shadows and mysterious in  
the night to the docks. Usually  
there would be a maze of railroad  
tracks to cross, a tangled network of  
bays and canals to go through—  
and finally the sleepy waterfront  
would come out on a pier to scram-  
ble aboard a dark steamer and be  
delivered by his guide to a second  
mate, who would show him to the  
crew's quarters.

All of this commonplace enough  
would seem like high adventure to  
a youngster fresh from the study  
of English literature, calculus and  
political science. In the morning  
when the vessel would clear for Du-  
luth, or Escanaba, or Superior, he  
would feel as if he were beginning  
a voyage no less thrilling and mo-  
mentous than Drake's. What if it  
would only take a fortnight to com-  
plete the trip and return? For the  
moment the inland seas had ex-  
panded to oceans and the Lake Su-  
perior ports were as distant as mys-  
terious as Shanghai or Calcutta.

Many a man, living for years in  
dry-land security a thousand miles  
from salt water, still feels a kin-  
ship with the sea because of a sum-  
mer of this kind. The Great Lakes  
freighters have helped to give thou-  
sands of men a glimpse of roving  
adventure that they could not have  
had otherwise. The alumni of the  
lakes—and you'll find them in every  
town from Buffalo to Des Moines  
and beyond—will regret the new  
ruling that will bar college men  
henceforth from this pleasure.

Slipping

There are, in this northern world,  
many odd ways of earning a living.  
One of the oddest yet uncovered is  
that of a Chicago negro, who slip-  
ped on a banana peel the other day  
and landed in jail.

This man, the police learned, had  
supported himself quite neatly for  
numbers of years by slipping on  
bananas. He always had one or  
more in his pockets, and, drop-  
ping one on the sidewalk in front  
of some store or other business  
place, he would slip on it and then  
ask damages from the owner of the  
place for negligence in leaving the  
sidewalk so slippery.

## THE PLAINSMAN

That Girl on Broadway says a  
newly married man and his faults  
are soon parted.

Well, folks, The Plainsman  
seems to have hit the nail on  
the head in the matter of  
chauteauquas guaranty funds a  
couple of days ago. Not since  
that memorable day when the  
telephone company furnished the  
amusement for the customers  
have so many people seen fit  
to agree with the perpetrator  
of this daily dose of highly  
opinionated phrases. It's just  
the same old law of averages.  
If a fellow keeps shooting he's  
bound to hit the target, and in  
this case, no matter how dumb he  
is, he'll score occasionally if you  
don't watch him.

However, kicks or pats on the  
back in regard to the chauteau-  
quas guaranty fund aren't the big  
things in question. As The Plainsman  
sees it, what this column wants to do  
for the uplift of Lubbock humanity  
in general is keep anybody from  
going on a guaranty at the close  
of the present season. If this goal  
is reached the Plainsman will feel  
he has accomplished at least one  
thing during this good year of 1929.

But enough, enough of the  
chauteauquas. Folks who can't  
consume a quail a day for 30  
days certainly can't gobble up  
the same old brand of baloney  
more than two days in a week  
so we'll turn to other matters  
of general interest. Just to start  
the ball rolling, what do you  
think about the proposed state  
income tax which is about to  
be thrust upon the groaning  
backs of the citizens of this good  
state of ours?

Whether you want it or not, The  
Plainsman is going to give his  
opinion of it in no uncertain terms.  
Here it is: Texas has no use and  
no need for a state income tax.  
We're paying enough taxes to the  
state and federal government al-  
ready, a lazy legislature's opinion  
not to the contrary! Tax! Tax!  
Tax! We're paying tax on every-  
thing but air already! Why pile  
it on any more?

If the heads of the state can't  
operate the public business on the  
kicks 'em out and get a bunch  
of fellows who can! If you can't  
operate your business on the cap-  
ital it affords what do you  
do? Do you raise the prices on  
your commodities and run busi-  
ness somewhere else where they  
can be more cheaply purchas-  
ed? You do not—if you have  
any sense. The same thing  
should apply to the state's busi-  
ness.

The Temple Telegram comments  
upon the proposed state income  
tax with a number of pointed  
remarks. Every man and woman in this  
senatorial district should read it  
and The Plainsman is pass-  
ing it along as some mighty  
good medicine. Read it through  
and then write a note to our repre-  
sentative, Carl Rountree, of Lamar.  
If enough of us do that—and by the  
way The Plainsman has already  
written him—he'll vote against the  
measure and don't you worry about  
it.

Says the Temple Telegram:  
"Business men and others inter-  
ested in economic operation of the  
state government should protest at  
once against the proposed state  
income tax legislation now favorably  
reported by a committee to the  
Texas house of the legislature. The  
proposed bill is one of the most  
dangerous revenue measures that  
has been up in several years. It is  
patterned after the federal income  
tax law and would set up in Texas  
a state revenue force to follow in  
the footsteps of the federal agents  
—\$100,000 being authorized in the  
bill to provide for the setting up of  
this state collection agency this year."

The tax, if authorized, would go  
into effect July 1. You would hear  
from it on January 1.

The tendency in Texas, as in  
other states, has been to slap on  
new taxes. You read from time to  
time of new bureaus being set up,  
but never about one's being abol-  
ished. Texas does not need a \$100,000  
income tax collection agency.

The most equitable revenue raising  
route is to be found through taxing  
property; not by penalizing thrift  
and industry on the part of indi-  
viduals, firms or farmers.

The proposed state income tax  
would be a little stiffer than the  
federal schedule, for it does not pro-  
vide for as many reductions as are  
to be found in the federal statute.

The program would serve to  
muddle the whole tax situation in  
Texas, put on a number of incompe-  
tent friends of politicians at good  
pay—with the taxpayers always  
losing the bill—and provide more  
work and worry than accompanied  
the inauguration of the federal in-  
come tax several years ago.

Better request your representa-  
tives in the legislature to oppose  
this new tax.

If a bird's-eye view of the  
legislature now in special ses-  
sion means anything, the solons  
who are killing time down  
there at present can find plenty  
of questions to occupy their  
time without losing any sleep  
over a state income tax. It is  
to be hoped that The Eyes of  
Texas are upon them and will

It May Not Mean Anything But Both Wets And Dries Are  
Expanding Their Washington Quarters, Dutcher Finds

By RODNEY DUTCHER  
NEA Service Writer

WASHINGTON, May 10.—It may  
or may not be more or less signifi-  
cant of something or other that  
both the Anti-Saloon league and  
the Association Against the Pro-  
hibition Amendment have ex-  
panded their offices  
here within the  
last year.

The Association  
has done so just  
recently. Where-  
as it had only two  
rooms in the Na-  
tional Press club  
building it now  
has a suite of  
five, including a  
reception room.

There are larger offices in New  
York city, but President Henry J.  
Curran has one room here. Sec-  
retary Emmet Dougherty and other  
Research Directors John Gebhart  
still another.

The league used to have its head-  
quarters under one roof on the  
third floor of the old Bliss building,  
facing the capitol grounds. But it  
effort, the educational effort super-  
vised by Ernest H. Cherrington and  
the legislative and political effort  
under General Superintendent F.  
Scott McBride. The McBride or-  
ganization remains in the Bliss  
building. The Cherrington organ-  
ization opened up much handsom-  
er quarters in the Hotel Driscoll  
nearby, where Justin Steuart han-  
dles publicity and research for  
Cherrington alongside the office of  
the league's college prohibition or-  
ganization.

Both league and association re-  
port that business is good and that  
their followers have been more than  
ever worked up over the fight since  
election.

Congressman Edgar Howard of  
Nebraska is a member of the  
house who would not tell his  
dry constituents that he still loves  
his goodnight Virginia toddy. In  
the last campaign he told his au-  
dience that he didn't want to de-  
ceive anyone. He promised to ac-  
cede to every request of the gov-  
ernment for prohibition. He has  
force respect for the law, as he has  
always done. Except for the bed-  
time toddy he never takes a drink,  
but he clings tenaciously to that  
habit.

During his first term in congress  
Howard listed himself in the Con-  
gressional Directory simply as a  
democrat. When he came back for  
a second term he changed that to  
"Free Democrat." He explains that  
as follows:

"During my first term I discov-  
ered that I could not in good con-  
science follow the democratic lead-  
ership in the house, because it  
seemed always opposed to legisla-  
tion which might help my Nebras-  
ka and middle west people. After  
listing myself as a "Free Demo-  
crat" I felt at liberty to follow the  
democratic leadership when it was  
right and reject it when it was  
wrong."

Speaking of farm relief, there  
may be some supposition that the  
American grain farmer gets as good  
a price for his product as the Eu-  
ropean peasant—or better. Senator  
Howell of Nebraska presents figures  
which indicate the opposite.

It appears that the American  
manufacturer receives from one-  
fourth to one-third more for his  
product than the European man-  
ufacturer—in their respective home  
markets—thanks to the tariff and  
that the American farmer gets from  
one-fourth to one-third less for his

stay upon them until the  
House Bill No. 50 is thrown in-  
to the wastebasket.

And like other diplomats here, he  
is extremely careful now about  
making presents to his friends.

## In New York

By  
Swan

NEW YORK, May 10.—Tin Pan  
Alley is rapidly changing its  
colorful tune.

The Wall Street blues are being  
heard along the lanes of piano  
thumpers and vo-de-o-do singers  
From one of Manhattan's pictur-  
esque marie, "the alley" is being  
whipped into a grim mill; an in-  
dustry which, even as it hums  
knows that its old happy-go-lucky  
days are over.

When the talking pictures  
brought the theme song into the  
national limelight, the voices of  
the bankers and the movie mag-  
nates could be heard whispering  
"there's gold in them thar  
trills, stranger."

And so, not so many weeks ago,  
it became known that Witmark's,  
for instance, had folded up—with  
a cool million for the Warner  
Brothers.

If advance information I have  
received is to be trusted, within  
the week you will hear of one of  
the largest deals in the history of  
the song industry. The rare old  
firm of T. B. Harms, so I am told,  
will also turn its properties over  
to the Warners—and the sum will  
be well up in the millions. Harms  
is one of the most valuable out-  
lets for it has arrangements with  
dozens of musical shows and  
music writers.

About town one can observe  
certain scurrying potentates from  
Hollywood—with plenty of bank-  
ers' gold in their jeans—getting  
ready for some large sized under-  
takings. Don't be surprised if you  
hear, for instance, that Irving  
Berlin has folded a fat check in  
his pocket—no, say nothing of a  
tie-up with United Artists.

All such goings on are but pre-  
liminary to the eventual sub-  
sidization of "the alley" by the  
theme song business. Already  
most of the major lyricists and  
composers have made at least one  
trip to Hollywood.

Recall, please, that Berlin has  
already ground out three theme  
songs in a season. The latest was  
the "Cigarette" number written  
for Mary Pickford. And in years  
ago, Berlin rarely turned out  
more than one personally written  
number from his studio. Berlin  
will probably be announced by  
United Artists, and United Ar-  
tists, as I have said, will prob-  
ably be "tied up"—the reports say  
with Warners.

The theme song "racket" is just  
beginning to sizzle into shape.  
The Wall Street investors in the  
movies had no idea how much  
money could be squeezed out of  
a single tune. Hits such as "Sonny  
Boy," which sold by the millions;  
"My Shout," which peddled a  
million records alone for Bruns-  
wick; like "Ramona," which is  
still going, did not fail to leave  
an impression.

The order along the alley is "to  
buy 'em up."

For, so goes my Broadway in-  
formation, the talks will be more  
"singies" than talkies. The  
various studios are presumed to  
have a schedule of from 70 to 80  
per cent musical productions, to  
20 per cent drama. It cost Carl  
Laemmle, for instance, about as  
much to procure the tunes for  
"Show Boat" as it did to put on  
the whole picture.

And the money made by  
"Broadway Melody" has caused  
most of the production palms to  
itch. And where the entire pic-  
ture cannot go musical, there will  
be as much music and song in-  
jected as possible.

At any rate, all this is very  
sad to one who has found "the  
alley" one of New York's choicest  
morsels.

INFANTS' CROOKED LIMBS  
USUALLY SELF-CORRECTING

Answers to Mothers  
God could not be everywhere,  
therefore He made mothers.

Bowlegs and Knock-Knees  
"Our little girl of 19 months is  
bowlegged and her feet turn in,  
although not as badly as when she  
first began to walk. It was caused  
by our taking her  
by her hands and  
lifting her onto  
her feet when she  
was too young."  
MRS. S.

There is nor-  
mally a slight  
bowleggedness in  
babies which cor-  
rects itself. If  
your baby is  
markedly bow-  
legged, however,  
it should take her  
to an orthopedic  
surgeon, for it  
can be corrected  
by appliances and massage. Mrs. S.  
if she is much bowlegged, it is prob-  
ably not because you lifted her up  
but because she had some degree of  
rickets, for that is the chief cause  
of deformed legs, bowlegs and knock  
knees. Although, of course, it isn't  
wise to make a child stand on its  
legs unless it wants to of its own  
free will.

Is your baby getting some cod  
liver oil, and is she in the sunlight  
and fresh air, two or three hours  
every day?

You are in a locality where there  
are no doctors or orthopedic sur-  
geons, so I'll tell you the measures  
that are used to correct knock-  
knees and bowlegs. (Cochrane.)  
A well padded splint, long enough  
to extend half way up the inter-  
side of the thigh and an inch or so  
below the sole of the foot, is bound  
to the leg with elastic webbing. This  
should be removed daily when the  
child has its bath, and the leg  
massaged for a few minutes and  
corrective movements given. With  
the feet held together, gently pull  
the legs as near together as possi-  
ble. This treatment has to be kept

up at least six months before results  
are seen. Tracings should be made  
to record the progress. A sheet of  
paper is placed beneath the limb  
and an outline tracing made with  
the pencil held vertically.

Knock-Knees  
The treatment for knock-knees is  
similar, only the splints are placed  
on the outer side of the legs. These  
should reach up about to the waist  
line.

## STOCKS SHOW BRISK RALLY

### VARIOUS ISSUES MAKE INITIAL GAINS ON WALL STREET

(By Associated Press)

NEW YORK, May 10.—A brisk rally in prices took place at the opening of today's stock market. Wright Aeronautical opened 4 points higher, Westinghouse Electric 3-3/4 and Goodrich Rubber 2-1/2. Atlantic Refining crossed 71 to a new high record for the year. Initial gains of a point or more were quickly recorded by at least a score of issues including Radio National Cash Register, Hudson Motors, Fox Film, Sears Roebuck and Texas Gulf Sulphur.

Retention of the 5-per cent discount rate by the New York Federal Reserve bank, coupled with the unexpectedly small increase of \$19,000,000 in brokers' loans, revived bullish enthusiasm.

There were a few exceptions to the upward trend, conspicuous among them U. S. Steel common, which sagged more than a point and Union Pacific, Borg Warner and Eastman Kodak which yielded 1 to 2 points.

United Aircraft assumed the leadership of the aviation group by jumping 5 points. General Electric, Lalet and American and foreign power quickly extended their gains to 3 points or more and Electric Auto-Lite, First National Stores, Pittsburgh Coal, Union Carbide (new), Packard, Ludlum Steel, Advance Rumley and International Harvester sold 2 or more points higher.

Public utilities changed hands in large volume. United Corporation and Consolidated Gas each opened with blocks of around 500 shares at gains of more than a point. General Motors moved up moderately.

Foreign exchanges opened steady, with cables quoted at \$48.55-16.

### Duty On Oil Sought. By Group In House

WASHINGTON, May 10.—A move by Representatives from oil and coal producing states has been inaugurated in the House in an effort to bring about a duty on oil and Representative Hastings, democrat, Oklahoma, has been named head of the group which includes republicans and democrats from eleven states.

Hastings said today he proposed to call a meeting of the group within a few days to determine definitely upon a plan to offer an amendment to the measure for "a just duty." Oil is now on the free list.

### Require Spacing Of Wells In North

AUSTIN, May 10.—Modification of rule 37 to require the spacing of oil wells 1,000 feet apart along the north fork of Red river in Gray and Wheeler counties, was denied in an order by the railroad commission, entered today. It was proposed that no well would be drilled nearer than 1,000 feet from the center of the river bed.

Rule 37 prohibits the drilling of a well nearer than 300 feet to any other well and no well shall be drilled nearer than 150 feet to any other property line.

### Didn't Think He Would Ever Find Relief Medicine

"I Am Gaining In Weight And Feel Like I Have A New Life Before Me." Since Taking Orgatone, Says Ropesville Farmer

"It's a fact, I have actually gained in weight and feel that I have a new life before me, since taking two bottles of Orgatone," said George W. Carter, of Ropesville, Texas, while talking with the Orgatone representative in Lubbock a few days ago.

"I was in just such a terrible condition I didn't think I would ever find a medicine that would relieve me, and had taken so many was getting disgusted with everything," he continued. "I was bothered with kidney and indigestion trouble and suffered something terrible with the severe pains I would have in my back and sides."

"I was in a very run down condition, and got so where everything I ate, disagreed with me, and I was bothered with indigestion, I was very nervous and couldn't get any rest at night, and had just given up all hopes of being a well man again."

"A friend persuaded me to try Orgatone, and the results have been remarkable. Orgatone has restored my health after everything else had failed. I am gaining in weight, eat anything I want, and sleep like a log every night. I'm not bothered with indigestion or kidney trouble, and feel fine all the time. I can never say too much for Orgatone, and am glad to recommend it to everybody."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific treatment containing no alcohol or other stimulating drugs and is sold in Lubbock exclusively by the Bowers Drug Store, under the personal direction of a special Orgatone representative. Out of town customers are being supplied by mail upon receipt of price \$1.25 for one bottle or six bottles for \$6.25. Adv.

## COTTON MAKES EASY OPENING

### DISAPPOINTING NEWS IS BLAMED FOR DOWN TREND

NEW ORLEANS, May 10.—Disappointing cables and bearish textile statistics caused an easier opening in the cotton market. Initial trades showed declines of 4 to 5 points.

Offerings appeared absorbed at the decline and the market rallied later, July trading up to 18.51, October 18.51 and December 18.62, or 5 to 7 points above the lows and one point above yesterday's close. The market at the end of the first hour was steady.

The market rallied later on a bullish crop report from Texas and a private estimate domestic mills consumption during April of 635,000 bales. July and October advanced to 18.60 and December to 18.70 or 13 to 15 points up from the early lows and 9 to 10 points above yesterday's close. At mid-session the market was quiet and steady and virtually at the highs.

### NEW YORK OPENING ALSO IS STEADY

NEW YORK, May 10.—Cotton opened steady at a decline of 4 to 8 points in response to easy cables and a favorable view of the weather. Some selling may have been prompted by standard cloth statistics showing an increase of 2 per cent in unfilled orders for April. A private report estimating domestic consumption for April at 635,000 bales against 633,000 in March and 524,000 in April last year, was considered bullish and after easing off to 18.47, July rallied to 18.54 with the general list ruling net unchanged to 2 points higher at the end of the first half hour.

LIVERPOOL, May 10.—Cotton spot moderate demand; lower; good middling 10.48; strict middling 10.28; middling 10.08; strict low middling 9.38; low middling 9.53; strict good ordinary 9.43; good ordinary 8.73; Sales 5,000 bales, 4,000 American. Receipts 18,000; steady; May 9.91; July 9.89; October 9.90; December 9.90; January 9.90; March 9.93.

NEW ORLEANS COTTON  
NEW ORLEANS, May 10.—Cotton opened steady, Jan. 18.62; March 18.72; July 18.51; Oct. 18.45; Dec. 18.57.

NEW YORK, May 10.—Cotton opened steady; May 19.28; July 18.47; Oct. 18.56; Dec. 18.70; Jan. 18.77.

## FLIERS FREED FROM CHARGES

### RELEASE QUARTET ON VIOLATION OF NEUTRALITY

(Special To The Journal)

TUCSON, Ariz., May 10.—Four American aviators, who had served with rebel forces during the Mexican revolution, were freed today of charges of violating United States neutrality laws.

Motion to dismiss the cases was made by the United States attorney's office in federal court yesterday. The aviators are R. H. Polk of Nashville, Tenn., nominal head of the rebel air forces and said to have held the rank of general, Pete Stanley and W. L. Mitchell of Big Spring, Texas, and W. L. Fields, Los Angeles.

Charges in Mitchell's case had been dismissed previously, but he had been held as a material witness against Stanley. Both had been arrested here. Polk and Fields were taken in custody when they re-entered the United States at Nogales, Ariz.

## NO LIMITATIONS ON ROAD DISTRICT

County Judge Robert H. Bean

this morning called attention to misleading statements appearing in the press recently, in which it was said that, after the county commissioners' court had decided to create an independent road district, the law required a wait of at least 15 days before the district could be legally created.

"There is no limitation of time placed upon the court in creating independent road districts," said Judge Bean. "The court has the power to create districts as it sees fit. There is a limitation, however, placed on the calling of an election to vote road bonds in road districts. The law requires a notice of at least 15 days, nor more than 40 days, from the time the petition for an election is filed to permit of a hearing from property owners within the district, before an election is ordered."

Next Monday it is understood that a petition for holding a road election in the newly created district, which includes all of the county except the southeastern corner, including Slaton and vicinity, is to be filed with the commissioners.

### High Tribunal Okehs Local Court Rules

Judge Clark M. Mullican, of the Ninety-Ninth district court, announced this morning of having placed behind the decisions in two cases, which had been appealed to the State Court of Criminal Appeals from his court, had been affirmed by the higher tribunal.

The cases were those of conviction on violations of the prohibition laws of B. C. McCollum and George Harland.

### Edwards Quartet Appears At Slaton

Members of the Edwards quartet who are conducting a revival meeting at the First Church of the Nazarene here, are appearing on the Slaton Rotary program today at the invitation of that chapter, according to an announcement made this morning by the Nazarene pastor here, Rev. S. H. Erwin. The quartet will be here through Sunday and possibly longer.

### SOUTH IS DUE FOR LEAD IN AVIATION

FORT WORTH, May 10.—Expansion of aviation service in the South which will make this region the leader in aviation transportation in the world will be one of the results of the merger of Southern Air Transport with the Aviation Corporation, A. P. Barrett, president of the Southern Air Transport, and vice president of the Aviation Corporation said today.

The merger of the Southern Air Transport with Aviation Corporation was announced last night. "Unification of aviation so that all the energies of the nation can be placed behind the development of that great industry is now assured," Barrett stated.

"The rapidity of aviation travel and the rapidity of its development does not take into consideration state lines or international boundaries and under the leadership of Aviation Corporation, the greatest aviation industry in the world, the South is now in a position of assured prestige. The Southern Air Transport with an enviable record is glad to become a part of this great forward movement."

### Realistic—and How!

INNSBRUCK, Austria.—Some quite realistic war movies seem to be available. Before the camera Tyrolean peasants fought so effectively that they put 57 men in a hospital. They were demonstrating how their ancestors shed Napoleon's yoke.

## CAULIFLOWER INDUSTRY IS FACING DOG DAYS

### NONE OF THE SPECTACLES MADE SO FAMOUS BY TEX RICKARD AND JACK DEMPSEY ARE IN PROSPECT FOR SUMMER MONTHS

BY ALAN J. GOULD

Associated Press Sports Editor

NEW YORK, May 9.—After a prosperous winter season, where a Miami Beach shared the fistic spotlight with New York, Boston, Detroit and Chicago, the boxing business faces a somewhat dismal outlook for the open-air campaign.

The big extravaganzas built up over a period of years by the late Tex Rickard, with Jack Dempsey as the main magnet, reached their peak at Chicago in 1927. They have been skidding downhill ever since. The main affair of 1928, the Tunney-Heeney bout, was a financial bust. The prospects are no brighter for an outstanding heavyweight feature for 1929.

### It Takes Heavyweights

No outdoor season ever has reaped a financial harvest without being buttressed by interest in the heavyweights. The big fellows set the pace as drawing cards, but of the present crop, the experts regard Max Schmeling, the German dour as the only figure likely to arouse popular enthusiasm. If Schmeling scores decisively over Paulino at the

Yankee Stadium on June 27, it may

then be possible to "smoke up" an elimination contest with Jack Sharkey for a September climax.

For various well known reasons, the championship color has faded in many of the other ring divisions. In consequence, they offer few, if any, exciting summer prospects.

The flyweight and bantamweight titles are still in dispute, although the forthcoming match between Fidel LaBarba and Kid Chocolate in New York may help clarify the 118-pound division situation.

Andre Routs, the featherweight champion, fights Tony Canzoneri, from whom the Frenchman took the title; at Chicago this week, but no title is involved.

### Mandell Inactive

Sammy Mandell, the lightweight king, hasn't defended his crown since he beat Jimmy McLarnin last summer.

Boston's bid for a welterweight title bout between Joe Dundee, the champion, and Al Mello does not offer ground for much enthusiasm as a consequence of the decisive beating Mello received from Gorilla

Jones last week at Madison Square

Garden.

The customers may be aroused by return battles between Mickey Walker and Ace Hudkins for the middleweight title, or between Tommy Loughran and Leo Lomski, for the light heavyweight championship, but so far there is no frenzied bidding for either match. Chicago, Boston, Los Angeles and Detroit can scramble for these affairs, since the New York Boxing rulers are not on speaking terms with either Walker or Loughran.

### 'Stuttering' Popular

HAMBURG.—"Stuttering" is popular in Germany. The country learned it from the United States after the war. "Stuttering" is the popular name for installment buying. The term was originally applied by some wag who compared fulfillment of a financial obligation to a stutterer's painful completion of a sentence. Usage is such that the word is to be given recognition in the dictionary.

## PLAINVIEW BANK BUYS HALE BONDS

PLAINVIEW, May 10.—The Plainview National bank bought \$150,000 of Hale county paving bonds Thursday after all other bids received from bond buyers had been rejected.

The bonds brought par and accrued interest. The bonds are part of a million dollar issue voted two years ago for the paving of highways 9 and 28 through Hale county. Contracts have been completed for the grading of highway nine and the work is under way on the grading of 28. The paving contract of nine from Hale Center north through Plainview to the Swisher county line has been let and the other part of nine will be let May 23.

The local bank will carry the bonds on their books, believing them to be the best securities they can purchase at this time. Vice President J. D. Steakley said.

RIVERSIDE, Cal., May 10.—(P) Ed "Strangler" Lewis, former world champion heavyweight wrestler, and Miss Elaine Tomaso, Glendale, Cal. art student, were married here last night. They plan to leave next week on a honeymoon trip to Kansas City and Canada.

**M**OTHER'S DAY is her own day. The day you think of her . . . in loving remembrance of all the things she has done for you. The day you give thanks for having so wonderful a mother. In all the world you know there's no one like her.

Remember . . . when you were a little tot and she was everything to you. How you depended upon her! How carefully she watched over and protected you. Remember that first day of school when she took you by the hand into a strange, new world. She shared your every joy and trouble . . . in childhood . . . and in later years. How proud she was of your achievements! How happy to tell of them . . . how quick to forget your faults. Surely a day is far too little to give to thoughts of this most precious Mother. But on this day let her know you are thinking of her. Some little token of remembrance will bring cheer and happiness to her heart. She will know that with it comes all your love and devotion. Sunday, May 12th, is the day to honor her.

## FLOYD PLANS BIRTHDAY FESTIVAL

35 YEARS IN COUNTY WILL ENABLE ONE TO  
TAKE PART IN FETE AT FLOYDADA

(Special To The Journal)

FLOYDADA May 10—Twenty-five or more years in Floyd county entitles one to take part in the celebration of the 35th birthday of the county to be held here under the direction of the Floydada Chamber of Commerce on May 28. Pioneers of this county will bring their luncheon on this day and will spend the entire day "just visiting" among themselves. Special courtesies will be shown the visitors by Floydada business men on this day and the

city will be thrown open to old timers.

Modern entertainment for the celebration will be "taboo" and the only speaking that will be permitted will be done by some prominent men who have spent at least 25 years of their life in the Panhandle of Texas. There will be music but it will have none of the speed, rhythm, or instruments of the modern jazz. Three Floyd county fiddlers who have termed themselves as "The Corn Huskers Orchestra,"

will help to bring back the days of the square dance with tunes that were popular 30 years ago.

An old time basket lunch will feature the gathering and those present will spread their dinner on the court house lawn. Invitations to the celebration are being sent out by the Chamber of Commerce.

posed reorganized prison system a reformatory for convicts under 24 years of age serving sentences of not more than five years.

MORROW LEAVES IN MAY  
MEXICO CITY May 10, (AP)—At the American embassy it was said today that Ambassador Dwight W. Morrow would leave Mexico City for the United States between May 20 and May 30.

### BLACK-DRAUGHT AFTER MEALS

Relieved Bloating, Smothering Feeling. Texas Lady Tells How She Suffered.

Sherman, Texas.—In telling how she was relieved of a painful trouble by taking Black-Draught, Mrs. H. A. Goff, of this place, writes: "I had been in bad health for some time. I suffered with bloating spells which gave me a full feeling and a pain in my chest. Sometimes I would smother and almost lose my breath. Some days I would be much worse than others. My food disagreed with me. My color was bad. I felt weak. As a child, I had taken Black-Draught, and my mother suggested that I take it for this trouble. I began by taking a pinch after each meal, and I found that was the best way. I soon was relieved of so much gas, and the smothering spells did not come on so bad. I soon began to feel much better. Since then, my health is much improved. I find that Black-Draught is good for constipation and biliousness."

Finely powdered medicinal herbs and roots, of which Black-Draught is made, are quickly and easily assimilated by the digestive system. Get a 25-cent package.

sumptive to a share in a \$30,000,000 fortune. A few weeks ago, the 60-year-old grocer and his wife were preparing to spend the rest of their days in their store. Now they're entertaining wide-eyed listeners with stories of glittering wealth—a modern mansion equipped with hot and cold running water, electric lights and, above all, an automatic washing machine. Hopkins expects to be adjudged a great nephew of Mark Hopkins, a "forty-niner," who died intestate at San Francisco in 1878. Hopkins estimates his share of the \$30,000,000 estate at \$30,000,000. There are in all sixty claimants to the Hopkins fortune living in Kentucky, Virginia, Tennessee, North Carolina and Oregon. Their suit charges a young man who des-

## FRANCISCAN MONKS RETURN TO TEXAS TO TAKE CHARGE OF ANCIENT MISSIONS AFTER HUNDRED YEARS ABSENCE

SAN ANTONIO, May 10.—Mission bells ringing in the quiet of the twilight. The voices of the padres rising and falling in rhythmic cadence as they chant at eventide. Memories of the days of a hundred years ago when the brown-robed Franciscan Fathers paced the patios of the Spanish missions fingering their beads.

These are to be revived this summer when monks, representing their forbears who built the missions, return to Texas to assume charge of the sacred shrines after an absence of more than 100 years.

When Missions Flourished. In the latter part of the seventeenth century and the early eighteenth the missions flourished in the southwest. Under the leadership of Father Junipero Serra and his successors many Indians were gathered into civilized communities. Both the material and spiritual welfare of their charges were looked after by the padres who taught them of God and also the manual arts. Under their guidance the Indians erected the magnificent mission structures.

Although the missions were secularized in 1793, by the Spanish government, the Franciscans remained in the country until 1812. The Dominican monks maintained them until shortly before the Civil War, when they gave them up and returned to their native Germany.

Since that time the missions have been in charge of the archdiocese of San Antonio, but only one of them has been used for religious services.

Despite the passage of the years the buildings are in a fair state of preservation and have been visited by throngs of tourists yearly.

French-Spanish Conflict. The building of the Texas missions began with the attempts of the Spaniards to drive the French out of what was then a province of Mexico. Father Damian Manzanet accompanied that expedition and was so impressed with the friendliness of the Texas Indians that he returned to Mexico and asked permission of his religious superiors to establish a mission. The first one was built in the eastern part of the state. In 1730 this and other missions were transferred to San Antonio because of trouble with the French and Indians.

San Jose Mission, said to be the most beautiful, was built in 1731 and the Mission San Antonio de la Valero, which later was known as the Alamo was completed in 1757, and it was inside the stone barricade surrounding the building that 190 Texans were massacred by the Mexican army in 1836.

Work on the restoration of these picturesque structures will be begun shortly after the annual meet-

ing of the chapter of the Order of St. Francis to be held in Cincinnati, O., in July.

AUSTIN, May 10. (AP)—J. L. Wade, federal prisoner being transferred from Pecos to Birmingham, Ala., broke away from a deputy United States marshal yesterday at a railroad station here and escaped in the crowd. He was wanted, according to officers, on a charge of impersonating a government officer.

China belonging to the late Empress Marie of Russia was recently sold at Copenhagen at low prices.

The Lion, a 91 year old railroad engine, has just been retired from service on the English railway.

American products are being shown at the annual fair at Bordeaux, France, this year.

Production of petroleum in Ecuador last year was more than six times that of 1928.

Internal Health by Nature's Own Methods

If you are sick inside you are sick all over. When the stomach fails to digest its food, you are standing at the threshold of a series of ailments that may end in a complete physical wreck. Internal health means health throughout the body. Keep your stomach and other digestive organs clean and vigorous by giving them the natural stimulation of the roots, barks and herbs contained in Tanlac.

Tanlac is wonderful for indigestion and constipation—gas, pains, nausea, dizziness and headaches. It brings back lost appetite, helps you digest your food, and gain strength and weight.

Tanlac is as free from harmful drugs as the water you drink. It contains no mineral drugs; it is made of roots, barks and herbs, nature's own medicines for the sick. For over 10 years it has been recommended by druggists who have watched its marvelous results. The cost is less than 2 cents a dose. Get a bottle of Tanlac from your druggist and give it a thorough trial. Your money back if it doesn't help you.

## A BUYING GUIDE

Before you order dinner at a restaurant, you consult the bill-of-fare. Before you take a long trip by motor-car, you pore over road maps. Before you start out on a shopping trip, you should consult the advertisements in this paper. For the same reasons!

The advertising columns are a buying guide to you in the purchase of everything you need—including amusements! A guide that saves your time and conserves your energy; that saves useless steps and guards against false ones; that puts the s-t-r-e-t-c-h in family budgets.

The advertisements in this paper are so interesting, it is difficult to see how anyone could overlook them . . . fail to profit by them. Just check with yourself and be sure that you are reading the advertisements regularly—the big ones and the little ones. It is time well spent . . . always.

Avoid time-wasting, money-wasting  
detours on the road to merchandise value.  
Read the advertising "road maps."
