IN CLASS B SEMIFINAL FOOTBALL GAME

Matador, Rule To Play Here Friday

Wester Field in Floydada will be the site of the Class B semifinal football playoff game between the Matador Matadors and the Rule Bobcats Friday night. Kickoff time is 8 p.m.

The Matadors, picked to finish in the middle of the District 2-B pack in the pre-season polls, wound up their

regular season with 10 straight victories (nine of those in district play). Coach Stan Irvine's Matadors tied Groom 6-6 in bi-district play and advanced in the playoffs by way of a 3-1 advantage in penetrations, then last Friday, beat Jayton in the quarterfinals 22-12 to set up the Friday-night tilt

with the Bobcats.

Rule, the 5-B representative, is undefeated and untied in twelve starts, including a bi-district win over Rising Star, 45-6, and a quarterfinals victory over Prosper, 21-0. The Cats beat Jayton in regular season play 26-0.

Matador won the coin flip for choice of game sites and elected to name Floydada as the playoff spot. Matador fans will sit in the home-team stands on the west side of the field.

Floydada schools and the Floydada Chamber of Commerce are happy to host Class-B quarterfinalists and extend a big "Welcome" to the teams and fans from both Matador and Rule.

Man Killed In One-Car Turnover

A Floydada man was killed and another seriously injured in a one-car rollover about eight miles north of Floydada on State Highway 207 (the Silvertown highway) about 2 a.m. Sunday.

Juan Ibarra, 24, was dead at the scene. A brother, Julio Ibarra, 21, was reported Monday to be in serious condition with a broken back in Lubbock Methodist Hospital. Another brother, Jesse Ibarra, and two other Floydada men, Victor Mendoza and Francisco Luna, were in the car but were not seriously injured.

Highway patrolman Chap Eeds, who

investigated the accident, said the driver apparently lost control of the car on a curve. The automobile ran off the road, apparently overturned twice, and came to rest in a field west of the highway.

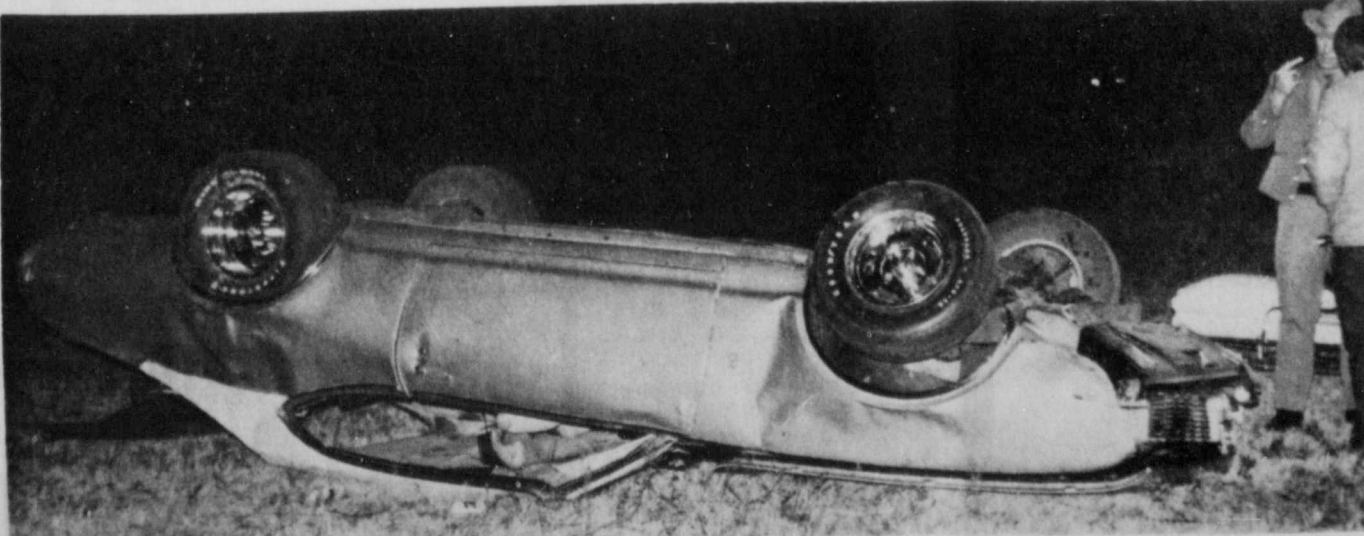

The auto, a 1969 Oldsmobile 442, was registered to Mendoza. Investigators were still trying to determine the driver Tuesday.

Funeral rites for the victim were conducted Tuesday afternoon in St. Mary Magdalen Church in Floydada. Burial was in Floydada Cemetery under the direction of Moore-Rose Funeral Home.

A native of Cotulla, Tex., Ibarra was

born Feb. 14, 1949 and moved to Floyd County with his parents in 1957. He and the former Jo Ann Rendon, daughter of Aaron Rendon and granddaughter of the Allen Rendons of Floydada, were married here December 18, 1971. Ibarra was employed by Floydada Co-op Gin.

Survivors include his wife, a son, Juan Angel of the Floydada home; his parents, Mr. and Mrs. Juan Ibarra Jr., of Floydada; five brothers, Julio, Jesse, Joe, Frank and Tony; three sisters, Alexandra, Irma and Janie, all of Floydada and his grandfather, Juan Ibarra Sr. of Plainview.

V. Scott and Kirby Hatley.

Team Effort Key To Matadors' Success

The Matador Matadors, number-three rated Class B team in the AP football poll, surprised the grid forecasters this year and bounced back from a 3-6-1 record in '72 to a perfect 10-0 regular-season mark, including a non-conference victory over Class-A rival Paducah and nine District 2-B victories.

The Matadors beat Groom on penetrations in the bi-district playoff game and came back last week to beat Jayton 22-12 in the quarterfinals.

The Matadors have averaged 25 points per game while allowing the opposition an average of eight points per contest.

Coach Stan Irvine stresses the team effort as the big factor in the success of the Red and Black this year. The Matador offense is primarily geared to the run, and two backs are near the 1,000-yard

mark in rushing for the season. Cledel Campbell tops the Matador ground-gainers with 1,250 yards, and Castulo Gonzales has picked up right at 1,000 yards. Campbell, who scored 137 points, averaged seven yards per carry, Gonzales six. Troy Taylor, another back, who saw a lot of action for the Matadors, averaged five yards per carry, and fullback Morris Timmons and quarterback Steve Stevens have respectable four-yard-per-carry averages.

Stevens throws nine or ten times per game, to balance the running attack. He completed five of nine attempts against Jayton last week, including one for a TD.

Coach Irvine feels that the Matadors' offensive line is a big reason for the team's success in moving the ball. Thomas Tilson, a 6-5,

220-pound lineman, is tabbed as an all-state candidate this year on defense, but he's part of the strength of the offensive line, too.

A regular starter on the Matadors' defensive line, Larry Clifton, was injured in the Groom game but will probably see some action

Rule's Bobcats Ranked Second In State

The Rule Bobcats, rated number two in the state in the Associated Press Class B football poll, bring a 12-0 record to the semi-final playoff game against the Matador Matadors.

The Bobcats averaged over 47 points per game, including two playoff contests, while limiting their opponents to an average of five points per contest. They shut out the opposition in five regular-season games and in last week's quarter-final bout, beating Prosper 21-0.

The Bobcats' offensive attack is led by quarterback Art Briles, who has carried 150 times for 1389 yards, an average of 9.2 yards per carry, and completed 45 of 87 passes for 898 yards and 12 touchdowns. End Larry Barbee caught 24 of those for 726 yards and 10 TD's. Barbee also leads the team in interceptions, with 10 pickoffs from his defensive safety position, and has punted 33 times for a 35.7 average.

Halfback Rob Kittley picked up 796 yards on 128 carries for the Bobcats this season, a 6.3-yard average. Fullback Mike Lisle carried 127 times for 702 yards, a 5.5 average, and halfback Terry Futch gained 324 yards on 52 attempts, averaging 6.2 yards per carry.

opponents' passes so far in the 1973 campaign. The 'Cats have also recovered 25 opponents' fumbles.

Watt reminded potential exhibitors at the 78th annual Stock Show that entry

deadline is Dec. 15 for cattle, horses, sheep and swine. Entries of pigeons, rabbits and poultry should be in the 15.

Lockney Care Center News

By Laverne Christian
Guess winter has started in a small way but it's cold up here. We have the fireplace going...but without wood.

Pope Duncan is still in the VA Hospital in Amarillo. We're hoping he will soon be back with us. We are so glad Jewel Tinnin is doing better. Mr. de la Cruz got off to the San Antonio hospital for his checkup. We were all sorry to lose Mrs. Livingston but I know what a joy it must be to be with the Lord. Those being welcomed as new residents are Mrs. Johnnie Chaney, and Mrs. Arthur Brattan. We hope they enjoy themselves and make many new friends here.

Our December birthdays are James Turner, 12-8; Hugh Griffith 12-8; Mary Weiland, 12-8; and Lockett Payne, 12-22.

Our resident Christmas party will be Dec. 21 so be watching for more news on this. Hope lots of you can come.

Oh, activities are going great guns. We are so thankful to all you people who make our program so successful.

Mrs. Manning has gotten our flower boxes back in the lobby and fixed up again for the winter. We sure appreciate Mrs. Manning doing this last year and now this year.

Mrs. Crawford is an interviewer and counselor for the Commission and she holds a degree in International Trade from the University of Texas at Austin. She based her impressive program on "If I Needed a Job Immediately."

She told the group that the Commission deals with jobs from maids to Vietnam Veterans. The two types of people who distress her the most are the handicapped and the woman who has found herself in the situation of needing a job. She stressed to each clubwoman to treat her volunteer work

The job market is like an iceberg... you only see 1/4 of it... like in the newspapers, on television, etc.

Mrs. Crawford put emphasis on what a woman should do if all of a sudden she finds herself a young widow. First, go immediately to your Social Security office, then get a good lawyer, and then find a good financial advisor. BEWARE OF QUACKS!! Things to do if you DO need to go to work: (1) First, have your home situation worked out. Such as babysitting, housework, etc. BE PREPARED. (2) Then go to your State Employment Commission. They are state-supported and there is no service charge. Also they screen their employers. There was a question-and-answer period following the impressive program and then she passed out work applications to the group.

Following the program, refreshments of cheese balls, crackers, and tarts, soft drinks and coffee were served by Mrs. Delvin Bybee from plates and napkins of a Christmas green.

There was a short business meeting presided over by Mrs. D. K. Jackson, president of the club. Thank you notes from Mrs. Van Bradley and Mrs. Robin Brooks were read. The meeting was adjourned. A PERSON can carry devotion a little too far, but when I read of an Oakland, Calif., women's page editor giving birth to her baby while on the job, I thought that was going to the extreme. The presses didn't even stop for the birth, according to the assistant city editor. The birth wasn't exactly planned to happen at the newspaper office. The baby wasn't due until December 2, but the eight pound, one ounce baby girl arrived last week, on a Wednesday, just two minutes before the newspaper's deadline for its final edition. The new mother was waiting for the arrival of her husband to take her to the hospital, and just barely made it to the women's lounge where the baby was born, assisted by a woman news writer. Newsroom sources said it was the first baby ever born during the paper's 100 year history. I would surely hope so!

THEY'RE a beautiful bright red holiday tradition that come in four shapes. Their delicious tart flavor is great for sauces, baked goods and beverages — but they can also be used for medicine, or to dye fabrics. They are vaccinium macrocarpus, called "bunchberries" by our pilgrim forebears because they have a healthy bounce when they are ripe. These colorful little berries, today enjoyed as cranberries, were first discovered flourishing in the sandy bogs of Cape Cod by the early settlers. Cranberries have become synonymous with Thanksgiving and Christmas. Strands of the colorful fruit still garland many a festive tree. And cranberry sauce and jelly are virtually inseparable from the holiday turkey.

For Christmas morning. Randy Barrett is the grandson of Mr. and Mrs. E. O. Barrett and Mrs. Velma Harrison, all of Lockney.

or any morning, try Cranberry muffins. Here is the recipe:

- 1/4 cup milk
- 1/2 cup liquid margarine
- 1 egg
- 2 cups flour
- 1/2 cups sugar
- 2 teaspoons baking powder
- 1/2 teaspoon salt
- 1 10 oz. pkg. frozen cranberry relish, thawed, drain.

Heat oven to 425°. Combine milk, margarine and egg. Add combined dry ingredients; mix only until moistened. Stir in relish. Pour into greased medium-size muffin pan, filling each cup 2/3 full. Bake at 425°, 20 to 25 minutes, or until golden brown. Remove from pan immediately. Makes 12 muffins.

DON'T forget to take your youngsters to Santa Land in Floydada beginning next Thursday, December 13. Members of the 1956 Study Club, sponsors, are busy this week, preparing the building next to the Recreation Center, west of the court house.

SOME of you band parents who will be available and willing to work Friday night at the concession stands for the Matador-Rule game, give me a call. We sure can use you as we expect to be rather busy.

IF anyone has an extra quilt around the house, it's probably mine. The daughter left one on a Floydada band bus several weeks ago, and when she went back to get it, it was gone. I would appreciate its return. I need all the quilts I can get, what with winter upon us and the furnace turned low. I'll be happy to pick it up if you'll give me a call.

THIS is the season for homeowners with fireplaces to gather up those twigs and branches, for this winter may go down in history as the time of the open bonfire. With the fuel shortage few can be certain of having a warm house when the frost is on the vine. We may eventually see people in the north moving to the sunny south.

Floydada Girls In Finals

Misses Susan Cozby and Karen Willis, Floydada graduates, are among 13 freshman finalists in the Presidential Hostess competition at South Plains College. A tea for the finalists will be held this afternoon, December 6, in the Texas Annex on the campus from 3:30 until 4:30 p.m.

Miss Quebe Honored With Shower

A pre-nuptial miscellaneous shower honored Miss Myra Sue Quebe of Santa Fe, N. M. Saturday afternoon in the home of Mrs. L. Brandes in the Providence community. Miss Quebe and Tom Parmer will be married Dec. 28 in Santa Fe.

Mrs. Brandes greeted guests and presented them to Miss Quebe and to Mrs. Ewald Quebe who was standing in for the honoree's mother, Mrs. Helmut Quebe who was ill. Corsages of bronze baby mums were worn by the honoree and Mrs. Quebe.

Registering guests were Mrs. Donnie Bybee. Displaying gifts in the gift room were Mrs. Warren Mathis, Mrs. Richard Matthews and Mrs. Marvin Scheele.

An ecru cutwork cloth covered the serving table, which was centered with an artificial arrangement of bronze spider mums. The arrangement was presented to Miss Quebe. Hot cider, coffee, thumbprint cookies and meringue cookies were served by Mrs. Royce Carthel and Mrs. Cecil Boedeker, using china appointments. Napkins imprinted with the couple's names were used.

QUITAQUE NEWS

Texas. Two new businesses will soon be open in Quitaque, and some major construction work is currently under way on the east edge of town. A new veterinary clinic and a district insurance agency will soon open offices here, and both will probably be ready for occupancy shortly after the first of the year. The foundation and metal framework has already been completed for the clinic, and it will be located on Highway 86 west of Quitaque on the Dale Smith property. The clinic will be owned and operated by Dr. Bob Jones, the well-known veterinarian from Childress, and at the beginning it will provide veterinarian service two days each week. Bob says he gets lots of business from this area already, and he's been considering this move for a long time. Monte Stephens will also be moving his district First Pyramid Life Insurance Agency to Quitaque from Canyon in the near future, and he will renovate the building next door to the First National Bank and have his offices there. Monte is also working on plans to have an attorney come to Quitaque two days each week, and he will be provided office space in the same building with him. Construction work is also continuing at a rapid pace on the apartments in the Valley View Addition in the east part of Quitaque. There will be 10 two-bedroom rental apartments available for occupancy early next spring, and this should help ease the critical housing shortage that has existed in Quitaque the past 18 months. The apartments will be first class in every respect, and will be the newest trend in apartment construction. They will be spaced out so they will blend with the neighborhood as new homes are built. There will also be a circular paved drive, complete with curb and gutter, all along the residential area.

South Plains Cotton Harvest Passes One Million Bales

The South Plains cotton harvest passed the one million bale mark during the last week in November, according to Paul R. Dickson in charge of the USDA Cotton Classing Office in Lubbock.

Samples from 865,000 bales had been classed at the Lubbock, Brownfield, Lamesa and Levelland offices through Friday, November 30, and the four offices had 178,000 unclassified samples on hand at that time.

Personnel at the four offices tested and classed samples from 292,000 bales during the week ending the 30th.

Estimates indicate that

approximately one-half of this season's crop is now out of the fields.

Quality of cotton continued excellent and is considerably higher than last year.

Grades 31 and 41 continued to be the predominant grades at Lubbock, making up 76 percent of all classed. Grade 31 made up 28 percent, Grade 41, 48 percent and Grade 32, 11 percent.

Staples were predominantly 30 to 32. Fifty-two percent had staple lengths of 30 and shorter and the remaining 48 percent stapled 31 and longer. Average staple length was 30.7/32nds of an inch.

Micronaire readings continued excellent. Eighty-four percent of all cotton tested at Lubbock had micronaire readings in the premium range of 3.5 to 4.9, 7 percent was in the high micronaire range of 5.0 to 5.2 and 2 percent was in the very high range of 5.3 and above.

The Agricultural Marketing Service of the USDA reported that cotton prices advanced \$2.50 to \$15.00 per bale on the Lubbock market during the past week. Demand was strongest for cotton with staple lengths of 31 and longer but was strong for cotton with staple lengths of 29 and 30. Prices ranged from 2800 points over the Government Loan

for short staple cotton up to 4350 points over the loan for long staple cotton. Typical lots were bringing an average of 37 cents per pound over the loan and were selling in the price range of 45 to 55 cents per pound.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Grade 31, Staple 30 - 51.65 cents per pound, Grade 31, Staple 31 - 57.90, Grade 31, Staple 32 - 59.90, Grade 41, Staple 30 - 50.70, Grade 41, Staple 31 - 56.75, and Grade 41, Staple 32 - 58.45.

Cottonseed prices were lower and farmers received \$95 to \$110 per ton. Average price was \$100.40 per ton.

Kissing Under Mistletoe

The word "mistletoe" derives from the Anglo-Saxon word "mistletoe." It is a parasitic plant which grows on evergreen trees, with small yellowish-green leaves, yellowish flowers and waxy white, poisonous berries.

Under a sprig of mistletoe men are by custom privileged to kiss any women standing under it. The man is supposed to first remove one of the berries and present it to the woman. When all the berries are gone, this kissing game is over. It is thought this custom comes from an early pagan marriage rite.

Mistletoe was considered sacred by the Druids in ancient Britain and they performed elaborate ceremonies around it at the winter solstice. Because of these pagan associations, it is seldom used in church decorations.

Mrs. Green last Monday, as did Victor Green of Plainview.

Don Clark Green of Big Spring came Saturday p.m. and had supper with Ma Green.

We are sorry Mrs. Hollis Payne was unable to attend church Sunday. Mrs. Green called at the home briefly Sunday p.m., and at the C. A. Breeding home.

Quartet Due At Calvary Baptist

The Wildwood Quartet, a full-time evangelistic singing group from Northeast Missouri will be appearing December 13 at 7:30 p.m. at the Calvary Baptist Church in Floydada.

The group consists of Melvin Bissey (tenor), Steve Parnell (lead), Wiley Zinn (baritone), Terry Hunsaker (bass) and Mark Haley (pianist), all of whom are in their early 20's. The purpose of their ministry is to spread the "good news" of Jesus Christ.

The group originated in 1966, but developed into a full-time ministry in May of 1972. They travel primarily in the Midwest, including occasional tours. At present, the quartet has available three LP albums.

The Wildwood Quartet is available for ministry in churches (single nights, weekend or week revivals), high school assemblies, youth rallies, coffeehouses, city-wide concerts, etc. The group's expenses are met through free-will love offerings.

Bookings, record sales, and other business are handled by Terry Hunsaker, c/o Wildwood Quartet, Box 93, La Plata, Mo. 63549.

Microwave oven owners (there are now said to be more than 500,000 in the U.S.) are well prepared for economy cooking, too, according to industry experts. The "instant" oven cooks frozen foods and leftovers in a jiffy, and reduces cooking time of complete family meals to a matter of minutes.

Floydada Care Center Happenings

By Faye Walters

November has been a month of sickness and sorrow at our care center. Bessie Lanier passed away Tuesday. She had been a resident here for several years and we shall all miss her and hope that each one of our staff has been instrumental in bringing some happiness into the last years of this dear woman.

We were so happy we were able to have the record player this month, as she sat by the hour and listened to it. I think she really enjoyed it more than anyone.

All our residents are home from the hospital with the returning of Lillie Luttrell, and for this we are very thankful.

We have two more new residents, Vivian Hinkle and May Cammack. We welcome them, and hope they will enjoy their new home.

Our devotions were good this week. We are glad that when things look dark we always have a Savior we can go to for understanding and help.

We are still busy in the activity room. Soon we will start on the baskets for fruit and candy.

Thursday bingo was a lot of fun as it had been two

Fifth Graders Make Model Of Digestive System

The fifth graders at Andrews Elementary School in Floydada are studying nutrition in conjunction with a nationally televised six-week TV series presented by the 4-H Clubs of America.

For one activity in health class, they constructed a

"model" of the digestive system, complete right down to the gall bladder. It is currently hanging in the fifth-grade science room.

In culmination of their study, the four fifth-grade

weeks since we had played. Bessie Pierce and Ray Reed had three games each. Hope Hammonds and Della Finley had two games each. We were sure happy to have Della playing again, but miss Mom Buchanan. We hope it will not be long before she will be able to play again.

We are looking for the silver lining to come shining through this next week.

Breezers Win Tournament; Eighth-Grade Girls Second

SPORTS

Idalou Beats Breezers Twice

Floydada Junior High boys' basketball teams dropped a pair of decisions at Idalou Monday night. Idalou won the seventh-grade game 25-20 and, in double overtime, outscored the Breezers 30-28 in the eighth-grade contest.

Todd Vickers led the

Floydada seventh-graders with seven points. The Breezers experienced a cold-shooting night but did "a pretty good job", according to Coach Mike Cocanougher, considering they only worked out two days last week because of an eighth-grade tournament in the FJHS gym.

Cocanougher mentioned the play of Ricky Luna, who did some good rebounding and stole the ball several times; Ricky Jackson, who also did a good job on the boards; and Jimmy Jackson, who showed some good ball handling.

The eighth-grade game was tied at 24 at the end of regulation and knotted at 28 after one overtime period, but Idalou held the Breezers scoreless while putting two points on the board in the second OT.

The loss dropped the Breezers to 5-1 for the season. Coach Gary Jones said the team didn't play a real sharp game, maybe because they were down after winning three games and first place in the Floydada Tournament last Thursday, Friday and Saturday, or maybe because they were overconfident after five big early-season wins. "It's never good to lose," Jones said, "but we know now we can get beat. This is a good group of athletes, though, and they'll probably come back and look good the rest of the season," he continued.

The Breezer teams host Ralls Monday. The seventh-grade game starts at 5 p.m. Eighth-grade game follows.

The Floydada Junior High eighth-grade boys' basketball team won first place in the tournament held here Thursday, Friday and Saturday. The Breezers swamped Crosbyton in their first game Thursday, 28-8, downed Petersburg 38-18 in the semis Friday, and bombed Abernathy 56-28 in the finals Saturday.

Guy Ledbetter led the Floydada team in scoring all three games. He scored 21 points against Abernathy. Toby Rhodes and Ricky Covington were the top rebounders for the Breezers during the tournament, and Harold Dempsey and Rusty

Cagle did a good job defending on the full-court press, Coach Gary Jones said.

The eighth-grade girls lost to Matador in the tournament finals by a score of 28-25, after beating Crosbyton 29-20 in the opener and defeating Petersburg 23-17 Friday.

Lisa West and Jill Poage were standouts on offense for the Breezettes in the Saturday finals. Poage scored 20 of the Breezettes' 29 points in the contest with Crosbyton and contributed 10 in the Petersburg tilt. Lori Vinson caught five rebounds in the Petersburg game.

Whirlwind Freshmen Beat Idalou In Season Opener

The Floydada High School freshman basketball team opened the season with a

38-31 victory at Idalou Monday night. Ricky Cartel was top scorer for the 'Winds with 10 points. Randy Ratheal scored seven.

Coach Mike Cocanougher said the whole Whirlwind team did an outstanding job in the season opener. He said he was impressed with the team's rebounding. Cocanougher said Rene Wells and Joey Davis did a good job on the fast break, and Steve Westbrook moved

the ball around well.

The Whirlwind freshmen play at home against Ralls Monday.

Breezettes Split With Idalou

The seventh-grade Breezettes beat Idalou 32-16 Monday night in a basketball game on the Floydada girls' home court, but the eighth-grade Breezettes lost to Idalou, 45-33.

Donette Williams paced the Floydada seventh-grade girls with 17 points. Beverly Vickers played good defense for the Breezettes.

Jill Poage scored 20 points for the Breezettes in the eighth-grade game.

The FJHS girls play at Ralls Monday.
