

Long-Range Aid Plan For India Mapped

By FRED S. HOFFMAN
WASHINGTON (AP)—Military members of a U.S. mission that surveyed India's critical arms needs reportedly have recommended a three-stage aid plan that could last for years.

Beyond emergency patchup measures to bolster the outnumbered and outgunned Indians in their border dispute with Communist China, the U.S. experts were said to have proposed rebuilding steps for next year and fundamental modernization actions to continue perhaps for years ahead.

Dollar figures were kept secret, but there was informed speculation that it might cost \$1 billion to bring India's outdated arms and military organization up to standard.

Emergency help rushed to India by this country so far was said by qualified sources to total nearly \$15 million.

Gen. Paul D. Adams, chief of the U.S. Strike Command and senior military officer of the U.S. mission that returned recently from India, was said to have listed winter clothing as the first and most pressing need for India's fighting men. Many were

rushed into the mountainous north still wearing light dress suitable to the heat of the lowlands.

Adams was described as deeply impressed with the caliber of the Indian troops and their officers.

U.S. sources said that the Indian soldiers who were forced to retreat before heavy Chinese attacks often brought back their weapons. This indicated they were disciplined and not routed in panic.

The immediate need is to furnish light weapons and gear that can be carried on a soldier's back at high altitudes and in mountainous terrain.

U.S. military authorities were appalled to find that Indian units were equipped with a jumbled collection of weapons — British, U.S. and Czech-made — with as many as three different calibers.

The battles have been fought as high as 18,000 feet in the mountains and American authorities said it has taken about three weeks for the Indian troops to adjust.

Their Chinese foes, on the other hand, already were used to fighting high up where the air is thin. India should have little trouble getting the pick of her manpower in expanding her 600,000-man army, U.S. sources said.

Because of the higher standard of living in India's armed forces than among the population as a whole, there are said to be about 300 applicants for each opening in the ranks.

About the kindest thing that U.S. military men said of the previous Indian military leadership under ousted Defense Minister Krishna Menon was that it was incompetent.

The new men who have replaced Menon and his generals are given high marks by the American officers who recently examined India's military situation.

Rockefeller Starts Strategy For Drive

By JACK BELL
WASHINGTON (AP)—When Gov. Nelson A. Rockefeller cranks up his campaign for the 1964 Republican presidential nomination about five months from now, he intends to run against President Kennedy rather than potential GOP rivals.

This strategy decision, reported by one of the New York governor's closest associates, is based on what his advisers believe are the necessities of any effort to beat Kennedy, rather than overconfidence about obtaining the nomination.

Rockefeller's associates know the governor isn't going to get the party prize without fighting for it. They are well aware GOP conservatives will make a massive effort to head him off.

But Rockefeller's associates obviously think the nomination isn't going to be worth much unless the man who gets it has already laid the groundwork for the general election campaign by establishing his position in opposition to the Democratic president on major issues.

Rockefeller's decision also offers the prospect of avoiding the kind of party splitting battle. Rockefeller is delaying any signal for pre-convention organization work until a month after his state legislative adjourns. For practical purposes he will not be free until May to give much time to any quest for the nomination.

Partly because of this, the Rockefeller people have written state GOP officials that they have authorized no groups to sponsor the governor's candidacy.

As an example, they ran into a situation in Wisconsin where three different groups of Republicans were trying to get the nod to sponsor his name in that state's primary.

George L. Hinman, New York national committee chairman, sidetracked this and similar controversies with letters to party officials promising they would be notified before any move was made in their state to attempt to gather delegates for the 1964 convention.

Rockefeller's decision to delay his drive for the nomination fits in with the plans of a couple of potential rivals, Sen. Barry Goldwater, R-Ariz., and Gov.-elect George Romney of Michigan.

Richard G. Kleindienst, Arizona state chairman, said he thinks Goldwater will take a hard look at developments in the next few months before he makes any final decision on whether to plunge into the nomination race.

Denying that Goldwater had any advance knowledge of a recent secret meeting in Chicago at which conservatives boomed the senator for the nomination, Kleindienst said he is sure Goldwater has withheld any commitments.

The Arizona chairman took issue with Goldwater's own position that he can't go into the presidential nomination without endangering his chances of being re-elected to the Senate in 1964.

John B. Martin, Michigan national committee chairman, predicted in a separate interview there will be no move to push Romney into the presidential picture until after the new governor has had a year or so to get squared around in a now unfamiliar office and to grasp

the Post's account of Stevenson's Cuban crisis role. It said Stevenson, rather than advocating a soft hand, as the Post had indicated, "insisted that a very strong U.S. position be taken at once."

The Life article, by its Washington bureau chief John L. Steele, named no source for its report.

"Barlett joined talents with Stewart Alsop the Saturday Evening Post's Washington editor."

"Thereafter, on White House orders, the doors of the State Department and the Central Intelligence Agency were thrown open to the two reporters. Neither writer talked with Stevenson."

Stevenson later described the Post article as a "classic example of irresponsible journalism," and said it was "fallacious from beginning to end, in every detail."

NEW YORK (AP)—Negotiations resumed today in a strike that has shut down daily newspapers in this city of eight million for two straight days. Chances of a quick settlement seemed slim.

Both sides in the dispute—representatives of all nine metropolitan dailies and the striking printers' union—were called into session at the behest of the Federal Mediation and Conciliation Service.

Stephen I. Schlossberg, special assistant to the director of the service, said the publishers and unions were "pretty far apart."

He said "we are always hopeful," but indicated he saw no signs of speedy agreement.

"We will do whatever we can," he added. "We'll just have to see what develops."

With the presses of all nine dailies idle, a small community weekly Town and Village, which serves a residential section on Manhattan's middle East Side, switched to daily publication for the strike's duration.

Both sides to the dispute openly predicted a long newspaper famine.

Vote Contest Hearing On

Testimony was being heard this morning in 132nd district court in an election contest hearing.

The case involves the writ of candidacy of Travis Beaver of Fluvanna for the position of constable in that precinct. If the evidence warrants, Judge Sterling Williams may issue an order to open the sealed ballot box.

Beaver is being represented by Gene Dulane. Snyder attorney, George Killam, county attorney, is handling the case for the county.

Account Of Stevenson Role Is Disputed By Magazine

NEW YORK (AP)—Life magazine reports that President Kennedy personally threw open government files to two newsmen who wrote an account of U.N. Ambassador Adlai E. Stevenson's role in the Cuban crisis. The White House said the Life article was "completely without foundation."

Life said Sunday that the President's intention was for the two Saturday Evening Post writers to prepare a semi-official chronology of the event of the October crisis but that their resulting story tended to make out Stevenson as an appeaser.

Stevenson and the White House have denied the role attributed to him in the Post by writers Charles Bartlett and Stewart Alsop. After three days of controversy, Kennedy expressed "fullest confidence" in the United Nations ambassador.

Nevertheless, Life said, Bartlett and Alsop "planted the seeds of trouble," which could yet bring about Stevenson's withdrawal from the government.

After the Post article appeared last week, there was published speculation that Kennedy was, as the New York Daily News put it, "greasing the skids" for Stevenson's ouster several months hence.

Life disputed point by point.

Attack Launched By British Force On Brunei Rebels

By JOHN T. WHEELER
BRUNEI TOWN, Brunei (AP)—British troops launched a determined attack today on rebel forces in Brunei's rich Seria oil fields.

A force of 700 Gurkhas and British troops was met by stiff rebel resistance. But reports reaching Brunei Town said the main rebel force was surrounded.

There were no immediate reports of casualties from Seria. There were skirmishes today in Brunei Town, the capital, and one British soldier was wounded.

Gurkhas and the Queen's Own Highlanders fanned out through the oil-rich little sultanate on the northern coast of Borneo as the British pressed on, put down the three-day-old nationalist uprising.

More than 500 rebels were reported to have surrendered, and many others reportedly fled into the jungles.

The government banned the territory's only sizeable political group, the Rakyat (People's) Party, and charged it was linked with the revolt. The party, often accused of leftist leanings, holds 16 of the 33 seats on the legislative council elected last August.

The situation was obscure at another oilfield at Kuala Belait, but the police post there was said to be in government hands.

Unconfirmed reports said Shell Oil Co. European employees at Seria were used as "human shields" by the rebels and that two were killed and eight gravely wounded.

The self-proclaimed rebel leader, A. M. Azahari, vowed in the Philippine capital of Manila that "We shall not lay down our arms until the last British colonizer is driven out."

But he sent an appeal to President Kennedy and other world leaders to mediate with the British for a peaceful settlement of his demand for independence for Brunei and the neighboring British crown colonies of Sarawak and North Borneo.

China Terms Are Rejected By Nehru

By HENRY S. BRADSHAW
NEW DELHI (AP)—Prime Minister Nehru rejected Communist China's terms for settlement of the India-China border war today but offered to refer the border dispute to the International Court of Justice if China withdraws from Indian territory.

Nehru told Parliament India continues to demand that the Chinese withdraw to the positions held Sept. 8. China has called this "unacceptable."

Nehru warned "this war may even last five years or more but I feel confident we shall win."

He called on the Indian people for "determination to refuse to bow down to the imperialist policy of China whatever happens."

Nehru also had words for the six nationalized nations meeting in Ceylon in a search of a solution to the India-China conflict.

"The aggression must be undone and the status quo restored," Nehru said. "At present there is no meeting ground between us."

Nehru replied in Parliament to Peking's demand for a "clear and definite" answer to its package proposals for a cease-fire: mutual withdrawal of forces 125 miles behind what Peking calls the actual control line of Nov. 7, 1959, and meetings of Chinese and Indian officials to form a demilitarized zone, establish checkpoints and return captured personnel.

Contributions to the cause have been picked up since the past few days, as the list of money continues to soar toward the needed mark of \$250,000.

NEW ARCTIC BLAST IS DUE
By The Associated Press
Freezing weather chilled a broad Texas expanse Monday, and winter sent another blast of air howling south toward the state.

Forecasters saw no clouds anywhere in the state to slow the mercury's drop.

Pre-dawn readings sank to 26 degrees at Dallas, 29 at Lubbock, 30 at Junction, 31 at Lubbock and 32 at Amarillo. Wink, Wichita Falls, Fort Worth and Longview. Marks at other points ranged from the lower 30s up to 38 at Brownsville.

Forecasters called for slightly warmer temperatures across the southern part of the state overnight and the arrival of a fresh cold front in extreme North Texas Tuesday.

Cotton Crop Estimate Up

WASHINGTON (AP)—The Agriculture Department estimated this year's government-controlled cotton crop today at 14,723,000 bales.

This figure is 190,000 bales more than last month's forecast of 14,533,000 bales. It compares with 14,318,000 bales produced last year and 13,979,000 bales for the 10-year 1951-60 average.

Production was restricted by federal planting allotments and marketing quotas.

This year's crop will be supplemented by a reserve of about 7.8 million bales from previous crops. The indicated crop compares with government predictions that domestic and export demands from the crop will be about 13.6 million bales.

The yield of cotton per harvested acre was expected to be 455 pounds compared with 438 pounds last year and 390 pounds for the 10-year average.

The acreage to be harvested was reported at 15,521,000 acres compared with 15,634,000 last year and 18,484,000 for the 10-year average. The planted acreage was put at 16,296,000 acres compared with 16,588,000 last year and 19,801,000 for the 10-year average.

Cottonseed production was forecast at 6,140,000 tons compared with 5,978,000 last year and 5,767,000 for the 10-year average.

Production of American-Egyptian type cotton was reported at 99,000 bales compared with 62,600 bales last year and 64,600 for the 10-year average.

The Census Bureau said 12,062,828 bales had been ginned to Dec. 1 compared with 11,636,710 last year.

The acreage harvested, the yield per harvested acre and the production, respectively, of cotton by states included:

Oklahoma 825,000 acres harvested, 253 pounds per acre and production 209,000 bales; Texas 6,440,000; 342 and 4,680,000; and New Mexico 201,000; 657 and 275,000. Ginnings to Dec. 1 this year and last, by states: New Mexico 195,522 and 225,943; Oklahoma 161,476 and 245,197; Texas 2,791,174 and 3,248,941.

Lighting Contest Entries Welcomed

The Snyder Jaycees issued a reminder to Snyderites of the residential Christmas Lighting Contest, which is being held here, and urged all interested citizens to share the Yuletide spirit with their neighbors in this visible manner.

The contest began on December 3 and will last until December 19, reports Jaycee project chairman Darrell Parrish. He added that there will be two phases—outdoor lighting and religious door and window decoration—and that entrants may enter either one that they choose.

Prizes for the religious theme include a \$25 savings bond for first and \$10 and \$5 cash prizes for second and third. An electric yard light, fully installed, will go to the adjudged winner in the outdoor lighting contest, who second and third place will receive a dual controlled electric blanket and electric mixer.

Parrish states that "our community will receive a great many benefits from an all-out effort to decorate our homes. The contest provides pleasure for everyone participating and helps to beautify our city at this season of the year." In behalf of the Jaycees, he invites everyone to take part and join in the spirit of the holiday.

Following is a convenient entry blank made available to those wishing to enter the contest.

AAUW Offers New Program

"With campus enrollments doubled, colleges must double their faculty in the next ten years," warns Dr. Kate Hevner Mueller, Professor of Education at Indiana University in Bloomington.

"This means using more of our talented women if we are to meet the shortage of college faculty personnel," she adds, pointing to the College Faculty Program of the AAUW Educational Foundation as one effort to develop qualified women for college faculty careers.

The Program offers awards to mature women holding bachelor's or higher degrees, whose family responsibilities have eased, to return to graduate schools for a year's study in preparation for higher education careers.

"Mothers and grandmothers can learn as well and better than students of twenty and under, side by side in the same classes and the same subjects with no holds barred and no quarter given," declares Mrs. Mueller.

The AAUW Branch here in Snyder is urging local university women to take stock of their situation and to give consideration to meeting this national need.

Mrs. Lida Rhodes said that the Association's College Faculty Program is offering 50 awards for graduate study in 1963-64, including full tuition and a personal stipend. These awards are available to candidates in eleven Southern states, including Texas, in which the program is operating. Texas Tech Graduate Schools are cooperating in this program.

Local women interested in more information about the awards should call Lida Rhodes. Application blanks are available from the College Faculty Program Coordinator, 2401, Virginia Ave., N.W., Washington 7, D.C.

SURPRISE!

Yesteryear's Slang Means Little To Innocent Of Today

BY INEZ ROBB
The Head of Clan Robb, full panopied or gloom, not his attire - came into our little library and sank into his favorite chair (oh, if I could only get it out of the house long enough to be re-upholstered!). The evening paper hung limp in his hand and he looked as startled as I.

"I am an old man, an old, old man," he said, by way of an opener. "I am a poor, infirm, weak and despondent old man."

"Leaving Shakespeare out of this, what gives?" I asked, as full of sympathy as an advice columnist. "Tell Mama!"

"First, get me a Scotch," he said. "Make it a double, and plain. Make it double because I am an old, old man in need of fortitude and make it plain because you never seem to get the hang of mixed drinks."

With the Scotch grasped in his infirm hand, the head of the house muttered that he had had a hard day.

"But the roof fell in when I called Western Union to dictate a telegram," he said, as his strength and fortitude began to return. "In the telegram I used the word 'snafu'. Of course I could tell that the girl who was taking the telegram was very young from the sound and timbre of her voice."

"However I didn't think anyone was so young she had never heard the word 'snafu'," he continued. "But when I got to that word she

stopped me and asked me to spell it.

So I said S as in Sam, N as in Nellie, A as in antic, F as in fey and U as in U-2.

"She spelled it back correctly, but then she said, 'I never heard that word before. Is it Arabic?'" So I said, "No, that's a G. I. term." And then she said, "G. I.? What does that mean?" And, honey at that point I began to feel awfully ancient. It seemed to me that every joint had begun to creak.

"Well, if a girl was so young she didn't know 'snafu', I felt it might be a life's work to explain to her that G. I. meant government issue. I feared it might take several weeks to explain World War II to her, with such age issues as Maudlin and Willie and Joe, the typical G. I.s."

National Election Promised In Syria

DAMASCUS, Syria (AP)—Premier Khalid El Azem has promised that national elections for a new parliament will be held no later than July 1963.

Azem, who dissolved a rightist-dominated parliament Sept. 24, told newsmen Sunday his three-month-old cabinet is eager to ensure stability and democracy for the country.

A law regulating Syria's political party system will be established before the elections, Azem said.

Junior Editors Quiz on THE MARINES

QUESTION: Why do we have a marine corps?

ANSWER: America has always been especially proud of that courageous, hard fighting body of men, the marines. As far back as 1775, when our nation was coming to birth, our leaders realized that there should be a special body of soldiers who would be trained for the particular purpose of making landings from the sea on various shores which might be important in battle operations. On November 10, 1775, the Continental Congress founded the marine corps as a separate branch of the army and navy. The first beachhead landing was made in 1776 in the Bahama Islands. Since then, marines have made over 300 landings on foreign soil and have earned the title "First to fight." Their operations have carried them all over the world; in the stirring words of The Marines' Hymn, "From the halls of Montezuma to the shores of Tripoli." "The halls of Montezuma" means the royal palace in Mexico City, which the marines were first to enter in the Mexican War. Tripoli, in north Africa, was attacked by the marines in 1805. Besides being an aggressive, alert fighting force, ready for any emergency, marines have many other duties aboard battleships and guarding important buildings.

FOR YOU TO DO: We have sketched only a highlight of two of the marines' gallant story. Find a book or article dealing with the corps and learn more of this gallant service. 12-16 (Wayne Harper of North Wales, Pa., won \$10 for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win \$10 or the weekly grand prize of a set of Britannica Junior Encyclopedias.)

Except for man, and possibly the whole elephant, have the longest life of any other mammal.

"There are two things a real man likes—danger and play; and he likes woman because she is the most dangerous of playthings"—Nietzsche.

George Washington, the father of our nation, survived smallpox, malaria, tuberculosis, influenza, partial deafness and died at 67 from a strep throat and the attentions of his physicians—they took a quart and a half of blood from him as he lay dying. He had his last tooth pulled at the age of 62.

One of history's most notable hypochondriacs was Dr. Samuel Johnson, the lexicographer. He was obsessed by the idea he would lose his wife. Among his many strange delusions was his conviction that he would get drunk if he ate an apple.

One reason doctor's bills are high—costs \$67,000 to train a medical specialist.

Someone has figured out that Americans take 500 million baths a week.

Housewives, beware of holly. One of the traditions of Christmas is that, if a house is hung with holly, the husband will rule throughout the next year.

The U.S. Treasury collects nearly a quarter of a million dollars in tobacco taxes every hour.

The average American husband has one chance in three of outliving his wife.

It was Francois de la Roche-foucauld who observed, "We promise according to our hopes, and perform according to our fears."

Fire Razes Lumber Mill

WOODVILLE, Tex. (AP)—Fire razed the main mill of the Woodville Lumber Co. just outside the city limits late Sunday night. No injuries were reported.

The dry kiln, cleaning mill and lumber stacks of the modern wholesale lumber firm, the commissary and log piles across Highway 190 escaped. Many homes close by, occupied by employees of the company, likewise did not burn.

The cause of the fire had not been determined. Units from Jasper, 25 miles distant, were called to reinforce the Woodville volunteer fire department and company employees battling the blaze.

Absence of wind helped firemen bring it under control. As the flames shot upward, they were visible throughout this Southeast Texas town.

Owners of the plant, R. I. Reid, S. D. O'Brien and S. H. Reid, could not be reached for an estimate of the loss.

Finalists To Earn Berths

By The Associated Press
Texas schoolboy football picks finalists in four divisions this week with Borger and Spring Branch favored to make it in blue ribbon Class AAAA.

To do so they must march over Lufkin and San Antonio Brackenridge, respectively—which may not be as easy as it sounds. Borger and Spring Branch are undefeated and untied while Lufkin and Brackenridge have lost three games apiece.

Travis Home For Lamesa

Travis entertains Lamesa this evening in Travis Gym in a pair of junior high basketball encounters, while Lamesa will be on the road for a like number of battles with Stamford.

The 8th grade game here is slated for 6:30, while the 9th graders will lock horns at 8. Both Travis quintas will be seeking their first victories of the young season following two defeats.

Lamar 8th is 2-0 and Lamar 9th 1-1.

Prior to the Lamesa contests, the Travis Blue and White 7th graders will tangle in Travis Gym beginning at 4:30.

Microwave System Scheduled By FAA

A representative of the Federal Aviation Agency was in Snyder this morning.

He was conferring with contractors regarding the Agency's construction of a microwave system, one unit of which will be built near Snyder. Construction is expected to begin in the near future.

The Snyder unit will be one of several which will link West Texas and Central Texas, and will have self-contained power for use in the event of "commercial" power failure.

The facility is being built by the civilian agency, but will be coordinated with the military as well.

Alex Delvecchio of the Detroit Red Wings is the only new National Hockey League captain this season.

Buckies Shine In Spite Of Losses

By MIKE RATHET
Associated Press Sports Writer

Superman Jerry Lucas has changed into street clothes, but that hasn't stopped Ohio State's bounce-back Buckeyes from slowly emerging as a power in the midwestern basketball Badlands along with state rival Cincinnati and a question-mark Colorado club.

The loss through graduation of last season's high-scoring triumvirate—Lucas, John Havlicek and Mel Nowell—figured to deprive Ohio State of some of its luster, but the Buckeyes' still are playing some sparkling basketball.

The Buckeyes made it four victories without a loss Saturday night, using balanced scoring by the five starters to overcome third-ranked West Virginia 76-69. It was the first loss for the strong Mountaineers.

Meanwhile, Cincinnati's top-ranked Bearcats cruised past George Washington 86-59 for their fourth straight triumph as Ron Bonham scored 25 points and Tom Thacker contributed 19 to the attack.

Colorado, the defending Big Eight champion which last year took a back seat to the Bearcats and Buckeyes in the midwestern basketball belt, continued to campaign for a place among the elite with a 69-64 decision over Northwestern that followed an upset of Wichita earlier in the week.

Eighty-ranked Indiana joined the losers Saturday, bowing to Iowa State 63-55.

Wisconsin and Oregon State, struggling along without football stars scheduled to play in post-season bowls, joined Kentucky and Wichita in rebounding from losses.

Art Heyman's 32 points and 21 by Jeff Mullins led second-ranked Duke to a 92-56 rout of Maryland in an Atlantic Coast Conference clash. Leland Mitchell's 34-point spear carried fifth-ranked Mississippi State to an easy 79-56 triumph over Northeastern Louisiana.

The No. 6 Badgers, minus Rose Bowl-bound Pat Richter, got 19 points from Jack Brens and beat Texas Western 73-59. The No. 7 Beavers, playing without Liberty Bowl-bound Terry Baker, edged the second straight 31-point output by 7-foot Mel Counts to subdue Washington 57-45.

The ninth-ranked Wildcats, with Cotton Nash held to 15 points, needed a basket by Randy Embry with 1:22 left to snap a tie and wind up with a 56-52 decision over Temple. The No. 10 Wheatshockers thumped Purdue 79-59 as Lenny Kelley paced the attack with 21 points.

Some major conference action on a program heavy with intersectional games, a three-point play by Lee Melear at the start of overtime led Virginia Tech to a 77-71 victory over William & Mary and Davidson edged VMI 64-62 in another Southern Conference struggle on a basket by Charlie Marcon and Don Davidson's foul shot.

Wake Forest ousted North Carolina State 66-58 and North Carolina whipped South Carolina 75-66 in a pair of ACC games that shared the spotlight with Duke's efforts.

In two other games of more than passing interest, St. Louis upset Kansas State 59-47 and Notre Dame beat Valparaiso 102-90.

Elsewhere, Colorado State U. nipped UCLA 66-65 in overtime. Seattle defeated Idaho State 85-66 and Arizona State U. thumped Pepperdine 82-71.

To The Grindstone

By The Associated Press
The Southwest Conference's two bowl teams—Texas and Arkansas—returned to the practice field Monday.

Texas is getting ready for Louisiana State in the Cotton Bowl. Arkansas is preparing to meet Mississippi in the Sugar Bowl.

Texas has been working out on an informal basis for a week. Now it's resuming touch drills. Arkansas will do little more than exercise the first couple of days, Coach Frank Broyles said.

Tigers Open Home Season Tomorrow

Snyder's Tigers will be home for the likes of Leveland's Lobos tomorrow night at 8 o'clock for a game that will inaugurate their home cage campaign.

The Bengals launched their season last week in Hamilton with a 54-43 win, but suffered consecutive losses to Plainview and Lockney in the Plainview Tournament to be dropped to 1-2 for the year. Snyder B (2-2), fresh from a third-place finish in their own tournament of Friday and Saturday, will meet the Leveland B team at 6:15 prior to the reeling off of the varsity duel.

Lincoln Teams Finish Third At Floydada

FLOYDADA—Lincoln High of Snyder cornered third places in both boys and girls play of the Floydada Basketball Tournament held here over the past weekend.

Lincoln's Trojans, who advanced into the second round on a bye, were topped in their initial outing against Plainview, 51-39. Lincoln's Linwood Durs led all scorers, however, with 19, while Ronald Green chipped in with 12 and Raymond Johnson with 8. Kenneth McClain picked off nine rebounds for the Trojans, also.

Washington was tops for the winners with 14 points.

The Trojans bounced right back to knock off Olton 45-30 for third place behind the 20-point splurges of Durs and Green. Willie Barnes rounded out the team's scoring with 5 and once again Johnson led in rebounding with 12.

George Thomas was tops in scoring for Olton with 13.

The Trojanettes opened tournament play by sinking Plainview 36-18. Emma Garrett and Pearl Jo Scott each meshed 17 and Louline Brooks chimed in with two in posting the easy 79-56 victory. Mary Goosby snagged 9 rebounds for Lincoln, while Plainview scoring was led by Hazel Washington with 8.

Lincoln's girls were nudged out in the second game by Olton, 24-10. Olton's Hazel Nash was high for the contest with 15. Lighting up the scoreboard for the Trojanettes were Emma Garrett with 11, Louline Brooks with 8, and Pearl Jo Scott with 2. Mary Johnson had 10 rebounds for the Trojanettes, also.

The Lincoln girls went on to slip past Sudan for third place, 36-33. Mary Goosby was leading scorer with 24, while Evelyn Brazier and Emma Garrett added 8 and 4, respectively. Pearl Jo Scott was leading rebounder with 8.

After felling the Trojans, Plainview went on to win the tournament. Champion in the girls' division was host Floydada.

Lincoln's boys and girls host Big Lake in Trojan Gym tomorrow night beginning at 7:30 in a pair of district battles.

TURKISH LABOR PARTY

Building Is Stopped

ISTANBUL, Turkey (AP)—Demonstrators, shouting "Down with Communists," stoned the Turkish Labor Party building in a reported 20 party members.

Six people were questioned and released.

The demonstration apparently was provoked when party officials, opening a new chapter, refused to admit a delegation from the crowd to watch the ceremony.

SPOTLESS RECORD—Ray Nokes (left) and Jerry Smedley (right) present trophies to their Travis 7th football coaches, Larry Roberts and James Wesson, as the only two coaches in the city who went through the recent campaign in undefeated and untied fashion. The presentation was a highlight of the team football banquet held Saturday night at Carlos' Little Mexico.

Football Powers Cage Titans, Too

By The Associated Press
The Southwest Conference basketball campaign is beginning to look like the recent football race with Texas and Arkansas as the only teams of national caliber.

At least Texas and Arkansas are the only undefeated teams and the only ones with spotless records against outside foes. Arkansas has done the best job because it has played more intersectional games. The Razorbacks have beaten Kansas and Missouri.

Texas last week won the first intersectional game on its schedule, beating Tulane 81-72. The remainder of the week's schedule:

Monday—Rice vs. Tulane at New Orleans, Texas Christian vs. Houston at Fort Worth, Texas Tech vs. Memphis State at Lubbock.

Tuesday—Texas A&M vs. Mississippi Southern at College Station, Baylor vs. Trinity at Waco.

Thursday—Southern Methodist vs. Louisiana State at Dallas, Texas Christian vs. Michigan at Ann Arbor.

Friday—Texas Tech vs. Auburn at Auburn, Ala.

Saturday—Texas A&M vs. Houston at College Station, Southern Methodist vs. Tulane at Dallas, Texas Christian vs. Ohio State at Columbus, Texas Tech vs. Alabama at Tuscaloosa.

North Carolina State and Michigan State will meet for the first time in football since 1929 when they play at East Lansing, Mich., in 1966.

The Local Slate

MONDAY

Texans Sign Whopper

DALLAS (AP)—Another king-sized lineman, 6 foot-5, 255-pound tackle David Hill of Auburn, signed a contract Sunday with the Dallas Texans of the American Football League.

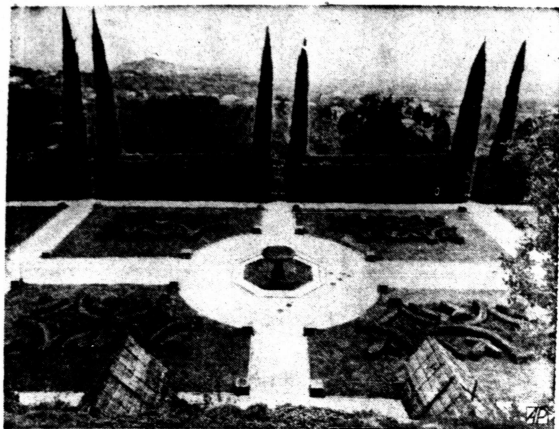

Hill was a 24th round choice of the Texans in the AFL draft and a fifth round pick of the New York Giants in the National Football League draft.

North Carolina State and Michigan State will meet for the first time in football since 1929 when they play at East Lansing, Mich., in 1966.

Bids were accepted by the commissioners court yesterday afternoon for construction of an agricultural exhibit building, three tennis courts, and swimming and wading pools for the county park at a total of \$210,065.

County park progress, safety controls and establishment of a public library were subjects presented to about 1100 persons of the P.T.A. of East Elementary in a meeting last night.

"We can have a public library and it will require much effort and hard work," W. L. Dumas, chairman of the library project, told the group.

A GIFT OF FOOD IS ALWAYS APPRECIATED—Especially if it comes from the excellent assortment at Pick and Pay Grocery. Mr. and Mrs. Marcel Josephson with just a few suggestions. Mrs. Josephson holds a holiday box which may be packed to the givers specifications, and a jelly server featuring Dickenson preserves. The Dickenson line or the Smucker line may be purchased in individual jars or in gift sets. Mr. Josephson shows one of the preserve gift packs and one of his cheese cakes for which he is becoming famous. Holiday time is a good time to visit Pick and Pay.

Christmas Foods Abound At Pick And Pay Grocery Here

Good food is just as much a part of Christmas time pleasure as are the stockings, the trees, and the gifts.

But Christmas time is not the time for the lady of the house to be stuck in the kitchen. Luckily, Mrs. Josephson does not have to make the choice between plain, drab foods for festive occasions or hours in the kitchen to fix something special. Yes, lucky Mrs. Josephson can call on the Pick and Pay Grocery when those "special" occasions come around.

Not only does Pick and Pay carry a full grocery line, but they feature those party foods as well to guarantee a successful meal, all it takes is a call to Pick and Pay.

At your order, Pick and Pay will gladly bake a ham or a turkey. And you are assured that not only will the meat be done to perfection, but the dressing and gravy will be perfect too.

Or why spend hours on a snack tray, when Pick and Pay can furnish a beautiful tray loaded with taste-tempting treats?

Also during this holiday season, gifts of food are suggested by Pick and Pay. Decorated boxes in

Babysitter Seized; Child Is Returned

LOS ANGELES (AP)—A 2-year-old has been reunited with her mother and her babysitter, seized in Texas, charged with kidnapping.

Chubby, blue-eyed Maria Carole Loveless was found Saturday by FBI agent Marvin Bell in a dilapidated house near Killean, Texas, with the baby sister, Mrs. Carole Lee Gibson, 20.

Bell took Maria back Sunday to her mother, Mrs. Emma Loveless, 27.

"She looks perfect," exclaimed Mrs. Loveless. The mother said she didn't know why Mrs. Gibson took the child.

Mrs. Gibson was jailed on a federal warrant and held at Waco in lieu of \$10,000 bond. The FBI said she will be turned over to Long Beach police for prosecution on kidnapping charges.

Bell, the father of three, wiped tears from his eyes as he told Maria goodbye. He told of finding her "filthy, wet and cold," and said his family fed her and bought her new clothes to wear back to California.

"My little girl, Pati Ann, just cried and cried at the airport Sunday morning. She kept saying, 'Let's keep her, daddy,'" the agent said.

As the mother and child started to leave, Bell gave Mrs. Loveless \$20 to buy a doll. He said his family bought Maria one in Texas but it was left behind and he wanted to be sure she had one for Christmas.

AFBF Chief Asks Cut In Spending

By OVID A. MARTIN
ATLANTA (AP)—President Charles B. Shuman of the American Farm Bureau Federation called today for a reduction in federal income taxes unless matched by cuts in government spending.

Shuman said in a speech prepared for the opening session of the federation's four-day annual convention that lowering of these taxes without corresponding savings in expenditures would constitute fiscal irresponsibility.

The farm leaders' remarks raised the prospect that any proposal of the Kennedy administration to reduce taxes next year would face broad agricultural opposition unless the federal budget is balanced.

At its recent convention at Fort Wayne, Ind., the National Grange opposed tax reductions accompanied by deficit spending.

The Kennedy administration has been studying proposals to lower income taxes to help spur economic growth and reduce unemployment.

Shuman's tax statement was outlined in a convention talk that called upon Americans—farmers as well as nonfarmers—to make 1963 a year in which the savings of big government are clipped.

He said Congress should be pressed to tell the federal government to leave to states, counties and individuals the responsibility for solving education, medical and municipal problems.

The convention appeared to be heading for an almost unanimous approval of resolutions calling for less government in agriculture.

Shuman told a news conference that majority of the nation's farmers oppose Kennedy administration supplies and prices.

Shuman, who farms in Illinois, said there was also need for a reduction of at least \$1 billion a year in foreign aid programs. He said such aid should emphasize technical assistance in developing economies of poorer countries rather than grants of money and goods.

Shuman was particularly outspoken in his criticism of government fiscal policies and the talk of possible tax reductions.

"Total national income of the people of the United States is at a very high level," he said. "We can afford to pay our way as we go. Further deficit spending by our government may generate disastrous inflation and jeopardize the confidence which other nations have in our fiscal responsibility."

As to federal farm programs, Shuman said that after 30 years of "fruitless and costly experiments, farmers generally accept the fact that there will never be a 'workable' government program to control production and fix prices of agricultural products."

The big job ahead he said, is to provide programs designed to farm program aid to adjust to a free market system.

Barge Carrying Explosives Loose

CLEVELAND (AP)—A barge loaded with explosives that broke loose from its moorings has been located on the Canadian side of Lake Erie.

The 10-by-20 foot barge broke loose from its moorings at Ashtabula, Ohio, east of here, Saturday.

The barge, loaded with 2,000 pounds of explosives, went aground at Long Point, about 40 miles north of Erie, Pa., the Coast Guard reported Sunday.

Broad Areas Have Damp Chill Today

By The Associated Press

Blustery, wet, cold weather—a midwinter climatic pattern—chilled and dampened broad areas from the Midwest into the deep South today.

More heavy snow fell in many areas of the northeast quarter of the country, still digging out from last week's first major snowstorm of the season.

Heavy snow warnings were posted for northern sections of Indiana and Ohio, upstate New York and interior parts of New England.

The coldest weather of the season, with the winter's official start nearly two weeks away, was reported in many places.

Stiff northeast winds blew cold air into northern Minnesota, dropping temperatures to below zero.

In northern Florida, the mercury approached freezing in Tallahassee and Jacksonville.

Readings were 10 to 15 degrees in Kentucky, most of Tennessee, Virginia and the Carolina mountain areas, with near 20 in north Georgia.

Up to a foot of fresh snow fell in western New York Sunday. Accumulations in other parts of the state ranged from one to three inches.

Snow on the ground in Houghton, Mich., measured 20 inches—with the snow continuing throughout the night. South Bend, Ind., slushes, through 16 inches of wet snow, with falls continuing. In Chicago, 30 miles northwest, only a trace of snow was reported. But it was 10 above in Chicago, the coldest day of autumn.

More snow also hit Cleveland and other sections of northeast Ohio, which were hammered by last week's storm. Some 46 deaths were attributed to last week's storm.

Minister Is Stricken

GREENVILLE (AP)—The Rev. Bill Betts, 36, pastor of Wesley Methodist Church, was fatally stricken with a heart attack Sunday night as he delivered his evening sermon.

He was stricken shortly after entering the pulpit, and was dead on arrival at a hospital. He recently returned from a four-week missionary trip to Brazil.

He came to Greenville two years ago after serving Texas churches in Detroit, Avery, Roysse City, Frisco and Wichita Falls.

Survivors include his widow, two sons and a daughter; his parents, Mr. and Mrs. Floyd Betts of Dallas, and a brother, Dr. F. G. Betts Jr. of Tyler.

Washington's new Dulles International Airport is located about 27 miles west of the nation's capital.
