Rotan, Fisher County, Texas

No. 14

One Run-Off Race For Second Primary

Fisher County voters will face a very short ballot in second Democratic Primary, June 4. Only local race is for District Clerk, Nealy A. Morton, incumbent and Pearl Hughes. Apparently the only other names to appear on ballot are for Attorney General, Crawford Martin and Franklin Spears.

In first primary, held Saturday, Morton led his two opponents with 985; Hughes, 618 and R. L. Miers, 602.

County Judge E. G. Perkins was re-elected with 1295 votes to James V. Carter, 929.

Jerry Crowley, incumbent Commissioner of Precinct 2 won over both his opponents with 230, Frank Houghton 108, and Frank Allen, 68.

Thurman Terry, present Commissioner of Precinct 4 totalled 361 for reelection to 148 for Andrew Pierce.

Roby's Justice of Peace race caused considerable interest, in which Jeff Simmons was elected 198 to A. C. Melton 136.

Congressman Omar Burleson received his usual good vote in Fisher County, 1344 to 772 for Eldon Mahon. Unofficial tabulations over the district Tuesday gave Burleson about this same percentage over the entire district.

Renal Rosson, incumbent State Representative polled 1094 votes in Fisher County to lead Gene Newton, also of Snyder, 678. Rosson was re-elected with good majority.

Considerable interest developed in Railroad Commissioner Race in which Tunnell defeated his two opponents by a good majority over the entire state. Fisher County gave Tunnell 1290, Waring, 196 and Erwin, 179 votes.

Mrs. Darden plans the event for each Mothers Day.

Mission Study Group Met With Mrs. Curry

The Bible and Mission Study group met in the home of Mrs. W. P. Curry Tuesday, May 10. Eighteen women were present and Mrs. Willard Denton led the group in songs of consecration and promise. Mrs. J. A. Brown led in prayer.

Mrs. Fred Byerly quoted Praise of Charity, found in I Corinthians, 13th chapter. Mrs. Adams continued teaching from the gospel of Matthew. The entire program filled the need of fellowship and inspiration to those present.

Next meeting will be in the home of Mrs. Ed Darden, Tuesday, May 24 at 3 o'clock. Mrs. A. B. Harrell and Mrs. John Denton will conclude the present Mission study.

Postmaster Robert Phillips remains in Callan Hospital for observation and treatment. His condition appears to be progressing satisfactorily and he hopes to be back on the job shortly.

Liquor Election Called June 4 In Roby

In regular meeting Monday, Commissioners Court acted on petition presented them and ordered liquor election in Roby for June 4th.

Polls will be set up in the county clerk's office, with Buck Hughes as election judge.

Voters within the corporate limits of the town of Roby will decide on that date the issue of legalizing the sale of alcoholic beverages for off-premises consumption.

The wet petition, with 102 qualified signers, was certified by County Clerk John Ashley and was presented to the court. The number of qualified signers were more than enough to make it mandatory for the court to call the election.

Absentee balloting on the issue is scheduled to open Monday. This will be done at County Clerk's office.

Considerable interest is expected to develop on the election.

The small grain variety demonstrations, results noted thus far, and what will be expected from the final results.

The small grain variety demonstration, on the Ferguson farm, consists of nine varieties of wheat, one is a short straw variety that has not been named yet. Six varieties of oats and three varieties of Barley. The wheat fertility and variety plot, to be observed consists of six varieties of wheat using three different rates of fertilizer plus a check using no fertilizer.

In addition to these plots two more wheat fertility and variety demonstrations were established, one in Fisher County on the A. Branscum Farm, six miles West of Hamlin on the North side of Highway 92. The other in Stonewall County, on the Briant Farm, rented by Clay Douglass, one mile west of Aspermont on Highway 610.

The establishing and conducting of these small grain demonstration plots is a cooperative agreement between the land owner, research station and county extension programs. There are three counties involved in this, Jones, Stonewall, and Fisher. County Extension agents working with Dr. Mulkey are: Kirby Clayton, Jones; Truett Hennig, Stonewall, and James Norman, Fisher.

All small grain producers and others interested in the production of small grains are urged to attend this field day, according to the three county extension agents.

65 Year Olds Should Sign For Medicare Early

Rotan residents who have a 65th birthday in 1966 will be protected by medicare's medical insurance at the earliest date only if they apply during the three months before they become 65.

R. R. Tuley, Jr., social security district manager in Abilene, explained that each person who reaches 65 on or after January 1, 1966, has a seven-month period during which he may enroll for the supplementary medical insurance plan, but the effective date of this protection depends on the date of his application. This individual enrollment period begins with the third month before he is 65 and ends in the third month after his 65th birthday. As an example, Tuley said, if an application is not filed until the month after a person becomes 65, medical insurance coverage does not begin until the first day of the second month after he applies.

He urged everyone with a 65th birthday approaching, including those who continue working, to file his application at the social security office two or three months before that 65th birthday. This early action will guarantee full medicare protection beginning on the first day of the month age 65 is reached (but no earlier than July 1, 1966).

McDonald and SoRelle Vie For Presidency

Rotan High School will cast ballots tomorrow in electing student council representatives for the 1966-67 school year.

Students will choose between Iris McDonald and Frankie SoRelle for their President. Iris is currently serving as FHA President while Frankie is president of the Junior Class.

David Hargrove and Larry Helms are campaigning for the vice-president's spot. David is sophomore representative to the council this year and Larry Helms is class secretary-treasurer. Both participated in football and basketball.

The parliamentary spot is sought by Paula Heathington and Gerald Ashbrook. Paula is head majorette of the "Big Y" Band, was on the one-act play cast, and went to the Regional UIL contest in extempor-

aneous speaking. Ashbrook is a two-time all-district band member, basketball letterman, and was on the second place debate team at Regional.

Candy White and Mary McDonald are running for secretary-treasurer. Candy has made the honor roll each six weeks this year and is a member of the band. Mary was a state qualifier in persuasive speaking, is junior representative to the student council, and is a member of the sextet and band.

FFA Members Win Third In District

The dairy-judging team, composed of Ezquel Rodriguez, Juan Montez, and Augie Garcia were announced as winners of a third place rating at the district competition at Lubbock.

Ray Womack, Ag. teacher; Perry Hunsaker, FFA president; and Lanh Ross, FFA vice-president attended the District Banquet at Stamford at which the results of the District Contest were disclosed.

The 3rd place rating makes the team eligible for the state competition, on May 14.

Juniors Honor Seniors With Spring Banquet

The Junior-Senior banquet, Friday evening, April 30, was a "Spring Song." The cafeteria was decorated with pastel flowers; and foods were given "springish" names on the menu. Dinner was followed by spring music by Brother Bill Morris and reading of the Senior Class Will and Prophecy.

Mike Rushing opened the program with a spring prayer; Perry Hunsaker, junior, welcomed the seniors to banquet; and Raford Hargrove, President of the Senior Class, responded, expressing the gratitude of the seniors.

Dinner followed, having tossed salad, broiled steak, baked potatoes, green beans, hot rolls and butter, strawberry shortcake, and iced tea on the menu.

Toastmaster Frankie SoRelle, president of the Junior Class, introduced Brother Morris, who gave the meaning of spring in song. Brother Morris was accompanied on piano by his wife.

Mike Thornton and Rebekah Crawford read the Senior Class Will and Testament. The Senior Prophecy was read by Raford Hargrove and Sharron Puryear. (The preceding four seniors co-wrote the Will and Prophecy.)

The banquet ended with the Alma Mater.

The junior class students planned the menu and program and made all the decorations.

To the Patrons of the Rotan Independent School District

The School Board feels that the present high school building (which was built in 1925) is inadequate and proposes the building of a new one. This proposed building would be located on present school property and would be designed along with a new auditorium and gymnasium to make the Rotan campus a unitized whole.

In order for this type of unit construction to be carried out, the issuance of bonds would be necessary.

We feel that the District is in good financial shape and the erection of the cafeteria, the addition to the Primary building, and major improvements in the athletic plant, all without additional taxation, indicate the soundness of the financial policies of the Administration.

At the present time this District contains approximately one-half of the total scholastics of the four districts in the county. It has much less than the legal limit for bonded indebtedness. The District has a very well rated evaluation. In view of these facts, the Board is unanimously opposed to consolidation.

TO THE VOTERS OF FISHER COUNTY

I would like to thank all my Fisher County friends for their support and consideration of me in my race for District Clerk. I feel that the time I spent visiting the voters of the county was well spent. It was good to talk with old friends and to have the opportunity to make new ones. Anyone who chooses to enter a political race realizes that he has a chance to either win or lose, and I think a man must be a good sport regardless of the outcome. I enjoyed making the race--dogbites and all. R. L. Miers

*** County ***
Agricultural Agent
Texas A. & M. College
Extension Service

The announcement of a method of freeze branding that will control the pigment of the skin and hair has created considerable interest in this state.

The following are some questions and answers L. A. Maddox, Jr., Extension Animal Husbandman, received from Dr. Keith Farrell, DVM, Washington State University, USDA.

1. Is the freeze brand legal?

The freeze branding technique is so new it isn't even mentioned as yet, in the brand laws. Brand officials are studying this technique.

2. Is freeze branding recommended by the Department of Agriculture or State Extension Officials?

Freeze branding is still in experimental procedure. No recommendations for its widespread use have been made.

3. Can this technique be used to remove wanted hair pigment from human beings?

Under no circumstances do we recommend in as much as you do not have to hold the cold iron in contact for such a long period of time. We use brands 1/4" to 5/8" thick, 1" to 1 1/2" from face to back and 4" high.

5. What is the purpose of the alcohol when mixed with dry ice?

The alcohol is used as a refrigerant. The dry ice chills the alcohol and the alcohol chills the copper branding irons. Methyl alcohol, Isopropyl alcohol, Ethyl Alcohol and Acetone work as well. Only 95% alcohol should be used.

6. Can a brand be produced without clipping the animal?

The contact between the cold iron and the skin itself is one of the most critical variables. For this reason we always clip the hair as possible. We use a shaving head clipper because the hair interferes with the transfer of heat. For this reason also we usually wet the skin with same type of refrigerant that we used in the dry ice alcohol bath. The refrigerant to wet the skin is, of course, kept at room temperature.

7. Is the super cold materials dangerous to work with?

Super cold liquids should be handled carefully. Even the gasses issuing from such liquids are very cold and can damage delicate tissues such as the eyes. Super chilled objects can stick to the skin and cause tearing. Proper ventilation should be maintained around liquid nitrogen containers.

8. How long does the branding iron need to remain in the dry ice alcohol solution?

The copper branding irons cool quite rapidly in any of the super cooled liquids, (a matter of a few minutes). When first placed in the bath, they boil. When bubbles from the iron are being produced at the same rate as in the dry ice mixture, then the iron is chilled adequately.

9. What is the ratio of dry ice to alcohol?

You need adequate alcohol to cover your brands sufficiently and enough dry ice to adequately chill the alcohol. This is not critical.

10. Is the white hair produced permanent?

At the present time we have only seen brands through 2 hair growth cycles. So far it is permanent. We do know a great deal about the destruction of melanocytes from observations with X-irradiation and "saddle sores" on horses. These conditions result in permanent loss of color from the affected areas. We really feel that this color loss will be permanent. However, in all good faith we should mention that there are some skeptics.

11. Will this process be expensive? At the present time the nitrogen chilling technique is expensive, however, the dry ice technique is very inexpensive probably around 5c or less per brand.

12. How long will it take the hair to show white?

The speed of hair growth in the branded area appears dependent on the natural hair growth cycle. For example, brands made in November and December are showing white hair growth in March. However, with the technique we are now utilizing, we do get a hair loss prior to the regrowth of white hair and this is visible on the animal.

13. How do I brand an all-white animal with the freeze branding technique?

At the present time we have been branding in excess by leaving the nitrogen chilled, copper irons on the

skin for 60 seconds. This stops hair growth and causes a depigmentation of the skin. We have not had sufficient time to determine if this change will be absolutely permanent. There has not been regrowth in 8 months.

14. Where can I obtain the equipment and materials to do this freeze branding job myself or who is commercially available to do the freeze branding?

There is no commercial firms engaged in freeze branding. This is, as yet, an experimental procedure. The commercial use of this procedure will be dependent upon the action of the Federal Government on patent applications.

15. Can Swine and Horses be branded by freezing?

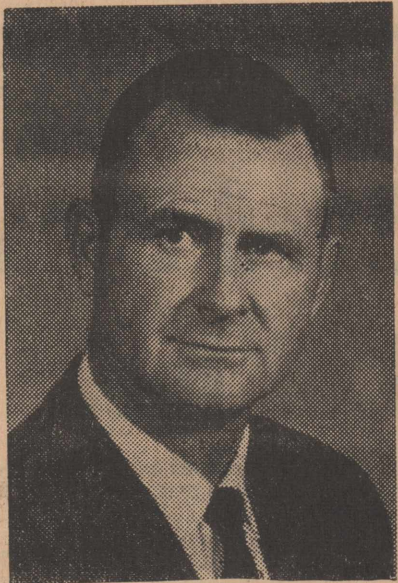

Yes, but it is too early for recommendations on time and temperature. Branded swine may have a greater tendency to sunburn at the brand site. (This is now under study).

Should any of you use this method, please let me know, so I can check with you on your results.

Mr. and Mrs. Joe Robinson of Cottonwood, Arizona and Mrs. Boss Robinson of Snyder visited Wednesday morning with Mrs. Hal Burrow.

8th Grade Class Will--

by Gary Landes

Friends, this is a solemn occasion. The Class of 1966, having passed on to its reward, has left behind this last will and testament. I, as the legal advisor of the class, drew up this document, and it is cast-iron, unbreakable and very, very legal. You are assembled here that this will may be read. Listen attentively and be thankful for what you are about to receive.

We, the class of 1966, in the town of Rotan, county of Fisher, in the State of Texas, being of brilliant minds, though a bit fuzzy about the edges, do hereby make this, our last will and testament. We hope that you to whom we leave our possessions will appreciate them and that you will never forget our kindness and what a wonderful class we were.

ITEM: To the members of the Seventh Grade Class, our rightful heirs, so soon to take our place--not that they can refill it--we leave our reputation, Grade A and spotless, and our air of importance. We leave them any debts we may have left unpaid, such as accounts in the cafeteria, or the fines for broken windows. To our successors we also leave a vast store of ideas which we neither had time or opportunity to use. Boy, are some of them dillies!!!

Rhonda Hammit leaves her British accent: (Duh, Duh) to Becky Paske.

To Kathy Murphree, Sandy Blewins leaves her wild giggle. We got this information from Bobby and boy, he ought to know.

Johnny Wylie leaves his modesty, the perfect boy attitude to Mickey Early.

Doris Pearson leaves behind to Judy Powell her basketball ability.

Francis Yanez leaves her manager job to Chris Carillo.

Peggy Coffman leaves to Mike Herron her librarian job. Keep the good work up Mike!

To Jeanne Aldridge goes Maxine's loud-mouth in History Class.

Marie Ogden leaves behind to Mary Sue Campbell her ability to draw with a compass.

Roy McCombs gets Jimmy Rivers empty seat. Let's hope Roy fills it more frequently.

Gregory Jefferson leaves his acrobatic ability behind to Andrew Remon. We're sure he can use it somehow.

Kathy Cave leaves her cute dimples to Sheretta Trout.

Henry Garcia leaves his masculine looks to Chico Garcia.

To Susie Ortega goes to Mollie Ortega's sweet "song-bird" voice.

Gary Rackley leaves his "That

ain't fair" to Richard Tandy.

Bobby leaves his little boy shyness to Hank Day.

Louis Barrera leaves his paper wads to Joe Sepeda. Let's hope Joe doesn't get caught.

Jo Mize leaves her fancy handwriting to Lillie Mae Daniels.

Curtis Carr leaves his ability to fall asleep in class to Alexander Coleman.

Sheila Cashen leaves her "slip and slide" routine on the basketball courts to Debbie Stewart.

Laura Crow leaves her questions in math to Mr. Burrows.

Charles Ebarb leaves his mud puddle to Rickey Starnes.

Donna Egly leaves her quiet intelligent ways to Debbie Aumada.

Margaret Hicks leaves her unexpected frustrations to Roxanne Calan.

Becky Bollinger leaves her "swing" to Becky SoRelle.

Annie Franklin leaves her "monga-monga dance" to Marilyn Carr.

Carol Hughes leaves her boxing ability to Vicky Wynn, and Sheila Dennis. There's enough for everybody.

Travis McDonald leaves to Matt Dorman his singing to Mrs. Tandy.

Jeanie Moore leaves her friendly attitude to Kathy Sencil.

Margaret Ramariz leaves her left-over boy friends to Lydia Yanez, Rosa Soliz, and Julia Romero. There's one for everybody.

Marijohn Ross leaves her groovy stories to Rhonda Coan.

To Letha Hegwood goes Nola Mesick's make-up.

Pete Garcia leaves his top-rank marching to David McCombs.

John Ross Hale leaves his handwriting to Craig Rowland. Craig, we hope you can improve it.

Linda Jones decided she needed everything she got out of old RJH, which wasn't much.

Lura Wallace leaves her bubbling personality to Lou Cade.

To Jacqueline Barber goes Elizabeth Rodriguez's girlish sweetness.

Debbie Rains leaves her generous loving heart to Rebecca Turnbow.

Marabeth Hammit leaves her ability to retrieve tennis balls to Susan Adams.

Nancy Paske leaves her ability to throw paper wads into the trash can in History Class to Molly Botello.

Debby Loving leaves her hair coloring to Cynthia Shipp.

Vicky Rushing's Southern charm goes to Rebecca Mahaffy.

Cindy Eaton leaves her brimmy vitality to Donna Soliz.

Linda Kingsfield leaves her flirtatious airs to Marilyn Tonn.

To Lee Yanez goes Johnny Alamanza's "greasy kid's stuff."

Jimmy Markham leaves behind his boyish grin to Obie Kelley.

Wayland Smith leaves his super ball to Coach Hale. We're sure Coach will have many hours of fun ahead of him.

C. C. Carr leaves his shoe shine stand to Arthur Lee. Might as well keep this a family affair.

Martha Wheat leaves her silver streaked hair to Trudy Clements.

Joyce Rogers leaves her once pierced ears to somebody who really wants them.

Johnny Penales leaves his quickly-done homework to Larry Blanscet.

Bret Clements leaves his scientific brain to Larry Gruben.

Rosaria Montez leaves her long, shiny hair to China Velez.

John Gentry, Bishop, leaves to Walter Hargrove his athletic ability.

Esther Rodriguez leaves her physical hygiene to Mary Ramariz.

Vernon Suratt leaves himself to Walter Hargrove. Maybe Walter can do something with him.

Kaye McKimmey leaves Sandy Burnes her . . . Censored . . . !

Patty Tankersley leaves her dazzling smile to Angelica Barrera.

Psalms 122:1: I was glad when
they said unto me, Let us go into
the house of the Lord.

Which Way?

A man goes the way he looks. Ever look one way while trying to go another? How far did you get? Ever try to get to a place so fast you

missed it? Stop! Direction is worth more than speed. A man's eye

follows the call of his appetites. If he wants power he looks for

high office. If he wants wealth he looks for oil wells

or gold mines. If he looks for sin he finds it. If he

wants peace of mind he looks to God. Souls of

men move high or low. There is a turning

point. Broad is the way that leads

down. Narrow is the way that

leads up. You are a pilgrim...

"give in," He knows the way. He

will lead you through.
