Sweeping Freedoms Ordered For Japan

MacArthur Tells Tokyo To Abolish Feudal Shackles, Free Prisoners

(By The Associated Press)

TOKYO, Friday, Oct. 5.—Premier Prince Naruhiko Higashi-Kuni and the cabinet he formed after Japan surrendered have decided to resign as the result of General MacArthur's demand for ouster of the home minister, it was authoritatively learned today.

(An NBC broadcast from Tokyo said Higashi-Kuni already had called on Emperor Hirohito and tendered the resignations).

The decision was reached at a two-hour meeting today, it was learned, with Higashi-Kuni planning to go to the Imperial palace at 1:30 p. m. (10:30 p. m. Thursday Central Standard Time) to present the resignations.

(By The Associated Press)

TOKYO, Oct. 4—The Japanese government got American orders today to remove the frigid hand of "thought police" from the nation and grant full speech and religious freedom—steps so revolutionary that one occupation official said they might produce violence.

General MacArthur ordered the imperial government to release all political prisoners, numbering about 3,000, by Oct. 10; abolish all legislation hamstringing personal freedoms; disband the brutal political police, and fire Home Minister Iwao Yamazaki from office.

Hits Feudal Traditions

The order for the sweeping social reforms, striking at the root of Japanese feudal traditions which were held responsible for the Pacific war, was delivered through the central liaison office.

MacArthur's five-page directive concluded with the blunt statement that all officials of the imperial government affected by the order must report on steps taken toward compliance by Oct. 15.

Prediction that sudden freedom of speech, thought and action—might release violence, were made by Col. Ken R. Dyke, chief of the occupation command's civil information and education service.

"We must recognize that people so long are bound to react strongly," Dyke said. "At least there probably will be strong clashes of political opinion under this new freedom. But this is part of the revolutionary process which all democratic peoples elsewhere have undergone during centuries of working toward democracy."

Japanese Communist leaders, who have long languished in prison, were quoted by a Domei agency interviewer as being anxious for leadership in the party's program to throw out the emperor-system of government and distribute imperial lands to the people.

Afoul of Dress Freedom

The order for removal of Yamazaki struck directly at the official who fell afoul MacArthur's press freedom orders last week, when the home ministry unsuccessfully attempted to ban publication of interviews with Emperor Hirohito and his hat-in-hand visit to the American general.

The home ministry also controls the thousands of repressive "thought police," who during the past decade have thrown Japan's liberal and pacifist thinkers into jail, where they suffered torture, and death.

Besides disbanding these, MacArthur's order also demanded that chiefs of the Tokyo and Osaka metropolitan police boards and of the territorial police of Hokkaido be discharged from office.

Yamazaki said he had attempted to suppress publication of the Hirohito interviews and visit to MacArthur because he feared public resentment.

He admitted that there had been no public reaction at all against the interviews and pictures when they were finally published under MacArthur's explicit order.

Yamazaki also conceded that grumbling was becoming more audible in the country over food shortages, but added that "there is no evidence of restlessness over the surrender or American occupation."

Peace Parley Gets Support

(By The Associated Press)

LONDON, Oct. 4—An American proposal for a general Allied peace conference gained support in diplomatic quarters tonight, but one barrier remained—Russia's insistence that France and China be excluded from basic peace treaty drafting.

Diplomats were hopeful that the barrier might be removed by direct telephone talks of Prime Minister Atlee, President Truman and Premier Stalin or by agreement of Stalin after he confers with Foreign Commissar V. M. Molotov.

BYRNES TO BROADCAST

WASHINGTON, Oct. 4 (AP)—Secretary of State Byrnes will report to the nation tomorrow night on the failures and accomplishments of the foreign ministers meeting at London. Byrnes was due back in Washington tonight. The State department announced that about 24 hours after his scheduled arrival here the secretary will make a broadcast over the Columbia Broadcasting system beginning at 9:30 p. m. He will speak for 30 minutes.

Tass Reports "No Effort"

The Soviet news agency Tass asserted in a dispatch broadcast by the Moscow radio that the foreign ministers of the United States, Britain, China and France had made "no effort whatever" at the five-power council to find a formula to settle the dispute.

Underlining support of the American plan, advanced by U. S. Secretary of State James F. Byrnes, was the policy-making conference proposed today by Herbert Evatt, the Australian foreign minister.

Evatt urged that representatives of Britain, the United States and Russia meet to discuss questions of

Testimony Ends In Plumlee Case

FLOYDADA, Oct. 4. (Special).—Testimony in the case of W. C. Plumlee, Floyd county commissioner, charged with forgery and passing of checks issued by Floyd county, was completed about 6 o'clock this afternoon.

Arguments of state and defense attorneys will commence when Judge Alton B. Chapman re-convenes court at 9 o'clock Friday morning.

Five-Count Indictment

District Attorney Richard F. Stovall said the case will go to the jury on the fifth count of a five-count indictment which charges passing of a forged instrument.

The State sought to prove that a nonexistent worker was carried on the work rolls of Plumlee's precinct and that the official endorsed and cashed a check made out to the reputed employe. Identified as Bill Thompson, 18-year-old South Plains youth.

Authority Claimed

Defense counsel tried to show that Plumlee had authority from Thompson to cash the check. The prosecution countered by putting Thompson on the stand, the youth testifying that he had never been employed by the county.

Plumlee is serving his second term as commissioner. He went into office in January of 1943.

A jury was completed about noon and testimony got under way at 1 o'clock.

Yankee In National Cotton Picking Test

BLYTHEVILLE, Ark., Oct. 4. (AP)—Even a Yankee from Massachusetts was entered today for the national cotton picking contest which will be held here tomorrow.

A field exceeding the records of 197 contestants last year was anticipated tonight as entrants from nine states, including Texas already were on hand.

The championship prize of $1,000 is to be presented by Secretary of Agriculture Clinton P. Anderson. The 10 a. m. start is to be broadcast by NBC.

Tax Cut Plan Approved By House Group

By FRANCIS M. LeMAY
Associated Press Staff Writer

WASHINGTON, Oct. 4 — A $5,300,000,000 tax reduction for individuals and corporations in 1946, erasing 12,000,000 low-income persons from the tax rolls completely, was approved today by the House Ways and Means committee.

Heading to the House floor the first peacetime relief from record wartime pocketbook levies, the tax-framing group cast aside many administration recommendations on methods, but kept close to Treasury Secretary Fred M. Vinson's tax cut limit of $5,000,000,000.

Proposals Are Given

This is what the committee proposes:

Individuals—Relief of $2,600,000,000 next year, by reductions in the "normal" tax and surtaxes. The committee decided to reduce the graduated surtaxes by four percentage points in each bracket, and to apply the surtax exemptions ($500 for the taxpayer and $500 for each of his dependents) to the normal tax (now collected on net income above $500 regardless of the number of a taxpayer's dependents). The committee amended this program today to stipulate that no individual taxpayer shall receive in 1946 less than a 10 per cent tax reduction. This increased individual relief from $2,500,000,000 to $2,600,000,000. The change in the normal tax exemptions removes 12,000,000 low income persons from the tax rolls next year.

Corporations Also Benefit

Corporations—1946 tax easement of about $1,900,000,000. This would be done by: Cutting the excess profits tax next year from 95 per cent to 60 per cent; repealing this tax January 1, 1947; reducing the corporation combined normal and surtax from 40 per cent to 36 percent (the cut being in the surtaxes); repealing next July 1 the capital stocks tax, collected at $1.25 per $1,000 declared value. The cut in the excess profits levy would save 19,000 corporations about $1,270,000,000 next year, while the corporate surtax slash would ease the burden for all 450,000 corporations another $404,000,000. Elimination of the capital stocks levy would reduce corporate liabilities another $200,000,000.

Excises—The levies on such things as liquor, furs, luggage, jewelry and cosmetics would be cut back next July 1 to their 1942 levels, meaning a 50 percent reduction in many items. This would save consumers about $550,000,000 in the last half of 1946. Taxes on floor stocks under excises would be refunded to business to the extent of about $160,000,000.

The committee also decided to:

1. Freeze the Social Security

(Turn to Page 9, Column 2, Please)

Reorganization Bill Approved

(By The Associated Press)

WASHINGTON, Oct. 4 Hoping, but not demanding, that it will result in a 25 per cent saving, the House passed and sent to the Senate today an executive agencies reorganization bill.

The vote was 304 to 56.

The legislation authorizes the President to reorganize or regroup executive agencies simply by sending to Congress a reorganization plan that would become effective if Congress did not reject it within sixty days.

Specifically emexpted are the Interstate Commerce commission, Federal Trade commission, Securities and Exchange commission.

Separate plans would have to be submitted for any reshuffling affecting the Civil Service commission, the Federal Communications commission, the Tariff commission, the Veterans administration, and the Federal Deposit Insurance corporation. Those agencies could not be dealt with in any over-all regrouping.

Republicans fought all afternoon, without success, to enlarge the group of agencies that could not be dealt with except by separate action.

U. S. War Casualties Show Another Drop

WASHINGTON, Oct. 4 (AP) — Another drop in the nation's war casualty toll was reported today by the armed forces, with the total now standing at 1,070,524.

The decrease of 48 from last week's figure resulted from reductions in the number of missing and revisions in other categories.

Eisenhower To Crack Down On Nazis' Control Of Business

(By The Associated Press)

BERLIN, Oct. 4—Nazis, already barred from political office and managerial positions in the American occupation zone, will be banished also from control or ownership of German business, under a new law being prepared by Gen. Eisenhower's military government.

This decree is expected to give Germans until Jan. 1 to clean house in their business and industrial enterprises, compelling Nazis to convert their holdings into cash or agricultural property.

Aimed At Big Families

A companion-piece to "Law No. 8" promulgated last week, which struck at the managerial class in forbidding employment of Nazis in business except as "common labor," the new decree, "Law No. 10," is aimed at Nazis magnates such as the Krupp family.

The two, together with Eisenhower's energetic drive for denazigication of public administration, turn the tables on Hitler followers, who, during their 12 years in power, barred Jews and most other non-Nazis from places of influence.

Soviets Back Eisenhower

There were unofficial reports that the Americans' energetic measures to clear out the Nazis were gaining the support of Soviet and French representatives on the Allied control authority.

The British, however, were described as "very hesitant." They have not yet emulated Eisenhower's order for thoroughgoing denazification of public and quasi-public offices.

The Soviet-controlled Berlin newspaper Berliner Zeitung praised Eisenhower's action Tuesday in relieving Gen. George S. Patton, Jr., of command of the U. S. Third army after charges that Patton was keeping Nazis in office.

Navy Takes Over Oil Plants; Strikes Plague Entire Nation

Phone Tieup Is Set Today

Long distance telephone service in Lubbock and 30 other South Plains towns on all but emergency calls will be tied up from 1 to 5 o'clock this afternoon as approximately 200 union workers of the Southwestern Bell Telephone company here and additional union members at Bell offices in Slaton and Seminole stay away from their jobs in protest of the CIO and alleged favoritism of the National Labor Relations board for the CIO.

Since Lubbock is the toll center for the South Plains the entire area will be affected. Dial service here will be uninterrupted. Local calls should continue as usual except in instances where the need for repair arises.

Walkout Plans Complete

All departments of the Lubbock office except management will be inoperative. Commercial, traffic and plant workers all will participate in the stoppage.

Slaton and Seminole were the towns due to be most affected. Dial systems are not in operation in either place and no operators were expected to be available to operate the manual system. Eleven employes are expected to walk out at Slaton.

C. H. Cale, Lubbock manager of the company, announced plans to continue every service possible but asked telephone users not to make calls which require the services of an operator, except in cases of real emergency. He said attempts would be made to take care of emergency calls.

Leased Wire Not Affected

Service on government, press and radio leased wires was to continue uninterrupted provided technical trouble does not develop.

According to W. W. Turner, chairman of the local chapter of the Southwestern Telephone Workers union, and Mrs. Chloedell Hodges, chairman of the local traffic organization, the stoppage here and in other parts of the country has grown out of an NLRB examiner's recommendation that an independent union at the Kearny, N. J., plant of the Western Electric company be dissolved.

Seek Public Support

"Our objective is to gain public support for our stand against obvious efforts of the CIO to destroy every independent union in the nation," Turner and Mrs. Hodges joined in saying. "If the CIO is successful in eliminating the Kearny union, then it can destroy the National Federation of Telephone workers. We seek to help the public realize by this brief stoppage what would happen in case of a general strike, which we see as our only recourse if the CIO continues to spread its power and the NLRB follows through with its support. We want to be able to choose the union we desire."

The STW is a regional affiliate of the national federation.

Every union member here is expected to take part in the demonstration, Turner said, with the exception of one operator who will remain on duty to handle calls of a military nature.

One O'Clock Is Deadline

When 1 p. m. comes all calls in progress that need the attention of an operator will be halted, except those of an emergency nature, Turner said.

Turner emphasized that the action is planned in no manner as a

(Turn to Page 9, Column 3, Please)

Woman's Nude Body Found At Beaumont

BEAUMONT, Oct. 4. (AP)—The nude and partially decomposed body of a young white woman was discovered late today in a clump of woods near a dirt highway midway between Beaumont and Amelia. The body was clad only in a pair of red bobby socks and brown suede shoes.

The discovery was made by Lou and F. D. Hamshire, brothers residing in the neighborhood. Investigation officers said the body, visible from the road, apparently had lain in the woods at least 48 hours but not longer than this week.

The Jefferson county sheriff and Beaumont police expressed the belief the woman may have been beaten to death. An autopsy will be conducted by Dr. W. A. Newton, county health officer, Friday morning.

Officers believed the woman was between 17 and 23 years of age. Sheriff W. W. Richardson and Chief of Police Pollock said the description of the woman fitted closely those of two women reported as missing from Houston Sunday.

Laval Trial In Violent Uproar

By LOUIS NEVIN
Associated Press Staff Writer

PARIS, Oct. 4.—Pierre Laval, abandoned by his attorneys, was expelled in a tumult of shouting from his own trial for his life today, but the presiding judge tonight reversed his decision and decided to permit the former Vichy premier to return to the courtroom tomorrow.

Guards armed with tommyguns dragged Leval from the court room in the uproarious climax of the opening day of his trial on charges of intelligence with the enemy and attacking the security of the state.

Defense To Stand By

"Guards! Expel that man from the court room!" shouted Presiding Judge Paul Mongibeaux. "This trial will continue without his presence. We will proceed to the witnesses tomorrow in his absence."

Tonight, however, Laval had both permission to return to the court room and assurance that his three defense attorneys would be at his side.

"I will not, however, permit insolence of emotional outbursts. If the defendant does not compose himself calmly and in accordance with solemnity of the trial, I will expel him again and that time it will be definite."

Trial Noisy Throughout

Defense Attorney Albert Naud said that he, Jacques Baraduc and Jean Jaffry would appear at tomorrow's session "because we won't be allowed to practice any more if we don't."

The first day of the trial ended as it began—in a storm of protests and recriminations.

In between, the man who was three times premier of France and 14 times a cabinet minister, led the slightly startled high court of justice through a discourse on 25 years of French history, high politis and statesmanship.

Laval dominated completely the debate and judicial proceedings up to the dramatic moment when, after an emotional and high-pitched argument with Mongi-

Student Killed In Argentine Clash

BUENOS AIRES, Oct. 4. (AP) — A 20-year-old student was killed by revolver fire as students and nationalist groups clashed tonight in fierce fighting in front of the University of Buenos Aires' engineering school.

The death was the first in the rebellion by Argentine undergraduates against the military government. Earlier today La Plata police used clubs and tear gas in efforts to oust students from university buildings there.

As the week-long strike of 30,000 students turned into violence and open political significance, the University Students' federation announce dthat students at all six Argentine universities had occupied their buildings to protest the government's "repressive measures."

Texas Rocked By Walkouts

(By The Associated Press)

Strikes and threats of strikes affecting approximately 38,000 Texas workers continued to beset the state yesterday.

Latest developments in labor troubles in the oil industry, plane production, telephone service and power service were:

1. Pan American Pipe Line company employes at Houston walked off their jobs today and the Magnolia oil refinery at Fort Worth was shutting down, the two shutdowns will bring to 27 the number of Texas oil plants closed in the Oil Workers International union (CIO) fight for higher wages.

Walkouts Continue

2. A strike was called at the Magnolia Petroleum refinery in Fort Worth to begin at midnight Thursday.

3. Negotiations were at a standstill at Consolidated-Vultee's Aircraft production plant at Fort Worth but company officials estimated nearly 3,000 employes crossed AFL machinists union picket lines and returned to work yesterday. The plant employs more than 5,000.

4. San Antonio telephone workers joined a growing list of Texas members of the Southwestern Telephone union who will strike from 1 to 5 p. m. today in line with a nation-wide demonstration of union strength. Almost 5,000 workers will strike.

Power Is Restored

5. The Lower Colorado River authority secured a destraining order to prevent union members who went on strike this week from interfering with LCRA operations. Electric power flowed to all communities and Army camps served by LCRA today.

6. At Dallas Federal Judge William H. Atwell issued a temporary injunction to prevent Local 745, International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers (AFL) from taking strike votes among employes of five Dallas transfer and storage companies.

Injunction Is Granted

The injunction prevents Dr. Edwin A. Elliott of Fort Worth, regional director of the National Labor Relations board, from following through with plans for strike votes in the Koon-McNatt Transfer and Storage company, Dallas-Fort Worth Motor Freight lines, Dallas Transfer and Terminal Warehouse company, Callaway Carthage company and American Transfer and Storage company.

7. H. C. Wiess, president of the Humble Oil and Refining company, declined to make a specific objection to President Truman's order authorizing Navy seizure of struck oil plants. However, at an impromptu press conference in Houston he said:

"We think it is a bad day for the people of the United States when any situation requires the government to enter into business activities. The war is over. The question of uninterrupted production of war materials is now

Pickets Appear At Wells Near Kermit

The current wage dispute in the oil industry moved a step closer to Lubbock Thursday with the two-hour appearance of pickets at some wells near Kermit, the Morning Avalanche learned.

Eight cars of CIO pickets spent part of yesterday morning in a sector in a Winkler county oil producing area. The pickets attempted to hold a strike vote, displayed signs and a CIO official reportedly wrote down the names of the men who ignored the pickets and those who decided not to work.

There was no violence and the pickets broke up of their own accord after two hours.

No labor row of any consequence is expected in the immediate Lubbock area, local oil men say.

Many Companies In State Are Affected

Navy To Do 'Anything Necessary' To See That Fuel Needs Are Met

By NORMAN WALKER
Associated Press Staff Writer.

WASHINGTON, Oct. 4—President Truman tonight ordered the Navy—acting for the government—to seize the plants of 26 oil companies which have been shut down by strikes in 15 states.

The president—with 51 refineries shut down and 43,000 workers on strike for more pay—said the seizure was necessary "for the needs of the armed forces."

Navy Acts Quickly

Almost immediately the Navy telegraphed the superintendent and union heads at the struck plants that the government was taking over and instructing the mas follows:

1. The plants managers were appointed plant managers for the United States and were told to go on with the normal conduct of their business.

2. The heads of local or picketing unions were to be asked to cooperate in restoring production.

Negotiations Collapse

The seizure followed complete collapse of the government's effort to get the companies and their CIO union workers to reach some agreement on the workers' demands for a 30 percent wage increase.

NEW WALKOUT SET

MARTINEZ, Calif., Oct. 4 (AP) — Thirteen hundred workers of the Shell Oil refinery and alcohol plant here will go out on strike tomorrow at 10 a. m., H. L. Kuykendall, secretary of the Oil Workers union (CIO), announced today.

The workers balloted yesterday on the strike issue and authorized their strike committee to call a walkout.

Charles Armin, international representative of the OWIU, said that the workers "will fill any demands for the armed services."

Union president O. A. Knight, after a meeting with the union's executive committee, said there would be no statement tonight on whether the union will order the strikers back to their jobs.

Acting Navy Secretary H. Struve Hensel said the Navy could not try to adjust the wage dispute without an order from the War Labor board.

WLB Not Consulted

(The War Labor board has not been consulted in the dispute. Labor Secretary Schwellenbach has

Bus Employees To Walk Out

(By The Associated Press)

SAN FRANCISCO, Oct. 4.—Twenty-seven hundred drivers and station employes of the Pacific Greyhound line will walk off their jobs in seven Western and Southwestern states tonight as a result of breakdown of wage negotiations, Robert E. Hasselman, AFL business agent, announced late today.

Hasselman, representing the Amalgamated Association of Street Railway and Motor Coach Employes of America (AFL), said the strike at midnight would affect union members in California, Oregon, Nevada, Utah, Arizona, New Mexico and Texas. The company said it would affect daily 140,000 passengers, one-half of them military personnel.

Not Close To Agreement

Hasselman declared that a deadline conference today "didn't even come close to getting an agreement with the company.

"The company proposed to reduce the wages of drivers four per cent, so naturally the union didn't get anywhere."

F. W. Ackerman, president of the firm, charged this as "absolutely untrue," however.

"What occurred was comparable to the situation among the oil companies where hours were changed," he explained. "We offered to do the same as President Tru-

Dog Far From Home Finds Friend Who Sends Him Back

The prospect of riding on the Santa Fe's Rocket cut no ice with Mickey, seven-year-old Fox Terrier belonging to Jackie Martyn, son of Mr. and Mrs. C. D. Martyn of 1819 Twenty-Fourth.

Here's the story:

Jackie, 14, and Mrs. Martyn have been for some time at the bedside of Mrs. Martyn's sister, ill at her home in Minot, S. D. Jackie sent word that he'd like to have his dog with him.

So Mickey was crated up and put on the train. At Fort Worth, while Mickey's crate was being transferred to the Santa Fe streamliner, Mickey saw his chance and took it. He went at it tooth and nail, mostly tooth. He chewed himself out and disappeared somewhere in the streets and alleys of Fort Worth.

The express company notified the Martyns. Mickey had been around a long time, was a good dog and the Martyns, especially Jackie, became very sad.

Three weeks passed and then one day an old friend of the Martyns, Mrs. Harry Sapey of Fort Worth, was in that city's Worth Food store on Seventh street, three or four miles from the Santa Fe depot. She had been a regular visitor in the Martyn home before the Martyns moved to Lubbock from Fort Worth. She felt a tug at her dress. She looked down and . . .

Yes, it was Mickey. A little tattered at the edges but apparently in pretty good health.

Mickey is back in Lubbock now. Mr. Martyn is not taking any more chances.

"I guess it'd take a steel-plated crate to hold him," he said.

Coal Supplies At New Low

(By The Associated Press)

WASHINGTON, Oct. 4 — The government tonight called on coal dealers to ration deliveries to house-heating consumres in the east as strikes in the bituminous fields spread.

The Labor department called a Saturday conference of operators and John L. Lewis, United Mine Workers head, in an effort to halt the strikes, which stem from a drive for recognition of Lewis' mine foremen's union.

New Controls Clamped On

The Solid Fuels administration clamped new controls on the dwindling supplies of bituminous, and urged the retailers to put into effect the voluntary plan of consumers rationing.

C. J. Potter, deputy solid fuels administrator, said most fuel yards in the east will find themselves "practically out of solid fuels within a few days unless they carefully conserve their supplies."

Emergency distribution controls were extended to include all producers in the big strike-bound Appalachian region. District one, central Pennsylvania and western Maryland, were brought under the program. Six other Appalachian districts previously were covered by the distribution orders which declare that producers must ship only to railroads, public utilities, hospitals and other most essential users.

Lewis Asked To Session

"Eastern soft coals, by necessity have been entirely cut off from retail dealers, and the manufacture of coke is being curtailed through lack of suitable coal," Potter said.

"Necessarily this coal must be used with extreme care," Potter said. "Directions for shipments will be issued only where the need for the coal is clearly indicated."

Secretary of Labor Schwellenbach had a 30-minute conference this afternoon with President Truman. Afterward he told reporters he would invite John L. Lewis, head of the United Mine Workers, and bituminous coal operators to a meeting here at 10 a. m., EST, Saturday to discuss the situation. The strike revolves largely about a drive for recognition by the operators of Lewis' foremen's union.

The orders placing further controls on the coal supply were issued by the Solid Fuels administra-

Congress Hangs Top Priority Sign On Truman's Atom Power Proposal

By MERRIMAN SMITH
United Press Staff Writer

WASHINGTON, Oct. 4—Congressional leaders hung a "top priority" sign today on President Truman's request for creation of a special commission on use and development of atomic power.

Bills setting up an "atomic energy commission" were started through both the House and Senate amid general expressions of approval for the recommendations made by the President late yesterday in his long-awaited message on atomic power and the atomic bomb.

To Keep Secret

In his message Mr. Truman:

1. Said the secret of the atomic bomb, now held by the United States, Britain and Canada, would not be disclosed.

2. Expressed hope that the nations of the world would renounce the atomic bomb in warfare.

3. Said he would begin immediately international discussions to seek "agreement on the conditions under which cooperation might replace rivalry in the field of atomic power."

Legislation Introduced

Senate Democratic Leader Alben W. Barkley said the president's proposal for an atomic energy commission rated a "very high priority in legislative action."

"Unquestionably," he said, "the President felt it to be so important that something should be done without awaiting the formalities of joint action by Congress or discussions between our country and other nations."

Legislation to create a special nine-man commission was introduced in the Senate by Acting Chairman Edwin C. Johnson, D., Colo., of the Military Affairs committee, and promptly ran into a jurisdictional snarl.

Joint Committee Sought

Johnson, backed by Barkley, believed that the bill properly was in the province of the Military Affairs committee. Sen. Arthur H. Vandenberg, R., Mich., objected vigorously, and sought instead to have it referred to a joint committee on both Houses. They agreed to postpone the final decision.

The President's message represented the composite recommendations of the Army, Navy and State department and the full cabinet.

In his message Mr. Truman emphasized that the proposed international discussions would not concern disclosure of the manufacturing processes of the atomic bomb itself. Rather they will "constitute an effort to work out arrangements covering the terms under which international collaboration and exchange of scientific information might proceed."

New Zealand became a self-governing dominion Sept. 26, 1907.

Elliott Says He Has No Obligations To Pay Back Big Debt

BEVERLY HILLS, Calif., Oct. 4 (AP)—Elliott Roosevelt, in an interview published in the Los Angeles Times, declared that he has no moral obligation to pay back loans made to him of $200,000 and $50,000 because the two men who made them did not choose to accept an offer for their settlement.

Regarding the loan of $200,000 from John Hartford, president of the Great Atlantic & Pacific Tea Co., and $50,000 from David Baird, New York insurance broker, later settled for $4,000 and $500 respectively, Roosevelt told the Times reporter:

"I feel that I am under no moral obligation to pay back the money borrowed because I made both Hartford and Baird a firm offer, through Jesse Jones, to turn over all of my net assets (of the Texas State Radio network which he organized) including the stock which they held as collateral in connection with these loans.

"They chose not to accept the offer for their own reasons, of which reasons I was not advised."

Cpl. Morris Arrives Home From Calcutta

Cpl. James R. Morris, son of Mr. and Mrs. Ben N. Morris of 1320 Twenty-Eighth, arrived in Lubbock Wednesday morning after being flown to Washington, D. C., from Calcutta, India. He was liberated from a Japanese prison camp in Thailand Aug. 30.

After a 10-day furlough at home, Cpl. Morris will report to a convalescent center at Hot Springs, Ark., for two weeks of treatment especially designed for rehabilitation of prisoners of war. At the end of that period, he will spend 80 more days at home before reporting to a separation center.

Weather Handicaps Chest Drive Here But Response Good

Despite weather handicaps satisfactory progress was reported Thursday night in the War Chest drive here.

Campaign officials said rain had retarded downtown collections and slowed up work in the rural areas.

Approximately $10,000 was collected in the opening phase of the campaign, which is scheduled to close Saturday. Lubbock county's quota is $50,505—the same as last year's.

In addition, workers at Texas Tech late yesterday made a partial report of about $600.

DeWitt Landis, chairman of the big gifts campaign, said that most of the money collected by his group had not yet been reported. He urged his majors to file complete reports as soon as possible.

Hubert L. Allen, general chairman of the Lubbock county drive, requested all solicitors to complete their calls as soon as possible.

Work Slowed Up

"While our work has been slowed up on account of the rainy weather, we hope to have a complete report by Saturday," L. A. Purtell, chairman of the general sales committee declared. "We have had fair success, most of those, upon who we have called, contributing."

World War II Veteran Seeks Top VFW Post

CHICAGO, Oct. 4. (AP)—World War II veterans hade a bid today to begin taking over leadership of the Veterans of Foreign Wars.

At least one candidate among the younger men at the 46th National encampment wa sopenly out for the post of junior vice commander.

He was Edward Nellor, 30, a native of Mitchell, S. D., and a newspaperman with the New York Sun's Washington bureau.

Major L. J. Clark, personal affairs officer at Lubbock Army Air Base, is in charge of the drive at that field, while B. E. Keese, chief clerk of personnel at the South Plains Army Air Field, is handling the campaign for that field in the absence of Lt. B. P. Holland.

The South Plains field plans to present the individual at the field, collecting the most funds, with a war bond. A party will be given the department collecting the most per capita.

The rural division, headed by County Supt. Roy Boyd, has been slowed up by muddy highways and expects to have a partial report ready Saturday.

Allen urged that citizens not wait for a campaign worker, pointing out that some persons are going to be missed in the solicitation. He asked that checks be mailed to War Chest headquarters, Chamber of Commerce offices.

Kramer Branded As Deliberate Murderer

LUENBURG, Oct. 4 (U.P.)—Joseph Kramer, "the Beast of Bensen," was branded today as a deliberate murderer who personally drove 300 terrified prison camp inmates to their deaths in a blazing ditch.

A Polish Jewess witness placed direct responsibility for that slaughter upon Kramer, number one defendant among the 45 Nazi men and women guards charged with mass atrocities at the Belsen and Oswiecim concentration camps.

The woman, Regina Rosenthal, said the fire episode occurred at Oswiecim, where Kramer served as a chief guard before his promotion to the post of commandant at Belsen.

She said Kramer, armed with a sub-machine gun and flanked by a pack of ferocious dogs, lined the 300 prisoners alongside a ditch in which a big fire was raging.

Then he forced the helpless men and women to leap one by one into the flames.

If the victims balked, Kramer turned the dogs loose. The beasts either killed them or forced them into the fire. Others were machine-gunned when they tried to flee.

Abraham Lincoln was appointed postmaster at New Salem, Ill., in 1833.

Homer Hanna Freed From Japanese Camp

Sgt Homer Hanna, so of J. Q. Hanna of 234 Ave. U, has been freed from a Japanese prison camp and is now in Manila, his father learned yesterday. He was taken prisoner in the fall of Bataan April 9, 1942.

A wire to his mother, Mrs. Clara Hanna of Breckenridge, told her that he had been liberated and was being processed near Manila, and that it would be some time before he would leave for home. He said that he was feeling well, however.

Sgt. Hanna, who was born in Lubbock and attended schools until he was 10 years old, enlisted in the Army Medical corps at Fort Bliss six years ago.

TOWNER GETS POST

AUSTIN, Oct. 4. (U.P.)—Appointment of Wayland D. Towner of San Antonio to be director of American activities for United China relief was announced here today by Dr. James L. McConaughy, president of UCR. McConaughy is here as a speaker to participate in Texas' War Chest drive.

HOUSTON PASTOR

HOUSTON, Oct. 4. (AP)—Dr. E. D. Henson assumes duties as pastor of the South End Christian church here Sunday. He accepted a call here after serving for eight years as the pastor of the First Christian church in San Angelo.

State Funds Continue To Improve Position

AUSTIN, Oct. 4. (AP)—Total net balance in 117 state funds on Sept. 30 was $72,048,401, the state treasurer reported today.

The general fund which has been out of the red since last year continues to improve its position with a net balance of $14,627,335.

THE HOME OF NATIONALLY KNOWN MERCHANDISE

Chinese Forces Put Down Yunnan Uprising; Americans Wounded

Chungking, Oct. 4. (AP)—Chinese Nationalist troops today put down an "accidental" uprising by a war lord's forces in Kumming, in which three Americans were wounded by stray bullets and others were isolated for hours in a crossfire of machine-gun and rifle fire.

Kumming, center of a redeployment area for Americans homebound from the China theater, was reported getting back to normal, but the Americans still enforced a precautionary curfew on their own forces.

Troops Open Fire

The fighting started after Generalissimo Chiang Kai-Shek yesterday ousted Yunnan's governor, Lung Yun, and it apparently was due—in part, at least—to a kink in the deposed war lord's communications. Anyway latest reports from Kunming said Lung (the Dragon) had been informed in advance of Chiang's decision and had reluctantly agreed to hand over his post to Gen. Lu Han.

The reluctant Dragon's notification to his troops of this decision, however, somehow failed to reach two regiments an dthey resisted central government forces to reach two regiments and they resisted central government forces occupying the city.

U. S. Forces Isolated

At the height of the fighting, American troops were isolated in two hotels near the city's west gate, under strict non-intervention orders, and Kunming's foreign population—including other Americans — huddled behind barred doors and barricades as machine-guns chattered in the streets.

Today Maj. Gen. H. S. Aurand, who assumed command of all United States forces in the area, announced complete cessation of the fighting.

The first streetcar company in Arkansas was incorporated at Little Rock, June 17, 1870. The franchise required that one-half mile of track be laid and in use within three years.

Girl Forgets Home Address And Hectic Long Hunt Results

HOUSTON, Oct. 4 (U.P.)—An 18-year-old girl from Moulton, Tex., has had enough of night life in Houston—and hereafter she is going to carry her address in her purse.

She finished her first day in a business college Tuesday and boarded a city bus for her rooming house. She had forgotten the landlady's name and address so she just waited for the familiar intersection. At midnight she was still waiting. An hour later the driver started driving about the city helping her search.

At three o'clock the police took over and drove her about in a squad car. At daybreak they, too, gave up.

So, after breakfast, the girl went back to the business college and checked the records for her new address. After that day's school she telephoned her landlady who came and took her home—pointing out landmarks along the way.

Job Referrals Here Total 261 For Week

With job openings totalling 346 registered at the U. S. Employment service office, 1207 Thirteenth, 261 persons, including 180 men and 81 women, were referred to jobs during the week ending Wednesday, Oct. 3, according to the weekly labor market report released by the USES office.

One hundred fifty-six of the referred number were hired, including 104 men and 52 women. One hundred seventy persons registered at the USES office during the same period, among this number 20 veterans.

Principal demands came for 84 compress laborers, 32 cleaning shop and laundry workers, and 20 bricklayers. Other sources needing help included clerical, services and mechanics.

Enlistments In Guard Resumed Over Nation

WASHINGTON, Oct. 4. (U.P.) — The resumption of enlistments and re-enlistments into the National Guard has been announced by the War department.

All enlistments into the guard ceased on Dec. 31, 1941, when it was absorbed into the American fighting forces.

A War department order said that men within the induction age limits of 18 through 25 years will not be accepted in the guard if they are still liable to military service under the Selective Service law.

CAMP FIRE HEAD NAMED

NEW YORK, Oct. 4. (U.P.)—Alice Collins, a veteran social service worker, has been appointed National Director of Field operations for Camp Fire Girls, Inc., it was announced to day by Martha F. Allen, national executive. Miss Collins is a native of Riverside, Calif.

Cold Weather Causes Huge Losses To Goat And Sheep Raisers

SAN ANTONIO, Oct. 4 (AP)—Last week-end's cold rains in the 15 counties comprising the goat and sheep country of Texas caused the greatest loss of freshly-shorn goats at any one time in the area's history, Adolph Stieler, who operates one of the nation's largest goat ranches near Comfort, declared today.

Stieler estimated between 50,000 and 60,000 young goats, many of which had been shorn of their mohair only a few hours before the cold wave struck, died of pneumonia during a driving cold rain. He said he alone had lost 1500. Heavy losses were reported in Kerr, Kimble, Kendall, Gillespie and Bandera counties. High mortality also was reported in Bexar, Comal, Edwards, Blanco, Llano and Mason counties.

Stieler said greater loss this season resulted from the fact many ranchers were unable to finish shearing in the early fall because of labor shortage.

Stieler said losses to goat raisers would probably be in excess of $250,000, shorn young Angoras being valued at $4.50 to $5.50 a head.

Big Boost Shown In Texas Bank Deposits

DALLAS, Oct. 4. (AP)—War Production activity has resulted in a large increase in deposits throughout the Eleventh Texas district of the Federal Reserve bank, the monthly business review of the bank disclosed.

Brown and Bell counties, the San Antonio area and numerous other localities throughout the Eleventh district gained deposits because of large military installations and the influx of military personnel, the review pointed out.

The review also showed that Texas farm income increased 267.2 per cent from 1939 to 1944, compared with an increase of 187.6 per cent in deposits for all Texas member banks.

The trend of cash farm income tended to coincide with the trend of deposit increase during the war period. Although the increase in member bank deposits in the lower Rio Grande valley were not the highest, it represented an increase far above farm income.

Sgt. Jack Cellum Gets Home In Hurry After More Than Three Years In Jap Prison Camp

Sgt. Jack Cellum, who arrived home Sunday for a 90-day furlough before reporting to Fort Sam Houston for a discharge from the Army, filled in the gaps Thursday afternoon between the time he was liberated from Thailand prison camp Aug. 30, and the time he arrived in Lubbock.

After their return to United States military control, the prisoners from Thailand were flown to Calcutta, India, where they were hospitalized for various types of treatment and for vitamin shots to counteract the effects of a deficiency diet. Sgt. Cellum's hospital routine was not very confining, although it took several days. For the last three or four days he was in Calcutta, he was awaiting transportation home and was in the second group of liberated prisoners who were returned to the states.

In Eisenhower's Plane

"We left Calcutta early in the morning on Sept. 15 on a C-47 transport plane and flew to Karachi where we spent one day and then changed planes. Our new plane was Gen. Dwight D. Eisenhower's C-54 Skymaster, which he uses for his private travel, and it was the one that brought us back to New York. We stopped at some place in Iraan to eat, then stopped again in Cairo to service the plane and have our next meal. From there we went to Tripoli, then on ot Casablanca.

"At Casablanca we stopped for four hours. We were taken to the hotel where Roosevelt and Churchill held their conference and had a very good dinner. Then we checked into rooms and had our first hot bath in a real bathtub. It was the first real bathtub we'd seen in years, and was that bath wonderful!

"We took off from there and flew to the Azores, then to Harmon field in Newfoundland, and from there to the eastern coast of the United States to La Guardia field. It was foggy when we came into New York, so we didn't get to see the city from the air—but we were able to land, anyway. We got in at noon Sept. 18.

"From LaGuardia field they took us to a hospital at Mitchell field where we spent one day. We were allowed to call home, and lots of entertainment was provided for us. We went next to Halloran General hospital and stayed there eight days getting specialized treatment.

"Our hospital routine at Halloran was very easy—we had lots of time off and passes into town any time we wanted them. There was a team of doctors at he hospital who were supplied especially to take care of prisoners, and their work was fast and efficient.

"My twenty-seventh birthday happened to come the second day I was in New York, and I celebrated it enough to make up for the past four that weren't celebrated at all. With the other 10 men who returned on the plane with me, we went to the 400 Club, Jack Dempsey's, Billy Rose's Diamond Horseshoe and a dozen other places in between," Sgt. Cellum said.

After waiting several days at the completion of the hospital treatment, Sgt. Cellum's group was able to get their Pullman reservations to Fort Sam Housotn. They were required to stay in San Antonio only long enough to get their furlough papers, then the sergeant came on to Lubbock.

Son of Mr. and Mrs. N. T. Celleum of 2122 Fifteenth, Sgt. Cellum was captured with the 131st Field artillery's second battalion on Java in February, 1942.

The JAQUES POWER SAW

Saves time and... cuts clearing costs

Millions of acres of rich land, which should be converted into green pastures and fertile farm lands, are going to waste. Why? Because these lands are covered with dense growths of brush and timber, and the shortage of manpower and the high cost of labor have made it impractical to clear them. However, this clearing problem was solved with the invention and perfection of the Jaques Power Saw.

Saws Trees Down and Cuts Them Up

With this wonder saw, such land can be cleared in a fraction of the time, at a fraction of the cost. It mows brush and small trees like a mower mows grass and weeds, and cuts larger trees level with the ground. By changing saw to vertical position felled timber is quickly cut to any desired length. With it one man can do the work of fifteen to twenty-five men.

The Jaques Power Post-Hole Digger, shown at left, is another time and labor-saver which will pay for itself in a short time. For information, prices and demonstration, see...

EXCHANGE STUDENTS

MRS. Jules de Launay, in a most interesting letter, tells of reading in the French weekly, "France-Amerique," of a committee that has been formed in France in order to raise money among French people to subvene a monument to the late President Roosevelt.

"While I applaud to the motive of the enterprise," writes Mrs. de Launay," I regret that the money raised among the French people has to be appropriated for a monument. I remember my impressions when I was a little girl, and even later when I was a student I cared very little for monuments, busts and plaques, and my general impression was that grownups themselves did not have time to pay much attention to them. The statues or group of statues that seemed to be really captivating were those inspired by the legends of Greek mythology, much more life-like, free and full of fantasy.

"I think that the opposition to memorial monuments is a general feeling here, too. We have often read the suggestion that instead of monuments dedicated to the dead of this war, we should create parks and beautified highways. I would even go further than that and would make those memorials really living, working institutions. I would create scholarships in order to be able to exchange students with the other nations of the world.

"Here is how the idea would work (and the idea of scholarship exchange is an old one incidentally). Instead of giving the money raised for a memorial toward the creation of a monument, a park, a little forest, every little community and every city would deposit that money as a fund toward one or several scholarships. These scholarships would be opened to students from other countries. For every scholarship, created in the United States, benefitting one of its students, each foreign country placed on the list of exchanges would finance a similar scholarship, in its own universities, benefitting an American student.

"An objection coming readily to the average person's mind would be 'But would foreign countries go for such a plan.. They most certainly would. Exchanges of that nature have always been favorably accepted among nations and have worked beautifully in the past.

"A scholarship lasting a year is a fine thing, still it is insufficient to erase the deeply set nationalistic prejudices that even young boys and young girls have absorbed (almost since they were born) in their respective country. A two-year scholarship would be better and a three-year scholar- would approach the ideal. Nothing could be more living, more loaded with emotion, more promising against nationalistic barriers than such memorials. In fact I believe in it so much (I have been an exchange student myself) that after this hasty letter to you and the children have been put to bed, I am going to write a correct, poised and formal letter to the French Ministry of Information who issued the news on the cofmittee for a monument for President Roosevelt, I am certain there is nothing he would have foregone more gladly than a portrait in stone, in favor of that very beautiful thing of the future called an exchange scholarship."

• • •

IN CLOSING her letter, Mrs. de Launay asks what we think of the idea and if we would mind exposing it to our readers and asking for their reactions. We'd be pleased to hear from you about the idea of exchange students.

In the meantime, so far as we are concerned, we think the idea is an excellent one. The current "Good Housekeeping" magazine, which arrived this week, carriers an article, "Let's Have More Exchange of Studehts," which should be of interest to parents, as well as students. In that article, the writer brings out that American students studying abroad would serve a two-fold purpose: They could help to acquaint the world with the real Americans and in turn could help us to understand that families across the world are little different from families across the street.

As the writer said, diplomats and tourists rarely present a picture of typical Americans; the former often are wealthy, suave, indifferent; the latter sometimes are boisterous, careless and spendthrifts. The motion pictures, too, have failed to depict America as she is, alhtough the new czar Eric Johnston, says misrepresentation that is to be corrected in the future.

No, young people with inquiring minds, lack of prejudices, and an interest in things to do, places to go and subjects to learn, could go a long way in spreading this democratic fellowship that we want to be world-wide and which was one of the goals of the late President Roosevelt. We agree with our correspondent that he likely would be pleased to be so honored; to be the inspiration for scholars helping to lift the veil of darkness on ignorance and misunderstandings that lies so heavily around the globe.

The magazine article suggests that it may be as long as five years before France could invite scholars since her universities have been bombed, her libraries scattered, many of her colleges professors either dead or in exile. It suggested exchanges with students living in countries in South America and in Mexico.

And as for the cost that this vast program would entail, it would be nothing as compared with the cost of this war that has scourged the world. To the writer, it seems an important step in a world-wide understanding. What do you think?

Fall Season Opened By Faculty Tea

Tech Faculty Women's club opened the fall season Wednesday afternoon with a tea in Tech Social center on the campus. Sixty-five were present.

Mixed fall flowers, with yellow predominating, were arranged in huge green goblets on the tea table which was laid with a green cloth and lighted with candles.

Mesdames Lewis B. Cooper and W. T. Gaston presided at the tea services. A business session was presided over by Mrs. Cooper who is president of the club this year.

Guests called between 3 and 5 o'clock.

The hostess list, with Mrs. R. E. Garlin as chairman, was as follows: Mesdames Earl Hamilton, W. M. Craig, A. B. Cunningham, Gaston, Morley Jennings, F. L. McRee, R. C. Mowery, Long, Clifford B. Jones, M. F. Landwer, R. A. Mills, L. C. Riethmayer, W. M. Slagle, Alan L. Strout, R. S. Underwood, Ethel Terrell, Ernest Wallace, Elizabeth Young, Roscoe Wilson, Misses Helene Blattner, Bonnie K. Dysart, Annah Jo Pendleton, Lucille Robinson and Mabel Erwin.

Mary Martha Class Attends Luncheon

Mary Martha class of the First Baptist church had a covered dish luncheon at the church annex Thursday and was presented with a devotional by Mrs. J. W. Dennison. She also gave an original poem.

The group recognized birthdays of Mrs. O. P. Hankins, a guest, and Mrs. Doby Brock.

Visitors included Dr. and Mrs. C. E. Hereford, Mesdames R. S. Wilkerson, Lattimore Ewing, Miss Mae Davis, Mrs J. A. Barton and the class mother, Mrs. J. H. McLeod.

Associate members attending attending were Mesdames Joe George, Frank Moss and W. H. Trice. Others present were Mesdames R. D. Mayes, E. F. Hunsaker, W. H. Floyd, W C Fry, J V Crow, W. W. Nichols, W. B. Childs, I W Hicks, T. L. Landis, S R. McKinnon, Pat Muckelroy, R. V. Sandlin, George Moore, Lillian Slay and Robert E. Miller.

Misses Crosson To Go To Indiana To Live

Miss Mary Alice Crosson of 2815 Twenty-third, who resigned last March as home economist for the West Texas Gas company, because of a heart ailment, is now "greatly improved." She and her sister, Miss Iva Crosson, are leaving next week for Indianapolis, Ind., to make their home.

Flower Arrangements Studied, Pilgrimage Attended By Garden Clubs Thursday

Garden clubs meeting Thursday afternoon attended a pilgrimage to Mrs. A. Faubion's at Monroe and heard lectures on flower arrangements and color. Bud-to-Blossom club met with Mrs. J. W. Harrison, 1507 Twenty-seventh, and Mrs. Francis Batsell was co-hostess.

Following a short business meeting the group attended the pilgrimage and returned to the Chicken House for dinner.

Attending were Mesdames Harrison, Batsell, Acle Cope, Foy Johnson, C. N. McGee, T. O. Moore, Ira Owens, Alva Smith, Albert Symes, Newman Casey, Alan Loter, R. A. Price, Herman Brown, Clyde Edwards, J. C. Hughes and Miss Zera Dopson.

Each member of the Lubbock Junior Garden club brought a flower arrangement to the meeting which was in the home of Mrs. Homer Maxey, 3200 Twenty-first. Mrs. H. B. Ryan was co-hostess.

The program included a discussion of flower color by Mrs. Garland Newsom, "October Garden Hints" by Mrs. J. H. Brock and a lecture review by Mrs. Clem Boverie. Following a discussion of arrangements, the flowers which the group brought were judged, and first prize was given Mrs. Aubrey Woodfin. Mesdames Turner Adams and George Soash placed second and third.

Guests included Mesdames Jim Cloud, L. C. Tatum and Moore. Others attended were Mesdames C. W. Bartlett, jr., Boverie, Brock, S. W. Brunson, H. B. Ryan, Allen Farmer, J. D. Jenkins, Doyle Jordan, Jimmie Kerr, Newsom, Soash, L. D. Stevens, Tim Swanson, N. E. West, Woodfin, Maxey and Ryan.

Dr. Bernice Moore Is Lecturer

Women who are graduates of colleges on the American Association of University Women's approved list are invited to attend the lecture to be given by Dr. Bernice Moore of the Hogg Foundation Saturday afternoon at 2 o'clock in Annex G of the Tech home economics building. The Lubbock branch of the AAUW is sponsoring the lecture.

Members of other branches, who are living here, also are invited to attend.

Dr. Moore is second vice-president of the Texas division of the AAUW. She is conducting a series of lectures here this week.

"Texas 1945—Implications for Homemaking Education" was discussed by Dr. Moore at a meeting of the Lubbock County Home Economics association Wednesday night, in Tech social center.

Committee chairmen were announced and Mrs. J. N. Michie was named association chairman to succeed Mrs. T. G. McCorkle who resigned. Miss Lucille Findley is secretary-treasurer.

Chairmen are: Mrs. Carrie Lee Bishop, housing; Miss Frances Urban, program; Miss Reuby Tom Rhodes, nutrition; Miss Opal Wood, consumer interest; Mrs. O. A. Kinchen, reporter.

Forty-six women were present.

Today's Events...

Happy Hour Needle club, 12:30 p. m., Mrs. F. L. Lankford, 1924 Main.

Loyalty club, all day quilting, Mrs. A W. Wright, west of town.

1930 Friendship club, 3 p. m., Mrs Pebbie Talley's Tea room, 1510 Ave. M, Mrs. Harry Hall and Mrs. A. W. Evans, hostesses.

Ace-Trey forty-two club, 3:15 p. m., Mrs. Lloyd Johnson, 3023 Tenth.

Twenty-four forty-two club, 3 p. m., Mrs. L. C. Tatum, 2210 Fifteenth.

Jolly Working club, 2 p. m., Mrs. N. D. Kelso, east of town.

Nomads of Avrudaks, 8 p. m., K-P hall.

Benefit book review, 8 p. m., Asbury Methodist church, sponsored by Susanna Wesley circle of WSCS.

Mrs. R. Denison To Review Best Seller

"Journey in the Dark," a best seller by Martin Slavin, is to be reviewed by Mrs. Russell Denison tonight at 8 p. m., in the annex of the Asbury Methodist church. The program is open to the public, and tickets, which are 35 cents, will be sold at the door.

Susanna Wesley circle of the Asbury Methodist Woman's Society of Christian Service is the sponsor of the review.

Postwar Homes Topic Of Club Meeting

Postwar homes and furnishing were discussed by the Plainview highway home demonstration club in a recent meeting with Mrs. T. A. Hulon who also reported on her improvement work for the year.

"Every Nation Counts," a short play, was given by Mesdames C. H. Tisdell, Kettle, L. L. Moore and T. C. Hudson.

Miss Clara Pratt was a guest, and eight members attended Mrs. S. C. Rawlins is to entertain the group Oct. 16.

"Buy A War Bond TODAY"

Mrs. B. T. Rucker Is Class Speaker

"Spiritual Vision" was the topic of the devotional given by Mrs. B. T. Rucker at the weekly luncheon, Thursday of the First Baptist Euzelian class. Mrs. Henry Fisher presided.

Attending were Mesdames Lloyd Mobley, Paul W. Leach, O. C. Todd, Ross Kirk, J. O. Pope, J. Kell Wiley, L. R. Harrison, H. F. Gregg, Kirby Nutt, L. T. Stone, George B. Long, L. H. Hobbs, Olen Perryman, Lewiss Lee, Olive McCutchen, Joe Jackson, Carrol Holtzclaw, M. K. Ankisson and L. E. Stone, a guest.

Altar Society Makes Fall Festival Plans

The annual fall sestival of St. Elizabeth's Altar society was discussed in the Wednesday meeting at Parish hall. Mrs. J. S. Nevitt, chairman, proposed that a barbecue supper, candy sale, grab bag and games after supper replace the original plans of a country store in conjunction with a barbecue supper.

Mesdames George H. Glover, R. D. Martin and Flora Wallace were received as members.

Rev. Fr. William F. Blakeslee, C.S.P., talked on "The Christian Altar."

After the meeting, the group went over to the church to see two wood carved statues of St. Joseph and the Blessed Virgin, donations from a parishioner and a friend.

Hostesses were Mesdames G. W. Martin, C. N. Marquis and W. H. Melton.

Early letter carriers collected two cents for each letter delivered.

Officers Are Elected By Cooper FHT

Officers named were: Joy Tims, president; Bernice Wylie, vice president; Lillian Foerester, secretary; Wanda Thompson, treasurer; Ernees Deering, reporter.

The group will meet Oct. 15 at the school. Miss Beryl Cline is director.

Mrs. Matthews To Be Club Hostess

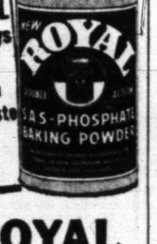

Fit and Fashion club met Wednesday afternoon with Mrs. Curtis Barrett, 2516 Twenty-ninth. The group will be entertained Oct. 17 by Mrs. R. W. Matthews.

Those present were Mesdames Dixie White, George Philbrick, W C. Watts, E. E. Key, Marlin Hayhurst and J. W. Reid.

Truman Raises Question Of New World Arms Limitation Parley

By LOUIS G. KEEMLE
United Press Staff Writer

The possibility of another world disarmament conference, or at least, an arms limitation conference, has been raised by President Truman's message to Congress on the atomic bomb.

The President said the problem is so urgent that international discussions cannot be delayed safely until the United Nations organization is geared to handle it.

The hope of civilization, he declared, lies in "renunciation of the use and development of the atomic bomb" and the devotion of atomic energy solely to humanitarian purposes. Otherwise, he warned, the only alternative may be "a desperate armament race which might well end in disaster."

Big Three In Lead

The President's message brings into harp focus the need for rigid control of the means of making war, a subject which has not been formally debated since the fighting stopped.

Such control might in theory entail mutual secrifice of a measure of their sovereignty by the three powers which emerbed militarily strong from the war. Only if the Big Three agree among themselves will the lesser powers feel safe in the protection of a general agreement under United Nations rules.

Binding Terms Sought

Any agreement will have to be far more binding than the loose recognition of poison gas as contrary to international law, which prevailed during the recent war. The powers all had gas on hand and were prepared to use it if anyone else did. It probably was not used because neither of the principal Axis belligerents saw any hope of victory in it.

The possibilities of the atomic bomb are so much more frightful than poison gas that a new approach to the problem is imperative. Only so can, fear, a potent breeder of war, be removed from among the nations.

FDR's Plan Emphasized

The proposition of arms control in relation to fear was enunciated by Franklin D. Roosevelt in his speech to Congress on the Four Freedoms in January of 1941. He said:

"The fourth is freedom from fear, which, translated into world terms, means a world-wide reduction of armaments to such a point and in such thorough fashion that no nation will be in a position to commit an act of physical aggression against any neighbor—anywhere in the world.

"That is no vision of a distant millenium. It is a definite basis for a kind of world attainable in our time and generation."

This principle was embodied in less specific terms in the Atlantic and United Nations Charters. The preamble of the latter stated that the peoples of the United Nations are determined "to insure, by the acceptance of principles and the institution of methods, that armed force shall not be used save in the common interest."

The Security Council, in turn, was empowered to enforce its decisions "with military might."

That might suggest that the atomic bomb should logically be pooled and be controlled exclusively by the Security Council as world policeman. President Truman, however, implied that he proposes for the present to keep the lid on the secrets of the atomic bomb as a weapon of destruction.

Regarding his proposed discussions with other nations on the use of atomic energy for peaceful purposes, he emphasized that "these discussions will not be concerned with disclosures relating to the manufacturing processes leading to the production of the atomic bomb itself."

U. S. Ninth Army To Be Inactivated Soon

WASHINGTON, Oct. 4. (U.P.) — The U. S. Ninth army is being deactivated as of Oct. 10 at Fort Bragg, N. C.

The Ninth, which fought through the Siegfried line and across the Rhine into Germany under the command of Lr. Gen. William H. Simpson, ceased functioning as an Army last July and subsequently headquarters were transferred to this country.

Cook Named Airline's New Traffic Manager

The local chamber of commerce has received a letter from Donald A. Duff, general traffic and sales manager at Denver, announcing appointment of John E. Cook as general traffic manager for Continental Air Lines.

Cook came to Continental from Braniff Airways where he has been employed for the past ten years. For the past three years he has served the Braniff organization as general traffic manager. He is a native of Oklahoma and a graduate of the University of Oklahoma. Following his graduation he attended the Army Air Corps training school at Randolph field and Kelly field and was commissioned a second lieutenant in the air reserve in 1933.

At the present Cook is chairman of the schedule committee in the passenger traffic section of the Air Traffic Conference of America.

Appointment of Dorothy Rylander as assistant secretary of Continental Air Lines was also reported. She is the second woman ever to hold a Continental Air Lines office.

Miss Rylander has been affiliated with Continental since February, 1943, when she joined the company as a secretary in the treasury department. A short time later she became confidential secretary to Robert H. Purcell, vice president and secretary-treasurer of the company. A native of Colorado, she is a graduate of Denver university.

The first postage stamps were put on sale in New York City in 1847.

Dr. Moore Opens Tech Lecture Series Today

First in a two-day series of lectures to be given at Texas Tech by Dr. Bernice Moore, lecturer from the Hogg foundation of the University of Texas, will be held at 10 a. m. today in the agriculture auditorium.

Dr. Moore will discuss "What the Family Means in a Democracy." Other lectures scheduled are "Problems Facing the American Family" to be given at 1 p. m. in the agriculture auditorium, and "Understanding Ourselves," will be discussed by Dr. Moore at 7:30 p. m., First Christian church.

"Preventive Mental Hygiene and Family Living" will be the final scheduled talk to be given at Tech by Dr. Moore, 9 a. m. Saturday in the agriculture auditorium.

Dr. Moore has the rare combination of scholarly insight about family and community problems and a human, practical manner of presenting her ideas. She has had experience as a journalist, social worker and adult worker.

She is now sociological adviser in the field of community and family education.

UNEMPLOYMENT EXPLAINED

AUSTIN, Oct. 4. (AP)—Principal reason behind the present unemployment in Texas of 85,000 workers is laid by the U. S. Employment service to the fact that "displaced war workers and returning service men are not interested in available jobs because wages do not correspond with war levels."

Emperor Must Go, Communists In Japan Say; Urge New Setup

By DON CASWELL
United Press Staff Writer

TOKYO, Oct. 4 — Democracy and the Emperor cannot possibly mix, three Japanese Communist leaders said today in Fuchu prison where they are awaiting liberation after serving 16 to 18 years of their live sentences.

"Militarism, bureaucracy and the rulership of our moneyed interests rests solely on the antiquated monarchy," said Kyuchi Tokuda, 51 year old attorney who helped found the Japanese Communist party July 15, 1922. He has been in jail almost constantly since 1923.

Up To People

"The Emperor must go before Japan can even begin to fulfill the terms of the Potsdam declaration. We do not care whether he is executed, exiled or retired—that will be up to the people's decision —but the present imperial government is constitutionally unable to convert Japan into what the United Nations demand," Tokuda said.

With him in this show-place prison were Yoshio Shiga, 44, former editor in chief of "Marxism," the official party organ, proletarian editor Musinsha Shimbun and Shiro Mitamura, 49, former chief of the party's organization bureau.

To Be Investigated

During the last few days they have had increased privileges and will be released as soon as the Allied authorities investigate them.

First inquiries at Muchu prison brought the bland reply that there were no political prisoners there, but when my Nisei interpreter inquired for them by name we promptly were escorted to their cellblock.

Tokuda, Shiga and Mitamura, dressed in faded green pajamas and straw sandals, were reading, smoking and listening to the radio in the recreation room, no longer locked in their cells. We went to a large clean office to talk after Shiga showed me the prison's Shinto chapel with its elaborate golden shrine.

Communism Said Only Way

"The United States probably fears the prospects of a Communist Japan, but Americans will find it is the only way to attain the Potsdam aims. What we propose is a Communist nation entirely free of any foreign influences to work out our current problems by the will of the people," Tokuda said.

"We first need a true representative peoples parliament abolishing the present Diet and peerage system all males and females, 18 and up will vote. We will gladly assume Japan's responsibilities as stated in the surrender instrument and accept Gen. MacArthur's orders and guidance.

"We expect all the peoples parties, proletarian organizations and labor unions to join with us in a popular front which will be overwhelmingly powerful at the polls," the Communist leader said.

About 60,000,000 pounds of activated carbon, used in deodorizing, decolorizing and water purification, are produced annually in the United States.

World Trade Union Plan Is Approved

PARIS, Oct. 4. (AP)—Labor representatives of 65 nations today approved a constitution creating a world trade union federation, with the immediate goal of winning a voice for more than 60,000,000 union members in any forthcoming social and economic councils of the United Nations.

As adopted, the constitution was amended to meet virtually all objections raised by the British delegation and many by smaller nations, but it fulfilled the demand of American and Soviet delegates that a permanent organization be made operative at once.

It contained no constitutional restriction against political activity by the federation, as some had asked, but gave the executive committee broad powers to make sure that only bona fide trade union organizations be admitted.

It formed an executive committee of 26, with the United States and Canada sharing three members—the only other group besides Russia to be allowed that many. Great Britain had two.

Funeral Set Today For Miss McCravey

Last rites will be conducted this afternoon at 2 o'clock at the First Baptist church for Miss Roye Beth McCravey, 21, daughter of Mr. and Mrs. Roy McCravey of 316 Waco. Dr. C. E. Hereford, pastor, will officiate. Burial will be in Lubbock cemetery, Sanders Funeral home reported.

Miss McCravey died Wednesday afternoon in Lubbock Memorial hospital.

Pallbearers will be F. C. Pressley, Earl Bullock, H. A. Avery, H. F. Yant, B. C. McCasland and H. S. Denton.

SERVICES ARE PLANNED

HENDERSON, Oct. 4. (AP) — Funeral services are planned at Garrison, Tex., for L. D. Leggett, 26, of Garrison, who died as a result of a motorcycle accident 10 miles south of here Tuesday night.

Kiwanis Hot Shots Fully As Zany As Jones City Slickers

The Kiwanis Hot Shot band could be a dead ringer for Spike Jones and his City Slickers—if Harry Delaney would only fall off the stage.

Every bit as zany, allowing for the comparatively brief time they have been together, the Kiwanians who don overalls and rustic hats and double in an outlandish assortment of brass, strings, and reeds (and a washboard for percussion), played a low ceiling program for Thursday's weekly luncheon of the Kiwanis club in Lubbock hotel.

Delaney Has "Spike" Role

Delaney, who has the role Spike essays, alternatively plays a "sweet potato" and rhythmic chords down in the base section of the piano. Ralph Stroup, who played in the Memphis band years ago with Delaney, jumps from ocarina to French harp to trombone — and his trombone is the undoubted hit of the show. Raymond Hamilton, first director of Lubbock High school band back in the nebulous past, plays a mean clarinet when he's not engrossed with chewing on his sweet potato. Fred Higbee is a triple threat. Part of the time he has a guitar, sometimes a mandolin and otherwise a potato. If somebody would go to the trouble and fill them for him with water he'd just as soon have a row of bottles and a couple of sticks. "Hay" Davidson, the only imperturbable one of the lot, plinks or plunks (the description won't bother him) on a mandolin he is supposed to have extracted from some other imperturbable back in the Tennessee hills.

The five-shelled bushels of corn and one time got as close to modern music as "Darktown Strutters Ball."

Kiwanians assured Otis Felty, chairman, and Sam Henry, the program committee, that they loved it anyway and that Felty and Henry could continue as club members.

Robert J. Allen, vice president, presided. Dr. Jack M. Lewis offered an invocation. Visitors included Arnold Dressler of Sweetwater, Cecil Gartin of Abernathy, Dr. William M. Tubbs (who was released recently as a major in the medical corps after five years of service and who will leave Saturday for El Paso to join the staff of El Paso County hospital), J. B. McFarland of Amarillo and Warren Wells of Fort Worth.

Mrs. Mathilde Maxey Is Claimed By Death

Mrs. Mathilde Bowman Maxey, 79, mother of Mrs. L. E. Boren of 1922 Twenty-Fourth street, and Ben F. Maxey of 908 Avenue K, died at her home in Lorena, near Waco, Wednesday night, relatives here were advised Thursday.

Mrs. Boren and Maxey left Thursday noon for Lorena, where funeral services are to be held, probably today. Details had not been learned here. One other daughter, Mrs. Robert H. Williams of McGregor, and several grandchildren also survive.

Price Of Sheets And Pillow Cases Upped

WASHINGTON, Oct. 4. (U.P.) — The Office of Price administration said somewhat apologetically today that it would have to increase the price of sheets and pillow cases to the public.

The OPA explained that the Bankhead amendment to the price control extension act of 1944 required it to raise manufacturers' prices on bed linens on two separate occasions.

Melvin Holton Due At Area Hospital Soon

Arriving at Mitchell Field, N. Y., by plane from Calcutta, India, Cpl. Melvin (Buster) Holton, son of Mr. and Mrs. D. C. Holton of 1908 Sixth, informed his parents Wednesday he will be sent to a hospital near his home in a few days.

Cpl. Holton, member of the 131st field artillery on Java, and prisoner of the Japanese for almost four years was liberated from a prison camp in Thailand Aug. 30. He is suffering from a vitamin deficiency which has rendered him temporarily deaf, but is in good physical condition otherwise.

After reporting to the hospital in this part of the country, he will be given a furlough to visit his parents.

News Briefs

Cpl. Irvin Butler, 25, who was captured with the 200th Coast artillery battalion from New Mexico in the fall of Bataan April 9, 1942, is being lown home from Manila after his liberation from Tokyo prison camp, his sister, Miss Ella Mae Butler of 908 Ave. K, said yesterday. Two letters have been received by his parents, Mr. and Mrs. R. F. Butler of Elida, N. M., one from Tokyo, the other from Manila. In one letter Cpl. Butler said that he had gained 35 pounds since V-J day, and is now only 10 pounds under his normal weight.

"Buy A War Bond TODAY"

Remagen Vets Are Homeward Bound

PARIS, Oct. 4. (AP)—The last of the men who made history at the Remagen bridgehead across the Rhine last spring were homeward bound tonight as headquarters of the Army Transportation corps announced the Ninth Armored division was on the high seas.

Members of the 16th Armored division began arriving at Le Havre as the heroes of Remagen left and officers said the division probably would start shipping for the United States Friday.

The Eighth Armored division will follow the 16th into the Le Havre while the 10th is at Marseille waiting for a ship.

WHIPPING ACT REVIVED

BOMBAY, Oct. 4. (AP) — The Provincial government announced today revival of the emergency whipping act of 1941, which provides for the flogging of persons convicted of rioting and other charges. As Hindu-Moslem disturbances persisted the death toll stood at 36 and that injured at 174, while close to 700 persons have been arrested.

CAN'T KEEP GRANDMA IN HER CHAIR
She's as Lively as a Youngster—Now her Backache is better
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.
The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills. Adv

WHEN FOOD DISAGREES
"Pepto-Bismol is good for that"
Next time your dinner doesn't set well, and you feel sick and miserable, let soothing PEPTO-BISMOL help you. Relieves heartburn, sour, upset stomach—helps retard gas formation and simple diarrhea. Ask your druggist for PEPTO-BISMOL when your stomach is upset.

Churches Given Part Of Blame For Troubles Of Latin Race In Texas

AUSTIN, Oct. 4 (AP)—Robert E. Smith of Houston, chairman of the Good Neighbor commission, laid blame today on the churches for failing to take a progressive stand toward improving Latin-American relationships.

"The churches have fallen down in their responsibility," said Smith, "and have not taken the lead in promoting tolererance and good neighborliness, and in attacking discrimination against persons of Mexican origin."

Officers Elected

The commission, at its first meeting since given official status by the 49th legislature, unanimously re-elected Smith as chairman; Pauline Kibbe of Austin as executive secretary; Robert C. Eckhardt of Austin as general consultant; and Wm. P. Blocker, general consul at El Paso, as governmental consultant.

Recent cases of discrimination against Latin-American veterans were considered in an executive round-table discussion but no specific action relative to any one case was taken.

Mrs. Kibbe urged the commission to secure the cooperation of the American Legion and other veterans organizations in recruiting Latin as well as Anglo-Americans into all local units.

Suggestions Offered

It was also suggested that the civic clubs and chambers of commerce work to uproot discrimination by inviting Mexican veterans to address their organizations. Also for civic leaders in towns which have improved their Latin-American relationships to visit and help towns in which Latin Americans are still refused admittance to places of business.

The commission adopted a complete set of bylaws which formulated its policy as:

1. To promote activities throughout the state in the field of education, housing, health, sanitation, economic and socio-legal problems among Latin Americans.

2. To act as coordinating agency working with all federal, state or local agencies engaged in promoting programs ni any of the above fields.

Tech Grads Visit Campus Wednesday

Two 1942 Texas Tech graduates from the department of geology and petroleum engineering who visited on the campus Wednesday were Lt. (jg) Forrest W. Bell and 1st Lt. Vernon E. Bennett.

Lt. Bell, who was recently presented the Navy Cross for heroic action at Iwo Jima, is visiting friends in Lubbock before being placed on an inactive status by the Navy. Besides the Navy Cross, Lt. Bell wears the Presidential Unit citation, the Navy Unit commendation ribbon, the Pacific and American theater ribbons and seven battle stars for Kwajalein, Tianian, Guam, Iwo Jima, Eniwetok and Saipan. He served as commander of an LCI (G).

Lt. Bennett, who served with the Army engineers in the European theater, received his discharge Tuesday and is enroute to his home at Portales, N. M. He went overseas in June, 1942, and served in England, Scotland, Africa, Sicily, Corsica and Italy superintending construction work of American airbases. He wears seven campaign stars and participated in two invasions in the Mediterranean theater.

Shallowater Man Aids Operation Of Navy's Radio Tokyo

TOKYO—One of the first Navy men to enter Tokyo, **Billy J. Pierce**, radioman, third class, USNR, of Shallowater, is now helping to operate the Navy's Radio Tokyo.

The 20-year-old radioman is serving with Navy mobile communications unit 470, the first Navy unit to establish headquarters in the Japanese capital. The radio specialist entered Tokyo Sept. 8, and set up headquarters in a radar warehouse and an abandoned army ordnance warehouse on the outskirts of the city.

"I haven't seen much of Tokyo," he grinned, "We drove through it to get here, but we have been too busy for me to do any sightseeing. After our work is accomplished, I may get a chance to look around a little."

A veteran of 11 months Pacific duty, he served in the Philippines. He was in Tokyo Bay aboard a ship when the Japs signed the peace treaty aboard the USS Missouri.

"It certainly was impressive to see hundreds of our planes in the sky over Tokyo Bay," he said. "It was also impressive to see how respectful the Japs were in Yokohama and in Tokyo."

A graduate of Shallowater High school, he was a bookkeeper for the Ely Arnold and Ely Gin Co. before he entered the Navy in Feb., 1944.

His mother, Mrs. Lee Pierce, lives in Shallowater.

FREIGHTER SINKS

MONTEVIDO, Oct. 4. (AP)—The U. S. cargo vessel Atlanta City radioed today that the 1,405-ton Argentine freighter Toro sank after the two vessels collided off Rio Grande Do Sul, Brazil, and that she had picked up all 25 members of the Toro's crew.

Huge Building Program Set

WASHINGTON, Oct. 4 (AP) — A building program intended to serve as a cushion against depression includes 421 Texas projects, estimated to cost $36,945,900.

Only about one-fourth on the list can be constructed. Over the entire United States, 4,020 projects to cost $774,795,000 are listed. But Congress has been asked for only $193,000,000.

The Public Building administration will select projects it deems "most essential to efficient operation of the federal establishment."

Includes Postoffices

The proposed Texas projects include post offices, public health service hospital, federal court houses and other office buildings.

The list of Texas postoffices and cost include:

Austin 2,910,000; El Paso 1,700,000.

Other projects aside from postoffices: El Paso, immigration station, 845,000.

LENIN'S BODY RETURNED

MOSCOW, Oct. 4. (AP)—The embalmed body of Soviet leader Lenin was taken to Siberia when the Nazi pressed close to Moscow late in 1941, the Moscow News announced for the first time today. The body has been returned to its place in the mausoleum in Red Square.

Medical Writers Say Alcoholism Serious

CHICAGO, Oct. 4 (AP) — Two medical writers declared today that "alcoholism in America is a serious national health problem," estimating that there are 600,000 chronic alcoholic addicts, 2,000,000 heavy drinkers and 38,000,000 "social drinkers."

Felt is a material made from wool, hair, fur or mixtures.

REFUNDS ORDERED

WASHINGTON, Oct. 4. (U.P.) — The Federal Power commission today directed the Colorado Interstate Gas Co. to reduce its wholesale gas rates by $2,793,000 a year and to refund about $8,500,000 to its customers.

Trucks' Pitching, Homer By Greenberg Beats Cubs, 4-1

By GAYLE TALBOT

DETROIT, Oct. 4 (AP)—Big Hank Greenberg crashed a towering home run into the left field stands with two teammates on base in the fifth inning of today's second World Series game to defeat the Chicago Cubs, 4 to 1, and bring the Detroit Tigers back snarling into the thick of the fight for the championship.

Hank's pay-off clout, the second such vital smash he had made in five days, pulled out a brilliant pitching victory for Virgil Trucks, who just returned from the Navy in time to hurl for the Tigers in the classic. The stocky righthander kept seven Chicago hits scattered in all but one inning and struck out four.

SERIES GOES ON

DETROIT, Oct. 4 (AP) — The third World Series baseball game will be on the air as usual Friday, even if telephone operators proceed with their planned four-hour service interruption, Mrs. Frances Smith, president of the Michigan Federation of Telephone Workers, said today. She added that press associations which transmit news over telephone wires also will not be affected during the scheduled 1 to 5 p. m. (central standard time) stoppage.

The score had just been tied at 1-1 in the fifth and Eddie Mayo and Roger Cramer were on base by virtue of a walk and a single when Greenberg picked out one of Hank Wyse's high, inside curves that he liked and sent it screaming into the lower deck of the left center-field stands at about the 380-foot mark.

Trucks Holds Lead

With that lead to work on, Trucks bore down furiously with his fast ball and sharp-breaking curve to limit the National League champions to a single hit in the last four innings, and they never had a chance of getting back into the ball game.

As a result of the Bengal's cleanly-won triumph on fine pitching and heavy hitting in the clutches, the entire World Series picture had changed abruptly tonight.

A paid attendance of 52,636 sitting in Briggs Stadium in cool but comfortable weather nearly raised the roof off the stands when Greenberg connected with his game winner. It was the big outfielder's fourth World Series home run. He hit others in the 1934, 1935, and 1940 series, before he went into the Army.

Homered, First and Last

His first hit for the Tigers after he returned to the line-up last July was a homer, and his last hit of the past season was a terrific belt with the bases loaded that defeated the St. Louis Browns last Sunday and clinched the American League pennant for the Tigers.

His mighty clout today spoiled what up to that time had been a fine pitching performance by Hank Wyse, the righthander who won 22 games for the Cubs in the regular season. Up to the big fifth he had limited the Tigers to a pair of scattered singles.

The Cubs had given him a one-run lead to work on in the fourth frame. Phil Cavarretta opened the rally by looping a short ball into right center field and stretching it into a double when Cramer and Roy Cullenbine couldn't decide which would field it. Bill Nicholson scored him with a single to center.

Two were out when the Tigers suddenly launched their big fifth inning. Skeeter Webb, the son-in-law of Manager Steve O'Neill of the Bengals, strengthened his family ties by lining a clean single into left field to start it. Mayo then worked Wyse for a walk, and Cramer singled a lucky single into left to score Webb with the tying counter and send Mayo around to third.

That was the setting when Greenberg, still limping slightly on an injured angle, strode to the dish and answered the pleas of the yelling stands with his towering smash into the seats. After that, Wyse and his successor, Paul Erickson, held the Tigers to a couple of hits, one on an infield roller, but it didn't matter the way Trucks was blazing his fast ball across.

Hank's Fielding Gem

Not only did Greenberk break up the game, but he pulled Trucks out of what threatened to be a serious jam in the first inning with a fine fielding play. After Stan Hack had led off with an infield single toward third base, and been sacrificed to second, Peanuts Lowrey came through with a line single into left field. Greenberg fielded it on the run and made a perfect throw to the plate to nip Hack as he slid in.

It was extremely doubtful the Cubs would have scored their single run in the fourth if either Cramer or Cullenbine had taken charge of Cavarretta's looping hit into right centerfield, and held the Chicago first baseman to a single.

Trucks' fast ball, which the Tigers declare is fully as fast as Bob Feller's on some days, was really smoking all afternoon, and he was cutting off the corners with a curve that snapped like a black snake whip. His brilliant performance actually did more to change the complexion of the series than Greenberg's big blow. With the Tigers very much back in the contention, the ex-gob was certain to start another game.

Tomorrow's third tussle, the last before the two clubs hop to Chicago to continue the play-off, will see the Tigers' Frank "Stubby" Overmire, a lefthander, paired off against Claude Passeau, veteran righthander of the Cubs.

The Cubs may have lost the services of Paul Gillespie, one of their two regular catchers, for the remainder of the series when he half-fell after hitting a ball down to first base in the ninth inning and hurt his left knee, aggravating an old injury. Manager Charlie Gromm announced after the game that Mickey Livingston, who caught the opener, probably would work in all the remaining contests. This weakens the Chicago batting order somewhat, as Gillespie hit a highly respectable .288 for the season against Livingston's .254.

The Box Score

DETROIT, Oct. 4 (AP)—Official boxscore of today's second game in the 1945 World Series:

Fliers Get Ready For Sky Giants

Not many of the LAAF Fliers' reserves got to see much action last week in the bruising Lobo game at Albuquerque, but they seemed to be making up for it in good measure out at the West base during the past few days. Coach Lem Clark, in an effort to build his reserve strength for Saturday night's game against the powerful Amarillo Sky Giants has been putting his second and third string charges through rugged scrimmage sessions for the past three days, in an effort to get them in shape to see action this weekend.

The Fliers were considerably hampered last week by a lack of seasoned, experienced reserve strength, which resulted in the first line team seeing well over 50 minutes of action against the rampaging Lobos. This Saturday night, Coach Clark, hopes to be able to give his starting team an occasional chance to rest up, and has been working the LAAFers hard out on the scrimmage field all week.

After taking it easy during the early part of the week, and allowing their bumps and bruises to mend, the Flier first team ran intensified workouts during the past two days in preparation for what promises to be another rough wide-open battle on Saturday night.

The Amarillo Giants are boasting another powerhouse club and expect to get off to a good start in their initial clash of the season against the Fliers.

The loss of team captain Al Devine, due to injuries received last week-end, isn't making Lem Clark feel any better about the team's chances tomorrow night. Shifty Jerry Hugunin is expected to replace the crippled LAAF speed merchant in the backfield.

"Buy A War Bond TODAY"

League Play Heads Area Grid Schedule

Conference play throughout the area will take the spotlight today as Class A and Class B team started playing for keeps, with several battles looming that should provide plenty of fireworks.

The spotlight for the day will be centered on three points, with perhaps the feature game of the day scheduled at Sundown, where unbeaten, untied teams will be slugging it out.

This clash between Coach Clem Page's Sundown eleven and F. H. Tubbs' powerful Andrews team, has been postponed until 3 o'clock Saturday afternoon, because of bad weather, and should draw a large crowd from over a wide area for this feature tilt.

Andrews, winner over O'Donnell last week, and Sundown, that romped over O'Donnell a week earlier, and this game will greatly clear the picture in the crowded 6-A race.

Champs Play Indians

Denver City, defending champions, will tangle with the veteran Seminole Indians at Seminole, in a battle that pre-season dopesters rated as the greatest test for Coach Wilson Head's Mustangs in their bid for a repeat trip to the bi-district.

Seminole, however, has not shown the real power that was expected of them at the start of the year, but with the chips down, may be ready to start clicking.

The high scoring Littlefield Wildcats, kingpins in District 5-A, will roll into Olton tonight to face an untested foe that might, and might not, slow down the steamroller that is built around Billy Lyman, and piloted by J. S. Fike.

These three games are the week's feature battles, but there are others over the area which could very easily provide some fireworks. Two more league tilts are played in District 5-A, with Slaton moving into Tahoka, while Seagraves will invade O'Donnell, where the hometown Eagles will be playing under a new coach, William Lee Harris, recently discharged from the Army.

Sudan, a team that upset the Seminole powerhouse last week, will start conference play tonight at Muleshoe in the only other conference affair in District 5-A. Morton, the remaining team in action, will go to Springlake to play this week in a non-league affair.

District 4-A Starts

The race will get underway in District 4-A tonight, with three games on the schedule, but none of the teams have gone forward with anything to resemble a favorite's role, but maybe tonight will put someone in the drivers seat.

Matador moves into Crosbyton and Floydada will play at Ralls, where the two home teams are making a return to conference play after a wartime layoff. Lockney will journey to Paducah in the remaining league encounter. Spur's Bulldogs, the defending champions, go to Hamlin tonight for a non-conference game.

Class B teams also get conference games underway, with four league tilts in this bracket. The feature battle will be at Abernathy, where two powerhouse ball clubs will clash head on in a battle that might well decide the north half title.

Idalou will play at New Deal in the other north half game.

In the south half, Meadow will be host to Plains, and Frenship will journey to Ropesville for battles that will start shaping up play in that section.

Red Raiders Off For Texas Clash

A squad of 30 men containing only one who did not travel to the Aggie contest last weekend leaves the Texas Tech gymnasium at 7 a. m. today for Austin and the annual game with the Texas Longhorns scheduled for Saturday afternoon.

Bernie Winkler, burly Moody ex-serviceman, is the only addition to the traveling squad. He will work at end. A letterman from the 1943 squad, on which he was starting fullback, Winkler will add weight and experience to the line. He's a 210-pound, six foot, one inch, man.

Coach Dell Morgan yesterday afternoon sent his charges through a light workout, concentrating on passing and pass defense. He had several men tossing the ball, including Lettermen Gene Hardey and Jack Dillon, 1944 squadman Jiggs Jackson, and Bob Cross.

Making the jaunt to Austin will be:

Centers — Capt. Otis Turner, Wink; Johnny Staewen, San Antonio; and James Cleckler, Weslaco.

Guards—Floyd Lawhorn, Temple; Russell Birdwell, Bossier City, La.; Douglas McSwane, San Angelo; Charles Walsh, Graham; Reeves Moren, Lubbock; and Mac Weaver, Temple.

Tackles—Joe Snodgrass, Brownfield; Clyde Black, Ben Franklin; Harold Kiger, Wichita Falls; James Gimmell, Littlefield; and John C. Martin, Flomot.

Ends: R. W. Moyers, Lubbock; J. E. Branton, Leland, Miss.; Bill Kelley, Idalou; Winkler; Malcolm Mitchell, San Angelo; and Frank Ottmers, Fredericksburg.

Backs—Capt. Walter Schlinkman, Dumas; Dick Wiggins, Hobbs, N. M.; Tommie Dutton, Bowie; Arthur Shahan, Graham; Bennie Tidwell, Sunset; Cecil Norris, Beaumont; Jack Hinson, San Antonio; and Hardey; Jackson; and Dillon.

In addition to the squad and Coaches Morgan and Polk Robison, Managers Bruce Pipkin, Eastland, and G. W. Warden, Wink, Publicity Director Clark Schooley, and M. F. Peters, cameraman, will make the trip. The group will be back in Lubbock Sunday night.

Schoolboy Slate Has 54 Battles

(By The Associated Press)

Corpus Christi's Buccaneers, who have been conjuring up visions of a high place in the Texas schoolboy football race, meet their stiffest test of the campaign Friday night when they battle the defending State Champion Port Arthur Yellow Jackets at Corpus Christi.

Both teams are undefeated for the campaign although Port Arthur has been once tied.

This tilt is one of the headliners of a busy week in the schoolboy gridiron scramble in which at least a dozen unbeaten, untied elevens are likely to fall. Such a state of affairs would leave fewer than 20 teams boasting unsullied marks.

There are 54 games on the schedule, 21 of them conference affairs and 23 interdistrict struggles, one of the top features of the latter being the Waco-Highland Park battle at Dallas Friday night. Both are undefeated and untied and both have hopes of being in the state play-off come December.

Other games matching teams with perfect records send Hillsboro to Cleburne, Lufkin to Palestine, Milby (Houston) to San Antonio Tech and Brownsville to San Benito.

Rain brought postponement of all three games scheduled in the Dallas district this week. They will be played week after next. They are: Woodrow Wilson vs. Crozier Tech, Forest vs. Sunset and Adamson vs. North Dallas.

Cowhand Golds Play Post Antelopes Here

The Post Antelopes, seeking revenge for an early season defeat, will storm Chapman field this afternoon at 4 o'clock to tangle with Coach Marlin R. "Shorty" Hayhurst's Cowhands Gold in a return game.

The Cowhands opened the season with Post, at Post, and came away with a wild scoring 21-13 win over the Antelopes. Since that time, the Post club has shown much improvement, and are confident they will give the Lubbock eleven a real battle.

Post followed the Lubbock game with a 6-0 win over Tahoka, then lost by the same score to Seagraves last week. Both of these were conference games in District 6-A.

The Golds followed this with a 6-0 loss to Abernathy, then last week out scored the Plainview B team, 26 to 0.

The battle will launch the heavy scheduled week-end of play, and serve as a tuneup for tonight Westerner-Lamesa battle and Saturday's tussle between LAAF and the Amarillo Sky Giants.

Westerners, Lamesa Battle Tonight At Tech Stadium

Lamesa's Golden Tornadoes will blow into Lubbock tonight, and offer the Lubbock Westerners their fourth test of the year against grid foes from District 3-AA. The kickoff at Tech stadium is scheduled for 8:15 o'clock tonight.

The records of the two teams are the same for the season each with one win, one loss and one tie, but the Westerners have faced perhaps a shade the tougher foes of the two clubs.

The Westerner loss was to unbeaten Odessa, and Lamesa bowed to unbeaten Brownfield, but the other Westerner games have been against Class AA teams for one win and one tie, while Class A teams have furnished the opposition for Lamesa's other games.

But the Tornadoes are still remembering losses of the past two years by rather heavy scores, and believe they have a team this season that will avenge those losses.

The Tornado attack is built around Nieman, a hard driving backfield star, and has a number of other veterans back this year. The Lamesa lads have a potent passing attack, as well as a hard smashing T formation that is mixed with a single wing, much as the Westerners have been playing.

The Westerners will be somewhat weakened for this game, and likely to have their hands full before the night is over. Wayne Cobb, regular tackle, Stoney Wall, letterman guard, and John Lanham, first string fullback, are expected to be out of the game tonight.

George Brewer, the fancy stepper of the Lubbock backfield, has been shifted to fullback, and Noel "Twinkle Toes" Sikes has been shifted to tailback. Kemper McGowan has stepped into the tackle slot in place of Cobb, and Paul Waters is filling in at Wall's guard post.

Otherwise, the lineup will be unchanged from the one that started against Big Spring last week. This will place Robert Collier and Gerald Davis at ends, O. C. Foster and McGowan at tackles, Ike Modawell and Waters at guards, Captain Charles Presley at center, John Paul Jones at quarterback, Don "Speck" Austin and Sikes at halves and Brewer at fullback.

There are no conference games on the District 1-AA slate this week, but all schools are in action tonight. Four of the District 1-AA schools have reached this point in the season with unblemished records, and are favored to keep them for another week. They are Amarillo, Pampa, Brownfield and Plainview.

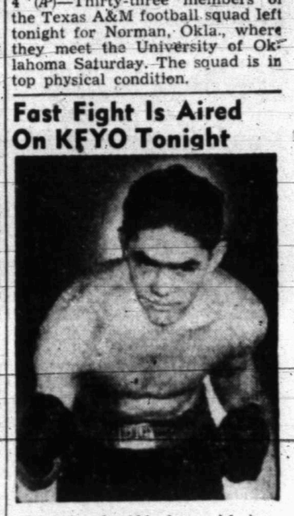

Plainview and Amarillo remain at home to battle District 3-AA teams, Midland going to Plainview to tangle with the pass minded Bulldogs, while the San Angelo Bobcats move into Amarillo for perhaps the feature battle.

Levelland entertains Brownfield in the lair of the Lobos, while the Pampa Harvesters invade Vernon, a team beaten last week by Amarillo by an 18-0 count. Borger, the remaining District 1-AA club, faces the potent Electra Tigers at Borger.

AGGIES TO NORMAN

COLLEGE STATIOO, Tex., Oct. 4 (AP)—Thirty-three members of the Texas A&M football squad left tonight for Norman, Okla., where they meet the University of Oklahoma Saturday. The squad is in top physical condition.

Fast Fight Is Aired On KFYO Tonight

The action should be fast and furious when Jimmy Doyle of Los Angeles (above) and Johnny Green of Buffalo, tangle in New York tonight.

Doyle, rated one of the best boxers among the welters, licked Frankie Terry last January and has won 14 matches in a row this year. Buffalo's twenty-one-year-old Johnny Green is former national amateur welterweight champ. The kid won all of his fights, six out of ten by kayoes, the first year he fought professionally.

Navy In Charge Of Oil Plants

(Continued From Page One)

...een trying to get the companies ...nd union into agreement.

(He called them into conference ...ere last Saturday. When, by Wednesday night they could not agree ...on accepting a temporary solution ...proposed by him, he recommended seizure of the plants).

Hensel told reporters: "Our job ...s not to arbitrate the labor dispute. Our job is to keep the plants ...pen and operating."

He said Navy personnel might ...ave to be used to maintain some ...inor supervision within the plants ...but the Navy did not want to re...sort to patrolling the properties ...nless it became necessary.

Navy To Enforce Orders

"We won't start that way," he said, "but we will do anything necessary to see that the law is not violated."

He explained that the Navy was losing about 100,000 barrels of fuel oil daily since the plants shut down, or one-third to one-half of its minimum needs.

Vice Admiral Ben Morreel, chief of the bureau of yards and docks, was ordered to take charge of the struck plants.

The president told the Navy to operate the plants under the War Labor disputes act, to take any action necessary for protection of the plants or people looking for jobs in them, and, if necessary, to get the help of the Department of Justice and its FBI branch.

Truman Issues Statement

Mr. Truman said in a statement issued at the White House together with the seizure order:

"During the past two weeks some fifty petroleum refineries, together with a number of related transportation and distribution facilities, have been shut down due to work stoppages.

"The shut down daily capacity amounts to 1,675,000 barrels, representing about one-third of the total refinery capacity of the nation.

"The plants remaining in operation are insufficient to produce enough petroleum to supply both the direct military requirements and the minimum essential war supporting activities on the home front.

Supply Situation Critical

"So critical has the supply situation become that essential military operations are already jeopardized. Throughout the nation, serious shortages are developing which would, if not corrected immediately, impair essential industrial and agricultural production, and all forms of transportation.

"Oil is so vital to the continuing military operation and so essential to production for t hearmed services and national security at home, that we must move without further delay to protect our petroleum supply positions. The public interest, in any emergency of this character, transcends the interest of any group.

Doesn't Refer To Dispute

"There is no other way, except by the action taken today, to prevent our armed forces from suffering through lack of necessary oil.

"Nothing will be permitted to stand in the way of the adequate supplies of any kind for our armed forces and for their proper redeployment and demobilization."

The president directed the following government agencies to cooperate with the Navy "to the fullest extent of their auhority" in carrying out the purpose of his order: The Department of Justice, the National Labor Relations board, the Department of Labor, Department of the Interior, the selective Service system, and the Office of Price administration.

The presidential order made no reference to the details of the dispute between the companies and the union.

Plants Are Listed

The Navy is to hold the plants until production is restored but can not hold them 60 days beyond that time.

The executive order included this list of plants and facilities used by the companies involved in the transportation refining and processing picture:

Atlantic Refining Co., Atreco, Tex.

Crown Central Petroleum corporation, Houston, Tex.

Gulf Oil corporation, Port Arthur, Tex.

Humble Oil and Refining Co., Ingleside, Tex.

Magnolia Petroleum Co., Beaumont, Tex.

Pan-American Refining Corp., Texas City, Tex.

Pan-American Pipeline Co. (all pipeline facilities located in the state of Texas, and related facilities).

Phillips Petroleum Co., Okmulgee, Okla.

Pure Oil Co., Cabin Creek, W. Va.; Midland, Mich.; Smith Bluff, Tex.; Toledo, Ohio.

Republic Oil Refining Co., Texas City, Tex.

Shell Oil Co., Houston, Tex.

Sinclair Refining Co., Corpus Christi, Tex.; Ft. Worth, Tex.; Houston, Tex.; Sand Springs, Okla., Sinclair, Wyo., and Sinclair Refining Co. (all petroleum pipeline facilities in United States and related facilities).

Division of American Liberty Oil Co., Texas City, Tex.

The Texas Co., Houston, Tex., Port Arthur, Tex.; Port Neches, Tex., and West Tulsa, Okla.

The Texas Pipeline Co., (all petroleum pipeline facilities in Texas in the South Texas division of the Texas Pipeline Co. and related facilities; and petroleum pipeline facilities in Illinois and Indiana in the Illinois-Indiana division of the Texas Pipeline Co.)

Union Oil Co. of California, Oleum, Calif.

Union Oil Co. of California, Wilmington, Calif.

Congratulations To:

Mr. and Mrs. Lemuel Scott, 508 Ave. W, on the birth of a daughter, weighing 6 pounds 2 ounces, at 8:45 a. m. Thursday in West Texas hospital.

Mr. and Mrs. Jack Gailey, Lubbock, on the birth of a daughter weighing 8 pounds at 10:25 p. m. Thursday in West Texas hospital.

"Buy A War Bond TODAY"

SERVICES HELD—Last rites for Eugene L. Gause, 25, son of Mr. and Mrs. Clem N. Gause of 2014 Eighteenth, were held at 2:30 p. m. Wednesday in the First Methodist church. Burial was in Lubbock cemetery. Gause died Wednesday morning in West Texas hospital of typhoid fever.

News Briefs

Rain which fell Wednesday night and Thursday amounted to 1.10 inches, the agricultural experiment station reported. The latest precipitation brings the total amount of moisture for the year in the immediate area surrounding Lubbock to more than 11 inches. Wednesday night's fall was reported general over the South Plains.

"The Fighting Lady," a two-reel film depicting battle actions of a famous aircraft carrier, will be shown at 7:45 o'clock tonight at the Boys club, 2323 Ave. K, it was announced by E. Y. Lee, director of activities. The movie will be shown by E. C. Pool. On Friday night, Frank Runkel's Boy Scout troop will present its version of an Indian pow-wow at the club, Lee said.

Mr. and Mrs. J. N. Michie, 2304 Seventeenth, returned Thursday from San Francisco where they visited their son, First Lt. Robert E. L. Michie, 27, in Letterman hospital. Despite three years, six months and seven days as a Japanese war prisoner, Mr. Michie said his son was in "excellent" condition" and hopeful of coming home soon. He reached the United States by plane Sept. 28.

Globester Completes World Girdling Trip

NATIONAL Airport, Washington, Oct. 4. (AP)—The first flight in the first regular around-the-world air service was completed tonight by the United States Army Air Transport command.

A C-54 (Douglas Skymaster), sixth used on the six and one-quarter day flight, landed here at 8:42 p. m. Central Standard time. It flew the 2,500-mile last hop from San Francisco in 13 hours. The global flight started from here at 2:58 p. m., CST, Sept. 28.

Lieut. Gen. Harold L. George, commanding general of ATC, termed it "the fastest world flight ever made at near the earth's greatest circumference."

Tax Cut Plan Okayed

(Continued From Page One)

tax in 1946 at one percent each on employer and employe. This tax was set to rise to 2.5 per cent against pay envelopes and 2.5 per cent on payrolls on January 1.

2. Repeal the automobile war-time use tax, next July 1, softening the burden on automobile owners by $135,000,000.

The bill is the first tax-reducing legislation to be sent to the House floor in 16 years. The last was in 1929, during the Hoover administration, when Congress passed a "Christmas present" bill reducing both individual and corporation burdens.

Peace Parley Talked

(Continued From Page One)

major principle and policy, preliminary to general peace talks.

Attitude Of Britain

The attitude of Britain toward Byrnes' proposal may be disclosed by British Foreign Secretary Ernest Bevin when Parliament resumes next week. Bevin met with the British cabinet for 2 1-2 hours today.

France insists upon an equal share in all discussions dealing with European peace. China has remained silent, but most diplomats said they believed she would support Byrnes' proposal.

Young Man Is Held In Statutory Rape Case

Lewis Regnol Upchurch, 18, resident of a local hotel, was in county jail Thursday night charged in Justice of the Peace W. D. Robertson's court with statutory rape on complaint signed by Glynn Hudgens, city-county officer, and a 14-year-old Littlefield girl was held by juvenile officers for health examination in connection with the case.

Bond of $2,000, which had not been made, was set by Robertson. Another Littlefield girl, 16, companion of the other girl, also is held for health examination. Upchurch is a truck driver and gave his home as Lewisville.

Youth Injured When Bike Strikes Truck

Ross Mitchell, 14, son of Mr. and Mrs. Don Mitchell, 1717 Thirty-second, suffered a serious laceration above the right eye last night about 7:40 o'clock when a motorbike he was riding struck the rear of an oil truck at Twenty-seventh and Ave. T.

Young Mitchell, who had just met an ap roaching city bus, apparently did not see the truck and rode his machine into the rear end of it. His injuries were believed caused by a protruding 'measuring stick' on the side of the truck.

He was carried by ambulance to St. Mary's hospital for treatment.

STOCKS SETTLED

NEW YORK, Oct. 4 (AP)—Assorted strong specialties helped balance the stock market today as many leaders backed into losing ground.

Volume was 1,340,000 shares compared with 1,430,000 Wednesday. Gains of one to three points for some liquors, soft drinks, amusements and air transports were offset by declines of as much in other departments.

Favorites were buoyed by hopes for earnings, dividends and benefits expected from reduction of excess profits taxes.

The Associated Press 60-stoc kaverage was unchanged at 71.3.

At peaks for 1945 or longer were Distillers Corp., Schenley, Pepsi-Cola, Loew's, Twentieth Century-Fox, American Airlines, United Air Lines, Goodrich and Electric Power and Light.

Commonwealth and Southern was off ⅛ at 1⅛. Sears Roebuck dropped 3⅛ and lesser casualties were U. S. Steel, General Motors, U. S. Rubber, Santa Fe, Texas Co., Douglas Aircraft, and Westinghouse.

Bonds steadied.

Cotton

NEW YORK FUTURES

NEW YORK, Oct. 4 (AP)—Cotton futures rallied sharply in broad trading today, influenced by house committee approval of the Pace bill which would include farm labor costs in computing parity.

Peak gains of $2.00 a bale were touched with all deliveries at new seasonal highs but profit taking pared the advance and final prices were 35 cents to $1.20 a bale higher.

	High	Low	Last
Oct.	23.20	22.97	23.09B
Dec.	23.58	23.23	23.36-38
March	23.42	23.27	23.31B
May	23.25	23.10	23.11-13
Oct. (1946)	22.73	22.39	22.56-57

Middling spot 23.63N, up 9.

B—Bid; N—Nominal.

NEW ORLEANS REPORT

NEW ORLEANS, Oct. 4 (AP) — Cotton futures advanced to new seasonal highs here today on buying based on the favorable report on the Pace bill by the House Agriculture committee and lower private crop estimates. Closing prices were steady, 60 cents a bale higher.

	High	Low	Close
Oct.	23.14	22.96	23.05B
Dec.	23.34	23.19	23.24
March	23.42	23.29	23.33B
May	23.42	23.30	23.33
July	23.24	23.11	23.15

B—Bid.

AVERAGE PRICE

NEW ORLEANS, Oct. 4 (AP)—The average price of middling 15-16ths-inch cotton today at ten designated southern spot markets was 40 cents a bale higher at 22.90 cents a pound; average for the past 30 market days 22.42; middling 15-16ths-inch average 21.45.

Phone Tieup Set

(Continued From Page One)

protest against the Bell company. "We have no grievance against our employer," he added.

He said a meeting of unionists would be held during the four-hour period. He would not divulge the proposed nature of the meeting and declined to state whether or not a strike vote would be taken.

Long distance traffic at the local office was reported heavy last night indicating that many persons were making calls which normally would be made today.

TELEPHONE STRIKE TO BE DIRECTED FROM CAPITAL

NEW YORK, Oct. 4. (AP)—Leaders of the National Federation of Telephone Workers (Ind) will move to Washington to supervise the four-hour, national-wide work stoppage and strike vote of the organization's 250,000 long distance and local operatiors tomorrow.

Henry Mayer, counsel to the federation, said today that Joseph Beirne, federation president; J. J. Moran, vice-president, and other members of the federation's executive board would "operate central" in the nation's capital.

There was not apparent change today in the federation's plans to hold the "unity demonstration." Union officials said the tie-up had expected to hit all 48 states and the District of Columbia. All domestic long distance calls and all calls coming from outside the continental United States will be stopped, union officials said. In addition they declared, all locals calls but those made over dial telephones, will stop in many cities.

Beirne said today that as many as 400,000 workers may participate in the work stoppage.

At A Glance

NEW YORK, Oct. 4 (AP) —

STOCKS — Mixed; specialties in quiet advance.

BONDS — Irregular; selected rails resistant.

COTTON—Firm; broad commission house and trade buying.

CHICAGO:

WHEAT — Closed 1½ to 3 cents up on House committee action on parity bill.

CORN — ¼ down to ⅜ up, favorable weather caused some selling.

RYE—⅝ to 1¾ higher; gained with wheat.

HOGS — Active and fully steady. Top $14.75.

CATTLE—Active, top $18, the ceiling.

Livestock

Grain

CHICAGO REPORT

CHICAGO, Oct. 4 (AP)—Short-covering and buying influenced by House committee approval of the Pace bill brought a sharp rally in grain futures today, with wheat and rye advancing more than 3 cents a bushel at times to new seasonal peaks for all deliveries.

Wheat closed 1 ½ to 3 cents higher tha nthe previous finish, December $1.75 ⅛-¼, corn was ¼ down to ⅜ up, December $1.16 -¼, oats were ⅛ to ⅜ hisher, December 85 ⅜, rye was up 2 to 1 ¾, December $1.53 ½-⅝, and barley gained 1 2 to 1 ¾, December $1.16 ¼.

FORT WORTH REPORT

FORT WORTH, Oct. 4 (AP)—Wheat No. 1 hard, 1.78 2-84 ½

Barley No. 2, nom 1.26-28.

Sorghums No. 2 yellow milo or No. 2 white kafir, per 100 lb, nom 2.46-55.

Oats No. 3 white 76 ½-77 ½.

Walkouts Hit State

(Continued From Page One)

less important." He termed the present walkout of oil workers as virtually a "holdup of the public."

The Pan American Pipe line strike involves 225 workers and serves East Texas. Employes volunteered to cooperate with the company in an orderly shutdown of the lines, a union official said.

Union members, numbering 180, at the Magnolia refinery in Fort Worth joined other oil workers in standing firm on their demand for 52 hours' pay for a 40-hour week.

Meanwhile, Humble Oil officials were to meet with the executive council of the Baytown Employes Federation yesterday, presumably about the federation's demands for a 30 per cent wage increase.

However, H. G. Bailey, federation president, said the four hour conference ended in stalemate when the company rejected a compromise wage settlement providing a 20 per cent general increase in hourly rates. The company has offered a 15 per cent raise. The federation is the bargaining agent for some 4,500 workers at Baytown.

To Obey Union Orders

In Houston, J. T. Goodwin, secretary of the policy committee of the OWIU in District four, said striking CIO oil workers will return to work if the union so orders. They will not go back to work, he said, if ordered to do so by the President after the government takes over.

Jess J. Hickman, secretary of the Oil Workers International union (CIO) Local 367 in Houston said if the government can force men back to work "it means we have just got through losing a war."

Closed Shop Said Issue

In a statement to the Fort Worth Star Telegram, D. H. Byrd, president of the Independent Petroleum Association of Texas, said a closed shop and not wages was the vital objective of labor.

LCRA obtained a restraining order, issued by District Judge Raymond Gray of Llano. Approximately 90 to 140 workers left their jobs in the strike. The authority announced intentions of replacing as many as possible with discharged servicemen.

Negotiations to prevent a strike at the Lone Star Cement Corp. in Dallas were resumed today between representatives of the company and the Cement Workers union (CIO).

There is no ancient geographical term which covered all of the area now known as Palestine.

Coal Supplies Low

(Continued From Page One)

tion as 89 more mines shut down. SFA reported that 445 mines are now closed, with 122,500 men idle. These mines produce about 700,000 tons a day.

Spread To Indiana

The strikes spread to Indiana today, where five mines were reported affected.

With retail dealers in the east shut off from their normal supply, SFA officials cautioned house-heating consumers in the northeastern states to "go easy" in the use of coal.

Industrial consumers, particularly steel mills, already are reported curtailing operations because of the lack of byproduct coal.

There is a possibility that the fuel shortage soon may affect production of nylon, synthetic rubber and other products.

Shipments of coal for export to Europe have been suspended in the seven eastern districts affected.

"Buy A War Bond TODAY"

Scheduled Arrivals Home From Europe

Scheduled arrivals of homebound troops as reported by the Associated Press:

At Seattle today on the General Langfitt will arrive these former prisoners of war: Cpl. Robert L. Isom, Idalou; Sgt. James Q. Ward, Lamesa; and Cpl. Paul R. Spain, Olton.

At Boston today on the King S. Woolsey is Pfc. Loyd D. Bailey, Snyder; and aboard the General Richardson due at Boston was T/5 Geo. W. Carter, 2804 Twenty-eighth street.

At New York Oct. 4 on the SS Lacrosse Victory, Pfc. James W. Hunter, Lubbock; on the Frederick Victory today at New York, Pvt. Wallace A. Wheeler, Sgt. Horace C. Fowler, and M/Sgt. Charles W. Wood, all of Lubbock.

A small magnet is useful to pick up and hold pins when sewing.

Bus Strike Called

(Continued From Page One)

man suggested, to grant 15 per cent and arbitrate the difference, but they refused to arbitrate."

BUS SERVICE FROM LUBBOCK NOT INTERUPTED BY STRIKE

If strike plans of 2,700 employes of the Pacific Greyhound line go through bus service out of Lubbock will be affected at two points, Albuquerque and El Paso, an official of Texas, New Mexico and Oklahoma Coaches, Inc., said Thursday night.

Greyhound traffic west from these cities presumably would be halted, it was said. Albuquerque and El Paso are terminal points for the Pacific line.

El Paso was reported as the only Texas city which would be touched by the strike.

As of last night, no labor unrest in bus transportation was apparent here or at any other Texas city, the official said. All buses operating in and out of Lubbock were on schedule. Service from Lubbock to other parts of the country promised to be uninterrupted.

Laval On Trial

(Continued From Page One)

beaux, he hurled his briefcase onto the table and shouted:

"Well, condemn me right now then! At least things will thus be clear!"

Laval defended himself alone after the three lawyers, appointed by teh court to defend him, withdrew in protest.

It was this that forced the first suspension, only a half hour after court opened.

Arguments and recriminations became hotter until Laval, who admits saying he desired a German victory, shouted: "I am a Frenchman! I am a patriot, and I will prove it!"

Panremonium broke loose as jurors, judges and Prosecufor Andre Mornet attempted to shout Laval down. Mongibeaux finally suspended the session.

Fighting Flares In Yunnan Area As Chiang Kai-Shek Takes Over

By JAMES D. WHITE
Associated Press Staff Writer

SAN FRANCISCO, Oct. 4—Three Americans are looking out through the paper windows of Chinese hospitals today.

They got in the way of bullets zipping through the streets of Kunming, capital of the "Shanri-La" province of Yunnan in southwest China.

WHITE

The bullets zipped because Generalissimo Chiang Kai-Shek is now in a position to clean up a job he has long yearned to do—move in on Yunnan province, which spidery, 57-year-old Gen. Lung Yun has run to suit himself for 18 years.

Chiang's censorship is still so tight that we don't even know what Americans got in the way of what bullets, but it is known that there was street fighting between Chinese as Chiang's central government troops took over against active opposition.

Young General Named

Lung is unseated, but not disgraced. He has been replaced as provincial governor by up-and-coming Gen. Lu Han, the young (37) Yunnanese who is loyal to Chiang Kai-Shek and whose troops are occupying the northern half of French Indo-China.

Little ex-governor Lung, meanwhile, has been made "chief of the military advisory council for Yunnan province," which means absolutely nothing except that it saves his face. That is the Chinese way.

Yunnan province is a large, sunny, fertile province at the extreme southwestern corner of China, which means that it lies next to Indo-China and Burma.

In the old days Yunnan was so hard to reach that nobody bothered much about it.

Taxes Are Imposed

Yunnan war lords always could afford to be persnickety about going along with whatever central government China had at the time. None has been more so than Gen. Lung Yun.

Yunnan assumed great importance when it was discovered that it had more tin, lead, zinc and copper than any other province. It became still more important in 1940 when the Burma road was put through.

Lung levied a 5 per cent ad valorem tax on goods moving over the Burma road. Chiang was too busy with the Japanese to do more than argue about it then.

Yunnan later became the main base of American airmen who were fighting the Japanese. When ragged Chungking troops fought the Japanese near Yunnan's own borders, Lung's own well-fed troops did not join in.

This week, as soon as American warships had reopened Shanghai and the Yangtze river to the world, Chiang Kai-Shek's troops moved in on Lung and his private empire. The Burma road was no longer China's only overland outlet to the world.

News Briefs

Messrs and Mesdames Odie Kelly, Pope Swan and Lee Stone, all of Anton, returned Wednesday from a fishing trip at Buchanan Lake. They caught a total of 195 pounds—including one 36-pounder and several others weighing 20 pounds.

Approximately 200 attended the first meeting of the Lubbock Bible school Monday night at the Broadway Church of Christ, Broadway at Avenue N. The courses and teachers are: "The Restoration Movement and Plea"—Raymond C. Kelcy, "A Trip to Lands of the Bible"—M. Norvel Young, "The Church of the New Testament"—Douglas H. Perkins and "Modern Religious Cults"—Marshall E. Patton. There are also classes conducted four young people and children. Classes will begin at 7:30 Monday night. The public is invited to attend.

A search by the Postal Inspector's department of several years has come to an end with the arrest Monday in Rochester, N. Y., of a 47-year-old man who has allegedly been touring the country for several years passing forged checks. Charges said the man had been robbing letter boxes at homes of statements of accounts from retail business firms and then passing forged checks in payment of these, the checks exceeding the amount of the bill. J. P. Cotman, postal inspector here, made the announcement today.

Sheriff J. L. Jameson of Montague county, came to Lubbock Thursday, served a bench warrant and obtained Hubert O'Pry, 17, who is under two 25-year sentences from Lubbock county for robbery, the terms to be served concurrently. The Montague charge is car theft.

Oldham Joins Navy Recruiters In Area

Assuming duties as chief recruiter, Chief Petty Officer John C. Oldham has joined the U. S. sub-station, located on the second floor of the Postoffice building.

Oldham came here in an exchange of offices with Chief Petty Officer H. A. Lambert who has gone to the Abilene station, Oldham's former office.

The new recruiter said that the change was permanent and that he would be here until receiving his discharge or being placed on inactive duty He and his wife are making their home at 1219 Fourteenth.

An increasing number of young men are now enlisting in the regular Navy, Oldham said, due to the policy changes permitting men of draft age to volunteer for service. Men from 17 to 30 years of age who qualify under lowered physical standards are eligible. Men may enlist up to the time of their induction through the draft, Oldham said. Ex-servicemen holding honorable discharges may also enlist.

Navy trade and technical schools will remain open in full force to train men for special duties in service and to prepare them for civilian careers upon expiration of enlistment, Oldham said.

Talks On Liquid Air Are Set In Lubbock

City recreation department has announced two speeches, both beginning at 8 p. m., by Roy West, Lubbock representative of the West Texas Oxygen company, on liquid air. One will be at the Corral, Sixteenth and Ave. J, on Oct. 12, and the other at the Community Center, Sixth and Ave. B, Oct. 13.

West will perform many interesting demonstrations, showing how a rubber ball can be frozen with liquid air and how a tea kettle of it will steam if placed on a chunk of ice. One of his demonstrations is showing how enough heat can be created in ice to fry an egg. Adults as well as children are invited to the free demonstration, the recreation officials explained.

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

POINT REWARD FOR USED FATS DOUBLED

4 points instead of 2 for every pound!

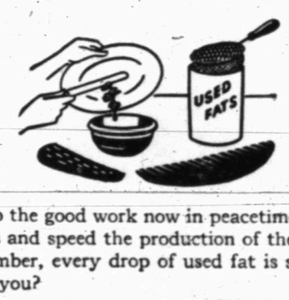

EVERY one of you housewives in America, in your own kitchen, can speed the return of larger supplies of soaps and all the peacetime things you've been waiting for so long. You can do it by saving more used fats . . . every drop you can scrape or skim. It's as urgently needed as ever. So keep doing it, won't you?

You women of America have done a magnificent job of saving used fats during the war, but victory has not ended the need. The fat supply for the manufacture of soap and other long-wanted products is millions of pounds less in 1945 than it was in 1944. That is why the government offers four ration points instead of two for every pound of used fats you turn in.

By skimming, scooping and scraping every last drop of used fat and turning it in to your butcher, you can help increase your own home supplies of soaps, soap flakes and powders more quickly. And not only soaps. But the nylons, cottons, electric washers, irons, refrigerators, automobiles and hundreds of other peacetime products we've all been waiting for. These fats you save in your kitchen are urgently needed to help get these things back into production . . . and back to you . . . more quickly.

So won't you keep up the good work now in peacetime? You'll help fill your own needs for soaps and speed the production of the civilian goods you're dreaming of. Remember, every drop of used fat is still vitally important. Keep saving, won't you?

Your Used Fats help make the Peacetime Products you want

Buddy Of Newman Fulfills Pact Made During Jap Imprisonment

FORT WORTH, Oct. 4 (U.P.) — Cpl. Norman C. Brown, buddy of the late Texas Cpl. James Newman, had today fulfilled a pact made during the terrible years of Jap imprisonment between him and the boy who "came home to die."

Brown, whose home is in Hobbs, N. M., paid a visit to Mrs. O. F. Newman, mother of Cpl. James Newman, whose one month struggle for survival this summer became epic throughout the nation.

Recalls Pledge

"We pledged each other that if either of us got out alive and back to the states, the survivor would go to see the other's mother," Brown said.

The Bataan veteran, who spent 30 months in the same hospital with Newman, explained, "one Mother's Day Jim and I were sitting around in the ward feeling pretty bad—when suddenly he suggested that we go to church. We did. And after church we promised each other that the one who survived would spend every Mother's Day with the other's mother."

And, he said, he expects to return to Fort Worth next Mother's Day.

Not Tortured

Both Brown and Newman, victims of beri-beri, had survived the death march and were both kept in the "guine apig ward" at Cabanatuan prison camp in the Philippines.

When asked by Mrs. Newman if her son was ever tortured, Brown replied, "no, we were both diseased and the Japs left all ill captives alone. The main thing was the intense hunger."

Brown said James used to say over and over again "I want to go home if I don't live more than 15 minutes."

When Newman became too sick to work in a little garden plot the two had cultivated at the prison, Brown took the harvested vegetables to his bedside.

Later, Brown was transferred to Bilibid at Manila, and Newman was the first to be liberated.

When Brown first arrived in the states, he read about his buddy's famous struggle for survival and determination to live at home for a little while. He wired Newman, but the young Texas corporal never knew of the telegram.

Newman, who had suffered from beri beri, tuberculosis and malnutrition, was "sent home to die" from an Army hospital at Santa Fe, N. M., in early July. He had been given 48 hours to live after he left the hospital.

But to the amazement of medical science, the boy, under the protective care of his mother and family, lived on for almost a month at his home. He died following a sudden attack of asthma.

An ironic note was added to the story of the Texas hero last week when Mrs. Newman received a card which her son wrote from his prison camp.

It read:

"My health is excellent. Just a few lines to say hello and to thank you all for the box I received. It sure was nice. That is about all I can write so will close with love to all. Regards to friends.

James E. Newman."

War Veterans May Get Aid In Buying Farms

WASHINGTON, Oct. 4 (AP) — War veterans would have priority in the purchase of family size farms and under an amendment introduced today by Senator McFarland (D-Ariz) and eight colleagues to the land grant rate recission bill.

The bill, which would allow the railroads to charge full rates on government property and personnel, is before the Senate.

McFarland's amendment would apply part of the savings which the government has made under the land grant rates to development of farming tracts in the land grant states. On these tracts, veterans would have a purchase preference, on easy terms.

Co-sponsors include Senators Chavez (N-NM) and Hatch (D-NM).

Plan To Aid Veterans On Income Tax Talked

WASHINGTON, Oct. 4 (AP) — Two plans to help servicemen and veterans with their income taxes were suggested today.

Sen. Johnson (D-SC) introduced a bill to forgive or refund all income taxes for servicemen from Dec. 7, 1941, until the war is officially ended.

The American Legion urged Congress to pass legislation which would cancel all delinquent income taxes owed by members of the armed service.

CHILI CON CARNE

1 lb. chopped beef
1 lb. chopped pork
(Or 2 lb. beef)
4 tbs. shortening
1 button garlic, cut fine
1 onion chopped fine
2 tbs. Mexene seasoning
2 tbs. flour
Salt to taste

Fry onions, garlic, meat in shortening, until brown; stir in flour, add 1 pint water, Mexene seasoning; simmer 30 minutes or more until tender.

Add 2 cans of red beans or chili beans after chili con carne has simmered 15 minutes. It may be necessary to add more water while cooking.

If canned beans are not available, use any good red bean, California pink, pinto, or Idaho red bean. Soak 2 cups beans in 4 cups water one hour or more. Cook beans, salted to taste, in covered utensil on surface burner at moderate temperature until tender.

By CHARLOTTE ADAMS
Associated Press Food Editor

Now that cool weather is here, one of the best luncheon or supper dishes you can offer up is a hot sandwich. Preceded, perhaps, by a fruit juice cocktail and accompanied or followed by a salad, a hot sandwich forms the basis for a thoroughly satisfying light meal. Here are a few suggestions:

Mushroom and Beef Double Decker

¼ pound dried beef
4 ounce can sliced mushrooms
6 tablespoons butter or fortified margarine
⅛ teaspoon dried rosemary
¼ teaspoon salt
Dash cayenne pepper
2 tablespoons flour
12 slices toast

Melt two tablespoons of butter or margarine in a heavy frying pan. Add dried beef and saute over low heat to delicate but crisp brown. Remove to platter and keep warm. Drain mushrooms, saving liquid. Add another two tablespoons of butter or margarine to frying pan, add rosemary and mushrooms; saute to delicate brown. Remove to warm mixing bowl and keep warm. Melt remaining butter or margarine in same frying pan. (Leave in previous drippings.) Stir in the flour, add salt and cayenne. Mix well. Add milk and mushroom liquid sufficient to measure one cup. Stir over low heat until creamy and rich. Now make up four hot double decker sandwiches, using two slices of toasted whole wheat bread and one slice of white to each sandwich. Put hot beef between the slices, add sauted mushrooms and just a spoonful (not too generous) of the sauce.

Add additional water as needed while cooking.

HOT DOUBLE DECKER . . . Cool waether fare.

Devilled Chicken Giblet Sandwich

1 cup cooked chicken giblets, chopped fine
1 medium onion, chopped
¼ teaspoon thyme
Fat for frying
¼ cup chili sauce
¼ cup mayonnaise
1 teaspoon garlic vinegar
Dash of cayenne
8 slices toast

Fry giblets and onion gently in hot fat until onion is soft and golden. Add chili sauce, mayonnaise, vinegar and cayenne and leave over low flame until heated through, stirring constantly. Spread mixture on four slices of toast and top with other four slices.

Corn syrup or honey may be substituted for up to 25 per cent of the sugar in freezing peaches.

F-r-e-s-h.... MEADOLAKE

Top Cup Cakes With Honey Whip Icing

Measure into mixing bowl:
1½ cups cake flour (sifted before measuring)
1¼ cups sugar
2-3 cup Crisco
1 teaspoon salt
1 teaspoon soda
½ cup milk
2-3 cup milk.

Stir vigorously by hand or with mixer (medium speed) 2 minutes. Now stir in (yes, all by itself):
¾ teaspoon baking powder.
Now add:
1-3 cup milk
2 eggs (unbeaten)
½ teaspoon vanilla.

Blend by hand or in mixer (medium speed) for 2 minutes. The batter will be smooth and thin. Bake in "Criscoed" and floured cup cake pans in moderate oven (350 degrees F.) 15-20 minutes. When cool, frost and decorate as desired, or when cool, frost as above with Honey Whip Icing.

Honey Whip Icing: Heat ½ cup honey over hot water. Add ⅛ teaspoon salt to 1 egg white; beat until stiff but not dry. Pour hot honey slowly over egg white, beating constantly until thick.

Toasted Cream Cheese Sandwich

1 cup cream cheese
1 egg, well beaten
Salt and pepper
2 tablespoons chopped chives
¼ cup chopped ham
8 slices bread

Mix cheese, egg, salt and pepper to taste, add chives and ham and set to heat in top of double boiler over hot water. Toast bread slices on one side. Spread untoasted side with cheese mixture and place under boiler flame until top is light brown.

KEEP DRAINS CLEAN! drain-e-ze WILL NOT INJURE PORCELAIN

KITCHEN KORNER

Budget your red points carefully by planning ahead to use up all your leftovers.

A speck of mace or sweet marjoram added to squash, served any method, puts a new interest in this summer vegetable.

Honey thinned with orange juice, heated, makes a good sauce to serve with hot griddle cakes or waffles.

Some folks prefer to rub pancake griddle with salt bag in place of grease, to keep cakes from sticking.

Fresh lime sauce is luscious on fruit, ice cream and sherbets.

If there is fringe on your hand-crocheted bed spread, brush lightly with a soft brush when laundering in sudsy water.

When frying fish add a dash of salt to the cornmeal or flour before the fish is dredged.

Poultry keeps longer if stored whole rather than cut up. It should be washed carefully before being placed in the refrigerator.

Gladys Keeps Her Place Going As Gaunt 'Zombies' Trek Ruins Again

By KENNETH L. DIXON
Associated Press Staff Writer

MANILA.—The sickly light of a few half-hearted carbide lamps kept trying to push the night mist and mosquitoes out of the little cafe as Gladys moved gently from table to table welcoming her "Zombies" back.

The cafe was only a section of cobblestones under a porch roof. Nothing but the hedges kept out the view of Manila's crumbled wreckage.

Kenneth Dixon

It was good the hedges were there. For Gladys and the Zombies were not seeing Manila as it is tonight but as it was four years ago.

Gladys last name is Savary. Tall, serene, whitehaired and ageless, she's a roaming restaurateur who went to France from America as a girl, married a Parisian and finally wound up in the Philippines long, long before the war broke out. In downtown Manila she ran one of the finest eating establishments of the entire islands, the boys say, and gathered largely American officers and men from a garrison here, at Bataan and Corregidor.

Zombies Trickle Back

Her "Zombies" were a tiny trickling handful of such officers and men who long since have been listed as dead or missing so long that even the Filipino underground had given them up as gone.

But now a few of them are coming back through.

They know Gladys' story. Because the Japanese thought she was French and they were concentrating on Americans right at the first, they let her alone for a short time after the war broke out. Then she started feeding Japanese officers in her restaurant so they didn't bother her too much.

But They Didn't Know

What they would have done had they known she was feeding, housing and caring for escaped American prisoners and internees upstairs at the same time the Japanese were eating downstairs is not a pleasant thought.

"What happened to so and so?" someone asked but Glady's interrupted with "here we go again—roll call of the Zombies."

Then the grisly question and answer game went on calling the roll of men on Luzon, Bataan, Corregidor. And the names of the prison camps where they perished were not spoken with hatred, fear or viciousness but rather fell without meaning from the faces that four years under Japanese had taught to be expressionless.

Camp O'Donnell, Cabanatuan, Bilibid, Fort Santiago — and so on.

Like Paean Of Victory

Now and then a pair of deep-burned eyes would glow again and a voice would say "he's alive" and it would be like a paean of victory over death. But there were few of them.

Finally the lamps burned low and one by one the living dead got up to go—back to their billets and soon on to the United States—and each told Gladys he'd never be back. Then out through the hedges they walked, lean and gaunt and shadowy in the moonlight, their eyes on the ground to avoid seeing the rubble that surrounded them.

Kiwanis International lists 115,000 members, the Lions Clubs have 155,000 and Rotary 210,000.

Rains Slow Harvests, Aid Ranges, Feeds

AUSTIN, Oct. 4. (AP)—Rainfall in the week ended Oct. 1 delayed harvesting somewhat but aided Texas ranges, late feeds, fall gardens, small grains and fall cover crops.

The U. S. Department of Agriculture reported moisture supplies were adequate in all cropland areas and winter range prospects improved in most areas.

Although harvesting was delayed most of the hay, corn and sorghum crops were gathered. The high plains were an exception.

The moisture didn't favor cotton except late planted acreage in Northwest Texas. It reduced the grade of cotton in central and northern districts.

Havy rains caused some washing of fields in the winter garden but cooler temperatures were helpful to tender crops in other commercial vegetable areas. Tomatoes were blooming profusely and early set peppers were improved in quality.

One-Minute Kiss Limit Set On Tulsa Streets

TULSA, Oct. 4. (U.P.)—Mayor Olney F. Flynn has decreed that one minute is long enough for a kiss in public and returning servicemen, who are way behind on their kissing anyway, say short kisses are better than none.

The mayor sponsored a "kissing ordinance" several years ago which limited the public kiss to three minutes. It was designed, he said, to speed up traffic in downtown Tulsa. Some loving wives kissed their husbands longer than three minutes in front of their office doors and thereby balled up traffic no end.

"We're just streamlining things a little more," laughed the mayor, when he announced he expected lovers to breeze through a kiss in one minute flat.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933

Of the Lubbock Morning Avalanche, published every week-day morning except Monday at Lubbock, Texas, for October 1, 1945.

STATE OF TEXAS,
COUNTY OF LUBBOCK (ss)

Before me, a notary public in and for the State and county aforesaid, personally appeared Jas. D. Shaw, who, having been duly sworn according to law, deposes and says that he is the Business Manager of the Lubbock Morning Avalanche and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, the circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business mangers are:

President and General Manager, Parker F. Prouty, Lubbock, Texas; Publisher, Charles A. Guy, Lubbock, Texas; Editor, Charles A. Guy, Lubbock, Texas; Managing Editor, C. W. Ratliff, Lubbock, Texas; Business Manager, James D. Shaw, Lubbock, Texas.

2. That the owner is Avalanche-Journal Publishing company.

Parker F. Prouty and Chas. A. Guy of Lubbock, Texas, Dorrance Roderick of El Paso, Texas; Gene A. Howe and John L. McCarty of Amarillo, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are:

None.

4. That the two paragraphs next above giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above is 14,635

(SEAL) JAS. D. SHAW, Business Manager.

Sworn to and subscribed before me this 4th day of October, 1945.

WILLIE WARREN WATKINS,
(My commission expires June 1, 1947)

Nazi Poison Campaign Plotted Against Allies

LONDON, Oct. 4 (AP) — Slow death by poisoning for the invading Allies—and suicide tablets for themselves if all else failed—were planned by the Nazis, the United Nations War Crimes commission said tonight.

A secret Nazi paper made public by the commission revealed the details of a poison campaign which was halted by the speed of the Allied advance and the abrupt end of the war.

The first item disclosed was the method of introducing a poison into alcoholic beverages. Invading troops, scientists theorized, would accept poisoned drinks at the invitation of friendly folk and some time later would die—after they had left the house to which they had been invited.

Another item was the supply of poison disguised as medicine "for bandits that may come to the streifkorps (first aid station) for medical treatment. Pills, capsules are to be prepared."

Both the poison blitz against the Allies and the way out for the Nazis proved to be feeble gestures, the commission said. Himmler's suicide and that of a few minor Nazis were cited, and a few Allied saldiers were reported to have died from drinking poison liquor shortly after the European invasion.

Pipin the Short, king of the Franks, put an end to the supremacy of the Eastern Empire in Italy, with the institution of the temporal power of the Popes over the city of Rome and the States of the Church.

Polgnant War Emotions Recorded At SPAAF

Names Of War-Weary B-17s Tell Much About Their Crews

They're lovely at night — those war-seared Fortresses, the hundreds of them lined up wing-tip to wing-tip at South Plains Army Air field. In the daylight, one can see the bullet scars and metal patches that cover the gaping holes caused by murderous flak; but the gentle, pale moonlight is more charitable. In it they appear sleek and unmarred — regal, as they did before their first "take-off"—before the blood of American heroes stained their interiors.

And what of the combat crews that flew the great war-birds merrily through pock-marked skies? How did they feel when a quarter of a million dollars' worth of B-17 was delivered to them — a mighty silver lady, destined to share their rendezvous with adventure? From a psychological viewpoint, the names the fliers gave their planes tell us a lot. They give us an insight as to how these crewmen felt—a cross-section view of their mental attitudes.

Most Ships Nammed

Almost every ship at SPAAF carries a name, marked in brilliant and gaudy paint, near the cockpit. In many cases, a picture accompanies the name, usually the picture of a woman, and more often than not, she's scantily clad. The boys liked to carry their personal pin-ups with them—right into the thick of battle. But it's the names which are important, and these vary from one end of the imagination to the other. They show gaiety, cockiness, sentimentality and generally may be classified into groups, although it's often difficult to draw a fine line between insouciance and plain devil may-care.

In the first (and by far the most common) group, comes the names of wives, mothers, and sweethearts. SPAAF's planes bear many of these: "Winsome Wanda," "Anne Marie," "Little Betty," "Bonnie Lee," Carol Dawn," "Vonnie," "Princess Pat,' and "Emma,' to name just a few.

The partiotic grouping contains 'Old Glory," "General 'Ike'," "Two Down One To Go, and "Maiden Amercia.

Many Thought Of Home

There were the lads who looked forward to that return trip home. On their planes may be found such names as "Round Tripper," "Target USA," "Homeward Bound," "Over N Back,' and "Goin' Home.'

The devil-may-care department spawns the greatest variety of appelations. This runs little short of ad infinitum. Here are several: "Idiot's Delight," Sweat 'Er Girl," "The Wolf Pack, "They've Had It," "Go Getter," "Disorganized Confusion," "Sittin' Purty," "Gravytrain Kids," "Kraut Stomper," "Dawn Buster," "The Commando Chaser," 'Cock 'O The Sky," "Bomboogie." "This Is It!," "Shade Ruff," "El Screamo." "Let's Keep It Up," "You Cawnt Miss It,' and "Sight Seein'," A subdivision of this go-to-aitch branch contains names with a touch of the risque. For example, "Epsom Salts—Just Passin' Thru," "Naughty Caroline," "Miss Behaven Raven," "Strips Teaser," "Miss Conduct," and "Lewd Angel."

Names like "Satan's Playmate," "Worry Wart," "Ha-ard Luck," Bomb Bay of Blues,' "The Ghost," "Rothernithe's Revenge," and "Borrowed Time," fall into the morbid category. One plane entitled, "Uninvited," carries a painting of the ugly Grim Reaper with a scythe.

Into the movie title group fall such names as "Peg Of My Heart," "The Great McGinty," and "Lassie Come Home"; "Dragon Lady," "Little Kong," "Li'l Audrey,' and "Gravel Gertie" represent comic strip characters. The song plugger division contains classic like "Star Dust," "Sweet Sue," "I'll Be Seeing You," "Ill Get By," "Lady Be Good," and "Ol' Black Magic." And the geographic branch gives forth with "Pride O' New Mexico," "Utah Gal," "Passaic Warrior," "Jamaica Ginger," and a title that's probably the longest on the field — "From Hell to Heaven (Hello USA and Texas)".

Strangely enough, SPAAF's most famous plane, "5 Grand," was not named by a combat crew, but by the personnel of one of the Boeing Factories. It was the 5,000 ship to roll off the assembly lines. Every individual who had something to do with the plane's production painted his name on some part of the ship; some included addresses. Consequently, except for flak repairs, the plane is completely covered from nose to tal with names painted in baudy yellows, reds, greens, and blues.

Texan On Committee

A Texan, S/Sgt. Benjamin F. Purdy, 21, of Dallas, was part of "5 Grand's" reception committee when she arrived in England, and takes over the story from here: "5 Grand" landed on a typical foggy morning in early fall and my entire squadron ran out to see her and take down the names and addresses of girls who had worked on the ship, so they could write them. '5 Grand' was jinxed at first, because on the test hop next day, a faulty left landing gear forced her to make a crash landing. Afterward, new bomb bay doors and a ball-turret were installed. The jinx didn't persist, because after being placed on combat status, she flew all the rest of her missions successfully, and was considered one of the best ships on the field."

Yes, we can learn a lot about our airmen from the names they gave to the fighting machines which carried them faithfully through battle and sudden death, to final victory. And the planes? They look lovely at night, resting in silence wit hthe cool, blue moonlight glinting silver from their wings. The atmosphere seems redolent of cold, cloud-filled European skies . . . of misty con-tarils, the roar of mighty engines, and violent battles at high altitudes. They are not lonely; there are too many memories. And when the "Fighting Lady" looks over at "Anxious Angel," she can't help seeing "Take It Easy.'

C-69 Sets Record On Miami-Burbank Flight

BURBANK, Calif., Oct. 4. (AP)—An Army-owned C-69 Constellation transport plane set a new record for a flight here from Miami, Fla., covering the 2,355 miles in 7 hours, 53 minutes.

The non-stop hop slashed two hours and 17 minutes from the previous record of 10 hours 10 minutes.

The pilot, Maj. Joseph McKeown of Minneapolis, Minn., said the plane flew at an average speed of 299 miles per hour and at 14,000 feet altitude.

Camp Maxey Training Unit To Be Closed

WASHINGTON, Oct. 4 (AP) — The War department today announced inactivation of the Infantry Replacement training center at Camp Maxey, Paris, Tex.

Future status of the camp was not reported. During the time Maxey served as a replacement training center, about 68,000 trainees were processed.

A little ammonia in the water will do the trick if grease and dirt cling stubbornly to your window panes.

ISN'T *Good Living* JUST A MATTER OF CHOICE?

Good foods carefully selected and properly prepared are the basis of good living. Among all the foods you serve, good coffee is probably the most important. It's the "backbone" of many menus, notably breakfast and supper; it's the one part of any meal that must be good if other foods are to be enjoyed. Hence don't take chances by trying to save a penny or two a pound. Buy the choicest, most skillfully blended coffee the market offers. Such a coffee is Admiration—superb in quality, rich in flavor, delightfully aromatic and inviting. More people in the Southwest drink it than any other brand. There's a reason.

Army Heads Visit Jewish Camp, Find Conditions Are Satisfactory

By NOLAND NORGAARD
Associated Press Staff Writer

FRANKFURT, Germany, Oct. 4.—A group of Aemican Army officials, headed by Maj. Gen. H. R. Bull, deputy chief of staff to General Eisenhower, inspected Zeilsheim Jewish displaced persons camp today and were told that even the best camp was only a temporary solution for the homeless Jews.

The visit to Zeilsheim, which is only a few miles from American headquarters and is known as "Camp Israel," was made four days after President Truman made public a report by Earl G. Harrison, American representative on the Inter-Governmental Refugee committee, in which Harriso charged Jews in displaced persons camps were being "treated as the Nazis treated them except that we do not exterminate them."

Better Food Than Germans

The generals found at Zeilsheim that:

The average daily food ration is 2,300 calories compared to 1,280 that German civilians get in Frankfurt.

In their living quarters each Jew has an average of 50 square feet of floor space and additional buildings that have just been vacated by the Germans provide even more commodious facilities.

Although the majority of the inmates are survivors of Nazi torture camps their health level is excellent.

Winter Clothing Available

A German tailoring shop in the village has been requisitioned.

The bedding is more than adequate for the winter and storerooms are loaded. Overcoats and other spare clothing are available.

There are enough stoves available to heat all the buildings.

Every Jews has qualified for such work by experience or training has been given a job in UNRRA offices in Frankfurt and efforts are being made to find employment to keep the others fully occupied.

There are no guards at the camp. There are no fences or barbed wire. Jews circulate freely within a three mile radius and passes are readily obtainable for visits to Frankfurt, Wiesbaden and other nearby cities.

The camp has a growing library, well-stocked with American and Jewish newspapers.

A camp theatrical group writes and produces its own plays and other recreational facilities are being expanded.

"Buy A War Bond TODAY"

Victory Type Vessels Allocated Companies

WASHINGTON, Oct. 4. (AP)—The War Shipping administration announced today allocation of 55 victory type ships among 12 companies for intercoastal steamship operations under temporary authority granted by the Interstate Commerce commission.

The WSA said the new cargo service between Atlantic, Gulf and Pacific coast ports is expected to start about November 1. Arrangements for contract carrier service will be completed later, WSA said.

Operators allocated vessels are:

American Hawaiian Steamship company; American President Lines, Itd.; Sudden and Christenson, Inc.; Christenson Steamship Co., and Waterman Steamship Corp., of the Arror line; Calmar Steamship Corp.; Isthmian Steamship Company; Luckenbach Steamship company, Inc., Pope and Talbot, Inc., of McCormick Steamship company division; Pacific Coast Direct Line, Inc., of the Weyerhaeuser line; States Steamship company (Quaker Line, Inc., and Pacific - Atlantic Steamship Co.; United States Line company (Papama Pacific line); Weyerhaeuser Steamship Co., and Luckenbach Gulf Steamship Company, Ind.

German Employers To Help Destroy Nazism

FRANKFURT ON THE MAIN, Germany, Oct. 4 (AP)—Gen. Eisenhower placed the responsibility for eradicating all vestiges of Nazism on industry upon German employers tonight.

Military government officials will spot-check the personnel, it was announced.

Tenant Rules Remain In Fort Worth Area

FORT WORTH, Oct. 4 (AP) — The requirement that tenants must be given three months notice before the purchased of a dwelling can gain possession of it for his own occupancy will continue in effect in the Fort Worth defense rental area, Lucien H. Wright, area rent director said today.

Wright said the six month waiting period provided by an amendment to the rent regulation Sept. 1 will not apply here. Area directors were given discretion by the amendment to retain the three month waiting period if they considered it sufficient to maintain stable rents and prevent evasion of the regulation.

Blows For Democracy

MacArthur's Actions Commended

GENERAL Douglas MacArthur struck two strong blows for democracy last week.

In forcing the bandy-legged "Son of Heaven" to call on him, the general achieved a master stroke in stripping some of the glittering, trumped up mummery from the emperor-god myth, with which Hirohito has cloaked himself.

Then when the Japanese Home ministry ordered all copies of five Tokyo and Osaka newspapers seized and suspended the dailies to keep them from informing the public as to how Hirohito had "lost face" by going to call on MacArthur—an incident without precedent in Nipponese history, the Allied commander scored a second master stroke. He ordered the Japanese order voided.

MacArthur's censor told the newspapers to resume publication and to go ahead and distribute the "forbidden" editions.

With this order, MacArthur "killed two birds with one stone." He not only stripped the tinsel from the little tin-god that the Japs have been taught to worship and caused him to lose face, he gave Japanese newspapers a new freedom that they not known in years.

Since this is National Newspaper week, this second achievement is of timely interest. It may also be significant, since any new world order to be secure against war and secret diplomacy, must have a free press.

The press was a vigorous institution in Japan before the war lords seized control of the empire and plunged it into this disastrous war. Tokyo's five major newspapers prior to the war had a nation-wide circulation of 12,000,000. These five are all that remain of some twenty which once flourished in the Japanese capital.

Whether the newspapers of Japan are worthy of the freedom, which they have been given by the Allied commander remains to be seen. If they are worthy, they may prove a vital forc in bringing democracy to Japan. If disillusionment can effect a change, then the means is at hand.

"Indian Sign" Was On 'Em!

NOW it can be told how the United States forces used the little-known Navajo language to befuddle the Japs.

The Nipponese were completely flabbergasted when strange jumbles of guttural sound came tumbling from combat radios in the Pacific area just before the end. If they had been reading the Flash Gordon comics, they might have jumped to the fantastic conclusion that even the Men from Mars were aiding the Allies.

Frantically, the baffled Japs clawed through their American language dictionaries. But the mysterious grunts that came from the radios were not in the books.

Navajo, a language without an alphabet, was one that the Jap and German spies had overlooked, although German students had crammed on Indian languages after 1921. It is really a secret language, since only some 28 missionaries, a few United States scientists, and 55,000 clannish Navajos on the New Mexico-Arizona reservation know the tongue.

One Navajo was "captured" by other Americans who thought he was a Jap dressed up in a Marine uniform. Instead of trying to explain the Indian merely grunted and appeared bored. He narrowly escaped getting shot as a spy.

A Friend Of Labor Speaks

"IT IS legal to strike again. It is also legal to go barefoot. But in either case you may stub your toe."

No, this isn't some representative of the nation's manufacturers talking. It's a statement made by Thomas E. Flynn writing in the September number of The International Teamster, the official magazine of the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers.

Flynn goes on to point out that "we are entering the period of reconversion with our national economy in a very delicate condition," and that strikes will hinder reconversion. In fact the title of his article is: "Strikes Will Hinder Reconversion—Public Welfare Demands Cooperation by Labor."

Warning that Labor must use its best brains, Flynn continues: "An orgy of strikes will prevent an orderly change. It will cause one of two things, either one of them destructive to organized labor. They are: (1) It will throw the country into a tailspin and create a depression of unprecedented proportions. (2) It will force Congress to enact drastic laws with drastic penalties for strikes.

"In either case we will go back into the period of rigid government control from which we are just emerging. We will be regimented in the event of serious depression. The government will be forced to take over industry."

Mr. Flynn appears to have stated the case clearly and wisely. Why cannot more labor organizations listen to such sound practical advice and make their gains slowly, instead of killing the goose that lays the golden egg?

One-Minute Sermon

Blessed is the man that endureth temptation: for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him. James 1:12.

WHEN X-999 EXPLODES

XVII

Knowledge of her power at this moment, and of the vengeance she was about to wreak on the Tyler girl, gave Leana Sormi's face a wild look of exhilaration. She threw her transmitter switch as if the act were a definite little finale.

And finale it was! Not even Leana Sormi, brilliant scientist, had know the extreme potency of X-999!!!

Simultaneously with her touch of that switch, all of hellfire itself belched over the universe.

The earth shook in a staccato of doom. Tonto Mountain, it appeared, was lifted skyward. A great spreading bulk blacked out the light of day, extended eastward over a full five miles, then came pelting—roaring—crashing down in an all-consuming bombardment.

The top half om Mummy Ridge itself was blown square off and a minute later it and all its area there to the east were buried under countless tons of debris. The very physiography of a mountain range was being altered. And nobody—no living soul—heard Leana Sormi give her long, hysterical scream.

* * *

From other points of view (as told countless times in the months and even years to follow) the explosion of Tonto Mountain was that of a volcano, no less. Except that this particular volcano spewed fire from only one side of its mouth, after first bursting out an opening.

The actual eruption was not straightup, but angled. The great force of the explosion naturally took the path of least resistance. The west half of Tonto Mountain was a bulwark of granite, virtually solid rock a mile thick at its base. A flat white face of that granite had showed at the peak to form a landmark for centuries. But in nature's own eruptions eons ago she had loosened and stirred the eastern half of Tonto, upending its strata and piling there loose boulders, smaller rocks and soils. It was this loose deposit which gave way under the force of X-999's explosion.

The granite half stood firm, merely shaken by the recoil.

The circumstance proved to be extremely fortunate for puny human beings who had dared ensconce themselves in nature's bosom here. It was as if nature had kept a benign hand over them and their little huts. Not that the huts escaped damage—every window in the scientists' village was broken, and every china dish, every bit of glass equipment in the laboratory.

Rock chimneys were toppled over. One cabin was moved quite off its foundation. The stables, flimsy structures at best, were flattened and three of the horses killed. A dozen major or minor avalanches were started on neighboring mountains.

* * *

When Carolyn and Leana left him at the stables shortly after 5 o'clock, Bob Hale lingered to rub down his black gelding rather than give the task to a stable boy.

About 15 minutes later he was called to the stable telephone. It was Leana.

"Robert, dear," she began, "is it too much to ask that you drive in to Blair for me, at once? There is some equipment—a microscope part — which I simply must have in the laboratory early tomorrow morning, and I really wanted it tonight. It was due on the mail stage today and the Blair postoffices closes at 6."

"Surely, Leana! I can drive right over now. Our group doesn't eat until 7. Be a pleasecure."

He didn't rush because there was abundant time, but he did take his car immediately and head off down the old road from the mine. It swung south and west from Tonto Mountain, winding in picturesque way.

When he reached Blair he paused to chat a bit with the postmaster. Leana's parcel hadn't arrived, after all. She would be disappointed.

Vaguely he wondered why a mere miscroscope lens, or whatever it was, could be so urgent. There were other microscopes at hand in the laboratory. But then, a persons gets used to a favorite one, he knew. He switched the talk to deer hunting.

"Shore thing, Dr. Hale," the postmaster was friendly, "it's deer as'll run right over you around here in autumn time! Shore's you're born! Big bucks with 10, 20 points all up in that Tonto Mountain country. You stick here till October, you'll see. You got a good rifle?"

They went into the matter of guns, man talk. They were examining the postmaster's own 30-30 when—

BROO-O-O-O-O-OM!

* * *

The earth trembled, shook them to their very teeth! Glass cracked and fell from the bursting shock of the explsion.

Bob's muscles froze.

The postmaster looked quickly at him in consternation. Neither spoke at first. Then both looked out.

The late sun-yellowed sky back toward Tonto was blooming in a magnificent mass of black earth and rocks and shooting flame.

They say it boil. Saw it grow—billowing, spreading, roaring and echoing furiously now. It was greater than anything in their comprehension. It was reaching out over half the horizon, as if it meant to engulf all the universe.

"I know!" Bob rasped, from the deep frenzy now within him. "It—it—Carolyn's there! Carolyn's still there! . . . Come on! . . . Oh, my God! . . . Carolyn"

The two men were running to Bob's car.

(To Be Continued)

Subsidy Payments To Slaughterers Okayed

WASHINGTON, Oct. 4 (AP) — Restrictions on payments of subsidies to slaughterers of livestock in non-federally inspected plants and operators having livestock custom slaughtered were lifted by the government today.

The action by the stabilization administrator eliminated a requirement that the Office of Price administration must certify such payments and permits the Reconstruction Finance corporation to pay the claims under its own regulations. OPA retains the responsibility for certifying the slaughtering.

Looking At Life ----- By Erich Brandeis

RECENTLY one of the metropolitan newspapers made quite a splurge over the appalling increase in juvenile crime figures.

Somehow I couldn't get terribly excited over these figures in spite of the fact that my wife accused me of being somewhat hard-boiled. It was simply that I had seen figures like that before—after the last war — and that those figures eventually got right back to normal when people settled down to their everyday kind of lives again.

BRANDEIS

You see, and I have told you the same thing before, as far as I am concerned there is no such thing as juvenile delinquency. That term means only an effect. The cause is adult delinquency. When I see those figures of juvenile crimes of commission, I realize that they are caused by adult crimes of omission.

There has been a war with all its upsets and abnormalities. There have been broken-up homes and separations of men and wives, night-work, too much money, artificial hilarity to obliterate grief—all the fever and fast pulse which that most terrible of all social diseases, war, brings with it.

* * *

Children were left alone. They were sent out to work in factories and stores. Dance halls and dives were open to them. There was a terrific shortage of men and nature, not the Police department, has made it a law that women want men—and vice versa.

Every day was a twenty-four-hour day. There was glamor such as most of our kids had never seen—the real glamour of uniforms, the false glamour of night clubs, of drinking, of vice, of abandonment.

Nobody was there to tell the kids what was right and what wrong. Fathers were away—and mothers, too.

So lots of kids went wrong. Some of them beyond redemption—but remember that many fathers died beyond redemption and many sons were crippled beyond redemption.

It's bad that it happened. But it was war. Those juvenile delinquents, as you call them, are war victims as much as the war victims who sleep under white crosses all over the world.

Only the kids weren't victims of bullets and bombs but of ignorance—not theirs, but yours and mine, because we didn't have sense enough, first to prevent war and second to teach them right.

* * *

REMEMBER this: No child spoils itself.

Don't ever call your boy or your girl a spoiled brat.

If it's a brat, you made it one. If it's spoiled, you spoiled it.

But I don't think there is too much to worry about. The war's over, our temperature is going back to normal.

The patient is convalescing and all the symptoms of his sickness will soon disappear.

And juvenile delinquency will be one of them.

The National Whirligig

Mahon Was "In" On Bomb Secret

WASHINGTON

By Ray Tucker

PRESIDENT ROOSEVELT and three War department officials surrounded the experiments in breaking down the atom with such secrecy that neither then Vice President Truman nor Undersecretary Bob Patterson, now Secretary of War, had the slightest knowledge of the project.

Gen. George Marshall gave this confindential information to members of the House Appropriations committee when the men in charge of handling military funds grew worried about the vast and unexplained expenditures, and threatened an investigation of the undertaking unless the two-billion-dollar grant was justified at off-the-record hearings. The running battle between Congressional financiers and the makers of the cosmic bomb is one of the more fascinating chapters in this scientific romance.

TUCKER

The Appropriations committee first advanced 800 million dollars in the Spring of 1942. This lump sum allocation was asked by the Army for the purpose of "expediting production" and for "engineers' services." In 1943 Undersecretary Patterson appeared to request another helping of 600 million dollars for the same sort of items.

When questioned by Rep. Albert J. Engel of Michigan, who has always been opposed to giving blank checks to Executive departments, Patterson professed ignorance. He did not know how much had been expended, nor how many plants were supposed to be engaged in the manufacture of the miraculous weapon.

In view of this vagueness concerning such a tremendous outlay of money, the man from Muskegon notified the subcommittee making up the Army budget that he would not go along unless the use of all this money was justified. A few days later Chief of Staff Marshall strode into the room in an unusual state of excitement for him, and the fireworks began. He lared at Engel, and the scrappy, conscientious congressman returned the stare.

* * *

RESPONSIBILITY: Congressman Engel told the Chief of Staff that the War department could have every penny needed for winning the struggle, but that it was his Constitutional duty to safeguard the taxpayers' money and look after the interests of the people who had elected him. He added that previous efforts to obtain information from Patterson had been unavailing.

"He is not supposed to know anything about it!" snapped Marshall. "President Roosevelt, the Secretary of War, myself and Maj.-Gen. Leslie Groves, who has charge, are the only ones who have all the information at this moment. Mr. Stimson and I have talked to Speaker Rayburn, Majority Leader McCormack and Minority Leader Martin. They understand the value of the project."

Engel countered that Messhs. Rayburn, McCormack and Martin had no responsibility in the matter, inasmuch as they were not members of the Appropriations committee. When Engel pressed the Marshall for more details, the latter vouchsafed a few tidbits:

"Prospects on the experiment look reasonably good. Germany is working on the same weapon. If they get there first, we can lose the war at the last minute."

* * *

BY-PASS: Marshall admitted he had no specific information on the Nazis' accomplishments. He said planes had brought back word of the existence of plants in which the enemy might be paralleling our efforts. The extra 600 million was eventually granted, making a total advance of $1,400,000,000.

When the military men transferred their next request for 400 million dollars from the War Department subcommittee to the Deficiency subcommittee, thus seeking to by-pass the stubborn and indefatigable Engel, who does not serve on the latter body, the congressman exploded.

Patterson was again rushed to Capitol Hill to satisfy congressional skepticism. He conferred with Engel, Richard B. Wigglesworth of Massachusetts and John Taber of New York. This session was as fruitless as earlier conversations.

* * *

"FANTASTIC": On February 23, 1945, Engel sent a sharp letter to Secretary Stimson that brought the crisis to a satisfactory finale.

"It is difficult in my judgment," said the Congressman, "to justify the expenditure of this tremendous sum for any purpose. It certainly is not good judgement for our comfittee to pass upon this sort of appropriation with no justification. I have a great deal of information from outside sources. My information is that Dr. Conant of Harvard and other scientists sold the idea to the President, and that it involves the 'breaking down of the atom.'

"I was informed that a 'barrel of it would destroy Berlin and keep it burning for a year,' and other similar statements equally fantastic."

Engel wound up with the threat of a Congressional investigation unless the appropriation demands were justified, and unless he was permitted to visit the atomic bomb plants.

* * *

VANISHED: Next day Mr. Stimson sent for his critic, Taber, who generally supported his colleague, went along. After some sparring, the Secretary of War told the whole mysterious story from start to finish and gave permission for five members of the Appropriations committee to inspect the Oak Ridge plant in Tennessee. The visiting group consisted of Appropriations Chairman Clarence J. Cannon of Missouri, J. Buell Snyder of Pennsylvania, George Mahon of Texas, Taber and Engel.

Engel discovered that one of the head chemists at Oak Ridge was an old friend from Michigan, James White, whose wife's nephew had been appointed to Annaplolis by the Michigan member. When White and his associates told the Congressmen that the atomic bomb was within two-tenths of one per cent of perfection (this was late February of 1945), the behind-the-scenes controversy vanished as quickly as Hiroshima and Nagasaki did later.

* * *

TEXAS

By Gordon Shearer

AUSTIN.—A thing that has irked many Texans for years will be corrected soon due to the labors of former Adjutant Gen. W. D. Cope.

Cope is compiling a true record of the Texas Rangers. It will make it possibile to show just who really was a Texas Ranger and the years he served.

The thing that has irked Texans is the frequent reports from over the country that someone doing something sensational or committing a crime is "a former Texas Ranger."

Cope's list will exclude the big-hatted movie and stage actors who have received the complimentary title from some Texas governor.

Cope's list will be one of the real Texas Rangers.

* * *

HISTORY: Another person who is delving into the archives for some accurate records of the past in Texas is Dr. C. E. Evans, for many years head of the Southwest Texas State Teachers college at San Marcos.

Since his retirement on age, Dr. Evans has been compiling data about early Texas educational institutions.

* * *

POLITICS: Army discharges will bring many faces back into the political picture in Texas.

Former Railroad Commissioner Jerry Sadler is due to go off Army duty and is already counted a candidate for governor.

Former Sen. Marshall Formby of Plainview, who entered the Army during his senatorial term is back in Texas. His successor, Sen. Sterling Parrish, is a holdover so Formby is not expected to make a race next year.

Former Rep. Jimmy Phillips of Angleton probably will match a race with Sen. W. E. Stone of Galveston if he is out of uniform in time.

"Worrying cannot help you," says a psychologist. In a way, that makes it mutual — we cannot help worrying.

Stokes Unhappy Over "Full Employment Bill"

"Double-Talk" Laid To Senate

By THOMAS L. STOKES

Special Correspondent

WASHINGTON—There has not been in a long time in Congress such monkey-shines, so much mumbo-jumbo, as there was in the Senate over the so-called "Full Employment" bill.

The result is a collection of language that can mean anything anybody chooses to make it, judging from the interpretation placed during debate on this or that muddy-phrased amendment, and the tortuous reasoning in justification of such double-talk.

STOKES

How meaningless is the whole will may be judged from the support it finally got from all shades of political thinking in the Senate, except from the very extreme Right represented by 10 senators known for their arch Conservatism.

What it became, finally, was a political joyride. Everybody jumped on. This would provide an opportunity for a senator so inclined, come election time, to exaggerate the importance of this particular bill as a solution for the job problem.

Action Speaks Loudest

Don't let pious campaign declarations about the set of pious statements for which they voted fool anybody; for this has not solved the problems facing the nation, which are to provide jobs and take care of those who can't get them.

The adequacy or inadequacy of the peoples' servants in Congress depends rather on what they do about specific measures designed to meet these problems. This, of course, goes for all of Congress. The House will take up the bill some weeks hence, and you can look for some more of the same type of language with the same meaningless result.

* * *

THE real test is what members of Congress do on individual bills—how, for example, senators voted recently on the temporary Unemployment Compensation bill and amendments; how a coalition of Republicans and Southern Democrats have bottled up that measure in the Ways and Means committee so that the House can not even get a chance to consider it. This is but a sample. The record on these individual measures is being written day-by-day.

There was a good and sound idea originally behind the "Full Employment" bill. Somehow, somewhere along the way it got lost. There is a declaration of responsibility by the federal government to assure "the existence at all times of sufficient employment opportunities for all Americans able to work and desiring to work." That might amount to something, if Congress is held to it. There is also the requirement for the President to send up an annual budget on job requirements, with recommendations as to measures to provide jobs, first by encouragement to private enterprise, second, by government projects.

* * *

What Is Done Counts Most

Any President, in these times, would do that anyhow. And any Congress, in these times, would have to do something. Even President Harding recognized unemployment as a national problem back in the 1921 depression by calling conferences here to deal with it. So did Herbert Hoover in 1929. He went even further. We all recall, too, how the New Deal went at it directly, doing whatever was necessary, and with the co-operation of Congress.

All that has been taken for granted. It's what is done after the responsibility is recognized that is important.

* * *

A DECLARATION of policy is a fine thing. But the trouble with this particular declaration is that the conditions attached to it seem to take us back beyond already recognized principles. For instance, Sen. Robert Taft (R., O.), interpreted the wordy and ambiguous Hatch amendment to mean there is a limitation on the amount of federal spending to tide over unemployment.

In his forthright way, Senator Taylor (D., Idaho) paid his respects to the Taft sort of thinking by reading the Declaration of War against Germany which pledged "all the resources of the country" to win victory.

He added: "The Congress did not say 'we are going to spend so many billion dollars, and if that does not win, we will give up.' "

Similarly, the Idaho senator declared, we should pledge all our resources to lick unemployment, adding "because if we do not give them jobs, the private enterprise system will be licked anyway."

Adoption Papers Are Served On Infant

JACKSONVILLE, Ill., Oct. 4. (AP) — A three-month-old infant gurgled appreciatively today while Deputy Sheriff Cameron Jones performed what he termed one of ten toughest jobs of his law enforcement career.

Told to serve adoption papers on the baby, Jones manfully intoned the official phraseology in compliance with a court order decreeing the papers must be read to the child.

Still following the law, which says the papers then must be placed in the hands of the recipient, he finished by tucking them under the infant's arm.

It Probably Was Hot At That End Anyway

ST. LOUIS, Oct. 4. (AP)—A. D. Kaner reports that when he dialed an incorrect telephone number recently the operator informed him: "Mr Hitler's telephone service has been discontinued."

PIMPLES Disappeared Overnight

Blackheads, Too, Went Fast

Yes, it is true, there is a safe, harmless, medicated liquid called KLEERex that dries up pimples overnight as it acts to loosen and remove ugly blackheads. Those who followed simple directions and applied Kleerex upon retiring were amazingly surprised when they found their pimples and blackheads had disappeared. Those users enthusiastically praise Kleerex and claim they are no longer embarrassed and are now happy with their clear complexions. Use Kleerex. If one application does not satisfy, you get double your money back. Ask for Kleerex today, sure.

Gasoline Output Shows Decrease

NEW YORK, Oct. 4. (AP)—Total United States gasoline production for the week ended Sept. 29 was 11,913,000 barrels, a drop of 2,832,000 barrels for the 14,545,000 produced in the previous week, the American Petroleum Institute reported today.

Refining companies operated at 70.1 per cent of capacity indicating a daily run to stills of 3,812,000 barrels of crude. In the preceding week operations were at 82.8 per cent with a daily run of 4,499,000. A year ago the total was 4,825,000 barrels.

Civilian Stocks Lower

Civilian grade gasoline stocks at 48,204,000 barrels were 1,952,000 barrels below those of the previous week. Military and other gasolines totaled 31,348,000 barrels, down 1,397,000.

Daily average gross crude oil production decreased 170,100 barrels, totaling 4,357,450 compared with 4,762,300 barrels a year ago. Total U. S. heavy fuel oil production was placed at 7,047,000 barrels against 7,928,000 the previous week and 9,211,000 a year ago. Light fuel oil output of 3,940,000 barrels compared with 4,589,000 in the preceding week.

Gas oil and distillate fuel stocks were reported at 43,689,000 barrels, an increase for the week of 69,000. Residual fuel oil stocks at 46,853,000 were down 748,000 barrels from the previous week.

VARGAS NOT CANDIDATE

RIO DE JANEIRO, Oct. 4. (AP)—President Getulio Vargas reaffirmed before a throng of some 40,000 supporters last night that he would not be a candidate to succeed himself in the forthcoming elections

It's Legal For Lady To Search Husband's Pockets, Judge Says

ALBUQUERQUE, N. M., Oct. 4. (AP)—It's legal for a lady to go through her husband's pockets, says Police Judge E. C. Gober.

In dismissing a complaint brought by a man against his wife, Gober ruled that a woman may rifle her husband's pockets without committing larceny.

Aluminum was discovered only a little more than 50 years ago.

10¢ Calotabs 25¢

For Biliousness, Sour Stomach, Flatulence and Headache, due to Constipation, take Calotabs. Use only as directed.
