CVAE Homemakers Prepare Luncheon For Hart Lions Club

CVAE homemakers under the direction of Mrs. Cynthia Walker served dinner Monday to members of Hart Lions Club. Held in the CVAE cottage, the dinner featured a menu of meat loaf, au gratin potatoes, green beans, hot rolls, iced tea and hot fried apple pie.

Mrs. Gilbert Guzman resigned as cook for the club because of health. Mrs. Walker's CVAE students will provide the meals for Feb. 10 and 24 with the club meeting in the cottage.

Members voted to conduct their annual mop and broom sale with Saturday, April 4 as their first choice date. In the event the Lighthouse for the Blind Caravan cannot fill that date, Saturday, March 28 was chosen.

In other business, members voted not to sponsor a bike-a-thon for cystic fibrosis.

Guest at Monday's meeting was Ted Emery.

SERVING LIONS - CVAE girls are cooking for the Hart Lions Club since retirement of Mrs. Guzman. Shown here are girls serving the food they prepared Tuesday.

Evangelical Film To Be Shown Here

He was the typical "All-American" boy -- a senior in college, on the dean's honor list, president of his fraternity. He could have been the boy next door. He could have been your best friend. He could have been your son. He could have been....you!

Evangelical Films' newest release, "Heavenly Deception", is the true story of Chris Elkins' journey from the college campus to the inner workings of the Unification Church.

Although raised in a Christian family and attending church regularly, Chris never grew in his faith. He still had questions.

Then one day in college, Chris met a man, someone who seemed to have the answers: a man who directed him to a church of love, care and concern - a church of unification. Chris became a "Moonie".

But it wasn't long before he sensed something wrong, a sort of deception, a Heavenly Deception, where the end justified the means. A standard was promoted and encouraged within the Unification Church - from the kids selling flowers on the street corners all the way to the highest echelon.

"Heavenly Deception," a true story, will be shown at 6:30 p.m. Sunday, Feb. 1, in First Baptist Church. Everyone is invited.

'Jump Thon' Planned Here

Students in third, fourth, fifth and sixth grades will participate in a "Jump-thon" for the American Heart Association Feb. 9 through Feb. 13.

The event will take place during physical education classes. Students will secure sponsors who will make pledges to donate a certain sum of money for the students' performances.

Everyone is invited to help with sponsoring the event.

TABS Test Program Scheduled February 4

Third, fifth and ninth grade students from the Hart Independent School District will participate in the second Texas Assessment of Basic Skills test program scheduled Feb. 4.

The assessment plan, first of its kind in this state, is scheduled once each year under requirements set by the Texas Legislature during its 1979 regular session.

Hart ISD students will be among 700,000 expected to take the reading, writing composition, and mathematics tests during the Feb. 2 - 20 statewide testing period. Each of the tests will require a maximum of 40 to 60 minutes to complete.

Hart ISD will report its district and campus aggregate scores to the public at a May or June meeting of the board of trustees, according to Ted Averitt, superintendent. "However, individual student scores will be reported only to the student, parents or guardian, and the school personnel directly involved," Ted Averitt adds.

"This testing program is designed to help the student and the school improve achievement." For this reason, results will be reported in a manner that will help everyone become more effective.

Averitt notes, "Third grade students were added to the annual testing sequence for the first time this year. The three tests will make up an annual assessment effort designed to help both state and local school officials improve their services."

Overall student performance, both by campus and by district, will be reported each year to the public by the local board of trustees.

CTB/McGraw-Hill of Monterey, Calif., will help administer the 1981 test program and develop and field test new items for the 1981-82 series under contract to the State Board of Education. The California firm will also operate a computerized inventory of all test booklets to assure security at all times.

"Each test question will relate to a specific objective or skill students are expected to learn by the time they complete the particular grade," says Averitt.

"We use the term "criterion-referenced" simply because it is a short way of saying the answer to each question must lead back to a specific objective."

Ninth grade students who do not make satisfactory "exit level" score may re-take the test each year they remain in high school. However, they will not be required to take it more than once. Later attempts to improve scores and evaluate any remedial programs will be voluntary.

The annual test program will be administered by specially-trained personnel in each school district under the guidelines and supervision of the Texas Education Agency.

How to Estimate Your Home Equity

Just follow the easy steps below:

1. Determine the current sales price of your home. You can judge this by talking to a neighbor who has sold or purchased a home nearby or by looking at real estate advertisements.

2. Determine how much you owe on your mortgage. You can usually find this on your mortgage statement.

3. Subtract Item 2 from Item 1. The answer should be a close estimate of your home equity.

Kerry Newsom Named All Region

Kerry Newsom, of the Hart Junior High Band, was chosen for the Region XVI All Region Jr. High Band in tryouts held at Muleshoe, Saturday, Jan. 24. Of the twelve trombone players selected for the honor, Kerry was selected for the seventh chair position. About twenty-five students tried out for the honor on trombone alone.

The All Region Band rehearses in Lubbock Thursday evening, Jan. 29 through Saturday morning, Jan. 31 under guest conductor James Andrews, a junior high director from the Dallas-Ft. Worth area. The band will then present a concert for the public Saturday evening beginning at 5 p.m. at Monterey High School.

Other schools participating in the tryouts included Dimmitt, Olton, Muleshoe, Plainview, Farwell, Lazbuddie, Petersburg, Friona, Springlake-Earth, Kress, Lockney, Hale Center, Bovina and Littlefield.

Obituaries

Dudley Rites Held Sunday

Rites were conducted Sunday afternoon in First Baptist Church of Silverton for O.M. "Milton" Dudley, 78, father of Norlan Dudley, former Hart resident.

Mr. Dudley died Friday. Interment was in Silverton Cemetery under the direction of Silverton Funeral Home.

A native of Erath County, he moved to Briscoe County in 1922. He was a charter member of the board of directors of MacKenzie Water Authority and served 14 years as a county commissioner. He served two years as city councilman.

Other survivors are his wife, Zelda; three daughters; 12 grandchildren and six great-grandchildren.

Boston Rites Held Saturday

Services were held Saturday in First Presbyterian Church in Hereford for Dorothy Boston, 71, former resident of Hart.

Officiating were the Rev. George Belford, pastor, and the Rev. Jesse Hodge, pastor of Wesley Methodist Church.

Mrs. Boston was born July 30, 1909 in Texarkana. She married Walker Boston Aug. 30, 1930 in San Benito. She moved from Hart to the Summerfield community in 1941.

Survivors include her husband; a son, Larry Boston of Hereford; a brother, a sister and three grandchildren.

LIBERTY LINES—

Busing Bust

Robert M. Bartell

WASHINGTON (Liberty Lobby News Service)—With the new conservative thinking coming in with the Reagan administration, it's at least possible that we'll see an end to one of the biggest busts ever in education—racial busing. But, even while it's being proclaimed a failure in all ways, some people plan not only to continue the program, but even expand it.

Supporters of racial busing recently suffered another setback. The California State Appeals Court declared that Proposition 1 is constitutional. This measure, which California voters approved last year 2-1, holds that busing can be mandatory only when it is shown that the school district has deliberately acted to segregate schools.

A suit charged that this interpretation discriminates against racial minorities and is therefore unconstitutional. But the appeals court found that it *is* constitutional; therefore, racial busing should *not* be required in Los Angeles city schools.

No one really knows how much racial busing is costing—in terms of your tax dollars, fuel waste or detriment to your children's education. Nobody knows exactly how many thousands of children are still being bused. The Department of Education refuses to keep such records; so do Justice Department and the Civil Service Commission. They say it's not their job to keep records—only to enforce the program.

While the federal government won't admit a problem even exists, increasing numbers of Americans are concluding that racial busing has been a disastrous failure. Polls repeatedly indicate that at least 75 percent of whites, and a significant number of blacks, oppose racial busing.

Yet in spite of this, efforts are under way to continue and even expand the racial busing program—and they tell us that this is supposed to be a democracy.

U.S. News & World Report issues these statistics:

- In Detroit, before racial busing, schools were 60 percent black. Today, after implementation of racial busing, schools are 82 percent black.
- Schools in Richmond, Virginia were 55 percent white before racial busing; now, they're 82 percent black.
- Boston schools went from 60 percent white to 60 percent black because of racial busing.

Racial busing produced no integration in these cities; all it did accomplish was to move whites from cities to suburbs.

Now, to overcome this, busing advocates are proposing to bus students from the suburbs into city schools, and vice versa. This, they say, will not only balance the racial quotas; it'll stop whites from moving into the suburbs.

And this program will not only integrate the schools, it'll also integrate housing, because the whites would have no place to go to escape integration.

What a strange idea—if a program isn't working, the thing to do is to enlarge it!

As we have reported before, it's possible for the U.S. to get out of racial busing. President Reagan favored this during his campaign. The solution is very simple. No constitutional amendment is necessary; all Congress has to do is remove the Supreme Court from appellate jurisdiction over busing by appropriate legislation, as provided in Art. 3, Sec. 2 of the Constitution.

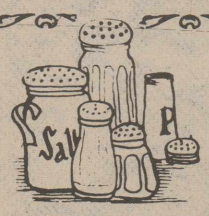

Let's hope the new president and Congress will take such action, so schools can get out of busing and back into education.

MRS. JIM PURCELL

Cook Of The Week

Recipes are shared with Hart Beat cooks this week by a young homemaker and mother who has called Hart home since last September. Vickie and Jim Purcell came to Hart from Dalhart when he was named president of Farmers State Bank.

The Purcells have two little sons and a daughter. Cody is five years old; Lance, three, and Brandi, one and a half.

Vickie shares recipes for a delicious chicken dish, a yummy dessert and an ice cream that wins compliments.

Born in Paducah, Vickie grew up in Portales, N.M. She and Jim met on a blind date while they were students at New Mexico State in Las Cruces, N.M. Vickie earned a degree in legal secretarial science.

Jim and Vickie lived in Portales about two years after their marriage, moving to Dalhart in 1975. They attend the Church of Christ and Vickie has accepted a Wednesday night class for first and second graders.

Sewing and painting are two of Vickie's favorite pastimes. She likes horseback riding and enjoys "visiting". She also enjoys her work with Lady Venus cosmetics and has been selling them for about two years.

Card Of Thanks

THANKS TO ALL

On behalf of Zealot Club, Chi Psi, Pro-Family and Xi Mu Iota.

We would like to name each of you, who made the John Darryl McLain Fund raising dinner at the Hellers' farm sale, such a huge success. But the list would be endless, and because of space we just can't do that. Knowing the kind of people you are, we know you understand, so a big thanks to all of you for your time, food, money and many other ways you have contributed.

A project is only as successful as those who make it, and over the past 5 or 6 months, we have seen how successful you have made them. We count it a blessing and a privilege to live in America where we can do these things and especially in this County and Community with friends and neighbors like you. May God bless each of you, even more.

On The Hard Court

JUNIOR HIGH

Seventh grade girls took consolation last weekend in tournament play in Littlefield.

"This was one of the best games we have played all year," says Coach Kathey Fisher of the girls' 21-24 loss to the host team. "I was very proud of the girls effort." Leading scorers were Irma Ramirez with 8; Mary Mapp, 6.

Winning 22-14 over Hereford Stanton in the second game, Hart girls were led by Irma Mata with 8; Tracy Peterson with 5.

Meeting Hereford LaPlata in the third game, Hart girls were led by Stephanie Lee with 5; Irma Ramirez with 4. Final score was 17-16. Coach Fisher said, "We lost a good lead but hung in for the victory. The team really played well in the tournament."

Seventh grade boys lost 17-38 to Littlefield in their opening game. Manuel Ramirez led with 6. Beau Bennett was high scorer with 4 in the team's 12-49 loss to Muleshoe.

Playing Monday, Irma Ramirez was the seventh grade's leading scorer in a 13-26 loss to Vega.

Tied 13-13 at the end of regulation play, seventh grade boys lost 14-15 to Vega. Manuel Ramirez led the scoring with 6.

"The boys played their best defensive game of the season."

Eighth grade girls fell 15-18 to Vega Monday. Lupe Macias scored 7; Naomi Ponce, 6. Coach Fisher said a slow first half hurt a lot.

Omar Longoria scored 8 points in the eighth grade boys 22-17 win over Vega.

JUNIOR VARSITY

Lori Sarabia scored 16 points in the JV girls 30-43 defeat to Bovina. Coach Fisher said, "We played real well and stayed close to them until the last few minutes."

JV boys came home with a heartbreak loss in games played Saturday in a one-day tournament in Happy.

"We had the lead with 8 seconds and they came down the court and, at the buzzer, shot the ball and it went in," says Coach David Turner. Carlos DeLeon scored 20 points; Bobby Valdez, 10 and Trevor Peterson, 7 in the 43-44 loss to Silverton.

DeLeon scored 16 in the second game, another one-point loss. Alex Carrasco scored 8 in the 35-36 loss to Happy.

"We didn't play as well as the first game. It is tough to get beat by one point at the buzzer, then turn around and play another close game. I am real proud of these young men for hustling and they just don't give up."

JV girls lost 29-31 in overtime as they faced Silverton in their first game of the day. Lori Sarabia scored 16; Diana Perez, 8. "We missed a lot of free shots that would have won us the game," says Coach Fisher.

"We were one point ahead with 4 seconds left. They shot on the buzzer and made it," of the girls 29-30 loss to Happy. "We were still tired from the morning game, which hurt," she said.

Lori Sarabi scored 14; Sheryl McLain, 8.

VARSITY

Suzahn Rowland led the scoring with 11 in the Longhorn fems 31-42 loss Jan. 20 in Bovina.

Scoring 13 points Friday, Suzahn led the home team's scoring in a 41-51 loss to Springlake-Earth.

"Springlake-Earth is a very talented and rounded team," says Coach Hoskins. "One of the big differences was that we started out really cold in the first quarter. S-E only outscored us one point the final three quarters. Everyone played hard yet we have yet to win a district game. I have really been proud of our kids' efforts so far. I hope we can win a few of those close ones in the upcoming games."

Chad Black led the scoring with 20; Derek Rich, 9.

Score at the end of the first period was Hart 7, S-E 18. Other scoring by quarters was 9-10, 10-9 and 15-16.

"Our kids played a really tremendous game," says Coach Ken Hoskins of the Horns' 51-52 loss to Bovina Jan. 20. "Bovina is rated 12th in the state in class 2A but we played them right down to the wire. It's a shame we couldn't pull it out, but I'm really proud of the wayour bunch played."

With a season record of 6-10, the Longhorns stand 0-3 in district. Bovina is 13-3 for the year; 3-0 for the season.

Leading scorers were Chad Black with 23; Derek Rich, 10. The score was knotted 26-all at halftime. In the third, the Horns scored 5 to Bovina's 13 but in the final period, it was Hart 18, Bovina, 10, to deadlock the score 49-49 at the end of regulation play.

Public Notice

Notice is hereby given that the Lamb County Appraisal District is accepting bids for insurance coverage on the following: office contents, valuable papers, liability, Public Official bond and worker's compensation. All interested parties should contact the Lamb County Appraisal District, 318 Phelps Avenue, Littlefield, Texas, 385-6474 for specifications of coverage. Bids should be submitted no later than 5:00 p.m. on January 23, 1981, for review by the Board of Directors.

Swisher Electric Cooperative, Inc., 401 S.W. 2nd Street, Tulia, Texas 79088, announces the proposed construction of a 69,000 volt transmission line beginning approximately 2½ miles south of Edmonson and 1 mile west of F.M. 1424 or 1 mile west of Running Water Draw Schoolhouse. The line will proceed approximately seven miles west of F.M. 2284. The transmission line will replace existing 7.2 KV distribution line which will be underbuilt on the transmission line poles. The 69 KV transmission line will terminate at a new 5,000 KVA substation that will serve existing 7.2 KV distribution line and will also stabilize and increase capacity to serve additional homes and irrigation wells in the area.

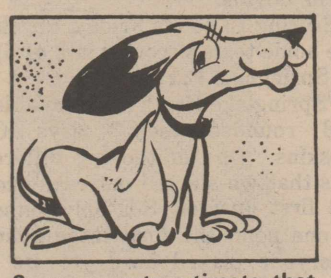

If there are any comments on the environmental aspects of this construction they should be submitted in writing to the Cooperative at it's office in Tulia or to P.O. Box 67, within 30 days of the publication of this notice. Additional information may be obtained at the above address.

Highway Litter Pick-up Tops $10 Million Mark

AUSTIN—Picking up litter along Texas roadsides cost over a million dollars more in fiscal 1980 than in 1979.

"Litter pick-up by our maintenance crews cost $10.3 million from September 1, 1979, through August 31, 1980," said Mark Goode, engineer-director of the State Department of Highways and Public Transportation. "During fiscal 1979, the price tag for cleaning up highway rights-of-way was $9.2 million. That was a larger cost figure than ever before, but it has been surpassed handily this year."

"Litter costs are spiraling and we want Texas taxpayers to know about it," Goode said. "Littering is an irresponsible, illegal and thoughtless action. It's unbelievable what some of our maintenance crews find lying alongside the roads—old furniture, auto parts, diapers and household garbage."

The department does its best to keep Texas roadsides clear of rubbish, but it is a frustrating and costly task. The agency is in the business of keeping Texas traffic moving, yet its crews must spend many thousands of valuable man-hours picking up motorists' trash. Litter picked up one day is often replaced by more the next. "It's a disgrace—and littering is so unnecessary," he said.

Highways are just one area where litter presents problems in Texas. Trash along beaches, lakeshores, in parks and other public places upsets tourists and locals alike. City streets share in the litter problem, too.

What's to be done about it? Mark Goode says his department believes education is the key.

"With the help of the media, newspapers, television and radio, and through our own offices, we are trying more intensively than ever before to educate youngsters and adults alike about the costliness, ugliness and needlessness of littering," Goode said.

During 1980, the department sent out several news releases to the press concerning the litter problem. It also produced four film public service announcements for television which have been provided periodically to all Texas TV stations.

A total of 56,000 colorful folders have been distributed to remind Texans that littering costs everyone hard-earned tax dollars and mars the beauty and grandeur of the state.

"Our 16mm motion picture, 'A Litter MESSage,' has been viewed by over 300,000 Texans and is the most popular film in our free loan film library, particularly with schools," Goode said.

Litter bags are available at the department's 12 Texas Tourist Bureaus around the state and several thousand roadside litter barrels are maintained for convenient use by travelers.

"We hope Texans take heed of our anti-litter program," Goode said. "After all, being a Texan isn't just a state of mind; it's the privilege of preserving our heritage and taking pride in our state's progressiveness. We must all take care to keep Texas clean and attractive, for ourselves and for future generations. Preventing litter is a good way of saying, 'I'm a Texan and proud of it,' and an excellent way of freeing millions of tax dollars for a more productive purpose," he said.

A highway maintenance crew picks up costly litter along a highway near Austin. Statewide, litter pick-up expenses amounted to $10.3 million during fiscal 1980, a record high.
