The Lights Are Bright In Clarendon

Many of the downtown merchants and businesses have lit up their buildings again this year in celebration of the holiday season.

Everyone is invited to join the merchants every Thursday night until Christmas for **Late Night Shopping**. Several merchants on Kearney Street as well as on Hwy. 287 have extended their hours until 8 p.m. for these nights to offer their customers more convenience. Don't let the construction on Hwy. 287 stop you from enjoying the

many specials our local merchants have in their stores. Come on downtown to join in the spirit of the holidays and shop with your friends and neighbors.

A special attraction this Thursday, Dec. 4, will be the **Christmas Tree Lighting** on the Courthouse Square by the Clarendon Girl Scouts. The activity starts at 5:30 p.m.

Sign up now for Chamber Festival of Lights contest

Christmas isn't far off, and that means it's almost time to start thinking about holiday decorations. This year the Clarendon Chamber of Commerce and some of your local businesses have come up with an incentive for you to break out the lights and get after it.

It's Clarendon's first annual Holiday Festival of Lights. You are encouraged to use your imagination, decorate your home and/or business, and enter it in the city-wide contest. Entry forms are available at: Eads Furniture, Harlan's Flowers, The Nook,

Henson's, Country Bloomers, and Saye's.

Two winning homes will be chosen each week in the categories of creativity and religious decorations. The two weekly winners will be honored with a sign in their yard and a \$20.00 gift certificate from a participating business.

Participating businesses will also be honored with a special sign in their store window.

So get into the Holiday Festival of Lights today. Let's light up Clarendon for Christmas.

Broncos thrash Amarillo River Road, 60-38

Clarendon increased their record to 2-1 with a 60-38 thrashing of Amarillo River Road Nov. 25 in Amarillo as nine Broncos scored.

Scotty Elliott scored three baskets in the opening period and senior Brent Gaines knocked in two for a 12-11 first quarter lead. Gaines chipped in four field goals in the second period while Keith Kidd hit two baskets and a free throw. Elliott and Derek Shields each put in two treys for a 31-20 halftime advantage.

"We found our rhythm," head coach Jimmy Avery said. "Kareem (Abdullah) sitting out because of foul trouble (three fouls with 2:50 left in the first quarter) hurt us at first, but the rest of the players really stepped it up."

Clarendon's big men - Gaines and Nathan Sears - added four points apiece in the third period for a 43-30 advantage. The Broncos held Amarillo to eight points in the fourth period and scored 17 to close out the game.

"(Gaines) played a really great game. He grabbed 11 rebounds and blocked five shots, and Chris Bruce hit the boards hard, too. He had 10 rebounds. Keith (Kidd) did a good job of coming off the bench and holding his own. "We also shot the ball real well. We were 67 percent from the field."

Scoring for the Broncos were Gaines, 21; Elliott, 11; Shields, 7; Abdullah, 5; Kidd, 5; Sears, 4; Jason Archuleta, 3; Bruce, 2; and Pat

Church, 2.

The Broncos travel to Floydada Thursday for a 2:30 p.m. tip-off against Class 1A perennial power Lorenzo in the Floydada Invitational. Their next regular season game is scheduled for Tuesday at 8 p.m. in the Clarendon gym.

The Clarendon Bronco junior varsity team got off to a slow start, trailing 10-4 in the first quarter but outscoring Amarillo River Road 19-6 in the second quarter en route to a 51-33 win Nov. 25 in Amarillo.

Colt Floyd knocked in four field goals in the second period in the scorefest while Brandon Word put in two baskets. D.J. Edwards

nailed a trey in the third period as Josh Williams and Word connected on two buckets for a 36-24 third quarter lead. Khalil Abdullah was 4-for-4 from the charity stripe in the fourth quarter.

Scoring for the Broncos were Floyd, 12; Williams, 11; Word, 10; Dee Thompson, 4; Abdullah, 4; Zack Butts, 3; Edwards, 3; Chris Linquist, 2; and Sam Holton, 2.

The J.V. Broncos are 1-2 and enter the Miami Varsity Tournament Thursday at 7:30 p.m. against host team Miami. The tournament runs through Saturday. Their next regular season game is against Silverton Tuesday at 5 p.m. in the Clarendon gym.

Ford participates in exercises in Egypt

By Rich Lamance

CAIRO, Egypt — According to the travel brochures, a visit to this ancient country is both adventurous and alluring. In addition to the famous pyramids and the Sphinx, the guidebooks show full-color examples of scuba diving in the Red Sea, watching crocodiles and exotic birds during a romantic cruise along the banks of the Nile, and riding camels from Oasis to Oasis under shaded palm trees just minutes from luxury hotels and three-star restaurants. It's been dubbed the playground of the kings.

But the son of two Clarendon residents paints a somewhat different picture of life in this exotic land. Air Force Maj. Dewey G. Ford, son of Earl Ford, 101 Goodnight St., and Phyllis Shelton, 310 Third St., along with over 7,000 U.S. service members, converged on the land of the pharaohs for one of the largest training exercises in

this part of the world.

Dubbed "Bright Star," the military exercise, which joined forces from the U.S., Egypt, the United Kingdom, Italy, France, Kuwait, and the United Arab Emirates, played out in Egypt's Sahara desert in the western part of the country. The training stressed such things as desert survival, combined maneuvers with the various countries, helicopter assaults, amphibious assaults, reconnaissance, and ground combat operations.

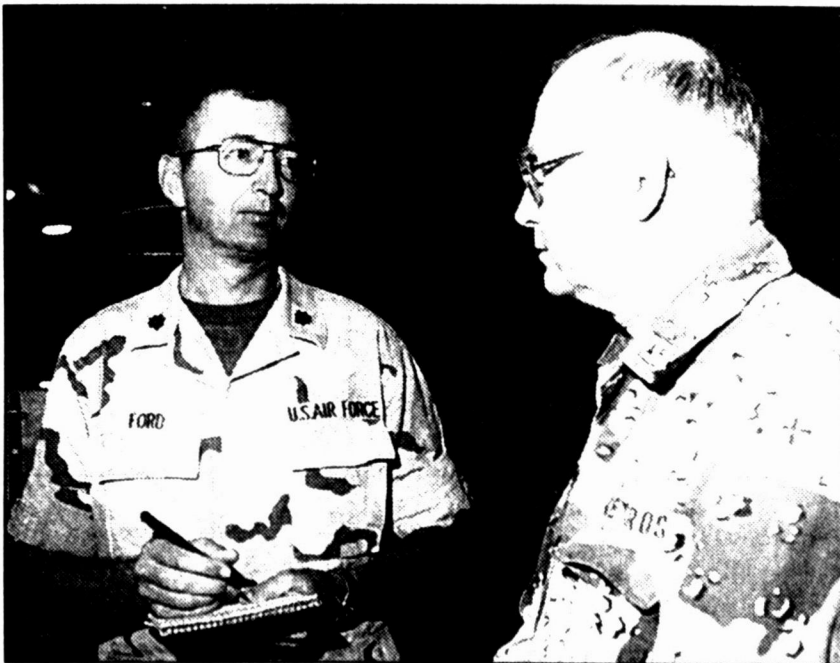

During the exercise, the Clarendon native was a public affairs officer. "The first job I have here in Egypt is media relations. I ensure news reporters have the information they need to write accurate reports about the 'Bright Star' exercise. This includes escorting them to see our soldiers, sailors, airmen and Marines performing their various missions and

arranging interviews with our people. I will also answer any questions the reporters have," explained Ford, a 1977 graduate of Clarendon High School. He went on to earn a bachelor's degree from the U.S. Air Force Academy, Colorado Springs, Colo., in 1981; and a master's of business administration from the University of South Dakota, in 1985.

"My second job is to ensure commanders have a means to communicate with their troops through base newspapers. This way the troops are kept informed of any key developments regarding the exercise," Ford added.

Far from the five-star hotels and casinos of Cairo, Ford and his unit have been seeing Egypt through somewhat different eyes. "Tent is about as good an accommodation as you can

The military exercise, held in western Egypt, included over 7,000 US service members, as well as soldiers from Egypt, the United Kingdom, Italy, France, Kuwait, and the United Arab Emirates.

Ford serving in Egypt:

Continued from page one.

get in the middle of the desert. The military has learned a lot about conducting desert operations and living here. We have hot food and, believe it or not, air conditioned tents. These are luxuries that were only dreamed of a few years ago. We still have to deal with the sand all over everything, and the flies in the desert are a constant nuisance. All in all, it's not bad in ten. I've lived in a lot worse."

One advantage Ford has working in a foreign country, side by side with soldiers from Europe, Egypt and the Middle East, is the cultural interaction not found from training back home. "The best description I can think of for Egypt is that it's 'very brown'. There's hardly any vegetation and lots of sand and rocks. The Egyptian people are very friendly and obviously a hardy sort from living in this rugged environment."

When not jaunting half way around the world to train with other forces, Ford is the chief of the Internal Information Branch at Headquarters, Air Combat Command, Langley Air Force Base, Va. "At Langley I oversee the operation of 23 base newspapers throughout the United States and overseas. I also write stories about things going on in the Air Force. Frequently I will deal with the news media when there are events involving our people or airplanes that would interest the public."

"Off-duty I do family-oriented things like church and scouting. I also enjoy reading and visiting the many historical sites in Virginia." Ford may not get to see the pyramids or lazily float down the Nile, but will take back images and experiences of a short stay in Egypt few people will ever match.

'Twas the night before Jesus came

'Twas the night before Jesus came and all
through the house not a creature was praying
not one in the house.
Their Bibles were laid on the shelf without care
in hopes that Jesus would not come there.

The children were dressing to crawl into bed,
Not once ever kneeling or bowing a head.
And Mom in her rocker with baby on her lap
Was watching the Late Show while I took a
nap.

When out of the east there arose such a
clatter,
I sprang to my feet to see what was the matter.
Away to the window I flew like a flash
Tore open the shutters and threw up the sash!

When what to my wondering eyes should
appear
But angels proclaiming that Jesus was here
With a light like the sun sending forth a bright
ray
I knew it was a moment this must be THE DAY!

The light of His face made me cover my head
It was Jesus! returning just like He had said.
And though I possessed worldly wisdom and
wealth,
I cried when I saw Him in spite of myself.

In the Book of Life which He held in His hand.
Was written the name of every saved man.
He spoke not a word as He searched for my
name;
When He said "It's not here" my head hung in
shame.
The people whose names had been written
with love
He gathered to take to His Father above.
With those who were ready He rose without a
sound
While all the rest were left standing around.

I fell to my knees, but it was too late;
I had waited too long and thus sealed my fate.
I stood and I cried as they rose out of sight;
Oh, if only I had been ready tonight.

In the words of this poem the meaning is clear:
The coming of Jesus is drawing near.
There's only one life and when comes the last
call
We'll find that the Bible was true after all!

Donley County Soil & Water Conservation District

ANNUAL REPORT

The directors of the Donley County Soil and Water Conservation District represent five zones that cover all of Donley County. The district is currently in its 52nd year of service to farmers and ranchers in Donley County.

Regular monthly meetings are held on the second Monday of each month at 7:00 p.m. at the Natural Resources Conservation Service office at 321 S. Sully in Clarendon. All meetings are open to the public.

The Donley County SWCD encompasses 597,344 acres. Land uses include: 83,626 acres of dryland cropland, 10,712 acres of irrigated

cropland, 454,031 acres of rangeland, 19,000 acres of pasture and hayland, and 29,975 acres of other land which includes urban and water areas.

With technical assistance provided by the USDA Natural Resources Conservation Service, the District Board promotes wise use of our natural resources through sound soil and water conservation programs on farm and ranch land within Donley County. The District Board also serves as a voice for farmers and ranchers on conservation and environmental matters and other issues affecting private property rights of land owners.

Farm Bill Programs

Currently under the Conservation Reserve Program (CRP) 26,380 highly erodible acres on 204 farms will be planted to grass. This program protects environmentally sensitive land for such factors as wildlife habitat, water quality, air quality, and wind and water erosion.

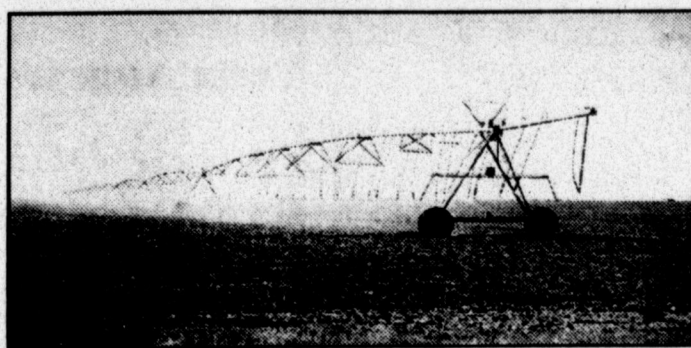

Conservation practices that improve the land such as brush control pictured here can be cost-shared under the New Environmental Quality Incentive Program (EQIP). Donley County signed six new contracts on 1,910 acres in 1997 which will provide \$27,267 of cost-share assistance.

Technical Assistance

Conservation practices such as wind strip cropping, use of cover crops, crop rotations, and crop residue use have helped reduce the amount of wind erosion in recent years.

Water conservation through the use of more efficient application techniques and equipment will maintain this essential resource.

Proper grazing, planned grazing systems, and correct stocking rates are important management practices which will help maintain the productivity of our native rangeland.

Terrace construction and maintenance is essential for water erosion control on sloping cropland in the county.

District Programs

A high priority of the Donley County SWCD is the conservation tree program. Hundreds of trees are planted each year for windbreaks, wildlife plantings, and beautification through this annual program.

Retail drift is an economist's term for the erosion of local business due to lack of support. To avoid this dilemma in our home town, shopping locally is the only solution.

Each dollar spent locally enhances the many facilities, services and contributions from our local business owners that we enjoy day after day.

Don't break away from your civic responsibility by going out of town to spend those dollars earned in your home town.

Shop-At-Home . . . Avoid the Drift

During the time of re-building Highway 287 through Clarendon, it is more important than ever that we support our hometown businesses. They may be a little harder to get to because of the construction, but these are the business men and women who support our schools, our churches, our senior citizens, and every worthwhile endeavor undertaken by our community. They deserve our support whenever possible.

This ad is a weekly series promoting the benefits of shopping at home. If you would like your business, club, organization, or church added to this list of supporters, please call the Enterprise today at 874-2259.

We Need Christ For Christmas

One of the most popular holidays of the year is Christmas, and it is probably one of the main reasons that most of us enjoy the month of December. Decorations, gift-giving, Christmas carols, and getting together with friends and relatives are all a part of this special time. We celebrate Christmas in honor of Christ's birthday, and like any birthday celebration, we should concentrate on the individual more than on the various events. Although the Christmas season can sometimes become a little hectic and stressful, if we focus our attention on Christ and the real reason for Christmas, we should have a more joyful and blessed holiday. Like the wise men who came from the east to worship Christ, we should also give praise and thanks to our Heavenly Father for giving us such a blessed Savior.
